Advantages of this Institution:**HALF-CREDIT RATES OF PREMIUM.**

Persons assured according to these rates are allowed credit for half the amount of the *first seven annual premiums*, paying interest thereon, at the rate of five per cent. per annum, with the option of paying off the arrears of Premiums, at any time, or having the amount deducted from the sum assured when the Policy becomes a claim.

FOR SECURING LOANS AND DEBTS.

A Table adapted especially for the securing of Loans and Debts by which the fullest security is obtained on very low, but gradually increasing, terms.

Tables 4 and 11, are recommended to the attention of the public. No. 4 is a table of decreasing rates of Premium, on a novel and remarkable plan; the policy holder having the option of discounting the payment of all further premiums after twenty, fifteen, ten and even five years; and the policy still remain.

ing in force,—in the 1st case, for the full amount originally assured, and in either of the three other cases, for a portion of the same according to a fixed and equitable scale endorsed upon the policy.

No. 11. Circumstances will frequently arise whereby a person having assured his own life for the benefit of a surviving family, or the protection of a creditor, may attain his object by other means, and consequently be desirous of securing for himself the benefit of the assurance. To meet such cases this table has been computed, shewing the rates required to secure a sum payable at the death of the assured, if he die before attaining 60 years of age, *but also payable to the assured himself if he survives that age*; by this means a provision for old age is combined with an assurance upon life.

Policies revived, without the exaction of a fine, at any time within twelve months, if health remains unimpaired.

Age of the Assured in every case admitted in the policy.

Medical Attendants remunerated in all cases for their Reports.

General Agent for Montreal and Canada.

BRITANNIA MUTUAL LIFE ASSOCIATION,

No. 1 Prince's Street, Bank, London.

Empowered by Her Majesty's Royal Letters Patent.

DIRECTOR :

(Same as the Britannia Proprietary Branch.)

This institution was originally established under a different title in the year 1839, on the plan of admitting the Assured to participate in four-fifths only of the profits; but the Society has since been remodeled so as to become a strictly "Mutual Association."

The whole of the funds and property belong to, and are accumulated for the exclusive benefit of the Assured.

The profits are divided annually among the policy-holders, and applied in reduction of the current year's premium; thus constituting, in effect, an immediate payment to the Assured.

Half-Credit Policies are granted on terms unusually favorable to the holders,—the amount for which credit is given, being gradually liquidated out of the profits.

Two Tables of Rates have been computed; one entitling the Assured to participate in the profits after payment of five annual premiums; the other considerably lower, in which the period of participation is deferred two years longer; the premium ultimately paid by the assured is, however, precisely the same, whichever Table of Rates may in the first instance be selected.

General Meetings of the Members are held annually; to whom full and complete statements of the affairs and funds of the Society are submitted, and by whom the divisions of the profits are declared.

At the Annual General Meeting held on the 24th April last, a dividend of 30 per cent, upon the current year's premium was awarded to all Members who had made the requisite number of payments on their respective policies.

By order of the board of Directors,

E. R. FOSTER, Resident Director.

ANDREW FRANCIS, Secretary.

[Local Agents in Canada, same as Proprietary Branch.]

The "Britannia Mutual Life Association" is altogether distinct from, and independent of, the proprietary office transacting business under the name of the "Britannia Life Assurance Company." The only connection between the two establishments is, that their affairs are conducted on the same premises, and by the same officers, by which means the entire disbursements of the Mutual Association are reduced to a small per centage on the receipts.

This Office insures against Loss or Damage by Fire all description of Buildings, including Mills and Manufactories, and the Goods, Wares and Merchandise in the same; Ships in Harbor or in Dock; Craft on Navigable rivers and canals, and the Goods laden in the same; and Farming Stock of all Descriptions.

The "Equitable" Fire Office will, by a constant analysis of our own experience from time to time, adopt such rates of premiums as the nature of the risk may justify.

With this view an annual investigation will be made into each class of risk; and a return of one moiety—or fifty per cent—of the nett excess will be made to all classes of insurers, whose policies have been in force for three years.

The engagements of the "Equitable," are guaranteed by a responsible proprietary, and an ample subscribed Capital. The insured are free from the liabilities of a *Mutual Insurance Society*, and entitled, according to the plan of the Company, to a return of half the profits.

Losses are made good without deduction or discount, and are adjusted and paid in Montreal, without reference to London.

By a Resolution of the Court in London, the Premiums are Retained in Montreal to pay Losses, and accumulate a fund of £10,000.
