SHERBROOKE, CANADA, FRIDAY, JUNE 17, 1932.

Thirty-Sixth Year.

BISHOP'S UNIVERSITY CONCLUDES SEVENTY-NINTH YEAR OF LOYAL SERVICE IN CAUSE OF EDUCATION

Distinguished Presence of Their Excellencies the Governor-General of Canada and the Countess of Bessborough, Prime Minister R. B. Bennett, Hon. Athanase David and Other Outstanding Guests Made 1932 Convocation a Memorable Occasion—Large Number of Graduates, Former Students and Friends of the University Took Part in Ceremony.

"If you spend your life in honest endeavour, in truthfulness, straight-forwardness and decency, I use this last word in its real sense of 'that which is becoming,' you will have achieved the purpose for which you were put into the world, and you will leave that world a place the better for what you have achieved and for what you have tried to do." This wise advice and kindly counsel was given to the graduating class of Bishop's University yesterday afternoon by His Excellency the Governor-General of Canada, who honored the University with his presence and by accepting, along with four other distinguished Canadians, the honorary degree of Doctor of Civil Laws.

Yesterday's convocation will certainly go down in the annals of Bishop's University as one of the outstanding events in the long history of this great seat of learning, which this year is observing the completion of the eighty-ninth year of the college and the seventy-ninth year of the university.

The distinguished guests who attended yesterday's impressive ceremony included, apart from Their Excellencies the Earl and Countess of Bessborough, four outstanding men of the day upon whom the University conferred the degree of Doctor of Civil Laws, honoris causa. These were the Right Hon. R. B. Bennett, Prime Minister of Canada; Hon. Athanase David, Provincial Secretary of Quebec; Aime Geoffrion, K.C., prominent member of the bar of the Province of Quebec, and Rev. Canon A. P. Gower-Rees, rector of St. George's Anglican Church, Montreal.

Others who honored the occasion by their presence included the Lord Bishop of Montreal; the Lord Bishop of Quebec; E. W. Beatty, president of the Canadian Pacific Railway; Grant Hall, vice-president of the C.P.R.; Chief Justice R. A. E. Greenhills, Hon. Senator C. C. Ballantyne, Montreal; Hon. Senator Rufus Pope, Cookshire; G. H. Montgomery, K.C.; Sir Montagu Allan; Dr. Percival, Director of Education for the Province of Quebec; Dr. Chipman, Montreal; Prof. Clarke, Queen's University; Canon G. Abbott-Smith, Hon. Walter G. Mitchell, Mr. Justice C. D. White, Hon. Justice Nicol, James Mackinnon, D.C.L., G. M. Stearns, D.C.L., J. P. Wells, D.C.L., C. B. Howard, M.P., and Lieut.-Col. Clarke-Kennedy, V.C.

Her Excellency the Countess of Bessborough, accompanied by Mrs. A. H. McGreer, wife of the Principal, occupied a special seat in front of the large gathering of friends, former students and graduates of the University who had returned to rejoice with their Alma Mater at the completion of another successful year and to take part in the impressive ceremonies of the day.

The weather was ideal throughout the day and a very interesting programme was arranged, beginning with a celebration of Holy Communion in the College Chapel at eight o'clock in the morning, and ending with a pleasing garden party at which the Principal and Mrs. McGreer received the large number of guests.

The convocation service was held in the chapel at eleven o'clock and was attended by Their Excellencies. The special Convocation preacher was Rev. Canon Gower-Rees. Canon Gower-Rees dealt with the duty of the University during the present economic crisis, placing special stress upon its place in the fields of education and religion. The Lord Bishops of Montreal and Quebec officiated at the service, assisted by other members of the clergy.

Following the service, luncheon was served in the college dining room, and in the afternoon, just prior to the Convocation ceremony, His Excellency inspected the cadet corps, which was in position upon the green plot directly in front of the University.

Again this year the actual conferring of degrees was held in the open. A large platform had been erected at one end of the large green lawn. Seated upon the platform with the Chancellor, F. E. Meredith, K.C., D.C.L., was the Governor-General, the Lord Bishops, the Principal, Rev. A. H. McGreer, O.B.E., M.C., M.A., D.D., Professor E. E. Boothroyd, M.A., D.C.L., vice-principal, the honored guests, members of Corporation and the faculty. The Harmony Band of Sherbrooke was in attendance during the afternoon and assisted ably in the programme.

In declaring the Convocation open and extending a cordial welcome to Their Excellencies and the other distinguished guests whose presence added dignity and prestige to the occasion, the Chancellor of the University in his address said:

"A great honour is conferred on this University today by the presence of Their Excellencies, the Governor-General of Canada and the Countess of Bessborough at our annual Convocation. To His Excellency, the representative in Canada of His Majesty the King, and to the Countess of Bessborough I beg to offer the assurance of a sincere welcome to the University. I have great pleasure also in welcoming the Right Honourable R. B. Bennett, K.C., Prime Minister of Canada; the Honourable L. Athanase David, K.C., Secretary of the Province of Quebec; Mr. Aime Geoffrion, K.C., a distinguished member of the Bar of this Province, and the Rev. Canon Gower-Rees, Rector of St. George's Church, Montreal, who preached the Convocation sermon in the chapel this morning—on all of whom I am to have the pleasure of conferring the degree of D.C.L., honoris causa.

"Bishop's University is holding its eighty-ninth Convocation today. It was in 1853 that Her Majesty the late Queen Victoria granted to Bishop's College a Royal Charter endowing it with all the rights and privileges enjoyed by the universities of Great Britain. Ten years previous to that date, in 1843, by an act of the Legislature of Quebec, Bishop's College was incorporated. We are, therefore, drawing near to the time when our centenary will be observed.

"During the past six years it has been my privilege to be Chancellor and the progress of the University during that period has been a source of pride to me. So it has been, I believe, to all the University's graduates and friends. The attendance of students now is as large as we can allow it to be until more residences and lecture rooms are available. The faculty has been increased and is now adequate for our present enrolment. Furthermore, the circle of the University's loyal supporters has been enlarged, and its endowments materially increased. The position of the University today is, therefore, a strong one. But we must remember that where there is life there must be growth.

"Let the Dominions not for a moment think we are not grateful for the preferences they have granted us when they had no reciprocity," Mr. Baldwin said. "But let them also not fail to realize what a tremendous thing free entry is."

Mr. Baldwin, Lord President of the Council, who is acting Prime Minister in the absence of Mr. MacDonald at Geneva, spoke later in the evening, and the tone of his remarks left no doubt in the minds of the members that he intended to head the delegation to Ottawa himself. Great Britain had framed her new Import Duties Act especially with the view of leading up to the Imperial Conference, Mr. Baldwin said. She had followed the principle of free trade within the Empire, and that was the spirit in which she was approaching the conference. "The Dominions today enjoy free entry absolutely for those entries which are taxed if they come from foreign countries," he pointed out.

STUDY DETOUR ON SHERBROOKE-MONTREAL ROAD

Minister of Roads Promises to Take Action to Facilitate Traffic Between Sherbrooke and Granby—Improve Montreal-Toronto Highway.

Montreal, June 17.—The Provincial Roads Department will make every effort to arrange a suitable detour between Sherbrooke and Granby on the Montreal-Sherbrooke highway, Hon. J. E. Perrault told a delegation that waited on him at the local government offices.

The delegation, sponsored by the Royal Automobile Club, spoke for the hundreds of motorists who use this route constantly. Many complaints have been received during the past few weeks that the authorities in charge of the work on the Magog-Granby section have made no effort to assist motorists to pass through the long stretch under repair, and as the work will probably last two seasons more, the club was asked to intercede for them.

The delegation visited Mr. Perrault, and when the complaints were laid before him, the minister promised that he would look into the matter immediately and would do his best to arrange some route which could be used as a detour.

Announcement was also made that the contract had been signed for the widening and raising of the seven miles of highway between the Ontario border and Coteau Landing. This highway, which links Montreal and Toronto, will become one of the finest in the province.

Plans are also under study for a road between Vaudreuil and Cedars Rapids, improvement of which will benefit interprovincial traffic.

"Probably the most important contract awarded this season in the interest of tourist traffic was signed by me this afternoon," announced Mr. Perrault. At a cost of \$200,000, a section of seven miles and a quarter of the Montreal-Toronto highway which was not up to the standard will be perfected so as to be up to the Ontario part and this from the Ontario border to Coteau Landing.

Work is to be started immediately and should be completed this fall. The pavement which will be laid is called asphaltic concrete and will give a width to the Quebec section similar to that of Ontario. This section is located along Lake St. Francis, a point which is not affected by swamps and will transform it into one of the finer portions of our highway system."

New York, June 17.—The Canadian dollar was steady at the opening on local foreign currency exchange today, but further weakness developed in sterling, the pound sagging 1-8 cents to \$3.64 in United States funds. The dollar was quoted unchanged at 86 5-16 cents.

CERTAIN DOMINIONS TAKE TARIFF POLICIES TOO FAR, SAYS BALDWIN

Protection in Some Dominions Has Reached a Point Where It Is Harmful to Themselves and the Empire, Declares Acting Prime Minister in Debate in British House of Commons—Mr. Thomas Hints at Plan for Daily Contact Between Dominions.

London, June 17.—Stanley Baldwin's unmistakable declaration that some of the Dominions—he did not specify which—have pushed tariff protection further than was helpful to themselves or the Empire at large, was the main theme of his speech in the House of Commons yesterday on the Imperial Economic Conference at Ottawa.

Mr. Baldwin, Lord President of the Council, who is acting Prime Minister in the absence of Mr. MacDonald at Geneva, spoke later in the evening, and the tone of his remarks left no doubt in the minds of the members that he intended to head the delegation to Ottawa himself. Great Britain had framed her new Import Duties Act especially with the view of leading up to the Imperial Conference, Mr. Baldwin said. She had followed the principle of free trade within the Empire, and that was the spirit in which she was approaching the conference. "The Dominions today enjoy free entry absolutely for those entries which are taxed if they come from foreign countries," he pointed out.

AGAIN LEADS REPUBLICAN FORCES

Receiving virtually unanimous nomination for the Presidency at the United States National Republican Convention yesterday, Herbert Hoover, shown in his latest posed portrait, will again have as his running mate for the Vice-Presidency Charles Curtis, of Kansas.

MANY LIVES LOST WHEN A TANKER EXPLODED IN MONTREAL DRYDOCK

Ten Known Dead, Fire Chief Gauthier and Many More Missing, Following Series of Explosions Aboard Tanker Cymbeline Undergoing Repairs in Drydock—Sixty-Three in Hospitals in Serious State.

Montreal, June 17.—A series of explosions, two of them with frightful violence, ripped the tanker Cymbeline wide open at an early hour today and brought death to an estimated total of twenty-three men. At noon, nine hours after the first blast, only ten bodies had been recovered. In the hold of the vessel the heat from blazing oil prevented a search, but it was believed thirteen or fourteen bodies would be discovered after the steel plates cooled. Some sixty-three were injured, some of them seriously.

Apparently set off by a red hot rivet being used by workmen of Canadian Vickers, Limited, operators of the dry dock in which the Cymbeline was being repaired, one of the fuel tanks exploded at 3:15 a.m. At the time nearly a hundred men were working in and about the vessel, besides a crew of some thirty men sleeping in the forepart of the tanker.

Members of the crew, it is believed, escaped with injuries. An unestimated number of workmen were, however, killed. A little over an hour later, while firemen were pouring water on the fierce blaze, a second blast, even worse than the first, took place. In the last explosion, Fire Chief Raoul Gauthier of the Montreal fire department, celebrated for his unflinching courage, was killed with four of his men. He was leading in the search for the dead and injured when the blast threw them into the flames.

The dead are: Fire Chief Gauthier, four firemen—Paul Henrioch, J. Debrienne, J. Hamelin and R. Noel. Five workmen of the Vickers company: James Wilson, John Riddell, James Corbett, Donald Gunn and William Atherton.

Added to the destructive force of the explosions themselves was the raging fire. Flames leaped high into the air and firemen were using all their resources in an attempt to quell it.

In the scenes of confusion that succeeded to the disaster, it was impossible to gain even an approximate idea of the damages to men and property. Terror-stricken men were seen staggering away from the dock after the first blast, their faces torn and bleeding. Many had broken arms and some were dragging themselves away suffering from fractured legs.

Heroic efforts were made to reach the dead and dying. Newspaper reporters, who had reached the locality shortly after the first explosion, succeeded in pulling several severely wounded men from the lower regions of the vessel and the dock. Firemen who had braved the flames to board the vessel received the full force of the second shock.

Fire Chief Gauthier, leading his men in their perilous task, disappeared in the second crash. He was thrown against the rail with Firemen Henrioch and Desbiers. Their bodies were recovered, but no trace of the chief was found. The Cymbeline had suffered some damage in a grounding accident in the St. Lawrence River and had been put in the dock for repairs. She had been used to bring gasoline from Port Arthur, Texas. The gasoline tanks were empty, but the fuel tanks contained a substantial quantity of oil. A possibility was seen that explosive fumes were also present in the gasoline tanks.

The first explosion ripped the forward part of the tanker wide open. The majority of members of the crew, many of them with clothes burning, were thrown into the water. Rescuers went to their assistance in rowboats and brought them ashore.

MALICIOUS ARSON IS RESPONSIBLE FOR FOREST FIRES

Quebec, June 17.—Charging that unscrupulous people were setting fires to secure employment, combating them, Henri Kieffer, director of the provincial forestry service, stated yesterday that incendiarism was responsible for many of the forest fires now burning in the northern part of Quebec. Investigators have obtained conclusive evidence, the director added, of malicious arson.

Close to 9,500 fire rangers and their volunteer aides are now struggling to keep the flames in check, while a seaplane has proven of inestimable value in spotting new fires and directing the fire-fighters' campaign from the air, Mr. Kieffer claimed.

HOOVER AGAIN NOMINATED BY REPUBLICANS

Little Opposition Recorded to Re-Nomination of Present Incumbent of Presidency.

Chicago, June 17.—Herbert Hoover, Republican President of the United States, will again lead the Republican party in the 1932 elections, having received an almost unanimous vote of the 1,154 delegates gathered here yesterday at the Republican National Convention. As his running mate for the vice-presidency he will have Charles Curtis, present incumbent of that office.

Mr. Hoover received 1,126 1/2 votes on the first ballot, his nomination immediately thereafter being unanimous. Mr. Curtis, the beneficiary of a last-minute switch of Pennsylvania's 75 votes from its Republican State chairman, General Edward Martin, to the vice-presidency, had a first ballot majority of 55 1/2, with a total of 633 1/2. His nomination also was made unanimous. Until Pennsylvania responded to the administration goal, Mr. Curtis lacked 19 1/2 votes of the sum required for his re-nomination.

It has been twenty years since the obvious will of a Republican National Committee has been so completely and publicly subordinated to a President's programme. In 1912, as yesterday, Charles Curtis and Vice-President were re-nominated—the only time in its history that the Republican party has repeated its ticket. But then Theodore Roosevelt built the convention and formed the Bull Moose party, badly defeating the regular Republican ticket and assuring the victory of the Democratic ticket headed by Woodrow Wilson.

So far as the political elements of the Republican party are concerned, there were no prospects of a bolt as the result of the defeat of the regular plank last night and the re-nomination of Mr. Curtis. The only menacing element was the insurgency of the New York delegation.

Paris, June 17.—The amount of imported wheat allowed to be used in French flour was reduced by the government yesterday to forty-five per cent.

FIVE POWERS AGREE TEMPORARILY TO RESERVE REPARATION PAYMENT

Formal Statement Issued by Great Britain, France, Italy, Japan and Belgium Postpones Payments Due July 1st Until Such Time as Lausanne Conference Is Terminated—Settlement Does Not Affect Payments Due U. S.

Lausanne, Switzerland, June 17.—Great Britain, France, Germany, Italy, Belgium and Japan have agreed to reserve reparation payments and war debts payments during the period of the conference which opened here yesterday.

The agreement applies to payments due to the powers participating in the conference—not to the United States—and follows on British proposals which were circulated privately last night among the delegates.

When the conference resumed today Prime Minister Ramsay MacDonald, the chairman, read the following declaration which had been signed by Neville Chamberlain, British Chancellor of the Exchequer; Premier Edouard Herriot of France; Signor Mosconi of Italy; M. Renkin of Belgium and M. Yoshida of Japan:

"The undersigned governments, deeply impressed by the increasing severity of the economic and financial crisis which overhangs the world and with the urgency of the problems which the Lausanne Conference has met to consider; firmly convinced that these problems require a final definite solution directed to the improvement of European conditions and that 'his solution must be pursued henceforward without delay or interruption with a view to its realization in the framework of a general settlement.

"Noting that certain payments of reparations and war debts fall

MANITOBA ELECTORS AGAIN PLACE CONFIDENCE IN PREMIER BRACKEN

Liberal-Progressive Combination Led by Veteran Premier Given Overwhelming Lead in Early Returns—Proportional Representation and Transferable Vote Delay Results in Many Constituencies—Premier Requests Electors to Forget Politics During Depression.

Winnipeg, June 17.—Hard times, the bugbear of governments, failed to defeat the Government of Manitoba at the general election yesterday. Premier John Bracken, after nearly ten years in office, received anew the confidence of the people of the province and will enter the next Legislature with possibly a larger following than he had in the last.

Mr. Bracken, heading a combined Liberal-Progressive party, scored a decisive victory over the Conservative opposition. Returns available at 9:45 a.m. today gave the Government twenty-five seats in a Legislature of fifty-five, the Conservatives four, Labor one and Independents one.

The campaign was fought largely on the past record of the Bracken administration. Conservative speakers dealt sharply with the Government's administration of the finances of the province. Federal politics also played a part, for Mr. Bracken blamed depressed conditions in Manitoba in part on the tariff policy of the Dominion Government.

Proportional representation was used in the ten-member Winnipeg constituency and the single transferable vote in country constituencies where three or more candidates were running. Only two members secured election in Winnipeg on the first count, Sanford Evans, Conservative, and John Queen, Labor. Second counts are being made today where necessary, and returns from isolated rural polls are being tabulated.

WILL CONTINUE TO HEAD MANITOBA GOVERNMENT

Hon. John Bracken, for ten years Premier of Manitoba, whose Liberal-Progressive Government was returned yesterday by an overwhelming majority.

SPANKING—GROUNDS FOR DIVORCE

Los Angeles, June 17.—Mrs. Harry K. Bally won a divorce on her theory that her husband had spanked her.

ITALIANS PLAN MASS FLIGHT TO CHICAGO

Reykjavik, Iceland, June 17.—An Italian seaplane landed here yesterday, bringing Major Stefano Cagna to inspect this part of the route for an Italian mass flight to Chicago next year.

POPULATION OF CANADA SHOWS STEADY GROWTH

Quebec and Four Western Provinces Can Lay Claim to Having Made Greatest Gains. Ottawa, June 17.—The increase in the population of Canada between 1921 and 1931 was 1,586,247. Of this increase 567,128 took place in the four western provinces and 513,590 in Quebec, it was reported by the Dominion Bureau of Statistics.

The population of the Prairie Provinces grew more than two and a half times as fast between 1926 and 1931 as it did between 1921 and 1926. Alberta grew almost seven times as fast.

The Prairie Provinces have now 28 per cent. of the population of Canada. Twenty years ago they had a little over 18 per cent.; thirty years ago less than eight per cent.

The province showing the largest increase in population in the ten years from 1921 to 1931, was British Columbia which increased 32-1-3 per cent. In the second place, almost neck and neck, came Saskatchewan and Quebec, with about 21-1-3 per cent. Canada as a whole increased about 18 per cent.

THE WEATHER
FAIR AND WARM
Pressure continues high on the Pacific coast and the high area which was over Ungava has spread south and eastward over the St. Lawrence Valley and Newfoundland, while a trough of low extends from Manitoba southward to Texas. A few very light scattered showers have occurred in Quebec and the Maritime Provinces, and thunderstorms have been fairly general in the West.

AN IMPRESSIVE CEREMONY HELD AT WATERLOO

Respect and Esteem Shown Sister Spence, Grand Martha of General Grand Chapter and Worthy Grand Matron of Quebec, O.E.S., on Official Visit.

Waterloo, Que., June 17.—In the Masonic Temple on Saturday evening, June 11th, respect and esteem were shown Sister Spence, Grand Martha of the General Grand Chapter and Worthy Grand Matron of Quebec O.E.S. on her official visit to Beaver Chapter, No. 7, when officers and members of the local Chapter and distinguished officers and members from a representative number of Chapters of the Province assembled to do honor to the Worthy Grand Matron and Bro. Thomas Hurn, Worthy Grand Patron of Quebec O.E.S. Supper was served to over two hundred in the banquet hall which was resplendent in its newly painted walls and furniture and charmingly decorated by Mrs. Gordon Harvey, Mrs. F. A. Slack, Mrs. J. J. Irwin and Mrs. Clarence Porter. The menu arranged by Worthy Matron Mrs. Boright, convener, Mrs. E. J. McKenna, Mrs. Hills, Mrs. Palmer, Mrs. Blake and Mrs.

S. J. Irwin was much enjoyed by all and was well served by the brethren of Beaver Chapter, under the convenship of Bro. F. A. Slack.

The kitchen committee comprised Mrs. L. Keith Allen, Mrs. J. J. Irwin, Mrs. C. D. Johnson, Mrs. J. McInosh, Mrs. W. W. Standish and Mrs. Gordon Kendall.

The guests were received and welcomed by Mrs. E. A. Blake, Mrs. Candlish and Mrs. Shaw. At the conclusion of the supper all assembled in the Chapter room where the large gathering resembled a Grand Chapter meeting.

The Worthy Grand Matron and Grand Patron being introduced by the conductress, Sister Hazel Bockus, and warmly welcomed to the East by the Worthy Matron, Sister Annie Boright expressed their deep appreciation to Beaver Chapter for their cordial welcome and to the many distinguished officers and members from various chapters of the Province for their attendance.

The imitation degree work performed by the officers of Beaver Chapter was praised by the Worthy Grand Matron, Worthy Grand Patron and other distinguished visitors. Sister Tessier, of Cowansville, Instructress of District No. 2, was congratulated on the splendid training she had given the officers of Beaver Chapter.

Before closing the meeting, Sister Boright, Worthy Matron and Bro. Swett, Worthy Patron, on behalf of Beaver Chapter, respectively presented Sister Spence and Bro. Hurn with useful gifts as conveners of their official visit here.

Of the nine Past Grand Matrons of Quebec the following seven honored the meeting with their presence, Sister Blanche Shepard, Freighsburg; Sister Mina Findlay, Richmond; Sister Ethel M. Blake, Waterloo; Sister Evelyn Hopkins, Montreal; Sister Edith Johnston, Montreal; Sister Agnes Bell, Freighsburg; and Sister Agnes Knowlton, Montreal.

Past Grand Patron Bro. John Morrison, of Montreal, was also a welcome guest.

Over thirty past presiding matrons and as many past and presiding patrons were present and introduced to the assembly.

Sister Maude Brewer, of Pioneer Chapter No. 77, Iroquois Falls, Ont., was warmly welcomed at the meeting, Waterloo having been her former home.

Following interesting remarks on the part of several of the visiting sisters and brothers, the meeting was closed with the customary ceremonies.

W.A. ENTERTAINS The Women's Association entertained at a delightful tea at the home of the president, Mrs. E. A. Blake on Friday afternoon, June 10th.

Mrs. Gordon Harvey and Mrs. P. A. Bradley, who are leaving Waterloo, were the guests-of-honor.

During the afternoon, music was rendered, with Mrs. Charles Daigreau and Mrs. F. W. Colwill presiding at the piano. Mrs. Blake, in a few well-chosen words, expressed the regrets of the members in the departure of Mrs. Harvey and Mrs. Bradley, and also welcomed Mrs. A. D. Brown and Mrs. C. W. Berry, former members, who were visitors.

Refreshments were served to over fifty, tea was poured by Mrs. J. Peterson and Mrs. Henry Bird, the table being attractively decorated with yellow tulips. Mrs. R. Graves, Miss Gilmour, Miss Gardiner and Miss May Breese assisted in serving.

General Notes. On Sunday evening, June 12th, the officers and members of Beaver Chapter No. 7, O.E.S. attended service in St. Luke's Church at seven-thirty o'clock. The rector, Rev. Norman Ezerton, was assisted by Rev. H. Allenby, pastor of the United Church, who courteously held no evening service in his own church in order to permit members of the congregation to worship with the members of Beaver Chapter.

Distributed throughout the congregation were printed forms, which greatly enhanced the beauty of the ceremony and facilitated the following of the service. The rector delivered a very helpful and inspiring address on the life of Martha, which was greatly appreciated by the Chapter members. Under the direction of the organist, Mrs. Candlish, a full vested choir rendered, "O God, Our Help in Ages Past," "O Love, That Will Not Let Me Go," "Fight the Good Fight," "Now the Evening Shadows Close" and "The Way Thou Gavest, Lord is Ended," the congregation enthusiastically joining in the singing.

FOSTER LADIES' CIRCLE HELD A BUSY SESSION

Creek United Church Society Accomplished Considerable Work at Meeting With Mrs. A. B. Inglis.

Foster, June 17.—The Ladies' Circle of the Creek United Church met on Thursday afternoon, June 9th, with Mrs. A. B. Inglis. During the early part of the afternoon, a quilt was tied and later the meeting was opened by the pastor, Rev. W. H. Thompson. The president, Mrs. G. C. Whitehead, presided over the business meeting and the secretary, Mrs. B. R. Mizener, read the minutes of the last meeting. Twelve members answered the roll call while eighteen visitors were also in attendance.

An ice cream social was discussed and Mrs. M. E. Thomas offered her home for the occasion. Further arrangements were laid over for the next meeting.

The meeting was closed with the Mizpah benediction. Lunch was served by the hostesses, Mrs. F. C. Inglis and Mrs. B. Y. Beerwahy. Mrs. E. H. Perkins will entertain the next regular meeting.

Some impassioned orators have declaimed that they were ready to bleed and die for their country, and the Tax Imposers have called them to make good. Citizenry does not demand any such act of blatant heroism.

THE NEW QUEBEC SENATOR.

From his own halliwick of Montreal, and for the district of Victoria, the Hon. Gordon Wallace Scott has been again called to the Legislative Council of Quebec.

During his brief incumbency of the portfolio of Provincial Treasurer, Mr. Scott made such a good name for himself as in the legislative halls of the Ancient Capital that his appointment will be received with acclaim by the members of both houses.

The English minority in Quebec would welcome the return of the Hon. Gordon Scott, for in the whole province he has no superior as a financial advisor, his services being sought by both governments, irrespective of party.

The selection of the new Quebec Senator, who takes the place of the Hon. H. H. Miles, a native son of the Eastern Townships, was made by the Premier personally, though it will be heartily endorsed by his colleagues.

TOURING BEGINS NOW.

With the closing of the schools this week the Tourist season begins in earnest, and we can prepare now for an influx of visitors from all points of the compass.

For the Eastern Townships have a surrounding territory unequalled in any part of Canada—the center of a rich circle of travellers. We have more Ontario and Maritime licensed cars visiting us each season as the news spreads of the wonderful road building which has been done throughout the Province under the direction of the Minister of Roads.

This year should be a record year, for we have one attraction which only occurs once in a cycle of years—the Eclipse of the Sun during the last week of August. This will bring parties of scientists from all parts of the world—and the majority of these scientific expeditions will no doubt wish to locate in the Sherbrooke district, which is on the central line, or on the edge of it.

The exact center of the eclipse will be on Lake Memphremagog, but the preferable spots of location will be on the hills around about. The hour of totality will be 4.25 daylight saving time.

June, July and August have other attractions which have been pictured in prose, poetry and photos—fishing, swimming, golfing, bathing.

And we all join with the Provincial Tourist Bureau in their promise of a glad reception and true hospitality to those from afar who may wish to share with us the contemplation of such scenic beauty as the Townships possess.

THE FARMERS WILL BE THERE.

The farmers of Canada, smarting under the things that were done and the things which were left undone in trade negotiations with other countries, are determined that their voices shall be heard at Ottawa during the Imperial Conference.

The Ontario farmers have arranged for special Excursion rates to the Capital on the 16th of July, just five days ahead of the convening of the Dominion's Conference.

No doubt at the meeting of the Farmers' convention certain principles and policies will be laid down by resolution.

Inasmuch as most of the farm produce which is exported to England from Canada, there will be sought an expansion of that trade through quotas and preferentials, or on any profitable basis which may be designed.

The mass meetings of Farmers in the Eastern Townships, which have aroused so much interest in the broader markets of the world, may lead to the selection of delegates of an "On to Ottawa" movement.

Special railway rates from the Eastern Townships might very readily be obtained if a goodly crowd were assured the railway management.

There will be nothing partisan nor political about the farmers' meet at Ottawa. This factor has been made apparent during the gatherings in the Townships, for one can count on the platform and in the audience many men who have been lifelong

supporters of both political parties. The charge made by thoughtless folk that a "political dodge" lurks in the background falls to the ground. The farmers are in deep earnest.

They want the international markets open to them, and they can gain it through the inter-Dominion and colonial markets of the Empire. Our Neighbours to the South who have for many years enjoyed the trade of Canada have been decisively unfriendly in their recent tariff measures, and even at the last session of Congress they again hit hard at Canadian exports.

KILL THE DISEASE-CARRYING PESTS.

"Clean-up Week" is always a good thing, but a "keep clean" policy is always better, and in the warm weather particularly the medical authorities strongly advise cleanliness both inside and outside of the buildings.

The common house fly is a menace to health, for it carries the germs of filth which produces such dangerous ailments as typhoid, diphtheria, dysentery and fevers.

The old "swat the fly" campaign did not seem to correct the menace to any extent. A supply of Wilson's fly pads has proven more effective.

It is important to use fly screens in the homes, not alone for the pesty mosquito, but for the equally dangerous disseminator of disease, the common house fly.

The Hygienic squad of the City Health department can help by seeing that in all back lanes there shall be no deposits of foods of any kind, that the receptacles of home and restaurant scraps shall be under closed covers, and that everyone observe the common rules of cleanliness.

The fly pests can be cured by team play.

EDITOR'S NOTES.

The new President of the Republic of France, Albert Lebrun, was a farmer's son who studied hard at school and college and took a degree as mining engineer. But at twenty-eight years of age Mr. Lebrun decided to do his stopping and prospecting in Politics, and found the field a good one for his talents. As time rolls around we may have another Prime Minister like Cartier or Sir Wilfrid Laurier, though the breaking of the bonne entente in the Montreal mayoralty may stand in the way. Anyhow, under a French Prime Minister the Eastern Townships enjoyed their traditional rights to the utmost, with not a broken link. But since the Hon. Sydney Fisher—what have we? Even our own Rufus, of Cookshire, came into his own under a Union Government.

Neither men nor vehicles should travel on unlighted highways after the sun has gone to rest. It is simply inviting suicide to practise invisibility when the visibility is bad. A lighted lantern will often save a dark grave. Of course, pedestrians cannot wear tail lights, neither can they be seen in the dark.

As you enter the City Hall you may see, pasted on the door, "Pourquoi blasphemer?" As you proceed along the street you come to the Langis Canal. Then you realize why you should restrain yourself.

If those people who profess to tell the future could have done it three years ago they would not be reduced to the necessity of doing it now.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record. June 17th, 1902.

The Protestant School Commissioners announced that the eight scholarships awarded annually had been won by Constant Fuller, Daisy Kyle, Clara Hyndman, Florence Robinson and James Ross McLeod, of the High School; Lucy Pullen, of the Prospect Street School; Mildred Haigh, of the Central School, and Margaret Robins, of the East Ward School.

Bishop LaRocque presided at the closing exercises of St. Charles' College, when prizes were presented to the successful students. The chief speakers of the afternoon were His Lordship and Hon. M. F. Hackett, of Stanstead.

At the convocation of Bishop's College, Dr. R. W. Heneker, retiring chancellor, bade farewell to the institution prior to his departure for England. Dr. John Hamilton, of Quebec, was appointed to succeed him in his important post.

In an interview at London, Premier Barton, of Australia, said he considered the suggestion of an Imperial customs union as outside the bounds of practical politics.

A successful social and entertainment was held by the Ladies' Aid of Plymouth Church, the proceeds going to a fund for the purchase of a water motor for the organ of the church.

As the concluding event of convocation week, the students of Stanstead Wesleyan College were entertained by Miss Jessie Colby at a lawn party, many guests being present from outside points.

Wiggett's Shoe Store in the Whiting Block was raided by burglars, who got away with the cash on hand and a dozen pairs of shoes and slippers.

Mrs. W. B. Barnford and Miss Florence Bamford, of Peterborough, Ont., arrived for an extended visit to the former's mother, Mrs. T. B. Odell.

LOONBEAMS

by Ted Bullock.

DIARY OF A LOONBEAMATIC

Yesterday, June 16. — Up betimes and into my new room which did yield me a pleasant feeling of elegance. To a hearty breakfast of solid food, and so to work.

Embarked upon the stage to Lennoxville to witness the ceremonies of Convocation. Beguiled the time reading in the Saturday evening post and did observe with astonishment how great a sickness depression hath produced in that once-fat journal.

In the quadrangle of Bishop's University did meet Registrar Sanders, who, learning that I was a stranger, escorted me hither and yon, explaining things. Much appreciated his courtesy knowing that he was a busy man.

Strolled upon the grounds and greatly admired the architectural value of the buildings which house the University. Particularly pleased with the interior of the chapel. Delighted with the view from the portal of that edifice, especially the windings of the river and the two wooden covered bridges nearby.

Whistles of the constabulary warned me that the vice-regal suite approached. Did hasten again into the chapel and was shown a seat by a polite young graduate, very smart in his new gown and hood.

Upon the organ a musician did creditably perform two Preludes of the troubadour Frederic Chopin which pleased me much; but the seats were not comfortable.

Did take an unholy delight in watching the faces of the women when the Countess of Bessborough entered the chapel, Her Excellency very beautiful in gown of fragile flowered material and wide black hat. Observed three damosels immediately shift the angle of their own hats.

A pretty lass did attempt several times to catch His Excellency's eye, but failed.

When the two bishops ascended to the altar did cease my staring. But noticed with gratification that Their Excellencies do fidget in church as ordinary persons do.

After service to luncheon in the town, where a polite maiden did serve me a succulent salad of chicken and vegetables.

Back to and to chat with Senator Rufus Pope who did roar at me for a pestiferous journalist. Convinced the Senator was rather pleased than otherwise with the mention I did make of him recently in Loonbeams, for he presented me to William Amherst Hale, oldest of Bishop's College School "Old Boys".

William Hale informing me that Bishop's College was not named in honor of an ecclesiastical bishop but for a private school in India of some time owned by a gentleman named Bishop, was much astonished. Did hear many early tales of the College, including one racy narrative by Senator Pope telling why he left the school after six weeks' attendance. He did relate also one new tale of Sir John Macdonald which I did add with joy to my collection of such tales.

Did behold Edward Wentworth Beatty of the Canadian Pacific Railway striding bareheaded across the sward, whistling loudly to himself and carrying a blue gown over his arm like a carefree schoolboy.

Observed the Prime Minister of Canada looking very tired, with his eyes shadowed. He did seem five years older than when I last saw him a few months ago.

Much amazed because Chancellor Meredith and Principal McGreer did both refer to the Countess of Bessborough as a Viscountess. Reflected it were better had Canada not abolished its use of them.

Greatly amused when impertinent students from a tiny window under the roof of the college did let fall a very large United States flag beside Her Excellency's chair.

Speaker Nicol of the Legislative Council asking me how I enjoyed myself, did admit that I was tired and my feet ached. Honourable Jacob did chide me, declaring he hath attended big functions for ten years and doth like them better all the time.

Reflected Speaker Nicol hath no column to write afterwards, but did refrain from saying so.

Back to Sherbrooke at six o'clock, when the journals informing me that Gordon Scott hath been appointed a Legislative Councillor, did emit cheers within myself, he being one of the ablest men in the land. And so to work again.

Mr. and Mrs. S. V. Cattermill, of "The Bellevue," Melbourne, are spending a few days in Montreal.

Miss Aileen Dinning, of Montreal, is spending a few days as a guest of Miss Marjorie Bayne, Quebec street.

Rev. and Mrs. Channell Hepburn, of Ottawa, are leaving on July first for their summer home at Kirk's Ferry.

Mrs. W. McFadden, "The Bellevue," Melbourne street, left last evening for New York, where she will spend two weeks.

Miss Doris Ford, of St. Johnsbury, Vt., is spending a few days with her uncle, Mr. David Byrne, Spring Road, Lennoxville.

Dr. Sheffield Smith, Mrs. Smith and Miss Lillian Hogg, of Providence, R.I., are guests of Mr. and Mrs. J. W. Booth, Montreal street.

Mr. Maurie Loomis returned this morning to Montreal after spending a few days at home with his parents, Mr. and Mrs. W. E. Loomis, Queen street.

Miss Virginia Allen, who has just graduated from Dana Hall, Wellesley, Mass., is spending a short time at home with her father, Mr. H. L. Allen, Montreal street.

Mrs. Mary A. Clark, of Beebe, announces the engagement of her youngest daughter, Alice Maude to Gordon G. Hall, youngest son of Mr. and Mrs. Andrew Hall, of Ayer's Cliff. Marriage to take place the latter part of this month.

Members of the Union Sewing Circle held their closing meeting for the season at the home of Mrs. W. Killen, King street west. There was a large attendance and the small garments on hand were quickly finished. The devotional exercises were in charge of Mrs. Peter Dunsmore, following which a short business session was held to discuss plans for re-opening in September. Delicious refreshments were served by the hostess, assisted by Miss Phyllis Palmer.

Mrs. Leon Schechter gave a delightful children's party yesterday afternoon at her home on Victoria street in honor of the seventh birthday of her little daughter, Phyllis. The guests included seventeen little girl friends, who spent a happy afternoon together playing games. Many lovely gifts were received by the guest of honor, who also had a telegram wishing her "many happy returns" from New Brunswick. Supper was served in the dining room, where the pretty decorations were carried out in green and yellow, the large birthday cake lighted with eight candles forming the attractive centerpiece. Mrs. Schechter was assisted in looking after her young guests by Mrs. A. Mitleman, Mrs. S. Smith and Miss Shirley Reed, of New York. Before leaving the children united in wishing their hostess "many happy returns of the day."

Mrs. Porter Bangs and Miss Margaret Mason were hostesses at a charmingly arranged cup and saucer shower in honor of Miss Louise Douglass at the residence of Mrs. J. C. Smith, Woodward avenue, on Tuesday evening. Bridge was played at two tables, the prizes being won by Miss Margaret Gelinna and Mrs. Nelson Lothrop. Later in the evening delicious refreshments were served in the dining room, where the Sherbrooke Hospital colors of mauve and yellow were artistically carried out in the decorations. The table at which Mrs. L. D. McClintock and Mrs. Roland Badger presided was centered with a large simulated diamond ring. A gold-colored pall was filled with parcels, (cups and saucers) done up in lavender paper and tied with gold ribbons, the "platinum" handle being set with a glistening glass diamond. The whole arrangement, bedecked with dainty flowers in mauve and yellow, was lovely and unusual. The parcels were later presented to the bride-to-be, with affectionate wishes for her future happiness.

CITY BRIEFLETS

ACCIDENTAL DEATH VERDICT AT WINDSOR MILLS. The jury under the presidency of Coroner Leonidas Bachand that probed the circumstances surrounding the tragic death of Leo Paul Trahan, fourteen-year-old son of Mr. and Mrs. Octave Trahan, of Windsor Mills, yesterday afternoon returned a verdict of "accidental death."

Young Trahan was drowned in the Watopeka River, near Windsor Mills, while bathing with a friend. He was learning to swim, when it is believed he was suddenly stricken with cramps.

TWO PROFESSORS ON TRANS-CONTINENTAL TRIP

Across the continent and back is the goal of two young Bishop's professors, who plan to motor from Lennoxville to Vancouver and return during the summer vacation. They are A. W. Preston, M.A., Professor of Classics at Bishop's University and A. C. Cutcliffe, House Master at Bishop's College School.

Leaving Lennoxville yesterday afternoon, they set no time for their arrival in Vancouver, for the roads in many parts of western Canada are sufficiently hazardous to disrupt the best of schedules. Although they intend to keep to Canadian roads as much as possible, they will escape the Great Lakes district by dipping into the United States through Detroit and Chicago. In true tourist style they will pitch tent each night and sleep beneath the stars.

A secondary object, if all goes well, is to extend their tour to include Los Angeles, California, where the Olympic games will be in progress. T. J. Matthews, one of this year's graduates of the University, will accompany the scholarly itinerants as far as Edmonton, Alberta. Mr. Preston is an inveterate traveller, having covered most of England and Scotland, as well as Greece. Barring serious accidents, the Alma Mater will again see their familiar touring-car about the end of August. Probably it will be a much-begrimed and thoroughly chastized touring-car by that time.

Miss Mary Buchanan, nurse-in-training at the Royal Victoria Hospital, Montreal, is spending her vacation with her mother, Mrs. P. W. Buchanan, Portland avenue.

Miss Marjorie Bayne, student at Trafalgar Institute, Montreal, is returning on Sunday to spend the summer holidays at home with her father, Dr. H. D. Bayne, Portland avenue.

Their Excellencies the Governor-General of Canada and the Countess of Bessborough, accompanied by Major Mackenzie and Lieutenant Fuller, honored Rev. Dr. and Mrs. A. H. McGreer by being their guests at luncheon yesterday. Other guests included the Chancellor of the University, F. E. Meredith, and Their Lordships the Bishops of Montreal and Quebec.

Among the guests at Bishop's University Convocation yesterday were: His Excellency, the Governor-General of Canada and the Countess of Bessborough, the Lord Bishop of Quebec, the Right Hon. R. B. Bennett, Mr. E. W. Beatty, Chief Justice Greenhills, Hon. L. A. David, Mr. Aime Geoffroy, Hon. W. G. Mitchell, Mr. G. H. Montgomery, Col. TWELVE NURSES ARE GRADUATED FROM HOSPITAL

Impressive Ceremony at St. Vincent de Paul Hospital Yesterday Afternoon as 1932 Class Concluded Training — Mgr. Vincent Presided Over Function.

Equipped with diplomas signifying the successful completion of their work at the St. Vincent de Paul Hospital, twelve young ladies today stood on the threshold of the future, ready to embark on their errand of mercy—to alleviate the pain and distress of suffering humanity. Yesterday afternoon in the presence of the Vicar-General of the diocese, Mgr. Emile Vincent, members of the clergy and medical profession, the reverend sisters under whose care and teaching they had spent the past few years, proud parents, relatives and friends, these young graduates received their parchments and the dream started when they entered to become nurses was fully realized.

To the already-numerous and noted alumni of the local Catholic institution were added the Misses Jeanne Laceret, of Thetford Mines; Yvonne Lord, Lea Simard, Yvette Simard and Jeanette Leduc, of Grand'Mere; Albertine Cote, of St. Joseph d'Alma; Emeline Lamoureux, of Magog; Marie-Ange Dumont, of Cookshire; Aline Boisvert, of Nicolet; Alice Robin, of Granby; Marie-Antoinette Beaudoin, of East Angus, and Alice Corbett, of Ste. Rosalie. The graduation exercises were held in the hospital auditorium yesterday afternoon, the impressive ceremony being conducted with solemn benediction of the Bishop of Montreal in the hospital chapel.

This week was an epoch-making chapter in the history of St. Vincent de Paul Hospital. On Wednesday the institution was honored by the visit of Her Excellency, the Countess of Bessborough, while the distinguished gathering which attended yesterday's function was a tangible expression of the interest taken by the many friends of the institution in the progress and development of the "Hospital on the Hill."

Dr. F. A. Gadois, president of the Sherbrooke Medical Bureau, opened the proceedings with an address of welcome to the Vicar-General, whom he thanked for taking such an active interest in and affording his patronage to various movements throughout the diocese. To the graduating class, Dr. Gadois addressed a few fatherly words of advice, complimenting them on the success they had attained, assuring them that the hospital personnel was confident that they were worthy to join the legion of nurses already graduated, and in the name of the reverend sisters, doctors and patients, wishing them the success they deserved.

Mgr. Vincent then read the pledge, and in a united voice the twelve graduates promised to adhere to the precepts enunciated in the solemn oath. From the hands of Canon Larue, chaplain at the hospital, the young ladies received their diplomas, while Dr. Fred Bertrand made the presentation of the graduation pins. The valedictory was read by Miss Yvonne Lord, who, in the course of her remarks, commented on the happy days the graduates had spent at St. Vincent de Paul Hospital, thanked the sisters for their devoted and unselfish attention, and the doctors for their many favors, and promised to do everything to reflect honor and glory on their Alma Mater.

"You have been taught to perform a certain duty in social life," Mgr. Vincent told the graduates, "which consists not only in healing the body but also in comforting the soul. Do your duty wholeheartedly, with a smile constantly on your lips, and when your duty has been accomplished you will receive the eternal reward reserved for those whose lives are devoted to their fellow men."

Mgr. Vincent, on behalf of Bishop Gagnon, whose illness prevented him from attending the ceremony, offered his words of congratulation and exhorted the graduates to remember the doctrines taught them by the

unselfish women who had consecrated their lives to God and humanity. In conclusion, the speaker reiterated the confidence felt in the 1932 class, and advised the nurses to temper the sweetness of the joys they would experience during their career with the bitterness of their disappointments, and always live up to the solemn pledge they had taken. Drawing his inspiration from the bouquets of beautiful flowers received by the graduates, Rev. Father Dolor Biron, parish priest of St. Jean Baptiste, declared that the flowers were symbols of a nurse's life. The beauty of the rose, Father Biron stated, hid the thorns which lurked beneath, but the purity and odor which the flower possessed could be likened to the tenderness and care which a nurse should always demonstrate towards her patients.

Dr. Eugene Laceret, of Thetford Mines, father of Miss Jeanne Laceret, and always live up to the solemn pledge they had taken. Drawing his inspiration from the bouquets of beautiful flowers received by the graduates, Rev. IRISH ACADEMY IS CLOSED FOR SUMMER MONTHS

Ten Students Graduate from High School Course at St. Patrick's Academy — Closing Exercises Last Evening Were Largely Attended.

"All too quickly our time at St. Pat's has passed by, and we realize that the lessons learned there, the work accomplished there, will be fruitful only insofar as we, in life that is before us, react to the spiritual message our Alma Mater impressed upon us. In deed and in truth we must always be the 'men of the valedictory,' read by Lawrence Brooks, the graduating class of St. Patrick's Academy bid adieu to their old and beloved school last evening, when the portals were drawn across another successful year in the annals of the Irish institution.

The closing exercises, held under the capable direction of Mrs. F. J. Doherty and Rev. Bro. O'Shea, were largely attended last evening by proud parents and friends of the pupils of the Academy who have just completed a year of arduous study. A pleasing programme, which included a clever scene from the Merchant of Venice, had been arranged, and the musical numbers, recitations and songs by the pupils proved decidedly entertaining and reflected in credit upon Mrs. Doherty, who has been in charge of the academy's closing programme for many years, always with the same satisfactory results.

The programme which was presented during the evening prior to the distribution of prizes and the farewell addresses, included: chorus, "Good Times A' Coming," with solo part by Maurice Grigsby; "Welcome," by John H. Walsh; recitation, "Ten of Them," by the preparatory class; chorus, "The Town in the Old Country Down," with solo part by Mark Timmins; recitation, "The Holidays," by Second Year pupils; Irish jig, by Billy Johnston, Jackie Hawkins and Rodrigue Power; chorus, "The Meads of the Waters"; recitation, "A Tale of Hard Times," by Fifth and Sixth Year pupils; group song, "Somewhere in Ireland"; recitation, "Father's Chicken," by Curtis Barlow; and an Irish jig by Lorne Murphy, Henry St. Louis and Warren Mack. Act IV, scene I, of the Merchant of Venice was then staged, the players being Emmett Timmins, John Hibbard, Vernon Murphy, Jackie Guhan, Gordon Wilcox and Austin Conway.

Ten pupils graduated in the High School course and were awarded their school leaving diplomas. These were Howard Simms, Gerald Gir-

oux, Lawrence Brooks, Harry Blain, Reynold Quinn, Franklyn Simms, Ernest Walters, Arthur Moore, Maurice McMahon and Allan Mooney.

In a brief but interesting address, Rev. Bro. Rogers, principal of the Academy, expressed his pleasure in welcoming the parents and friends of the scholars on this occasion, and the sorrow which was his at having to part with the graduates who this year completed their High School education. "The boys—your boys—are equal to the best both in scholarship and in athletics," he said. "I say this merely to give praise where praise is due to you good people, because you do know and feel that without co-operation educational work cannot be carried on satisfactorily."

"I wish to thank the Commissioners," he continued, "and other friends for their many kindnesses to us. I know you will join with me in expressing gratitude to two members of our teaching staff, namely, Mrs. Doherty, whose devotedness has made this entertainment possible, and Mrs. Roy, whose work and prizes are highly appreciated."

Bro. Rogers took this opportunity of congratulating the past pupils of the academy who are distinguished themselves so well in different universities, and expressed the hope that the graduating class this year would continue the same tradition.

It is indeed most gratifying to the parents to see the continued improvement in the school's educational efforts since its establishment over twenty years ago," said Mr. J. H. Walsh, School Commissioner, in an address in which he lauded the work of the pupils and the results obtained by the teachers during the past year.

Mr. Walsh spoke about the sympathetic assistance that has always been extended the Academy by the French co-religionists of Sherbrooke, without which it would have been impossible for the Irish school to have attained the outstanding position among the educational institutions of the city which it now holds.

Addressing the ten High School graduates, Mr. Walsh congratulated them. "I wish to felicitate all of you," he said, "those who by the results of the various examinations have done extra well, and those who perhaps have found the studying harder to grasp, but have fought these difficulties and persevered to the end of the course."

Following Mr. Walsh's address, and a few words spoken in French by Mr. Charles Emile Bachand, who represented the Catholic School Board, the valedictory was read by Lawrence Brooks, of the graduating class.

Beautiful in its simplicity and truly impressive in the sentiment it carried, the valedictory address reflected the thoughts paramount in the minds of the ten students, some of whom had attended the Academy all their scholastic lives, who were bidding farewell to St. Pat's. "To the boys in St. Patrick's we leave this thought," the valedictory read, "not in the spirit of foolish conceit, but as a truth they too will realize, that the honest doing of duty, the earnest earning of honor and the realization of exalted ideals depend always and absolutely upon the commonplace deeds of every day. Remember, too, the race is not to the swift. You must work. You must build the foundation now."

"We may wisely pause tonight, at this turning point in our lives, ere we bid our school days 'good-bye,' and in thought draw aside the veil that hangs over our future."

"It is upon an occasion such as this that we feel the 'imitations of language and especially the poverty of the language of gratitude.' We know the immensity of the obligation we owe to our dear parents, our teachers and our school commissioners, but we cannot voice our thanks. Yet, we are determined that for the future, deeds will speak for us, not words."

The distribution of prizes was as follows:
 Preparatory Class: scholarship, Miles Walsh; inspector's prize, Miles Walsh; prize for assiduity, Hugh Saunders.
 First Year: scholarship, Alfred Allen; second in class, Thomas Galvin; inspector's prize, Thomas Galvin.

 Sherbrooke bank clearings for the past week amounted to \$420,112.50, a decrease of \$325,032.89 compared with the total for the corresponding period last year of \$745,145.39.

The figures for the past week, statistics issued by the Sherbrooke Clearing House today reveal, also recorded a decrease of \$404,102.88 compared with those for the same week in 1930, which amounted to \$914,215.38.

EMPHASIZED ESSENTIALS IN SUNDAY SCHOOL TEACHING
 Dr. Webb, general secretary of the Sunday School Board of the Baptist Churches of Ontario and Quebec, speaking at the Baptist Church in this city last evening, emphasized three essentials in Sunday school teaching.

The first of these, he pointed out, was true worship. It was necessary, he said, that teachers understand the inner meaning of worship. "Teaching," he continued, "is the second essential. The young people must be taught to express the ideas that are in their own minds." Teacher training is the last of the three essentials. It is impossible for anyone to teach without a true understanding of the material with which one works.

At the close of the address the question of a teacher's training course was considered. It was agreed a week in the fall be devoted to this.

HATLEY

Flushed with victory and with ringing cheers for Hatley the local baseball team returned on Saturday evening after a friendly encounter with the Sawyerville nine, which resulted in a score of twenty-five to three for Hatley. Rev. and Mrs.

Seaton, Mr. and Mrs. Thomas F. Walsh, Mr. and Mrs. H. F. Webster, Mrs. L. Frappied, Miss Mary Walsh and others motored to Sawyerville to witness the match. Rev. and Mrs. Seaton were also guests at this time of Rev. and Mrs. Wilson.

The party given as a benefit for the local Boy Scouts was well patronized, eleven tables being filled with devotees of five hundred and bridge. The games were followed by the serving of refreshments, while gramophone and radio music was afterward given for a short time of dancing.

On Sunday morning the congregation of the United Church listened to "Echoes from the Montreal-Ottawa Conference," held during the past week in Montreal. It is a matter of congratulation and satisfaction that Rev. A. W. Seaton will enter upon his fourth year in July as pastor of the Hatley United Church.

At the recent annual Women's Christian Temperance Union held in Magog, Mrs. Alice P. of this place was created a life member and was duly presented with the accompanying "c-p-i-i."

Mr. and Mrs. M. E. Corey are receiving the congratulations of their many friends. Their eldest son, Carl B. Corey, who during the past winter has been attending a diploma course in agriculture at Macdonald College, has been awarded the T. Eaton scholarship of seventy-five dollars. Mrs. Corey was formerly Miss Eloise Bowen, eldest daughter of the late Mr. and Mrs. A. E. Bowen, of Hillhurst.

Much sympathy is expressed for Mr. and Mrs. Gordon Pocock in the recent loss by fire of their fine farm property at Hillhurst, "McLenville Lodge," was one of the landmarks for many years of West Compton, being formerly known as the Stimson place. Mrs. Pocock has been closely identified with the activities of the Anglican Church, both in this place and during her residence in Coaticook.

\$100,000 Spent To Perfect This Perfumed Mist ... The Ideal Way to Kill All Flies and Mosquitoes

Fly-Tox was developed at Mellon Institute of Industrial Research by Rex Research Fellowship. Ten years have been spent in perfecting it, and more than \$100,000.

It is based on extracts from flowers of Japan, which insects cannot tolerate. An extract pleasant in odor, harmless to people, stainless to anything. But every fly or mosquito perishes quickly at a touch of the mist it creates.

These pests are your deadly enemies. They carry disease germs to infect every food they touch.

Fly-Tox, used rightly, kills all these pests at once. The way is easy and pleasant, the results are sure, the cost 1 or 2 cents per room.

This new Fly-Tox—based on flowers—is many times as effective as methods of the past. Every lot is tested on flies in our laboratory to insure its quick effects.

Use Fly-Tox only, and always in the new-type Fly-Tox sprayer. Spray to the ceiling, to create in your room a cloud of all-pervading mist. As this mist falls, every fly or mosquito dies at its touch.

Yet no harm to people, no offense, no stains. Accept nothing less effective when the safety of your home is at stake. Sold in a million stores the world over. Get Fly-Tox now. Made in Canada.

Acid Stomach Caused Him Great Distress

Carter's Little Liver Pills Just What He Needed

There is such a close relationship between the stomach and the eliminative organs, that where an unhealthy stomach condition exists, constipation usually exists also. And a sluggish liver aggravates both. To clear up such troubles completely, the stomach, bowels and liver must all be toned up. Carter's Little Liver Pills do this to perfection. Mr. Frank C. praises them as follows: "I have suffered long from acid stomach and constipation, but since being advised to try your wonderful Carter's Little Liver Pills, I can eat anything. Vegetables are a valuable aid to health; and Dr. Carter's Little Liver Pills are PURELY VEGETABLE. No calomel. Ordinary laxatives only move your bowels. Carter's also give your liver gentle and very necessary stimulation. Always ask for Carter's by name. Sold everywhere, 25c & 75c red packages."

EASTERN TOWNSHIPS OFFER A WIDE VARIETY OF HOLIDAY ENJOYMENTS

This District, Adjoining International Boundary, Possesses Numerous Well Established Resorts on Picturesque Lakes and Rivers—Road System Well Equipped With Direction Signs and Danger Signals.

The majority of Canadians probably do not realize what a wonderful choice of vacation opportunities this country offers. How many of us in any one province have first-hand knowledge of the wide range of attractions of our neighbouring provinces? Many no doubt have gone abroad to seek a holiday, forgetting that our own Dominion is unequalled in the exceptional variety and range of its recreational resources. Surely a country which attracts visitors from other countries by the tens of millions must have recreational features of interest to its own citizens.

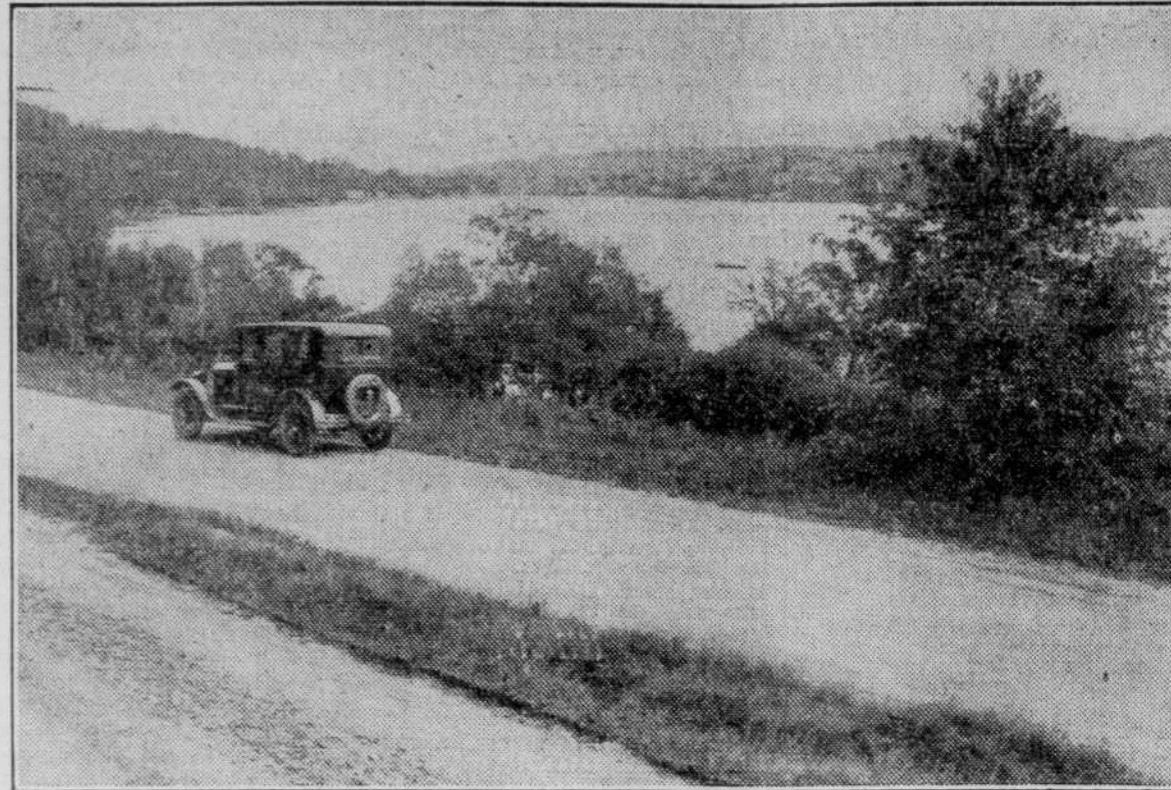

It is so easy to travel in Canada that an interprovincial tour is a recreation which every Canadian vacationist may well and profitably undertake. All the developed and much of the undeveloped part of the Dominion is easily accessible by train, boat or automobile. Canada is served by two of the world's greatest railway systems and a number of smaller lines. The equipment and service are of the highest standard. Steamers built specially for pleasure cruising afford a holiday, forgetting that our own Dominion is unequalled in the exceptional variety and range of its recreational resources. Surely a country which attracts visitors from other countries by the tens of millions must have recreational features of interest to its own citizens.

National and provincial parks in Canada cover nearly 25,000 square miles. They are areas which have been withdrawn from exploitation and are being preserved in their virgin beauty and wildness, for purposes of pleasure and recreation. The largest national parks are in the Rocky Mountains section of Alberta, a region of unsurpassed scenic splendour admirably equipped by nature for all forms of sport and recreation. There are also important parks in Quebec, British Columbia, Saskatchewan, Manitoba, and Ontario. Accommodation ranges all the way from large modern hotels to log cabins and tents. Fishing is one of the chief attractions in the parks,

but game animals and birds are rigidly protected and their fearlessness never fails to interest visitors. Throughout the Eastern Townships there are many summer resort districts which offer a wide range of attraction and variety of accommodation. In fact, Quebec's summer playgrounds are of the most varied nature including as they do, sea-shore, mountain, lake and forest resorts. Along the lower St. Lawrence, summer colonies have been established at many points. North of the St. Lawrence and Ottawa rivers the Laurentian mountains, clothed with pine forest and dotted with lakes, constitute a vast summer and winter play ground, and the Eastern Townships, which adjoin the international boundary, have numerous well established resorts, on picturesque lakes and rivers.

For a number of years the Department of the Interior at Ottawa has been engaged in the promotion of the Canadian tourist industry, more especially the development of tourist travel from the United States to Canada. It is also endeavouring to influence Canadians to spend their vacations in the Dominion. The National Development Bureau of that Department will gladly furnish inter-provincial road maps and other information for the use of those planning a Canadian tour, and where necessary will refer enquiries to provincial and local tourist organizations.

GOLD HOLDINGS FAVORABLE FOR WORLD TRADE

With Exception of Germany, Leading Nations All Have Their Full Supply of Gold Stored in Their Central Banks.

New York, June 17.—With the possible exception of Germany, every leading nation now has a sufficient supply of gold bullion to enter into a revived world trade when that revival comes. That is the view of bankers here, who see the end of the gold outflow from the United States—indicated by France's withdrawal of a final \$55,000,000 on Tuesday—an indication that international bullion holdings have reached a balance favorable to trade.

Since mid-September, 1931, the United States has returned \$1,100,000,000 in gold which belonged to European countries, but had been placed in the United States. Simultaneously, eleven principal European nations increased their gold holdings by about the same amount.

Allowing for minor adjustments, and an exception in Germany's case, each nation now has its full supply of gold stored in the vaults of its central bank.

DOMINION'S GOLD OUTPUT CONTINUES AT HIGH LEVEL

Montreal, June 17.—Canadian gold production continues at high level, according to the latest report issued by the Dominion Bureau of Statistics at Ottawa. Canadian mines produced 246,359 ounces in April, a decline of 3.6 per cent. from the March total of 255,675 ounces, but an increase of 10.9 per cent. over the output in April, 1931, of 222,073 ounces. During the first four months of the current year 961,751 ounces of gold were produced in Canada as compared with 823,575 ounces in the corresponding period of the previous year.

Ontario mines produced 184,807 ounces in April. Quebec's output totalled 35,998 ounces. In March 40,359 ounces were produced and in April, a year ago, the production was 31,493 ounces.

OATH BILL IS HOPELESSLY MUTILATED BY THE SENATE

Dail Not Expected to Accept the Alterations, Which Will Mean a Delay of Eighteen Months Before De Valera Can Achieve His Purpose.

Dublin, Irish Free State, June 17.—The Senate yesterday decided, by a vote of 29 to 18, to pass the amended oath bill to the next stage, which means that the measure will go back to the Dail so modified as to alter its original purpose.

The Dail is not expected to accept the Senate's amendments, and thus President Eamonn de Valera's measure to abolish the oath to the Crown either must be held up eighteen months or a general election called.

The eighteen months' delay would be occasioned by the later provisions of the Free State constitution, which give the Senate the right to refer back legislation to which it objects only for that period of time, after which the Dail could pass it over a veto.
