Fire Fighting In Zero Weather

Westmount firemen were called on to fight a stubborn blaze on Monday at 72 York avenue. The firemen encountered miserably cold weather which made their job difficult due to icing conditions. At left, Fireman Peter Schture grasps hose while Fireman Art Smith stands ready to help. Above, Fireman D. Beaver is in forefront, with Fireman Ed. Harper at ladder. Chief Cobb is in the burning building. The fire gutted 10 garages and considerable furniture in storage was completely destroyed.

Stubborn Blaze Causes Heavy Damage Monday

Following one of the quietest winters known to the Westmount Fire Department, firemen were called out on Monday to quell a stubborn blaze in a group of L shaped garages at the rear of 72 York avenue, Westmount.

Extensive damage was caused by fire, smoke and water, when the fire, believed to have broken out as a result of a defective chimney, swept the building, and forced the fire department, under the direction of Chief W. Cobb, to play six streams of water on the buildings.

The outbreak was first noted by Miss D. Murgatroyd, 19, of 5 Albert Place, who saw smoke pouring from the upper part of the building and informed the residents of 72 York street about it. The Fire Department was notified by telephone about the same time that W. Gallacher, of 24 Windsor avenue, smelt the heavy smoke while working on his car in one of the garages, and released the fire alarm box at Prince Albert and York avenues.

Starting at 3.08 p.m., firemen fought the blaze for more than two hours. Chief Cobb, however, paid tribute to several ladies in the vicinity who supplied the men with hot coffee during the afternoon.

"It was an act very much appreciated by the men," he said, "especially on such a cold day."

But Tenants Still Annoyed By Recent Hike

The decision of the Supreme Court of Canada, as handed down by Chief Justice Thibault Rinfret, on Wednesday, in which the Court upheld the validity of federal rent controls, has met with a certain degree of satisfaction from tenants, and tenant organizations.

The fly in the ointment, of course, is the fact that the rent hikes of 18% and 22% still stick. As one Westmount housewife stated to The Examiner, "Why didn't the government find out where they stood before they imposed the increases?"

Tenants Coerced

Had tenants known beforehand, some of them would not have been coerced into signing leases calling for exorbitant rents. However, said the housewife, what is done is done, and we must simply grin and dig deeper into our reserves to keep the home fires burning, until supply catches up with demand for moderate priced dwellings.

Until last week it had been generally understood that the Supreme Court would deliver a judgment in the matter, not merely an opinion.

Norman Gillespie, chairman of the Emergency Council on Rent Control, and also chairman of the Housing Committee of the Canadian Legion's Quebec Provincial Command, said that it was fortunate that the decision of the Court was in favor of the government, as apparently, had it been otherwise, there would have been no opportunity to appeal.

The Hon. D. C. Abbott had told a meeting of the E.C.R.C. in January, that the judgment if unfavorable could be appealed to the Privy Council, which would make it appear that even the Minister was unaware that merely an opinion would be given by the Court.

It was pleasing however, stated Mr. Gillespie, to find that the opinion was unanimous, and that all seven of the eminent judges agreed that the Federal Government had the right to impose rent controls.

Legion Asks Controls Stay

Mr. Gillespie intimated that the E.C.R.C. and the Canadian Legion Housing Committee were considering the advisability of requesting the government to extend the controls for a longer period than one year. It is felt that controls should be kept on until the supply of low and medium rental dwellings has caught up with the backlog of approximately 700,000 units still required.

To date the annual building program has barely kept up with new family formation, let alone take care of the demands of ex-service men who have been waiting for homes since the cessation of hostilities. It must also be remembered, that immigration has accentuated the shortage of dwellings, Mr. Gillespie added.

Will Bare Midriff Be Frowned On In Westmount

Westmount's fairer sex are said to be quite perturbed in case our city council should follow the lead which is proposed in Montreal, in the banning of the wearing of sundresses without bolero in public places.

A by-law will be presented at the March regular meeting of Concordia's City Council, forbidding these things on Montreal streets, also bare legs and shoulders will be taboo should the by-law go through.

The Executive Committee are recommending that the council take action in the matter.

Not only will women be forbidden to appear in public in garments which expose too much shoulder or too much lower limb, but it will also forbid men wearing any type of dress in public, which leaves too much torso exposed.

It is not clear whether the law will apply to those persons engaged in sport, although it would appear to.

The question now is, will Westmount city fathers follow with similar regulations? From a poll taken by The Examiner amongst the younger set in Westmount, the move, if it takes effect, will not be popular.

Abbott Vote \$1.40 Claxton Vote \$2.13

Following the figures on election expenses of candidates in the federal election last June, as quoted in the last issue of The Examiner, further breakdown figures are now available, which are quite illuminating on the cost of being elected to parliament.

The cost per vote to candidates in St. Antoine-Westmount was \$1.40; in Notre Dame de Grace just over \$1.00; in St. Lawrence-St. George it was \$2.13.

In many cases the heaviest spender failed to win election. In spite of the heavy expense there is usually a stiff fight for the candidature, in most divisions.

Westmount Robins Winter Here Declares Expert

Edgehill road, Westmount, residents who have been seeing a robin in their neighborhood during the last week, may not have seen the first robin, usually hailed as the harbinger of an early spring.

Donald Cleghorn, of the Redpath Museum, McGill University, states that the "odd" robin can always be found around Montreal during the winter months, if one takes the trouble to look closely.

There are always several robins to be found amongst the many birds which subsist on berries growing on bushes on Westmount Mountain and in Mount Royal Cemetery, he said.

Mr. Cleghorn added that, from a study of the habits of robins, it had been determined that the

first robin did not arrive here from the south before March 7th. The most of the birds arrive between March 28 and April 4.

He also said that it was not unusual for a few robins to remain here, when the birds head south in the fall. Why the few did remain, was something as yet unfathomed. It might be that some robins do not get the urge to go

south when the chillier days arrive.

The wintering birds feed off Siberian Crab and Mountain Ash shrubs which are plentiful in Mount Royal cemetery. As Edgehill road is close to Westmount Mountain, Mr. Cleghorn believed that the robin seen by residents was one of the robins which winter around Westmount.

Scouting Around

with REG. GROOME

There was a good turnout at St. Matthias Pack last Friday night when a couple of new games were played. The candle relay proved quite popular, although the Grey Six found it a bit tough. Second Roddy Hermitage has taken over the Green Six and Cub Tony Bowen of the Green Six was invested with his 1st star. Roger Bellingham has also completed his 1st star and will be invested with it tonight. The Brown Six won a closely fought competition to take the honours for February, with the Red and Grey close behind.

Two important events this month will be, (1) A "Going-Up" Ceremony when Senior Sixer Russel Williams will go into Scouts, and (2) a visit from two officers of the R.C.M.P. to give a talk and show some movies. Badge Examiner Gilhooly will likely attend at the end of the month to take 2nd star and badge examinations. An investiture ceremony was held last Friday evening, when Cubs Ian Motherwell and Robert Longmore both became members of the Pack.

Westmount Park Pack

Sixers Barry Webster, Tom Netherfield, Ray Anderson and Akela Poltrick of the Westmount Park Pack were guests of St. Michael's Pack recently and Ray Anderson presented the St. Michael's unit with a personally carved picture of Shere Khan, the tiger. The Pack's meeting last Friday saw Peter Corry leading the opening ceremonies, and the following tests were passed: Cleaning Boots, Peter Corry, Gordon Cummings; Folding Clothes and Physical Exercises, Gordon Cummings; Ball Throwing and Book Balancing, Ian King and Peter Nicholson; Cleanliness, Ian King; Leap-Frog and Somersault, Peter Nicholson.

Bruce Anderson passed Skipping to complete his first star. Scouter Graham of St. Matthias Pack led an enjoyable sing song, and Gordon Cummings led the closing Grand Howl. A hike has been planned for tomorrow if the weather permits.

Trinity Memorial

Twenty-six Cubs were present at Trinity Memorial's meeting Monday with Sixer Graham Martin leading the opening ceremonies. The following tests were passed during instruction period: Somersault, Ball-throwing, Skipping and Book-Balancing Teddy Gosse; Cleanliness, Michael Warmington, Bevin Boyd, Bruce Hutchison and Brian Jackson; Time, Teddy Gosse, Bruce Hutchison; Compass and National Anthem, Norman Price.

The Six competition for the evening was won by the Grey Six. Again! It's about time the other sixes did something about this... this six of all new chums, except Sixer Douglas Lindores, is really showing them up. Gary Worsley again scored in the hockey game with St. Luke's, Tuesday... the final result was a 1-1 draw... Hockey continues every Tuesday from 5-6. A visitor to the Pack was Fred Barnett, Assistant Scoutmaster of the Trinity Memorial Troop, who gave a short

Man Given 2 Months For Loitering in Westmount

Phillippe Doucette, 30, of no given address, was sentenced to two months in jail for loitering on Westmount streets on Sunday.

Pleading guilty to loitering before Recorder C. A. Hale of the Westmount Recorder's Court, the defendant received the heavy sentence as it was not his first offence.

He was picked up by Westmount City Police on Sunday morning at the C.P.R. station, after being watched by the constables for some time that same morning.

Richardson was well known to many also as Factor of Camp Tamaracouta, and we would like to take this opportunity to extend to him our most sincere congratulations and best wishes in his new position.

Universal Religion Need Theme Inter-Faith Meet

Rev. Dr. James S. Thomson, dean of McGill University's divinity faculty, told a capacity congregation at Temple Emanu-El, on Friday night, that religious revival is needed to unite mankind.

The occasion was an inter-faith sabbath service held in observance of International Brotherhood week.

Dr. Thomson said there was urgent need for universal religion. Time was short, and the hand-writing was on the wall, as leading scientists, like Einstein, openly admitted fear of a possible world destruction.

There had been many suggestions made for a universal religion but actually it emanated from God himself as there was only one God and consequently only one religion.

Stressing the tragic aspects of the present time, Dr. Thomson said there was an "immediate" need for "personal apprehension of the reality of religion by all men and women."

Rev. Dr. Harry J. Stern, Temple Emanu-El rabbi, declared that at present, "brotherhood is a desperate necessity".

Rev. Charles Este, Union United Church, Rev. D. M. Grant, St. Andrews United Church, Westmount, and Rev. J. D. Wilkie, Stanley Presbyterian Church, Westmount, also participated in the service.

The Dominion Douglas United Church choir, under the leadership of John Robb, rendered two anthems, one at the beginning of the service and the other at the end.

The Temple choir also contributed to the musical part of the service.

Eli Jacobs Dead, Founded YMHA

Eli W. Jacobs, one of the founders of the Y.M.H.A., and of the Hebrew Free Loan Association, died on Thursday at his residence, 4135 Sherbrooke street, Westmount.

Born at Soulanges county, Quebec, on September 26, 1877, he was the son of the late Mr. and Mrs. William Jacobs, pioneer settlers in Soulanges county.

Mr. Jacobs was educated at Ticker's School, on Drummond street, and as a young man spent some years in the western states in the livestock business.

He returned to Montreal 40 years ago and has resided here since.

He was a life long member of the Shaar Hashomayim Congregation.

Mr. Jacobs never married. He has been prominent for many years in welfare and community work.

He is survived by three brothers, Jacob W., Ben Jacobs, both of Montreal and Abe Jacobs of Calgary, Alta.

The funeral took place from his residence on Friday afternoon.

herself as pleased with the decision.

Mme Casgrain said, "I suppose that this means that the government will continue controls in view of the acute situation and until adequate housing is available for everybody."

Clarence Rosenhek, legal adviser of the Montreal Tenants Association, said the decision came as "good news."

Voice of People Heard

Mr. Rosenhek added "The Supreme Court have demonstrated that it is not insensitive to the great forces of public opinion and public want."

He said "the federal government should now revive its policy and continue rent controls so long as the present severe shortage prevails."

Only in this way will the air be cleared and tenants given a feeling of security," the tenant head stated.

N.D.G. Political Debaters Defeat Westmount Club

The N.D.G. Young Liberals Club won a closely contested debate from the Westmount Young Liberals Association at the latter's meeting at the Reform Club on Thursday evening. Professor G. T. Culliton of McGill, guest of honor, added an expert's comment on immigration, the debate topic.

John McDougall and Emmett Kierans, the victorious N.D.G. debaters, held the negative side of, "Resolved that an Unrestricted Immigration Policy would be Beneficial to Canada."

In arguing for a restricted and selective policy, they won a close decision over the Westmount debaters, Howard Graffey and Ian Clark. Three members of the McGill Law Faculty served as judges.

Protests from proprietors in the Prince Albert street area, was one of the major reasons why Miss E. M. Davies did not secure a permit to operate a kindergarten and nursery school at 483 Prince Albert avenue.

Hon. D.C. Abbott Reviews Preparation Of Budget

The Hon. Douglas C. Abbott, Finance Minister at Ottawa, where he represents St. Antoine-Westmount riding in the Federal Parliament, speaking to a dinner meeting of the Chartered Accountants Students' Society of Quebec, at the Queen's Hotel on Thursday evening, outlined the work behind the preparation of a budget.

The minister reviewed history and the size of budgets, and the length of budget speeches since the first one was brought down in 1868.

It was interesting to note that Brigadier James de Lalanne, who was Mr. Abbott's progressive conservative opponent in last June election, was seated at the head table only one removed from the Minister. Mr. De Lalanne is a chartered accountant by profession.

Mr. Abbott stated that during the year he is called upon in his office by delegations from this and that organization, who all want concessions for their particular benefit.

He said that his standard reply is always to the effect that the recommendations will be carefully considered when the time to prepare the next budget rolls around.

Mr. Abbott emphasized that this reply was not just an easy way of getting rid of the delegations, as all requests and recommendations received consideration.

The staff of the department keeps a record of all recommendations, and they are brought forward before the budget is prepared and carefully considered, and accepted or rejected according to their merit.

The Minister outlined procedure followed in preparation of the budget, with estimates of expenditures for the last year and the possible revenue for the following year being weighed.

After both estimates have been presented the task of balancing

Rotarians Hear Fine Talk on Foundries

The history of the foundries and the foundry industry was outlined by Morris McQuiggan, a member of the Westmount Rotary Club who was called on for a classification talk at Wednesday's meeting.

Introduced by James Lawson, the speaker said that castings were first made in Russia about 4,000 B.C., and from there spread to China. Japan claimed that they started using the process about 1,000 B.C., but it was in the 8th Century B.C. that iron was first

used in the casting process. "Before that, copper, gold and bronze were the principal metals used," the speaker said.

Mr. McQuiggan used a quotation from the bible to confirm his statements about the wide use of casting at that time, which is the direct product of the present day foundry work.

The speaker also mentioned that about 100 A.D. Corinthian bronze was rated the most precious metal of all, and that by 500 A.D., the

Hindus of India had developed a crucible steel, which they kept so secretly that it was not developed by the western world until the 19th Century.

After the fall of Rome, which was noted for its castings, foundry work was carried on by a few alchemists only, through the requests of the Church.

It was in the year 600 that the first bell was made in Italy, and 300 years later before England made their first bell. One of the greatest bells ever made was at Moscow, Russia, when a 220-ton model was made, but broken in the year 1737.

The cannon was another invention due to the foundry industry and casting, the speaker said, and also claimed that one of the main reasons for the Americans' fight against the British, was because England refused to allow the colonies the right to manufacture their own foundry products. Many foundry men were among the names on the "Declaration of Independence," the most famous being Paul Revere, whose company, Revere Copper Company, is still in existence.

In outlining the progress of Canada's foundry industry, the speaker said that 550 foundries are

established here and that some of the work which they did during the last war was recognized throughout the world. Naming some of the outstanding products of the foundry industry in the Montreal area, he cited the doors of the Sun Life Assurance building; the plaque on a prominent departmental store and the spire on Christ Church Cathedral.

The speaker was thanked by Frank Kenwood who was chairman of the meeting in the absence of P. G. Delgado.

P.C. Party Emblem Irritates Scots

The "Party Emblem" of the Progressive Conservative party adopted at an organizational meeting of the P.C.'s held in Quebec City is not very popular with Scottish and Irish members of the party, in Westmount.

Appearing on the crest are the Tudor rose, the fleur-de-lis, and a shining sun, mounted with a maple leaf, and having 10 rays representing the Canadian provinces.

A Westmount voter who signs himself "MacTavish" writes to protest against the new emblem.

The writer draws attention to the fact that he has been a life-long Conservative, and resents that apparently the party is now catering to those of English and French ancestry only, ignoring the Scots and the Irish who, he states, make up a considerable portion of the conservative vote in Westmount at least.

"What with the fleur-de-lis on his car license, which he also does not like, and then this crowning insult, 'MacTavish' says that if Doug. Abbott will bring out a badge with a 'Thistle' super-imposed on it, that he will consider overlooking the raw deal on rents, and swing over.

Hon. D. Abbott . . .

the budget begins, he said. Mr. Abbott said "we know if we budget for a surplus or deficit, if we must impose new taxes or reduce present taxes."

He pointed out that among expenditures, the government has fixed obligations that cannot be cut down. These include family allowances, old age pensions and the like.

The Finance Minister gave no indication of what the next budget might contain, nor did he give any inkling as to when it was likely to be brought down.

He did say that he hoped that when the budget was presented, it would be felt that the interests of Canada had been well looked after and that all unnecessary expenditures have been eliminated.

They know...

IT IS NOT MONEY ALONE

More than a million and a half people deal with the Bank of Montreal, and they know that it is not money alone they deal in when they come to us. It goes beyond that. These people have confidence in the Bank; they know that their money is safe with us, and that they will be fairly treated in their business dealings.

We try to keep constantly in mind that the Bank is not primarily an impressive row of figures or an imposing building. We think rather of the Bank as the local manager and his staff, on whom our customers can always call for friendly counsel and service. Our branch-banking system is founded upon this relationship.

A man's relationship with his bank manager is, and should be, a highly personal one. Yet in each of our 549 branches, behind

this confidential relationship, there stand the resources and stability of a nation-wide, century-old institution. Thus the strength of the institution is linked with human understanding in the service of the individual.

I believe sincerely that this is the spirit guiding our relations with the public today. Without such a spirit, the Bank could not maintain or justify its place in the economy of this country, nor would we be able to give our best to Canada in the years of great promise which lie ahead.

Birthday Party Leads The Way For Campaign

A hundred youngsters, whose ages ranged from seven to 11 years, beat the gun to the Joint Hospital Fund's general solicitation Monday by making a contribution during a birthday party for three of their school classmates.

The party was held at Victoria Hall, Westmount, by Mrs. L. J. Adams, whose husband is a staff doctor at the Montreal General (Central Division) Hospital, for her three children: seven-year-old Nanny; John, eight; and Julia, 11. Julia celebrated her birthday last Sunday and Nanny added a year just the Sunday before. John had his birthday earlier but was still looking forward to a "big" celebration.

With birthdays coming so fast, Mrs. Adams decided that a joint birthday party was in order. Furthermore, she decided that the birthday party could be used to help the Joint Hospital Fund.

So invitations went out to the hundred classmates of her three children at Roslyn School. The invitations, in verse form, asked the youngsters not to bring presents but, instead, to "bring anything up to 25 cents for the Joint Hospital Fund." The money was placed in a special box which later was turned over to the hospital fund. Gifts were acknowledged by ribbons bearing the

Roslyn School colors.

The youngsters' program included ice skating, movies, supper and a lively singsong, which concluded festivities.

Aided by the godparents and aunts of her three children, Mrs. Adams staged a party that was tops with the small fry. Proof of the success came when the

parents of the guests arrived to take home their reluctant children.

The Joint Hospital Fund will begin its general solicitation next May for \$18,000,000 to meet new building and other needs of the Montreal General (Central Division), Children's Memorial and Royal Edward Laurentian Hospitals.

LABOUR'S PROGRAM STOPPED

British Apparently "Fed Up"

A stalemate in the British election means that Labour's nationalization program and welfare policies have been brought to an abrupt stop.

True, the party has a majority, although a small one, in the House of Commons, and barring too much sickness and absenteeism could carry on with its program. But that is talking in a theoretical sense. Viewed from a realistic point of view, the party would be committing political suicide to force through any more of its program in view of the fact that more people voted against Labour than for it. Labour went to the country seeking a mandate to con-

tinue the policies of the past four and a half years. It didn't get that mandate, although it got a small, technical majority among the members.

Why was Labour's big majority wiped out?

It would be an error to suppose that everyone who voted for Labour in 1945 did so because of its program. Large numbers voted for Attlee for the reason that they thought he could get along with Stalin better than Churchill did. Those were the days when Russia's prestige was at its highest among democratic nations, and Churchill wasn't getting along well with Stalin at all, at all. As usual, Churchill was in a minority.

Then again, the inevitable consequences of socialist "planning" were beginning to make themselves apparent. Annoying decisions by petty officialdom; dictation to the worker where and under what conditions he would work; heavy taxation; queueing up for ordinary household supplies; heavy fines for throwing away such things as stale bread; the obvious further progress in recovery made by countries like France, Belgium, and Holland — these and countless other restrictions, annoyances and minor tyrannies overcame the traditional British habit of giving a man a fair chance so long as he is doing his best.

Dominion-Douglas

The Dominion-Douglas Church School Festival will take place on Friday. Juniors, Intermediates and Seniors will see movies at 6 p.m. followed by supper at 6:30. Parents and friends are invited to the program of entertainment provided by the scholars themselves at 7:30 p.m.

In the evening Dr. Charles Johnston will continue his Lenten series for young people, "Scenes from Jesus' Life" with "Five Loaves, Two Fish, and a Blessing." Communion will be dispensed at the close of the service.

The Young People's Union will hold a "Bonne Entente" Evening, following the service at which His Honor Mayor Romuald Bourque of Outremont will be the guest speaker, and well-known French-Canadian songs will be sung.

At 8 p.m. the Handicraft Guild will meet to finish the quilt, plan for another, and continue to weave scarves and tool leather.

Wednesday at 8 p.m., the first

of the Lenten services will be held in Leslie Hall, a series under the general title of a "Clinic in Christian Living." The first topic will be "Jesus and our Inner Life," and it is hoped to present it by means of a panel to consist of both Ministers and laymen, followed by discussion.

Montreal Truth Centre

At the Sunday evening service of the Montreal Truth Centre, under the leadership of Dr. Margaret Davies Edwards, Mrs. Ruth Whiting, guest speaker, delivered an informative and thought-provoking address upon "The Master Key." "Almsgiving—Fasting — Praying". This will be the theme of the morning sermon in Westmount Baptist Church. Self-discipline or the discipline of the body for the benefit of the soul is commended in the New Testament. The Jewish leaders, who were contemporaries of Christ, indulged extensively in almsgiving, fasting and praying. The methods of the Pharisees come under the whip of Christ's censure. He was not content, however, with exposing hypocritical practices but He set before his followers the techniques that would lift life to the highest and noblest plane. The realism of Jesus will constitute the theme of the sermon on Sunday morning. The Communion of the Lord's Supper will be observed at noon.

"Samson and Delilah". This strange and intriguing story of a Hebrew youth and a Philistine maiden has not only impressed successive generations but has been commercialized by the movie magnates in our own day. You may be quite sure that the movie version is not the true version of the story. De-glamorized, the story itself is one of great beauty which, because of the manipulations of unscrupulous schemers, sinks into stark tragedy, the kind of tragedy that, alas, is far too common in our own day. The final episode in the story is one of recovery and renewal. Young people especially will be interested in the unfolding of this human drama. The Congregational Mid-week Fellowship, which is held each

Wednesday at 8 p.m., under the direction of the minister, is a gathering of great importance in the life of the Church.

Sunday, March 12th., will witness the presentation and dedication of new church furnishings, which have recently been donated. These include a Reredos above the Baptistry, a new pulpit, together with plant pedestals, etc., for the platform. Carpets, drapes, etc., are also the gifts of members of the congregation. On this occasion, Dr. J. A. Johnston will speak on "The Place of the Pulpit in the Christian Church".

"Man is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday.

The Golden Text is from Psalm 100:3.

"Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture."

Among the citations which comprise the Lesson-Sermon is the following from the Bible:-

"The Spirit itself beareth witness with our spirit, that we are the children of God: And if children, then heirs; heirs of God, and joint-heirs with Christ; Have we not all one father? Hath not one God created us?" (Romans 8: 16 and 17 Malachi 2:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science & Health with Key to the Scriptures" by Mary Baker Eddy:-

"Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is coexistent and coeternal with that Mind. He has been forever in the eternal Mind, God; but infinite Mind can never be in man, but is reflected by man. The spiritual man's consciousness and individuality are reflections of God. They are the emanations of Him who is Life, Truth, and Love. Immortal man is not and never was material, but always spiritual and eternal." (Page 336)

United Church W.M.S. Rally Reveals Progress During 1949

At the recent sessions held in Dominion-Douglas Church, marking the twenty-fourth annual meeting of the Montreal Presbyterian Women's Missionary Society of the United Church of Canada, the guest speakers were Rev. Gerald C. Cragg, B.A., Ph.D., Rev. D. H. Gallagher, B.A., L.L.B., B.D., and Miss Daisy MacNeill, M.A.

Reverend Cragg, who spoke in the absence of Rev. W. A. Gifford, chose as his topic "Our Living Faith," in which he outlined for his audience the challenging duties, which they, as Christians, must be called upon to face.

Reverend D. H. Gallagher, Associate Secretary of the Board of Overseas Missions of the United Church of Canada, who recently returned from missions in the East, spoke of the conditions missionaries must contend with in that part of the world. He noted, particularly, the outstanding work done by the medical missionaries, saying that this small group was undertaking and completing gigantic tasks.

Speaking at the last session of the meeting, Miss Daisy MacNeill, whose topic was "Neighbourhood," stressed the importance of true Christianity in the world today, emphasizing the fact that Christian doctrines have had—and must continue to have—a world-wide effect.

Utd. Church Homes For Ladies Annual Reports Are Presented

At the annual meeting of the United Church Homes for Elderly Ladies held yesterday at three o'clock in Cheney Hall, reports were presented by Letitia McConachie, Superintendent of the Cremazie Home; Mrs. E. H. Woodley, Honorary Secretary; and the treasurer.

Mr. Douglas Bremner was the speaker of the afternoon. "Sixteen ladies are at present resident in Dunedin," Miss McConachie reported. Their health was excellent, she noted, and she attributed it largely to the happy atmosphere that prevails and to the well-balanced meals.

In June, she continued, Mr. John Freeman presented to Mrs. McKay the plaque which was installed over the fireplace in the sitting room, thereby showing that the furnishings of this room were made possible through the Wesley United Church War Memorial Fund.

Thanks were expressed to all those who have donated equipment, furnishings and time to this work, among others, Mr. C. B. Robinson, of the Montreal West Town Hall for the numerous plants received at Christmas, and for flowers during the year, and to the late Mr. MacFarlane for apples at Christmas.

The Ladies' Associations, who have furnished rooms, have added to these and improved them through the year; and entertainments are greatly looked forward to, the report stated.

Appreciation was also expressed to Dr. G. C. Wadsworth for his spiritual help.

Cremazie Home

In her report, Miss Munt stated that there are 13 guests in the Cremazie Home, the eldest being 87 and the youngest 63. During the year, 17,754 meals were served at an average cost of \$0.14 per meal.

The aim of the Home has been threefold: to provide a feeling of security and a normal home life; to provide well-balanced meals; and to give the necessary care needed during temporary illness. "The knowledge that they would be cared for in minor ailments has been a source of great comfort to all our charges," Miss Munt remarked.

The Cremazie Home consists of

19 rooms, many of which have not been decorated for several years. To date, 15 rooms have been redecorated in pastel shades, including two bathrooms, the main dining room and the entrance hall. Old electric fixtures, in many instances, have been replaced by modern lighting units.

Reverend Mr. Lynn visits the home regularly, to conduct services, and hymn books have been provided by the Women's Association of Westmount Park Emmanuel, and Bibles have been supplied by the Bible Society, the Superintendent noted.

Members of various church organizations visit the Home regularly, as do representatives from the Rotary Club.

Financial Report

The annual financial report read by the treasurer stated the support of the Homes comes from two sources:

1. A monthly grant of \$150.00 for each home from the Board of Evangelism and Social Service of the United Church of Canada; and 2. Monthly board from the residents. These amounts carry the operating expenses. In addition to the monthly grants, the Board of E. and S. S. pays all taxes and insurance, and the major repairs to the property.

Total income from Cremazie Home was \$8,795.74; expenditure \$8,512.29; balance \$283.45.

Total income from Dunedin was \$9,755.94; expenditure \$9,746.29; balance \$9.65.

In addition to the current account, there is a savings account maintained entirely by donations from Women's Associations and other organizations within the United Church, and from interested friends. During the year, the sum of \$792.08 was added to this account which is used for household furnishings and equipment.

Mrs. E. H. Woodley, the hon. secretary, in her statement noted that the churches represented on the board are, Montreal West, Rosedale, Wesley, Town of Mount Royal, St. Luke's, Dominion Douglas, Calvary, Erskine - American, Fairmount - St. Giles, Westmount Park-Emmanuel, Queen Mary, and St. Andrew's. Each church has one or two representatives on the Board.

Representatives from churches include the following: From Montreal West, Mrs. Harry Aird; Rosedale, Mrs. H. A. Graham and Mrs. T. H. Martin; Wesley, Mrs. E. F. Pelton and Mrs. E. H. Woodley; Queen Mary, Mrs. G. W. Johnston and Mrs. C. E. MacGregor; St. Luke's, Mrs. M. Aitken and Mrs. H. C. Smith; Westmount Park Emmanuel, Mrs. R. J. Jarvis, Mrs. B. D. Rogers and Mrs. F. C. Historians Have No Easy Task, Professor Tells Westm't Club

"Historians Have Their Troubles", Professor H. N. Fieldhouse of McGill University told a meeting of the Westmount Women's Club, held Friday afternoon in Victoria Hall.

In many ways, the speaker remarked, the modern historian is faced with problems as perplexing as any ever encountered by the detective heroes of "Who-Dun-Its". There is the question of false clues, he went on, the problem of fallible memories, and of course, the time element. Reports by "witness" too many add to the confusion, Professor Fieldhouse said, for these are often found to be inaccurate.

And as for personal letters, he added, these need a particularly wary approach, for to utilize these letters, the historian must be familiar with the character of the writer.

Public Reports

Public reports may be accurate, or slightly garbled, and this is where the historian's basic troubles begin, the speaker revealed. Also, public reports are media or whatever, and either of public opinion at the time when they were compiled. For example, the speaker pointed out, "Mission to Moscow" was written at a time when Russia's toes were being stepped on lightly, if at all. The writer's diary, however, since brought to light, reveals the true facts and figures.

Professor Fieldhouse spoke of three common approaches to history, namely the "scissors and paste" approach, whereby information is copied from the encyclopedia or whatever, and either rewritten in the students own words, or left exactly as clipped; the "critical" approach when methods to test validity are introduced; and the "scientific" approach, which is concerned not with whether a fact is true or false, but rather what its value is in connection with the specific inquiry.

Questionnaires

A "thoroughly dangerous weapon," said the professor, is the modern questionnaire. And he added, "The modern craze for mathematical weighing of public attitudes and activities could lead to most inaccurate recording of the facts."

In conclusion, Professor Fieldhouse advised his audience to value the past for its own sake. You cannot find the answer to present problems from history," he said, "interpretation is necessarily of our own experience, and we brand these happenings of history as good or bad, according to individual prejudice."

Mrs. H. S. Jacques, president, presided at the meeting, and introduced the speaker, who was thanked by Mrs. Hugh Shoobridge. Prior to Professor Fieldhouse's address, songs, were rendered by the Westmount High School Glee Club, under the direction of Gifford Mitchell, Mus. Bach., Supervisor of Music in Westmount schools.

Circus Play For Children With Monkey Among Stars

Dorothy Davis and Violet Walters, always eager to give Montreal's young people the finest in theatrical fare, are now giving one of the most delightful circus stories ever written its Canadian premiere. Saturday afternoon, March 11th, the curtain will rise on one of the most favorite stories ever written for children, "Toby Tyler," all about a little runaway boy who joins the circus. This book has been adapted for the stage by Claire Tree Major, renowned for her Children's Theatre in New York, and this particular play went on tour throughout the States for several months and was acclaimed by the public and critics as one of the top hits for young people.

You will meet all the delightful circus folk, — the fat lady, the tall man, the funniest clowns you've ever seen, — the midgets, and last, but not least, a real live monkey who is known as Mr. Stubbs, who has been rehearsing with the cast for some considerable time and is showing great aptitude for his big role, in fact, the directors, Dorothy Davis and Violet Walters, are considering putting him on their regular staff.

He becomes the devoted friend of Toby Tyler, which is being played by one of the great favorites of the Children's Theatre, David Luck, who has done such excellent work in the past few years. So attached has David become to Mr. Stubbs, that he has taken him as a boarder at his residence, in order that he may be able to rehearse with him daily.

The rest of the cast is comprised of many well-known players in the Children's Theatre, as well as many newcomers, and includes: Walter Wakefield, Barbara Hamill, Sally Rayner, Corinne Copnick, Gloria Wolfe, Jack Ainsworth, Jessica Gelber, Diana Johnson, David Berlin, Myrna

Rapoport, Sam Mroz, Florence Stull and Bill Rice, to say nothing of the host of midgets who entertain with their medley of songs, and the many clowns whose dances and antics will delight the young people.

Toby Tyler makes many friends in the circus, but there are also a couple of scoundrels who plot against Toby, but you must join the theatre-goers on March 11th, to Victoria Hall, to follow all the interesting escapades.

With over 50 in the cast, singing, dancing and a story which will delight you, a wonderful entertainment for Saturday afternoon is in store for you, with the added attraction between acts of "The Singing Lady."

Famed Horses On Display Near Ville St. Laurent

FAMOUS DESCENDANTS of horses ridden by the knights of old are on display daily in the new Black Horse stables on Cote de Liesse Road, just a few minutes' drive from the heart of Ville St. Laurent.

Percherons such as these first come to prominence during the Middle Ages when only a horse of heroic proportions could bear the weight of an armored knight. Later, the breed was set to more menial tasks, pulling the peasant's plough, the stagecoach and the army supply-wagon. During past years, however, the high position of some of these horses has been restored by the owners of the Black Horses who display them at fairs in United States and Canada.

Government-regulated breeding of Percherons began in France more than a century ago. Every member of the breed has a bloodline traceable to a single stallion, Jean de Blanc, foaled about 1823. While early French pioneers undoubtedly brought some Percherons with them, registered horses of the breed were not imported into Canada until the last century.

Since 1931, the 16 horses on display have sired over 19,000 foals of superiority quality for farmers, rapidly improving the standard of draft horses raised in this province. They have also created a greater market for

Quebec Liberals Meet May 19-20

George C. Marler, acting Liberal leader at Quebec, and member for Westmount-St. George, has announced that the Provincial Liberal Convention will be held in Quebec City on May 19-20.

The convention, at which a new party leader will be named, was made necessary by the resignation of Hon. Adelard Godbout, who was appointed to the Senate last year.

Mr. Marler has been acting party leader since Mr. Godbout's resignation, and now is leading his party delegation in the current Legislative Assembly.

According to a party press release, more than 1,000 delegates are expected to attend the convention.

"The notice of the convention" the press release said "underscores the fact that delegates to the convention must be chosen along democratic principles" which means that those receiving a majority vote in their district will be eligible to attend in an official capacity.

Selection of the candidates must be made not later than April 23rd.

Urban constituencies must select five official delegates with five alternates, while rural municipalities will be entitled to seven delegates with three alternates.

Double Thrill at Monkland Theatre Starring Bogart - Bergman - Cagney

"Casablanca," the great Humphrey Bogart-Ingrid Bergman starrer which won the Academy Award in 1943 both for "best picture of the year" and for "best direction" (Michael Curtiz), is coming back to the Monkland Theatre Saturday until Tuesday.

This prize-winning romantic drama tells the story of wartime intrigue in the colorful North African seaport. Bogart is the owner of a cafe to which political refugees fleeing Nazi Europe come to await visas before moving on. Ingrid Bergman is one of these and it is Bogart, with whom she was once in love in Paris, who aids her to escape.

It is also in Casablanca that "As Time Goes By," the nostalgic song is revived. The supporting cast is one of the strongest ever assembled including: Paul Henreid, Claude Rains, Sydney Greenstreet and Peter Lorre. This is a Hal B. Wallis Production.

Marriage Counsellor Addresses Married Group

Lyon W. Jacobs, K.C., addressed the Young Married Group of Temple Emmanuel, Westmount, on Sunday evening, on the subject of "Experiences of a Marriage Counsellor."

After Mr. Jacob's address which was very well received by the large attendance present, a Question period followed which showed the great interest the audience has in the subject matter of Mr. Jacobs' address.

Monkland for a special return date. This is one of Jimmy's most exciting roles, replete with all his popular two-fisted action which has made his personality synonymous with dynamite histrionics on the silver screen.

He's out to capture Public Enemy No. 1, and Jimmy turns the trick with the aid of gunfire, slug-fests and some romance on the side with Margaret Lindsay.

Trinity Players Festival Entry

Three well-known figures in the Montreal dramatic scene are associated in the play being entered by the Trinity Players in the Western Quebec Regional Drama Festival. Janet McPhee and Herbert Whittaker (now of the Toronto Globe and Mail) are the co-authors, and Charles Rittenhouse is the director of this Laurentian Mountain drama "Jupiter in Retreat".

This was recently produced by Trinity as the third of their four seasonal presentations and was so well received that it was decided to enter it in the Festival.

"Jupiter in Retreat" has been played several times on local stages but it is safe to say that a very large number of people interested in the Montreal theatre have not seen it, and are even unaware that so well constructed and vigorous a play of local origin is available at Trinity Memorial Hall on March 9th.

BERGMAN "BLUES"

HOLLYWOOD, Feb. 23 — Ingrid Bergman's new movie, "Stromboli", is currently on display in some 400 theaters across the United States. It opened "day and date", which means saturation booking in an effort by RKO to get its financial investment back fast before word gets around that the film is a stinker.

And a stinker it is, dull, deary, unexciting. Miss Bergman proves herself a skilled actress, which is news to nobody, but others in the cast are amateurs and act like it.

Rossellini's direction may have drawn more from Ingrid than any other director could, but he failed to produce worthwhile performances from the rest of the players. All in all, "Stromboli" isn't worth your money at the box office.

On these grounds — the assumption you'd be bored by the film — you have a perfect right to boycott it. But self-righteous snobs who ban it in their cities are off on the wrong track. They admit "Stromboli" is not an immoral picture in any way, but their censorship rests on the reputation of its star. Because Ingrid Bergman has had a child out of wedlock, because she has challenged convention and been found wanting, her films may not be seen by many adult but — paying citizens.

Not only is "Stromboli" being banned in many towns, but previous Bergman films may not be revived in some of these localities.

This tack is asinine as to be almost unworthy of report, but I hate to see it go unreported. It represents a dangerous breach of freedom, as well as typifying the stupidity of minor bureaucrats.

To ban "Stromboli" because its star flaunted convention is akin to banning all music by Wagner or Chopin because they played around. It is as silly as banning from public view all paintings by Van Gogh because the painter's personal habits were not up to Legion of Decency standards. If works of art and literature were accorded the same illogical censorship as the film, the public would

be bereft of a majority of its great masterworks. We can apply the same yardstick to science, architecture, business. If similar censorship were directed at commerce, nobody would trade at the New York Stock Exchange because its erstwhile chieftain got himself into the housewife for thieving his investors. Theft is no less a breach of the moral code than adultery.

Far be it from me to excuse Miss Bergman's conduct, though I do feel it is her own affair and she is paying dearly for it. But the basic tenets of all religion are mercy and understanding and forgiveness.

"Let him who is without sin cast the first stone." It might benefit the stupid censorship authorities, as well as the gossip-happy public, to remember that advice.

TICKET TAPE . . . All this talk about depression in Hollywood is rather strange, considering local Cadillac dealers have the longest waiting lists in history. . . . Canada's Dorothy Patrick, ex-wife of hockey star Lynn Patrick, gets the lead in "Dark Violence" at Republic. . . . Bing Crosby is wanted in Japan on a singing jaunt to combat the growing tide of Communism, but the Groaner tells me he can't make the trip. Instead, he heads for Europe soon with a possible stop-over in Montreal in July. . . . Last year Bobo Sears, from a poor family, married into the jillionaire Rockefeller clan. Now she's divorcing husband Winthrop and getting alimony of \$70,000 a year tax free, and a \$1,000,000 trust fund for her baby son.

Excellent Twin Bill At Westmount Theatre Starting on Saturday

Paul Douglas sings, Linda Darnell hits operatic high notes and, believe it or not, Celeste Holm warbles off key. They all do it in "Everybody Does It" and the audience shrieked at this explosively funny picture at the Westmount.

It was inevitable that Linda and Paul should be teamed again after their success in "A Letter To Three Wives" and Twentieth Century-Fox found the right vehicle for them in this James M. Cain story about a frustrated soprano and a house-wrecking husband who turns into a smashing baritone.

The picture is brightly performed under the direction of Edmund Goulding and Producer Nunnally Johnson's script provides glib dialogue and humorous situations for the actors, who seem to have just

as much fun as the audience.

Second Feature

Adventure on a rugged and suspenseful scale is promised fans with the presentation of "Rope of Sand", Hal Wallis' newest production, which is the added attraction at the Westmount Theatre. The film co-stars Burt Lancaster, Paul Henreid; Claude Rains and Peter Lorre and introduces to American audiences the luscious Parisienne, Corinne Calvet. The distinguished character actor, Sam Jaffe, has the top featured role.

"Rope of Sand" is set in the fascinatingly interesting diamond country of South Africa. The story concerns the determined efforts of Lancaster, former hunting guide, to recover a cache of stolen diamonds, hidden in the forbidden area of the diamond city.

WHS Cagers Meet WHHS Today

Hockey Winners Declared Intermediates Play-Off.

The Flyers, showing a great deal of power, defeated the Alouettes 6-2 to move into the finals of the Westmount Municipal Intermediate Hockey League.

Pat Palmer and Jack Connolly were the big guns for the Flyers with a brace of markers each. Jim McCarthy and Don McDonald were the other Flyers' goal-getters with a single each. Bob Grant and Roy Hellyer scored for the Alouettes.

The Avenue Stars advanced to the finals when they defeated Frosst 11-3 in a two-game total-goal series. The first game of the series was a very close contest with the Stars downing Frosst 4-3.

Jack McKissock was too much of a hockey player for Frosst as he banged in all four of the Stars' markers. Andy Desjardins, Steve Simmons and Bob Provost were the Frosst, marksmen with a goal each.

The second game of the series saw the fast-shooting Stars overpower Frosst 7-0. The goals were well divided with Earle MacDonald, Jack McKissock, Pat Lomasney, Guy Bonnier, Alan Turner, Tony Kay and Bud Selby each scoring a goal.

The Flyers and Avenue Stars now meet in a two-out-of-three series for the city championship.

Juvenile

The Avenue Stars juvenile hockey team won the John Hill Memorial Trophy, emblematic of the championship of the Westmount Juvenile Hockey League, this week.

The Stars defeated the Panthers, two games to one, to win the championship.

were credited with an assist each. Doug Kerr was the Stars' goaler and credited with a shut-out.

The second game of the series was a hard-fought contest with the Panthers eking out a 2-1 win. Car Burton took Dave Barnard's pass and slapped the rubber past Doug Kerr to put the Panthers in the lead. Harry Wolfe, on a beautiful solo rush, beat Charlie Davis in the Panthers' nets to tie up the contest. In the third period, Jim Lough received a pass from Burton and scored what proved to be the winning goal.

Both teams put everything into the third and deciding game of the series. Carl Burton scored first for the Panthers, only to have Phil Martin tie up the game. In the second frame, Phil Martin scored his second straight goal when he converted Neville Martin's pass into the Panthers' nets. Mike Barnard, on a long screened shot, beat Doug Kerr to tie the game up again. In the third period, Pat Craig, taking Harry Wolfe's pass, beat Charlie Davies for the winning goal.

Westmount Ski Club Plans Ski Tour For This Sunday

Another ski tour is arranged for coming Sunday. The past two tours have been booked to capacity and the wonderful skiing conditions should see a record crowd on the bus.

Competitions

The ski team was well represented in the Taschereau downhill race at Mont Tremblant last week, with the club colours being worn with special effectiveness by Bill Groundwater, who won the Junior Men's Class "C" prize. Bill's amazing run won him a new pair of skis and, in addition, a promotion to Class "B". Congrats Bill Bernard Flanagan flashed down the two mile trail to take fifth place, closely followed by Sandy Edmison. Other members who placed well in this popular race which was entered by about 175 skiers were Beverly and Susan Christmas, Glory O'Neill, Daphne Pinkey, June Evelyn, Eliot Frosst, Boyd Cowper, Ted Earl, Ralph Pugh, Malcolm Fraser, Dick Evelyn, David Lanstroth, Graham Watt, Ron Pickering, Pat Slavin, Hugh Allen and Barry Dowling Ian Smith had the tough luck to come acropper of a tree and is now at home with the well-known plaster cast on his leg Get well soon, Ian, because this is going to be a short winter.

Slalom Competition

The club is sponsoring a slalom competition for juniors on Saturday on the new trails on Westmount Mountain. Heading the committee in charge will be Norrey Owens, Thorney Pickering, Frank Reiffenstein and Graham Ross. It is hoped that all young aspiring skiers will take advantage of this opportunity to get in some experience in competition.

Also of interest to juvenile skiers is the announcement that the Chantecler Hotel, Ste. Adele, is holding its Juvenile Ski Meet this year on Saturday, March 11th. This is a very popular competition for the small fry under 13 years of age.

Cleveland Grant Talks On Wild Bird Behavior

Cleveland P. Grant, well known bird photographer, will speak on "Camera Studies of Bird Behaviour" and "Yukon Indian Summer" at Victoria Hall, Westmount, to-night March 3rd.

The meeting which will start at 8.30 p.m. is sponsored by the Province of Quebec Society for the Protection of Birds.

Mr. Grant's address will be illustrated with colour films. For the benefit of school children Mr. Grant will repeat his lecture and showing of films to-morrow morning (Saturday), also in Victoria Hall.

Schools' Ski Meets Set for March 11

Local schools are expected to be well represented when the Greater Montreal Inter-scholastic Athletic Association downhill and cross-country slalom championship meet gets underway at St. Sauveur on Saturday, March 11.

Each school may enter four boys in each of the four classes, the best two boys to count when the time comes to pick the winner.

Hobby Club Organize Mouth Organ Band

The first meeting of the Westmount "Y" Mouth Organ band will take place on Monday afternoon, March 6. Any mouth organ player, whether he be novice or expert is invited to come along and join the club and get in the fun. Bring along your mouth organ, preferably a key of "C."

The Club is sponsoring an invitation giant slalom competition at Mont Gabriel on Saturday, March 11th, and the times recorded by Westmount Ski Club members will be used for purposes of determining winners of the club championships. Clubs which are expected to enter teams are Penguins, Ski Club, Morin Heights Ski Club, Redbirds, Nordik Ski Club, Skigulls and others.

Canadair Aces New Entry To Snowdon League

At an emergency meeting of the Snowdon Fastball League, Tuesday night, a new entry was accepted to replace the defuncted Ascension crew. Canadair Aces will be the new team, it was announced following the meeting. Their application to the league will bring the total number of teams for the 1950 season up to six, and it is expected that a number of Ascension players will line up under the new name.

Vancouver Still After 1954 Empire Games

Which Canadian city will get the 1954 British Empire Games will hang undecided a little longer.

The answer, says Bob Osborne, president of the amateur athletic Union of Canada, will be known May 12.

He said he has received word that a meeting to decide the venue will be held in Montreal on that date at the call of George Machum, Canadian head of the games organization.

"I am pleased that we are to meet in Montreal rather than Toronto," he said. "I think Montrealers would be more inclined to give the games to us."

Pucksters Pull Surprise Tying D'Arcy McGee 4-4

By ALLAN SANDZELIUS

Here's Westmount High's crowded sports schedule for the coming week:

Senior A basketball: Today vs West Hill at home at 4:00; on Tuesday at Strathcona.

Senior A hockey: Today vs West Hill at the Forum at 5:00; on Tuesday vs Montreal West at the Forum at 4:00.

Senior B hockey: Tomorrow morning at 11:00 at the Forum vs Catholic High; next Wednesday at Verdun against L.C.C. at 5:00.

The Inevitable

Again missing the services of Jim Brow, the Senior A Purple and White puck pushers woke up considerably last Friday afternoon as they stopped first place D'Arcy McGee High's double blue sextet to the merry tune of a 4-all stalemate with Johnny "All Star" Ferrabee the guiding light as he figured in all the locals' goals, scoring one in the last second of play and laying them up very neatly for the sharpshooting sticks of Dave McDougall and Eric Smart. With the Westmounters down 4-1 going into the last 15 minutes of play, it was only the final whistle that kept them from really upsetting the Brother Paul squad as they scored two goals 30 seconds apart with Tommy Preville of the McGeeans serving time in the sin bin and Ferrabee diverting MacCoubrey's drive from the blue line in the very last second. This leaves the WHS'ers in a two-way tie for third place in the league standings.

Cagers Edged Out

In a Senior A basketball game played at Catholic High on Tuesday, the score ended up at 48-47 in favour of the Black and White. High scorer for the locals was Hannaford, who tallied 16 points, Andy Coté garnered nine.

Distaff Side

Missing the services of Nancy LeRossignol last week, the girls' Senior A basketball sextet lost a heartbreaker, with the city title at stake, to Verdun High. The eastern champs conquered the locals by the comparatively close score of 20-13. This is the first time in six years that a Westmount Senior A girls' basketball team has not copied the city title. It is hoped that next year will see Westmount girls with the same amount of fighting spirit as this year's squad came up with — plus a little more luck and the championship!

Notes

Congrats to John Laffoley for winning a place for W.H.S. in the high school's skiing championships this week; same to Mike Crombie The date for the Old Boys' hockey game and banquet has now

been set for March 27, the game at the Forum, the meeting at Queen's Hotel Roger Hewson was best for Westmount in the second annual ski meet with our U. S. neighbours of Andover, New Hampshire. Westmount placed second in a three-way competition with Proctor Academy and New Hampton School. The Westmount team consisted of Keith Ham (captain), Roger Hewson, Fraser Lindsay, Graham Ross, Jim Quarles Morgan Earle The Westmounters really appreciated the generous hospitality extended to them and hope to reciprocate in full measure if and when Proctor visits here for an international football game in the fall of this year.

Putters Club Very Active

With a good turnout of members last Monday evening, the City of Westmount Putter's Social Club played mixed games of cards. Mrs. M. Soden took home the bacon for the women and Mr. Harry Smith won for the men.

Next Monday night the monthly evening of movies and refreshments takes place in the Oak Room of Victoria Hall. Members are allowed to bring along a friend.

Sadie Hawkins Dance Planned by Girls Hi-Y

Members of the Westmount Girls' Hi-Y Club are sponsoring a Sadie Hawkins dance, Saturday, March 11th, from 8:30 to 12 midnight.

Refreshments and prizes will highlight the occasion which will also feature a well-known orchestra to supply the music.

Spring Program of So-Ed Club Outlined at Local 'Y'

"So this is Canada" will be the opening lecture-discussion of the Spring Edition of the So-Ed Program at the Westmount Y.M.C.A., on March 9. R. H. Griffiths of the C.P.R. will illustrate his address with the finest selection of kodachrome slides of Canada. Serving as an introduction to our country, the lecture will also bring closer together the members of the So-Ed who come from all provinces. One of the main features of this social-educational program is the opportunity which is afforded to young men and women to make new friends in new surroundings.

"So this is Canada" is the first in a series of lectures which will cover the major issues which face young people today. Other titles in the series are "Home Management", "Understanding Your Capabilities", the film "Over-dependence", "Canada's Place in the United Nations", and "Before You Marry". These lectures take the second period in the three-period program.

The first period will be based on the need of skill training. Short six-week courses are being offered in golf, tennis, water safety, photography, dancing and small-crafts. The instructors are all capable people in their fields. These courses are limited in the number to be enrolled, so it is advisable to sign up at the earliest possible time. The small-crafts course will give new ideas and wrinkles in making things at home for the home. A new project each night is the aim of the instructresses. Golf will be taken by Robert Wilkinson of the McGill Physical Education Department; tennis will be instructed by Robert Moffat the Physical Director of the Westmount Y.M.C.A.; water safety will be conducted by the Canadian Red Cross and students will be able to qualify for the water safety leader's badge; photography will be under the direction of Robert Bishop; Joan Stirling of Ruth Sorel's Ballet, will instruct the ballroom dancing classes; and the small-crafts will be under the capable guidance of Gina Peirson and Peggy Rowley who have had broad experience in this field.

The third evening will be a social get-together when members will have opportunity for an hour of fun and relaxation around the refreshments table and the record player. Party games, square and social dancing will be the main forms of entertainment. If the pattern follows the fall So-Ed program, this will also be a period of individual discussions concerning the speaker's address.

So-Ed offers the young man and woman, who is new to the city, and

those who have been here a long time and are anxious to make new friends, an opportunity to do the things they want and meet the people they wish. Get your information folder now at the Y desk. Make your enquiries at the program office.
