

BURGLARS BROKE INTO BOUCHER, LACROIX AND FISETTE'S STORE.

Carried Off Several Dozen Pairs of Cuff Links, and Other Small Articles—Forced Entrance Through Rear Window—Cash Register and Safe Were Ransacked But Little Cash Found—Were Evidently Green at the Game.

Burglars broke into Boucher, Lacroix & Fissette's store some time during last night, and carried off a small sum of money and goods to the value of forty or fifty dollars. When the clerks arrived at the store this morning they found the cash register and safe open, and papers strewn all over the floors.

GO IN THROUGH REAR WINDOW.

The burglars gained an entrance through a rear window. They secured a powerful rivet cutter and after removing the glass had little difficulty in cutting one of the iron bars and gaining admittance to the store. In their hurry to get away, or because they had no further use for the cutter they left it behind. It is evidently the property of some local carter-maker or blacksmith, and it is possible that the owner may be able to give some information as to who took it.

WERE GREEN AT THE WORK.

That the burglars were novices at their profession was evidenced by the fact that the simple mechanism of the cash register baffled them, and they experienced great difficulty in opening it. Instead of using the keys to open it they took off the rear door and forced open the only drawer that was locked. The register was

practically empty, and the thieves were only able to corral about \$5.40 in change.

RANSACKED THE SAFE.

They then turned their attention to the safe, which was not locked. They pried out every drawer and scattered the contents all over the office floor. There was no money in the safe. When Mr. Fissette closed the store last night he took all the money home with him, instead of leaving it in the safe.

WERE FOND OF JEWELRY.

The burglars rifled a show case containing seven dozen pairs of cuff buttons, and a large number of collar buttons. Several neck ties, hose and other small articles were taken.

MERCHANTS SHOULD LEAVE LIGHT BURNING.

Merchants should leave lights burning at the rear of their places of business. By leaving a light burning there the officer on his beat will be able to discover intruders more easily.

POLICE ON LOOKOUT.

Chief Davidson was notified as soon as the burglary was discovered, and personally visited the scene. The police now have the case in hand, and although they have no clue, will endeavor to locate the miscreants.

CORSICAN STRUCK AN ICEBERG.

Allan Lines, However, Escaped With Slight Damage.

WAS GOING SLOWLY AT THE TIME EAST OF STRAITS OF BELLE ISLE.

Montreal, Aug. 13.—"Corsican struck an iceberg at 4 o'clock this morning. Stem injured above water line, but ship is making no water. Will proceed on the voyage."

The foregoing wireless telegram signed by Captain E. Cook, of the Allan liner Corsican, was received at the Montreal offices of the line late yesterday afternoon. Confirmation of the news was also received from Quebec, where the signal station gave out that the Corsican had struck an iceberg at 4 p.m., while on her course for Liverpool to the eastward of Belle Isle. It was also understood in Quebec that the damage done was not serious.

It was some miles to the east of Belle Isle that Manchester Inventor struck submerged ice on July 24.

Captain Cook is regarded as one of the most careful navigators on the Canadian route. It is evident he appreciated the fact that there was danger, seeing that the vessel was proceeding so slowly that only injury sustained was so slight that the Corsican is able to continue her voyage to Liverpool.

MESSAGE FROM CAPTAIN COOK

Montreal, Aug. 13.—(Special)—The following detailed message from Capt. E. Cook commander of the Corsican, was received this morning at the local offices of the Allan Line. "While proceeding slowly through fog a berg was sighted dead ahead, and although engines were immediately reversed, way was not taken from ship and she touched the berg. The damage is slight and confined to above water line. Am proceeding on voyage. No panic. (Signed) Captain E. Cook." This gives first authentic report of accident.

RUSSIAN PLOT FAILED

Revolutionists Were to Have Seized Imperial Yacht With Czar on Board.

RULER OF ALL THE RUSSIANS WAS TO HAVE BEEN COMPELLED TO ABDICATE.

London, Aug. 13.—(Special)—Despatch to the Daily News from Odessa tells of a recent revolutionary plot on the battleship, Ivan Zlatoust, at Sebastopol, for which ten men were sentenced to death.

The revolutionists had a daring object of seizing the imperial yacht Standard while the Czar and his family were on board a voyage from Yalta to Sebastopol.

The Czar was to have been compelled to abdicate his throne or abrogate his powers and proclaim a limited monarchy.

The seizure of the Imperial Yacht was to have been the signal for general rising of crews of the Baltic squadron, who were to arrest or murder all officers and attack Cronstadt and St. Petersburg simultaneously.

FIGHT OVER PANAMA BILL.

Discrimination Clause is Taken up And Considered in Conference.

BELIEVED, HOWEVER, THAT FREE TOLL PROVISIONS FOR AMERICANS WILL BE RETAINED.

Washington, August 13.—A determined fight is to be made in the Panama Canal Bill against the granting of free passage in the canal to American foreign bound ships. The conference committee had its first meeting yesterday, and continued discussion of the measure at a night session. Senator Brandegee, who opposed free toll provisions in the Senate, is understood to stand with Representatives Adamson and Stevens, of the House conferees, in opposing what they consider a violation of treaty rights, and too great a concession to foreign bound shipping. It is believed from the preliminary conferences on the measure, that the toll provision for American coastwise shipping will be retained.

BRITISH COLUMBIA WILL PROTEST.

Ottawa, August 13.—"A vigorous protest will be made by British Columbia," said George H. Cowan, ex-M.P., who was in Ottawa yesterday, "against the superficial and unwarranted interpretation the United States is putting on the Panama Canal treaty which will discriminate against Canadian shipping."

OPINION OF TIMES.

London, August 13.—"The Times in a special article discussing the effect of the Panama bill on British shipping says that if the measure in its present shape becomes a law it will prove little short of disastrous to the British ship owner. On the other hand, however, it will give a tremendous impetus to the American shipbuilding industry."

With the best brains and energy devoted to shipbuilding, the article says the United States will turn out vessels on a wholesale scale and, aided by freedom from canal dues, there is little to prevent Americans from entering successfully all trades in which the British ship owner now is the principal carrier, while the latter, handicapped by those dues, will compete in vain.

BARN BURNED AT KINGS CROFT.

Kingscroft, Aug. 13.—(Special)—During the electrical storm on Sunday evening the barn belonging to Mr. Ducloux was struck by lightning and set on fire. It was with great difficulty Mr. Ducloux saved the horses. As it was the contents of the building were destroyed and a number of hens burned to death. The fire attacked the dwelling house, but with the assistance of neighbors the flames were subdued before much damage was done.

BARN AND CONTENTS DESTROYED.

MEXICAN REBELS MASSACRE TRAIN OF PASSENGERS

Slaughtered Fifty People and Fired Train—Rebels Also Attack Town of Ixtapa and 200 Dead Were Left on Streets—The Town Was Looted—News Was Brought to Mexico City—People Are Panic Stricken.

Mexico City, August 13.—(Special)—Two hundred dead were lying in the streets of Ixtapa last night after Geneveva De-la-os band of Zapatistas halted on its march to Toluca, capital of the State of Mexico, only fifteen miles north.

The town was garrisoned by about 100 rurales. The fighting occurred around Tenancingo early in the day, and 600 Federals quartered there defeated the rebels.

The latter then concentrated their efforts on the smaller garrison of rurales at Ixtapa.

At the end of the fight all of the rurales were dead, and the total of 200 included many of the townspeople as well as Zapatistas.

The rurales fought desperately. The spoils taken include 14,000 rounds of ammunition.

The town was looted. News of the fighting was brought here by passengers from Toluca, who made the trip in an automobile.

Toluca is now garrisoned by more than 500 Federals, but passengers from there said that residents were almost panic-stricken, believing a battle imminent.

PASSENGERS WERE MASSACRED.

Mexico City, Mexico, August 13.—Thirty-six soldiers and more than twenty passengers were slaughtered by Zapatistas in a canyon one kilometer north of Tiscuman, 110 miles southeast of Mexico City, Sunday, when a passenger train southbound from this city was attacked from

ambush. Only meagre details had reached this city last night. So far as is known only a part of the train crew escaped.

The first news of the assault was sent to Mexico City by Conductor Marin and Collector Dominguez, who, although wounded, had managed to make their way to Yauatepec, 12 miles away. They were forced to steal through the Zapatista lines and did not arrive at the telegraph station until yesterday afternoon.

After a murderous rifle fire had ceased the rebels swarmed down the hill side and set fire to the three cars composing the train. A few of the wounded had crawled out on to the right of way, thus escaping the fate of those unable to leave the cars, which were burned. According to reports the leader of the rebels made absolutely no effort to restrain his men from acts of brutality greater than any that has yet marked the campaign in the south. The wounded, pleading for their lives, were struck down without pity, and even looting was held in abeyance until the slaughter was complete. Not satisfied with robbing their victims in an ordinary manner the fingers of men and women were chopped off with machetes, that rings they wore might be more quickly obtained. Ornaments were torn from ears of women and their bodies were otherwise mutilated.

Among the passengers were two newspaper men and they were among those killed. They were on their way

Dandruff and Falling Hair

Can Be Stopped With Herpicide

Aside from combing it when they think necessary, many people give no attention whatever to their hair. Then when the hair begins to fall out it never occurs to them that their trouble is the result of personal carelessness.

An occasional application of Newbro's Herpicide will not only prevent loss of hair, but permits a luxuriant growth. Herpicide kills the germ that causes dandruff and to this germ most hair losses are attributable. It keeps the scalp clean and free from dirt, allowing the hair to grow unhampered by accumulation of dandruff.

Newbro's Herpicide in 50c. and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at good barber shops.

Send 10c. in postage for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

LARGE BERRY PATCH.

Brome, Aug. 13.—(Special)—Large
quantities of raspberries have been
gathered during the past few days
in the vicinity of Sutton Junction
and East Hill. Berry pickers arrive
by train and those from the neigh-
borhood have been rewarded by hun-
dreds of quarts. The spacious berry
patch, which comprises about 60 acres
on the farm of Mr. Geo. Guyette,
East Hill, through the kindness of
the proprietor has been well patron-
ized, and thousands of quarts have
gone to waste aside from the quan-
tity secured. Mr. Guyette makes
everyone welcome, stabling and feed-
ing furnished for horses free of charge.
This spot is at an elevation of more
than 1,200 feet above the sea level
and is a picturesque spot to the lo-
ver of the beautiful. Here long black-
berries also abound, and should the
damp weather continue there will be
a large crop gathered.

WORK FOR SNEAK THIEF SO-
CIETY.

Sutton, Aug. 13.—(Special)—Sneak
thieves took 40 hens the past week
from the barns of Mr. M. E. Bates.
This and other thievish acts of late
has caused the Society for Detection
of Sneak Thieves to reorganize, and
no doubt there will soon some of the
guilty parties be made to atone.

SHEEP KILLED BY DOGS.

Hatley Centre, Aug. 13.—(Special)—
The depredation among the sheep
caused by dogs still continues. Mr.
Ray Little lost five lambs and a
sheep was badly injured. Mr. Little
was successful in tracing the dogs
to Compton and killing them. Why
do not the sheep raisers of Quebec
insist on dog tax and stop this nu-
isance.

MINES CLOSE DOWN.

Thetford Mines, August 13.—(Spe-

AUTOMOBILISTS COMPLAIN.

Glen Sutton, Aug. 13.—(Special)—
In past years the many United States
automobilists that must pass this
way on their touring trips have com-
pared our roads with those across
the border in terms not altogether
favorable. This year comparisons
give way to complaints, as they say
the roads are worse than is usual at
this time of the year. Evidently they
do not take into consideration the
fact that the season has been of the
worst for the maintenance of the
roads.

A very pleasant event took place
recently in the basement of St. John's
Church, West Shefford, when the Rev.
G. A. Mason, who has resigned from
this parish to become rector of the
Church of the Redeemer, Cote St.
Paul, was presented with a fine eight-
day mahogany clock as a mark of the
esteem in which he is held by the
people of this parish. Mr. Kerridge,
manager of the Canadian Bank of
Commerce, made the presentation in
a neat speech, to which Mr. Mason
feelingly replied. After the presen-
tation the ladies of the congregation
served ice cream and cake to the large
number present. Mr. Mason's depart-
ure is generally regretted in West
Shefford, and he carries with him to
his new field of work the good wishes
not only of his own congregation but
of the entire community.

LARGE BERRY PATCH.

Brome, Aug. 13.—(Special)—Large
quantities of raspberries have been
gathered during the past few days
in the vicinity of Sutton Junction
and East Hill. Berry pickers arrive
by train and those from the neigh-
borhood have been rewarded by hun-
dreds of quarts. The spacious berry
patch, which comprises about 60 acres
on the farm of Mr. Geo. Guyette,
East Hill, through the kindness of
the proprietor has been well patron-
ized, and thousands of quarts have
gone to waste aside from the quan-
tity secured. Mr. Guyette makes
everyone welcome, stabling and feed-
ing furnished for horses free of charge.
This spot is at an elevation of more
than 1,200 feet above the sea level
and is a picturesque spot to the lo-
ver of the beautiful. Here long black-
berries also abound, and should the
damp weather continue there will be
a large crop gathered.

Mr. and Mrs. R. G. Milford returned last evening from Montreal, where Mr. Milford has been the past week, in attendance upon the 15th annual convention of the Association of Canadian Florists and Horticulturists.

This was the most successful meeting in the history of the Association. The manner in which the members in attendance were received by the people of Montreal was a revelation to those who had not before met with such public-spirited generosity. On Wednesday afternoon last the members in attendance, with their ladies, were the guests of the Montreal Harbor Commissioners, and were taken for a ten-mile run down the river in one of their magnificent yachts; refreshments were served en route, and all had a splendid time. It is enough to say that the excursionists were personally "looked after" by Mr. Geo. W. Stevens, chairman of the board, and his charming wife. On Thursday, the visitors were the guests of the city of Montreal, and after a drive through the public parks and gardens were received by the Mayor at the Lookout on Mount Royal and entertained at lunch, after which a few speeches were made by the Mayor and a few of the aldermen, which were responded to by some of the visitors, thus bringing to a close a very enjoyable feature of the meeting. The Association will meet next year at Peterboro, Ont. At the election of officers for the ensuing year Mr. Milford was chosen one of the executive committee.

Sergeant-Major Under General French

VETERAN OF THE BOER WAR WHO LOST HEALTH ON THE VELDT TELLS EXPERIENCE.

Good Advice for All Who Have Indigestion or Stomach Disorders.

In his home at Waldegrave, N.S., no one is better known than Sergt. Major Cross, late of the 4th Queen's Own Hussars. Speaking of the ill-effects of a campaign upon a man's constitution, the Sergt-Major writes: "I served under General French during the late Boer war in the capacity of Sergt-Major. It was perhaps owing to a continued diet of bully beef, hard tack and bad water, but at any rate my stomach entirely gave out. I was in such a state that I could eat nothing without the greatest suffering. The army doctors did not help me much, and since leaving the service I have been very miserable. Some few months ago a friend told me he had been a great sufferer from indigestion until he tried Dr. Hamilton's Pills; they cured him. I confess it was without much faith I bought a box, but the first dose made me feel better than I had been for a long time. Dr. Hamilton's Pills completely cured, and now I can eat everything and anything. I have recommended them to others and in every case the result has been similar to mine."

Quick, sure results attend the use of Dr. Hamilton's Pills. They cure disorders of the stomach, correct indigestion, make you feel uplifted and strengthened. To retain health, Dr. Hamilton's Pills always prove a good prescription. 25c. per box, five boxes for \$1.00, all dealers, or the Catarthozone Co., Buffalo, N.Y., and Kingston, Ont.

Master Arthur Loomis is spending a few days at North Hatley.

Mrs. Crisp, of Grand Mere, is visiting Mrs. Wm. Rudman at Glen Arbor Farm, Beckett Road.

Master Dan Loomis is spending the week with his father, Mr. Fred O. Loomis, in Montreal.

Miss Geraldine Hebert has returned home after spending some weeks in Boston, Worcester, Springfield and other points.

Miss Irene Ross, who has been spending the summer with her aunt, Mrs. McCurdy, at Edmonton, Alta., is shortly expected home.

Mr. R. Thiberge, who was acting as train despatcher on the Quebec Central Ry., has returned to his home at Thetford, his health being somewhat impaired.

EXCURSION TO PORTLAND.

The annual excursion of the Harmony Band to Portland, Me., was the most successful ever held. Over six hundred people took in the trip, and a most enjoyable week end was spent. A large number will return to-morrow.

The concert given by the Band at Old Orchard was well attended, and the music appreciated.

RECEIVED FENIAN RAID GRANT.

Mr. J. E. Rheault, of D'Issrael, has just received the Government grant due to the Fenian Raid Veterans. Mr. Rheault was probably the youngest soldier in H. M. service at that time, as he was only 14 years of age, when he went to Victoriaville on the 9th of April, 1870, to assist in repelling the expected invaders.

Mr. Rheault's son, Mr. Charles Rheault, who was educated at St. Charles Seminary, Sherbrooke, and was one of the College Cadets, was appointed Inspector of the Northwest Mounted Police in April last and is now at Regina, Sask.

MAYOR HEBERT WILL DELIVER ADDRESS.

The programme of the Twelfth Annual Convention of the Union of Canadian Municipalities has just been received, and same calls for an address from His Worship, Mayor F. H. Hebert on "The Operation of Public Utilities in Sherbrooke." This Convention will be held at Windsor, Ont., August 27th, 28th and 29th. The Sherbrooke Board of Trade last year endeavored to get this organization to hold their 1912 meeting in Sherbrooke, but an understanding that Conventions will alternate yearly between eastern and western points decided it to go to Windsor. It is probable that the invitation will be extended for 1913, through His Worship, Mayor Hebert.

WILL REBUILD GRANBY FACTORY

Arrangements Made to Carry on Meyer-Thomas Business.

AMOUNT OF INSURANCE CARRIED WAS \$54,500. ESTIMATED LOSS WILL EXCEED \$100,000.

Granby, Aug. 13.—(Special)—Mr. Thomas, of the Meyer-Thomas Company, whose factory was destroyed by fire on Sunday, was in Granby on Monday, making arrangements to continue the business. Mr. W. H. Miner has very generously placed the box factory connected with the Miner Rubber Works at his disposal temporarily, and a portion of the cash and door factory belonging to Messrs. Barre & Charron has also been leased. By making these arrangements Messrs. Meyer and Thomas hope at least to be able to fill the local orders from the Empire Tobacco Co. and the Payne Cigar Factory.

Meanwhile preparations for rebuilding are being made, and it is hoped that this flourishing industry will soon be on its feet again.

How the fire started remains a mystery.

The superintendent, Mr. Collins, was in the buildings only a few hours before the fire broke out and found everything in order then.

THE INSURANCE CARRIED. While the total loss is expected to exceed \$100,000, insurance amounting to but \$54,500 was carried on the plant.

The Guardian Assurance with liabilities of \$9,250 is the heaviest loser. The Northern Assurance comes next with \$7,500, and the London & Lancashire third with liabilities of \$4,750. The North British & Mercantile Assurance Company was interested to the extent of \$4,700, while other companies and the amounts payable by them on account of the fire include the Union with \$3,200; London, Liverpool & Globe, \$3,500; Norwich Union, \$4,250; Hartford, \$4,250; Fidelity Fire, \$1,700; Aetna, \$1,600; German-American, \$1,600; New York Underwriters, \$1,250; Springfield, \$1,250; Employers' Liability, \$1,000; North American, \$1,000, and the Union of Paris, \$2,000.

ANYTHING TO BEAT PRESIDENT TAFT

This is the Chief Issue of the Bull Moose.

ROOSEVELT, IT IS SAID, HOPES TO BRING ABOUT WRECK OF THE REPUBLICAN PARTY.

New York, Aug. 13.—Close friends of Colonel Roosevelt, upon their return from the third party convention have let it be known that the Colonel will be more than satisfied if he can aid the Democrats in this campaign in the defeat of President Taft and the Republican party.

Some of his more enthusiastic followers cherish the hope that the Colonel may poll enough electoral votes to deadlock the election and throw it into the House of Representatives. At present the House would be tied as between the two parties, Republican and Democratic, and it would then be the Senate's turn to solve this difficult problem. Any one of several things might happen in that event. But Roosevelt, the master politician, is not misled by any such vain hopes at this time; his efforts will be concentrated upon the defeat of Taft and the wrecking of the Republican party. He believes that from out that wreckage he can begin the building of a new party which will carry the House of Representatives two years hence and four years from now will elect him President for a third term. So the secret slogan of the Roosevelt forces is not "battling for the Lord at Armageddon," but the shorter and more practical call to arms: "Anything to beat Taft."

TROOPS STAND BY GOVERNMENT

TURKISH SOLDIERS REFUSE TO JOIN AGITATION AGAINST GOVERNMENT.

London, Aug. 13.—An attempt made by the Turkish officers belonging to the Union and Progress Committee to secure the adhesion of the army divisions at Monastir, Yanina, Uskup, Smyrna and Adrianople to protest against the dissolution of the Chamber of Deputies and the formation of a new ministry, has been, according to the correspondent at Salonica of the London Times, entirely unsuccessful. The garrisons have replied that they have perfect confidence in the Government. The Times correspondent at Sofia telegraphs that the Bulgarian Government has decided to maintain friendly relations with Turkey in the hope that the Porte will make reparation for the massacre of Bulgarians by Muslims at Kotschana.

PREPARING FOR MARBLETON FAIR

Alterations Have Been Made to Grounds and Buildings.

AGRICULTURAL SOCIETY IN FIRST CLASS SHAPE FINANCIALLY.

Marbleton, Aug. 13.—(Special)—The annual exhibition of Wolfe County No. 1, which takes place at Marbleton, Tuesday, September 16th, promises to be as good if not better than all previous years.

Extensive operations will commence this week. The fencing will be all finished as well as new buildings erected. The grand stand will be enlarged. The ground committee finds the time only too short to finish their work before the day of the fair.

Several of the neighboring towns outside of the County of Wolfe have requested the right to exhibit at this enterprising fair and permission has already been granted by the Department at Quebec but too late for this year's programme.

Next year the officers of the Society intend having the ground in condition for a two or three days' fair.

This is no business speculation but a corporation, in which every man, woman and child in the county is interested, where every business man, and private citizen has and is ready and willing to open his pocket book and make the fair a success. The financial condition of the Society is first class, with nearly a thousand dollars in the treasury, besides their properties and real estate. The prospects for the future are therefore good.

One dollar makes any person a member and when they attend the fair on the 17th September they can feel that they are shareholders in a flourishing concern, an opportunity which no one can afford to lose.

FUNERAL OF LATE EMPEROR OF JAPAN

The Ceremony Will be Held on September 13.

COFFIN WILL BE DRAWN BY A TEAM OF OXEN, FULL SHIN-TO RITE WILL BE USED.

Tokio, Aug. 13.—The official programme for the funeral of the late Emperor Mutsuhito, who died on July 30, was issued yesterday. The services are to begin at six o'clock in the morning on Sept. 13, when the Emperor Yoshihito and the empress dowager will be present. At seven o'clock in the evening on the same day the Elder Statesman, the Pope, all of the officials and the foreign representatives, among whom will be Philander C. Knox, United States Secretary of State, are to assemble at the palace, from which the procession will start at 8 P. M. Emperor Yoshihito will not join the procession, but will meet it on the Gaiyama parade ground.

The line of the procession, which will be very long, is to be interspersed with musicians, torch-bearers and officials carrying emblems, while many priests will also participate. The coffin containing the body of the late emperor is to be drawn by a team of oxen. The entire route is to be lined by soldiers of the regular army.

Immediately after the arrival of the procession at Gaiyama the funeral service will begin, and will comprise the full and imposing Shinto ritual.

TWO DIFFERENT RAILWAY COMPANIES HAVE SUBMITTED PROPOSALS.

L'Avenir, Aug. 13.—(Special)—A public meeting was held here yesterday of the directors of the L'Avenir and Melbourne Railway.

The business before the meeting was the consideration of the proposals from representatives of two railway companies in connection with the building of the proposed railroad.

The meeting decided to leave the matter open at present and deal with the matter at a later date.

SALARY INCREASES HAVE NOT ARRIVED

Montreal, August 13.—Discontentment is rife in certain departments at local Provincial Government offices owing to the failure of expected salary increases to materialize. Several officials were unhesitating in expressing their disappointment. It is claimed that legislation enacted last year with the practically unanimous consent of both branches of the provincial parliament authorized in all round increase, but that this has so far been granted in comparatively few instances. Present salaries in some departments are said to be inadequate.
