Refuses to Accept Medical Aid.

THE DEATH OF THE EMPEROR WOULD CAUSE SERIOUS COMPLICATIONS.

Peking, Nov. 10.—(Special)—The Emperor of China, who has been suffering for nearly two weeks from an intestinal disorder, was worse to-day. He refused to accept medical aid. His Majesty refuses foreign medical aid or to take foreign medicines. Public business has been suspended on account of the indisposition of the Emperor.

The death of the Emperor would bring into existence a situation in China both serious and complicated.

NEW YORK POSTMASTER.

Erick McKay Committed Suicide.

CRAY MAN DANGEROUSLY WOUNDED MR. E. M. MORGAN, WHO WAS WALKING WITH HIS LITTLE DAUGHTER.

New York, Nov. 10.—Postmaster E. Morgan, of this city, was shot in the street as he was leaving his home in West 146th street for the office yesterday morning by Eric McKay, a stenographer employed by a down town law firm, who shot and killed himself. The single bullet which struck Mr. Morgan entered the right side of the abdomen, penetrating the walls. There was an internal bleeding and there is every likelihood that the wounded man will recover in a short time.

The only excuse known for the shooting was that Mackey had complained to the authorities at the post office in Washington that his mail had been tampered with, and that someone turned out an electric light when he was making it in the corridor of the post office. Mackey had received a warning that there was no evidence of tampering with his mail and that the incident of the electric light was an accident. Mackey's employers, the firm of Hill & Betts, declared they would account for the tragedy only if the theory that Mackey was insane. A revolver was found that Mackey carried a dagger and a slingshot.

Mackey was 31 years old and was formerly employed in Boston. The shooting took place in the presence of Miss Dorothy Morgan, the 14-year-old daughter of the postmaster, who was accompanying him.

IT IS THOUGHT MORGAN WILL RECOVER.

MORSE'S MILLIONS GONE

SWears that he hasn't enough money to pay his debts.

New York, November 10.—Chas. W. Morse, who two years ago was rated as being worth upwards of \$20,000,000, yesterday swore under oath that he had not enough money or securities to pay his debts. This revelation made Morse's attorney appear in the United States Circuit Court of Appeal to argue for the admission of Morse to bail.

Morse, who has been sentenced to three years imprisonment at hard labor in the federal prison at Atlanta, Ga., was not permitted to leave the prison yesterday when the motion to show cause why he should not be admitted to bail was argued, but an affidavit made by him was read.

The motion was argued before Judges W. H. Taft and Cox, and decision was deferred.

Judge W. H. Taft, in refusing to grant an application for bail, after he had examined Morse, said that one reason for refusing bail was that the prisoner was worth \$20,000,000, and that it would not be inconceivable for him to furnish bail.

McFarland appeared in court yesterday in behalf of Morse. The lawyer argued from the opinion of Judge Taft, in which he refused to grant bail, in which Judge Taft said that the amount of bail would be sufficient to ensure the appearance in court of Morse, a wealthy man as Morse, when he was wanted. Mr. McFarland contended that he had an affidavit here from Mr. Morse himself, in which he swears that he is not a rich man. Mr. Morse says that he is, in a sense impoverished, and that his assets would not pay his debts, and that it is doubtful if they would. If Mr. Morse is allowed to go on bail, his old friends would have to be notified.

The statement that a millionaire is false, and further information will be given to the District Attorney if he desires it.

MONDAY THANKSGIVING A GREAT SUCCESS.

Will Undoubtedly Become a Permanent Custom.

WAS, ALSO, KING'S BIRTHDAY — HONORS FOR CANADIANS.

Monday, Thanksgiving, has proven a great success, and it is safe to say that what was yesterday an innovation and an experiment, will become in the future a permanent custom and an established fact.

For some years past there has been more or less agitation for a change in the day for Thanksgiving from Thursday to Monday. It was hard to break away from the old day for Thanksgiving which had prevailed since the custom was first established.

The change of the day to Monday, however, offers the great attraction of the holiday being together.

Trains Saturday were crowded, indeed overcrowded, with people going to spend the holidays with friends. Yesterday's trains were quite as crowded with the returning excursionists. Monday Thanksgiving, it is safe to say, has proven a most popular innovation.

QUIET DAY AT SHERBROOKE.

Thanksgiving Day was quietly celebrated in Sherbrooke and vicinity. It is essentially a home day, a day when as many as possible of the scattered members of the family return to the parental roof, and give thanks in a multitude of ways for the good things that have come to them during the year. As the weather was uncommonly mild for the season, there was much driving and motoring, the roads being in as good condition as at any time during the summer. The football match at Lennoxville, and the basketball game at the Y.M.C.A. attracted the athletic portion of the community, and the St. Francis Golf Links was by no means deserted, a number of enthusiasts spending the entire day in the favorite game, and lunching at the Club House.

Flags were flying from the public buildings, and many private dwellings, for it was the 67th birthday of our Gracious King, Edward the Seventh, whom his Canadian subjects delight to honor.

ORIGIN OF THANKSGIVING.

The Civil Thanksgiving Day was originally an American festival, and has been observed in the United States for two hundred and eighty-seven years, being first instituted in 1621, the year after the landing of the Mayflower. Canada has also the Harvest Home Festival, which has come to her from the Mother Country, and is celebrated at different periods during the autumn by each church and congregation, in its own way. It is therefore, quite distinct from the Civil Thanksgiving Day, which is a national holiday. We in Canada, have much cause to be grateful to the Giver of All Good for numberless blessings, so with thankfulness for the past and hope for the future we pray "that peace and happiness, truth and justice, religion and piety, may flourish amongst us to all generations."

KING'S BIRTHDAY HONORS.

London, November 10.—The King's Birthday honors announced Saturday evening include the following Canadians:

Maj.-Gen. P. H. N. Lake, Ottawa, knight commander of the Order of St. Michael and St. George.

Brigadier-General D. A. Macdonald, Ottawa, a companion of the Order of St. Michael and St. George.

Hugh Graham, Montreal, knight bachelor.

PAPER MAKERS' STRIKE OFFICIALLY DECLARED OFF BY THE UNION.

Watertown, N.Y., November 10.—The paper makers' strike against the International Paper Company, which has been on since August 1, has been officially declared off by the union, under the same conditions as provided for in the agreement of September 24 between President Carey of the union and international, which was not ratified by the locals. The international will take the men back as fast as needed, but they must apply as individuals, and the mills will be run as "open."

The conference was held at Albany between President Carey, Secretary of the union, and representatives of the local unions, and it was decided to call the strike off with the agreement of September 24 as the basis.

The men struck against a reduction of 10 per cent. The September agreement is a compromise calling for a reduction of 5 per cent.

HON. MR. AGNEW DEAD.

TREASURER OF MANITOBA SUC-CUMBS TO APPENDICITIS.

Winnipeg, Nov. 10.—Hon. J. H. Agnew, Provincial Treasurer of Manitoba, died at four o'clock, yesterday morning, of heart failure.

The primary cause of his death was appendicitis. He was performing his duties on Oct. 31st, when he was taken ill and Doctors Blanchard and Devine were called in and pronounced his attack as appendicitis. Monday last the surgeons removed the abscess, which had burst, and since the operation doubt had been entertained as to his recovery. Monday and Tuesday he was on the brink of death, but he greatly improved towards the end of the week. On Saturday he had a relapse and grew steadily worse and died Monday morning. Those present at the moment of his demise were his wife and Dr. Jasper Halpeny.

THE LENNOXVILLE MUSICAL CLUB.

First Concert of the Season Held Last Night.

OUTLOOK FOR THE YEAR IS EXCEEDINGLY BRIGHT — CONCERTS WILL BE HELD MONTHLY.

The opening concert of this successful club, now entering on its eighth season, was a pronounced success, and in spite of its being Thanksgiving day, there were few empty chairs. The special attraction was the Hubbard-Dudley Orchestra, Messrs. LeBaron, Stone, Parker, Bartlett and Frank Dudley, leader and solo violinist. The numbers given by this strong combination were exceptionally well rendered, particularly the selection from "Martha," Lohengrin, while special mention should be made of the artistic phrasing of Rubinstein's Melody in F. The vocalist on this occasion was Miss Hubbard, who is alike well known in Lennoxville and Sherbrooke, her melo-

low soprano being heard to great advantage in "Florence," "Alyward's" popular song, "Beloved, it is Morn''," and later in the programme she contributed two songs, "Without Thee" and "Dream in the Twilight," both of which were rendered in a most artistic manner. Miss Hubbard's appearance at these concerts will be looked forward to with great pleasure. Mr. Frank Dudley's violin playing was sustained the reputation he has so quickly earned for himself in Sherbrooke. His choice of solos fell upon "Adagio Religioso" by J. Henri, and a Mazurka by Wieniawski, the first number being played with great breadth of tone and artistic inspiration, whilst the latter was dashed off with great verve and abandon. In response to a demand for more Mr. Dudley gave the increasingly popular "Humoreske" by Dvorak, with great taste. Mr. Dudley gave himself a difficult task in the dramatic recitation, "The Story of the Faithful Soul," but he did the greatest possible to the beautiful poem, assistance being lent at the piano by Prof. Stone, who ably acted as accompanist during the evening.

The seventh season of the Lennoxville Musical Club was one of the most prosperous in its history. There was a large increase in the number of members, the membership list now being two hundred and fifty names, almost seventy more than last year. The concerts were always well attended, the hall generally being crowded to the doors. The usual number of concerts, ten during the season, were given, and although we did not have the opportunity of listening to any professionals, the programmes compare favorably with those of former years, in most cases being quite above the average.

As usual we are indebted to the musical people of Sherbrooke and other places for their help, and while it is impossible to thank each one individually, we feel that special mention should be made of Professor Bourgeois, who kindly played for us. One of the aims of the Musical Club and one in which it has perhaps been least successful, has been to encourage young performers, and we would again urge the many young students of music who are members of the club, to take part in the concerts.

It also seems regrettable that where there is so much splendid material for choral work, more should not be done, and we hope that this year more may be done in that direction.

The members of the committee for the past year were: Hon. Mrs. Aylmer, Mrs. Frith, Mrs. Parrott, Mrs. McKinstry, Mrs. McClure, Mrs. Abbott, Mrs. Ward, Mrs. Mitchell, Mrs. Thomas, Miss Gill, Miss Taylor, Miss Demers, Miss Orr, Mrs. Foss. Of these we much regret losing Mrs. Newton Mitchell, who has left Sherbrooke and who has been an interested worker since the club was formed. Great regret is also felt that Mrs. Ward is no longer on the committee. The following ladies have been elected members of the committee: Mrs. Lucke, Mrs. Williams and Mrs. Irvine.

The treasurer reports receipts for last year, \$148.18; expenditure, \$121.18; balance in hand, \$27.

FORDYCE CORNER.

Moving is the order of the day here. Mr. Arthur Collins has rented his farm to Mr. Vaughn, and has moved in with his father, Mr. Azo Collins at East Farnham. We understand that Arthur intends going roadward.

Mr. James Buck has left his farm, and is moving on to Mrs. M. Leggett's farm at Farnham Centre.

Mr. Adelbert Corey has left the Dougal farm and is moving on to his own farm near Freiligsburg. We hear that the Dougal farm has been sold to a man by the name of Hill.

Mr. Paquette has moved off the Nesbitt farm, which has recently been sold to a Mr. Rudnikob, from Montreal, who has taken possession, and is now moving in.

Arrivals are: Mr. E. J. McCulloch and family, of Manchester, N.H., the guests of Mr. and Mrs. H. N. Ellison. Mr. McCulloch, who has been living in Manchester for the past few years, is stopping here for a few days preparatory to moving on to his farm at East Farnham, recently vacated by Mr. Arthur Vaughn.

Miss Annie Doherty, of Dunham, was the guest of Miss Annie Carter over Sunday.

DYNAMITE SHANTY BLEW UP SUNDAY.

ROAR OF EXPLOSION AROUSED CITIZENS IN ALL SECTIONS OF MONTREAL.

Montreal, Nov. 10.—Montreal was startled at 12.45 Sunday afternoon, by an explosion of three hundred pounds of dynamite which shook the lower portion of the city and was heard as far north as Back River.

The dynamite was stored in a small shanty on a mud island near the east end of the harbor breakwater, and the explosion was caused by a small fire which had been lighted to keep the deadly compound at the proper temperature.

Not a man was injured, though the story quickly spread throughout the city and was even sent over the wires that from twenty to thirty people had been killed.

A careful estimate of the damage done places it at between six and seven thousand dollars, nearly all of which is made up in broken window glass and window frames which were torn from their holdings by the fearful concussion. The district most affected in this respect is from McGill street on the west to Jacques Cartier Square and the north side of St. Paul street, though there are a number of windows smashed even above St. Paul.

THE ELECTRIC LIGHT SITUATION.

There has been no material change in the electric light situation in Sherbrooke since Saturday. The programme of lighting only a part of the city will continue.

Sunday evening lights were furnished to the churches.

The water in the mill pond gained two inches Saturday and Sunday, but lost an inch last night.

The department holds out no prospect of improvement until the water supply is increased.

Montreal, Nov. 10.—At the presentation which took place last night to Rev. The latter which Mrs. Robert Meighen received from Lord Mount Stephen was read in part by Mr. Meighen. It was dated 12th October last, and said:

"I do not wish to interfere in any way with what the congregation may wish to do, in regard to a testimonial to Rev. Dr. Barclay, but I would like to do something personally. Will you see Dr. Barclay and if he does not object, use the authority I enclose and transfer to Dr. Barclay securities for \$75,325."

Dr. Kellock spoke for 55 minutes and the proceeds of the evening's meeting, were \$58, just a dollar a minute. Well done, Dr. Kellock! That is a record to be proud of. Come again and welcome.

President Roosevelt will probably laugh in a stage whisper and say: "Why, that ain't nothing, I can get a dollar a word." Possibly, but not for making a missionary speech, and besides the children of this world are wiser than the Children of Light.

HATLEY.

On Sunday the Lord Bishop of Quebec visited St. James' church and baptized three persons and administered the rite of Confirmation to a class of sixteen persons, which the Rector, the Rev. T. G. Devit, had prepared. His Lordship preached an excellent sermon upon the four things which our Saviour arranged to be observed by His Church. After lunch the Rector's Warden, John Ride, drove the Bishop to Milby, for an afternoon service there.

Mr. James H. Carter has erected in St. James' church a handsome tablet in memory of his wife, who died some months ago, and of their young son, who died in infancy.

OPPOSITION IS NOW LEADING.

Has Eighteen Seats to Government's Seventeen.

ST. BORBE IS LIKELY TO GO FOR THE GOVERNMENT AND THEN THERE WILL BE A TIE.

Halifax, N.S., Nov. 10.—Burge and Bay St. George, Newfoundland, yesterday declared for the Opposition, and the parties, as a result of the general elections, now stand eighteen for the Opposition to seventeen for the Government. St. Borbe is yet to be heard from. At the previous general election St. Borbe returned a Government member with a majority of over three hundred. The herring legislation, introduced by Premier Bond and which has been a strong factor in the feeling against the Government in St. George and some other districts of the colony, will not count for so much in St. Borbe, and it may be anticipated that this district, the final one to be heard from, and whose late Government member had a majority of 300, will elect a supporter of Bond. If it does, the elections will have resulted in a tie, 18 to 18. There is a bare possibility that St. Borbe will go Opposition, but students of Newfoundland affairs do not think this likely.

In the case of a tie, which Premier Bond is now depending on St. Borbe to make it, there will be interesting political developments in the colony. The general impression is that in that event the Government will manage to retain power. Their ministers were all elected, and the House need not be convened till next spring. Changes between the election and the meeting of the Legislature have occurred in the past.

TO UNSEAT MEMBERS OF FINANCE COMMITTEE.

Writ Was Issued This Morning.

IT IS CLAIMED THAT MONEY WAS PAID ILLEGALLY.

Montreal, Nov. 10.—(Special)—A temporary writ was issued this morning to unseat the members of the Finance Committee. The "Seven Members" claimed that the committee paid the expenses of the Mayor and Secretary, with insufficient authority, also that the expenses of the daughter of Mayor Payette, and the wife of Secretary Bausset were illegally paid. The committee unless they justify their action, will be unseated.

**COATCOOK RIVER
DOWN TO LOW MARK**

Storage Water at Averill Nearly Exhausted.

HAS SERVED GOOD PURPOSE THIS FALL—OUTLOOK FOR THE WINTER.

Coaticook, Nov. 10.—(Special)—The manufacturers along the Coaticook River, from Dixville to Waterville, are wondering what they would have done during the past summer and especially would do now, were it not for the water that was stored up in the Averill Lakes by the Coaticook River Water Company, and then let down the stream as desired. The natural flow of the Coaticook River for months past would not have been sufficient for manufacturing to any extent to have been carried on. Nearly every manufacturer along the stream would have been obliged to resort to auxiliary power. Even as it is some of them have been obliged to do this. The water in big Averill is likely lower today than it has been for many years and is perhaps as low as the water company has a right to make it.
When this company was organized some years ago it bought the rights from the land owners around the two lakes to raise the water in the same. Dams were put in at the outlets and in this way the water was stored. At the present time the water in the lakes which is available for manufacturers is practically nil and if winter should come upon us at this time the position of those using power would be serious indeed.

Weak Little Boys may become fine strong men. Some of the strong men of to-day were sickly boys years ago. Many of them received Scott's Emulsion at their mother's knee.

It has the same power to-day. Boys and girls who are pale and weak get food and energy out of Scott's Emulsion. It makes children grow.

MAY ABANDON MUNICIPAL OWNERSHIP.

Some in Coaticook Would Sell to Private Company.
THIS MAY BE AN ISSUE IN MUNICIPAL ELECTIONS IN JANUARY.

Coaticook, Nov. 10.—(Special)—It has been suggested that the sale of the electric light plant in Coaticook may be the issue in the election next January. Under the new charter, which was obtained by Coaticook under the Cities and Towns Act, all the aldermen go out of office at the end of this year and general elections will be held next January.

It is rumored that there are private individuals in Coaticook who would be willing to take over the electric light plant from the Council and pay practically what its cost has been to the town.

Inasmuch as the town is facing a serious problem just at present in the way of increased power a proposition for purchase would possibly be received favorably by a portion of the electors.

So far, however, no definite offer has been made to the Council and until such offer is made nothing further will likely be heard of it than the ordinary talk on the street.

Here's an Oven that Bakes Evenly

Either with a New or Old Fire

This "Premier Royal" range cooks perfectly morning, noon and night. You can have the heat just as you want it by means of the Oven Indicator, which gives the exact temperature.

The Single Damper—a big convenience—controls both oven and fire—does the work of two dampers of other ranges.

The oven itself is the same size, top and bottom. Oven rack may be adjusted at different heights—another convenience.

The back of the oven has three thicknesses—tin, asbestos and iron. This insures even heat and even baking at any time with fresh or old fire.

Write us direct if your dealer cannot show you one of these ranges. Many while don't be persuaded to buy another make, until you have received our booklet which will be found interesting. The superior qualities of the "Premier Royal" Range are clearly pointed out in plain language and by the novel illustrations used.

AN INVITATION CONCERT.

The Sherbrooke Academy of Music is holding its first invitation concert at the Art Hall, Monday, Nov. 16th. The performers will be: solo violin, Prof. Irwin Sawdon; pianist, Prof. J. W. Bearder; musical monologues and dramatic recital, Madame Darche.

The importance of these Recitals, (which are to consist from time to time of professor's concerts, students' recitals, chamber music, string quartets, etc.) can hardly be overestimated. They will be of incalculable value not only to the student, but to the whole of the music loving public.

The student who does not study and hear good music neglects what should be an integral part of his education, and the concert-goer, who stays away from the most inspired music of the great composers, which, alas! for this commercial age is usually exempt from the concert platform for the noise of a hand or commonplace type, otherwise called music.

It is announced that invitation cards will be mailed to all who send their address before Nov. 14th.

THANKSGIVING SUPPER.

The Ladies' Aid of the Methodist church held their annual Thanksgiving supper last night in the Sunday School Hall of the church, which was crowded. Five long tables had been put up and tastefully adorned with chrysanthemums, plants, and laden with appetizing good things of all kinds, including a well known bird called a turkey. At half-past six the guests were seated, and second and third tables were laid to accommodate the throng, and for nearly two hours the young ladies and gentlemen who acted as waiters had their hands full to supply the demands of those who gathered around the tables. The ladies had done themselves great credit as usual in providing a most substantial supper, to which full justice was done, taking two hours before all were served. Everybody seemed in good spirits and fully enjoyed the feast and the pleasant visit with each other. Rev. Mr. Deerpore called the guests to order and stated that they would now listen to a programme of music and song. Mr. Sunbury played a piano solo and answered to a recital. Mr. Sawdon played a violin solo and had responded to an encore. Mrs. Irvine sang a solo very sweetly and kindly responded to an encore. Mr. Mathews also contributed a bass solo and an encore, and Miss Rutherford, from Stanstead College, gave very nicely a humorous recitation. Misses Doherty and Anger accompanied, to the satisfaction of all.

at church, and Rev. C. W. Duncan, of the Baptist church, were present and assisted at the opening services. This being the anniversary of King Edward's birthday the audience sang the National Anthem, which brought this most successful and pleasing annual gathering to a close. The receipts were upwards of \$125, less some expenses.

THE C. O. F. BAZAAR.

The C.O.F. Tombola and Bazaar, which was held in the Art Hall during the past week, was brought to a very successful termination on Saturday evening. The programme consisted of music and songs, which were very much appreciated by the large crowd present.

The drawing for the various prizes was held and the successful competition was also brought to a close. The standing of the club was as follows: Canadian Rand 215, Canadians 187, East Sherbrooke 162, Crescents 133, 82 in all, and was presented to the Rand Drill.

The promoters of this bazaar wish to tender their thanks to all who contributed to this event and especially to the members of the Harmony Band who offered their services free of charge on Thursday evening, also Messrs. Chelaud, Wolstenholme and Jones for their musical numbers.

The list of prize winners is as follows:

A. Madison, silver tea service; Miss Ricard, leather couch; H. Bradford, bar; W. J. Ham, 100 lbs. sugar; Mr. E. Beaudin, merrusham pipe.

THE COMMON APPLE A GREAT SOURCE OF HEALTH

The Juice of the Ordinary Apple is One of the Best Things in the World For Keeping the Blood Pure.

Few people there are but enjoy a ripe, juicy apple. But how many realize that it is a medicine as well as a treat?

Apple juice has a very marked effect on the kidneys, increasing their power to throw off the waste products of the body, called urea, and thus preventing Rheumatism, Sciatica, Neuralgia, and similar troubles that come from poisoned blood.

Similarly, other fruits stimulate the action of the liver and bowels—others of the skin. Combined, they keep the blood pure—the body clean and healthy.

To get this effect, however, one must eat a great deal of fruit, or better, eat a little fruit and take "Fruit-a-tives."

"Fruit-a-tives" are tablets in which the juices of ripe fruits, with their medicinal value intensified, are combined with valuable tonics. They act directly on the bowels, kidneys and skin and put them in perfect condition—thus ensuring the thorough elimination of all waste matter and poisons from the body. Trial Box 25c. Regular size 50c—6 boxes for \$2.50. Fruit-a-tives Limited, Ottawa.

The Way to Win A Husband!

A young woman's most valuable asset is good health. Bright eyes—fresh, rosy complexion—strong body—and animated spirits—win the admiration of the opposite sex. Pale, listless women—who are always complaining—have no attraction for men who wish to marry.

VIN ST. MICHEL is the great blood purifier. It regenerates the blood and builds up the whole system.

VIN ST. MICHEL is strongly recommended to young ladies who are anemic—who are all run-down from overwork—who find no pleasure in life because of ill health.

VIN ST. MICHEL will give them strength, ambition, and that captivating beauty of health which hold a man's esteem and admiration for life.

Multiplicity gives Economy - on - Cost

Skill and experience develop rapidly in a given grade of work. Rapidity is the result of concentration and practice—the making of some one thing over and over again—thousands of times by the same person. Such rapidity is only possible where there is multiplicity enough to dissect the work into oft-repeated units. It is not possible in Custom Tailoring where each workman completes a whole garment to order.

Semi-ready Tailoring

Semi-ready Clothes are made for 150 stores in one big workshop. Each coat in the making is contributed to by thirty-one tailors—each one of whom has grown skilled and rapid in the making of one particular part of that coat.

The completed garment is made quicker, better and cheaper than a Custom Tailor can make it. And a further result is great economy on cost. Systematic specialism is further protected by giving the wearer the benefit of that economy-on-cost—for the plain price mark is fixed by the Company.

DEATHS REPORTED.

THE LATE JAMES BRADY, OF ULVERTON.

Ulverton, Nov. 10.—(Special)—A gloom was cast over the community on Wednesday by the unexpected and somewhat sudden death of Mr. James Brady at the home of his nephew, Michael Brady.

Mr. Brady was born in County Monaghan, Ireland, but had been a lifelong resident of Durham Township, having come here with his parents at an early age, and until the last six months had resided on the homestead where his father 75 years before had been a pioneer settler. Though possessed of a strong constitution and enjoying perfect health, Mr. Brady had over-taken him, having attained his 79th year, and concluded he was no longer able to assume the responsibilities of farming so rented his property and went to Windsor Mills to live with his children. About a week ago he returned to L'Avonir to attend to some business, intending to remain only a day or two. Owing to the sudden change in the weather he contracted a severe cold but nothing serious was anticipated. He consulted a physician and accepted treatment. No change was noticed till Sunday when his condition grew suddenly serious, pneumonia having rapidly developed. His family was called, other physicians summoned, a consultation was held, but in spite of the best medical aid he passed away, Wednesday evening fortified by the rites of the Church in sight of his own old home where he had spent the allotted three score years and ten, a penance, law-abiding citizen.

The funeral was held at L'Avonir on Friday, at the R. C. Church to the family lot where his late wife, Mary McCabe and other members of his family were already buried.

The deceased gentleman leaves eight children, Mr. B. and Mrs. L. Brady, Mrs. P. F. Dunn, Mrs. J. A. Todd, Windsor Mills; Mrs. T. C. Powers, Melbourne; Mrs. P. T. Caya, Santa Rosa, Cal.; Miss E. C. Brady and Miss L. Brady, Sherbrooke.

The late Mr. Brady was a man of fine character, genial disposition and had won for himself the respect and esteem of a host of friends, who regret his untimely demise.

He took a great interest in public affairs pertaining to the welfare of his country. In politics he was strongly opposed to the Liberal cause, an ardent supporter of Sir Wilfrid Laurier, he having cast the first vote ever polled for him when he presented himself for his first election in his own County in Drummond and Arthabaska.

STANSTEAD COLLEGE DEFEATED BY Y. M. C. A.

If the number present and the enthusiasm displayed at last night's basketball game may be taken as an augury of the prospects for the coming winter are very bright.

The game was stiffly contested throughout and the combination of the Stanstead player, accompanied the team and played a dashing game, shooting with great accuracy. The Y. M. C. Montreal, Nov. 10.—The regular football season ended locally on Saturday when Toronto University defeated McGill by 14 to 1, although the promise is that there will be a couple of good post season games to wind up a rather poor season from the Montreal standpoint. The college game attracted only a fair number of spectators, the weather combining with the fact that McGill was out of the running to keep away all but some eight hundred of the faithful, chiefly students and their friends.

MR. PERRY, J.P.

The Pavilion, Gold Fields, B.C.

After a very fair trial I have proved Zam-Buk eminently satisfactory. It cured me of a skin rash of five years standing which no doctor had been able to do any good for. I do certainly encourage any person to keep Zam-Buk in their homes. It truly does more than you claim for it. Yours very truly,

ROGER F. PERRY, Justice of Peace for B.C.
