St. Lawrence Hall

— MONTREAL —

FEW HOTELS in the Dominion or in the Continent have won the widespread popularity for prompt and satisfactory management as has the **ST. LAWRENCE HALL**. For over 35 years the travelling public have found the "Hall" the best and most complete equipped house in the country, in all its departments. Every want that human foresight can supply, for the comfort and the convenience of guests, the management has ever provided for, and it is this attention that has given to the "Hall" its famed as the leading Hotel of Canada, both in the United States, Great Britain, and the European Continent. For over a quarter of a century, the "Hall" has held this proud position, and has had as its guests the most illustrious representatives of Royalty and the Peerage, who have in that period visited the Metropolis of the Dominion.

THE LOCATION of the "Hall" on St. James, st, the principal thoroughfare of the city cannot be surpassed in a sanitary point of view, and is the most centrally situated for all travellers.

IMPROVEMENTS—The growth of Montreal in the past few years, and the ever-increasing demand for first-class accomodation required by the travelling public, has called for large additions to the "Hall" which have been carried out and just completed. The massive and elegant exterior—five stories high, with mansard roof, and a clear frontage of 125 feet, on the most fashionable street of the city—at once attracts the attention of the tourists, and a visit inside soon leads to the conclusion that for polite attention and satisfactory management, the "Hall" has no superior. The new improvements have increased the accomodation for guests to over 300 well-lighted and airy rooms, furnished in the most tasteful style and with every modern convenience. Passenger elevators are also provided, and the whole of Corridors, Reading and other public rooms have been lighted, furnished and decorated in the most artistic manner.

THE DRAWING ROOMS—The "Hall" is now provided with two of the handsomest drawing rooms in the city. The New Room is one of the recent improvements, and is a marvel of beauty and elegance in its decorations, frescoes and furnishings. The whole of the wood work is of red sherry, with Lincrusta Walton panellings in gold, rich mirrors adorn the walls, and massive Gas Candle Chandeliers are suspended from the ceiling. The upholstery is of the richest and most luxurious descriptions—the carpets, chairs, sofas, ottomans, etc., being specially made to suit the adornments in the room.

THE DINING ROOM has been enlarged, making it 100 feet long by 50 feet broad, and capable of seating 400 guests. The room has been thoroughly renovated and decorated by the best Italian artists, and is lighted by Gas and Electric light.

Billiard, Hair-Dressing, Sample and Bath Rooms are all connected with the Hotel.

All trains and steamboats are met by the "Hall", busses, and polite and attentive porters always in attendance to look after guests' baggage.

Rates from \$2.50, \$3.00 to \$3.50 per day, according to location.

MR. HOGAN, the genial proprietor, still gives his personal supervision to all departments, thus securing for the guests every attention required.
