A town on the North Shore of the River St Lawrence, situated between Verdun and the City of Lachine, directly connected with Montreal West and Town of St Pierre, on the north, by the celebrated Lift Bridge at Lachine, the largest of its kind in the world.

Was but recently erected into a town by the Provincial Legislature, which granted it a charter in 1912. That part of the town located on the riverside is exclusively residential and is the home of many wealthy Montrealers. There are some beautiful farms which are all well cultivated. There are also several dairies which supply cream, milk and butter to the City. The northern boundary on the Lachine Canal is an ideal location for manufacturers. Several large plants being now in operation.

The Federal Government has lately opened a branch of its Savings Bank. There are also a Post Office Branch; two Catholic churches two Catholic schools and one Protestant school, Telephone and telegraph communication with the City of Montreal.

The town of LaSalle is a beautiful summer resort and was formerly the Parish of Lachine. It has fine view of the Lake St Louis, Lachine Rapids and the Nuns Island as well as Laprairie, Caughnawaga or the Indian Village and the Western part of the City of Montreal. The population is about 1200.

The town Hall is located at No. 13 Strathyre av. Council meets on second Wednesday of each month. Fire and police departments are located at town hall. The C. P. R., N. Y. C. and Delaware & Hudson R. R. Co., supply service. "Highlands" being Railway name of town.

Alderman: J C Mathieu T. R. Smith, N A D'Amour, Malcolm Hodge, F X Belanger. C P Newman. Recorder: A S Pelletier. Town Clerk: Stanislas LeFebvre. Chief of Police and Roadmaster: E Cyrenne.

"The Great Location for the Manufacturer and the Ideal Home City for the Worker"

LONGUEUIL

Head of the Navigation

On the South Shore of the St. Lawrence River
right opposite Montreal City

LONGUEUIL is the most important City on the Richelieu Peninsula, being also the County seat of the County of Chambly, and is an important banking centre, the Bank of Montreal, Banque d'Hochelega and Royal Bank of Canada having branches in the City.

The Municipality is up to date with public utilities, having splendid water works equipped with turbine pumping system run by electric power. The water supplied is filtered through the New York Filter Corp. System. Streets have concrete pavements and concrete sidewalks. The City has the electric lighting system under its own control throughout all streets.

Longueuil is the ideal situation for healthy homes. Water is pure and cheap, electric lighting up-to-date, and is only ten minutes from the Commercial Metropolis of Canada. The educational system is second to none in Canada, a Roman Catholic College for young men, two convents for girls and women, and large Protestant schools.

There is also a Housing Committee that lends money to people having lots, in order to enable them to build and own their own homes.

There are several industries, producing steel, cast iron and sheet metal, mostly for export. A branch of the world-known Sir Wm. Armstrong Whitworth Co., Ltd., of England, largest producers of crucible railroad car wheel tires, have an enormous plant for the manufacture of tools, etc. The Stowell Screw Co., Ltd., Dominion Engineering & Construction Co., Ltd., and many others are also located here.

Longueuil has many institutions. An important Roman Catholic College, for the education of young men, French and English, full commercial course good boarding, gymnasium: Seminary of the Presentation Brothers, two Roman Catholic Convents for the education of young women, Protestant Schools, a Hospital and Home for the old, Roman Catholic Church, Church of England, and Presbyterian Church.

Communication between Montreal and Longueuil is easy and frequent by two ferry lines and an electric railway service.

The City has also fine parks and playgrounds. The water front is most beautiful and convenient for boating and yachting, and fine residences face on the water front. Shipping facilities both by water and rail are excellent. The Delaware & Hudson Railway Company, the Grand Trunk Railway System, and the Montreal, Quebec & Southern Railway pass through the City.

Longueuil has splendid factory sites right down to the water's edge, and the Harbour Commissioners are building wharves to accommodate the export trade.

The City has an efficient Town Council, which is determined to see that every manufacturer locating in the town receives good service.

MONTREAL WEST

(Incorporated as a Town, 1937).

FORMERLY MONTREAL JUNCTION.

This beautiful suburb is so easy of access that it is in great favor for residential building. Trains connect with the City at almost all hours both by the Canadian Pacific and Grand Trunk Rys, while the Upper Lachine and Sherbrooke Boulevard roads afford delightful drives. The Montreal Tramways Co cuts through the lower part of the Town affording a 20 minutes' service with the city, and also enters the Town by the Sherbrooke Boulevard with a 5 minute service. It has three churches; Church of England, Presbyterian and Methodist, two schools—High and Public—and a Post Office. Postal delivery twice a day. There are drains, water, electric light and Bell Telephone. Population about 1900.

For names of residents and a guide to the streets see Montreal Street and Alphabetical Directory.

OUTREMONT

(Incorporated in 1876.)

A city situated near the west end of Mount Royal Park, forming part of the parish of Montreal, county of Hochelaga. It is bounded on the East and North by Laurier Ward, on the West by Notre Dame de Grace ward, and on the South by Mount Royal Ward. Two routes of electric car service are provided by the Montreal Tramways Co. (Laurier Av. St Catherine Rd. and Bellingham Rd. for southern section; Bernard Av. Outremont Av. and Van Horne Av for northern section). A five minute service is provided on each route. Electric cars going around the mountain to St. Laurent, and Cartier-ville, pass through the city. The city contains four very fine schools, two Catholic (Quebec Academy and Lajoie School) two Protestant (Strathcona Academy and the Alfred Joyce Public School) and three large convents, a

City Hall and the Outremont Curling, Tennis and Bowling Clubs. A municipal plant lights the city with electricity. It has an ample water supply and a through system of drainage, and an efficient police and fire brigade is maintained for the protection of the city. Building operations have been carried on extensively during the past years.

Easy of access from the city, no finer suburb can be found. Distant from Montreal, two miles. Population 14,000. Joseph Beaubien, mayor; H. M. Milette, T. Z. Parizeau, J. D. Hudson, J. P. Rolland, Robert Cook, L. E. Gauthier, E. W. Sayer, Joseph Ethier and G. O. Messier, aldermen; C. P. Beaubien, city solicitor; Sharpe, Milne & Co., chartered accountants, city auditors; Ernest T. Sampson, city clerk and treasurer, J. Duchastel de Montrouge city engineer and manager; H. G. Reid, building inspector; G. B. Baker, chief of police; H. S. Shaw, M.D. city medical health officer; Wilfrid Bessette, K.C., recorder.

For names of residents and a guide to the streets, see Montreal Street and Alphabetical Directory.

ST. LAMBERT.

A city on the south shore of the St. Lawrence directly opposite Montreal, about two miles from the centre of the city in the county of Chambly, district of Montreal, with a population of 5,000 and growing rapidly. It is an important railway centre, with an electric railway to Montreal, operated by the Montreal & Southern Counties Railway Co., making 50 trips each way; fare single, 20c; return 30c; ten trips \$1.00, 50 trips, \$3.50. There is also an excellent train service by Grand Trunk Railway with over twenty-five trains each way daily.

The Victoria Jubilee Railway Bridge with driveway for vehicles spans the St. Lawrence here, and all trains to and from the City stop at the railway station. Several lines of railway run here, viz: Grand Trunk for points South, East and West; Canadian National for Halifax; Central Vermont for New York and Boston; Rutland Railroad for New York; Quebec, Montreal & Southern Railway for Sorel; and the Montreal Southern Counties Electric Railway. Distance to Longueuil, the county seat, three miles; communication by electric railway. There are four churches, Methodist, Episcopal, Roman Catholic and Presbyterian, with resident ministers and cure. There is a High School conducted by the Protestant School Commissioners affiliated with McGill University with a staff of nineteen teachers, including several University graduates.

The Roman Catholic Commissioners' school for girls is conducted by the sisters of the Holy names of Jesus and Mary with a staff of eight teachers, and St. Michael's Academy for boys with a staff of seven teachers of the Clercs de St. Viateur. The Academy was erected at a cost of over \$80,000 and has the very latest equipment. There is excellent boating on the river, and the St. Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal and in addition to boating there is a large assembly hall for entertainments, also a six rink bowling green for use of members which is the centre of social activity. The well known Country Club Golf Links adjoin St. Lambert. The residents are mostly employed in the City of Montreal and select it for a suburban home from its favorable situation and excellent means of communication at all seasons with Montreal. A wall along the river bank gives the Town a fine promenade of over 3,000 feet

in length from which the view of Montreal, lighted at night by thousands of electric lights, is magnificent. A bathing beach with an instructor and dressing booths is provided during summer months. St. Lambert is being rapidly built up, and is already a very important suburban point. The City owns an efficient system of water, drainage and electric light. There is also fire and police protection. Mail twice daily. G.N.W. Tel. Co. has an office, also telephone communication.

TOWN OF MOUNT ROYAL THE MODEL CITY

Ten minutes from the heart of Montreal via the electrically-operated Tunnel of the Canadian National Railways.

Lying on the Northwest slope of Mount Royal and adjoining the cities of Montreal and Outremont.

The Town is conveniently reached by automobile from Outremont by following the Cote St Catherine road to Rockland avenue, crossing the Canadian Pacific Railway Tracks. The Town of Mount Royal's territory commences at this point, or to the westward it can be reached by the Cote des Neiges road, which is the continuation of Guy street.

Tramways—The Cartierville Branch of Montreal Tramways crosses directly through the Town.

Water Supply—Water consumed in the Town of Mount Royal is supplied by the Montreal Water & Power Commission, and is metered to the residents at two cents per 1000 gallons.

Sewers—All streets in the developed portion are laid with the most modern domestic sewage system.

Streets—All streets are at least sixty-six feet wide, and the main boulevards, Graham Road and Laird Avenue, are eighty feet wide. The main thoroughfares are concrete and tarvia macadam. Special attention is given to the roads in the winter months, so that at all times they are kept open and free from snow by the most modern caterpillar tractor equipment.

Buildings Restrictions—All residences are placed 15 feet back from the street line and must be either detached or semi-detached, must be well-built on stone or concrete foundation with substantial walls. All residences constructed to date are roofed with slate and are of

high-grade construction. No stores or flats are permitted in the residential section, but arrangements are made to take care of these on the main arteries of the Town. Outside stairs are not permitted.

Education—For Protestant and Catholic School purposes the territory of the Town of Mount Royal has been erected into a separate school district. The School Commissioners have built one unit of a fireproof two-story and basement school, built of brick and re-inforced concrete. The classes are conducted by teachers of high scholastic degree. The Catholic education is taken care of by a new Catholic School, just erected.

Police—The Town is well policed by an efficient and experienced police department, assisted by a motorcycle patrol.

Taxes—The taxes are lower than in other well-developed adjacent municipalities.

Recreation—Ample parks and playgrounds have been provided. Tennis courts have been constructed, a bowling green is in course of construction. As a healthful, convenient residential district of easy access by either motor or by the especially quick service of the Tunnel, the Town of Mount Royal offers unusual inducements to those who wish to live in a quiet, well-planned and well-managed residential section where their investments are safeguarded by the best of restrictions and surroundings.

Full particulars can be obtained either from the Town of Mount Royal, telephone Main 4840, or from the Canadian Northern Montreal Land Company or the Mount Royal Housing Company, telephone Main 7418.

A municipal plant lights the city with electricity, it has an ample water supply and thorough system of drainage, and the streets are well laid out and paved or macadamized. An efficient police force and fire brigade fully equipped with all necessary apparatus is maintained for the protection of the city. The Montreal Tramways Co's lines, which traverse the city, afford rapid communication with the city of Montreal. The views from the Mountain are much admired. Mail three times daily.
