C.P.C.'S AUXILIARY FIRE SECTION MAKING PROGRESS

Fifty Men Drill Under Supervision of Lieuts. J. Masse, E. Durocher, Wm. Cobb And Chas. Carmichael.

The Auxiliary Fire Section of the Westmount Patrol, C.P.C., is making considerable progress in its advanced fire fighting training. The fifty men engaged in this work are divided into two equal sections. No. 1 Section carries on its training at the fire station on Stanton Street under the instruction of Lieut. J. Masse and Lieut. E. Durocher and No. 2 Section based at the Victoria Avenue station is under the tutelage of Lieut. Wm. Cobb and Lieut. Chas. Carmichael, both sections being under the general supervision of Chief W. Gough and Dept. Chief W. Burris.

Up to this time they have concentrated on learning the names and whereabouts of the various pieces of fire fighting equipment with which they have to deal and the method of operation of the fire extinguishers, hose, ladders and apparatus generally.

When interviewed at the Stanton Street fire station yesterday, Lieut. Masse said that he was entirely satisfied with the progress which had been made to date. He complimented the men on their enthusiasm and willingness to learn and to do whatever they were told.

In spite of the fact that most of the Auxiliary Firemen were unused to strenuous physical exertion, they did not shirk from the arduous and often difficult duties which they are called upon to perform.

Lieut. Masse derived considerable amusement from the fact that one of his pupils who in the course of instruction must unquestionably obey his orders, was once his "boss" in a local commercial firm where he was employed in his younger days; but he added this fact did not interfere with discipline or training in any way.

Bobby Cohen, 10, Struck By Truck

Ten-year-old Bobby Cohen of 351 Prince Albert avenue is in hospital today, recovering from a fractured collar-bone suffered Tuesday when struck by a truck, opposite 4855 Sherbrooke street.

The youngster was injured when he ran from behind a street car into the side of a truck driven by James Lellig, 5955 Hampton avenue, who was unable to apply his brakes in time to avoid striking young Cohen.

The driver stopped immediately and the lad was taken to the Homeopathic Hospital where he was treated for severe shock and abrasions aside from the broken collar-bone.

Shearer Visit Depicted In Newsreel

The news reel of Norma Shearer's visit to Westmount, is playing throughout the United States and will be shown in Montreal shortly, it was learned yesterday in a letter received from Leslie Peterson, manager for the Westmount-born movie star.

It is pointed out Miss Shearer has subscribed substantially to the Victory Loan and also to the "Wings for Britain" fund, a "Wings for Britain" insignia she wears, bearing this out.

EX-FIRE CHIEF WILL BE PAID FINAL TRIBUTE

Charles Vickers, 66, Was Head of Westmount Brigade for Three Years Until Retirement in 1935

Final tribute will be paid this afternoon to Charles Vickers, former Westmount fire chief who died on Tuesday at the Western Division of the General Hospital in his 67th year. The funeral service will be held at the chapel of D. A. Collins at two o'clock.

A resident of Notre Dame de Grace for the past 35 years, Charles Vickers was chief of the Westmount fire brigade for three years, before his retirement, which took place in 1935 after he had been seriously injured by gas fumes at a fire on Sherbrooke street west.

Former Policeman

Joining the city services first as a rookie policeman, he was promoted in 1905, after he had won a running gun-battle with a burglar named Frank Mooney, in what is now Westmount Park. He wounded Mooney twice, the burglar later standing trial and being sentenced to 12 years in prison.

Charles Vickers was employed 20 years in police work, holding various ranks, and eventually was transferred to the fire department where he became chief. He saw the department change from horse-drawn fire fighting equipment to complete mechanization.

He lived for the past 15 years at 6214 Coolbrook avenue, and is survived by his wife, the former Zelinda Baker; a daughter, Vera; a son, Charles Alexander Vickers and a nephew, George Vickers.

Eastern Provinces Tour Is Arranged

As our vacation travels are definitely limited to Canada this year, it is the best time to make up your mind to see the Eastern Provinces. There are many beautiful and interesting spots in the Maritimes, and in some places along the coast the influence of the warmth of the Gulf Stream is felt on the beaches.

Council Donates \$100,000 To Loan Drive

The City of Westmount itself, independent of residents, did much towards helping the municipality go over the top in its Victory Loan drive, contributing \$100,000, it was announced.

In addition to this sum, the City of Westmount's Pension Funds purchased \$100,000 worth of bonds, while civic employees contributed \$15,500.

Youngsters Aid Queen's Fund With Fair

With a lot of initiative and a bit of hunting salvaged from the Victory Fair at Westmount Park, four patriotic young Westmounters staged their own "victory fair" Friday and Saturday on Albion Ave., and collected \$15 for the Queen's Canadian Fund.

The youngsters in question, Willard Hale, 14, and Ken Hale, 10, both of 108 Abbott Avenue; Harold McCoy, 14, of 111 Irvine avenue and Jim Kennedy, 12, of 188 Abbott, collected the \$15 at a bingo table, lemonade stand and home-cooking booth.

Bantam and Juvenile Hardball Teams Lose to St. Remi, 16-4, and Mt. Royal, 10-5, Respectively

Two Westmount teams went down to defeat in their initial encounters in the Province of Quebec Minor Baseball Series. The Juveniles dropped a 16-5 decision to the Mount Royal team while the Bantams suffered a 16-4 beating at the hands of the St. Remi representatives.

The Bantams got off to a bad start, errors in the first two innings together with five hits sent the St. Remi team off to an eleven run lead. After this the local team settled down and made a real game of it.

Jack Williams got two hits for the Westmounters, one of them a double. Jack McKlassock also got a double for the losers. Vincent Capazzi and Marchal plucked up three hits apiece for the winners.

Ronnie Morrow started on the mound for the Westmount team but Frankie Read went in and relieved him in the second inning, holding the big St. Remi team down for the rest of the game.

Residents Give \$8,211,000 In Victory Drive

Late Flurry of Buying Following Hilsley's Speech Is Largely Responsible for Total Surpassing Objective by Such Wide Margin — One in Every Fourteen Residents Is Victory Loan Buyer

Westmount headed into the stretch drive at top speed in the Victory Loan Campaign concluded Monday and came home with yards to spare—figuratively speaking.

Literally speaking, the municipality came home with two million dollars to spare, according to figures released at Westmount Y.M.C.A. headquarters last night by W. J. Lucas, chairman of the Westmount Victory Loan publicity committee.

Mr. Lucas' report read: "At the time of going to press, 3,810 Westmount residents have purchased bonds totalling \$8,211,000 approximately \$2,000,000 in excess of the objective.

"Further adjustments are expected and thus when final figures are available, even a better showing will be made. We are pleased to report that one in every fourteen persons residing in Westmount was a Victory Loan buyer.

"Oversubscription to the Victory Loan by such a wide margin is one of the splendid pieces of news as the war develops into still another extended and critical period.

"The overwhelming success of the loan," the report continued, "shows that both the pockets and the hearts of Canadians are thoroughly strong and that Canada's war effort will go on from power to power.

"Westmount, the rest of Quebec province and the Dominion as a whole rose to the occasion magnificently. All the various units of the organization personnel behind the loan deserve great credit.

"In this connection, congratulations are extended to George W. Spinney of Westmount, who as chairman of the Central Executive Committee, had the required qualifications and experience to put such an enormous undertaking over successfully.

"But over and above all executive aspects rise the spirit and determination of the Canadian people, individuals and corporations, urban and rural, in one combined effort.

"It has culminated in a success which will help the anti-Nazi cause throughout the world and will increase Canada's credit and stature in the eyes of all those engaged in this stupendous fight against the Hitler menace.

"The Germans will know by this result that Canadians are in the fight with Britain until victory finally is won."

Although local Loan officials had expected Westmount to oversubscribe in her usual manner, they had not anticipated a final result of such proportions, and had special praise for the canvassers who responded in outstanding fashion when asked to redouble their efforts last week when it appeared the objective might not be attained.

A recent speech by Minister of Finance Hilsley apparently was all that was needed, however, in the opinion of officials, for increased buying was noted immediately following the address and the \$6,300,000 objective was passed with a rush.

WESTMOUNT, THURSDAY, JUNE 26, 1941

DOMINION DAY

Seventy-four years ago next Tuesday the Provinces of Canada were united into the Dominion. Seventy-four years is not a long period of time in the history of nations yet within that time Canada has achieved a growth in influence and importance that has made us the envy of many nations. As we observe our national birthday next week, we can be thankful that Providence has favoured us among the nations and we can strengthen our resolution to fulfil the high destiny that is ours. We can be proud that we are a member nation of the British Commonwealth; we can be thankful that we have as neighbours a people who make no secret of the fact that they admire us with considerable enthusiasm; and we can dedicate our efforts anew to the task of bringing British and American ever closer to a complete community of interests. Our position between the Motherland and the United States, interpreting the one to the other, is a position of the greatest responsibility—one of the most important tasks that has ever fallen to a nation and government; its success will determine to what extent humanism and liberalism will live in the past-war world. That consideration has been, and will continue to be, the cornerstone of our foreign policy.

SATURDAY IS 'ARMY DAY'

No Canadian citizen should miss the opportunity which will be afforded on Saturday to see the army in its various training centres. The day has been set aside as "Army Day," and the public will be invited to visit barracks, camps and other establishments.

Canada has something to show today in the

way of an army. Many though the shortcomings have been in building up our war establishment, we have literally accomplished wonders in welding together an armed force for defence and offence. Army Day is the chance for the public to see at first hand what has been done. It is also an opportunity to show the men that the people are intensely interested in what they are doing, and this they should be shown.

NEW AERIAL ATTACK

Right up to the time the war broke out, a fruitful subject for argument among military experts was the comparative efficacy of aerial bombs against battleships. Those who claimed that such missiles could not sink capital ships were in the majority, and nothing that has happened in this war has proven them mistaken.

What has happened, however, is the developing of an entirely new form of aerial attack, by torpedo planes. These put air-sea warfare on an entirely different basis, and the navies of the world must now seriously consider the menace from the skies. The effectiveness of the aerial torpedo attack on the Bismarck has brought an awakening to military tacticians, and the fact is stressed more strongly than ever that command of the air is essential to victory in a war.

SUMMER CLOTHING

Though the movement, understandably enough, originates in Jamaica, there is every reason why this country should take up the campaign to popularize a sensible summer costume for men. In the West Indies Island, a t t e m p t is being made to do away with coats, neckties and heavy trousers in the hot season.

True, some such campaign has been going on here for a long while, but its progress is slow. There are still many business establishments in which a man is considered indecently dressed without a coat, and to leave off a tie is a shocking idea. Canadian banks only recently came around to allowing their tellers to work without coats, but they have done so, and that is one big river crossed. There is still hope that the men may decide eventually to dress as sensibly as the women.

Westmount Baptist Church Notes

A special feature of the Sunday evening services in Westmount Baptist Church will be "A Seven Minute Discussion of Pressing War-Time Questions." On Sunday, June 29th, the question discussed will be "How Should We Pray for the Lads Who Serve the Empire?" On Sunday, July 6th, the question will be "Should Young Folk Marry Before the Lads Go Overseas?" The theme of the morning sermon will be, "Excerpts From the 'Courageous Letter of a Christian Layman'; while that of the evening will be "Queens Whose Thrones are in Human Hearts"—Ruth, Esther, Mary and our own Beloved Elizabeth. Dr. J. A. Johnston will preach at both services.

Care Of Injured China Problem

Adequate care of the wounded of China's armies looms as one of the major problems of the nation, second only to its armed resistance to Japan's invading armies, says Dr. Robert Lim, director of the Red Cross Medical Relief Commission.

According to Dr. Lim, there are more than a half million wounded soldiers scattered in the provinces remaining to the Chinese national government.

Dr. Lim said that neither his Red Cross organization nor the Army Medical Corps had sufficient trucks, ambulances or medical workers to cope swiftly and adequately with the gigantic problem.

He revealed that after short training in the Red Cross bases, nurses and doctors are sent to the front. Pay for doctors ranges up to the equivalent of 40 American dollars a month, and that of nurses is eight dollars monthly.

Living for both worlds is the wisest and best life.

THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.
In Which Subjects of General Interest Are Discussed
The opinions expressed in this Forum are not necessarily those of this newspaper and it does not accept responsibility for them.

There seems to be in most modern communities a serious epidemic of what we have learned to call neuroses and psychoses. This condition is no doubt due to our incoercible individualism. The word idiot comes to us from a Greek word signifying a private person. Today it means a man incapable of rational relations with his fellows. Idioty is the nemesis of excessive private-mindedness. Man was made for fellowship; and when he repudiates fellowship he invites a sickness of the mind. This sickness is so prevalent today that Jung, the great psychiatrist, has hidden us set ourselves to cultivate a life of the spirit as the only sufficient antidote to the plague.

Man was made for community, and community for man, and neither can be its own self without the other. Nor must the one be exalted above the other. Nowadays we know, alas! only too well, that the one may be exalted above the other. On this continent individualism is the law and the prophets. But we may see in Europe the contrary condition. The community (in the form of the nation) has been so exalted that the person is debased into a serf or a cog in the wheel.

In Germany and Russia men are today "under the law" with a vengeance, and community is buried beneath a flat collectivism. But the true City of God, where-soever it may be realized, will be a company of free souls joined in the beloved community."—Dr. Richard Roberts formerly of Montreal and Toronto and now of New York City.

The debt for the British national unemployment insurance fund seven years ago, after years of severe depression, exceeded £100,000,000. At the end of 1940 it had a credit balance of £54,534,577 and £3,858,294 on its agricultural account. The statutory committee which deals with this fund recommended that £38,587,007 of the balance of the general income should be used to extinguish the fund's debt, and what is left should be carried forward along with all the balance of the agricultural account. At the end of the year it is anticipated that the fund will have a credit balance of £55,000,000.

The Farm Bureau Cooperative Association of Ohio invested \$250,000 this year in three fertilizer compounding plants. The other fertilizer companies at once cut their price by \$4 per ton for Ohio and the farmers of Ohio saved \$700,000 in the cost of fertilizer. Every farmer in Ohio whether a member of the cooperative or not made a substantial saving.

George Washington Carter, Negro scientist of Tuskegee Institute, was selected to receive the Catholic Committee of the South's first award. Dr. Carter was lauded by the group as an

individual who made a significant contribution to the welfare and progress of the south.

The sanitary and lack of panic of the British people is shown by the result of a recent by-election in the much-bombed city of Birmingham. There were three candidates. One supported the policy of the Royal Air Force of concentrating upon bombing which will seriously impair the offensive and defensive strength of the enemy. He was elected, polling a total vote of 21,573.

Another candidate wished to stop the war while Hitler is dominant in Europe. He received 1,552 votes.

A third candidate made his sole slogan "Bomb Berlin." The candidate received 1,698 votes.

Nuffield College, which Oxford owes to the generosity of Lord Nuffield, has for its object to coordinate "theoretical power and practical experience."

When all the resources of social science are needed for the planning of the new order to follow the war, the British Minister of Works has called upon Nuffield College to help him in his plans for reconstruction. The faculty of the college, which is a post-graduate institution, have been conducting, and will conduct, research upon the redistribution of industry and population, the effects of war on the public social services, the effects of evacuation and industrial migration on conditions of living, and the bearing of all these on social and economic organization. Connected with this, is the renewal of the annual grant of \$30,000 from the Rockefeller Foundation for the conduct of research in social studies.

Dominion Stores Appoint B. Dees Farmers' Contact

Marking a further step in its policy of actively cultivating relations with its grower-producers, Dominion Stores Limited, the largest Canadian chain store organization, has appointed a permanent contact with farmers in the person of Bram Dees, who joined Dominion Stores' staff a few months ago.

Mr. Dees has spent a lifetime in the merchandising of home-grown fruits and vegetables. Having begun as a grower, he knows the grower's problems from intimate experience. Developing a successful produce business for himself, he has acquired a knowledge of retail marketing of fruits and vegetables which qualifies him as an authority in this field.

His new functions involve regular contacts with growers supplying Dominion Stores in each of the six districts served by Dominion Stores, stretching from Ontario to the eastern seaboard. His knowledge of the consumer's wants, tastes, and preferences will be placed at the disposal of growers to increase the marketability and the dollar return of their products. Specifically, Mr. Dees will assist producers in the effective grading, preparation, and packaging of soil produce for the retail consumer.

Toronto Headquarters
Operating from the headquarters of Dominion Stores in Toronto, Mr. Dees will actively represent the grower in the executive councils of the organization, keeping the management and merchandising department in touch with current agricultural problems, so that helpful action may be taken in the case of crop surpluses, shortage or similar emergencies.

In announcing Mr. Dees' appointment, J. W. Horsey, president of Dominion Stores Limited, emphasized the company's conviction that in cultivating the interests of the grower it was also serving the interests of the consumer and, eventually, of the company shareholders.

"The idea that one section of the population can permanently prosper at the expense of another section belongs to the unregretted past," said Mr. Horsey. "We have got to realize that Canada cannot progress unless the cultivator prospers hand in hand with the consumer."

Siamese Twins Use Pal's Name

How the famous Siamese Twins received their name is recalled by Dr. C. F. Tallafiero, whose wife is a granddaughter of one of the twins.

Arriving in New York from Siam at the age of 16, the twins, who were born and lived 62 years joined together, were asked their name by reporters.

"Chang and Eng," they replied.

"Haven't you any last name?" inquired a newsman named Bunker.

When they answered that they did not, he suggested:

"Then, why not use mine? It's a good name."

They accepted the suggestion and became Chang and Eng Bunker.

"Buck Privates" At Monkland On Sunday Night

Radio-stage's Abbott and Costello, who were roaringly funny in their first picture, "One Night in the Tropics," completely out-top themselves in this new hilarity-hit, "Buck Privates," which opens Sunday at the Monkland United Theatre.

Comedians in Khaki Abbott and Costello are a couple of misfit kids in khaki in the army of "Buck Privates" and everything happens to them from K.P. duty to "solitary" in the guard-house, with Nat Pendleton their nemesis in the role of a hard-boiled sergeant.

There is a nice thread of romance, too, in the picture, framed by a young "Sergeant Quirk," "Captain Flagg" rivalry, played by Lee Bowman and Alan Curtis, over the affections of a pert and pretty hostess, enacted by Jane Frazee.

ed on the London stage (with much the same cast), was a one-set play. That is, the whole play was done in the living room of the Redfern home where quiet, bland, innocent Mr. Redfern (Edmund Gwenn) was wont to discuss his green-house and his tomatoes and his wholesale paper business Carol Reed (who recently directed "Night Train To Munich"), though much of the film is necessarily confined to the Redfern home also, nevertheless keeps the camera moving about, up and down stairs, into various rooms and about them, so the preponderance of these interior shots is not particularly noticeable.

With the indolent, talkative, banana-eating Bernard Baxley (Sir Cedric Hardwicke), and an equally commercial suitor of his daughter's both trying to wheedle large loans out of him, Mr. Redfern explodes the quiet domesticity of his home by declaring he

is a counterfeiter, has been for years and is not the least ashamed of it. He declares, too, that he may be picked up at any time and the rest of them be held suspect. The result is a riot of fun as the various rats try to escape the sinking Redfern ship. After twenty-four hours of terror, the Baxleys leave and the suitor has disappeared. Of course, Mrs. Redfern doesn't believe a word of it. Not even when an inspector from Scotland Yard comes to visit her husband, privately for a talk about his paper business. Its splendidly written and splendidly acted, by the principals at least. There's "Blonde Inspiration," a cartoon, and a newsreel to fill the bill. Barbara Stanwyck spent her early childhood in an orphan asylum.

Poignant Story, Big Stars In New Film

Based on the famous Collier's Magazine serial, "Flotsam," by Erich Maria Remarque, "So Ends Our Night," the David L. Loew-Albert Lewis production co-stars Fredric March, Margaret Sullivan and Frances Dee, is now playing at the York United Theatre, until Friday night.

"So Ends Our Night" was directed by John Cromwell and its large supporting cast features Glenn Ford, Anna Sten, Erich von Stroheim, Roman Bohnen, Leonid Kinskey and Lionel Royce.

Briefly, the action of "So Ends Our Night" is concerned with the moving and poignant love story between Ruth Hollan, portrayed by Margaret Sullivan, and Ludwig Kern, played by Glenn Ford. The story is unfolded in several European capitals and told through the eyes of political refugees who shuttle across the continent in order to triumph over oppression.

One of the largest sets built for the production was a carnival set depicting the Prater, known as the "Coney Island of Vienna." At one end was a brilliantly-colored merry-go-round, with real animals of all descriptions to ride — giraffes, lions, tigers, elephants, zebras, ostriches. Other highlights on the set included a flea-circus, an animal side-show, a shooting gallery, and a mind-reading act.

TIME TO HALT

She had stood as much as she could, but her enthusiastic partner in khaki seemed ready to go on for ever. At last she got desperate. "What's the difference between dancing and marching?" she asked him. "I don't know," he replied brightly. "I thought so," she snapped. Shall we sit down for a bit?" Edward Arnold worked as an oiler in the boiler room at Columbia U.

Kent To Blend Comedy, Drama In Weekend Bill

When a beautiful cardsharp marks a handsome, rich young man as her next victim, without reckoning on love taking a hand, there's danger of her heart being trampled.

What happens in this situation is the story that will be told when Paramount's comedy, "The Lady Eve," starring Barbara Stanwyck and Henry Fonda, comes to the new Kent Theatre on Saturday and directed by Preston Sturges, who has flashed across the Hollywood scene like a brilliant rocket in the past year, is ample promise that the picture is lively, with entertainment, as Sturges is the writer-director, who brought to the screen those two bright comedy gems of last year, "The Great McGinty" and "Christmas in July."

A powerful drama of undying love in the big city is the thrilling theme that will be found in the other feature at the Kent Saturday, "City For Conquest."

Vocalist Russ Titus Comes To Belmont Park

Always on the look-out for new faces for his musical aggregation that plays nightly in the spacious dance hall at Belmont Park, Stan Wood, popular maestro, has been very fortunate in securing the services of prominent musician this year, which is his sixth at Belmont Park. His new vocalist is Russ Titus, popular local lad who was featured with Paul Whiteman's Rhythm Boys and recently with Richard Himber and whose voice is heard quite often over the "air-waves" on a local broadcasting station.

WHERE TO GO VACATION WHAT TO DO

Many Beautiful Spots In Eastern Townships

Geographically, the Eastern Townships comprise that district between the St. Lawrence and the counties on the St. Francis River. Historically, they are those townships settled by United Loyalists after the war of 1776. In the townships are found old English homes, which mostly pioneered to a surprising fact in Quebec—the French.

Rich In Tradition

The fascinating district of St. Johns is reached by a short railway journey south from Montreal over the Richelieu River, rich in traditions of New France. Fort Lennox, the old forts of St. Johns, Chambly and Fort Montgomery recall those wars waged by British and French for possession of these fertile fields. St. Johns, less than half an hour's ride from Montreal, has long been popular as a site for summer homes, and among its attractions are a golf course, polo field, military school and yacht club.

Manoir Drummond

At Foster two branches of the railway leave the main line, and

at Drummondville is the Manoir Drummond (a modern hotel) and an excellent golf course. On the shores of Brome Lake, a beautiful sheet of water, an excellent motor road leads for miles past well kept lawns and gardens. To Knowlton at one end of the lake, summer vacationists come year after year attracted by its beauty and fine golf and boating clubs. Here are the grounds and the buildings of the Knowlton Conference Association which combines recreation with religious instruction. South it is only five miles to the lofty Green Mountains over a charming bit of road lined with magnificent maple trees and through Bolton's Pass.

Bewildering Roch Mass

Continuing east one passes Orford Lake at the foot of Orford Mountain, a bewildering mass that lifts 2,860 feet of rock above the rolling hills. Shortly past Orford Lake, Memphremagog glitters into view, with Magog on its upper end in Canada and Newport at its lower end in Vermont.

GREEN GABLES CLUB IS GOLF CLUBHOUSE

Charlottetown, Prince Edward Island — "Anne of Green Gables" was definitely a literary success, and the home which furnished the inspiration for that and other novels is now being used as a clubhouse on the new golf course within Prince Edward Island National Park. Within the same park a luxurious establishment, once summer home for a Standard Oil Company vice president, has become "Dalway House," a guest home for visitors. The Park is conveniently reached from Charlottetown, the Capital City, served by lines of the Canadian National Railways.

The SNAPSHOT GUILD BIRTHDAY PICTURES

Easy to take—just a short time exposure with the camera on a firm support—this shot is part of a charming birthday series. Keep your camera busy on birthdays; they're fine for pictures.

SOONER or later, every member of a family has a birthday—and here is one occasion when you can really turn your camera loose for a first-rate story-telling series of pictures.

Of course, the center of a child's birthday is the cake with candles. That's why we picked it for our picture here. But there's a lot more to a birthday—anybody's birthday. The preparations—the presentation of gifts—the party, if there is one—all these make good snapshot material. If it's a child's occasion, with your small son or daughter playing the leading role, you can start taking pictures several days in advance—pictures emphasizing the good behavior that always precedes the big day.

The idea, in making a series of this sort, is to tell a complete story. The more details you can show, the better your story—and it's more satisfying when you look back through your album.

Here's what I mean by "details." Suppose it's Dad's birthday, and you're giving him a new pipe. Then get one picture as he receives the package; another as he begins to unwrap it; a shot of his expression when he sees the gift; another as he loads up for the first time; and a final shot as he contentedly puffs away. This is clearly much better—and far more interesting—than just one shot, or several all alike.

It's quite as simple to take a series as a few "single" shots. Just set up your two photo lights—and as long as your subject stays in the same spot, the exposure won't change. So, all you need to do is watch for changes in pose and expression. The photo bulbs and high speed film make snapshots easy. A shot of the cake, lighted only by the candles, will call for a short time exposure—say two to three seconds—with the camera placed on a firm, solid support.

Maybe there isn't a birthday at your house this week, or this month. But tuck this away—and when the day comes, remember your camera, and get a good birthday story. It's perfect material for your "family history" album.

HELD OVER AT BELMONT PARK

The 5 Juggling Jewels who are being held over for a 2nd week at Belmont Park.

All Teams Score Wins In Senior Softball Play

LITTLE CHANGE EFFECTED IN STANDING OF 5 CLUBS DURING LAST WEEK'S PLAY

Dodgers Make Slight Gain With 10-5 Win Over Grads But Other Clubs Win and Lose Once to Remain The Same — Pee Wee Read Leads Batting Parade With .457 Average, Five Points Better Than McNicholl

All the teams in the Westmount Senior Municipal Softball League should be satisfied with their efforts in last week's encounters, as each one of the five teams won a game, making an even distribution of the five games played during the week. The Dodgers were the lone team to make any sort of a gain, as they won the only game they played.

Alvin Bell hurled the Alrmen to an 8-7 win over the first place Royals team on Friday night. Bell who has been setting the local softball world afire with his strike-out records, won his second game of the season, oddly enough his wins have been over two top teams. In four complete games, Bell has struck out fifty-seven men and what is more remarkable, has only walked one man and that in the fourth game.

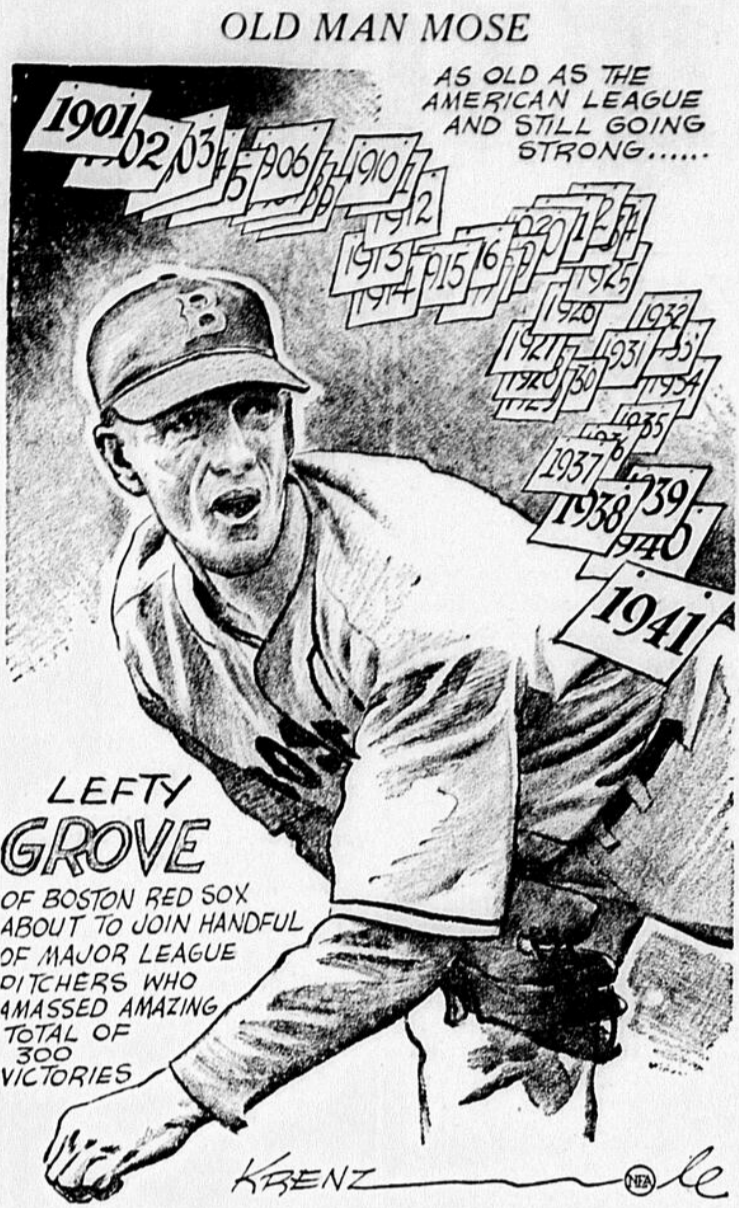

His not-often effort was against the Swans when he whiffed eighteen men out of the twenty-one and still lost the game. In the Royals game Bell fanned ten men but his support fell apart in the seventh inning and the Alrmen almost blew a six run lead which they held till that time. Jack

Keene led the winners with the willow getting three hits in four times at the plate, while Tommie Brennan and Johnnie Mahaffey banged out homers for the Royals.

The Swans won their third game of the season when they defeated the Air Force 4-1. This was the game where Bell fanned eighteen Swans, Jimmie Haggerty on the mound for the winners hurled effectively, allowing but five hits and fanning three. Emmett Cloran and Howie Hushion got two hits apiece for the Swans, while Owen Cloran homered in the sixth inning. Macaky hit a home-run for the losers.

The Dodgers-Grads game was called at the end of the sixth inning owing to rain with the Dodgers leading by a 15-5 score. Bill Leonard the loop's leading hurler held the Grads hitless until the fifth frame, when a slippery ball and four hits by the Grads combined for a five run rally. Pee Wee Read upped his batting average in this game getting four hits in his four times at bat. Stan Morgan got two hits for the losers and Buddy James hit a home-run in the Grads big fifth inning.

Probably the best game of the week was played between the Swans and Grads, with the Grads winning out 3-1. All the scoring in this game was done in the first inning. The Swans tallied first on two hits by Emmett Cloran and Jack Coleman. The Grads picked up their three runs when Buddy James walked to open the inning then scored on Johnnie O'Connell's homer. Stan Morgan hit a home-run with no one on to end the scoring. Jimmie Haggerty on the mound

Hubbell Takes Personal Charge at Polo Grounds

Among the many things Carl Hubbell must have learned in his dozen years of major league pitching is that the best way to win a ball game is to do it yourself. Even back in the days when he was pitching the New York Giants to National League pennants, "Old Squarepants" was the guy who seldom could get a run or two to work on. Now, in the twilight of his career, Hub is finding that the trouble persists, but he still manages to win his share.

Hubbell took personal charge recently of the Giants' first home game under the floodlights, conquering the Boston Braves, 2 to 1, although his team could get him only seven hits.

Drove Home Run
Hal Schumacher and Manuel Salvo had fought it out for the first seven innings with the only scores coming on a pair of home runs by Joe Orango and Eddie Miller. Then after an hour's recess while the crowd of 17,000 listened to President Roosevelt's speech, Hubbell and Dick Erickson resumed the duel. The Braves promptly loaded the bases on two hits and an error, but a double-play saved Hubbell and he repaid that kindness in the ninth by singling home Bill Jurges with the winning run.

Another night encounter also wound up in the last half of the ninth, with the league-leading St. Louis Cardinals pulling out a 3

Bow Wow's 'em

Charlotte, N.C.—A stray dog wandered into a baseball box-score here.

Bob Artiz, right-fielder of the Charlotte Piedmont League team, clouted the ball to deep right field and tore out for first.

As he neared the bag, a spotted terrier, long of ear and tail, dashed from the stands. He caught Ortiz at first and stuck with him all the way to third, where Ortiz beat him and the ball by a slide. Then the terrier grabbed Ortiz' cap and made merry around the infield.

In the Charlotte lineup The News carried the footnote:
"y—Stray Dog."
In the summary:
"y—Ran with Ortiz in the ninth."

Unknown Teacher Aids Benny McCoy Regain Bat Form

Benny McCoy of the Athletics credits a Pennsylvania school teacher he has never met with helping transform him from a \$65,000 flop last year into a vastly improved player this season.

Benny related that a year ago, when he was "trying too hard," he received all kinds of letters from people, including one from the teacher, who prodded him to fight harder, stick out his chin and prove he could play ball.

"This winter, when I was trying to figure everything out, that letter meant more and more to me," continued the second baseman. "This helped me to get in the frame of mind where I said to myself: 'This is the year you've got to make good.'"

Fresco Thompson Still The Jockey

Fresco Thompson apparently still is one of baseball's greatest jockeys.

The former Montreal Royal second baseman, now managing Reading in the Inter-State League, recently was confined to his dugout for the remainder of a recent game against Hagerstown.

Fresco had worked his bartering to the limit on Pitcher Bull Hamons of Hagerstown with the result that Hamons challenged the Brooks' skipper to combat.

LEFTIES LEFT OUT
The last lefthanded catcher in the Big Leagues was Joe Wall, who backstopped for the Giants in 1902. Five lefthanded shortstops and two lefthanded third basemen have played in the majors.

ROYALS AGAIN "RIGHT"

SOFTBALL CHAMPIONS FROM TORONTO PLAY HERE OVER WEEK-END

Sunday Morning Girls' Team Will Appear in Six Exhibition Games Against Local Nines

Champions of Ontario, the highly-touted Sunday morning Softball Club from Toronto will play six exhibition games against Montreal teams here over the weekend, according to a schedule released yesterday.

A feature of the Toronto club's visit will be a doubleheader played indoors at the Forum Sunday night against Royals, champions of the Montreal Major Ladies' Softball League.

The schedule and thumb-nail sketches of the Toronto players follows:

Saturday, 7.45 p.m. Vlau Park. Sunday Morning Class vs. 7 Up. Mansfield vs. Mount Royal.

Sunday, 8 p.m. Forum, doubleheader, Sunday Morning Class vs. Royals; Sunday Morning Class vs. Royals.

Monday, 7.45 p.m. Sunday Morning Class vs. Mount Royal; 7 Up vs. Royals.

Tuesday, 2.30 p.m. Vlau Park. Sunday Morning Class vs. Mansfield; Sunday Morning Class vs. Royals.

Local I. L. Club Appears to Have Shaken Off Slump Apparent When Syracuse Was in Town

Having snapped out of the slump which meant the loss of four straight games, the Montreal Royals now seem set to carry on in good style through the rest of the hot International League race.

Few teams in history have gone through an entire baseball season with a slump, and the Royals were no exception when the Syracuse club was in town. However, they came back strong to take two games out of three from the league-leading Newark Bears, and followed by winning the Toronto series at the Stadium.

After their current road trip the Royals return to the Stadium to play a four-game series against the Buffalo Bisons. Double-headers are booked for Sunday, June 23, and again on Tuesday, July 1, with Monday an open date.

One of the highlights of the Royals' recent games has been the hitting of Jack Graham, Graham, like the club, dropped off in hitting for a while, but came back strong to win both games of last Sunday's twin bill with home runs. The heads-up, aggressive style of play of the Royals was never better exemplified than in the first game last Sunday when Claude Corbett, on first base with none out, twice went to third base when Hughes laid down perfect sacrifice bunts.

Fans are still talking also about the triple steal engineered against the Newark club last Saturday, when Wobby Jensen, bell-cow of the triple theft, stole home.

When the Buffalo club plays in the Stadium Sunday and Tuesday they will display such stars as Mickey Rocco, Dutch Meyer, Jimmy Levey, Ollie Carnegie, Freddy Hutchinson, "Fire" Trucks and Jimmy Outlaw. The Buffalo club, rebuilt this season, and under the smart leadership of Al Vincent, is in the thick of the pennant scramble the same as the Royals.

Followers of the Royals will not want to miss these two double-headers because after the Tuesday twin bill the Royals will be away from home another week. Both double-headers will start at 2 o'clock.

Farrell Claims Yanks Will Miss Babe Dalgren

With Joe Gordon back at second base, Frank Crossetti restored to his old shortstop berth, rookie Johnny Strum planted at first and Phil Rizzuto and Gerry Priddy riding the bench, Manager Joe McCarthy must be pinning for the days when Babe Dahlgren wore a Yankee uniform. If so, Wes Ferrell called the turn.

"I predict the Yankees will soon be sorry they let Dahlgren go," said the veteran pitcher, before he was released by the Boston Braves. "Wait and see. Babe not only was a good first baseman for McCarthy, grabbing everything they threw within 10 feet of him, but he also was a valuable utility man. He could play on the other side of the infield in a pinch. He's a pretty good third baseman. The guy is protection for two or three spots. I don't know how he ever got out of the American League." Clark Griffin wondered the same thing.

Need Big Leaguer
As McCarthy thought so little of Sturm a few weeks ago that he shifted Gordon to first base, it seems reasonable to assume that the Yankees are now in the market for a big leaguer to cover the bag once cared for so ably by Lou Gehrig, and later Dahlgren. Ed Barrer may reopen negotiations for George McQuinn of the Browns. George would have a good record in Yankee Stadium, where the right field stands are built for a left-hand hitter.

The New York critics say the Yankees looked like a different club with Crossetti back in there and Gordon at his old stand. There was a new snap and spark noticeable from the press box. Gordon again was one of the outstanding second sackers in the business. He and Crossetti worked together as they had in those glorious pennant years. And the Yanks broke a losing streak.

Relieved Pressure
However, McCarthy announces that he has not given up Rizzuto and Priddy. The manager said something had to be done to keep the club in the first division, and that the relieving of the pressure on Rizzuto and Priddy was the logical move. From the shadows of the dugout the Kansas City rookies will have time to get acclimated—to get back any confidence which may have been lost while the Yanks were swaying on the brink of the second division. McCarthy points out that Gordon, Rolfe and other Yankee freshmen in his experience had to go through the same period.

When he was benched, Rizzuto was batting .246 with 33 hits in 134 times up and 18 runs scored. Priddy had 19 safeties in 90 tries for a .211 average. However, Rolfe was only a few points above Gerry on the list, and Henrich, Selkirk, Crossetti and Strum were under him. Remember the old days when the Yankees could hit?

Frank Crespi, known as Creepy to his Cardinal team mates, graduated to the big leagues from the softball ranks. Like Lou Novikoff, the new Cub Outfielder.

Eddie Bracken, ex-stage comedian, wants to play serious roles.
