ONE HUNDRED AND FOURTEENTH ANNUAL ISSUE

In this directory the streets are alphabetically arranged, with the intersecting streets shown. Each building on the street is given in numerical order, and opposite the number is placed the name of occupant or householder. In apartment houses and office buildings the occupants are shown by numbers.

Where a number appears without a name, it shows there was no occupant or the party was absent at the time of taking information, and in a few instances that the name was refused.

The symbol * before a householder's name indicates that we have received information that the house is owned by an occupant.

The publishers cannot, and do not, guarantee the correctness of the information furnished, nor the complete absence of mistakes, and no responsibility for errors can be or is assumed.

To find the occupation of individuals and firms, refer to the ALPHABETICAL and CLASSIFIED BUSINESS DIRECTORIES.
