

"LIVING CHRISTMAS PRESENT" — This was the gift that Trooper J. E. Faille, of 4, Bouchette St., Huntingdon, Que., brought home aboard the 25,500-ton Canadian Pacific liner Empress of Britain when she docked at Saint

John, N.B., Tuesday. His wife, Brigitte, and 15-month-old James Michael Faille, who was born in Germany, were both seeing Canada for the first time when this picture was taken prior to disembarkation. Brigitte, from Iserlohn, Germany, married Trooper Faille while he

was with the regiment, Princess Louise's 8th Canadian Hussars, on a three year tour of duty in the Soest area of Germany. More than 1,000 soldiers and dependents arrived aboard the vessel, making the first Canadian Pacific call of the season at this winter port.

Trooper J. E. Faille Returns To Huntingdon With Wife And Child After 3 Years In Germany

There is an old saying — Join the Navy and see the World, this is not wholly true today for it is possible to see a great deal of the world by joining the other branches of the armed forces. In the case of Trooper James E. Faille, son of Charles Faille and the late Mrs. Faille, Bouchette St., Huntingdon, he has seen a bit of the world since he joined the Canadian army.

Trooper Faille joined the army in 1957 in the 8th Hussars Armoured Regiment, Gagetown, and was drafted to serve with the United Nations forces in Egypt. He spent one year there before being transferred to Canada and Val Cartier camp. The duty in Egypt was mostly routine army work and mainly in keeping equipment in readiness for any emergency and of course in keeping the men fit by regular exercise and drills. Trooper Faille is plenty to do all the time to keep the machines always at the ready. He says there is not too much time for sightseeing, but he did visit a few places.

Soon after Trooper Faille returned to Canada from Egypt, he was again sent on another assignment with his regiment, this time it was to Germany for a three year tour of duty. He left Canada for Iserlohn, Germany, in October, 1959, when the same routine went on for the 18 months he was there. Asked if he ever went to Berlin, or if he was near to Berlin in his camp, he replied his camp was some 300 miles from Berlin in the British sector of Germany and it was forbidden for any of them to visit Berlin, either on duty or on leave. He said he did get to within a few miles of Berlin in connection with his duties on one occasion but that was all. However, he visited points of interest in France, Belgium and Holland and was quite interested in what he saw.

Trooper Faille returned to Canada from Germany on December 29th, just in time to spend Christmas with his family here. With him were his wife and infant son who are seeing Canada for the first time. Mrs. Faille was the former Brigitte Bednorz and her home is at Iserlohn, Germany, where James was located. They were married in 1961 and they have an infant son, Michael. Mrs. Faille speaks very good English and can carry on a conversation in that language with ease. She said she has learned what she knows from Jimmy in the few years they have been together for she did not know the language before. Her family resides

Loses Three Fingers Of Right Hand In Snow Blower

Harold Arnold, son of Mrs. Wm. Arnold of the Ste. Agnes area, met with an unfortunate accident, on Sunday afternoon, December 29th. He was plowing out the lane of the farm after a snowstorm and using a snow blower attached to his tractor. The snow was quite wet and in consequence the blower became plugged two or three times. The first few times he stopped the mechanism, but on this occasion he failed to do so and put his hand under the blower to clear it. The result was he lost three fingers of the right hand. It was late afternoon when it happened and he went to Huntingdon County Hospital for treatment, where he was given attention and remained for a day or two.

Harold works with his brother James on the farm of his mother and is badly needed for the week about the farm. He will no doubt be handicapped for a time and will have to adjust to his loss as time goes on.

Atco Thermostat, Name of New Industry Locating In Huntingdon

Mr. Warren E. Travis is the man who is in charge of the new industry that has located on York Street, in Huntingdon. The name of the company which will operate the enterprise is Atco Thermostat Company, a parent company in the States known as the American Thermostat Company. Mr. Travis and his wife are both from the States and are presently residing in a house at Trout River. The plant will be housed in the building formerly occupied by Riel Bros. Transport and later owned by the Lefebvre brothers, who have had the building refitted and renovated according to the requirements of the officials of Atco. There has been some delay in this plant getting started due to a variety of reasons, mostly to do with special equipment required. This is now being installed, although much of it is still lacking and the machinery is being placed in position according to the layout and working conditions. Mr. Travis is presently working at this with a helper to give a hand and no plant is gradually coming into being in readiness for operation. In view of this, Mr. Travis says he will give a sketch of the operation of the plant, but hopes to do this in about two weeks time. It is possible that some of the machines will be working by that time. There is still the matter of staff to be settled and many will be required. The staff will manufacture and test parts for all electrical appliances for the Canadian trade. The greater part of the help will be female although a few males will also be employed.

Christmas Concert at School Well Attended

The Christmas Concert held at Huntingdon High School, on Wednesday evening, December 19th, was attended by a capacity house, despite the change in temperature the latter part of the day. Ceremonies for the evening and he did this in a very satisfactory manner and his enunciation was clear and distinct. His remarks before and after each act helped the better to understand the program and who was responsible for each. The program opened with songs by the Kindergarten children of Mrs. Hubbard's class. This consisted of several small numbers and some of the children did very well indeed and were well received.

Accident Victim

Merrill English, 28-year-old, was killed in an automobile accident which occurred at Deschambault (report of accident appears elsewhere).

Merrill, employed at Cley and Tinker Ltd. Plant No. 4, Huntingdon, was a resident of Huntingdon for several years prior to the death of his father, a highly respected Ormstown farmer, when he returned to Ormstown to take over the family farm. For the past year he successfully operated the farm and also worked as a yardman in the textile industry.

Popular with his co-workers and with many friends in the two towns, the untimely death of 28-year-old Merrill English is the most tragic because of his wife (Rose Marlette Fournier) and four sons, the oldest of whom is aged five: Mackie, Rickie, Michael and Peter.

Also surviving are Merrill's mother, Mrs. Wm. McKay English, of Ormstown and Montreal; two sisters, Betty (Mrs. Kenneth Clark of Perth, Ont.) and Myrtle (Mrs. Sidney Johnson of Huntingdon); two brothers, Cameron of Ormstown and Archie of Beaufortville R.C.A.F. station; two half-sisters, Mrs. Whiteford McKell of Howick and Mrs. Lawrence Wrobletz of Danvers, Montana.

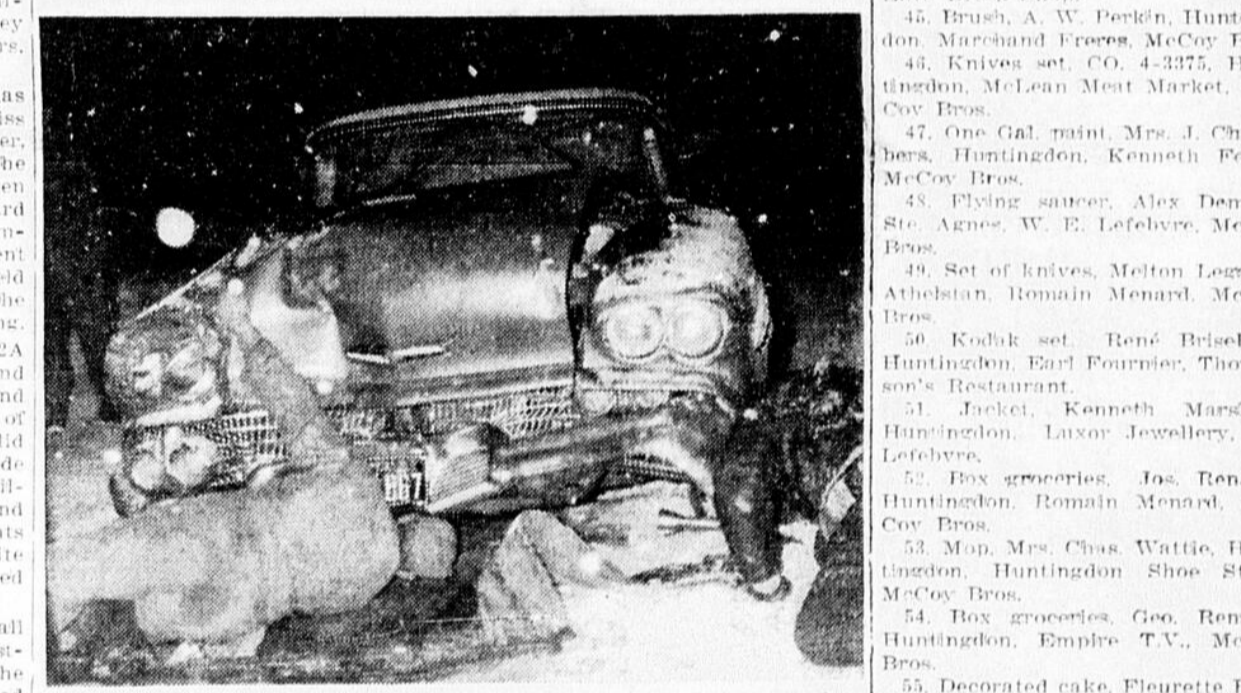

Rev. R. Stote will conduct the funeral service this afternoon (Wednesday) from the McGeerle Funeral Home, Ormstown.

One Man Killed In Rash Of Accidents At Holiday Period

Above is the car which struck the Diesel engine of a C.N.R. train at the Lake Street crossing in Huntingdon on Saturday evening. Fortunately driver and passengers escaped with minor injuries.

While Christmas passed off with no accidents reported, the weekend before New Year's day brought forth a couple of bad ones. On Saturday afternoon, December 29th about 4:15 an accident occurred at the curve just before entering Deschambault, which claimed the life of an Ormstown citizen Mr. Merrill English. Mr. English is employed at the Fawcett & Grant mill in Huntingdon and was returning to his home, accompanied by Mr. Willard Elliott, when he lost control of his car at the curve mentioned above. The car crashed through the guard rail at this point and then into the ravine and into a tree. He was killed instantly while his passenger suffered only minor injury. Dr. Cameron and the police were called, also the Kelly ambulance. Mr. Elliott was taken to Huntingdon County Hospital for treatment, while the deceased was taken to the Kelly Funeral Parlor. Dr. G. Lefebvre, Coroner, was called and the car was quite badly damaged, provincial police of Huntingdon investigated.

Mr. English is a married man and his wife and four young sons survive. A second accident occurred the same day, Saturday, at about 6 p.m. at the C.N.R. crossing on Lake Street in Huntingdon. The driver was Jean Louis Renaud, age 36, 95 Lake Street, and he was driving south to north on Lake Street, when he hit the diesel engine of a C.N.R. train which was crossing at the time from west to east. The weather at the time was quite stormy and the driver says he did not see the train. With him in the car were his two brothers-in-law, René Deschambault, age 21, and Paul Emile Deschambault, age 17, of 48 Lake Street. Doctors Cameron and Meunier both attended at the scene and all three occupants were slightly injured. They were taken to the Huntingdon County Hospital, in the police car where they were treated for their injuries. The driver had a cut on the bottom lip; Renaud had contusions of the face and hand and Paul suffered from shock. The 1958 Chevrolet sedan was very badly damaged. Town police investigated the accident.

Considerable Shoplifting During Christmas Shopping Period

The Christmas season was a busy one for everyone and the stores were quite busy this year right up to and until closing time of Christmas Eve. There were some other people who were busy too and a number of merchants reported to the police cases of shoplifting in their stores. Transistor radios seemed to attract most of all, but there were other articles which came in for attention too. At least three stores reported the theft of transistor radios of the small pocket type. These were on display on the counters in small boxes divided into compartments, in each case the radio only was taken. In one store the manager complained that the thefts became so bad that he had to put a person to watch for people lifting the articles. Nine persons were stopped before leaving the store with goods concealed about their person. It is possible that there were others who escaped notice. The police are on the watch for the stolen goods, but it is not known if they will turn up any where or not.

TEXTILE MILL EMPLOYEES ENJOY ANNUAL CHRISTMAS PARTY

Above is a general view of the party held at the Chateau Huntingdon, for the employees of the mill in Huntingdon under the jurisdiction of Cley and Tinker Ltd. The party was held on Saturday evening, December 22nd, and as can be seen, was well attended. It is a practice to make presentation of awards to employees of a specified number of years standing. Several employees were so honored on this occasion. The party is also a token of good will by the owners and in appreciation of the good relations enjoyed between the employees and the company. This party was another outstanding success and everyone had a most enjoyable time.

Christmas Services at Hemmingford Churches

HEMMINGFORD — The Christmas Eve services at St. Andrew's United Church were held at 8 p.m. In the soft glow of light shed by many candles and the tiny lights of the beautifully decorated tree, the Christmas story was told in song and readings from the Bible. The prophesies of Isaiah and the story of the Nativity from St. Luke were read by three young people, Carol Smith, Joe Paré and Dale McNaughton. Interspersed between the readings were appropriate carols and hymns sung by the Junior, Intermediate and Senior Chorus. The Senior Chorus had prepared a special Anthem and a duet was sung by Mrs. P. Pederson and Mrs. Gordon Flecko. Mrs. Bob Reid was the accompanist at the organ, and the Reverend and Gordon Flecko led the prayers. The very effective use of candles to light the scene was made possible by the skill of Mr. P. Pederson. Fifteen tall candelabra, made of wood by Mr. Pederson each holding five candles, were securely fixed at the end of each pew. Two tall standard candles, holding a candle, flanked the choir. On each window sill stood a tall wax candle but these were not lit. The whole scene and the service itself, was of quiet, devout beauty which will long be remembered by the congregation who filled the Church to capacity.

Elementary and High Schools, under the leadership of the Directress, Miss Bagné, sang a group of carols in both English and French. Their performance was outstanding in both quality and purity of tone. That the schools and church of St. Roman are not lacking in good voices was proved by the fine singing at the Midnight Mass. Under the excellent leadership provided by Miss Gagné and Mr. Frederick, we look forward with interest to future events.

Santa Claus Parade

The annual Santa Claus parade, organized by the Hemmingford Chamber of Commerce, was held on Sunday afternoon, December 23rd. Five tractor-drawn wagons, loaded with excited youngsters, toured the village behind the jovial Santa, returning to the main entrance gate of the Parlin Park. After a few words of welcome from the Mayor, Mr. Leo Fortin, from Mr. Alister Somerville, M.P.P. and the President of the Chamber Mr. Conrad Priest, Santa Claus, assisted by several stalwart helpers, took up his stand at the foot of the magnificent, gaily decorated 30 foot tree which had been erected inside the gate. As the children came in many accompanied by their parents, they were greeted by Santa and given a large bag of goodies. It was learned later that 625 bags of candy had been prepared for distribution and it was just enough, no one was disappointed. Congratulations and thanks to the generous donors and volunteer workers who spent several hours on Saturday evening preparing the trees.

Township Hockey League

A new Hockey League has been formed among the young men of Hemmingford and the surrounding villages, known to our French-speaking friends as the Ligue des Jeunes. Six teams have been formed from Hemmingford, Sherrington, St. Remi, St. Isidore, Lacolle, and St. Bernard de Lacolle. Fifteen games will be played during the season by each team, three against each one, in the various villages. Hemmingford will have 8 games at home and 7 away. Three games have already been played and two more were played on the 28th and 30th of December, 1962. The future schedule is as follows: Jan. 4th at St. Remi, Jan. 9th at St. Isidore, Jan. 11th at Hemmingford v. St. Bernard, Jan. 13th at Sherrington, Jan. 15th at Hemmingford v. St. Isidore, Jan. 20th at Lacolle, Jan. 22nd at Hemmingford v. St. Bernard.

The Hemmingford Team reads as follows: Gerald Smith, Real Fortin, Aurélien Genier, Edwin Keddy, Pierre Philion, Gerald D'Amond, Leonard Priest, Hebert Bourdele, Gilles Gagné, Claude Poisson, Glen Hickey, Raymond Barrière, Yves Bourbon, Dale McNaughton, Raymond Cookman and Ronald Lee. The Manager and Coach is Ross Hawkins, Assistant Coach, Donald Dann, Consulting Coach, Fraser Matheson, Captain, Pierre Philion and Referees Leslie Keddy and Bob Laurin.

The President of the League is Andre Van of St. Remi. Games will be played every Tuesday and Friday at 8:30 p.m. and on Sunday at 2:30 p.m.

Many will recognize among the names of the members of the Team, the pick of the athletes in this district, and it is hoped that as many as possible will attend the games, both at home and away, and give this new, local League all support possible. You will be guaranteed some fine hockey in return.

St. Andrew's Presbyterian Church Christmas Party

The annual Christmas Party of St. Andrew's Sunday School was held in the new hall on Saturday evening, December 22nd. It was very well attended, in fact there was a record attendance, no doubt due to the fact that everyone was anxious to see the interior of the hall.

The programme consisted of short plays given by the various classes in the Sunday School, dialogues and verse, all with the theme of Christmas. Carols were sung by all present and when the beautiful "Silent Night" had been sung in English, Mr. and Mrs. Heinz Kramell and their family delighted everyone by singing a version in German, the language in which the carol was originally composed. Mr. C. Coombs made a very efficient M.C. and

Santa Claus generously distributed large bags of candy to all the youngsters. Just before refreshments were served, the Ladies Guild presented a very useful gift in the form of a Tea Trolley (or Cart). This most generous gift was made by Mr. Ernest Moore who, with some of his fellow-members, has laboured many hours during the past few weeks to finish the Hall in readiness for the festivities. Owing to the sudden serious illness of his son-in-law, Mr. Moore was unable to present his gift in person, so Mr. Coombs kindly deputized. Also refreshments had been served to all present, the youngsters departed with their parents leaving the Hall free for the Young People's Group to stage their own, slightly more adult, Christmas Party. Games, carols and dancing followed and all agreed that having their own Hall added greatly to the ease and comfort of the occasion.

Recipe Exchange Corner

My recipe this week is for Coconut Shortbread and is one of the many recipes from Miss Oliver's collection. The handy hints this week also come from one of her books. Thank you so much Mrs. Oliver for letting us share them.

COCONUT SHORTBREAD

Mix together 4 ounces plain flour, 1 ounce rice flour, 2 ounces desiccated coconut, 1/2 teaspoon baking powder, 1/2 cup butter, 1/2 cup sugar, and add 2 ounces sugar.

Knead into a smooth paste, turn onto a floured board, and roll out to 1/4 inch thickness.

Cut into desired shapes and bake slowly for 25 minutes.

Well that's all I have for you this week folks and in closing I'd like to leave you with those "Lines of Thought" ... Never fear spoiling children by making them too happy. Happiness is the atmosphere in which all good affections grow.

Children need love, especially when they are not deserving it.

Children think not of what is past, nor what is to come, but enjoy the present time, which few of us do.

Friendship is the shining pattern we weave into the tapestry of remembered Christmases.

In Memoriam

McGOWAN — In loving memory of a dear mother, who passed away December 29th, 1960. "To a Mom who shared our troubles To a Mom who shared our cares She lives on in our memories And always in our prayers. For all her loving kindness She asked nothing in return. If all the world deserted us To our Mom we could turn. You often said we would miss you Your words are proving true For we lost the best and dearest friend The day we lost you." Always remembered and sadly missed by, Her Family.

PATENAUE — In loving memory of our dear Dad, and Grandpa, Howard, who was called away one year ago to-day. "The long year has passed away Since our great sorrow fell The shock that we received that day We still remember well. We never knew what pain you bore We did not see you die, We only knew you passed away And could not say goodbye." Sadly missed by, Your Loving Daughter, Eileen, Son-in-law John, And Granddaughter, Nancy Elaine.

PATENAUE — In loving memory of a dear husband and father, Howard, who passed away one year ago to-day. "When days are dark and lonely, And everything goes wrong, We seem to hear you whisper, Cheer up and carry on. Each time we look at your picture You seem to smile and say, Don't grieve, I'm only sleeping, We'll meet again some day." Always remembered by, Your Loving Wife, And Son Howard.

PATENAUE — In loving memory of a dear Dad, who passed away January 3rd 1962. "Tonight the stars are gleaming On another silent grave Where sleeps in dreamless slumber Dear Dad, we loved but could not save; May Heaven's winds blow softly Over that sweet and hallowed spot Where one we loved lies sleeping God watching from above Not a day do we forget him In our heart he will always stay We have lost but God has gained The most wonderful Dad the world contained." Loved and longed for always, George and Bernice.

SKATING HUNK OPEN

With the coming of colder weather and the possibility of making ice, the Huntingdon County War Memorial Arena was able to open on Friday, December 21st, just in time for the holiday season. Since opening, it has been well attended by those wishing to skate and all have enjoyed a good time. No hockey has been played as yet, but it is expected there will be some this week.

DANCES WITH RUSSIAN BALLET

Patricia Oney, age 13, who has been attending the National Ballet School in Toronto, Ont. for the past 3 years was one of 16 out of some 60 pupils chosen to dance with the Russian Ballet while making their appearance in Toronto Ont. recently. Patricia is the granddaughter of Mr. and Mrs. C.M. Oney.

Falls and Fractures Wrist

About two weeks ago, when very icy conditions existed at the Post Office area, Mr. Gilbert Macmillan had the misfortune to slip on the ice and fracture his right wrist. It was treated at the Hospital and the wrist is now in a cast. Mr. Macmillan stayed in his home for several days, but is now beginning to get out and around and expects the wrist will soon be mended again. This area was very treacherous at about that time and several people had some bad falls there. This is one place that needs constant sanding on account of the amount of traffic which goes to the Post Office. There is ice on the road and a coating of snow makes it very dangerous for everyone. For this reason it should be attended to quite frequently in order to make it reasonably safe.

Several Christmas Parties For Children In Huntingdon

Town Christmas Party On Monday, December 24th, Christmas Eve, a Santa Claus parade was organized and wended its way through town during the afternoon. After parading through several streets it ended up at St. Joseph's School. Santa Claus with his reindeer were mounted on a large truck with plenty of appropriate music to suit the occasion and the old fellow called out a Merry Christmas. This attracted a large number of children as well as those who were in the two decorated trucks.

When the parade arrived at St. Joseph's School, all went inside where treats of candy and soft drinks were handed to the large number of children. The candy and soft drinks were donated by the merchants of Chateaugay and other businesses of Huntingdon. The truck and Santa and the reindeer were supplied by Dow Brewery of Valleyfield. It was a treat for all the children of town and The Gleaner was told that some 300 bags of candy were handed out on this occasion.

Firemen's Christmas Party On Sunday afternoon, December 22nd, the Huntingdon Firemen's Club held a Christmas party for all the children of the volunteer firemen, at the Fire Hall. There were about 56 children and others present and a very enjoyable afternoon was spent. Three cartoon films were shown to the children and later Santa Claus arrived via the chimney route right into the fire hall. His bell was heard ringing and then down the chimney he came and bounded into the hall.

Huntingdon Citizens Decorate Well For Christmas

We believe that Huntingdon can this year lay claim to being a well festively lighted town. Taking a tour of the town on Christmas Eve, it was wonderful to see so many private residences lighted up with Christmas lights. Some were placed on trees at the sides and in front of the houses. A good deal of ingenuity was used by the various householders in arranging the lights to give the greatest effect.

As the tour went up one street Gowan, Louis Cappiello, Frank Napier and Walton Perkins, while Archie Keith and E.L.R. Beare handed out the refreshments.

and down another it was surprising at the number of places on each street which were decorated in festive style and even outside the town the residences were decorated. Looking from across the river toward town, it was very pretty to see all the lights on Chateaugay street and the houses and gave one the impression of a huge carnival. Going on at this rate, next year ought to see almost every house in Huntingdon with some amount of decoration at Christmas.

Orders For Second Edition History Huntingdon, Chateaugay And Beauharnois Coming Fast

A number of people have ordered the second edition of the History of Huntingdon, Chateaugay and Beauharnois, signifying that this book will be in great demand. As stated, it will be ready for delivery about the same time as the 100th anniversary of The Gleaner in September of this year. However, it could be that the way the orders are coming in that some people will be disappointed. It is planned to print about 500 copies of the second edition, but if it is seen in time, this number could be increased. However, this must be known well in advance, for once the signs of the book are started to be printed, it is going to be hard to increase the number then without a fresh start. In that case the price could be considerably higher.

Therefore at this time we are suggesting that if there are any persons who are considering getting the book, that they place their order immediately. The sooner the better, for it will not be long now before actual printing will be starting and you should be numbered with the 500.

The first edition of this book is considered very valuable by a great many who have copies and those who decide to part with them hold the price quite high in view of the fact that no more are available. In due course the second edition will become just as valuable and it is only because so many have signified a wish to buy the book that this edition is being printed. It would be too costly a venture to print the book without being assured that a majority will be sold. That is why you are being asked to place your orders now, that we may know we shall be able to cover the cost.

Join the list of those who have ordered their copy of the second edition of the History of Huntingdon, Chateaugay and Beauharnois and make sure you receive your copy when it is printed. There is a choice of two covers — one is soft and the other is hard. The price of the soft cover book is \$10 and the hard cover book \$11, so far the hard cover book seems the most popular choice. A coupon appears on another page of this issue which gives particulars of how to order. Check this now and send in your order without delay.

12 Air Force Missile Sites Activated In North Country

This last week the Air Force of Plattsburgh Military Base took over 12 missile sites.

The Air Forces took over control from General Dynamics Corp. which was the prime contractor for the huge underground silos, during a two and one-half year period to hold 12 missiles.

The project was completed ahead of schedule. Ground was broken for the first site at Champlain on June 17, 1960 and the project was to have been completed December 28, 1962.

The missile sites are located at Champlain, Moores, Ellenburg, Harigan Corners, Chazy Lake, Clayburg, Sugarbush, Ausable Chasm, Boquet and Willsboro.

Missile sites are also located in Alburg and Swanton, Vt.

The missiles will remain in their concrete silos unless there is an enemy attack. Then they will be launched to predetermined targets.

They are capable of flying 16,000 miles an hour and delivering nuclear warheads a quarter of the way around the world. — Chateaugay Record.

Fort Covington Team In Chateaugay Valley League

The newly organized Fort Covington Town Hockey Team, under the coaching of Ray Folsy, opens its regular season in the Chateaugay Valley League the first week of January. The roster includes: Phil Lauson c, Obe Dupree l, w, Jack Duncan r, w, Jim Russell c, Petie Bashaw l, w, Butch Premo r, w, Gould Hunter c, Hector Folsy l, w, Dr. R. M. Smith r, w, Dr. B. T. Smith d, Erin Oakes d, Bryant Grant d, Duffer Benore d, Bill Cook, J. Roger Ledue g, Darwin LaComb g, Ray Folsy Coach, Bruce McCaffrey business manager.

A 7-0 trouncing given to the St. Anicet hockey club by the local boys' team, showed good offensive and strong defensive play. Puck carrying was at times hindered due to soft ice conditions. The scoring for Sunday's game goes like this: Butch Premo, 2 goals; Phil Lauson, 2 goals; Petie Bashaw, 1 goal; Dr. R. M. Smith, 1 goal; Duffer Benore, 1 goal; Jack Duncan, 3 assists; Jim Russell, 1 assist; Dr. B. T. Smith, 1 assist.

These observations were made Sunday: 1) The outstanding potential of goalie Roger Ledue; 2) Dr. B. T. Smith's excellent defensive play, and 3) Jack Duncan's conversion from usual goal setter to play-maker.

There are four teams in the league, Howick, Huntingdon, Clydes, St. Antoine, and Fort Covington. — Fort Covington Sun.

Miss Jane Hirsch of Toronto, spent a few days this past week,

News From Florida Readers

Mr. Chet Oney sends The Gleaner a couple of interesting items received by him in Florida, which are of note for Huntingdon readers. He has passed them along and here is a synopsis of them.

One comes from Mr. R. W. Gardiner, Buelhigame, California, in which he speaks of the anniversary of when he and Chet left for overseas 47 years ago. Bob Gardiner is the brother of Mrs. Chas. Boyce. This note was in the form of a Christmas card and also states that the Gardiners are in good health.

The other, also a Christmas card, was from the Addison Clements, who speak of their mother and father, Mr. and Mrs. Roy Clements, the former being Jen Hastie, daughter of the late Dick Hastie, who was a member of The Gleaner Staff many years back. Mrs. Clements is not able to write but is in very good health. Mr. Clements however, has just returned home from hospital and is in poor health at this time. It will take him some time to recuperate although he is much better than he was. Mention is also made of Bernice and Darlene, who are daughters of the late Mrs. Robert (Ethel Hastie) Elder. They are operating an Art and Gift Shop in Courtenay, Mrs. Roy Clements' address is Cumberland, B.C.

Mr. and Mrs. Everett Lindsay and family spent Christmas Day at the home of Mr. and Mrs. Preston Baxter.

People of Rockburn Church was very much enjoyed by the people of the community.

The family of Mr. and Mrs. Alton Farquhar, were all together at the home of their parents on Christmas Day. There were thirty present at the family dinner.

Mr. and Mrs. Everett Lindsay and family spent Christmas Day at the home of Mr. and Mrs. Preston Baxter.

ENJOYING A VACATION

Enjoying A Trip To Florida

Under the heading of Hello There! Meet! we found the following in The Gazette, Montreal, of December 20th, and we believe it will be of interest to many in Huntingdon and Dewittville. Some people will remember Mrs. Bickford as the former Miss Jetta Goodyear-Hill from Dewittville, others will know her as the wife of Jimmie Bickford, son of Mr. and Mrs. Harold Bickford of Huntingdon.

A Western Canadian by birth, Mrs. Jetta Bickford received her early education in England, then attended McGill and later Macdonald College. Graduating first in her class, she began a rewarding period of teaching in a variety of age groups. Active in women's organizations, Jetta served as second Vice-President of the Federation of Protestant Women Teachers. Her great interest in people took her to Office Overland where she started as a Customer service Representative — today, Mrs. Bickford is Personnel Manager in Montreal. Jetta and her banker husband share a love of the outdoors, camping and their county home which they built themselves after having cleared the land. An avid reader and music lover, Bickford finds time to indulge in a favourite pastime, despite her busy schedule — putting her culinary skills to the test with French, Italian and Indian dishes. Keeping pace with a lifetime ambition to travel, she is presently enjoying a trip with her husband to New Orleans and Florida.

Powerscourt

POWERSCOURT — Christmas week-end guests of Mr. and Mrs. Erskine Morris were Mr. and Mrs. Reg. Briand and Debbie of Montreal.

Mr. and Mrs. Robert Clarke and two children of Verdun, have been guests at the McHardy home during the Christmas and New Year's holidays.

Mr. and Mrs. Joe Fischer of Long Island, N.Y., have been visiting with her mother Mrs. Fred Ross and calling daily on Mr. Ross who is still in Barrie Memorial Hospital.

There were the regular family gatherings for Christmas and New Year's dinners in this community.

Twin calves were born at Christmas time at the E. M. Wood farm. Mr. and Mrs. Laford and Mr. John Baker spent the holiday season visiting relatives in Sherbrooke and district.

On account of weather conditions,

Christmas Church Service was held at the home of Mr. and Mrs. E. M. Wood, with a good attendance. Sympathy of the community is extended to Mr. John Patenaude and family, whose brother, Mr. Hildred Patenaude, died on Sunday, December 23rd, at Chateaugay, N.Y.

Sickness in one form or another continues to plague the residents of this community. Measles have been very prevalent among adults and children. Glad to report that Mr. Russell Myatt, although still in Huntingdon County Hospital is showing marked improvement. Mr. Jack Wood who was also in the Hospital for a time is now at the home of Mr. and Mrs. Pete Shearer. Mr. Fred Ross is still in Barrie Memorial Hospital. The latest patient, Mr. John Patenaude, has been confined to his home with a bout of pleurisy. Best wishes to all these folks for good health in 1963.

Miss Dorothy Anne Taylor spent both the Christmas and New Year holidays with her parents.

MAYOR LABERGE PRESENTS MARKSMAN AWARDS TO POLICE FORCE

Mayor Laberge putting on Expert Pin on Const. M. Kreklo who instructed the group and also led the force in Awards. On the left is Sgt. Dubuc who received his Sharpshooting Award next is Chief Cervais who proudly presented his entire force with Certificates in Marksmanship. And on the extreme right is Const. R. Morois who received his Sharpshooters Award. (Photo By Larry Cowper)

Chateauguay Police Dept. Congratulated For Shooting Practice Program

Constable Marco Kreklo of the Chateauguay Police Dept. is the expert revolver marksman of the force and also the instructor in revolver firing. Elsewhere in this issue is a photograph showing the awards being presented to members of the force for their shooting ability.

Const. Kreklo has received a letter from the New England Police Revolver League which conveys compliments and appreciation of his skills to the Chief of Police and members of the council on their foresight and progressive attitude with regard to the shooting program of the Police Dept. It says further that too few municipal officials recognize the effective use of firearms is a most important bit of training for the police officer.

An invitation is extended for members of the Chateauguay Police Dept. to meet with members of the League on August 19 and 21, 1963, in North Attleboro, Mass. and compete for the Honor Revolver Expert award as well as many other medals. The Honor Revolver Expert award is their highest shooting qualification award which may be won only with 25 calibre at our shoulder to shoulder matches.

Social Service Doing A Great Job Here

A meeting of the staff, Board members and a few guests of the Social Service, Valleyfield, was held in Valleyfield on December 29th, in observance of the Christmas season. Among the guests were: Ex-celency Bishop Pevsall, Mr. Albert Laidlaw, Mayor Robert Cauchon, Mr. Gerard Cardoux, Mr. J. A. David and Rev. W. E. Black, Mr. Paul Desjardis, chairman of the board of directors, addressed the gathering and the following is a report of his address.

On behalf of the board of directors and the staff of the Social Service, I am very happy to wish to each and everyone of you the warmest welcome to this gathering, which will become, I hope, an annual event.

Today, we are your hosts. Why? We wish to thank you for the constant cooperation you grant our social agency all year round. The Social Service is your agency, which you support through the Federated Churches and the government. Without the generous support of the citizens, our agency could falter gradually and finally disappear. What would happen then?

412 children, who have no parents, to look after them and to even benefit from the protection and services of our child-care Department. In fact, our social agency is actually taking care of 12 children coming from broken homes. More than three hundred of these children have been placed in foster homes and are being supervised by our staff. We pay their board, their clothes, their medical expenses so forth. All in all, our agency spends \$28,000 per month for these children.

Moreover, in 1962, our agency will have completed forty-five adoptions. This means that forty-five children, who have been abandoned by their unmarried mothers, will grow up in a normal home and eventually become useful citizens. Altogether, through our agency, nearly two hundred children have been adopted during the last five working on 490 cases on the last years.

Our family department was of December. Here is a breakdown of this figure:

- Marriage relationships between spouses or between parents and children 241
- Health problems in the home 112
- Unmarried mothers 35
- Handicapped children 39

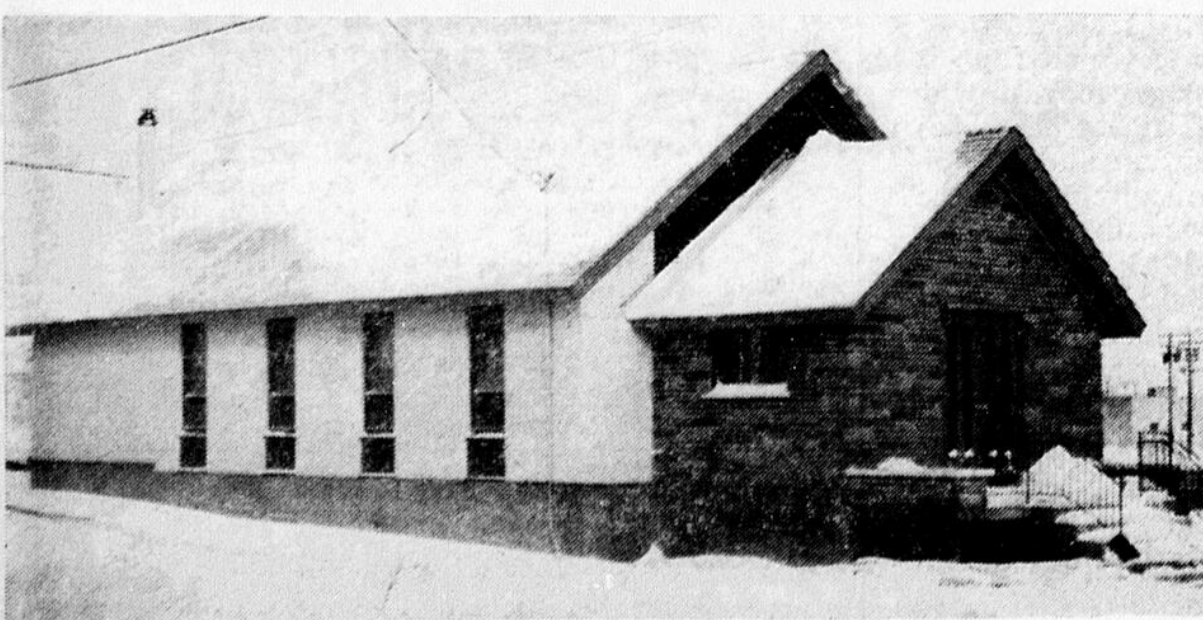

Chateauguay Association To Go Ahead With \$100,000 Project

The Chateauguay Property Owners' Association voted at their last regular meeting to go ahead with the development of their land for a recreation area.

The overall project will cost in the neighborhood of \$100,000.00. However, according to Roland Roy, President of the C.P.O.A., it has been decided to proceed with the construction of the swimming pool, baseball diamond, tennis courts and children's play area \$40,000. For next summer and defer the construction of the building to a later date. Tenders are being called now for these various jobs and work will begin at the earliest possible date in the spring.

It seems normal for housing developments or districts to look after their own needs but it must also be realized that there are certain problems which call for communal interest and participation. The more we delay in uniting and becoming conscious of the whole of Chateauguay, the greater the possibilities of having to face some dissatisfaction in the future.

The Council offers sympathy to the family of the late Albert Soers. Moved by councillor Gilbert and seconded by councillor Sutterlin that the following accounts be paid: Current Account: \$8,892.42; Capital Account: \$115,497.40; Savings Account: \$3,272.92.

Moved by councillor Gauthier and seconded by councillor Sutterlin that the changes for November 1962, be accepted.

Moved by councillor Gauthier, seconded by councillor Gilbert and passed unanimously, that Town of Chateauguay Centre purchase from Mr. Henri Dorais, for the amount of \$1,000, Lots Nos. 58-59, 54, 70, 73, 142, 169, 23, and 63-27, as shown in the register of the survey of lands in St. Joachim's parish, Chateauguay division.

That Mayor Armand Brisebois and Secretary-Treasurer C. Hurtubise be authorized to sign the legal documents and to stipulate all necessary conditions.

Moved by councillor Gauthier, seconded by councillor Gilbert and passed unanimously, that Town of Chateauguay Centre purchase from Joseph Reid, for the amount of \$2,000, Lot No. 65-44 shown in the register of the survey of lands in St. Joachim's parish, Chateauguay division.

That Mayor Armand Brisebois and Secretary-Treasurer Claude Hurtubise be authorized to sign the legal documents and to stipulate all necessary conditions.

Moved by councillor Gauthier, seconded by councillor Gilbert and passed unanimously, that Town of Chateauguay Centre buy from One Twelve Realty Corp. or from those interested, for the sum of \$1,000, lot no. 142-49 shown in the register of the survey of lands in St. Joachim's parish, Chateauguay division.

That Mayor Armand Brisebois and Secretary-Treasurer Claude Hurtubise be authorized to sign the legal documents and to stipulate all necessary conditions.

Moved by councillor Gauthier, seconded by councillor Gilbert and passed unanimously, that Town of Chateauguay Centre buy from Mr. Rodrigue Allard, for the amount of \$1,000, Lots Nos. 212-19, 25 and 27, as shown in the register of survey of lands in St. Joachim's parish, Chateauguay division.

That Mayor Armand Brisebois and Secretary-Treasurer Claude Hurtubise be authorized to sign all legal documents and stipulate all necessary conditions.

Moved by councillor Gauthier, seconded by councillor Gilbert and passed unanimously, that Town of Chateauguay Centre buy from Mr. Medard Parent, for the amount of \$1,000 the following streets or lots: Lots Nos. 65-65 and 65-66, shown in the register of survey of lands in St. Joachim's parish, Chateauguay division.

A Notice of motion was given by Councillor Gauthier that he will at a next regular Council meeting bring in by-law homologating street No. P-212, P-212-38 and P-212-41.

SHORTER COURSE
VANCOUVER — (CP) — University of British Columbia has approved changing the compulsory physical education program to one year from two. Shortage of staff and facilities was the main reason for the change.

DRIVE OR FLY
VANCOUVER (CP) — Airport patrons soon will have a choice between travelling from the airport by helicopter or just plain driving. Negotiations are under way for landing sites in the business section.

VIGILANTIA
Chateauguay Civic Group

During 1963, all articles pertaining to the activities of the Civic Group will be identified with the above heading. The meaning of the word VIGILANTIA (easily understood by both French and English speaking people) is synonymous with the nature of this Organization, that is, to keep watch over all aspects of municipal affairs.

It seems normal for housing developments or districts to look after their own needs but it must also be realized that there are certain problems which call for communal interest and participation. The more we delay in uniting and becoming conscious of the whole of Chateauguay, the greater the possibilities of having to face some dissatisfaction in the future.

The Civic Group needs better representation from the housing developments — Colonia, Gardens, Seignory, Terrace, etc. Residents are hereby invited to attend our next general assembly meeting which will be held at City Hall, on Wednesday, January 9th, starting 8:30 P.M.

At the last meeting, Mr. E. McElroy was elected president for the next three months and replaces Mr. M. Fournier. The election of an English speaking member was intentional at it was unanimously agreed upon that the presidency should thus alternate. Among the speakers during the same evening were Mr. P. Bonneau, Alderman, who spoke on the water situation, leaving the audience hopeful for an improvement in the near future, and Messrs. Marchant and Casavant of the Catholic School Commission,

CHATEAUGUAY SPORTS ROUND UP

Well once again a New Year is upon us, a year that will bring happiness and good fortune to some and heartaches and sadness to others.

1962 was a good year sportswise here in Chateauguay. Minor Hockey had a little under 600 boys on the outdoor rinks. The Chateauguay Center Castors took top honours in the Chateauguay Valley Hockey League. Two boys and girls were out for softball. The Auto Bar Nine walked off with all the silverware at the Aloha football tournament at Mussina, N. Y. and the Football Ramblers took top honours in the Quebec (Ontario) Football League all in all a pretty fine year for sports in Chateauguay.

1963 should be an even bigger and better year on the sport front with Minor Sport again leading the way, providing sports for the youngsters here in Chateauguay. Little League Ball will get its start and it is hoped that Minor Football will come to the fore.

The Dec 22nd Junior Hockey games played at Loyola were thrilling contests with the Mohawks taking a 5 to 3 victory over the Warriors and the Castors taking a 2 to 1 decision from the Lions; the Lions protested their game against the Castors on the grounds of an ineligible player. On Dec 28th at a meeting of the executive the protest was upheld and the game awarded to the Lions; thus leaving all teams with an identical 1-1 record.

This past Saturday saw the Castors take a 3 to 1 victory from the C.C.R.A. Warriors. In a fast, cleanly played game scoring for the Castors were J. Wall, Don Laberge and J. P. Rochon. While Jerry Koez was the lone Warrior marksman. Five penalties were handed out by referees Holmes and Gray by which Mario Laberge taking two and Joe Lee three. The Warrior's defense are not giving McElroy too much protection. There is little doubt that Bddy is the top goal tender in the league, but he is no miracle man and needs the help of his defence.

The forwards have been doing a capable job but Lady Luck seems to have deserted them tonight. Coach John Dempsie has done a wonderful job of recruiting but won't win too many games unless he can get his defense to clear the puck. He has the horses hitched to the wagon all he has to do is get them to pull.

The Lions took a 4 to 3 victory over the Mohawks in the second game. The Lions with only eight men played heads up hockey and deserved the win. The Lions usual penalty in the game but we're sorry we can't say the same for the Mohawks who took five with John Beauchamp taking 2 five minute penalties for fighting and also a match penalty. John has taken five minute penalties in each of the three games played to date. A match penalty carries an automatic 2 game suspension in the C.V.H.L. and John will also have to explain his recent behaviour to the league executive at a special meeting to be held Jan. 2nd, 63. Scoring for the Lions were J. Legault, A. LaFonde, R. Gilbert, R. Lecharite, while Montour and Clifford Ryce with 2 notched the Mohawks' goals.

The Mohawks have in this reporter's opinion the best all around team in the league. Man for man they can outskate any team in the league. The forward line of Dear, Ryce and Montour is the best top defence men but the team seems to have a chip on its shoulder and thinks that the League and the league officials are picking on it. This I can honestly say is not so. (Continued on page 2)

HANGING ON

What Must We Do To Recoup This Situation

In view of the fact that we are starting out on a new year, we believe the address that was given by Dr. Kenneth Prior in Ormstown, in September last year, will prove much food for thought. Rev. A. E. Loree also used this text in a recent sermon. The text is so up-to-date that it fits the times through which we are still passing and therefore is appropriate. Read it over, reflect upon it and decide what you think ought to be done.

In the final meetings of the Board of Overseas Missions, the Chairman, Dr. J. S. Thomson, referring to the present uncertain times and the need for a positive and relevant message for our day said, "There is a turning back to the Bible. He pointed out that the patterns and moulds which we have made are breaking down and we turn back to the Bible to see if there is a former pattern which will fit our time. The Bible, Dr. Thomson said, has been under severe criticism and heavy judgment by men, but today, no longer are we judging the Bible, the Bible is judging us. This is a very pertinent and timely observation.

Today, as individuals and as a community of Western nations we are being judged in no uncertain manner. We are always before the judgment seat of God, but today our position seems to be so much more obvious.

As Western nations and as professing Christians are being judged and with us our culture and our religion — in fact all that we are.

To a great extent our Western culture has drawn its substance and its virtues from Christianity. Most of our worthy practices derive from Christ and His teaching. Our culture has Christian foundations, but today society which is enjoying all the benefits bestowed by the Christian ethic is in essence rejecting its Christian heritage, retaining only what it deems respectable and convenient.

Now, instead of the Church creating and shaping culture patterns, culture appears to be proceeding under its own impetus, forming its own behaviour patterns and repudiating the matrix which gave it birth.

The average Westerner has believed his culture to be basically Christian, distinctly Western and essentially good, but now he finds this assumptions violently challenged and he becomes baffled and frustrated as he seeks to explain and vindicate his beliefs. He finds his culture has developed methods of operation of its own and has adopted a "modus operandi" which becomes steadily more incompatible with his own and more beyond his control. Actually, what not long since seemed to the average citizen to be a neat, orderly way of life which he, with others like him, were designing and building, has now become a colossus quite beyond his comprehension and control.

One important feature of this highly complex and powerful monster now politely called "our way of life", is the inability of the average man to obtain regular, reliable and unbiased information on what is actually taking place; either locally, or abroad. Without this information the citizen finds himself totally unable to form an intelligent opinion on issues so important that they will decide his future national and international relationships and actually determine his way of life.

The great forces emerging from this monster — culture gone berserk — seem to reside in the hands of the few who, at high levels, retain some almost magical and sinister powers of direction and manipulation. One outstanding example of the operation of this high level control is in the field of communications. Information on world events is passed on in accordance with the wishes and interests of the controller of the medium used. Consequently information on important happenings is often incomplete, biased, or withheld altogether. Some examples of this are — (1) the Syngman Rhee regime in Korea; (2) the riots in Tokyo; (3) the Cuba situation; (4) the Belgian withdrawal from the Congo.

What is the exact relationship between Christianity and world events? Colonial rule as it still exists in some areas of Africa; the events in Katanga; apartheid; penance in South America and a leading, so-called Christian nation flagrantly lying to the world.

All these situations stem, directly, or indirectly, from the zone of Western culture, and whether we will, or no, Western culture and with it Western man, with his customs and his religion is on trial. In other words, rightly or wrongly, the Church of Jesus Christ which the West has claimed to accept and follow, is on trial, together with its Western advocates and protagonists.

particularly on the second occasion drew other nations, some of the so-called undeveloped nations, into the conflict with them, armed them, trained them and used them as auxiliaries. Now the scene has changed. The Western nations have largely lost the respect of other nations and with it lost the former assumed prerogative of initiative and judgment; so today we are no longer feared, or held in awe, we are on trial, we are being judged.

Why should this be? What has ailed Western man, Western culture, or the Christian ethic from which Western man drew the bulk of his beliefs? Has Christianity ailed? Is the message of the cross after all foolishness and a stumbling block? Or, has the West so distorted and debased the essential message of the cross and shaped it to fit moulds of its own making that it becomes useless and irrelevant in situations among other men?

What are we as a Church actually doing about conditions in Angola, Northern Rhodesia, Korea and China? What are we actually saying and doing about Cuba and Congo? What are we doing about restrictive immigration laws, race prejudice and social injustice right here in our own society? Can we say, or do, anything significant? Has the Church a right to speak on matters political, economic and international? Are we so involved in the local situation that our hands are tied and our vision impaired?

Senator Donald Cameron is quoted in the press as telling a Western audience that failure by the majority of the citizens of the Western world to realize the world is undergoing the greatest revolutionary change in its history is one of the major threats to democracy. Also, Senator Cameron says failure to realize that Communism is only one of the ingredients of the most explosive revolutionary brew of all time can be one of the most dangerous miscalculations of the West.

He also cited the determination of Western leaders to accept the status quo as the "right thing" as another major threat. The so-called under-privileged countries have realized that the tools of the scientific revolution can be greatly utilized to raise their own standard of living in a period of 25 years. They have an incentive to go forward — I'm afraid we have lost ours.

A while ago Dr. Andrew Stewart, chairman of the Board of Broadcast Governors was reported as saying "We shall be judged by the quality of our way of life." "What is needed most is that we stand back, take a good look at ourselves and ask a few questions — first, do we really like the way we are and second, can we honestly feel that others would wish to be like us?"

We need to ask "What have we done?" What is this monster we have created? We have been so very proud of our technology and scientific achievements in industry. We have built up a material standard of life as a mirage and nearly everyone is madly chasing it. We have developed a spiraling wage scale and cost of living index. Labour leader are constantly demanding a higher standard of living and politicians are continually promising it.

Coupled with all this is a breakdown in morality from the humblest worker to the most exalted executive. There is a widespread urge for something for nothing. This can be seen in gambling, sweeper pools, premiums, give-away gimmicks and the constant urge for lotteries.

The moral opinion concerning these practices can be seen in the meeting of General Electric stockholders, who according to reports sold fellow stockholders who protested price-fixing by the company "This is a way of life. If you don't like it sell your shares and get out."

Today, in North America, we have the highest material standard of living the world has ever known, but at the same time we have the highest percentage of morbid deaths (i.e. murders and suicides) and the greatest number of alcoholics, drug addicts, and mental patients, broken homes and divorcees, we have ever had, to say nothing of the increase in crime.

Also, something else which we are apt to overlook, we have the highest priced goods in the world. Our adverse trade balance is causing alarm. The Minister of Trade and Commerce has instructed the overseas Trade Commissioners to "sell as never before." But how do you sell high-priced goods to low-income areas? The answer to that question is write large for those who can and will read. Mr. Hees, himself, has admitted that the situation is becoming difficult.

Report From Ottawa

OTTAWA (CP) — The Canadian economy — after marking up its fourth-best year of the post-war period in 1962 — may face tougher sledding in 1963.

This forecast by Trade Minister Hees was included in a year-end statement, among several other significant announcements and reports that made news in the "Capital" even though Parliament Hill was quiet for the holidays.

Mr. Hees forecast "a significant increase" in domestic purchases in 1963 to support the economy at home. But he said there are "signs of hesitancy in some of the major industrial economies of the world."

Any slowing down in the outside world would mean that the greater efforts would be required if the upward momentum of the Canadian economy is to be maintained.

Reviewing 1962 developments, Mr. Hees said latest figures show an eight per cent rise in gross national product — value of all goods and services produced — and a gain of seven per cent in volume of output.

Hees' remarks compare with gains during 1961 of 2.5 per cent in gross national product and 1.8 per cent in volume of national output.

Competition Tougher
He said last year's growth rate "supersedes that realized in the free world's recent history and has exceeded in only three of the last 45 years."

"This expansion is all the more notable in that it has been achieved in the face of increasingly competitive world conditions, which is in sharp contrast to the buoyant demand situation of earlier post-war years."

His statement indicated continued tough competition for world markets can be expected in 1963. In sequence, there are now great industries running full-tilt and today Hong Kong made gains are found in most of the markets of the world.

Japan is manufacturing as never before — not cheap, imitation goods, but articles of the highest quality. The city of Tokyo said to have been 70% destroyed by fire bombs and to have had a population of 2 — 3 millions at the close of the war now has a population of over 9 millions and is the largest city in the world, larger than London, or New York. This great growth is based on industry and other cities such as Kobe, Osaka, Doshi, etc. are all bursting at the seams.

Beyond this prodigious effort at home, Japan is reported to be helping both the Philippines and Pakistan to industrialize; Britain is assisting industry in India, and parts of the Middle East are erecting factories, while in Brazil new factories are starting to produce American automobiles. Beyond all this feverish industrial activity a university economic report says that Russia will outstrip the U.S.A. in the production of consumer goods by 1970 and Mr. Khrushchev has declared that is Russia's goal.

Just what will happen to one can tell but without any doubt the West is headed for industrial shock and disruption. Now, in all this coming upheaval in the West, what of the Church? Will the Church follow business, into probable recession and confusion or will it be able to extricate itself? What is the essential message of the Church of Jesus Christ in this clearly forecast economic debacle?

What of our United Church of Canada in this time of critical uncertainty? Are we making any effort to meet the coming crisis, commensurate with our size and strength and opportunity? What of our current expenditures for overseas efforts? Only approximately 1/5 of our M. and M. and less than 1/20 of the total funds of the Church is used for work beyond our shores. Missionaries overseas number approximately 250 a ratio to membership of less than 1/400 and actually are less than 1/2 the number at the time of Union, 37 years ago. Recruiting is lagging dismally for both home and overseas work. We talk of an accelerated and enlarged technical assistance program, but is it not merely a token effort, the crumbs which fall from the rich man's table?

Are we really serious about spreading the Gospel, or are we so bewildered and frustrated that we are already defeated? Why is Communism making such advances? Why does Communism so appeal to people? Has Communism the body of Christ? It is doomed to eventual failure because it hasn't the heart? Yet we are heart of the Gospel, but are equally doomed to failure because it is a disembodied heart?

What would Jesus say to the "organizational" Church today? Would He say to much of our organization, our committees, our groups, our programs "Depart from Me. Thou art an offense unto Me?"

"There have been some tendencies toward softening in international commodity markets," he said.

United States industrial production has been levelling off since mid-summer though business confidence appeared to be strengthening now. There was widespread expectation in Western Europe of a less vigorous economic expansion this year.

But Mr. Hees said there are "important elements of strength in the domestic market outlook."

Plan Good Year
The financial position of consumers was strong; inventory sales ratios were in a healthy position and businessmen seemed to be planning for another good year. A preliminary survey of large Canadian companies suggested a volume of about five per cent in expenditures on new business capital.

These considerations point to a significant increase in overall demand in Canada in the coming year.

"In addition, Canadian producers take full advantage of the new opportunities available to further strengthen their position in both domestic and foreign markets. The Canadian economy should move steadily forward. While the task ahead is not an easy one, it is every reason for Canadians to look to the future with new confidence."

Mr. Hees said the latest figures for 1962 show industrial production more than eight per cent higher than a year earlier.

Employment Up
Employment in the first 11 months of the year averaged 177,000 higher than in the corresponding period of 1961 and there were 8,000 fewer jobs on the average. The unemployment rate was 5.9 per cent of the labor force compared with 7.2 per cent in 1961 and seven per cent in 1960.

He said the end of September showed total personal income of 8.2 per cent above 1961 levels, with a rise of only one per cent in consumer prices. Corporate profits were sharply higher.

The trade minister indicated that 1962's first year will top \$2,300,000,000 compared with \$2,400,000,000 in 1960 — a two-year increase of more than one-sixth. Exports of highly manufactured products rose by more than 25 per cent in the two years.

But he added that much of the import gain reflects higher prices caused by dollar devaluation.

Bigger Deficit
"This means that a relative small part of the recent growth of real demand in Canada has been supplied from abroad."

Mr. Hees noted Canada's international balance of payments deficit fell from \$791,000,000 in the first nine months of 1962 from \$170,000,000 a year earlier.

"There is, however, indication of an improvement in the current balance position in the latter part of 1962."

The predicted further benefits will flow from Government measures to promote growth and competitiveness in Canadian industry. There (Continued on page 9)

Editorial Notes

We Start Another New Year

TRULY we are on the threshold of another new year, for today is January 2nd, 1963, and very little has happened so far.

We have celebrated the Christmas holiday and we have just completed celebrating the New Year festivities, now we have to settle down once again to the more serious business of going about our daily tasks and doing our part of the individual effort of making a living.

It is a new year, but what of it? Does it hold a better future for all of us and the whole world? Will we win the peace that we are seeking, or will we be sorry that a new year has come? It used to be that the new year was looked upon with hope for the future for everyone. This past several years we have only dared to hope, for the uncertainty of everything has cast a shadow on the future, we have entered new years with a strike or two on them from the previous years.

Dare we hope that with the things that happened in the latter part of 1962, Russia has come to view things with a different light. Perhaps she will see things more our way and decide to end the cold war and really seek this peace she has claimed to advocate for so long. The Cuban situation has seemed to change a whole lot of conditions, but we marvel at the ease with which the Russians took the whole affair and have appeared to do an about face. We still cannot believe that all is well, but that Russia must have another card up her sleeve. It does not follow the regular Russian method to give in so easily and that is what is so mystifying. That is why we wonder if we shall go through this new year with a furthering of clarification as regard to Russia and perchance go into the era of co-existence that Russia is always preaching. While our Western mode of life does not seek to impress itself on the Russians and other communist nations, the communists are always seeking ways to engulf our people in its folds. That is where the great difference comes in.

The question that could be asked by everyone is: Will this new year usher in a great new world. A world where there is true understanding, where nations work with nations to betterment and greater understanding of each other. To share their mineral wealth and knowledge for the betterment of all mankind. The knowledge of nuclear possibilities should be worked upon and shared by all in the advancement of civilization and not as a possible instrument of war and destruction. Our road should be one step farther than the United Nations, it should lead us now to a world parliament. All nations should belong to a world parliament and legisla-

tion for all nations should be brought forth and enacted by such a body. If the new year could lead us to such a development, we believe that peace, or peaceful co-existence could become an actual fact. We could then truly turn our swords to ploughshares and pruning hooks for there would be no further use for weapons of war. All differences would be settled by world parliament and suitable legislation would be enacted by means of which nations would be controlled.

As in business, so it is in government today, there is competition which requires sane and careful thinking and reasoning to overcome the difficulties that arise. A world parliament no need to upset the domestic life of any nation, it would go on as before. However, representatives for the world parliament would have to be nominated by each nation and then voted upon to determine whom should be elected. In this way all nations would become ridings of the world parliament and the candidates finally elected would be the members of the parliament. They would deal with legislation as a whole as it affected the world and they would make laws and regulations that would have to be obeyed by all nations. Any nation disobeying the laws would be called upon to forfeit according to the penalties that would be required to be enforced. We believe that such a project is possible and that it would also do away with the alarms that are caused by Common Markets. The world would be trading within itself much as any country does now. The people of the world would be more informed on what could be obtained and offered. People would also be able to move about the world with less interference as to immigration laws. Regulations with regard to this would be set by the World parliament and would be applicable to all countries. Customs duties would probably be changed for some form of taxation.

This is probably a little wishful thinking, but if something of the sort could be put into effect, we believe it would be a start toward a new world. We have had the experience of the United Nations, but we need to go farther, we need a body that has the power to make decisions and go ahead with them. We need an international police force to see that the laws are obeyed and for the protection of people in all countries. Only a world parliament with power could possibly see that such things are done. There is no doubt but what the United Nations has been responsible for preventing several wars that could have happened during the past few years. Then think what it would be possible for a world parliament to accomplish.

This is the new year and we cannot tell at this stage what it may hold in store for us.

Something Should Be Done About The Curtain

FOR the past several times that we have attended programs in the Huntingdon High School auditorium, there has been considerable difficulty in drawing the stage curtain after each act. It seems that it requires two persons to draw each side to the centre and that it sticks and jerks along and then does not meet in the centre to actually close off the stage.

It would seem from our vantage point that it ought to be an easy matter to fix this curtain so that it could be drawn across by pulley ropes, swiftly and easily and to be more efficient. Just what the trouble is why this curtain cannot be

drawn across by one person and unseen, we cannot say, but we do think it should not be left this way for show after show without attention.

If new curtains are needed, then perhaps this could be a project for the Home and School Association and one which we believe would obtain great support. Many people present at these programs remarked that the curtain seems to be broken and it should be fixed. We certainly feel that something should be done to remedy this defect for it spoils the efficiency that others have put into the program. There is surely someone locally who could put this into working order and that would not be a big expenditure.

Until recently the West has largely set the pace in world events. We were the initiators, the setter of standards, the judges. We declared other nations with his customs and his religion is on trial. In other words, rightly or wrongly, the Church of Jesus Christ which the West has claimed to accept and follow, is on trial, together with its Western advocates and protagonists.

But, the Western nations, the so-called Christian nations, the protagonists of Western Culture, twice to war among themselves and

Obituary

The Late Raymond Niles

Mr. and Mrs. Wesley Thomson and daughters Mrs. A. A. Kelly, Miss Mary Thomson, R.N., and Mrs. William Leslie attended the funeral of the late Mr. Raymond Niles, Dickinson Centre, N.Y., brother-in-law of Mr. Wesley Thomson, on Monday, December 17th.

Mr. Niles was 71, a member and past chairman of the Franklin County Board of Supervisors, a member of the Education and Charities committee, the inter-county committee and the unincorporated lands committee. Also chairman of the Sealer of Weights and Measure Committee and Building Committee of the Town of Dickinson.

On August 16th, 1915, he was married to the former Eva Thomson, a registered nurse of Cornwall, Ont. who was at that time Superintendent of the Alice Hyde Hospital in Malone, N.Y.

Mr. Niles was a member of the Dickinson Centre Baptist Church, Superintendent of the Sunday School, a member and past master of Blue Mt. Lodge 874 D.F. and A.M. of St. Regis Falls, a past patron of St. Regis Chapter 455, Order of the Eastern Star of St. Regis Falls and past district grand lecturer of Franklin District in 1957.

He leaves to mourn his loss his wife and one sister Mrs. Bernice Parks of Dickinson Centre.

Funeral Services were held in the Baptist Church with Rev. Kent McAdison officiating.

Interment was in the Wesley Thomson and five nephews, Burial in Fairview Cemetery.

day, December 16th, Communion Services were held at both Georgetown and Riverfield, and in the evening the "Akkia" Group of C.G.I.F., under the leadership of Miss Ruth Jones held their annual Candle-light service in Riverfield Church.

Twenty-four girls took part in the service, Miss Jones taking the meditation, with Sheila McArthur, Patricia Reddick and Sandra MacFarlane as the candle lighters, Lynn Robb and Wendy Allen were the readers.

On Sunday, December 23rd, large congregations attended the Christmas Services at Riverfield and Georgetown — the theme of the services being — "Thanks be unto God for His unspeakable gift". Combined choirs attended to lead the praise at both services. Two special anthems were sung — "Christmas Jubilate" — a Russian Melody by Aletta Bessor, and — "Come, Let Us Go To Bethlehem" — by J. M. Rasley.

The Y.P.S. of Georgetown and Riverfield presented the beautiful Pageant — "The Babe of Bethlehem" — at Georgetown Church, on Sunday evening, December 23rd, assisted by the combined choirs. The Y.P.S. were grateful and happy that such a large congregation braved the elements to attend and, in appreciation, they presented a very lovely pageant.

Those taking part were: Dorothy Angell, Sandra Brown, Wendy Brown, Anne Brown, Donna Cullen, Betty Cameron, Heather McCartney, Carol MacFarlane, Eleanor Wilson, Carol Wilson, Margaret Whyte, Phyllis Whyte, Shirley Whyte, Milton Reddick, John Spinks, and Allan Angell.

The concluding service of the Christmas Festival was held in Georgetown Church, on Monday, December 24th, at 11:00 P.M. when the choirs presented their annual Candle-Light Carol Service to a fine congregation — the congregation joining in the carol singing with evident pleasure and enthusiasm.

Mrs. Ronald Reddick sang — "There's a Song in the Air" — by Josiah Holland, and a beautiful seventeenth century carol —

"While By My Sheep" — was sung very effectively by the choir. A quartette of ladies — the Mrs. Hazel Peddie, May Scobie, Claire Simms, and Agnes Brown sang the Luther Carol — "Away In A Manger".

The soloists in "We Three Kings" were W. G. Brown, S. Carmichael, and W. M. Brown. The Rev. W. M. Brown conducted the service, and sang the "Cantique de Noel" (O Holy Night) by the French composer, Adolphe Adam. At the conclusion of the service the Rev. Brown extended greetings to all for a joyous and happy Christmas.

Two other happy events of the festival were the "Christmas Tree Parties" for the children, which were held at Riverfield on December 15th, and at Georgetown on December 21st.

A truly wonderful "Christmas Festival" marked by joyous attor-

tion and praise from the whole church family to "The Babe in the Manger", "Kings of Kings" and "Lord of Lords".

FROM OUR FLORIDA READERS

Mr. Sir, I have read Mr. Oney's letter in last Gleaner, also your invitation to other Florida visitors to and having received counting cards from friends in Christmas and vicinity, who seem to be worrying in case we frozen up down here in Florida; and to drop you a few lines and get on conditions here on the "Sun Coast".

many of the shrubs are sub-tropical, accounted for the heavy damage we see everywhere. The temp. by the 16th. was up again to 85 deg. and today we had a high of 80 deg. The citrus people had estimated their crop at 160 million boxes, and about 80-85% of the crop is thought to have been destroyed. When we look at our shrubbery, which we planted and tended so carefully, we feel badly; but when we think of the grove owners who have lost almost their entire crop and perhaps many of their trees, we don't complain. If anyone is contemplating a first trip to Florida this winter they definitely will not see it at its best, as far as the beautiful flowers and ornamental trees are concerned, as even the graceful palm trees are frozen and brown; but the bright sunshine, the balmy breezes, and the white sandy beaches also the friendly Southern hospitality is still here.

Yours truly, Earle Bradley.

Howick

(Continued from page 8) Mr. and Mrs. Gerald Roy have moved from their farm on Fertile Creek Rd., to their new home on Monday Fullochgorum Rd. On Monday night, December 17th, about 35 neighbours gathered at the old home to wish them well in the change, and to voice their regret at losing two good neighbours. Euchre was played with Mrs. Archie Chisholm and Willard Greig winning 1st prizes. Consoledions went to Mrs. Donald Chisholm and Jas. Seoble. Refreshments were served. Peter Peddie voiced the feelings of all present, when he spoke of their regret at having the Roys move from the road; Clifford Brown presented them with a gift of step tables.

Sunday Services at the United Church were well attended. Two anthems were sung by the choir: "First Christmas Story" and "Behold I Bring". Student-Minister, Mr. Geo. Lavery's story to the children was "A Costly Gift", and his sermon subject: Poverty and Riches.

Christmas trees and flowers decorated the church. Flowers in the chancel were in memory of the late Mr. Wm. MacKie.

The simple but beautiful evening service of 9 lessons and carols was planned and arranged by Mr. G. Lavery. The readings, beginning with Gen 3:13-15 and ending with John 1:1-14 were read clearly and reverently by a member from each department of the church.

The lovely Choral numbers were planned and directed by Mr. Peter Miller with able assistance from the organist Mrs. R. Stewart. The service opened with an organ prelude, and a professional with a choir of 17 voices. Several children took part in the lessons and choral numbers and their sweet young voices were most appealing. The following was the balance of the program: Duet, Holy Night - Sherrill and Carol Carson; 1st Lesson: A Messenger - Diane Allen; Anthem: "O Come, O Come Emmanuel"; 2nd Lesson: A member of S.S. - Gary Allen; Solo: "O Holy Night" - Mrs. W. Templeton; 2nd Lesson: A member of C.G.L.T. - Carol Carson; 4th Lesson: A member of Y.P.I.T. - Harold Brown; Anthem: "Bethlehem"; 5th Lesson: A member of U.C.W. - Mrs. M. Brown; The Magnificent, 747 (all in unison); Gloria Patri; 6th Lesson: A member of choir - Mrs. R. Gruer; Duet, "Silent Night" - David Champ and Lynn McFarlane; 7th Lesson: A Steward - Mr. Willard Greig; 8th Lesson: An Elder - Mr. H. Brady; Solo, "Old French Carol" - Mrs. G. Lavery; 9th Lesson, Student-Minister - Mr. G. Lavery; Solo, "What Child is This?" - Mr. Peter Miller.

Mr. Wm. Ness spent the weekend at the home of Mr. and Mrs. Geo. Horner, Toronto. Raymond Smith accompanied by his friend Paul Glucky, Kensington, P.E.I., is spending the holiday season at the home of Mr. and Mrs. Wm. Smith. About 25 girls from the Akita and Shiki groups of C.G.L.T. were out carolling one cold evening. Two leaders, Mrs. R. and Ness and Miss R. Jones were with them as they visited elderly people and nursing homes. Refreshments were served later at the school.

Curling News Before Christmas the men were curling for turkeys and the winners were: J. C. Murray, A. Menard, N. McWhinnie and John Logan (skip). Chickens went to the runner-up skip: R. Dupont, R. Gompoy, A. Peddie, I. Geddie (skip); Stewart Kerr won the draw for an extra turkey. Mr. Michael Snow, Rothesay, N.B. is spending the holiday season with his wife and family at Howick.

Report From Ottawa

was also a growing awareness in business of the need for new industrial initiatives. Establishment of a new agency to process information on the extent of foreign control of corporations and unions in Canada was announced.

The agency will come under Dominion statistician Walter E. Duffett, but will function independently from the Dominion Bureau of Statistics. It will administer the government's Corporations and Labor Unions Returns Act effective January 1.

An administrative office has been established for the new organization and staff will soon be recruited to begin processing data from some 40,000 corporations and some 300 unions.

To launch the study, a special questionnaire is being sent to almost every corporation in the country. The main purpose of the questionnaire will be to eliminate from the survey smaller companies with revenues less than \$250,000 a year and assets under \$500,000 which are exempt from the Returns Act.

Certain companies already filing detailed information under other laws as well as non-profit organizations are also exempt from the new law. Transport Minister Balcer confirmed that the United States government will build a multi-million-dollar satellite tracking station this year in the Atlantic provinces. The minister said in a statement that the station will receive television pictures and radio signals describing weather conditions around the world from U.S. satellites to be launched regularly beginning late in 1963. A second tracking station will be built in Alaska.

What Must We Do

(Continued from page 7)

help asking for missionaries, but "Missionaries of the right type," they say.

Bishop Leslie Newbigin, of the International Missionary Council, is reported as saying "I have been told by African churchmen what they expect from us in the way of missionary help. They want men and women who will come to Africa ready to be completely part of the church there, ready to sink their lives in its life. 'Send us missionaries,' they said, 'who will live with us, work with us, die with us, and lay their homes here in Africa.' Over and over again they said they did not want missionaries who thought of themselves as a scaffolding for the African church. 'Indeed,' they said, 'we do not want an African Church, we want a Christian Church in Africa, a Church which is truly missionary, and in which there is neither black nor white.' This very year there came a request from Japan for 41 missionary evangelists.

At this critical juncture missionaries must be sure of themselves. There must be emissaries of the cross, motivated by the cross. They must have the love of God in their hearts and the 'right look' in their eyes. Men and women who are ready to live and suffer and if need be, to die for the Gospel's sake, for "The blood of the martyrs" may still be "the seed of the Church".

In conclusion, I would like to quote from the late Archbishop William Temple and so close on a note of trust and optimism:

As inexorable as the law of gravity. As sure, Christ reigns. Christ rules, Christ reigns. We may rebel, but Jesus reigns. We may refuse to decide, He reigns.

We may hesitate, He reigns. We may compromise endlessly, He reigns.

We may waste precious moments, He reigns. No matter what we do, He reigns. To recognize that; and to submit to the terms of life that it imposes, is to have passed from death to life - only a beginning, perhaps, but nonetheless, and of eternal importance, is the fact that it is a true beginning.

Jesus reigns, by assent to that and to enthroning Him in our hearts, is to begin to live.

Finally, at a recent special convention at the University of Toronto to our Governor-General said "We are free to face with a problem so grave, so tragic, so comic that we shall not be able to solve it if we have recourse to human means and methods only.

"I believe we must shape our lives on moral standards, personal as well as public, higher than those which exist today." Let us begin to associate prayer with power, faith with fire, charity with clear, swift action. May these spiritual shafts scatter the clouds of doubt and fear, light our path through the valley of confusion, and guide us to the mount on which, 19 centuries ago, a certain seaman was crucified.

Therefore, is it that we must make a new beginning do some real re-thinking and re-planning in our own lives and in our Church before we can begin to meet and deal with the great problems which confront us in the world?

Television For Children In Quebec Starting In February

QUEBEC, (CP) - Educational television gets under way in Quebec in February with a three-month experimental series in French-language schools.

Whether School Boards take the series or not is up to them. The Youth Department advises Boards not to invest heavily in television sets but to rent them if possible. It points out that in France, educational television is still on an experimental basis after 10 years.

The Quebec series will be an optional and supplementary part of the curriculum rather than an integral one. Each week from February 5th through May 20th, a 30-minute general knowledge program will be beamed at sixth grades while grade 10 students get a physics program.

A radio series will include 15 and 30 minute programs on French grammar for Grades five to nine and music for grades eight and nine.

Arrangements with the CBC's French-Language networks have been made to carry the programs. Later next Spring, the Government will determine which schools carried the telecasts and broadcasts, then send questionnaires to teachers and students to determine their value.

The Youth Department says the present structure of Quebec's Educational system would make full-scale educational television difficult. It might eventually be found most valuable in distributing high-calibre adult education courses through small communities, or put (Continued on page 10)

Our 'round-the-clock burner service keeps your heating system at peak efficiency

BURNER SERVICE: Can save you as much as 2¢ on every gallon of oil you use

An efficiently-operating heating system can save you as much as 2¢ on every gallon of oil you use. We offer you burner service protection to keep your heating system working at peak efficiency. Even the busiest family car does not put in as many hours of work in a year as the average heating system. Like a car engine, your heating system must be checked regularly, and adjusted when necessary. Otherwise it will waste fuel. Parts will also wear out more quickly. Our 24 hour burner service guarantees you top performance all winter long. And it saves you money these three important ways:

- 1. By making sure your burner is cleaned and adjusted for peak efficiency—to give you maximum heat from every gallon of fuel.
2. By catching little troubles before they become big ones. (A small adjustment or repair now may save you many dollars later.)
3. By insuring you against unexpected repair bills—and by keeping your furnace in working order.

Now, with Shell Heating Oil and 24 hour burner service working together, we can take care of all your heating problems.

RECEIVES CERTIFICATE FOR SERVICE SPECIALISTS TRAINING

Leo St. Onge, Massey-Ferguson service representative in the area, left, was one of more than 100 Massey-Ferguson farm and industrial equipment service specialists to attend first classroom sessions at the company's new Product and Service Training Centre at Indianapolis, Indiana. Here he receives his graduation certificate from Percé McMaster, service training manager. The centre will officially open for training of M-F dealer personnel in latest product service techniques on January 7th. It is equipped to instruct 1600 Canadian and U.S. dealers annually. Twenty-one courses ranging from dealership management to tractor hydraulics are available. The centre represents a new concept in comprehensive farm equipment dealer training to raise the general standards of service to the customer.

ling across certain courses to trades and other professional schools.

But first, standards must be drawn up. The Department points out that faulty reception, poor television sets, or even poor acoustics in the room can affect the value of television courses.

Also coming up in 1963 will be a Royal Commission into Provincial, Municipal and School Tax Structures. Premier Jean Lesage announced that the Commission will be set up during the next Legislature Session beginning January 15.

All these tax structures are looking for new sources of revenue, and all have been criticized for having outmoded or inadequate machinery.

Other Government announcements this week:

The Quebec Water Purification Board will come under the control of Pierre Laporte's Municipal Affairs Department effective January 1. The Cabinet formerly had responsibility for its actions.

About 30,000 Montreal area construction workers will benefit from a plan under which life insurance and pension fund payments may be transferred from one employer to another. Labor Minister Gene Hamel said the plan eventually may be applied to all 120,000 Quebec

construction workers. The Roads Department has signed 41 contracts with a total value of \$5,427,242 for work in various parts of the Province. Biggest contract was \$2,226,761 for a 3.6-mile stretch of the Metropolitan Boulevard in Montreal's East End.

HEAVY SNOW SHERBROOKE, Que. (CP) — Snow removal cost Sherbrooke \$38,000 more between October, 1961, and February, 1962, than in the same period the previous winter. Total to the end of January was \$189,200.
