MONTREAL, March 21.—The Court of Ap-
peals confirmed the judgment of the Court
below in dismissing the action for infrac-
tion of patent right, in which is called the
Golden Seam, brought by Fogarty Bros.,
boot and shoe manufacturers, against Ames,
Hobbs & Co., in the same business.

A servant girl left in charge of a house here
whilst the owner and his wife were at the
theatre last evening, stole \$100 belonging to
her employer and absconded across the border
by a late train.

The Banque du Peuple has taken a seizure
after judgment against the Herald Publishing
Co. and its manager, for \$1,000, notes due

way for \$12,000.

The collegiate examinations are now in
progress at the Universities here, and the
winter session will terminate at the end of
the month.

St. Sulpice Seminary and the Oka Indians
are again at law about cutting timber on
the reserve, for which two of the natives
have been imprisoned. A writ of habeas
corpus has been applied for, but judgment
was reserved.

So deep has the snow been on the St. Lin
branch of the Canadian Pacific Railway that
no trains have been run on it for 18 days.

The Montreal & Sorel is at a standstill.

conductors and train men were offered the
same terms, but refused and it is feared a strike
will take place.

OPINIONS OF THE POPE.

(To the Editor of the Morning Chronicle.)

DEAR SIR,—I apologize for again trespass-
ing on your columns to say a few words in
reply to your columns of the 19th inst. re-
garding the Pope's opinion on the subject of
the Holy Land, so far as I fear even a
very brief reply to the several paragraphs of
his letter will be a tax on your valuable space.

I make it as short as possible.

He persists in asserting me where I do not
say it—again I assure him I am not a mem-
ber of the Church of England—nothing
concerning the Pope's opinion on the subject
of the Holy Land, so far as I fear even a
very brief reply to the several paragraphs of
his letter will be a tax on your valuable space.
