City Council Decides to Purchase Merchants Bank and Beckett Properties—Price \$18,000.

Government to be Notified, at Once, That City is Prepared to Close Agreement re Court House Site—The Dressed Poultry Scheme.

The City Council met in adjourned session last night. Mayor Worthington presided and Councillors Cate, Fortier, Oliver, Codere, Thompson, Lanctot, Caron, Fuller, Jenckes and McManamy were present.

The minutes of several previous meetings were read and confirmed.

PETITIONS.

Mr. A. S. Hurd asked that a light be placed near his residence on Queen St. referred to light committee.

THE COURT HOUSE MATTER.

Councillor Fuller inquired if the city had anything official from the Government as to its intention re the new Court House.

The mayor complained that communications in this connection had come through Dr. Pelletier, M. L. A. There was no doubt of the Government's intention. Mr. Duffy, when here Exhibition time, had volunteered the statement that the Government was prepared to build on Market Square. Dr. Pelletier, who had a letter to this effect, which he (the mayor) and several of the councillors had seen.

Councillor Lanctot said he would favor writing the Government for some official letter to the city, declaring what the Government was prepared to do.

Councillor McManamy said he understood that it was the intention of the Council to proceed with the purchase of the property, without regard to the Government's intention. There was, however, no reason to believe that the Government would go back on its word.

Councillor Fuller thought the Council should have something official, as government promises sometimes did not amount to much.

Councillor McManamy thought that without building on government promise the city should proceed to the purchase of the properties.

Councillor Jenckes had understood that the purchase of the said properties was in the purpose of providing a site for new court house and city hall. He would not favor the purchase of the properties simply for the purpose of widening the street.

The Mayor said the letter held by Dr. Pelletier declaring the Government's intention could be obtained in ten minutes. It was sent for and in the meantime the council proceeded with other business.

DRESSED POULTRY CONCERN.

Councillor Thompson presented, in behalf of the Market Committee, a verbal

W. C. T. U. CONVENTION

Concluding Sessions Are Being Held To-day

LIST OF PROVINCIAL OFFICERS—ADDRESS BY MISS ANNA GORDON LAST EVENING.

The Provincial W. C. T. U. Convention which has been in session in this city since Tuesday will be brought to a close today. The meetings have shown that, whatever may have been the fate of the prohibition question at the polls, the courage and determination of the White Ribbon Army is diminished.

At a meeting of the executive, yesterday afternoon, the superintendents of the various departments were appointed.

The following are the provincial officers, county presidents and superintendents for the ensuing year:

General officers: President, Mrs. Sanderson, Danville; vice-president, Mrs. S. W. Foster, Knowlton; corresponding secretary, Mrs. R. W. McLachlan, Montreal; recording secretary, Miss Basin, Ormstown; treasurer, Mrs. S. P. Leet, Montreal.

County Presidents:—Mrs. (Rev.) Patterson, Mrs. R. H. Montgomery, Mrs. E. A. Dyer, Mrs. S. J. Craig, Mrs. McNaughton, Miss Dougal, Mrs. W. H. Lambly, Mrs. Cowie, Mrs. (Dr.) McCall, Mrs. D. Ballantine, Mrs. J. Goggin, Mrs. J. Ewing, Mrs. W. Miner, Mrs. Phelps, Mrs. S. W. Putney.

Superintendents:—Mrs. G. Cleveland, Mrs. Waycott, Mrs. J. McCallum, Mrs. S. J. Craig, Mrs. Jean Sinclair, Mrs. J. Currie, Mrs. (Dr.) Rugg, Mrs. F. Bowman, Mrs. Lindsay, Mrs. A. Geggie, Mrs. S. W. Putney, Miss Hope Jack, Mrs. Nutting, Mrs. Stewart, Mrs. J. Mabon, Mrs. D. J. Ayer, Mrs. M. Richie, Mrs. W. Miner, Mrs. C. C. Merrill, Mrs. E. E. Star, Mrs. Latham, Mrs. Morrill, Miss F. R. Moulton, Mrs. A. W. Hyndman, Miss Dougal, Mrs. J. Radford, Mrs. Therrien, Mrs. Nunnis, Mrs. Jackson, Mrs. Enright, Miss E. Jacques, Mrs. Jas. Davidson.

THURSDAY AFTERNOON.

The afternoon session of the W. C. T. U. yesterday was full of interest from beginning to end, opening with devotional exercises, conducted by Miss Dougal. Reports were read over from the morning session, were read, the first, one on "Bands of Mercy," by Mrs. D. J. Ayer, Mrs. Moe's River. The various subjects in connection with this branch of work were fully discussed, and the report adopted. At this juncture two ladies from Island Pond, Vt., were introduced and received the "Chautauquy Salute."

They were Mrs. Dale, president of the Island Pond W. C. T. U., and Mrs. (Rev.) Thos. Hall. Mrs. Dale expressed their pleasure at being present, and spoke of the unity in the cause between the sister countries.

A report on "Prisons and Jails" was presented by Mrs. Latham, of Montreal. It was apparent that much good work had been done; literature distributed, and placed in stations; families of railway employees visited, and assisted, if necessary. Allusion was made to the hindrances placed in the way of the members engaged in the work, but no discouragement was felt, and much good had been accomplished. The report was adopted.

Before the next report, Mrs. Hyndman, Miss Walley, and Mrs. Parker sang a pleasing interlude.

Mrs. Rand, from Fitch Bay, a delegate from the Good Templars, was introduced and received the "Salute."

The Band of Hope report fell to Mrs. Stewart, of Aylmer, and was exhaustive. The work in this branch is in an encouraging condition, but has greater possibilities. The report was adopted.

Mrs. H. P. Morrill, of Stanstead, read the report on "Lord's Day Observance," stating that the outlook this year was more favorable than before. Meetings had been held in the Province of Quebec by the secretary of the Lord's Day Alliance. The good example set by the Duke and Duchess of York on Sunday was cited. The report was adopted.

At this stage of the proceedings, Mrs. E. J. Mountain, of New York, was introduced and greeted. Mrs. Mountain, who is the daughter of a doctor, the wife of a doctor, and is a doctor herself, spoke earnest words of hope and cheer, and gave instances of the evil work of the traffic in New York.

The report of the committee on the Plan of Work was read by Mrs. Craig, and there were numerous recommendations, which were accepted by the Convention.

The Rev. B. G. Day, of St. Andrew's East, was introduced, and received the salute.

Mr. Day said a few words of interest and approval, and the meeting adjourned.

GEN BULLER SPEAKS

Practically Admits That He Advised Surrender of Ladysmith.

DESCRIBES THE DIFFICULTIES WHICH HE MET WITH IN NATAL CAMPAIGN.

London, October 11.—(Special).—At a luncheon given in his honor by the King's Royal Rifles, yesterday, Sir Redvers Buller created a sensation by replying to his critics who have claimed for months past that he heliographed General White advising him to surrender Ladysmith after his (Buller's) unsuccessful attack on Colenso.

Gen. Buller's speech was practically an admission that he had told White it was advisable to surrender.

He described the difficulties which surrounded himself and General White and attempted to justify his course.

Gen. Buller's speech has created a great sensation and articles favorable and otherwise fill columns of the papers. Buller's friends are having a hard time to defend him with anything like success.

BOTHA HAS AGAIN ESCAPED.

Boer General Eludes the British Cordon—Thirteen British Scouts Captured.

London, Oct. 11.—Lord Kitchener wires that General Botha has crossed the Pivau River, twenty miles north of Vryheid, which means that he has probably again escaped the British cordon.

It would seem that with the troops at his disposal it was impossible for Gen. Lyttleton to blockade the whole distance from the Natal border across to Vryheid.

Gen. Botha moving north on Sunday, passed the British line with half his force, leaving his wagons and cattle in danger, the Boers made a night march

under Botha and Emmet. They were caught up in northeast Vryheid by Gen. Kitchener (Lord Kitchener's brother), and an engagement followed, the Boers retiring north. Four of their number are known to have been wounded.

The operations are not finished, but Gen. Botha has secured a wider and less restricted area for his future movements.

SCOUTS CAPTURED.

Heilbron, Orange River Colony, October 7.—Thirteen of Kitchener's scouts have been captured in a Boer ambush.

DUKE AT TORONTO

Reviewed 12,000 Troops, this Morning

A MAGNIFICENT SPECTACLE—MEDALS WERE AFTERWARDS PRESENTED.

Toronto, Ont., October 11.—(Special).—The royal review on the exhibition grounds this morning was a magnificent spectacle. Over 12,000 troops from all parts of the province took part.

Rain threatened to spoil the review, as it did in Quebec, but although the sky was overcast it did not rain. The sight was a magnificent one, and His Royal Highness was well pleased with the magnificent appearance of the Canadian troops.

A minute inspection was made by the Duke of the soldiers in line, and after a royal salute, which was a fine spectacle, the presentation of medals and decorations was made.

The first to receive one was Major Cookburn, who also was decorated with the Victoria Cross.

THE TEACHERS MEET.

PROVINCIAL CONVENTION HELD IN MONTREAL YESTERDAY.

Montreal, Oct. 11.—(Special).—School teachers from various parts of the province yesterday gathered in the assembly hall of the High School, where was opened the annual convention of the Provincial Association of Protestant Teachers of Quebec. Outside of routine, the principal matters that engaged attention were the nominations for officers; the appointment of a sub-committee to look into the matter of this disgracefully low salaries paid to teachers in some country districts, \$14 a month, and see if it is possible to devise some practical means for improving this state of affairs; the sub-committee to report at the present convention; the reading of a paper by Mr. C. W. Ford, of Coaticook, on "Educational Waste," in which he pointed out what he considered the wasteful features of our educational system, "waste" being that which did not find the end for which it was worthy, and the sending of a congratulatory message to Principal Peterson, C.M.G., ex-president of the association, upon the recent honor conferred upon him by the Duke of York.

SHERBROOKE'S PARKS.

Interesting Report From Mr. Todd, Landscape Artist.

COUNCIL DECIDES TO ENGAGE HIS SERVICES WITH A VIEW TO IMPROVING CITY PARKS AND SQUARES.

As mentioned in the City Council report in another column, the question of the condition and method of improving the city parks and squares came before the meeting. Some time ago the Parks Committee was authorized to obtain from Mr. Frederick G. Todd, a well known landscape architect, a report upon Victoria Park and other parks and squares in the city.

The Parks Committee last evening, having obtained this report and examined it, reported as follows:

"The Real Estate and Park Committee met on Oct. 7th and were present Councillors Cate, Thompson, Olivier and Codere and after having fully looked over the report of Frederick G. Todd, landscape architect, as regards Victoria Park, Portland Square, Racine Park, Parade Ground and Forsyth Square, your committee would recommend that Mr. Todd be employed to prepare a plan of Victoria Park, embodying the suggestions made in his report providing he will do so for \$100 and expenses and that a contract be entered into with

him for five years, providing satisfactory terms can be agreed upon."

This report of the committee was adopted.

MR. TODD'S REPORT.

The following is the full text of Mr. Todd's report:

VICTORIA PARK.

Victoria Park, situated as it is above the St. Francis river and overlooking the city and the river, has a location which is unrivalled by very few parks in Canada or the United States, but the charm of the park does not end with its grand location and views, for nature has clothed the Park with a fine wood as it has ever been my pleasure to see. In some parts the trees are so thick and lofty as to almost resemble a primeval forest, and to me this is the greatest charm of the park, when combined as it is with the splendid views and other natural features and I ask you in treating this Park to earnestly consider these features, for why should you attempt to change in the least the character of the Park when you already have something provided by nature, which so far surpasses anything which man can do. Victoria Park then is essentially a natural park and its greatest charm and value to the inhabitants of Sherbrooke will be in always keeping it natural. With one or two exceptions, this idea has been carried out splendidly and nothing has been done which in any way will injure the Park except the location of some buildings of various sizes and colors which have been located in the centre of the Park. This, it seems to me, is the most

In Trouble Again

We never get out of one mess before we're plunged into another! Talk is cruel and unkind. This time it's over "Women's winter boots." Our trouble is that we are afraid we won't reach every cold-footed woman early enough, and tell her what splendid felt shoes we have had made especially for her comfort. We're afraid she'll not hear about these boots until the winter's over and that will be too late, anyhow we'll do our best to make THEM KNOWN.

WINDSOR MILLS

(Mrs. A. McLean, Correspondent.)
Oct. 11.—E. P. McCabe and bride returned from their wedding tour Wednesday.

The branch of the E.T. Bank recently projected here, is now open for business. Mrs. Alfred Knapp, of Central Brantford, with a party of friends, were visiting in town yesterday.

Mr. Blissett, who has rented Mr. Kerr's grist mill, is busily engaged in working with antiquated appliances. We have it on good authority that the Canada Paper Co. will reduce their working staff largely during the winter.

Mr. J. A. M. Rankin, of Cookshire, is again here. We noticed a couple of young men last evening who apparently had not the fear of Carrie Nation's hatchet before their eyes.

Mrs. S. J. Brown was laid to rest on Tuesday. The services were conducted by the Rev. Chas. Tanner, assisted by the Rev. E. A. W. King. Mrs. Brown was a lady that deserves more than a passing notice. Her maiden name was Janet Shinkles, born 22nd Jan., 1841, at Bell's Hill, Lanarkshire, Scotland.

EAST ANGUS.

October 11.—There was a very quiet but pretty wedding at the home of Mr. and Mrs. Johnston, Saturday evening, when their youngest daughter, Rhina, was united in marriage to Mr. Oren Bean, son of Samuel Bean, of Lennoxville. The happy couple left on the evening express amid showers of rice and well wishes of the people.

ROBINSON.

Oct. 10.—Mr. L. O. Sequin and fifteen men are camping here for a few days, doing work for the Bell Telephone Co. Master Lionel Flanagan returned from Cookshire Wednesday, to remain until Monday.

THE PRESIDENT TALKS OUT.

Honest, Able Men Alone To Be Appointed.
Washington, Oct. 10.—President Roosevelt talked with great frankness yesterday morning with Senator Mason of Illinois, regarding Federal appointments. Mason was urging the claims of a conscientious man, saying as a sort of climax, "He is backed Mr. President, by the Illinois organization."

SINGULAR ACCIDENT.

What May Throw Light On The Cobra's Loss.
London, Oct. 10.—A singular accident, which may possibly throw light on the loss of the torpedo boat destroyer Cobra recently, has just occurred to the torpedo boat destroyer Crane. While she was on her way from Portsmouth to Portland, the engine hands noticed that her deck beams were buckling amidships. The destroyer immediately returned at full speed to Portsmouth. An examination showed that there had been imminent danger of another disaster such as befel the Cobra.

Sifton, of the Northwest Territories cabinet have left for Ottawa on behalf of the Government of the Northwest Territories to continue the negotiations with the Dominion Government for the establishment of the Territories on a provincial basis.

Styles—"I say, Henderson, I think I've got a match on that pretty young woman over at the other table. Blamed if she didn't kiss me with her eyes just before you came in."

Henderson—"I can go you one better than that, old boy; she has kissed me with her lips. She's my wife, you know."

COATICOOK.

(Mrs. G. O. Donk, correspondent.)
October 11.—Mrs. (Dr.) J. A. Darche has gone to Montreal to attend the Grand Opera.

Mr. and Mrs. L. M. Thomas spent two or three days this week at their cottage at Lake Massawippi, the last of the season. Miss Austin and Miss Alice Austin have left for their home in Montreal for a delightful summer spent among relatives and friends in and around Coaticook.

We are pleased to see Mr. J. H. Cairnie out again after his late illness. Mr. Roy, from the head office, Sherbrooke, is in the E.T. Bank here.

Among the Coaticook ladies attending the W.G.T.U. convention in Sherbrooke are Mesdames E. F. Tomkins, W. B. McOuchon, P. Sutton and Mrs. (L. Col.) Thompson.

ULVERTON.

October 11.—Mr. James Wedleigh and Mr. Geo. Millar were chosen as delegates to attend a convention to be held at Drummondville at an early date, to choose a Liberal candidate for this county in the local Legislature, to fill the vacancy made by the resignation of W. J. Watts, Esq. Some six or eight would-be candidates are pushing for the honors.

Rev. Mr. Hepburn, Rural Dean of Richmond, made a call in the village last week upon Miss Miller and Mrs. Munshiridge.

Mr. David Curran, of Syracuse, N.Y., is here, closing up the affairs of his brother, the late Rev. W. J. Curran. Mrs. J. Elliott, sr., has gone with her daughter, Mrs. McLaren, to B. C. to spend the winter there with her.

MARBLETON.

October 11.—Rev. Mr. Moore, Sawyerville, was the guest of Rev. E. B. Husband on Saturday last. Miss Anna Weston is spending a few weeks with her sister, Mrs. Farwell, at Magog. Mrs. Lowery and Miss Stevenson, from Sawyerville, have been visiting at Mrs. E. J. Westman's for a few days.

THE MAN WITH THE SEED WHEAT.

(From the Florida Times-Union.)
Bread is the staff of life, and America's cereals furnish a safer basis for national power than the armies of Germany or the fleets of England. The attitude of European powers to America's industrial development proves the truth of this proposition, from which it follows that he who adds materially to our bread production contributes more to our national strength than he who gives us a more effective gun or increases the speed of a battleship. This triumph should now be passed to the credit of the Department of Agriculture which has given us a wheat that will flourish in what has been called our "Arid West"—a cereal that gives us by actual experiment forty bushels of fine cereal, where no bread would grow before. Millions of acres immediately became valuable—there is the great probability that large our bread production by this little seed brought from the desert of the Ural.

DANVILLE.

(Miss B. M. Stockwell, Correspondent.)
October 11.—Mr. Byron Barnard and family are spending a few weeks with friends in Sugarhill, Vt.

Miss Malika Mahoney died Thursday morning at 10 o'clock, of consumption, after a long sickness, aged 23 years. Weather permitting, a game of football will be played on the common, Saturday afternoon, between the village and the Academy football teams.

FOOTBALL AT BISHOP'S COLLEGE.
Tomorrow, October 12th, at 2.30 p.m. an interesting struggle for supremacy on the gridiron will take place on the college campus, between Quebec and Bishop's College.

Both teams are in good condition and a splendid match may be expected. The College team will be composed of Bonfield, Besman, Findley, Reed, (quarter back), Mitchell, Ward, (capt.) Tolleit, Fletcher, Roberts, Westgate, Cowling, (wing), Abbott, Shewen, Lynch, (half back), Kennedy, (full back), Gillis and Pummert (spares.)

BASEBALL AT THE SEMINARY.

The rain stopped an exciting game of baseball at St. Charles Seminary, at the fourth inning, yesterday afternoon, between the American and Canadian students. The game was decidedly in favor of the Americans by a score of 7 to 11. The teams were thus constituted:
Americans: E. Marcier, F. Duches, (capt.), L. Aubin, A. Bilodeau, D. Dufresne, D. Demers, S. Bouffard, R. Radne, A. Lefebvre.
Canadians: R. Brown, A. Languevin, (capt.), A. Normandin, B. Gagnier, J. Bernard, P. Constantineau, A. Shasha, A. Charost, E. Bachand, Mascot, Leo Jacques.

The best hits were given by Mercier, Duches, Dufresne, Brown and Bachand. Baseball and football are quite an excitement this season.

KEITH'S STARS TONIGHT.

The Clement Theatre offers an attraction for tonight and tomorrow afternoon and evening, out of the ordinary, and one calculated to please every taste and every class of theatre goer, namely "Keith's Vaudeville Stars," an organization made up of performers who have a right to the title of stars, and who number among their members some of the highest salaried and best known artists on the vaudeville stage, and all of them of metropolitan reputation. The company numbers thirty people, including a splendid orchestra of ten pieces and a brass band. If you want to laugh long and loud, you must see this show. Mr. B. Keith, of Keith's Theatre, Boston, is in no way connected with this enterprise. It is owned and managed solely by C. S. Keith & Co., old and reliable amusement managers, and well and formerly known to theatre goers.

HARVEST FESTIVAL AT LENNOXVILLE.

On Wednesday evening last, the annual harvest thanksgiving took place at St. George's Church, Lennoxville, and was an occasion long to be remembered. The beautifully decorated church, where flowers, fruit, the ripened grain, and the brilliant leaves of autumn were used most effectively, the hearty and melodious singing of the joyful harvest hymns, the large and reverent congregation, and the many white-robed clergy, made up a service that was altogether inspiring. The organists present were: Rev. Dr. Whitney, Rev. Dr. Dumbell, Rev. Professor Parrott, Rev. E. A. Dunn, and the rector, Rev. Dr. Smith.
An eloquent and able sermon was preached by the Rev. Dr. Dumbell, Rector of St. Peter's, Sherbrooke. The service was fully choral. The harvest supper was served in the parish Hall, where a number of tables were laid, looking with their glittering silver and glass, shaded lights, and fair white linen, most attractive. A large number were present, and the delicious viands which were so tastefully served by the members of St. George's Guild were thoroughly enjoyed.
Both socially and financially, the harvest supper was a success. The sum netted was \$70.

WILL CLEAR OUT SQUARE

(Continued from page 1.)

THE MARKET SQUARE AGAIN.

The Mayor, at this point in the proceedings, read the letter received by Dr. Pelletier, stating the Government's willingness to establish the Court House in the square, in accordance with the proposition made by the city.

The Mayor then read a letter from Mr. H. B. Brown, in which he stated the decision of the three owners of the Merchant's Bank and Beckett properties, regarding its sale to the city. Lot 159 (Beckett Block) was owned by Mrs. Brown, and Col. King. They would take \$13,500 for this. Of lot 158 (Merchant's Bank) Mrs. Brown, Col. King and Mr. Aruhambault each owned a 9th. On the same basis as lot 159, they would sell their interest for \$4,500. (The balance of 2-3, owned by Lord Strathcona, was recently donated to the city.)

This offer of sale, therefore, as set forth in Mr. Brown's letter was \$18,000 or \$1000 less than their previous offer.

After some discussion it was moved by Councillor McManamy, seconded by Councillor Thompson, that the offer of Mr. Brown and his co-partners be accepted, providing the owners are in a position to give the city possession within a reasonable time. Carried unanimously.

OTHER PROPERTIES.

The Jones property, small brick residence in rear of old Merchant's Bank, is all that now remains to be secured by the city in Market Square proper. The valuation of this is \$1,200 and the price asked is \$2000.

The city also desires to secure a strip of land for the widening of Factory St., negotiations for the purchase having been going on for some time with the owners, Sisters of the Holy Family.

Councillor McManamy moved, seconded by Councillor Lanctot, that Councillor Fortier and the Mayor be a committee to wait upon the Sisters of the Holy Family and upon Mr. Jones and ascertain the lowest price which they will take for the properties. The motion carried.

LORD STRATHCONA'S GIFT.

The Mayor and Secretary were authorized to sign the deed in connection with the transferring of the Strathcona property to the city.

NOTIFY THE GOVERNMENT.

On motion of Councillor Thompson, seconded by Councillor Jencks, the secretary was directed to notify the Government of the purchase of the "Square" property and that the city was now prepared to close agreement re court house matter.

W. C. T. U. CONVENTION.

(Continued from 1st page.)

Evening, and a pleasing programme was enjoyed to the full.
The opening number was a double quartette, "The Lord is My Shepherd," which was accompanied by Mr. E. O. Grundy on the organ, and was admirably rendered.

Mr. Frederick Allen, of Peoria, Ill., who has a wonderfully fine tenor voice, of a quality which is not often heard, sang a solo, which was followed by an anthem, by the choir, the solo being taken by Mr. A. F. Fraser.

The piece de resistance of the evening, the address of Miss Anna Gordon, vice-president of the National W. C. T. U. came next upon the programme, and was perhaps, the most pleasing feature of the convention.

Miss Gordon's charming personality, gracious manners and thorough familiarity with her subject, made her an interesting speaker, and the applause was frequent and hearty. If anything new is to be said on the subject of temperance, Miss Gordon found it, and her faith in the righteousness of the cause and skill in presenting it, were most convincing.

A magnificent solo, "It is Enough," from Elijah, by Mr. Arthur Fraser, brought a memorable evening to a close.

LOOKING FOR A FIGHT.

VENEZUELAN ATTACK SAILORS OF GERMAN MAN-OF-WAR.

Port-of-Spain, Trinidad, October 10. (via Haytian cable)—The British Royal mail steamer Eden arrived here today from Laguaira, Venezuela, and brought the following story: Last Sunday night about fifty sailors from the German cruiser Vineta became engaged in a street row at Portocabello, with the local populace. Police in civilian clothes interfered, siding with the inhabitants and the fight became general, the Germans making their way towards the wharf, where they boarded the German steamer Valesia, moored at that place.

In the meantime, two petty officers of the Vineta, who were entirely sober, and who were waiting at the wharf to take the Vineta's boat, were attacked by the police. They resisted and the police wounded them both badly with their swords. All the Germans ashore were unarmed. The wounded petty officers were carried on board the Valesia by members of the Valesia's crew, the populace and police still attacking them with stones and sticks. The mob then tried to board the Valesia, but were prevented from so doing by the captain and crew of the vessel.

It is believed at Caracas that the German Minister intends to ask Venezuela to apologize.

SHERBROOKE'S PARKS.

(Continued from page 1.)

unfortunate location which could have been chosen, both as far as usefulness is concerned and the preserving of the natural semblance of the Park. To roughly outline my idea of what should be done to the Park would give you a better idea as to why I think the location of these buildings out of place. In a natural park such as we are now considering it is of the greatest importance that the driver or walks through the Park should convey the idea of an unlimited extent of woodland. This idea is not carried out at all at present and, in fact, the beauties of the Park are very little owing to the fact that the only drive is a straight drive through the centre of the Park, and when one reaches the end of this drive he has no alternative but to return over the same road or drive down a steep hill, and for this reason I should recommend that the first principal work of the Committee would be to construct a border drive. This border drive should start from near the entrance and follow by graceful curves far enough from the boundary to be practically out of sight of anything outside the Park, crossing over the straight road again at the further end of the Park, this boundary road should continue along the top of the natural terrace in such a manner as to obtain therefrom the best views of the city and river. By doing a small amount of cutting and thinning, very pretty vistas could be opened up all along this drive. When finished this border drive would be as pleasant a drive as would be possible to have, combining as it does a long drive through the very dense woods of the upper part of the Park and the distant views and vistas which are to be obtained from the drive in the lower part.

Now, with the buildings located as they are it is impossible, especially with their present colors, to see them from any portion of this drive, and I would strongly recommend that all of these buildings be removed to a place by themselves, to the part of the Park nearest the river and adjacent to the entrance. This part of the Park could be arranged to include all these buildings. There should be eventually laid out a gravel music court, which would surround the band stand.

Adjacent to this would be a pavilion, which should be placed so as to be within the shade of the trees and also enjoy the beautiful views out over the river. In connection with these houses should be a small restaurant or lunch counter and whatever other buildings are necessary for the convenience of the people who visit the Park. The location of these buildings should be designed so as to have some attraction and neat form. Other than rustic shelters I would arrange for no other buildings in the entire Park. The only other recommendation which I have to make in connection with Victoria Park is that of providing a suitable entrance. With a Park whose interior is so natural and yet so grand, some suitable entrance is absolutely essential, and I would suggest that the entrance should be very simple, such as low stone piers of very simple form. Nothing elaborate for an entrance gateway would at all suit the interior of the Park.

The present entrance both from the side and the outside of the Park is exceedingly poor and to improve the view from the Park out, I would suggest putting a heavy plantation of native shrubbery and trees and along the fence and entrance to the present lacrosse grounds.

MARKET SQUARE.

I was asked especially to look at Market Square with a view to the location of a City Hall and Court House, and I can only say until matters are further developed, that it seems to me you have an excellent opportunity of making a very attractive square in the centre of your city in a position where it would be seen by everyone, and as the laying out of this square when once the buildings are up, will be for all time, it is not necessary for me to point out that your duty to future generations demands that the best possible arrangements be secured for this square.

FORSYTH SQUARE.

Forsyth Square is at present in a very good shape, and for the present I should say from a hurried examination that there was little that could be accomplished except to set out a few trees along the roadway.

RACINE PARK.

A very attractive square, which is, evidently, largely used and which should be made more available and more pleasing by laying out walks across it and by planting masses of shrubbery about the border. At present there are too many trees in the centre of the Park, and I would suggest that some of these be removed.

PORTLAND SQUARE.

An exceedingly pretty and very extensive square, about which there are already rows of elms which have a splendid start. Before any walks are laid out across this Park they should be well studied and I should also advise a certain amount of planting in connection with the square.

PARADE GROUND.

The parade ground is in splendid shape and for the use now made of it I think there is nothing which I can suggest which will improve its appearance. (Signed) Frederick G. Todd.

Mrs. Mann—"Oh, yes, I suppose I'm a disagreeable thing. No doubt you are sorry you ever saw me."
Mr. Mann—"I won't go so far as that. Only wish when I did see you I had taken a better look at you."

THE M. A. A. CLUB

Adjourned Annual Meeting Held Last Night.

ELECTION OF OFFICERS—CLUB IN A PROSPEROUS CONDITION.

The adjourned annual meeting of the Metropolitan Amateur Athletic Club was held in the club rooms, last night, with a good attendance of members.

Mr. J. A. Cook, vice-president, presided. In opening the meeting he referred to the recent sad occurrence, the removal by death of the president of the club and the great loss the club had sustained.

After the reading of the minutes of the last annual meeting and the proposal of several new members, the election of officers was proceeded with, resulting as follows:

Hon. Pres., J. F. Morkill.
President, F. C. Bowen.
1st vice-president, J. A. Cook.
2nd vice-president, J. R. Dunoon.
Secretary, C. G. Thomas.

Committee, M. H. Bradford, F. W. White, W. B. Neil, A. B. Hood, and A. E. Wiggett.

The reports presented were of a very satisfactory nature. The receipts have been over \$300 more than for the preceding year and the club enters the year with no liabilities. The membership is about seventy-five, being a gain of about 25 members during the year.

'Kicks' by 'Kickers'

This column is for the exclusive use of deserving "kickers." In it they may kick as hard and as often as they please and they may "kick" concerning anything they please, upon the following conditions:

- (1)—That they stick carefully to facts.
- (2)—That they avoid anything libellous.
- (3)—That they confine themselves to not more than 300 words, on one subject, on one day.
- (4)—That their names (in confidence or otherwise) invariably accompany their "kicks."

MERCY TO THE SQUIRRELS.

I was pleased to read "Sporteman's" letter re "a squirrel hunt," in Wednesday's Record, and it would be weyl if there were more protests, both in public and private, against the cruel slaughter of squirrels and birds which prevails to such an extent at this season of the year and which cannot be defended by any reasonable argument. As a matter of fact, the innocent victims of such hunts are, as a rule, much less troublesome to, and do more good in the community, than some of their hunters. If our young people want to test their skill as marksmen, and there is no reason why they shouldn't, let them choose sides and shoot at a target, giving the victor to the side scoring the highest aggregate number of points. A contest of this kind would not only be innocent and manly, as opposed to the other, which is cruel and degrading, but it would meet with the approval of, and would be entered into by many who, like the writer, want to protect God's innocent creatures.

IN BRIGANDS HANDS.

Miss Stone is Now Said To Be In The Kick Territory.

Washington, D. C., Oct. 11.—A cable gram has been received at the State Department from Spencer Eddy, secretary to the United States legation at Constantinople, concerning Miss Stone's conviction, which it is said, is practically a confirmation of the facts stated by Commissioner Dickinson, in his despatch of yesterday. The State Department officials are still of the mind as to the danger of still publicity touching the negotiations for Miss Stone's release, hence they decline to afford any information as to the progress they are making.

Sofia, Bulgaria, October 10.—According to semi-official intelligence sources here, Miss Stone is now in the hands of shepherds informed a Bulgarian official yesterday that the brigands having Miss Stone in custody are now on the heights of Tokoruda, in Turkish territory.
