THE FAIR IS OVER.

Some of the Awards.

The 19th annual fair of the Eastern Townships Agricultural Association closed on Friday evening. It was the banner fair since the inception of the Association. The weather has a good deal to do with the success of the fair so far as the attendance is concerned, and this year the best of weather prevailed throughout the week, but there are other features which have to be considered in connection with the running of a fair of the magnitude of Canada's Great Eastern Exhibition. The Association, by dealing honestly with the public and carrying out all what it advertises, and very often a little more, has secured for itself the confidence of exhibitor and visitor alike. To have brought it to this high standard of perfection has meant a great deal of hard work and business time spent on the part of the business men who are on the directorate, and who sacrifice not only the week during the busiest season of the year at the fair grounds, but who also put in a lot of time throughout the year completing arrangements. These men deserve the hearty thanks of the citizens for their labors for it is a well-known fact that the fair is of great benefit to the city.

The directors put in a busy week, and each one has his allotted department to look after, and so thoroughly is the system that everything runs with an evenness that is surprising. While it would be invidious to single out any one, it will be allowed that two or three of the older directors have a large share of the work to be done. The president, Mr. N. T. Dussault, makes it a point to be on the grounds throughout the fair, and lends his long knowledge of the affairs of the association in giving out his decision on any matter that may come up. In the vice-president, Mr. Alex. Ames, the association has a director whose whole heart is in his work. One has only to be around the entrance to the grand stand on the big days to realize the work Mr. Ames does in getting the thousands through the turnstiles and seated. In addition to being chairman of the Grand Stand Committee, he also looks after the cattle exhibits, and handles the parade of cattle in such a manner as to evoke much favorable comment.

Mr. S. L. Clough, who is well-known as a judge and owner of good horses has charge of the horse parade, and directs in such a manner as to give the spectators an opportunity of witnessing the horses to the best advantage. The Chairman of the Attraction Committee, Mr. E. W. Farwell, has his work so arranged that the long list of artists put on their work without hitch or delay. This year Mr. J. A. Wiggett, who has charge of the Main Building, had more work than usual this year in locating space for the exhibitors owing to there being such a demand for room in this building. In Mr. C. A. French, Chairman of the Executive Committee, the Association has a gentleman that it would be hard to replace and his advice is always acted upon with confidence.

Mr. W. M. Tomlinson, the manager of the Association, is the right man in the right place. It is to him that a great deal of the credit is due for the way in which things run so smoothly. His plans are laid early, in fact, as soon as one fair is finished he starts in to lay his plans for the next one, and in this way has matters so arranged that during fair time there is no rush and no confusion. He is fortunate in having an able assistant in the person of Mr. J. T. Enright, and a good office staff. The thanks of the press are due to the office staff for the assistance in compiling the long prize list. The attendance this year has already been stated, is in advance of any previous year. While the official figures have not yet been given out, it is safe to say that the increase will be several thousand over last year.

CARS CRASHED TOGETHER

Number of People Killed In Trolley Car Collision.

ACCIDENT HAPPENED BETWEEN LOWELL AND NASHUA.

Pelham, N.H., September 6.—Through a head-on collision today between two electric cars, each running it is said, at a rate of more than 25 miles an hour, four persons were killed and nineteen so seriously injured that they are under physician's care, and several of these are expected to die. There were seventy passengers on the two cars, and many others received cuts and minor wounds. The accident occurred just before noon on the line which runs through this town between Lowell and Nashua. The collision was due, according to the officials of the road, to a misunderstanding of the starter's orders by the motorman of the car bound for Nashua. The car starter endeavored to rectify this mistake by sending a man to shut off the power, and trying to recall the Nashua bound car, but failed. The accident occurred on a curve.

The accident occurred on the Hudson, Pelham and Salem division of the New Hampshire Traction Company. The car from Nashua carrying 51 passengers for Cannon Lake, a summer resort, approached the curve a quarter of a mile west of Pelham Centre at terrific speed, accentuating a down grade.

SMASHED TOGETHER. The cars met on the curve, neither motorman seeing the approaching car until too late to avoid a collision. Neither was there time for the passengers to escape by jumping, when the cars came together with a force that threw the west bound car directly on the forward part of the other, crushing the top of the car down upon the passengers and pinning those occupying the first three seats in the wreckage.

It seemed some minutes before the passengers realized what had happened. All were silent, apparently completely dazed by the shock. Near the accident was a number of campers who rushed to the scene. The wrecked roofs of the cars were piled up, and the imprisoned passengers released. As the work of rescue proceeded the passengers gave way under the strain and both men and women became hysterical. Not one of the passengers in the two cars escaped injury of some character.

Perfectly harmless and yet effectual Painkiller may be administered by inexperienced persons without fear of accident. For all bowel complaints it is a sure specific. Avoid substitutes. There is but one Painkiller, Perry Davis'.

WAY'S MILLS

A very pretty wedding took place in the church of the Epiphany at Way's Mills on the evening of September 1st, 1903, at 6 o'clock when the Rev. Mr. Watson, Episcopal clergyman of this place, was united in marriage to Miss Grace Paul, daughter of Dwight Paul, of Libbytown, in Barnston. The church was well filled and beautifully decorated with flowers, which showed the esteem in which the young people were held.

Mr. Fred C. Humphrey, of this place, left here on the 31st of August to fill the position of principal of Clarencville Model school. We wish him success.

Mr. S. W. Shorey, of Boston, who has been spending a few days visiting his sister, Mrs. C. Humphrey and family, returned to his home on September 1st. Mr. William Hurd and wife, of Boston, who are the guests of his brother, J. S. Hurd and his sister, Mrs. Albert Chadsea, were calling on friends here and at South Barnston on Wednesday, the 2nd.

Bulgaria Opposed to War. Will Maintain Attitude of Strictest Neutrality.

Sofia, Bulgaria, September 6.—According to reliable reports from Varna at the recent council of ministers presided over by Prince Ferdinand, it was resolved that Bulgaria should continue to maintain an attitude of the strictest neutrality in the Macedonian question, and further that the most stringent measures should be adopted to prevent anything likely to cause a disturbance in Bulgaria's relations with Turkey. The War Minister is reported to have spoken strongly in council against any thought of Bulgaria declaring war on Turkey, because the great powers would never permit Bulgaria to reap the advantage if she were victorious. Should Turkey attack Bulgaria, declared the minister, the present army could hold the Turks in check for the first few days while the entire Bulgarian army could be mobilized within three to twelve days. Bulgaria would never declare war, he added, but if war was declared against her she would accept the challenge fearlessly.

As an evidence of Bulgaria's peaceful intentions the council decided that upon the first symptoms of disorder on the frontier martial law would be proclaimed at Burgas, Kostendil, Philippopolis and Sofia.

Methodist Church. Quebec District Meeting

The financial district meeting of the Methodist church, was held on Wednesday last in the handsome little church at Bishop's Crossing, one of the appointments of the Marbleton circuit. The recently inducted pastor Rev. G. A. McIntosh, B.D., had made every arrangement for the comfort and convenience of the delegates, and a very interesting time was spent. Rev. W. H. Sparling, B.A., of Quebec, chairman of the District, presided, Rev. A. A. Radley, of Danville, being the secretary. Thirteen ministers and five laymen were present, representing most of the fields on the district.

Arrangements were made for the holding of the annual missionary meetings on the district, and the financial condition of every mission on the District was carefully enquired into. A special resolution in regard to the Wesley Bicentenary Celebration was cordially and unanimously passed as follows: "That we, in District Meeting assembled, cordially endorse the Wesley Bicentenary proposal, and specially commend to the people throughout this district the fullest co-operation with their pastors in the holding of evangelistic services this coming season on all our circuits with a view to the salvation of the unsaved and the deepening of the spiritual life of our people. And that we recognize the fitness of the opportunity and the privilege of making a missionary thank-offering by special contribution towards the \$250,000 asked in recognition of God's abundant blessing upon our church."

Rev. W. H. Stevens, of Knowlton, was present and brought a cordial invitation from the committee in Montreal having charge of the arrangements for the holding of a convention for the deepening of the spiritual life under the direction of Rev. J. Balcom Shaw, D.D., one of the speakers at the recent Knowlton convention. The invitation is extended to all the ministers of the Methodist church in this Province to attend the convention in October as the guest of the churches in Montreal. A very cordial response was given, and the conversation on the subject elicited the expression of deep sympathy with the object of the convention.

Pale Faced Nervous Women Always Grow Strong and Healthy by Using Ferrozone.

Ferrozone is by long odds the best tonic for pale-faced girls and exhausted women. It forms the right kind of blood and tissue for health by energy and vim, and gives vigor to the system. It replaces tired nerve force and staying power. Miss Dorothy E. Leduc, of Chester, gives the following convincing evidence of Ferrozone's power. "My work compels me to rise early in the morning and work ten hours daily as a saleslady. Last spring I was run down, lost my color and fell off in weight. I seemed to lack ambition and the life was out of me. A friend recommended Ferrozone and I took one tablet after meals with wonderful results. Ferrozone brought back my complexion and has given me new strength and abundance of energy and spirits. I would advise all young ladies to use Ferrozone. Mrs. H. G. Wilder, of Dexter, says: "My daughter was not very well last summer and lost her strength completely when the hot weather came. I gave her Ferrozone and am glad to say it did wonders. After six boxes were used my daughter was strong, and looked the picture of health. I can recommend Ferrozone to all mothers, both for themselves and daughters." Go to your druggist today and get a supply of Ferrozone. Price 50c. per box, or six boxes for \$2.50. By mail from the Ferrozone Company, Kingston, Ont.

ABOUT THE FAIR!

The Big Show, like a warm shower of rain in the gentle spring, brings general benefit to this locality, and its value is inestimable. "Change is the order of time," and this season brought many proofs of this saying. We do not propose here to offer any suggestions as to what changes ought to occur in order to cope with the demands growing greater every year, though we may from time to time express our humble opinion concerning certain popular wants. About next Tuesday we will give our first impressions in this respect, at the same time not forgetting to mention a word or two about Queen Quality Shoes. Mail orders for these lines filled promptly. School shoes are a strong feature in our trade. We seem to have just what parents so earnestly wish. Try if we can suit you.

Townships Notes.

The Magog Print works are closed for two or three weeks for repairs.
During a recent thunderstorm Mr. Nelson Keet, of Iron Hill, had fourteen head of cattle killed by lightning.
This is a year for big potatoes. Mr. R. McLeod dug a fine specimen from his garden this week which only lacked one ounce of weighing two pounds.

A flock of wild geese winged their southern flight over Coaticook the other day and Bro. Shurtlett thinks it is an omen of a warm, open fall.
The Granby Free Masons attended divine service with their brethren at Cowansville last Sunday. They were accompanied by the Granby band.

Dr. L. G. Frodette has resigned as Lieutenant Veterinary Surgeon of Shefford Field Battery, and has left Granby to spend a few months in the North west.
Mr. John Lincoln, C.P.R. ticket agent at Granby, has sold fifty-three tickets to young men, who have gone on the harvesters' excursion to the North-west.

Western papers just to hand inform us that Mr. L. S. Corey, formerly editor of the Granby Mail, but now in the employ of the Musvegee (I.T.) Times, was married recently in Kansas City to Miss Lillian L. Murray, of Princeton. The bride is spoken of as "an exceedingly bright and intelligent young lady."

The anniversary services of the Richmond Methodist church took place on Sunday, September 6th. The eloquent preacher on this important occasion, at both morning and evening services was Rev. Chas. A. Sykes, B.D., of St. James Methodist church, Montreal. The well known choir of the church rendered special music, and the interior of the church was suitably decorated.

The curator of the estate of Arthur Brothers, of Knowlton, who made a bad failure, is using legal means in an endeavor to discover the great discrepancy between the assets and liabilities of the firm. The latter were \$20,000 and the estate sugared off about \$3,000. As the firm was only in business a short time there is a natural curiosity on the part of the creditors to know what became of the difference. The proceedings are taking place before Judge Lynch.

According to the provision of the game laws, the season opened on September 1st for woodcock, snipe, plover, partridge. Wild duck of any kind cannot be lawfully killed before the 15th of September. Deer, except fawns, may be hunted and killed on the first day of September, but dogs cannot be used except from the 20th of October to the 31st of October.

The Granby enamel works were recently sold by Sheriff Cotton in satisfaction of a judgment. They were bid off by Mr. W. H. Robinson, for the mortgagee, at the nominal sum of \$750. The effort will be made to put the industry on its feet again.

The Granby Leader-Mail is authorized by the statement that Mr. R. B. McComisky, manufacturer of combs in Yarmouth, N.S., will transfer his business to Granby at an early date. No bonus is asked for. The inducement for removing being that the market for their goods is principally Montreal and west. They will employ from forty to fifty hands.

For some time the Ontario government has refused to grant the claim of the Volunteer Veterans of Quebec regiments in the Fenian raids, sent into Ontario to protect their frontier, to equality with their own volunteers in the award of grants of land for their services. The only promise previously made was that the claims made by Quebec volunteers would be considered. It is now stated that Mr. C. E. A. Patterson, who served as a private in a company of the Victoria Rifles at Corn-

wall in 1866, has been notified of the acceptance of his claim. This will, if made a precedent, entitle over one hundred Quebec men to the grant of 160 acres given by Ontario to those who served in the Fenian raids, as quite a large force of Quebec volunteers went into Ontario to cover its eastern frontier.

C nsumption is Infectious

Every precaution should be taken to prevent the spread of the "White plague." Persons coming into contact with consumptives should inhale Catarrhozone several times each day as it is a powerful destroyer of disease germs, and renders them innocuous. Catarrhozone is a most efficient preventive and may be thoroughly relied upon to promote expectoration, soothe the cough and benefit in many ways too numerous to mention. Both from a medical and scientific point of view Catarrhozone is the most valuable addition to the armament against consumption. Its merit cannot be too warmly applauded. Sold at all druggists, two months' treatment, price \$1, small size 25c, or by mail from N. C. Pollson & Co., Kingston, Ont.

Pandora Range.

Broiler or Toasting Door.

A broiler or toasting door, to be of any practical value in a range must be so constructed that the steak or bread can be placed immediately over the live coals—broiling and toasting should be done quickly to be done well.

Broiling door in the Pandora is so constructed that a broiler can be placed almost on the coals if desirable, and the door is large enough to admit any style of broiler—a thick, juicy steak can be broiled to retain all its rich, natural flavor and bread can be toasted with that appetizing brown, so hard to get just right, if done in the ordinary range.

Pandora range is fitted with enameled reservoir, triple triangular grates and steel warming closet, features found on no other range.

Sold by all Enterprising Dealers. Booklet Free.

An Efficient Manager.

The St. John's News in its report of the Sherbrooke Fair pays the following well-deserved compliment to the secretary-treasurer, Mr. W. M. Tomlinson:

Mr. W. M. Tomlinson is Secretary-Treasurer and practically manager of the company. He works up the programme months in advance of the show, and has the details of the Exhibition at his finger ends. During fair week he is almost ubiquitous, but only an expert hypnotist could detain him in one spot for over five minutes, although Mr. Tomlinson never conveys the idea of being in a hurry or the slightest degree agitated. He seems to have naturally taken up the work so well inaugurated by his predecessor Mr. H. R. Fraser and no doubt much of the success of the show is due to his success and foresight. In Mr. F. T. Enright, the assistant-secretary, Mr. Tomlinson is fortunate in having an invaluable co-worker.

ST. ANDREW'S CHURCH.

The Ladies' Aid will meet with Mrs. Macdonald, Prospect street, on Thursday afternoon.

On Thursday evening there will be a joint meeting of the elders and managers—the lecture hall.

The sacrament of the Lord's Supper will be dispensed on the last Sabbath of the month. Next Sabbath evening the sacrament of the Lord's Supper will be observed in the Macdonald school house, Brompton Road, at 7:30 p.m.

Prayer meeting on Wednesday evening as usual.

Next Sabbath forenoon there will be a children's service consisting of responsive readings, hymns, etc. The pastor will give an object lesson, and a special collection will be taken up for the Library Fund.

The Bank of England discount rate was raised from 3 to 4 per cent.

Concert at North Hatley.

The concert given by the well-known violinist Ma'am Harriett Thomas (Mrs. Earnshaw) at North Hatley on Saturday evening was from an artistic standpoint an unqualified success but it is a thousand pities that so accomplished an artist should have been greeted by so meagre an audience. But what the audience lacked in numbers it made up in enthusiasm, indeed, the violinist was several times interrupted by the tumultuous hand clapping, one felt this enthusiasm was more sincere than courteous. The bright particular star of the concert was, of course Madam Thomas, who played several pieces belonging to the romantic school of composition in a manner that left nothing to be desired. Her technique is brilliant and wholly satisfactory and she played the showy and difficult Mazurka of Wieniawski and Hubaby's "Hungarian Dance," with a fire and dance which was in altissimo and in these numbers her shakes, runs, staccati and pizzicati were beyond criticism. Madame Thomas' manipulation is excellent and her intonation is remarkable, sure and clear when in all passages but she does not sacrifice the emotional content of a number to technical display as was evinced by her expressive rendition of the tender Svenson Romance and the slow movement of Mendelssohn's Concerto in E Minor. Throughout the entire program Madam Thomas showed a mastery of her instrument and a fineness of conception which will live long in the memory of those who were fortunate enough to hear the concert. She chose difficult numbers which are generally seen only on the programme of the great virtuosi, Mendelssohn's E Minor Concerto in particular, and she played them superbly, the sweetness of her altissimo notes is entrancing and she obtains from the G string a breath and sonority of tone rarely heard from a lady performer. Her brilliant and artistic playing was indeed a treat. Of the assisting artists Miss Dorothea Gwyn scored the greatest success. Miss Gwyn's mezzo-soprano voice is small and she is obviously immature, but she shows a correct and careful training and was really charming. Her best work was done D'Hardlot's passionate ballad, "The Dawn." The pianist and accompanist of the evening was Miss Theresa Doherty, who displayed considerable technique, and in Raff's "La Filleuse," very pleasing expression. In the C sharp minor "Polonaise" of Chopin, however, she was less satisfactory, for Chopin's peculiar pianistic genius demands greater technique and more emotional expression than might reasonably be expected of a performer of Miss Doherty's apparent youth. She played the piano accompaniments exceedingly well and in a piano duette was ably assisted by her sister, Miss Doherty. Mr. Cecil Bowen sang several songs very acceptably.

The pullman cars upon this train running through to New York.

A Political Rumour.

Mr. Tarte May be Asked to Resign.

The Montreal Herald on Saturday says:

It was rumored about the street today that the electors of St. Francis Division will meet and ask their representative, Mr. Tarte, to resign his seat for that constituency.

As Mr. Tarte was elected as a Liberal and a supporter of Sir Wilfrid Laurier, some of the electors say that his present attitude and speeches do not represent the views of the large majority who elected him.

SCHOOL OF INSTRUCTION.

Will Be Established in Sherbrooke For Officers and Men of Cavalry Regiment.

Col. Worthington With Command 11th Hussars.

A provisional school for the purpose of training officers and non-commissioned officers in the two newly organized cavalry regiments in this district has been granted by the Militia Department. The course is to commence on the 15th September and last for a period of about thirty days. Twenty-three regulars from the Royal Canadian Dragoons, Toronto, and sixteen horses will be present for instructional purposes. The Eastern Townships Agricultural Association have generously placed their grounds and buildings at the disposal of the Militia Department for this purpose.

It is expected that should the necessary permission be granted that one hundred officers and men from the two regiments will attend the training. The two regiments which will furnish the officers and men in connection with the training are the 7th Hussars, Compton County, with headquarters at Bury, and the 11th Hussars, with headquarters at Richmond. The latter regiment will be commanded by Col. E. B. Worthington, who will be transferred from the command of the 8th Infantry Brigade. This regiment will be recruited from the three counties of Drummond, Richmond and Sherbrooke, and will consist of five squadrons of eighty men each, and thirty-seven officers, with local headquarters at Danville, Richmond, Melbourne, Ulverton, and Sherbrooke. The officers in this vicinity will comprise Dr. Thomas, Lennoxville, adjutant, Mr. J. R. Smith, M.L.A., major of the Sherbrooke Squadron, and Dr. E. J. Williams, captain.
