## HUNGARY DELIVERS NEW ULTIMATUM

### Order Czechs Yield Regions By Wednesday

**Impatient Hungarians, Aroused by Protracted Negotiations Over Territorial Demands, Call for Immediate Action—Doubted, However, that Hungary Will Endanger Eastern European Peace by Marching Half Million Men Across Czech Border.**

Budapest, Oct. 24.—(AP)—An intensive wave of patriotism today swept Hungary, waiting for an early showdown in her territorial dispute with Czechoslovakia.

Unless Czechoslovakia accepts Hungary's demands for Hungarian-populated areas by Wednesday, well-informed quarters said, an army of almost 500,000 men is prepared to cross the frontier.

The Prague Government has submitted five proposals to Hungary for settlement of the nationalities issues, none of which has been acceptable.

Impatient Hungarians, aroused by the protracted negotiations over their own demands while those of Germany and Poland already have been satisfied, plastered Budapest's billboards with slogans demanding "Justice for Hungary."

Unimpressed by heavy Czechoslovak troop concentrations opposite the Hungarian frontier, army officers and civilians declared "We are not afraid."

The number of soldiers and officers appearing on Budapest streets constantly was increasing, and the training of khaki-clad recruits was progressing rapidly.

It was stated in diplomatic circles that the Polish army would march into Ruthenia at the very moment Hungary starts an advance into Slovakia. (Official circles in Warsaw declared these reports were "false," asserting that Poland's aim was for a peaceful settlement with Czechoslovakia.)

Hungarian troops have been concentrated on the Czechoslovak frontier for a week ready to march at a moment's notice.

The Hungarian Government last night announced that Prague's latest territorial proposals had been rejected as unsatisfactory because they left important Hungarian towns under Czechoslovak sovereignty.

Street demonstrations took place all over Hungary with hundreds of thousands of participants demanding "immediate occupation" of the disputed areas.

The precarious internal situation in Hungary appeared to be a major reason for the cabinet's reported decision to act this week.

Foreign diplomatic observers were inclined to believe, however, that Hungary could not afford to endanger the peace of middle Europe at a moment when she already had been offered much territory by Czechoslovakia which, since the Great War, had seemed lost to her forever.

### Early Parliamentary Session And Trade Treaty Rule Political Talk

Ottawa, Oct. 24.—(AP)—Possibility that the next session of Parliament will begin within five weeks and speculation on progress of Washington's ubiquitous trade negotiations dominated the federal political scene here today.

The impression has grown in the past week that the Government will call Parliament before Christmas. Justice Minister Lapointe said an early session might be held in order to allow Parliament to prorogue by the time the King and Queen arrive in the Dominion early next summer.

If Parliament meets around the end of November, the debate on the Address in Reply to the Speech from the Throne might be concluded and the debate on the pending Canada-United States trade treaty revisited before adjournment for Christmas and New Year.

Progress of trade negotiations in Washington will influence the Government in calling the session. It is understood that the Canada-U.S. pact is about ready for signing but is being delayed by the negotiations still going on for conclusion of an Anglo-U.S. treaty. The two agree-

### CZECH VETERANS TO RETURN WAR MEDALS

Chicago, Oct. 24.—(AP)—Heroism medals which the governments of Great Britain, France and Italy once pinned upon seventy-five Czech veterans of the Great War now living in Chicago will be returned.

The veterans marched to the platform before ten thousand Czechs and Slovaks at the International Amphitheatre last night and threw down their medals.

The gesture came after speakers had criticized the European democracies for their "desertion" of Czechoslovakia at the Munich Conference. The meeting originally was scheduled to celebrate twentieth anniversary of Czechoslovakian independence.

Quebec, Oct. 24.—(AP)—Joseph Giroux, sixty-five-year-old Lower Town resident, was found dead in bed in his home yesterday.

### Official Germany Ignores Austrian Cardinal's Reply To Press Attacks

Berlin, Oct. 24.—(AP)—Nazi officialdom extended no recognition today to Theodor Cardinal Innitzer's message to Roman Catholics of the Vienna Diocese, denying he spoke against Chancellor Hitler, the German state or the Nazi party.

A propaganda Ministry spokesman said he had no knowledge of the message, read from pulpits Sunday, and therefore could not comment. The controlled press and the Government radio likewise ignored the Cardinal's message, an answer to Nazi press charges.

Cardinal Innitzer denied using "inciting terms" before a Catholic youth demonstration October 7 which set off anti-church demonstrations and attacks on churches in one of which the Cardinal was hurt by a stone.

His October 7 sermon "contained not a word of attack on the Fuehrer and Chancellor of the Reich," Cardinal Innitzer's message said. "Nor did I use any inciting terms against him, or the state or the party."

Of Nazi press reproaches during the annexation of Czechoslovak Sudetenland, the Cardinal wrote: "I have never overlooked the historically important hour in which my home country (the German Sudeten district) was led back into the German Fatherland."

"Together with other German cardinals I expressed my thanks to the Fuehrer and ordered thanksgiving. Continued on Page 2, Col. 3.

ments are complementary in many respects and it has been expected they would be signed at the same time.

Reports that the Anglo-U.S. negotiations have encountered grave difficulties which might lead to a stalemate are largely discounted in well-informed circles here, although there has been no official comment.

There has been no information received by the External Affairs Department from the Canadian Legation in Washington concerning any danger of a break in the negotiations and most authorities here expect they will be completed satisfactorily.

Prime Minister Mackenzie King is still holidaying in the West Indies and will return to Ottawa by way of Washington where he will participate in the signing of the Canada-U.S. treaty. With the United States elections being held November 8th, some sources here indicate this treaty, at any rate, might be signed November 11th, Armistice Day.

It is understood there will be a Canada-U.S. agreement whether or not. Continued on Page 2, Col. 1.

Victor M. Drury, of the Canadian Steel Foundry and Canadian Airways; Paul F. Sise, President of the Northern Electric Company of Montreal and head of the mission, King's Counsel and member of the board of the Fairchild Aircraft Company, left to right, members of the Canadian Mission, as they arrived at Southampton on the liner "Empress of Britain" to discuss with the Air Ministry what Canada can do to co-operate in the making of warplanes.

### ONE DEATH REPORTED IN HEAVY BRITISH FOG

London, Oct. 24.—(AP)—Heavy fog over London's suburbs caused one death today as trains, buses and private drivers were delayed. A motorcyclist was killed on the Maidstone-Wrotham road.

In some suburbs east of London the early morning visibility was only ninety feet. Some-what better visibility at Croydon made it possible to continue air services from the airport there. The Air Ministry reported a heavy fog over Yorkshire and South Wales.

### British Troops Withdrawn After Routing Arab Terrorist Band

Jerusalem, Oct. 24.—(AP)—The bulk of British troops withdrew from the old city of Jerusalem today after smashing the grip of Arab insurgents there. British military machine gun units still occupied strategic positions on the ancient walls, while police replaced troops.

The insurgents' campaign of arson and terrorism continued unabated, however, in other parts of the Holy Land. A Jew was seriously injured in a Jerusalem suburb late yesterday when an unidentified assailant attacked him with an axe.

Authorities placed a twenty-four-hour curfew on Hebron following the slaying of a policeman and the burning of a synagogue and a Jewish school.

The great Moslem fast of Ramadan began today after a week-end in which forty Arabs were slain and scores wounded. British losses were confined to one dead and several wounded.

### HOOVER AGENTS JOIN IN QUEST OF LOST YOUTH

Father Calls on the Federal Agents to Aid Search for Boy Missing After Sight-Seeing Trips with Former Marine Companion.

New York, Oct. 24.—Federal agents today began investigating the disappearance of the three-year-old son of a wealthy New York business man.

They entered the case after the father, Wilbur Tripp, head of a Manhattan accounting firm, appealed to the Washington headquarters of the Bureau of Investigation.

Tripp, forty-two, said he last saw his son, Dean, Saturday morning when George O'Connell, a thirty-six-year-old ex-marine who had worked on the family's Long Island estate, brought the blond, blue-eyed boy to New York on a sightseeing trip.

When the two did not return that evening he notified police.

Tripp, a former marine himself, said he met O'Connell eighteen months ago and asked him to live with the family as a sort of handy-man-guest.

"George had a deep attachment for Dean and I'm sure wouldn't let any harm come to him," Tripp said. "But I can't imagine where they are. I know O'Connell couldn't have had more than four or five dollars with him."

The Tripps have another son, born only two weeks ago.

### BRITISH COLUMBIA HENS NAMED CHAMPS

Agassiz, B.C., Oct. 24.—(AP)—A ten-hen pen of White Leghorns entered by a veteran British Columbia poultryman has set a new world record for egg-laying pens, William Hicks, head of the Dominion Experimental Farm at this Fraser Valley city, announced last night.

### LARGE CONCERN BACKS BRITISH ARMS EFFORTS

Vickers-Armstrong Plant to Be Diverted to Assembly of Planes from Parts Built by Series of Sub-Contractors.

London, Oct. 24.—(AP)—The Air Ministry has obtained the co-operation of the huge Vickers-Armstrong armaments concern in accelerating the programme of making the Royal Air Force second to none.

In announcing this development the British Ministry indicated Vickers would concentrate on the assembling of aircraft, the parts being manufactured by sub-contractors.

The efforts of the new Air Secretary, Sir Kingsley Wood, meanwhile won the praise of Viscount Nuffield, who two years ago had a feud with Sir Kingsley's predecessor, Viscount Swinton, over methods of production.

"If we had had that encouragement three years ago, we would have been in an entirely different position a few weeks ago," Lord Nuffield said. "When I look back over the last two or three years and think what might have been done it is literally appalling to me."

Sir Kingsley Wood, following Lord Nuffield at an engineers' meeting, said all plants outside the aviation industry which are adequately

### PREPARE TEST OPERATION OF RELIEF SCHEME

United States Agriculture Department Plans Small Scale Operation of Surplus Crop Marketing Plan within Few Weeks.

Washington, Oct. 24.—(AP)—The United States Agriculture Department's programme for selling surplus farm products to low-income Americans at reduced prices will begin on a limited scale but eventually may benefit 6,000,000 families.

Officials indicated that the programme would be started within a few weeks by offering a few vegetables, fruits and dairy products to underprivileged families at cut-rate prices. Later a larger range of foodstuffs and cotton goods and clothing will be added.

One of the most perplexing problems for the instigators is drawing the line between consumers who will have to pay regular market prices and those who will be permitted to buy at the lower prices.

Generally speaking, the Department wants the benefits of the reduced prices made available to families having an annual income of less than \$1,500. Officials estimate that a third of the American families are in this class.

### Bombing Of British Warship Aggravates Sino-Jap Trouble

Shanghai, Oct. 24.—(AP)—Japanese aerial bombings of a British warship and a customs dispute over an American passenger liner today added two new incidents to the long list of international complications in the China war.

Bombs from six Japanese planes fell about and damaged the superstructure of the British gunboat Sandpiper, anchored at Chamscha about 200 miles southwest of Hankow. There were no casualties.

The bombing damage to the British gunboat was the most serious to a foreign man-of-war since the United States gunboat Panay was sunk in the Yangtze River last December 12, with death to four foreigners, and the British gunboat Ladybird was shelled with one seaman killed.

British naval officials said they "vehemently protested" the bombing of the Sandpiper.

The incident followed a Japanese warning to foreign vessels Saturday to withdraw from the Hankow area to avoid dangers of a massed aerial bombardment there.

### HEART ATTACK CLAIMS LIFE OF EDWARD PENDER

Life-Long Resident of Windsor Mills Died Suddenly Yesterday Noon—Funeral at Windsor Tomorrow Morning.

Windsor Mills, Oct. 24.—A sudden heart attack about noon yesterday ended the life of Edward George Pender, a life-long resident of this town, and son of one of Windsor's most widely-known English-speaking families.

The deceased, who was in his fifty-sixth year, was born in Windsor, received his education here and was connected with the Canada Paper Company as electrician. He was the son of the late James Pender and of Emily Urquhart Pender.

He is survived by his widow, Mary Dearden Pender, whom he married nineteen years ago; one daughter, Patricia; one son, Urquhart; his mother, Mrs. James Pender, and a brother, Gordon Pender, of Montreal.

The funeral is taking place tomorrow morning with service at St. Philip's Church, followed by interment in the Windsor Roman Catholic Cemetery.

### RED CAPS COME UNDER WAGE-HOUR LAW

Philadelphia, Oct. 24.—(AP)—Red caps may expect but need depend on tips so longer. Under the new United States wage-hour law, they will receive a minimum of twenty-five cents an hour from employer railroads. They must report tips, and if these total less than the minimum the companies will make up the difference. The Pennsylvania Railroad announced yesterday it would pay the minimum to porters. Officials said other railroads planned to do the same.

### Far-Reaching Industrial Reforms Effective In United States Today

Washington, Oct. 24.—(AP)—Far-reaching labor standards went into effect today, putting a floor under the wages and a ceiling over the hours of an estimated 11,000,000 workmen in the United States.

This regulation of virtually all persons in interstate commerce represented the broadest industrial legislation since the National Recovery Act was found unconstitutional by the Supreme Court.

In striking contrast to the fanfare and hubbub of the N.R.A. days, however, the change-hour law was put into operation quietly.

The major provisions of the new statute are as follows: 1—A minimum wage of twenty-five cents an hour is established. This will be raised to thirty cents on October 24th, 1939, and to forty cents after October 24th, 1940.

2—The maximum work week is fixed at forty-four hours, to be reduced to forty-two hours after October 24th, 1939, and to forty hours after October 24th, 1940. Employment above these levels must be compensated for in cash at time and a half rates.

3—Employment is prohibited for children under sixteen in a mining or manufacturing occupation, and for children under eighteen in an industry declared to be hazardous.

Limited employment is permitted for children fourteen or fifteen in other industries.

The Act exempts either in whole or in part seasonal industries, certain

### NORTHERN MAIL RATE INCREASE IS PROTESTED

Edmonton, Oct. 24.—(AP)—Protests that increased air mail rates to northern points served from Edmonton will prevent receipt of newspapers were heard here Saturday from persons arriving by rail from northern points.

Mrs. S. Jenkins, who came from Fort Fitzgerald, said residents of that post "were up in arms. It simply means there won't be any newspapers up there. We are so used to reading the daily newspapers now that it will be a great inconvenience."

Eric Nichols, returning to Edmonton after a summer's employment at Yellow Knife, said permanent residents of that young mining town had protested the rates were prohibitive. He said: "It certainly is hard on those who are living in the north all the time."

The new rates on second class reading matter to Alberta, Saskatchewan and Northwest Territories points went into effect October 1. A flat rate of four cents a pound to all points was replaced by a new schedule with rates as high as \$1.20 and \$1.40 to Arctic points such as Aklavik near the mouth of the Mackenzie River.

The new rate to Fort Fitzgerald near the Alberta-N.W.T. boundary is twenty-five cents a pound while the cost of shipping newspapers and periodicals to Yellowknife and Fort Rae on Great Slave Lake, and Port Radium on Great Bear Lake was raised from four cents a pound to seventy cents a pound.

D. J. Tyler, who returned from Yellowknife, said residents of that post and Fort Smith had complained about the new rates put into effect by the Postal Department at Ottawa.

One northerner at the railway station told reporters: "I wonder if the Post Office officials realize that reading magazines and newspapers is about the only recreation we have up there, especially in the winter time."

### Gigantic Conflagration Threatening To Destroy South China Metropolis

Business Sections of Canton Burned Out in Incendiary Blazes as Part of Chinese Policy of Desolating Country Surrendered to Japanese—Residential Section of City Menaced—Damage Estimated at \$10,000,000.

Canton, Oct. 24.—(AP)—A gigantic conflagration threatened to destroy this South China metropolis today as fires roared into residential districts after burning out the business sections.

Japanese dynamite squads blasted firebreaks around the burning areas in an attempt to halt the spreading flames, while foreign volunteers aided in trying to save foreign buildings.

Dynamite was the only weapon the fire-fighters could use since the blasting of Canton's reservoirs before the Chinese fled had completely disrupted water supplies.

Some small fires broke out in the International Settlement on Sha-meen Island, but were quickly extinguished and a shift of the wind carried the flames away from the island after a mile of waterfront buildings across the eighty-foot creek had been destroyed.

Many buildings on the island were damaged yesterday by three terrific explosions of munitions which the Chinese had abandoned in Wongsia Railway station. The blasts scattered fragments over the entire settlement, breaking windows and blowing out shutters.

An Associated Press photographer near the station at the time was hit in the back by falling stones.

The Saichuen and Fonam districts of the city were the worst damaged. Buildings destroyed included the Ministry of Finance, provincial and municipal headquarters, a Buddhist temple, several hotels and the post office.

There was no official estimate of the damage, but unofficially it was believed to run as high as \$10,000,000.

Flames mounted 150 feet high during the night and today a vast, low-lying cloud of smoke partially hid the sun.

The fires drove from hiding thousands of poorer Chinese, the remnants of a population of 2,000,000 living in the metropolitan area a short time ago.

Thousands of panic-stricken Chinese still were fleeing in river junk and other thousands huddled in terror opposite the International Settlement.

Foreign authorities arrested one Chinese attempting to ignite gasoline opposite the settlement. Elsewhere piles of paper and wood were found in buildings and many foreigners said they saw Chinese lighting fires.

The flames failed to halt looting. Hundreds of Chinese beggars looted shops, especially rice stores. A few corpses of looters were seen in the streets, their heads smashed.

Only a small force of Japanese, estimated at 1,500, had reached the city so far. The Japanese commander told the British consul Chinese looting would be checked with the arrival of reinforcements.

Foreign advices indicated, meanwhile, that the Japanese attack along the Canton River south of here was continuing on Page 2, Col. 2.

### Rightist Victories Strengthening Strategic Advantages Of Daladier

Paris, Oct. 24.—(AP)—The Nationalist victory in Sunday's French Senatorial elections appeared today to have opened the way for Premier Edouard Daladier to shift his Government majority from the Leftist parties to the Right.

Extreme Right parties gained ten seats, winning thirty-four out of the ninety-seven contested. There was a slight trend to the other extreme as well with the Socialists gaining one seat and the Republican Socialists two.

But the outstanding fact in the senatorial election—not usually considered highly significant in France—was the unmistakable shift to the right. Daladier's supporters interpreted this as approval of his part in the four-power Munich conference to partition Czechoslovakia and his efforts to reach an understanding with Germany.

The fact that the Rightists gains were made at the expense of the Premier's own middle-of-the-road Radical Socialist party strangely enough strengthened rather than weakened Daladier's position. Members of his party who lost were Left-

### CLAIMED ILLINOIS WRECK PLANNED DELIBERATELY

McHenry, Ill., Oct. 24.—(AP)—A road official said today that the wreck of a Chicago and North-Western Railroad passenger train here last night apparently was planned deliberately.

Fifteen persons were injured, none seriously, when the three-car train was derailed after striking an open switch.

W. A. Kraemer, division superintendent, said the lock on the switch apparently had been picked, the switch opened and then relocked in that position.

The train Chicago-bound from Williams Bay, Wis., carried about sixty passengers. Fire broke out in the vestibule of the first coach.

LT. EMERSON ENTERTAINED BY REGIMENT

Member of 32nd Battalion of Australian Military Forces Guest of Sherbrooke Regiment (M.G.)

Members of the Sherbrooke Regiment (M.G.) had the privilege over the week-end of entertaining Lt. E. J. Emerson of the 32nd Battalion of the Australian Military Forces upon the occasion of his visit to Sherbrooke.

Last January Lt. Emerson started on a trip to India, where he was attached to the 1st Battalion of the Leicestershire Regiment which was on active service in India at that time.

En route to Sherbrooke, the party visited Fort Chambly, the visit being of particular interest to Lt. Emerson owing to the fact that between 1759-60 when on service in Canada the Leicesters were stationed at that fort.

At an oyster party held at the officers' mess in Sherbrooke a presentation was made to the Australian battalion of a piece of silver to be conveyed to the Battalion by Lt. Emerson.

Among those who attended the gathering at the Officers' Mess were Lt.-Col. Emile Levesque, O.C. Les Fusiliers de Sherbrooke, Col. S. Echenberg, O.C. 10th Infantry Brigade, and Lt.-Col. A. A. Munster, honorary colonel of the Sherbrooke Regiment.

HEART ATTACK TAKES LIFE OF BYRON BAKER

Father of Frank C. Baker, of Lennoxville, Was in Seventy-Fifth Year - Active in Railway Circles.

Funeral service for Byron Baker, who died early Saturday morning at his home in Ottawa at the age of seventy-four years, will be held this afternoon at two o'clock in St. Matthew's Anglican Church, Ottawa.

Mr. Baker was the father of Frank C. Baker, of Lennoxville. Prior to his retirement he had been active in railway activities. For several years he served as engineer on the Montreal-Ottawa run and was secretary of the Brotherhood of Locomotive Engineers.

The deceased was a keen student of political affairs, and some years ago attended the League of Nations' Assembly at Geneva as a member of the Canadian delegation.

# DANVILLE MAN DIES IN HIGHWAY TRAGEDY

## One Dead And Two Seriously Hurt In District Accidents

Merlyn H. Dyson Instantly Killed When Car He Was Driving Collided With Truck on Richmond-Danville Highway—Second Danville Man Seriously Hurt in Car-Wagon Smash—Sutton Hunter Wounded When Gun Exploded.

One man was instantly killed when the car he was driving collided with a truck, another was seriously injured when the wagon in which he was riding was hit by a car and a hunter was badly wounded when the gun he was carrying exploded accidentally in Eastern Townships mishaps over the weekend.

Killed was Merlyn Herbert Dyson, twenty-six-year-old Danville resident, while the injured were Earl Patterson, thirty-four, also of Danville, and Cecil Mandigo, thirty-three, of Sutton.

His skull fractured when the car he was driving towards Danville from Richmond early yesterday morning collided with a truck traveling in the opposite direction. Merlyn Dyson was instantly killed. The truck was driven by Lionel Lebel, of Kingsley, who was accompanied by Mr. and Mrs. Bourbon and infant child, of Richmond. Lebel was slightly hurt in the crash, as was the Bourbon child. Bourbon was thrown from the truck, but was unhurt. Dyson's car left the road after crashing into the side of the truck and both machines were badly damaged. Provincial Traffic Officer Edgar Poulin investigated the accident.

A verdict of accidental death was returned at the inquest conducted yesterday by Dr. George Letendre, of Danville, coroner. The victim of the accident was a cousin of Frank Dyson, Mayor of Richmond.

Earl Patterson, of Danville, received a probable fractured skull yesterday when the wagon in which he was driving in Danville was struck by a car. He was taken to the St. Vincent de Paul Hospital, where it was expected today that he would recover.

Victim of the hunting accident was Cecil Mandigo, who was found staggering along the highway near Sutton yesterday afternoon bleeding profusely from numerous gun-shot wounds in his right leg and left hand.

Picked up by a passing motorist, Ornic Jackman, of Granby, the wounded man was taken to the Brome-Missisquoi-Perkins Hospital at Sweetsburg, where he explained that his shotgun had discharged accidentally while he was out duck hunting.

Examination of the wounds revealed that a serious operation was necessary and the victim was taken by ambulance to a Montreal hospital. It was believed amputation of the wounded limbs would be necessary.

## FRANCE OFFERS A VAST FIELD OF LITERATURE

E. H. Yarrill, Assistant Professor in Department of Languages and Newly-Appointed French Lecturer at Bishop's, Heard in Sherbrooke Library Talk.

English-speaking readers who neglect to explore the vast field of French literature are failing to take advantage of a great treasure within their reach. E. H. Yarrill, assistant professor in the Department of Languages, and newly-appointed French lecturer at Bishop's University, declared in a radio address last night. The address was another in the series sponsored by the Sherbrooke Public Library.

Mr. Yarrill pointed out that residents of Quebec, living in a bilingual land whose culture derives very largely from that of France, have particular reason to be interested in acquainting themselves with the rich fund of French literature.

Early masterpieces of the old French literature are as inaccessible to the average reader as the works of Chaucer or the story of Beowulf. The speaker said. During the century of Shakespeare the literary genius of France bore fruit through such men as Villon, Rabelais, Ronsard and the charming but profound essayist, Montaigne. He declared that the golden age of French literature came at a time when English literature had fallen from its Olympian heights and when Paris was the intellectual and social centre of the world, the age of Louis XIV.

Referring to Voltaire, Mr. Yarrill said he flayed the corrupt social system with resistless, mordant satire. His attack on the church was often a short story, written in language which resembles a flawless diamond. His most famous and best short story is "Candide," the speaker commented, but others, such as "Zadig," "Jeanot et Colin," and "L'Ingenu," are fit to rank among the great short stories of all time.

Turning to French-Canadian literature, Mr. Yarrill said the lover of Canadian literature will find abundant scope in this field. It is at least as extensive a literature as that of English Canada, he said, with its main characteristic its national nature.

The early works of this literature, which began to achieve importance five or six years before Confederation, do not offer much pleasure to the ordinary reader, Mr. Yarrill stated, as it was only a student of Canadian thought, customs or history who would really enjoy the works of Boucher de Boucherville, Napoleon Bourassa, P. J. O. Chaveau, Gerin-Lajoie and others of their time. In recent years French-Canadian literature has become a productive source, he stated.

If the reader knows but the rudiments of the French language he is sufficiently equipped to make a start in reading French authors, Mr. Yarrill said. He advised such readers to choose simple prose at first, perhaps something by Anatole France or Voltaire, then go on to Maupassant and Daudet, then Balzac.

## LIBERALS OPEN CAMPAIGN WITH FOUR MEETINGS

Candidate and Supporters Address Gatherings in Stanhope, St. Hermenegilde, North Coaticook and Dixville.

Opening guns in the campaign that Stanstead County Liberals hope will shoot Dr. E. C. Cabana, of Magog, into a Legislative seat sounded in Stanhope, St. Hermenegilde, North Coaticook and Dixville, yesterday as the candidate and a number of his supporters addressed electors in Stanhope, St. Hermenegilde, North Coaticook and Dixville.

Addresses were given at the meetings by Dr. Cabana, Cesar Gervais, K.C., of Sherbrooke, Maurice Ginguet, president of the Sherbrooke County Liberal Association, E. Simard, of Magog, and M. Martin, of Montreal. The meeting in North Coaticook last night followed a dinner held in the church hall.

During the addresses the speakers emphasized the situation in Stanstead County resulting from the resignation of Rouville Beaudry and the circumstances surrounding the resignation. It was stressed that the Stanstead County Liberal party held a regular convention and that it was the people of the county who had selected their candidate.

On the Union Nationale side, the speakers said, while there were several candidates in the field the one selected was chosen by Premier Duplessis himself and not by the electors at a convention, thus setting a precedent in the county. The Duplessis administration was reviewed and attacked by the speakers.

Thursday night Hon. Adolard Godbout, head of the Liberal Party in Quebec, is slated to address a public meeting at Rock Island.

## Campaign For Funds With Which To Rebuild Stanstead College Opened

Rock Island, October 24.—A successful start of the six-week campaign for funds towards the reconstruction of Stanstead College was made at a dinner attended by about a hundred old students, trustees, campaign officers and other supporters of the noted Eastern Townships institution in the Del Monty Hotel here Saturday evening.

Angering well for the success of the drive and the future of the old Stanstead educational center, whose main building was completely destroyed in a spectacular fire last May, the various speakers brought in encouraging reports on the date and organization completed to work in the campaign. The speaker's justification of the current drive for funds for Stanstead College, which has always provided high educational possibilities at low cost.

Gordon Hanson, prominent Montreal stockbroker whose father was a great benefactor of Stanstead College and whose uncle, Charles Hanson, was pastor of Centenary United Church, Stanstead, and later became Lord Mayor of London, spoke briefly on "Business Contacts." He said that no corporation or individual could fail to support this campaign for they could trace their financial roots to the Eastern Townships where Stanstead College has long been a worthy institution.

The practical operation of the drive was explained by Campaign Director Harold Fisk, of Montreal. Five districts, each with a chairman, team captains and workers, involving about three hundred people in all, have been established with Stanstead, Montreal, Sherbrooke, St. Johns and Quebec City as centers.

Other speakers heard were E. J. Struthers and Gordon Lynch, chairmen for Stanstead and Montreal districts respectively, and Clinton E. Sales, director of the Eastern Townships Conservatory of Music, provided numerous delightful selections. Spontaneous singing accompanied familiar tunes, climaxed by the College song and national anthems of the two nations that intermingled in this unique border community.

During and after the dinner seven members of the College orchestra, under the direction of A. Harlow Martin, director of the Eastern Townships Conservatory of Music, provided numerous delightful selections. Spontaneous singing accompanied familiar tunes, climaxed by the College song and national anthems of the two nations that intermingled in this unique border community.

In round figures it has been estimated that the cost of the new buildings and equipment will be \$300,000. With \$60,000 on hand in insurance money, \$240,000 remain to be obtained and this is the objective of the campaign. Charles W. Colby, M.A., P.H.D., and his General Campaign Committee.

The old main building was "unattractive, ill-arranged and unsafe, but otherwise wonderful," Dr. Colby told his hearers, and for those reasons it is not intended to reproduce the old edifice as it was known to well. With accommodations for one hundred resident students instead of the usual sixty or seventy as possibly the most important new feature, more economical means of obtaining funds will permit a larger and higher-paid staff.

Visibly moved to a point of high enthusiasm, those present, who came from all over the Eastern Townships and from Montreal, heard the financial campaign's chairman lay the cornerstone of the drive in quoting Dr. Eliot, famous American educator and one of Harvard's greatest presidents: "Democracy finds great men." Dr. Colby added that it is democratic education that makes these men great and thus parents' best investment in their children should be in their education. This was the speaker's justification of the current drive for funds for Stanstead College, which has always provided high educational possibilities at low cost.

## STRESS NEED OF NEW BUILDINGS AT UNIVERSITY

Sub-Committee Will Study Ways and Means of Obtaining Science Building, New Gymnasium and Dining Hall for Bishop's.

A sub-committee appointed at the meeting of the Corporation of the University of Bishop's College will study ways and means of obtaining a science building, a new gymnasium and a dining hall for the Lennoxville institution, it was learned this morning. The pressing need for these new buildings was stressed by Dr. A. H. McGree, Principal and Vice-Chancellor of the University in the report which he presented to the Corporation. Dr. McGree also stated that as a result of the fact that all residences are filled to capacity a considerable number of students have to live outside the College.

Satisfactory payment of subscriptions on the account of the recent financial campaign was also reported. All subscriptions to June 30 had been paid at that time with the exception of \$500.

The need of additional funds for maintenance and development of the summer school for teachers was emphasized and it was pointed out that twenty-two graduates of other universities have received their teacher training at Bishop's.

The following were elected to the executive committee for the current year: D. C. Coleman, S. R. Newton, Dr. J. A. Johnston, A. S. Johnston, J. P. Wells, K.C., Mr. Justice C. D. White, G. M. Stearns, Professor E. E. Boothroyd, Ven. Archbishop J. M. Almond and Rev. Prof. G. Basil Jones.

A resolution, containing the following statement, was passed in connection with the pending retirement of the Lord Bishop of Montreal, as president of the Corporation.

"The members of the Corporation have read the announcement that the Lord Bishop of Montreal intends to resign his see in January next. Unfortunately this means that His Lordship will cease at that time to be the President of the Corporation of this University. That fact deeply concerns us all, and the Corporation wishes to place on record an expression of sincere and unfeigned regret that it must be so. The members of the Corporation wish to offer His Lordship an assurance of the pleasure which it has given them to serve under him in the work of this University, and to extend to him their best wishes for the enjoyment of relief from responsibility when the time for his retirement arrives. It is their hope that enjoyment will be enhanced by the realization that there is a profound appreciation in the hearts of the best citizens of the province, and of many more outside its borders, of the remarkable contribution His Lordship has made to the educational, social and the religious life of the Dominion. Although he may not come to us again as President of the Corporation we will not forget his share in the progress which the University has enjoyed during his term of office."

## Four-Day Winter Fair And Horse Show Draws To Close

Final Performance Saturday Night Upheld Standard Which Made this Year's Event Most Successful to Date—Trophies Presented Outstanding Performers.

Its quality upholding the standard that has made this year's presentation the most successful Provincial Winter Fair and Horse Show since the inception of the event nine years ago, the final performance in the Arena Saturday night marked a fitting conclusion to the busy activities filling the pleasing four-day programme.

While a good closing night audience applauded warmly, the riders, drivers and horses staged perhaps the finest performances of the Horse Show, and the Royal Canadian Dragoons, appearing just prior to the National Anthem, excelled their demonstrations of the three previous nights. Their horses walking, trotting and cantering spiritedly and their brilliant uniforms and banners blending in picturesque beauty, the crack horse brigade manoeuvred smartly from start to finish, and well-deserved the enthusiastic praises accorded them.

"Phosphorette," owned and driven by James Franceschini, of Toronto, won the trophy presented to the best harness horse in the show while "Pal O'Mine," also the property of Franceschini, captured the award to the best hackney pony. "Seaham Magate," entered by E. J. McVey, of Montreal, was declared reserve champion hackney pony.

The trophy for the best hunter in the show went to "Old Susanna," owned by E. J. McVey and driven by Andy Lascelles throughout the Horse Show. "Cherie," owned by R. J. Brown, of Montebello, and ridden by Miss M. Kemp, was named reserve champion hunter.

"Terry McGregor," driven by R. A. Cameron, owner of Braemar Stables, Cowansville, captured the trophy for the best roaster in the show while "Dena," property of H. L. Call, of Knowlton, won the prize for the reserve champion roaster.

The best saddle horse in the show was "Prince Charming," owned and ridden by Miss V. Lallemand, of Montreal, while "Tailor Made a Man," entered and handled by Mrs. J. Salomon, of Montreal, was reserve champion.

Competition is all the other events was followed with great interest by the spectators. As usual, the potato race provided the comedy, and the Arena rocked with laughter as the youthful riders rode or chased their mounts from one end of the building to the other.

Throughout the four nights of the show J. W. Fleury, of Brantford, Ont., acted as judge, and performed his duties in an efficient manner which met with approval from competitors and spectators alike.

SHERBROOKE, MONDAY, OCTOBER 24, 1938.

Truth is the foundation of all knowledge and the cement of all societies.—Dryden.

### Early Action Desirable

Although many difficulties admittedly stand in the way of negotiating a new Canada-United States trade treaty, businessmen of both countries are united in the hope that some definite announcement will be made shortly on the nature of the proposed revisions. With the threat of major tariff changes overhanging the economic life of the two nations, business, large and small, is adverse to making any long-term commitments that might be rendered unprofitable because of a different cost basis and changed competitive conditions when the time comes to fulfill the contract.

The treaty has been hanging fire for well over a year now and despite continued optimistic announcements from both Ottawa and Washington seems to be little nearer conclusion than it was some months ago. The time has come for some definite announcement. Business is facing its busiest season with the outlook for the future brighter than it has been for many years, but the major clouds of tariff changes are still overhanging the horizon. The Government should remove this without delay so that industry might take full advantage of the return of prosperity and so bring work and wages to a steadily larger share of the population of Canada.

### The French Senate Vote

Although yesterday's election for one-third of the members of the French Senate will have little actual bearing on the voting strength of the various groups in the Upper House, the substantial gains recorded by the Rightists indicate that the people of France generally approve the policy of Premier Edouard Daladier in seeking a rapprochement with Germany. In addition, the vote lends weight to the hope of the Premier that he may be able to rebuild his shattered Popular Front Government with a Cabinet composed of the more moderate elements in the House.

The results are likely to affect both the foreign and internal policies of France in the future, marking as they do a definite rebuke to those extreme Leftists who urged that the country go blindly to war for the vague principle of preserving the integrity of Czechoslovakia when an important element in that country did not want that integrity preserved, they indicate that the average Frenchman, like the average Britisher, in fact the average citizen of the world everywhere, feels that the preservation of peace and happiness is worth the sacrifice of some rather indefinite principle. Thus Daladier can accept the results as a definite mandate to proceed with his policy of winning a lasting peace with Germany and removing one of the great danger spots of Europe.

In the domestic field, a certain extent of approval is given the action of the Government in throwing overboard some of the more drastic Socialist legislation which has been passed within the past two years and opens the way for a concerted drive to bring French industry out of the doldrums resulting from the application of reform laws to which the country was not suited.

Thus from yesterday's voting, it would appear that the reign of reason is gradually being restored to France and that country will be able to resume its place as a positive leader of world opinion rather than adopt a vacillating attitude caused by a conglomerate Government of opposing elements.

### Dominions And British Tutelage

The Great War in fact marked a new phase in the evolution of the Dominions from Imperial overlordship to practical autonomy. While it was impossible to visualize the British Empire in its foreign relations as anything but a homogeneous whole, it was also possible to visualize it as a collection of individual States, with specific and inalienable rights of self-determination. This right to speak on their own behalf was clearly indicated at the time of the Abdication crisis in December, 1936. It is common knowledge that the crisis was precipitated by the attitude of the Dominion Premiers, who refused pointblank to entertain the possibility of the then Mrs. Simpson becoming Queen of England. In a matter of purely domestic import the "daughters" had asserted their right to speak for themselves. In the sphere of external politics, however, the position is not quite the same. For one thing, as Mr. Chamberlain himself pointed out recently, international affairs cannot always wait "while the family is having chats by the fireside."

### The Wise Optimist

By Grenville Kleiser.

The intelligent optimist is one who never acknowledges defeat.

If things go wrong, he does not sit down complacently and declare that all will be well. On the contrary he goes to work diligently to make things right.

Beset by obstacles, he feels no discouragement but goes forward and clears the hurdles.

Nothing dismays him. Drought, flood, storm, panic, disaster—these find him still courageously hopeful.

However dark the present, he believes that in time he will come into his own.

The optimist has learned that happiness is a habit, a way of looking for the best in life.

He believes that the world grows constantly better.

He thinks constructively. He knows that repeated right thoughts will ultimately produce right results.

The optimist talks about pleasant and helpful subjects. His inner life is one of peace and poise.

By dwelling upon the best aspects of life, he makes his own life happier, better, and more productive.

He is grateful for the opportunity to work and serve. His good feeling is not artificial, but a natural emanation of his mind and heart.

The optimist makes many friends, because they like his sunny disposition and wholesome influence.

His generous praise of others and appreciation of even the smallest favors enhance his popularity.

The genuine optimist is eagerly sought by employers. They know the value of cheerfulness as a business asset.

In every walk of life the man of constructive ideas and plans is the man who gets things done.

The optimist has definiteness, determination and daring, so essential to success in all great endeavor.

The real optimist uses so-called failures as stepping-stones to higher accomplishment. He does not permit disappointments or reverses to affect his tranquility of mind.

We should emulate in our daily lives the example of the intelligent optimist who makes the world happier by his radiant personality.

Peace and contentment are the natural products of a happy disposition. Generosity and good-will have an uplifting influence. Happiness depends upon right mental attitude, not upon great material possessions.

Gladstone attributed his serenity of mind to his daily reading of these lines: "Thou wilt keep him in perfect peace whose mind is stayed on Thee, because he trusteth in Thee."

There are many beautiful mottoes to inspire a drooping spirit with new faith and courage. A little more self-reliance is sometimes all that is needed to bridge a serious difficulty.

Begin the day with confidence and high expectation. Be faithful to your obligations, and discharge every duty with promptitude. Make each day add something to your progress towards a great life ideal.

Health, happiness and prosperity are primarily mental. Think optimistically and constructively. Cultivate the society of cheerful people. Look for the best things in life.

Daily affirmation of cheerfulness and good-will build health and vigor. Cheerfulness confers mental alertness, serenity of mind, and broadened sympathies. Cheerfulness is a personal asset of inestimable value.

### Editor's Note-Book

The recent European crisis seems to have developed a lot of foreign experts from among those who up until that time didn't know whether Czechoslovakia was a country or a mouth wash.

Some one told us or we read somewhere that the milliners are still selling hats. Funny we don't see any of them.

In these days it is helpful to remember that there is a vast difference between a Christian nation and a nation of Christians.

The nations of the world continue to bolster their arms programmes, but nobody yet has offered to pillow the taxpayers.

When does that peace they are talking about begin in Europe?

A dictator's main business seems to always be angry about something.—Brandon Sun.

Princesses Elizabeth and Margaret Rose, London announces, will not accompany the King and Queen on their visit to Canada next summer. Not even if we lend 'em Doc Dafeo for the three weeks?—Windsor Star.

If we could be rid of the cocksure radio commentator there would be far less tension and excitement and misinformation over the course of international affairs.—Brockville Recorder and Times.

The one million dollar suit against Dr. Dafeo was dismissed in Chicago last week. It was, after all, quite a compliment to a township medical health officer drawing \$150 per year.—St. Catharines Standard.

There was a man selling liniment on the market here recently, and apparently it would cure anything that ailed anybody. When a man has something like that he ought to go in for politics.—Peterborough Examiner.

We invariably impose on our friends; our enemies wouldn't stand for it.—Quebec Chronicle-Telegraph.

Judging from Premier Hepburn's latest remarks, the next in line for dismemberment is Mr. King.—Toronto Saturday Night.

Flattery is ninety per cent. soft soap. And soft soap is ninety per cent. lye.—Guelph Mercury.

To judge a man's worth add what his mother thinks of him, what his wife thinks of him and what his stenographer thinks of him and divide by three.—Fort Erie Times-Review.

Mary Pickford, when the war crisis was on, said the women of the world should try to stop it with a sit-down strike. However they helped to do it with a kneel-down strike, instead.—Chatham News.

It is said for Mr. Hepburn that his fine farm gives him a stake in this province. A stake smothered in onions, no doubt.—Toronto Star.

### SO THEY SAY

No power on earth can ever again tear Germany apart.—Governor Seys-Ingrat, Austria.

If you ask me the difference between Russian Bolshevism and German National Socialism, I cannot for the life of me tell you.—George Bernard Shaw.

I think we are in for a steady increase in employment in all lines of activity.—Aubrey Williams, deputy WPA administrator.

His Excellency is too clever. He could guess the murderer on the first page.—Lady Tweedsmuir, wife of the Governor General of Canada, on her husband as a detective story reader.

Communism is the child of order and construction, and we can trust in time for a favorable creative adjustment between Communism and democracy.—Dr. John Haynes Holmes, of New York.

#### FOR THE PUBLIC HEALTH

(The Sphinx, Cairo)

The Minister of Education, Dr. Hussein Heikal Pasha, has suggested a special stamp issue to raise funds for the fight against tuberculosis in Egypt. The question of public health in Egypt is so enormously important, in view of the fact that modern conditions, ignorance and neglect have definitely classed Egypt as a "C3" nation, that the small funds that the Egyptian Budget can afford for health work are merely a drop in the ocean. Something much more drastic than issuing stamps is needed to bring in the money the Ministry of Health must have to make Egyptians fit. Now that the country is trying to take over the responsibility for its own defence, the need is doubly great. At the present moment there are a great number of benevolent societies, undoubtedly doing fine work, but it is scattered endeavour. Funds are raised for it by lotteries, more or less successfully run. Enormous sums of money must be invested in these lotteries yearly. The Government has considered the matter of a State lottery, but principally, one understands, for a purpose of raising funds for military expenses. We venture to suggest that the scheme should be proceeded with, but to raise funds for health work. A State lottery would inspire more confidence in buyers of tickets; a single lottery would have more attractive prizes; the benevolent societies could be allotted funds from the proceeds; and there would still be a considerable revenue per annum for the vital work of making Egypt an A1 nation.

#### SAFETY FIRST

(Detroit Free Press)

American airlines have taken a very sensible step to prevent accidents during the cold weather flying season.

They have agreed to stop competitive flying when weather conditions are dangerous.

All rival lines, that is to say, will cancel scheduled flights on a specified route if the dispatcher for any line using that route decides flying conditions are not safe.

Safety is what the airlines seek, safety for their property and for the lives and property of passengers and pilots, and they have discovered that most crashes that have hampered the growth of their business have occurred during periods of difficult weather.

The decision to pool their interests in this connection, and not to gamble with death in an effort to beat the other fellow, should have the effect of still further increasing public confidence in plane travel.

#### NEW ZEALAND'S IMMIGRATION NEEDS

(The Otago Times, New Zealand)

It is patently more desirable that the empty spaces of the Dominion should be filled by selected migrants of a sturdy and acceptable type than that action should be delayed until less desirable and racially-uncongenial newcomers must, by invitation or upon demand, be admitted. The Overseas Settlement Board is emphatic in insisting that immigration cannot be regarded as a cure for unemployment or depression, and that it must not be made use of as a bargaining instrument—the possibility upon which the New Zealand Prime Minister's mind immediately fastened when the summary of the report was referred to him. But Mr. Savage's comments were unhelpful, not to say platitudinous, it is easier to admit the sound premises upon which the report is grounded than to conceive a sufficient

### WORDS OF WISDOM

Whether you be a man or woman you will never do anything in this world without courage. It is the greatest quality of the mind next to honor.—James L. Allen.

Justice and power must be brought together, so that whatever is just may be powerful, and whatever is powerful may be just.—E. F. Benson.

The essence of courage is not that your heart should not quake, but that you should know that it does.—E. F. Benson.

Gratitude is a duty none can be excused from because it is always at our own disposal.—Charron.

In the deepest night of trouble and sorrow God gives us so much to be thankful for that we need never cease our singing. With all our wisdom and foresight we can take a lesson in gladness and gratitude from the happy bird that sings all night, as if the day were not long enough to tell its joy.—Samuel T. Coleridge.

All God's pleasures are simple ones; health, the rapture of a May morning, sunshine, the stream blue and green, kind words, benevolent acts, the glow of good humor.—F. W. Robertson.

Ability is as requisite to execute a great enterprise as capacity to devise it.—H. Taylor.

## McKENNEY ON BRIDGE

BY WM. E. MCKENNEY, Secretary, American Contract Bridge League

### WHAT GRADE WOULD YOU GET, IF YOU TOOK A BRIDGE EXAMINATION?

How good a bridge player are you? Average, good, expert? Today, I present the first of a series of twenty-four daily self-examinations in contract, to give you an accurate rating of your skill. Your "better half" or your best friend won't tell you.

Each problem contains four major points of ordinary bridge technique. Start with a 100-point score. If you miss any one of the four points deduct ten points. Thus if you miss two questions you score 80, a "good" rating; 90 points show expert play; below 80, average. Each problem is a separate quiz. You may work one, or a dozen, or all 24 to get your rating.

In addition, each hand contains one or more instances of "expert play." If you make all of these plays you get a full, expert ranking.

Here's the first problem. The answer will appear in the next issue of this newspaper.

South opens with one diamond.

1. What is North's bid?
2. Should South bid diamonds again? or spades?
3. Should South go to game?

There are two expert plays in this hand. Keep count of the expert plays you make.

At New York's Cavendish Club, one of the first card clubs in the country to admit women to membership on equal terms with men, some of the world's acknowledged stars

gather to pit their skill against their opponents. In the opening duplicate game of the season this year there was one deal so freakish that almost anything could happen, and, in fact, it did.

Most players with the South hand reached some contract in spades, only to be beaten before they obtained the lead, having the unusual experience of seeing two singleton aces fall prey to little trumps held by opponents.

South reasoned that at most he could lose three tricks, even with a passing partner. It is easy to see what happens in the contract.

East ruffed the opening lead and South's blank ace fell. The club king was returned, and West ruffed the ace from South's hand. Now West laid down the ace of hearts and followed with another heart, which East won and returned a club, permitting West to cash his remaining spades.

Thus South won eight tricks on a contract to win ten, and went down 1000 points.

Even this was not top for East and West. One player made six clubs, doubled with the East hand, when South opened the diamond ace, and shifted to a heart when he won the ace of trumps.

### THE WORD BOYCOTT

(Christian Science Monitor)

Back in 1880 Captain Charles C. Boycott served as the manager of a large estate owned by the wealthy Lord Erne. Though the Irish peasants tended the crop well Boycott pinched them unmercifully so that their share would be reduced and the share of the landlord correspondingly increased. Then the tolling farmers rebelled. When the crops matured nobody harvested them. His servants deserted him. The tradesmen of the community absolutely refused to sell anything to him. These simple folk of County Mayo contributed a new word to the English language.

### LET'S HAVE A LAW

(Los Angeles Times)

Legislation for human welfare will never be complete until it embraces provisions for compulsory rest cures for returned summer vacationists. A man who aches all over from hauling big fish out of the water and whose imagination and tonsils are frayed from telling about the bigger ones that got away can't be expected to hit the ball day after day or to drag himself back to office, factory or store. A three weeks' rest after a two weeks' vacation would be just about right.

### EMPIRE IN DANGER

(Bolschischer Beobachter, Berlin)

There was a time when Britain defended every Briton's safety with all the power of her military might. Since the Great War, however, Britain has lost her leading position and got accustomed to all kinds of incidents. But things now have gone too far to be ignored. The interests of the United Kingdom and the whole Empire are in danger. We Germans have warned the British of the consequences of their refusal to cooperate with us on the occasion of the Leipzig incident. This has shown that we were right. But now the British lion is awake at last, the damage can be repaired.

Why dost thou wonder, O man, at the height of the stars, or the depth of the sea? enter into things own soul and wonder there.—Quarles

**SERVE FISH MORE OFTEN, IT'S CHEAPER**  
Every part of the country has its fish specialty. In Florida it's pompano and fried shrimp; shrimp gumbos and Creole dishes along the Mississippi; turtle soup in Virginia and Maryland; clam broths and baked or broiled cod in Massachusetts; lobster stew in Maine.  
Still, housewives in general are not familiar enough with wholesome, economical seafood, according to the United States Bureau of Fisheries.  
This department, with retail dealers, are doing everything possible to make any day of the week a "fish day"—not just Fridays and special days designated religiously. They are giving away collections of recipes on fish cookery and directions for buying and handling.  
Markets are offering fish specialties that every homemaker with a budget should investigate.  
The following fish dishes are substantial and unusually flavorful:  
**FISH WITH SHRIMP STUFFING**  
1 1/2 pound cod or haddock  
1-3 cup chopped onion  
1/2 cup chopped celery  
4 tablespoons butter  
2 cups soft bread crumbs  
1/2 pound fresh shrimp, cooked and cleaned  
Salt, pepper, bacon  
Have the fish dressed at the market for baking. Wipe with a cloth wrung out of cold water. Sauté the onion and celery in the butter until tender but not brown. Add the crumbs and brown lightly. Add the shrimp, which have been shredded. A 5 1/2-ounce can of shrimp may be used if fresh shrimp are not available or you haven't time to prepare them.  
Stuff the fish with this mixture and sew or fasten together with toothpicks or special skewers. Sprinkle well with salt and pepper and lay strips of bacon over the fish. Bake in a hot oven forty-five minutes, covering during the last fifteen minutes of cooking if the bacon begins to brown too much. Serve immediately with a garnish of parsley and lemon or tomato wedges.  
**NORWEGIAN FISH PUDDING**  
2 pounds fresh haddock  
2 teaspoons salt  
1/4 teaspoon pepper  
A dash nutmeg  
2 tablespoons flour  
2 eggs  
3/4 cup butter  
3/4 cup cream  
Put the fish through the food chopper five times, using the finest knife. Stir in the seasonings and flour. Beat in the eggs, one at a time, then the softened butter. Add the cream gradually, beating until light. Turn into a greased casserole and bake in a moderate oven about one hour. Turn out, slice and serve with a well seasoned cream sauce to which capers have been added.  
**SALMON ROLL**  
Crust:  
2 cups sifted flour  
2 teaspoons baking powder  
1/2 teaspoon salt  
3/4 cup shortening  
1 egg, well beaten  
1/2 cup milk  
Filling:  
1 1/2 cups flaked cooked or canned salmon  
3/4 cup milk  
2 tablespoons chopped onion  
1 1/2 tablespoons chopped parsley  
1/2 teaspoon salt  
Mix and sift the dry ingredients. Cut in the shortening. Mix the beaten egg and milk and add to the dry ingredients, mixing until a soft

AT 13 — DEANNA GROWS UP — AT 15

Sweet-voiced Deanna Durbin of the movies was just thirteen when the picture at left above was taken as she started on the road to stardom. She has come far and fast in the two years since. And she has "grown up" too—witness the new picture at right of a mature young lady dressed in the height of fashion.

dough is formed. Turn onto a lightly floured board. Knead and roll out to 1/4-inch thickness. Combine the ingredients for the filling and spread over the dough. Roll as for a jelly roll.  
Cut five slashes across the top and pinch the ends securely together. Slip carefully onto a greased baking sheet. Bake in a very hot oven ten minutes. Reduce the heat and bake twenty minutes longer. Serve at once with a good cream sauce to which 1/2 cup grated American cheese has been added.

**Marriages**  
**BAILEY—McKAY**  
Lemesurier, Oct. 24.—The marriage of Christina Beryl, daughter of Mr. and Mrs. Leslie G. McKay, of Cookshire, to Raymond Gilbert, only son of Mr. and Mrs. Gilbert Bailey, of Lemesurier, took place quietly in Chalmers United Church, Quebec, on Wednesday, October 5th, at two p.m. Rev. J. MacLean Beaton, pastor of Chalmers Church, Quidor, officiated.

The bride wore a navy silk dress and hat and coat of the same color, with trimmings of light gray fur, and navy accessories. She was attended by Mrs. Gordon Nutbrown, sister of the groom, as matron of honor, who wore a brown silk dress with coat and hat to match and brown accessories. Mr. Gordon Nutbrown, brother-in-law of the groom, was best man.

On the return of the bridal couple from their honeymoon an informal reception was given by the groom's parents in the Lemesurier community hall, which had been artistically decorated for the occasion.

Mr. and Mrs. Bailey were greeted with strains of the wedding march and showers of confetti. The bride was dressed in a floor-length blue taffeta gown with corsage of rosebuds and streamers of velvet ribbon of the same shade.

Music and dancing provided the entertainment of the evening after which delicious refreshments were served. The bride's table was decorated at each end with tall white tapers in silver candlesticks and centered with a prettily decorated wedding cake.

The numerous wedding gifts were both beautiful and useful.  
The out-of-town guests included Miss Ruth Elliott, of Melbourne, who acted as bridesmaid for the evening; Mr. William McKay, of Cookshire, brother of the bride, who was best man; Mrs. L. G. McKay, of Cookshire; Mrs. D. N. Smith, of Gould; Miss Jean McKay, Mr. Jerry McKay, Mr. and Mrs. Harold Donaghy and the Misses Margaret and Beatrice Savage, all of Sherbrooke; Mr. and Mrs. John Beattie and Mr. Aidon Beattie, of Lennoxville; Mr. and Mrs. Tom Beattie, of Cookshire; Mrs. Kate and Mr. and Mrs. Walter Glidden, of Lawrence, Mass.; Mr. George Boullard, of East Ryegate; and Mr. Willie Church, of New York.

Mr. and Mrs. Bailey will reside in Lemesurier.

**BIRTHDAYS OF NO SIGNIFICANCE**  
Ogdensburg, N.Y., Oct. 24.—(P)—Mrs. Henry Bushey's observation on her 106th birthday is "it is a great life." No celebration marked the anniversary yesterday for, said Mrs. Bushey, "birthdays have been so numerous to me that another one is of no special significance."

well, and then this happens. Why? What for?  
"I had a pretty good shop and a nice little business, enough to get me three squares a day, put a roof over my head and buy the wife a new dress at Christmas. Sam had a good job with the street car company and Bill was supporting himself as a waiter while he studied law at night school. Mary was going to marry a nice boy who worked for the city—and now look at things. The shop's shut up, probably looted by now or bombed; the roof may be off the house if there is one left; we have not eaten for days, and my wife will be lucky if I can wish her a Merry Christmas this year. And the boys—all they've worked for and dreamed about is gone, maybe they are dead right now."

**JOE REFUGEE GETS WEARY FLEEING FROM WARS**  
Since he hasn't a name, I will call him simply Joe Refugee. There are millions of Joe Refugees these days. You can find them in China fleeing the Japanese, in Spain fleeing Franco's Moors, in Germany and Austria fleeing Nazis, in Sudentland fleeing because they are Germans living in German country. Joe Refugee is about fifty years old, and his wife, Mrs. Refugee, is a few years younger. They have two boys, Sam and Bill, aged nineteen and twenty-one, respectively, and a daughter Mary, nineteen. Mary is engaged to be married, but the "war" has postponed her marriage. The boys are in uniform, and right at the moment are being educated in how to throw a bomb accurately.

Joe travels in many ways. Sometimes, if he is lucky, he crowds into jammed railway cars with his wife and daughter. There are thousands like him, all hungry, tired, weary and hopeless. Other times Joe leaves his home in a battered jalopy or a cart. If he happens to be Chinese, or European, for that matter, he often acts as the horse for the cart. But usually Joe just goes about his old business of fleeing on foot with a hatful of possessions in one hand and the other about sobbing Mrs. Refugee, who never seems to get used to the bad business Joe's in.

Joe's hobby is wondering what it's all about. He is kind of dumb. He doesn't understand things. Says Joe to himself:

Mr. and Mrs. Bassett and party were dinner guests of Mr. J. K. Merty at St. George's Club and later attended the Horse Show.

**CAMPAIGN ENDS SUCCESSFULLY; ARTISTS NAMED**

With Over 700 Members Subscribed, Sherbrooke Community Concert Association Selected Artists at Close of Campaign on Saturday Evening.

That marvelous success had crowned the efforts of the Sherbrooke Community Concert Association during its intensive week's campaign was announced by Mrs. F. H. Bradley, president, on Saturday evening after the books were closed.

The president's statement that the membership was well over seven hundred was cheerfully received by the canvassers, who with members of the executive, awaited with suppressed excitement the results of their hard week's work. The artists selected for this season's series of concerts include Rose Bagnato, leading soprano of the Metropolitan Opera Company, who will be here on November 30th, while for the second attraction Carlo Goya, Spanish dancer, with Beatrice Burford, harpist, will be here on February 15th.

The date of the third concert, starring Reginald Stewart, pianist, conductor of the Toronto Symphony Orchestra, and Marcel Huber, violinist, is not yet decided, but will be during the latter part of March or early in April. All concerts this season will be held in the Granada Theatre, another "feather" in the caps of the organizers to whom the citizens of Sherbrooke owe much for bringing these notable artists to this city, thus making it possible for lovers of art and music to enjoy rare and beautiful entertainments hitherto beyond their reach.

**You And Your Child**

**CHILD WHO ASKS QUESTIONS WANTS SPECIFIC REPLIES**

Whenever little Jimmy is told to wash his hands he asks, "Why must I wash?" Spoken in his sing-song baby way, the question sounds as if he were asking it without interest and to try mother's patience. The answer, "Because your hands are dirty and we don't eat with dirty hands," would appear to be satisfactory from the adult standpoint. But the child's mind probes further. "Why don't we eat dinner with dirty hands?" Instead of merely saying, "They're not nice," and possibly provoking a further why—"Why aren't they nice?"—try to give a more accurate explanation. One could suggest the relationship between dirt and disease by saying, "The dirt will get on your food. If you eat dirt, it might make you sick."

The young child's ignorance of facts as obvious as this is often overlooked. He learns to talk at an early age. Because of this, parents frequently are inclined to forget that he is still an infant, and they assume, in dealing with him, that he knows considerably more than he does.

The period of infancy lasts until the age of seven. Regarding the child under seven as an infant inclines the parent more toward teaching than disciplining. The preschool child will be seen then as one who must learn everything from the ground-up.

It might be well to point out that the young child's mind is only in experience. He is a reasoning creature, in spite of many pointless questions and in spite of the fact that he may sometimes ignore our answers. When the same question is repeated over and over, it is a sign that the answer given has failed to satisfy his intelligence.

After all, the repeated need for washing or whatnot does interfere with his freedom. He has a right, therefore, to find out why he is expected to conform before complying willingly. The same old answer won't do. Be more specific.

kings and S. M. Paize attended the district meeting of the I. O. O. F. in Quebec City.

Mr. and Mrs. John McCubbin motored to Montreal where they spent a week-end.

A delightful party was held in the hall of St. George's Church for the Sunday School children.

## GRANBY COUPLE FETE WEDDING ANNIVERSARY

Mr. and Mrs. Charles H. Bradford Entertained Upon the Occasion of the 35th Anniversary of Their Marriage — Granby General Notes.

Granby, Oct. 24.—Mr. and Mrs. Charles H. Bradford quietly celebrated the thirty-fifth anniversary of their marriage by having their son, Mr. C. Howard Bradford and Mrs. Bradford, of Waterloo, and Mr. and Mrs. C. W. Miller as supper guests. About eight o'clock, much to the surprise of Mr. and Mrs. Bradford, guests began arriving until about twenty relatives had assembled to offer congratulations and good wishes on this memorable occasion.

A handsome woinut tea wagon was wheeled in, and Mr. H. G. Samble made the presentation, which was accompanied by an appropriate address.

Both Mr. and Mrs. Bradford expressed their appreciation and thanks for the gift. Delicious refreshments were served during the evening.

## "UPSIDE-DOWN" GIRL GROWS UP, PRETTY — AND RIGHT-SIDE UP

Unthought fame came to Alyce Jane McHenry three years ago when, as the ten-year-old "upside-down girl" of Omaha, Neb., at left, she underwent a sensational operation to turn her stomach right-side up. Today, normal, pretty, healthy — and quite grown up—she seeks new fame as a singer. Alyce is pictured above practising in New York, where she is studying under Joan Edwards, soloist with Paul Whiteman's band.

## INDUCTION OF INCUMBENT AT LAKE MEGANTIC

**Rev. R. G. Rowcliffe Inducted into Mission of Lake Megantic, Ditchfield and Three Lakes by Archdeacon of St. Francis.**

Lake Megantic, Oct. 24.—Rev. R. G. Rowcliffe, B.A., was inducted into the mission of Lake Megantic, Ditchfield and Three Lakes. A large congregation gathered in St. Barnabas Church to witness the ceremony.  
 Ven. A. Jones, archdeacon of St. Francis, conducted, assisted by Rev. O. Berry, of Sherbrooke, and A. F. G. Nichol, a former incumbent.

After the reading of the Bishop's mandate by the archdeacon, the new priest-in-charge reaffirmed the oaths and declarations which he had previously taken. Rev. A. F. G. Nichol read the Bishop's license.  
 The archdeacon recited the words of the induction, and the church warden, Messrs. J. Kelly and H. A. Martin, presented Rev. R. G. Rowcliffe with the key of the church and with the Archdeacon, conducted the new incumbent to his seat.

The archdeacon preached a forceful sermon. Taking the service of our Lord as the highest ideal of the Christian, he stressed the need for very careful and prayerful work on the part of the clergy and the fullest co-operation on the part of the laity.  
 The organist was Mrs. Leon Randall, and Miss E. Kelly was responsible for the decorations of the altar.

**General Notes**  
 The October meeting of the Ladies' Guild of St. Barnabas Church was held at the home of Mrs. H. A. Martin. During the business meeting plans were made for the annual Halloween card party. Refreshments were served by the hostesses, assisted by several of the members. Messrs. Wilbur, Alton and E. E. Moore and Miss Evelyn Moore were guests of Mr. and Mrs. Alton Pick in Sherbrooke.  
 Mrs. Martha Leavitt, of Montreal, was a week-end guest of Mrs. Nellie Beaton and Mr. and Mrs. J. N. Martin.  
 Rev. A. F. G. Nichol and Miss Louise Stevenson, of Hatley, were guests of Mr. and Mrs. W. J. Kelly. They were accompanied by Mrs. William Wood on their return.  
 Mr. and Mrs. S. Beaton were in Bury one day recently.  
 Miss Joan Halls spent a week-end with her parents, Mr. and Mrs. F. E. Halls, in Lennoxville.

**Country And Dairy Products Prices**  
 Montreal, Oct. 24.—The butter market at the week-end was dull and, if anything, a shade easier tone. There were no spot sales or quotations at the Canadian Commodity Exchange. One November future sold at 22 1/2c. Futures closed unchanged at 22 1/2c to 22 3/4c for November, 22 1/2c to 23c for December and 23c to 23 1/2c for January. The open spot butter market was 23 1/4c to 23 1/2c, while small lots to the retail trade were quoted by jobbers at 24c to 24 1/2c for solids and 24 1/2c to 25c for prints.  
 During the week spot prices held fairly steady while futures declined. Dealers point to heavier stocks than a year ago, although admitting the floating supply at the moment is tightly held. It is pointed out that considerable interest will attend the trend of prices in the immediate future. In the past seven years prices have never failed to rise during November and December, but because of the stock situation the question arises will the usual trend be followed this year.  
 The open cheese market was 14c to 14 1/4c for Ontario and 13 1/2c to 13 3/4c for Quebec. At the Commodity Exchange to arrive Quebec white was offered at 13 1/2-16c, while Quebec colored was offered at 13 1/2-15c.  
 The egg market was easier, with graded shipments arriving on spot selling in free cases at 41c for A-large, 38-39c for A-medium, 30c for A-pullets, 26c for B, and 20c for C. Offerings at the Commodity Exchange were at 41c, 38c, 30c, 26c and 21c respectively. Small lots to the retail trade were quoted by jobbers in cartons, and one cent to two cents less for loose, per dozen, as follows: A-1 large, 53-55c; A-1 medium, 50c; A-1 pullets, 40c; A-large, 47-48c; A-medium, 45-46c; A-pullets, 35-36c; B-large, 34c; B, 32c; C, 24-26c.  
 The potato market was 82c to 87c for New Brunswick, No. 1, 75-80c for No. 1 Quebecs, and 60c to 70c for No. 2 Quebecs, per 80-lb bags.  
 The poultry market was quoted to the retail trade by wholesale jobbing houses as follows on A-grade dressed stock, B-grade being one cent to two cents per lb. less: Turkeys, 120-132c; milked chickens, 27-30c; selected chickens, 21-27c; selected fowl, 20-23c; Brome Lake ducklings, 26c; domestic ducks, 21c.

**ANNIVERSARY WAS MARKED BY SUTTON CHURCH**  
 Rev. A. B. Lovelace, of Farnham, Traced History of Sutton United Church At Special Services.

Sutton, Oct. 22.—The church anniversary services were held at the United Church, when Rev. A. B. Lovelace, B.A., B.D., of Farnham, was the preacher.  
 Methodist preaching was begun in Sutton by the famous Lorenzo Dow in 1799. Rev. Mr. Lovelace said. The Dunham Revival was organized in 1806, of which Sutton was an appointment. A Methodist preacher has therefore been serving the community over one hundred and thirty years. Sutton was made the head of a new circuit in 1855, and the present building was erected in 1877. Sutton United Church has a long and honorable history behind it, and its people today should endeavor to pass it on to the next generation as they received it from the last. Recently repairs have been made to the basement of the church, and more are contemplated.  
 The annual supper was a fine success, nearly four hundred people attending.  
 All the ladies concerned deserve great credit for the efficient way in which they organized and served the supper.

**General Notes**  
 Mr. and Mrs. William Buck, of Newport, were recently visiting friends in this village.  
 Miss Ruby Woodard, Miss Geneva Harvey and Mr. Donald Martin, of Knowlton, spent a week-end with friends at Huntingdon, and visited Montreal on their return trip.  
 Mr. Kenneth Couser and Mr. and Mrs. Merritt Longway were visiting friends at Knowlton.  
 Miss Jessie Niblock, of Montreal, spent a week-end at her home here.  
 Mr. Earl Niblock, Miss Jessie Niblock and Mrs. Percy Webster motored to East Barmet, Vt., and spent a day with Mr. Ernest Niblock and family.  
 Mr. John Hopkins has returned from a visit with his daughter, Mrs. Hollis Billings, of South Deerfield, Mass. His son, Stewart, accompanied him.

CHURCH HOLDS FALL SERVICES AT SCOTSTOWN

Fine Sermons Heard At Three Services Held In Connection With Fall Communion At United Church.

Scotstown, Oct. 22.—The first of the three preparatory services in connection with the fall communion was held at St. Andrew's United Church, the guest speaker being Rev. R. B. McAmmond, of Knox Church, Megantic, who gave an inspiring address on the topic "Blessed are the pure in heart, for they shall see God," from Matthew, 5-6.

In introducing his subject Rev. R. McAmmond referred to an impressive address he had heard in Kingsley Hall, Union Church, London, when on his return to Shanghai in 1928. It was given by Muriel Lester, and she stressed the question, "Do you enjoy God?" The speaker went on to emphasize the happiness in the Christian life resulting from fellowship with God.

At the second service the preacher was Rev. J. M. Beaton, of Chalmers Church, Lincoln, who gave his address on first Corinthians, 11-2, which reads, "Now I praise you brethren that ye remember me in all things and keep the ordinances as I delivered them to you." Mr. Beaton gave a helpful and instructive discourse on the ordinances, or means of grace—prayer, fasting, and the sacrament of the Lord's Supper and the keeping of same.

The third service was conducted by the pastor, Rev. C. J. Gustafson, who spoke on the text, "Now Jesus turned and saw them following and said unto them, 'What seek ye?'" He dealt with the need of self-examination and for fixed principles and ideals by which Christians could guide their lives. As the disciples of old found these standards in Christ so his followers of today must find them in His spirit.

Rev. C. J. Gustafson conducted the very impressive communion service, using for his text, "Now Jesus was leaning on Jesus' bosom one of his disciples whom Jesus loved." His subject was the "Inner Circle" in which he dealt with the disciples as forming a circle of friends and helpers of Christ, the three disciples, Peter James and John, who formed an inner circle, and finally, of John who was closest to Jesus and called the disciple whom Jesus loved.

The speaker stressed the blessedness of being in Christ's inner circle and stated that it was within the range of all, but that surrender, sacrifice and such communion with God were necessary to attain this desired place.

# HIGH SCHOOL TEAM HITS VICTORY STRIDE

## Shows Terrific Form Reversal In 8-6 Win

### Glory Days of Sherbrooke High Revived as Fighting Outfit Hands Startling Setback to Commissioners' High School of Quebec—Barfield Leads Team-mates with Brilliant Display.

Handing local football fandom a great surprise and Commissioners' High School of Quebec a decided shock, the Sherbrooke High School twelve battled to a thrilling victory over the Ancient Capital representatives by the score of eight to six in an exhibition game played Saturday afternoon on the Parade Grounds.

Sheer fighting spirit, the like of which a High School squad has not shown for a long time, brought Coach Elton Barfield's indomitable team to victory. Outweighed by many pounds along the line and in the backfield, the local players refused to step back from their heavier opponents, and actually rendered several of them hors de combat for a few minutes.

Leading the School to victory were Don Barfield, sure-handed half, Art Wright, his running mate in the rear sector, and Cliff Willis and Paul Fontaine, husky linemen.

In on practically every tackle, and totting the pigskin through the line for frequent gains, Fontaine and Willis set an example which their team-mates were quick to follow, and the result was that Sherbrooke High School was fighting in a manner similar of the days when the local scholars ruled the Eastern Townships interscholastic roost.

Barfield chalked up seven of Sherbrooke's eight points, booting a pretty field goal from a difficult angle ten yards out, nailing a Quebec ball-carrier behind his line on a play that started from the Quebec one, and scoring two rouges on attempted placements. Jeff Wilson booting the additional point.

With Fontaine and Bishop doing the tossing, Sherbrooke High opened up the encounter with a remarkably effective forward passing attack, Barfield and Wright pivoting their thrusts out of the ether for valuable gains on several occasions.

For the Quebec boys, badly battered as a result of the forty-seven to nothing trimming handed them the day before by Stanstead College, Quarterback Hugh Blair, halves Bill Ott and Dick Cornell, and Captain Bob Larsen, tall middle, were outstanding.

The Quebecers chalked up the only major score of the game in the closing minutes of the opening quarter. Bill Ott, on the end of a Blair to Cornell to Ott extension play, carried the ball over from the High School twenty-three-yard stripe without a man laying a hand on him. Quebec's other point came at the start of the second half as Larsen's mighty kick-off slipped behind the Sherbrooke lines as a result of sloppy work in the local backfield, went for a rouge and broke a five-all deadlock which had existed when the whistle announced the end of the opening thirty minutes.

With the first victory for a Sherbrooke High School football team

in the last two years under their belts, (the win, incidentally, gave Sherbrooke its first triumph over Commissioners' in three seasons), the Butler brigade are pointing to the clash with Lennoxville High Wednesday which will inaugurate their interscholastic League schedule.

Line-ups: Sherbrooke: f. wing Quebec; Wright half; Stevens half; Wilson half; Stevens half; Bishop quarter; Heath snap; Pankovitch inside; MacLean middle; Fontaine middle; Clowery outside; Jves outside; Sherbrooke alternates: Miller, Wood, Kellett, Campbell, Brooks. Quebec alternates: Percival, Bate, Stevens, Begley, Ross, Richard, Gauthier. Referee: K. A. Bryce; umpire, R. Tomlinson; head linesman, Doug Wootton.

### SATURDAY'S RESULTS

Sherbrooke High School, 8; Commissioners' High School, 6.  
Lennoxville High School, 17; St. Lambert High School, 15.  
Bishop's College School, 63; Lower Canada College, 0.  
Loyola, 30; Bishop's, 1.

### SHERBROOKE WINS SOCCER TILT WITH LENNOXVILLE

With Clint Gardiner punching in three goals and Johnny McNally celebrating his return to action by scoring twice, the Sherbrooke soccer eleven defeated Lennoxville eight to nothing in the first game of the reorganized St. Francis Valley League, composed of Sherbrooke, Lennoxville and Bishop's.

Sharing prominence with Gardiner and McNally were Gillam, outside-left, and E. Roach, inside-left, the former scoring once and the latter twice.

Line-ups: Sherbrooke: Twyman, goal; Taylor and Ross, full-backs; G. Head, C. Head and Spanswick, halves; McNally and Roach, insides; Caygill and Gillam, outsides; Gardiner, centre.

Lennoxville: Langworth, goal; Rush and Saunders, full-backs; Jones, Edwards and Steers, halves; Smith and Hughes, insides; Findlay and Hastings, outsides; Sherlock, centre. Referee: G. W. Taylor.

Fight fans should not forget this: Gunner Bacland will be back in the heavyweight picture almost before you can say "Jack Robinson."

The Pirates must do something about it, so Pie Traynor has started bidding for Al Lopez (and here's a modest \$1 bet he doesn't land him).

## ORFUNS UPSET IMPERIALS IN TIGHT BATTLE

### Experts Dumfounded By Three-Two Victory of Peterborough, First-Year Senior Club—McGill and Nationals Head Leagues.

The shocks in the east's most thrilling football Saturday of the season reverberated over the section today amid the confusion resulting from an upset unrivalled since Winnipeg Blue Bombers slapped mud in Hamilton Tiger faps to win the national championship in 1935.

Experts are still trying to put themselves together after the amazing three to two victory Peterborough Orfuns, a first year senior club built around intermediates, scored over the mighty Sarnia Imperials. The thrills in Toronto Argonauts' ten to six triumph over Ottawa Rough Riders and a four to three win for Montreal Nationals over Toronto Balmy Beach still had the fans dizzy.

These were the outstanding results in a day that saw Queen's tricolor all but dethroned as intercollegiate champions by losing seventeen to five to McGill while University of Western Ontario took a three to two decision from University of Toronto at London and Hamilton Tigers scored their first win of the season, seventeen to three over Montreal Cubes.

Imperials, champions of the O.R.F.U. for seven straight seasons, had been expected to rout Peterborough coached by a one-time Balmy Beach star Bill Irwin. Orfuns, who blucked an odd veteran from Toronto teams to lend a measure of experience to their youngsters, had set themselves a three-year campaign to rise to the calibre of Imperials.

But they had everything Imperials possessed Saturday. They fought for and made their break through three minutes to go when the heavy, hard-charging line smashed through to break up a Stirling kick on the Imperial 45. Leo Deady raced thirty yards to the fifteen with the loose ball and Ford (Mike) Loucks, with 3,000 home town fans dead silent, calmly booted the winning placement field goal.

Amis Stukus paced Argonauts to the victory that gave them leadership of the Big Four and sent rough favourites into second place. Stukus, a big quarterback whose steadiness has featured Argos' play for five years, scored all their points on a field goal, single, touchdown and convert.

Stukus waited until four minutes remained and the 18,000 fans jammed inVarsity Stadium had cancelled Riders a six to four win to pull off his thrilling touchdown play. He picked off a twenty-six yard pass from Doug MacPherson at centrefield shook off three Rider tacklers and raced fifty-five yards for the try.

### PITTSBURGH, FORDHAM AND NOTRE DAME UNDEFEATED

New York, Oct. 24.—(AP)—On a day when one-point and one-touchdown margins of victory were the rule rather than the exception the undefeated football teams of Pittsburgh and Fordham performed Saturday as if under orders to furnish added build-up for a game that already shaped up as one of the best or most week-end's United States college programme.

The Panthers swamped Southern Methodist thirty-four to seven, striking through the air for two touchdowns. Fordham led go with both barrels to crush Oregon twenty-six to nothing.

The Rams' invasion of Pittsburgh next Saturday should be a sight worth travelling miles to see. It appears that this is the year when Pitt and Fordham will end their three-year string of scoreless ties.

While the "one-team" Panthers and the Rams were running riot, elsewhere throughout the country fully two-thirds of the major games found winners holding only narrowest of margins at the finish.

Among them were Michigan in the east, Notre Dame in the mid-west, Louisiana State and Duke in the south, Rice in the southwest and California on the Pacific Coast. The Wolverines nosed out a gallant Yale team, fifteen to thirteen, the Irish continued unbeaten and dropped Carnegie Tech from the undefeated ranks with a seven to nothing triumph; L.S.U. scored in the last quarter and Duke in the first to beat Vanderbilt and Wake Forest, respectively, by seven to nothing counts. Rice, playing its first conference game, gained its first victory and handed Texas its fifth straight defeat, thirteen to six, and California, ringing up its sixth consecutive triumph, scored on Washington fourteen to seven.

New York alone had three of its teams beaten by failure to convert after touchdown.

Columbia, despite the fact Sid Luckman hit the bull's eye with seventeen passes in twenty-nine attempts, bowed to Pennsylvania fourteen to thirteen; Manhattan fell by the same score before undefeated Georgetown, and New York U. was upset for the second straight week, this time by Lafayette, seven to six.

You could have knocked us for a long way the Yalies did after Michigan in the first half Saturday.

Waite Hoyt, the pitcher, is doing a nifty job as sports spieler over a New York station.

## MANY RECORDS SHATTERED IN RICHMOND MEET

### Danville, Drummondville and Richmond Athletes Share Spoils in Annual St. Francis Valley Inter-School Track Meet.

Richmond, Oct. 24.—Ideal weather conditions prevailed for the annual inter-school track meet of St. Francis Valley Schools which approximately one hundred athletes from Richmond, Danville, Asbestos, Windsor Mills and Drummondville participated in the various events. Competition was exceedingly keen and many new records were established, providing the spectators with many thrilling moments.

The Richmond juniors led the junior boys' and junior girls' classes. The junior boys obtained eighteen points out of a possible thirty-six and the junior girls twelve out of a possible twenty-seven.

The Danville senior boys carried off the honors in their class, chalked up nineteen points out of a possible sixty-three.

Drummondville headed the intermediate boys' and senior girls' classes, the intermediate boys obtaining thirty-three points out of a possible fifty-four and the senior girls nineteen out of a possible twenty-seven.

Charles Illick of Drummondville led the senior boys' class with fifty-two points, winning the 100 yards, 220 yards and pole vault, all establishing the fast time of 10.4 seconds for the 100 yards. Illick was followed closely by Ingalls, of Danville, with thirteen points; Wilton, Asbestos, and Hughes, Richmond, five points each; Connors, Windsor Mills, four points; Brown, Danville, Tanner, Windsor Mills, McGovern, Richmond, three; Frame, Windsor Mills, and Belford, Richmond, with one point each.

In the intermediate boys' section, A. McCormick, of Drummondville, made a very good showing by winning the 100 yard dash and senior shot put and placing second in the broad jump, high jump and 220 yard dash to garner a total of nineteen points. Campbellton, of Asbestos, was a close second in this class with fifteen points to his credit. These were followed by Selby, Drummondville, seven points; Wheeler, Richmond, five points; Macpherson, Drummondville, four points; Cote, Drummondville, three points; and Findlay, Danville, one point.

M. Roadley, of Drummondville, won the junior boys' class with ten points, placing first in the 75 yard dash and high jump. Mills, of Richmond, placed second in this class with seven points, followed by Becker, Richmond, five points; C. McCormick, Drummondville, three points; Smith, Danville, and Tibbits, Richmond, with one point each.

The Misses A. and C. Dullien, of Drummondville, were particularly outstanding in the senior girls' section, placing first and second in this class. Miss A. Dullien won ten points, while her sister was a close second with nine points. Miss A. Janson, of Asbestos, placed third with seven points and Miss B. Smith, Danville, gained one point.

Miss P. Hamel, of Asbestos, headed the list of junior girls, with eleven points in her favor. Miss Hamel won the high jump, broad jump and placed third in the 75 yard dash. Next in this class was Miss J. Boast, of Richmond, with nine points, followed by Miss Hanson, of Richmond, and Miss Duvall, of Drummondville, with three points each. Miss McCullough, of Danville, had one point to her credit.

The detailed results of events follow: Senior 100 yards: 1 Illick, Drummondville; 2 Connors, Windsor Mills; 3 Ingalls, Danville, Time 10.4 seconds. (New record.) Senior 220 yards: 1 Illick, Drummondville; 2 Ingalls, Danville; 3 Connors, Windsor Mills, Time 24.8 seconds.

Senior high jump: 1 Ingalls, Danville; 2 Tanner, Windsor Mills; 3 Belford, Richmond, Height 5 feet. Senior pole vault: 1 Illick, Drummondville; 2 McGovern, Richmond; 3 Ingalls, Danville, Height 9 feet 7 inches.

Senior relay: 1 Richmond, 2 Danville, 3 Asbestos. Intermediate 100 yards: 1 A. McCormick, Drummondville; 2 D. Campbellton, Asbestos; 3 Selby, Drummondville, Time 11.6 seconds. Intermediate 220 yards: 1 Campbellton, Asbestos; 2 McCormick, Drummondville; 3 Macpherson, Drummondville, Time 25 seconds.

Intermediate high jump: 1 Wheeler, Richmond; 2 McCormick, Drummondville; 3 Findlay, Danville, Height 4' 10 1/2". Intermediate pole vault: 1 Selby, Drummondville; 2 Macpherson, Drummondville; 3 Campbellton, Asbestos, Height 8' 9 1/2". Intermediate shot put: 1 McCormick, Drummondville; 2 Cote, Drummondville.

Tabulated Results: Senior Boys: Richmond 19, Danville 15, Windsor Mills 15, Asbestos 15, Drummondville 15, Total 79. Int. Boys: 5, 5, 5, 5, 5, Total 25. Junior Boys: 18, 2, 0, 0, 16, 54. Senior Girls: 0, 1, 0, 7, 19, 27. Junior Girls: 12, 1, 0, 11, 3, 27. Girls' Relay: 0, 1, 0, 3, 5, 9.

Total Points: 49, 25, 8, 43, 91, 216.

## MAY HAVE ICE AT ARENA SUNDAY

A determined effort is being made to have artificial ice installed and ready for use by Sunday, October 30, the Record was informed this morning by Arena officials. If ice is secured in time, the Red Raiders will engage in exhibition tilts before travelling to Lachine for their first league encounter on November 6.

## CHATTER FROM PRO HOCKEY'S DRILL SCENES

Chalk up an assist to a recent addition to the family if Wilf Cude has a good season with Montreal Canadiens. "Boy, I'd better be good this year because there's another mouth to feed," the Welsh-born goalie said at a Canadian practice. Wilfie became the father of a ten-pound boy early in October.

A suggestion: Someone ought to arrange a golf match between Syl Apps, the Toronto Maple Leafs' star centre, and Cy Wentworth, Canadiens' defence ace. Apps shot a gross seventy-six to win the annual Leafs' training camp tournament. Wentworth is a crack golfer and defeated Ken Back, of Vancouver, rated one of Canada's best amateurs in the 1938 Canadian amateur golf championship at London, Ont.

Babe Siebert, defence star with Canadiens, comes in for a lot of good-natured joshing about the hockey sticks he uses. A regular Samson, the Babe's weapons are a lot heavier than the ordinary run of sticks used by most other National Hockey League players. "Why, it's a regular shillelagh," says centreman Paul Haynes. "It takes any other two men on the team to lift it off the ice."

It takes more than a bit of "honey-sticking" to keep a good hockey player down. Captain Reginald (Red) Horner of Toronto Leafs, needed three stitches for a forehead cut but the big defenceman will continue in the daily Leaf workouts. Wilfie Cude, Canadiens' goalie, needed six in a cut lip and it was only because infection set in that he took a few days off. Cude's team split into two squads one side won five to one, with the larger total being scored against regular goalie Mike Karakas. And four of the goals were marked up by the team's third line of Johnny Gottselig, Cully Dahlstrom and Roger Jenkins.

The Chicago Black Hawks, unexpected winners of the Stanley Cup last season, still can be looked on to furnish surprises in training. In an exhibition contest where the team was split into two squads one side won five to one, with the larger total being scored against regular goalie Mike Karakas. And four of the goals were marked up by the team's third line of Johnny Gottselig, Cully Dahlstrom and Roger Jenkins.

It looks as if Manager Jack Adams didn't make any mistake when he acquired Charlie Mason from the Philadelphia minor league Rovers. Mason was sent to Ramblers after several seasons with New York Rangers, another N.H.L. team. Last night he sparked Red Wings to a seven to four victory over Pittsburgh in the Detroit club, with three goals. And two of his goals were fired within thirty-one seconds.

We had a wire from California last night that Don Budge is typing it out.

Drummondville; 3 Campbellton, Asbestos, Distance 36' 8". (New record.) Intermediate broad jump: 1 Campbellton, Asbestos; 2 McCormick, Drummondville; 3 Selby, Drummondville, Distance 17 feet. Junior boys' 75 yards: 1 Becker, Richmond; 2 C. McCormick, Drummondville; 3 Mills, Richmond, Time 9.6 seconds. (New record.)

Senior boys' high jump: 1 Roadley, Drummondville; 2 Mills, Richmond; 3 Tibbits, Richmond, Height 4' 4". Junior boys' high jump: 1 Roadley, Drummondville; 2 Mills, Richmond; 3 Smith, Danville, Distance 14' 2 1/2". (New record.)

Junior boys' relay: 1 Richmond 2 Drummondville, 3 Danville. Senior girls' 75 yards: 1 A. Janson, Asbestos; 2 Mills, Richmond; 3 Tibbits, Richmond, Height 4' 4".

Senior girls' high jump: 1 A. Dullien, Drummondville; 2 C. Dullien, Drummondville; 3 A. Janson, Asbestos, Distance 14' 9". (New record.) Junior girls' 75 yards: 1 Boast, Richmond; 2 Dawson, Drummondville; 3 Hamel, Asbestos, Time 10 seconds.

Junior girls' high jump: 1 Hamel, Asbestos; 2 Hanson, Richmond; 3 Boast, Richmond, Height 4' 1 1/2". Junior girls' broad jump: 1 Hamel, Asbestos; 2 Boast, Richmond; 3 McCullough, Danville, Distance 12' 9". (New record.) Girls' relay: 1 Drummondville, 2 Asbestos, 3 Danville.

## OPENING DATE OF PROVINCIAL LOOP RELEASED

### Boston Visits Cornwall on November 5 in League Start—Sherbrooke Plays in Lachine on Following Day—Schedule to Be Published Later.

Original plans to open the Provincial Hockey League schedule in Cornwall on November 4 were scrapped at a meeting of loop officials held yesterday in the Windsor Hotel, Montreal. The league will not be opened until November 5, on which night Cornwall Flyers will receive Boston Olympics. The Olympics will visit Valleyfield on Sunday, November 6, with Sherbrooke travelling to Lachine on the same date.

In addition to adoption of a long schedule, the officials decided to penalize players who sign with another team in the league without gaining release, the move being designed to prevent bidding over the season. Each player found guilty of disregarding this ruling will be liable to a suspension of one month.

The thirty-two-game schedule, which will be released later in the week, will be played by the Canadian teams, Sherbrooke, Lachine, Valleyfield, Cornwall and Shawinigan Falls, while the two American squads, Springfield and Boston Olympics, will each play twenty-eight games.

Each Canadian outfit will play six games, three at home and three away, against each of the other Canadian entries. The Canadian squads will play two visits to Boston and Springfield and will receive the United States teams twice during the season, while the American outfits will meet each other eight times.

Regarding the three unused franchises held by Granby, Drummondville and Lafontaine, the league decided to leave the Drummondville one in abeyance for another year and to take over the Granby and Lafontaine franchises.

### LACHINE SQUAD IN GLASSY TRIUMPH

While Archie Wilcox, coach of the Red Raiders, watched with eagle eye Lachine Rapides one of the new entries in the enlarged Provincial Senior Hockey League, yesterday won from a squad of "imports" trying to out with the professional Canadians by the score of four to two.

Conny Dion, of Asbestos, was phenomenal in the Lachine nets, turning aside a barrage of rubber throughout the sixty-minute encounter and allowing only two shots to pass him.

Fernand Majeau, last year with the Royals, scored twice for the Rapides. MacCormack, one, and James took passes from Tag Miller and Maurice Bastien for the fourth. Majeau and MacCormack scored in quick succession in the last period to break a two-all deadlock.

Line-ups: "Imports": goal Lachine; Ferley defence; O'Leary defence; J. Lalonde defence; Mervnek centre; Smart wing; Tremblay wing; James wing.

"Import" subs: B. Cain, Millman, D'Amore, Hardy, A. Brown, Forrest, Miller, Y. Lorrain, R. Filion, Anderson, Diotte, Allen. Lachine subs: P. Armand, Majeau, Lilly, N. Lalonde, MacCormack, Mailley, Tracey, Fairweather. Referees: Bonnemer and Senecl.

First Period: No score. Penalties: D'Amore. Second Period: 1—Lachine Majeau (Armand) 11:05. 2—Lachine James (Miller, Bastien) 17:55. Penalties: J. Lalonde, N. Lalonde, Smart.

Third Period: 3—"Imports" D'Amore (Allen) 12:25. 4—"Imports" Mervnek 15:50. 5—Lachine Majeau 18:30. 6—Lachine MacCormack (Tracey) 19:15. Penalties: J. Lalonde, Majeau, Fairweather.

### SPORT FLASHES

New York, Oct. 24.—(AP)—Some of the New York scribbles reported that Fordham's smashing win over Oregon was just the answer to the Rose Bowl snub.

Cefeiro Garcia's fight with Henry Armstrong likely will be the toughest the little colored boy has ever had. Garcia can hit like nobody's business (if he can get set). Any takers? Barney Ross, who has fought them both, sticks to Armstrong, Joe Louis will be at the ringside when the thing comes off.

You'll see one of those football games you read about when Fordham goes out to Pittsburgh this week.

### BLUENOSE LED AT FIRST TURN

Bluenose, Canadian defender of the International Fishermen's Trophy, today held a lead of about four lengths at the first turn in the fourth race of her series with the American challenger, Gertrude L. Thebaud. The Canadian ship won yesterday by a margin of six minutes and leads in the series, two to one.

## BISHOP'S TEAM SMOTHERED BY IRISH TWELVE

### Dick Pare and Ed Asselin Outstanding in Loyola's Thirty-to-One Victory—Brendon Veilleux, of Sherbrooke, Scored Touch and Convert.

Stretching its undefeated string to four games, Loyola College football squad rolled to a thirty to one victory over Bishop's in Montreal, Saturday, and by so doing took over undisputed possession of first place in the Intermediate Intercollegiate loop.

Completely outplayed, the Lennoxville collegians put up a game resistance to the Irish wave, but the heavier and faster Loyola ball-carriers refused to be stopped. Bishop's only point came when Doug Bradley, youthful quarter, booted a rouge late in the game.

Dick Pare, spearhead of the Loyola attack, roared over the goal-line for the first three touchdowns and plunged over the line for a convert, while Eddie Asselin, pivot man, scored one touch and chalked up four converts.

Brendon Veilleux, a Sherbrooke lad who graduated at Loyola from St. Pat's Academy, shared the spotlight by going over for a major score and booting a rouge.

Line-ups: Bishop's: Flintoft f. wing; Hay half; Scott half; Udal half; Bradley quarter; Bredin snap; Laine inside; Noel inside; W. Tulk middle; Greenwood middle; Walters outside; Everett outside. Loyola: Veilleux f. wing; Costigan half; Pare half; Murphy quarter; Asselin snap; Mulcair inside; Tingle inside; Thoms middle; Alducin middle; Macdougall outside; Kaine outside.

Bishop's subs: Shaughnessy, Patterson, Giles, Bateman, Morrison, Cooner, Schuch, B. Tulk. Loyola subs: Limoges, Kelly, Maturin, Ryan, Cardin, Knox, Scullion, Thomas.

## B. C. S. TAKES LOWER CANADA COLLEGE, 63-0

Displaying one of the most versatile attacks ever shown by a high school team in Montreal, Crawford Grier's well-drilled Bishop's College School squad ripped through Lower Canada College almost at will on Saturday to pile up an amazing score of sixty-three to nothing.

The win, coupled with a triumph over Ashbury College a week ago, sent the School well ahead in the private school loop and gave them an excellent chance to retain possession of the Shirley Russell Trophy.

Halfbacks Norsworthy and Molson and middle-wing Dodds lead the visitors from Lennoxville as they ran wild in the first half to register forty-two points.

In the third stanza the Lower Canada College lads, most of them young enough for junior play, stiffened their defences and held B.C.S. scoreless, but the powerhouse roared again in the final quarter and twenty-one more points were scored.

### LENNOXVILLE HIGH DEFEATS ST. LAMBERT

With Bill Christison sparking the attack, the young Lennoxville High School gridgers scored a seventeen to fifteen win over St. Lambert High School in Lennoxville Saturday.

Lou Gehrig, who has been bothered with a skin infection on his face ever since the World Series, is hiding out at Babylon, Long Island, fishing and hunting on the side.

## Chambly Downs Windsor Mills In Final Game Of Championship

Cliff Marshall, who tried out with Sherbrooke's Provincial League entry early in the season, pitched for Chambly and allowed the Papertown nine only three hits over the nine-inning route as his team-mates chalked up a five to nothing victory at St. Johns yesterday in the final game of the series for the senior baseball championship of the Province.

The new champions touched the deliveries of Adolph Fleming for nine safeties, but most damaging to Windsor Mills' chances for victory were ten errors.

Bourget, playing in the outfield as a result of a player-shift necessitated by the injury of third-baseman Pelouin, dropped a fly ball in the first inning to allow two Chambly runners to cross the plate. Chambly made three runs in the first, one in the second, and another in the eighth while Windsor Mills was collecting a row of zeros.
