Evidence in the Police Court Cases Against Messrs. Chisholm, McCullough and McGillis, Brings Out Interesting Statements.

The preliminary trial of T. J. Chisholm, Alexander McGillis and Mr. D. J. McCullough, charged with conspiracy to defraud, commenced yesterday afternoon before Judge Choquet. The crown was represented by Mr. Cooke, the Merchants Bank of Halifax, by Mr. R. D. McGillis, Mr. Chisholm, by Mr. J. N. Green-shield, Mr. McGillis, by Mr. E. B. Devlin, with Mr. St. Pierre, as counsel, and Mr. McCullough, by Mr. Donald Mac-master, while Mr. Kavanaugh watched the proceedings in behalf of Messrs. Mullin, Mr. James E. Mullin, President of the Montreal Cold Storage and Freezing Com-pany, was the first witness called. Mr. Chisholm, he said, had been general manager of the company. His duties had been practically unlimited. In fact, every-thing that had to be done had been done with Mr. Chisholm's consultation. He had had a salary of \$1,500 a year. Mr. J. F. Mullin was in the employ of the company for a time. What were his duties? Principally to attend to the machinery of the company. Afterwards he was, I believe, appointed to look after and keep check upon the produce coming in and to report to the office.

How long was he so employed? Not very long. Why did he cease to do this checking? I cannot say positively, but the story that came from Mr. James Mullin— Mr. St. Pierre—that not the evidence. Witness—The reason he gave was that he was interested with Mr. Chisholm, and he said he could not get the means of checking the goods and he would not be responsible for them. After he gave up, who was it under-looked the duty? Mr. D. J. McGillis. Who was it who made out warehouse receipts? Principally if not entirely, Mr. Patrick Mullin and Mr. D. J. McGillis. Did the accused, Chisholm, ever make any? I think it was quite likely he did. Did you ever see any of these? I do not remember seeing any of these that I have seen of. Do you know that a large amount of warehouse receipts were issued? Oh, I learned that from the bank. To what extent? I think, if I remember rightly, \$270,000. When you learned that a large amount had been issued, did you take steps to ascertain whether there were goods re- presenting that amount in the warehouse? I believe not.

MR. STEWART'S EVIDENCE. Mr. D. M. Stewart, Inspector of the Merchant's Bank of Halifax, was then called. He stated that his bank had ad- vanced money to Croil & McCullough on bills of exchange and notes secured by warehouse receipts of the Montreal Cold Storage and Freezing Company. What would the receipts represent? Cheese or butter, which would be in the warehouse. How would this receipt be given to you? It would be hypothecated on the bank's regular form as a security. Who brought these receipts to you? The bookkeeper of the company found any else? Mr. McCullough. Anyone else? Anyone also got receipts from Mr. Chisholm. To what extent did you receive ware- house receipts and discount bills of ex- change and notes during August, 1899? To the extent of \$20,000. Did you do any business with T. J. Chisholm himself? Yes. We cashed for him bills of ex- change drawn by A. D. McGillis upon English houses. To what extent? \$60,000. In addition to the \$20,000? Yes. Upon what was it that the Merchants Bank of Halifax advanced this money to Croil & McCullough and Chisholm? Partly upon the security of their good names and partly on the security of the goods hypothecated under the warehouse receipts. If the receipts had not been given, would the money have been advanced? No.

MR. CHISHOLM TOLD. Did you afterwards discover anything was wrong about the receipts? Yes. We discovered early in April last that the goods were not in the ware- house. From whom? From Mr. Chisholm. He was sick at the time and telephoned our local man- ager, Mr. Brock, to see him. I went with Mr. Brock to Mr. Chisholm's house. Mr. Chisholm told us that he had to inform us that the goods which we thought were held against the receipts, were not in the warehouse, that they had been surreptitiously abstracted by Mr. McGillis.

How did he make out he was the guilty party? He said that it started in a very small way originally, that probably a year ago a half, he got a note from Mr. McGillis ab- stracting some goods which the Dairy Com- pany had in storage with the Montreal Cold Storage and Freezing Company, with- out the knowledge of any of the officers of the company; that since that time he got in this sort of a note, Mr. McGillis told McGillis of what he had done; and Mc- Gillis stated that, through lack of moral courage, he failed to report the matter to any of the first officers of the Cold Storage Company. Further abstractions in a small way, to take place, and from that on, Mc- Gillis said his downfall was easy. He stated to me that he had been the estab- lishment of McGillis throughout the whole affair.

Did he mention as to how he came to issue these warehouse receipts, and if the goods were in the warehouse at the time? He stated that at first there were goods which represented perhaps the amount of some of the receipts, but subsequent- ly warehouse receipts were issued for which there were no goods. He made these statements to you in the presence of Mr. Mitchell? Yes. Who introduced the Croil & McCullough Dairy Company to the bank? Mr. Chisholm. Who guaranteed the account? The guarantee was signed by Mr. Chisholm and Mr. McGillis. What was the amount of the guarantee? \$170,000 on notes and unlimited on ster- ling. In the discounting of bills of exchange for Croil & McCullough did Mr. Chisholm take any part whatever as regards rates of discount? Yes; he sometimes discussed the account, and the limits to which it was to be con- fined, and arranged for the discount rate and terms of that kind. Do you remember his having discussed any particular transaction in connection with the account? Occasionally he arranged the rate of discount and afterwards sent up the bill of exchange. So he took an active interest in the affairs of Croil & McCullough? Yes. Mr. Stewart identified five warehouse receipts, attached to the notes of A. D. McGillis, as being in Chisholm's handwrit- ing, and the proceeds of which had been

Secrets. Women can keep secrets. They often keep secrets for a long time the fact that they are suffering from drains, inflammation, ulceration, or female weakness. But they can't keep the secret very long, because the hollow organs, which are the seat of these troubles, have lost their freshness, and the irritability which comes from sorely tried nerves, all conspire to publish the story of suffering. The usual motive for such secrecy, a dread of delicate questions and offensive examinations, is removed by Dr. Pierce's method. Diseases of the womanly organs are perfectly cured by the use of Dr. Pierce's Favorite Prescription. Sick women can consult Dr. R. V. Pierce, Buffalo, N. Y., by letter free. Your wonderful medicine, Favorite Prescription, writes Mrs. C. N. Anderson, of Rock-bridge, Va. "I could not take any more of the usual medical discoveries, and one of Dr. Pierce's pills cured me. I think Dr. Pierce's medicine is the best in the world for sick and nervous women."

INCURABLES HOME TO BE ERECTED. His Grace Archbishop Bruchesi Makes the Statement. AT HOSPICE GAMELIN FAIR. Institution Will Be Under the Control of the Nuns, and Will Be Begun in a Short Time. His Grace Archbishop Bruchesi, last night, attended the Patriotic Exposition, in miniature, which has been held at the Hospice Gamelin, on St. Catherine St., under the auspices of the Sisters of Providence, during the past fortnight. The success of the fair has been most gratifying and it is expected that a sum of \$5,000 has been realized for the hospital. His Grace, in congratulating the reverend sisters on their good work and support given them by the public, announced that in a very short time a plan for the erection of a hospital for incurables in Mont- real, would materialize. "We have institutions for contagious diseases, homes for the infirm, refuges for the old and the orphan," he said, "but we have no institution for those unfortu- nates stricken with incurable ailments. Such an institution will, however, be erect- ed in a short time and will be under the direction of the good nuns." The Exposition closed with the distribu- tion of prizes and the singing of the "Magnificat."

DID HE EXCEED HIS PRIVILEGES? Ald. Lebeuf Charges That Chief Hughes Made Appointments WITHOUT SEEING COMMITTEE. Ald. Chevalier Would Have the Sunday Sacred Concerts at Her Majesty's Theatre Discontinued. A lively spat occurred yesterday after- noon at the meeting of the Police Com- mittee over some appointments which had been made to the police force during the first couple months. Chairman Lebeuf was the one to raise the protest. "These appointments," he remarked, "were made during my ab- sence, and I have only just become cogni- zant of the manner in which the posi- tions were awarded. It appears that the committee had no share in them, but that the Chief of Police arrogated to himself the filling of the vacancies. That is not as it should be. The committee alone has a right to make nominations. That is what I maintain, and we must decide once for all whether the Chief of Police or the committee has the right to name constables." Alderman Chevalier declared that the committee in question had been by Chief Hughes at his request, and that he would be responsible for them. Chief Hughes said that it had always been customary for him to name the constables. He had always done it, and he has still this right, in virtue of his rules. The rules were sanctioned by the Council. He was, however, willing that the com- mittee should take charge of appoint- ments, if it so desired. He would thus be relieved of what was sometimes a dis- agreeable duty. The Chairman thereupon proposed that the nominations made by the Chief be annulled, and that the candidates be ac-

accepted according to the rank assigned them in the examination. One of the appointments made, he said, had been from among those whose names appeared in the second class, while there was a number of applicants in the first class still available. All the members of the Committee de- clared themselves against the dismissal of the constables named by the Chief and Alderman Chevalier. It would, they said, be a harshness to dismiss those who had accepted the position in good faith. Ald. Roy alone supported the president, Ald. Chevalier protested against the course pursued by the president toward his colleagues. This brought on hot words between Ald. Lebeuf and Chevalier. A vote was then taken, which sanc- tioned the nominations made. Another vacancy existing a number of "first class" was selected, and so the incident closed happily. SUNDAY THEATRES. Ald. Chevalier complained that theat- rical entertainments were being given at Her Majesty's Theatre on Sunday after- noon, and the interpretation left to the theatres in the east. All should be treated alike—east and west. Ald. Ames said that the law should be enforced without distinction to locality or persons, and the interpretation left to the courts. The people in the west held that the performance in Her Majesty's was not a theatrical performance, but a concert—a sacred concert—and thus did not come within the meaning of the by-law. As a test case is now before the courts—in which two east end managers have ap- pealed from a decision of the Recorder's Court, having taken out a writ of certiorari—the committee thought it well not to interfere for the present. When the proper interpretation is placed on the by-law by the Superior Court judges will be thought, be time enough to take action. COAL NEEDED. Chief Hughes explained that the de- partment was urgently in need of coal, but that Charles Charland, who had been awarded the contract, was averse to sup- plying any. This had necessitated a di- vision of the coal held over from last

Tansey suggested that a memorial petition be served on Mr. Charland, when, if he still persists in his refusal to carry out the conditions of his contract, coal will be purchased elsewhere. He will also be held accountable in damages. Aside from the fact that all the stations need coal in the ordinary course of events, there is this other con- sideration, that the prisoners may be placed in a position to maintain that their constitution has been undermined by the coldness and dampness of the cells. A DRILL INSTRUCTOR. Acting-Detective Landreault is to be promoted to lieutenancy, with duties as drill instructor. The arrangement is fac- ilitated owing to the fact that a vacancy exists at the Central Station. Chairman Lebeuf inaugurated a movement in this direction some months ago, but it was unfortunately blocked, as he said, in carrying out his efforts, in the Council, by the "old man," who was a military man appointed. As soon as the Council threw cold water on the project it became necessary for

STOCK YARDS CASE.—William Frawley, cattle dealer, of Warwick, was before the Recorder on a charge of offering cattle for sale at the Montreal stock yards on St. Etienne Street. NOTHING IN THE STORY.—General Manager Wanklyn, of the Montreal Street Railway Company, says that there is no truth in the report that his company and the Grand Trunk Railway had practically reached terms by which the former should secure running rights over the latter's Bridport section. On more than one occasion, said Mr. Wanklyn, "we have been requested by the people of St. Lambert to give them a service, which, in the nature of the case, would, of course, be dependent upon our securing running rights over the Victoria Bridge. With that object in view, we have more than once approached the T. R. authorities, but so far with no appreciable result."

"Do you think there is any prospect of your getting those running rights?" asked the reporter, and Mr. Wanklyn replied: "No immediate prospect," replied Mr. Wanklyn. "Have you made a financial proposition to the Grand Trunk?" "No."

"Have they made you an offer?" "Not as yet."

THE WINTER PORT

The present political campaign presents unusual features of interest, apart from considerations of party. In St. John, New Brunswick, Mr. Foster and Mr. Blair will contend with each other, while a royal fight may be looked for between Mr. Fielding and Sir Hibberd Pupper in Pictou, Nova Scotia. Nearer home, the campaign will be characterized by a determined effort on the part of the Liberal party to improve upon advantages already gained.

MR. MACKAY NOT ACCEPTED YET.—Mr. Robert Mackay has not yet given his answer to the offer of the Liberal nomination in St. Antoine Division; but his friends are sanguine that he will ultimately accept. In such a case, the prospects of the Liberal party in the city of Montreal will be excellent.

MR. PREPONE FOR TERREBONNE.—It is regarded as most likely that the Mayor, Mr. Raymond Préfontaine, will contest Terrebonne at the coming elections. In that event, Ald. Martineau is spoken of as the Liberal candidate in Maisonneuve. Ald. Guimet has been definitely chosen as the Conservative candidate in this division. His list of attainments are not his strongest point.

IN ST. ANTOINE.—Concerning the contest in St. Antoine Division, it is difficult to predict as to the result. Mr. Mackay made a great fight in 1896 against Dr. Roddick, and the approaching election may or may not reveal a change in public sentiment. Dr. Roddick was aided in 1896 by the campaign of terror which the Conservatives conducted. The electors in the lower part of the division, mostly workmen, were terrified into voting for the Conservatives because they believed that the victory of the Liberals would mean the ruin of many industries. Now they have seen the beneficial results of the Liberal policy.

IN ST. JAMES'S DIVISION.—On Monday next the members of the East End Liberal Club meet for the purpose of selecting a candidate to stand at the coming election. The convention will be held during the week. Efforts have been made to induce Ald. Lavigne to stand at the coming election, but he has declined to do so. The Conservative candidate in this division; but the prospect does not appear to be sufficiently tempting.

STANSTAD LIBERALS.—The Liberals of the County of Stanstead are in Magog this evening for the purpose of selecting an opponent to Mr. Moore. It is probable that the nomination will be offered to Mr. Henry Lovell, senior, of Coaticook. This gentleman, with his son, has already represented the county in the Local Legislature.

MR. TARTE HASN'T REPLIED.—The Hon. Mr. Tarte is still undecided as to his choice of constituency. His friends are of opinion that he should accept the nomination of the St. Mary's Division Liberals. To-morrow night he will give his reply to the Liberals of St. John's.

ON SATURDAY evening the members of the East End Liberal Club met for the purpose of presenting an address of congratulation to the Hon. Mr. Tarte, the new Provincial Minister of Public Works.

MR. MURRAY FOR PONTIAC.—The Liberals of the County of Pontiac have selected Mr. Murray as their candidate. This county was represented in the late Parliament by Mr. Pouspore, a Conservative, who resigned on obtaining the contract for the construction of the Longue Pointe pier.

MR. MONK'S CHANCES.—The Conservatives profess great confidence in the success of Mr. Monk in Jacques Cartier county at the approaching election. It is, however, possible that they may find on November 7th that their confidence has been misplaced. Mr. Jerome Decarie has definitely accepted the office of Liberal standard-bearer. He hesitated for some time, but now, "being in," he is likely to give his opponent a good deal of trouble. The family of Decarie is influential in Côte des Neiges, Notre Dame de Grace and Verdun, and in these Conservative parishes a large Liberal vote will be polled than ever before. In fact, if the English Liberal electors of the county give their candidate the support he deserves, Mr. Monk may be considered a well-deserved seclusion which public life does not grant. Mr. Decarie is a talented young man, and may be relied upon to win supporters as he becomes better known to the electors of the county. One gentleman, whose judgment is valuable, predicts his success.

MR. CHERRIER, M.P.P. for Laprairie, reports good prospects for Mr. Monk in the county of Verdun, and predicts him a majority of four to five hundred.

IN ST. MARY'S.—The Liberal candidate in St. James's Division will be chosen next week. Mr. D. A. LaFortune is among those mentioned as well as Mr. J. A. Robillard and Martineau, and Mr. J. A. Drouin.

THE WINTER PORT.—St. John, N.B., Oct. 11.—(Special.)—Messrs. D. H. Eastabrooks, John Sealy and Thos. Gorman, representing St. John Board of Trade, had an interview with the Minister of Railways yesterday relative to winter port business at St. John West.

Mr. Blair assured the committee that, although he was not prepared at present to make any public announcement, St. John would not suffer as a result of any arrangement he would make.

HON. GEO. E. FOSTER MAY FIND NO SEAT.—St. John, N.B., Oct. 11.—(Special.)—Hon. George E. Foster will probably refuse the Conservative nomination here. The party is split and discouraged, and the party is certain to defeat if a Conservative candidate is put up against Mr. Blair. Mr. Foster is looking for another constituency, but there are none safe in the Liberal camp. The Conservatives are putting up a great fight all along the line in this province.

THE FIELD DAY.—The Hussars and Field Battery have informed Lieut. Col. Roy that they will turn out on Thanksgiving Day for the field manoeuvres. This means that all the militia in the city will be out. The will take part, but it is almost sure to do so.

THE MONTREAL PORT.—The question of the St. John winter port business was the subject of a long conference this forenoon between Mr. T. G. Shaughnessy and a delegation from the Board of Trade and St. John, who arrived here by the Halifax express and were received by the president of the Board of Trade immediately on his arrival from his western inspection tour.

The delegation consisted of Messrs. W. M. Jarvis, W. S. Heston, J. Thorne, and W. Frank Hatchway. At the close of the interview Mr. Shaughnessy said that he and the committee of the Board of Trade had discussed the entire subject very frankly in all its bearings, but no decision of any kind had been arrived at. The St. John people were naturally very anxious that the interests of the port should not suffer on account of the dispute between the Government and the Canadian Pacific.

When asked the report was true that the Canadian Pacific would handle the winter port business of St. John on the same terms as last winter, Mr. Shaughnessy said that it was not true. "The Canadian Pacific," he said, "has been no change whatever in the situation," added Mr. Shaughnessy, "since I left Montreal nearly a month ago. I am in a position at the present time to say what will be done, I am just as much in the dark as you are."

The members of the delegation were also approached by the Herald representative on the subject, but they said they preferred not to discuss the question on the subject, but they said they preferred not to discuss the question on the subject, but they said they preferred not to discuss the question on the subject.

THE JURYMAN INTERRUPTED.—The feature of this morning's session of the Supreme Court, in the suit of Mrs. Robert McKimmie, against Henry Morgan & Co., for \$15,000 on account of her husband having been killed while working on the railway, was the way in which a jurymen expedited the case, which is being tried before a special jury. Mr. M. F. J. Quinn, Q.C., was cross-examining a witness, who was found to have been on the stand yesterday afternoon. There was a discrepancy between the evidence given yesterday and this morning on an important point. Mr. Quinn spent a long time over the point when jurymen Charles Stevens broke in with: "Your honor, isn't this a pure waste of time? This has no bearing on the case and it is throwing time away."

Judge Archibald concurred with the jurymen. Contractor Scott was then called and the case continued.

HENRY MORGAN & CO., MONTREAL.

CHANCELLER TRACKS COST \$1,500,000

Committee Practically Determines Upon the Scheme Desired.

MORE NEGOTIATIONS NEEDED.

Four Tracks Will Be Elevated as Far as Atwater Avenue, with All East of Mountain.

The committee having in hand negotiations with the Grand Trunk Railway, looking towards the construction of a high-level viaduct leading from St. Henri into the downtown section, has practically determined upon the plan which it intends recommending to the council for adoption.

At a meeting of the committee yesterday afternoon, a map, showing the arrangement for the raising of all the tracks as far as Mountain Street, continuing a four track elevation as far as Atwater Avenue, after which, a gradual decline is made until the low level is reached in St. Henri. Coming into the city, the freight tracks, two in number, will commence a grade on the high level at Lusignan Street, reaching the low level at Mountain Street, and thence being carried into the city yards as heretofore, Aqueduct and Versailles streets are to be closed, and Albert Street continued to Guy so as to allow to way with the blocking of traffic which would otherwise necessarily follow.

The new plan, it will thus be seen while being the cheapest one possible, meets, at the same time, the demand for which the city has striven for many years. All the passenger tracks east of Atwater Avenue are raised, and only the two freight tracks remain on the level at Mountain Street. Even these are only to be used twice a day, so that the public inconvenience will reach a minimum. While the ideal arrangement, as the members of the committee are prepared to admit, would be to have had the freight tracks raised as well as those for passenger trains, this would mean the cost up far beyond a reasonable point, and would result in the whole scheme being shelved. The improvement would then cost \$3,000,000.

City Surveyor George had prepared a plan calling for the elevation of the tracks as far as Point St. Charles, but this also, it was felt, was out of the question, as the committee are prepared to admit, would be to have had the freight tracks raised as well as those for passenger trains, this would mean the cost up far beyond a reasonable point, and would result in the whole scheme being shelved. The improvement would then cost \$3,000,000.

Speaking in justification of the proposed expenditure of so large a sum of money upon this single undertaking, Ald. Laporte said that he felt the increase in trade that would result in the merchants in Notre Dame, St. Antoine and St. Antoine Streets, would more than afford sufficient compensation. In recent years the revenues to the city from these streets had very largely decreased, and there were perhaps at the present moment 75 of the stores vacant. All this would be changed when the people from the western and northern sections had an easy and convenient elevated scheme to be extended to cover all the western and southwestern portions of the city.

"Are you willing," asked Ald. Laporte, addressing Assistant-General Manager Wainwright, "to see that this plan will be carried out if we give you the money?" "Mr. Hay is the one to do that," answered Mr. Wainwright; "it might be well for you to recommend the plan."

"I am willing to recommend it," concluded Ald. Laporte. The committee will now get into closer communication with the G.T.R. authorities to arrange for the money to be prepared to submitting the scheme to the people for their approval. It is not likely that all the arrangements in this particular can be completed before a couple of months, as Chairman Sedler and Mr. Wainwright are to arrange to take several members of the committee down to Philadelphia some day next week to show them what Ald. Sedler considers is the best system of station approach in America.

"The approach to the Broad Street depot in that city," said Ald. Sedler, "is simply absurd, and if the members of this committee want to gain some idea of the advantages of this system in practical operation, they should go to Philadelphia to visit Philadelphia. There they will both see the high and the low level principle."

General Manager Hay is anxious to lay a track on Aqueduct Street on which to convey material to the site of the new freight sheds.

Lipton Has Challenged. London, Oct. 10.—Sir Thomas Lipton informed a representative of the Associated Press that his challenge was on board the White Star liner Germanic due at New York Thursday.

According to rumor, Robert Wringo, one of the commanders of the old Shamrock will command the new racer.

London, Oct. 11.—Further information regarding Sir Thomas Lipton's new challenge for the America's Cup confirms the statement that the boat will be named Shamrock, and will be selected by a series of contests between the yacht Warrington and the old Shamrock.

Such is the name of a new club which is being formed among French-Canadian yachtsmen. It is proposed to have the links at Logan's Farm.

Seawanhaka Cup. An article in the Yachtsman, says that the English challenging club is building two and possibly three yachts from which to choose the challenger for the Seawanhaka Cup.

FOOTBALL GAMES TERMINAL CO'S RATE SCHEDULE

Two Senior Matches to be Played Here. Similar to Montreal Company With Longer Hours FOR REDUCED FARES.

MONTREAL VS. BRITANNIA, FOR REDUCED FARES. And Toronto Varsity vs. McGill—Other Games, Intermediate and Junior.

There are two senior football matches on Saturday in Montreal. Montreal and Britannia will try conclusion on the baseball grounds and Toronto Varsity will try to take a fall out of McGill on the college campus.

The college game is the opening one of the inter-collegiate season and is looked forward to with a great deal of expectancy as McGill is stronger this year than since the union was formed.

Besides the two seniors there are two intermediate and three junior matches. Shamrock will play the intermediate team at McGill and the junior team at Westmount.

Intermediate series, Eastern Division opens at Quebec where the centennial journey for their first match.

WITH THE FOOTBALL PLAYERS

Dan McKay is playing better than ever in the scrum. He has stopped talking. In the scrum, McKay, Graham and Beck are hard workers.

McGill this year has a very heavy forward line with best outside wings and are moreover very strong in the line.

Peninsula defeated the Dickinson College eleven yesterday afternoon by the score of 35 to 0.

Varsity defeated Hamilton in an exhibition match by a score of 8 to 0, and judging from reports is strong. But Hamilton is not McGill.

It has been arranged that the return match between the Hamilton Tigers and the Toronto Arvanians, which was fixed for Saturday, October 28th, shall be played in Hamilton on Thanksgiving Day.

Lovers of football will have an excellent opportunity of witnessing a good clean match on Varsity next, when Toronto Varsity and McGill meet in the opening round of the Inter-collegiate Rugby Union.

The new college rule regarding offside play on the wings—a player out of the scrum is offside if he is not at least behind the ball—necessitates the wings standing apart until the ball is in play.

The Globe yesterday said that the report that "Chaucer" Elliott, the crack half-back of the Granites of Kingston, has been declared a professional by the executive of the Ontario Union, is far from being correct.

Kingston, Oct. 11.—(Special.)—The annual sports of Queen's University were held yesterday on the fair grounds.

They said Ald. Martineau. "If we are to depart from the limits set we will never get through."

"As far as I can see," remarked Ald. Mullarkey, "the proposition made by Mr. Martineau in respect of fares is very similar to that made by the Montreal Street Railway Company."

"The hours of reduced fares are longer," stated Mr. Mullarkey.

"I am personally in favor of the lowest fare compatible with a business operation of the line," said Mr. Mullarkey.

"The company should give ten tickets for the rate of 40, which was considered sufficiently high, particularly on Sundays and holidays, when the workmen are anxious for an outing."

Mr. Mullarkey said that he would make a return fare to Bout de l'Île 25 cents instead of 40, which was considered sufficiently high, particularly on Sundays and holidays, when the workmen are anxious for an outing.

Mr. Archambault made a speech in support of the proposition, in which he said that he was opposed to the introduction of a new line unless it be an elevated railway.

At the last meeting Mr. J. S. Fitzpatrick urged that the Montreal Terminal Company, if granted access to the city, should be compelled to pay its employees weekly.

Mr. Mullarkey's statement. "The chairman," said Managing Director Mullarkey, "wants to know what my company will do in respect of rates and what percentage it is prepared to pay."

Mr. Fitzpatrick announced that since then the secretary of the Federated Association of Street Railway Employees had caused a vote of the members to be taken on the question, with the result that, out of a total of 727, the number in favor of the proposed rate was 709, while 118 were indifferent.

Yesterday afternoon, in the office of Mr. James Crathern, Bell Telephone Building, a meeting was held to discuss what should be done regarding a civic hospital.

Mr. Crathern said the meeting had been suggested by Ald. Ames. The present civic hospital was unsuitable. The question was whether the previous system of joint management by the other hospitals should be re-adopted.

Mr. White said the city could not afford to be without such a hospital. Contagious diseases hospitals were needed, or we would soon be without physicians qualified by experience to diagnose infectious diseases.

Mr. White said the city could not afford to be without such a hospital. Contagious diseases hospitals were needed, or we would soon be without physicians qualified by experience to diagnose infectious diseases.

After discussion, the following resolution was adopted: That the City Council be authorized to submit to the City Council to submit to the proprietors a bill for the raising of a special loan such sum as may be necessary for the erection of a modern civic hospital for the treatment of contagious diseases, to be placed when built under the charge of a committee to be named by the hospital and the municipal authorities, in such proportions as may be arranged.

The meeting was attended by the following gentlemen, representing the Montreal Hospitals:—Mr. James Crathern, chairman; Dr. Adams, Ald. Ames, Dr. Craik, Mr. Harry Skelton, Mr. Richard White, Mr. C. P. Hebert, Dr. Lachapelle, Dr. Rottot, Mr. Tansey, Ald. Laporte, Dr. Armstrong and Dr. Lafleur.

## LIBERAL GAINS EQUAL THE TORY

Each Party in Britain Has Won Twenty-seven Seats.

**LIBERAL LEADER ELECTED**  
By a Reduced Majority in Stirling—Sir Edward Reed Won a Seat in Cardiff.

London, October 11.—3.30 a.m.—The Ministerialists now hold 337 seats, and the Opposition 255.  
The Liberals have been doing far better in the counties in the Parliamentary general elections than they did in the boroughs. Yesterday they gained two more seats, Cardiff and the Otley division of Yorkshire, thus equalizing the party gains.  
The Ministerialists and the Opposition have now gained 27 seats each. Apart from Sir Henry Campbell-Bannerman's reduced majority in Stirling borough and the success of Sir Edward J. Reed at Cardiff, a seat formerly held by Mr. James Maclean, prominent in Indian affairs, who did not seek re-election, there is little of special interest in yesterday's returns.  
Sir Henry Campbell-Bannerman addressing his supporters after the poll had declared, and he was satisfied with the result, considering the state of the register and the "most disadvantageous circumstances for an election that an ingenious Government could devise."

## CHICAGO QUOTATIONS

Cannot Be Given by Others Than the Telegraph Company Which Obtained the Right

Chicago, October 11.—Judge Kohlsaat in the U.S. District Court yesterday issued a temporary injunction restraining O. M. Stone and others from distributing quotations of the Chicago Board of Trade.  
The complaint was the Cleveland Telegraph Company, which has the right under its contract with the board to disseminate the quotations. Judge Kohlsaat held that there exists in the Board of Trade a right of property in the quotations until they are made public and that the complainant acquired good title by its contract.  
Granting that the right to quotations is a property right, the court said that it could not be denied that the complainant was greatly damaged by the broadcast scattering of late quotations by the publisher, who, by reason of having to pay nothing for them, could obviously render the complainant's right of property valueless.

## BARON CROMER RECALLED.

It Is Rumored that He May Join Lords Roberts and Kitchener in Army Reform.

London, October 11.—Baron Cromer (formerly Sir Evelyn Baring), British diplomatic agent and consul general in Egypt, has been summoned to England, according to the Cairo correspondent of the Daily Express.  
It is understood in Cairo that he will not return to Egypt, and it is believed that he will become a member of the new cabinet.  
The Daily Express suggests that it is possible that Lord Cromer will replace the Marquis of Lansdowne, Secretary of State for War, and says that "a combination of Cromer, Kitchener and Roberts would cause public confidence in a thorough reform of the War Office."

## A FATAL CLASH BETWEEN MINERS

One Man Killed and Two Badly Hurt.

**THERE WERE TWO RIOTS.**  
The Dead Man Was a Special Constable, and Was Killed While Defending Property.

Hazleton, October 11.—The second fatal clash between the striking mine owners and the non-union men occurred yesterday at Onondia colliery, in Schuylkill county, twelve miles from here, when a coal and iron policeman was shot and instantly killed and another policeman and a striker dangerously wounded. In addition about a dozen of the employees of the colliery were badly injured by being stoned by the strikers.  
The dead man is Ralph Mills, of Beaver Meadow. George Keller, of Beaver Meadow, is in the miner's hospital here with a bullet in his head. The striker wounded is Joseph Lippe, of Sheppton, shot through the groin.  
The shooting was the result of two separate riots. The first began at two o'clock and reached a climax about six o'clock, when the marching strikers, mostly Hungarians, attacked the men on their way to work in the Onondia colliery, operated by Cox Bros. & Co. The marchers numbered about 300 men, women and boys. Stones were thrown and the coal and iron policeman, who endeavored to protect those on the way to work, were forced to seek shelter. No shots were fired at this time and the marchers then dispersed.  
The second riot was the result of an attempt on the part of the company to have a train of coal cars from the slopes moved to a siding. The engine, which was attached to the cars, was surrounded by men and women, who stoned the engine. Superintendent Kudlick, of Drifted, was surrounded with the crowd, but to no purpose.  
**MOB WOULD NOT DISPERSE.**  
The policemen in this instance were employed by the coal company to protect the company's colliery. Rev. Carl Hoyer, a Lutheran clergyman, appealed to the mob to disperse, but his words were unheeded. Persistent attempts were made to run the train and the mob made a concentrated rush upon the guards, who are said to have run in the direction of the engine house. The strikers gave chase, and the firing followed. Probably a dozen shot were fired, but not in a volley. It is not known from which side the first shot was fired. After the firing Mills and Keller were found lying upon the ground, and Lippe was limping about with his hands crossed over his wound. Mills was dead. His body was removed to the company's store and several physicians were summoned.  
Later it was ascertained that a gunshot killed Mills and a small shot struck Police- man Keller. Lippe's strike was struck by a fall from a revolver, with which all of the officers were armed. After the shooting the strikers dispersed. Sheriff Toole, of Schuylkill County, in whose territory the clash occurred, was in Philadelphia, and could render no assistance.

## CAPE ASSEMBLY THANKS COLONIES

Cecil Rhodes Advocates Good Feeling Towards Dutch.

Cape Town, Oct. 10.—The Congress adjourned its deliberations on the "splendid services" of Sir Alfred Milner and tendering sincere thanks to the colonies for the "imperial spirit" which prompted them to send troops to South Africa.  
During the course of his address to the Congress, Mr. Rhodes said:—  
"Now that the battle is over the disputes on the origin of the war ought to cease. The race question must be subordinated. The league should support the rights, and show the Dutch that there is no feeling against them. Having won what it is entitled to, the league ought to demonstrate that the interests of the races are the same. Then there will be great hope for the country."  
**WITH THEIR FACE TO THE FOE.**  
London, Oct. 11.—A special despatch from Lydenburg says:—  
"A Boer prisoner tells the story of the way in which a patrol of five troops of Strathcona's Horse, under Sergeant Brothers, met death.  
It appears that they were suddenly surrounded by a strong force of Boers. The Canadians indignantly refused to surrender, and a murderous fire was exchanged at short range, until every man in the party was riddled with bullets, but before each Canadian had accounted for three Boers."  
**PRaised BY BULLER.**  
London, Oct. 11.—Sir Redvers Buller, while passing through Machadodorp and bidding farewell to the troops, said he should be greatly pleased to tell Lord Strathcona of the magnificent work of his troops.  
**TO WELCOME CAPT. FRASER.**  
Sherbrooke, Oct. 10.—At a meeting of the City Council last evening it was decided to give a reception to Capt. C. K. Fraser, who is in command of E Company, First Canadian Contingent, and also that a cordial invitation be extended on behalf of the city to Sergeant Toole, E Company, Royal Canadian Regiment of Infantry, to visit Sherbrooke on their return from South Africa.  
**LIEUTENANT GORDON.**  
Toronto, Oct. 11.—An Evening Telegram special cable dated London, October 10, says:—Lieut. Gordon, of Montreal, who was attached to the Second Canadian Contingent for special duties, has been gazetted assistant staff officer to the prisoners of war and graded as deputy assistant adjutant general.

## ALIEN LABOR LAW WAS ENFORCED IN TORONTO

Toronto, October 11.—(Special.)—Alien Labor Officer Williams, of the Department of Labor, paid a visit to Toronto yesterday to enforce the law.

The Minister of Labor, to the effect that American workmen had been imported to this city to take the place of Canadians. The result of Mr. Williams' investigation was that he found eight painters and decorators from Cleveland, who had been brought here to paint frescoes in the residence of the late H. A. Massey.  
This being a violation of the law, the men were given 24 hours in which to leave the city. According to the statement of several local workmen this is the second time a batch of American workmen have been imported to the city by the same firm to do this kind of work, despite the fact that Toronto employers said they have many men capable of doing the work required.

## THE QUEST OF A STEINWAY PIANO.

A person searching the best piano to be had in the City of London would be at once counselled to buy a Steinway. Were he to cross the Channel and journey to Paris on a like quest, the advice would be the same. At St. Petersburg, or Vienna, he would be told the Steinway was the Court piano—the piano of Czar and Emperor. In every art centre of all the world, culture and musical knowledge would everywhere give endorsement to the Steinway piano. Can it be wondered at, therefore, that in Montreal four-fifths of our families of means purchase Steinways. There is no reason why a person should buy any other piano than a Steinway, excepting to save money. People who are willing to pay \$500 more for a Steinway than for any other piano, will receive a four-fold return for their extra outlay. See our new Steinway pianos now in stock. All styles and prices. Lindsay-Nordheimer Co., 2306 St. Catherine Street.—Adv.

## AN INTERESTING SUIT.

John, N.B., October 11.—(Special.)—Civil suits involving a large amount, will be instituted by the Merchants Insurance Company of Banzer, against the banks of New Brunswick and Nova Scotia here. The action is taken in consequence of forgeries by F. C. Whittaker, now in penitentiary, who was St. John agent for the company and who wrote a great deal of marine insurance. Instead of sending notes for premiums, he forged duplicates. The company now seeks to recover the value of the notes.

## SOUTHERN CHINA MAY RISE NEXT

Boxers Planning to Move in November.

10,000 TROOPS FOR HONG KONG.  
The Gravity of the Situation Is Recognized by the British Government—U. S. Troops a Nuisance.

Hong Kong, October 10.—It is said that the authorities here have received information that a general rising in the southern provinces has been planned for the month of November.  
The whereabouts of the r.h.b.s in the Hinterland is not known, but is believed to be ten miles north of the British borders.  
A detachment of 1,000 Chinese troops took up a position at San Chung yesterday, and 1,000 more arrived here today.  
Ten thousand more troops from India have been requisitioned for Hong Kong.  
The Sixteenth Bengal Lancers and the Hong Kong regiment have been recalled from the north of Hong Kong.  
The present indications are that there will be a rising similar to that which has occurred in North China.  
**DEFEATED CHINESE TROOPS.**  
London, October 11.—A special despatch from Shanghai, dated October 9, says:—  
The British have met and repeatedly defeated the Imperial troops near Kowloon. They are daily gaining fresh advantages.  
Heavy Russian reinforcements are moving northward from Port Arthur with the object of relieving pressure upon Mukden. Every place of importance in Manchuria from Kiatki to the Primorsky boundary and from the Amur to the great wall is now in Russian hands.  
**ALARM FELT IN LONDON.**  
The Hong Kong special this morning all refer to the gravity of the situation in Southern China, but they give no further details than have already been forwarded in despatches to the Associated Press. In some quarters it is urged that it would be better to employ British than Indian troops in China.  
The Standard, commenting editorially upon the attitude of the United States, says:—  
"Every dissent, even on minor points, from the suggestions of the powers, is unfortunate, as it leads to fresh correspondence and to further delay. We can only pray that when Lord Salisbury is free to turn his attention to China he will find some middle course that will secure the support of all the powers."  
The Shanghai correspondent of the Morning Post, writing Tuesday, says:—  
"The attitude of the powers, and the victory of Nankin have provoked against a demonstration by foreign troops."  
Shanghai special says that the real reason for the suspension of Yu Hsien, governor of the Province of Shan Si, was the discovery that his supposed army of 50,000 numbered only 40,000.  
**GREAT BRITAIN'S ANSWER.**  
Berlin, October 10.—Great Britain's answer to Germany's second note was received this morning. It is an unreserved and unconditional acceptance of the German position.  
So far as the French note is concerned the impression gained in official circles is that it will be shelved indefinitely, since it is not regarded as touching vital questions. Official opinion seems to be that it will not disturb the harmony of the powers, since it will soon be forgotten.  
**U.S. TROOPS A NUISANCE.**  
London, October 11.—The Morning Post publishes the following instances of Russian simplicity with China. One correspondent says that when the allied forces entered Peking the Russian Minister alone entered the information as to the whereabouts of the withdrawal of our troops. "He said, 'they fought well to reach Peking, but since that time they have done no little as possible, even for Americans. Their presence being aggressive, only hampers other countries. A thousand men under General Wilson can do more than 5,000 under General Chaffee.'"  
**RUSSIAN DIFFICULTY.**

## Painters' Kidneys.

The worst thing a painter has to contend with is the turpentine. The lead, of course, is bad too. But the turpentine cuts the kidneys, inflames and weakens them, makes the painter's life a dangerous and troublesome one. When a painter's back aches, it's time for him to begin treating the kidneys.  
**DOAN'S KIDNEY PILLS** will fix them up—take out the inflammation and congestion, give ease to the aching back.  
Mr. J. Evanson, the well-known painter and decorator, 50 Oxford St., Toronto, Ont., said: "About eight weeks ago I was taken with an excruciating pain in my back over the kidneys. It was so bad that my wife had to apply hot cloths till the doctor came and gave me morphine. He said the trouble was due to a stone passing from the kidney to the bladder. My water was loaded with a brick dust deposit and scalded on passing. While in this condition I heard of Doan's Kidney Pills and started taking them. It was not long before I got relief from pain and have been improving in health ever since. My urine is now clear and does not smart me, and I feel better than in years."
