PLAN WHOLESALE BLOCKADE RUNNING

British Food Ships To Ignore Warning Given By Admiralty

Three Freighters, Driven to Cover in French Port, Leave in New Effort to Provision Bilbao as Basque Shore Batteries Seek to Clear Coastal Waters of Insurgent Warships—Will Receive Full Protection of British Fleet to Three-Mile Limit in Any Effort to Break Through Fascist Lines.

St. Jean de Luz, Franco-Spanish Border, April 22.—British food ships, under the high seas guard of British men-of-war, determined today to smash the Spanish insurgent blockade of Bilbao and provision the near-starving Basque capital.

While three of the five freighters, driven to cover here by attacks from insurgent vessels, put up steam for the attempt to run the blockade, Government shore batteries along the Bay of Biscay coast started booming at dawn in the direction of insurgent warships.

The food-laden British vessels were reported authorized by their owners to run the gauntlet, despite a warning from the British Government. They were promised an escort of British warships to the three-mile limit.

At that point, the Government shore batteries and fleet of small armed craft will take over the job of fighting off insurgent attacks.

The first victims of the effort to prove the way was open to Bilbao and its refugee-swollen population of 400,000 were three insurgent trawlers who came within range of the guns at Santander just after dawn.

Attempting to raid a fleet of fishing vessels anchored off Legutio they were driven back by the long range coast artillery of the Basques.

Insurgent sources reported their ships ranged the Basque coast, just off Bilbao, ready to swoop down on any ships defying their blockade to strafe Bilbao into submission to the slowly encircling land forces of General Emilio Mola, Basque quartermaster, however, the fire of land batteries had forced them to keep ten miles offshore.

The insurgent fleet, under the lead of the battleship Espana and including the powerful fast cruisers Canarias and Almirante Cervera, was estimated to number ten warships.

Just outside St. Jean de Luz, ready to escort the fleet of little food ships to the three-mile limit, the world's mightiest warship, the cruiser Hood, rode at anchor.

Under the command of the flag officer aboard the Hood was a squadron of "B" class destroyers, including the Blanche and the Beagle, and the Forester which had just returned from Bermuda—a scant few land miles west of Bilbao—with two hundred refugees.

The three freighters bound for Bilbao were the MacGregor, the Hamsterley and the Stambrook, each 2,000 tons, flying the British flag and carrying mixed cargoes of food.

RECALL GIANT WARSHIP FOR CORONATION REVIEW

London, April 22.—The Admiralty announced today that Rear-Admiral Charles Gordon Ramsey, commander of the second battle squadron, will relieve Vice-Admiral Geoffrey Blake as senior naval officer in northern Spanish waters.

Ramsey will hoist his flag in the battleship Royal Oak, which will sail from Devonport Saturday for Spain. Blake, commander of the battle cruiser squadron, will return.

Highway Maintenance Appropriation Given Rough Reception In Assembly

Item Providing \$4,750,000 for Highway Maintenance and Repair Held Over for Future Study in Committee of Supply—Measure Introduced Providing for Extension of Municipal Electrical Services—Government to Seek Better Wages for Track Workers.

Quebec, April 22.—The Quebec Government intends to communicate with Wilfrid Gagnon, director of the Canadian National Railways and former Liberal cabinet minister, to insist the railway company respect its labor contract with the Brotherhood of Maintenance of Way Employees in Montreal, Premier Maurice Duplessis told the Legislature yesterday. Clophas Bastien (Liberal, Berthier) had charged the company paid the men twenty-five cents an hour for a sixty hour week instead of thirty-five cents an hour for a forty-eight hour week as stipulated in their agreement.

The question rose in debate on a motion of the Liberal member for production of correspondence over grievances of the employees. Mr. Bastien charged Rene Labelle (Un-

British Government Ready To Join In Economic Conference

Premier Baldwin Announces Readiness to Participate in Conference Proposed by Chancellor Hitler "Provided a Comprehensive Investigation Showed It Likely to Succeed and Provided There Had Been Adequate Preparation"—Ready to Open Negotiations on War Debt.

London, April 22.—Prime Minister Baldwin told the House of Commons today Great Britain is willing to participate in a new world economic conference "provided a comprehensive investigation showed it was likely to succeed and provided there had been adequate preparation."

Baldwin was asked by Arthur Henderson, Labor, whether he was "aware of the declaration of Herr Hitler that the German Government was willing to participate in a new world conference."

"Yes, sir," the Prime Minister replied. "The Government have seen Herr Hitler's statement. The position of the Government on this matter has been made clear from time to time."

"I may perhaps repeat it. Great Britain will participate, provided a comprehensive investigation showed it was likely to succeed provided there had been adequate preparation."

Chancellor Hitler Monday told George Lansbury in Berlin the Reich would be "very willing" to attend an international conference for "economic co-operation and mutual understanding" if President Roosevelt or the head of another major power would call it.

"Will the Government take action to implement the statement just made by the Prime Minister by getting in touch with the German Government on this matter?" Henderson asked.

Baldwin answered: "I am not prepared to answer hypothetical questions."

AWARDED PAPAL HONORS

Windsor, Ont., April 22.—Harry E. Gignac, prominent Windsor business man, was proclaimed a Knight of the Order of St. Gregory the Great here last night in the first ceremony of its kind held in Windsor.

BONUSES GIVEN TO SHERBROOKE-MAGOG WORKERS

Thousand Local, 1,600 Magog and 500 Drummondville Textile Employees Included in 7,000 Who Will Receive \$60,000 as Extra Reward for Their Work.

Montreal, April 22.—A bonus of five per cent of wages earned for the first three months of 1937 was announced last night for employees of Dominion Textiles Company, Limited, by Managing Director, G. Blair Gordon.

About seven thousand of the company's 7,500 employees will receive this extra reward in their pay envelopes tomorrow, Mr. Gordon said.

All are in Quebec Province. The disbursement, estimated at \$60,000, is being given because of steady operations during the first quarter. It will go to employees who worked steadily during that period, and comes on top of a five per cent increase granted last December.

Workers in line for it are distributed as follows: Montreal, 2,500; Montmagny, 1,800; Magog, 1,800; Sherbrooke, 1,000 and Drummondville, 500.

KILLED IN EFFORT TO RESCUE COMPANION

Doncaster, Yorkshire, April 22.—A 47-year-old, fifty-four years old, was killed in Bradford colliery near here today while attempting to rescue a fellow miner buried in a roof fall.

THE WEATHER

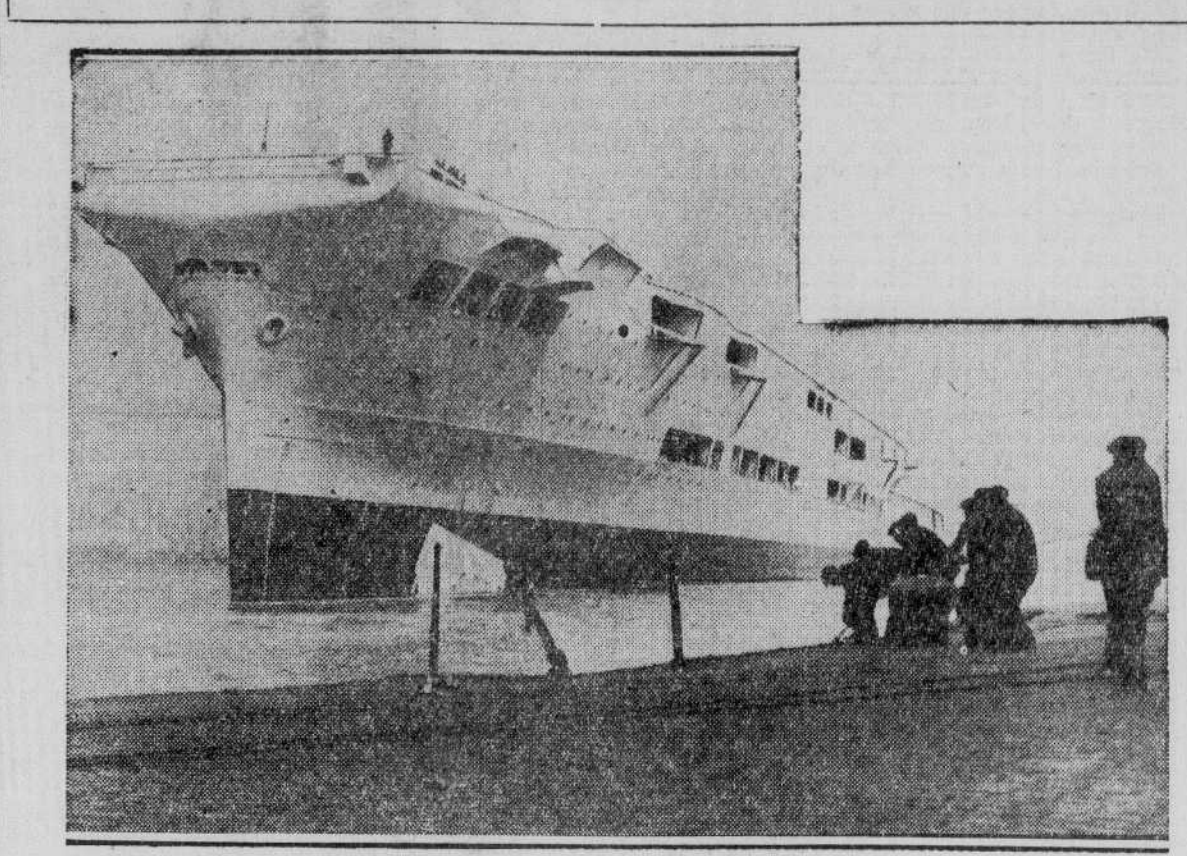

SCATTERED SHOWERS OR SNOWFLURRIES. A disturbance of decreasing intensity, centered this morning over Lake Huron, has caused gales with rain in Ontario and part snow in more northern districts also in southwest Quebec, though it has been fair and cool in nearly all other parts of eastern Canada. Light to moderate falls of rain and snow have occurred in the Western Provinces and it has become quite cool over Saskatchewan and Alberta. Pressure is high in northeast Quebec with low pressure over a large portion of the Western Provinces and states.

Forecast: Strong easterly winds with snow and rain. Friday: Cloudy with scattered showers or snowflurries.

Northern New England: Rain tonight. Friday: Generally fair with slightly warmer weather in the afternoon.

LATEST BRITISH AIRPLANE CARRIER

Joining hands to strengthen Britain's defences, the services of the Royal Navy and the Royal Air Force are linked in the new \$15,000,000 aircraft carrier, "Royal Ark," the launching of which is shown above, the new vessel being christened by Lady Hoare, wife of the First Lord of the Admiralty. The craft will act as the mother ship to many British fighting planes.

HOPES DIM FOR AGREEMENT IN SHIPPING WAR

Failure of President of Montreal Local Union to Appear at Conference Causes Extension of Strikes to More United States Ports.

New York, April 22.—Hopes for an early peace in the labor struggle between the International Longshoremen's Association and National Independent Union of Longshoremen grew dim this morning when the president of the latter union failed to show up in New York.

It had been reported J. B. Labelle, president of N.I.U.L., planned to confer here with Joseph P. Ryan, head of the International Association. However, Ryan said he had no direct word Labelle was coming to New York.

James E. Tighe, of Saint John, Canadian vice-president of the I.L.A., arrived this morning from Montreal. He said so far as he knew Labelle was not aboard the train.

Meantime, Ryan said, the boycott he declared against the Cunard-White Star and Furness Steamship lines, for permitting members of the Independent Union to unload their vessels in Montreal, would be rigidly enforced in all Atlantic and Gulf ports.

Word came from Portland, Me., this morning that the Furness freighter, Manchester Port, was tied up there by a walkout of I.L.A. members.

Four ocean liners, two of which cater to the "Blue Chip" passenger trade between New York and Bermuda, were threatened with idleness here.

Soon after Tighe reached the Manhattan offices of the I.L.A., Ryan said he wished to withdraw his statement of last night that the Canadian Government apparently was backing the N.I.U.L. in the dispute.

The International's president said New York officials of the Cunard and Furness lines informed him they had been advised the Dominion Department of Labor had approved the contract between the N.I.U.L. and the Shipping Federation of Canada. Under the contract, the Montreal Union supplies all the labor for unloading Federation ships at Montreal.

However, Ryan said Tighe had received a letter from W. M. Dickson, Deputy Minister of Labor for Canada, stating the contract had not come before Dominion officials.

Ryan further quoted Dickson as writing that neither the Department of Labor nor Department of Justice had taken any stand in the Montreal waterfront dispute and adding that the Labor Department was remaining "completely impartial" so its offices might be used in negotiating an agreement.

Ships immediately affected in New York by the International's "cease work" order were the Cunard's Scythia, listed to sail tomorrow for Liverpool with a large number of Coronation-bound passengers and the Queen of Bermuda, Furness owned, scheduled to head out for Bermuda this afternoon. Other Furness boats, the Nerissa and Monarch of Bermuda, were scheduled to sail for the West Indies and Bermuda, respectively, Saturday.

E. P. Rees, general manager of Furness-Withy, said none of the line's ships were being "worked" here.

Ryan said the boycott would be enforced in Canada as well as the United States—"in every port where the strike zone, called the situa-

ARREST THREE UNIONISTS IN MAINE STRIKE

Governor Announces Readiness to Call Out Entire Militia to Preserve Constitutional Authority as Shoe Workers Continue Strike.

Lewiston, Me., April 22.—Police Captain Joseph Picard today arrested George Fowler, New England Secretary for the Committee for Industrial Organization, and William J. Mackesy, C.I.O. director of a twenty-nine day shoe strike involving 6,400 workers and nineteen factories in the Lewiston-Auburn area.

In addition Ernest Henry, a union organizer, was also arrested. The three men were seized at their hotel.

A police warrant charged them with "riotous assault" and it was issued in connection with the stonings of State Police Lieutenant George Fowler, knocked unconscious yesterday by a stone as State and Auburn police turned back one thousand strikers at a bridgehead.

Today's action followed on the heels of an injunction outlawing the strike and granting a temporary injunction against the strikers, and C.I.O. reports that the court ruling was a "miscarriage of justice" that "meant nothing."

Three hundred National Guardsmen patrolled Auburn today, hastily summoned by Governor Lewis O. Barrows. Three melées and injuries to half a dozen persons and arrests of a like number called them to the scene.

City Manager Frederick W. Ford flatly asserted that recurrence of such violence would bring martial law and more troops "to uphold the police and the courts."

Gov. Barrows, in sending troops into the district declared, "I am prepared to order out the entire military forces of Maine to preserve constitutional authority."

The strike issue revolves around wages, and C.I.O. recognition.

DECLARES CONDITION NEAR ANARCHY

Lewiston, Me., April 22.—Lewiston streets resounded today to the tramp of National Guardsmen, called out to halt a two-day series of clashes between police and strikers and sympathizers in the month-old Lewiston-Auburn shoe strike.

Most of the three hundred rifle-bearing Guardsmen, mobilized last night on orders of Gov. Lewis O. Barrows, patrolled Auburn, site of a majority of the nineteen factories where 6,400 workers have been affected by the walk-out to gain recognition for the Committee for Industrial Organization.

A half dozen persons were injured and a similar number arrested in three clashes in Auburn since Supreme Court Justice Harry S. Stone on Tuesday ruled the strike illegal and enjoined further activity on its behalf by the United Shoe Workers of America, C.I.O. union.

Recurrence of such violence, said City Manager Frederick W. Ford, would bring martial law and more troops "to uphold the police and the courts."

From union headquarters, openly defiant of the court injunction, went protest telegrams to Secretary of Labor Frances Perkins, the LaFollette Senate Civil Liberties Committee, Governor Barrows, and the State's Adjutant General.

Barrows, in a statement accompanying his orders to send eight companies of the 103rd Infantry into the strike zone, called the situa-

\$25,000 BOND IS POSTED FOR CULT DISCIPLE

"I Don't Like Fat Blond Men," Asserted Seventeen-Year-Old Girl Who Charges Wealthy White Follower of Father Divine Violated Mann Act.

Los Angeles, April 22.—John W. Hunt, wealthy white follower of the negro, Father Divine, was at liberty today on \$25,000 bond, charged with violating the Mann Act, and his pretty seventeen year old girl accused was in seclusion after asserting "I don't like fat blond men."

"I don't love Hunt—not the way a girl loves a man," said Delight Jewett, seventeen, whom the United States Government charges was transported by Hunt to California for immoral purposes, the two registering at hotels as "Jesus the Christ" and "Virgin Mary."

Hunt, indicted yesterday, will be arraigned Monday.

Miss Jewett appeared for two hours before the Federal Grand Jury yesterday to testify that Hunt represented to her she was to bring "a new Messiah into the world."

The girl's father, Norman Lee Jewett, of Denver, also testified. He found his daughter in Father Divine's New York "heaven" after an extensive search.

"I hated to have to tell anybody that story," said the high school girl.

"I had heard so much preaching and all that, that I really believed Father Divine was God and that Hunt was everything he said he was."

FREIGHTER AGROUND IN LAKE HURON

Mackinac Island, Mich., April 22.—The Mackinac Island Coast Guard station said today the Cleveland freighter W. H. McGean was aground on a shoal near Bois Blanc Island, south of here in Lake Huron.

The Coast Guard said the freighter was in no immediate danger, although a thirty-five to forty-mile an hour wind was blowing. Rain and snow were falling intermittently.

The tug Favorite put out from Sault Ste. Marie to aid the McGean and the Coast Guard's motor life boat left Mackinac Island to assist the tug in getting a line aboard the freighter.

Little different from "anarchy," he added, "I am prepared to order out the entire military forces of Maine to preserve constitutional authority."

Hepburn Renews Efforts To Bring About Peace In Long Automobile Strike

Prime Minister to Meet with Representatives of Strikers and Motor Company in Effort to Iron Out Differences that Have Held Up Plants for Nineteen Days—Exact Status of Millard and Cohen, Spokesmen for the Strikers, Still in Doubt—United States Officials Leave the Country.

Toronto, April 22.—Representatives of 3,700 General Motors' strikers and company executives prepared today to meet with Premier Hepburn in a conference pointed at settlement of the strike that has tied up the automobile company's Oshawa plant for fifteen days.

Negotiations were scheduled to start at one o'clock this afternoon in the Prime Minister's Queen's Park office. Two other conferences have collapsed before they were properly started on the issue of recognition of the United Automobile Workers of America, an affiliate of the Committee for Industrial Organization.

Today, J. L. Cohen, Toronto lawyer, and C. H. Millard, president of the Oshawa Union local, were to represent "the employees of General Motors at Oshawa," according to a statement issued last night by Premier Hepburn. H. J. Carmichael, vice-president and general manager, and J. H. Highfield, Oshawa plant manager, were company spokesmen.

Mr. Hepburn's statement, issued after preliminary conferences yesterday which led to today's gathering, left it in doubt whether Mr. Cohen and Mr. Millard will be recognized as representatives of the U.A.W.A.

QUIT SLIPS' ABSENT FROM PAY ENVELOPES

Oshawa, April 22.—Pay cheques, earned the week preceding General Motors strike, were collected today by strikers who silently entered and left the pay office.

Some were fearful of collecting their pay because they feared that the company might place "quit slips" in the envelopes. The Company, however, announced no such step would be taken.

Hugh Thompson, organizer of the United Automobile Workers of America, left for Washington last night to confer with Homer Martin, president of the Union. Both of the men, whose presence in strike negotiations have been objected to by Premier Hepburn and company officials, will remain in the United States until strike negotiations, undertaken by the Premier, are completed.

Showdown In Relations Of Austria And Italy Expected At Conference

Chancellor Kurt Von Schuschnigg Seeks to Learn from Il Duce Exactly Where Austria Stands in Light of Rapidly Growing Italo-German Co-operation and Increased Italian Diplomatic Activity in Danubian Basin.

Venice, April 22.—Chancellor Kurt von Schuschnigg came to Venice today to learn from Premier Mussolini's own lips where Austria stands in the light of rapidly growing Italo-German co-operation and increased Italian diplomatic activity in the Danubian basin.

The meeting between the dynamic Italian and the mild professional-looking Austrian took place in historic surroundings once part of Austria and often a target for her bombers during the Great War.

Official sources termed the conference a normal exchange of views on the Rome protocols but Fascist statesmen counted on it to dispel rumors of a cooling of Mussolini's zeal for the role of Austria's guardian angel.

Diplomatic circles, on the other hand, have felt for some time Mussolini was willing to abandon Austria to German demands for an-

schluss (union) to further his close accord with Chancellor Hitler.

Many believed the conference to be only a prelude to a far more important meeting between Mussolini and Hitler which has been reported set for May 4 at Berchtesgaden, Hitler's Bavarian retreat.

In addition to von Schuschnigg's call for a showdown answer on Austria's position on the "Rome-Berlin axis," the Chancellor was expected to inquire the definite reasons for Mussolini's coolness toward a Hapsburg restoration and the effect on Austria of the new Yugoslav-Italian treaty.

BRITISH TRADE CIRCLES FIGHT TAX PROPOSALS

Financial Interests Declare that the Proposed Tax on Profits Increase Will Be a Damper on Enterprise—Plan Well Received Elsewhere.

London, April 22.—The new tax on business profits will be amended in detail but accepted in principle by the Government's overwhelming parliamentary majority.

That today seemed to be the probable outcome of Neville Chamberlain's budget surprise. Conservatives scout the idea of a serious split in their ranks at the supreme test of a division in the lobby.

But in the "City" opposition is almost universal. "In the City," says the Financial News today, "from the Stock Exchange to Mining Lane the new profits levy has aroused resentment and consternation."

The Financial News further describes how among members of the Stock Exchange the scheme has aroused intense indignation on three main grounds: (1) That it is not just in incidence; (2) That it is complicated to an extreme degree; (3) That it is a damper on enterprise.

The man in the street takes the new tax calmly. With the income tax back at the "crisis level," he reasons that firms making big profits from armaments and as a result of obligations to contribute to the state.

FRENCH FEMINISTS BREAK TRUCE

Paris, April 22.—French feminists broke a ten-month truce with the Blum Government and plastered the walls of Paris with posters today in renewing a campaign to gain civil rights and votes for women.

A mass meeting was called for April 26th, eve of the re-convening of Parliament, to demand action on the Civil Rights Bill which the Senate adopted on March 19th and returned to the Chamber of Deputies with an amendment.

The bill would abolish the restrictions on women set up 134 years ago by the code Napoleon.

WALK-OUT IS ENDED FOR 2,000 WORKERS

Montreal's Paralyzing Dress-makers' Strike Partially Ended Today—Needle-workers Return to Their Jobs.

Montreal, April 22.—Montreal's paralyzing dress-makers' strike was to end partially today with two thousand needleworkers ready to go back to work for manufacturers banded together as the dress manufacturers' organization.

The industry's machinery in almost half the one hundred strike-bound shops was to be turned on at one o'clock, strike leaders said, bringing resumption of production for the summer trade.

The strike-born offshoot of the Montreal Dress Manufacturers' Guild, claimed by officers of the International Ladies' Garment Workers' Union to represent forty shops, signed an agreement with the I.L.G.W.U. last night, ending the walk-out for their employees after a week's idleness.

Highway Maintenance Appropriation Given Rough Reception In Assembly

Continued from Page 1. Unfailing interest in labor matters and assured labor men he was always ready to help them, especially since he was unemployed himself.

In Committee of Supply studying budget estimates for the Roads Department, the House discussed an item of \$4,750,000 for highway maintenance and repair, but at adjournment hour had not adopted the item. The House will study the matter again today.

The Legislative Council, the upper chamber of the Legislature, attended to routine business before adjourning until today. Third reading was given to two minor bills and a number of others were read a second time and sent to committee.

MUNICIPAL ELECTRIC SYSTEMS MAY BE ESTABLISHED

Quebec, April 22.—Permission for Quebec municipalities to establish municipal electrical systems or to expropriate existing private companies is provided in a bill before the Legislature. The measure, which will receive second reading shortly, provides municipalization may be carried out on referendum to property owners. Identical powers are granted to county councils.

The bill would give permission to any municipality or county council "to establish and maintain under its control, for its use and that of consumers of the municipality, a service of generation and distribution of electricity, or a distribution system only, for the purpose of lighting, heating and motive power within the limits of the territory over which it has jurisdiction."

Authority is given for acquisition by expropriation or private system, or to make arrangements for purchase of electric power from outside. The bill also permits a municipality with its own power system to sell surplus electricity to outside municipalities or companies.

COLONIZATION BONUSES PLANNED

Quebec April 22.—Announcements of a far-reaching nature as regards governmental policies will be made in the Assembly when the colonization estimates are brought forward by Hon. H. L. Auger. The Minister intends to specially encourage family placement, and to that end there will be a present of \$50 for each family. In addition, thought is to be given to large families through a new system. The present colonization bonuses will be increased in proportion to births in the family of the colonist, until a certain maximum is reached, which maximum will be determined by the Minister. The Government in taking this step has a twofold purpose: First, one of a social nature; and, second, to provide ultimately for extension of the colonization areas through having on the spot, as it were, the hufian capital required.

It is intended to do something also to make colonization life more attractive, and to that end Hon. Mr. Auger is expected to announce that there will be competitions each year among the small hamlets and villages in the colonization areas. The colonists will be encouraged to have trees surrounding the homes they build, flowers, and vegetable gardens, and generally a more homelike appearance.

FORMER QUEEN PLEADS GUILTY TO WITCHCRAFT

Divorced Queen of Bechuanaland Chief Admits Trying to Harm Queen Mother with Mystic Potions and Incantations.

Serowe, Bechuanaland, Africa, April 22.—On trial under a cluster of thorn trees, the divorced queen of the powerful regent chief of the Bamangwato tribe pleaded guilty today to charges of trying to harm the Queen Mother by mystic potions and incantations.

The former Queen Bagakametsi, twenty-seven years old, who was divorced by Chief Tsecheki Khama March 7, entered her plea before a District Commissioner. Three witch doctors, held with her, entered similar pleas.

They were charged with trying to harm the Queen Mother Semane on the grounds she alienated her son's affection for Bagakametsi. Semane is the widow of the Khama chief who submitted Bechuanaland to Queen Victoria.

Bechuanaland, pinched between South Africa and the Rhodesias, is a British protectorate. It is administered by the British High Commissioner to South Africa, Sir William Clark, formerly at Ottawa, who is represented in the territory by a resident commissioner.

DISAPPEARANCE OF STEIGER A PUZZLE

Moscow Today Discussed Apparent Disappearance of Their Useful Russian "Friend."

Moscow, April 22.—Diplomatic missions in Moscow today discussed the apparent disappearance of their useful Russian "friend," Boris Steiger.

Steiger for years dined daily with some diplomat and never missed a diplomatic function—no matter how small—but for the last three days he has failed to keep his engagements. Many diplomats said they believed he may have been arrested. At present he was secretary of the committee of the Commissariat for Education—a job with no diplomatic connection. He was believed generally, however, to have direct connections with the Kremlin in maintaining "unofficial" contact with foreign missions.

PINK PANTIE TREATMENT FOR PRISONERS

Oklahoma City, April 22.—Warden Fred Hunt's pink pantie treatment for recaptured prisoners at Granite Reformatory gained support today of the chairman of the Oklahoma Affairs Board.

"I think it is a noble experiment," said Lea Nichols, head of the Board, which administers the penal institutions. "I will give him a free hand and a free bloomer."

Four prisoners who escaped were punished by seating them in the rotunda of the reformatory for twenty-two hours a day—two attired only in pink panties and two in Mather Hubbards.

Those winning prizes at cards were Mrs. F. Vail, Mrs. C. N. Hawke, Mrs. George Barker, Miss Ruth March, Mr. C. E. Lavery, Mr. Percy White, Mr. Will Smith and Mr. F. J. Barrette. Those winning at monopoly were Mrs. Ken Johnson and Mrs. L. Sanford. A box of chocolates was drawn for and won by Mr. J. Stevenson.

Hopes Dim For Agreement In Shipping War

MONTREAL CONSIDERS COMPROMISE POSSIBLE

Montreal, April 22.—A liaison between embattled longshoremen factions loomed today as a possible means of ending the I.L.A. international boycott called by the International Longshoremen's Association against two large shipping firms.

"Possibility was that the I.L.A. and the National Independent Union of Longshoremen, whose fight for control of Montreal's waterfront labor brought on the boycott yesterday, might get together over their differences.

J. M. Labelle, president of the all-Montreal N.I.U.L., was reported to have left this morning for New York to talk amalgamation with the I.L.A. His organization holds the contract for unloading ships of the Shipping Federation of Canada at Montreal, and the I.L.A. has been trying to wrest it away.

Labelle said last night his Union was willing to be absorbed by the I.L.A., but it was not willing to join with the I.L.A.'s Montreal members until "maybe a year or two." Nevertheless, his attitude was regarded as having opened the door to negotiation.

Defying the I.L.A., Labelle sent his men yesterday aboard three ships of the Cunard-White Star and Furness-Withy lines, while four hundred I.L.A. men stood on the dock jobs. Promptly, Joseph P. Ryan of New York, international president of the I.L.A., declared the boycott on against the two lines.

Today, indications were the next development would come in New York, as stevedores went quietly about loading and unloading here. E. J. Tighe, of Saint John, N.B., Canadian vice-president of the I.L.A., also was in New York, and the Montreal waterfront appeared barren of top labor officials.

DECAYING FOOD HALTS CONTROL INSPECTION

Bordeaux, France, April 22.—Unpleasant odors from a decaying cargo of food deflected control inspection today in their attempt to examine the holds of the British freighter Saratoga.

The officials, who began an inspection to assure themselves the vessel carried no arms before granting a permit for a voyage to Spain, got up and went back to their station at Le Verdon.

Dock workers, sympathetic with the Spanish Government which has denounced the international non-intervention control plan, were blamed for allowing the food to rot.

Fierce Fighting as Loyalist Troops Seize Rebel Position

Continued from Page 1. during twentieth century warfare. At least twenty-five shells in the early morning onslaught were blasted into the populous districts along the Gran Via and connecting streets.

They wrought their havoc as the bodies of more than thirty persons killed in yesterday's attack were being carted to cemeteries. The spring sky, pitiless in its brightness, afforded the insurgent gunners splendid visibility.

Men, rushing to shelter from the streets, said they saw men and women hurriedly carried to emergency hospitals by stretcher squads or hastily commandeered automobiles.

The newspaper A.B.C. admitted the fatalism of Madrileños, besieged for five and a half months, was cracked.

"The people of Madrid are losing their stoicism in the face of this repeated cruelty and senseless brutality," said the paper. "They will not be criticized if, some day, they resort to violence by way of reprisals. Nor can democracy be asked when the time comes—and it is not far off—to do justice to these traitors and assassins of the people, those who help in this brainless villainy."

General Jose Maja, the capital's defence chief, flung defiance at Franco's artillerymen, declaring "the men who are doing this are heartless hyenas," in heated response to the execution of at least two hundred lives, injury to about twice that number and widespread property damage.

The generalissimo declared that, if the insurgent aim was to break his stronghold on University City, "they are playing a losing game."

Three thousand of Franco's crack troops have been under siege in University City, the northwestern suburb, walled up from reinforcement, ammunition, food and water for more than a week by a circular screen of machine gun and artillery fire.

Madrid civilian populace of about 1,000,000 relayed tales of sudden death and fatalistically surveyed the damage wrought yesterday by six-inch shells and by the smaller projectiles of anti-aircraft guns.

Thirty-two persons were known to have been killed in the morning bombardment alone—caught in their homes or as they made their habitual rounds in a city now besieged for nearly a half year.

One down-town building two teeny girls lay dead, awaiting identification—their death a sample of the doom that crashed on the city yesterday. They were crossing the Gran Via when a shell exploded near them.

Reports from the Teruel front, about 140 miles east of Madrid, told of a one-mile advance by a Government column from captured Celadus toward the Teruel-Zaragoza highway, a little more than seven miles to the southwest.

Another Government column was moving on the road from the other side. Both were seeking to cut off Franco's Teruel force from its source of supplies and reinforcements in the upper Aragon territory.

General Emilio Mola's insurgent army, under Gen. Bilbao, the Basque capital in Northern Spain, was reported to have renewed attacks, but the dispatches said they were being opposed notably in the El Orrio and El Gueta regions.

A SATISFYING, HEALTHFUL DRINK

The reputation of the healthy manhood in which Quebec takes pride is paralleled by the confidence they have in that most healthful of all beverages—Boswell Cream Porter—which has been brewed in old Quebec for many long years.

Country and Dairy Products Prices

Montreal, April 22.—Butter prices were weak on the local market yesterday, extending the recent reaction from peak levels of the year. Eggs were firmer, with prices to the retail trade, on small lots, being advanced 1c per dozen. Potatoes were again a little easier. Cheese and poultry were unchanged.

There were no sales at the Canadian Commodity Exchange. Butter was offered there at the close at 24 1/4c for Quebec fresh 92 score and 23 1/2c for Quebec fresh buyer's inspection. On the open market No. 1 grass regraded or fresh pasteurized in cartons or l.c.l. lots was around 24c. Small lots to the retail trade were quoted by jobbers at 25c for solids and 26c for prints.

On the egg market graded shipments, arriving in cartons or l.c.l. lots were 22-22 1/2c for A-large, 20-21c for A-medium, 18-19c for A-pullets or B, and 17-18c for C. Offerings were posted at the Canadian Commodity Exchange at 22c for A-large, 20c for A-medium, and 19c for A-pullets. Small lots to the retail trade were quoted by jobbers as follows:

Table of egg prices: A-1 large, A-1 medium, A-1 pullets, A-large, A-medium, A-pullets or B, C.

The potato market was quoted as follows: N.B., Mountains, 80 lbs., \$1.03 to \$1.15; Quebec whites, 80 lbs., No. 2, 85; Quebec Mountains, 80 lbs., No. 1, \$1.05 to \$1.10; No. 2, 95c to \$1; P.E.I. Mountains, 90 lbs., \$1.40; cobbler, \$1.35; Florida new potatoes, 50 lb. crates, No. 1, \$2.75; No. 2, \$2.50.

The cheese market was 13 1/2c to 13 3/4c for No. 1 Ontario colored in a wholesale jobbing way.

The poultry market was quoted by wholesale houses on small lots to the retail trade as follows for A-grade, with B-grade 2 cents per lb. less.

Hepburn Renews Efforts To Bring About Peace In Long Automobile Strike

Continued from Page 1. officials in Premier Hepburn's Toronto office.

The sudden swing toward a new conference came yesterday when Union heads agreed to General Motors ultimatum that settlement terms must be talked over with the Premier, or the men return to work before an agreement was reached, continuing negotiations after they were back.

Hope of an early settlement seemed much brighter when Union heads agreed to the former course. Hugh Thompson, the C.I.O. organizer whose presence at past parleys was protested by Premier Hepburn, left last night for Washington, C. H. Milne, president of the Oshawa Union, announced he himself would represent the men. He would, he said, attend the conference "in the capacity agreed upon by Premier Hepburn."

What that capacity was, Milne declined to say, but in the past the Premier had insisted on meeting him not as an official of the International Union, but as representative of General Motors employees.

Before leaving Oshawa Thompson said he would return with Homer Martin, president of the United Automobile Workers of America, the International Union.

SCOTSTOWN HAD MANY SOLOISTS ON PROGRAMME

Ladies' Circle of St. Paul's Presbyterian Church Held Social Evening and Entertainment—Varied Musical Programme.

Scotstown, April 22.—Under the auspices of the Ladies' Circle of St. Paul's Presbyterian Church, a social evening was held in the Manse.

Rev. Duncan McCall, who acted as chairman, opened the meeting with a few remarks, followed by community singing. A reading was given by Miss Pauline Goodwin and "I'll Take You Home Again, Kathleen" was sung as a quartette number.

"Road to the Isles" was sung as a solo by Mrs. K. R. MacLeod and a monologue entitled "A Yankee Love" was given by William Young, followed with a duet by the Misses Miriam MacLeod and Edna Pinkham.

Mr. K. R. MacLeod was heard in two selections, "Bonnie Jean" and "Danny Boy," followed by a solo "You Can Smile" by Mr. John Cox. Mrs. Helgesen gave a vocal solo and a girls' chorus gave a number entitled "Little Old Lady."

Gaelic songs were sung by Mrs. Norman Matheson and Messrs. Alex M. MacDonald, A. D. Morrison, Angus MacIver and Murdo Murray.

Following the programme refresh-

ments were served and a social hour spent. Proceeds from the entertainment amounted to \$14.45.

CHURCH SERVICES
At St. Andrew's United Church on Sunday the subject for the morning service was, "The Cross and Its Relation to Salvation." The text was "Christ hath redeemed us from the curse of the law, being a curse for us, for it is written, cursed is everyone that hangeth in a tree."

At the evening service the text was 1st Corinthians, verses 8 to 13, the theme being "Religion for Self or Religion for the Whole Group." Rev. H. E. Parsons pointed out that strength and freedom in Christianity is not to be exercised to the detriment of the weaker brother, for whom Christ died. A solo, "Nearer Home," was sung by Mr. Everett Goodwin.

General Notes.
In honor of Mrs. Malcolm MacAulay, who is shortly leaving town, a pleasant gathering was held at the home of Mrs. J. B. Scott. On behalf of the Women's Association of St. Andrew's United Church and other friends, Mrs. Robert Scott presented Mrs. MacAulay with a silver hot water jug. Mrs. MacAulay thanked the donors in a few well chosen words. At the tea hour the hostess was assisted in serving by Mrs. S. J. Scott.

Miss Theresa MacCaskill, accompanied by her sisters, Misses Marian MacCaskill, of Canterbury, and Helen MacCaskill, of Keith, spent a week-end in Montreal.

The Ditton Street Christmas Club met at the home of Mrs. Malcolm Nicholson. One of the members, who had been away, presented each member of the club with a small gift. At the tea hour the hostess served refreshments.

The Women's Christian Temperance Union held a food sale with Mrs. A. G. Sherman and Miss P. Parsons in charge. Proceeds were satisfactory.

A meeting of the congregation of St. Paul's Presbyterian Church was held and the resignation of Rev. Duncan McCall accepted with deep regret. Owing to ill health, Mr. McCall is unable to remain with St. Paul's until fall, as had been previously arranged. A discussion then followed concerning arrangements to fill the vacancy as soon as possible. Another meeting of the congregation will be held in the near future to make further plans.

Miss Margaret MacLeod, of Lake Megantic, has returned to her duties in the local branch of the Canadian Bank of Commerce, after an absence of several weeks due to illness.

WOMEN'S GROUPS HELD SESSIONS AT ASBESTOS

Women's Association Discussed Plans for Future—Women's Institute and Maple Leaf Club Held Meetings.

Asbestos, April 22.—The regular meeting of the Women's Association of the Asbestos United Church was held at the home of Mrs. R. S. Gardner with Mrs. Bugden and Mrs. W. Johnson assisting hostesses.

Rev. E. B. Bugden opened the meeting with a short Scripture reading and prayer. The president, Mrs. B. E. Beamer, was in the chair and conducted the business meeting. Minutes and the treasurer's report were accepted as read and various routine matters dealt with. Plans were made to hold a rummage sale next month with Mrs. Morrison in charge and also to hold a bake sale in the near future, in charge of Mrs. W. R. Johnson.

At the close of the meeting refreshments were served by the hostesses.

W.I. HELD MEETING
The Women's Institute held its regular monthly meeting in the Iroquois Hotel. The meeting was opened in the usual form by the roll call, responded to by each member stating their favorite flower and telling about its growth and care. The programme was then turned over to Mrs. W. F. Simpson, who gave an excellent talk on agriculture, showing many beautiful and instructive slides, illustrating the bareness of flowerless places and showing the improvement after flowers and shrubs had been planted and were growing. These slides were obtained from the Agricultural Department at Ottawa. At the conclusion of the meeting refreshments were served by Mrs. MacGonigal and Mrs. Teator.

MAPLE LEAF CLUB MET
The Maple Leaf Review Club held its regular meeting at the home of Mrs. A. D. Teator. Mrs. Jack Wilson was in charge of the programme for the afternoon which consisted of the reading of articles in a popular magazine during the year. It was immensely enjoyed by all those present. At the conclusion of the programme, lunch was served by the hostess. Guests of the club for the afternoon were, Mrs. William Soutar, Mrs. W. Johnston, Mrs. R. S. Gardner, and Mrs. Lorne Mitchell.

General Notes
Mrs. H. K. Sherry, assisted by Mrs. Charles Greenley, the Misses Chris and Anna Morrison, entertained at the home of the former in honor of Miss Margaret Bryne, a popular bride-to-be. Upon the arrival of the guest-of-honor, she was escorted to a beautifully decorated chair, while Miss Flora Stewart played the wedding march, and was presented with a basket of lovely gifts. She thanked her friends in a very appropriate manner. At the tea hour refreshments were served and at the conclusion of lunch bridge was enjoyed, Miss Rosealain Meredith winning first prize and Miss Smith the consolation prize.

The Iroquois Club was entertained at the home of Mrs. N. P. deValois when a most enjoyable and profitable afternoon was spent. At the tea hour, Mrs. Meredith, assisted the hostess in serving refreshments. Mrs. Arthur Lockwood was a guest of the club for the afternoon.

Friends of Mrs. H. C. Marek will regret that her mother, Mrs. O. P. Shaw, of Danville, is ill at her home there. Mr. and Mrs. Marek have taken up their residence with Mrs. Marek's parents for a short time. All wish Mrs. Shaw a speedy recovery.

"SPRING FEVER"

The need of a spring medicine seems to be universal. This is due to the fact that during the winter months the blood becomes clogged up with impurities owing to the amount of heavy food eaten to supply bodily warmth, and to the lack of sufficient exercise.

Is it any wonder then, when the warm days of spring approach, that the sluggish blood protests and causes that tired, listless, all-gone, don't-care-to-work feeling which is so prevalent at this time of year?

Labor Party On Defence.

The Laborite members of the British House of Commons are taking a somewhat contradictory stand on current affairs in Europe, with the same breath flaying the Government for its extensive rearmament programme and demanding that the British fleet be used to blast a way into Bilbao at the possible cost of a widespread European conflict.

Labor objections to the vast rearmament programme are based on the argument that Britain should keep its nose out of European affairs and preserve an attitude of strict neutrality in any future struggle. But as soon as a critical situation develops on the continent the same Labor spokesmen are loud in their criticism of the Government for its failure to rush in and aggravate an already dangerous situation.

The stand of the Opposition appears to lack sincerity, being based on the need for making political capital out of any scattered incidents rather than any real objection to rearmament or love for the populace of Bilbao.

Mayor Rioux's Call.

With Sherbrooke's centenary celebrations rapidly approaching, Mayor Emile Rioux has issued a call to all citizens to co-operate in observing this event in a worthy manner. To these ceremonies, which will last from July 31st to September 4th, thousands of visitors will come from all parts of Canada and the United States, says the Mayor, and it is important that they take back with them the memories of having visited a city, known not only for its hospitality and its marvellous geographical location, but also for the cleanliness of its streets and the charm of its dwellings.

Thus His Worship urges that each citizen renovate his premises as much as possible so as to favorably impress the influx of visitors. But he goes even further than this and requests each and every citizen to invite his friends and relatives from outside points to visit Sherbrooke during the festivities.

In an event such as this the co-operation of the entire community is necessary if the programme, described as the most ambitious ever attempted in the Province of Quebec, is to be a complete success.

The Great Double Cross.

It is doubtful that if ever in the history of the trade union movement a group of workers have been double-crossed and "sold out" in as shameful a manner as the Oshawa employees of the General Motors of Canada. The manner in which Homer Martin, Hugh Thompson, C. H. Millard and other hirelings of John L. Lewis and his American Committee for Industrial Organization have betrayed the interests of the workers, which they are being paid substantial salaries to "protect," has led the Oshawa mayor, Alex Hall, who early in the strike was a union supporter, to declare that the workers are being "duped, fooled and hoodwinked."

Not only have these trouble-makers double-crossed the Canadian workers, but they have insulted and betrayed everyone with whom they have come in contact. Each day it becomes more and more apparent that their interest in the motor manufacturers of the Dominion is nil beyond the desire to divert Canada's valuable export trade in automobiles to the United States plants.

When the strike was first called, the imported agitators gave a definite pledge that should General Motors seek to fill from its United States plants orders normally handled by the Canadian branch, the American workers would stage a sympathetic walk-out. But another broken pledge was added to the long list of betrayals when definite action was demanded by Mayor Hall. This led the fiery Oshawa chief magistrate to advise the Oshawa workers to abandon their fight for an empty ideal that did not stand up under practice.

While the men refused to heed his plea, his words apparently made an impression, for yesterday a delegation said to represent 1,500 of the General Motors workers waited on the Ontario Prime Minister to request a settlement on the terms submitted by the Company, indicating that the vast majority of the employees prefer work to the rather doubtful honor of union recognition for the purpose of supporting a gang of foreign labor racketeers in luxury.

Premier Hepburn himself was double-crossed. In an effort to arrange a settlement at any cost, the Premier agreed to "become the goat" and call a conference to "save the face" of C. H. Millard, presi-

dent of the Oshawa union. While the Company sent the officials that it had agreed to, the "union" made a last minute shift, again substituting the imported agitators for the local delegates, on instructions by long-distance phone from the United States headquarters.

The sooner the Oshawa workers realize the true designs of their supposed champions, the sooner will they and their employers be able to reach an agreement which will enable this country to regain its position in the export market so seriously threatened by the underhand actions of foreign agitators.

Those Tourist Exemptions.

Condemned by border merchants when first announced, the clause in the Canada-United States trade treaty allowing the returning Canadian tourist to import free of duty for his own use \$100 worth of foreign merchandise does not seem to have had a bankrupting effect on Canadian business generally. According to official figures issued at Ottawa, returning tourists brought into Canada goods valued at \$4,500,000 in the first eleven months of the fiscal year.

While no figures are available, there is no gainsaying the fact that United States tourists visiting the Dominion spend much more than this amount purchasing Canadian goods to take back with them. Thus the measure is essentially a reciprocal one and one that is not too costly for the Dominion.

While \$4,500,000 seems a large figure when said quickly, it forms only a very minor part of international commerce, and it is doubtful if the imports actually increased by anywhere near this amount. Previous to the passage of this provision, large quantities of goods were coming into the Dominion free of duty that are now included in the above total, while many returning tourists smuggled in small purchases from the United States.

Thirty Years Ago Today

From the Files of the Sherbrooke Record.

April 22nd, 1907.

The Post Office Department announced that preliminary steps had been taken to establish a street delivery system in Sherbrooke.

The prize-winners at a card party given by Mr. and Mrs. N. W. Strong at Clareville were Mrs. B. Bullock, Mrs. M. Keef, Mr. W. Chilton, Mr. George Macfie, Miss A. Dunberry and Mr. B. Hawley.

The following births were reported in the Record: At Newport, a son to Mr. and Mrs. W. E. Davis; at Sherbrooke, a daughter to Mr. and Mrs. C. P. Landi.

Work was started on the erection of a new academy at Waterloo at an estimated cost of \$12,000.

Mrs. Charles Bancroft and daughters, of Knowlton, left on a trip to England and the continent.

Glen Murray friends gave a surprise party for Mr. and Mrs. Alex Guy, who had recently moved into their new home, and presented them with a sideboard.

Mr. Osborne Wark, of Lancaster, N.H., was visiting friends in Glen Murray.

What Editors Say

THE WAR ON WAR TROPHIES.

St. Thomas Times-Journal.

With the King leading the way, a movement has been launched in England to convert the trophies of war into scrap iron to help finance the rearmament programme. This is a commendable campaign, and many would like to see it extended to other countries. The trophies of war, besides often being eyesores, serve no useful purpose. They do not commemorate brave deeds, but typify, rather, the spoils of victory.

In the reconstruction which must follow every war, and in the efforts which are invariably made to draw the divided and embittered nations together, the spoils of war should not be emphasized as they have a tendency to perpetuate the spirit of division and enmity. And when citizens of a defeated country visit the land of its conquerors it is neither politic nor hospitable to remind them by means of trophies scattered throughout the countryside that they lost the war.

No better use can be made of Britain's war trophies than to utilize them in a rearmament plan to make the country safe from the invader and to give it an indomitable position in the councils of peace because of its preparedness.

PROVOKING MISCHIEF.

Edinburgh Scotsman.

Mr. Lloyd George cannot remain out of the lime-light; he must make himself conspicuous no matter what may be the consequences. His declaration in the debate in Parliament that Mussolini "was not a bluffer and wanted to make himself the predominant power in the Mediterranean" is wholly mischievous. He imputed to Mussolini an intention to dominate Spain, block the Straits, and menace our position in Egypt and the Sudan. Viscount Cranborne raised a temperately-expressed protest against such imputations. One nation cannot proclaim to another that certain contingencies cannot be allowed to happen. Had this country plunged into war Mr. Lloyd George would doubtless have been foremost to denounce the Government's policy. The country has no liking for provocative poses and has lost faith in Mr. Lloyd George's oracular attitudes.

TREATMENT TO REDUCE DEATHS BY DROWNING

Physician Declares that Large Proportion of Deaths by Drowning Are Caused by Hypersensitivity of Victim to Cold.

St. Louis, April 22.—A medical treatment capable of preventing hundreds of deaths from drownings during the coming summer has been suggested by Dr. Bayard T. Horton of Rochester, Minn.

Addressing the American College of Physicians, Dr. Horton declared that many drownings result from a hypersensitivity to cold water, similar to the allergic reaction of asthma or hay fever, which causes a total collapse of many individuals.

Recent studies have revealed twenty-five persons who suffered total collapse after swimming, ten of whom had to be rescued to prevent them from drowning, Dr. Horton said. "Hypersensitivity to cold constitutes a grave menace to the unwary swimmer who has this malady, and yet the danger can be eliminated by adequate treatment by a responsible physician."

Testing to determine whether a person has the disease is a simple matter of immersing one hand in ice water for five minutes, Dr. Horton declared, and "if the hand swells after it has been removed from the water, the indication is that the patient is hypersensitive to cold."

Most persons can be "desensitized" to cold, just as many asthma and hay fever patients can be accustomed to pollen, by having them immerse one hand in ice water for a minute or two twice a day for three or four weeks, Dr. Horton declared.

Dr. George W. Crile, of Cleveland, O., described to the physicians a surgical operation for the relief of high blood pressure which he declared was similar to controlling a high speed automobile or aeroplane engine.

The operation consists of removing a large portion of the nerves which comprise the celiac ganglion located just below the breast bone which link up the adrenal glands and the heart. This removal, Dr. Crile said, results in a lessening of the physical drive which is a part of high blood pressure.

ARMS RACE LEADING TO ECONOMIC CHAOS

New York, April 22.—An "eclipse of reason in international affairs" as denoted by the world armaments race is cited by Harold D. Butler, director of the International Labor Office at Geneva, as a possible forerunner of economic chaos.

"As long as the fear of war is as widely prevalent as in the latter months of 1936," wrote Butler in his annual report on the world economic situation just published, "it is vain to expect that the world can attain its full economic momentum."

"The general realization of the economic dangers of extravagant armament programmes, coupled with the political inability to arrest them, is a true measure of the eclipse of reason in international affairs."

Letters To The Editor

BROOK TROUT PROBLEM

To the Editor, Sherbrooke Record.

Dear Sir:— Since I have had more than thirty-five years of experience in rearing and planting brook trout in the Eastern Townships, may I be allowed to give a few suggestions to solve the problem of our stream fishing.

I readily agree to the plans set forth by Col. J. Bruce Payne, of Granby, but would suggest that non-taxpayers be charged a nominal fee of \$1 for rod and gun permits as a source of revenue, such revenue to be used for restocking of the streams and protection.

Through my experience in fish culture, I find that the Eastern Townships are greatly in need of a size limit on our brook trout, and same should not be less than seven or eight inches, and I would suggest that the limit be eight inches for the following reasons:

1.—The rivers and streams of the Eastern Townships are infested with minnows that prey upon our brook trout from their fry to fingerling stages, whereas brook trout less than seven inches in length are not large enough to feed on the minnows, to decrease their number, and they have become a dreadful pest within the past few years.

2.—An eight-inch trout is large enough to feed on minnows, which would decrease their number to normal existence.

3.—An eight-inch limit would permit all of our brook trout to spawn once in the streams, which would greatly decrease the constant demand for restocking in the future years of the best suited streams.

4.—Four eight-inch trout will usually weigh one pound and the average stream fisherman will take from 150 to 200 brook trout to fill a ten-pound basket with the ordinary size trout that are taken from the streams under the conditions and regulations that exist today. The same basket would be filled with from thirty to forty trout if governed by an eight-inch limit.

Why not give us the eight-inch limit and permit Mother Nature to help us with the great problem of restocking and give us stream fishing that we would be proud of?

Yours truly, W. G. BELKNAP, Officer-in-Charge, Provincial Government Fish Hatchery, Baldwin's Mills, Que.

LOCAL PEOPLE INTERESTED IN APPEAL RULING

Sun Trust Company, Montreal, Lost Its Appeal to Supreme Court of Canada Against Judgment in Favor of Hundred Shareholders of Credit Canadian Incorporate, in Liquidation.

Several local citizens were keenly interested in the decision handed down yesterday afternoon by the Supreme Court of Canada, dismissing the appeal of the Sun Trust Company, Montreal, against a judgment in favor of one hundred shareholders of the Credit Canadian Incorporate, in liquidation.

The case was first taken to court by the local shareholders of the company, with Lionel Forest, K.C., acting for the plaintiffs. The action arose from the winding up of the bankrupt company. The plaintiffs asserted the Credit Canadian Incorporate, which bought and sold bonds and financed automobile purchases, had been "notoriously insolvent" since 1927.

The Trust Company claimed the directors, after trying by legal methods to reduce the shareholders' liability, made a call of ten per cent. on the shareholders with the deliberate intention of proceeding to forfeiture rather than to collection of amounts to become due.

The plaintiffs further alleged the call was followed by a disguised invitation to shareholders in March, 1928, not to answer the call. The result of the call was to release one hundred shareholders from a liability of \$280,000 by forfeiting their shares.

The trial court and Court of King's Bench in Montreal both held against the Sun Trust Company and the Supreme Court upheld the ruling.

WINNIPEG WANTS LOAN FOR HOUSING SCHEME

Winnipeg, April 22.—The Manitoba Government is urged in a resolution passed by Winnipeg City Council to request from the Dominion a loan of \$400,000 for the city and a further \$100,000 contribution for a housing scheme to relieve slum conditions and as an unemployment relief project.

Under the scheme the city would build on its own lots or loan to home builders up to ninety per cent. of the cost of dwellings to be built on lots supplied by the city at cost.

BOY SCOUTS ARE AWARDED GRANT BY QUEBEC GOV'T.

Announcement Made at Annual Meeting that Provincial Government Will Contribute \$3,000 Towards Furtherance of Scouting in Province.

Montreal, April 22.—The Provincial Government has provided a grant of \$3,000 for the purpose of extending the Boy Scout movement throughout the province.

This was one of the encouraging announcements made yesterday afternoon at the twenty-sixth annual meeting of the Quebec Provincial Council, by E. C. Stevenson, C.A., honorary treasurer. The meeting was held at the Bishop street headquarters, with Dr. Frank D. Adams, vice-president, presiding.

At the election of officers for 1937, William Copeland Finley was elected president. Other officers chosen were: Patron, Hon. E. L. Patenaude, Lieutenant-Governor of Quebec; vice-presidents, Dr. Frank D. Adams, of Montreal, and Col. William Wood, of Quebec; honorary treasurer, R. C. Stevenson, C.A.

T. H. Wardlaw was elected commissioner for the province with H. M. Jockel and Leslie R. Thompson, as assistants. District commissioners are: J. E. Macpherson, Montreal; W. H. Miner, Granby; Frank W. Ross, Quebec; Lieut. Col. J. G. Vining, Three Rivers; and Roy Wilson, St. Johns. Other members of the executive council are: Col. William I. Gear, Montreal; R. E. Elliot, St. Johns; Thomas H. Cartwright, Quebec; George H. Cartwright, Three Rivers; Lieut. Col. W. G. Aird, Valleyfield; C. G. Blake, Sherbrooke; R. R. Macaulay, Ste. Anne de Bellevue; and Harold Brann, Quebec.

Membership report showed that during 1936 there were 24 commissioners, 397 scout officers, 248 Wolf Cub officers, 24 Rover Scout leaders, 14 Sea Rover leaders, three other officers, 4,468 Boy Scouts, 3,253 Wolf Cubs, 272 Rover Scouts, 108 Sea Rovers, 167 Scout troops, 131 Wolf Cub Packs, 28 Rover Scout crews, and six Sea Rover units.

A constantly expanding membership in the Wolf Cubs was noted during the 1936 season. It was pointed out because of the excellent results of the training given its members, the Wolf Cub branch is occupying a position of increasing importance within the Scout movement.

Reports of the Rover Scouts and Rover Sea Scouts were made and showed considerable achievements during the year reviewed.

BLAZE CAUSED HEAVY DAMAGE AT MARBLETON

Fire Destroyed Barn, Sixteen Head of Cattle and Farm Implements Belonging to Scott Gilbert Last Evening.

Marbleton, April 22.—A spark from a small stove was the cause of a fire that completely destroyed a large barn, sixteen head of cattle, a large number of poultry and most of the machinery belonging to Scott Gilbert, located on the Station road about one mile from Marbleton, last evening about five o'clock.

Mr. Gilbert discovered the fire on his return to the house after completing the evening chores. The Marbleton fire department was immediately called, but the flames were beyond control and only a small part of the stock was saved.

The damage is estimated at three thousand dollars.

MODERN COMEDY 'ARE YOU MASON' A GREAT SUCCESS

Large Audience Delighted with Fine Presentation of Modern, Humorous Play by St. Andrew's Players.

St. Andrew's players excelled last evening in their clever presentation of "Are You a Mason?" a sparkling comedy of modern social life in New York, before an exceptionally large and enthusiastic first night audience attracted by the intriguing title and the splendid record already achieved by the cast.

The story, which is one of intrigue and deception, is filled with humorous situations from the moment the curtain rises on Frank Perry, who was out late the night before, at breakfast, with the irate maid, Lottie, reprimanding him for his misdemeanors during his wife's absence. Then his friend, George Fisher, stock broker and former actor, enters and to him Perry confides his dilemma. He has just received a letter from his wife informing him she will be home in the course of an hour or so, and he has not kept the promise he made to her prior to her departure that he would become a Mason owing to the fact that he has been so busy having a "good time." George suggests telling Eva (Mrs. Perry) that he has already joined the lodge, and as both are quite ignorant about Masonic matters they consult an encyclopedia, finding in "secrecy" the very best solution to all their worries. Perry is extremely anxious to keep on the right side of his father-in-law, the gay old Amos Bloodgood, and his rich second wife, Caroline, in order to borrow twenty thousand dollars for extensive building operations for which he is in consultation with Ernest Morrison, a young architect in love with his sister-in-law, Lulu. This is another reason why he should be a "Mason." Old Bloodgood is a Worshipful Master.

When Eva returns and scolds Perry for not meeting her at the station, she soon forgives him when he confesses he is worn out attending lodge meetings. His statement is corroborated by Bloodgood, who emphasizes that being a Mason takes up a lot of time and means many late nights. Mrs. Bloodgood is constantly nagging her husband about his first wife, Angeline, who is supposed to have committed suicide on the day they were married, but in the end she turns up as Mrs. Halton, wife of John Halton, a retired farmer who is in New York and also wants to be a Mason. George Fisher, whom Perry blames for all the mix up, tries to make things right by posing as a model from a ladies shop, and incidentally trying to make Bloodgood believe he is his first wife's daughter, Angeline Fauchon. He succeeds and is taken into the family as another daughter. Complication follows complication until the frenzied Perry confesses his deception to his father-in-law, Bloodgood is about to confess that he too is an impostor, but thinks better of it and continues the fraud until the end, when Fisher gives up his disguise and declares his love for Annie, Bloodgood's second daughter. Ernest Morrison, the only real Mason helps greatly in straightening out the mess, which was made even worse by Hamilton Travers, a cabaret door-keeper, who recognized Perry and kept blackmailing him every few days. Ernest is rewarded by Lulu with whom he fell in love at first sight and who also admits that she too fell under the same delusion.

The by-play between the two fake Masons, Bloodgood (Rev. J. Graham) and Perry (Charles Clark), George Fisher's (Marcel Olivier) splendid acting and his fascinating French mannerisms when he impersonates the cloak model from Madame Jolivet's, Rev. Mr. Graham's excellent characterization of the husband driven beyond all patience, Charles Clark's excellent interpretation of the modern husband, his attractive wife, Eva (Miss Ruby Mersereau), Mrs. Bloodgood (Miss Edith Hill), who thought every Mason was quite all right, were all ably supported by the other members of the cast, namely, John Halton, a gentleman farmer, Walter Smith, Hamilton Travers, door tender at a cabaret, Malcolm Wilson; Ernest Morrison, a young architect, Robert Robertson; Mrs. Bloodgood's other daughters, Annie, Miss Katherine MacDougall, Lulu, Miss Vivian Jones; Mrs. Halton, Bloodgood's former wife "Angeline," Miss Doris Ray; Lottie, the cook hired by Mrs. Bloodgood to watch Perry, Miss Jessie Wilson; and Fauchon, Armitage, cloak model, Miss "Lurli" Ross.

The play was staged under the direction of Mrs. Malcolm MacKay, to whom with each and every member of the cast unstinted praise is due for the really charming manner in which they presented "Are You a Mason?"

To St. Andrew's orchestra a special vote of thanks is due for their extremely pleasing selections between acts and also for their numbers before the first and after the last curtain, which fell after the full company had united in singing God Save the King.

'PATERNITY WARD' FOR PACING FATHERS.

Chattanooga, Tenn., April 22.—A "Paternity Ward" for pacing fathers will be opened by Children's Hospital.

Mrs. Ralph Cameron, chairman of a hospital committee, said the movement was started by a father who contributed \$25. The "ward" will be provided with easy chairs, soft rugs, periodicals dealing with maternity and paternity—and a little pacing space.

MARRIAGES

BLACKBURN—BROWNING. A marriage of interest to many friends and relatives in the Eastern Townships was solemnized last week in St. Jude's Anglican Church, Toronto, when Dorothy Margaret, only daughter of Mr. and Mrs. E. J. Browning, became the bride of Mr. H. Leonard Blackburn, elder son of Mr. and Mrs. H. Blackburn, Rev. R. J. Shires officiating.

The bride was given in marriage by her father and wore a princess gown of white lace over white satin, a white straw hat with short veil and carried a bouquet of Talisman roses. Her only attendant was Miss Alma Riddick, who was gowned in Coronation blue lace over pink, with matching hat and jacket and was carrying Sweetheart roses.

Mr. Roy Blackburn, the groom's only brother, acted as best man. Immediately after the ceremony the bride and groom left by motor for New York, whence they sailed to spend their honeymoon in Bermuda. For travelling the bride chose a grey crepe dress, a grey coat, with hat of powder blue and matching accessories. Upon their return Mr. and Mrs. H. L. Blackburn will take up residence in Toronto.

Will Be Presented To Their Majesties

Mrs. Johnny S. Bourque, wife of the Provincial Minister of Public Works, who is sailing aboard the Duchess of York tomorrow with Hon. Mr. Bourque to attend the Coronation, will be presented at Court on May 6th. On that occasion she will wear a dull white silk crepe gown, heavily interwoven with gold thread and fashioned with a ruffled Court train. Her slippers will match her gown and she will wear the customary veil and feathers and carry a white ostrich feather fan.

Social and Personal

Friends of Miss Phyllis Hetherington arrayed a pleasant surprise party at her home on Clemons street last evening on the occasion of her birthday. After greetings had been extended and the guest-of-honor had been presented with several pretty gifts, the remainder of the evening was enjoyably spent playing games. Refreshments were served later, the hostess being assisted by Mrs. J. Boland and Mrs. C. Cockburn.

Mrs. Wilfrid Warren and daughter, Nancy, of Montreal, are guests of Mrs. D. M. McMahon, King street west.

Mr. and Mrs. Forrest W. Lord and Mr. Forrest Lord, Jr., of Lennoxville, left this morning for Montreal, whence they sail tomorrow aboard the Duchess of York to attend the Coronation.

Members of the Sir John Sherbrooke Boy Scouts Mothers' Auxiliary and the men's group committee were entertained last evening at a joint meeting at Mrs. E. Walker's home on the Drummond Road. Mrs. R. S. Giff, president of the former, presided, and after the joint session plans were made for a rummage sale.

Mr. and Mrs. J. W. Blake, Dufferin avenue, are leaving this afternoon by motor for Montreal and will remain over until tomorrow to wish Mr. and Mrs. Forrest Lord and Mr. Forrest Lord, Jr., "bon voyage" as they sail on the Duchess of York for England. They will be accompanied to the metropolis by Mrs. F. A. Catter and Mrs. T. Oak.

The many friends of Miss Mildred Baldwin, R.N., King street west, will regret to hear that she is a patient in the Sherbrooke Hospital, where she underwent an operation for appendicitis last night. Her mother, Mrs. Baldwin, and her brother and sister, Mr. Russell and Miss Winnifred Baldwin, arrived last night from Coaticook, and are guests at the home of Mrs. W. Killen, King street west.

Mrs. F. J. Southwood, president of St. Peter's Guild, was the raison d'être for an unusually large attendance at yesterday's weekly meeting in the parish hall. The president, who left today with Mr. Southwood for Montreal, whence they sail tomorrow on the Duchess of York to attend the Coronation, presided at the business session during which the members passed a standing vote expressing their best wishes to Mrs. Southwood for a bon voyage and safe return home. Mrs. S. J. Ward and Mrs. A. Walker were hostesses at the pleasant tea party which followed.

The many additional guests who joined the members at the tea hour were received by Mrs. A. E. Benwick, and Mrs. Fred Pearson acted as treasurer. Mrs. Pearson did the honors at the lace covered tea table, which was centered with pussy-willows in a crystal basket and rose colored candles in crystal candlesticks, and the hostesses were assisted by Miss Sybil Walker.

Mrs. A. E. Willis, president of the Baptist Ladies' Aid, and Mrs. A. J. Milligan, pastor's wife, received the many guests who attended the Coronation tea in the church hall yesterday afternoon. The lovely decorations were most effectively carried out by Miss Mary Milford, who used the five Coronation colors with gold in her charming and artistic decorative scheme.

The tea table was very beautiful with a central golden crown filled with daffodils, around which were placed lighted gold candles, the tout ensemble being daintily framed with interwoven crepe paper in the

Watson called on Mr. Peter Johnston recently. Mrs. Irvine Little, of Henderson Vale, has returned home, having spent two weeks assisting in caring for her aunt, Mrs. G. M. Henderson, who is now gaining nicely.

HAS NOT TASTED WATER SINCE 1894

Linden, Ind., April 22.—Back in the days when John Eddy, aged seventy-nine, was digging for his fortune, he found the water of the mining camps made him sick. He gave it up in favor of coffee, tea or milk and has not tasted water since. His abstinence dates from 1894.

Coronation colors. The small tables at which the patrons enjoyed the delectable refreshments were centered with small gold crowns, and the waitresses, who were dressed in white, wore the same golden emblems as caps and their fetching little aprons were trimmed with dainty ruffles in the predominating colors. They included Mrs. Ernest Wheeler, Mrs. Leo Liddell and Miss Margaret Miller.

Tea was poured by Mrs. James Byrd and Mrs. E. Saunders, while Mrs. W. Hopkins was convener of the culinary arrangements. Mrs. Edward Holgate, and Mrs. H. Hopkinson, who was in charge of the attractive apron table, both continued the same appropriate colors at their prettily decorated booths.

RUNAWAY HORSE CAUSED FURORE AT LENNOXVILLE

Tore Madly Down Main Street Striking Wheel-Chair in Which Invalid Had Been Left in Front of Store.

The orderly appearance of Lennoxville's main street was thrown into a furore yesterday afternoon when a run-away horse was seen galloping madly down the street pulling a delivery truck behind it. There was a mad scramble for safety as pedestrians ran to door ways and into stores. It was an exciting time while it lasted. The tension was increased by the fact that directly in the path of the galloping hoofs sat a helpless cripple in a wheel chair, and not far from him an infant was sleeping in a carriage in front of one of the stores.

People looked in horror as they saw the horse near the invalid's chair. At first its occupant, Leonard Bradley, did not realize the danger. Suddenly he saw the maddened horse approaching. He made an attempt to get out of its path. There was no time. On rushed the horse, the wheels of the wagon striking the wheel-chair with such force that Mr. Leonard was thrown violently to the pavement. Fortunately he escaped serious injury, although he was badly shaken up and had to be taken to his home by a motorist.

Ignorant of what was taking place, the infant daughter of Mr. and Mrs. Wilson slept in a carriage in front of Donald Clark's store. Mrs. Beck had stepped into the store for a moment leaving the baby in apparent safety. It seemed almost impossible for the horse to avoid striking the carriage. It was just by a matter of a few feet that both the horse and wagon swept past the carriage.

The animal continued on the rampage until it struck a post in front of a Chas. Cook's store, swinging the wagon around and tearing off one wheel. The horse then managed to free itself from the shafts and ran into Clarke and Stewart's yard where it was finally subdued.

The horse belonged to John Nichol and Sons, Lennoxville butchers, and is used for delivery. This is not the first time that this animal has afforded excitement. Running-away seems to be one of its chief pastimes.

Usually when left standing for a short time the animal will pick up its hoofs and head for the barn in the rear of Nichol's butcher shop. This time, however, it was standing behind the shop when the urge came.

Up Main street it headed. Not far away a number of workmen were waiting for the four-thirty o'clock bus and school children, just dismissed from classes, were assembled in front of the Post Office.

It was indeed fortunate that the incident did not have serious results. No one was any the worse for the affair, but Lennoxville citizens do not enjoy such spontaneous excitement.

Yesterday's incident, coming so shortly after the two serious fires which the town experienced during the past few days, proves the old saying that "Lennoxville never does anything by halves."

Today Lennoxville citizens are asking themselves "What Next?"

"LITERARY NIGHT" MUCH ENJOYED
"Literary Night" at Myrtle Rebekah Lodge No. 28, was fittingly observed at the semi-monthly meeting last evening in the Lennoxville I.O.O.F. Hall, when the members listened to an address on "Adult Education" delivered by Mrs. G. G. McCurdy, and two much-enjoyed impersonations, "At the Soda Fountain" and "The School of Educa-

DOMINIONS NOT COMPELLED TO ACCEPT RULING

Prominent British Lawyer Declares Canada Could Abolish Appeals to Privy Council at Any Time—Answers Bennett Charges.

London, April 22.—There has never been a disposition in England to foist the authority of the Judicial Committee of the Privy Council on a reluctant Dominion, says Hon. Cyril Asquith, K.C., writing in the London Daily Telegraph.

Asquith, fourth son of the late Earl of Oxford and Asquith and outstanding authority on common law, was referring to the recent debate on the Privy Council in the Canadian House of Commons.

There is another alternative, The decisions complained of in Canada are decisions on the interpretation of the British North America Acts which enshrine the Canadian constitution.

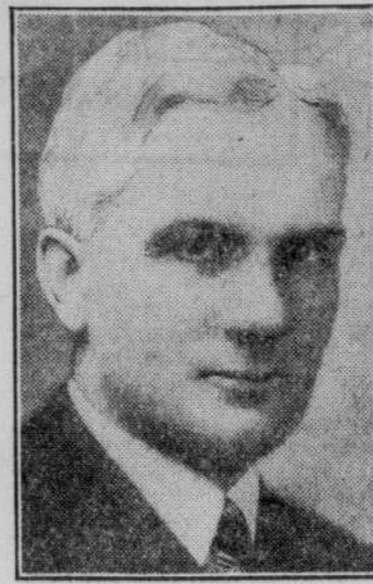

Allying to statements by Rt. Hon. R. B. Bennett, leader of the Opposition, in the recent Commons debate, Asquith declared: "Some impatience is human and excusable in an ardent reformer whose legislative offspring is declared still-born by the verdict of an over-zealous tribunal."

First, the remoteness of Downing street from Canada may make for unfamiliarity with Canadian problems, but it also makes for impartiality. Indeed, the more unfamiliar the court the less prejudiced.

APPOINTED TO BOARD OF THE ROYAL BANK

Gray Miller, of Montreal.

Conrad S. Riley, of Winnipeg.

John Burns, of Calgary.

Two prominent westerners and one of Quebec's leading industrialists — Gray Miller, president of Imperial Tobacco Company of Canada, Limited, Montreal; Conrad S. Riley, managing director of The Northern Trusts Company, Winnipeg; and John Burns, president and general manager of Burns & Company, Limited, Calgary, have been added to the Directorate of the Royal Bank of Canada.

POACHER PEEVED BY SEIZURE OF SEINES

Cleveland Fishing Firm Official Vexed at Canadian Authorities Who Sought to Restrict Fishing in Canadian Waters.

Cleveland, April 22.—Seizure of his fish nets fifteen miles within Lake Erie's Canadian waters and a flight to save the tug New York aroused today the ire of Capt. E. J. Tuttle, fleet superintendent for the Booth fisheries.

"I told him we'd leave as soon as we got our nets," he replied. "I'm coming aboard you!" So we sailed away and he wasn't able to catch us. If he had, he could have seized our tug and all."

Capt. Tuttle said the nets were placed across the international boundary because pollution of American water has driven fish to the north shore. He complained that heavy sales of Canadian fish halved the price here in the last month.

First, the remoteness of Downing street from Canada may make for unfamiliarity with Canadian problems, but it also makes for impartiality. Indeed, the more unfamiliar the court the less prejudiced.

SPECIAL CARRIAGE FOR QUEEN MOTHER

Queen Mary and Her Sister-in-Law, Queen Maud, of Norway, Will Have Escort of Cavalry to Westminster Abbey on Morning of Coronation.

London, April 22.—Queen Mary with her sister-in-law, Queen Maud of Norway, will have a special carriage and an escort of cavalry to Westminster Abbey on the morning of the coronation, it was announced today.

The two Queens will form separate processions with their attendants as they take their seats in the Abbey.

Queen Mary will be preceded by the Lord Chamberlain of her household, the Marquess of Anglesey. Her train will be carried by her grandson, Hon. Gerald Lascelles, younger son of the Earl of Harewood, and the Viscount Erington. The Duchess of Devonshire will attend Queen Mary as Mistress of the Robes. She same function she performed in 1911 when King George V and Queen Mary were crowned.

CLAIMS HITLER HAS NOT EATEN BUTTER FOR FOUR YEARS

Berlin, April 22.—Chancellor Hitler has eaten no butter for four years, according to an article by Otto Dietrich, Nazi press chief, in the national Zeitung of Essen yesterday.

Stressing the Chancellor's frugal habits, Dr. Dietrich said Hitler had stopped using butter long before there was any question of a four-year plan. Dietrich also recalled the dictum of General Hermann Goering: "butter makes you fat."

POLICE PATROL OCCUPANTS SUING CITY

New York, April 22.—Two men, who stressed they were "lawfully riding in a police patrol wagon," have sued the city for a total of \$100,000 damages for injuries allegedly received when the patrol crashed into a truck.

The plaintiffs, William Koster and Americo De Prospo, were prisoners on their way to the police station.

HORNSBY STILL HANDING JOLTS TO FATHER TIME

"The Rajah" Led His St. Louis Browns to a Fifteen to Ten Conquest of Highly Regarded Chicago White Sox — Other Big League Games Rained Out.

Old Pop Time is scared silly. Rogers Hornsby has the old fellow ready to wrap up his whiskers, toss away his scythe and give up. The sage of St. Louis stayed on the bench for all but two games last year and Pop Time figured the "Rajah," at forty and with twenty-two years in the big time back of him, was all washed up. So Hornsby, the "granddaddy" of big league baseball, stepped up to the plate yesterday, banged out a homer and two singles, and generally was there in the pinches as his Brownies opened their 1937 baseball wars with a fifteen to ten clouting conquest of the highly-regarded Chicago White Sox. The one victory didn't change the status of the Browns in this year's American League race. They held the day's spotlight, largely because all the other clubs in both leagues were rained out, and they remain 100 to 1 shots in any book, strictly because the Brownie pitching staff is rated anything but high class. But Hornsby is still there when the chips are down. Maybe it was because he's getting ready to celebrate his forty-first birthday next Tuesday. In addition to his batwork he played an errorless nine innings at second base, but it was the big stick he wielded, and the definite evidence that he's still the shrewdest trader in the business that stole the show. In his Browns' line-up were shortstop Billy Knickerbocker, outfielder Joe Vosmik and pitcher Oral Hildebrand, all obtained from the Cleveland Indians this winter in exchange for Lyn Lary, Julie Sotter and Irv Andrews. Knickerbocker led the way with two doubles and a pair of singles, driving in four runs. Hildebrand, although he gave up seventeen hits, went the route and contributed a two run double to the twenty-two hit barrage. Hornsby, who trails only Cobb, Ruth and Gehrig in the number of times his name appears in the record books, boosted several of his marks yesterday. His appearance was his 2240th game and put him in the twenty-three year class, tying "Rabbit" Maranville and trailing only Eddie Collins, Red Wallace and Ty Cobb. His homer was his 302nd. He boosted his runs batted in total to 1,559, his extra base hits to 1,608, his total bases to 4,695 and his hits to 2,912. And his three-for-five certainly didn't harm his 359 lifetime batting average. Both leagues settle down to the grind again today, with an eight-game schedule.

BALTIMORE FAVORED TO SET INTERNATIONAL RACE

New York, April 22.—If the weather man is willing, the International League will get away to a flying start today in its fifty-fourth season, with one of the best races the circuit has had in many years on tap for the fans. Some 70,000 will witness the four openers at Jersey City, Newark, Baltimore and Syracuse. Much interest is centered on the Jersey City opening against the Ro-

Walter Young, twenty-four-year-old Windsor Mills athlete, is pictured above, crossing the finishing line to win the historic Boston Athletic Association marathon race. Young, who brought the U. S. marathon title to Canada for the tenth time in the forty years that the race has been held, is known throughout the Eastern Townships and the Province for his sporting activities. A handler at right holds a blanket ready to cover the winner, who covered the twenty-six mile course in 2:33:20.

The Newark Bears, owned by the New York Yankees, figure 19,000 will watch the Bears against the Montreal Royals, while about 10,000 were anticipated for the Syracuse-Buffalo game and 8,000 for Baltimore's opener with Toronto. The Baltimore Orioles, boasting a fine collection of seasoned sluggers, are the choice to pace the league toward the play-off's, which open soon after the close of the regular season on September 12. Buffalo, last season's playoff winner, again should be strong and Newark is always a threat.

YESTERDAY'S STARS

Outstanding players in yesterday's major league games were: Harland Cliff, Billy Knickerbocker and Rogers Hornsby. Browns—Cliff hit a homer, two doubles and two singles; Knickerbocker had two doubles, two singles and drove in four runs, and Hornsby hit a homer and two singles in fifteen to ten victory over White Sox.

BROUILLARD SUSPENDED FOR YEAR FOR FOULING

Paris, April 22.—The International Boxing Union today suspended Lou Brouillard, New England middleweight, for one year and disqualified his manager, Johnny Buckley, for life for fouling Marcel Thil, French claimant to the 160-pound title, in their championship bout on February 15th.

SPORTS FLASHES

New York, April 22.—It may not be news that Sten Suivio, of Finland, 1936 Olympic champion, has turned pro. But it is news that he has been guaranteed \$2,000 per year, plus 66 2-3 per cent. of what he earns, by his American manager, Emil Sarbo. This is just about tops for an unproved fighter. Most of them sign up for \$600 per year or the customary 66 2-3 per cent.

Van Lingle Mungo, who turned in eighteen wins for the Dodgers last season, thinks he'll report because his auto license adds up to eighteen. Lou Ambers, the lightweight champion, and his manager, Al Weill, are in Tampa to second Lou's stablemate, Red Guggino, against Chino Alvarez, tonight.

Connie Mack says his young Athletics are the best hustlers he has directed in five years. The latest hot baseball tip is to watch the Chicago Cubs. The reason: Phil Cavarretta is doing a swell job in the outfield and Augie Galan appears to have regained his 1935 form.

Lester Patrick says his young New York Rangers of the National Hockey League will be Stanley Cup contenders for the next three years. The way the Giants are running against Brooklyn makes 'em look like the Giants of the John McGraw days.

Hot spots controlled by Jack Dempsey and Tony Canzoneri are fighting for business almost next door to each other. A block away is a place operated by Mickey Walker, and Benny Leonard is looking for a spot in the same Broadway neighborhood.

Members of the fair sex were first in line at three of the unserved gates in Brooklyn for the opener. Beginning in 1934, the Yankees have lost every opening game by one run. Before Tuesday's inaugural "Lefty" Gomez had been trimmed twice by one to nothing scores.

It isn't true that Primo Carnera is coming back to these shores as a wrestler. What did Mickey Cochrane think when he read the Washington box score and saw what Aloysius Simmons did?

Van Mungo is just as "swift" as Bob Feller, so far as our eyes can detect, but Brooklyn's ace hasn't the hop on his fast one that the Cleveland youngster produces from full windup. And the Giants now are willing to admit they'd rather hit against Mungo than Feller.

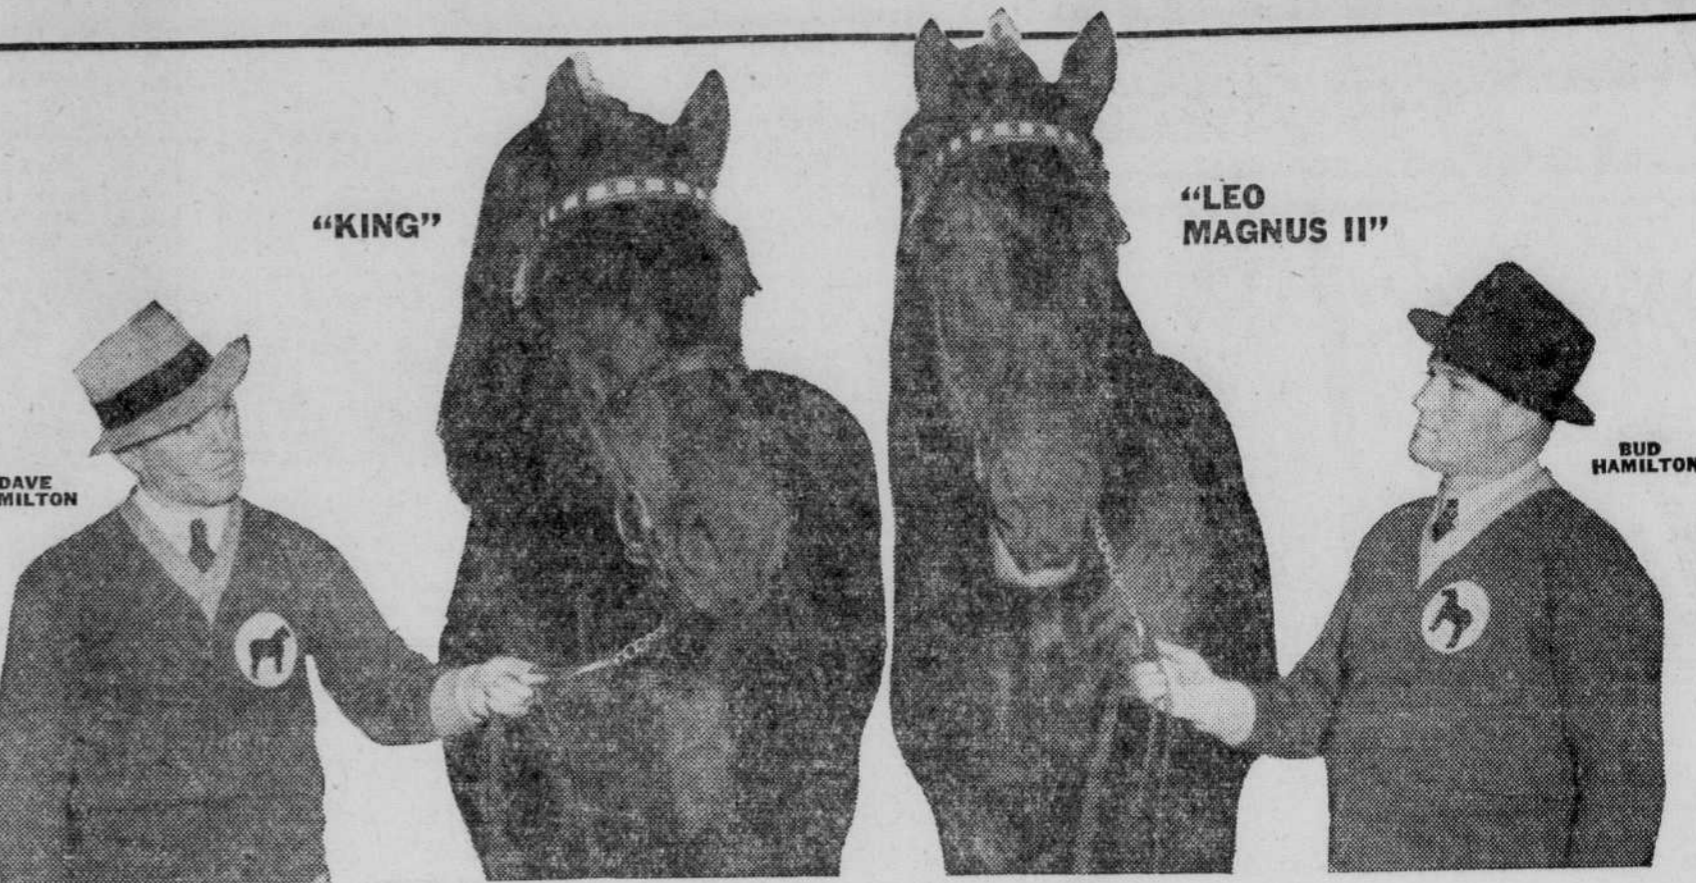

GOLF

GOLFERS WITHOUT A RIGHT TO RYDER CUP PLAY

New York, April 22.—Since only an accident of birth bars him from a place on the United States Ryder Cup golf team, burly, hard-swinging Jimmy Thomson would like to see something done about it, he said today. "After all, except for the fact that we are born in Scotland, Harry Cooper and I are Americans. We came over on the same boat in 1921, when I was twelve and he was fifteen. We learned our golf here, we're American citizens, we play our trade here. "Naturally, we'd like to try our skill—and that 'we' includes other foreign-born American pros like Tommy Armour, Bobby Cruikshank, Willie Macfarlane, Willie Hunter, Mac Smith and Phil Perkins—against the home-breds. But we can't play with 'em on the American team, and we can't play against 'em on the British side."

England has a shortage of school-masters, having only one to every fifty boys, while there is a school-mistress to every twenty-five girls.

FOUR BROTHERS!!

HERE you see four brothers. The horses are KING a few years younger than his famous 12-year-old brother, LEO MAGNUS II, who has won 19 Grand Championships, and is the sire of more premium stallions than any other horse in Canada. In spite of his great familiarity with show rings, LEO MAGNUS II still enjoys a display of temperance when appearing in public. He has to be watched, but occasionally he surprises his groom, as in New York, in 1936, when he meekly went up several floors in an elevator, walked through a warehouse and exhibition rooms full of scenery, booths, boxes and electrical fixtures without once "carrying on." The men are DAVE and BUD HAMILTON, 35 and 38 years of age, who have cared for "Black Horses" for 5 and 6 years respectively. Bud is now in charge of the formation of Percheron Clubs, inspired by the vast public breeding service offered by the "Black Horses". The first stallion he had in his care in a lively moment, crushed Bud and broke three ribs for him.

Winnipeg Monarchs, Dominion Junior Champions, Suspended by A.A.U. of C. for Playing Against Hershey—Quebec Delegate Severely Criticized.

Toronto, April 22.—The major question in amateur hockey's double middle today was the effect a suspension by the Amateur Athletic Union of Canada would have on members of Winnipeg Monarchs, Dominion junior champions.

A few hours before the Monarchs were scheduled to play the Hershey Bears in an international series game here last night and shortly after the Canadian Amateur Hockey Association had concluded its three-day annual meeting, a bombshell was tossed into the ring by a delegate to the Association's meeting.

Leo Burns, of Montreal, Quebec Amateur Hockey Association representative and first vice-president of the A.A.U. of C. issued a statement on behalf of the latter body that meant automatic suspension from any sports controlled by the A.A.U. of C. for players of any team playing Hershey.

Burns said the A.A.U. of C. had been notified by the A.A.U. of the United States all teams in the Eastern United States Amateur Hockey League of which Hershey was one, had been suspended in March 1937. Burns said the Canadian body had no choice except to uphold its alliance with the U.S. union and serve warning to Canadian teams.

After defeating Hershey by eight to seven, players and club officials of the Monarchs hustled to the train, homeward bound. No statement was made on behalf of the players or the club, but it was indicated they were not worrying about the situation. It was believed few if any of the boys compete in sports under A.A.U. of C. jurisdiction.

The A.A.U. of C. directly controls track and field, boxing and wrestling, and gymnastics and handball. Most important of its affiliated bodies are the basketball, ski and lacrosse associations.

Following the statement issued by Burns, another was released by Cecil Duncan, of Ottawa, president of the C.A.H.A., in which he branded the affair an attempt "at a late hour to embarrass the Association in the conduct of the international series games now in progress."

C.A.H.A. officials alleged Burns held up the statement concerning A.A.U. of C. suspensions until a late hour, rather than bring up the matter immediately on receipt of a telegram from John Leslie, Edmonton, secretary of the A.A.U. of C. Burns said his statement was made on authorization of the president, Jack Hamilton, of Regina.

Two minor upheavals were settled in the late afternoon just before the big fuss broke. Both involved Burns and afterward he pledged co-operation of the Q.A.H.A. with the parent body after being asked by George Dudley, of Midland, Ont., second vice-president, what the policy of the Quebec branch would be in relation to the Association.

Dudley's request referred to a threatened resignation last year of the Q.A.H.A. if the C.A.H.A.'s famed "four points" were adopted. Three points were passed on the first day of the annual meeting, while the Association took a stand of believing in the principle of the fourth. The question of a protest by Quebec Aces of the Montreal Senior Group against being forced to re-play a game with Hull Volants because of a disputed goal was dropped when the executive committee decided President Duncan had handled the affair satisfactorily.

AGREEMENT WITH BRITISH OFFICIALS RENEWED
Toronto, April 22.—J. F. Ahearne, secretary of the British Ice Hockey Association, said last night the Association had renewed agreements for a two year term with the Canadian Amateur Hockey Association concerning transfer of Canadian hockeyists who wish to play in England.

Ahearne said the agreement means only one Canadian player could be taken from any one team and then only subject to the approval of the C.A.H.A.

ALL PROPOSITIONS SUBJECT TO C.A.H.A. APPROVAL
Toronto, April 22.—Phil Thompson, secretary of the Eastern United States Amateur League, said last night teams in the league were prepared to negotiate with the Montreal Senior Group concerning a proposed International Hockey League but that all propositions would be subject to the approval of the Canadian Amateur Hockey Association.

Thompson said the Senior Group likely would meet on May 8 to discuss plans which would be submitted to teams of the Eastern League.

COWANSVILLE GROUP APPOINT LIFE MEMBER

Mrs. W. N. Hawke Honored at Meeting of Women's Missionary Society — Reward for Many Years of Loyal Service.

Cowansville, April 22. — The appointment of a life member and an enlightening address on the Bible were highlights of the April meeting of Emmanuel Women's Missionary Society held at the home of Mrs. L. D. Phelps, 135 Main street.

The honor of a life-membership in the Society was conferred upon Mrs. W. N. Hawke, who has been a faithful member of the local association for many years. The Cowansville W.M.S. has functioned continually since it was organized in 1884 and at the time of its golden jubilee in 1934, a Jubilee Life Membership Fund was established from which a life-member is named each year.

A very happy feature of this meeting was the presence of Mrs. J. C. McOutat, who had been absent through illness for several months. Mrs. McOutat gave a very interesting talk on "The Bible." "In this modern world," she said, "the Bible is still, as it has been for the last three centuries, the best-selling book in all the world. Other treatises have come and gone but the Bible, which is not really a book at all but rather a compilation of books, the national literature of the Hebrew race, and a collection of precious letters and remembrances, is growing more and more beloved as the years roll by. It is to hungry human hearts the promise of love, and peace and God and the far-flung peoples of the world are turning to its teachings for comfort and hope."

The speaker explained that there are two hundred and forty-two different translations of the Bible in Africa alone—a remarkable achievement where one realizes that up to 1814 there was no written speech at all over a large part of Africa.

Mrs. McOutat stated that a very remarkable discovery has been reported from a book shop in Cairo, Egypt, where one hundred and ninety sheets of the finest parchment; hand-written in the second century, form part of what would truly be the world's oldest Bible. Previous to this, the earliest known manuscripts of the Bible were the Codex Vaticanus, seven hundred leaves of the finest vellum, each about one foot square, and bound in book form, which is one of the treasurers of the Vatican and the Codex Sinaiticus, written about 340 A.D., which is considered of such great value that the British Government recently purchased it from Russia for \$500,000 and it now reposes safely in the British Museum.

The Vulgate, the speaker said, is the translation into Latin of the old Testament, by Jerome, which was undertaken at the order of Pope Damasus and is the authorized version of the Church of Rome. The history of the English Bible begins with Wycliffe who tried to make it available for the common people. In 1510, Tyndale took up the crusade and died a martyr as a result of his good works.

"In 1537," Mrs. McOutat said, Miles Coverdale succeeded in having a revised version printed. It is a fairly new version from those troublous days when to possess a copy of the Bible was a crime punishable with death.

Now every immigrant who enters any Canadian port is offered a free copy in his language and even to the blind the happiness of Bible reading has been opened up through the medium of Braille type." Mrs. McOutat, in conclusion, read quotations from Gladstone, Ruskin, Barrie and Scott, who all testified to the benefit and inspiration received from the Scripture.

The president, Mrs. Paintin, took charge of the meeting and Mrs. H. C. Colton conducted the devotional period. The roll call was responded to with Scripture references to the second coming of Christ. The treasurer, Mrs. N. Steele, reported that thirty-six dollars had been sent to the Presbyterian treasurer for the first quarter.

Delegates appointed to the Presbyterian Society meeting at Danville were Mrs. Paintin, Mrs. Steele and Mrs. Brown.

McKENNEY ON BRIDGE
SIDE HONORS WORTHLESS

Opponent, Holding Three Tricks in Trump, Doubles on "Certainty" of One More to Set Contract.

By Wm. E. McKenney, Secretary, American Bridge League.

You can hardly blame West for thinking that he had South far out on a limb, at a contract of four hearts with a suit obviously of only four cards, when you consider that he held three sure trump tricks, and for the setting tricks had honors in two suits and a partner to rely upon.

The hearts are quite weak, but South's hand is well distributed for trump play. After North supported the diamonds, South was sure that he could play the hand at a fairly safe contract in that suit, anyway, while if North liked the hearts there was a game in prospect.

When West doubled South stood pat. He knew that North could tell that his heart suit was of only four cards and that therefore he would find four supporting trumps in the North hand.

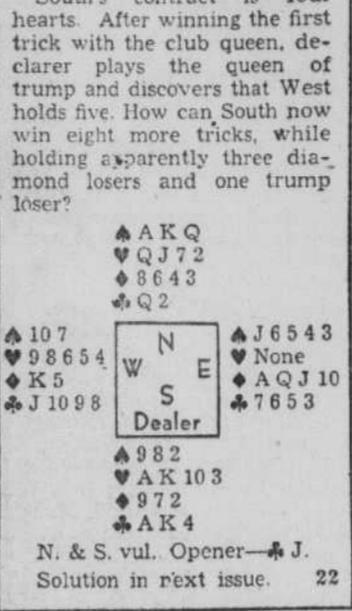

The opening lead of the spade queen was won with the ace. When declarer completed a survey of his resources, he saw that he could make the hand against any distribution of the trump suit, except five in one hand.

He laid down the ace of hearts and, when East played a small trump, he then led a diamond. West soon saw that his hopes of winning any other tricks than his three high trumps were vain.

West could ruff any time after the second diamond trick, but no return would give him more than three tricks.

WEST SUTTON

Messrs. Thomas Staphenhill, Jack Dempsey and Gerald Page, were in Montreal during the past week.

Mr. A. S. Derrick and daughter, Frances, Miss Edith Hurlburt and Mr. F. Robinson, attended the funeral of Mr. William Courser, of Knowlton, which was held in Grace Church, Sutton, on April 16.

Mr. and Mrs. Thomas O'Brien and son, were recent guests of his grandmother, Mrs. A. Stewart, and aunt, Mrs. Charles Lapointe, of Montreal.

Mrs. W. D. Ross and Mr. Haseltine, of Sutton, were guests of Mr. and Mrs. A. J. O'Brien.

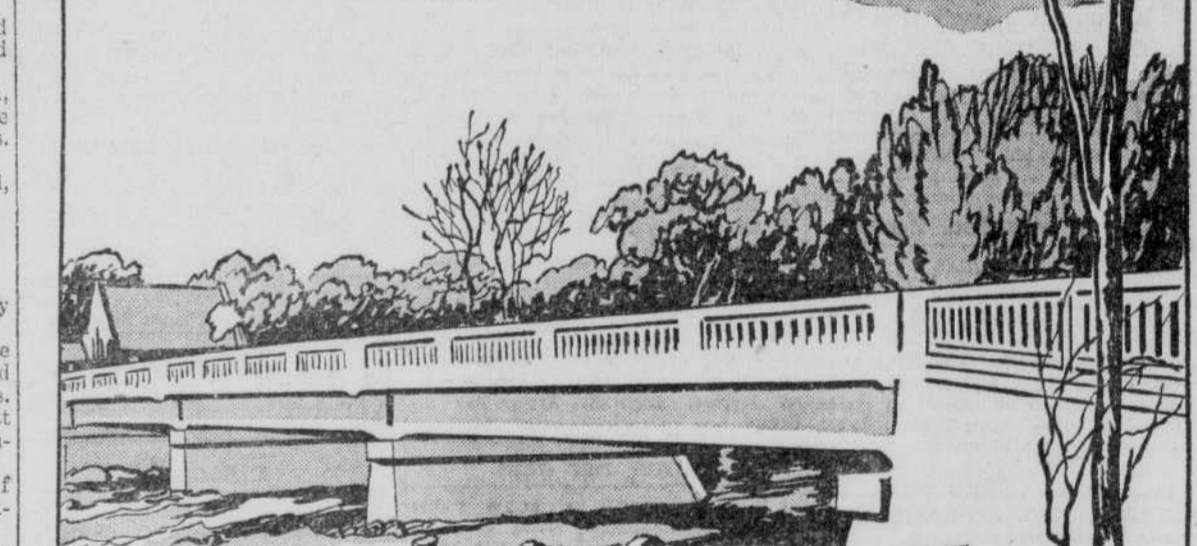

The many friends of Miss Kathleen McCullough were sorry to hear she had returned to the hospital in Montreal for an operation. All join in wishing her a speedy recovery.

Mr. Fred Knight has returned to his home in Phillipsburg.

Mrs. Frank Robinson is spending a few days in Montreal with her daughters, Misses Marion and Ethel Robinson.

Miss Ruby Turner, of Dunkin, is spending an indefinite time with Mrs. M. J. McCullough.

CONCRETE
for Bridges combines Beauty with Utility

This attractive beam bridge at St. Andrews East, Quebec, is typical of the adaptability of concrete to traffic as well as scenic needs.

It combines beauty of line with unyielding strength and makes a permanent, easily maintained highway link that will keep pace with the growing demands of modern traffic for many years to come.

Consider the bridge requirements of your community. Outmoded and inadequate bridges should be replaced by structures that mean safety, freedom from traffic-interrupting and from tax-eating maintenance — structures that will enhance the natural beauty of your countryside. On all these counts, concrete is the answer.

MEGANTIC CO. HARDENINGS INVERNESS

A very interesting event took place at the Dublin Range school on Friday evening when several school commissioners, parents and friends, were present to congratulate the teacher, Miss Ethel Kinnear, and pupils, for having won a set of fourteen books for physical exercises. Mr. Thomas Learmonth read a letter of congratulations from Dean Laird, of Macdonald College, and presented the books. A splendid programme taken entirely from text books was given by the pupils followed by an exhibition of physical training exercises which was greatly enjoyed. At the close of the entertainment lunch was served by Miss Kinnear, assisted by the pupils. Mr. M. W. McDonald, of the Royal Bank of Canada, having been transferred to Rock Island, has left to take up his new duties. Prior to his departure, he was the guest of honor at a farewell dinner given by the staff by Mr. and Mrs. E. P. Weary, at which he was presented with an attractive pen and pencil set by the manager and staff. After dinner, a number of guests joined the party and five hundred was played at three tables. The prizes were won by Miss Graham and Mrs. Lloyd Welch, and consolation prizes by Miss Martin and M. W. McDonald.

Miss Ethel Kinnear was a guest of Mrs. Thomas Learmonth on Friday evening at the tea hour, prior to the presentation which took place at the school on Dublin Range. Mrs. Irvin Haskett and daughter, Lois, and Mrs. Robert Leith were guests of Mrs. W. J. Turner. A special school meeting was held in the fourhouse on Friday at which Miss Marjorie Pye was accepted as intermediate teacher for the high school to replace Miss Graham who resigned and who will be greatly missed, having taught here for many years. Many here will remember Miss Pye and will welcome her to the community. The Misses Sue and Ethel Kinnear were dinner guests of their aunt, Mrs. Arthur Kinnear, on Saturday. Mrs. James Robinson has returned from a very pleasant visit with relatives and friends in Montreal and Lennoxville. Mrs. Lionel Tetrault and little son, Jerome, who have been visiting at the former's home here for the past three months, have returned to their home in Iverville. Mr. Thomas Joyce visited with Mr. Hamilton Lovrey on Sunday evening.

Miss Mary MacMillan was the guest of Mrs. W. J. Turner at the tea hour on Sunday evening. Mrs. Robert Leigh, of Rectory Hill, spent a few days with Mrs. James Robinson during the week. The Women's Missionary Society of the United Church held their regular monthly meeting at the home of Mrs. Samuel Robinson on Friday afternoon. A splendid paper on Africa was read by Mrs. Lloyd Beattie. A quilt will be started at the next meeting. Two delegates, Mrs. Stewart and Miss Elizabeth Robinson, were appointed as delegates to the Presbyterial to be held in Richmond on May.

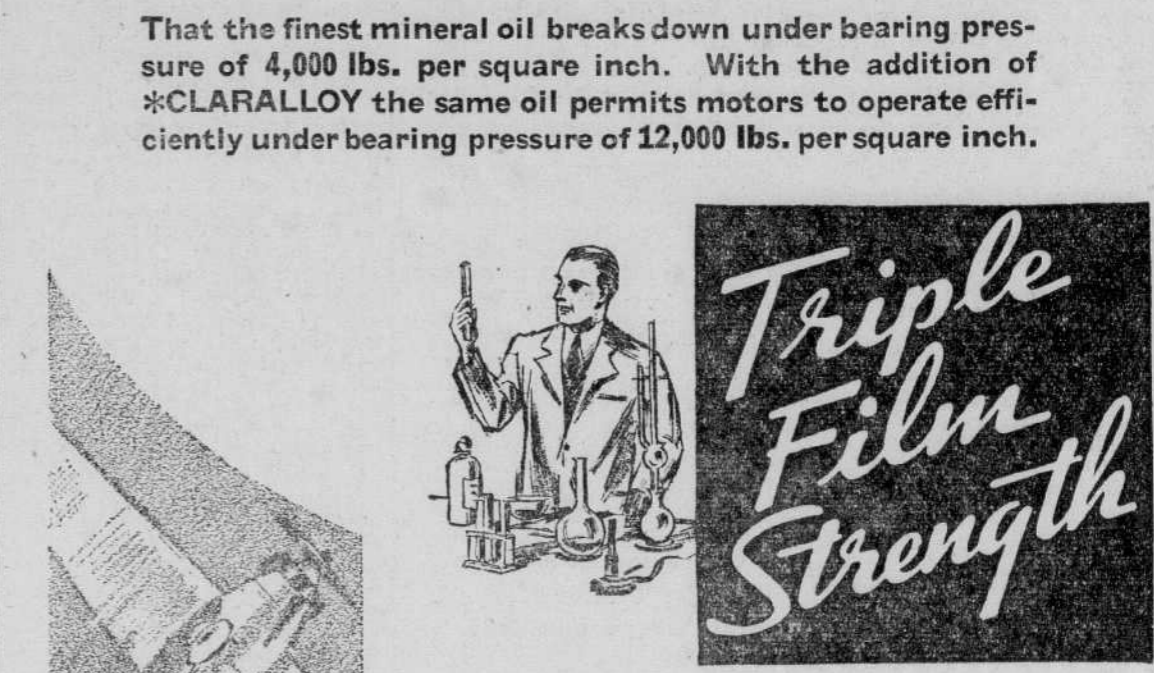

Maple Grove Rev. H. S. B. Harper was calling on Mrs. Willard Bennett recently. Mrs. Goulon, of East Angus, is caring for Mrs. F. B. Gill who is still confined to her bed. Mr. and Mrs. Herman Bennett had a sugaring-off at their camp. Those who attended were Rev. H. S. Harper, Mrs. F. N. Gill and daughter, Jessie, Mrs. Hubert Bennett and daughter, Marilyn, Mr. and Mrs. Charlie Deneary, Mr. T. A. Wood, Mr. and Mrs. John Bennett and Mr. Jasper Dinning and son, Billie. Mrs. Willard Bennett went to the Montreal General Hospital on Thursday, April 15. She was accompanied by her husband, and brother-in-law, Mr. Byron Bennett. Latest reports state that she has undergone an operation and is doing as well as can be expected. Her mother, Mrs. Layeroff, of St. Agathe, is keeping house. Mr. Willard Little and sister, Miss Helen Little, of Lower Ireland, spent the week-end with their sister, Mrs. Herman Bennett and Mr. Bennett. Mr. T. Lunnie, of Lower Ireland, was a guest of Mr. Norman Porter, of Theford. Mr. Norman Porter, of Lower Ireland, were recent guests of Mr. and Mrs. Norman Gill. Rev. H. S. Harper was calling on Mr. Jonas Kimball and Mr. and Mrs. Otis Bennett. Mr. Melvin Porter and Miss Helen Porter, of Theford Mines, accompanied by several of the Theford school children and Mr. Chester Nugent and Miss Gwen Nugent attended the sugaring-off at the home of the former's parents, Mr. and Mrs. N. Porter. Mr. and Mrs. Leonard Bennett entertained on Friday at a sugaring-off for Mr. and Mrs. T. A. Wood, Mrs. F. N. Gill and two children and Mr. F. B. Gill. Rev. H. S. Harper spent Friday afternoon with Mrs. Elsie Johnson and Misses Johnson, of Claphan. Many guests of Mr. and Mrs. Otis Bennett were Mrs. Hubert Bennett and infant son, and two little daughters, Mrs. F. N. Gill and daughter, Helen.

BRITISH GUIANA BOASTS A FAVORABLE TRADE BALANCE Georgetown, British Guiana, April 22.—The South American colony of Great Britain ended the first quarter of 1937 with a favorable trade balance of \$1,309,515, a Chamber of Commerce statement revealed today. Exports for the first three months of the year totalled \$2,798,170, and imports during the period came to \$1,488,655. The total turnover exceeded that of the corresponding months of last year by \$461,414. KEEP YOUR ENGINE YOUNG with RED INDIAN OIL FOR MOTOR CARS TESTS PROVE

That the finest mineral oil breaks down under bearing pressure of 4,000 lbs. per square inch. With the addition of CLARALLOY the same oil permits motors to operate efficiently under bearing pressure of 12,000 lbs. per square inch.

RED INDIAN AVIATION OIL for motor cars keeps your engine young because its Triple Strength oil film: Practically eliminates engine-wear due to oil film failure. Decreases starting wear providing adequate lubrication even when the motor is cold. Positively eliminates bearing wear and corrosion. Forms a tough film around abrasive dust particles, decreasing the harmful effects of road dust. Increases gasoline mileage by permitting use of lighter grade oils. Reduces carbon deposits and oil consumption. *WHAT IS CLARALLOY? CLARALLOY is a super-refined chemical whose discovery marks the most advanced development in E.P. (Extreme Pressure) Lubricants. The three outstanding characteristics of CLARALLOY are: (1) It triples the film-strength of the finest mineral oil; (2) Makes it cling more closely to metal surfaces; (3) Creates an increased "oiliness" which gives adequate lubrication under all operating conditions. Each one of these additional qualities, which CLARALLOY gives to Red Indian Aviation Oil, is of vital importance to motorists because each one provides additional protection from engine-wear. CLARALLOY plus Red Indian pure, wax-free oil = Red Indian Aviation Oil, the sensational new lubricant which has Triple Film Strength.

COMMANDED TO BE PRESENT AT THE CROWNING

Several of London's Big Catering Firms Expect to Break All Records for Supplying Food and Drink when Enormous Crowds Assemble to Watch Coronation Procession.

London, April 22.—The command to be present at the Coronation on May 12—"All excuses set apart"—has been issued to all peers and peeresses by the Earl Marshal, the Duke of Norfolk.

This command to attend is to dukes, marquises, earls, viscounts and barons. Other guests of exalted position are merely invited.

The summons, in old phraseology, reads as follows:

"Right trusty and well beloved—"

"We greet you well. Whereas the twelfth day of May next is appointed for the solemnity of our Royal Coronation:

"These are to will and command you (all excuses set apart) to make your personal attendance on us at the time above mentioned, furnished and appointed as to your rank and quality apertainteth, there to do and perform all such services as shall be required and belong to you.

"Whereof you are not to fail. And so we bid you most heartily farewell.

"Given at our Court of St. James's this twelfth day of April in the first year of our reign.

"By His Majesty's command. Signed 'Norfolk, E.M.'"

Several of London's big catering firms expect to break all records for supplying food and drink when the enormous crowds assemble on May 12 to watch the Coronation procession.

For twelve hours or more these crowds will be locked within a fixed area by traffic regulations. If the day is warm there is going to be a great and amazing thirst. There must be tea and meat pies and cake and buns.

To service these crowds dozens of refreshment stands and large "store marquees" are being built along the procession route.

The food to be supplied by one firm alone will cost approximately \$100,000.

Entertaining visiting royalty and prominent guests from overseas, along with thousands of minor Empire officials, is going to cost His Majesty's Government at least \$500,000 during the Coronation festivities—and maybe that much again.

What is known as "government hospitality" is going to spread out on a grand scale, with state dinners, receptions, garden parties, and the like. Some forty thousand visitors, it is estimated, will share in this hospitality.

DUKE TO WED MRS. SIMPSON NEXT MONTH

Friends Doubt that Duke of Windsor Will Visit Mrs. Simpson Until Coronation Ceremonies Are Over.

London, April 22.—Plans are being completed for the marriage of Mrs. Wallis Simpson and the Duke of Windsor, their friends here declared today.

The date of the wedding was expected to be either June 19th, Mrs. Simpson's birthday, or June 23rd, which is the Duke's.

The ceremony, which their friends say will be attended by his sister, Mary, the Princess Royal, and the Duke of Kent, who will be his best man, is likely to be at the Chateau de Candé at Tours, France, where Mrs. Simpson is now in residence.

Definite fixing of a date, however, was said to await the Duke's arrival at the Chateau after Mrs. Simpson's divorce decree is made final on April 27th.

Friends of the Duke of Windsor doubt he will leave Austria before the Coronation on May 12th for, although he says he is "missing the days" until he sees Mrs. Simpson again, he is determined to give his brother a "clear run" during the Coronation.

GABLE CALLED AS DEFENCE WITNESS

Will Again Testify at Trial of Winnipeg Woman Who Claims Her Daughter Is Gable's "Love Child."

Los Angeles, April 22.—Clark Gable, having finished his testimony as a United States Government witness, waited today to be called for the defence in the trial of Mrs. Violet Wells Norton, of Winnipeg, who termed her daughter Gable's "love child."

Mrs. Norton is charged with mail fraud and conspiracy. The Government alleges she mailed letters to Gable and other people, asking that he contribute to the support of pretty thirteen year old Gwendoline. Gable has appeared twice for the Government. He stated the first time that he was not Gwendoline's father and never had seen her mother. Later, he identified salary cheques paid him by a Portland, Ore., lumber company in 1923, the year Mrs. Norton's letters state he was in England making love to her as "Frank Billings."

Her attorneys said they would recall Gable to show he never was deceived by her representations, and never paid her any money, hence Mrs. Norton could not be guilty of fraud.

WEATHER IDEAL FOR GOOD RUN OF SAP TODAY

Producers in this District Have Harvested About Two Pounds of Syrup Per Tree, Which Is Considered Very Close to Average Production.

Ideal weather conditions prevailed in this district today for the production of maple syrup and producers were cheered over the possibility of harvesting more than an average crop.

Although the maple season was later than last year in starting, producers in this district have to date harvested about two pounds of syrup per tree, and this is considered very close to average production.

An exceptionally good crop has been realized in Beauce district, a well-known distributor stated to a Record representative today, and an excellent run of sap was experienced yesterday and today throughout the Eastern Township. The snow-storm that began this morning was considered the ideal thing for the sugar makers. Indications at present are that this weather will last several days, and the sugar makers, as a consequence, are counting on a profitable harvest.

WEATHER HAMPERS LAKE TRAFFIC

Toronto, April 22.—With a wind velocity that reached forty miles an hour at Toronto and Erie, Pa., easterly gales lashed the region of the Great Lakes last night and early today, bringing rain to many centres and sleet or snow to points in Northern Ontario.

Accompanied by a rapidly falling barometer that reached its greatest drop at Toronto with a dip of .64 in the past twenty-four hours' reading, the wind blew limbs from trees, hindering motor traffic disrupted electrical services and tore down communication lines.

Storm warnings displayed at all lake ports Wednesday and last night made ship captains wary and little lake traffic was reported from many ports. There were no arrivals or departures of boats at Goderich or Owen Sound last night, although one vessel arrived at the latter point early today.

FOUR FILM ACTORS HURT DURING CHASE

Sixteen Other Players Suffered Minor Cuts and Bruises When Three Horse-Drawn Wagons Accidentally Crashed in "Chase Scene."

Hollywood, April 22.—Four film actors seriously injured when three horse-drawn wagons accidentally crashed in a "chase scene" were confined to a Riverside hospital today.

Sixteen other players suffered minor cuts and bruises.

Those seriously hurt were Harry Templeton, John Slater, cowboy; Bernie Griggs, comedian; and Mickey Gentry.

Dr. John C. Redell, of Corona, said Slater's spinal vertebrae may have been fractured.

Irene Dunne and Randolph Scott, co-stars of the picture, were riding horseback ahead of the wagons.

DAVIDSON HILL AND BETHEL

Mr. and Mrs. Albert Gutman Davidson, of Montreal spent a week-end with their parents, Mr. and Mrs. Alfred Davidson and family.

Mrs. John Phillips, of Montreal, spent a few days with her parents, Mr. and Mrs. George Lancaster and family, and other relatives.

Mr. and Mrs. Alfred Davidson and family entertained at dinner in honor of Mrs. J. Proulx, who celebrated her seventy-sixth birthday on April 21. Those present from out of town were Mrs. Proulx's daughter, Mrs. William Robinson, her sons, Mr. J. N. Proulx and Mrs. Proulx, Mr. John Proulx, her granddaughter and husband, Mr. and Mrs. Albert Gutman Davidson, of Montreal, and Mr. Proulx, of South Durham.

Mr. and Mrs. Ernest Ingram and family visited relatives in South Durham and Richmond.

Inspector O. F. McCutcheon, of Montreal, visited the local school recently. While here he was a tea guest of Mrs. J. Proulx and Mr. Wilfrid Proulx.

Mrs. William Robinson, of Montreal, was an overnight visitor of her mother, Mrs. J. Proulx, and Mr. Wilfrid Proulx.

Mr. Charles Grainger, of Melburne, was a visitor at the home of Mr. and Mrs. C. H. Smith and family.

IN "KING OF RAILS" TITLE RACE

Answering the challenge of a popular upstart in railroading, this sleek steel steam locomotive is taking the rails to pit its speed and efficiency against the streamlined Diesel-electric engines on the same Chicago, Burlington and Quincy road. Weighing 400 tons with coal and water, the steam engine has a cruising speed of 100 to 135 miles an hour, as against 122 miles an hour at which the 216-ton Diesel-electrics have been clocked. Only two stops for coal and six for water are required by the steam locomotive between Chicago and Denver.

DUST STORMS FOOL HENS
Alliance, Neb., April 22.—Speaking about maximum production, Jay Vances cites his own chickens for an example.
After the chickens performed their regular duty of morning egg laying, a dust storm swept the region. Skies darkened. The hens tucked their heads down, and rested during the false night.
In a few hours the skies cleared, Vance said, the hens woke up and laid another quota of eggs.

AND WAS THIS FIRE CHIEF'S FACE RED
Dresden, Ont., April 22.—Volunteer firemen were embarrassed here when they found their hose was not long enough to reach a fire on Roy Taylor's chicken farm. Fire Chief Noble Law was even more embarrassed to find the missing links of hose were being used in a distant part of town by an unnamed citizen to flush out his sewer.
No human being escaped the Custer massacre, but one horse did, and on its death it was stuffed and mounted. The mount is now exhibited at Fort Riley, Kans.
