Copyright, Canada, 1929, by John Lovell & Son, Limited, 423-429 St. Nicholas Street, Montreal

In this section the streets are alphabetically arranged, with the intersecting streets shown. Each building on the street is given in numerical order, and opposite the number is placed the name of occupant or householder. In office buildings the occupants are shown by room numbers.

The numbers appearing at the intersections represent the number of the street intersected at the point of crossing.

Where a number appears without a name, it shows there was no occupant, or the party was absent at the time of taking information, and in a few instances that the name was refused.

To find the occupation of individuals and firms, refer to the ALPHABETICAL and CLASSIFIED BUSINESS SECTIONS, where full information will be found.

FOR STREETS THAT HAVE BEEN RE-NUMBERED THIS YEAR, SEE END OF STREET DIRECTORY
