

MANUFACTURERS' ASSOCIATION

Address of the President—Protests
Against the Exportation of
Pulpwood.

(Special to Chronicle.)

Montreal, Sept. 15.—The thirty-seventh annual convention of the Canadian Manufacturers' Association, which opened here to-day is largely attended by representative manufacturers from all over the Dominion.

The chief feature of to-day's proceedings was the address of the president, Hon. J. D. Roland, of Montreal, who made a strong declaration against the exportation of pulpwood and demanded that more protection should be accorded the wooden industry. A large number of reports were presented at to-day's session.

The reports showed increase in membership and increase in influence. It was announced that there would be a campaign to secure additional membership. It was also suggested that there should be means taken to reach the member in the smaller towns in order to put them on the work being done, and out of this suggestion there is the likelihood that either the secretary will endeavor to reach them, also the position of a travelling secretary will be created.

The subject of technical education was touched upon in the reports. These are anticipatory because a special report on that matter is to be presented later. Mr. Roland laid stress upon the importance of the subject, and offered some suggestions as to the best methods of increasing in this matter.

Another matter, which interested the meeting, was that the Executive Council should vary its place of meeting.

The tariff question will be discussed at to-morrow's session.

ROMANTIC CAREER
SUDDENLY ENDED

Banker Morosini of New York, whose name has been frequently before the public, passes away.

New York, Sept. 15.—Giovanni P. Morosini, banker and noted philanthropist, died suddenly to-day of heart failure at his country place, Riverdale, in the upper section of the city. Death was unexpected, although Mr. Morosini had been ill for a year following a fall he had, after which kidney trouble and weakness of the heart developed.

Mr. Morosini, who was 74 years old, is survived by a son and two daughters. His wife died in 1893. Mrs. Victoria Morosini Schilling, his youngest daughter, created a sensation a few years ago by eloping with the family coachman and the aged banker disinherited her. Miss Giulia Morosini, the other daughter, is a noted horsewoman. Otilia P. Morosini, the son, married Mary Bond, a Virginia belle.

The rise in life of Banker Morosini was romantic. He came to this country at the age of 16 years after having served in the Italian army and the Austrian navy. First he shipped as a sailor, making his home when on shore at Clifton, Staten Island. One day he saw a crowd of boys beating another boy and he rescued the youth. The battered lad proved to be a son of Nathaniel Marsh, Secretary of the Erie Railroad. Mr. Marsh gave young Morosini a position and his industry and aptitude for figures brought about his rapid advancement until at the time when Jay Gould became associated with the Erie, Morosini was auditor of the road. In this position he earned Mr. Gould's confidence and profited by Mr. Gould's friendship thereafter.

RAIN IN TEMISKAMING

North Bay, Ont., Sept. 15. Heavy rains in Temiskaming have checked bush fires there, but the rain area has not extended south of Tomagami, and fires are raging unabated between Mattawa and Sudbury. Callendar town and lumber mills are in danger and people are moving out of their houses. Farmers are looting hay stacks. The houses and outbuildings of Alex. Geddes, Mattawa; F. Letourneur, Hugh Moore, F. Burden, of Mattawa, have lost hay and cordwood. A family named Charette, living on a farm near North Bay, were burned out while away helping neighbors to fight a fire and lost everything.

ENGLISHMAN WON

Los Angeles, Cal., Sept. 15.—Freddie Welch, the English lightweight, knocked out Frank Carsey, of Chicago, in the 4th round before the Pacific A.C. here to-night. Carsey was fighting strong when the clever Englishman worked his famous shift and sent a crushing right to the jaw that dropped Carsey like a log. Carsey was out for 2 minutes and was unable to move for 30 seconds.

BORDEAUX.

ESTABLISHED 1784

PROVINCE HAS NEW
LIEUT.-GOVERNORCeremony of Swearing in Sir C. A. P.
Pelletier Took Place Yesterday
Afternoon.

With simple but impressive ceremony a change in the Lieutenant-Governors of the Province of Quebec was effected yesterday afternoon, Sir C. Alphonse Pantaléon Pelletier succeeding Sir L. A. Jetté as the executive head of the Government in this Province. The ceremony of the swearing in of the new Lieutenant-Governor took place in the chamber of the Legislative Council in the presence of a large gathering of the leading citizens of the Province. The ceremony had been set for 3:30 p.m., but long before that hour the vicinity of the Parliament House presented an animated scene, as the distinguished residents of the city and Province began to arrive and take their seats in the red chamber. The somewhat sombre array of the officials of the Parliamentary and civic guests were much relieved by the fashionable and variegated costumes of the many ladies who assembled for the occasion and when the hour fixed for the ceremony arrived, the chamber presented a brilliant appearance, which was added to by the picturesque uniforms of the different branches of the military staff which had taken up their positions about the throne.

Outside the House a guard of honor from the R.C.B. was drawn up to receive the new Governor, and when the latter arrived shortly after three o'clock, accompanied by an escort from the Q.O.C.H., there was quite a crowd of people to give him a hearty welcome.

At 3:30 p.m. the Hon. Sir Lomer Gouin, Hon. A. Turgeon, Hon. L. A. Taschereau, Hon. R. Roy, Hon. J. C. Kaine, and other members of the Provincial Cabinet, filed into the chamber, followed shortly afterwards by Sir C. A. P. Pelletier and Sir L. A. Jetté, the latter taking his seat upon the throne. The commission appointing the new Governor was then read by Mr. Alphonse Genereux in French and English, after which the oath of office was administered by Sir Francis Langlois, Chief Justice of the Superior Court. As soon as the oath of office had been administered, an R.C.B. sergeant gave the signal from the building, which was passed on to the Citadel, and a salute rang out from the guns of the fortress to announce that the Province had a new Governor.

Before resigning his seat to his successor, Sir L. A. Jetté addressed a few felicitous words to Sir C. A. P. Pelletier, who upon assuming the place of honor responded in similar terms.

Then a very pleasant incident occurred. Sir J. George Garneau, Mayor of the city of Quebec, who was present with a large delegation of the members of the City Council, advanced and in the name of the city presented an address congratulating the new Governor upon the honor conferred upon him. The address referred to the distinguished career which he had enjoyed, and while expressing regret at the departure of Sir L. A. and Lady Jetté from Spencer Wood, made plain the trust that in his successor there would be no departure from the high conception of the importance of the office, which had characterized his predecessor.

Sir C. A. P. Pelletier made a most sympathetic reply.

The ceremony, which lasted a bare half hour, being over, congratulations were in order, and among the first to tender their respects to the new Governor were Sir L. A. and Lady Jetté, who were followed by Premier Gouin and the members of his Cabinet, and the general assemblage.

After this part of the ceremony had been concluded, the new Lieutenant-Governor took his departure from the Parliament Buildings, the guard of honor presenting arms and the R.C.B. band playing the National Anthem, while from the assembled crowd the raised hat and other mark of respect to the new dignity which had been conferred upon him kept Sir C. A. P. Pelletier busily engaged bowing his acknowledgments.

It Does Cure Rheumatism

Penetrates to the core of the pain, stops the grinding aches, gives lasting relief from suffering. That's the way Polson's Nerviline has made a famous name in curing muscular and inflammatory rheumatism. Just as sure in lumbago, sciatica and neuralgia. Test Nerviline yourself.

DATE OF THE
GENERAL ELECTIONSLast Week of October Fixed by the
Government in Order to Meet
Convenience of the Public.

Ottawa, Sept. 15.—Will Mr. Charles Murphy run in Russell County? is the question which is now agitating the people of the county very much more than it is the people in the city. A meeting of the executive of the Liberal Association was held at Varsity when the news was received that Mr. Murphy might be the Liberal candidate instead of Mr. McLaurin. The members of the executive objected to having Mr. Murphy named for them, and some of the officials in the city to-day went so far as to say that he was the entire executive and sent in their resignations.

Mr. F. A. Labelle was nominated Conservative candidate for the County of Wright at Hull this afternoon.

In fixing the approaching general elections for the last week of October instead of running into the first week of November, as was the case in the elections of 1900 and of 1904, the Government has been anxious to meet, as far as possible the suggestions which have come to it from various quarters as to the day which would best suit the public convenience. The election lists are not all yet printed, and this makes it impossible for the polling day to be fixed earlier than the end of October.

Earl Stanhope, who recently arrived in Canada from England to make a tour of the Dominion, is a visitor in Ottawa and will be the guest of Mr. W. L. Mackenzie, Deputy Minister. News has been received by Mr. W. D. Levesque, 675 Albert street, that Mr. H. J. S. Sisson, barrister, of Fort Francis, who was married in Ottawa some years ago to Miss Constance Kerr, formerly a teacher in the Elgin Street School here, was drowned yesterday. No particulars of the accident have been received. The late Mr. Sisson, who held the office of district attorney, was well known in politics. On the occasion of his wedding in Ottawa Mr. Bert Harper, who was drowned in an attempt to save Miss Bessie Blair from drowning, acted as best man.

PASSING ROUND THE HAT

Toronto, Ont., Sept. 15.—It has been stated on good authority that a circular will shortly be circulated among the engineers, firemen and other branches of the C. P. R. trainmen, asking for a voluntarily subscription of \$1 a month from each member, the money to be used for the relief of striking. The levy will be purely voluntary, as there is nothing in the constitution to enforce.

HUGHES NOMINATED

Saratoga, N.Y., Sept. 15.—At 4:30 p.m. to-day, on motion of State Committeeman Mr. Barnes, jr., of Albany, the Republican State Convention made unanimous the nomination of Chas. E. Hughes, of New York, to be Governor of the State of New York to succeed himself. The official statement gives the vote as follows:—John K. Stewart, 31; Wadsworth, 151, and Hughes, 827.

MR. HARRIMAN'S VIEWS

New York, Sept. 15.—Mr. E. H. Harriman returned to this city to-day after an absence of seven weeks, the greater part of which time he devoted to an inspection of the Union Pacific system and the Southern Pacific Railway. Mr. Harriman, in an interview, told with apparent satisfaction of the great reductions in operating expenses effected by his lines. "And we hope to do still better," he added. "The reason we are operating at such a low rate is because of our good physical condition." Mr. Harriman said he favored an increase in freight rates, if only to help the weakly railroads which are in a low physical state and cannot hope to improve their condition unless they get better returns. Mr. Harriman declined to discuss the political situation, but speaking generally he said: "Something has got to be done to bring the people to a sense of their responsibility whether it be for the one party or the other." The existing interstate commerce laws are a menace to the railway development of the country, Mr. Harriman said. "Repeal so much of the Sherman law as applies to the transportation companies," he added.

Here Mr. Harriman said: "Let me read an extract of a letter I wrote to Secretary Taft while I was in Japan, exactly three years ago to-day."

The extract follows:—"Our transportation interests, both on land and water, need encouragement. I believe in regulation and publicity, but would hesitate to go further at this time. The railroads in the United States have in the last five years realized and expended enormous sums for pure improvements to existing properties, and this contributed to the large expansion in business and enabled it to take place. The Union Pacific, the Southern Pacific and the allied lines alone have expended since 1900 over \$180,000,000 for these purposes. If this had not been done it is hard to realize what the conditions of the territories served by those lines would be at this time. What we ought to have is protection as well as regulation and allowed to co-operate with and have the power to enter into agreements and make alliances, so that transportation may be done at the least cost along the lines of least resistance. By being enabled to inaugurate methods for less cost we will eventually be able to conduct traffic at even a less charge than at present."

Regarding the reported decadence of the Oriental trade with this country, Mr. Harriman said: "There is just as much of that business now as before. The only difference is there is more competition on the water."

LAURIER OPENS
HIS CAMPAIGNGreat Meeting at Niagara Falls
Yesterday—Elections in
October.

Niagara Falls, Ont., Sept. 15.—The Laurier campaign tour through Ontario opened here this evening in Queen Victoria Park under most cheerful prospects. Providence once more was kind to the Premier and gave him most beautiful weather in the most beautiful spot of all Ontario, the Niagara Park, with all its beautiful green trees, shrubs and extensive swards of green lawns. All trains and roads surely led to Niagara Falls to-day. Fully ten thousand people from the Niagara district faced the Premier when he and his colleagues, Hon. Messrs. Graham and Lemieux, with Mr. Wm. Germain, M.P. for Welland, and many others mounted the platform erected at 2:30 p.m. to-day and received the plaudits of the multitude. Mr. John Logan, President of the City Reform Association, introduced the speakers, first on the list being W. O. Sealey, Liberal candidate for Wentworth, Mr. R. F. Miller, Liberal candidate for Haldimand, and Mr. W. D. Woodruff, Liberal candidate for Lincoln. All three gentlemen made speeches. Wm. Manly Germain, the sitting member for Welland, gave as a tip to the good people of Niagara Falls that he knew the elections would be either on Oct. 25th or 29th, and then the Right Hon. Sir Wilfrid Laurier was introduced and presented by Dr. Kellam on behalf of the Liberal Club of Niagara Falls with an eloquently worded address which after the cheering had subsided Sir Wilfrid replied to in words of feeling sentiment. For one hour and ten minutes Sir Wilfrid Laurier spoke in defence of the Government's action for the past twelve years, pointing out that if the expenditures had been high they had lived within their means. He answered his opponents' criticism of irregularities, claiming that the same charges were made by the same people against Sir Alex. MacKenzie, who they now wished to extol as a disciple of honesty. Sir Wilfrid made no promises of when the elections would take place, but promised it would be in the near future and said he would probably make the announcement at the Strathroy meeting. The massed bands, before the Premier began, played the "Marseillaise" and "O Canada." Hon. G. P. Graham and Hon. Mr. Lemieux spoke briefly, the Premier-General announcing that it was the intention of the Government to introduce a system of free rural postal delivery, when boxes would be placed at every farm house and cross-road in the rural district of Canada. This announcement brought loud cheers.

GOVERNOR HUGHES RE-NOMINATED
Saratoga, N.Y., Sept. 15.—The Republican state ticket: For Governor, Chas. E. Hughes, of New York (re-nominated); Lieut.-Governor, Horace White, of Onondaga, Secretary of State, Samuel S. Koenig, of New York; Attorney General, Edward R. O'Malley, of Erie; Comptroller, Chas. H. Gauss, of Albany; State Engineer and Surveyor, Frank M. Williams, of Madison; State Treasurer, Thomas B. Dunn, of Monroe; Associate Justice of the court of appeals, Albert Haight, of Erie (re-nominated).

Chas. Evans Hughes, of New York, was nominated to-day by the Republican state convention by an overwhelming majority, and on the first ballot, to succeed himself as Governor of the State of New York. He received 827 votes out of a possible 1,009 as against 151 for Jas. W. Wadsworth, jr., of Livingston county, speaker of the state assembly, and 31 for former congressman Jno. K. Stewart, of Montgomery. The nomination was made unanimous upon motion of state committeeman Wm. Barnes, jr., of Albany, who has been perhaps the bitterest and most outspoken opponent of the Governor's re-nomination seconded by those who had placed speaker Wadsworth and Mr. Stewart in nomination. The Governor's re-nomination followed the utter failure of a desperate struggle on the part of a number of the county leaders who for four days have spared no effort to discover a candidate upon whom they could unite to defeat him. The balance of the ticket was made up in the "Good Old Fashioned" way as an organization "State" announced an hour or more before the session of the convention began by chairman Timothy L. Woodruff of the state committee, after a conference of the local leaders.

BESOM HEADS OUT ROSEBEN.
New York, Sept. 15.—Besom, first choice easily won the Bay Shore selling stakes, at about six furlongs, at Gravesend to-day. He jumped into a big lead early and making all the pace won easily by four lengths. Westbury was second, a head before Roseben. The latter ran a bad race and pulled up lame. The attendance to-day was much larger than yesterday, probably 4,000 persons being on hand.

YOUNG WOMAN MISSING.
The mysterious disappearance of a young woman is reported from Lavis. The daughter of widow Elzear Creston, of St. Louis street, left her mother's home on Saturday evening and has not since been seen. The missing girl is 16 years of age, robust and tall for her age. Mrs. Creston is very much disquieted by her daughter's disappearance and is anxious to learn some tidings of her whereabouts.

The Quebec Chronicle

QUEBEC, SEPTEMBER 16, 1908.

MR. BORDEN'S SPEECH.

The comprehensive review of the
career of the Government of which Sir
Wilfrid Laurier has been the head dur-
ing the last ten years, which was con-
tained in Mr. R. L. Borden's address
to the electors of Halifax, affords
much room for serious consideration,
and is weighty not only by reason of
the matter contained in the speech,
but also by its style and manner. In
the various criticisms of Mr. Borden
as a public speaker which have ap-
peared from time to time in the press
both of the Dominion and of our
neighbors across the line it has been
suggested that his undoubted abilities
in other directions have been weighted
and handicapped by his inability to
reach the emotional and sentimental
feelings of men; that he cannot con-
trive to bring himself in rapport with
his audience and sway their varying
moods to his own purposes. The de-
fect, if it is really a defect, might not
be of so much importance were it not
that Mr. Borden's chief political an-
tagonist is a gentleman of the very
converse disposition; one well versed
in elegant fancies and stirring phrases,
one who like St. John of the golden
mouth, St. John Chrysostome, has
obtained a qualifying epithet from this
characteristic, and became known as
the silver-tongued; one whose trained
and skilfully modulated eloquence can
carry his hearers off their feet, and
bear them to pleasant fields which in
calmer moments and on sober reflection
do not appear so desirable as the
orator pictured them.

Anyone who will carefully study
and compare the speeches of Sir
Wilfrid Laurier at Sorel, and
of Mr. Borden at Halifax, and con-
trast the impassioned language, the
imagery and warmth of the one with
the plain-matter-of-fact coldness of the
other, will acknowledge that this criti-
cism is just, and no doubt the leader
of the Government has a more ef-
fective weapon for use in the conduct
of political campaigns among the
masses of the electorate than those of
the leader of the Opposition, but these
last must prevail in the long run.
After a few experiences they will be
chary of being led by artfully con-
structed phrases beyond the bounds of
their sober judgment, will become sus-
picious of oratorical skill, and will
turn to the man who neither appeals
to their prejudices and passions nor
to their emotional feelings. It is then
that the real force and power latent
under the cold surface of such ad-
dresses as those of Mr. Borden mani-
fests itself, the power which always
attends the appeal to the judgment
and common sense of an intelligent
auditor.

And such are the addresses of the
leader of the Opposition, of which the
speech at Halifax which we published
yesterday is a notable example. In
his arraignment of the Government of
the day for its betrayed principles, its
broken promises, its protection and
reward of electoral fraud and corrup-
tion, its toleration of jobbery, its
prostitution of public offices and
emoluments, its debauchery of Parlia-
ment, and its phenomenal extrava-
gance there was no effort made to
arouse the popular anger of the mo-
ment; nothing was set down in malice,
nor aught extenuated; there was a
calm collected statement of facts which
resembled the summing up of a judge
on the bench before dismissing the
jury to consider their verdict. There
was no poetry, nor song of the
Three Children, nor of the aged
Simeon, but there was solid prose,
substantial food for digestion.
And this judicial attitude of Mr.
Borden coupled with the well known
personal character of the man has a
very perceptible advantage. We have
said that his speech was little more
than the statement and grouping to-
gether of facts, but, as the puzzled
electorate has come to know pretty
well by this time, next to figures,
there is in politics nothing so unre-
liable as facts. One day, an Opposi-
tion speaker informs the public of cer-
tain matters which, he says, are es-
tablished facts; and the next day a
Cabinet Minister tells them that so far
from being established facts they have
been found on examination to be
established fiction. Which is the elec-
tor to believe? He cannot, of course,
suppose that there is any deliberate

deception intended on either side; he
must concede that each speaker has
an honest faith in what he says, and
his conclusion must be that the one
or the other has been led away by his
own feelings and his judgment obscur-
ed. No one can entertain an idea of
this nature on reading Mr. Borden's
speech. Not only is it very apparent
that there is an earnest desire to
avoid playing on men's feelings, and
to appeal to their dispassionate judg-
ment, but it is evident that the speak-
er has investigated his facts for him-
self, has brought to the examination
the same judicial impartiality with
which he has laid them before the
public, and that he is in a position
to be, and actually is, absolutely sure
of them. When Sir Wilfrid Laurier
tells us, as he once did, that he hoped
to see one continuous line of wharves
from Montreal to Quebec, we know
that he is giving loose reins to his
poetic fancy; when he tells us that the
National Transcontinental will only
cost the country thirteen millions or
so, we know that he has not taken
the trouble to get precise information,
but adopted the first statement that
chimed in with his own wishes and
desires; when he tells the people of
Quebec at one time that he was the
author of the All Red route scheme,
and Parliament, at another, that his
Government was not responsible for it,
we know that he does not always
mean what he says, and sometimes
conveniently forgets what he said.
Not so with Mr. Borden; there is an
honest simplicity of purpose, a rugged
earnestness in the man which guaran-
tees at once his ability to detect truth,
and his determination to stand up
for it at all costs. He is a man whose
word may be taken without hesita-
tion; a man whom the people may
trust under all circumstances.

THE COLLISION ON THE RIVER.

The recent collision between two fine
and well-appointed steamers on the
St. Lawrence revives an old matter
that has been repeatedly discussed and
strongly urged, namely the vital im-
portance of an additional and improv-
ed dry dock accommodation at Quebec.
The question of the causes of and re-
sponsibility for the late accident will
of course be left to the Courts to de-
cide, but for the present purpose it is
quite immaterial how or why the in-
cident occurred; the occurrence itself
is the one thing essential. A year or
so's immunity from serious marine
disasters is not, as the event has
shown, a sufficient guarantee that the
praiseworthy efforts of all concerned
to ensure the absolute security of the
St. Lawrence route have been success-
ful, and the necessity for providing for
unforeseen contingencies, if we may
use the paradox, still exists. In con-
sequence of the practical apathy that
has prevailed there will be consider-
able delay and unnecessary expense in
repairing the damages done to either
vessel in the late collision, for the ex-
isting dry dock cannot contain more
than one of them at a time, and the
other will, to all present appearances,
have to wait her turn for repairs.

That an additional dry dock some-
where on the St. Lawrence route was
an absolute necessity has come to be
generally acknowledged. Montreal and
Quebec have both advanced claims to
be selected as the site of one, and, ap-
parently unwilling to give offence to
either claimant, the Government has
temporized by passing a law authoriz-
ing the grant of a subsidy to any
private person or corporation that
would undertake the construction of a
dry dock at any place that asked for
one, subject to certain conditions ap-
proved of by the Government. This
was practically to do nothing. It left
the matter anybody's business, and
what is anybody's business is no-
body's, especially in such a case as
that of a dry dock which is a thing
entailing a large expense in its con-
struction and offers no stable prospect
of regular and steady returns. There
are doubtless some places where a dry
dock might seem desirable without
being so urgent a necessity as to re-
quire more than the Government has
done, namely the leaving of the in-
itiative to private enterprise with a
promise of more or less governmental
assistance, but the St. Lawrence route
with its rapidly increasing exploita-
tion does not come under this cate-
gory; it requires more dry dock ac-
commodation than that now existing
at Levis, and since the St. Lawrence
is the great eastern national water-
way, the construction of another dry
dock should be a national, or in other
words a Government work. The only
admissible question is whether it
should be situated at Montreal or
Quebec, and we have already given
what we consider sufficient reasons for
believing that it would be more con-
ducive to the general shipping inter-
est to place it here, rather than at
Montreal. The question, we repeat, is
not local but national, and its solu-
tion should be governed by national
considerations.

NEW ANGLICAN SCHOOL

Toronto, Ont., Sept. 14.—Archbishop
Sweetnam turned the first sod of the
new Toronto Cathedral Anglican
school at Weston this afternoon. The
site is 22 acres in extent. It is hoped
that the new building will be ready
for occupation one year from now.

LITTLE BOYS SHOULD BE SEEN, NOT HEARD.

Denials we have had from Sir Rich-
ard Cartwright and the Hon. William
Paterson. Be they old in years, their
hearts are as young as ever. They
will not leave the fight in the face of
thefoe. Never! Sir Richard finds he
can point as deadly a phrase as ever.
The thunder of heaven has nothing on
the diapason of Mr. Paterson's deep
voice. It would be a shame to order
this willing brace of veterans off the
field to a place where they could do
nothing but snuff the battle.

If they are no great held to their
friends, as some ingrates say, there
is, at least, nothing in their past that
makes for aid and comfort to the
enemy.

The same may be said of Secretary
Scott, all of whose deeds are as white
as might be expected from his chicken
diet.

But what of Sir Frederick Borden?
Is he going to draw out before the
next general election? Is he aware
that his own party has long thought
of him as a deadweight, an Old Man
of the Sea, to be shaken off in spite
of his respectable side-whiskers?

If Sir Frederick added strength to
the Government in debate or in coun-
cil, it might be different, but the hon-
est truth is, that he talks like poor
poll.

Nova Scotia has two or three min-
isters of militia training in the House
of Commons, bonny fighters, hot,
rapid, center-fire haranguers, any one
of whom would be glad to take Sir
Frederick's place. Macdonald, of Pic-
ton, looks the best. He is a strategist
of parts, who has saved many a bad
day for the Government. He has brains
to manoeuvre and boldness to
strike. He isn't a colonel now, but he
could be made one by act of Parlia-
ment, so that needn't stand in his
way.

Is Sir Frederick going to quit?—
that is the question.

Nothing but silence from Sir Frede-
rick. They say silence is a sign of
greatness because silence is one mode
of the infinite. But Sir Frederick is
not a great man. He must have some
other reason for keeping quiet.—Col-
lier's Weekly.

WESTERN WHEAT COMING OUT

Toronto, Sept. 14.—The Western
wheat is coming out, and according to
reports received by Mr. C. B. Watts,
Secretary of the Millers Association,
the crop promises to be all that has
been forecasted in regard to it as to
quality. Mr. Watts has been informed
that at Winnipeg up to Sunday night
no less than 893 carloads of wheat
were inspected. This number is far in
advance of that which had been hand-
led this time last year, and as a mat-
ter of fact, is somewhat of a record.
Not only as to the quantity inspected,
but as to the quality of the wheat the
reports are golden. Of the 893 car-
loads not less quality than 45 p. c.
was graded as being No. 1, while 83
p. c. was passed as being up to the
contract grade. Contract grade is but
a little below No. 1, and the report,
therefore, as to the first shipment has
a particular significance. From now
on it is expected that the wheat will
pour out of the West provided that
the transportation facilities are as
good as they have been asserted to be
by railway officials.

Common Sense And A Tablet

Do Away With Dyspepsia, Stomach
Troubles and Make Meals
A Pleasure.

When your stomach goes on a strike
and mass meetings of indignation are
held all over your body, then it is
that you should sit up and take notice.
It is clearly and only a question of
common sense—is this thing called dys-
pepsia. Take away, by abuse, over
eating, excesses and high living, the
things which the stomach needs and
you have dyspepsia and indigestion;
these other maladies follow these—this
is common sense.

The stomach is willing enough but
you won't let it do its work. You
take away the materials which are so
necessary for it to use.

Give back these materials and dys-
pepsia and indigestion flee and the
whole machinery of man begins slowly
to move and do its work.
What the stomach needs is nerve
force, fluids for its digestive glands,
nourishment and power. All these ne-
cessities it takes from the blood. If
dyspepsia gives nothing to the blood,
the blood gives nothing to the stom-
ach.

This is common sense also, pure,
simple and unalloyed.

Stuart's Dyspepsia Tablets are com-
mon sense pressed by high power into
tablets. In these tablets are powerful
essences which go into the stomach,
digest food, stop gas making, prevent
decay of food, enrich the gastric
juices, are absorbed by the blood and
thus give it strength to furnish a bet-
ter fluid for digesting the next meal.
Every physician knows what comprises
these tablets; every druggist has the
same knowledge also. They are natu-
ral common sense digesters which do
the work for the stomach quickly and
well. Every drug store carries them,
50c. per package. Send us your name
and address and we will send you a
trial package by mail free. Address F.

TWO KILLED IN EXPLOSION

Linwood, Ont., Sept. 14.—Late this
afternoon a boiler explosion in the
apple, butter and cider factory owned
and operated by Damien Huber badly
wrecked the building and instantly
killed Mr. Huber and his assistant,
William Attig. Details as to the cause
of the explosion are as yet unknown.
An inquest will be held.

Word's Phospholine
The Great English Remedy.
Tones and invigorates the whole
system. It is a blood purifier,
restores the blood in old people, cures
debility, mental and brain worry,
depression, nervousness, indigestion,
and effects of abuse or excesses.
Price 21 per box, six for \$1. One will please, six
will cure. Sold by all druggists or mailed in
plain package on receipt of price. New pamphlet
mailed free. The Word Medicine Co.,

BY ROYAL WARRANT
FURRIERS
TO HER MAJESTY THE QUEEN AND
H. R. H. THE PRINCE OF WALES

All the accredited Fur Modes
for 1908-9 are featured in
our display.

Announcement is made that our presentation of the
new Fur Models for the coming season embraces an
unusually wide assortment of designs in all Furs.

Some radical style innovations are introduced in the
new coats of Seal skin, Persian Lamb, Pony, and other
Furs. The hipless, semi-fitted garment, with cutaway
fronts, and profusely trimmed with heavy silk braid
or guimp, plainly shows the influence of the revival
of the Directoire period of dress. These, however,
represent the most extreme styles.

In Stoles and Muffs a greater variety of styles are
shown than in any previous season; the most popular
Furs will undoubtedly be Mink, Lynx and Pointed
Fox.

DO YOU DRINK WATER?

For your health, we mean. If you don't perhaps you ought to. Your doctor will tell you about that—we will not pretend to, but most people need a medicinal water occasionally at least. By Med-
cinal we do not mean purgative, we mean a water that will correct Uric Acid, save the kidneys and will benefit Rheumatism, Indigestion and Dyspepsia.

CLAIRE FONTAINE

is such a water, its recognized by many as the best, in fact its twice as effective as many of the leading waters of the world and is less in price, two prime reasons for giving preference to its use.

"Twice as effective" may seem a pretty big claim, but we'll leave that to your decision. Just try it and see.

Be judge and jury yourself give it a fair trial and we will not be afraid of the verdict.

It is taken from our own artesian spring upon our premises, 271 feet deep in solid rock.

SHIPPING NEWS

C.P.R. LINE.
Steamer Mount Temple, Captain Griffiths, from Montreal and Quebec, arrived at London on the 12th inst.

DOMINION LINE.
Steamer Cornishman, from Liverpool arrived in Portland at 2 p.m. on the 13th inst.

QUEBEC STEAMSHIP CO.
Steamer Korona sailed from New York for the West Indies at noon yesterday.

THE RECENT COLLISION.

The work of discharging cargo from the damaged steamer Corinthian was continued all day yesterday, and it is intended to place the vessel in the Graving Dock this morning for repairs.

Cargo is also being discharged from the steamer Malin Head, beached below Point St. Lawrence. Additional lighters were sent down to the steamer yesterday. It is expected that she will be floated off this morning.

THE GRAIN QUESTION.

The grain question still appears to be rankling in the minds of those connected with United States ports. Syren and Shipping, in its last issue, has the following comment:—The steady increase in grain shipments from Montreal at the expense of New York and the other American ports on the Atlantic seaboard has been causing considerable alarm in business circles in these ports, and matters have come to a head, a conference having recently taken place in New York between a committee representing 24 steamship companies and the Trunk Line Association. On behalf of the former, it was pointed out that while, since June 1, Montreal has sent to London alone 2½ million bushels of wheat, not a single bushel has been shipped from New York; and the amount sent to the United Kingdom from Boston, Philadelphia and Baltimore was a mere 100,000 bushels all told, out of a total of 8,437,034 bushels.

This state of things has arisen owing to the action of the railways serving Montreal in lowering their rates to 34 cents per bushel in order to compete with the water traffic from Lake ports. The rate from these ports to American centres, on the other hand, works out at 54 cents which accounts for all the trouble. The remedy proposed by the steamship committee is the prevention of the carriage of wheat by rail into Montreal, but whether this drastic proposal is likely to come to anything remains to be seen. Probably the railroad companies will have something to say on the subject.

CHARGE OF OVERLOADING.

Belleville, Ont., Sept. 15.—Captain Roys, of the steamer Aletha, has been charged by the Dominion Government, on three occasions last summer, carrying more passengers than his license called for. The case came up in the Police Court here this afternoon, and was postponed for a week owing to the absence of material witnesses. The offenses are alleged to have occurred when the boat was carrying Sunday school picnics.

THE GAS ENGINE.

A suction gas engine is being tried aboard H.M.S. Rattler, an obsolete warship, on which an engine of this description has been installed. The advantages claimed for the suction gas engine are that no stokers are required and that cheap coal can be used, while with an equal amount of coal consumption 50 per cent. more power is obtained than by a steam engine. The gas is prepared by passing steam and air through a furnace in which coal or coke is burned, and the gas thus produced, after being cooled and cleaned by passage through the scrubber filled with damp coke, is sucked off by the engine just as it is required for driving it. In this way only so much gas as is wanted to feed the engine is produced. The suction gas engine needs neither boiler nor funnels. The stokehold of the Rattler is described as a huge, airy compartment with it, not at all hot but clean and free from the usual objectionable concomitants of stokehold. The Rattler's engine is only in the experimental stage, but the old vessel was driven by a 50 horse power engine at a rate of nearly eleven knots an hour at a cost of 6 cents per ten miles.

A LONG TOW.

An interesting voyage was begun when the big floating dock built for the Compagnie Perreux de Vapores y Digue de Callao, left the Tyne on August 21 for Callao in tow of two Dutch tugboats Zwartee and Roodezee, each of 1,500 indicated horsepower, the latter vessel having been especially built for this purpose. The dock is built on the bolted sectional system, divided into three sections which can be increased to four. The present three sections measure 385 feet long by 95 feet wide, and are capable of lifting 7,000 tons, but with the fourth section added it would be 510 feet long and would have a lifting capacity of 9,500 tons. On each tug there is a crew of sixteen hands, and on the pontoon itself are twelve men, under a captain. For all the men special accommodation has been built into the sides of the floating dock.

RECORDER'S COURT.

Six prisoners, charged with drunkenness appeared before the Recorder's Court yesterday. One was sent to jail for two months; one was given fifteen days; two were fined \$5 and costs or fifteen days, and one a like sum or eight days. The sixth paid \$2 and costs.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effective Monthly Regulator which women can depend on. Sold in three degrees of strength—No. 1, \$1; No. 2, 50 cents; No. 3, 25 cents. For special cases, \$5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: J. T. Levallee, 48 Fabrique St., Montreal, P.Q.

MEAT REGULATIONS.

The foreign meat regulations, which come into force in Great Britain on November 1 next will, it is stated, confer new responsibilities upon ship-owners. The general scope of the regulations is to control the importation of foreign meat intended for sale for human food. The officers of Customs are required to ascertain, on arrival of each ship, whether its cargo comprises any foreign meat, and certain classes of meat are not to be allowed to be discharged until examined by the medical officer of health, whilst others may be landed unless the Customs officer considers the meat requires examination.

MARCONIGRAM.

Cape Race, Nfld., Sept. 15.—Steamer Deutschland, Hamburg, Southampton, and Cherbourg, for New York, in communication with Marconi station here when 1,130 miles east of Sandy Hook lightship at 1.25 a.m. to-day. Will probably dock about 7.30 a.m. Thursday.

Outward yesterday 7 p.m., Mystic.

North Shore—Clear, strong north wind yesterday 9 p.m., Natashquan.

Point Amour (662)—Clear, northwest Outward 8 a.m., Lake Erie; 9 a.m., Vancouver; 7 a.m., Devona.

E. S. M'GREGG.

Superintendent.

WHAT'S IN A NAME?

About six years ago a new Cast Iron Range was put on the market by the McClary Manufacturing Company, and a contest commenced for procuring a suitable name. Some 20,000 were suggested, but the one that appealed most to the judges was "Pandora." The same year an extensive advertising campaign was put on, and has been kept up ever since, by which this name and the Range have become nationally known. Pandora is now a synonym for Merit.

If there could be any doubt in any person's mind as to the value of newspaper advertising in Canada, the success of the Pandora Range, and the widespread acquaintance with the name Pandora, is the best proof that advertising does bring the people in closer touch with exploited goods.

"Pandora" sales record is unequalled anywhere.

Yours truly,
The McClary Manufacturing Co.

EDITOR'S NOTE.

A series of Pandora advertisements will commence in this paper at once. They were prepared by the Company, and placed by the McClary Manufacturing Company, and placed by the McClary Manufacturing Company, and placed by the McClary Manufacturing Company.

NEW YORK PRODUCE MARKET.

New York, Sept. 15.—Flour receipts, 62,067 barrels; exports 14,053 barrels; market, steady; barley, easy. Wheat receipts, 138,760 bushels; exports, 100,589 bushels; spot, firm; options closed 8c. to 8c. higher. Corn receipts, 25,800 bushels; exports, 1,110 bushels; spot, steady; option market closed partly 1c. lower. Oats receipts, 144,000 bushels; exports, 1,200 bushels; spot, steady; rosin, quiet; turpentine, quiet; molasses, quiet; copper, dull; pig iron, steady; lead, dull; tin, quiet, sugar, raw, quiet; refined, quiet.

WILL TAKE PASTEUR TREATMENT.

Toronto, Sept. 14.—Mr. G. R. Bacon, of Strachan avenue, mechanical expert of the Massey-Harris Co., has been sent to the New York Pasteur Institute for treatment. He was bitten by a dog on Friday last. The animal was killed and its body taken to the Provincial Laboratory, where analysis showed it to be suffering from rabies. This is the third Torontonian to be bitten by mad dogs within the last month.

CORNS CURED IN 24 HOURS.

You can painlessly remove any corn, either hard, soft or bleeding, by applying Putnam's Corn Extract. It never hurts, leaves no scars, contains no acids; is harmless because composed only of healing gums and balsams. Fifty years in use. Cure guaranteed. Sold by all druggists 20c. bottles. Refuse substitutes.

POTNAM'S PAINLESS CORN EXTRACTOR.

NATIONAL LABOR
CONGRESS MEETS

Opened its Sessions in This City
Yesterday—Will Last Until
Friday.

The sixth annual convention of the
National Trades and Labor Congress
of Canada opened here yesterday in
the Parliament Buildings. Prior to
the opening, the delegates waited upon
His Worship the Mayor at the City
Hall and paid their respects to Sir
J. Geo. Garneau. The delegates were
presented to His Worship by Mr. Fred.
Laroche, President of the National
Trades and Labor Council, of this
city. The Mayor welcomed the dele
gates and expressed the hope that the
work of the Congress would be fruit
ful. Remarks were also made by Mr.
Geo. Marois, President of the Con
gress, and Mr. Geo. J. O. Pepper, of
Ottawa.

An adjournment was then made to
the Parliament Buildings, where the
first session was opened, the delegates
being addressed by Hon. L. A. Tas
chereau, Minister of Public Works.
After Mr. Marois had replied, the con
vention got down to business by ap
pointing the following committee on
credentials:—Messrs. L. C. T. La
roche, J. W. Paterson, O. Brunet, J.
B. Guenette, E. Bacon.

The convention then adjourned. Dur
ing the afternoon the delegates were
given a drive around the city.

The present convention is one of the
largest ever held by the National Con
gress, and it is expected that fully
sixty delegates will be in attendance.
The Congress will last until Friday
evening. The officers of the Congress
are as follows:—President, George
Marois, Quebec; vice-president, Wm.
Wonnacot, St. John, N.B.; sec. treas
urer and general organizer, T. J. Grif
fiths.

Among the delegates in attendance
are the following:—

George Marois, S. Hebert, A. Le
tourneau, E. Bernard, O. Brunet, Jos.
Reaumeau, Adolphe Baron, J. D. Tur
cotte, G. C. Mercure, J. Paterson, Ot
tawa; L. Nadeau, J. Drouin, J. Topp,
Ed. Ferland, Aug. Grogre, Jos.
Julien, F. Angers, Michel Arsenault,
Montreal; A. Chalifour, Montreal; Hehri
Gravel, Ernest Gagne, I. Monahan, M.
McMurry, Ottawa; H. O'Neil, H. Bone
ham, Ottawa; L. Kennedy, Ottawa;
Frank Molin, C. Pepper, Ottawa; E.
Carey, Ottawa; H. Caron, Ottawa; S.
Aubert, John Cairns, St. Romuald,
Wilfrid Couture, Louis Laroche, J. A.
Mericier, J. B. St. Laurent, Thos.
Griffith, Montreal; Joseph Gagnon,
Alphonse Picard, J. B. Guenette, Levis;
G. Leclerc, Montreal; George Legee,
Montreal; Narcisse Simard, W. Robi
taille, Alexandre Grenier.

Delegates of the Textile Federation:
W. Paquet, O. R. Du Tremblay, Pierre
Drolet.

Common With All Women

Invariably they suffer from constipa
tion and should use Dr. Hamilton's
Pills, because they cleanse the system,
regulate the stomach and bowels, giv
ing strong roddy health. Try a 25c.
box of Dr. Hamilton's Pills.

RIFLE MATCH.

In answer to "Supporter," I don't
think there would be the slightest
trouble to arrange a match of ten
men with R. R. Lee Enfield, and
ten men, Ross Rifle, but it would
have to be the mark 1 or 2 Ross Rifle
as you could not expect the old Lee
Enfield's that are in use to compete
with the new, mark 3, \$45 Ross rifle
special, as the Enfield only costs
about \$17; and as all the men shoot
ing in Quebec only use the Ross En
field rifle, and as the new Ross rifle
has turned out such a good shooting
rifle. I should like to see a match
fired with a picked team of men
that are shooting the Lee Enfield and
a team of Ross rifle, any mark, and
then there might be a return match
and the men just change rifles so as
Sir Charles Ross could see that the
rifle in expert hands can do as well in
Quebec as any part of the world. For
myself I am very glad to see that the
new Ross rifle is so often to the front.
But I think there is a few Bisleys
men in Quebec that can get more out
of them than has been got out as yet in
Quebec, as there is only a few men
that have had the chance to get one,
and as a supporter of the rifle, I guess
the men that shoot the rifle know that
my argument have always been cor
rect and I expect to see the Mark 4
Ross Rifle the best shooting rifle on
the market.

Lee Enfield men:—Young, Pugh,
Creagen, Goudie (Bisley); C. Brown,
tyro; Rose, Hartley, J. Brown, Doug
las, Martin.
Some of the Ross:—Hay, white
(bull's eye), Porter, Murphy, Kirey,
Dawson, tyro.

READ WHAT HE
OWES TO

Zam-Buk

Mr. R. C. Blorton, a prominent Sal
vation Army worker, who occupies the
proud position of Deputy Band Master
at the Temple, Toronto, bears testi
mony to the great healing power of
Zam-Buk balm. He says:—

"Pimples and sores broke out all over
my face and neck and notwithstanding all
I did to try and cure them they spread.
It placed the skin was inflamed over big
patches and caused me great pain and
inconvenience. I was advised to try Zam
Buk and for several days I applied it to the
sores and in a short time the sores ceased to be
so angry and painful. With perseverance Zam
Buk healed the sores completely and made
my skin as smooth and clear as possible.
I strongly recommend Zam-Buk to all who
suffer from unsightly skin troubles, sores,
ulcers, etc. It is a wonderful healer!"

Zam-Buk cures eczema, itch, blood
poison, festering, chronic, itchy, suppurat
ing sores, burns, cuts, hair and suppurat
ing skin injuries and diseases. It is also a
specific for piles. All druggists and stores
50c. a box or 3 for \$1.25. Send 1c. stamp
to Zam-Buk Co., Toronto for sample box.

MEETING OF THE CITY COUNCIL.
Friday, September 14th, 1908.

Present: His Worship the Mayor;
Aldermen Barbeau, Brunet, Campbell,
Cannon, Cummings, Fiset, Gauvreau,
Huard, Lantier, Lemay, Lavigneur,
Letourneau, Madden, Messervy, Pa
quet, Pouliot, St. Pierre, Verret (18).

The minutes of the last meeting are
read and confirmed.
Read a letter from Dr. John S.
Fulton, D.C., Washington, U.S.A.,
Secretary General of the International
Congress on Tuberculosis, inviting the
Municipality of Quebec to participate
in the coming International Congress
on tuberculosis, to be held in Wash
ington, from September 21st to Oc
tober 12th next, enclosing explanatory
documents and praying the City
Council to send representatives. Said
letter is laid on the table.

Read a letter from Mr. J. Barry
Mahool, President of the League of
American Municipalities, praying the
City Council of Quebec to send dele
gates to the 12th annual convention of
the League of American Municipalities,
to be held in Omaha, U.S.A., on
September 30th, October 1st and 2nd
next. Said letter is laid on the table.

Read a letter from Mr. M. Z. Re
rube, Secretary of the Central Na
tional Board of Trades and Labor, of
Quebec, thanking the Council for the
grant awarded them to help in the
reception of foreign delegates who will
attend the next convention of the
National Trades and Labor Council.
Said letter to be deposited in the
City Archives.

Read a letter from Mr. Edmond
Rousseau, Corresponding Secretary of
the Anti-Alcoholic League of Quebec,
enclosing resolution by which the said
League requests the Hon. the Attor
ney-General of this Province to order
the resumption of the prohibition sys
tem for the treatment of alcoholic
persons who are brought before the
Recorder's Court at Quebec, and pray
ing the Council to support this resolu
tion. Ordered that the said resolu
tion be referred to His Honor the
Recorder.

Read a letter from Messrs. Penland,
Stuart & Brodie, attorneys for P. J.
O'Brien, claiming \$755.00 for damages
suffered by their client through an ac
cident caused by the alleged improper
condition of Champlain street, on the
27th day of August last. Said letter is
referred to the legal advisers of the
city.

Read a letter and several documents
from Hon. M. E. Bernier, informing
the Council that their petition for
the installation of electric gongs at
certain C.P.R. railway level crossings
within the city has been granted, and
that orders have been issued and ma
terial shipped for the prompt execu
tion of the desired improvement. Re
ferred to the Road Committee.

Read a letter and notification from

Mr. L. E. Taschereau, Secretary-
Treasurer of the town of Montcalm,
notifying the city of Quebec that the
agreement between the two municipali
ties for the supply of water will end
on the 1st of September next. Said
letter and notification to be deposited
in the Archives.

Read a letter from Mr. J. E. Cau
chon, whose tender for the supply of
firewood to the city has been set
aside, because his securities as such
on the said tender, and producing an
other document bearing their signa
tures. Referred to the Road Com
mittee.

Read a letter from Mr. W. W. Tut
tle, Mayor of Fernie, B.C., and a
telegram from Mr. H. J. Lockhart,
Secretary of the Citizens' Committee
of the same town, tendering thanks
of the people of Fernie, B.C., for the
generous subscription sent in aid of
the sufferers by the fire in that dis
trict. Said letter to be deposited in
city Archives.

Read a letter from Mr. M. Wm.
Stark, Secretary-Treasurer of the
Chief Constables' Association, thank
ing the Mayor of Quebec and Council
for the use of the Quebec Council
Chamber, for their late convention in
Quebec, and also offering thanks for
the kind hospitality tendered to the
members of their Association and
their wives whilst in Quebec. Said
letter to be deposited in the city
Archives.

Read letters from His Worship, Jos.
Oliver, Mayor of Toronto, and Lt.
Col. H. J. Green, Chief Constable of
Toronto, thanking the Mayor and
Council for the letter of His Worship
the Mayor of Quebec and for the re
solution of thanks of the Council of
Quebec in connection with the services
rendered by the police detachment of
Toronto, during the Tercentenary cele
bration. Said letters to be deposited
in the city Archives.

Read a letter from Mr. Louis Bilo
deau, praying the Council to order
the paving in bricks, or otherwise,
of that portion of Church street extend
ing between Desjardins and St. Joseph
streets. Referred to the Road Com
mittee.

The reports of officers of the Council
being called, His Worship the Mayor
lays before the Council a report from
Dr. C. R. Paquin, Municipal Health
Officer, on the late outbreak of typhoid
fever in a certain portion of the
city, explaining the cause of the
epidemic, and stating that it is not
due to any fault of the city water.
A report is also read from the same,
stating the quantities of meats, fish,
fruit and vegetables which have been
confiscated as unfit for food, during
the three months ending on the 32nd
day of July last. Ordered that the
two said reports be laid on the table
of the Council.

Presented the 1891st report of the
Finance Committee, (to grant \$1,000
in aid of the sufferers by fire in the
district of Fernie, B.C.)

Presented the 1892nd report of the
Finance Committee, (to appoint Dr.
A. Vallee as director of the Municipal
Laboratory, to replace Dr. Guimond.)
Moved by Ald. Gauvreau, seconded by
Ald. Lemay, and resolved: That the
two said reports be taken up this
evening as the 3rd and 4th orders of
the day, respectively.

Orders of the day.—I pursuant to
notice, Ald. Cummings moves, second
ed by Ald. Gauvreau, and it is re
solved: That the City Engineer be
instructed to ascertain the cost of
paving St. Ann and d'Auteuil streets
in asphalt blocks.

Second Order of the Day.—Alderman
Gauvreau moves, seconded by Ald.
Messervy, and it is resolved: That
Ald. Galipeau be elected Pro-Mayor
for the present term.

Third Order of the Day.—Read the
1891st report of the Finance Commit
tee, which being put to the vote is
adopted, and it is resolved: That the
sum of \$1,000 be granted in aid of
the sufferers by fire in the district of
Fernie, B.C., said amount to be
charged to the credits voted for con
tingent expenditure.

Fourth Order of the Day.—Read the
1892nd report of the Finance Commit
tee, which being put to the vote, is
adopted, and it is resolved: That
Dr. A. Vallee be hereby appointed
director of the Municipal Laboratory,
in place of Dr. Guimond, at a salary
of \$500 for the period extending from
this date to the 30th of April next,
said sum to be charged to the credits
voted for contingent expenditure and
transferred to the credit of salaries.

Questions being called.
Ald. Cannon asks:—1. Does the fi
nancial year ended on the 30th of April
last show a surplus or a deficit?
Answer—A surplus. 2. What is the
figure of such deficit or surplus? An
swer—The total of ordinary receipts,
for the year 1907-8 was \$811,939.17;
total of ordinary expenditure,
\$781,592.43; surplus, \$30,346.74; less
amount applied to the purchase of a
property at St. Malo for a cattle
market, \$21,000.00; net surplus, \$9,
346.74.

Questions for the next meeting of
this Council:—

By Ald. Cannon:—What is the cause
of the interruption in the distribution
of water of the city water works, dur
ing the week of the Tercentenary, in
July last? Has the loan of \$350,
000, authorized by 7, Edward VII.,
chap. 62, sec. 1, been made? If, in
the affirmative, what sum has been
realized by that loan? Have debentures
been issued, and if so, upon
what conditions? What were the
conditions of sale of said debentures?
Were tenders called for, through the
press, for the purchase of said debentures?
For what purposes have the
monies of the said loan been spent?
What different amounts have been paid
for each of the purposes mentioned in
the 1st section of the said Statute 7,
Edward VII., chap. 62?

By Ald. Fiset:—Is it true that a
sewer drain of the town of Montcalm
has been connected with the drainage
of the city of Quebec in St. Luke
street, St. Valier ward? If, in the
affirmative, is it the Water Works
Committee that gave the permit? If
it is not the Water Works Committee
who gave such permit, by whom and
under what conditions has such permit
been given?

Notices of Motion being called.
Ald. Gauvreau gives notice that, at
the next meeting of this Council, he
will move that the City Engineer be
instructed to estimate the cost of
paving in scoria brick des Jardins
and St. Ursule streets, between St.
Ann and St. Louis streets.

Ald. Lemay moves, seconded by Ald.

Messervy, and it is resolved: That
this Council do now adjourn to Fri
day, the 18th of September instant.
Adjourned.

Lord Roberts conquered the heart of
one small Quebec lad during his stay
there. The youngster had a camera
and had vainly tried to get a snap
shot of his hero. One day he got the
chance. He got directly in front of
the field marshal, who, when he saw
what the little fellow was after, stood
still, straightened up and lifted his hat.
"Get a good one," he said, and
waited patiently. Then he added,
"Now, don't forget to send me one."

Map showing location of the Chambers-Ferland property in regard to
which an important deal was consummated lately whereby a considerable
interest was acquired by large Montreal and Toronto interests. The mine
has been attracting considerable attention of late on account of its favor
able position and prospect. It almost surrounds the La Rose and is itself
all but surrounded by the Nipissing and O'Brien.

LATEST SPORTING NEWS

CAPS DECLINE TO
PLAY OLYMPICS

Brennan Will Captain Olympics—
Tumsehs May Not Go After
Cup This Season.

There will be no match in Ottawa next Saturday between the Olympic team and Capitals, this announcement having been made by Ald. Foran. It is officially stated that some of the Capital players consider they have had enough lacrosse this season and do not feel like meeting the Olympians. But the real reason is that there has been very little love lost between Mr. Foran and the Capital club this summer. As a matter of fact he has not been on terms of intimacy with several of his erstwhile clubmates. Matters came to a head last week when Capitals wanted Tommy Gorman to remain home for the Shamrock game, but Mr. Foran took him to Toronto for a place on the Olympians. These are understood to be the real reasons behind the Capitals' refusal to give the tourists a game.

Paddy Brennan, of the Shamrocks, has been elected captain of the Canadian Olympic lacrosse team. After Saturday's match against the Tumsehs, at Toronto, the members of the team had an informal meeting, at which Ald. Foran announced that it was his intention to choose a captain. Mr. Foran nominated "Paddy" Brennan, and the choice was a decidedly popular one. "Paddy" consented to act and will lead the team in all its future matches. He has had a long and honorable career on the lacrosse field, and says that the trip to England will probably wind it up.

A meeting of the Tumsehs Lacrosse Club will be held in Toronto to-night to decide whether or not they will challenge for the Minto Cup this fall. The probabilities are that the Tumsehs will defer sending in their challenge for the world's championship until next spring for various reasons, chief of which is that several of the Tumsehs players cannot get away from their employment to make the long trip to the coast this fall. Furthermore, New Westminster does not want to play this year, as Rennie and Turnbull are desirous of making the Olympic trip. However, the Tumsehs players will decide for themselves this evening.

Montreal Gazette:—It is no use for Cornwall to talk about protesting Saturday's match with the Nationals because the French-Canadians played Pelletier, who was on the Cornwall team that was beaten by Montreal in the opening match in the Factory Town last season. Under the rules of the National Lacrosse Union, Pelletier could have played two matches for Cornwall last season before he would become ineligible to play with any other team in the union this year. Had he played three matches for Cornwall in 1907 he could not figure on any other team until next season, but, as he only played one match, the residence rule could not affect his playing with the French-Canadians against the Factory Town team on Saturday. For example, Phil O'Reilly played

with Shamrocks against Toronto last season, but was able to play with Montreal during the present season.

Toronto Telegram:—It is worthy of note that there are still two eastern trained players on the champion Indians, viz., Harry Griffiths and Dolly Durkin, who both claim Ottawa for their native village. However they have been so long in the west that they now hardly know the way up Sparks street. Of the others, Querie hails from Markham village; Murgen and Clark wandered out of Fergus; Pickering first saw the light of day in Mount Forest; Davidson is a Brantford boy; Rowntree is of Western stock; Felker did his barefooted stunt in Erin. Bobbie Gilbert proudly claims West Toronto as his home, and Archie Adamson had the privilege of being born in Hamilton. Fred Graydon is a Toronto product, and of the spare men Grindy Forrester comes from Fergus, Whitehead from Brampton, and Dad Stewart from Arthur village.

HOW "LOL" SOLMAN FOUND AN
HONEST MAN.

Toronto Saturday Night:—They are telling a story about Lawrence Solman, which rather puts the Tumsehs Lacrosse Club president and backer in the Diogenes class.

It will be remembered that after the Capitals refused to play on the water-soaked grounds at the Island on July 18, the Tumsehs management had to pay back their money to some 3,000 people who wouldn't wait to see the exhibition game that was put on instead of the scheduled struggle. It happened that hundreds of bleachers, who had paid a quarter to enter, made their exit through the grand stand and were given checks which could be redeemed for half a dollar. In this way the Tumsehs Club were badly "skinned."

A day or two after the game, Mr. Solman was paying out the cash in exchange for these checks, when a man came along and turned in a fifty-cent check. The Tumsehs president handed him half a dollar.

"No, Mr. Solman," said the honest chap, "I only paid a quarter to get in. That's all I want."

"Shake," said Mr. Solman, as he held out his hand. "Are you married?"

"Yes."

"Then, here's a pass for yourself and your wife to go over and see the next game. You're the first honest man I've come across in connection with this business."

And he handed the astonished fellow a pass for two.

EMPEROR'S NEW YACHT.

The Racer Will Cost \$250,000 And Be Ready In A Year.

Kiel, Sept. 15.—The Emperor's new sailing yacht, now building to replace the Meteor, is to be a fast vessel with all modern improvements. She will cost about \$250,000. It is hoped that she will be completed for sea early next year, and the Emperor intends to race her at the Kiel regatta.

The Emperor has given orders that all the materials for hull, deck, masts and sails be made from German products, as he now regards these as fully equal to those of the United States or England. German firms manufacturing yachting requisites, as well as German shipbuilders, have, as a result of the rapidly increasing interest in yachting in Germany under the Emperor's auspices, made great strides in this branch, and they report that several American yachtsmen are now giving their orders here.

NEW YORK STILL
KEEPS ON WINNING

Chicago Gets a Set Back from St. Louis in the National Roll.

New York, Sept. 15.—After Ames was knocked out of the box in the eighth inning to-day, Mathewson went in and prevented further hitting or scoring. Hits by Bridwell and Tenny won for New York in the second half of the eighth. The Cardinals played a poor fielding game. Score:—

R.H.E.
St. Louis.....000,001,030—4 10 6
New York.....300,000,115—5 10 3

Batteries:—Higginbotham, Sallee and Bliss; Ames, Mathewson and Presnahan. Umpire, O'Day.

Philadelphia, Sept. 15.—Philadelphia's hard hitting to-day was more than offset by their bad fielding and Pittsburgh won by 6 to 5. In the sixth inning, Pittsburgh scored two runs without making a hit, Philadelphia being charged with four errors. The home team made a big bid for victory in the ninth inning. Courtney led off with a two bagger and two outs followed. Grant scored Courtney with a single and Knabes double brought Grant home. Clarke ended the game by pulling down Reus drive to left center field. Wagner stole four bases, his work in this respect being a feature of the game and greatly aiding his team in winning. Score:—

R.H.E.
Pittsburgh.....200,002,000—6 8 1
Philadelphia.....010,002,002—5 10 6

Batteries:—Maddon and Gibson; Corridon and Doolin. Umpires, Klem and Johnston.

Boston, Sept. 15.—Chicago's pennant aspirations met with a set back to-day at the hands of the Boston players, who won 3 to 2. Lindaman opposed Brown in the box and the Boston man outpitched his rival and would have scored a shut-out but for an error by Sweeney in the third inning. Score:—

R.H.E.
Boston.....020,010,003—3 6 2
Chicago.....002,000,000—2 4 2

Batteries:—Lindaman and Bowerman; Brown and Kling. Umpire, Emslie.

At Brooklyn:—

R.H.E.
Cincinnati.....000,002,000—2 8 0
Brooklyn.....000,000,000—0 6 2

Batteries:—Ewing, Spade and McLean; Bell and Dunn. Umpire, Higler. (American.)

St. Louis, Sept. 15.—Detroit took the third game of the series from St. Louis by the score of 8 to 7. Howell was batted out of the box in the second inning when two runs were scored with two out. Detroit fell on—

—o'well in the first inning when three lucky hits, one by Crawford, that went for two bases, counted three runs. The visitors scored two in the sixth off Graham, who relieved Howell on singles by Downs, Mullin and Schaefer. Score:—

R.H.E.
St. Louis.....101,010,301—7 13 2
Detroit.....320,002,001—8 11 5

Batteries:—Dineen, Graham, Howell, Spencer and Smith; Summers, Mullin and Schmidt. Umpires, Sheridan and Hurst.

Chicago, Ills., Sept. 15.—Chicago was unable to do anything with Liehradt and Cleveland won to-day, 3 to 0. Hinchman's double, followed by LaJoie's home run gave the visitors their first score, and Goode's triple, coupled with a sacrifice fly by Braden, gave them the other run. Jones misjudged LaJoie's hit and this caused Walsh to lose his lead. Score:—

R.H.E.
Chicago.....000,000,000—0 3 2
Cleveland.....201,000,000—3 9 1

Batteries:—Walsh and Sullivan; Liehradt and Ladd. Umpires, O'Loughlin and Egan.

At Washington:—

R.H.E.
Washington.....000,130,023—6 10 1
Philadelphia.....000,100,000—1 7 3

Batteries:—Johnson, Cates and Street; Schlitzler and Lapp. Umpire, Connolly.

At Boston:—

R.H.E.
New York.....000,000,001—1 1 1
Boston.....000,000,000—0 5 3

Batteries:—Johnson and Blair; Cicotte and Crier. Umpire, Evans.

(Eastern.)

At Baltimore:—Baltimore, 5; New York, 4. (Called end 8th inning, darkness.)

At Jersey City:—Providence, 7; Jersey City, 8.

At Montreal:—Montreal, 3; Rochester, 2.

At Toronto:—Toronto, 2; Buffalo, 3.

STANDING OF THE CLUBS.

The standing of the leading clubs, Tuesday's game included, was as follows:—

National League.			
	Won.	Lost.	P.C.
New York.....	83	46	.643
Pittsburgh.....	83	51	.619
Chicago.....	83	52	.615

American League.			
	Won.	Lost.	P.C.
Detroit.....	76	56	.576
Cleveland.....	76	60	.559
Chicago.....	75	60	.555
St. Louis.....	73	60	.548

PAPKE WANTS BURNS.

San Francisco, Cal., Sept. 15.—Nothing short of the title "world's greatest fighter" will satisfy champion Billy Papke. The new leader of middle-weights is ambitious and has a world of confidence in himself. "Burns is my dish," he says. "I am going after him at the first opportunity. I will be a heavyweight soon and I do not think that I will ever make weight again. Burns must fight me or I will show him up. I am trying to make arrangements with him and promoter Jim Coffroth, and I may fight him here on New Year's Day."

Papke's victory over Ketchell showed him a great middleweight, but when he talks of fighting Burns at this time he is flying pretty high.

AND YOU MISS.

DURNAN AND GREER
WILL MAKE MATCH

Articles Are to be Signed in Buffalo, Sept. 26th—To be Rowed in Four Weeks.

Boston, Mass., Sept. 15.—Eddie Durnan, the professional champion sculler of America, accompanied by his adviser and trainer, Jimmy Rice, coach of the Columbia College oarsmen, came from Toronto, the home of the champion, in search of Frank B. Greer, amateur champion, and the man who is said to have a big bundle of money to place on the local man.

The result was that they met in the Globe office and for half an hour discussed in an informal way the plans for a match race for the championship of America and stakes of \$1,000 a side.

Greer said he was perfectly willing to row the Canadian and \$1,000 was none too high for his backers, whose names he refused to divulge. He was not ready, however, to put his name to the proposed articles of agreement, saying that James A. Ten Eyck would have full charge of that part of the matter and that he would be satisfied with whatever Ten Eyck did.

It was practically settled that the race shall be rowed in about four weeks. Durnan held out an alluring offer in the way of expenses, providing Greer will go to Canada and row on the famous Toronto Bay course.

The two oarsmen agreed to have their representatives meet at McLeod's Hotel in Buffalo, Sept. 26, to draw up the articles and name the officials for the race.

Greer was assisted in discussing the negotiations by Charley Stephenson, coach of the Newell Harvard Boat Club.

Greer said in the course of the conference that his friends are ambitious to see him win the championship of America and go even farther and have a try for the world's championship, even if it entails a trip to the Antipodes.

OLYMPIC GAMES' FINANCES.

Sporting Life:—The cash account of the Olympic games to July 31, shows receipts aggregating £18,663 12s. 5d., of which £14,029 2s. 10d. is the proceeds of public subscriptions, and £4,634 9s. 7d. had been paid over on account of Stadium game moneys. Actual expenditure at the same date was only £6,111 19s. 1d., but this did not include outstanding claims amounting to £5,692 5s. 9d., a figure which has been subsequently increased. The expenses of the autumn and winter games (football, hockey, lacrosse, figure-skating, and boxing) have also to be provided for. On the other hand certain sums have still to be collected for gate money and promised subscriptions. It is possible, therefore, to forecast with confidence that there will be a substantial surplus when the accounts have been finally adjusted. This will constitute the nucleus of a much-needed fund for assisting British athletes to attend future Olympic celebrations, and for carrying on the work of organization.

EX-SPRINTER BETHUNE'S TROUBLE.

Montreal, Sept. 15.—Harry Bethune, of Cornwall, who a quarter of a century ago was the best known short distance runner in the country, was before Judge Leet yesterday morning on suspicion of theft. He was arrested in McGill street by Constables Gagnon and Valade while trying to dispose of a scarf pin worth \$25. Bethune pleaded not guilty to the charge of having stolen the pin, and claimed to have picked it up in front of the Albion Hotel.

Bethune, who is 49 years of age now, was one of the first men to run 100 yards in less than 10 seconds. His fleetness of foot won him thousands of dollars, but he is down and out now, and has little if any money. He travelled all over the world and won many important events. It is said that in one race he ran in here on the old Montreal lacrosse grounds, over \$25,000 changed hands in bets on the result.

There is a story told that Bethune was informed before he started in a race at Toronto, by a man who had bet a couple of thousand dollars on his winning, that if he lost the race he would be shot dead at the tape. The man who made the threat feared that Bethune would "throw" the race.

CANADIAN CRICKETERS DEFEATED.

Philadelphia, Sept. 15.—The thirty-fourth annual cricket match between All-Philadelphia, representing the United States and Canada ended to-day in defeat for the visitors. The Canadians were all out for 116 runs in their second innings, while the Philadelphians scored 173 in their first inning and had an advantage of 137 runs when play began to-day. The feature of the match was the bowling of Vetterlein for All-Philadelphia and the batting of Marshall, of Canada, who made the high score of 52 for his team.

SENSATIONAL TROTTING.

Syracuse, N.Y., Sept. 15.—With a notable field of eleven horses, including Geers' entry Spanish Queen, Acquin and Dewitt, it took five heats and some sensational racing to decide the big race on to-day's card at the State Fair Grounds, the Empire State Stake of \$10,000, for 214 trotters. Acquin took the first heat after a hot finish with Dewitt, the latter breaking just before the wire was reached. In the next heat Acquin was never headed but in the third was challenged at the half by Spanish Queen, the latter winning in a magnificent drive down the stretch, that worked the spectators up to a high degree of excitement. A spectacular finish also characterized the fourth heat which went to Spanish Queen as did the fifth one and the race. Allen Winter took the 218 trot in straight heats.

The feature of the 2:04 pace was a battle royal on the home stretch, in the first heat, between Baron Gratton, Reproachless and Gallagher.

MEN'S FALL FASHIONS

Mr. Brownlee, of the Semi-ready, Reviews the Styles.

Fall and Winter Fashion Opening
Now in Progress at the Semi-ready Department of Faguy, Lepinay & Frere.

Mr. J. H. Brownlee, the chief designer of the Semi-ready clothes, in the course of conversation with a reporter, gave some of the salient fashion features for fall and winter. Mr. Brownlee said:—

"The tendency to exaggerate in certain classes of tailoring, that is the addition of fancy accessories, will be conspicuous by their absence this season. So much of this has been done by the ready-made clothiers, and so much will be done by the same class of people, that the reaction has already taken place with men who know good dress."

"In the frock coat for afternoon wear the breast is slightly exaggerated and the shoulders cut natural, with shorter lapels. The lapels are lined with silk to the button hole."

"For semi-formal evening dress the Tuxedo jacket will be made with both peaked and shawl lapels, silk-faced to the edge."

"Evening dress suits are made with peaked lapels and slightly dipped fronts. The lapels are blind-stitched with silk to the edge."

"The general features in overcoats will be the same as in undercoats, with roomy, athletic chest measures, natural shoulders and long lapels. These show but slight change from last season's styles. Chesterfields, single and double-breasted, are still in undisputed possession of the field in sack styles. The 'Imperva' raincoat has returned this season, and is cut with voluminous skirt and extremely loose-fitting draped styles. It is a fine knockabout garment. The double breasted ulster will be made with a generous collar and lapel, and with a Prussian collar of equally generous proportions."

Messrs. Faguy, Lepinay & Frere, are now showing all the new Semi-ready styles in their wardrobe on the second floor of their big department store.

SPORT ON SEPTEMBER 19TH, 1908.

General admission to the grounds, only 25c.

TOOK THE HABIT.
There was an impressive service at the General Hospital yesterday morning, when the impressive service of conferring the religious habit took place. His Grace Mgr. Begin presided, assisted by Rev. M. Lepage, of the Quebec Seminary, and Rev. M. Pelletier, of the College of St. Anne de la Pocatiere. The habit was conferred upon Mlle. Pelletier, in religion Sister St. Jean de la Croix, of St. Anne de la Pocatiere, while those who made their religious procession were Mlle. Robitaille, in religion Sister St. Marie de l'Ange Gardien, of Penetanguishene, Ont., and Mlle. Jacques, in religion Sister St. Marie des Anges, of Garthby. The latter is the sixth of the Jacques family to enter the religious life. The sermon was preached by the Rev. Father Nunevas.

LIFE UNDERWRITERS' CONVENTION.
The annual convention of the Life Underwriters' Association of Canada opens here this morning at 9 o'clock in the Promotion Hall of Laval University, when addresses of welcome will be presented by Sir J. George Garneau, Mayor of Quebec, and Mr. J. B. Morissette, President of the Quebec Association. The morning will be devoted to the reception of the President's address, the Secretary's report and the Treasurer's report. A number of interesting papers will be read during the two day's session of the Association, the titles of which have already been published.

Among the social events arranged by the local Association in honor of the visitors are a trip to St. Anne this afternoon, a drive around the city and reception at Hunt Club to-morrow afternoon. To-morrow evening the annual banquet will take place at Lake St. Joseph.

TYPHOID
HOUSEHOLDERS CAUTIONED

How to Avoid Infection.

Typoid Fever is prevalent. Thoroughly boil all water and milk used for drinking; all water used for cleansing uncooked eatables and all used in brushing the teeth. Purify the waste pipes, sinks, closets, and collars with Platt's Chlorides. Places where disease germs may develop, nooks behind plumbing and all spots that can't be reached by the scrubbing brush, should be freely sprinkled with a mixture of one (1) part Platt's Chlorides and ten (10) parts of water. Do not neglect a liberal sprinkling of the cellar. To remove objectionable odors where sprinkling is inadvisable, keep a cloth or sponge moistened with the solution mentioned. A little extra care just now may prevent much sickness and expense. Platt's Chlorides is an odorless, colorless liquid disinfectant which instantly destroys foul odors and disease-breeding matter. It is sold by druggists everywhere in full quart bottles, and is prepared only by Henry B. Platt, New York City.

Book with sanitary information mailed free on writing to 42 Cliff St., New York.

ARRIVALS at the Clarendon:—P. L. Richer and wife, St. Hyacinthe; Mrs. N. Prince, Montreal; John Daly, B. Friedman, Montreal; Alex. Ferguson, Cococoruche; Miss A. Churchill, E. W. Churchill, Stanford, Ky.; E. T. Gerberick and wife, Palmyra, N.Y.; R. W. Higginbotham, Toronto; J. E. LaBelle, Montreal; Chs. T. Walting and wife, Louisville, Ky.; L. B. Long, R. M. Edson, Littleton, N.H.; Geo. R. Feilders, Montreal; W. E. Forbes, Montreal; D. Gillies, Carleton Place; C. B. Rowe and wife, Philadelphia, Pa.; H. B. Phillips, Toronto; J. B. Henderson and wife, Philadelphia, Pa.; F. Burrill and wife, Montreal; J. B. Crochier, Montreal.

ARRIVALS at the Neptune Inn:—Mr. J. N. Lamy, M. F. Carroll, Nap. John, Geo. Ball, Montreal; Francis Poulin, Rimouski; L. P. de Courval, Arthabaskville; A. Tremblay and wife, Herbertville; Chas. J. Belanger, Escomains; E. F. Newton, Orange, N.J.; W. J. Casgrove, Newark, N.J.; D. M. Germain and wife, Montreal; Geo. Perron, St. Jerome; A. H. Kennedy, J. Todrin, Montreal; D. Gillies, Carleton Place; T. C. Gaboury, Bryson, R. A. Thompson, Cap St. Ignace; H. B. Rackliff, Salt Lake City; Mrs. Nap. Caron, Miss E. Simard, Montreal; Mr. T. Pinz, Portland; Mrs. Thos. Jalbert, Iras d'Anic; Mr. J. S. Savard and wife, La Tuque; Mr. Jos. Girard, St. Gidion.

PERSONAL

Mr. R. H. Haycock, of Ottawa, is registered at the Chateau.

Mr. W. S. Milne, Mrs. Milne, of Toronto, are guests at the Frontenac.

Mr. Jas. Ogilvie, of Ottawa, is registered at the St. Louis.

E. J. Gunn, electrical engineer, Montreal, is in town at the Chateau.

Hon. W. A. Weir will attend the exposition at Richmond to-day.

Mr. H. R. Swenerton, of Montreal, is at the Chateau.

Mr. A. S. Lavallee, of Montreal, is registered at the Chateau.

Mr. W. W. Williamson, of Montreal, registered at the Chateau yesterday.

Mr. J. D. McCarthy, of Toronto, is registered at the Chateau.

Mr. G. H. Simpson, of Montreal, is a guest at the Chateau.

Mr. B. C. Howard, of Sherbrooke, is registered at the St. Louis.

Mr. R. A. Ewing, of Sherbrooke, is in the city registered at the St. Louis.

Mr. Alexander Fraser, of Montreal, is at the St. Louis.

Mr. J. J. McCrudden, of Montreal, is registered at the St. Louis.

Mr. H. Petit, M.P.P., of Chicoutimi, is in the city, registered at the St. Louis.

Mr. T. D. Walsh, of Sherbrooke, is in the city, registered at the St. Louis.

Mrs. B. Thibodeau and daughter, of Three Rivers, are guests at the Frontenac.

Mr. August Belmont, the New York financier, is sojourning at Amqui, Rimouski Co., where he arrived in his private car yesterday.

Miss Olive Clint has returned home after a visit to friends in Sherbrooke.

Miss LeMoine, of Ottawa, is visiting Miss Bosse, St. Louis street.

Lady and Miss Fitzpatrick were guests at the Windsor, Montreal, yesterday en route from Pointe a Pic to their home in Ottawa.

The Hon. John and Mrs. Sharples returned from Kamouraska yesterday. Mr. Sharples is much improved in health.

D. McDonnell, Toronto; W. J. Joyce, Montreal; F. E. Perry, Toronto, have left for a trip around Saguenay in the interest of their firms.

The many friends of Mr. John Monaghan, city assessor, will be pleased to learn that he has recovered from his recent serious accident and able to attend at his office.

Miss Beatrice Copeman, of Boston, Mass., returned home to-day, after spending a pleasant two months' vacation with her uncle, Mr. Chas. Copeman, Maple Avenue.

The engagement has been announced of Miss Helen Richardson, daughter of the Rev. Canon and Mrs. Richardson, of London, Ont., to Mr. H. A. K. Drury, of the Railway Commission, Winnipeg.

Mr. E. H. Walling, Grand Representative of the Grand Lodge of Quebec, I.O.O.F., leaves this morning by C. P.R. for Denver, Col., where he will attend the meeting of the Sovereign Grand Lodge of the Order.

TRAIN FOR BUSINESS

Most men train their brains and almost entirely neglect their bodies. They do not seem to realize that keenness of judgment and clearness of thought depend as much on the body as on the brain itself. Any man can prove this to his own satisfaction by attempting to decide weighty business problem while suffering with an acute attack of indigestion or a violent spell of biliousness.

The amount of work that the brain can do depends much on the healthfulness of liver, bowels, kidneys and skin.

"Fruit-tives" are fruit juice in tablet form. They act directly on liver, bowels, kidneys and skin—and enable these vital organs to rid the system of all impurities. Thus the blood will be kept pure and rich, the brain active, digestion sound, and life made pleasant.

"Fruit-tives" are now put up in two sizes—the new 25c box as well as the regular 50c size. If your dealer does not carry them, write Fruit-tives Limited, Ottawa.

AMBULANCE CALLS
The ambulance was twice called upon yesterday, on both occasions for to remove sick patients. One from the Empress to the Jeffery Hale and the other from the goal to the Hotel Dieu.

ROYAL ARCANUM.
An official visit was paid last evening by Grand Regent Williams to Sovereign and Cape Diamond Councils of the Royal Arcanum. There was a large attendance, and a very pleasant and instructive time was spent.

ANOTHER CANDIDATE CHOSEN
At a largely attended Conservative convention held at Fraserville yesterday, Dr. Luc Labelle was unanimously chosen to contest the county at the coming election. After the convention there was a big public meeting at which a number of speeches were delivered by some of the leading speakers of the party.

ST. MATTHEW'S CHURCH.
As already announced, the Rev. Dr. Paterson Smythe, Rector of St. George's Church, Montreal, will be the preacher at St. Matthew's Church on Sunday evening next and will also preach at the special services on Monday, St. Matthew's Day. The reverend gentleman is one of the most eloquent divines of the Anglican church in Canada and there will no doubt be large congregations in attendance at the service in St. Matthew's Church to hear him.

What Do They Cure?
The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder—curing a large percent of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous dysentery), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in effecting a cure.

"The Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, discharges and irregularities incident to woman only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the breakdown, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A box of particulars wraps each bottle giving the formula of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into "Doctor Pierce's medicines" by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non
