

BY-LAW TO PROVIDE FOR SHERBROOKE IMPROVEMENTS.

Introduced In City Council By Progressive Aldermen Last Night—Opposition Secures Delay For Two Days—If Quorum Assembles Will Come Before Council Again Friday Night.

\$50,000 for Paving.
\$29,400 for Sidewalks.
\$20,000 for Sewers.
\$25,000 (about) for other improvements.

This in substance is the effect of the new by-law introduced in the City Council, last night.

The by-law actually provides for the borrowing of \$505,000. All except the above amounts, however, have already been passed, and for economic reasons all are now included in the one by-law.

The immediate passage of the by-law was urged by the progressives in the Council. The principle of paving had already been passed upon and had been recognized for a long time. The necessity of sewer improvement, sidewalk improvement and of the other improvements mentioned, were also recognized. After the adoption of the by-law by the Council, the ratepayers would have fifteen days in which to study before it would be voted upon. Delay and possible failure to get a quorum at the adjourned meeting would very likely make it impossible to carry out these improvements this year. The element in the Council which has opposed the progressive measures introduced earlier in the year strove for delay and secured an adjournment of two days. If a quorum can be got together Friday night the delay will not be serious. If not, any of those among the "put off" section of the Council who would like to see the whole scheme of civic improvement killed may be successful so far as 1912 is concerned.

The vote stood:
FOR IMMEDIATE ACTION—4:
Ald. L. H. Olivier.
Ald. C. D. White.
Ald. Siméon.
Ald. Dr. Ledoux.
FOR DELAY—6:
Ald. McManamy.
Ald. Thompson.
Ald. Ewing.
Ald. Brault.
Ald. Rousseau.
Ald. C. F. Olivier.

The matter, therefore, goes over till Friday night.

THE DISCUSSION.
Ald. Thompson recommended that the measure be read the first and second time and left over till Friday for the third reading. He thought that the Council and people should have more time to look into the matter.

Ald. L. H. Olivier—"The most of this money has already been voted on. The only new amount is that for paving, sewers, etc."

Ald. Thompson—"I expected that something at least would be done to provide for the Board of Trade."

Ald. Ledoux—"The City Attorney says it is illegal."

Ald. White pointed out that this measure only provided for payment of debts contracted by the City. The balance, about \$125,000, was for paving, sewers, etc."

Ald. McManamy asked if no provision had been made for paying the Industrial Commissioner. He objected to the block sum of \$29,400 for sidewalks, and wanted to know how much of this would be spent in replacing stone sidewalks with cement walks.

He protested strongly against having the by-law rushed through without more time for study.

Ald. Ledoux—"The people will have fifteen days to study the question."

Ald. Thompson—"Let us adjourn until Friday."

Ald. Ledoux—"What fault have you to find with this by-law? The people won't discuss it in two days. They will have fifteen."

Mayor Hebert—"If the Aldermen have any objections let them make them now. The by-law will be published in French and English and the

CITIZENS TO THEIR ALDERMEN

Is the delay in the third reading of the permanent improvement by-law, introduced into the Council, last night, a sincere move on the part of those who supported the motion to obtain more time for study of the by-law's provisions, or is it a move which has as its ultimate object the defeat of the by-law, or at least the delay of the work for another year?

This is a question citizens are asking.

Friday night will reveal how far opposition to this absolutely necessary by-law will go, for the improvements provided for are absolutely necessary if Sherbrooke is to maintain its self respect as a progressive and growing city.

Let it be understood emphatically, that the citizens of Sherbrooke serve notice on their representatives in the City Council to be in their places Friday night and declare themselves.

It will be a vote on progress and civic improvement. Any alderman who absents himself from Friday night's meeting will be regarded as one of the opposition.

people will have plenty time to consider them."

Ald. Brault—"I can see no harm in a delay of two days. The Market Committee needs more money, \$10,000 at least. This is not provided for."

Ald. L. H. Olivier—"Why did you not make application for this amount before? You knew this loan was to be made."

Ald. Ledoux—"What will happen if we have no quorum on Friday evening? It will mean another delay."

Ald. Siméon—"Ald. Thompson and Ald. Brault are asking for delay. This work of paving Wellington street should have been done last year, and the Council was criticized for doing nothing. Here it is the 4th of June and nothing has yet been done. Nothing can be done for fifteen days more. Certain obstructionists could see that we have no quorum on Friday and delay the matter still longer."

Ald. McManamy—"We are proceeding like boys with this important matter. We are going to get a paving plant, but have no man to work it." Continuing, he said that a new main sewer was needed on Wellington street. He was not in favor of the City owning a plant for paving. His idea was to ask for tenders and get a guarantee from the contractors that the work would last for at least ten years. "I protest that the Aldermen should have more time to consider the matter," said Ald. McManamy.

Ald. Siméon—"We can find a competent man to look after the work. To get a five year guarantee from a contractor would mean that the work would cost 30 per cent. more. We have the opinion of competent men that if the City does the work they would save \$12,000."

Ald. C. F. Olivier—"A delay of two or three days would cause no harm."

Ald. Ledoux—"The public won't discuss it in three days; they have fifteen days. All we are asking for is \$125,000."

Ald. C. F. Olivier—"Have you estimates?"

Ald. Ledoux—"Of course we have."

Ald. McManamy—"I notice nothing about the subway. What will the Board of Trade say about this?"

Mayor Hebert—"The Board of Trade

MILITARY TRAINING.

Eastern Townships Units Leave For Camp This Week.

15TH, 22ND AND 35TH BATTERIES WILL GO TO PETAWAWA. FARNHAM CAMP.

The period of annual training for the various military units of this garrison is close at hand, and increased activity along these lines is being displayed by the officers, non-commissioned officers and men who are associated with the corps located here.

The latter part of this week the advance parties of the 11th Hussars, Army Service Corps, Army Medical Corps, and the 22nd Battery will leave for their respective camps, the Hussars, Service and Medical Corps going to the Eastern Townships Camp at Farnham, while the party of the 22nd Battery will leave for the Artillery Camp at Petawawa, Ont., above Pembroke, on the Ottawa River.

These advance parties are in command of a quartermaster, captain or other officer detailed for that purpose, and consist of a quartermaster-sergeant and three men, two of whom are generally the cooks. It is the duty of these advance parties to proceed to their respective camps, report to the camp commandant, and then proceed to secure the amount of stores from the Ordnance Corps necessary for the accommodation and equipment of their respective units while in camp. These stores must be carefully checked and turned back to the Ordnance Corps at the close of the training, and all deficiencies have to be met by the O. C. of the unit.

The advance party having obtained the necessities for their stay while in camp, proceed to lay out the horse lines, put up the tents, and to have everything in readiness for the arrival of the main party. Such is the task of the advance parties, and in many cases their lot is far from a pleasant one, having oftentimes many difficulties to overcome.

The advance party of the Army Service Corps will leave on Friday in command of Lieut. Keating, the main party leaving Saturday. The Army Medical Corps advance party will leave on Saturday in command of Quartermaster and Lieut. MacDonald, and the advance party of the 22nd Battery left to-day for Petawawa in command of Quartermaster-Sergeant Thornton.

AT PETAWAWA.

At Petawawa this year the 7th Brigade C. F. A., in command of Lieut. Col. J. Penhale, will consist of the 15th Battery, of Granby, in command of Major J. Bruce Payne; the 22nd Battery, of Sherbrooke, in command of Major R. H. Fletcher; and of the newly formed 35th Battery, of Coaticook, in command of Major Geo. W. Paige. This artillery brigade going into camp at full strength should make an excellent showing and should improve upon the record of merit established by the Brigade last year.

THE FARNHAM CAMP.

The Army Service Corps, in command of Major Keating, will go to Farnham in full strength and should make an excellent record. The other officers of this unit are Capt. Waterman and Lieut. Keating.

The Army Medical Corps, in command of Major Williams, anticipate an excellent year's work and will go into camp at Farnham with all ranks filled. The officers associated with Major Williams are Capt. MacDonald and Lieuts. Brown, Winder and MacDonald.

The 22nd Battery will go to Petawawa with all ranks filled and should repeat the excellent work accomplished last year. Major Fletcher

FARMING SPECIAL AT KNOWLTON.

Good Attendance Paid Visit to Exhibits on Train.

DEMONSTRATORS AND LECTURERS ALSO PAID A VISIT TO FARMS IN VICINITY.

Knowlton, June 5.—(Special)—The agricultural instruction train arrived here yesterday afternoon about four o'clock.

Notwithstanding the heavy rain there was quite a crowd present and much interest was manifested in the different exhibits.

After the different exhibits were explained and lectures given the party of demonstrators and lecturers drove in company of Mr. J. N. Davidson, and visited a few of the farms in vicinity.

IN WATERLOO TO-DAY.

Waterloo, June 5.—(Special)—The Farming Special arrived here this forenoon from Knowlton about nine o'clock. The attendance of farmers from the surrounding district was quite large.

The special left about twelve o'clock for Eastman and Mazon.

MOUNTED POLICE OFFICER KILLED.

Was Found on Trail With a Bullet Through His Heart.

TWO INDIANS AND A HALF BREED HAVE BEEN ARRESTED ON SUSPICION.

Medicine Hat, Alb., June 5.—Stripped of gun and cartridge belt and horse missing, the lifeless body of Mounted Policeman Frank W. Davies, of Brooks, with a bullet through his heart, was found lying on the trail Monday night two miles southeast of Southesk. Two Indians and a half breed were arrested late last night and are now charged with the murder.

A party of men working for the Southern Alberta Land Company were going into Southesk Monday evening, when they came upon the body of the officer lying on the trail. The body was still warm and he had been dead only a short time. They immediately hurried to Southesk and an alarm was sent to the Bassano quarters of the police. They hurried to the site and soon rounded up the two Indians and the half-breed on the charge of killing the officer.

The section patrolled by the murdered officer is considerably upset as a result of the crime and the feeling against the murderers runs high.

REPORTER FOUGHT CONGRESSMAN.

Washington, June 5.—Representative Thomas, of Kentucky, and Joseph Annin, a reporter, engaged in a fight in a corridor of the House office building yesterday over a newspaper story which Thomas claimed was inaccurate and misrepresented him. Annin's friends separated the two men before much damage was done.

THE DUCHESS HAS PERITONITIS.

Bulletin Issued To-Day Says Her Royal Highness is Comfortable.

CONDITION DOES NOT GIVE ANXIETY—IS IN ROYAL VICTORIA HOSPITAL.

Montreal, June 5.—(Special)—The following bulletin was issued this morning relative to the condition of the Duchess of Connaught: "H.R.H. Duchess of Connaught passed a comfortable night, having borne the journey from Quebec well. Her condition this morning is satisfactory, and does not give rise to anxiety. Signed, A. E. Garrow, M.D., W. E. Chipman, M.D., E. S. Worthington, M.D."

IN ROYAL VICTORIA HOSPITAL.

Montreal, June 5.—Her Royal Highness the Duchess of Connaught arrived in Montreal last night on a special train from Quebec, evidently regarded as being in a condition to cause much anxiety amongst the royal household. The Duchess was placed on a bed in the state room of a sleeping car, and it was stated that she stood the journey very well, sleeping most of the way. It was admitted by members of the royal party at the station, however, that the condition of Her Royal Highness was causing considerable apprehension.

The statement was made that the Duchess was suffering from an attack of peritonitis, and that her physicians had said that it would be probably a day or two yet before a definite statement could be made as

FINE DRIVEWAY AT AYER'S CLIFF.

Ayer's Cliff, June 5.—(Special)—Since the road around the lake has been so greatly improved by smoothing, blasting, and made wider, it is said to be one of the finest drives in the Eastern Townships. The new wharf with a cover over it and electric lights is also a big improvement.

ALLEGED CRUELTY TO A HORSE.

Granby, June 5.—(Special)—Mr. O. Lapierre, whose case for cruelty to a horse came before Justice Pare recently, and was postponed until Tuesday in order that the defendant could procure the services of a counsel, was again adjourned on account of the absence of a material witness. Mr. R. Cloutier, of Waterloo, appeared for Lapierre.

HAND SEVERED AT WRIST.

Granby, June 5.—(Special)—A young man, 19 years of age, named Putnam, met with a very serious accident here. He was employed at the Empire Tobacco Factory, and while working with some of the machinery and his right hand severed below the wrist, leaving only the thumb. This unfortunate accident will not only disable him for some time but will handicap him for life.

HORSES FOR THE STATES.

Savage's Mills, June 5.—(Special)—Mr. W. P. Cleary loaded another carload of horses at Richmond on Monday, consigned to Mr. Nichols, of New Hampshire. These horses were bought in this locality at very good prices to which must be added a duty of \$30 per head as well as the freight. It would be interesting for some politicians to study carefully this \$30 item, as to who gets it, and who pays it, and what it costs to collect it.

EXCITEMENT AT BAND CONCERT.

Danville, June 5.—(Special)—During the Band concert held on Monday evening excitement was provided for the large concourse of people attracted to the square, by the escapades of several horses, two of which threw themselves down.

With the assistance of bystanders the owners were able to manage and get up again without damage to horses or carriages. The dogs also did their share towards entertaining, as there were no less than five dog fights during the evening. In one case severe measures were required to separate the combatants.

RIVER HIGHEST IN 53 YEARS.

Bishop's Crossing, June 5.—(Special)—The drive went down the St. Francis River here on Sunday. There has been such a heavy rainfall for the last few days that the river has risen very high, and has enabled the drive to go down much earlier this year. Mr. Geo. Potterie, who is on the drive this spring, and has been engaged in that work every spring for the past 53 years, says he never saw the water so high before at this time of the year. They were unable to run the boats over "Two Mile Falls" and some were taken out and carried on teams while others were lowered by ropes.

THROWN FROM WAGON.

Danville, June 5.—(Special)—A serious accident befell Mr. W. Coulter, when returning from Ashcroft on Monday evening with a traveller. On the Ashcroft road the horse stumbled breaking part of the harness, letting the wagon run on the horse, which took fright and ran away. The traveller jumped out, leaving Coulter to manage the horse. He got it partly stopped and when turning round to Water street it swerved and started again at a breakneck speed, throwing Coulter out of the wagon and rendering him unconscious in which state he remained for some three hours. The horse made for the stable at Potterie street, which it reached without further damage, except kicking its knee badly, but it was not out again yesterday.

CAUGHT LARGE EEL.
Linda, June 5.—(Special)—Mr. Alfred Gagnon while fishing in the St. Francis River caught a large eel, measuring 4 feet 3 inches in length and weighing 4 1/2 lbs.

FURTHER DAMAGE STOPPED.

Scotstown, June 5.—(Special)—Further damage to the bank caused by the washout here has been stopped. Large boulders were dropped into the hole, and this had the effect of stopping the onrushing water from undermining the bank.

APPOINTMENT TO COATICOOK ORGANIST.

Coaticook, June 5.—(Special)—Prof. Sunbury, who has acted as organist of the Methodist Church for the past year and a half has accepted a similar position in the Presbyterian Church at Carleton Place, Ont., and is removing from town.

At present, Mr. and Mrs. Sunbury, are visiting friends at Bishop's Crossing and East Angus. He will begin his new duties at Carleton Place on July 1st. The vacancy here will be supplied for a time by Miss Spearing of Sherbrooke. Mr. Sunbury's friends regret his departure but are pleased to know that he has secured a more lucrative position.

CELEBRATED SILVER WEDDING ANNIVERSARY.

Birchton, June 5.—(Special)—A very happy and pleasing event occurred at the home of Mr. and Mrs. J. McMurray on the evening of May 31, when about thirty friends and neighbors of that esteemed couple gathered to congratulate them upon the 25th anniversary of their marriage. The celebration was arranged and carried out by their daughter, Miss McMurray, assisted by Miss Hill, who managed to keep it a surprise to Mr. and Mrs. McMurray. The evening was spent in games, music and dancing. Mr. C. McMurray assisted his sister in every possible way to make the evening a memorable one to both parents and guests.

ADVENTISTS WILL MEET AT AYER'S CLIFF.

Ayer's Cliff, June 5.—(Special)—The Seventh Day Adventists will hold another camp meeting on the Fair Grounds at Ayer's Cliff. Elder W. Jay Tanner, for several years superintendent of the missions of the denomination in the Republic of Haiti, West India Islands, but now president of the conference in the Province of Quebec, has been in town this week to make arrangements for the meeting, which will begin June 27 and last until July 7.

As the annual session of the conference will be held in connection with the camp meeting, delegates from all the local churches of the society will be in attendance. As usual with these people, a large part of the time of the meeting will be taken up with Bible study, of which the evening discourse will be a leading feature.

Elder Tanner, who has had a long and varied experience in the revolutionary Latin-American republics, expects to give one or two lectures on these fields during the meeting.

MARRIAGES

SPAFFORD-SOMERS.

A very pretty though quiet wedding was solemnized this morning at St. Peter's Church, when Miss Dorothy Irene Somers, B. A., eldest daughter of Lieut.-Col. T. S. Somers and Mrs. Somers, of Sherbrooke, was married to Mr. Arthur L. Spafford, son of Mr. and Mrs. S. L. Spafford, of Danvilleville. Manager of the Western Branch of the Nichols Chemical Company, Vancouver.

The ceremony, which took place at 9 o'clock, was performed by Rev. Canon Shreve, D.D., D.C.L., and the only guests present were the immediate members of the two families, although, notwithstanding the early hour, a large number of interested friends were in the church. The altar and chancel were beautifully decorated with early spring flowers and foliage and exquisite music was rendered by Mr. J. W. Beauder, F.H. C.O., who played the bridal music from Lochgryn as the party entered the church, and Mendelssohn's Wedding March at the close of the ceremony.

The bride, who was given away by her father, wore a handsome tailored travelling costume of tan whipcord, with embroidered lingerie waist, and a Tam O'Shanter hat of cerise straw

Terrible Itching
Got Little Sleep

Until Cuticura Remedies Cured Him

Those who have suffered long and hopelessly from torturing skin eruptions will read with interest the letter from Mr. T. Williams, 115 Pacific Ave., Winnipeg (dated Jan. 14, 1911): "The Cuticura Remedies certainly did work finely, and I am thankful that there is such a remedy, and that I tried it. About three months ago a terrible itching commenced on my body. I could not understand it. It gradually grew worse and covered a large portion of my body. There was also a slight eruption of the skin, sort of a rash. I suffered greatly with the itching and at night I had little sleep. I tried one or two remedies which did no good, and then I tried Cuticura Soap, Ointment and Resolvent. In about ten days I was completely cured."

For more than a generation the Cuticura Remedies have afforded the speediest and most economical treatment for itching, burning, scaly and bleeding skin and scalp tumors, of young and old. Sold by druggists and dealers everywhere. For a liberal sample of Cuticura Soap and Ointment, with 32-p. book on the care of the skin and treatment of its affections, send a postal to the Potter Drug & Chem. Corp., sole props., 51 Columbus Ave., Boston, U. S. A.

HINT AS TO

DARROW'S DEFENCE.

ATTEMPT WILL BE MADE TO PROVE THAT McNAMARA PLEA WAS ARRANGED BEFORE ALLEGED BRIBERY.

Los Angeles, Cal., June 5.—That Clarence S. Darrow, the former McNamara lawyer, now on trial accused of having bribed jurors in that case, will base his defence on the assertion that the agreement for the McNamara brothers to plead guilty had been made before the conclusion of the alleged negotiations for the bribery of juror George N. Lockwood, is indicated. A special session of the county grand jury for the purpose of a further investigation of the alleged corruption of jurors by the McNamara defence was the only other important development in the trial of Darrow. The grand jury session was designed by a member of the prosecution as a "fishing expedition," which might result in the return of several indictments against persons heretofore not charged with complicity in the alleged unlawful operations of the McNamara defence.

Chief counsel Rogers said that on the conclusion of the session that Lincoln Steffens would testify that the arrangements for the pleas of the McNamara brothers had been concluded before the evening of Nov. 25, 1911, the time of the meeting testified to by Franklin.

SAYS GOMPERS SENT MONEY. Los Angeles, Cal., June 5.—Samuel Gompers, head of the American Federation of Labor, sent direct to Clarence S. Darrow the money which the prosecution alleges was used in the bribery of George N. Lockwood, according to the testimony of Clarence S. Darrow.

cross-examination yesterday in the trial of Darrow for alleged jury bribery in connection with the McNamara cases. Franklin said Mr. Darrow given him this information.

the figures. In pronouncing sentence the magistrate smilingly remarked, "Ah, mademoiselle, you must not be so much of a coquette."

A very attractive and interesting private exhibition was given this week at the Convent Mont Notre Dame of the work of the pupils during the year. A large number of visitors were present during the two days and great admiration was felt and expressed for the exquisite articles of every description, as well as the land-sewing of the daintiest character, now so much in vogue, with embroidery of the newest and latest designs, beautifully executed, and representing much time and skill. Art was by no means neglected and there were on view many paintings in oils, and water-colors, hand-painted china, etc., which did great credit to the taste and ability of the pupils. Convents, from time immemorial, have been famous for instilling useful knowledge to their pupils, and that Mont Notre Dame is not behind in this respect was shown by the excellent display in the large music hall, on Sunday and Monday.

Miss Clara Webster has returned from Mount Ida School Newton, Mass., to spend the vacation at her home in the city.

Miss Charlotte Planché of Cookshire, and Miss Jennie Edwards of Milwaukee, Wis., are the guests of Miss Gertrude S. Orr, Lennoxville for a few days.

Mr. Emile Dorais formerly of the Bank of Hochelaga, is now general manager of the St. Francis Hydraulic Company, D. Reel, with offices at Sherbrooke in the Dufresne Block, King Street.

The many friends that Miss A. Porter Waller has made during her short stay in this country, will be glad to learn that she has been appointed organist to St. George's Church, at Lennoxville.

During the visit of Mrs. T. E. Read of Sherbrooke, and Mrs. Albert Jenckes of St. Catharines to Toronto, they were delightfully entertained at luncheon at the Toronto Ladies Club, by Mrs. Norreys Worthington, formerly of Sherbrooke who, her friends will be glad to hear, has quite recovered from her recent illness.

The Rev. Dolor Biron of Magog, formerly Professor of Literature at St. Charles Seminary, and Rev. O. Martin, of St. Andre, Sutton, were in town yesterday, guests at the Bishop's Palace. The Reverend gentlemen have been addressing various assemblies throughout the Townships in connection with Congress of the French language, to be held shortly at Quebec.

Mrs. T. E. Read, who is visiting friends in St. Catharines, Ont., was the delegate from the Sherbrooke Chapters of the Imperial Order of the Daughters of the Empire, to the annual meeting of the National Chapter, just held at Toronto. In a letter just received from Mrs. Read she gives a very pleasant account of a reception and musicale given by Mrs. Albert Gooderham, President of the Imperial Order Daughters of the Empire, at her charming residence, "Pearcroft," to the executive and regents.

On the occasion of the departure of the Abbe J. A. Vaudreuil from Val Racine, the parishioners assembled on Sunday after Mass and presented Father Vaudreuil with an address and a well-filled purse, in acknowledgement of the good work that he had done among them and his usefulness for the good of the parish and people. Father Vaudreuil replied suitably, expressing his sorrow at leaving St. Leon, and thanked them for the kind words and gift. He begged his congregation to keep the faith and to live as good Christians. Father Vaudreuil, who goes to Montreal, is a well-known and popular priest.

STREET PATCHING IS STOPPED!

Permanent Work or None Says
Road Chairman Simoneau.

CITY STREET SITUATION REACHES CRISIS.—WHAT DO THE PEOPLE WANT?

Ald. Simoneau, chairman of the Road Committee, gave instructions to Roadmaster Halley, this morning to stop all work on the streets. Until the question of permanent work is settled, the chairman of the Road Committee states that he positively will not allow a particle of work to be done on the streets.

In conversation with the Record representative he said: "If the citizens of Sherbrooke want \$10,000 thrown away on the streets annually they will have to get someone else to do it. I am not going to waste their money foolishly. If they would only figure the matter out they would see that by doing permanent work they would save money and have far better streets."

"If the city is too poor to spend fifty thousand dollars for permanent work on the streets it strikes me that we are still less able to throw away \$10,000 a year patching up."

PREPARING FOR FARNHAM CAMP.

Different Corps will go Under Canvas Monday.

MANY IMPROVEMENTS HAVE BEEN MADE DURING THE PAST SEASON WHICH WILL BE APPRECIATED.

Farnham, June 5. — (Special)—In spite of rain and storm preparations for the opening of the military camp on Monday, June 10th, at Farnham, are proceeding with great vigor.

Many improvements have been quietly going on during the past two months. "The boys" will find that nothing has been left undone to give them the best of food, pure water and ice, and the most scrupulous orders have been issued with a view to the maintenance of strict sanitary conditions.

The contracts for food, etc., have all been let to men who are able and willing to fill the bill. A special contract has been entered into with a responsible party to see that not a particle of refuse of any kind is left about the grounds when "the Reveille" sounds in the morning.

The Camp will be found a model of cleanliness and purity.

A detachment of Royal Canadian Dragoons will arrive on Saturday and all will be ready and in order for Monday, the 10th.

Captain Tyrrell, Camp Engineer, has been indefatigable in his efforts to make a success of his department.

Under the direction of Mr. McNeill, C.P.R. Supt., the "spur" from the main line to the camp has been opened up and already a large quantity of stores have been shipped in.

was called to Courtcock last evening to investigate a very flagrant case of cruelty to a horse. The two men arrested were convicted of previously overdriving and beating the animal, saying in excuse of their behaviour, that they had been drinking and did not remember what they had done. Magistrate Dupuis fined the offenders seven and eight dollars respectively, with costs, or thirty days in jail, remarking at the same time that the fine would help them to remember.

THE "IDEAL" GAS WATER HEATERS.

The Ideal "Triplex" Copper Double Coil Water Heater

The Ideal "Triplex" embodies the most scientific practical features in copper coil water heater construction. While it is similar in some respects to the copper coil water heaters of other manufacture, it has features which are distinctly "Ideal," and entirely original with us, making it superior, from the standpoint of construction and efficiency, to other coil heaters. Exhaustive tests by gas companies and gas specialists have established its reputation for attaining a much higher efficiency for the gas consumed than any other coil heater on the market.

EGG MARKET STEADY.

Montreal, June 5.—The tone of the egg market remains steady with an active trade doing, owing to the increased consumption. We quote prices as follows: Selected stock in round lots, 26c; selected stock in single cases, 26c; straight receipts in round lots, 22c to 23c; straight receipts in single cases, 23c to 23c, second grades in round lots, 17c; second grades in single cases, 18c.

MODERATE DEMAND FOR HONEY.

Montreal, June 5.—There is a moderate demand for small lots of honey. Potatoes are fairly good and the market is fairly active at steady prices. Car lots of Green Mountains are quoted at \$1.70 to \$1.75 per bag, and in a jobbing way sales are

of which supplies were ample to fill, and prices ruled steady. We quote prices as follows: Clover, white honey, 10c to 11c; dark grades, 7c to 8c; white extracted, 8c to 10c; buckwheat, 7c to 8c.

FAIR TRADE IN MAPLE PRODUCTS.

Montreal, June 5.—A steady trade continues to be done in maple products and the market is without any important change to note. We quote: Maple syrup, in wood, at 7c to 7c per lb., and in tin, 70c to 75c, as to size, and maple sugar at 9c to 10c per lb., as to quality.

BEAN MARKET UNCHANGED.

Montreal, June 5.—The condition of the market for beans is unchanged, prices being firm owing to the small offerings, and car lots of three-pound pickers are quoted at \$2.62 1/2 per bushel.

POTATO MARKET GOOD.

Montreal, June 5.—The demand for being made freely at \$2 per bag. Toronto, June 5.—Eggs, selected, 22c to 23c. New York, June 5.—Eggs, steady. Receipts, 25,139 cases. Fresh gathered, 15c to 21c; fresh gathered dir-

ties, 15c to 17c; state, Pennsylvania and nearby hennery, 21c to 23c; western gathered whites, 20c to 21c; state, Pennsylvania and nearby gathered brown and mixed, 18c to 20c. Liverpool, June 5.—Hops in London, Pacific Coast, \$10 to \$11.

BUTTER MARKET QUIET.

Montreal, June 5.—Business in wholesale circles was very quiet and the condition of the butter market was without any further change to note, prices being about steady, at the recent decline, but it was reported that the shipments of butter last week to Vancouver and the Canadian Northwest amounted to about twelve carloads, or about 6,000 packages.

CHEESE MARKET STRONG.

Montreal, June 5.—The Liverpool public cable quoted New Canadian white and colored cheese unchanged at 10s 6d. The local market is quiet, but the feeling is strong and although no advance in price has been realized as yet, exporters are finest western at 14c to 14c, and asking 15c per lb. more and quote eastern at 14c to 14c. The exports of cheese last week show an increase of 1,774 boxes compared with the previous week, but they are 19,483 boxes short of the corresponding week last year, and the shipments from May first to date show a decrease of 33,661 boxes compared with the same period a week ago.

PROVISION MARKET.

FAIRLY ACTIVE IN DRESS HOGS.

Montreal, June 5.—There was no further change in the condition of the market for live hogs since last Wednesday, but prices are 35c to 50c per 100 lbs. lower than they were a week ago, owing to the increased supplies coming forward, and in consequence a weaker feeling has developed in the market for dressed stock and packers have reduced prices 25c per 100 lbs., with sales of abattoir fresh-killed in a jobbing way at \$12.75 to \$13 per 100 lbs. The trade in live hogs was fairly active and sales of selected lots were made at \$9.25 to \$9.40 per 100 lbs., weighed off cars, and some sales were made as low as \$9, including sows and stags in the lots.

The tone of the market for smoked meats remains steady, with a fair volume of business doing, and now that warmer weather has set in a larger movement is expected in the near future. Heavyweight hams are selling at 14c to 15c, and medium and light weights at 17c to 17c per lb. Selected boneless breakfast bacon is quoted at 17c; Windsor Bacon (backs), at 18c, and Wiltshire Bacon at 18c per lb.

"JAGALIE" WON DERBY TO-DAY.

Epsom Downs, England, June 5th.—(Special).—The crowd at the historic Derby to-day, despite the threatening weather, King George and Queen Mary and the royal party were early arrivals and received a tumultuous reception. Mr. W. Raphael's "Jagalie," a little favored horse, won the Derby to-day. Jaeger was second and August Belmont's "Tracery" third.

SOCCER.

A very successful meeting of the 5th Regimental Soccer Club was held at the Armory, last night, 15 players being present. A few important matters were discussed and in every way it looks as if the 53rd will be able to give a good account of themselves this coming season. A meeting is called for Friday night in No. 7 Co.'s room at 8 p. m. sharp. All members and those interested are requested to attend.

CITY LACROSSE NOTES.

The City Lacrosse League will open on the 15th of June with East Sherbrooke at Irish Canadians.

The league this year is composed of three teams. Jencks, Irish-Canadians and East Sherbrooke, playing a double schedule.

The prices for all games will be 15c admission and 10c for grand stand.

The different teams are out every night getting in condition.

All games will be started at 3.30 sharp.

The East Sherbrooke Club will hold a practice on the Lacrosse Grounds at 6.15 tonight. Any young fellows wishing to play the game are asked to be on hand.

BASEBALL NOTES.

Rebel Oakes has been doing some fancy clouting of late and helping the Cardinals climb up among the chosen few.

With pitching championship ball and hitting near the 300 mark it begins to look like a prosperous year for Rube Marquard.

Cleburne is running away with the pennant in the South Central League having won 25 of the first 32 games played this season.

With a long series of games at home, the Detroit Tigers figure that they have a real chance to go to the front after all.

The Cincinnati Reds found tough picking against the Cubs and the Cardinals, while the Giants went right along winning their games.

Pitcher O'Toole and Catcher Kelly make a strong battery for the Pirates and look to be worth all that Barney Dreyfuss paid for them.

George Rohe, the former White Sox third baseman and hero of the world's series of 1906, has been released by the Mobile Southern League Club.

The old Cub machine is still doing business at the old stand. Manager Chance has not been able to find youngsters that look as good to him as his veterans.

Of that \$25,000 option on the Anderson team held by President Comiskey of the White Sox, Carolina Association fans say that Bull Powell alone is worth more than that amount.

It is said that Ray Keating, the Lawrence pitcher and sensation of the New England League, will join the Highlanders next fall. Keating was a star with the Hamilton Canadian League team last season.

Roger Salmon is pitching great ball for the Wilmington team of the Tri-State League. Connie Mack still has a string on the collegian and he will very likely be back with the world's champions next season.

They call Ralph Capron, of the Milwaukee team, the Ty Cobb of the American Association. Capron is a former Minnesota University football player and is credited with doing a hundred yards in 10 2/5 in football togs.

The star slugfest of the International League took place in Providence recently, when the Grays beat Baltimore 14 to 13. Thirty-three hits for 59 bases, including 9 triples, 5 doubles, a homer and 18 singles were recorded during the afternoon.

Jack Hendricks' Denver team, winner of the Western League pennant last season, is out in front and going strong.

President Charles Somers, of the Cleveland Club, says that Larry Lajoie will not be back in the game before July 1.

Bill Bergen, who used to backstop for the Brooklyn Superbas, is working behind the plate for Jack Dunn's Baltimore team.

"Stoney" McGlynn, the former St. Louis-Milwaukee pitcher, has signed with John McCloskey's Ogden team of the Union Association.

Jimmy Callahan's Chicago White Sox made a grand cleaning during their eastern tour, winning eleven and losing but three games.

The Giants claim that Rube Marquard is the first National League pitcher ever to beat every other club in the league before taking the

STORMY SCENES IN BUDA PEST.

Police Had to be Called in to Quell Disturbance in Parliament.

AS A RESULT OF CONFLICT MANY DEPUTIES WERE EJECTED.

Buda Pest, Hungary, June 5.—Stormy scenes in Parliament continued throughout the entire day, the worst of which attended the afternoon session, which culminated in the calling in of the police three separate times and the ejection of many deputies.

When Count Tisza appeared the Opposition again raised a deafening uproar, the shrilling of toy trumpets and other ear-splitting instruments, mingled with curses and insulting epithets. After this had gone on for a quarter of an hour, the president suspended the sitting. Twice he essayed to resume, but his appearance in the president's chair each time was greeted with more uproarious outbursts.

Count Tisza then summoned the police, sixty of them entering the chamber amid the hisses of the Opposition. Count Karolyi defied them to lay hands on a deputy. He was the first seized, and with 21 others, was removed from the chamber. Among those ejected were Julius Justh, the party leader, and Herr Polonyi, ex-minister of justice.

STEAMSHIP SERVICE TO WEST INDIES.

Canadian Government Calls for Fast Ships for This Route.

RESULT OF TRADE AGREEMENT ENTERED INTO WITH ISLANDS.

Ottawa, June 4.—The Government has already taken up the question of a fast steamship service between Canada and the West Indies, and tenders are being called for two services, one from Canadian ports to British Guiana, calling en route at the islands which have signed the trade agreement with the Dominion. Fast and commodious vessels designed to carry both passengers and freight are being called for this service. The service is between the Maritime Provinces and Jamaica touching at Bermuda. Jamaica has already promised a \$100,000 subsidy yearly for this service. It will connect with lines to Great Britain from Halifax and St. John.

When the trade agreement between the West Indies and Canada was signed it was decided that faster steamship facilities were absolutely necessary, and the present announcement shows the Minister of Trade and Commerce has not been letting the grass grow under his feet.

CHOICE OF A DAIRY COW AND HOW TO DEVELOP ONE EXPLAINED.

As mentioned in yesterday's Record special lecturers give addresses and talks on the various branches of agriculture on the Better Farming Special which started a tour of the Eastern Townships along the line of the C. P. R. The exhibits are from Macdonald College, and those in charge are from that institution. The various subjects dealt with are too lengthy to go into detail, but the Record will publish from day to day the principal points dealt with by the lecturers. To-day selections are given from the address given by Mr. H. Barton, professor of animal husbandry at Macdonald College, on the choice of a dairy cow, the feeding of steers, the raising of hogs and sheep.

CHOICE OF DAIRY COW.

General Form: Somewhat lengthy and open in conformation, good size with a tendency to be lean and angular. Capacity for Feed: Deep rib and a large middle. Capacity for Milk: A large, well developed evenly balanced udder of good texture with veins and wells large and numerous. Strength: Straight back, strong heart and chest. Quality: Refinement throughout. Head and neck finely cut. Hair and skin soft and pliable. Never fail to select from good ancestry if possible, and note any record which may be available.

TO DEVELOP A DAIRY COW.

1. Select a vigorous calf from strong healthy parents which have not been overworked. The calf stage is one of the most critical periods in the development of a cow. See that the calf gets a good start in the first six months of its life. 2. Heifers should be fed liberally during the winter periods on the cheaper feeds, silage roots and clover. A very little amount of meal for a short time when a heifer is in poor condition will prove a splendid investment. 3. Breed so that heifer will drop her first calf when from 30 to 34 months of age. 4. Feed her well and milk her for ten or eleven months, at the same time allowing her a two months rest before dropping her second calf. The first year or two in milk is an important stage in the development of a cow.

COWS IN MILK.

1. Care at calving time. Have in good condition and place in clean, comfortable quarters. Dirty conditions at this stage are often the cause of udder trouble. 2. Feed carefully for the first ten days. 3. The ration should be cheap, palatable, succulent, bulky, balanced and nutritious. The following fulfills the requirements for one day for one cow giving 40 lbs. of milk per day. 30 lbs. Corn silage. 15 lbs. Roots. 7 lbs. Meal mixed as follows: 2 bran, 2 oats, 1 barley, 1 cottonseed or glutens.

SHEEP.

1. The only way to make returns from a great deal of land in the Province of Quebec is through sheep. 2. It costs very little to start a flock of sheep. 3. There is very little labor required with them. The returns come quickly and the money is easily made. 4. They should have a place on many farms, if for no other reason than to destroy weeds. 5. A certain amount of intelligence and care is necessary. Too many flocks in this Province are neglected.

APPLE TREE TENT CATERPILLAR.

How to Reduce a Pest That is Prevalent in Quebec.

INSTRUCTIONS SENT OUT BY THE DEPARTMENT OF AGRICULTURE AT OTTAWA.

The Department of Agriculture at Ottawa has sent out the following in regard to the apple tree tent caterpillar (Malacosoma Americana), which is doing harm to trees in this province: The nests of the tent caterpillar are conspicuously prominent objects this spring on apple and cherry trees in Quebec and Ontario, and many enquiries are being received as to the best methods to pursue in the control of this pest.

As the nest and the contained caterpillars are small at first, they do not attract attention, but in two or three weeks the webs become large and unsightly, and the infested trees show signs of defoliation. The caterpillars continue to feed and grow for four or five weeks, when they spin their oval cocoons of thin, tough white silk under fence rails, bark, boards and rubbish. Three weeks later the adult moths emerge from the cocoons, and the females lay about the trees their bands of eggs, which remain unchanged until the following spring. About the time the leaf buds are opening these varnished bracelets of eggs hatch out their caterpillars, which begin their work of destruction of leaves. Each egg mass contains about 200 eggs, placed on end and packed closely together.

The caterpillars are about two inches long when full grown, of a deep black color, sparsely covered with yellowish hairs, and with a white stripe down the middle of the back. A row of oval pale blue and velvety spots occur on each side of the white stripe. The most practicable methods of control are:

(1) The destruction of the egg masses, which can be readily seen while the trees are free from leaves. (2) The destruction of the webs and the contained caterpillars, either by burning by means of some form of torch on a pole, or by spraying with paris green (1 lb. to 40 gallons of water), or arsenate of lead (4 lbs. to 40 gallons), or by swabbing out the nests with a broom or brush and crushing.

These caterpillars are small at first, they do not attract attention, but in two or three weeks the webs become large and unsightly, and the infested trees show signs of defoliation.

ten. 1 1/2 lbs. oil cake. This ration will cost about 20 cents per day.

4. In summer depend upon pastures alone for only 2 months. Then supply green feed—peas and oats—alfalfa and corn silage are valuable at the end of short pasture. 1 acre of bare pasture under corn will feed 20 cows for over a month.

Why not plough up some pasture for summer feed? Put up a silo and grow roots.

Corn silage—Roots. 1. The cheapest yielding crops. 2. Cheapest and best feeds for any class of cattle in winter. 3. Carry more stock on any farm by growing Corn and Roots. 4. A fine opportunity to cultivate and clean the land. 5. Easy to store and convenient to feed. 6. The only solution for the problem of milk or beef production at a profit.

STEER FEEDING FOR PROFIT.

1. Select the right type of Steer. Low set, thick and deep. The narrow shallow, coarse steer, with a poor spring of rib is a losing proposition to any man. 2. Start feeding on the cheap ration possible. Rape in the winter, then, silage, roots, clover hay, straw and chaff, with but very little meal for a month. 3. Gradually decrease the roughage and increase meals of a heavier character (Corn and Cottonseed) as the finishing period arrives. 4. Best results in loose boxes, when steers are graded according to size, condition, horns, etc. 5. To finish on grass winter as cheaply as possible with very little grain. 6. Market at about two years.

HOGS.

1. Every farmer should keep a limited number of hogs. The man who keeps a number right along is the man who helps the hog industry and makes money out of hogs. 2. Grow the type of hogs the packers demand. 75 per cent. of the demand is for this hog. A weak market always hits the other 25 per cent., the undesirable, first. 3. Save the grain as much as possible by feeding brood sows cheaply on roots, alfalfa and clover. These feeds with others as whey, skim milk and waste material with little cash value go a long way with a little grain and make cheap pork. 4. Market at 200 lbs. when seven or eight months old. This is the weight desired and from this time on pork is increasingly expensive to produce. 5. Try to have your hogs uniform in size, weight and finish for market.

FOR "NON-SENSATIONAL" INVESTIGATION.

Washington, June 5.—The House Judiciary Committee decided in executive session yesterday to undertake a preliminary investigation of the "Beef Trust." The committee agreed to report the Edwards resolution, calling for the investigation, but before doing so a private inquiry will be made. The committee does not pur-

pose now to call any of the men heavily interested in the packing industry or to undertake any sensational investigation of packing-house conditions.

FAREWELL TO FORMER SCOTSTOWN CITIZENS.

Rev. Father Nicol and Dr. Mooney
Leave For New Fields of Labour.

BOTH WERE THE RECIPIENTS OF GIFTS FROM THE CITIZENS OF TOWN.

Scotstown, June 5.—(Special)—A farewell was given to Rev. L. H. Nicol and Dr. Mrs. M. J. Mooney last Monday evening in Strathcona Hall. The affair was planned by their many friends who wished to show their friendship and esteem in a fitting manner before their departure from this town. Dr. Mooney goes in a few days with his family to Quebec City where they will reside. Father Nicol leaves here for St. Leon where he has been appointed Parish Priest of that place. This social gathering was presided over by Messrs. J. H. Rolinger and M. A. McKenzie as joint chairman.

Mr. J. H. Rolinger addressed the gathering in French and spoke of the excellent work of Father Nicol as Parish Priest, and of the regret of the majority of his parishioners in having him leave the town.

Mr. M. A. McKenzie addressed the gathering in English and referred to great help that Mr. Mooney had been in the town as a Physician and also in the business affairs of the place.

Father Nicol and Dr. Mooney both responded in an able manner.

Dr. Mooney and Father Nicol were each presented with an Ink Stand by J. H. Rolinger making the presentation to Father Nicol and Mr. M. A. McKenzie making the presentation to Dr. Mooney.

Mrs. Dr. Mooney was also presented with a cut glass salad dish, the presentation speech being given by Mrs. E. C. McKay. Mr. Fred R. Cromwell, M. P. from Cookshire was present and was called upon for a speech which proved very appropriate for the occasion.

Speeches were also made by Messrs. W. F. Bowman, Angus McKenzie and Ed. Sherman. Mr. Cromwell sang an Irish Song and Mr. M. Godin gave a solo in French. Lunch was then served by the ladies which was enjoyed by all present.

After the lunch all those who wished to dance repaired to St. Onge's Hall on Dutton Street where dancing was engaged in until the early hour of the morning.

Speeches were also made by Messrs. W. F. Bowman, Angus McKenzie and Ed. Sherman. Mr. Cromwell sang an Irish Song and Mr. M. Godin gave a solo in French. Lunch was then served by the ladies which was enjoyed by all present.

KNEW THERE WERE NOT ENOUGH BOATS.

J. Bruce Ismay Testifies Before Board of Trade Inquiry Into Titanic Disaster.

DID NOT THINK OF THOSE WHO WERE IN AFTER PART OF TITANIC AFTER STRIKING BERG.

London, June 5.—(Special)—J. Bruce Ismay, president of the International Mercantile Marine Co., resumed his testimony before the British Board of Trade inquiry into the loss of the Titanic to-day.

When pressed by Attorney General Sir Rufus Isaacs as to whether he knew there were not enough lifeboats to accommodate the passengers and crew, he answered in the affirmative, but said that the passengers must have been on the after part of the ship and he really did not think of it at that time.

J. BRUCE ISMAY SHARPLY QUESTIONED.

London, June 5.—J. Bruce Ismay told the British Court of Inquiry yesterday that it had been planned to drive the Titanic at full speed during a few favorable hours of her maiden trip, and that he considered Captain Smith fully justified in going at full speed through the ice region so long as weather conditions made it possible to see ice ahead.

Lord Mersey, the head of the court which is inquiring into the disaster to the White Star liner, repeated the question whether the witness thought the captain justified in his action, adding "at either day or night?"

Ismay replied in the affirmative. Ismay was the star witness when the investigation was resumed yesterday. He told the court that the chief engineer had arranged before the steamer left Queenstown for New York that the weather being favorable on either Monday or Tuesday, the vessel would be driven at full speed for a few hours. Attorney General Sir Rufus Isaacs, who was examining the president of the International Mercantile Marine Company, asked if that would necessitate additional boilers being lighted. Ismay said that it would. The attorney general pointed out that Fireman Barrett, of the Titanic, had testified that additional boilers were lighted on Sunday morning. Ismay also said that a wireless despatch which Captain Smith had handed him on Sunday had indicated to him that the Titanic would reach the ice region on Sunday evening. The collision occurred shortly before midnight Sunday night.

The witness said that there was nothing in their mail contracts to compel the company's vessels to steam at the rate they usually did in crossing the Atlantic and that there was no penalty for delay. Ismay insisted that he had nothing to do with the navigation of the ship, but Sir Rufus continued to press him regarding the speed of the Titanic and the warnings of the ice in her path which were received. The witness's answers were not always clear, which led Lord Mersey to remark sharply, "Answer the questions."

The attorney general also complained that the witness was not frank. The attorney for the White Star protested that Sir Rufus's remark was uncalled for. Ismay said that he had not attached importance to the message from the steamer Baltic regarding the ice, and that he had not had any conversation with any officer with respect to the message.

"Why did the captain hand it to you?" asked the attorney general. "For my information," was the reply.

Examined as to the speed of the vessel with a view to show that he had something to do with it, Ismay persisted that he had spoken to no one about the speed after his conversation with the chief engineer at Queenstown. He admitted that the vessel had not been slowed down after the warnings of ice had been received, and said that he had not expected the captain to slow down so long as there was nothing to prevent the men seeing the ice.

Sir Rufus asked: "What was the use of going at full speed through the ice at night?" Ismay—"I suppose they wanted to get out of the ice. They would not want to wait and take a chance of fog coming down. They were justified on a clear night in going through as quickly as possible, and even might have increased the speed to get out of the icefield."

In the afternoon session Sir Rufus Isaacs examined Ismay, who said that he realized that the ship was sinking an hour and a half after she struck, but he did not tell anybody, and after helping those women and children who were on deck into the boats did not go below to find others.

WEDDING PARTY POISONED.
East Orange, N.J., June 5.—Forty-five persons are suffering from ptomaine poisoning and two, honeymoon trip of Mr. and Mrs. Charles Dishop has been abandoned because of the illness of the newly married couple as the result of eating chicken salad at the wedding feast last Saturday night. The bride and bridegroom had returned to Buffalo when they became ill and returned here under the care of a physician. The victims also included the bride's parents, the officiating clergyman, his wife, the caterer, and all but two of the wedding guests. All are believed to be recovering.

HON. L. P. PELLETIER IS FAR FROM WELL.

Will Go to South of France for Rest and Change.

LATER WILL TAKE UP QUESTION OF CHEAPER CABLE RATES WITH BRITAIN.

Ottawa, June 5.—The Hon. L. P. Pelletier, Postmaster-General, will leave Canada at the end of this month or the beginning of July for a trip to England and France. The Hon. Mr. Pelletier will combine rest with business, for at present he is far from well and hopes to secure some of his lost health by the ocean voyage.

With England he will take up the subject of cheaper cable rates as he promised last session in the House, and while in France the question of postage rates will be discussed. Mr. Pelletier will probably be in London during the naval conference.

has nothing to do with this, and it is time you stopped riding that old horse."

Ald. McManamy—"I have a right to my opinion."

Ald. Ledoux—"The subway is one of your suggestions."

Ald. McManamy—"It is not mine; it is the Record's."

Ald. White—"I think we had better pass this at once, for if we wait longer we will have to borrow more."

Ald. Brault—"I think it is necessary that we should get money for the Market."

Ald. L. H. Olivier—"We will give you \$10,000. Here, Mr. Secretary, give me the by-law."

This amount was added, bringing it up to \$605,000.

Ald. McManamy—"If we found a mistake of \$10,000 in half an hour we should have more time."

Ald. White—"I move that the by-law be read the first, second and third time and passed."

Ald. Ledoux—"I second the motion."

Ald. Thompson—"I move an amendment that it be read the first and second time and that the third reading take place on Friday evening."

Ald. C. F. Olivier—"I second Ald. Thompson's amendment."

The amendment was put to a vote and carried on the following division: For—Ald. McManamy, Thompson, Ewing, Brault, Rousseau and C. F. Olivier. Against—Ald. L. H. Olivier, White, Simoneau and Ledoux.

RESOLUTIONS RECEIVED.

The resolution passed at the last session of the Council relative to the purchase of a \$9,000 paving plant was received, as was also the resolution to homologate Second Avenue.

HOMOLOGATION OF SECOND AVE.

The question of homologating Second Avenue was discussed at considerable length. It was brought up by Ald. L. H. Olivier who moved that the Lieutenant Governor in Council be petitioned for the right to have Second Avenue homologated, fifty feet wide. The motion was seconded by Ald. White.

Ald. McManamy—"I would like to know what the Lieutenant Governor is petitioned for. It is only in urgent cases this is done." He claimed that the Council was petitioning for the opening of a private land to favor members of the Council.

Ald. Simoneau—"This is not a private land. One end of the street is already homologated and the entire street is open for traffic. Over one fourth of the population of East Sherbrooke pass over this street on their way to Church."

Ald. McManamy—"This is retrogression. Where is the Board of Trade?"

The motion was put to a vote and carried. Ald. McManamy voting "No."

Ald. Simoneau then gave notice of a motion to amend by-law No. 200 which refers to homologating streets.

THE INDUSTRIAL SIDING.

Ald. McManamy brought up the question of the C. P. R. siding on Industrial street. He stated that McKinnon, Holmes and Co., Ltd. had held up the building of the siding, and had threatened the C. P. R. if they attempted to carry on the work. He moved the City Attorney appropriate the land necessary for the siding on Industrial street and that the C. P. R. be ordered to go ahead and, also, that the City would protect them, if possible, against McKinnon, Holmes Co., Ltd. Ald. McManamy referred to Ald. White as seconding the motion.

Ald. White said he could not second it the way it read. He wanted to know just what responsibility the Council assumed by offering to protect the C. P. R.

Mr. A. R. Holmes, of McKinnon, Holmes Co., was given an opportunity to address the Council, and stated that when Ald. McManamy accused them of making threats or blocking the C. P. R. he was not stating facts. They had offered the C. P. R. a strip of land 88 feet wide by 800 feet long. There were several minor matters they wanted settled and wrote them to that effect. They wanted assurance that their present siding would not be interfered with, they also wanted permission to have cranes over the siding. They wanted it understood that the water mains would remain as they are.

After further discussion it was decided to leave the matter over till Friday, and to make an effort to reach an amicable settlement before that time.

CONCRETE SIDEWALKS.

An application was read from F. N. McCre, M.P., asking the City to build concrete walks in front of his residence, Melbourne street. He expressed his willingness to pay half the cost.

The application was referred to the Road Committee.

EXHIBITION OF BRITISH SILKS.

First Public One of Kind Opened To Day in London.

FEW BRITISH MANUFACTURERS HAVE PROSPERED MORE THAN MAKERS OF SILK.

London, June 5.—(Special)—The first public exhibition ever held in connection with the silk industries of the United Kingdom was opened to-day at the Princes' Skating Rink. The exhibition is held under the auspices of the British Silk Association, which was founded twenty-five years ago by a body of representative women, including several members of the royal family, who were desirous of encouraging and stimulating the silk industry as much as lay within their power.

Few British manufacturers have prospered more than the makers of silk, although the industry does not occupy the important place that it did years ago. Silk was manufactured in England in the reign of James I., who took a great interest in the welfare of the industry, but it was not until 1665, when the revocation of the edict of Nantes sent a stream of persecuted Huguenots into England, that the trade reached the zenith of its prosperity and importance. Among these refugees were many skilled weavers, and they established themselves in Spitalfields, where they set up looms in their own homes. For a century and a half this colony was the centre of the silk trade in England, after which period the industry gradually declined until it can no longer be looked upon as a national asset. Of late years the output has been limited, though the higher grades of British silks are still looked upon as the best in the world.

PRINCIPAL QUESTION IS PROPOSAL FOR WOMAN SUFFRAGE.

Concord, N.H., June 5.—(Special)—A State convention to propose amendments to the New Hampshire constitution assembled here to-day and proceeded to organize. A number of questions have been suggested for the consideration of the convention, but the only ones that have aroused public interest are the proposals for woman suffrage and the adoption of a short ballot to lessen the cost of elections under the direct primary system now in force.

IMPORTANCE OF G. O. P. CONTESTS.

All in Readiness For Republican National Committee Meeting.

UPWARDS OF 250 CONTESTS WILL HAVE TO BE DEALT WITH.

Chicago, Ill., June 5.—(Special)—Practically all of the members of the Republican National Committee are in Chicago in readiness to begin the hearing of delegates' contests to-morrow. The function of the National Committee is always important, because it decides in advance who are to have seats when the convention is called to order. In other words, it makes up the temporary roll. The work is especially important this year, because of the unusually large number of contests. With upwards of 250 contests to consider and act upon, it is likely that the committee will find it necessary to continue its hearings almost up to the day the convention assembles.

In hearing the contests the National Committee will sit as a court. Attorneys will represent the opposing sides, and they will argue their case and introduce as much testimony as time will permit, both in the form of affidavits and of oral witnesses. After the testimony is all in the attorneys will sum up in closing arguments, and then it will be left to the committee, by a majority vote, in executive session, to determine which side is right. From the committee's decision there is no appeal, for the committee must make up the temporary roll call of the convention, and there can be no regularly organized convention until the committee's roll is submitted and adopted.

ENGINEERS AND TRAINMEN GET INCREASE

Agreement Reached With The Management of G. T. R.

ABOUT 3,000 MEN FROM PORTLAND TO CHICAGO AFFECTED.

Montreal, June 5.—(Special)—It was announced this morning that the committee of the locomotive trainmen and engineers had reached an agreement with the Grand Trunk management, by which firemen from Portland so Chicago have been granted an increase in pay ranging from 10 to 20 cents per mile for those on mileage and from \$6 to \$14 to those paid by the month. This increase makes the average pay of firemen from \$67 to \$85 per month.

Some 3,000 men are affected.

General Assembly of Church Begins Sessions at Edmonton, Alta.

THERE ARE NOT MANY IMPORTANT QUESTIONS TO COME BEFORE CHURCH BODY THIS YEAR.

Edmonton, Alta., June 5.—(Special)—The thirty-ninth General Assembly of the Presbyterian Church in Canada begins its sessions here this evening, with the retiring moderator, Rev. P. R. McKay, Toronto, in the chair. Nearly all the ministerial commissioners are in the city, and the arrivals to-morrow are expected to make up the complement. The representation of elders is also large. While the important questions to come before the assembly this year are not so numerous as in some previous years, there is much business to be transacted, and a busy session is anticipated.

CONGREGATIONAL UNION CONVENTION.

Annual Congress will Open in Montreal To-Day.

HISTORY OF SECT IS A MOST INTERESTING ONE.

Montreal, June 5.—The Congregational Union of Canada will begin its annual congress in Zion Church to-day. While the Congregational Church in the Dominion is comparatively small as compared with other sects, its history is not uninteresting. There seems little question that the Church was founded by emigrants from England and provided with ministers direct from that country, although there may have been one or two scattered missions established by ministers from Vermont. The first actual church of which there is an authenticated record is that set up in Quebec City in 1801 by a London missionary clergyman named Benton. The first years of this congregation were marked with a certain amount of intolerance at the hands of the authorities, and Mr. Benton was refused permission to officiate as a minister. On his publishing a pamphlet commenting on this injustice, he was imprisoned for six months and fined heavily.

The history of Independency, Separatism, or, as it is called in the present day, Congregationalism, really dates back to a small band of English exiles who for the sake of their faith took up their residence in Leyden, Holland, towards the end of Queen Elizabeth's reign. There they stayed until 1616, when Henry Jacob, a graduate of Oxford, returned to England and set up an Independent Church in Southwark, London. The Act of Uniformity, passed under Charles II.'s reign in 1662 deprived about 2,000 clergymen of their livings, among whom were many Independents. These with the Puritans sailed for this continent and settled in America.

The general principle that governs the Congregationalist body is that every church is an independent unit and not subject to the rules and authority of any central body. It is an interesting fact that the present Congress is being held exactly two and a half centuries after the Act of Uniformity was passed.

SITUATION IS SERIOUS IN BELGIUM.

Rioting Throughout Country as Result of Elections.

DISORDERS ATTRIBUTED TO DISSATISFACTION OF LABORING CLASS AT VICTORY OF CLERICALS.

Brussels, June 5.—Belgium is in a state of eruption on account of the recent elections, and rioting throughout the country has taken on a revolutionary character. Many persons have been killed or wounded in various cities, and a large number of reserves have been called to the colors. The agitation in the industrial centres is rapidly increasing. Every hour brings news of fresh protests by the laboring classes against the Governmental victories.

The conservative elements are considerably alarmed over the tendencies of the civic guard, which corresponds to the Canadian militia, to make common cause with the rioters. This, however, is only in isolated instances. Brussels being a case in point where the guard yesterday held a sympathetic celebration before the monument of Francisco Ferrer, the originator of the modern school in Spain.

The national disorders generally are attributed to the acute disappointment of the laboring classes over the pronounced victory of the Clericals in the recent elections. The Socialists allied themselves with the Liberals on the public school question in opposition to the Government policy, hoping thereby to win a majority of the seats in the Chamber. Their failure to do so caused a wave of anger to sweep over the country.

The latest reports from the provinces show that the strike has spread over the entire Liege Basin and has tied up most of the collieries and the big metal industry. In the centre of Belgium many industrial proprietors seem to approve of the strike and sympathize with the men. The women have aroused themselves to even greater frenzy than the men in the disorders which are particularly anti-clerical in character.

NO LIQUOR FOR OFFICERS.

Must Set a Good Example to Men, Say Minister of Militia.

WILL NOT BE ALLOWED TO HAVE ANY STRONG LIQUORS ON MESS TABLES.

Ottawa, June 5.—It is understood that Col. the Hon. Sam Hughes, Minister of Militia and Defence, has issued orders that no liquor shall be allowed on the table of the officers' mess in the training camps. The minister is determined that the officers shall set an example to the men, and while the officers can keep liquor in their tents it will not be allowed in public.

The Minister understands that an agitation is on foot to have canteens again in the camps, and those favoring it are using means stating that liquor can be got near by to camps. Col. Hughes will see that his regulations are rigidly kept and spare no one who disobeys them.

FAILURE THROUGH DEFALCATIONS.

LIVERPOOL CORN FIRM UNABLE TO MEET ITS LIABILITIES.

London, June 5.—The Times says that the managing directors of Messrs. Procter & Co., corn merchants and brokers, of Liverpool, have issued a circular announcing that owing to the serious defalcations of one of the employees, the firm is unable to meet its liabilities.

It is reported in commercial circles in Liverpool that the defalcations amount to over \$300,000.

ALLEGED HORSE THIEF ARRESTED.

Jos. Duquette, an Old Hand at Business, Again in Tolls.

MADE GOOD HIS BOAST AS DID HIGH CONSTABLE IN REPLY.

Cowansville, June 5.—(Special)—Jos. Duquette, an old offender was arrested yesterday afternoon near Sutton Junction on a charge of having stolen a horse and buggy belonging to Chas. Hunt at Gilman. When he appears before Judge Mulvena on Saturday he will have to answer two charges of horse stealing. One in connection with the one mentioned above, and also with stealing a horse and roadcart from P. Johnston, Phillipsburg, on Saturday last.

The horse belonging to the latter was located at Gilman on Sunday by High Constable Boisvert.

On being informed of the theft of Mr. C. Hunt's horse at Gilman, the high constable sent out an alarm throughout the district, and he also instructed Mr. Comeau and Basil Stowell, of Sutton, to take up the chase. The latter came upon a man answering the description given of the alleged horse thief. Duquette denied any knowledge of the theft, but he was taken into custody and High Constable Boisvert notified.

He identified Duquette as the man wanted, and conveyed him to jail at Sweetsburg. Duquette is an old offender, having previously served terms for horse stealing. When he was taken to St. Vincent de Paul penitentiary about three years ago by High Constable Boisvert for horse stealing, Duquette made the remark that he would return and make a selection of the best horseflesh in Bedford district. The high constable replied that if he did that it would mean another trip to the penitentiary.

Since High Constable Boisvert was appointed eleven years ago there has been fourteen cases of horse stealing. In each case the high constable has landed the thief and returned the stolen animals.

STEAMER'S CARGO ON FIRE.

Cape Town, June 5.—The British steamer Canada Cape, at this port from St. John, N.B., and Sydney, C.B., reports that her cargo is on fire. Her hold is being flooded.

WILL CAMPAIGN IN STANSTEAD CO.

Mormon Elders Find Sherbrooke Unprofitable Field.

SENDING NO CONVERTS TO SALT LAKE CITY AS RESULT OF WORK — WILL RETURN, HOWEVER.

The three Mormon elders are again in Sherbrooke after a short sojourn at Richmond and vicinity. They are leaving immediately, however, and expect to spend about four weeks campaigning in the district between Sherbrooke and the Vermont border, beginning at Lennoxville and proceeding south through Stanstead. They are having posters printed announcing open-air meetings in the various villages en route.

"Will your colony at Salt Lake City receive any recruits as a result of your work in Sherbrooke?" one of the elders was asked this morning.

"No, immediately," was his reply. "We, however, have sown lots of seed. We have talked with people and given away a good deal of pamphlets, besides selling two or three that we wish we had not sold. No, we are not sending any recruits to Salt Lake just now, but we hope to reap the harvest later."

"Then you figure on returning to Sherbrooke?" the Mormon was asked.

"Oh, yes," he replied, "we shall probably return for a time in the fall."

They were reminded that poultry raising was one of the industries of the good people of Stanstead County so that there were lots of feathers which might come in contact with tar in the present state of public opinion towards their propaganda.

They laughed a little nervously at the suggestion, but did not think the opposition to their creed was likely to show itself in public hostility.

They would visit North Hatley, Ayer's Cliff, Coaticook, Stanstead, and they might even go to Barnston.

PROHIBITS GAMBLING.

Wellington, N. Z., June 5.—The Postmaster-General of New Zealand has just published an order prohibiting gambling in any form, on pain of dismissal to the employees of the postal service. The men resent the order, asking why they should be put under ban when the totalizer has been legalized.

\$5.00

A small amount but it will mean a great deal for YOU.

For this sum you can reserve one choice lot in the new East Sherbrooke Sub-Division. You all know where this is—the old race track—otherwise known as the Gilman Farm. Only three minutes walk from street cars—five minutes walk from Q. C. R. car shops. Near churches and schools.

These lots are admirably suited for building purposes. No ledges to blast—perfectly level—and commands a beautiful view of the city.

Call at my office and see the plans—or, better still, pay a visit to the property and see its ideal location.

THE TERMS

Choice corner lots \$200, others at \$150, \$110, \$90 and \$70. These are payable 10 per cent. cash, and \$5 per month for the \$200 and \$150 lots; \$4 per month for the \$110 and \$90 lots; and \$3 per month for the \$70 lots.

\$5.00

Will reserve a lot for you until about July 1st, when official plans will be registered. This is the time when you can't afford to wait. The opportunity is at your door. Will you take advantage of it?
