SHERBROOKE, CANADA, WEDNESDAY, JANUARY 13, 1932.

Thirty-Fifth Year.

## NUMEROUS TOPICS WERE TAKEN UP AT MEETING OF BOARDS OF TRADE

E. T. Associated Boards of Trade and E. T. Immigration Society Met Yesterday Afternoon at City Hall—Members from Various Sections of Eastern Townships in Attendance—Officers for Both Organizations Elected—Several Interesting Addresses Heard.

SEVERAL timely topics were discussed by representative citizens of the Eastern Townships, who met in the City Hall yesterday afternoon for the annual meeting of the Eastern Townships Associated Boards of Trade and the Eastern Townships Immigration Society, which was held under the joint chairmanship of Messrs. Jude Thibault, of Danville, vice-president of the E. T. Associated Boards of Trade, and B. N. Robinson, of Coaticook, president of the E. T. Immigration Society. Mr. Thibault replaced President E. J. Page, of this city, who, owing to illness, was unable to attend the meeting.

Following the opening of the meeting and presentation of the reports of the presiding officers, a welcome to the visiting delegates was extended by the Mayor of Sherbrooke, after which the gathering got down to the business of the afternoon.

The first address was delivered by Mr. J. V. Ames, of this city, who voiced the advantages of a live stock market and abattoir. Mr. Ames, who is head of the local firm of Alex Ames and Sons, Limited, commented upon the abattoir being constructed at his plant, which is to be under the jurisdiction of the city of Sherbrooke. He stressed the importance of the meat packing industry, which, he said, ranks third in Canada in value of raw products, and referred to the importance of the operation of a live stock market and an abattoir.

He congratulated the Eastern Townships Associated Boards of Trade for being the first organization to advocate the construction of an abattoir, and briefly outlined the steps which had been taken towards the realization of this important project.

Owing to the lack of an abattoir and the strict rules regarding government inspection of meat, the Eastern Townships have become to be regarded more as a dairy center than a place where good cattle were available. As a result local cattle were shipped to Montreal, slaughtered, stamped with the Government's seal of approval and then returned to this district. With Sherbrooke's new abattoir in operation this would not be necessary. It was expected, Mr. Ames said, that the abattoir, now under construction, would be ready by the end of February.

Mr. Ames made it quite clear that the abattoir was not a Sherbrooke industry alone. It was intended for the whole of the Eastern Townships, and he hoped that everyone throughout the district would give it the support which it deserved, so that it would better serve its purpose and be of service to the community at large.

Mr. A. Paradis, Victoriaville, gave an interesting address on "Unemployment and Prospects for 1932." During his remarks he expressed the opinion that many people have come to believe that it is up to the governments to assist them if they suddenly find themselves out of work. Canadians, he declared, have been taught to provide for themselves, and the present system of unemployment relief is depriving the country of one of its greatest heritages, namely, self-reliance. "We are losing our initiative and our ability to look after ourselves," he said.

It is not up to the governments to assist people who are out of work, the governments, provincial or federal, should not overstep the municipalities, he claimed. Assuring the people of assistance, without preventing them from relying on themselves was educating them to socialism, he thought.

Discussing the prospects for 1932, Mr. Paradis was far from pessimistic. He was quite willing to admit that the present situation was bad, but even at that it was not without its bright spots. Already there was an apparent shortage in certain lines, which would mean greater production and better wages.

Mr. Alphonse McManamy, of Sherbrooke, delivered a forceful address on "Financial Conditions American Exchange" in which he gave a clear and precise resume of the financial history of recent times, pointing out the problems which faced various countries and how these problems were reflected upon other peoples. He spoke at length of the close association between Canada and Great Britain in the matter of finances.

Mr. McManamy is recognized as a speaker of note and his address yesterday afternoon was listened to with keen attention as he made comparisons. Not only did Mr. McManamy speak as a financier, but he also showed that he has a deep knowledge of Canadian history and is ever ready to pay tribute in words to his native land.

Like other speakers, Mr. McManamy quite willingly admitted that Canada, like other parts of

## FRANCE WILL PURCHASE CANADIAN WHEAT.

PARIS, Jan. 13.—An unconfirmed report today stated that France has agreed to buy 20,000,000 bushels of wheat from Canada.

It was further stated that, while the report could not be confirmed last night, it was the subject of much comment in French and United States circles.

## BRITISH COLUMBIA HOUSE PROMISES SHORT SESSION

Only Twenty-Seven Days Between Date of Opening of Legislature and Good Friday.

VICTORIA, B.C., Jan. 13.—The 1932 session of the British Columbia Legislature will open Wednesday, February 17, it was announced after a meeting of the cabinet yesterday.

Unless the House is reassembled after the Easter holidays, the session promises to be one of the shortest on record, as only twenty-seven days will be available from the day of assembly until Good Friday. Supply must be voted by March 31st.

## HARTFORD, CONN., Jan. 13.—Arthur Lavigne, twenty-four, of Montreal, and Elphege LeClair, thirty-seven, of New Bedford, Mass., were each sentenced to from five to ten years in the State prison, yesterday, after pleading guilty to robbing six West Hartford homes of jewelry and other goods valued at \$2,500. They were arrested on December 15th.

## SITUATION AROUND CHINGCHOW IS REPORTED TO BE GROWING ACUTE

Chinese Volunteer Militia Bands Said to Be Renewing "Warfare"—Are Determined to Fight Japanese to the End and on Several Occasions Recently Have Been Spurred by Successes in Surrounding and Practically Wiping Out Small Japanese Garrisons.

TIENTSIN, China, Jan. 13.—Chinese newspapers here, commenting on a transfer to Japanese troops from Tientsin back to Shanghai, said the situation around Chingchow is growing acute for the Japanese and that Chinese volunteer militia bands, "all over Manchuria," are renewing warfare.

These village militia units, the reports said, have declared they are determined to fight the Japanese to the end and on several occasions recently they have been spurred by successes in surrounding and practically wiping out small Japanese garrisons. One story said they had taken sixty Japanese prisoners in an encounter.

The new groups, these reports said, are demanding that the Nanking Government and Marshal Chang Hsiao-Liang give them assistance. New complications also have arisen, they said, out of the Japanese attempt to invade Jehol Province, following the occupation of Chingchow. The Japanese Consul-General here issued a warning to General Wang Shu-Chang, chief of the Hebei Provincial Government, against continuation of the anti-Japanese boycott, declaring if it is continued complications are certain to develop. The Japanese Military Information Bureau issued a statement saying Chinese boycott groups in the Yangtze Valley are holding up Japanese goods valued at at least \$35,000,000 in gold.

## THOUSANDS OF CHINESE IN TSINGTAO SEEKING SAFETY

TSINGTAO, China, Jan. 13.—Japanese marines from the warships in the harbor patrolled the streets today and thousands of Chinese sought means of leaving the city following a near riot yesterday in which Japanese residents attacked and wrecked a Chinese newspaper office and burned the headquarters of the Kuomintang.

The crowds of Chinese who sought a means of escape to avoid further clashes included many officials. Yesterday's clash occurred after the Chinese newspaper Ming Kuo Jih Pao had said that the recent attempt by a Korean to assassinate the Japanese Emperor revealed Korea's desire for independence. Japanese residents, incensed at the reference to the Emperor, stormed the building, tried to burn it but failed and attacked a number of Chinese newspapermen. They fired

## OUTSIDE HELP REQUIRED FOR FIRE IN HOTEL

Detachments from Sherbrooke and Newport Sent to Combat Fire Which Destroyed Rock Island House Early This Morning—No Occupant of Hotel Injured.

ROCK ISLAND, Jan. 13.—A disastrous fire which required the combined efforts of three fire brigades to subside early this morning destroyed the Rock Island House, owned by A. Montague. The flames were first noticed shortly after midnight emanating from the basement of the hotel. The fire fighters from the three border villages were summoned, but in a short time the conflagration had got beyond the control of the local brigades. Calls for a shadow of its former splendor. The new addition recently constructed was completely destroyed, while the older part of the building was badly gutted by smoke and drenched by water. The shed, barn and other outbuildings also fell prey to the holocaust, two valuable horses being killed.

The hotel was occupied by several visitors when the outbreak was noticed, but there was sufficient time for the inmates to escape unharmed. The fire attracted many residents from the three border villages, as well as from neighboring towns, some of the spectators keeping vigil until this morning.

## NOTED FRENCH STATESMAN RETIRES FROM PUBLIC LIFE

Aristide Briand, veteran Foreign Minister of France and called "The Peacemaker of Europe," is going back to his farm at Cocherel in Normandy.

M. Briand has held several posts in French cabinets during the past thirty years and has been Premier as he once said, more times than he could count offhand. He resigned yesterday, according to press dispatches, because of his health, but doctors have encouraged him and he hopes still to carry on lighter tasks, especially as permanent French representative at the League of Nations.

He is an inveterate fisherman and angling in the streams near his country place is likely to occupy much of his time on the farm. Some of his friends have attributed his recent broken health to his defeat for the Presidency at Versailles last year.

A failure at thirty-five years of age, then head of his nation's government many times. Slow moving and calm, curly hair and mustache, mellow voice and simple personal tastes... That's M. Aristide Briand, now sixty-nine years old, who is shown here in four characteristic poses. At the left is a full figure view of the picturesque statesman, who has been called a "rustic in evening clothes." Upper right is a striking close-up. Lower right you see him, left, with the silk topper he claims to have worn for twenty-five years, and, right, with his eternal cigar hanging from his lips and a soft hat with a feather in it as he appeared while hunting.

## MINOR CHANGES PREDICTED IN LAVAL CABINET

Experienced Observers Differ on Exact Composition of New French Cabinet.

PARIS, Jan. 13.—Experienced observers of French politics predicted today that a new cabinet much like the one which resigned yesterday, would be announced tonight because of the pressing importance of the reparations conference at Lausanne and the Disarmament Conference at Geneva, both little more than two weeks away.

The political editor of the newspaper L'Ouvre, however, said it is not impossible President Paul Doumer may insist on a cabinet leaning more to the left, in which case Joseph Paul-Boncour, ardent defender of the French policy of security, was mentioned as a possible successor to Premier Laval, if the latter proved unable to marshal support.

In case the cabinet should undergo little change, however, the names of former Premiers Andre Tardieu and Paul Painleve were mentioned for the post of Minister of War and either Premier Laval himself or Senator Paul-Boncour to succeed M. Briand as Foreign Minister.

Most of this was frankly labelled speculative, however, for President Doumer's consideration of the situation was expected to take practically all day.

Foreign Minister Briand, whose illness was one of the factors leading to the resignation of the cabinet, was reported by his friends to be much better today.

STRIKE ACTION POSTPONED. WINNIPEG, Jan. 13.—Threatened tie-up of Winnipeg's street railway system through striking action of employees of the Winnipeg Electric Company, owners of the traction utility, was indefinitely postponed yesterday, when Mayor R. H. Webb succeeded in gaining the consent of the disputing parties to a City Council investigation into their differences.

Austria fears that civil war may break out. Thousand Rifles and Other War Supplies Seized at Headquarters of Socialist Party.

VIENNA, Jan. 13.—A spectre of civil war has been raised in Austria as police confiscated 1,000 rifles, ten machine guns and other war stores in a raid on Socialist party headquarters yesterday.

The raid came as a climax to investigations of a suspicion that hand grenades were being manufactured for distribution among the Socialist organizations. It threw the spotlight on the gradual arming of rival political camps, of which the public long has been vaguely aware.

The Socialists offered no resistance and search of other of their party headquarters throughout the country was expected. They merely pointed out that the Fascist Heimwehr was still better armed.

No Socialist leaders were arrested. On the contrary, it was expected the Socialists would ask in parliament why arms of the Heimwehr were not confiscated, while the Socialists were compelled to give up theirs, which were only to be used in event of an attack upon them.

CROWN PROSECUTOR FOR MONTREAL PASSES AWAY. Antoine Chauvin at One Time Opposed Hon. Arthur Sauve in Provincial Bye-Election.

MONTREAL, Jan. 13.—Antoine Chauvin, one of the Montreal Crown prosecutors, died here early this morning. Mr. Chauvin at one time opposed Hon. Arthur Sauve in a provincial bye-election in Two Mountains division but was defeated.

He was born in Ste. Rose, Que., thirty-three years ago. He was a graduate of University of Montreal. His widow, Marguerite O'Flaherty, a son and a daughter, survive. Mrs. Alfred Marois, Quebec, and Mrs. Gustave Lanctot, Ottawa, are sisters.

## PARTIES UNITED IN DEMANDS FOR PROVINCIAL RURAL CREDITS PLAN

Bill Introduced by Lucien Lamoureux Asking for Establishment of System Supported by Opposition—Proposals of University of Montreal Opposed by Members of Legislature—Report Advocating Aid to Needy Mothers Tabled in House.

TORNADO CLAIMED LIVES OF NINE PERSONS. MOUNDVILLE, Ala., Jan. 13.—Nine negroes were killed and more than a score, including a number of white persons, injured and between thirty and forty homes destroyed by a tornado which struck in the vicinity of Moundville last night.

ALBERT EINSTEIN JOINS MUSICAL TRIO AT HOTEL. Famous Professor, Master Mind of Theoretical Physics, Tries His Hand at Entertaining Guests.

PALM SPRINGS, Calif., Jan. 13. Albert Einstein, scientist, edged over the platform where the hotel string trio was entertaining guests after luncheon.

"May I?" He asked tentatively, indicating one of the instruments. One member of the trio smiled. "Do you play well?"

"Oh," the professor's gesture was deprecating. "Just for my own enjoyment." "Very well, please join us."

Another instrument was procured. The little German, master mind of theoretical physics, took his place with the other musicians. Bach, Mozart, Beethoven, Handel all issued from the sounding boards under the practiced fingers of the players. Listeners, aware of the professor's shyness, looked away to avoid embarrassing him, but their attention was rapt.

QUEBEC, Jan. 13.—In polite, but no less forceful terms, the authorities behind the University of Montreal have been advised by many members of the Legislature, and even cabinet members, not to press for the \$4,000,000 loan to complete the miniature city, now rising on the slopes of Mount Royal during the present session.

Under the University plan, the proprietors of the ecclesiastical Province of Montreal, embracing half of the province, would be subjected to a special tax to pay the service charges on this loan. Opposition to the proposal was first received from the Sherbrooke City Council, but one by one the municipalities of the district affected have joined Sherbrooke's lead. Deputies from the different ridings have been notably outspoken in their objection to the plan, which would result in placing still heavier taxes on the Catholic proprietors of the Province.

From this, it should not be gathered that there is antagonism to aiding the university, not criticism of the plan whereby the Montreal Catholic School Commission would be the vehicle for the loan. On the contrary. But from comments, not yet public because there is no reason for public comment since nothing concrete is before the deputies, it is quite clear the legislators believe the interests of the Catholic community would be best served by waiting a while.

Talk of a 40-year tax of 20 cents on the \$100 on all Catholics' properties within the ecclesiastical district of Montreal—almost half the province—has its echoes here. There is a statement that, to lay down a fixed tax like that for 40 years, would not be satisfactory to financial circles at this time. It is said that, if a law were passed and the loan authorized and floated, financiers would require that a new valuation roll be made and the tax set each

(Continued on Page 7).

THE WEATHER. MILD, WITH OCCASIONAL RAIN. Pressure is high in Western Canada and on the Atlantic coast, and low over the Great Lakes and Southwestern States. The weather continues unusually mild from Ontario eastward, with moderate to heavy rain in many localities. Some snow has fallen in Manitoba and is cold throughout the West.

Forecast: Fresh to strong south to southwest winds; cloudy and mild today and Thursday, with occasional rain.

Northern New England: Mostly cloudy tonight and Thursday; slightly warmer tonight; somewhat colder Thursday.

Temperature yesterday: Maximum 40, minimum 5. Same day last year: Maximum 30, minimum 9 below.

IMMIGRATION SOCIETY ENDS ACTIVE YEAR

Report of President Reviews Efforts Made to Secure Suitable Settlers for Farming Section of Eastern Townships.

The fine work which is being achieved by the Eastern Townships Immigration Society was reviewed by Mr. B. N. Robinson, of Coaticook, president, in his annual report which was read at the annual meeting of the Eastern Townships Associated Boards of Trade and the Eastern Townships Immigration Society in the City Hall yesterday afternoon.

"I am sure that you present here this afternoon appreciate the fact that the past year 1931 was a trying period for all citizens of Canada. It has been a year of depression, of business, as also in all societies. The farmers, as well as the business men, have suffered from the most far-reaching, or, may I say, a worldwide setback in all activities.

"During the past year we have obtained work on farms for 348 men, fifteen families, twenty-five boys and eight domestics, making a total of 418 placements. Our records show that over a period of fifteen years the work of our society has been gradually increasing. When you consider that during the past year we have increased our placements fifty per cent, over the periods of past depressions, which were more of a local nature, the results of the past year are very gratifying to our directors.

"For the past two years the work of our society has been such that it could be rightly named a colonization instead of an immigration society. All placements during this period have come from those out of work who had had previous experience on the farm, and were glad to get back to the land again. People taken from Montreal, Sherbrooke and other centres of our province. You would be surprised to know the number of men who personally apply at our Sherbrooke office each week for farm employment. It certainly speaks well for the thrift and business ability of our farmers in that during the past year so many of them were willing to take on help at a reasonable wage, especially considering the times.

"Some two years ago our secretary stated at our annual meeting that he believed there could be good work done as regards inducing people to purchase farms in our Eastern Townships. Of course, at the time he did not anticipate, nor did any one for that matter, the very favorable business conditions and low market prices for agricultural products that were to follow. Notwithstanding these adverse conditions constructive work along this line has been accomplished. We have a list of over seventy farms for sale, and of this number there would be fifty unoccupied or occupied by old people who find themselves unable and, in many cases, unfit to continue the management of their farm. During the past year, through the efforts of our secretary, several of these farms have been sold. Let me emphasize this fact. We are not interested in selling a farm which is being well-farmed and for sale because the owner has decided to try out a mercantile pursuit. We are greatly interested in the vacant farms that could be made to produce, also those worthy of a normal production which for seasons I have given are being worked on a fifteen to twenty per cent basis and are not adding to the prosperity of our Townships.

"Mr. Nutbrown, secretary of the Eastern Townships Immigration Society, is leaving for England the last of this month with the unanimous approval of our directors, with the consent of the Hon. Mr. Laferte, Minister of Colonization at Quebec, also with the approval of the Colonization Department of our Federal Government. He will take with him the photographs of the buildings of some fifteen farms, together with full descriptions and prices. You can readily see that if a stranger went to England on this project he would be up against difficult work in order to find out where the right people were. Through the help of Mr. Hargreaves, who has already purchased a farm in this section of the province, and who is to become a Canadian citizen, a great handicap has been removed.

"Now Mr. Nutbrown does not promise that through his interview with people of means in England he can induce five or six men with their wives to come here this summer on a sight-seeing trip over the Townships. He may not even get one. I will promise, however, that through these interviews he will acquaint these men that we have an Eastern Townships in the province, that it is a section ideal for the Englishmen to live in, and that there are agricultural possibilities. In other words, he will lay a foundation that possibly may have to be added to, but which will eventually lead to British people visiting our Townships and with the idea of locating here. This will mean added prosperity to agriculture in this section.

"With the supplying of help to our farmers and with our endeavors to sell farms to Canadians, Britishers and United States citizens who have capital, it looks like a busy year for our Society. In fact, I believe that the year 1932 will go down in our records as the best in the history of the Society.

"I want to take this opportunity, on behalf of Mr. Nutbrown and our directors, to extend to our farmers of the Eastern Townships our sincere appreciation of their support during the past year, and to wish for them a speedy return of prosperity. This is no fairy wish, because many of our big men of finance feel that we are on the upward move, and that there is a much brighter outlook. What helps our industrial life is bound to react to

ADVANCE MARCH WINDS PAYING EARLY VISIT

Mild Weather Hinders Preparations for International Snowshoe Carnival-Heavy Rainfall Last Night.

After all, if one is to judge by the weather, there may be great need for a revised calendar. For the months and the seasons have become topsy-turvy. What started out to be a mild prank of nature, mild in more ways than one, is no longer any such thing. March winds were blowing last night and today, two months before their appointed time, accompanied by a heavy rainfall which was more in keeping with early spring than the middle of winter.

The temperature for yesterday, according to the Lennoxville Experimental Farm, was maximum forty and minimum five, while that for the same day last year was maximum thirty and minimum nine below. It was identically at this time last winter that the second big snow fall occurred to halt traffic along highways throughout the province. But there is no sign of real snow for Sherbrooke yet this winter. With the thermometer hovering at nearly fifty degrees above zero at seven o'clock this morning, the mild spell, which has frightened away King Winter in his mantle of white, gave evidence of continuing several more days.

Only a matter of fifteen days remain before the great International Snowshoe Carnival, and there is a deep touch of irony in that fact. What would a snowshoe carnival look like in the middle of summer? Unless snow falls thick and fast without delay, just that will happen. The large delegation from the United States and various parts of Canada will certainly meet with bitter disappointment unless King Winter immediately returns to his throne. The mild weather has prevented the snowshoe officials from starting construction of the large ice palace in front of the New Sherbrooke House. The two weeks which remain, even with cold weather, is a short time in which to build an ice palace, and it would seem that Sherbrooke is to be cheated of that fine monument of winter this year.

CITY BRIEFLETS

Big dance tonight at the Winter Gardens, Relie Badger and his band.

Big January clearance sale to reduce our stock to make room for our spring models. Everything in the store will be cut down to the lowest price at the Fannie Shoppe. — 67 Wellington Street North.

Old fashioned dance, Lennoxville Town Hall, Friday, January 15th. Adm. 30c each. Refreshments.

Pre-inventory sale at May Mitchell's Specialty Shoppe. An assortment of stamped goods from 25c-98c.

Weekly tea, St. Patrick's Church Hall, will be resumed on Jan. 14th, 4 to 6. Hostesses: Mrs. J. Bonner, Mrs. A. E. Boucher, Mrs. Chas. A. Crochetiere and Miss A. C. Murray.

Big dance, Waterville, Friday, January 15th, 9 to 1. G. Gagnon's. Troubadours, Gents, 60c; ladies, 30c.

The entire bankrupt stock of the Liberal Credit House, 43 Wellington street north, consisting principally of dresses for all occasions, and ladies' coats, must be disposed of before February 1st. All the goods in the store were bought this season. The store will be closed on Thursday to prepare for this sale, which will offer the greatest values ever seen in this city. Sale starts Friday morning, the 15th, at 9 a.m.

CLOCHETTES DE CARNAVAL Plan of half the theatre at Du Berger's Drug Store for selection of seats which are going very rapidly at 75c and 55c, tax included.

FIRST AID CLASSES TO BE CONDUCTED

A series of lectures on St. John Ambulance first aid will be conducted by Mr. J. W. Blake, starting on Thursday evening, January 14th at seven o'clock in the Second Troop Boy Scout rooms, Dufferin Avenue.

All Boy Scouts are requested to be on hand early and any adults interested are cordially invited to attend. The examination for the St. John Ambulance certificate will be held late in March.

M. W. W. MURRAY ADDRESSED OMEGA-ALPHA CLUB

Mr. W. W. Murray was the guest speaker at the Omega-Alpha Club meeting last night and dealt with the "Special Benefits of Life Insurance." On the continent, the speaker stated, in the past year over two billion dollars had been paid out to policy holders and eight per cent of all estates left were in the form of life insurance policies. He showed the advantages of life insurance as a means of saving money, while at the same time affording protection to families. Many other features of service were emphasized, and at the close of the meeting the speaker was heartily thanked in the name of the club by Mr. Willard Humphrey, editor of the weekly "Truth."

During the short business session held, two new directors were appointed for the club, namely, Messrs. E. G. Wiggitt and H. S. Skinner.

FINE ADDRESS WAS GIVEN BY JOHN HACKETT

Federal Member for Stanstead County Addressed Delegates at Joint Meeting of Eastern Townships Organizations

Seldom have Eastern Townships audiences the opportunity of hearing Mr. John T. Hackett, except perhaps from the political platform during an election campaign. Last evening the general Federal member for Stanstead County held the attention of the large gathering which attended the annual dinner of the Associated Boards and Immigration Society at the New Sherbrooke House, departing on but few occasions from every-day language, the guest-of-honor spoke on "What Has 1931 Taught Us?" and his instructive address left many fruitful ideas in the minds of his hearers.

Opening his remarks with the information that he had never studied economics, Mr. Hackett claimed that the advanced mind of an economist was not necessary to probe the present depression, its causes and the means by which it could be overcome. Present conditions, the speaker remarked, affect every class of society. "We prattle and talk learnedly about tariffs, conferences, foreign debts, reparations and the German situation as having a bearing on the depression," continued the member for Stanstead. "We predict the disappearance of the economic crisis, but we overlook the crucial fact that we find ourselves today in a large extent the result of conditions of our own making."

"What is present?" asked Mr. Hackett. "It is a lull in activity and a cessation of work which always follows merging, massing and the squandering of earnings saved during periods of intense activity and feverish work caused by the advent of machinery and new methods of business. The world has given away to the false philosophy of spend and get prosperous and has stopped heeding the rule of our forefathers. Rectitude has yielded to success, home life has been disrupted and the culmination of this disorderly life is fatigue, lassitude and disgust."

The world, Mr. Hackett contended, is not a fictitious being, but is composed of human beings. Turning briefly to the situation in Germany at the present time, the speaker said that that country was possibly on the verge of a revolution because its people were starved, and this lack of the necessities of life causes uprisings. "I have never known a revolution to have been started on a full stomach," commented the member in dismissing German affairs.

A sterling tribute to the citizenry of Sherbrooke in their zealous work to relieve the distress in this city was paid by Mr. Hackett, who asserted that the present period of chaos was not an unmitigated evil, but contained by-products which were enabling. One of these was the spiritual benefits obtained in these days of materialism by helping the less fortunate, while the present lull afforded everyone an opportunity of surveying the past and formulating the future.

"When we ask ourselves when will good times come back, what do we mean?" the gathering was asked. "What do we want to do to our country in order that we may leave our children with a suitable heritage?" Society, continued Mr. Hackett, is made up of men and women who can only attain perfection by association. From association civilization is evolved and the benefits of ordered civilization accrue from permanent ordered relationship, said the speaker, and anything which tends to disrupt this relationship is subversive influence. Turning to the state, the member for Stanstead contended that the principal function of the country was to protect the unalienable rights of its people. "Its duty," said Mr. Hackett, "is not to hand out positions, but to regulate its affairs in such a manner that, under normal conditions, everyone will have work and receive a reasonable compensation for their labor. The state is not an end, but only a means towards its ultimate goal, and its agency is to help the people it serves to live decently and in comfortable frugality."

Reverting to possible solutions to present difficulties, Mr. Hackett averred that if we conceive the desirable end to be attained, is the frugal competency of all, it behooves us to modify in some radical way the doctrines by which we have guided our lives in the past so that when prosperity returns we will have endeavored so to shape them that misery, suffering and debasement shall not be the lot of the Canadian people.

The glorious history of the Dominion was 'led up by Mr. Hackett as a proud past to be continued through the present adversity. "The story of the first centuries, the treasure box of the two great races whence we spring, should be the source of inspiration to all Canadians. Out of the genius of two peoples, the culture which predominates in Canada has given the world profound lessons. The Canadian Industrial Act has been copied into the statutes of at least thirty-seven countries, while his loyalty which binds the great Commonwealth of Nations was born in his Dominion. The Eastern Townships to me is the thumb-nail of Canada. In this section all activities are summed up. Its cosmopolitan character, tolerance and sympathy has centered it as one of the best parts of the broad Dominion."

In conclusion Mr. Hackett left a message of great hope, closing his discourse in the following words: (Continued on Page 7).

LENNOXVILLE

FORMER LENNOXVILLE MAN PASSED AWAY

Mr. J. J. Parnell received a telegram this morning conveying the news of the death of his brother, Mr. James Parnell, after a short illness from pneumonia. Mr. James Parnell was well-known in Lennoxville and vicinity, having spent most of his life on the family homestead on the Spring Road. He moved, with his wife, formerly Miss Minnie Willard, of Ascot, to Renfrew, Ont., where he made his home for the past few years.

W.M.S. MEETS REPORTATION

The treasurer's report of the Women's Missionary Society of the United Church, given yesterday afternoon at the first monthly meeting of 1932, revealed the gratifying fact that the society had not only met its allocation for the past year, but had gone considerably "over the top." The announcement was made by the retiring treasurer, Mrs. McGurdy, who is succeeded in her office by Mrs. A. Willard, while Mrs. P. R. Matthews succeeds Mrs. Willard as president, and Mrs. P. Pergau will fill the office of secretary. The remaining secretaries were re-elected with the exception of Mrs. W. J. Lane, who now has charge of the Mission Band, while Mrs. McGurdy will act as press secretary.

Mrs. A. Willard, retiring president, presided, and Mrs. J. A. Seale conducted the devotional period and gave a talk on Philip, the matter-of-fact disciple of Christ, who represented many unimaginative people in the church of today who are nevertheless useful because of their solid, dependable qualities.

Mrs. Lane had charge of the study period, and gave a brief resume of the forty-five years since missionary work began in Korea. Modern methods of living have been introduced, with railroads, banks, manufacturers, mining, lumbering and an increasing foreign trade as results. Miss Scott told of the economic distress now prevailing in every phase of development in Korea, stating that the hand of the overlords of Japan is

felt in everything. Mrs. D. J. Lowry told of the depressing effect these conditions were having on the people, who were in danger of becoming pessimists. The work of the Christian church in dealing with these problems was described by Mrs. C. G. Green, and its efforts to teach frugality and industry to a discouraged people were outlined. Back of all the trouble in Korea, she said, was a system based on a desire for gain, rather than service, and the task of the church was to cultivate a social conscience which would refuse to stand for abuses. Mrs. Pergau told of the modern missionary method of using the native leaders as far as possible among their own people.

LENNOXVILLE MARKET

The usual number of farmers were present at Lennoxville market yesterday, and customers were found for the most of the offerings. The mild winter has had the effect of keeping down prices of eggs, which were sold at 55 cents a dozen, with nearly every stall showing a supply. Butter and sweet cream constituted the dairy products on sale, butter selling at 25 cents a pound, and cream at 20 cents per pint. Cooking apples sold at 30 to 40 cents per peck.

In the vegetable section potatoes of excellent quality were quoted at 50 cents a bushel; carrots at 30 cents a peck; turnips at 50 cents per bushel; beets at 30 cents a peck; squash at 15 to 25 cents each; cabbage at 15 to 25 cents each; and onions at 20 cents a peck. Attractive displays of meats were noticed, beef and pork predominating. Beef, roast, sold at 9 to 18 cents a pound; boiling meat at 5 to 9 cents per pound; round steak at 14 to 15 cents a pound; sirloin steak at 16 cents a pound; pork roast at 9 to 14 cents a pound; pork chops at 14 cents a pound; and shoulder at 11 to 12 cents a pound.

Y.P.S. ENJOY INTER-SOCIETY EVENING

An interchange of visits takes place annually between the Young People's Society of Lennoxville

United Church and the kindred societies of the Sherbrooke churches, Monday evening the Lennoxville group had been invited to Trinity Church to enjoy a social time with the young people of that church, and responded to the invitation in large numbers. Cars conveyed the party to Wesley Hall, where hosts and guests mingled informally in the evening's programme.

General Notes

Mrs. Gordon McEneaney was the winner of the second prize in the "thrift" exhibit held in connection with the women's display of cooking and sewing at Lennoxville Short Course in Agriculture and Household Science held last week, also the third prize in hemstitching and fourth in lemon pies.

Women's Institute meets Thursday, at 2.30. Only one more meeting before attendance contest closes. Afternoon tea.

Myrtle Rebekah Lodge No. 28 at its last meeting had an attendance of fifty members and visitors, with Sister Grace Webster, N.G., presiding. During the evening the officers for the ensuing term were installed by Sister Winnifred Reed, district deputy president, and staff from Princess Rebekah Lodge No. 4, Sherbrooke. The new officers are: noble grand, Sister Ada Stafford; vice-grand, Sister Betty Cole; recording secretary, Sister Ruby Pegg; financial secretary, Sister Beatrice Everett, P.N.G.; treasurer, Sister Kay Downs, P.N.G.; warden, Sister Mary McClymont; conductor, Sister Lena Cairns; chaplain, Sister Estelita Wellman; musician, Sister Maude Walton; right support noble grand, Sister Astell, P.D.D.P.; left support noble grand, Sister Gladys Dawson, P.N.G.; right support vice-grand, Sister Myrtle Lane, P.P.; left support vice-grand, Sister Louise Waite, P.N.G.; inside guardian, Sister Hazel Crosby; and outside guardian,

Brother Beattie. After the business of the lodge had been concluded, refreshments were served by Sister Grace Webster, P.N.G., and her retiring officers.

NATIVE OF FRELIGHSBURG DIED AT NEWPORT, VT.

The remains of Mrs. Paulina LaGrange Kilburn, who passed away at the age of eighty-seven years at the residence of her daughter, Mrs. Charles G. Murdock, Newport, Vermont, were taken to West Sheffield on Saturday morning last for interment.

The late Mrs. Kilburn passed away on January seventh. The funeral service was held at Newport on Friday evening, conducted by Rev. A. B. Crichton. Upon arrival at West Sheffield on Saturday a service was held in the Anglican Church following which the body was laid to rest in the family lot. The late Mrs. Kilburn was born in Frelighsburg.

ALFRED WOOD, President and Editor. GORDON MILLER, Managing Editor. C. P. BUCKLAND, Advertising Manager.

The income that worries mother is the midnight income of her boy.

WILL MAKE A BLEAK HOUSE OF YOUR AFFAIRS.

Orthodox measures of government should be laid down as clearly as Bourin's rules for parliamentary procedure. The ventures of all forms of government, municipal, provincial and Federal, into fields of activity which it was never intended that they should enter, has not only demoralized the social and economic world, but they have laid upon the shoulders of the thrifty the burdens which belong to the whole people.

Theorists and dreamers will write books and elaborate a thesis with a lopsided presentation of the facts, a subtle presentation of half truths, and deduce therefrom an unorthodox conclusion which may find disciples among the shallow.

Conditions are changing, to be sure, and within the thirty years since the beginning of the Twentieth Century there have been more radical changes than in any period of the world's history. But the different conditions are often made more difficult to assimilate through illogical legislation.

The adoption of the "dole" system in England brought disaster upon the United Kingdom.

In both Canada and the United States there were examples of big projects carried on by inexperienced amateurs who thought day labour and cheap engineers could develop the same precision and solidity as would the safer contract system.

Social welfare work, which is within the province of each community or municipality, was attempted by governments, with a consequent irresponsibility and a waste of half the money in its distribution.

Public ownership of railways has been the greatest disaster of the period. Canada has hung on whilst other countries quickly let go when they realized that the ramifications of a transportation system called for personal responsibility and private incentive.

One has only to study the expenditures of any government in 1900 and compare them with those of 1930 to realize how these mad ventures and errors of judgment have made so heavy the present burden of taxation.

When you ask for government intervention, or government assistance, you invite into your business a court of chancery which will make a Bleak House of your affairs.

LET US GUARD OUR OWN BASIC INDUSTRIES.

The Eastern Townships bid fair to be the center of the textile industry of Canada, as Manchester is in England. To the woollens and cottons have been added silk and rayon mills. Of the three there should be allied industries just as occur in Lancashire and Yorkshire, counties with a much smaller area than that of our own counties.

There must be watchfulness at the Imperial Conference in order that the prosperity of these busy industries shall not be jeopardized at the behest of the keen West of England representatives who will be among the personnel of the United Kingdom entourage.

The Wool Growers' Association in Canada have been working hard for many years to improve the quality of the wool grown in Canada.

The cotton mills have been equipped with the very last word in the weaving of finer cotton fabrics. The silk and rayon and celanese mills are among our proudest industries. These latter mills have prospered because they are producing goods formerly imported from foreign countries and not particularly from the United Kingdom.

We have boasted that the world depression has not been felt so much in the Eastern Townships, and it is because of our textile industries in this city and in the surrounding towns and villages, such as Waterville, Cowansville, Magog, Drummondville, Farnham and other places.

In Sherbrooke we have a woollen industry which produces cloth equal to any of the imported fabrics, and to this has recently been added a busy little mill in Waterville. Sherbrooke as a city has gained some of the prestige which accrues to the Paton serges, which enjoy more than a Dominion-wide fame, and are always accorded full respect by the Yorkshire makers. They have the softness of handle, and the strength which comes to the long fine vigorous staple which produces the best yarns.

It would be a calamity to imperil the growth of these well-established industries through any tariff-bargaining which would prove detrimental to the industries, to Sherbrooke, and to the Eastern Townships.

EDITOR'S NOTE BOOK.

The preservation and long life of Empire Trade Unity will depend upon a firm understanding that no other country shall be given like advantages without the consent of all the participants in the

Ottawa Economic parley. In the French Treaty, recently abrogated, when France made the mistake of depreciating Canadian currency, the trade treaty thus denounced, gave French liquors and wines a price advantage over both British and Canadian liquors. We hold no brief for the distillers or wine-makers, but it is obvious that such a pact was unfair.

A friend of mine in Danville complains that some of the epigrams which appear in the Record are just naturally hitting at him. We have all been to church and have felt that the minister's general denunciations of wrong-doing may be an in-curve or a drop pitch at some of our own weaknesses. Many a man has left some church because he felt that his parson was always preaching at him. That is what is called introspective super-sensitiveness or the inverted ego.

The "firm hand" of Lord Willingdon, Viceroy of India, indicates that the next Round Table Conference will be held in Hindustan, and there will be less of the namby-pamby sentimentalism than that which has characterized the previous efforts at peaceful settlement. The Liberal and Labour Governments of England have always gotten into troubles which the Conservative Governments have to pull the Empire out of. Even a dog knows when a man is afraid of it.

The Magog has again taken its annual toll of precious lives, and has but recently gathered to its cold depths the life of an heroic young man, Philip Robidoux, who laid down his life in a brave effort to save that of his boyhood friend. This modern Sir Galahad lost not a moment in going to the rescue of young Therrien, who had been his chum since childhood. But the treacherous ice threw him in also, and together the lads struggled, and both had succumbed ere help arrived.

Premier Taschereau has promptly disavowed any intention of following the course of Ontario in reducing the salaries of Government employees. He is quite right. There is more security than generosity in governmental salaries, and 'tis well that the chief has the courage to courageously avow his belief that this is so. There are other ways of practising economy which are preferable to discouraging the workers.

The British pipe smoker is following the "Buy British" mandate of the Prince of Wales. The use of the finer grades of Canadian tobacco in England was more than doubled within a year, taking the figures for last November as a comparison. The tobaccos from Elgin, Norfolk and Kent Counties in Western Ontario are equal to the finest Cuban or Virginia leaf, and its production is also being cultivated in the Niagara fruit belt.

The idea of Senator Follette, Wisconsin, of a redistribution of wealth sounds like an equalization of children's toys. He should study the old, old story of the men who were each given the talents to invest. It is quite as true today as it was in the beginning. Wisconsin is peopled by men who have not gone through the melting pot of America, and who will readily follow the false prophets.

With a production in Canada of over forty millions of gold the wonder is that there has been no gold coinage in the Ottawa mint. It takes just as long to strike a nickel five-cent piece as it does a gold ten-dollar coin. Perhaps we laymen do not understand the idiosyncrasies of high finance. But we do know that Canada is under-currencyed, and that gold is at a premium.

Lend thine ear to the voice of the Government and they will smack a tax on it.

"Pay as you go," says Mr. Taschereau, and thus will we get back to normal.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record, January 13th, 1902.

Dr. G. E. Hyndman left for Montreal to attend a meeting of the Dental Board, and William Morris to act as examiner at the Provincial Bar examinations. Final returns of the 1901 census were announced at Ottawa, the population of the Dominion being placed at 5,369,966.

Following the fire at the Sherbrooke House, T. P. Kenney, H. E. Goodhue, R. W. H. King, Colin Ramsay and George Borlase took up residence at the Grand Central Hotel for the remainder of the winter.

Many cases of scarlet fever were reported in Sherbrooke and vicinity. The family of Allan McGee, of Ascot, was sadly afflicted, their eight children contracting the disease, from which one of the daughters passed away.

The first of a series of meetings under the auspices of St. Andrew's Brotherhood was held in St. Peter's Chapel, the speakers, Rev. G. Osborne, Troop, of Montreal, and Arthur Wood, of Granby, being introduced by R. N. Robins.

Officers of Victoria Lodge, A. F. and A. M., were installed by the D.D.G.M., H. E. Channell, the list including Thomas Cowan, Dr. F. H. Bradley, John Dempster, John Perrett, B. Astell, E. Hovey, W. Thompson and James Ranshoussan.

King Edward reviewed a draft of 1,200 men from the Guards regiments of England and Scotland upon their departure for South Africa and expressed his conviction that the war was approaching an early termination.

The death of Hector W. Channell, third son of H. A. Channell, was a shock to the residents of Stanstead. Rev. G. Elery Read conducted the funeral of the young man, the bearers being Henry Bail, E. St. Pierre, George Heath, Albert Tiffin, Ed. Cosby and Herbert Cullins.

A meeting of the directors of the Eastern Townships' Bank was held to consider the issuing of new stock. Those present were Senator M. H. Cochrane, Hillhurst; Gardner Stevens, Waterville; C. H. Kathan, Rock Island; N. W. Thomas, Coaticook; Major I. Wood, H. B. Brown, K.C., and J. S. Mitchell, Sherbrooke.

JURY NOT YET SELECTED FOR MURDER TRIAL

Regular and Supplemental Panels Exhausted, With Only Ten Men Accepted—Sheriff Therrien Ordered by Court to Gather in Twenty Local Citizens.

When this morning's session of the Court of King's Bench was adjourned for the noon-day recess by Mr. Justice Joseph Archambault, the task of selecting a suitable jury to hear the murder trial of Adelard Dube, of Hereford, had not been completed. Both the regular and supplemental panels had been exhausted by the noon-day recess by Mr. Justice Joseph Archambault, the task of selecting a suitable jury to hear the murder trial of Adelard Dube, of Hereford, had not been completed.

Lengthy debates between the Crown and defence, in which the Court often took a part, featured the examination of the various prospective candidates for jury service this morning.

A short piano recital was given on Monday afternoon by Miss Mildred Largie in the assembly hall of the Sherbrooke High School for the entertainment of the faculty and student body of the school. In introducing Miss Largie, Principal W. J. Gibson emphasized the fact that this distinguished artist was a native of the Eastern Townships.

Members of the Young Ladies' A.C. of St. Andrew's Church were entertained at a dinner by Miss Margaret Robins at her home on Magog street. The president, Mrs. W. Davey, occupied the chair, and after the reception of the reports and routine business was concluded, the election of officers for the coming year was proceeded with.

At a meeting of the Women's Missionary Society of St. Andrew's Church, held yesterday afternoon in the church hall, with the president, Mrs. W. E. Price, in the chair, the installation of the newly elected officers was the important feature.

At a meeting of the Y.M.C.A. Auxiliary of the Y.M.C.A., including representatives from the different churches in the city, was held at the Y.M.C.A. to make arrangements for the eighteenth annual "Father and Son" banquet.

Social and Personal

Mrs. J. W. Terrey, Queen street, is in Reading, Penn., a guest of her sister, Mrs. George Graeff, and Mr. Graeff, who spent a week in Sherbrooke with Mr. and Mrs. Terrey prior to their departure for Reading.

Yesterday afternoon members of the Child Welfare Clinic of Sherbrooke met at their room in the Whiting Block. There was a good attendance, with the president, Mrs. W. S. Allen, in the chair.

The hostesses at the Ladies' Sherbrooke Curling Club tea yesterday afternoon were Mrs. C. B. Howard, Mrs. F. H. Bradley, Mrs. G. E. Thomson, Mrs. H. L. Allen and Mrs. F. C. Churchill. The attractive tea table covered with a lace cloth and centered with marigolds and narcissi in a silver basket, was presided over by Mrs. J. G. Ranshoussan.

A SUCCESSFUL YEAR REPORTED BY BOY SCOUTS

For First Time in History of Scouting in Eastern Townships Membership Exceeds the One Thousand Mark.

Another very successful and encouraging year has been concluded by the local Boy Scouts. This fact was clearly demonstrated by the reports which were presented at the annual meeting of the association held in the Whiting Block last evening.

Mr. J. R. Sangster, the retiring president, presided over the meeting, and called upon the secretary and treasurer to present their reports. The treasurer, Mr. Lewis Rosenbloom, in his report pointed out that the bank balance on January 1, 1931, was \$967.32, the revenue during the year being \$292.32 and the expenditures totalling \$289.01.

BIRTHS, MARRIAGES, DEATHS

BIRTHS: BARRETT—At Lennoxville, Jan. 7, 1932, to Mr. and Mrs. John W. Barrett, Warren street, a son.

DEATHS: PARNELL—Entered into rest, Jan. 12th, 1932, at Renfrew, Ont., W. J. Parnell, beloved husband of Minnie Willard Parnell, aged 53 years, 3 months. Funeral will take place Thursday, January 14th, leaving for the funeral home at 2 p.m. to United Church, Lennoxville. Service conducted by Rev. F. R. Matthews. Interment in family lot, Malvern Cemetery.

TURNER—Died at his home in Knowlton, January 13th, 1932, Albert Turner in his 35th year. Funeral Friday, January 15th, from his late residence to St. Paul's Church at 2 o'clock. Masonic service. Interment in Knowlton Cemetery.

CARD OF THANKS: We wish to express our sincere thanks to all who in any way assisted us at the time of the death and burial of our mother and grandmother, Mrs. Gella Bacheider, especially the Rev. F. W. S. Watrous, Rev. W. H. Thomas and Rev. G. Moore, also for the many expressions of sympathy and all who sent flowers.

MR. AND MRS. R. G. CASS: MRS. MARJORIE G. CASS: MR. STUART CASS: Ayer's Cliff, Que.

IN MEMORIAM: In loving memory of my dear husband, Warren Amadon, who departed this life Jan. 13th, 1932.

A life of sacrifice, little of play, Loving and giving, gentle, unselfish, a friend ever true.

MARY AMADON, Jan. 13th, 1932.

### BERMUDA GAVE GREAT WELCOME TO TRADE SHIP

Governor-General Also Entertained Members of New Northland Party on Visit to Bermuda.

HAMILTON, Bermuda, Jan. 13.—For two days a steady stream of Bermudian business men have been visiting the Canadian exhibition ship "New Northland" which arrived here Monday with an impressive display of Canadian goods on board. The exhibition ship will sail from here on Thursday and touch at various West Indian islands demonstrating what Canada has to offer in return for the vegetables and fruit which she will buy from Bermuda and British colonial possessions to the south.

Business men here are favorably impressed with the quality and price of Canadian goods displayed on the "New Northland."

A delegation from the exhibition ship later visited the government's agricultural station today and viewed a display of Bermuda winter-grown vegetables.

LIEUTENANT GOVERNOR ENTERTAINED AT DINNER

HAMILTON, Bermuda, Jan. 13.—His Excellency, Lieut. General Sir Thomas Ashley Cubitt, Governor and Commander in Chief, and Lady Cubitt entertained a number of prominent Canadians at Government House yesterday, to mark the presence here of the Canadian exhibition ship "New Northland."

Among those present were Senator MacDonnell, General Tremblay, Honorary A. D. C. to His Excellency the Governor General of Canada, and Mrs. Tremblay, Colonel and Mrs. Boulanger, Alex. Johnson, Deputy Minister of Marine and Mrs. Johnson, Frederic Hudd, Canadian Government Trade Commissioner for Bermuda, Mlle Paradis, Mr. and Mrs. Desmond Clarke, Mr. Morton, representing the Canadian Manufacturers' Association and Mrs. Morton.

### CANADA MOVING STEADILY ON TO BETTER TIMES

Sir John Aird Expresses Confidence in Business Structure of Dominion to Weather Depression.

TORONTO, Ont., Jan. 13.—Notwithstanding that the unfavorable and complicated world events of the past year make definite prediction impossible, Canada seems to be moving steadily, though slowly, toward economic improvement and recovery, declared Sir John Aird, President of the Canadian Bank of Commerce, at the annual meeting of shareholders here yesterday.

Sir John said it was a real cause for thankfulness that while severe financial storms raged in continental Europe, Great Britain and the United States, the Canadian banking structure had stood firm and unshaken.

Sir John discussed the opportunity for the development of economic unity within the British Empire following the general nationalistic tariff-making and trade and financial conditions throughout the world. If need be, the Empire could establish a monetary system of its own, but it also could re-establish unaided a gold standard. "The Empire now furnished each year about three quarters of the world's new supply of gold and it might, if circumstances warranted, and as has been the case in the past with South African gold, exercise first claim upon this production for years to come," said the president.

"It is safe to surmise that most, if not all, of any reduced output from the Rand will be made up in Canada. I hold to my prediction, expressed a few months ago through the press, that the value of Canadian gold production will be about 100 million dollars ten years hence, almost double that for 1931. Canada's gold production would continue to be a factor of inestimable value to the Dominion in enabling her to repress international trade barriers and in meeting the burden of external obligations in a period when fresh borrowing is practically prohibited owing to prevailing money conditions in foreign money markets."

Sir John said the agricultural community had borne the brunt of the depression in Canada but had made the greatest progress toward overcoming it.

"The pressure of economic forces and the attractions of the younger commercial nations, like Canada, will cause a new wave of migration from over-crowded countries," predicted Sir John "there is no other part of the world that stands to gain more on the return of prosperity. We are still rich in opportunity."

S. H. Logan, General Manager of the bank, said Canada not only has a comparatively good business record during the past two years, but having entered the period of depression somewhat earlier than most other countries is probably further advanced in the readjustment required in such times as the present.

FARMER STOLE PLOUGH, ST. HYACINTHE, QUE., Jan. 13.—Alfred Meunier, found guilty of the theft of a plough from Ernest Desautels, a farmer of Ste. Rosalie, was sentenced to two years in the penitentiary by Judge Emile Marin, yesterday. Meunier is a farmer living at St. Libaire.

M. Messier, of La Presentation, a village six miles north of here, was found guilty by Judge Marin of being in possession of an illicit still and was fined \$200 and costs.

## BOY SCOUTS AT ASBESTOS NAME NEW OFFICERS

**Encouraging Reports Presented at Annual Meeting of 1st Asbestos Troop—Christmas Toy Shop Was Decided Success.**

ASBESTOS, Que., Jan. 13.—The first Asbestos group committee held their annual meeting with a good attendance and re-elected the following officers:—Patrons, Hon. J. E. Perreault and Dr. F. J. Laféche; president, F. G. Atwood; vice-president, H. G. Ross; treasurer, R. A. Denovan; secretary, E. L. Moulblow; honorary council, C. H. Shoemaker, R. S. Gardner and W. N. Rook. A committee was also appointed to name further honorary appointments.

The Scoutmaster read his annual report which, in face of a difficult year, was very encouraging, as each section of the group showed an increase in numbers despite unavoidable withdrawals. Much credit is due A.C.M. Greenway who, assisted by A.C.M. Hull, has brought the Cub Pack up to a good strength, with a very promising future.

After considerable discussion, several matters of importance were dealt with and disposed of. One of the outstanding events of the year was the recent purchase of a suitable building for permanent headquarters which has been the hope of the troop for some years. The building is now undergoing renovations to provide one main assembly hall downstairs, with a leader's den, one Cub room and quartermaster's stores. The upstairs will be divided into five patrol rooms for use as meetings. The new building should be ready for occupation by the end of January. The repairs are being done by the boys under the leadership of A.C.M. Hull, and the cost of the materials will be raised entirely by the boys.

The annual toy shop was a great success, under the leadership of A.S.M. Kyle. The number of toys repaired this year was the greatest since the shop was started, and twenty families were supplied with Christmas boxes, which were delivered on Christmas eve. Besides toys, some of the families received boots, rubbers, groceries and bread. The troop wishes to acknowledge gifts as follows:—Miner Rubber Company, footwear; Denault and Son, groceries; A. Bolduc, candy; J. E. Bourque, \$1; C. Boisclair, \$1; D. Brouillet, bread, and W. B. Gallup, loan of team. This good turn on the part of the Scouts meant considerable happiness to over one hundred children. The Wolf Cubs did their share by making up a number of scrap books which they sent to the Children's Memorial Hospital, at Montreal.

The Teachers' Council held their annual meeting at the Scoutmaster's residence and Mr. D. Hull was elected chairman for the next term. Mr. Underwood kindly consented to give his services to the Council as secretary for the ensuing year, which is very much appreciated.

The annual meeting of the Court of Honor was held at the Scout headquarters, when P. L. Herman Frerichs was elected chairman. The inter-patrol competition trophy was won for the last term of 1931 by No. 4 Patrol, of which P. L. Frerichs is leader.

Scouts are reminded that the Lynn Trophy 1932, now open for competition, will close on August 31. The Scoutmaster has decided to reconsider his resignation at the urgent request of the Leaders' Council.

General Notes.  
 Mr. and Mrs. G. M. Boyd, of Norboston, were in town on Wednesday, January 6.  
 The Asbestos High School opened

de Valois, Mrs. Smith and Mrs. Denovan were read. The meeting was closed with prayer. At the conclusion, refreshments were served by the hostess.

On January 10 at the Asbestos United Church the board of Stewards were elected for the year 1932, as follows:—Mr. H. K. Sherry, chairman; Mr. Ball, secretary; Mr. Gale, treasurer; Mr. Olney, Mr. Moulblow and Mr. Simpson, as stewards; Mrs. Jones for the Sunday School, and Mrs. H. K. Sherry as choir leader and organist. The president, Mrs. Rooks, of the Women's Association and Mrs. B. E. Beamer, secretary, are also on the board as well as the pastor, Dr. Ponder, ex-officio.

On Saturday afternoon, January 9, the Asbestos Brownie Pack entertained their mothers and friends in the Town Hall. A short programme was put on by each six and was well acted by the young children. At the conclusion of the Brownie performance, the Girl Guides put on an impromptu mock trial which was much enjoyed by those present. At the conclusion, the Guides and Brownies served lunch. "O Canada" and the national anthem brought the entertainment to a close. Mrs. Sector, Miss Beamer and Miss Jackson are to be commended on their excellent training of the children.

Friends of Miss Nettie Dow, who has been confined to the house for the past ten days, will be glad to know she is able to be about again.

All Saints' Sunday School held their annual Christmas tree with a very good attendance. The hall was opened at four o'clock in the afternoon, when the children played games in charge of Miss D. Elliott, after which refreshments were served by the following, who kindly assisted at the function, Mrs. W. N. Reakes, Miss G. Brown, Mrs. W. Howe, Miss D. Elliott. At the conclusion of the refreshments, Mr. W. N. Reakes, superintendent of the Sunday School, made some announcements, and assisted by Miss Elliott, distributed bags of candy and fruit.

Mr. G. L. Fuller left for Farnham on Saturday to spend the week-end at the home of his parents.

Mr. and Mrs. W. J. Dean, Short street, Sherbrooke, were week-end guests at the home of their son, Mr. W. P. Dean, and Mrs. Dean.

The Women's Missionary Society of the Presbyterian Church held its first meeting of the year on Tuesday, January 5, at the home of Mrs. F. H. Smith. Mrs. Lavis opened the meeting with prayer. The president, Mrs. Denovan, was in the chair, and capably took care of all business matters. Readings by Mrs.

Scripture reading and Mrs. D. P. MacIver lead in prayer. The minutes of the previous meeting and various reports were read and accepted. This being the annual meeting the elections took place, resulting as follows:—President, Mrs. D. A. MacIver; vice-president, Mrs. M. Nicholson; secretary, Mrs. A. M. MacKenzie, re-elected; treasurer, Mrs. John Nicholson; fancy work committee chairman, Mrs. M. A. MacDonald; useful articles, Mrs. Kenneth MacLeod; social committee chairman, Mrs. Irving Elger; visiting and sick committee chairman, Miss B. Murray; posters, the Misses Christie and Lucile MacLeod and Dorothy MacDonald. At the close of the meeting, refreshments were served by the hostesses and a number came in at the tea hour.

Mrs. George MacCavery, of

### SCOTSTOWN

The January meeting of the Presbyterian Circle was held on January 7 at the home of Mrs. A. M. MacKenzie with Mrs. Irving Elger as joint hostess. This was a well-attended meeting, and was presided over by the president, Mrs. MacLean. The meeting was opened with

Chicopee, Mass., arrived on Sunday to visit her mother, Mrs. M. R. MacKenzie and brother, John MacKenzie, who are both still confined to their homes. Their friends will be pleased to hear that they are improving gradually.

Miss Katherine MacLennan has returned to Chute Panet to resume her school duties.

Friends of Mrs. Angus MacLennan will regret to hear that she met with the misfortune of falling on her stair-way sustaining a number of bruises.

Mr. Kenneth Murray, of Milan, was a recent visitor at the home of Mr. and Mrs. Kenneth MacLeod.

Friends of Mrs. W. F. Bowman will regret to hear that she is confined to her home by illness.

Miss Edith MacDonald entertained a number of her young friends last

Saturday afternoon, the occasion being her eighth birthday. After playing a number of games, refreshments were served.

### VALE PERKINS

Mr. John Murray has returned to his home in Scotstown, after spending a short time with his daughter, Mrs. Vernon K. George, and Mr. George.

Mr. and Mrs. Claude George were guests of Mr. and Mrs. Homer Gardner, on Sunday.

Miss Annie Jewett has returned to her school in Fulford, after spending the holidays with her parents, Mr. and Mrs. F. A. Jewett.

Miss Bernice Gardner was a recent guest of Mrs. Dan Jones and Mrs. Ray Jones.

**Fill empty sockets with EDISON MAZDA LAMPS**

Why run short of lamps? Why borrow from one socket to fill another? Keep a supply on hand especially now that you can do it at economy prices. Edison Mazda Lamps in —

**Cartons of Six \$1.40**

**Southern Canada Power Company Limited**  
 "Owned by those it serves"

**Never Asked Out...!** **Here's the Hidden Cause of Bad Skin** **So Easy to Correct**

**LONELINESS... that's the awful penalty of a sallow, blemished complexion!** Yet how easily her unhappy plight could be remedied... if she only knew!

**HERE'S the usual cause of bad skin, pimples, etc. It's Intestinal Fatigue... the body's failure to eliminate poison-breeding waste.**

**3 CAKES of yeast\* daily will keep intestines clean—clear up your skin!**

# There's no excuse for BAD SKIN!

**DO YOU KNOW THIS GIRL?**  
 She is young, slim, attractive, brilliant. Yet for years happiness has passed her by. For years a hopeless handicap has spoiled her chances for success, ruined her beauty, destroyed her charm. She has a bad complexion!

**That's the unpleasant thing about constipation. It so often shows itself in a sallow, blemished skin.**

**Now most of us know that. Yet, in our impatience to correct this evil, we frequently resort to measures that make it actually worse.**

**We turn to laxatives, to strong cathartics, to violent pills. And all too quickly**

**It's usually due to an unhealthy condition INSIDE your body that you can correct very easily... if you go about it the right way!**

**we discover that their relief is only temporary... that in time they lead to a dangerous medicine habit that's very hard to break.**

**Then what is the answer?**

**Doctors—for over 75 years—have known an amazingly simple way to overcome constipation and the skin troubles, digestive troubles, headaches, etc., to which this evil leads.**

**This method is the regular daily eating of fresh Fleischmann's Yeast!**

A food, Fleischmann's Yeast mingles with the clogging waste masses in your intestines. At the same time it actually "tones" and stimulates the natural action that helps to clear these wastes away.

Thus your whole system is gently invigorated, purified. Poisons have less chance to form. Headaches disappear. And soon, those horrid skin blotches and pimples dry up and fade away!

**If you've never tried Fleischmann's Yeast, do so by all means. Eat it regularly, three cakes every day—before meals or between meals and at bedtime—plain, or dissolved in water (a third of a glass).**

You can get Fleischmann's Yeast (rich in vitamins B, G and D) at grocers, restaurants, drug stores and soda fountains. Add it to your diet—starting today!

**\*IMPORTANT—Fleischmann's Yeast for health comes only in the foil-wrapped cake with the yellow label. It's yeast in its fresh, effective form—the kind that famous doctors recommend. Ask for Fleischmann's Yeast by name!**

**Not a "Cure-all"... Fleischmann's Yeast is a health food thousands eat —3 cakes a day**

Mr. and Mrs. R. G. Moffatt, Mr. John Moffatt and Miss Madeline Moffatt, of Montreal; Mr. George W. Kiernon and Mr. G. Murray, of Rollin's Hill, were here on Sunday, visiting Mr. and Mrs. J. P. Cleary and family.

Mr. and Mrs. Clarence Ingram and children; Mr. and Mrs. Edward Ingram and Miss Gladys Ingram, of Granby, Mr. and Mrs. Arthur Renaud, of Warden, were here over the week-end visiting Mr. and Mrs. James Ingram and family.

A large gathering of relatives and friends of Mr. and Mrs. John Russell assembled at their home on Saturday evening. Many came from Waterloo, Brome, Granby, Warden, St. Joachim and all enjoyed a very pleasant time with dancing and cards, and supper was served by the host and hostess, Mr. and Mrs. Russell at midnight.

Mr. Rudolph Cleary returned to resume his studies at St. Charles Seminary, Sherbrooke, on Thursday, January 7th. On the eve of his departure a large number of relatives and friends gathered at the home of his parents, Mr. and Mrs. W. P. Cleary.

Mr. Albert Jewell, of Penacook, N. H., was a New Year's guest of his mother, Mrs. Bullard, and of Mr. and Mrs. G. Hobbs.

Mrs. Rodney Taber and Master Eric Taber have returned home from Waterloo.

Miss Sargent, of Boston, was a recent week-end guest of her sister, Mrs. Raymond Hall, and Mr. Hall.

STRONGER TONE THIS MORNING AT MONTREAL

A Number of the Leading Issues Were Slightly Above Yesterday's Closing Levels at Opening of Exchange Today.

MONTREAL, Que., Jan. 13.—A stronger tone prevailed in early trading on the Montreal stock market this morning, and a number of the leaders were slightly above yesterday's closing levels.

Brazilian Traction advanced up 5-8 from yesterday's close. Nickel advanced 1-8 to 10 and Canadian Pacific Railway moved up to 16 1/2 for a gain of 1-2. Alcohol was unchanged and Canadian Car preferred came out at 16 unchanged.

MODERATE GAINS TODAY ON NEW YORK EXCHANGE

NEW YORK, Jan. 13.—The stock market opened firm today, with moderate gains well sprinkled among the pivotal shares.

MONTREAL LIVE STOCK MARKET

MONTREAL, Jan. 13.—There were 159 cattle, 80 calves, 398 hogs and 35 lambs for sale on the two Montreal livestock markets today.

The very mild weather had a depressing effect on sales.

The cattle market was very dull, with no early sales. Common to just fair veal calves were sold for \$6.75 to \$7.50. Lambs were unchanged.

Hogs were slow. Bacon, butchers and lights brought around \$5 fed and watered. Sows were sold for \$4.25. A couple of loads were delivered on former contract at \$5.25 for bacon.

GIANT AIR FREIGHTER TO START JOURNEY TOMORROW

Ju-5 Will Be Used to Carry Heavy Mining Machinery to Outlying Properties in Northwestern Canada.

WINNIPEG, MAN., January 13.—Bound for the mining districts of northwestern Canada, the Ju-5, giant freighter of the skies, will take off for the scene of its first operations tomorrow, if weather permits.

Flown here from Montreal, where she was assembled, the freighter has since been equipped with skis and given extensive flying tests, loaded with three tons of sand. She will be used to carry heavy mining machinery to outlying properties.

SAVAGE'S MILLS

Mr. and Mrs. R. G. Moffatt, Mr. John Moffatt and Miss Madeline Moffatt, of Montreal; Mr. George W. Kiernon and Mr. G. Murray, of Rollin's Hill, were here on Sunday, visiting Mr. and Mrs. J. P. Cleary and family.

Mr. and Mrs. Clarence Ingram and children; Mr. and Mrs. Edward Ingram and Miss Gladys Ingram, of Granby, Mr. and Mrs. Arthur Renaud, of Warden, were here over the week-end visiting Mr. and Mrs. James Ingram and family.

A large gathering of relatives and friends of Mr. and Mrs. John Russell assembled at their home on Saturday evening. Many came from Waterloo, Brome, Granby, Warden, St. Joachim and all enjoyed a very pleasant time with dancing and cards, and supper was served by the host and hostess, Mr. and Mrs. Russell at midnight.

Mr. Rudolph Cleary returned to resume his studies at St. Charles Seminary, Sherbrooke, on Thursday, January 7th. On the eve of his departure a large number of relatives and friends gathered at the home of his parents, Mr. and Mrs. W. P. Cleary.

Mr. Albert Jewell, of Penacook, N. H., was a New Year's guest of his mother, Mrs. Bullard, and of Mr. and Mrs. G. Hobbs.

Mrs. Rodney Taber and Master Eric Taber have returned home from Waterloo.

Miss Sargent, of Boston, was a recent week-end guest of her sister, Mrs. Raymond Hall, and Mr. Hall.

Mr. Frederick Sanborn, of Montreal, was a guest of his parents, Mr. and Mrs. C. Teel over the holidays.

APPEALS FROM DECISION OF POLICE COURT

William Henry Libbey Presented Case in Superior Court Yesterday, Appealing from Decision of Recorder Forest.

Fined by Recorder Lionel Forest last June following his arrest by the municipal police on a charge of having carried on business in the city as a peddler without obtaining a permit, William Henry Libbey, 50 King Street East, appealed from that decision in the Superior Court yesterday. The case was taken on deliberation by Mr. Justice White.

Libbey based his appeal on the fact that the by-law upon which the complaint was brought is ultra vires and null, and that Recorder Forest exceeded his jurisdiction. Libbey claims he was not doing business as a peddler, but carrying on work without remuneration and with no intent of profit. He desired that a writ of certiorari be issued addressed to Recorder Forest.

EARTHQUAKE IS DESCRIBED BY SCIENTIST

Dr. F. A. Vening Meinesz, of Holland, Who Has Made Extensive Study of Subject, Brought Out Startling Facts in Address Before Washington Scientists.

WASHINGTON, Jan. 13.—Tracking down earthquakes in a submarine, a scientist has decided they originate in giant submerged "cracks" thousands of miles long, where the earth's crust is buckling inward.

Dr. F. A. Vening Meinesz, of Holland, maintains earthquakes and the upfolding of mountain ranges are only puny symptoms of far more powerful forces deep in the earth that have split open these "cracks." He gave his views last night before the annual meeting of the Washington Academy of Sciences.

Dr. Meinesz, like a character out of Jules Verne, has travelled 50,000 miles under the seven seas in submarines, locating with delicate instruments the measure changes in the force of gravity, the places where the earth is buckling.

One "crack" winds through the East Indies, he said, and is 5,000 miles long. Another runs near the Pacific Islands of Guam and Yap. A third passes north of Haiti and Porto Rico.

This winter he and other scientists intend to trace this third "crack" westward. They believe it may cross through Mexico, perhaps connecting with another already located off the California coast.

The inward buckling of the earth's crust may result from cooling and shrinking of the earth's interior, causing the "skin" to wrinkle like that of a shriveled apple, he said, or it may be caused by gradual "drifting" of the continents across the surface of the globe with resulting changes in pressure at different points.

FOUND BONES IN CELLAR WHERE CHILD WAS KILLED

Believed to Be Remains of Six-Year-Old Marian McLean, Who Was Assaulted and Left to Die by Charles Bischoff.

CINCINNATI, Ohio, Jan. 13.—Special investigators late yesterday dug up bones from the earthen floor of a dark, lofty tenement house cellar where last month six-year-old Marian McLean was assaulted and left to die by Charles Bischoff, forty-five, bespectacled and eccentric cobbler who yesterday confessed the crime.

The gruesome find was turned over to Sheriff Asa V. Butterfield, who left immediately for Cleveland, Ohio, where he will submit them to experts to determine if they are human.

THIS COUNTRY'S CHEESE RATHER OVERSHADOWED

Dr. J. A. Ruddick, Dominion Dairy Commissioner, Says that There is Real Danger of Canadian Cheese Being Neglected on British Market in Spite of Its Superior Quality.

LONDON, Ont., Jan. 13.—There is a real danger of Canadian cheese being rather overshadowed and neglected in the British market in spite of its superior quality, Dr. J. A. Ruddick, Dominion Dairy Commissioner, told the annual convention of the Dairymen's Association of Western Ontario here today.

"In recent years," Dr. Ruddick said, "the practice in the retail trade has been to sell New Zealand cheese only while it lasts, and then turn over wholly to Canadian. It follows that the periods during which each kind is sold corresponds to the relative quantities and, at the present

STILL THINKS CARS CAPABLE OF MORE SPEED

Sir Malcolm Campbell Hopes to Prove that Automobiles Can Travel Three Hundred Miles Per Hour.

NEW YORK, Jan. 13.—Sir Malcolm Campbell, British speed marvel, still believes an automobile can be made to travel at 300 miles an hour and he has hopes of proving it one of these days. Perhaps within a month perhaps in a longer period.

Although his United States representative, Bill Sturm, of Indianapolis, indicated yesterday Campbell is considering a return to Daytona Beach, Fla., within a day for another record attempt, Campbell himself in London intimated that his plans still are in a highly indefinite state.

"I have been talking about making a fresh attempt for some time," Campbell said. "Indeed I may go on making attempts for another fifteen years but I have not definitely planned anything at the moment."

Sturm said here that Campbell was certain his world record of 245.775 miles an hour would not endure very long and probably would be surpassed by the Australian speed king, Norman (Wizard) Smith.

TARIFF POLICIES OF GOVERNMENT CONDEMNED BY OPPOSITION CHIEF

(Continued from Page One) they are today, and when parliament, at the end of the session is weary of its labors, something in the nature of emergency measure may be sprung, to cope with which, and to save the nation from disaster, the country will be told a national government alone will be qualified."

The Canadian National was not to be made "the scapegoat for the condition into which Mr. Bennett's policies have served to bring this country," Mr. King asserted strongly.

It must not be caused to "serve the ends of any transportation monopoly in Canada." If either of these things were permitted, the Liberal leader predicted that indignation would be aroused from coast to coast which would make Mr. Bennett regret that he had ever assumed office. The Liberal party, Mr. King declared amid applause, would stand by a rock against every proposition, however camouflaged, which would destroy the independence and integrity of the Canadian National.

Dealing with the trade policies of the government, Mr. King asserted that there can be no such thing, "so long as we are a free people, as one-way trade. A country that wishes to sell to another must buy from another." The tariff policy of the government, he contended, was stifling trade. It resulted in exclusion, not exchange. He warned against the adoption of an "Empire First" policy, Canada must be free to trade with any and every country which was willing to trade fairly with the Dominion.

The Government was blamed by the Liberal leader for failing to adopt the suggestion made at the last session for a commission to advise on the tariff and unemployment Bill. He asserted that he found throughout Canada a strong demand for a change in government. He was not urging that at present, however, but he did urge that the present administration change its policy on inter-imperial and international trade.

It is this particular channel for the disposal of Canadian cheese that holds most encouragement for the future, the Dairy Commissioner thought, because there is no other cheese imported into the United Kingdom that fills this demand so well as Canadian does.

Few complaints had been made, Dr. Ruddick said, in regard to the quality of Canadian cheese. The complaints related more to the condition of the surface of the cheese arising from boxing, too green, boxes not fitting properly and evidence of lack of heat and care in the curing room in cold weather.

Most serious of complaints, he declared, is the growing objection to the quality of Canadian cheese made in cold weather. "They say they are pasty, flavorless and altogether unfit for use. They don't want such cheese at any price. They prefer to fill their requirements with New Zealand cheese."

NUMEROUS TOPICS WERE TAKEN UP AT MEETING OF BOARDS OF TRADE

Continued From Page One. The world, was passing through a difficult and trying period, but he was not discouraged as to the future. He remarked that on past occasions this nation has borne its troubles and problems, and will do so again.

Other speakers heard during the afternoon were Mr. John Tilton, of Rock Island, and representatives of the Colonization Department of the Canadian National and Canadian Pacific Railways, including Messrs. E. J. Sauve, superintendent of Colonization, C.N.R., C. A. Van Scoy, assistant commissioner of colonization, C.P.R., and C. A. Paradis, secretary.

The only resolution adopted at the meeting was for an enlarged map of the Province of Quebec which would show the position of the Eastern Townships to better advantage. The resolution will be forwarded to the Provincial Government for consideration.

The election of officers for the coming year was one of the interesting features of the meeting. This resulted in practically the same officers as last year being returned.

The officers of the E. T. Associated Boards of Trade are as follows: Honorary President, Hon. Senator Rufus Pope, Cookshire, replacing the late Hon. Senator Foster; president, E. J. Page, Sherbrooke; vice-presidents, John A. Tilton, Stanstead, and Jude Thibault, Danville; treasurer, R. W. S. Nutbrown, Lennoxville; and secretary, C. E. Soles, Sherbrooke.

The slate of officers for the Immigration Society follows: Honorary president, Hon. J. E. Perrault, Arthursburg; president, B. N. Robinson, Coaticook; vice-presidents, George W. Murphy, Sherbrooke, and A. A. Paradis, Victoriaville; secretary, treasurer, R. W. S. Nutbrown, Lennoxville.

The executive board of the Boards of Trade is composed of Messrs. D. S. B. G. Davison, G. W. Murphy, E. W. Farwell and J. K. Edwards, of Sherbrooke; Robert C. Wilkins, of Farnham; P. C. Duboyce, N.P., and K. G. Nourse, of Richmond; L. M. Thomas, of Coaticook; A. A. Paradis, of Victoriaville; J. Bruce Payne and J. C. Macdonald, of Granby; H. Vilas, of Coaticook; A. P. Hillhouse, of Foster; Dr. C. S. Harris and Dr. G. A. Bowen, of Magog; C. H. Cleveland, of Danville; Cyrus MacRae, of Cookshire; W. T. Oughtred, of Maribon; D. Neveu, of Rock Island; H. W. S. Downes, of Lennoxville; R. L. Gale, of Waterville, and F. A. Johnston, of Ayer's Cliff.

The past presidents of the Immigration Society, who also form members of the board of officers, include Messrs. E. W. Farwell and C. E. Soles, Sherbrooke; A. A. Woodman, Coaticook, and A. B. Gendreau, Lake Megantic.

BRITISH CURRENCIES WERE STEADY AT NEW YORK.

NEW YORK, Jan. 13.—British currencies opened steady today on the local foreign exchange. Both the Canadian dollar and sterling were at yesterday's final quotations of 84 1/2 cents and \$3.41, respectively.

PARTIES UNITED IN DEMANDS FOR PROVINCIAL RURAL CREDITS PLAN

Continued From Page 1. year so that there would be absolute certainty on the properties liable to taxation for the forthcoming twelve months. That would take care, annually, of transfers of property from Catholic to Protestant and vice-versa—and transfers of property from another to Protestant and vice-versa in the City of Montreal, which would constitute, as it were, the cream of property offered as collateral for such a system is already in existence in Montreal. When the Fabrique of Notre Dame Church last year required a loan of over \$300,000 for repairs, etc., the annual valuation roll was provided for in the contract, so that Catholic properties within the parish are closely checked yearly.

COMMISSION ADVISES AID FOR MOTHERS OF QUEBEC

QUEBEC, Jan. 13.—The first report of the newly formed Department of Labor was tabled in the House yesterday. This is the first instalment of the recommendations of the Social Insurance Commission and advises extensive public aid to various categories of women embraced by the term "needy mothers."

Outstanding in the present recommendations—which constitute only the beginning of the work of the Commission under the presidency of Edouard Montpetit, of Montreal—are those affecting these categories of women with children: The classification to which the Commission would afford public aid are: "Widows supporting one or more children; wives of insane husbands; wives of husbands unable to work; accounts of grave and incurable illness; women abandoned by their husbands; wives of men in prison; divorced wives (in certain conditions). The subsidy, one half to be paid by the province and one-half by the municipality, would depend upon circumstances in each case. But the Commission suggests \$40 a month for a mother with two children.

The report deals with the first of three classifications which the Commission set itself a year ago. The questions on which report is made are "Those interesting the family and the welfare of children; mode of adoption and placing of adopted children; family placements; assistance to big families; and to necessitous mothers. Other classifications have still to be studied.

TO EXEMPT UNEMPLOYMENT RELIEF PAY FROM SEIZURE

QUEBEC, Jan. 13.—Third reading was given yesterday to the bill of Hon. C. J. Arcand, Minister of Labor, making wages and salaries of men on unemployment relief works free from seizure. Premier Taschereau said people under the Labouchere law and working on such projects would benefit by the new statute which reads: "The salaries and wages of workmen and laborers employed at work undertaken to relieve unemployment with the aid granted by the federal and provincial governments under the provisions of the acts of the Parliament of Canada, entitled, 'The Unemployment Relief Act, 1930 (Statute of Canada, 21 George V, chapter 11), and 'The Unemployment and Farm Relief Act, 1931 (Statute of Canada 21-22 George V, chapter 58), and the acts of this province entitled, 'The Unemployed Aid Act, 1930 and Certain Works Unemployed Aid Act (chapter 21, George V, chapter 5), and 'Unemployed Aid Act, 1931 (provincial statute 21, George V, chapter 2) shall not be seizure with respect to any claim for debts contracted by such workmen and laborers notwithstanding the provisions of paragraph 11 of article 599 of the Code of Civil Procedure."

UNEMPLOYMENT RELIEF NO EXCUSE FOR RECKLESSNESS

QUEBEC, Jan. 13.—Unemployment will receive all the attention it merits and the unemployed can count on the best of good will, but in the name of unemployment the Quebec Legislature will not be stampeded into trampling upon the rights of proprietors and others who constitute the mass furnishing money for relief.

This fact emerged strongly yesterday before the private bills committee of the Legislative Assembly, whose members killed several clauses in the Metropolitan Commission Bill which would, in the opinion of the commission, have speeded procedure preliminary to construction of the proposed trans-island boulevard—not so necessary now because it is clear that financing the project will retard the promoters.

The first clause concerning the boulevard would have provided that in the case of modification of the original plan now homologated, appeal by municipalities to the Quebec Public Service Commission on such modifications would have been barred, in other words, the decision of the commission would be final and without appeal.

A clause which would afford municipalities contributing to the proposed boulevard the right to spread their contribution costs over a term of years, went through. So did other clauses, making it clear that loan powers of the Commission extended in the case of the boulevard, to municipalities ordinarily outside the purview of the Metropolitan Board.

BRITISH TRADE HELPED BY NEW DUMPING DUTY

Imports Contract Sharply in Short Period New Levies Have Been on, and Exports Increase.

LONDON, Jan. 13.—Effects of Great Britain's anti-dumping duties for the first four months of operations were shown in figures issued by the Board of Trade yesterday. In December imports totalled £77,027,303, a reduction of £9,304,140 from the previous month and £12,630,215 from December, 1930. In the same month exports were £32,077,425, an increase of £213,975 over November but a decrease of £6,351,071 from December, 1930. For the fiscal year 1931, imports totalled £862,174,709, a reduction of £181,800,552 over 1930. Exports decreased by £151,591,599 to a total of £389,169,517.

FINE ADDRESS WAS GIVEN BY JOHN HACKETT

Continued From Page 2. "In the Eastern Townships I hope that this problem of uncontrolled industrial activity will yield to the people who have done so much for humanity, and when the depression becomes history I hope that future generations will be able to say that the great problem yielded to the doctrine which found its origin in the depression of the past two or three years."

CALCUTTA, Jan. 13.—Air Commodore Charles Kingsford-Smith, who is flying a return trip from England to Australia, landed here this afternoon. He plans to resume his flight tomorrow.

to suffer a great loss, through the death of another stalwart in our executive, I refer to the late Hon. Governor-President, Hon. Senator G. H. Foster, who, through his enthusiasm, optimism and wise counsel, was always a source of inspiration. At our Drummondville meeting a suitable resolution of sympathy was unanimously adopted and forwarded to his widow.

"Now what shall we say of the future? Continuation of the discussions which have been started, the inauguration of new subjects and ideas, and above all let us be in a position to cope with these problems by keeping well-organized. "The best thanks of your officers is extended to all who have in any way assisted us during the past year, and we bespeak a continuation of this interest on behalf of our successors."

A resume of the part year's work was given in the report read by Mr. Jude Thibault, vice-president of the Eastern Townships' Associated Boards of Trade, which stated:—"Another year has passed into history for the Eastern Townships' Associated Boards of Trade, and although owing to the depression and other causes, we were not as busy as usual, yet a very profitable year has just gone by.

The regular summer meeting was held at Drummondville on June 22, and the fall meeting at Coaticook on October 7, both of which were very well-attended and interesting subjects discussed. In addition executive meetings were held, two of which were "luncheon affairs" as guests of President E. J. Page. Among the numerous and varied subjects discussed were:—Level railways and subway crossings; provincial national park at Orford Mountain; better detours where a main highway is under repairs; live stock market and abattoir; Women's Institute work; the establishment of new boards of trade; the removal of offices from Richmond; paving of highways; the provincial treasurer-ship, and many others.

"Amidst the joy and pleasure with which we have endeavored to carry on during 1931, we were called upon

### PACE-SETTING TEAMS MARKED UP VICTORIES

Both New York Rangers and Toronto Maple Leafs increased their margins over nearest rivals — Americans White-washed Maroons.

TORONTO, Ont., Jan. 13.—The smooth-working machines of the Toronto Maple Leafs and New York Rangers, leaders in their respective groups in the National Hockey League, clicked in full turn last night and as a result each club is today comfortably seated at the top of their divisions.

While the Rangers enjoy a thirteen point margin over their nearest rivals by virtue of their overtime triumph in Boston, the Maple Leafs have not such a firm grip on their league honors as only three points separate the Smyth-Irvin band from the second place Americans, who shut out the Maroons two to nothing in New York.

A stirring overtime drive by Cecil Dillon, recruit winger from the Canadian-American League and generally considered the "find" of the N.H.L. campaign to date, gave the Rangers a five to three win over the Bruins in the Hub. Finishing the second period on the short end of a three to one score after Welland, Touhey and Chapman had all beaten Roach, the New Yorkers went to work in the final twenty minutes and overtime session to score four goals. Gaining two in the last period when Somers and Bill Cook managed to put the rubber past Thompson, Rangers won the game in overtime when Cecil Dillon scored twice.

After Dillon had contributed his first marker on a dash with Murdoch, Art Ross pulled Thompson out of the Boston cage and sent six forwards on the ice.

His strategy did not prove successful, however, as the hard-shooting winger broke away from Boston's aggressive forwards and

had no one to beat to make the count five to three.

Backed by the excellent work of four defencemen who combined to account for no less than six points the Maple Leafs reversed a decision on the Detroit Falcons in Toronto when they bagged seven goals to defeat Detroit by seven to four. With each of their four rear-guard performers figuring in the scoring of at least one goal, the Leafs had a decided edge in the minutes, and but for the excellent work of Alex Connell in the losers' nets Toronto would have tallied several more counters. Harvey Jackson and Joe Primeau, two popular members of Toronto's "kid" forward line, each garnered two points and are now tied for the scoring honors with Hookey Smith, of the Maroons, and Bill Cook, of the Rangers. Clancy Lavinsky, Horner, Day, Blair and Cotton figured in the other Leaf tallies, while Kilrea, Smith, Young and Aurie were the marksmen for Detroit.

Led by two recruit wingmen, who scored both goals, the Americans avenged their defeat in Montreal on Saturday night by shutting out the Maroons in New York by two to nothing. Eddie Convey, who recently came to the Americans from New Haven, netted his first goal in the N.H.L., when he put the Star Spangled club in front with a marker in the second frame. Taking advantage of the Maroon penalties, Bert McInenly, who was obtained from Detroit two weeks ago and who was slated for the minors, came through with his second goal since he joined the Gerardians in the third period when he combined with Lamb and Hime to beat Walsh. Neil Stewart, husky Maroon centre, who pulled the "hat trick" last week by scoring three goals in a single game, was the victim of a third major penalty of the season in last night's game and as a result will not be with the club when they oppose the Toronto Maple Leafs in Montreal on Thursday night.

The National Hockey League leaders to date are as follows:

Canadian Division Team — Toronto Maple Leafs, won 10, lost 8 and tied 5, points 25. (Points (goals and assists)—Jackson, Toronto, 15 goals and 8 assists; Hookey Smith, Maroons, 7

N.H.L. LEADERS The National Hockey League leaders to date are as follows:

### HOCKEY RESULTS IN A NUTSHELL

NATIONAL LEAGUE Toronto 7, Detroit 4. Rangers 5, Boston 3. Americans 2, Maroons 0.

LEAGUE STANDINGS The league standings to date, including last night's fixtures are as follows:

NATIONAL LEAGUE		Canadian Section	
P.	W.	L.	D.
Toronto	23	10	3
Americans	24	8	10
Canadiens	22	8	11
Maroons	23	7	13

INTERNATIONAL LEAGUE		American Section	
P.	W.	L.	D.
Rangers	23	15	3
Boston	21	7	6
Chicago	21	7	6
Detroit	23	7	12

LEAGUE STANDING		P.		W.		L.		D.	
Buffalo	21	11	3	7	40	35	29		
Detroit	22	9	7	6	44	38	24		
London	21	7	7	7	34	27	21		
Windsor	20	8	8	4	42	38	20		

Goals—C. Conacher, Toronto, 18. Assists—Primeau, Toronto, 21. Penalties—Horner, Toronto, 59 minutes.

Shutouts — Thompson, Boston, and Roach, Rangers, 6 each.

### SEMI-FINALS IN COUNTRY CLUB REPORTS VERY SATISFACTORY

New Type of Membership Suggested—Mr. George Murphy Re-elected President — Club Boasts of 528 Members.

Highly satisfactory reports for the past year featured the annual meeting of the Sherbrooke Country Club shareholders held last night. Of chief importance was the financial statement, which showed the club to be in a good financial condition, for after a fair amount had been paid off on indebtedness and provision made for a sinking fund for the retirement of outstanding bonds at maturity, there was a very small total on the wrong side of the ledger for the year's operations.

The course has been brought to a fine playing condition, and more members had enjoyed the privileges of the club during the year than at any time in the club's history. In fact, the course is in such a condition that it was felt that it could be offered to the P.Q.G.A. for any of the provincial tournaments, and it is hoped that this year will see one of the major Quebec tournaments played in Sherbrooke.

A great deal of discussion took place over the creation of a new type of membership which would entitle persons joining as such to enjoy the social privileges of the club on a reduced fee without any playing privileges. This matter was left in the hands of the new directorate to study, and if they deemed advisable, they will bring the matter before a general or special meeting.

The St. Francis course still the property of the Country Club, was operated very efficiently, and, besides being maintained as a going concern, had produced some revenue. It is hoped by the officers that this year will see its disposal for a sum considered sufficient, as offers have already been received for its purchase. However, if it

coils has been postponed on account of the ice conditions at the Arena. The game this evening was to mark the opening game by the Lennoxville Collegians into intermediate hockey circles this year, but their strength will only be gauged next Wednesday evening when they cross sticks with the league-leading Canadiens at the Arena.

**MOUNT ROYAL LEAGUE LEADERS MAY APPEAR IN SHERBROOKE**  
Arrangements have been practically completed to bring Laford's present pace-setters in the Mount Royal (Montreal) Intermediate League, to Sherbrooke for an exhibition. Should the present plans materialize, Canadiens will provide the opposition and local followers will be given an opportunity of discovering how the local representatives will fare in the provincial play-offs in the early spring.

**BASEBALL**

**GEHRIG ACCEPTS YANKEE CONTRACT**  
NEW YORK, Jan. 12.—The New York Yankees have sent out contracts for the 1932 season and already two stars, Lou Gehrig and Vernon Gomez, are understood to have accepted terms.

Gehrig, it is understood, will receive the same salary as last year, while Gomez, of the pitching staff, was believed to have been given a substantial raise.

**"PLAY BALL" WILL BE HEARD ON APRIL 12TH**  
NEW YORK, Jan. 13.—The 1932 major league baseball season will open on April 12th and close on September 15th, it was announced by Presidents John Heydler, of the National League, and William Harridge, of the American, who have spent five days working on the joint schedule.

In the National League, Philadelphia will open at New York, Boston at Brooklyn, Chicago at Cincinnati and Pittsburgh at St. Louis. In the American League Washington opens at Boston, New York at Philadelphia, St. Louis at Chicago and Cleveland at Detroit.

The complete schedules will be announced on February 2, the league presidents said.

In accordance with custom, Boston will play a single game at Washington on April 11, a day in advance of the regular opening, in order that President Hoover may throw out the first ball.
