ISRAEL DENIES MASSING TROOPS

World News In Brief

TORONTO — Canadian families spend more money on food than any other nation in the world, a frozen food company official told the food division of the Retail Merchants Association of Canada Tuesday. George C. Suydam of Toronto said 29 per cent of the average Canadian family's income, after taxes, is spent on food.

VICTORIAVILLE, Que. — Lionel Bahl, 25, of Montreal has been sentenced to five years in penitentiary for his part in the May 5 robbery of \$11,183 from the Banque Canadienne Nationale branch at nearby Daveluyville. The term will be served concurrently with a seven-year term imposed on Bahl recently for participation in a \$25,000 bank robbery at Kingston, N. S. Bahl's brother Andre, 22, was sentenced to five years in penitentiary in connection with the Kingston robbery.

LONDON — The U. S. air force virtually called a complete halt Tuesday night to the search for a C-118 military transport which disappeared into the eastern Atlantic six days ago with 59 American servicemen aboard.

Long-range air rescue aircraft were ordered to carry out "surveillance type searching" in the last remnants of the greatest airsea search ever launched in the European area.

BERLIN — An East German woman gave birth to quadruplets—three girls and one boy Tuesday. The East German news agency ADN said the babies and their 27-year-old mother, Mrs. Edeltraut Griebner, are doing well. The Griebner family lives at Lauchhammer, in the Cottbus district.

MANOTICK, Ont. — John Patterson, 86-year-old resident of this Ottawa Valley village, had a perfect set of teeth until last week.

Most of his life Mr. Patterson brushed his teeth with a compound of charcoal and salt. Earlier this year he gave in to the urging of friends and experimented with conventional toothpaste.

Last week an upper incisor was pulled by Mr. Patterson's dentist-brother, Richard. The tooth had developed the only cavity in a perfect set of teeth.

LONDON, Ont. — The National Catholic Women's League, noting that there is no Canadian representative at the Vatican, resolved Tuesday to petition the federal government to appoint an ambassador to the Vatican state. The league stated that such an appointment is part of Canada's responsibility as a leading country of the free world.

It also agreed to forward to the federal government a resolution opposing any move by the department of external affairs to endorse the Peiping government as the official government of China.

Probe Illegal Entry Try By Sicilians

MONTREAL — An immigration department spokesman said Tuesday developments may come at any time in the case of five Sicilians arrested while attempting to enter Canada illegally.

The men, arrested in an RCMP raid Sunday on the French freighter Joliette, are being interrogated by immigration department officials. The ship was inbound from Marseille.

Authorities have been able to obtain little information from the stowaways, aged between 44 and 47. Police believe the men intended to enter the United States illegally after arriving here.

RCMP said they are considering the possibility the men are members of the Italian Mafia, a criminal organization sometimes referred to as "the black hand."

Renew Historic Bond — Discussing the part played by their famous ancestors in the founding of Manitoba are Lord Selkirk, left, great-great grandson of the British nobleman who brought the first settlers to the Red River Valley, and Alfred Lagimodiere of St. Vital, great-great grandson of John Baptist Lagimodiere who ran to Montreal in 1815 to bring aid to the community, under attack by jealous fur traders. Lagimodiere set out on snowshoes. The trip took 60 days. Lord Selkirk visited Manitoba while returning to Great Britain from the Far East. (CP)

Canada Not "State Of The Union"

Howe Warns That Trade Deficit Should Not Be Taken For Granted

MILWAUKEE, Wis. — American businessmen have been told by Canadian Trade Minister Howe they should not take it for granted that Canada will continue to buy more from the United States than it exports to that country.

Speaking here Tuesday to the Milwaukee Association of Commerce, the 70-year-old American-born minister said American exporters should remember that Canadians can buy only if they have an equal opportunity to sell.

Mr. Howe was referring to Canada's growing trade deficit

with the U. S. which reached a record \$915,000,000 in the first eight months of 1956. The eight-month figure was \$364,000,000 higher than in the corresponding period of 1955.

Americans, he said, take it for granted that Canada will continue to buy every year \$1,000,000,000 more from the U. S. than Americans buy from Canada. They also took it for granted they would continue to be able to buy Canadian raw materials while placing high tariffs against Canadian imports and threatening further restrictions.

He said he was not stating that Canada is about to retaliate by raising barriers to American imports.

"It is just that I am convinced that Americans who sell goods to Canada and appreciate the value of the Canadian market would do well to remind themselves more often that Canada is a separate nation, not a state of the union, a nation which in the long run can import only as much as it exports."

Referring to large stocks of wheat in both countries and the U. S. wheat-disposal program, he said the problem could be solved by close consultation between the two governments. He was opposed to panic action.

"There is, in the Canadian view, nothing to be gained by one country attempting to dump its surplus problems onto the other. This can only have the effect of making the whole problem worse."

"I believe that we in Canada have practised what we preach. Our wheat has all been sold for Canadian currency, which, as you know, is as hard as the United States dollar, at steady prices and there has been no subsidization of production or export sales."

Psychology Course Urged For Dentists

MONTREAL — A course in psychology should be an essential in every dentist's training, delegates to the 22nd annual fall clinic of the Montreal Dental Club were told Tuesday.

Dr. Martin R. Protell, dental consultant to a New York psychiatric institution, told the 700 practitioners attending the three-day session that there is a great emotional relationship between the dentist and his patient.

He said it is important for the dentist not only to have a good knowledge of the emotional make-up of his patients, but he must also recognize his own emotional needs and recognize the extent to which he

is capable of taking out his own troubles, frustrations and sadistic impulses on his patients.

It is a "well-known fact," Dr. Protell said, that dentists may, unconsciously, inflict unnecessary pain on their patients because of their own emotional insecurity.

He said dentistry must keep step with the modern medical concept that "what kind of patient has the disease is as important as what kind of disease the patient has."

"About 65 per cent of the major neuroticisms are centred about the mouth," he said.

Dentists from Eastern Ontario, Quebec, and the Atlantic provinces are attending the meeting.

Charges Fly Across Israel-Jordan Border In Temporary Peace

JERUSALEM — (P) — Israel has denied Arab charges that she is massing troops on Jordan's frontier and said the accusation is a screen to mask Jordan's own military activities.

A Jordan foreign ministry spokesman first made the charge in Amman, declaring that Israel was concentrating troops on the border with "aggressive intentions."

Later Syrian Foreign Minister Salah Bitar called together the Big Three's ambassadors in Damascus and told them Syria considered the reported Israeli moves a threat to Middle Eastern peace.

Bitar told the envoys he hopes the Big Three will make a stand "which saves the Middle East from a new explosion, and makes Israel refrain from carrying out further peace-threatening adventures."

Earlier a Jordan spokesman said his country will invoke both British and Iraqi help if Israel opens another big frontier attack.

He said the decision to call in British and Iraqi help would be under the 1948 Anglo-Jordan Defence Alliance and the 1947 Aid and Assistance Agreement with Iraq.

In London, a foreign office spokesman said last week Britain had told both Jordan and Israel that Britain will act under the 1948 treaty which provides for British aid to the Arab kingdom in the event of aggression.

Egypt Is Asked For Alternative Proposal

LONDON — (Reuters) — Britain and France today reaffirmed their unity on international control of the Suez Canal but invited Egypt to produce an alternative plan giving "equivalent guarantees" to the canal user nations.

Prime Minister Sir Anthony Eden and Foreign Secretary Selwyn Lloyd returned here today from a one-night meeting in Paris with French leaders where they decided on this offer to Egypt.

President Gamal Abdel Nasser has refused to negotiate on a basis of international control, approved by 18 nations at a conference here last August. Britain and France have since urged him in vain to suggest a basis for negotiations.

A communique issued in Paris early today spelled out what type of basis for negotiations would be considered. It said the 18-power proposals should form the basis for a settlement "unless the Egyptian government produces other proposals for a system meeting the requirements and affording equivalent guarantees to the users."

In Paris, a government spokesman said today that the Anglo-French talks Tuesday night were "encouraging."

Would Dive For Doria's Log Books

NEW YORK — (P) — A lawyer for the Italian Line has offered to send divers down to the sunken Andrea Doria to search for her log-books if the Swedish American Line will share the cost 50-50.

But counsel for the Swedish American Line says it is up to the Italian Line to produce the books.

The offer was made Tuesday at a pre-trial federal hearing into the July 25 collision between the Doria and the liner Stockholm. The collision cost 50 lives and sent the Doria to the bottom off Nantucket Island, Mass.

Charles S. Haight, counsel for the Swedish American Line, stressed the absence of the Doria's navigation, engine-room and wireless logs in cross-examining Capt Pietro Calamai of the Doria.

Eugene Underwood, counsel to the Italian Line, then made his 50-50 offer to send divers for the logs. But Haight rejected the proposal and it was dropped.

In his testimony, Calamai said he knew his ship was doomed even as he desperately tried to avoid a collision with the Stockholm.

The hearing is a preliminary to federal court trial of \$40,000,000 in damage claims filed as a result of the tragedy.

Parental Indulgence Criticized

LONDON, Ont. — Parents today are so starved for their children's affection that they will try at any cost—even at the risk of turning them into delinquents—to get it, the Catholic Women's League was told Tuesday.

Canon G. Emmett Carter of Montreal said some of today's young criminals are the direct result of parental over-indulgence.

The "I want-my-children-to have-what-I couldn't" attitude was teaching youth disrespect. It was not satisfying youth as much as it was saving parents the displeasure of incurring their children's wrath by refusing them things that are not good for them.

Canon Carter suggested that to develop the desired characteristics in children parents adhere more closely to the example God sets for them.

"Adults are like children," he said. "They pray to God and when their wishes are not granted they say God is not listening," he said. "God is listening but when he does not grant a wish his silence means no."

God did not consider those things which were not good for his children. He did not grant them wishes just to win their affection.

Former CPR President Dies At 77

MONTREAL — D. C. Coleman, 77, former chairman and president of the Canadian Pacific Railway, died at his home early today following an illness of several months.

Mr. Coleman, a native of Carleton Place, Ont., succeeded the late Sir Edward Beatty as president of the CPR in 1942. The following year he was named chairman of the board. He served as president and chairman of the board until 1947 when he retired. He remained a director of the company until his death.

Nina Heads Home — Nina Ponomareva, Russian discus thrower found guilty of shoplifting five hats, is shown boarding a ship in London that will take her to Leningrad. During a stopover in Stockholm, she charged that the hat affair was a provocation. "My honor is unblemished and I intend to continue my career." She told reporters that she would compete in the Olympic Games in Melbourne, Australia, next month. (NEA)

Adenauer Shuffles W. German Cabinet

BONN, Germany — (P) — Chancellor Konrad Adenauer fired Defence Minister Theodor Blank and three other ministers Tuesday in a cabinet shuffle.

He replaced Blank with Atomic Minister Franz Josef Strauss, who favors less speed and more quality in building the new armed forces with which the Bonn Republic will bolster NATO defences.

Strauss, 41, has publicly assailed Blank's rush to rearm. He is said to have told Adenauer West Germany should go slow in rearming until the United States and Britain "clarify their military thinking."

He is reported to feel that inadequate preparations have been made to handle the callup of large numbers of draftees next year. He said recently that 300,000 well-trained professionals were preferable to 500,000 men—the announced goal—that included many poorly trained conscripts.

Adenauer conceded he was "greatly concerned" over public opposition to rearmament.

The 80-year-old chancellor, facing a general election next year, said the cabinet changes will not affect West German foreign policy.

"We shall not be dissuaded from pursuing steadily our way on the side of our allies," he said. "We know that a weak and isolated Germany means... the end of freedom for the whole of Europe."

He said the reorganization was necessary to reflect changes in his coalition. The strong Free Democrats left the coalition early this year, leaving only two splinter groups as the allies of Adenauer's Christian Democrats.

Justice Minister Franz Neumayer and two ministers without portfolio, Waldemar Kraft and Hermann Schaefer, were released with Blank, Neumayer and

K. R. Patrick of Montreal, president of Canadian Aviation Electronics Ltd., told a Canadian Club audience that accurate guidance is the major problem in development of the atomic-warhead missile.

"An error of only one degree in guidance at 5,000 miles works out to an 80-mile miss," he said. "Improved electronic techniques will reduce this error to pinpoint accuracy over the next few years."

He also said it would cost Canada probably \$2,000,000,000 during the next 10 years for an automatic control system to tie together radar warning systems with interceptor aircraft and guided missiles.

Mr. Patrick referred to the control system as "SAGE"—Semi-Automatic Ground Environment. Instead of using manpower to watch radar screens and direct the interception of attacking aircraft or missiles, it would substitute automatic radar watchers, feeding information into a computer system which would control interceptor operations.

The RCAF has said it is studying the system. No decision has yet been made to go ahead with it.

Newsweek Likes Gisele MacKenzie — NEW YORK. — Newsweek Magazine says Gisele MacKenzie is "probably the most versatile girl in television."

The 29-year-old former Winnipegger's picture is on the magazine's cover and the story says the Canadian represents the most sought TV type, the girl who can do anything.

She is a top singer, says Newsweek, a comedienne, an actress, a "personality" easy to get along with, and a good cook, too. "Experts regard her as a performer still short of the peak of her potentialities."

Jubilee Lodge Burns Mortgage At Anniversary Ceremonies At Windsor

WINDSOR. — At a dinner celebrating the 59th anniversary of Jubilee Lodge No. 31, the Oddfellows, in a colorful ceremony, marked their freedom from debt by burning the mortgage on the fine building which houses their lodge room.

W. D. Ross, Noble Grand, welcomed the 80 members and guests present and said that this evening was not only a celebration of an anniversary and of the achievement of paying off the mortgage but was a tribute to those members who had decided, after the original hall was destroyed by fire, that it should be rebuilt and the lodge continue to function. Their courage and vision have been well rewarded and the evidence of their success is here this evening.

Many people, continued Mr. Ross, are unaware of what this Order and our Lodge have to offer prospective members. It offers opportunity for service as do other service clubs. This Order, in Quebec Province, gave \$4,000 for the purchase of wheel chairs for hospitals and institutions to which Jubilee Lodge contributed generously. He also listed other projects.

Other speakers included His Worship Mayor Bolduc, who congratulated members on the appearance of the newly decorated hall; John Cruickshank, Grand Master Quebec Lodge, cited Jubilee Lodge as an excellent example of a few doing much, and praised its fine fraternal spirit; Francis Robinson, District Deputy; Roger Beliveau, Noble Grand of Danville; and Cliff Allan, who voiced the pleasure of the guests in being invited to join in the festivities.

The dramatic point of the evening was burning the mortgage, and in introducing Walter Berry of Montreal, who set the match to the mortgage, Harry Perkins remarked that Brother Berry is still a member of this Lodge after 56 years, having joined in

1900.

Dinner was served by the Rebekahs at flower decked tables, the red, white and blue motif carrying out the Lodge colors. Rev. W. Reid said Grace, John McCabe proposed the toast to the Queen, and Harvey Finley expressed the thanks of the assembly to the Rebekahs for the fine dinner.

Seated at the head table were W. D. Ross and Mrs. Ross, Mayor Bolduc, John Cruickshank, Grand Master Quebec Lodge, and Mrs. Cruickshank, R. Beliveau, N.G., Danville, and Mrs. Beliveau, F. Robinson, District Deputy, and Mrs. Robinson, Mr. and Mrs. W. Berry, Rev. W. Reid, Mrs. Reid, D. Chapman, H. Perkins, Irwin Robinson, Mr. and Mrs. J. Gardner and Mr. and Mrs. C. Allan. Later cards and dancing were enjoyed to the music of a local orchestra.

FORESTRY MEETING

Attending the Eastern Townships Forestry Association meeting at Victoriaville recently were Mayor T. Bolduc and Leo Coderre representing the Town of Windsor, C. Force and B. Desruisseaux representing Canada Paper Co., and G. Wilty, who owns a 60-acre tree farm on which 18,000 spruce trees have been planted in the past eight years. These, with the natural growth, total about 200,000 trees. Other Windsor tree farmers not present at the meeting are H. Finley, who has a 77-acre wood lot on which natural reproduction is so heavy that it is unnecessary to plant young trees, and A. J. Philip, who has planted about 8,000 trees on his 100 acres over a period of three years.

Thetford Takes Part In Soil Sampling Search

THETFORD MINES—This city recently became the first place in the Eastern Townships to take part in a Canada-wide soil sampling search which may lead to the discovery of another antibiotic as valuable as terramycin or as well-known as penicillin.

A spadeful of soil was dug from the City Hall lawn by Mayor Rodolphe Caouette and turned over to E. Normandeau, Pfizer sales representative for this area. This soil, along with soil dug by mayors, university presidents and other officials in towns and cities all across Canada, will be shipped to one of the world's most modern antibiotic laboratories for testing.

Canadian soil samples being gathered during the next few weeks in every province across Canada will be shipped first to Arnprior, Ont., where representatives of church and state, the medical profession, veterinarians and pharmacists will be joined by

the representatives of a dozen foreign countries at the opening of the first Pfizer plant in Canada.

Following the opening ceremonies in which Canadian cabinet ministers and a number of foreign ambassadors have been asked to participate, the soil samples, together with a special sample from Arnprior, will be rushed to the laboratories. From one of these samples, it is hoped, something as valuable as terramycin may be developed.

It is interesting to note that the discovery of terramycin came in 1949 after Pfizer researchers had tested more than 100,000 soil samples gathered from all over the world. Overseas airline pilots, missionaries and inveterate travellers were contacted and asked to bring back from distant lands samples of soil.

Each sample was put through a thorough screening process and finally from all this painstaking and time consuming research

came the discovery of the mold, streptomyces rimosus. Carefully cultivated, this mold was induced to give off an antibiotic that showed promising activity against a wide range of disease organisms. It was named terramycin and was made available to the public in 1950.

Within the soils of the earth, scientists believe, are many more molds with a potential as great as that which led to terramycin. The present Canada-wide search is being conducted in the hope that one of these life-savers may be uncovered. This soil sample from Thetford Mines may be the source of a new and yet unknown medical and scientific treasure.

Mayor Forecasts Referendum On Electricity System Sale

Taxpayers To Decide Policy Before New Loan By-Law Offered

Sherbrooke ratepayers will be called upon to decide the question of the sale of the municipal electric power system before any major loan by-law is submitted to the voters, Mayor Armand Nadeau indicated in a statement made at last evening's session of the City Council.

In replying to opinions expressed recently by two prominent Sherbrooke citizens — Hon. J. S. Bourque, Minister of Lands and Forests and of Hydraulic Resources in the Provincial Government, and Armand Crepeau, a civil engineer and former M.L.A. for Sherbrooke — opposing the sale of the system, Mayor Nadeau declared:

"Neither the Mayor nor members of City Council have decided to sell our hydro-electric plants but the mayor and aldermen have decided and are firmly resolved to study the question, taking into account the circumstances of the time the financial requirements and the progress of our community."

Recently two prominent citizens of our city have made known their opposition in no uncertain terms to the suggested sale of the Sherbrooke hydro-electric system.

In doing this they exercised a right which every individual living in a democratic country possesses and they are to be congratulated for their courage in making known their opinions.

"I believe however, that a problem of such capital importance to Sherbrooke requires more than courage and this is why the Mayor and aldermen unanimously have decided to study this question before submitting it to the ratepayers of our city. I believe under the circumstances that the policy adopted by the council meets are required to be of an honest and wise administration. Our attitude has been approved by both our daily newspapers and has been declared logical."

"Always conscious of my responsibilities and respecting the mandate which the population of Sherbrooke has given me, I feel completely at ease in discussing openly with all ratepayers the problems which interest the community. It is in this spirit and in collaboration with the representatives of each ward that I have pointed out that it is important and urgent that we discuss the problem of our municipal finances."

"I have stated many times that we are not here to impose projects upon the population, but only to echo their desires. It is we who have agreed to serve the people and it is in this sense that we should face our responsibilities and fulfill our mandate. I ask all our citizen ratepayers to do as much and in the same spirit."

"Our financial position is not alarming, but delicate and demanding of particular attention. I am not reproaching anyone but I think it fair to say that in this room people have not always faced their responsibilities."

"Last year we had to increase the burden of the taxpayers with an increase in taxes, we have proceeded now going on before the Supreme Court between the School Commission, the City and industry, our industrial promotion despite the efforts of Mr. Cadorette is inadequate, our financial report tells us we will need more revenue and consequently more taxes."

"In face of these complex problems, I believe that I am right in saying that in some circles declarations are hastily made that the municipalization of our electricity is the solution to all our difficulties."

"Taxing when people have the means to pay is easy—and in that time people were not taxed—but instead construction was undertaken and those who inherited were told to pay."

"It is repeated that real estate taxes are low in Sherbrooke—10 mills for municipal purposes and 13 for the schools—I say they are reasonable, taking into consideration the means which our people have of paying. But do they know that the electricity rates, both domestic and industrial are the highest in Canada. Both proprietors and tenants pay 35 per cent more than all domestic users in Canada for electricity which the city sells them. We actually buy more power than we produce."

Personally I have no objection to applying the policy of past Councils, but I want the people to tell me to continue. We submitted the Bromptonville project and the people said no—their right—it is they who pay. Before presenting another loan by-law of \$800,000 for the same department I say we will study the entire question. We will submit it to our masters, the people, and they will decide. We will proceed according to their wishes, and that is what I call sane democracy."

"I have called on the good will and civic spirit of our citizens because your government needs your support and asks for it. Not only does this concern the electricity problem but all those connected with the administration of your money, of your city and of your future."

"If we all work in this manner I have no fear, we will build Sherbrooke solidly and our children will be proud. A Sherbrooke where our working class, businessmen and professionals will find satisfaction and happiness."

Rotary Visit — District Governor Richard H. Cowles of Burlington, Vt., addressed the Sherbrooke Rotary Club last night on his official visit to the group. Rotary Governor Visits

Individual Service Urged Upon Members

"Make the most of your opportunity to serve," District Governor Richard H. Cowles told Rotarians last night as he paid his official visit to the Sherbrooke Club.

Stressing the need for individual service, he said that in the arena of life, it was not enough to know; man was also required to act.

"May I urge that your new look this year be at yourselves as individual Rotarians," said Governor Cowles. "May you be crusaders and exemplars for all for which Rotary stands and in all that she does. May you . . . enter into Rotary as a program and as a movement rather than as an organization or a club."

Governor Cowles, of Burlington, Vt., is head of District 287 of Rotary International of which the Sherbrooke Club is a part. This was the 31st club in the district which he had visited, he stated, and in all of them he was stressing the simplification and clarification of Rotary principles advocated by Rotary International's president, Gian Paolo Lang. There was nothing complicated about Rotary aims, Governor Cowles said.

"Rotary endeavors to develop the individual and through his

development enable him to find his place in the community and to serve in that place; to cause him to consider his citizenship in its relation to the world, the nation and the community and to think of his business or profession as an avenue of service."

He urged Rotarians to be well-informed, to have an ever-inquiring mind, to give more time and effort to instruct themselves in the aims, procedure and policy of Rotary, to choose definite purposes and goals and to head for them in a straightforward manner.

"Put Rotary to work where you work," he said, and "make use of the 4-way test."

He also asked Rotarians to know their neighbour better and to strive to learn more about people in other countries. He suggested inter-club meetings across international boundaries, youth exchange programs and an interchange of ideas with a club in another country.

"All things depend upon the individual," Governor Cowles stated. "Friendship between nations is individual, not national. The first step in friendship between two nations comes when individuals of those two nations become friendly."

"Each Rotarian within our club must accept his own personal challenge to strengthen club service, to serve his community more effectively, to serve and dignify his profession and to exert leadership to raise the standards of his business or profession and to raise the standards of other businesses and professions within his community; and to explore every possible means within his own club and in co-operation with other groups to increase international understanding thereby hastening the time of peace and goodwill."

"Let us accept tomorrow's challenge to ennoble the world by friendship, to help create a world where order, service to humanity and peace will prevail."

Past President Hawley Griffith introduced the District Governor and Vice-president Cliff Bryant expressed the Club's thanks.

Two visiting Rotarians were present Albert Cloutier, of Thetford Mines and Ned Cutting of Rockland, Me.

Seated at the head table were Dr. Gordon Loomis, director of Rotary International Doug Stevenson, Past President Hawley Griffith, Governor Cowles, President Arthur Kerridge, Vice-president Cliff Bryant, Past District

Governor George Ewing, Cyril Pyke and J. R. Sangster.

Following the meeting, an assembly with the Governor was held at St. George's Club when all committee chairmen presented their reports covering their work so far this year and their plans for the balance of the year.

Lennoxville Home & School Group Meets

An address on "School Curriculum" by Principal Everett Denison and a panel discussion of the hockey rink project will feature the October meeting of the Lennoxville and Ascot Home and School Association to be held in the Lennoxville High School gymnasium at eight o'clock tomorrow evening.

Taking part in the panel discussion will be M. Stefano, G. Garard, D. Cathcart, A. G. Theriault, Norbert Keenan and William Clark.

The following Thursday evening, Oct. 25, the Association plans to present a cooking school through the operation of the Southern Canada Power Company and Moffat's.

Further Winter Roads Aid Urged By County Councils

At least ten counties in the Province of Quebec submitted resolutions concerning the maintenance of winter roads in rural communities to the 13th annual convention of the Union of County Councils, which held its closing sessions yesterday afternoon here.

Most recommendations were to the effect that grants from the Provincial Government were not sufficient and the winter roads problem affects municipal budgets in an alarming way. The Union recommended that grants from the Government be 50 per cent of the amounts paid by each municipality for secondary roads and streets in each village.

Elected president of the Union for the coming year was Raymond O'Hurley, mayor of the Parish of St. Gilles and Warden of Lotbiniere County. He succeeds Hercule Riendeau, M.M.P., mayor of St. Remi-de-Napierville. Three district representatives named as directors were Fred George, Mayor of Inverness Township, W. A. Thibault, Mayor of Abercorn Village, and Ernest Benoit, Mayor of St. Nazaire d'Acton.

At the closing banquet held yesterday noon, Hon. J. S. Bourque, Minister of Lands and Forests and of Hydraulic Resources, told the group of the role played by electricity in the development of industry in Quebec.

Without electricity, said Mr. Bourque, the rapid development of our mines would not have been possible, nor would the province have become the leading producer of paper in the world. Paper plants would never have been built had not the energy been available at a low rate.

If the youth of today wanted to make serious preparations, not only to replace their elders but also to create more and better things, they can make of Quebec the most important province of Canada, he continued.

"When we look to the future, after seeing how nature has endowed our province with almost unlimited resources, we are justified in being confident and hoping to at least maintain our position in the Confederation," he declared. "While other countries find themselves forced to de-

velop thermonuclear power at a comparatively high cost, the Province will not have developed half of its hydraulic resources by 1961. This means that we can do a lot more toward developing our economy before using in our turn other sources of energy."

"The Province of Quebec," he asserted, "has been proceeding by giant steps in the development of industry, exploitation of forests and mines. In all regions industrialists and financiers are investing tens and hundreds of millions of dollars to establish new enterprises. Without our hydro-electric resources a good number of these projects would never have been realized. In equality with our forests, mines and agriculture, hydro-electric resources constitutes one of the main sources of wealth, without counting the comfort which it brings in everyday life," concluded Mr. Bourque.

Rare Articles Offered By "Treasure Van"

"The Treasure Van," an exhibition of native handicraft to be sold to provide money for the World University Service of Canada in its work of helping needy students abroad, was officially opened yesterday afternoon by Mayor Lee Watson of Lennoxville, governor of Bishop's University, in the Cartier Room of the Sherbrooke Hotel.

Mayor Armand Nadeau was also present at the ceremony. Sponsored by the Bishop's committee of the W.U.S.C., the display, which closes tomorrow, is open daily from 11 a.m. to 5:30 p.m. and in the evening from 7 to 10.

Handicraft products have been gathered from India, Greece, Jordan, Egypt, Japan and Mexico and are sold at three different exhibitions that are touring through all parts of Canada.

A world-wide mutual aid program to students and universities helping them to meet their basic needs as well as promoting them in their search for knowledge and understanding is the main project of W.U.S.C.

Some 60 Bishop's students under the chairmanship of Sue Blum are helping with the sales at the display.

"Exquisite" is perhaps the most accurate term to describe the articles. They are skillfully finished and in some cases very original in design.

In the Greek exhibits, there is pottery with two influences, one the Byzantine, the other, neo-classicism.

The van should really appeal to the ladies. For instance, India's contribution is chiefly composed of handwrought jewelry and handwoven silk clothing. Delicate, intricately-designed necklaces and bracelets of sterling silver are the main attraction.

Known as filigree jewelry, the articles are wrought from very thin threads of silver into floral, and in one case a spider web, de-

signs. Wooden tableware, sculptured from Kashmir walnut, is just another of the many Indian products.

From Jordan, there are mother-of-pearl jewelry, sterling masacara jars, miniature camels made from olive wood and holy water from the Jordan River.

An Egyptian necklace, found in the tomb of King Cheops, is on sale for \$4.25. The necklace, made from small beads that were used for coins in ancient Egypt,

was used by the faithful of those days to pay their way into eternity.

Mother-of-pearl set into heavy bracelets or necklaces of sterling silver were brought in from Mexico. Rings and ear-rings not only wrought from sterling but inset with jade also make up part of the Mexican display.

From Japan are the amusing Kokeshi dolls that are used to entertain the children.

But the most amazing articles

are the Monchadi seeds of India. In each seed there is a perfect miniature elephant carved from ivory shavings. The seeds are made by the poor people of small Indian villages who collect their living by carving these miniature, no bigger than the point of a pencil.

After its Sherbrooke visit, the van is scheduled to open at the University of New Brunswick on October 23.

Weighted Figures

If Quebec's Solicitor General, Antoine Rivard, is looking for congratulations on his campaign to reduce traffic accidents on the province's highways, we'll be the first to step forward with the plaudits.

But when Mr. Rivard suggests that a two-month campaign has had noticeable results, that is a statement that simply isn't substantiated by fact.

As Mr. Rivard points out, the number of accidents seems to have been reduced in the past two months, compared with the same period last year. But in the next breath, he must acknowledge that between Jan. 1 and Sept. 30 of this year there were 550 killed on the highways compared to 474 for the same period of 1955.

All this would seem to prove, if such short-term figures can prove anything, is that people are having fewer

but more serious accidents.

This is not to belittle Mr. Rivard's highway safety program in the slightest. Its long range effect will undoubtedly be substantial. Everyone hopes so anyway.

But attempting to prove its success by figures from two months, during which poor weather undoubtedly reduced the normal highway traffic, will accomplish nothing.

A campaign of this type doesn't need much proof to convince the average citizen that it is well worthwhile. Everybody knows, and most agree they should be reminded constantly, of the dangers that exist on our highways. Most agree, too, that penalties should be severe for those who would endanger the lives of their fellow motorists. So weighted figures aren't needed to convince anybody.

Better Response Needed

Preliminary reports on the results of the Sherbrooke and Lennoxville community chest campaign indicate that donations are lagging — that only a small fraction of the objective has been reached in the first half of the drive.

These figures place a direct challenge before the residents of the two communities, a challenge that must be accepted if the success of the campaign is to be assured.

The agencies co-operating in this joint drive are carrying on valuable services to the people, their activities entering into every phase of community life. It would be a serious thing for the public if they were forced

to curtail their activities because of lack of financial support. This support can be forthcoming from the public and only from the public.

So the question the people of Sherbrooke and Lennoxville must answer, each for himself, is: Do I want these services to continue? And the answer can be made only in one way, from the pocketbook.

If Sherbrooke district residents feel that these agencies are doing a real service they must be prepared to dig down a little bit to provide for their support.

The amount required from each individual is not great — provided everybody co-operates.

This And That

A few years ago, the Germans failed to win the world. Most of them probably will be happy to settle, now, for the world's beauty title which has been bestowed on one of their young ladies.

Quebec City teachers are disturbed about the problem of TV and children. They urge that more television programs be prepared especially for children. Now this is all very well, but it seems to us that adults have certain rights in this matter of TV. Additional programs aimed at the juvenile level? Please, no.

Undoubtedly, one of the best investments this country has ever made

is the \$141,000,000 it channelled into the educating of World War II veterans. The government is busy taking a survey of the income standards of the DVA-assisted vets. This in itself will probably show that the investment has been repaid many times in income taxes. But there are many other advantages to the country, far more important than this, that can never be determined by a survey. The benefits, hypothetically, may be felt for generations.

Bygone Days

TWENTY YEARS AGO

From the Record of Saturday, October 17, 1936.

Drastic restrictions have been placed upon the eating habits of the German people in an effort to conserve vital materials for munitions purposes. Many merchants have been jailed for selling foodstuffs at excessive prices.

A new plan whereby property-owners can obtain loans from the chartered banks to improve their properties has been announced by the federal government in a move to aid the construction industry.

Charges and counter-charges are being hurled in the United States presidential election campaign, with the "New Deal" policies of President Roosevelt coming in for severe attacks from the Republican nominee, Alfred M. Landor.

TEN YEARS AGO

From the Record of Thursday, October 17, 1946.

Bitter denunciation of the Liberal Regime at Ottawa was uttered by two provincial leaders last night when Premier Maurice Duplessis of Quebec charged that the Federal regime was attempting to steal the privileges of the provinces by a policy of centralization and Premier Drew of Ontario asserted that Prime Minister Mackenzie King had "shut the door" on any further Dominion-Provincial parleys.

Sources inside Nuremberg jail said today that 12 German employees were under constant scrutiny in connection with a three-army board's closely veiled investigation of how, where and when Hermann Goering got the cyanide with which he beat the hangman by two hours Tuesday night.

SOUTH GIVES Foe CHANCE TO ERR

Even when you get to the wrong contract, it still pays to play the hand properly. In the recent European ladies' team championship, both the Belgium, and the French team got to three no-trump instead of the far better contract of four hearts. The French declarer made the no-trump contract by superior technique.

At both tables, the queen of clubs was led. The Belgian declarer won with the king of clubs and led a low heart. East won with the king of hearts and returned a club, and West's clubs were established while she still had the ace of hearts as an entry to them.

At the other table, the French declarer refused the first club and won the second club with the king. She then got to dummy with the queen of spades and returned a heart from dummy. East played low, and West's ace of hearts was knocked out before the clubs were established. With the club suit thus killed, South had no further trouble.

East could have defeated the contract at this table also by putting in the king of hearts on the first round of that suit. As this hand proves, even experts don't always put up the best defense. You will often profit if you give your opponents the chance to make a mistake.

HANDS OFF HALLOWEEN (Hamilton Spectator)

It's not too often in these prosperous days that we are impelled to rise in defence of children. In an era marred by widely-publicized delinquency, we are rising often against some of them, and, even, against some of their parents.

However, it does seem that a few words should be written about a Toronto group's proposal to complicate traditional Halloween celebrations by tying in a door-to-door charitable appeal with the children's annual "shellout" tour of their neighbourhoods.

Somehow, we can see both appeal and celebration suffering in the merger.

Halloween has come to be an institution of immense delight for children, a little while in a bizarre world of Disneyland fantasy, of pirates, pumpkins and witches, of jelly beans, snow apples, and chewy, paper-wrapped candies.

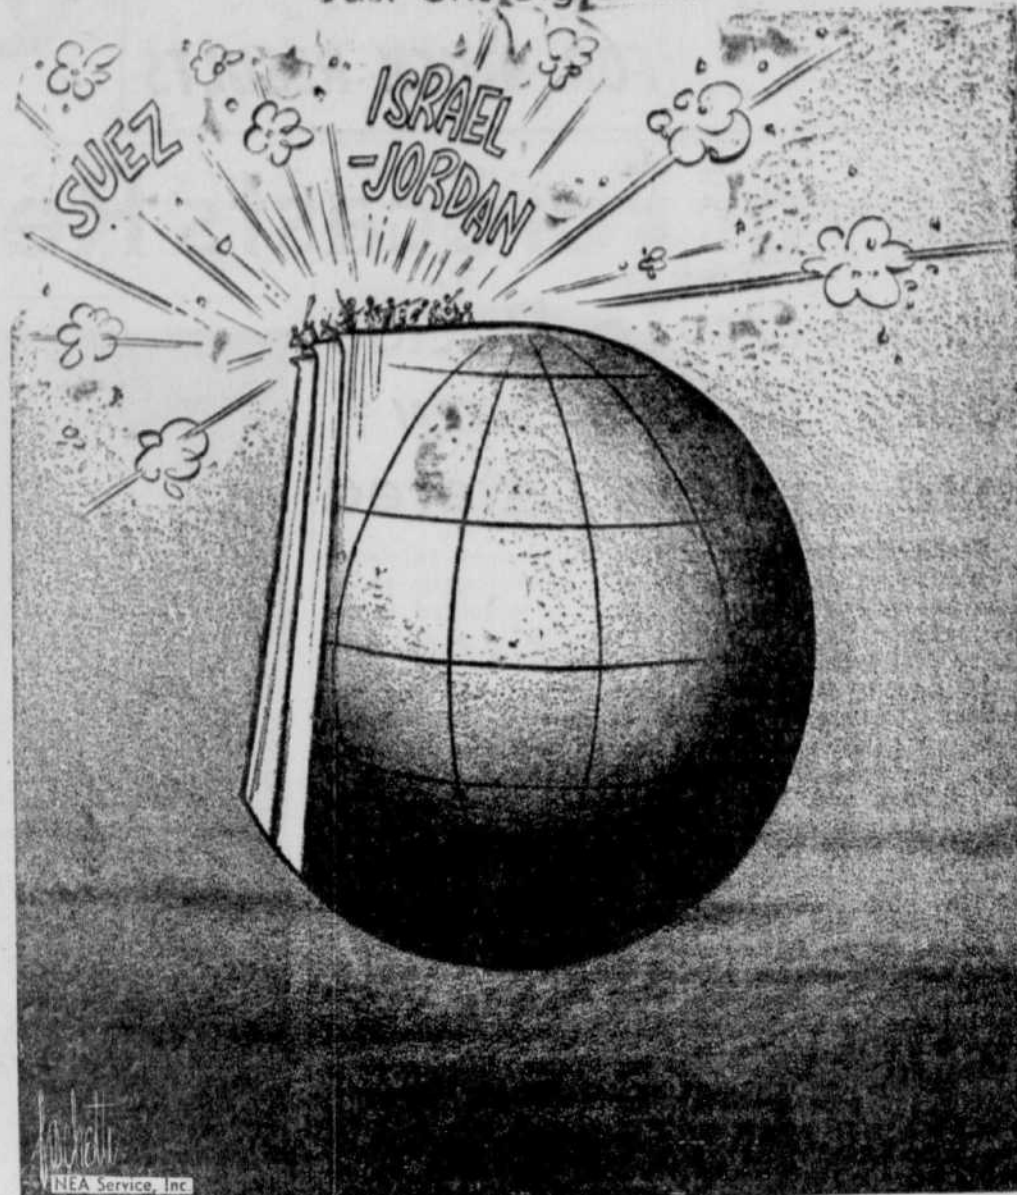

It is probably next to Christmas in surprise and juvenile enjoyment. It would be a dreadful thing to inhibit the fantasia.

There can be no question in any person's mind of the worthiness of the charitable appeal, but if children are to make the collections, then they should make them some other time.

We are not condoning the hoodlumism of Halloween nor any of the property damage caused by older pranksters. We hope the children will watch the roads and the automobiles. And whether they go to a community council party, or merely rap on the doors in their own block, we wish them a weird and exciting night and a full basket of goodies when they have turned in for the night.

Perhaps some other day they can get on with the charitable appeal. But in the meantime, let them have their Halloween!

How David Greene finds opportunity in progress

As a dramatic director, David Greene has an inside view of the remarkable growth of Canadian television.

"In little over three years," says Mr. Greene, "TV has created new opportunities for a great many Canadian writers, actors, dancers, musicians and technicians. This experienced talent has been responsible for the great progress made in producing Canadian television shows."

As a family man, David Greene has also benefited by the progress made in another field... life insurance. It is easier than ever to provide financial security for families, because life insurance is more flexible.

Today you can obtain insurance for "living", with policies that provide not only basic protection, but ready funds for emergencies, also policies for education, for safeguarding your home, for protecting your business and for ensuring your retirement income.

Of equal importance, the men and women who make life insurance their career are better trained than ever before to help Canadians achieve the financial goals that make for happier living.

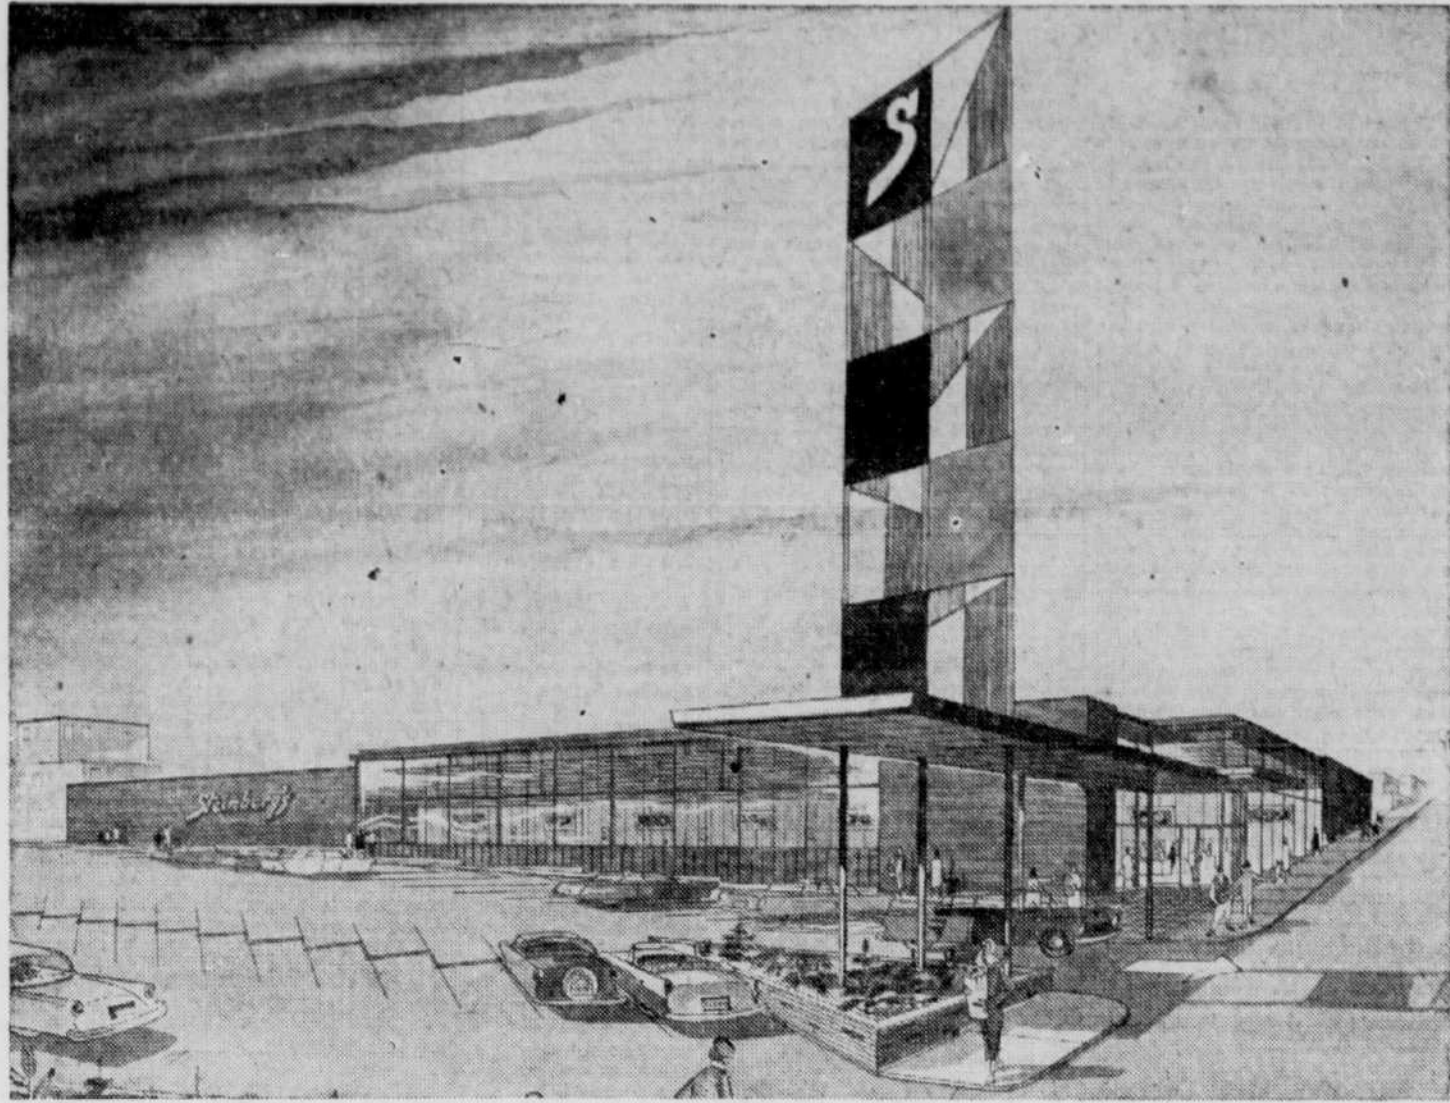

In these and other ways, the life insurance companies in Canada are in step with progress... serving the needs of people in every walk of life.

GLEN SUTTON—
Mrs. Harry Westcott and granddaughter, Nellie Cushman, are spending a week visiting their son and uncle, Mr. and Mrs. Earl Westcott in Lennoxville.
Friends will be sorry to learn that Mr. M. G. Fleuler and Mrs. Schunreiter are patients in the B. M. P. Hospital, Sweetsburg.

THE regular meeting of St. Mary's Guild of Christ Church met at the home of Mrs. George Rowley, with the president, Mrs. Gordon Gray in the chair. A report was given of the recently held turkey supper. A food sale and afternoon tea was planned to take place on November 9, at the home of Mrs. Leslie Morgan from 3 to 5 p.m. Refreshments were served by the hostess at the close of the meeting. The next meeting will be held at the home of Mrs. Edward Rowland.

Among those who attended the funeral of Mrs. Alice Stickles were her sister, Mrs. George Wood and Mr. Wood, her brother and sister-in-law, Mr. and Mrs. William Smith, of Montreal, and Mr. and Mrs. Harry Kolding, of Fredericton, N.B.

Mr. and Mrs. Harry Kolding, of Fredericton, N.B., in town to attend the funeral of Mrs. A. Stickles were guests of Mrs. Kolding's brother, Mr. Herbert Stickles and Mrs. Stickles. Other guests at the same home were Mr. and Mrs. Lee Stickles and Mr. and Mrs. Tom Ferguson, of Plaster Rock, N.B.

Mr. and Mrs. Ivan McCrea is spending some time visiting relatives in Montreal and Woodville, N.H.

Recent visitors at the McCrea home were Mr. and Mrs. A. Watkins, of Concord, N.H. Mr. and Mrs. Dan Melrose, of Dublin Range, Mrs. Frank Ross, Mrs. Harry Campbell, of Inverness, Mrs. J. Hill, of Duxbury, Mass., Mr. and Mrs. Lincoln Egan and family, of St. Agathe and Mr. Clayton Melrose, of Inverness.

Miss Pearl Patterson, of Richmond, and Miss Joyce Rodney, of Danville, spent a few days with Mr. and Mrs. Hamilton Patterson. Other guests at the same home were Mr. and Mrs. Warren Patterson and sons, of Danville, and Mr. Arthur Patterson, of Lennoxville.

50th Annual Meeting Of District Rebekah Lodge Held At Windsor

WINDSOR MILLS — The 50th annual district meeting of Rebekah Lodges of District No. 5, with 70 present, was held with Willowdale Rebekah Lodge, No. 24, I.O. O.F., in the Odd Fellows' Hall under the direction of Sister Lillian Robinson, District Deputy President.

The banquet was served in the United Church Hall by the Women's Association. Rev. W. Reid said grace and extended a welcome to the Assembly. Sister Lillian Robinson expressed the thanks of those present to their hostesses.

A special session was conducted by Willowdale Lodge, under the direction of N. G. Sister Muriel Robinson. Sister Eva Robinson, P.N.G., then turned the meeting over to Sister Lillian Robinson, D.D.P.

The following Assembly and Grand Lodge officers were introduced by Sister Alberta Ward, Warden, and Sister Eva Robinson, conductor, and were received and accorded honors: Sister Myrna MacAulay, president R.A.; Sister Ruth Stoddard, vice-president, R.A.; Sister Phyllis Pollock, chaplain R.A.; Sister Viola Noble, P.P. secretary, R.A.; Sister Beatrice Dever, P.P. and vice-president of International Association of Assemblies; Sister Lillian Matthews, D.D.P. District No. 3; Sister Mildred Bown, D.D.P. District No. 6; Sister Edith Boyd, P.P.; Brother Francis Robinson, D.D., Grand Master I.O.O.F.; Brother Lawrence Parker, P.G.M., I.O. O.F.

Reports were read from Maple Leaf Lodge, No. 3, Danville, Olive Branch, No. 9, Richmond, and Willowdale.

A skit, "Good Cheer," was presented by Olive Branch and the prayer, rededicating District No. 5 after its 50 years of service, was given by Maple Leaf Lodge.

Sister Edith Boyd introduced Miss Audrey Reakes, a student from A.D.S. High School and delegate to the U.N. Pilgrimage for

Youth, sponsored by Rebekahs and Odd Fellows of Danville and Asbestos. Miss Reakes gave an interesting report of her trip to New York City.

President Sister Myrna MacAulay gave an address and was presented with a gift from Willowdale. Corsages of red rose buds were presented to the officers by the D.D.P.

The D.D.P. thanked everyone who had helped to make the meeting such a success and the session was closed in form by Willowdale Lodge.

SHERBROOKE HOSPITAL WING

The Windsor Wing of the Sherbrooke Hospital Auxiliary met at the home of Mrs. C. Fountain, with Mrs. M. Turner presiding.

The membership convener, Mrs. Fountain, reported a present membership of 68, including 18 new members. The treasurer's report gave a bank balance of \$20.60 and the president, Mrs. M. Turner, stressed an urgent appeal from the hospital Hospitality Shop for more babies' night gowns. These night gowns, which are cut out by Miss M. Campbell, are in great demand.

Officers for the coming year include: Mrs. M. Turner, president; Mrs. C. Force and Mrs. G. Witty, vice-presidents; Mrs. H. Houghton, treasurer; Miss M. Campbell, sewing convener, and Mrs. C. Fountain, membership convener, all re-elected; Mrs. A. Bagnall, secretary, and Mrs. C. Tanner, chairman of the work committee.

Home And School Planning Cafeteria At North Hatley

NORTH HATLEY.—The North Hatley Home and School Association got under way with the season's program when a well attended general business meeting was held in the school gymnasium.

Reports were heard from the secretary-treasurer, and hot lunch committee. As the result of a food sale held in August, the bank balance was better than is

usual at the beginning of the fall season. The effort put into this sale by all the parents and interested friends is well appreciated by the Association.

Mr. Robert Rintoul reported on the progress being made toward the proposed cafeteria in the school. It is hoped that this plan will be in operation on, or near, Nov. 1. This project has received enthusiastic support on all sides, and should be a real success if carried out carefully.

After the meeting's adjournment, Mr. Frank Woodward presented a short program of singing and music, with Miss Faith Clark at the piano and Mrs. R. Vaughan leading the singing.

At a later date, the Association held its annual reception for the teaching staff at the North Hatley Consolidated School. At this meeting it was announced that John Lundeborg had been awarded the \$200 scholarship offered annually by the North Hatley High School Memorial Scholarship committee, and had been accepted at Bishop's University.

Frank Woodward presented each person with a sheet of programs for the Home and School meetings for the new season, with the invitation to write in criticisms, comments and suggestions. Ronald Reed was invited by the president to introduce the teaching staff. Welcomed back were Mrs. Nelson Pike, teaching grades 1 and 2; Mrs. E. Fearon, grade 2b and 3; Mrs. R. Vaughan, grade 4; Mrs. A. Cruickshank, grade 5; Mrs. V. Packard, grade 7; Mrs. H. Montgomery, grades 9, 10 and 11. Two new members were Mrs. G. Beane, grade 6;

and Mr. T. Golding, grades 8 and 9.

Mr. McKee, Stanstead County Supervisor of Education, made suggestions for the conservation of teaching time in the school. He stressed the idea that too many projects outside of school work rob the pupil and the teacher of valuable time. Mr. McKee was thanked by Mr. Kenneth Dean.

The entertainment for the evening consisted of a series of games that tickled the intellect, provided action and provoked laughter. Refreshments served at the conclusion of the games.

Ayer's Cliff Couple Observe 60th Anniversary

MR. AND MRS. HIRAM R. WEBSTER

Mr. and Mrs. Hiram R. Webster of Ayer's Cliff were "at home" to a wide circle of relatives and friends recently to celebrate their 60th wedding anniversary which occurs on October 21.

Their son and daughter, Mr. Earl Webster of Portsmouth, N. H., and Mrs. Lillian McFaul of Richmond and Ayer's Cliff were both present for the occasion.

The rooms were decorated with bouquets of autumn flowers while the tea table looked most attractive arranged with white tapers in crystal holders, intertwined with strands of ivy and a three-tier cake.

Mrs. Lillian McFaul received the guests while Miss Genevieve Rodrigue had charge of the guest book. Mrs. Earl Webster poured tea and those who assisted in serving were Mrs. Muriel Corliss, Mrs. Hugh Ramage, Mrs. Leslie Davies, Mrs. Ernest McQuat, Mrs. T. Don Titman, Mrs. Earle Coombs and Mrs. C. Pederson.

Rev. H. C. Denton, rector of St. George's Anglican Church, Ayer's Cliff, presented the guests of honor with a purse of money on behalf of their many

friends and voiced appropriate good wishes.

Mr. and Mrs. Webster, 80 and 78 years of age respectively, both enjoy good health. They have spent all their married life in the Eastern Townships having been married in Hillhurst and having lived in Waterville before coming to Ayer's Cliff.

Over 100 guests attended the reception from various points including Portsmouth, N. H., Boston, Mass., Worcester, Mass., St. Johnsbury, Vt., London, Ont., Richmond, Waterville, Montreal and Lachute, Que.

In addition to personal greetings, the honored couple received numerous messages, cards, flowers and gifts.

Engagement

Dr. and Mrs. John A. Bleazard, of London, Ont., announce the engagement of their daughter, Ruth Josephine, to Mr. James Bruce Conley of Brantford, Ont., son of Mr. and Mrs. Everett E. Marriages

McKENNA — MORRILL

The marriage of Beverley Ann, daughter of Mrs. George R. Morrill and the late Mr. Morrill of Danville, to Mr. Edward McKenna, son of the late Mr. and Mrs. John McKenna of Asbestos, Que., took place recently in the Bishop's Chapel of St. Michael's Cathedral, Sherbrooke, Rev. J. R. Boisan, c.s., officiating.

Given in marriage by her brother, Robert Morrill, the bride wore a cocktail length dress of blue Chantilly lace over taffeta. Her hat was of blue feathers trimmed with Mother of Pearl sequins and she carried a bouquet of white carnations and pink roses.

Mrs. Karl Lindell, as matron of honor, wore a cocktail length dress of periwinkle blue velvet with matching hat trimmed with mink and she carried a Colonial bouquet of yellow roses.

Mr. Karl Lindell acted as best man and the ushers were Mr. Eric Ingrey, brother-in-law of the bride, and Mr. Murray McKenna, brother of the groom.

The bride's mother wore a two piece dress of brown orlon shot with gold, brown accessories, and a corsage of bronze 'mums.

Mrs. Mary Smith, aunt of the groom, wore a plum-colored silk crepe dress with black accessories and corsage of pink roses. A reception was held at 73 Commonwealth Ave., Danville, where the bride's table was arranged with bouquets of white 'mums and lighted candles and centered with a three-tier wedding cake. The crocheted cloth on the table was made by the bride's grandmother, Mrs. Alice Lodge.

Mr. and Mrs. Edward McKenna left for a short wedding trip, the bride travelling in a brown tweed suit with brown accessories and wearing a corsage of bronze 'mums.

Mr. and Mrs. Edward McKenna will leave shortly to take up residence in Southern Rhodesia.

ROSS — MacKINNON

AYER'S CLIFF — Pastel shades of gladioli decorated Beulah United Church recently for the marriage of Margaret Joyce, daughter of Mr. and Mrs. John MacKinnon of Barnston, Que., to Mr. Alvin Francis Ross, son of Mr. Francis Ross and the late Mrs. Ross. Rev. Boomhour officiated at the double ring ceremony. The wedding music was played by Miss Irene Boomhour and Mr. Stuart MacKinnon, brother of the bride, sang "The Lord's Prayer" and during the signing of the register sang "O Perfect Love." Tall white tapers in brass candlesticks were used on the altar and rail, and the guest pews were marked with

St. Andrew's Aux. Holds Successful Fall Tea And Sale

Vari-colored autumn flowers mingled with tawny leaves decorated St. Andrew's Church Hall, on Thursday afternoon for the annual fall tea and sale, sponsored by St. Andrew's Auxiliary. Mrs. Harold Gilbert, president, and Mrs. S. G. Garland received the guests as they entered the attractive hall for the successful social and financial event.

Mrs. Arthur Jobel was in charge of the dining-room, where the tea table, tastefully arranged with a mixed bouquet of bronze, yellow and red flowers and white tapers in silver holders, was presided over by Mrs. Wesley Elliott.

Mrs. Gordon McElrea and Mrs. J. MacCaskill assisted in serving. The conveners of the different departments were: Mrs. A. J. Michie, fancy work and aprons; Mrs. L. A. McLeod, knitted wools; Miss Beulah Page, food; Mrs. Edwin Harmer, dolls' clothes, cards and a variety of violets.

Mrs. E. Smith, Mrs. L. L. Leslie, Mrs. D. Ross and Mrs. W. R. Bell were in charge of the kitchen.

Mrs. A. Jobel and Mrs. Emerson Smith were tea conveners. Mrs. Keith Moe acted as cashier.

SENIOR BAPTIST MISSION CIRCLE

The Senior Baptist Mission Circle held its regular meeting, Wednesday afternoon at the home of Mrs. W. A. Henderson, of Lennoxville.

Mrs. F. C. Amery, presided and opened the meeting with the singing of the theme song. The devotional period was also conducted by the president.

The roll call was answered by a Thanksgiving quotation, following which the matter of a Mission Band was fully discussed. It was decided to organize a group in the near future.

Miss Inez Watson, Association Field Worker, of Ottawa, gave a very inspiring talk on aims and purposes of mission circles.

It was announced that the next meeting will be held at the home of Mrs. F. C. Amery, Island St.

Following adjournment of the meeting, refreshments were served by the hostess, assisted by Mrs. H. Sunbury.

Mrs. Amery voiced the thanks of the circle to Mrs. Henderson for her kind hospitality.

Remove Eye Of Worker Hurt In Foundry Blaze

Efforts to save the burned eye of a Canadian Unitcast Steel workman, injured in yesterday's foundry fire, have failed and Dr. Jean Paul Fortier removed the left eye of Maurice Paris late yesterday morning. Paris' condition is described as satisfactory.

The 24-year-old maintenance worker, whose home address is 111 Windsor Street, suffered severe burns to his head and eye, while fighting the flames with a chemical hand extinguisher.

He was the only one injured in the Unitcast fire which broke out in the cleaning room shortly before eight o'clock yesterday morning. Exact cause of the fire is still undetermined but it is believed to have started in the oil cooling bath used to temper castings. Heavy damage was caused to the roof and wall of the rear section of the building and valuable equipment, machinery and stock, which were damaged by smoke and water.

Thruway To Montreal Requested

The City Council last night adopted a resolution asking the provincial government to construct a thruway between Sherbrooke and Montreal. The City of Granby passed a similar resolution some time ago and both will be studied by a special commission appointed by the Provincial Government for this purpose.

The thruway was part of a request from the local Chamber of Commerce and will also be studied by the South Shore Development Board. The thruway was requested to afford a faster means of transportation between Montreal and Sherbrooke, because, more and more, the economy of the Eastern Townships is connected with that of Montreal.

Long Term Budget To Get Study

A request from the Sherbrooke Chamber of Commerce that the City of Sherbrooke prepare its budget for the next decade instead of on an annual basis will be submitted to the proper authorities for study. The Council decided last night following receipt of a letter from the Chamber asking that this be done.

The Chamber pointed out that in order to complete their study of the current electricity problem these figures, were necessary and they would also help the present council as well as future administrations to see where they were heading.

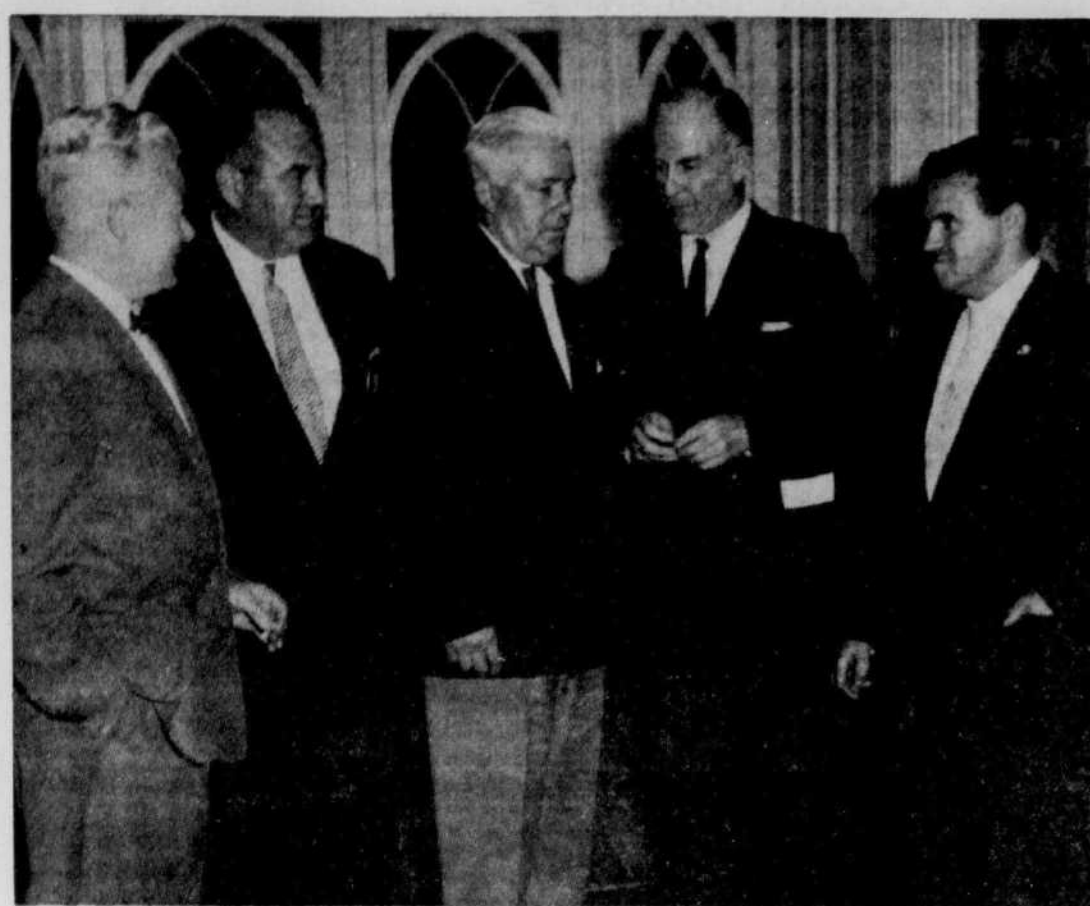

Director of Services Charles Langlois was authorized to attend the annual convention of the Canadian Town Planning Association being held in Ottawa October 30. He will participate in certain discussions at the invitation of the Association. The Mayor or his representative was also authorized to attend the convention of Proprietors' League in Montreal early in November.

The Council also authorized an expenditure of \$7,500 for a railway spur line for the Lafayette Pulp and Paper Co., in the Collinsville Industrial Centre. The line will connect the company's plant with the CPR line now servicing the area.

Lennoxville Optimists Hear Town History

A brief history of Lennoxville was given by Mayor Lee Watson to the Lennoxville Optimists at their meeting in the Elmwood Hotel last night.

Mayor Watson explained that the town was named after Charles Gordon Lennox, 4th Duke of Richmond, and one-time Governor of Canada. In its earlier days, the town was known as Ascot and mail addressed to persons living in the area was merely sent to Canada East.

As the community increased in size, the first church was established. It was the St. James Episcopal Church built in 1820. The first rector, Rev. Lucius Doolittle, built the rectory where the Elmwood Hotel now stands, Mr. Watson said.

Mr. Doolittle was very active in community affairs, founding Bishop's College School for example. He was also co-founder of Bishop's University with the Lord Bishop of Quebec. He was first burser of Bishop's, Mr. Watson added.

"Among the first families to in-

habit Lennoxville, were the Mallorys, the Huntings, the Hasbells, the Moultons, the Morrises and the Elliots. Many of these families have descendants still living in Lennoxville," he continued.

Referring to the community itself, he noted that Lennoxville became incorporated into a village in 1870 and the first mayor was a Mr. Brooks. In 1920 Lennoxville became a town with William Clark as mayor.

Jefferson Davis, leader of the Confederate uprising in the United States lived in Lennoxville after his banishment in 1868. In 1874, a fire completely destroyed Lennoxville, Mr. Watson said.

To close his talk, the mayor recounted some of the amusing incidents concerning Mr. Doolittle. He was introduced by Hart Montgomery and thanked by Dr. Harold Way.

Charles Boone, governor of district 28, who is making his official visit to all the clubs under his jurisdiction, gave the latest figures on the number of clubs in the association and urged members to increase their club membership.

Joe Gilbert of Lennoxville, was presented with his lieutenant-governor's pin by Mr. Boone, who was introduced by Henry Crochetiere and thanked by Mr. Gilbert.

Seated at the headtable were Norbert Keenan, president of the

Bringing Up Baby

HINTS COLLECTED BY Mrs. Dan Gerber (MOTHER OF 3)

is used—and ripening is controlled for uniformity.

Knit-note. When buying sweaters for baby choose tight weaves. They're less likely to snag; won't catch on baby's fingernails; hold their shape better.

Shining idea dept. If baby's nursing bottles acquire a cloudy look, a tablespoon of vinegar or lemon juice added to the sterilizing water will restore original sparkle.

Christmas cue for you-know-who. Not a bit too soon to order a GERBER BABY DOLL for your darling. It's a \$3.75 VALUE for only \$2.00 and six Gerber labels or cereal box tops. This charming 12 inch replica of the Gerber Baby drinks, wets, sits up—has movable arms and legs. Soft vinyl head and rubber body makes it completely safe. Comes with play accessories. For your Gerber Baby Doll, mail money and labels to Gerber Baby Food, Department D, Box 4027, Terminal A, Toronto, Ontario. Offer good only in Canada. Expires May 31, 1957.

No Worries Over All-Star Classic; Main Reason Why Red Wings Away To Good Start, Says Manager Jack Adams

General Manager Jack Adams figures his Detroit Red Wings got off to a fine start in the National Hockey League this season because they didn't have to worry about the league's All-Star game.

Each year the defending Stanley Cup champions opposed the league's All-Stars in a pre-season engagement. For the first time in three seasons the Wings were not the Stars' opposition. Montreal Canadiens, who ended Detroit's two-year championship streak last spring, took on the All-Stars Oct. 9 and battled to a 1-1 draw.

"In the past when we had to build a team for the All-Star game we had to step on it," Adams says. "This season that pressure was off and we were able to analyze, juggle and experiment a great deal more than in other years."

"I think we benefitted from the extra time we were able to put in at training camp. The records of our first three league games show that. Last fall we had to play in the All-Star game and we got off to our worst start in 20 years."

Wings are in first place with three victories in as many games for six points. Toronto Maple Leafs and Boston Bruins are tied for second spot with three points. New York Rangers and Canadiens have two points while Chicago Black Hawks hold their usual cellar position, winless in three games.

Coach Phil Watson, who watched his Rangers get beaten 2-1 by Wings last Sunday, agrees that Detroit is stronger.

"Maybe it's Detroit's year again," he says. "These Wings are in perfect shape. I watched them on television against Toronto Saturday and they really outclassed the Leafs. They outclass-

ed us, too.

"In both games they seemed to tire after the first period but they still had enough. I don't say we won't still take Detroit on the season. But they do look as though they've got another big team."

Rangers nearly beat out Detroit last season for second spot, losing it by two points.

The Blueshirts open their home season tonight against Boston in the only game. Leafs are at Detroit and Hawks visit Montreal in Thursday night's games.

Wings will be without right winger Bill Dineen and Alex Delvecchio when they tangle with Leafs. Dineen suffered a knee injury last Thursday and will be out for another week.

Delvecchio isn't expected back for at least seven more weeks. He has a fractured ankle. Adams announced Tuesday that Billy McNeill has been recalled from Edmonton Flyers of the Western Hockey League.

The 20-year-old right winger, who scored 19 goals and had 31 assists for 50 points with Flyers last year, will fill in for Dineen. Right winger Murray Costello was sent to Edmonton.

Legion Cops Richmond Softball League Championship

LEGION RECEIVES TROPHY — Bert Deane, centre, is seen presenting the Chamber of Commerce Cup to Captain Frank Bergeron, left, and Coach Marsh "Tuffy" Gregory of the Legion team for winning the championship of the Richmond Softball League. Standing, left to right, Jim Smith, Bill Murchie, Claude Gregoire, Jake Tremblay, Rolie Letourneau, Jean-Paul Perreault, Harold Kydd and Norm Noel. In the front, on the right, is Bobby Dalton, bathy.

RICHMOND — A three-run rally in the top of the seventh inning of the fifth, and final game, of the best-of-five finals of the Richmond Softball League gave Legion the championship Cup which goes with the laurels.

Coach "Tuffy" Gregory's Legionnaires edged Romeo Carrier's Downmen 12-10 after coming from behind a five-run deficit and held the red-shirted scoreless in the bottom of the seventh to end the long softball season here, Sunday afternoon.

A crowd of about 200 fans watched the thrill-packed game, which featured many exciting moments. The series went the full five games played on Sunday.

Errors proved the downfall of Dow and Legion took advantage of them with some fine teamwork to keep in the game. The Gregorymen scored three runs in the third inning and added four more in the fourth. Dow got their sixth run in the fourth and counted their seventh by Gilles Cabana who rounded the bases on a wild throw by catcher Frank Bergeron.

Jean-Paul Perreault, Legion centerfielder, scored in the top of the fifth to put his club ahead by two runs. They made it 9-7 in the sixth when Norm Noel counted on a Dow error in right field. Dow made up for the errors in the end of the sixth frame by taking the lead away from Legion with three runs on five hits.

At Last It Is Official, Jack Tighe To Be Field Boss Of Detroit Tigers; Indians Still Have To Name Manager

The new owners of the Detroit Tigers staged a press conference today at which they were expected to confirm month-long reports that coach Jack Tighe is to be the field boss of their \$5,000,000 investment.

That would leave only one managerial vacancy in the majors. The Cleveland Indians still have to name a successor to the resigned Al Lopez.

Tighe, who joined the Tiger family in 1935 as a farm club catcher, was brought up to the parent club as a minor league scout two years ago after managing in the minors. He became first base coach when Bucky Harris succeeded Fred Hutchinson as manager in 1955.

Harris recently resigned when the new bosses demanded a more aggressive manager although Harris had brought the Tiger youngsters along for a fifth place finish. The Tigers won 79 games, their best since winning 95 under Red Rolfe as runners-up to the New York Yankees in the 1950 American League pennant race.

In the only other managerial move to date, the Chicago Cubs recently named Bob Scheffing to succeed Stan Hack; and the Baltimore Orioles extended Paul Richards' contract through 1959. The world champion New York Yankees also signed Casey Stengel for another two years.

On the negative side, the New York Giants chilled reports that Eddie Stanky, whom they fired as manager of their Minneapolis club, was due for a spot on manager Bill Rigney's coaching staff.

Stanky, the fiery little guy who managed the St. Louis Cardinals from 1952 through part of 1955

after his playing career came to an end with the Giants, took the ouster as "a shock." He said "I thought I did a fairly good job with the material I had," in piloting the defending American Association champions to the playoff semifinals.

Stanky denied there was any trouble between himself and his players, a rumor that reportedly scratched him off the list of prospects for the Detroit job.

Giants' Vice President Charles "Chub" Feeney said "I'd rather not go into that" when asked about the player trouble report.

Stanky said he was "given the impression" he would be called up to the Giants' coaching staff next season, but club President Horace Stoneham said no. "We talked about it with Rigney," Stoneham said, "discussing it during the season and during the world series. But at the last minute, Rigney said no. It was Rigney's decision to make."

Mickey Mantle Wins American League Slugging Championship With .705 Mark; Duke Snider Cops National

NEW YORK (AP) — Mickey Mantle won the American League slugging championship in 1956 with the highest average in 15 years. The New York Yankees' star centre fielder piled up 376 total bases in 533 times at bat for a .705 mark.

Figures compiled by The Associated Press today also revealed Duke Snider of the Brooklyn Dodgers was the National League's pacesetter. He edged Milwaukee's Joe Adcock — .598 to .597.

Mantle, who also led the junior circuit in batting, runs batted in and home runs, numbered 79 extra-base hits among his 188 safeties last season. In addition to his 52 four-baggers, the 24-year-old switch-hitter had 22 doubles and five triples.

Ted Williams of the Boston Red Sox, runner-up to Mantle in '56 with a .603 average, was the last player to have a better than .705 slugging mark. He finished with .735 in 1941.

In fact, only six other players have slugged as high as .700. Babe Ruth of the Yankees did it nine times; Jimmy Fox of the Red Sox and Athletics had it three times; Rogers Hornsby did it twice with the St. Louis Cards; and Lou Gehrig of the Yankees, Stan Musial of the Cardinals and Hack Wilson of the Chicago Cubs each reached .700 once. Ruth holds the record — .847 in 1920.

Yogi Berra of the Yankees and Charley Maxwell of Detroit wound up in a third place deadlock the past season. Berra had 278 total bases-including 29 doubles, two triples and 30

home runs in 521 at bats. Maxwell picked up 267 total bases with 14 two-baggers, three triples and 28 home runs among 163 safeties. Both showed .534 marks.

Snider, the National League's leader in home runs with 43, also cracked 33 doubles and a pair of three-baggers among 158 hits for 324 total bases. Adcock had 132 hits which also included 23 doubles one triple and 38 circuit bloopers.

Hank Aaron of the Braves, the NL's batting champ, tied Cincinnati's Frank Robinson for third place. Each slugged .558. Aaron put together the most total bases, 340, in 609 times at bat. Robinson, an outstanding first year player, had 319 total bases in 572 trips.

Cast Placed On Tony Curcillo's Pitching Hand

HAMILTON (AP) — Quarterback Tony Curcillo of the Hamilton Tiger-Cats Tuesday had a cast placed on his left wrist, injured in a Big Four football union game last Saturday, though doctors said x-rays showed no fracture.

Club physician Dr. Jim Charters said the team will take no chances of aggravating the injury. The cast, while it probably will hamper Curcillo's ball handling, is not expected to interfere with the passing game of the former Ohio State player.

The Ticats meet Montreal Alouettes in Montreal Saturday.

Glen Hall's Goaling One Reason Why Wings Lead NHL Race: Setting Hot Pace; Plante Is In Third Spot

TORONTO — (CP) — A big reason why Detroit Red Wings hold a lofty position in the National Hockey League standings is Glenn Hall, their stingy netminder.

Wings are on top of the league and Hall is the leader in the efficiency ratings for the goaltenders. After the first weekend of the season, Hall holds a .974 average, having blocked 75 of 78 shots.

Right behind the Wings' sophomore player is Lorne (Gump) Worsley of New York Rangers. Worsley racked up a shutout against Chicago Black Hawks in his first outing but Red Wing snipers put two pucks behind him and he has a .970 average. Gump stopped 64 of 66 shots directed at him.

Third in the ratings is Jacques Plante, last year's Vezina Trophy winner. The Montreal Canadiens' puck stopper, like Worsley, picked up a shutout in his first game of the season and was then beaten twice by Boston Bruins. Bruins won the game 3-1 but their final goal was scored into an empty net after Plante had been removed. Plante kicked out 59 of 61 shots for a .967 average.

Al Rollins of the Hawks let in seven of 90 shots for a .922 average. Terry Sawchuk, worst enemy to opposing forwards a few seasons ago when he was with Detroit, is fifth with a .918 average. He stopped 89 of 97 shots.

In last spot is Ed Chadwick, youthful rookie of Toronto Maple

Leafs, with a record of 63 stops in 70 tries and an even .900 average. The Leaf team has actually been scored upon eight times but Chadwick was removed in favor of an extra forward and a goal was scored while he was on the bench.

Hall and the Wings' record is exactly opposite to a year ago. Wings lost their first three games and Hall was beaten 10 times in those contests but general manager Jack Adams stuck by his rookie and Hall didn't disappoint him, running a close second behind Plante at the end of the season. He was chosen the outstanding rookie of the year and received the Calder Trophy.

Shawinigan Falls Suffer Second Straight Defeat, Drop 2-1 Verdict To Trois Rivieres; Sags Stop Aces

Shawinigan Falls Cataracts, last year's champions of the Quebec Hockey League, are finding the going rough in the opening games of the 1956-57 season.

The Cataracts went down to their second straight defeat Tuesday night, bowing to Trois-Rivieres Lions, who finished in last place last season, 2-1. In the only other game, Chicoutimi Saguenen chalked up their second straight victory of the season, handing Quebec Aces a 3-1 setback, their first loss in three games.

At Shawinigan Falls, Rene Pepin got Trois-Rivieres off to a 1-0 lead in the second period, scoring on passes from Bev Bell and Pete Kapusta. George Faulkner of Bishop's Falls, Nfld., squared it for the Cataracts in the third period, taking passes from Dick Wray and Connie Broden to beat goalie Jacques Marcotte.

Some 2,000 fans watched the game at Shawinigan Falls, while the Aces drew 4,365 at Quebec.

Black Hawks Eke Out 2-1 Win Over Ottawa Canucks

Logart To Meet Ortega Tonight In Tough Bout

BOSTON — (AP) — Isaac Logart, third-ranked contender for the world's welterweight title, presses his campaign for a higher rating while meeting durable Gaspar Ortega tonight in a 10-round nationally televised bout at Mechanics Building.

Logart, a 23-year-old Cuban with speed and punching power, rules upwards of a 3-1 favorite over Ortega, whose chief claim is that he never has been knocked out in 41 pro bouts.

The Cuban flash from Kid Gavilan's hometown of Camaguey is invading Boston for the second time in three months in his attempt to get a shot at Boston's Tony DeMarco, former welter champion now the No. 1 contender.

Promoter Johnny Buckley is holding \$10,000 — for all to see — as a guarantee to DeMarco to meet Logart. DeMarco, who defeated Gavilan in Boston Garden last Saturday, isn't saying anything.

Great Race Horse, Swaps, At First Feared Near Death, "Is Not In Any Immediate Danger" Says His Trainer

CAMDEN, N. J. — (AP) — The great Swaps, a little uncomfortable from a leg fracture that's keeping him in a sling and standing only on his three other valuable legs, is "not in any immediate danger" says Meshach Tenney, trainer of the record setting racehorse.

In fact, Tenney said early today, Swaps "is 50 per cent better than Sunday when he reinjured himself."

Tenney's statement, while indicating there was still concern for the condition of the four-year-old California colt, put to rest the time being fears that Swaps might be destroyed.

These fears arose Tuesday night when a spokesman for Garden State Park, where Swaps is stabled, said veterinarians were working feverishly to save the colt. The spokesman said Swaps, winner of the 1955 Kentucky Derby, didn't appear to have much of a chance.

He said complications arising from the leg fracture, suffered in a workout at Garden State Oct. 9, led to the summoning of four top veterinarians. The track spokesman did not say what these complications were.

Swaps suffered the leg fracture while taking a six-furlong workout. He reinjured the leg while trying to get up in his stall Sunday, breaking the cast on the leg.

Tuesday, a new and stronger

cast was put on. The concentration of veterinarians, including one from an insurance company that reportedly holds a million dollars policy on Swaps, gave rise to rumors that were capped by the track spokesman's statement.

But this is the way Tenney put it:

"As previously announced we proceeded to change the cast on Swaps' hind leg . . . since it was an interesting case, some of the local veterinarians came in to observe and help change the cast."

"Everything went as scheduled . . . nothing of an unusual nature happened. What caused all of the wild and unfounded rumors to get circulated is beyond my comprehension."

"He is 50 per cent better than Sunday . . . his temperature is normal, his eyes bright . . . he sleeps and eats as any healthy horse would under such conditions. He is not in any immediate danger and is as happy as can be with such an injury."

Swaps munched contentedly in his stall all the while Tenney talked.

The sling for the left hind leg was provided by Sunny Jim Fitzsimmons, trainer of Swaps' arch rival, Nashua. There was another sling under Swaps' body to hold his weight as he stood on the other valuable legs.

Injuries Already Hit Four NHL Clubs; Henri Richard, Delvecchio, Dineen, MacDonald And Pulford On Sidelines

The National Hockey League hasn't warmed up to its 1956-57 schedule but already four clubs have been hit by injuries. With such an auspicious start, it could be a profitable year for stretcher-bearers.

Montreal Canadiens have lost Henri Richard. He was lamed by Boston Bruins' Leo Labine last week-end and Henri will wear his right knee in a cast for the next few weeks.

This will, of course, disrupt Canadiens' colorful line of Rocket Richard, his brother Henri and Dickie Moore.

Detroit Red Wings, who appeared unusually vigorous so early in the campaign, have two regulars out. Centre Alex Delvecchio will be missing for six weeks with a broken ankle bone and forward Bill Dineen is convalescing with a wrenched knee.

New York Rangers have forward Parker MacDonald out with an injured leg. Toronto Maple Leafs have a similar case in

Ted Williams Has Signed, Says Record

BOSTON (AP) — The Boston Daily Record says Ted Williams signed a two-year contract, not a one-year pact, with Boston Red Sox last winter and is set to play another season.

"The Red Sox did not proclaim the signing of the two-year contract possibly because they wanted two harvest of headline hay instead of one," Dave Egan wrote.

The Best Still Tops In Textile Bowling League

The honors were divided in the weekly games of the Dominion Textile Staff Bowling League. The Best squad retained top spot in the standing and extended their advantage to four points over the runner-up Slow Motion.

In the battle for individual honors R. Castonguay is still setting the pace with an average of 135 while R. Frechette is hot on his heels with 132. S. Johns rolled the top single with 164 while the high triple went to J. G. Blais with 439. Team honors were split with the single going to the Cigars with 564 while the triple was registered by Slow Motion with 1,592.

The top ten bowlers and league standing follows:

Name	Average
1. R. Castonguay	135.00
2. R. Frechette	132.66

Field Director Visits Red Cross At North Hatley

NORTH HATLEY—The North Hatley branch of the Canadian Red Cross had the pleasure of a visit from Miss Lucie Mesnard, the field director at the regular meeting, Mrs. Charles Hall, the president, was in the chair.

Miss H. Cinnamon reported on the Women's Work and Mrs. R. Vaughan on Water Safety. Mrs. G. LeBaron, in her report on Home Nursing, spoke of the decision to move the Red Cross emergency box from the Universalist Church to the Community Hall, making it more accessible to any one in need. It was suggested that several keys be made and given to various responsible people. Mrs. LeBaron spoke further of the proposed Home Nursing classes, and the secretary was instructed to write the director of nursing for literature.

The secretary was also asked to have public notice made of the course, which should get under way in the near future. Persons interested in this course are requested to leave their names with the branch secretary, Mrs. Eric Greer, or phone 229. Many

local nurses have expressed readiness to co-operate in the carrying out of the course, and more information will be made available when the place of meeting is definitely established.

Miss Mesnard then told of Red Cross aims in peacetime, and left worth while suggestions for the future. Miss Mesnard was thanked by Mrs. Miller Hall on behalf of all present.

... that's big news in saving!

The Eleventh Series of Canada Savings Bonds offers a "stepped up" scale of interest payments which begins at 3 1/4% and increases in steps until it reaches 4%. This means that one of the new \$500 Canada Savings Bonds earns \$236.88 in interest during its 12 1/2 years of life. So, if you hold it until maturity you get back \$736.88 for each \$500 you invest.

As always, Canada Savings Bonds can be cashed for full face value plus earned interest at any time. Every dollar of your investment is always available.

Study the new "stepped up" scale of interest payments in the table on the left. Then make plans now to sign up for your new Canada Savings Bonds. There never was an easier or safer way of putting by a good nest-egg for the future.
