Fire Follows Explosion And Hundreds of Buildings Destroyed

Cataclysm Caused When Outward Bound Munition Steamer Was Rammed By Incoming Vessel. An Immense Explosion Followed And Crews of Both Ships Were Hurlled To Their Deaths. Concussion of Explosion Caused Buildings to Collapse. Loss of Life Said to Be Heavy. All Communication By Wire Has Been Cut Off. Doctors And Nurses Rushed to City.

(Canadian Press Despatch)

TRURO, N.S., Dec. 6.—It is reported here that the first estimate of the loss of life in the explosion in Halifax Harbor this morning is placed at fifty, while the number injured is correspondingly great.

(Canadian Press Despatch)

AMHERST, N.S., Dec. 6.—Halifax has met with the greatest catastrophe in its history. Hundreds of buildings have been destroyed or damaged, scores of lives have been lost, and certain sections of the city are now in flames. At an early hour this morning, while an American ammunition steamer was moving out from her pier in the north end, near the suburb of Richmond, another steamer coming through the narrows rammed the outgoing steamer broadside, and an immense explosion resulted. Both crews were instantly hurled to their deaths.

BUILDINGS FELL IN

The concussion resulting from the explosion caused the roof of the North Street station to collapse. The warehouses on the water front were badly damaged.

Freight cars were blown off the tracks, and all the buildings from the Queen Hotel on Hollis Street, both sides, to the North Street station, fell in or were badly damaged by the awful cataclysm.

LOSS OF LIFE APPALLING

The report was heard in Truro, and a few minutes later a wire came through asking that nurses, doctors, firemen and food be immediately rushed to the garrison city. The loss of life has been appalling and the number of injuries caused by flying debris, falling houses, fire, cannot be reckoned.

ALL WIRES DOWN

All source of information has been cut off. The Western Union and the C.P.R. offices in the heart of the city together with the headquarters of Maritime Telegraph and Telephone Company, have had their wires broken in thousands of places, and it may be days before communication can again be established.

RUSH AID TO STRICKEN PEOPLE

From all the main centres of this district, doctors, nurses and firemen are being hurried to the scene. At Truro, Windsor and Amherst, the town councils met this morning to take steps to aid the afflicted people. It is understood that the inhabitants of the city are in need of food.

BRITISH HOLD POSITIONS AT BOURLON WOOD

Germans Bring Up Reserves and Will Attempt to Recapture Lost Ground.

(Associated Press Despatch) WITH THE BRITISH ARMY IN FRANCE, Dec. 6.—The Germans yesterday were still holding hands along most of the new battlefield. Fighting was in progress around a fortified farm north of Havrincourt, after an enemy attack in the morning, but no other offensive developed against the British line up to noon.

There had been rumors of an attack south of Marcoing, but it did not materialize; it is possible it has been postponed because of the heavy casualties suffered by Von Hindenburg's forces Monday.

The Germans doubtless hope to push back the British line and recapture the front between La Vacquerie and Marcoing. The sharp salient which General Byng is holding about Bourlon Wood has given rise to interesting military problems. The British have held this line against repeated heavy attacks, but there is no gaining the fact that it is a difficult position to maintain, and it is considered the British front would be considerably stronger without it.

The wood is filled with pools of water, over which the gas from shells hangs sometimes for twenty-four hours. In addition, the German guns are able to reach it from many directions owing to the bend in the line.

There is an interesting report that a few British cavalry actually entered the town of Cambrai at the beginning of General Byng's offensive. They were small in number, however, and were withdrawn immediately, as they were far in advance of the main body. The enemy has brought in two fresh divisions to the Marcoing front.

ALLIES REFUSED TO NEGOTIATE WITH BERLIN

Move in Connection With Peace Move Made Public in Petrograd.

(Associated Press Despatch) LONDON, Dec. 6.—The installment of secret documents made public on Tuesday, by the Bolshevik foreign minister, according to a Petrograd despatch to the Daily Mail, included a telegram from M. Nabokoff, the Russian charge in London, to foreign minister Terestchenko, dated October 6th, which begins: "Extra secret. Only for minister."

The telegram intimates that M. Nabokoff had informed a special meeting of the Ambassadors of France, Italy, the United States and Japan that he had received information from Madrid to the effect that a highly placed personage in Berlin had expressed a wish to the Spanish Ambassador there to enter into peace negotiations. The Spanish Government, however, could not undertake mediation and confined itself to stating that fact. Having received this message there were two alternatives, either to leave the German inquiry unanswered, or to reply very carefully and not to reply would have given the German government an opportunity to use the action as a means to raising the spirits of the German people, and strengthening Germany's position in addition to increasing the agitation in Russia. Therefore, the British government, the document says, replied it would be ready to receive the communication which the German government felt itself able to make respecting peace, and would consider the matter in connection with its allies. M. Nabokoff adds that the ambassadors in discussing the question with Hon. A. J. Balfour, the British Foreign Min-

One Issue Only

The flood of oratory which this election campaign is bringing forth is greater in volume and, if possible, more varied in argument than that produced by any former contest. The volume is greater because of the greater duration of the campaign. The arguments are more varied because of the multiplicity of issues which speakers insist upon reading into it.

In the final analysis, however, there is but one issue—shall we send reinforcements to the Canadian soldiers overseas? That is the only question the election will decide. It was to obtain a verdict upon this question and upon no other that the election is being held.

And yet platform speakers insist upon wandering far and discussing irrelevant matters and even while holding to the text they often advance arguments which are entirely apart from a true consideration of the question.

Unionist speakers, particularly in other provinces, are prone to put forward the Quebec situation as their chief argument, forgetting that there are opposition candidates in nearly all constituencies outside this province which means that opposition to the Military Service Act is not exclusively from Quebec province or from French-Canadian people.

Opposition speakers, on the other hand, are inclined to hark back to pre-union days and discuss the failings of the Borden Government and the shortcomings of the Conservative party. These are entirely apart from the question at issue. In a subsequent election when the war is over and domestic issues again come to the fore and party politics hold full sway, the Conservative party may be held to account for its administration or the old regime of the Liberal party may be raked over again upon the hustings but the only issue in this war election is that stated above—Are we going to send reinforcements?

Canada is making history in this election as surely as the Canadian soldiers have been making history in France and Flanders during the past

"Everywhere else the night was quiet."

NUMBER OF FIRES STARTED IN LONDON

(Associated Press Despatch) LONDON, Dec. 6.—Bombs dropped by the hostile raiders caused a number of fires in London, but all of them were quickly brought under control. The casualties are believed to be light.

This is the first German air raid over England in more than a month. The last previous raid occurred on the night of October 31, being made by about thirty airplanes in seven groups.

An official British report on aviation last night said two raids were carried out over Germany on Wednesday by British airplanes, the first which had been possible for more than a month, owing to incessant bad weather.

OFFICIAL STATEMENT

The text of the report by Field Marshal Lord French, commander of the British Home Forces, regarding the air raid, is as follows:

"A raid by about 25 enemy airplanes took place early this morning. The first group of raiders came in over Kent at 1.30 a.m., and dropped bombs in various places on and near the coast. The second group made an appearance shortly after 3 p.m.

FURIOUS ENEMY ATTACK ON THE ASIAGO REPULSED

(Associated Press Despatch) ITALIAN ARMY HEADQUARTERS IN NORTHERN ITALY, Dec. 6.—The furious enemy attack on the Asiago Plateau has been repulsed with heavy losses except at the north-eastern sector, around Monte Tondaccar, where after a desperate struggle which lasted until this morning, the enemy succeeded in occupying some of the advanced Italian lines, which were retired to more secure positions.

The fighting has been extremely heavy, with masses of infantry engaged in hand-to-hand combat. The first attack on the Italian left was met and repulsed by the 22nd corps, with large enemy casualties. Many prisoners were taken. The main attack on the Italian right was contested 36 hours by other corps, which inflicted heavy losses before yielding ground.

Children Had Whooping Cough

Whooping cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

Whooping coughs start with sneezing, watering of the eyes, irritation of the throat, feverishness and cough. The coughing attacks occur frequently, but are generally more severe at night.

On the first sign of a "whoop" Dr. Wood's Norway Pine Syrup should be administered, as it helps to clear the bronchial tubes of the collected mucous and phlegm.

Mrs. George Cooper, Bloomfield, Ont., writes: "It is with pleasure I can write and tell you that there never was a better cough medicine made than Dr. Wood's Norway Pine Syrup. Our children had whooping cough last winter, and that is the only thing that seemed to help them. It loosens up the phlegm so that they could raise it easily. I will never be without it."

"Dr. Wood's" is 25c and 50c a bottle; put up in a yellow wrapper; three pine trees the trade mark; manufactured by The T. Milburn Co.,

Sure! High Heels Cause Corns But Who Cares Now Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it. A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-one, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet. This drug is an ether compound and dries up in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser. P. C. DUBOYCE COURT HOUSE, RICHMOND, QUE. Notary, Sec. of Richmond Co., and Clerk of Court.

Doctors Said Operation

When Chatham Lady Suffered From Extreme Nervous Exhaustion - Now Feeling Fine and Working Large Garden.

CHATHAM, Ont., Dec. 6. - This letter will interest every lady reader, because it describes a condition for which many doctors advise an operation. That doctor is often unnecessary and very often leaves the patient an invalid for life is well known.

You will read here of what Dr. Chase's Nerve Food has done for this lady and will then understand the great good it is accomplishing in many thousands of similar cases throughout the continent.

Every woman should think long and earnestly before consenting to an operation of this kind. It is a simple matter to give Dr. Chase's Nerve Food a trial and the results are almost always entirely satisfactory. You not only avoid the risk and expense of an operation but find yourself restored to health and vigor.

Mrs. E. M. Ford, 82 Delaware avenue, Chatham, Ont., writes: "For four years I suffered from my nerves. I was restless and could not sleep well. I had headaches neuralgic pains through the body and backache. There was a buzzing in my ears and twitching of nerves and muscles. I also had palpitation of the heart, which caused shortness of breath. I was easily tired and always drowsy after eating. When walking or on my feet very much my feet would seem to go dead in my shoes. I consulted two doctors and both told me that I would have to have an examination and probably an operation, but I would not have either. Shortly after this I commenced using Dr. Chase's Nerve Food, and after a treatment of this medicine I can say I am now feeling fine, I am able to do my household duties without difficulty, and besides this, I attend to a half-acre of garden. I can go about without that dead feeling in my feet, and am grateful to Dr. Chase's Nerve Food for my cure. I think very highly of this medicine, and recommend it to other sufferers whenever I have an opportunity."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers or Edmanston, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

THERE IS NOTHING FOR THE LIVER SO GOOD AS MILBURN'S LAXA-LIVER PILLS.

They will regulate the flow of bile to act properly on the bowels, and will tone, renovate, and purify the liver, removing every result of liver trouble from the temporary, but disagreeable bilious and sick headaches, to the severest forms of liver complaint.

They are small and easy-acting, do not gripe, sicken or weaken like the old-fashioned, nauseating, griping purgatives.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE. If cross, feverish or bilious give "California Syrup of Figs." No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeited fig syrups. Ask your druggist for a bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

PHYSICAL CULTURE CLASSES
AT Y. W. C. A.

The first term of the Physical Culture class of the Y. W. C. A. held at the Y. M. C. A., gymnasium, closed last evening, a number of visitors being present. Great improvement was noted in the drills, and other exercises, in grace, freedom of motion, strength and activity, and the pleasure and enjoyment of the class, were very apparent, while all bear testimony as to the benefit of the training from a hygienic point of view.

Forty one pupils are at present enrolled and a number of new names are on the list for the next term, after Christmas. It is hoped that a teacher can be secured, as it is realized that few things tend more to the moral and mental welfare of a community than adequate physical training.

DEATH OF MISS H. MAUDE TERRILL, OF STANSTEAD.

The sad news was received here this morning of the passing away of Miss H. Maude Terrill, which occurred at her home in Stanstead after several weeks of illness. The news will come as a great blow to her many friends here. Miss Terrill had been for several years previous to her illness a valued member of the staff of Fraser & Rugg, advocates, and had a large circle of friends and acquaintances, with whom she was extremely popular and universally respected. THE LILAC DOMINO.

The Record is not accustomed to making prophecies concerning the theatrical stage, but has no hesitation in predicting a brilliant future as an operatic star for Miss Marjorie Dunbar Pringle, who takes the leading role in the "Lilac Domino" presented at His Majesty's last night to a most enthusiastic and appreciative audience.

This delightful comedy is of the highest musical quality, and while never descending to commonplace, is so cleverly written and produced that the most cosmopolitan audience can thoroughly enjoy it.

The most pleasing production was magnificently staged and presented last night by a thoroughly capable cast. To her beautiful soprano voice Miss Pringle brings the added charm of a captivating and graceful stage presence and perfect acting, and with Mr. J. Humbird Duffy, the leading tenor, had to respond to many enclosures, as also did other members of the company. The melodies were irresistible, the choruses catchy and the dancing of a very high order. Mr. Teel is to be congratulated on bringing such an unusually attractive and competent company to Sherbrooke.

TOOK PERPETUAL VOWS.

Mass was sung by Mgr. H. O. Chailfoux, assistant Bishop, assisted by the Rev. N. Codere and the Rev. R. A. D. Biron, and the Rev. Joseph LaRoque, of Bromptonville, and the Rev. Abbe Raymond, of Ascot Corner, with many other members of the diocese, were present on the occasion, together with the Rev. Abbe Forcier, of Nicolet, uncle, and Pere, Verronault, O. M. L., uncle and cousin of one of the new religious. Mgr. Chailfoux presided at the profession,

LANDLORD RECOVERS RENT IN DISPUTE

Mr. Justice Hutchinson rendered judgment yesterday morning in the case of T. T. Delisle against P. Bahal doing business under the name of La Cie. B. Hall, at Sherbrooke. The plaintiff claimed that by verbal lease, the defendant rented a small store situated on Wellington Street, and formerly occupied by one Nelson, news-agent, for \$15.50 per month; that the defendant did not pay any rent for said store since the 1st of May 1917; that notice was given in writing to the defendant to quit the premises on the 1st of September, and that the defendant neglected to do so.

The defendant pleaded that on the 13th of April, by notarial lease, he had rented the store in question with the store formerly occupied by him, and the first story above said store for \$110.00 per month; that the store for which the plaintiff claimed rent was included in the said lease, and that it was understood when the lease was made, that the two stores were rented at the same time.

The learned judge came to the conclusion that the small store had not been rented with the other store, and consequently that the defendant was obliged to pay the rent, and plaintiff's action was maintained with costs against the defendant.

Mr. Emile Rioux, K.C. was attorney for the plaintiff.

The Church hall was crowded almost to its capacity during the afternoon, the guests being received by Mrs. S. A. Jones, and Mrs. H. Reginald Bigg. The tables were very attractive, and were well patronized, articles for home use, as well as for Christmas gifts, making a tasteful array.

At the fancy table, Mrs. Marchant, and Mrs. Fred. Pearson were in charge, and at the adjoining table Mrs. Gustafson, and Mrs. James Johnston were joint conveners. Miss Trowse presided over a well appointed food table, assisted by Mrs. Harkness, and Mrs. D. J. Salls, and the tea arrangements, admirably carried out, were looked after by Mrs. Goff, convener, assisted by Mrs. Da-

PTE. ANGUS A. MACIVER, MILAN, KILLED IN ACTION.

MILAN, Dec. 6.—(Special)—Word is at hand from Ottawa, stating that Pte. Angus A. Maciver, only son of Alex Maciver of Alford, Sask., formerly of Milan, was killed in action between Oct. 30-31. APPEAL FOR ARMENIAN WOMEN AND CHILDREN

International Socialists Call on Socialists of Central Powers to Intervene.

WASHINGTON, Dec. 4.—Socialist organizations of the Central Powers have been called upon by the International Socialist Bureau to intervene in behalf of the few remaining Armenian women and children the Turks have left in the Monia-Alep district. A Stockholm despatch today said the bureau has learned it is the intention of the Turkish government to deport these people into the deserts of Mesopotamia. The bureau declares that this is equivalent to the condemnation to death of hundreds of women and children.

MUST CONSERVE ON WHEAT CONSUMPTION

Food Controller Sends Message to Bakers' Convention on Subject.

OTTAWA, Dec. 5.—Hon. W. J. Hanna, Food Controller, has sent a message to the Bakers' Convention in Toronto, urging upon the necessity of considering by what means the consumption of wheat in this country might be reduced.

Mr. Hanna points out that the United States today have not a bushel of wheat available for export, if allowance be made for domestic requirements on the basis of normal consumption; that Canada's exportable supply of wheat does not exceed 110,000,000, while the allies will require from North America, the Argentine republic and Australia at least 450,000,000 before the next crop is available. Canadians, he says, must do everything in their power to reduce home consumption of wheat products and to increase the use of substitutes.

ARRESTED AS A DESERTER

French-Canadian Claimed to Have Had Exemption Papers at Time.

QUEBEC, QUE., Dec. 6.—In a letter he wrote his mother, at Loretteville, Que., near this city, Louis Boutet, a young French-Canadian, claims he was enlisted through the Military Act, at Smooth Rock Falls, Ont., although his mother had obtained for him the necessary exemption papers at the Loretteville Exemption Board. He says that at Smooth Rock Falls, there was no exemption board and that, together with eight other men, he was arrested and sent to the military barracks and given a uniform.

"We heard we are going to the front in a few weeks," he writes his mother. He claims that he was arrested on a charge of not reporting in accordance with the Act of the Military Service, and that he spent some time in jail after which he was enlisted and that he is now a soldier.

The affair is causing quite a stir here, owing to the fact that Boutet's mother claims she obtained exemption papers for the lad.

LAWSUIT OVER SOLDIERS' WILL

Was Written in Form of Letter and Maintained By Court.

MONTREAL, Dec. 6.—The first law suit in this city under the will of a soldier killed in action in the present war was decided today by Mr. Justice Dugas, in the Superior Court. Private Alexandre Larocque, of the 22nd Battalion, who was killed in France on May 22, 1916, was supposed to have died insane, and a sister and two brothers divided up a sum of \$940, which was coming to him. Later a sister, A. Larocque, who had not shared in the distribution, found a will in the soldier's effects, the will being in the phraseology of a letter and leaving all to her. She sued the two brothers and sister for what they had divided amongst themselves, and Mr. Justice Dugas gave judgment in her favor. The judge held that the paper in question, which bore two signatures, was a will inasmuch as it was dated more than a month prior to his death, yet was kept in his possession, instead of having been mailed, as would have been the case if he had regarded it simply as a letter.

FREE MILITARY AUTHORITIES OF BLAME.

TORONTO, Dec. 5.—After deliberating one hour at the morgue last night, the jury presented Chief Coroner Johnson with a verdict freeing the military authorities of any blame in connection with the death of William James Bartlett, who died on October 27 from a chill said to have been contracted while the young man was undergoing medical examination at the armories.

SUPPORT UNION GOVERNMENT

Women of Canada: "Be True to the Boys At the Front"

Sir Robert Borden in his manifesto says: "The franchise will be extended to women, not chiefly in recognition of devoted and capable service in the war, but as a measure of justice too long delayed. If men die, women suffer; if they are wounded, women heal; if they are maimed, women labor."

The franchise is extended to the women relatives of fighting Canadians, in order that they may help hasten Victory and bring the boys back from the trenches covered with the glory they have won.

A Vote for a Unionist Candidate Is a Vote for Reinforcements

The Union Government is pledged to carry on its work of raising the 100,000 reinforcements so urgently needed to support the Canadians at the front. Laurier and his adherents would stop this work, take a referendum, and experiment with voluntary enlistment, the possibilities of which have been exhausted. The most clear-headed, right-minded Liberals have gladly and without coercion helped to form the Union Government; they have weighed the pros and cons, they have not allowed politics to interfere with their patriotism, or their promise to our brave boys in France to "see them through."

WOMEN WHO CAN VOTE

Every woman may vote who is a British subject, 21 years of age, resident in Canada one year, and in the constituency 30 days, who is the mother, wife, widow, daughter, sister or half-sister of any person, male or female, living or dead, who is serving or has served without Canada in any of the Military forces, or within or without Canada in any of the Naval forces of Canada or of Great Britain in the Present War, or who has been honorably discharged from such services, and the date of whose enlistment was prior to Sept. 20th, 1917.

Such women should vote for the Unionist Candidate to ensure prompt reinforcements at the front.

Every ounce of strength in Canada should be exerted to help right a monstrous wrong the Prussian hierarchy would inflict upon the world. That is why the vote is placed in the hands of those most dear to our soldiers, trusting that the wifely love, and motherly devotion, and sisterly care, will vote as the boys would vote to carry on the work begun, and so far continued in the heroic spirit of self-sacrifice.

FRUIT GROWERS OF QUEBEC PROVINCE

Speaker Urged That More Attention Should be Given to Hogs and Wheat and Less to Fruit.

MONTREAL, Dec. 5.—At the annual meeting of the Pomological and Fruit Growing Society of the Province of Quebec at Macdonald College, St. Anne de Bellevue, yesterday the president, Prof. W. Lochhead, of Macdonald College urged that in the present scarcity of food throughout the world, especially in wheat products and fats, the fruit growers should give more attention to the production of the actual necessities of life, such as wheat and hogs, and perhaps less attention to the production of fruit. In reply, Prof. F. Sears, of Amherst, Mass., said fruit growers should not abandon fruit production in war time, as fruits of all kinds were valuable from a health point of view, as well as being of great use as foods.

NEUTRALITY OF SWITZERLAND

American Government's Intention in This Respect Has Been Sent to Berne.

WASHINGTON, Dec. 5.—Formal announcement of the American government's intention to respect the neutrality of Switzerland has been forwarded to Berne, but the text will not be made public here until notice of its receipt at Berne has been received. Anxiety of the Swiss government that the tightening of hostile lines along her frontiers might result in violation of her territory caused representations to be made to the belligerents. Similar declarations are understood to have been made by all the allied governments. Switzerland's apprehension is believed to have been aroused largely by insidious suggestions made by Germany that the allies were planning to cross Swiss territory in order to get at the German lines from a more advantageous point. States are forbidden specifically to do business except under special license, was promulgated last night by the War Trade Board.

PRESBYTERY OF QUEBEC MEETS

Large Attendance in St. Andrew's Church Tuesday.

The regular meeting of the Quebec Presbytery was held Tuesday in St. Andrew's Church, the session beginning at 2 o'clock.

Those present were Rev. J. R. MacLeod, D.D., Scotstown; Rev. W. D. Reid, Stanley Street Presbyterian Church, Montreal; Rev. William McMillan, Richmond; Rev. J. J. Wright, Lewis; Rev. Mr. H. H. H. H. The moderator, Rev. Alfred Bright, preached, and opened the meeting with prayer. The minutes of the last meeting were read by the clerk of the Presbytery, Dr. MacLeod, and adopted.

The members of the Presbytery took advantage of the opportunity to congratulate the Rev. Dr. MacLeod on the degree of D.D., recently conferred upon him by the Presbyterian College. Dr. MacLeod replied, and thanked the brethren warmly for their kind words.

RECRUITING FOR MINISTRY

The first item on the programme of the afternoon was an address by the Rev. W. D. Reid, Montreal, on "Recruiting for the Ministry." After expressing his pleasure at meeting the Quebec Presbytery Mr. Reid said that the question of obtaining men for the ministry of the Church was one of great importance and seriousness. About fifty men came into the Church every year from the eight Theological Colleges, and sixty went out.

This state of affairs was due to several causes, some of which the speaker touched upon. The question was, what was to be done?

The country districts he thought should give men for the Church and something might be done in the High Schools of the subject were properly presented, and interest aroused.

A committee had been formed in the Montreal Presbytery, to deal with the matter, and to take such steps as were necessary, one thing would be done in any case, and that was to bring the subject of recruits for the ministry before every congregation on every Presbytery once a year.

Discussion followed Mr. Reid's address, a number of helpful suggestions being made, and a committee was appointed from the Quebec Presbytery.

OTHER BUSINESS.

General business was taken up, the report of Home Missions submitted by the Rev. Mr. McMillan, and a recommendation for a minimum stipend of \$1200 a year with a manse, stated in connection with the budget.

RESIGNATION OF SAWYERVILLE MINISTER

It was announced with regret that the Rev. Mr. Smith of Sawyer-ville had sent in his resignation, and also that Chalmers Church, Quebec, which had been without a minister for some two months, had extended a call to the Rev. W. S. McArthur D.D. of Newcastle, N.B., and that the induction would take place on December 20th.

The meeting closed with the benediction.

Deaths Reported

MRS. MCKENNEY, PIGEON HILL. PIGEON HILL, December 6.—(Special)—The death of Mrs. K. E. B. McKenney occurred at her home Saturday morning, November 24, at the age of 81 years and 6 months. She was the widow of the late Charles McKenney and had passed nearly all her life here. Owing to the increasing weakness and infirmities of advanced age her death was not wholly unexpected. Mrs. McKenney was a life long communicant of the Episcopal Church, and as long as her strength permitted was a regular attendant. Her kindly greetings to those she always extended to her neighbors and friends will be much missed, as well as her familiar figure around the home and place. She was tenderly and lovingly cared for in her last illness by her friend, Mrs. C. E. Hurlbut, of this town. The funeral service was held at her late home on Monday afternoon when people in all walks of life, regardless of creed assembled to pay their last tribute of respect.

The service was conducted by the Rector, Rev. J. W. Baugh who read by request Tompkinson's Poem, entitled (crossing the bar). The bearers were relatives of deceased, the funeral director being Mr. D. L. Tittemore at the conclusion of the beautiful Anglican burial service. The cortege left the house followed by the clergy and many sorrowing friends to St. James cemetery where all that was mortal of a kind and loving friend was gently laid to rest.

TOWN COUNCIL OF SCOTSTOWN

Board of Health Officer Appointed. Road Money Cannot Be Diverted.

SCOTSTOWN, Dec. 6.—(Special)—The regular monthly meeting of the Town Council was held on Wednesday evening. There were present Councilors A. Bolavert, F. G. Roy, W. W. Bowman, William Taylor and Angus M. McKenzie. Pro-Mayor Bolavert presided.

The first matter of business that came up was in relation to appointing a member of the Board of Health to replace Mr. J. A. Vaillancourt, who had resigned some time ago. It was moved and unanimously carried that Mr. Joseph Langlois be appointed to fill the position made vacant by the resignation of Mr. Vaillancourt.

The revised list of jurors for 1917 was approved as prepared by the secretary-treasurer.

The secretary-treasurer was instructed to order three hydrant valves to repair some of the hydrants which are leaking.

A letter was read by the secretary from the Government Road Department refusing to grant them the privilege to use the rest of the allocation made a few years ago for the purpose of putting a culvert on the Dutch Brook.

In the matter of road and sidewalk winter breaking it was decided to have the work done by the hour this winter, as it is thought that better results will be obtained. The arrangement of letting the work was left with the pro-Mayor and Road Committee, and the Committee is to see that the work is properly done.

Several bills were ordered paid. Mrs. James Pinkham, who had been sick for some time last month, is again confined to her bed. Mr. Samuel Boy will be glad to get news items, also new subscriptions for the Daily Record. Anything pertaining to the paper will be done promptly.

In One Million Homes throughout Canada

—there is a place for one of these wonderful Pathephones. This claim is based on two convincing facts. The first is the Pathephone's mission as a maker of music. Music is as essential in our lives as human friendship itself. Music stimulates the tired mind, soothes overwrought nerves as well as entertains—and entertainment in the home is the subtle link which knits the family ties more closely together. For your girls and boys, music in the home can be something of that "good company" you wish them to associate with.

The second great claim of the Pathephone for a place in your home is the sheer supremacy of the instrument itself.

Its fitting title of "The Supreme Achievement in Sound-Reproducing Instruments" is not a mere accidental honor—but comes from proven merit, marking a combination of scientific research and patient years of experiment.

The points of superiority in the Pathé include:—The Sapphire Reproducing Ball, which eliminates the bother of changing needles and does not wear out records; the all-wood sound chamber; the tone modulator; the exquisite cabinet designs and the fact that it will play all makes of records.

If you are planning to buy a phonograph, you should certainly hear the Pathephone. You will be enchanted by its wonderful tone. While, if you already have a phonograph, it can easily be equipped to play Pathé Records. Or, better still, any Pathé Agent will make you a liberal allowance for it in exchange for one of the new Pathé Period Designs.

Pathephone

We heartily invite you to write for literature containing scientific data on the Pathé method of recording and reproducing sound—and also interesting chats on Period furniture.

PREMIER BORDEN AT AMHERST, N.S.

Referred to the Good Work Already Accomplished by Union Government.
(Canadian Press Despatch.)
AMHERST, N.S., Dec. 6.—Sir Robert Borden, Hon. F. B. Carvell, Senator Poirier and Hon. E. N. Rhodes addressed thirty-two hundred people at meetings in the Empress Theatres and Armories last evening. Tense quiet reigned at both gatherings, although Premier Borden was given a magnificent ovation at his appearance on both platforms.

The Premier referred to the good work accomplished already by the Union Cabinet, including the abolition of patronage, the control of packing houses, the prevention of separation allowances to wives and other dependents of soldiers under the rank of sergeant. The trying of the thousands of exemption appeals in Quebec, etc.

Hon. F. B. Carvell, in a straightforward manner, with words like shoulder blows, gave his stand upon Unionism.

FIVE GROUPS OF AIRPLANES TRIED TO REACH LONDON

LONDON, Dec. 6.—A further account of the hostile air raid on London says: "Shortly after three a.m. various machines proceeding up the Thames and some distance into Kent, both the above groups appear to have carried out preliminary attacks with the object of drawing gunfire and exhausting the defences for the most serious attack developed. "Between four and five thirty a.m. two groups of enemy machines crossed the Essex coast and three groups the Kent Coast, proceeding towards London on converging course. "Their tactical plans seemed to have been to deliver five simultaneous attacks on the capital from the northeast, east and southwest. The whole of one group, however, was turned back by gun fire and the others, not more than five or six machines, penetrated into London. "One or two explosive and a large number of incendiary bombs were dropped in various districts about five a.m. "Two raiders fell victims to our defences, in each case the entire crew of three men being captured alive. "A number of fires occurred in London, but all were speedily got under control by the Metropolitan fire brigade. "The casualties are believed light, but full police reports have not been received. "A number of our own airplanes went up. They all landed safely."

TRURO REPORTS LOSS OF LIFE WILL REACH 300

(Canadian Press Despatch)
TRURO, N. S., Dec. 6.—Latest reports reaching here from Halifax state that it is estimated that the loss of life will reach three hundred, and that many hundreds have been injured. The explosion took place about nine o'clock this morning, when a large munition ship, while backing from her pier, collided with a Red Cross liner, a fire breaking out in one of her hold.

An attempt was made to extinguish it, but failed, and an endeavor was made to sink the ship. Before this was accomplished the crew deserted the ship in terror, and she drifted towards one of the piers and afterwards exploded. The concussion was terrific, houses were shattered and demolished, sheds torn down, and damage estimated at millions of dollars resulting.

Relief trains are being rushed from here to the stricken city. Firemen and apparatus are going, while every available doctor and nurse are being rushed to assist in the relief of the sufferers of the injured. There is no confirmation as to the extent of the damage done in the conflagration which is said to be raging in the northern section of the city. Wires are down from Bedford to Halifax, and direct communications are cut off. Messages are being received from men going to the scene in automobiles, carrying nurses, doctors and food to the panic-stricken inhabitants.

LIBERALS ALLEGE CROOKED WORK IN VANCOUVER

(Canadian Press Despatch)
VANCOUVER, B. C., Dec. 6.—The Sun, in its news columns, says today: "Prosecution of a large number of enumerators appointed by the Conservative returning officers is planned by the Liberals, alleging wholesale crooked work in the compilation of the voters' lists. reason of the dangerous salient held by the enemy in their line, to some extent straightened out their front, optimism is expressed that on the whole General Byng's forces will be able to give a good accounting for any attacks the enemy may launch. Likewise the menace of a dash by the Austro-Germans down through the hills and out upon the plains of Venetia has been provided for, so far as the reinforcement of the Italians by the British and French troops and the bringing up of fresh guns is concerned. If Field Marshal von Hoetzendorf, commander of the enemy troops, should be able to breach the line and gain his objective, it will be only after one of the most sanguinary encounters of the war. In the Cambrai sector yesterday the British repulsed one serious attack and several minor attempts."

BRITISH AVIATORS MAKE TWO RAIDS INTO GERMANY

(Associated Press Despatch)
LONDON, Dec. 6.—The following official communication concerning aviation was issued last evening: "Although the weather was fine, Tuesday a dense haze over the line greatly interfered with work in the air. Reconnaissance work was carried out by our airplanes throughout the day and 118 bombs were dropped on enemy airdromes north of Douai and on villages and German machine gun emplacements in the battle area. Several thousand rounds were fired at the enemy troops in trenches and in the open. "Only one or two flights took place in the air; no decisive results were obtained. None of our machines are missing. "Wednesday afternoon two raids were carried out by our airplanes into Germany. These were the first that had been possible for over a month owing to incessant bad weather. One raid was carried out on a large railway junction and sidings at Sweburcken, and the other on works at Saarbrucken. Many direct hits were observed in both cases and two large fires were started. The hostile anti-aircraft gunfire was heavy and accurate, but all our machines returned safely."

TURKS DEFEATED IN MESOPOTAMIA

LONDON, Dec. 6.—The British official communication dealing with the operations in Mesopotamia says: "After the action of October 20, in which we established ourselves on the Jebel-Hamrin range (north of Bagdad) and on the left bank of the Diala River, the Turks continued to hold a position in the hills and on the right bank of that river north of Gely Abbas. General Marshall reports that this position was attacked on the morning of December 2, by converging columns, one of which successfully bridged the Diala, near Kizil Robat. "The enemy attempted to delay our advance by flooding the area between Hamrin and the Diala River close to their junction, but by the morning of Tuesday our troops had driven back the Turks and were in possession of the Sakal Tutan Pass, through which the road from Dely Abbas leads north. "A force of Russians, under command of Colonel Bickarakov, operated on our right flank and rendered valuable assistance. "Prisoners to the number of 105 and two field guns were captured."

NAVAL AVIATORS RAID GERMAN MILITARY BASES

(Associated Press Despatch)
LONDON, Dec. 6.—An official statement issued today by the British Admiralty regarding naval airplane raids on German military establishments in Belgium follows: "Yesterday naval aircraft carried out a bombing raid on the Sparapack airdrome. Many bombs were dropped on this objective and also on a train leaving the Engelpoort. "Numerous engagements with enemy aircraft have taken place during patrols, with the result that three hostile machines were destroyed and one driven down out of control. "During Tuesday in the course of our patrols three enemy aircraft were shot down out of control. All our machines returned safely."

TITANIC STRUGGLE EXPECTED ON WESTERN FRONT

LONDON, Dec. 6.—While for the moment there are no infantry operations of great magnitude in progress on any of the numerous battlefronts, indications are not wanting that shortly the Cambrai sector in France and the northern line in the Italian theatre will again witness titanic struggles, with the Germans in the former and the Germans and Austro-Hungarians in the latter the aggressors. Already the Germans in the Cambrai region have brought up fresh reinforcements with the object of blotting out the salient driven into their line by General Byng's dash, a small portion of which they have reconquered, but at a fearful price. Both before Cambrai and in the Italian section the Entente armies are awaiting with complacency the enemy's assaults. While it is conceded that the British near Cambrai will be forced, by

Mr. Mick moved and Mr. McIver seconded that the meeting be adjourned to the hanging. He closed his remarks with a strong plea for the support of the Union government, and conscription, although he himself was exempt in view of his profession he would go forth gladly and willingly to the necessities of every able bodied man doing the job.

LEGISLATIVE COUNCIL ADJOURNS

Hon. W. F. Vilas Second Speech From The Throne In Upper Chamber. QUEBEC, Dec. 6.—The address in reply to the speech from the throne was passed in the Legislative Council yesterday afternoon, after which the Upper House adjourned until December 19. Hon. P. J. Paradis and Hon. W. F. Vilas moved and seconded the address.

Referring to the passage in the speech from the throne, in which the valor of Canadian soldiers was eulogized, Hon. Mr. Paradis declared that the "glorious 22nd" had taken an active part in the same battles and their bravery in action must have brought a blush of shame to the cheeks of those who ceaselessly insulted and inflamed the province of Quebec. In seconding the motion for the adoption of the address, Hon. W. F. Vilas reviewed the various resources of the province and what had been done by the Government to develop them, referring particularly to the development of water powers, which gave the province an asset of unlimited possibilities. In commenting upon the war he spoke of the generosity of the Quebec Government in voting large supplies of food, in subscribing to the various patriotic funds, in offering free land to returning soldiers, and in recently subscribing one million dollars to the Victory Loan. In his closing remarks Mr. Vilas congratulated the Government on its administration, and said that while the province of Quebec had been showing surpluses year after year, other provinces were showing deficits.

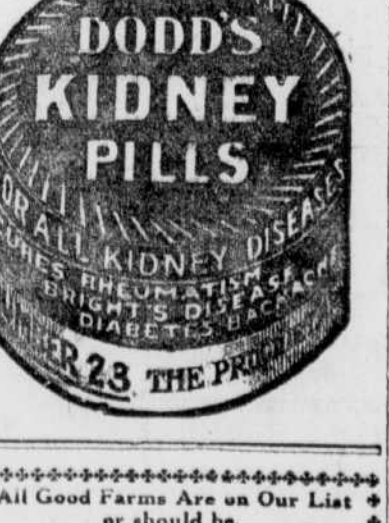

"COULDN'T UNDERSTAND IT. "Ma, where's your grandpa?" "In heaven a long time, dear." Silence and absorption in dollies for ten minutes. "Mamma, didn't I come from heaven?" "Of course." "Then it's funny I don't remember meeting grandpa there."

**Unionists Held Two Rallies
Last Night. Liberal Gather-
ing in East Sherbrooke.**

Two enthusiastic meetings in support of Mr. W. S. Davidson, the Unionist candidate for Sherbrooke county, was held at Milby and Suffolk last night. Mr. Davidson was the principal speaker at the former place, and Mr. Deroschers, of Montreal, at the latter.

There were large attendances at each gathering. The speakers vigorously upheld the Union Government policy as the only practical one at the present time, and declared that the most pressing necessity was the sending of reinforcements for Canadian troops at the front. All other interests should be set aside for the purpose of winning the war.

**LIBERAL MEETING IN EAST
SHERBROOKE.**

St. Jean Baptiste hall in East Sherbrooke was filled last night at a meeting of Mr. F. N. McCrea's supporters. Mr. Z. Boisvert presided.

Mr. McCrea condemned the conduct of the late administration and again declared his opposition to conscription before the measure had been submitted to the people. Speaking of the Union Government as having been formed out of the ruins of the late Tory Government, with the addition of some Liberals who had deserted Laurier, Mr. McCrea asked if it was so advantageous to have the worst element of the Liberal party in their ranks, would it not be much better to have a government composed of entirely good Liberals under the direction of Sir Wilfrid Laurier?

Mr. J. H. Lemay covered much the same ground as Mr. McCrea, and pointed to the manner in which French and English Canadians are fighting and dying side by side in the trenches without troubling about racial or other questions.

**Request That Austro-Germans Would Not Send Forces From
Eastern Front to Other Fronts Turned Down. German
Delegates Agree to Postpone Hostilities for Twenty-Eight
Days. Emissaries of Central Powers Would Not Deal With
Question of Armistice on All Fronts.**

(Associated Press Despatch.)
PETROGRAD, Dec. 5, via London, Dec. 6.—(British Admiralty, per Wireless Press)—Representatives of Germany, Austria-Hungary, Turkey and Bulgaria, met at the Russian emissaries at Brest-Litovsk to discuss terms of an armistice. The delegates of the Central Powers informed the Russians that they had power to negotiate only in the conditions of an armistice, which a Russian official communication calls "a vague declaration. The request of Russian delegates that all the belligerents be asked to take part in reaching an armistice on all fronts was met by the enemy that it did not possess such powers.

The Russians then presented a project for an armistice on all fronts, the principal points of which were the promise that the Austro-Germans would not send forces from the eastern front to the other fronts, and that the Germans should retire from

the islands around Moon Sound. The Russians were handed a proposal for an armistice on the eastern front, which is now being examined by the Russians. The official communication then says:
"The enemy delegation declared that our conditions for an armistice were unacceptable, and expressed the opinion that such demands could be addressed only to a conquered country.

"On the categorical statement by our plenipotentiaries that they were treating for an armistice on all fronts, with the view to the establishing for a general democratic peace on the basis established by the all Russia congress of councils, the enemy delegates again replied evasively that they could not consider the question in such a manner because they were authorized only to negotiate with the Russian delegation in view of the absence of Russia's allies from the conference.

Our delegates again replied that

their task consisted in drawing all belligerent countries into negotiations for the purpose of securing a general peace. Having regard for the evasive replies of the enemy, our delegates, as already stated, submitted the enemy conditions for an armistice to our military experts for their criticism from a purely military point of view, and in order that they might indicate in what respect modifications are necessary in the interest of our army and navy from the Black Sea to the Baltic.

"The first point regarding the proposed enemy armistice was the duration of the armistice, which was first indicated as a fortnight to begin December 8. After discussion, the German delegates expressed their readiness to agree to a prolongation to twenty-eight days. This term may be automatically prolonged, provided there is no refusal, which must be made within seven days before the expiration of the armistice, which is to begin December 10th, if our delegation leaves Brest-Litovsk tomorrow, but if it leaves later, the armistice will begin later.

"Before the commencement of the official armistice it is definitely established that hostilities shall cease. From the beginning our delegates insisted on a true record of all negotiations and their determination to publish them in their entirety. The minutes and language of the session are in Russian on our side and in German for the German side. A special commission was created to compare the minutes after every session. We have requested that the meeting of the plenipotentiaries be held on Russian territory, and that there be an interval of seven days in the negotiations, in order that our delegation may return to Petrograd."
