PENNY A MILE RATE ON G. T. R.

Hon. G. P. Graham Makes a Statement.

WAITING FOR TEXT OF PRIVY COUNCIL JUDGMENT.

Ottawa, Ont., Feb. 18.—(Special)—Hon. G. P. Graham, Minister of Railways, in answer to question when commission order compelling Grand Trunk to put penny mile rate into force would be effective.

He replied he thought the order would become effective as soon as the text of the Privy Council's judgement upholding order had been received. This order was stayed, it would be remembered, to enable the Grand Trunk to take an appeal to the Privy Council. The Grand Trunk, added Mr. Graham, had made no request for relief from legislation.

ELECTION OF BISHOP FOR TORONTO.

Two Ballots at Synod With No Result.

RESOLUTION INCREASING BISHOP'S SALARY TO $5,000 CARRIED UNANIMOUSLY.

Toronto, February 8. — After two ballots, one starting at 4.30, the other at 8 p.m., the Anglican Synod of Toronto, adjourned until this morning without having elected a bishop of the diocese in succession to the late Archbishop Sweatman. As predicted, the contest for the position was between Bishop Thorneloe, of Algoma, a high churchman, and Rev. Canon Cody, of Toronto, who is supported by the low and moderate churchmen. There were no unpleasant incidents during the proceedings, and quietness and dignity marked the proceedings throughout. The two ballots resulted as follows, majority of both clerical and lay votes being necessary to election:

First ballot—Thorneloe, clerical, 109; lay, 51. Cody, clerical, 60; lay, 67.

Second ballot—Thorneloe, clerical, 108; lay, 49. Cody, clerical, 60; lay, 65.

Will Come Up Before U. S. Senate at Next Session.

New York, Feb. 18.—(Special)—A special to the Tribune from Washington says: "It was formally announced in Legislative session of the Senate yesterday afternoon that the Canadian boundary waters treaty would be permitted to remain on the calendar until next session. This is due to the opposition of senator Smith, of Michigan, and to the feeling that no time remains for a protracted debate on conference."

NO LIGHT ON POISONING AFFAIR.

Five Men Poisoned in Restaurant.

HILL, THE PROPRIETOR, SHOWED SYMPTOMS OF MORPHINE POISONING.

Montreal, Feb. 18.—Up to an early hour this morning the mystery surrounding the poisoning of five men yesterday in a restaurant in Cathedeal street, one of whom was dead before the surgeons from the General Hospital reached him, had not been cleared up.

Chief Detective Carpenter is of the opinion that the men were poisoned by gas, but the surgeons of the General Hospital, who were called to the lunch room with the ambulances, are convinced that it was a case of strychnine poisoning, except in the case of the proprietor of the place, who appeared to be suffering from an overdose of morphine.

It seems strange that there should be a difference in the symptoms of the four men, but that is something that cannot yet be accounted for, as owing to the weak condition of the patients at the hospital up to a late hour last night they were not asked to make a statement.

The lunch room, at 82½ Cathedral street, in which the poisoning occurred is owned by Charles H. Hill, 50 years of age, who is one of those in the General Hospital, and the three others there with him are Edward Dallow, 25 years of age, bartender, 88 Cathedral street; Edward O'Connor, 19 years of age, clerk, 22 Cartier street, and Edward Saunders, laborer, House of Refuge.

The dead man is Thomas Green, 68 years of age, whose only home was Hill's restaurant.

It was said at the General Hospital last night that the symptoms in the cases of Dallow, O'Connor and Saunders indicate strychnine poisoning, as they were seized with violent convulsions, while Hill, the proprietor of the lunch room, appeared to be suffering from morphine poisoning. He showed no sign of convulsions, but was in a dazed condition, and the surgeons had difficulty bringing him around.

PROBING BILL MINER'S ESCAPE.

Was He Promised Liberty.

ON CONDITION THAT HE TOLD WHERE CERTAIN STOLEN BONDS WERE.

Ottawa, Feb. 18.—The circumstances surrounding the escape of Bill Miner, the famous desperado, from New Westminster penitentiary, are still being probed by the Opposition, and yesterday Mr. Aylesworth was able to give more details to some formal questions put by Mr. Meighen, of Portage La Prairie.

The minister of justice gave details regarding the visits of detectives to Miner prior to his escape on August 8th, 1907. He said there was one interview on June 12th, 1906, with the prisoner in the warden's office and in the warden's presence, with A. D. McIntyre, of Kamloops, the barrister, who defended Miner at his trial. The second interview was Jan. 12th, 1907, when J. H. Stanton, of Portland, Oregon, saw Miner in the presence of other parties. The third interview was on Feb. 9th, 1907, in the presence of the Warden, when Miner was seen by R. E. Bullock, of Vancouver, who, the minister thought, was in the special service of the C.P.R.. Jake Terry was also taken by Bullock with him on this occasion. This visit was for the purpose of seeing if Terry knew Miner, as both were confined in San Quentin penitentiary at a previous time. Col. White, the warden, was present during the whole of this interview.

THE SUFFRAGETTES AGAIN BAFFLED.

Attempted to Appear Before the Premier.

THEY WERE BLOCKED BY THE POLICE — SEVERAL ARRESTS.

London, Feb. 18.—(Special)— The Suffragettes failed to-day in their attempt to present to Premier Asquith a resolution adopted at yesterday's meeting of the Women's Freedom League, which declared for continuation of the militant propaganda for the Suffrage.

They first attempted to march in procession, but their line being blocked by the police, they mingled with a crowd of curious people, gathered to witness the scene and sauntered singly towards Downing.

The police, however, completely blocked all entrances to the thoroughfare and twenty of the more militant suffragettes who tried to break through the lines, were arrested.

MURDER AT WINNIPEG.

BARBER'S THROAT CUT AND BODY THROWN UNDER A TRAIN.

Winnipeg, February 18.—Cornelius Enright, barber, was murdered Tuesday night and the body thrown under a train to conceal the crime. At least this is the deduction from the evidence gathered. The throat was cut and marks in the snow and on the rails show where the body had been dragged to where it was found. This morning blood was found in several places around a woodpile to the northwest, and other stains were found some distance south, indicating that the men who had committed the crime had altered their intentions and had carried the remains back to where they were found.

The first intimation of the murder came yesterday morning through the persistent barking of a dog, which called the attention of men working in the woodyard of the Winnipeg Supply Co., Rietta street. On investigating the dog's excitement they saw a man on the track between the wheels of a G. T. R. freight car. The body was firmly lodged, being caught across the neck by one of the wheels in such a position that a switching engine had to be sent for before it could be released. At first it was concluded that the case was suicide, and it was not till noon that a workman employed in the Supply Company noticed blood near one of the woodpiles. Going over, he saw a razor on the ground and near it was a handkerchief with a few spatters of blood.

HARBINGERS OF SPRING.

We see it announced that the first robin of the season has been observed at Montreal. But an expert ornithologist who contributes with his pen to the Toronto Globe, rather throws cold water upon the popular notion that the appearance of these birds foreshadow an early spring. The erratic changes of the winter—he writes—seem to have bewildered some of the migrants by leading them to expect the untimely arrival of spring. The few robins silent in the suburban woods and the pair of flickers who have waited impatiently through the winter seem to know that the day of domestic pleasure and care is still in the uncertain future. These birds are now so frequently inclined to remain during the season of snow that their casual appearance no longer awakens hopes of an early spring. They may be met at any time. Other birds, too, have been brought into the light of public discussion, and the powers of divination and other remarkable and mysterious qualities with which they had freely been credited are now in the skepticism of the age, denied them. They are no longer regarded as endowed with the gift of prevision regarding impeding changes in the weather or the developments of a coming season. But the noisy arrival of three bronze grackle or blackbirds on Fisherman's Island during a recent unwintry day showed that if they could not predict the weather they were inclined to appreciate and take advantage of all its favors. A little party of three pioneers, two females and one protecting male, perched comfortably in the sun on the highest twigs of a willow. The escort was evidently beset by the need of making explanations, for he kept up a continuous musical chatter, while the guests in his personally conducted tour listened in discontented silence.

NORTH HATLEY BOY'S MUSICAL TALENT.

Mr. A. C. Jackson Will Study in Berlin.

ON RECOMMENDATION OF MADAME JOHANNA GADSKI—RARE AS RAINBOW IN WINTER.

A newspaper report from Walla Walla, Wash., says of Mr. A. C. Jackson, formerly of North Hatley:

"On the advice of Madame Johanna Gadski, who while in the city recently listened to him sing, Professor A. C. Jackson, of the Whitman Conservatory of Music, will leave in June for Berlin, where he will study for a year under the noted Herr Frederick, under the personal supervision of Madame Gadski.

"As rare as a rainbow in winter is complimentary comment from Mme. Gadski, the noted soprano. But one person in Walla Walla had the distinction of receiving this, and Professor Jackson is the favored one. It is seldom indeed that Gadski will hear any one through when they begin to sing before her, but she liked Mr. Jackson's voice so well that she asked him to sing after he had finished his selection, and since she has recommended but one baritone voice in the past and offers to recommend his voice on certain conditions, it is a most flattering compliment. The conditions are that Mr. Jackson go to Berlin and study voice culture one year at the famous conservatory of Berlin, under the noted German teacher, Herr Friederick, husband of the prima donna of the Berlin Opera House. Mme. Gadski urged Professor Jackson to study for grand opera, assuring him that he can have a position with a good salary at the end of a year's study.

"Professor Jackson has been at the head of the Conservatory of Music at Whitman for three years, and has been teacher of voice, and in accordance with the custom of the college, will be granted a year's leave of absence for study. He will leave in June for Berlin and will take lessons from Herr Friederick under the personal supervision of Madame Gadski.

"When asked to-day by a representative of the Bulletin if he contemplated taking up the grand opera work, Mr. Jackson said that he had no intention of doing so. He said that he much preferred teaching to singing in opera unless he could be one of the stars."

ALIENS AND DRINK.

CHIEF SOURCE OF CRIME IN ENGLAND — INTEMPERANCE AMONG WOMEN INCREASING.

London, Feb. 16.—Judge Rentout, who has had a wide experience in the criminal courts, adds aliens to drink as the chief source of crime here. In a lecture on Wednesday he said he had left Old Bailey that afternoon after sitting exactly a week. During that time three-fourths of the cases tried before him were those of aliens of the very worst type in their own countries. He had before him a Russian burglar, a Polish thief and Italian and German swindlers. In regard to drink and its cause, the judge declared that drunkenness and intemperance were increasing by leaps and bounds among women.

BROKE THROUGH THE ICE.

West Shefford, Feb. 18.—(Special)—Mr. John McMahon and his little daughter were crossing Brome pond on Monday night just after dark with a pair of horses and sleds. It had snowed so much and was still snowing that he could not see the track and the team got off the road and without any warning went through the ice into the water. Mr. McMahon threw the little girl on to the solid ice and succeeded in getting out himself. Mr. Tetreault, who lives near the shore, came to his assistance, and after some hard work and with another horse they pulled the horses, sleds and harness out of the water. He feels that he was very fortunate in getting out so well.

MARRIAGES

GENDRON—LEBEAU.

Sutton, Feb. 18.—(Special)—One of the prettiest weddings of the year took place at the Catholic Church on Tuesday morning at 9 o'clock, the contracting parties being Miss Aglae Lebeau, eldest daughter of Mr. A. Lebeau, and Mr. William Gendron, second son of Mr. John Gendron. Rev. Mr. Martin officiated. Miss Lorena Gendron, sister of the groom, was bridesmaid, the best man being Mr. Gector Lebeau, brother of the bride. The flower girls were the Misses Delia Lebeau and Georgianna Gendron. Mr. Victor Gendron, of Sutton, and Mr. Eddie Lebeau, of Montreal, were ushers. The bride looked charming in her wedding dress of pearl grey satin, her travelling suit being olive green, while her reception dress was grey. Miss Gendron, the bridesmaid, looked very pretty in blue. There was a big turnout at the church to witness the ceremonies as both bride and groom are among our most popular young people and everyone wishes them well. There were 200 invitations to the church service, but scores of others were in attendance. The church candles to the number of 22 blazed forth to show the age of the charming young bride. After the ceremonies were over at the church the relatives and 100 invited guests proceeded to the home of the bride's parents, where a grand reception and dinner was given. The large dining room was beautifully decorated with flags and evergreens. The wedding cake was a beautiful three-storey affair, made at Knowlton for the occasion by Mrs. Hiram Wood, the decorations being put on by the nuns of Sutton. The presents were many, both useful and beautiful. Among the guests in attendance at the wedding and reception were Mr. Ed. Lebeau, of Montreal; Mr. P. M. Flanagan and wife, Richford, Vt.; Miss Corrine Beaudoin, Cowansville; Miss Clara Gendron, Pigeon Hill; Mr. A. Boucher, Abercorn; Miss Louise Norton, Cowansville; Miss Mae Rousseau, Sherbrooke; Miss Emma Rousseau, Knowlton; Mr. W. Lebeau and Miss Clara Lebeau, Montreal, and Miss Louise Vincent, Richford, Vt.

One of the pleasing events of the afternoon was the singing of a song by the groom's grandfather, Mr. Olivier Godue, who is 94 years of age.

One large table was literally loaded down with valuable presents as well as an entire corner of the reception room upstairs, while several valuable rocking chairs, and in fact enough of nearly everything to set up housekeeping with. The happy couple left on the late express for a brief trip to Boston, when they will return to take part in another grand reception to be given by the parents of the groom. A large number of friends saw them off on the late express for Boston and they surely carried with them the heartfelt good wishes of all Sutton people for their future happiness through what is hoped may be a long and happy life.

It is pleasing to know that Mr. and Mrs. Wm. Gendron will continue to reside in this village.

50,000 AT THE FETE.

CELEBRATION AT PARK SLIDE CARRIED OUT WITH PICTURESQUE EFFECT LAST NIGHT.

Montreal, Feb. 17.—In a driving blizzard of sleet and snow, with an east wind blowing at a thirty mile an hour gait, the annual Fete du Nuit of Park Slide was held Tuesday night, under circumstances and with an attendance probably never paralleled in the history of this event, unique as it is in the calendar ofCanadian winter sports.

Upwards of forty thousand persons, it was estimated, were gathered at one time or another on the crest and slopes of the saucer-like dip on which the slide is built at the back of the mountain, and the spectacle presented when the fireworks started shortly after the arrival of Their Excellencies the Governor-General, Countess Grey and the vice-regal party at 9.45 o'clock, rose to heights of weird grandeur.

PRINCE RUPERT HARBOR.

It was erroneously reported in a recent press despatch that the surveys made by H.M.S. "Egeria" last summer indicated that the Brown Passage between Dundas and Stephen Islands, the most direct entrance to Prince Rupert Harbor, is so studded with reefs as to make safe navigation impossible. This is emphatically contradicted by Mr. W. P. Anderson, the Chief Engineer of the Department of Marine and Fisheries, at Ottawa, who was on board the "Egeria" last month and saw the captain's plans of the survey of the passage. There are reefs on each side of the passage, but the passage is clear for a width of between two and three miles. Stenhouse shoal and Hanmer Rocks mark the northern limit of clear water and the North Breaker, which shows well above the water, is the southern boundary of the clear passage. When these points have been marked by lights, there will not be the slightest difficulty or danger in entering through that approach. A gas buoy has already been moored on Stenhouse shoal, just outside of the passage; with that aid alone and with the North Breaker showing, the largest sized vessel can now go through in perfect safety, day or night. It is the opinion of the Chief Engineer that Brown Passage presents as clear an approach as any vessel need desire.

The Luckiest Day of My Life.

Mr. Thomas Wylie (Box 384), Galt, says:—"It was the luckiest day of my life when I struck PSYCHINE, for I truly believe I should not be alive now but for that."

"A neglected cold was the beginning of my trouble, and what seemed to be a simple ailment, soon developed into a serious and dangerous condition. I got so low that it was scarcely possible for me to walk around, and I lost so much flesh that I looked like a skeleton. I was just about ready to "hand in my checks," although only 20 years of age. The medicine the doctor gave me made me worse and I got disgusted and hopeless. Then I struck PSYCHINE."

"PSYCHINE did miracles for me. The first bottle gave me new life and courage, and in less than no time I began to put on flesh rapidly, and felt I was on the high road to recovery. My appetite returned and "ate like a hunter," as the saying goes. My friends were surprised, and hardly knew me. In three months I was as strong and well as ever, and returned to work in the mill. I have not had a days' illness since. Nobody could wish for better health than I enjoy, and it is all owing to PSYCHINE. It should be in everybody's hands."

USE PSYCHINE EARLY

Too often PSYCHINE is used as a last resort, when doctors have failed to relieve or cure, and frequently when they have abandoned all hope. Under these unfavorable conditions, let hope be not abandoned, for PSYCHINE will prove an unfailing friend. How much better and surer would be the results if PSYCHINE were used in the early stages of the illness!

For PSYCHINE for COUGHS, COLDS, WEAK LUNGS, LOSS OF APPETITE, WEARINESS and that TERRIBLY RUN DOWN FEELING. All Druggists and Stores sell at 50c, $1.00, and $2.00 Sizes.

USE YOUR OWN JUDGMENT!

There are times when a choice has to be made between following the advice of a physician and taking the responsibility of using PSYCHINE without or in opposition to his advice. You have the fullest assurance that you will be perfectly safe and justifiable in taking PSYCHINE irrespective of any physician's advice, and even contrary to it. The physician that opposes its use is either out of date and not in touch with the most successful systems of treatment, or his own interests are put before those of his patient. The best physicians, who have, without prejudice, looked into the great work PSYCHINE is doing for humanity, are recommending it to many of their patients, and are unstinted in their praise of this remedy, the equal of which the world has never seen.

"I can truthfully say that I believe that, but for the use of your Emulsion I would long since have been in my grave. I was past work—could not walk up-hill without coughing very hard."

THIS, and much more was written by Mr. G. W. Howerton, Clark's Gap, W. Va. We would like to send you a full copy of his letter, or you might write him direct. His case was really marvelous, but is only one of the many proofs that

Scott's Emulsion

is the most strengthening and re-vitalizing preparation in the world. Even in that most stubborn of all diseases (consumption) it does wonders, and in less serious troubles, such as anemia, bronchitis, asthma, catarrh, or loss of flesh from any cause the effect is much quicker.

Do not delay. Get a bottle of SCOTT'S EMULSION—be sure it's SCOTT'S and try it.

THE SCOTCH COLLIE AGAIN.

The now somewhat famous Scotch collie is still under the guardianship of Bailiff J. O. Gauthier. The question as to the ownership of the dog has been discussed in two courts, the last court deciding that the dog belonged to Mr. Pegg, Melbourne, and condemned Mr. Helmer, of Cornwall, Ont., to pay the costs in the Circuit Court. While the Court condemned Helmer to pay the law costs, the Court, also, condemned Pegg to pay for the keep of the dog to the bailiff, and assessed the amount at $25. This amount has not been forthcoming and Mr. Gauthier is about to bring a motion before the Court to be allowed to sell "King."

THE LATE ROBERT SIMS.

The remains of the late Robert Sims were taken to North Hatley for burial on Tuesday, the 16th inst. For the past two months he had been residing with his son William, on First Avenue, East Sherbrooke. Although in poor health for some time his condition was not such as to cause his relatives any unusual anxiety.

He passed a portion of Saturday night sleeping in a reclining position in a chair, feeling more at ease thus than lying down, but wishing to change his position arose and went upstairs to his bed where he expired almost immediately on lying down. Dr. Pelletier was quickly summoned but too late to be of any service.

The deceased was born at Bristol, England, April 14th, 1829, and came to Canada with his parents as a child, his boyhood days together with much of his mature life being spent in Inverness, Megantic County, where he engaged in farming. He was married at Quebec City March 6th, 1857, to Elizabeth Gallagher. In the year 1898 he removed with his family to North Hatley, and most of his time since was passed in that vicinity, with his relatives. As husband, father and friend he will be much missed; of a retiring and modest disposition he succeeded in winning the love and esteem of those who knew him best, and will be remembered by his sons and daughters as a father imbued with true Christian principles. He is survived by his widow and fourteen children, the issue of his marriage; ten are still living. With the exception of his son, Allen, who is in Pasadena, Cal., all the other surviving members of the family were present at the funeral, which was conducted by the Rev. J. J. Seaman, of North Hatley. The bearers were William Gallagher, brother-in-law; William Campbell, Jas. Fowler, William Mennie, S. Campbell, sons-in-law, and R. Smith. The many floral tributes bore silent testimony to the esteem in which the deceased was held.

The surviving daughters comprise: Mrs. William Campbell, Compton; Mrs. Jas. Fowler, Mrs. William Mennie, Sherbrooke, and Mrs. Samuel Campbell, North Hatley. The sons are William, John, Harry and Asa, of Sherbrooke; Robert, of Haileybury, Ont.; Allen, of Pasadena, Cal.

AMUSEMENTS.

"THE MAGISTRATE."

Pinero's "The Magistrate" is without doubt the most popular play written in the last twenty-five years. The fact that it was played for more than a year in the Court Theatre, London, actually put on more than three hundred times in succession, shows how intensely facinating it is.

To-night this comedy is being presented in Clement Theatre by Bishop's University Dramatic Club. The success of this club in presenting the classical and more difficult plays, "She Stoops to Conquer," and "The Rivals" both in Sherbrooke and Quebec city, guarantees them a good house.

AN X-RAY MARTYR.

(London Standard.)

Yet another scientist, Mr. Harry W. Cox, has paid the heavy price of amputation for experimenting with X-rays for the benefit of suffering humanity. Mr. Cox, who is one of the leading manufacturers of X-rays and high frequency coils and apparatus, with premises in Grays Inn-road, has been operated upon at his home at Clapton for the dreaded X-ray dermatitis, and he has lost the larger portion of his right hand, including three fingers. The thumb and the little finger were saved. Some years ago Mr. Cox lost one of the fingers of his left hand and he has yet to undergo another operation. He has contracted the disease in the chin. Like Dr. Hall-Edwards, who has lost both his hands, and has been awarded a pension from the Civil List, Mr. Cox has suffered from the early ignorance respecting the dangers of the then newly discovered rays. Nowadays the operators are elaborately safeguarded. Mr. Cox's first injuries were sustained while testing apparatus to be sent out for use by surgeons during the Boer war.

Deaths Reported.

MRS. M. E. PIPER, FORMERLY OF WATERVILLE.

Coaticook, Feb. 18.—(Special)—There died in the hospital at Waterbury, Vt., February 14th, 1909, Mrs. Mary Ella Baldwin Piper, only daughter of the late Lewis and Mary Baldwin, and widow of the late R. G. Piper, of Waterville, Que. The remains will be conveyed to Waterville, where the obsequies will take place from the Church of England, and interment in the family lot in the Waterville Cemetery. Deceased was 51 years of age. She leaves three sons, Messrs. Arthur L., Scott E. and Elmer Piper, all of St. Johnsbury, Vt., and one brother, Mr. Judson R. Baldwin, of Coaticook.

LATE PERLEY TURNER, FARNHAM'S CORNER.

West Bolton, Feb. 18.—(Special)—As announced earlier, the death of Mr. Perley Turner took place at Farnham's Corner on Monday, February 8th, at the home of his son James, where he had lived for about thirty years. There are few old friends left to remember his earlier years spent in West Bolton. He was a son of the late Mr. Olney Turner, born on the farm now owned by Mr. Sullivan Davis, and the last to die of a large family of brothers and sisters. The body was brought here for burial on Thursday, the 11th, and committed to the grave by the Rev. A. Galley, of Knowlton. The funeral service had been held at the home earlier in the day. He married early in life Miss Cyntha Hunt, who died in September, 1868, and his married life was spent on the farm now owned by Mr. Andrew McLaughlin, of Bolton Glen. He lived an exemplary life to the good old age of nearly ninety-four years. His three sons accompanied the body, viz., Mr. Cephas Turner, of Knowlton; Mr. Lyman Turner and Mr. James Turner, both of Cowansville. It is believed his grandmother was the first person to be buried in Duboyce Cemetery. She had journeyed from Rhode Island in the year 1801. A few relations here met the family at the grave for burial.

MRS. PIERRE LASSONDE, OF SUTTON.

Sutton, Feb. 18.—(Special) — Mrs. Pierre Lassonde died on Wednesday at her old home here in the 75th year of her age. For years past her daughter-in-law, Mrs. Ed. Lassonde, and deceased had resided on the old place, the farm which had been her home during the past 58 years. Born in Dunham in 1834, she came to Sutton a few years later when quite young, and here she married and brought up her family of nine children, only two of whom survive. Her husband, the late Pierre Lassonde, died here 42 years ago last December. Deceased's maiden name was Phoebe St. Aubin. Being a hard working woman of the true-as-steel sort, she leaves many friends to mourn her death.

Recruiting for the extra four companies of the 53rd Regiment has already begun, and already a great number of our young men who have in the past been identified with any military organization have entered their names on the Service Roll. The new Armory, with its reading room, shooting gallery, bowling alley, mess rooms, etc., should prove a strong drawing card, making the 53rd Regiment one of the crack Corps in the Dominion.

The Band of the 53rd Regiment will give a concert in the Clement Theatre early in March and the music loving public may look forward to a rare treat. Bandmaster Waddington is rehearsing the members of that organization three times a week and the results will show no disappointment to the friends of the Regiment who look for a band that will do credit to the city and our local military corps. When the Regiment turns out this coming spring with its eight company strength it will have at its head one of the finest bands in the Province.

The birthday of Miss Alice Maguire, Marquette street, was celebrated by the unexpected arrival of about forty of her friends on Monday evening, and the presentation of a gold watch and chain, a very pleasant surprise for the recipient. The rest of the evening was spent playing progressive euchre, the following being the fortunate winners of prizes: Ladies: 1, Miss Rose Dubois; 2, Miss A. Laplante; consolation, Miss N. A. Chapdelaine. Gentlemen: 1, Louis Desjarlais; 2, A. Labadie; consolation, M. Dubois. Eleven tables were required for the game, and the prize winners were Mrs. Albert Jenckes (St. Catharines, Ont.,) Mrs. Spafford, (Lennoxville), Miss Lilly Griffith and Mrs. T. S. Somers. FIFTH WEDDING ANNIVERSARY.

A very pleasant surprise party was held last evening at the home of Mr. and Mrs. Duncan McLeod, Prospect Hill. Shortly after 8 o'clock over fifty of their friends marched into the house to congratulate them on the fifth anniversary of their marriage. Euchre was played at ten tables until 11.30 p.m., after which refreshments were served and a social hour spent in conversation interspersed with vocal and instrumental music. Mr. S. R. Edney on behalf of those present in a well chosen speech presented Mr. and Mrs. McLeod with a handsome quarter oak table. Mr. McLeod responded in his usual happy strain and said if it was a political speech or a sermon they wanted, he could accommodate them, but being taken by surprise in that way was something he was not familiar with and words would fail him to express his gratitude not only for the beautiful present, which would always remind them of that happy event, but for their presence at his home which was always open to the friends of the Syne, and the National Anthem, the party left at 1 a.m., all declaring that they enjoyed a very pleasant evening.

"HOBSON'S TUNNEL."

The electrification of the Sarnia Tunnel is a glory to the Grand Trunk Railway. By the substitution of electricity for steam, plus smoke, as the power that moves trains under the waters of the St. Clair, the G.T.R. escapes the remote but haunting possibility that a train full of people will be smothered in the tunnel.

Electricity in the Sarnia Tunnel did not have its installation completed and celebrated without tribute, gloriously deserved, to the genius of Joseph Hobson. A Christopher Columbus of engineering science, Joseph Hobson ventured upon unknown seas and added a new continent to the possibilities of tunnel building geography.

The recognition accorded to Mr. Hobson at Sarnia was deserved and should be useful. Joseph Hobson never won a footrace or an election or received a knighthood. His own unaided genius has raised him to a place among the greatest of Canadians.—Toronto Telegram, Nov. 23rd, 1908.

DR. PETERSON AT BISHOP'S COLLEGE.

Gave an Illustrated Lecture Last Night.

THE VIEWS SHOWN WERE MOST BEAUTIFUL.

In the third of the series of lectures arranged by Bishop's College, Dr. Peterson, LL.D., C.M.G., Principal of McGill University, addressed a large gathering in the Bishop Williams' Hall, last evening, his subject being "The Ruins of Athens," illustrated.

Principal Parrock, in introducing Dr. Peterson, dwelt upon his presence as representing the community of interest between the two universities. He spoke of the great scholarship of Dr. Peterson and added that when McGill's Principal discussed a question of Greek or Roman civilization he was speaking as a master, as a scholar known to two continents.

Dr. Peterson in his reply said that the spirit of brotherliness had prompted him to come to Lennoxville as he thought that when one university was making an effort to extend the principles of higher education, it was the duty of the others to give all assistance in their power.

In his introductory remarks the learned lecturer tried to bring before the minds of his audience the glories of Athens, culminating as it did in the Periclean Age. Then he proceeded to illustrate with lantern slides, the beauties of Athenian art and architecture. The views of the buildings were especially clear and beautiful and showed them in all the glory of their architecture. Towards the close of his address Dr. Peterson spoke of the contemplated establishment of a Canadian branch of the Archeological Society, and expressed the hope that all the universities of Canada would contribute the forces of learning and research to make it a success.

At the close of the lecture Mr. H.D. Lawrence in a happy speech, thanked the lecturer for his most illuminating and instructive lecture, and said that it was not at all outside the bounds of possibility that some day in connection with the Archeological Society a student of Lennoxville might make himself and his university famous by the discovery of some new "Rosetta Stone" in the midst of Guatemala or Yucatan.

A hearty vote of thanks was unanimously extended.

Stallion For Sale

At J. H. McDonnell's Hotel, Sherbrooke, Belgian draft Stallion, 4 years old; a beautiful chestnut; weight, 1770 pounds; name, Don Juan De Hognoul, No. 42366, imported late in August, 1908. He was approved by the Belgian Government to stand for service in Belgium. He is not only one of the biggest, but one of the best 3-year-olds that left Belgium last year. His physical conformation is perfect, and his action is the sort that everybody is looking for in a draft horse. With his strong breeding and extraordinary quality he is certain to sire the sort of horses that always command the highest prices in the market. It is not often that so perfect and well bred stallion is permitted to leave his native country.

The farmers and breeders are fortunate who secure his valuable service.

DEFEATED DANVILLE BY A SCORE OF 3 TO 2.

Asbestos, Feb. 18.—(Special)—A fast and strenuous game of hockey was played on the local rink last night, between Danville and Asbestos. HANS HOLMER FIRST.

RUNNING UNDER QUEBEC CLUB'S COLORS EX-HALIFAX RUNNER WON ROUND MOUNTAIN RACE.

Montreal, Feb. 18.—Hans Holmer, the Halifax runner, who finished second to Longboat in the ten mile foot race held here last autumn, yesterday on snowshoes won first honors in a race around the mountain organized by La Presse.

Holmer ran under the colors of Le Huron S.S.C., of Quebec, and was first in a field of twenty-eight starters. The course was from the ice palace south to Pine avenue and then west along Pine avenue, up the gully and through the cemetery to Lumkins, the runners then turning east and coming home by Cote St. Catherine road and Park avenue. The finishing point was again in front of the ice palace. The distance was about 6½ miles, and Holmer's time was 44 mins. 37 2-5 secs., a fair performance on the heavy going.

Robillard, of the Nationals, was second; A. Fabre, of the same club, third, and Dunsmore, of Hollies, fourth.

After the runners had dressed at the Duluth rink they proceeded down town to La Presse offices, where at 5.15 o'clock the prizes were presented by President Gordon C. Bowie, of the Canadian Snowshoe Union.

Robillard, the second man, won the Canadian Snowshoe Union medal and the medal presented by R. Hemsley for the first French-Canadian runner to finish. Fabre, the third man, received the D. RAN UP BIG SCORE.

WANDERERS FOR FOURTH TIME DEFEATED SHAMROCKS LAST HIGHT, 12 GOALS TO 2.

Montreal, Feb. 18.—For the fourth time this season Wanderers defeated Shamrocks at the Arena last night, and, as far as the scoring went, it was an overwhelming victory for the champions. The score was 12 goals to 2, the biggest score that Wanderers have rolled up against any team this year. They tallied five goals to Shamrocks one in the first half and 7 to Shamrocks one in the second half. The first goal was theirs and though Shamrock evened up with the next, Wanderers again took the lead with the third and then proceeded to sandwich in the remaining Shamrock score between 5 straight goals, both ways.

The match wound up the series of four encounters between the two teams under the double schedule and Wanderers emerge with a record of 32 goals to Shamrocks 14.

STANSTEAD.

Great interest is being manifested in the concert to be held in aid of the Italian Relief Fund at the Haskell Opera House on Friday evening, Feb. 19th and for which Miss Edith Castle of Boston, the well-known contralto, has, with others so kindly volunteered her services. Miss Castle is the pupil of Mr. W. L. Whitney, the head of the International School of music in Boston, Paris, and Florence, and also of the world's famous Signor Vannucini of Florence. She has studies in these three musical centres and has fulfilled many important engagements. Her voice is fine in quality and her songs cover a wide range of the best composers. All who have heard Miss Castle are charmed with the sympathetic rendering of the works of these great masters. For love of Italy in the time of her great need, Miss Castle offers her services. Mr. Murray Brooks of Montreal, who is so well and favorably known here will be associated with Miss Castle and it is hoped that his many friends here will take advantage of the opportunity to hear him again. Mr. and Mrs. Wright Hovey will also assist in the programme and Miss Jessie Colby will act as accompanist to Miss Castle and Mr. Brooks. Mr. D. W. Davis will act as chairman. A large number of tickets have already been sold. Those from out of town desirous of obtaining seats can reserve them by telephoning Miss Flint at the Derby Line drug store. For the convenience of Stanstead people a bus is to be run to and from the concert. It is hoped that all may consider this a privilege to help swell the receipts, which go to help Italy and which the large offerings of the other countries are still inadequate for the great task of caring for their sufferers. The expenses of this concert are being borne by friends of Italy who wish this enterprise the best of success.

FINANCIAL AND MARKET NEWS

PROVISION MARKET.

Montreal, Feb. 18.—Receipts of provisions to-day were 100 barrels pork, 13 packages lard, 285 doz. tinned meats, 8 boxes hams and bacon, and 164 dressed hogs. There were no further developments in the hog situation, but the undertone to the market for dressed is easy and the demand is somewhat limited. Abattoir fresh killed are selling at $10 to $10.50; Manitoba dressed at $9.50 to $9.75, and country dressed at $8.50 to $9.50 per 100 lbs. The trade in cured meats is quiet, but the demand for lard is fair.

CANADA.

(Words and music by Edgar Kennedy.)

O Canada, broad Northern land,
True daughter of that Isle
Far o'er the sea,
Yet art thou free
In all that's worth the while.

Thy fate is grand and future fair,
For thee we'll gladly do and dare,
With Justice, all may Freedom share
From Gulf to Klondike's sand.

Chorus:
We're Canadians first, last and ever,
French, Irish, Scotch, English and all,
Yet the folds of the Union Jack never,
On more loyal Britons can fall.

Fair Canada, 'neath summer's sun,
In tropic beauty drest,
Thine air gives health,
While work brings wealth
Where Nature's at her best.
'Tis now the morning of thy hope;
Let Wisdom hold thy guiding rope,
That thou with storms of Fate may'st cope
On voyage but begun.

Chorus:
Here's a health to the great Mother Nation,
To heroes her bosom has nurs'd,
And the flag that encircles creation,
From hearts that hold Canada first.

Canadians, 'mid heat or cold,
Fear naught from foreign foes,
If forced to fight,
We'll guard with might,
Our Lady of the Snows,
The Beaver and the Maple Leaf,
Our emblems, stand in bold relief,
As word and warning to the thief,
That what we have we'll hold.

Chorus:
Though others may try to deceive us,
We'll follow our Destiny's track,
And, till Reason and Memory leave us,
We'll cling to the old Union Jack.
