

BRITISH POSITIONS UNCHANGED ON THE CAMBRAIFRONT; BIG GUN FIGHTING IN AISNE REGION

Hostile Attack on Belgian Lines Driven Off After Sharp Fighting. In Champagne Region French Repulsed Enemy Raid in Great Strength and Inflicted Heavy Losses. Enemy Still Persistent on Italian Front, But Former Vigor of Attack is Lacking. American Authority Expresses Opinion That Teutons Cannot Pass Through Into Heart of Italy.

LONDON, Nov. 29.—No change in the British positions on the Cambrai front is reported in today's official communication. The Belgians repulsed a German attack. The statement follows:—

"A hostile attack delivered against Belgian positions in the neighborhood of Aschhoop was beaten off after sharp fighting. South of the Scarpe River we captured a few prisoners during the night in patrol encounters. On the remainder of the front there is nothing of special interest in report."

BIG GUN ACTIVITY ON FRENCH FRONT

PARIS, Nov. 29.—Artillery actions occurred north of the Aisne and in the region of Sapineul, says today's official report.

"In the Champagne north of Carnillet the enemy last night, after a violent bombardment, undertook a raid in great strength. Our troops repulsed him, inflicting heavy losses. In the Argonne we raided the German lines and brought back ten prisoners.

"Two enemy raids, one on the left bank of the Meuse, in the region of Bethinour, the other on the right bank northwest of Vaux-les-Danloup, were completely repulsed. There was active artillery fighting in Upper Alsace."

BIG GUN FIGHTING ON ITALIAN FRONT

ROME, Nov. 29.—Heavy artillery fighting is in progress all along the front, but no further infantry actions of importance are reported by the War Office today. On the lower Piave river Italian batteries directed a destructive fire at enemy boats.

FORMER VIGOR OF ATTACK LACKING AGAINST ITALIANS

ITALIAN HEADQUARTERS IN NORTHERN ITALY, Wednesday, Nov. 28.—Reports from the front show that the enemy is still persistent but that little is left of his former vigor of attack, and he is resorting to the old device of cunning. The Germans have posted placards in Italian, reading: "Italians, we have crossed the defenses of the Piave. Your defence is useless. Let us pass without further bloodshed. We shall be in Vicenza within three days."

In reply to this, Italian soldiers posted a placard in German, reading: "You will never pass." An eminent American military authority summarized the situation in this way: "While the danger is not yet over, nevertheless it seems to me from a military viewpoint that the enemy cannot pass, being confronted

ANTICIPATE BIG BATTLE AT PASSCHENDAELE

LONDON, Nov. 29.—On the fighting front in Northern France the battle between the British and the Germans for points of vantage around Cambrai continued throughout Tuesday night, but on Wednesday died down to somewhat small proportions. The Germans had brought up large numbers of reinforcements, and the fighting for Bournonville, the Bourlon Wood and Fontaine Notre Dame was waged with great bitterness, the positions several times changing hands.

East and northeast of Ypres violent artillery activity is in progress, especially on the sector of Passchendaele, and it seems probable that another big battle in this region is brewing. To the south, in the region of St. Quentin, north of the Aisne and in the vicinity of Verdun there have been small infantry operations, with the advantage resting with the French troops.

ITALIAN CRISIS HAS PASSED

General Maurice Says That Situation is Now Secure.

LONDON, Nov. 29.—General Maurice, discussing the situation on various fronts with the Associated Press yesterday, said the passing of the crisis on the Italian front was due entirely to the efforts of the Italian army, adding: "Anglo-French troops are now available in sufficient quantities to satisfy us that the situation is secure."

Of the western front, he said: "The battle of Cambrai is still in the melting pot. The attack was a great success. The British in this case had no definite objectives. We intended to get as far as we could, and I can tell you we established ourselves a deal further than Field Marshal Haig expected."

HINDENBURG HAD CHARGE OF ITALIAN DRIVE

Plans to Pour Forces Into Venetian Plains Upset by Resistance of Defenders.

(Associated Press Despatch) WASHINGTON, D. C., Nov. 29.—The Austro-German invaders in Italy, official dispatches received here today from Rome say, are compelling the civil population of the captured region, without respect to age or sex, to work on fortifications of the Tagliamento on the left bank of the Piave and the Cadore zones.

A German officer, taken prisoner, the dispatches say, confirms the statement that Hindenburg had personal charge of the drive into Italy. "According to his plan," says the despatch, "General Conrad's army was to roll down like an avalanche on the Sette Comuni plateau, while the armies of Krobatin and Von Below were to pour into the Brenta valley, surmount the mountainous barrier and descend into the fertile Venetian plains. The commencement of the colossal offensive was set for the 14th of November, with the arrival of Austro-German troops at Castelgomberto, but the Italian resistance before Melletta and Callio upset the plans of Hindenburg."

E. T. MEN ON CASUALTY LIST

PTE. S. J. MACRAE, SHERBROOKE WOUNDED.

Mrs. Ethel L. Macrae, 18 Burch Street, received word from Ottawa that her husband, 919997, Pte. Samuel Finlay Macrae, infantry, had been officially reported admitted to second field ambulance depot on November 18 suffering gas poisoning.

Pte. Macrae went overseas with the Irish-Canadian Rangers, and previously enlisted worked in the Road shops. His brother, Pte. K. W. Macrae, who went over with the 117th Battalion was killed in action on the 4th of June last. Another brother, Pte. D. L. Macrae, is now at the front.

THE LATE LIEUT. B. T. REED, OF ULVERTON.

Lieut. B. Treholm Reed, who died of wounds received in action, went overseas as sergeant-major with Brock's Battery, Montreal, and was shortly after given his commission. Lieut. Reed, who was the only son of B. E. and Mrs. Reed, of Ulverton, P. Q., was in his twenty-sixth year, and was graduated from Macdonald College in 1914. Previous to enlisting he was connected with the Department of Agriculture in New Brunswick.

PTE. E. E. MESSENGER, FORMERLY OF SHERBROOKE.

Pte. E. E. Messenger, wounded by gunshot in the back and right arm enlisted from Sherbrooke in the 73rd Highlanders, under Lieut.-Col. Peers Davidson, and upon arrival overseas, was transferred to the 42nd Battalion. This is the third time that he has been wounded. His relatives reside at 34 Sixth Avenue, Lachine.

SYDNEY SMITH, OF LAKE MEGANTIC.

Sydney Smith, a son of the late Capt. W. H. Smith, of the Allan Line, and later of Lake Megantic, and Halifax, was killed at the front, and another son, Alberta, is returning to Canada as unfit for overseas service. These young men are brothers of H. B. Smith, at present of Sherbrooke.

AMERICAN AIRMAN ESCAPED FROM GERMANY

(Associated Press Despatch) LONDON, Nov. 29.—Lieut. Patrick O'Brien, of Momence, Illinois, the first American member of the British Flying Corps to escape from Germany, has arrived in London. O'Brien eluded his captors by jumping from the window of a speeding train. He then became a fugitive for twenty-two days, and as his goal was within sight, narrowly escaped electrocution from the charged wires along the Holland frontier.

THANKSGIVING MESSAGES TO U.S. DEFENDERS

(Associated Press Despatch.) WASHINGTON, Nov. 29.—Thanksgiving messages from members of the Cabinet addressed to the population of the country and the country's defenders on land and sea, appear in today's official bulletin. Several of the messages emphasize that the American peoples should consider it a blessing to fight a righteous war for honest ideals.

ALLIED THREAT TO RUSSIA NO IDLE ONE

Petrograd Paper Gives Warning of Consequences to Follow Break in London Agreement.

(Associated Press Despatch) PETROGRAD, Monday, Nov. 26.—The Vetchera, formerly the Vetchera Vremya, commenting on the statement made by the Allied military mission to General Duhonin, former commander in chief of the Russian Army, who was recently deposed for refusing to obey the order to open armistice negotiations with the Germans, says that any break in the London agreement by Russia would bring serious consequences, and declares that the threat is not only a form of speech, but exists, and is a terrible one.

"From the moment the Allies break off relations," says the newspaper, "the transport will cease, as it already has ceased from the United States, and all the frontiers of our late allies will be closed to us." The newspaper says it has been declared that Russia cannot exist during the coming year without imports, and concludes ironically as follows: "Even 'friendly' Germany will not be in a position to supply us with necessities."

The Vetchera admits the impossibility of Russia carrying on the war, but says Russia should be so conducted as not to needlessly offend the Allies.

BRITISH MISSION NUMBERS 143 PERSONS.

PARIS, Nov. 29.—The British Mission to the Inter-Allied Conference, all told, exclusive of clerks and other attaches, numbers 143 persons. Six members of the British Mission to the United States also are here, among them Earl Reading, Viscount Northcliffe, Sir Charles Gordon and Lieut.-Col. Campbell Stuart.

Japan is attaching considerable interest to the conference, as indicated by the fact that in addition to Baron Chinda, Baron Matsui, Ambassador to France, Kumalaro Houdo, counselor to the Embassy, and four other Japanese are watching the proceedings. The conference will be held in the French Ministry of Foreign Affairs.

The conference doubtless will discuss all phases of the tangled situation in Russia, and some method will be agreed upon either to bring the disintegration of the Russian army to a halt, or to put the Bolshevik element in the category of an ally of the Central Powers.

It is certain that the Entente Allies will give no heed to the overtures, either of the Bolsheviks, who comprise the radical section of the Russians who long have desired Russia to cease fighting, or of the Germans, who for even a greater period of time have been endeavoring to put into operation negotiations for a peace that would prove a suitable one for themselves and their allies.

ELECTION CAMPAIGN

Cabinet Ministers Will Address Unionist Gathering in City Tonight.

A large Unionist rally will take place in His Majesty's Theatre this evening on behalf of the candidature of Mr. W. S. Davidson. The meeting will be addressed by Hon. C. J. Doherty, Minister of Justice; Hon. C. C. Ballantyne, Minister of Marine and Fisheries; A. Plante, ex-M.L.A. the candidate and other speakers.

UNIONIST MEETINGS LAST NIGHT.

Large and enthusiastic meetings in support of Mr. Davidson, were held at Spring Road and Acadie Corner, last night. The speakers at the former place were the candidate, Messrs T. J. Parkes, Robert McMurray and E. W. Westover, and at the latter, the candidate, Messrs. John McDonald, J. Roy and F. Campbell.

MR. F. N. MCCREA AT LENNOXVILLE.

Mr. F. N. McCrea, the Liberal candidate, had a good reception at Lennoxville last night. The ex-member spoke much along the lines of his address at the nomination meeting. He denounced the government for maladministration and condemned them for imposing conscription before submitting the question to the people. He severely criticised the war-time election act as grossly unfair. Mr. McCrea expressed the opinion that which ever party was successful at the polls it would not make any difference to the successful prosecution of the war, except that if Laurier were returned the war would be prosecuted a great deal more vigorously and much more honestly.

MEASRS. J. S. BRODERICK AND J. H. LEMAY ALSO SPOKE.

WEATHER REPORT

RISING TEMPERATURE; LOCAL SNOW OR SLEET ON FRIDAY. Fair weather prevails over the Dominion this morning with milder conditions obtaining in most districts. Fair with some temperature; local snow or sleet on Friday.

(Associated Press Despatch) LONDON, Nov. 29.—The second edition of the "Daily Mail" today contains an apparently mutilated telegram from Petrograd dated four o'clock Wednesday, indicating there has been a renewal of trouble there. It says there has been some firing, and that several persons have been wounded.

PEOPLE ARE UNCONCERNED

(Associated Press Despatch) LONDON, Nov. 29.—Maximalist troops have occupied the Petrograd State Bank, according to the Petrograd correspondent of the "Daily Mail." He adds, "the people are going about their business in the most ordinary manner. Nobody is hurrying, and one would never imagine that another revolution is in progress. Scenes of political turmoil have now become epidemic here."

NEGOTIATING FOR ARMISTICE.

(Associated Press Despatch) LONDON, Nov. 29.—Representatives of Ensign Krylenko, the Bolshevik commander-in-chief, according to a Reuter despatch from Petrograd, have entered the German lines in front of the Russian fifth army to negotiate with the Germans, who deputized the commander of the northern army to act as plenipotentiary. His answer was received on official German government paper.

The order directs the election of delegates to committees for supplies of each division, who are to reach Petrograd Sunday. The order is signed by Podvolzky, commissary for the army and navy.

MILLION DOLLAR MARK PASSED

Large Subscriptions to Victory Loan Received in City Yesterday.

Sherbrooke has now passed the million dollar mark in new money for Victory Bonds. In addition to this \$150,000 worth of previous war loans have been converted. It is now very likely that the Sherbrooke County subscriptions will exceed one million and a quarter which will be a creditable showing. One subscription of \$60,000 and one of \$50,000 were received yesterday and it was these subscriptions which brought the amount over the million. There are a few other large subscriptions expected and a large number of small ones. A great deal of work can be done during the balance of the week and there will no doubt be quite a rush for subscriptions at the close. The following is a continuation of the list of subscribers: N. B. Pritchard, Miss Harriett A. Burgoine, Mrs. N. B. Pritchard, Victoria Lodge A.F. & A.M., Mrs. M. A. Steele, Miss E. A. J. Wilson, Mrs. G. Gustafson, Miss L. P. Gustafson, R. B. Gustafson, Miss E. CHOSE TRENCHES RATHER THAN ARREST

Young Man in Montreal Detected of Forgery Before Exemption Tribunal.

(Canadian Press Despatch) MONTREAL, Nov. 29.—One young man killed his chance at an exemption tribunal here yesterday by having substituted the word, "sole" for "main" written in his application by the parish priest, making it read "sole support of his father." His forgery was clumsy and easily detected on a choice between arrest and the trenches. He chose

FONTAINE NOTRE DAME NOW VIRTUALLY "NO MAN'S LAND"

Never Ending Deluge of Machine Gun Bullets From Ranks of Opposing Forces Sweep Over Blood-Drenched Little Hamlet. Germans Unable to Remain in Fontaine in Force and Were Forced to Retire Though British Did Not Gain it Severe Fighting at Bourlon Village.

(Associated Press Despatch) BRITISH HEADQUARTERS IN FRANCE, Nov. 29.—Fontaine Notre Dame was today virtually "No Man's Land," over which swirled a never ending deluge of machine gun bullets from the ranks of opposing forces drawn up on either side of this blood-drenched little hamlet. A bright warm sun was shining down from an almost cloudless sky, but it brought little cheer to the battle-weary German and British troops, for they only served to throw into bold relief the awful picture of desolation and carnage within the confines of this village, through which all day yesterday grim death stalked among the contending warriors.

It is probable that some party of Germans were still clinging to their secret strongholds among the ruined buildings, and that British guardsmen also were hidden among the cellars at various points. But for the most part Fontaine Notre Dame was a place of the dead; they lay about the streets to tell the story of the cruel tragedy enacted about them.

German prisoners from the third guards division and 46th regiment were in the British cages this morning as a result of the battle, and among the captives was a battalion commander, who was caught with many of his men in the rush of the British through the village. In addition to the five hundred taken in Fontaine, upwards of one hundred were captured in the fighting yesterday in the vicinity of Bourlon Village, where

English troops, co-operating with tanks, made some advance. Tanks also were employed in the assault on Fontaine, and it was behind these great engines that the British guards battled forward until they reached the eastern side of the village. GERMANS LOST FONTAINE. A German counter attack with fresh corps which resulted in the British being pushed back through the hamlet gave the enemy a chance to consolidate the place, but, as has been stated, the Germans were unable to remain in Fontaine in force so that to all intents and purposes they lost Fontaine, although the British did not gain it.

FIGHTING VERY SEVERE AT BOURLON

The fighting at Bourlon Village was very severe. The English began their attack about this place in the face of extremely heavy machine gun and rifle fire. Bourlon was strongly held and was crowded with rapid fire, which had to the south-east of the village and drove a hole in the enemy defences. Here they were closely followed by the infantry. The machine gun outposts, however, was beaten off, and this morning the British appeared to have a footing in the southern outskirts of the village. A heavy machine gun and rifle fire was proceeding today throughout this section.

Mother and Children Had Awful Coughs. WERE CURED BY DR. WOOD'S NORWAY PINE SYRUP.

Mrs. Arthur Appleyard, Novar, Ont., writes: "This past winter my children and I had awful coughs and coughs which we got by being in drafts. I tried a number of different remedies for us, but got no relief. I thought I would try Dr. Wood's Norway Pine Syrup, and I found it a most excellent and sure cure. It gave relief to the tickling in the throat and stopped the cough, and with a few bottles we were all cured."

Dr. Wood's Norway Pine Syrup is a remedy that has been on the market for over twenty-five years, and we can recommend it as being, without doubt, the best cure for coughs and colds that you can possibly procure.

Don't Avoid Corns But Don't Keep Them

With dainty footwear, corns can hardly be avoided. But they matter little when you know the way to end them.

As soon as a corn starts, attach a Blue-jay and forget it. The corn will never pain. In two days, if it is a new corn, it will disappear. Sometimes old corns need a second application.

It is almost as simple as removing a dirt spot. Blue-jay is applied in a jiffy. It fits the toe like a glove. When you re-

move it—in 48 hours—the whole corn is done for. Blue-jay is a scientific method. A noted chemist invented it, and a famous laboratory prepares it.

It is not messy, it is not harsh. It centers action on the corn alone, so it doesn't lead to soreness. And it is sure. No corn can resist it.

Its millions of users have no dread of corns. For years on one corn. See how easily these kill-jays can be ended.

B is the B&B wax, which gently underpins the corn. Usually it takes only 48 hours to end the corn completely.

C is rubber adhesive which sticks without wetting. It wraps around the toe and makes the plaster snug and comfortable.

Blue-jay is applied in a jiffy. After ten minutes the corn is done for. The action is gentle, and applied to the corn alone. So the corn disappears without soreness.

A is a thin, soft pad which stops the pain by relieving the pressure.

WHAT IS DOING IN SCOTSTOWN

Large Freight Train Stalled. Good Roads Gives Boost to Business.

SCOTSTOWN, Nov. 29.—(Special) Wednesday afternoon one of the through freights, a double header, was stranded here at the station for some time, and finally had to go on with less than half a load. The cause was that one of the locomotives went dead. For some reason the water had leaked out of the boiler, and the fire had to be dumped to avoid blowing up the boiler or burning out the plates.

One of the local dealers had five cars of oats come in on the same day this week. There surely will not be shortage of feed oats for a week or two, as this means about 10,000 bushels.

LETTERS TO THE EDITOR

JUSTICE AT EAST ANGUS.

Sir—In reply to Mayor Grondin's letter of the 27th, I wish to correct a statement made by him. He refers to instructions cast by preachers of re-arranging and accuses the Unionist speakers of calling the French-Canadians "slackers" and disloyal. Mr. Grondin was not present at the meeting in question and knows nothing of the speakers and the nature of their remarks. Let me say that no such reference was made about the French-Canadians, and at the Unionist meetings which I have addressed in Compton county I have never heard such accusations made, and have never made any myself.

The rest of the letter needs no answer from me, and as far as I am concerned this affair is dropped, and I sincerely hope that in the future we can hold our meetings in peace and quietness.

IT'S NICE TO MEET SUCCESS

When you see success coming towards you it's pleasant to meet it. The ones who will own lots in Model City will enjoy this sensation, for they will see the city building right over them. In only a few months work will be resumed in building the remaining 78 houses, for already 21 are nearly finished. This alone is quite a town. The Cotton extension will be the biggest structure in the city. The dimensions are said to be 700 x 200 feet. Highland lots are just across the way, and the city can't grow in that direction without building on this property. That's the situation.

THANKSGIVING DAY IN THE UNITED STATES.

Today, November 29th, is Thanksgiving Day in the United States, and a general holiday in the sister country from the Atlantic to the Pacific, and from the Canadian border to the Gulf of Mexico. On this eventful Thanksgiving Day the United States is at war, and is allied with England, the mother-country, against oppression, tyranny and crime, fighting for humanity, for civilization, and for righteousness. In all her churches today will go up a cry for help and strength in the great struggle, that "liberty shall not perish from the earth."

CREATOR'S VISIT POSTPONED THROUGH ILLNESS

Mr. Teel, manager of His Majesty's Theatre, has received a communication from the agent at Quebec to the effect that Creator, who was to appear here with his company on December 12th, is suffering from nervous strain and owing to his serious condition his doctor has ordered him to suspend work. This has necessitated the closing of the tour temporarily. It cannot yet be stated definitely when the tour can be resumed, but Creator's secretary does not think it is possible before the middle of January. A further announcement will be made in due course.

BUSINESS PREMISES LEFT UN-SECURED AT NIGHT.

The chief of police requests that merchants and storekeepers will see that their doors are locked at night. For several months the policemen on beat in the business sections of the city have had to call proprietors many times a week in the middle of the night to go and secure their premises.

This neglect not only causes extra work for the police force, but is an inducement to burglary.

The annual meeting of the Tuque Rouge Snowshoe Club was held in the Monumental National on Tuesday evening under the presidency of Mr. C. C. Cabana. There was a large attendance.

CELEBRATE 20TH WEDDING ANNIVERSARY

An interesting, as well as an enjoyable time, was spent at the home of Mr. and Mrs. J. W. Gillis, Willowdale, on Saturday evening, November 24th, it being the 20th anniversary of their wedding. Upwards of seventy-five guests assembled and were received cordially by Mr. and Mrs. Gillis. The evening was spent in dancing, games, and cards, and shortly after eleven dancing was brought to a close when very dainty refreshments were served. Mr. Ducker, with a few well chosen words, then presented to Mr. and Mrs. Gillis, a china dinner and tea set, along with several separate pieces of china, as a slight token of remembrance from their friends, who had gathered to wish them all "good wishes." Several others were then called upon to make speeches.

A very pleasant evening was brought to a close by singing "For they are jolly good fellows." "Good night, Ladies" and "God Save the King." Three cheers and a tiger were then given to Mr. and Mrs. Gillis, who thanked their friends very kindly for giving them such a pleasant evening and for all their kindness.

LITERARY SOCIETY AT HIGH SCHOOL.

The Literary Society recently formed in the Sherbrooke High School, held its first and a very successful meeting in the Assembly Hall on Saturday evening, all the members from Grades 8, 9, 10 and 11 being present. Principal Lockhart was present, and a very interesting debate took place on the question, "Is the work of the farmer more valuable to the community than that of the manufacturer?" Two members on each side took part and the subject was ably handled, very logical arguments being adduced for and against. The debate was listened to with marked attention, and at its close, the judges, Miss Mallory and Professor Dubois decided in favor of the manufacturer.

A short musical programme followed.

FAITH WAS WEAK.

During an extended drought in the land that the ragtime song-writers called a gathering of his colored brethren to supplicate the Lord for rain. Before he opened his sermon the "Rev'rend" surveyed his congregation critically, and with increasing dissatisfaction. At last he lamented:

"De lack ob faith ob yo' niggers is scandalous and sinful, and makes my heart sore and weary, and afeared for your souls! Heah we hab gathered to beg de Lord to stop de drought dat is burning up our fields, and to bless us with rain in abundance. And not one—no, sah!—not one ob yo' disgraceful sinners had faith enough to bring an umbrella to go home with!"

MDE. BERNHARDT IN SHERBROOKE ON MONDAY

Greatest Woman of Her Age Will Give Performance Here.

Sherbrooke, on Monday next, will greet the greatest actress of the age, and the most remarkable woman of her time in the person of Madame Sarah Bernhardt.

The Montreal Gazette referring to the Monday evening performance in Montreal says in part:

"As the Queen of Tragedy, who portrays the deepest and grandest of human emotions, Sarah Bernhardt is supreme. 'La Mort de Cleopatre,' which she played last night at His Majesty's, a drama by Maurice Bernhardt and Henri Cain, is perfectly adapted to the temperament and genius of the great actress. The play deals with the last hours of Cleopatra's life, the wonderful personality of the Queen of Egypt whose determination to die rather than to be taken captive by the Emperor Octavius is vividly depicted by Sarah Bernhardt."

"The scene in her palace is richly Oriental, on the terrace behind is the Nile winding its sinuous course in a gleaming silver band beneath the moonlight and all the glories of the African night seem to make themselves felt. In this extremely tragic drama, Sarah Bernhardt voices the two great passions, love and hatred. In her golden voice with its rich tremolo, she denounces furiously the traitor, Pharoos, and with furious strength puts an end to his life. What a contrast were the tones of soft passion, which she employed in speaking of her adored Mark Antony. 'My hero!' she cries, and her whole being vibrates with love.

"The brief reunion of the two lovers, each so imperial, is a triumph of passionate acting. 'Oh, Marc Antoine mon adore!' Into these few words Sarah Bernhardt put all the fire of genius for tragic moments. Then suddenly the loving woman becomes the proud queen and repudiates with scorn Mark Antony's words that she will become the mistress of the conqueror. After the departure of her lover, the queenly manner gives way momentarily, and then, with a courage born of pride and ancestry, Cleopatra takes the poison.

"Sarah Bernhardt never fails to appeal at this moment of the tragedy; the eyes of all are turned from the sobbing slaves to the queen herself. Then suddenly, with all the fire and life of her most triumphal days, she rises at the entrance of the conqueror, who hides his face before the majesty of this great queen, who will never succumb to slavery...."

MISSIONARY SERVICES

The annual Missionary services in connection with the Methodist Church were held on Sunday morning and evening last. Rev. S. W. Boyd, the pastor, was fortunate in securing the assistance of Rev. J. D. McEwen, a missionary who has spent many years in Missionary work in Brazil. Mr. McEwen rendered excellent service to the Missionary department of the Methodist Church description of Brazilian life with his dashes of humor, held his audience from start to finish. His appeal for a broader missionary outlook and more liberal support was strong and effective, resulting in a decided increase in the missionary givings.

DAILY NEWS FROM TOWNSHIPS

SCHOOL BOARD AT EAST BOLTON. EAST BOLTON, Nov. 29.—(Special)—The School Commissioners met at Bolton Centre on Saturday afternoon. Considerable business was discussed and transacted. Mr. W. E. Juby was appointed secretary-treasurer in the place of Mr. H. O. Scott, who, owing to ill health, found it necessary to resign after having most satisfactorily filled the office for the past thirteen years.

AGAIN, WHAT'S IN A NAME?

People are telling of a western co-educational establishment which has summoned six of its young women students to appear before a notary, on the campus, and make affidavit as to their real names. This all comes about, it would appear, by reason of the tendency, among young women, in and out of college, to spell Edith, "Edyth," Grace, "Grayce," Ethel, "Ethyl," Elizabeth "Elyzabeth," and so on. One reason, presumably why the managers of the school referred to desire to check this tendency is because they do not wish the young men in the institution to begin "writing their names," "Wylliam," "Arthyr," "Thomys," "Edwyrd" and "Josyph," as some of them have begun doing, but, of course, only for the joke of the thing, thus far. Names, however, are not things to be trifled with.

HUN PROPAGANDA IN RUSSIA IS ON THE INCREASE

WASHINGTON, Nov. 29.—German propaganda is increasing in intensity, according to information received at the Embassy here from the Russian Ambassadors at Paris and Rome. Every effort, they reported, is being made to misrepresent the attitude of the Entente powers and that of the United States and misleading announcements of policy are being spread in Russia and in other countries. In some circles it is believed that the representatives of the allied powers now in Paris already may have served notice on the Trotsky-Lenine faction that any intercourse with Germany would be looked upon as severing relations. It was not apparent here if any such message had been sent.

ROYEA — LITTLE. BROME, Nov. 29.—(Special)—A very pretty home wedding took place Tuesday, November 27th, at the residence of Mrs. H. Lytle, on Valley Road, Brome, Que., when her daughter, Myrtle Mary, was united in the holy bonds of matrimony to Mr. Carl Royea, son of Mr. and Mrs. Lewis Royea, of Sutton Junction, Que. The ceremony was performed by the Rev. Mr. Walsh, of Brome, in the presence of the immediate relatives of the bride and groom. The bride was gowned in white velvet with bridal veil, and looked very charming and girlish. CONFERENCE FIXED FOR DECEMBER 2. PETROGRAD, Nov. 28.—The Germans have set December 2 for a conference for negotiation of an armistice.

THE KITCHENER MYSTERY. The Kitchener mystery was discussed at Claxton Hall a few days ago. Colonel Cassel declared it was monstrous that after three years of war there should be thousands of Huns free to move about and carry on their business in this country to the detriment of our own people. He read a document which stated that before Lord Kitchener's death the following telegram was sent from London to Holland: "Shall Horbert enter the Legal Academy next December?" The initial letters of this practically spent "Shetland." The news of Kitchener's death, strangely enough, was known in Berlin before it was known in London.

WOMAN SUFFRAGE IN ITALY. Italian statesmen, having been asked to go a mile in granting new privileges to women, have gone train. Minister Sacchi has recently introduced a bill to abolish martial authority—and the Parliamentary Commission has completed it, and added an article "intended to recognize women's right to exercise all liberal professions and be eligible for all posts of public employment except judicial functions, political rights and the military defence of the state." The commission will demand among other things, that qualified women lawyers be allowed to practice. This movement has already received the support of a large number of deputies, who will present a resolution that if the government passes the martial authority abolition bill it may include the amendments put forward by the commission.

MILITANT WOMEN LIBERATED.

WASHINGTON, D. C., Nov. 28.—All militants of the women's party who remained in jail after yesterday's release of the hunger-striking twenty-two, were released today. This entirely cleared the jail and workhouse of the women imprisoned for picketing the White House.

IMPEACHMENT OF LOUIS J. MALVY

Chamber of Deputies Adopt Committee's Report on Charges Against ex-Minister of Interior.

PARIS, Nov. 29.—Although the Chamber of Deputies ordinarily does not sit on Wednesday, a special session was held yesterday to discuss the report of the Committee of thirty-three which has been charged to examine if there was occasion to impeach Louis J. Malvy for crimes committed when he was minister of the interior. By a small majority the committee approved the impeachment. It avoided, however, any investigation of the charges, merely attaching to its report, copies of a speech made in the Senate on July 22, by Premier Clemenceau, M. Mal-

IMMENSE SUPPLIES OF POTATOES IN MARITIME PROVINCES

(Canadian Press Despatch.) MONTREAL, Nov. 29.—Adelard Fortier in a report to the Chambre du Commerce on the agricultural conditions in Canada, attributed the scarcity of potatoes in Montreal to the shortage of railway cars, while in the Maritime Provinces there is such an immense supply of potatoes the farmers are obliged to sell them for practically nothing.

vy's report on the proceedings in the Chamber on October 4, when editor Daudet's letter accusing him was read and ex-Premier Painleve's declaration on October 16, in regard to M. Malvy. The Chamber adopted the Committee's report by a vote of 511 to 2.

SAYS ALLEGED STATE PAPER IS FABRICATION

Russian Minister at Stockholm Denies Sending Message as to Seizure of Swedish Mail Pouches.

(Associated Press Despatch.) STOCKHOLM, Nov. 29.—At least one of the alleged diplomatic documents now being published by Leon Trotsky, the Bolshevik Foreign Minister, is a fabrication, according to M. Coukveitch, the Russian minister here. The document in question purported to be a telegram sent by Coukveitch to Petrograd, declared that he had been informed from Madrid of the proposed seizure of Swedish diplomatic pouches, and protesting against it on the ground that it might alienate the new Swedish Gov-

ernment. M. Coukveitch authorizes the statement that this despatch as published in the Petrograd newspaper, Pravda, by the Bolsheviks is a deliberate fabrication. He adds: "I never sent such a telegram to anybody. Any non-partisan reader can understand how absurd it is in view of the fact that I could not possibly have received such information from Madrid." "The Minister also issued a warning to Sweden to be on their guard against further efforts of the same sort by the Bolsheviks."

SUGAR FOR OVERSEAS FORCES.

(Canadian Press Despatch.) OTTAWA, Nov. 29.—A communication issued by the Food Controller's office says it is now ordered that sugar, refined and unrefined, including maple sugar, may be exported by parcel post up to regulation weight, when consigned and intended for military and naval forces overseas, the limit of weight to the United Kingdom being eleven pounds, and for furtherance to France seven pounds.

ACTION OVER SALE OF HORSES

Alphonse Lepage Obtains Judgment Against P. Monpas.

The case of Alphonse Lepage, master carter of this city against Phillas Monpas, also of Sherbrooke, was heard before Mr. Justice Globensky on Tuesday in the Supreme Court. The plaintiff Lepage took an action in revindication against the defendant of a pair of horses, a wagon and harnesses of the value of \$225. He alleged that he sold those articles on the 8th of May, 1916, for which the defendant gave him a lien note, payable at three months; that the defendant did not pay anything on the note and that the plaintiff was entitled in law to revindicate the goods conditionally sold, and to claim the sum of \$144 for the value of the rent of said goods; that the defendant refused to deliver the goods to the plaintiff.

The defendant pleaded that after the note was made, one of the horses was returned to the plaintiff and exchanged for another with the understanding that the horse returned would be given back to the defendant, on the 15th of August; that the plaintiff sold the said horse and therefore the defendant was not bound to pay the note until the plaintiff returned the horse to the defendant. The learned judge, after hearing the evidence, maintained plaintiff's action in revindication, ordered the defendant to return the articles and condemned him to pay the value of the rental of the horses, \$144, with costs, as in the action brought. Mr. Emile Rioux, K. C., was attorney for the plaintiff.

Zionist Leaders in London Approach Government For Permission.

(Associated Press Despatch.) NEW YORK, Nov. 29.—Permission to send a Jewish relief and administration commission to Palestine is being sought from the British Government by Zionist leaders in London. It was announced here to-day by the provisional Zionist committee in this country. If the British Government grants the request, it was stated, all the available Zionist funds being raised in England, Russia and the United States will be sent forward to Palestine in about six weeks in aid of the committee.

WANTS RETRACTION FROM HARRY LAUDER

Mayor Martin of Montreal Takes Exception to Remark Made Relative to French-Canadians.

(Canadian Press Despatch.) MONTREAL, Nov. 29.—Mayor Mederic Martin wrote a letter today to Harry Lauder, asking the comedian to retract a statement which Lauder is credited with having made at a luncheon of the Rotary Club in this city one day last week when the noted Scotchman was the guest of honor. The mayor quotes the objectionable remark as follows: "If French-Canadians believe they have French blood in their veins they deceive themselves, as they have only bastard blood." His Worship refers to this remark as infamous.

ONTARIO LIBERALS BEHIND QUEBEC

Mr. H. Dewart, M.L.A., Toronto, Makes Statement Before Montreal Reform Club.

(Canadian Press Despatch.) MONTREAL, Nov. 29.—"I want you to realize that the Liberal party of Ontario stands behind Quebec, because we believe Quebec will do her part as well as Ontario, and if I did not feel like this I would not be supporting Sir Wilfrid Laurier to-day," said Mr. Hartley Dewart, M.L.A., Toronto, at a luncheon in the Reform Club here to-day. Mr. Dewart declared that Sir Wilfrid stood for the fullest measure of support to the boys at the front, and the claim that Sir Wilfrid's policy meant delay was pure nonsense.

MASSACRE OF TRIBES IN CENTRAL RUSSIA

Slaughter Was Ordered at Instance of Agents of Russian Emperor.

(Associated Press Despatch.) LONDON, Nov. 29.—Half a million members of the Kirghiz tribes were massacred by agents of the Russian Emperor in 1916, according to a correspondent of the Manchester Guardian, who has been travelling in Central Russia. This was punishment for a rebellion against military service by the Central Asian Moslems. Two million Nomads, who have gradually been forced eastward by the acquisition of the grazing lands by the Emperor, ministers and others, who killed the lands with Ukrainian peasants, took part in the rebellion. Civil war is still progressing between Nomads and the Russian peasants, according to the correspondent.

Prisoner was sent to jail to await his trial.

TREATIES BETWEEN ALLIES PUBLISHED

Diplomatic Documents Set Forth Agreements With Russia as to Palestine and Persia.

(Associated Press Despatch.) MANCHESTER, ENG., Nov. 29.—The Manchester Guardian's correspondent says that among the secret diplomatic documents published by the Leninite regime was one setting forth an agreement between Russia, France and Great Britain, under which Alexandretta, (Asiatic Turkey) was to be a free port, and Palestine a protectorate under Russia, France and Great Britain. Great Britain was to receive the neutral zone in Persia, except Ispahan and Yazd, which were to go into Russia sphere. "Another document, signed by General Polivanoff, the former Russian War Minister," the correspondent continues, "says that a Russo-Roumanian military and political convention was concluded in August, 1916, giving Roumania Bukowina, and the Banat (in Hungary between Maros and the Danube) and Transylvania. In this document General Polivanoff says in the event of Roumania's success she will be a powerful country with a population of 13,000,000, that she hardly will remain friendly to Russia over Bessarabia, and will lessen Russia's influence in the Baltic.

"In view of this," General Polivanoff continued: "The collapse of Greater Roumania is an idea not against the interests of Russia, and the present condition in Roumania must be used to strengthen those ties by which she is compulsorily bound to us."

MINISTER APPROVES E. T. ROAD PLAN

States Money Will Be Available for Through Highways Next Spring if Municipalities Apply Now.

The delegation appointed by the Good Roads Committee of the Associated Boards has had an interview with the Hon. Mr. Tassier, with very satisfactory results.

The Minister gave his approval of the roads outlined at the recent meeting of the general committee. He stated that if the municipalities on these routes passed resolutions applying for money on the three per cent. forty year plan it would be granted and would be available for road construction next spring.

The Minister stated that there was no stated form of resolution required for municipal councils. He, also, pointed out that it was not necessary under the law for the municipalities to submit to the ratepayers the question of borrowing money from the Government for road work.

The Minister said the Government would be prepared to send its engineers over the proposed routes early in the spring for the purpose of making estimates and so forth. Generally speaking the cost will run from two to three thousand dollars per mile. Municipalities pay interest only on money actually received, not on the total amount allotted and where only a portion of it has been received by the municipality.

Asked with regard to the maintenance of roads constructed under the Government plans the Minister stated that the Government allows fifty per cent. of the cost of maintenance. The Government sends inspectors over these roads early in the spring, who report on the work that must be done for their maintenance.

The Minister strongly favors gravel roads and enquired particularly as to gravel available along proposed roads.

The Minister stated that the projected road from Beauceville on the Levis-Jackman highway to Sherbrooke would probably be built next spring. He stated also that applications already before the Government ran into a very large sum of money.

It is important, however, that all Board of Trade Committees along the routes outlined by the general Committee should interview the Councils of their district at their December meeting and continue their work until these Councils have passed the necessary resolutions.

It is expected that the committees of the various boards of trade located on the proposed routes will interview the Councils in municipalities in their vicinity at the December meeting.

The committee is directing its immediate efforts on behalf of the Sherbrooke-Montreal road, the Postville-Lacolle road, the Sherbrooke-Richmond-Danville road, and unbuilt sections of the Lennoxville-Norton road. Decisive action on the construction of these roads is expected to be taken early in the spring.

If municipalities act quickly and routes is an early possibility.

A SLUGGISH LIVER Causes Lots of Trouble

When the liver becomes sluggish it is an indication that the bowels are not working properly, and if they do not move regularly many complications are liable to set in.

Constipation, sick headache, biliousness, jaundice, heartburn, water brash, catarrh of the stomach, etc., all come from a disordered liver.

Milburn's Laxa-Liver Pills are a specific for all diseases or disorders arising from a slow, sluggish, lax or torpid liver, and they have been universally used throughout Canada for over 20 years with the greatest success.

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Hurrah! How's This Cincinnati authority says earns dry up and lift out with fingers.

Hospital records show that every time you eat a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezeone can be obtained at little cost from the drug store but it is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freezeone on a tender, aching corn and soreness is instantly relieved. Shorty the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

A BRICK? OR A HEART?

When a man is requested to lend money, he usually asks four questions about the would-be borrower: 1. What is his character? 2. What security does he offer? 3. Why does he want the loan? 4. What interest will he pay?

All these questions are important. Men who can offer only moderate security and who will not pay extortionate interest, are getting loans on the strength of their character and the purpose to which they intend to put the money. A slightly blemished reputation meets a chilly reception when it goes a-borrowing nowadays, and a man will be curiously refused a loan where-with to buy his wife a motor car for Christmas, when he would be readily granted it for a legitimate extension of his business.

Canada is shortly to ask a loan from her citizens, and they have exactly the same right as any lender has to satisfy themselves as to the desirability of the investment. They will, therefore, enquire first as to the borrower's character and any broker will tell them that there is not a single black mark against Canada's record in the markets of the world. Very good, then; but what security is offered for this tremendous sum of \$150,000,000 which the Dominion is asking her people to contribute? The wealth of Canada is the security; all that she has and all that she is; all her forests and her mines; all her natural resources, unsurpassed the world over.

And why does Canada need the money? To waste on luxuries? Not at all—but for the stern necessity of war. The object of this loan is Victory; it is called a Victory Loan. Then about the interest? Canada will pay handsomely. A straight business proposition and a mighty attractive one!

Yet it is more than a business proposition, and therein lies its special appeal. A professional money lender will unhesitatingly advance money to a man of good character for a proper purpose if he will furnish first-class security and pay reasonable interest; but an ordinary citizen may well say, "Yes, the loan would doubtless be all right, only I'm not in the loaning business." So far, so good. Yet if the man who wants the loan is one to whom the citizen under an obligation that puts a different face on the matter. The citizen then says: "I'm not in the loaning business, but this man who wants money is my friend; I owe him a debt of gratitude for things which he has done, so I'll open my purse to him." And unless he has a brick where his heart ought to be, he does open his purse.

That is Canada's case exactly. She asks a loan—not from a stranger, but from her sons. And those who have never lent money before should lend it now.

EXEMPTION OFFICER DENIES CHARGES

Jules Gobeil Threatens Suit For Statement That He Acted Irregularly.

(Canadian Press Despatch) QUEBEC, QUE., Nov. 29.—Jules Gobeil, a member of the Military Exemption Board at Bale St. Paul, against whom charges have been made by A. H. Simard, also a member of the Board, who has since resigned, stated in an interview here last night that he will enter suit for damages against a French paper here for publishing the charges and also against Simard.

He states that on nomination day Simard invited the Liberal candidates to the tribunal, where they had an anti-conscription meeting, and it was the fact that the matter was reported to Ottawa that caused them to come forward with charges which Mr. Gobeil denies absolutely.

WILL APPEAL CASES WHERE ATHLETES HAVE BEEN EXEMPTED

Many Able to Play Most Strenuous Games Try to Escape Service Through Pull.

(Canadian Press Despatch) MONTREAL, Nov. 29.—An officer of one of the local hockey clubs has been notified that the military authorities will make an appeal in the case of every hockey player who has been exempted from serving at the front, as it is considered that too many of these men, in the best of health as they must be to play the most strenuous game in the world, are trying to escape through political or other influences. This will apply not only to the Montreal district but all over Canada. Cases of other first rate athletes in other strenuous branches of sport such as polo, running and lacrosse, who have slipped through by means of some merely technical weakness in their physique will also be reopened, as it is considered that while they might not be specially fit for one branch of the service, they might be exceedingly useful in others.

LONDON, Nov. 29.—Fourteen British merchantmen of 1,600 tons and over, and seven of less than 1,600 tons, were sunk by mines or submarines last week, according to the weekly Admiralty statement issued last evening. Last week's admiralty report announced the sinking of seventeen British merchant vessels—ten of more than 1,600 tons and seven of less tonnage. The week previously only one craft of 1,600 tons and over and five of less tonnage were sent to the bottom.

The Admiralty statement follows: Arrivals 2,958, sailings 2,122. British merchantmen over 1,600 tons sunk by mine or submarine, including one previously, 14; under 1,600 tons, seven. Fishing vessels sunk, none. British merchantmen unsuccessfully attacked, including one previously, eight.

HOPE OF AVOIDING STRIKE OR 35,000 TEXTILE WORKERS

(Associated Press Despatch) FALL RIVER, MASS., Nov. 29.—Hope of avoiding a strike of more than 35,000 textile operatives, set for next Monday, was felt in mill circles last night, when the Fall River Textile Council agreed to a proposition made by Mayor Kay to have an executive committee of the Council meet representatives of the manufacturers on Friday. The operatives demand a wage increase of 15 per cent., and have refused a compromise of 12-1-2 per cent.

INTERVENTION OF U. S. YET VEILED TO EYES OF EUROPE

(Associated Press Despatch) PARIS, Nov. 29.—In discussing the inter-allied conference in an interview in the "Petit Parisien," Viscount Northcliffe says: "The unity of control which will issue from this conference is essential for more than one reason, but especially because it will permit the allies to use to its full extent the generous abundance of resources which the United States will place at their disposal. The importance of American intervention only appears as yet, but indistinctly, and veiled to the eyes of Europe. It is too difficult to imagine what is happening five thousand kilometres from here."

The supper was followed by a political meeting attended by the electors and addressed by both candidates. Mr. C. J. Cushing acted as chairman. Mr. W. L. Shurtleff was heard first in favor of the Union Government. Mr. W. K. Baldwin followed supporting the Laurier policy. The meeting was orderly and both candidates were on the most friendly terms apparently. Mrs. C. H. Remick was the hostess at a patriotic meeting on Tuesday, when plans were made and good work accomplished.

MORE RUSSIAN SECRET DOCUMENTS GIVEN TO PUBLIC

One Telegram Tells of Efforts to Make Peace With Russia.

PETROGRAD, Sunday, Nov. 25.—The Bolshevik Government continued today the publication of secret documents of the old government. Among the documents printed today was a telegram from M. Safoff, the former foreign minister, to the allied countries, dealing with the effects of Germany to make peace between Germany, Russia, and Japan through the German embassy. M. Safoff is reported as having said that he advised the Japanese ambassador that Russia was willing to listen to a peace proposal, providing the proposal was made to Russia, Great Britain, France and Japan, in which event he would notify Italy which then was not in the alliance.

Another telegram sent by the Russian ambassador at Rome, October 31, 1917, told of a desire of the Italians to have Russia make an attack against the Austro-Germans to relieve the pressure on Italy.

DENIAL FROM THE VATICAN

Denies That Propaganda Was Responsible For Break in Morale of Italian Troops.

ROME, Tuesday, Nov. 27.—Speaking in the name of Pope Benedict the Papal Secretary of State, Cardinal Gasparri, today, issued a general denial of the reports that the Vatican was working in the interest of a peace which would not be just or durable, and that propaganda from the Vatican was responsible for the breakdown of the morale of the Italian troops, with the consequent recent defeat on the Isonzo.

It is stated that army chaplains worked to prevent demoralization of the troops. It is also said that the Pope disapproves of "chain prayers" and other peace efforts of this nature.

HEAVY ICE ON ST. LAWRENCE RIVER

Lighting Buoys Sent Adrift. Steamer Quebec Damaged.

QUEBEC, QUE., Nov. 29.—So thick was the ice grown on the river that a large quantity of lightning buoys have been set adrift, the sudden cold wave having taken the navigation authorities rather by surprise. The steamer Quebec, of the Canada Steamship Lines, Limited, arrived from Montreal, late yesterday evening, in a damaged condition, after passing through thick packed ice.

She was to return to Montreal today, but if she does, it will be necessary to tow her, for her injuries received will not permit her taking the trip otherwise. The ice is so thick down the river below Quebec that there is no ferry service between River Ouelle and Murray Bay.

REFUSED TO NEGOTIATE AN ARMISTICE

PETROGRAD, Nov. 29.—The removal of General Balueff, commander on the western front, is reported by the Revolutionary Committee at Minsk. LONDON, Nov. 29.—Mr. Arthur Henderson, secretary of the labor party, has received a telegram from Camille Huysmans, secretary of the Socialist Internationale, which the Times understands, suggests a reconsideration of the question of an international socialist conference, and asks Henderson to get into touch with French Socialists. Mr. Henderson will submit the telegram to the labor party executive today.

GERMAN SOCIALISTS WILL GIVE SUPPORT

LONDON, Nov. 29.—Concerning the proposal of M. Stauning, leader of the Danish Socialist party, for a conference of the socialist internationals next month to further a general peace, an Exchange Telegraph despatch from Fredensborg, Denmark, says: "The 'Vorwaerts,' (of Berlin), says that the German Socialists would support the proposed new internationale peace conference as warmly and enthusiastically as they did for the Stockholm conference, and declares the new conference will not be dependent upon the insurance of passports by the Entente powers. The conference, it adds, held only for international socialists, cannot allow the governments of states, which are only apparently democratic, to deprive them of the right to influence the peace question."

APPEAL TO SWEDEN TO SAVE FINLAND

Should Be Protected For Humanitarian Rather Than For Political Reasons.

LONDON, Nov. 28.—An Exchange Telegraph despatch from Copenhagen quotes the Stockholm "Alltbladet" as advising Swedish or joint "Scandinavian" interference for the salvation of Finland, for humanitarian rather than for political reasons. The newspaper says Sweden has sufficient means to carry out intervention in the interest of culture and humanity and for the protection of Swedes and of Swedish property in Finland.

MONTREAL, Nov. 28.—The city council has decided to accept the offer of the Bank of Montreal to advance the city \$6,900,000 to meet the payment of a loan for that amount coming due December 1.

PRESIDENT WILSON AT WORK ON ADDRESS

WASHINGTON, Nov. 29.—President Wilson continued work today on his address to the Congress, which will be delivered in person, as usual, next Tuesday. The address is in a rough draft, and probably will not be printed in finished form until very shortly before delivery. On that account it probably will not be supplied very much in advance to the newspapers, as is the general custom.

RAILWAYS WILL POOL INTERESTS

PITTSBURG, PA., Nov. 29.—Pooling of the equipment, including trackage, cars, locomotives and employees of the railroads of the Eastern district of the United States, comprising the territory east of the Mississippi and north of the Ohio and Potomac rivers, as agreed upon by the railroad war board a few days ago, was today placed in charge of a committee representing the principal eastern lines.

"UNEASY LIES THE HEAD."

The Crown Prince is getting nervous about his imperial future. Addressing recently a brigade of Rhine youths attached to his army he said: "A few miles from here your fathers and brother are waging a desperate struggle for the existence of the German Empire. Your duty is to be worthy of them. Influences are at work which seek to undermine the Empire and the monarchy and which desire to see discord between the people and the throne because they know that otherwise Germany is invincible. It is also your task to frustrate these plans! One counts upon you!"

A SERGEANT'S LAMENT.

Sergeant Frank Punchard writes what he is afraid will be his last epistle from the trenches:

"I am on my way down to the base with wounds on both legs, a shattered left hand, and my right arm good at all manageable. Pardon my calligraphy heretofore. I was unfortunate enough to get in the way of a shell, and my lament is that, after all these weary months waiting to make a mark on the enemy they have made their mark on me. The curious feeling I have now is that, with the anesthetics I feel better in health than I have been for months. It was difficult at first to realize that I could not obey the usual call to march to the trench. The doctor says that these wounds of mine will incapacitate me, worse luck for future fighting. Ah well, I can sell matches or laces in London, where the people will always be kind to the war-kicked soldiers, or I may hit across the pond to see what Canada has to offer to a whole man, barring a few chips here and there. One more word; the nurses and doctors are God's people."

TRAINING THE DOG.

It is easy enough to train shepherd dogs if they are taken as puppies. When the sheep are lambing, take a lamb away from its mother and put the puppies on the ewe. Keep the ewe tied up for a few days and see that the little puppies nurse her; then it

will not be long until she will think as much of the pups as she does of her lamb. As soon as the pups are old enough to follow the sheep let them go with the bunch and they will soon be taking care of the sheep. The dogs will soon learn to take them out of the sheds in the morning and bring them back at night. And if a strange dog or wolf comes around, one dog will stay and fight while another will obey promptly. It is essential that they shall be fed with some sort of system and it is well to have them on a degree of intelligence that is marvellous. They can soon be taught the master's calls or signals and will obey promptly. It is essential that they shall be fed with some sort of system and it is well to have them understand that this is their reward. If one has a good working dog, it is surprising how readily a young animal will learn from the old one. But the masters do not always have an old dog, and then the trainer must play the dog himself and do a little running. Everyone has his own whistles or words of command, and a dog soon catches on.

DRAG NET OUT FOR SLACKERS IN MONTREAL

Men Who Have Failed to Perform Duties Under M.S. Act to be Arrested on Sight.

(Canadian Press Despatch)

MONTREAL, Nov. 29.—The police today began to draw in the net which has been thrown out in the Montreal district for men who have failed to perform their duties under the Military Service Act.

"We are on the warpath," said Deputy Chief of Police Grandchamps this morning. "I have given instructions to every officer on the force to round up those who are liable to military service, or who may be presumed to be liable to serve."

Eugene Godin, the local registrar under the Military Service Act, has supplied the police with a large number of names of men who have failed to come forward.

The men will be arrested on sight and taken to the police station, where they will be treated as deserters.

Incidentally the police expect to clean up certain districts of the city where men, living on vice, congregate.

IMPOSSIBLE TO GRANT FURLOUGH AT PRESENT TIME

Reinforcements Must Be Had Before Decision is Made Says Minister of Militia.

(Canadian Press Despatch)

OTTAWA, Nov. 29.—Asked this morning as to the statement attributed to him by Mr. A. E. Fripp, at a meeting held last night that if 100,000 men were obtained through conscription, the men of the first Canadian division overseas, would be allowed a furlough, Major General Mewburn, Minister of Militia, declared that until sufficient reinforcements are available, it is impossible to grant a furlough. The Minister of Militia issued the following statement in connection with the matter: "The Department of Militia and Defence some time ago took up the question of the possibility of giving men of the first contingent furlough to come home, especially the married men."

Australia, also desired to give their first contingent furlough. The lack of reinforcements made it impossible in both cases, to carry out the desire of the military authorities. The matter has again been taken up with the overseas authorities to see if anything can be accomplished, and General Currie is as anxious as anyone else that these men, who have borne the burden at the front for some three years, should be relieved but it is impossible at the present time to carry this out, until sufficient reinforcements are available."

We trust you will give this your consideration. Wishing you all kinds of success in your campaign."

WAITING FOR THE CACKLE. Scotch cannyness and thrift were illustrated recently by an incident which occurred "Somewhere in France" Sandy had been out on a foraging expedition and had returned with a good fat hen under his arm. He was about to decapitate it for roasting when another Scotchman interfered.

"Will ye no bide a wee, Sandy?" he suggested cautiously. "Leave that bird till the morning. She might lay an egg."

GALLANT PART PLAYED BY THE GUARDS

(Via Reuter's Ottawa Agency) BRITISH HEADQUARTERS IN FRANCE, Nov. 29.—A gallant part was played by the Grenadiers, Coldstream, Scots and Irish Guards in Tuesday's battle in the vicinity of Fontaine. A little further off was the German Third Guards division of which we had taken prisoner a large number. The British men had also severely handled the 118th Prussian Division. When our men advanced the enemy put down a most heavy barrage behind them, but did not cause any casualty. Little opposition was encountered for the first 300 yards and then a perfect hailstorm of machine gun fire broke from the village, and the direction of Lafolie Wood.

Steadily the guardsmen went forward, entering the bullet swept streets of the ruined village and then breaking off into attacking parties to deal with the various enemy nests. House after house was cleared out and the number of prisoners rapidly mounted. Well into the forenoon, when the village was carried, two German divisions specially brought up counter-attacked.

Canadian Press Despatch) MONTREAL, Nov. 29.—Addressing an audience in Verdun last evening, Hon. C. J. Doherty, Minister of Justice, said that the Government expected to get the 100,000 men required under the Military Service Act from the single men class. Continuing, the Minister of Justice stated: "I have no desire to disguise the fact that if the class now called up does not produce the men wanted—which I look upon as incredible—I do not think that the people of Canada would suggest that we should drop our military effort because we do not get them from the unmarried men."

Mr. Doherty said the question of whether the number of men required under the Act was for the calling from the single men class depended on the proper administration of the measure. He said the people must not run away with the idea that because they saw in the newspapers that the local tribunals were indiscriminately granting exemptions, that meant they were doing absolutely settled things. What they were doing seemed to indicate that in some cases there were too many exemptions. He did not wish to pronounce judgment offhand without knowing all the facts. However, the decision of the local tribunals was not going to end it. Appeals would be taken whenever the circumstances justified them.

In conclusion Mr. Doherty said: "I may say with full confidence that we will secure from the single men class the 100,000 men, and that there is at the present time no intention that to get them it will be necessary to go beyond that class."

TEUTONS SUFFER HEAVY LOSSES IN ALBANIA

30 MONTHS FOR REFUSING TO REGISTER

Civil Service Employee at Ottawa Declared He Would Not Comply With M. S. A.

(Canadian Press Despatch) OTTAWA, Ont., Nov. 29.—Harold Morris, Civil Service employee, charged with refusing to register under the terms of the Military Service Act, was sentenced to two and a half years in the penitentiary this morning. Morris, who comes from Montreal, was working in the Lands Branch. He was arrested two weeks ago because of certain remarks he made publicly to the effect that he would not comply with the Military Service Act. Being in Class One, it was his duty to either report for service or claim exemption. When arraigned in police court, he told the court that he was opposed to the war, and would not submit his case to the arbitration of a military commission. Sentence was passed on him after he again refused to obey the law.

RESENTS ATTITUDE OF FORMER FRIENDS

Globe Objects to Laurier and Followers Usurping Title of Liberalism.

(Canadian Press Despatch) TORONTO, Nov. 29.—The Globe resents the attitude of some of its friends of other days in taking to themselves exclusively the titles and glories of liberalism. In an editorial today the Globe says:

"The brief but bitter note of 'one of the old Liberal guard,' published elsewhere on this page gives the Globe an opportunity of expressing once more its opinion of the partisan arrogance and the gross unfairness of the followers of Sir Wilfrid Laurier in reserving for themselves alone the title of Liberals. From the safe shelter of their anonymity they declare also that the Liberal press of the Dominion and the hundreds of thousands of Liberals who are supporting the Union Government are either corruptly influenced, or are the dupes and tools of 'big business.'"

"The combination of Quebec Liberals and Nationalists which forms the nucleus of the party led by Sir Wilfrid Laurier today—apart altogether from the supreme issue arising out of the war—does not represent now, and never did represent the more progressive wing of the Liberal party."

100,000 MEN EXPECTED IN FIRST CLASS

Hon. J. C. Doherty Says it is Not Anticipated That it Will Be Necessary to Go Beyond That Class.

(Canadian Press Despatch)

MONTREAL, Nov. 29.—Addressing an audience in Verdun last evening, Hon. C. J. Doherty, Minister of Justice, said that the Government expected to get the 100,000 men required under the Military Service Act from the single men class. Continuing, the Minister of Justice stated: "I have no desire to disguise the fact that if the class now called up does not produce the men wanted—which I look upon as incredible—I do not think that the people of Canada would suggest that we should drop our military effort because we do not get them from the unmarried men."

Mr. Doherty said the question of whether the number of men required under the Act was for the calling from the single men class depended on the proper administration of the measure. He said the people must not run away with the idea that because they saw in the newspapers that the local tribunals were indiscriminately granting exemptions, that meant they were doing absolutely settled things. CAUSE OF FIRE AT ST. HYACINTHE

Blaze Believed to Have Been Started by Lighted Match in Paper Chute.

(Canadian Press Despatch) ST. HYACINTHE, Nov. 29.—Water was still being poured on the ruins of the main building of the Grey Nuns' Hotel Dieu, of St. Hyacinthe, last night, the centre structure of which was totally destroyed by fire, early yesterday morning, when Police Chief Foisy met his death, and Fire Chief Bourgeois was injured in the leg and Fireman Brunet sustained a broken arm. Only the four walls of the ruined building stand today, the damage done being well over \$200,000.

Some seven hundred persons, nuns and inmates, are still quartered in the various houses of the town waiting until it is possible to return to the portions of the institution which have been saved. The St. Joseph building and the Orphanage are practically untouched. The fireman directed by Chief Bourgeois, who was injured on the night of the fire, are still working on the ruins.

The cause of the fire, while not definitely established as yet, is believed to have been started by a lighted match which was thrown by one of the old men in the Old Peoples quarters into a paper chute. The flames started in the first floor of the building and ate their way upwards to the two top floors.

Exact figures of the damage could not be given yesterday, but it is thought that the total loss will amount to over \$200,000. It is reported that the insurance carried on the buildings was \$80,000.
