## Presidential candidates launch drive

By THE ASSOCIATED PRESS

Candidates on both sides of the U.S. political fence have fired volleys on such issues as nuclear weapons control, taxes and civil rights in the first major skirmishing of the 1964 presidential election campaign.

President Johnson took sharp issue with Republican nominee Barry Goldwater on the question of nuclear weapons control in a Labor Day address in Detroit Monday.

And in Indiana and Ohio the vice-presidential nominee, Republican Representative William E. Miller of New York and Democratic Senator H. Humphrey of Minnesota touched, respectively, on taxes and civil rights among other things.

Goldwater didn't mix into the scrap Monday.

Johnson spoke at an AFL-CIO sponsored Labor Day rally in Detroit's Cadillac Square.

The president didn't once use the word Democrat. But there was little doubt he was aiming shafts at Goldwater when he moved to the subject of nuclear weapons control.

## La Macaza bomb base blockaded

LA MACAZA, Que. (CP)—Fifty-one pacifist demonstrators are seated on the road into the RCAF base here, sworn to halt traffic into it until Wednesday morning in protest against its nuclear-armed Bomarc missiles.

The sit-downers took their positions on the road Labor Day at 10:30 a.m. In June, base guards dragged members of the same group repeatedly from the gateway during a similar but smaller demonstration.

Dan Daniels of Montreal, spokesman for Project La Macaza, an offshoot of the Canadian campaign for nuclear disarmament, said demonstrators would lead food and medical vehicles go through, but bar military traffic. But they would not resist if guards laid hands on them, he said.

Nor would they attempt to scale the barbed wire which fences the base.

"We're sorry to inconvenience you," he told guards as the demonstrators took their positions Monday.

"We are not too concerned," a base officer later said on the demonstration.

Guards at the base are wearing no guns. They appeared unharmed after the first demonstration on St. Jean Baptiste Day, June 24.

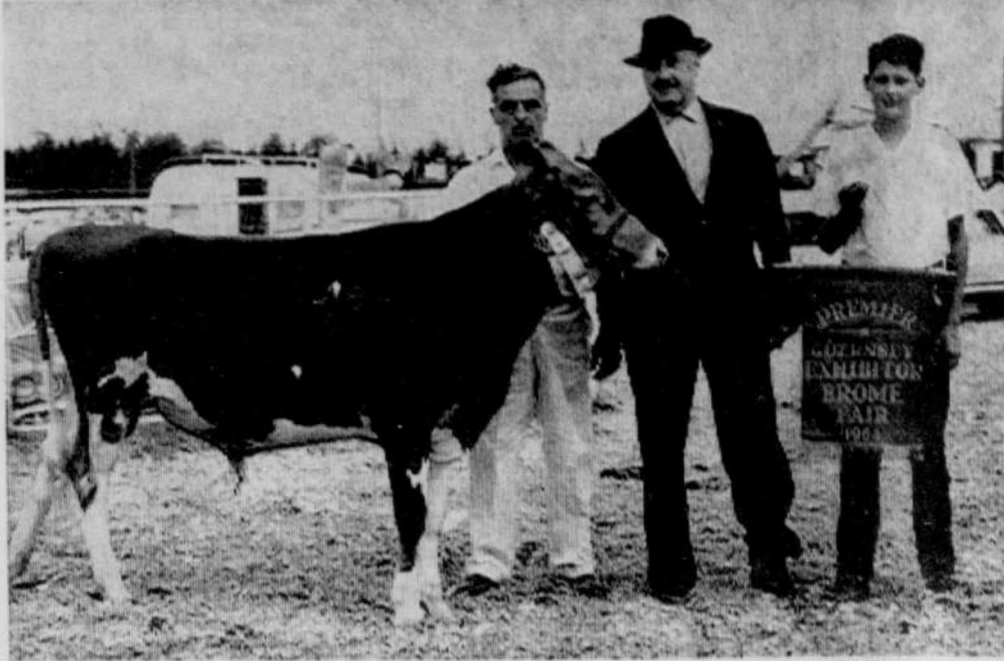

RIESTS DEMONSTRATE  
Thirty of the sit-downers are women. Many come from outside Quebec province. Rev. Don Heap and Rev. William Whitehead of Toronto, two Anglican priests, are among the 51.

While the 51 stage their sitting demonstration, 40 others parade with anti-nuclear placards in support of their action known to pacifists as non-violent civil disobedience.

Food comes to the demonstrators from a cook-camp they have established off from the side of the road. They sleep in sleeping-bags.

The sit-down is scheduled to end Wednesday at 10:30 a.m. 48 hours after its start.

As an alternative to its military use, project La Macaza proposed the Bomarc base become a summer camp for poor children.

## Attendance mark high for annual Brome Fair

BROME — (Staff) — More than 25,000 fairgoers clicked through the turnstiles at the annual Brome County Fair over a Labor Day weekend favored by almost perfect weather.

Fair officials said this year's edition of the exhibition, last of the Eastern Townships series of fall fairs, was successful in every way.

Waves of people jostled and shoved each other to get a chance at the midway rides set up by the All Canadian Shows, while others crowded by the grandstand entrance impatiently waiting their turn to go inside.

"This has been the greatest fair ever," said secretary F. A. Smith "everything's been perfect".

The cattle parade was one of the biggest in the province, officials said, the midway was better than that of any other county fair. The midway was so large this year that there wasn't room for it all. Some of the rides had to be left unpacked on the train, the secretary commented.

"Our grandstand performances were all first class," the fair's secretary said. "We had a full house every night. There were aerial acts, trained dogs, illusionists and clowns. The

trotters were also a very good drawing card. The people were very well entertained at the Brome Fair. The attendance was excellent".

The livestock exhibited is among the best ever seen at Brome, officials stated.

On Saturday there were 2,600 people at the fair, 14,000 on Sunday, and 9,000 Monday. "The attendance was much better than last year," said the fair's secretary, "everything's been better".

The most spectacular exhibit of the fair was turned in by J. A. Lataille of Farnham Centre. In the poultry class he won almost every first prize offered, 42 in all.

Perfect scores were registered in the judgments of Ayrshires and Aberdeen Angus, Stanley Mount of Brome Centre had both male and female grand champion Ayrshires, while Ben Lavin of West Brome had the same for the Aberdeen Angus class.

A clean sweep also was made by Jerry Jackson of Brome Village in the Short Horn class. He had both grand champions and was awarded the prize for best herd on parade.

A. C. Webster of Cowansville had both grand champions in the Jersey class. Male and female grand champions in the judging of Guernseys went to Floyd Sanborn of Iron Hill.

The Holstein competition was divided mainly between C. Jack Bailey, of Knowlton, who presented the male grand champion, and E. Dion of East Farnham who had the female grand champion. Mr. Bailey was also awarded the Marshall Miller memorial trophy for best Holstein cow and daughter, while the Bruck cup for the most first prizes in Holstein competitions went to George Salisbury, of West Brome.

George Salisbury also distinguished himself in the swine competitions. He had four first prizes. Tied with him for the largest number of first prizes was Stanley Mount of Brome Centre.

The sheep competitions were dominated by Clayton Persons, of Sweetsburg, owner of the champion ram, W. J. Johnston, of West Bolton, who showed the champion ewe, and Rufus Gilday, of Knowlton, who was

## North Pacific triangle emerging, Martin claims

TOKYO (CP)—A North Pacific triangle of Canada, the United States and Japan, is becoming "increasingly visible," External Affairs Minister Paul Martin said here Monday.

He called for close consultation among the three countries to help assure Asian peace and stability required for their large three-way trade.

Martin also noted that in this partnership Japan and Canada could make their voices more effective "both with regard to our common interests in the Pacific and to world questions as a whole."

He spoke to the Canada-Japan Society shortly before departing for Ottawa after a week in Japan, chiefly for a ministerial conference.

Returning with him were Trade Minister Sharp and Fisheries Minister Robichaud. Finance Minister Gordon remained in Tokyo for the meeting this week of the International Monetary Fund.

On Sunday, Martin flew to Hiroshima where he toured the Museum of the Atomic Bomb.

In a brief address there, Martin said he thought there was "something symbolic" in Japan's choice of a man born on the day the Hiroshima bomb was dropped to carry the torch at the Olympics in Tokyo in October.

"To me this gesture underlines the determination of all Japanese people to forward the cause of peace," Martin said. "It epitomizes the hope that a new generation will make a new start and bring to a weary and waiting world the flame of resolution and dedication."

In his Tokyo speech, Martin suggested that Japan and Canada are in "a chosen position to awaken the world to the possibilities of constructive interdependence."

The trade ties between North America and Japan were of vital and growing significance. "This mutually profitable trade requires the continued existence of stable and peaceful conditions in the world and in this Pacific region particularly."

"Therefore, Canada, Japan and the United States have a common concern over any potential threat to peace in the Pacific and a mutual interest in seeing that any international dispute or source of tension is ameliorated."

Martin said Canada's Commonwealth association would supplement and strengthen its ties in the North Pacific triangle.

## Four in single tragedy

# Six traffic deaths in ET over holiday

Four young bicyclists killed near their homes in Drummondville last night brought to six the total number of Eastern Townships residents killed in traffic accidents during the Labor Day weekend. They were part of the total of 30 highway fatalities in this province, and 79 in the Dominion, a record for the Labor Day weekend.

Last night, about nine o'clock, a car struck and killed instantly four teenage cyclists near Drummondville. The violent collision occurred when the car struck the bicycles from the rear.

Dead are Andre and Marcel Vigneault, 19 and 18 respectively, Fernand Blanchette, 16, and Michelaine Bedard, 15, all of Drummondville.

Drummondville provincial police said that they are holding the driver of the car and that a charge may be laid today. A date for the coroner's inquest is also expected to be set today or tomorrow.

The tragedy paralyzed traffic in the region for several hours last night.

In an accident Saturday morning, 18-year-old Yvan Vincent, of 1136 Craig Street, Sherbrooke, was killed when the car he was driving struck a tree just outside the city limits on the highway toward Ascot.

The youth suffered a broken skull, from which he died that night in St. Vincent de Paul Hospital. Two other passengers in the car were only slightly injured.

Sherbrooke provincial police, who investigated, said that Vincent apparently lost control of his vehicle.

An 11-year-old Gould girl, Jeanette Morrison, was killed Friday night when struck by a car while crossing the road in St. Paul's d'Abbotford.

She was killed instantly, said St. Hyacinthe provincial police who investigated, when the car driven by Marc Lapierre, 20, of 20 Young Street, Granby, hit her.

Also Friday evening, a 26-year-old St. Jean-de-Brebeuf man, Andre Carrier, was killed when struck by a timber while working.

The father of four young children, he died of internal injuries.

QPP orders anti-riot armored car

MONTREAL (CP)—The Quebec Provincial Police has ordered an anti-riot vehicle from a Pierreville, Que., truck body manufacturer, it was learned Sunday night.

A QPP source said the vehicle "likely" will be available for the Queen's visit to Quebec City Oct. 10-11.

However, the source said the royal visit was "not necessarily" connected with the ordering of the vehicle.

"The vehicle — it's not an armored car — will be equipped with normal anti-riot equipment," the source added. This would include tear gas, machine guns and bomb disposal equipment.

An RCAF helicopter from Greenwood, N.S., took Susan Sams, 9, and her brother Donald, 14, from Murdochville to Gaspe. They were flown from there to Montreal in an Atlantic Central Airways plane.

Mercy flight

MONTREAL (CP)—Two critically injured children were brought to hospital here Monday night after a 500-mile mercy flight from the Gaspé Peninsula.

One of the mob's leaders was believed to be a separatist but "most of them were hot-headed kids striving for popularity," Insp. Paul Picard said. "Once we got to the leaders, many of the others left."

Those arrested were brought to two police stations by police vans and cruisers and lodged in cells.

The mob, estimated at 300 persons at one point, shouted such slogans as "Vive le Quebec libre" (Long live free Quebec), "Vive le FLQ" (Long live le Front de Liberation Quebecois), and "Vive l'indépendance" (Long live independence).

The disturbance flared up when the crowd reached the half-mile square park, bounded by Rachel, Papineau, Parc Lafontaine and Sherbrooke streets, and assembled at the monument, dedicated to a 17th century figure who fought Indians at Long Sault and saved Montreal from capture.

Two youths set the flag afire but the blaze died out when the mounted police scattered the crowd. A youth grabbed the smouldering emblem and ran.

Police named the four as Joseph Matte, 23, RCAF station Centralia; Robert Fisher, 18, Wyoming, Ont.; Edward Minichelly, 21, Watford, Ont.; and David Irwin, 23, St. Catharines.

The disturbances reached their peak Sunday morning when more than 500 young people interfered with police trying to break up a fight on the village's main street. Surrounding a police cruiser, the crowd chanted "roll it, roll it" and several youths started rocking the vehicle.

READS RIOT ACT  
After radioing for help, the policemen left their car. The mob then surged toward the police station. Police failed to disperse them and finally, at 1 a.m. Sunday, Mr. Desjardins quelled the disorder by reading the Riot Act.

## Union Jacks burned in Montreal rioting

MONTREAL (CP)—Scores of youths carrying flags and shouting "revolutionary slogans" staged a rowdy demonstration Monday night in midtown Montreal, burning Union Jacks and overturning three cars.

Police arrested 76 and said they would be charged today with disturbing the peace, refusing to obey orders to disperse and holding a parade without a permit.

The disturbance erupted about 7 p.m. when the demonstrators marched to Lafontaine Park the scene of a similar incident a week ago when 46 separatist sympathizers clashed with police.

Police were tipped off in advance and used a squad of mounted policemen to break up the parade. But an hour later the youths, carrying Quebec Fleur de Lis and French tricolor, reassembled in the park.

A Union Jack was burned at the foot of the Dollard des Ormeaux monument and several more set afire in front of a building occupied by Montreal-Matin, a French-language morning newspaper.

Two cars were overturned near the building, a block north of the park on Marie-Anne Street, and another automobile upset on Boyer Street, a block west. The vehicles were heavily damaged.

### Illustrated talk on southern states enjoyed by Compton County Society

COOKSHIRE — A large number of members and friends of the Compton County Historical and Museum Society enjoyed a talk, given at the museum by Lester R. Perkins, on his trip to the Southern States. Mr. Perkins especially emphasized Thomas Jefferson, the third president of the United States, author of the Declaration of Independence.

Pictures were shown of the old presidential home, Monticello, which has been restored. Thomas Jefferson, Mr. Perkins stated, designed his home and had it built by labor from his own plantation. People came from all over the world to see him in his mountain home, with its many new inventions and innovations. This large scale of entertaining was more than his personal finances could afford, and his valuable library was sold to pay off his debts.

Mr. Perkins also described the many places of interest he and his wife had visited — the Lakelands of Florida, Daytona Beach, the Cypress Gardens, a museum, and the Swanee River, made famous by Stephen Foster; Gettysburg, the Blue Ridge Mountains, and Virginia. Although the United States seemed ahead of Canada in the upkeep of historical places, nevertheless, Canada is now restoring many old buildings

### Show Business

By BOB THOMAS

HOLLYWOOD (AP) — You'd scarcely recognize those scroungy "real McCoy's" in their new shows for the coming television season.

Grandpa McCoy (Walter Brennan) has changed his overalls for the fancy duds of a millionaire financier in Tycoon. Luke McCoy (Richard Crenna) will be playing a clean-cut, Ivy-league clothed state legislator in Slattery's People.

And Kate McCoy (Kathy Nolan) will be ship-shape and clean-tailored as a wartime wave in Broadside. Our subject today is Miss Nolan, and the difference in her is more than a change of costume. For one thing, she has dropped 35 pounds from her top McCoy weight, down to a slender 97. And there's a new exuberance which she didn't possess during the latter stages of her five-year run in Real McCoy's.

LEADER OF WAVES Kathy plays a navy lieutenant, leader of a group of Waves sent to a Pacific island to take over a motor pool. It has been called the female counterpart of McHale's Navy, from the same Universal City stable, and indeed the two shows will share some backgrounds. Kathy is carrying the heaviest load of the show on her slim but sturdy shoulders.

"I am just about in every page of each script except for about 1/8th of one page," she said. "I was talking to Dick Crenna on the phone the other day and we both had to laugh. "When we were in the McCoy's, we were always complaining about how we were always in the background and how we never got the laugh lines. Now he and I are doing shows in which we're in every shot, and we're looking for ways to get less to do!"

But she's not really complaining. Even though she has been in and out of the hospital and the divorce court, she has worked at a steady clip. The fact that she has a share of the series' profits helps maintain her enthusiasm.

HOLLYWOOD (AP) — Ann Sothern is taking an ad in the Hollywood trade papers which reads: How to Change an Image.

Photographs illustrate how well she has accomplished the image-changing process. Clustered around a photo of Ann as her own glamorous self are shots of her in recent film roles as a prostitute, a political busy-body and a blowzy has-been.

What an earth has happened to Ann? "I wanted to act," she said. After all, I was an actress before I got involved in comedy. After seven years in television I wanted to return to what I had done before; to do it, I had to make a complete break with my previous image."

A shrewd planner in matters concerning her career, she realized that she had to re-exercise the acting muscles that had atrophied in the years of delivering and reacting to mechanical laugh lines in television. She enrolled for lessons with Stella Adler and Jeff Corey.

FIRST BREAK Her first break with her television stereotype was in Lady in a Cage. Her role? "A sudden old prostitute," she said. "It was the best thing in the world for me to do as an opener. Even though many of the reviewers didn't like the movie, I got wonderful notices. The thing I liked the best was that none of them mentioned Maisie."

Then came The Best Man. She portrayed a nosy, bustling committeewoman whom she termed a real witch. Again the notices were fine for her, even if her big scene was cut.

Ann has just finished Sylvia with Carroll Baker and George Maharis. "The woman I play is not really a prostitute, but she has been through the mill," she said. "It's told in a flashback. She has had an affair with Maharis years ago. Now he returns and takes her out to a night club. She is overdressed and out of place, and it's kind of pitiful."

All this is a long way from the bright-eyed private secretary who continues to wise crack on television re-runs.

MANSONVILLE — Among those attending the family reunion on Aug. 23, at the home of Mr. and Mrs. Roger St. Hilaire in St. Constant, were Mrs. Betty Johnson, Miss Gwen Johnson, Mr. Arnold Johnson, Miss Flossie Stickles, Miss Barbara Brouillette, Mr. A. E. Brouillette, Mr. and Mrs. John Young and Mr. Francis Young. Mrs. A. E. Brouillette and Mrs. Ethel Bailey, who had been guests at the St. Hilaire home for a few days, returned home the same evening.

Mr. Erwin Gardner, of Morrisville, Vt., is the guest of his parents, Mr. and Mrs. Ray Gardner.

Mr. and Mrs. G. C. Whitcher were in Sherbrooke, recently.

Mr. and Mrs. Stanley Quilham have returned home after spending a two weeks' holiday in Summerside, P.E.I., the guests of Mr. and Mrs. Gay, and visiting several places of interest in the Maritimes.

## Three-way council seat fight shaping up in the West Ward

A three-way fight for the West Ward Council seat now occupied by Ald. J. M. Jeanson appears assured with the decision of Roger Gingués, a local merchant, to enter the October 7 municipal election battle.

Earlier Mr. Jeanson announced that he would seek reelection for another term and Jean-Denis Guillemette, a restaurant owner, also has thrown his hat into the ring.

Mr. Gingués agreed to contest the West Ward seat after a large delegation waited on him at his Joliet street home Sunday afternoon and presented him with a petition requesting him to enter the fight.

In his acceptance speech, Mr.

Gingués took exception to a campaign being waged by a local French language temperance organization which has been publishing advertisements in support of the Council members whose terms of office expire this month.

Mr. Gingués claimed the statements, which lauded Ald. Jeanson among others for their part in preventing the esta-

blishments of independent taverns in Sherbrooke, reflected on the morality of other candidates in the race.

He also declared that he was in the race to the finish and would not be bought off.

The delegation was headed by Dr. Zepherin Cote who thanked Mr. Gingués for accepting the requests of the West Ward citizens.

Mr. Gingués, a son of the late Maurice Gingués, for nearly 20 years Liberal Member of Parliament for Sherbrooke, has been operating a retail shoe store for the past seven years. Prior to this he was employed by various finance companies in the Sherbrooke area.

Over the weekend reports were heard in the West Ward that Mr. Guillemette would withdraw from the race there and would seek election in the North Ward, running against Ald. Paul Gervais, whose term of office also expires this month.

This rumor was denied Monday by Mr. Guillemette who stated he had no interest in any North Ward contest and would continue in the West contest.

Despite frequent reports that all the retiring members of the Council — Mayor Armand Nadeau, Ald. Jeanson, Ald. Gervais, East Ward Ald. Felix Thibault and South Ward Ald. Carl Camirand — would face opposition in their efforts to obtain reelection, the West Ward is the only place in which opposition candidates have been forth-coming.

Nominations close Sept. 30 with voting in the event of a contest taking place Oct. 7.

## Police raid clubhouse

**NORTH HATLEY** — (Staff) A raid by North Hatley, Stanstead provincial, and Sherbrooke provincial police on the clubhouse of the Pleasant View Hotel occurred early Monday morning, and a quantity of liquor was seized.

Stanstead provincial police reported that they seized nine cases of 24 pints of beer each, and six 40-ounce containers.

The Stanstead provincial police said charges would be laid, "tomorrow," in connection with the incident.

No arrests were made at the time of the raid, they added.

The raid followed two separate calls to police officers, said principals in the incident. A dance was being held that night in the clubhouse.

# Space lack hits some ET schools

Eastern Township principals begin another year of administration tomorrow and a good many of them will be opening doors to schools literally crying out for more space.

Principals at Sutton, Knowlton, Cowansville, and Bury schools have all predicted great changes in the educational system and facilities offered within the next year or so.

Schools in the Brome-Missisquoi-Shefford area will be opened to what were described as "absolutely congested conditions."

School authorities in this area have adopted the "hold on and wait and see" attitude for this year in hopes that much discussed plans for the formation of a regional high school will materialize.

Lloyd J. MacKeen, principal at Knowlton High School said plans are well underway for the formation of a district of Bedford Regional Protestant School Board. The board should be formed within the next few months he told The Record.

In the meantime the schools in this overcrowded area — Cowansville, Waterloo, Bedford, Knowlton, Sutton and Stanbridge East — and smaller schools are making do with what they have.

Gordon Bown of Cowansville High, a school that has been trying for almost two years to get an addition to accommodate some 725 students this year said these plans have been tucked away until such time as a definite decision has been reached as to the construction of the proposed regional school.

In an effort to cut down the number of students per class, part of the student-class of grades 2, 3, 4, and 5 at St. Francis High School in Richmond will take classes at the Windsor Consolidated School.

One other major shuffle of students will be at North Hatley High School. Students of East Hatley, previously attending Ayer's Cliff High School will attend N.H.H.S. One other school in a num-

ber polled by telephone by The Record indicated congested classrooms. This was Pope Memorial High School at Bury.

Bury principal Bruce Taylor has strong convictions about the future of education in the Townships. "There are going to be big changes within a year or so, particularly in this area," he predicts.

Mr. Taylor feels that these changes will come in the technical and vocational areas where schools, possibly in the Sherbrooke or Lennoxville areas, would drain off some of the students who now fill outlying area schools.

One other distressing point came out of The Record's poll and that is the need for specialized and qualified teachers.

Expansion of French instruction into elementary schools continues in many parts of the country, with Newfoundland and British Columbia the notable exceptions. French as a second language is available as early as Grade Three in Prince Edward Island and Grade Four in Manitoba and Alberta.

Enrolments are stable or only up slightly in the four Atlantic provinces. Newfoundland in particular is enjoying the benefits of a fall in the birth rate.

Physical fitness headed by Mr. A. St. Jacques will feature one hour classes, from 7.30 to 8.30, using the 5 BX Plan, and is for men only.

Play reading under the guidance of Rev. S. Ripper, will be group-participation study on the works of six representative playwrights from Shakespeare to Wilder. The volume containing these plays will be available to each person at approximately \$3.75.

Sewing for beginners will be taught by Mrs. H. A. Donaldson, who will give a course in pattern cutting and sewing.

What's new under the sun consists of eight lectures on new developments in agricultural science. Speakers will be staff members from Macdonald College.

Woodworking will again be taken by Mr. Bacon, who will teach only a limited number. Each person will pay for the material he uses.

Directors of the school have noted there could be changes in their schedules and plans, however they shall endeavour to maintain the program laid down.

The Magog Community School is a project of the Magog and District Home and School Association, and is headed up by H. A. Donaldson and Mrs. Harry Milne, with Rev. R. Nickle serving as secretary. The other committee members are: Mrs. W. J. Whittier, F. Warnholtz, B. G. Hodge, Ronald Trew, Garth Fields and J. Brookhouse.

has also been a problem for course of study. John MacLeod, secretary-treasurer of the Sherbrooke Protestant school board says more television courses will be offered this year.

Schools that introduced the Cuisinaire Method to grade one last year will carry it into grade two this year and remedial reading classes will continue.

At least three schools indicated they had difficulty in obtaining qualified French teachers. Teachers have now been obtained.

## Qualified teachers a cross-Canada problem

By THE CANADIAN PRESS

which began seven years ago when most of this year's potential first-year students were born.

Prince Edward Island needs specialists to teach French, mathematics and science. French will be taught on an experimental basis in elementary schools beginning at Grade Three in Summerside and Grade Five in Charlottetown.

Biggest curriculum change is the addition of Grade 12 to city high schools. Another is the teaching of religion by university personnel in primary grades.

"The accent now will be more personal," says Leonce Pelletier, suburban Ste. Foy school board chairman. The idea will be to "accentuate the spirit rather than the letter."

Major changes are expected in curricula throughout Quebec province next year due to creation of the new department of education and the recommendations to come from the second volume of the Parent Royal Commission on Education's report.

Of the several boards in Montreal, only the French division of the Catholic school board reports serious congestion, with 200 Grade One classes to be run on half-time. The board will open 12 new schools (seven elementary, five secondary) in September to provide for an expected increase in enrolment of 9,800 pupils.

The English Catholic schools lack about 100 certified teachers and will borrow students from teachers college. The French division also lacks men teachers on the elementary level, and the secondary schools need mathematics and science specialists.

## Northland Bishop speaks at Granby and West Shefford

GRANBY — (Special) — The Right Reverend Neville R. Clarke, Bishop of James Bay has been the guest of Mr. and Mrs. O. R. Jackman on Lyman Ave., with Mrs. Clarke and their son, Walter.

While here, the Bishop has been attending the meeting of the Anglican Church at Lennoxville. Prior to leaving for Moose Factory, Ont., his home, His Lordship decided to stay over and speak to the parishioners of St. George's Anglican Church, at the 11 a.m. service last Sunday. He also preached at the 9:15 a.m. service at West Shefford at St. John's Anglican Church.

Bishop Clarke opened the service Sunday morning at St. George's, speaking to the children and sang a children's hymn, "Jesus Loves Me", in English, then in Indian and Eskimo language. Following this, he spoke to the congregation as a whole, giving them some idea of what the far North is like to the communion service and preparing for it, sometimes in the out-door, with fox skins to keep them warm or in small huts, so low that it was impossible to stand up straight.

The Bishop brought to mind that the Anglican prayer book was first seen in James Bay early in 1592. He has celebrated his thirtieth year in Moose Factory, as Bishop of James Bay.

His Lordship and Mrs. Clarke, with their family, will leave Granby in the very near future. Archdeacon Lidstone welcomed him, prior to the service, and said that it was a privilege to have Bishop Clarke, once again.

### World's trade leaps 10 percent as cash limps

TOKYO (AP)—The hare of world trade has hopped ahead in the past decade at an annual increase of 10 per cent. The tortoise of money to pay for it—both gold and hard currency reserves—has crept along at 2.8 per cent.

This is the dilemma which confronts the finance ministers of 102 nations, all from the non-Communist bloc except Yugoslavia, meeting in Tokyo this week at the annual conference of the International Monetary Fund.

If, as in the fable, the hare would lie down and let the tortoise overtake it, there would be no problem. But with mounting demands from developing nations and continuing expansion among industrial countries, that seems unlikely.

Twenty years after its creation in wartime 1944, the fund is coming to grips with what it calls "international liquidity," a way to replenish international coffers with gold and dollars or some other medium of exchange to keep trade going.

Before the First World War, gold was the standard of international trade. It collapsed when the warring nations had to pay huge amounts of gold to the United States for strategic materials.

#### GOLD NOT AVAILABLE

With so much gold concentrated in one country, it was no longer available to pay for the exchange of goods on a world scale.

The monetary fund put gold back into the trade markets, but in a lesser role. The dollar, the only currency for which gold could be exchanged, became in effect the new international trade standard.

For years, the dollar was steady and reliable. But in the 1960s the U.S. balance of payments plunged into the red because of its huge foreign aid commitments. European countries began storing dollars and converting the surplus into gold.

## Labor Day is holiday, riots, death

For most Canadians, the three-day Labor Day weekend was a chance for a brief holiday before sending children back to school.

For others, it meant a riot, a demonstration for peace, taking part in parades or violent death. The riot took place at Grand Bend, Ont., Saturday night when about 500 persons, mostly young, interfered with police as they attempted to break up a fight on the main street of the Lake Huron resort community.

The Riot Act was read early Sunday morning by Murray Desjardins, village clerk and justice of the peace.

A total of 81 persons were arrested, four charged with failing to heed the reading of the act, 59 on liquor charges, 13 on criminal charges and five for traffic violations.

At La Macaza, Que., 51 persons blocked the entrance to the RCAF Bomarc missile base Monday to start a 48-hour demonstration.

In addition, to the sit-downs, 40 other pacifists paraded with placards outside the highway at the base, 122 miles northwest of Montreal. There were no incidents in the demonstration, which the group says is an attempt to reclaim the base for useful purposes.

Labor disputes were emphasized in parades at Toronto and London, Ont.

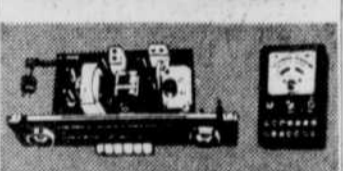

Members of Local 91 of the International Typographical Union (CLC), on strike against the three Toronto daily newspapers since July 9, marched 1,200 strong in Toronto's parade, described by officials as the largest in years.

Each marcher carried a placard outlining the union's stand in its dispute with The Globe and Mail, The Star and The Telegram.

At London, Local 27 of the United Auto Workers (CLC) used banners to focus attention on its strike against the Wolverine Tube plant. More than 2,000 marchers took part in the parade, the longest ever for London.

At Thompson, Man., where the United Steelworkers of America (CLC) have been on strike against the International Nickel Company since Aug. 12, talks were held during the weekend. The last formal negotiations between the company and union, which represents 1,700 mine and refinery workers, took place Aug. 11.

## BANK OF MONTREAL UNIVERSITY EDUCATION PROGRAMME

A comprehensive, life-insured plan for financing a college education for boys and girls now in high school

If you are like most parents with children in high school, you are probably wondering how you are going to meet the costs of financing your youngster's college education. To help parents solve this problem, the Bank of Montreal has introduced its University Education Programme—the first life-insured plan of its kind in Canada.

Under this comprehensive programme, parents, guardians and sponsors of high-school students can spread the cost of a university education over periods of up to nine years, thus keeping monthly payments to amounts they can afford without hardship. And the cost to the parent is only a fraction of the interest paid on a straight loan programme.

#### HOW THE PROGRAMME WORKS

Under the basic plan, the parent agrees to make monthly payments to the Bank starting, say, two years before the student enters university, and terminating one year after graduation. In return, the parent receives an annual sum from the Bank at the start of each of the four university years.

#### VARIANTS OF THE PLAN

Several optional plans are available under the programme, and these vary as to the number of years in which the parent wishes to make monthly payments, as well as to the amount required annually for university expenses. Plans are based on objectives ranging from \$1,000 to \$8,000 payable to the parent in four annual instalments.

Here is an example of how one of the basic plans can be varied to suit your needs:

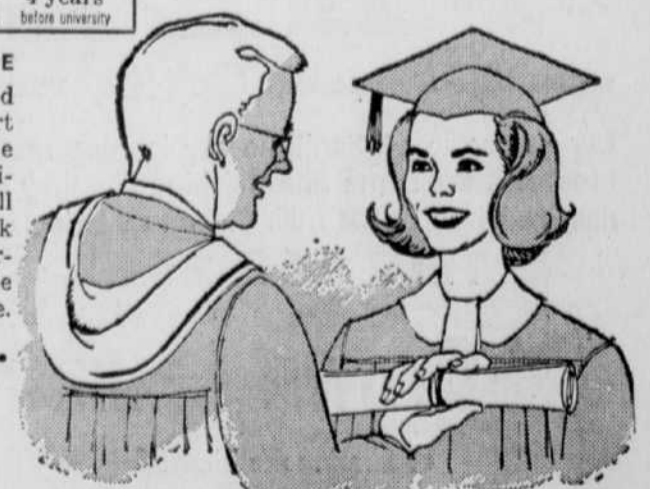

OBJECTIVE: \$4,000  
To be paid to the parent in four annual amounts of \$1,000 each

OPTIONS	YOU PAY MONTHLY	PERIODS OF PAYMENT	YOUR PAYMENTS BEGIN
Plan A	\$49.55	7 years	2 years before university
Plan B	42.78	8 years	3 years before university
Plan C	37.56	9 years	4 years before university

#### HOW TO JOIN THE PROGRAMME

See the people at your neighbourhood B of M branch. You will receive a warm welcome from a staff who will be pleased to give you further details and to help you select a plan suited to your needs. Ask for your copy of the Bank of Montreal University Education Programme folder.

P.S. If you need help in financing a student already in University—or planning to register this year—talk to your B of M Manager. Chances are he can arrange a tuition loan with extended payments adapted to your circumstances.

## What is Canadian Club

The National Association of Canadian Clubs to which the Women's Canadian Club of the Eastern Townships is affiliated was formed some seventy years ago essentially to provide a nationwide forum for discussion of Canadian issues and the creation of a distinctly Canadian outlook. An idea conceived in the fertile mind of a young man of twenty-six years, one Charles McCullough, whilst walking on a mountain in the province of Hamilton. The year was 1892 and this patriotic Canadian caught up in the problems which were facing a young nation, not the least of which was the advocacy of annexation to the United States, decided to begin a movement where "no matter what the differences of origin, occupation or opinion we can meet because we are Canadian."

Today Canadian Club has a membership of 30,000 with 93 branches straddled across Canada from Vancouver to Prince Edward Island. Under the esteemed patronage of His Excellency Major General P. Vanier, Honorary President of the Rt. Hon. Vincent Massey and National President, Dr. Wilder Penfield, the great purpose of strengthening National unity continues to be the Club's main concern.

The women of the Eastern Townships who identify themselves with the ideals of fostering patriotism, studying our physical and natural resources, and are concerned with the image of Canada nationally and internationally are offered.

A program of which events for the year will be announced later.

The season will open

Enquiries for membership may be made from any member of the Executive: Miss Lora St. Laurent, honorary president, Mrs. D. F. Watson, past president, Mrs. P. ### That recurring question

"Ever since our daughter's engagement was announced I've been asked the same question over and over - by friends and mere acquaintances. The question: 'Do you like your future son-in-law?'"

The reader who wrote those lines in a recent letter to this column went on to say: "It so happens that we like our daughter's fiance very much."

"But what if I hadn't liked him—what answer could I have given but the same one. 'We like him very much?'"

You would be surprised at how many future mothers-in-law don't think there's just one proper answer to that question. After an engagement is announced and before a wedding takes place many a prospective mother-in-law tells every one who will listen how unhappy she is over the coming marriage, how she did everything she could to break up the

To keep the children's white shoe strings from becoming too soiled, always drop them in starch after laundering. They will be easier to wash next time and will slip through the shoe eyelets more easily.—JOSEPHINE

DEAR POLLY—Whenever I read I keep a pen or pencil handy. When I come to an unfamiliar word I underline it and later look it up in the dictionary to find the definition. Surprising how this has increased my vocabulary.—Mrs. E. G.

GIRLS — Why not look up the strange words as you come to them? If the dictionary is kept close at hand, the words could be looked up and, if necessary, written on a piece of paper for later study. The article being read might have much more meaning. And NEVER use the underline method with books—library books, particularly.—POLLY

DEAR POLLY—I always had trouble getting the right temperature of water in the shower until I painted, with red nail polish, the end of one of the four points on the control handle of both the hot and cold water knobs. Now there is something to gauge the distance each handle is turned to get the satisfactory water temperature easier and faster.—CATHERINE

DEAR POLLY — When you and the other girls buy house dresses that have unfinished holes punched in the belts, iron a piece of iron-on tape on the back of each belt. Cut it a little longer than the area covered by the holes and a little narrower than the width of the belt. It is simple to punch a hole with an ice pick through the pressed-on tape. This method reinforces the holes and keeps them from stretching out of shape.—CAROL

On entering the room, a floral corsage was presented to the bride-elect, who was escorted to a decorated chair. Yellow and green streamers were suspended from confetti-filled balloons to the chair back, the balloons breaking and showering the guest of honor.

Tetreault and Mrs. Mae Alex. These ladies were each presented with a floral corsage.

A buffet lunch was served at a table centered with the bride's cake made in the double ring shape, iced in white and trimmed in yellow. The cake was made and decorated by Mrs. T. Tetreault.

### Fashion world say bias is 'In'

Look at Pauline Trigere's exquisite designs: a perfect bias of satin on sheer wool binds or finishes an edge, trims a matching stole, flatters a sleeve or enhances a waistline.

See Ben Zuckerman's beautifully tailored costumes. A one-piece dress is made complete by a skillfully designed coat. Examining such in hand, you

thickesses of tissue so no, marks of the board can show. Do not stretch. You have taken care to cut your bias evenly. Now if you are stitching it to fabric, be sure your seam width is even. Use your presser foot to guide your stitching. Unevenness in bias bands is unattractive and disappointing.

A few wool skirts have double bias ruffles about 1 1/2 inches deep at the hem. These you simply fold double, baste, then gather as for chiffon except to omit the tissue paper. Beautiful bias does much to finish a garment, whether it is decorative and on the right side or a finish for the inside of neckline and sleeves or the

see true bias of the fabric, or of satin or velvet — each band so beautifully, so perfectly to place that you know wise handling brought out the beauty and made the bias seem so perfectly right as a finish. I prefer to call it finish rather than trimming, because it belongs so completely where it is used that it seems part of the garment.

Vera Maxwell caresses a bias to place until you cannot imagine any other finish for her designs, be it dress, coat or ensemble. A bias makes demands on the one handling it. It insists upon being cut on an absolutely true bias line. When it is joined, you cannot compromise. Seaming must be stitched precisely on matching fabric grains.

When you are using a quantity of bias as for sleeves, neckline, waistline or bands for the skirt, start with a true bias — yes true. Draw lines on the wrong side, using a yardstick and chalk. Be sure all are exactly the same width their full length.

Now join the piece, making a tube as at "A." Bring the second chalk line to meet the first. Make a seam. Press it open. Then begin to cut "A." Cut around and around until your entire piece is cut. Wrap this around a piece of cardboard covered with several

You must piece your bias, of course, at joinings — this is necessary. Piece with the grain in every instance, never against it or crosswise of the bias.

Take time to learn to do bias perfectly and you will find many practical uses as for fashion, and the fashion world's winter of '64-'65 thoroughly approves of bias in many forms.

Just remember the necessity of absolutely true bias, that edges must not be stretched and width must be even throughout.

Decide the width you want your band or ruffle to be. Mark and cut it as shown here. If doing a wide double ruffle or chiffon, pin to tissue. Fold the tissue outside. Use a size 16 sewing machine needle, stitch the cut edges with silk or nylon thread for strength using your longest stitch. The large needle will cut the tissue, you can pull it away from the ruffle when this is done. Draw up the bobbin thread, ease your gathers along on the thread until they are even.

# N.Z. decides to change again from pence to cents; fights on name

AUCKLAND (CP) — For the second time New Zealand has decided that the basic unit in its decimal currency will be the dollar.

New Zealand is due to change from pounds, shillings and pence to decimal currency in July, 1967. The government announced a firm decision, after examining scores of suggestions, last March in favor of dollar.

But when Parliament opened the Labor opposition raised such an outcry for further consideration that the whole matter was reopened and the question was referred to a parliamentary committee.

In the committee the issue developed into a contest between dollar, favored by the government, and cent, advocated by Labor members. Zeal is a made-up word formed from the central syllable of New Zealand. The most authoritative body to support the cent was the Reserve Bank, New Zealand's central bank, but it agreed that dollar would be acceptable.

Dollar was favored by the treasury, the majority of the New Zealand Society of Accountants, the Bankers' Association, education department, several trade associations and the government printer.

**BACKS DECISION**

The committee, voting on party lines, has upheld the choice of dollar.

Preparations already are well under way for the changeover to the decimal currency, though the actual switch is some three years away.

Half crowns (two shillings and sixpence) will be withdrawn from circulation during the next year. There is to be no equivalent of the half crown in the decimal series and it is desired to have them effectively out of circulation before the change is made.

The government some months ago called for suggestions on the designs of the new decimal coins and about 150 ideas were forwarded by artists, designers and members of the public.

The government has not released selections but says that the fern leaf, a New Zealand

# What is a Volkswagen 1500 ?

All this  And more.

The Volkswagen 1500 is the other car in our life. It's got all the nice things that made the beetle famous. Engine in the rear for better traction. No radiator to freeze or boil. Low gas consumption. And a design that never changes. And the VW 1500 gives you a lot more. It's a Volkswagen with more power, more room and more looks. It goes from a standing start to 50 mph in 12 seconds. Our station wagon is big enough to carry a bathtub or 14,600 bars of soap. The sedan is so roomy it's got two trunks. With the VW 1500 you get sports car power and family car room. Sort of a family sports car. That's the Volkswagen 1500. It's more Volkswagen than any other Volkswagen.

## Roughriders wallop Als 32-0, Stamps dump Bombers

CAMPBELL NAILED—Saskatchewan Roughriders flanker Hugh Campbell (31) is nailed by Montreal Alouette defensive halfback Clare Exelby (24) and Ed Learn after taking a pass in an interlocking Canadian Football League game in Regina Monday. Saskatchewan won the game 32-0. (CP Wirephoto)

Calgary Stampeders knocked Kenny Ploen out of action and British Columbia Lions out of first place Monday as they posted a 25-8 Western Football Conference victory over Winnipeg Blue Bombers at Calgary.

The victory allowed Calgary to vault over idle B.C. into first place by a one-point margin. British Columbia has played two games less than the Cowboys. Lions have a chance to regain first place when they meet Ottawa Rough Riders of the Eastern Conference in a Canadian Football League interlocking game at Vancouver tonight.

Saskatchewan Roughriders stayed in third place, one point behind B.C., with a 32-0 whipping of Montreal Alouettes at Regina in an interlocking test.

Ploen, veteran Winnipeg quarterback, suffered a torn rib cartilage when tackled by a series of Stampeders defenders during a running play. He likely will be idle about 10 days, a club doctor said.

Hal Ledyard took over after Ploen's injury and was in charge when Winnipeg did its scoring, in the third and fourth quarters.

**SCORE FOR CALGARY**  
Ted Woods, Bobby Taylor and Bruce Claridge scored Calgary touchdowns before 18,075 fans. Defensive back Larry Robinson added three converts, a single and a field goal.

### Don Sutherland extends lead in EFC race

Hamilton Tiger-Cats opened an 11-point lead in the Eastern Football Conference scoring race as he bunted a single in Monday's 24-8 victory over Toronto Argonauts to raise his total to 35 points.

Sutherland's five-game total included nine converts, eight field goals and two singles. Ted Watkins of Ottawa Rough Riders remained in second place with four touchdowns in five games for 24 points.

Halfbacks Ron Stewart and Dave Thelen of Ottawa were tied for third spot with three touchdowns each for 18 points. Jackie Parker of Toronto Argonauts and Hal Patterson and Bernie Faloney, both of Hamilton, each added one touchdown in Hamilton's 24-8 victory over Toronto Monday to raise their totals to 12 points each.

Tom Grant of Hamilton got his first touchdown of the year Monday for six points while Karl Sweetan of Toronto converted one touchdown to bring his total to four points.

**LAST NIGHT'S FIGHTS**  
Winnemucca, Nev. — John Davey, 186, Winnemucca, Nev., knocked out Luther Davis, 178, Reno, Nev., 7.

Art Perkins scored Winnipeg's touchdown. Bob Reed, recent castoff from Minnesota Vikings of the National Football League, contributed a convert and a single. His single came in the fourth quarter when he fumbled into the Calgary end zone and Stampeders defender Jesse Branch covered it.

Robinson took over the WFC scoring lead with 48 points, six more than British Columbia fullback Bob Swift and Saskatchewan flanker Hugh Campbell.

Woods ran 42 yards for the first Calgary touchdown, in the second quarter. Quarterback Eagle Day hit Taylor and Claridge with scoring tosses in the third. Ledyard and Perkins collaborated in a 19-yard pass-and-run play for the Winnipeg score late in the third quarter.

Calgary led 1-0 after the first quarter and 8-0 at halftime. Saskatchewan's convincing victory was recorded before a record crowd of 18,187 at Taylor Field. Previous high attendance was 18,153 for a game between Riders and B.C. Lions Aug. 14.

**EFC LEAD TIED**  
Despite the defeat, Montreal remained tied with Hamilton Tiger-Cats and Ottawa for the EFC lead.

The eastern club managed only six first downs. Saskatchewan

led 8-0 after the first quarter, 17-0 at halftime and 24-0 after three quarters.

Quarterbacks Ron Lancaster and Bob Ptacek, flanker Ed Buchanan and fullback George Reed scored a touchdown apiece for Saskatchewan. Martin Fabi accounted for two singles and halfback Gerry James collected four converts and two singles.

An interception by halfback Larry Dumelle, one of three passes by Vern Cole that fell into enemy hands, led to the first Rough Rider score. He charged to the two-yard line after picking off the ball at the Montreal 40. Two plays later, Lancaster swivelled over the centre to score.

Lancaster was shaken up after he tossed passes to Campbell and Dick Cohee to move Saskatchewan to the Montreal one in the second quarter. On his first play as Lancaster's replacement, Ptacek stepped over.

**SETS UP TOUCHDOWN**  
Campbell set up the third Rough Rider touchdown when he took a pass at the Montreal 52 and flipped the ball to Buchanan as he was being tackled. Buchanan sped untouched along the sideline to score easily.

A fumble by halfback George Dixon after Dumelle hit him on

Montreal's first offensive play of the fourth quarter led to the final Saskatchewan touchdown. The ball popped into the hands of Rough Rider linebacker Wayne Shaw, who moved to the Montreal 20. A rough play call moved the ball to the 10 and in two plays Reed powered across.

Buchanan, leading ground-gainer in Canada this year, rolled up 122 yards rushing in 13 carries and added 105 yards in the air on six pass receptions. Reed compiled 112 yards in 13 carries.

Either Ottawa or British Columbia could take first place in East or West with a victory tonight.

## Three others fined following poor showing, Coombs' Bluett Scott wins pace and Hauver's Singing Duke trot

The judges dropped the boom Sunday evening at the Sherbrooke Race Track when they suspended and fined eleven drivers on the weekend program. Eight were suspended on Sunday evening's card while three were fined for their poor efforts Saturday night.

In the big class for a purse of \$400 all drivers with the exception of Frank Newell were set down. Newell's Major's Kitty broke at the wire going away but despite this he finished fifth in the six-horse field which was won by Coombs' Bluett Scott. The field went to the quarter in 33 3/5, the half in the slow time of 1:07 3/5 and then came home in 1:02 2/5.

At no time did any driver make an effort during the slow quarter. Beauty's Fanny Clap, with Guy Robichaud driving, managed to take the front as the others set there but he in turn, once he gained the front, did likewise for a slow second quarter.

All horses in the field have gone to the quarter in 32 seconds in past performances but Sunday they were just sitting waiting for someone to open up, which didn't happen, and judges set everyone down except Frank Newell, who with his poor start managed to finish fifth.

Amedee Beaudoin drew five days since he was leading the pack while Buster Huckins, Rosario Guertin and Guy Robichaud were tagged with two days each for their poor exhibition in the big pace. Alain Veilleux, who drove Worthy Tip, picked up three days for his poor driving in the fourth going to half in 1:09 4/5 with Drummond Law and Worthy Tip.

Buster Huckins, besides his two days in the sixth race, got set down for two more for his drive in the fourth. In this race he opened the pole to allow Leroux and Glendale Forrest to go through and Leroux forcing a hole drew a two-day suspension.

Maurice Minault, driving Beadeu's True Gold in the first race, drew two days for his poor effort when the field went to the quarter in 34 seconds and the half in 1:08 3/5. In the third, driving Serenity, he also was reprimanded for his poor effort and for both offences got two days. Jacques Lefebvre with Success Harry in the first was set down for opening a hole to allow a horse in ahead of him. He got two days for his relaxation.

Following Saturday's card C. camp here today and hand out some skating tips.

## Coach Punch Imlach to introduce new angle in Leafs' training camp, hires figure-skating instructor

PETERBOROUGH (CP) — Manager-coach George (Punch) Imlach of Toronto Maple Leafs, never one to miss an angle, has introduced another innovation, which might put new skates under his aging Stanley Cup champions.

The innovation is Ray Lockwood, a figure-skating instructor from London, Eng., who is expected to join the National Hockey League club's training camp here today and hand out some skating tips.

Imlach explains that his players, who have already undergone three days of hard scrimmaging, are ready for a change of pace. He feels Lockwood's advice can't hurt and might help chances for another Stanley Cup.

Imlach has claimed the NHL's highest award for three straight years and is shooting for the current record of five straight wins held by coach Toe Blake of Montreal Canadiens and former Leaf coach Hap Day.

**GREGORY HAD DOUBTS**  
Lockwood has been teaching young players the fundamentals of skating for the last two years. Last year he took over during a couple of drills by Toronto Marlboros of the Ontario Hockey Association Junior A Series, a Maple Leaf farm club, and coach Jim Gregory had his doubts.

"The players didn't think much of it, but after they heard him, they stayed around to ask questions," Gregory said.

He worked with the Marlboros' Wayne Carleton and is credited with having turned out wondrous results. Lockwood noticed Carleton could only skate to the right and put him on a program to correct the deficiency.

Included in this group are butterfly artist Dan Sherry, 18, Toronto, and Mary Stewart, 18, Vancouver; a bad backstroker Joey Weir, 18, Toronto.

The other Olympic swimmers include Patty Thompson, 18, Hamilton, Ont.; Jane Hughes, 16, Vancouver; Marion Lay, 15, Covina, Calif., and formerly of Vancouver; Ron Jacks, 16, Vancouver; and Ralph Hutton, 16, Ocean Falls.

The divers are Tom Dinsley, 23, Vancouver; Judy Stewart, 20, Toronto; and Carol Ann Morrow, 18, Vancouver.

While the swimmers spend the next month here under Firby, swimming as much as 3 1/2 hours a day, all three divers will train in Phoenix, Ariz.,

# Arnold Baker wins Country Club championship

## Cops playoff with Mike Defosses as all classes end in tie, Jean Joubert takes B and Lawrence Chankin C

Arnold Baker won the championship of the Sherbrooke Country Club over the weekend when he fired a 54-hole total of 220 and copped the special playoff against Mike Defosses. Baker and Defosses finished deadlocked with the same total after the three-day event.

In class B it was the same story as Jean Joubert and Roger Roy ended deadlocked with identical scores of 250. In the playoff Joubert emerged the winner after the three hole medal play. In class C it was another tie with Lawrence Chankin and Paul Ginges ending with scores of 283 and Chankin won the playoff.

Diane Delisle emerged the junior girls champion when she edged Claire Chamberlain while Linda Pettigrew walked off with the girls juvenile title. In the boys section Andre Marois copped the junior title with Gary Connor the runner-up. In the juvenile it was Jean Dumoulin who edged Jacques Roy in a sudden-death playoff. They had both finished deadlocked after their tourney.

Arnold Baker came from behind to tie Defosses who led until the final hole when Baker tied him. Defosses and Denis Laverdiere tied after the first 18 holes each with 72. On Sunday Defosses fired a 71 while Laverdiere jumped to an 82. Baker had 78 on Saturday but bounced back with 71 Sunday leaving him six strokes off the pace.

On the final round Defosses couldn't do better than 77 while Baker posted his second 71 to tie the early leader and force the playoff. Robert Delisle came through with 76-74-76 to finish with 226 but Jean-Guy Blanchard, who had 77 Saturday, came up with 74 and 73 to finish with 224, just four strokes off the pace.

Mike Defosses won the low net of class A while Gatean Cote was second. Jean-Guy Blanchard took second gross. In class B Roger Roy was placed second while in the net division Pat Roy was the winner

### Maple Leafs' drive giving Chiefs jitters

Toronto Maple Leafs have become the late season wonders of the International League during the last two weeks and their last-ditch drive to a playoff spot is giving Syracuse Chiefs the jitters.

The Leafs move into Syracuse Wednesday for a three-game series—their final games of the season—and the meeting could kill the Chiefs' hopes for their first league pennant.

The Chiefs, who are currently in second place 1½ games behind Jacksonville Suns, have memories of that last Toronto-Syracuse series which the Leafs swept 3-0.

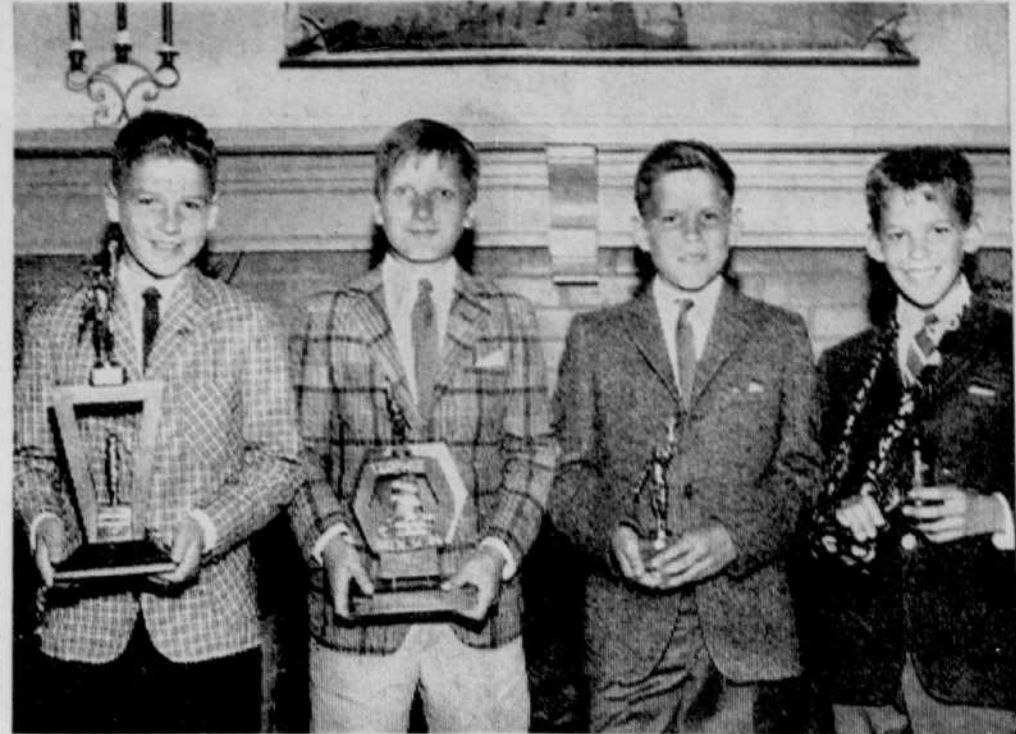

Toronto continued its bid for one of the four playoff spots during the Labor Day weekend, sweeping a three-game series with Rochester Red Wings 10-3 Saturday and 2-1 and 6-5 Sunday before losing 6-1 and 4-3 in a doubleheader against Buffalo Bisons Monday.

The weekend activity left them in sole possession of fourth place, a full game behind the Bisons and a half game ahead of Rochester.

Elsewhere, the Suns defeated Columbus Jets 5-1 Sunday after losing 10-4 to the Jets Saturday and edged Richmond Virginians 4-1 and 1-0 Monday. Syracuse defeated Buffalo 10-9 Saturday before losing 8-5 to the Bisons Sunday and splitting a doubleheader with Rochester Monday, losing the opener 6-3 but winning the second 3-1. Atlanta Crackers lost 8-3 to Richmond Saturday but defeated the Virginians 5-4 Sunday before losing both ends of a doubleheader to Columbus 5-2 and 4-1 Monday.

## North Hatley Boys' League has closing banquet

A well-attended banquet held Friday evening at the Connaught Inn closed the season for the North Hatley Boys' Baseball League. Ron Olson acted as chairman for the occasion.

The event got underway with Rev. Digby Buxton giving benediction and the chairman welcoming the players of the league and guests.

Guests attending the event included Ed Hall, president of the North Hatley Branch, Royal Canadian Legion, Frank Price and Oscar Johnson, members of the league executive, Ted Anderson, president of Sher-Lenn Little League, and Doug Gerrish.

Guy Meigs, president of the league, in his opening remarks thanked the members of the executive for their support during the season. He also had a word of praise for the league umpires, Mrs. G. Meigs, official scorekeeper, and Miss Judy McCrea, who acted as helmet girl during the season. Guy Meigs presented gifts of appreciation to these persons for their services. Russel Bassett, Lawrence Burham and Guy Meigs acted as umpires during the season.

Presentation of trophies then took place with the league trophy, which was won by Giants, presented to team captain Robert Lennox by Ron Olson.

The championship trophy, won by the Red Sox, was presented to Captain Phillip Maloney by Legion President Ed Hall.

Pitcher of the year was won by Peter Bradley and Leading Batter was Alan Patton. Players and coaches attending the banquet were all given small awards for their performance during the season. Coaches in the league were Nelson Ditchburn, Yankees, Mark Beaudin, Giants, and Bob Ditchburn, Red Sox.

Players attending included Bruce Chute, Charles White, Bob Ditchburn, Jr., Butch Meigs, Mike McLeod, Mike Taylor, Brian Gagnon, Bruce Burnham, Robert Gauthier, Steve Bassett, Rusty Price and Phil Maloney.

Others were Jackie Ditchburn, Peter Olson, Brian McLeod, Jim Riley, Larry Burham, Mike Coste, Allan Gerrish, Brian Guild, Craig Rudd, Ernest White, Milton Chute, John McCrea, Alan Patton, Rob McLennox, Mark Courtois, Bob Worrall, Rick Worrall, Sandy McDougall, and Jim Dodge, as well as Jim Fletcher, Paul Clark, Richard Tetrault and Peter Bradley.

League president Guy Meigs, in closing remarks, stated that plans already are in the making to improve the playing field next year and that other improvements are expected to make 1965 a better season.

## Royals sweep two from Granby to lead series

Labor Day weekend wasn't a holiday for Granby's Provincial League baseball team, as they went down to two defeats at the hands of Drummondville Royals in the playoff finals for 1964.

Drummondville took the edge Sunday afternoon with a 2-1 verdict, and proceeded to finish off the twinbill in orderly fashion with a second win, 5-4. More than 2,000 persons total led the attendance at these opening tilts in each home park.

The Knights and Royals clash again this evening in Drummondville at 8:30 as Granby makes another attempt at breaking into the win column of the series.

The first tilt was deadlocked 1-1 until Mike Sawyer came up with a single to drive in Ronnie Benoit with the winning run Sunday afternoon. Pete Cianflone, once again back on the mound for the Royals, had his suspension lifted for the final series, but league officials state that another incident gives him his ticket to the door.

Cianflone wasted no time in this game in eliminating the men from play as well as his teammates who aided Drummondville's cause. Both teams playing a better brand of ball rarely seen in the circuit, completed the tilt in one and one-half hours.

Three miscues on the part of hurler Paquette and first baseman, St. Onge allowed the two runs to break the blank in the fourth, putting the Royals ahead, both in the game as well as in the series.

Paquette, starting hurler for Granby, ceded his post to Lapierre in the eighth, who finished the tilt. The former picked up the loss, while Cianflone was credited with the win. His limit of four hits allowed to Granby put him in the spotlight for the game.

Sawyer's single as well as Boudreau with a double named the other stars for Drummondville while St. Onge, although his error cost a run, made up for it with a homer and double.

**ROYALS WIN SECOND 5-4**  
Although Granby was determined, and made an all-out effort to come up with a win, Drummondville had nothing on their minds except the playoff crown to add to their league title for the season. The Royals finished off the Knights in their own stadium under the expert pitching of Andy Occhinero.

The Royals' hurler allowed Granby only five hits, some what of a repeat performance given by Cianflone in the first game. After Granby took an early lead in the first three innings, holding Drummondville 3-0, the young southpaw put a halt to the Knights up-

## Orioles back on top, White Sox lose 2

Nondescript American League pitchers and an Angel batting for the first time in the majors had a Labor Day lark Monday.

Bernie Daniels and Dave Stenhouse, with seven previous victories between them, hurled the ninth-place Senators to a 3-0, 6-2 doubleheader sweep over Chicago that dumped the White Sox into second place in the tight AL pennant race.

Southpaw Bob Meyer, discarded by both New York Yankees and the Angeles, won his first game for the last-place Kansas City Athletics, stopping Baltimore 6-1 in the second game of a twin bill after the Orioles had regained the league lead on Wally Bunker's six-hit, 6-1 victory in the opener.

The split left the Orioles one-half game in front of Chicago and 1½ games up on the third-place Yankees, who edged Minnesota Twins 5-4 in the 11-inning first game of a scheduled day-night doubleheader. The night game was rained out and rescheduled for tonight.

The holiday's zaniest fare was the Red Sox-Angels twi-nighter. Veteran Dean Chance became the AL's first 18-game winner, copping the first game 4-1 after Red Sox youngsters Dave Morehead and Jay Ritchie held the Angels hitless through seven innings.

Pete Charton made his first major league start in the rhubarb laced nightcap and blanked Los Angeles for 6 2-3 innings. Relief ace Dick Radatz replaced the rookie in the seventh and blew a three-run lead before Los Angeles finally won 4-3 in 11. Jack Hiatt, in his first time at bat in the majors, broke it up with a bases-loaded single.

**CLEVELAND TRIMS DETROIT**  
Cleveland Indians trimmed Detroit Tigers 7-2 in the only single game scheduled.

In Sunday's games Cleveland split with Chicago, winning 2-0 and losing 3-2. Baltimore blanked the Angels 2-0, the Yankees shaded the Athletics 3-2, the Twins edged Boston 2-1 and Detroit hammered Washington 9-3.

On Saturday the White Sox whipped the Indians 8-2, the Angeles nipped the Orioles 1-0, New York outslugged Kansas City 9-7, Minnesota clobbered Boston 10-4 and Detroit whitewashed the Senators 4-0.

Daniels, who hadn't pitched a complete game since June 23 and had lost seven of his last eight decisions, checked the White Sox on five hits, snapping the Senators' seven-game tailspin, in Monday's opener at Washington.

Stenhouse, who spent 1½ months on the disabled list earlier in the year, worked eight strong innings in the second game before giving way to Jim Hannan in the ninth when Chicago scored twice. The victory was only his second against seven defeats.

over a called third strike to Nixon.

Sam McDowell tossed a five-hitter for Cleveland and Woody Held singled twice and homered behind the big left-hander as the Indians cooled off the Tigers.

## LEADS THE ATTACK

Chuck Hinton singled, doubled and tripled to lead Washington's first-game attack and Joe Cunningham stroked three hits for the senators in the nightcap.

Former Oriole Jim Gentile crashed two home runs against his former mates, driving in four runs and backing Meyer's six-hitter in the Athletics' second game triumph.

Wally Bunker, Baltimore's prize rookie, ran his record to 15-4 in the opener as Boog Powell clubbed a 450-foot solo homer, his 32nd.

Roger Maris' 11th-inning double scored Tony Kubek with the Yankees' game-winning run. Maris had three other hits, including a two-run homer.

Bob Allison's two-run homer touched off Minnesota's four-run, two-out rally in the eighth that forced the game into overtime.

## ADDS A HOMER

The Angels were leading 2-0 without benefit of a hit when Joe Adcock singled in the eighth inning of the twi-night game at Los Angeles. Bob Rodgers then hit an inside-the-park homer for the last two runs.

Four of seven walks issued by Morehead in 2 1-3 innings and Rodgers' sacrifice fly gave Chance a two-run margin in the third and the Angels' ace protected it with a seven-hit, 12-strikeout performance for his 13th victory in 14 decisions. He lowered his major-league-leading ERA for starters to 1.55.

The Red Sox gave young Charton an early three-run lead but Radatz lost it in the eighth when he walked three Angels and Willie Smith unloaded a bases-clearing triple.

Smith led off the 11th against reliever Bob Heffner with a single and stole second. A sacrifice and two intentional walks loaded the bases before Hiatt came through in his initial appearance since being recalled from Hawaii.

Dick Radatz, Lee Thomas and Ross Nixon all were tossed out of the game in the ninth inning following a lengthy argument
