Montreal Likely First Stop Of Princess Margaret Plane

World News In Brief

Westport, Conn. — (AP) — Fire caused an estimated \$400 damage Sunday to the kitchen of the Westport home of television actress Martha Raye. Firemen said the actress started to light a gas burner on the stove with a match and nearby window drapes took fire, burning two window casings. No one was hurt.

Providence, R. I. — (AP) — Ernest Lake was hauling 28,000 pounds of macaroni from a Fall River macaroni factory to an army base in New Jersey when the motor of his big tractor-trailer developed trouble Saturday night. Lake disengaged the truck and took it away for repairs. When he returned Sunday night the big trailer and the macaroni were gone.

New York — (AP) — Officials at LaGuardia airport searched passengers and planes for four hours Sunday after receiving a telephone call that someone would board a plane with nitroglycerine in order to commit suicide. They finally decided the call was the work of a crank or prankster.

Demand Of CBC Union Is Rejected

Ottawa — (AP) — A federal conciliation board has rejected outright a union demand for wage increases for radio and television technicians of the CBC.

The majority report of the three-man board, made public today, also largely turned down other requests of the National Association of Broadcast Engineers and Technicians (CIO-CCL) on behalf of 770 employees in stations across Canada.

The union, which received the report last week, announced Friday a strike vote of its CBC membership will be held Feb. 2, and officials said an affirmative vote would empower them to call a strike unless a satisfactory agreement is reached by Feb. 16.

Employees involved in the dispute—under way since last summer—include control, sound effects and maintenance men in CBC's radio operations and camera men, lighting men, projectionists, film processors and control room workers in television.

A three-man board with Prof. C. H. Curtis of Queen's University, Kingston, Ont., as chairman, heard the dispute. The CBC nominee was H. Brooke Bell of Toronto, and the union's representative was Miller Stewart, Toronto. The chairman and the CBC nominee wrote the majority report. The union nominee recommended a six per cent increase retroactive to last Aug. 1, plus another six per cent from next April 1 to March 31, 1956.

Commonwealth Heads To Tackle Chinese Problem

By SEYMOUR TOPPING
London — (AP) — The Prime Ministers of the British Commonwealth met in London today amid grave war fears and plunged straight into talks aimed at helping to end the Formosa fighting.

The China coast crisis headed the agenda at the opening of the 10-day parley of eight Prime Ministers and one Deputy Premier.

Shoved into the background were such topics as prospects for easing the cold war tensions in Europe, new defence problems in the H-bomb age and economic relations.

Prime Minister Churchill was striving to muster the influence of the Commonwealth, embracing one-fourth of the world's population, behind today's move in the United Nations Security Council for a China cease-fire.

On hand for the closed-door meetings with Churchill at his official No. 10 Downing St. residence were:

Prime Minister St. Laurent, Canada; Nehru, India; Robert G. Menzies, Australia; Sydney Holland, New Zealand; Mohammed Ali, Pakistan; Sir John Kotelawala, Ceylon; Sir Godfrey Huggins,

New Figure Appears In Serge Killing

New York. — (AP) — A mysterious girl, dressed in brown, has been reported seen wandering about Serge Rubinstein's lavish home some hours before he was murdered.

Rubinstein's mother and aunt told of having seen the girl, police disclosed Sunday, but so far they have turned up no hint as to who she might be.

Today's investigation of the four-day-old murder will include questioning of Lee Brooks, a dealer in Canadian securities, police said.

Brooks had clashed with the slain draft-dodger in a complex oil deal, police reported. In 1947 Brooks was questioned about the unsolved murder of businessman Albert E. Langford.

Rubinstein is to be buried today after Jewish services.

At the funeral home, Rubinstein's mother disclosed she had heard angry voices arguing in her son's rooms early Thursday, shortly before he was killed. Mrs. Stella Rubinstein lived on the fourth-floor of her son's Fifth avenue mansion, one floor above the bedroom in which he was strangled to death.

Police later confirmed the report and said Mrs. Rubinstein had told them about the voices when they questioned her on the day of the murder.

The "girl in brown" was seen by Mrs. Rubinstein some time prior to the noisy quarrel, police said.

Mrs. Rubinstein had gone into the hallway to check on a noise, and had seen the girl on the stairway. She didn't look like the kind of girl who belonged there, police said the mother remarked.

Since Rubinstein often entertained during the late hours, neither Mrs. Rubinstein, who is 78 nor his aunt, Mrs. Eugenia Forrester, 82, paid much attention.

Mrs. Forrester said she saw the girl when the light flashed on in her fifth-floor bedroom. Mrs. Forrester figured the girl had got there by mistake, since she quickly turned the light off again after seeing whose room it was.

Mrs. Forrester fixed the time of this incident at 1 a.m. So far as can be determined, Rubinstein did not get home until 1:30 a.m.

Visitors to the bier of the millionaire financier and playboy included Miss Anna Borsuk, 45, who described herself as "a very dear friend." She said Rubinstein had told her a week ago, "I have a premonition that I will be killed."

Belgrade. — (Reuters) — Yugoslavia has expressed regret to Italy for the shooting Saturday of an Italian soldier who strayed across the frontier near Trieste, the government announced Sunday. The Italian was slightly wounded by a Yugoslav guard after he walked mistakenly into Yugoslav zone "B" of the Trieste region. The government said the soldier ignored two warnings to halt.

London — (CP) — Princess Margaret left today in the Stratocruiser canopus for a one-month tour of the West Indies. If winds are favorable she will go via Montreal.

This was the first transatlantic flight for the 24-year-old Princess and the first Commonwealth tour she has made on her own.

The big plane, the Canopus, was airborne at 3:09 p.m. (10:09 a.m. EST).

The Queen, the Duke of Edinburgh and Queen Mother Elizabeth waved goodbye at London airport.

Once she reaches the Caribbean, Princess Margaret will transfer to the Royal Yacht Britannia and visit — Tobago, Grenada, St. Vincent, Barbados and Antigua, St. Kitts, Jamaica and the Bahamas. She will return home by plane March 2.

Just before the plane departed it was announced that the first stop would be Goose Bay, Labrador, rather than Gander, Nfld., because snow was forecast at Gander. Atlantic weather was forecast as stable.

"If fair winds prevail, however, the aircraft may over-fly either place and land at Montreal," a BOAC spokesman said.

Princess Margaret's personal standard was broken at the nose of the airliner as she went aboard. The Queen, the Duke and the Queen Mother went aboard with her for last farewells and then came back down the gangway. The Princess smiled and blew a kiss to them.

In the party with the Princess are two ladies-in-waiting, Miss Iris Peake and Lady Elizabeth Cavendish, the Queen Mother's private secretary, Capt. Oliver Dwayne, and Brig. Sir Norman Gwatkin, assistant controller in the Lord Chamberlain's office.

Pilot of the Canopus is Capt. Peter Fair, formerly of Montreal. The Princess wore an olive green velvet coat with its collar trimmed with mink and a fur-trimmed matching hat.

Despite a gusty wintry wind several hundred persons waited in the public enclosure to see the Princess leave. She was also cheered by a crowd outside Buckingham Palace.

Margaret spent the morning at Clarence House with her mother. Later she and the Queen Mother lunched with the Queen and Duke of Edinburgh at Buckingham Palace before the royal party left for London airport.

First official stop on the tour will be Trinidad where the Canopus is due Tuesday afternoon. In addition to the brief stop-over in Canada, the plane will land briefly at Montego Bay, Jamaica en route to Trinidad.

Chances are the pretty sister of the Queen, will be sound asleep aboard the luxury strato-cruiser when the big plane touches Canadian soil early Tuesday morning.

Princess Margaret has said wistfully that she is just about the only member of the Royal Family who hasn't had a chance to visit Canada.

RACF Lancasters will take over watchdog roles from the RAF in mid-Atlantic. The RACF will carry on escort duty until the West Indies are sighted.

Explorers Have Rough Trip Start

Winnipeg — (AP) — A colorful troupe of Arctic explorers from New York limped into Winnipeg Sunday night, their adventures starting even before they left civilization.

The party, which includes a concert pianist, a Hollywood scenario writer, a cameraman, a cosmic ray physicist, an artist and a still photographer, landed in their crippled DC-3 plane after a perilous 1,500-mile flight from New York.

The plane became coated with ice after the defrosting equipment broke down.

The pilot and navigator, Capt. Marvin Griggs, said he was forced at times to stick his head out the window to chisel ice from the windshield. Officials at Stevenson field said the pilot was badly shaken after guiding the plane down.

The group, headed by Lt.-Col. John F. Stanwell — Fletcher, a former member of the RCMP, stopped overnight for repairs to the plane. They were scheduled to take off today for Fort Churchill, 610 miles north, on the second leg of the journey.

From there they will fly to

Seek Delay In Appeal Of Coffin

Quebec — (AP) — The appeal of a murder conviction by Wilbert Coffin, scheduled to be heard Tuesday before the Quebec Court of Appeals, may be postponed to March 1.

The 43-year-old Gaspé prospector was convicted Aug. 5, 1954, at Percé, Que., of the murder of Richard Lindsey, 17, one of three Hollidaysburg, Pa., bear-hunters who mutilated remains were found in the Gaspé wilderness in July, 1953.

His execution is set for March 12.

Chief Crown Prosecutor Noel Dorion said the appeal will be called before the five-judge court Friday but the Crown will present a petition to have the hearing postponed one month. Mr. Dorion said there is a voluminous list of other cases to be heard.

Coffin was sentenced to be hanged Nov. 26 but was given a stay of execution to March 12 when granted leave to appeal.

He was arrested after his common-law wife, Marion Petrie, led police to articles in a Montreal apartment where she said Coffin had taken them. They were identified as property of the three dead hunters.

Coffin's counsel, Francois Gravel, said he will appeal the admissibility of Miss Petrie's testimony at Coffin's trial on grounds spouses cannot be compelled by law to testify against each other.

He said he will also contend that the presiding judge, Mr. Justice Gerard Lacroix, erred on rules of evidence and that an acquittal should have been ordered because of insufficient evidence.

No murder weapon was introduced in court. Jean Guy Hamel, of St. Jean, Que., was charged with perjury after he denied Coffin's trial he told two provincial police officers he helped dispose of a rifle allegedly owned by prospector's defense counsel.

He was sentenced to five years in penitentiary and is scheduled to appeal his conviction this month.

Japanese Lend Cautious Ear To Soviet Overtures

By GENE KRAMER
Tokyo — (AP) — With Formosa holding the world spotlight, Russia during the weekend offered to discuss resumption of normal relations with Japan and the Japanese government cautiously considered the idea.

"I want the Soviet Union to declare first the state of war existing with Japan is ended, after which we can advance talk of normalizing relations," said Prime Minister Ichiro Hatoyama.

Hatoyama told reporters that Russia only recently has ended the state of war with Germany and can do the same with Japan.

"There is no reason for the United States to oppose this," he said, contending that a Japan friendly to both Russia and America can help relieve tension between the two great powers.

The unsigned Russian note was made public in Moscow and Tokyo on Sunday. It was handed to Hatoyama personally by Andrei Domintsky, head of the Russian mission which has remained in Tokyo without diplomatic status since the occupation ended.

The note said "the Soviet side believes it would be expedient to exchange views on the question of possible steps aimed at the normalization of the Soviet-Japanese relations." It added that negotiations could be held in either Moscow or Tokyo and asked for Japanese ideas on this score.

NO TRAINS TODAY — The frame CPR railway station at Verner, Ont., a village of a few hundred, 44 miles east of Sudbury, had one end reduced to little more than a pile of lumber Friday when a west-bound freight hit an open switch, sped down a dead-end spur and catapulted two empty boxcars into the building. The boxcars had been shunted to the end of the spur when the train, loaded with newsprint hit them. Station Master Rejean Lafreniere, of Ville Marie, Que., was inside the building when the train hit the switch and realizing the impending danger ran outside seconds before the boxcars smashed into the building. There was one slight injury. (CP Photo)

USWA Plans Campaign To Jump Wages

Hamilton. — (AP) — A drive for higher wages to increase consumer purchasing power is planned by the United Steelworkers of America (CIO-CCL).

In a report at the union's 11th annual policy conference Sunday, National Director C. H. Millard said the future of the Canadian economy depends on giving workers more money to buy the things which management produced.

"Fully-employed and highly-paid Canadian workers and prosperous farmers are the best customers management can find," Mr. Millard said.

He said he will also contend that the presiding judge, Mr. Justice Gerard Lacroix, erred on rules of evidence and that an acquittal should have been ordered because of insufficient evidence.

No murder weapon was introduced in court. Jean Guy Hamel, of St. Jean, Que., was charged with perjury after he denied Coffin's trial he told two provincial police officers he helped dispose of a rifle allegedly owned by prospector's defense counsel.

By SPENCER MOOSA

Taipei, Formosa — (AP) — The combat-ready U.S. 7th Fleet needed only a "go ahead" today to evacuate the Communist-threatened Tachen Islands, already blasted by Red fire bombs.

However, Adm. Felix B. Stump, commander of the U.S. Pacific fleet, said on a quick visit to this Chinese Nationalist capital Sunday that an evacuation had not been ordered.

Unconfirmed Chinese press reports said the garrison of 15,000 men was under defence ministry orders to prepare for a bitter stand if the Communists should attack before the evacuation takes place, as many observers here expect them to do.

Stump meanwhile was flying back to his Pearl Harbor headquarters after a quick trip to Taipei and an unheralded conference with top American commanders in Tokyo. While here he told a press conference that "any time American forces are attacked anywhere they will defend themselves."

"I came here to see that my commanders have everything they need if the job is ordered," Stump said. "We have a plan to assist in the evacuation if it is ordered. It hasn't been ordered."

As the belief grew that orders might come this week, the English language China News said all preparations for the redeployment of Nationalist forces on certain offshore islands had been completed.

This apparently referred to strengthening garrisons on such islands as Quemoy and Matsu, dominating the Red Chinese ports of Amoy and Foochow.

The defence ministry said five Communist twin-engine bombers, escorted by eight jet fighters, dropped fire bombs on lower Tachen island Sunday and destroyed many homes. Nationalist fighter bombers attacked Red shipping and islands to the north and claimed one gunboat sunk. Sunday night, Nationalist bombers hit Red targets on Yikiangshan island eight miles north of the nearest Tachen island and claimed hits on oil and ammunition dumps.

Red artillery on Yikiangshan has been firing sporadically at Upper Tachen island and the Nationalists believe the Reds are concentrating supplies there for an amphibious attack.

Red guns Sunday also shelled Quemoy, 350 miles to the south, the defence ministry said.

Mannheim, Germany. — (AP) — Gen. William M. Hoge retired from the U.S. Army today and told his troops of the European command they were in a "stronger and better position" than ever before for defence of the world. He closed out his 42-year military career at a big farewell review attended by Gen. Alfred M. Gruenther, supreme Allied commander in Europe, and virtually every top American and Allied military chief in Europe.

Snap Vote Predicted In Province

Quebec — (AP) — Quebec's powerful Union Nationale party machine is limbering up and some government Legislature members feel Premier Duplessis may be thinking of calling a snap provincial election this summer on the federal-provincial taxation issue.

That feeling is spreading in Union Nationale ranks although Mr. Duplessis has said flatly a number of times he will not seek re-election of his party until 1956 when its term expires.

Biggest single development causing Union Nationale members figuratively to sit on the edge of their seats in anticipation of an election is the federal government's decision to grant Quebec residents a 10-per-cent cut in federal income tax.

Party spokesmen say reports of a summer election may stem from preparations now being made for three by-elections.

Canadian, Indian Premiers Discuss China Situation

By ALAN HARVEY
Canadian Press Staff Writer
London — (AP) — Prime Minister Nehru of India today called on Prime Minister St. Laurent of Canada and had a one-hour talk on the international situation.

The Indian Prime Minister, possibly the chief spokesman in the non-Communist world of what might be termed the "Asian view" of international affairs, visited the Canadian Premier at his suite in the Dorchester Hotel.

Nehru was accompanied by his sister, Mrs. Vijayalakshmi Pandit, Indian High Commissioner in London.

St. Laurent told a reporter the conversation was "very interesting."

"Once again," he said, "I was impressed with the importance of the great ferment that is going on among all the Asian peoples."

"Once again I was given an insight into the fact that it is possible to have more than one view on international affairs, depending upon your geographical position. The world looks different when you are sitting, let us say, at the North Pole than if you happen to be elsewhere."

St. Laurent, who arrived Saturday by air to attend the Commonwealth conference opening later today, said the differences of viewpoint on world affairs, to which he referred, were often as much psychological as physical.

His brief statement, though clothed in diplomatic language, nevertheless implied a Canadian awareness and appreciation of the Indian outlook. This is often sharply at variance with diploma-

Fair Trade Held Basis Of Accord

Toronto — (AP) — Rhys M. Sale, president of Ford of Canada, said Sunday night the settlement reached with the United Automobile Workers Union (CIO-CCL) was a fair trade, brought about when negotiations with the union became a "two-way street."

"The heart and soul of these negotiations, and certainly the most important pattern-setting feature," he said, "was that for the first time in our 13 years of union-company relationship, there was true bargaining."

"We have always said that collective bargaining must be a two-way street, if it is to be made to work successfully. There has to be a willingness on both sides to trade concessions when the circumstances dictate."

Mr. Sale commented in a statement issued here following ratification during the weekend by Ford employees in Windsor, Oakville and suburban Etobicoke of a strike-settling agreement reached between Ford and the UAW last Thursday after 30 days of company-union meetings. The ratification formally ended the 109-day strike.

Mr. Sale said that for 13 years, since the inception of the UAW at Ford of Canada, the company has always been giving, without getting anything in return.

"This has been one of the basic reasons why the company has been forced to take such a firm position in some of our negotiations," he said.

He said that over the years, the union had built into the agreement certain clauses, "especially in respect to seniority, job advertising and hours of work, which placed heavy and costly burdens upon the company without being of much real advantage to the employees generally."

He said these clauses had forced the company to shift hundreds of men from job to job, department to department and plant to plant even to effect minor changes in production schedules. The company had tried repeatedly to persuade the union to agree to changes which would eliminate some of this inefficiency and needless cost.

The settlement, Mr. Sale said, gave employees a four-cent-an-hour wage increase, holiday, hospital and insurance benefits, making them "not only the best paid workers in the Canadian automobile industry, but those with the most generous benefits and the best working conditions."

"These and other gains which can be measured in dollars and cents represent a great deal to the employees," he said. "What we have gained in the way of amendments in the seniority, job posting and hours of work clauses of the agreement, the extension of the contract to June, 1956; the extension of our pension plan until the same date, and other items, mean a great deal to the company. A fair trade has been made."

The Doofer Family

By ALMA SIOUX SCARBERRY

CALL THE PROFESSOR

Dollie Doofer awakened very early in the morning feeling as if something very special were about to happen. Then she remembered. It was the week of her birthday. She would be SIX years old.

Dollie rushed to wash her hands and face and brush her teeth. Then she hurried into the pretty clean dress Mommie Doofer had placed on the chair beside her bed. She ran to the

kitchen. There she found the whole Doofer family—including Oofoe Goofie, her wonderful LIVE ANIMAL birthday present from Uncle Oofoer Doofer in far off Gunga Dinga.

First Dollie hugged and kissed Mommie and Daddie Doofer and baby Jollie. Then she hugged Oofoe Goofie, and he thumped his big dog-like tail and smiled happily. Te thumped and jumped like an antelope to show how glad he was to see his new little mistress.

"Oh my," Dollie sighed, "it's just like a dream. A big, wonderful dream. I thought I'd wake up and you wouldn't be here, Oofoe Goofie."

Mommie and Daddie Doofer laughed and Daddie grinned: "Nothing is ever just a dream around the Doofer house, Dollie. We always wake up and find it is grint reality."

Mommie Doofer looked at her happy little family and sighed:

"We ARE getting a little crowded. But I'm sure Oofoe Goofie is welcome. Now let's hurry and eat our breakfasts. There's a lot of work to be done before the big birthday party."

"I'll help, Mommie!" Dollie drank her orange juice. "I'll help very hard."

"Of course you will, darling," Mommie patted the golden brown head. "I just couldn't manage to get it all done without my big girl."

"I'll be pretty busy at the store, but count me in as one of your little helpers, too," Daddie offered between bites. "Who's coming to the big party, Dollie?"

Dollie counted on her fingers: "Gussie Goofor and oh, I hope she doesn't do something TERRIBLE again. And Poofie Poofor—I hope he doesn't play with matches or break anything. And I hope Boogie Boofor doesn't come and hide under the bed again, like he did the last time. He's a big scare-dy-cat. Mollie Moofor is coming in from the farm—she's a very nice girl. Hammie Hoofor will be here with his accordion to sing and play and dance at my party. Of course we had to invite his little cry-baby brother

Year's Work Reviewed At Meeting Of Ladies' Auxiliary To Richmond Legion

Richmond, Jan. 31.—The regular monthly and annual meetings of the Ladies' Auxiliary to the Canadian Legion, Branch No. 15, was held in the Legion Hall, with the president, Mrs. Ivy Fuller, in the chair.

The secretary, Mrs. Hazel Knowles, read the minutes and the financial report was given by Mrs. Eleanor Hills. Correspondence included letters of thanks for cards of sympathy, etc., also one from Miss Isabel Murphy, matron of the Veterans' Hospital at St. Hyacinthe, for the supply of tobacco sent the patients, and a letter of appreciation from Mr. H. M. Hague, district Veterans' Affairs Department administrator, of Montreal.

A newsletter was received from the Quebec Provincial Council of Girl Guides' Association in which reports from the various divisions were given. Miss Alice Dresser, district commissioner, reported for Richmond that a company and pack had been formed at Sorel. Guides from all six companies attended a division camp at Spooner Pond. Two patrol leaders went to P. L. camp and the Drummondville Brownies held a pack holiday.

The regular monthly supply of tobacco was voted sent to the Veterans' Hospital at Ste. Anne de Bellevue, also to four veterans, residents at the Wales Home.

Miss Edith McCourt and Mrs. Beatrice Roberts were re-elected as honorary members for 1955. A donation was received from Miss E. Dunn.

The president thanked the hostesses for the meeting, Mrs. Ivy Fuller, Mrs. Eleanor Hills, Miss Edith McCourt and Mrs. May Thompson, who were assisted by Mrs. Loraine Stevens.

The resignation of Mrs. Helen Snow as sergeant-at-arms was accepted with regret. Mrs. Snow, who has been a faithful member, expects to move to Brockville, Ont.

Brief reports of the year's activities were presented. Mrs. Hazel Knowles, secretary, gave the annual report. Ten regular and two executive meetings were held, with an average attendance of 25.

The group sponsored the Girl Guides and Brownies as usual and \$10 was donated to the Guides for their work. Tobacco was sent each month to the Veterans' Hospital at St. Hyacinthe and the Senior Branch was assisted at the Blood Banks.

A quilt was raffled, netting the sum of \$62.38 and \$50 was donated to the Senior Branch. A cookbook was compiled by the members and copies are to be sold. The Auxiliary assisted at the Street Fair, also in the Legion booth at the Richmond Fair and in the poppy room.

Raffle of a blanket netted \$112.25, \$5 was donated to the Salvation Army campaign, \$25 to Toronto Flood Relief and \$5 to the Unitarian Relief Fund. A Boy Scout supper netted \$65.45.

Mrs. Eleanor Hills, treasurer, gave the financial report for the year, which showed \$962.45 taken in and expenditures of \$494.56. Sick and welfare convener, Mrs. Gladys Galbraith, reported 40 cards sent to the ill and let-

Boohoo Hoofor, too. And Sammie Spoofer. Oh, dear, he tells awful tall tales—and does silly things! But they're all very good children!"

Daddie grinned: "I'll get busy and batten down the hatches. That's sailor talk for getting ready for a big storm." And Mommie and Daddie Doofer laughed.

Then Dollie noticed Oofoe Goofie hadn't eaten a bite of the breakfast from his plate on the floor. Two big tears stood in his eyes. Dollie sat down on the floor beside him with some oatmeal on a spoon.

"Here, Oofoe Goofie," she begged, "eat your cereal."

But Oofoe Goofie just hung his head. He looked very sad. Very sad indeed. The Doofer family was worried. And so Daddie Doofer ran to get Professor Zoofer, the kindly keeper of the animals at the zoo.

ters and flowers to the bereaved.

Ways and means convener, Mrs. Nancy Pye, reported the sum of \$270.36 was realized from the tea and sale, raffle, rummage sale and Boy Scout supper. Mrs. E. C. Nixon, social convener, reported her committee was responsible for conducting the Thursday evening socials in the Legion Memorial Hall. The sum of \$46.27 was realized from these events.

The secretary read the annual report of the Brownies sent in by Mrs. Velma Annet, Brown Owl, covering the activities of the 1st Richmond Pack.

During the evening, the president presented a gift to Mrs. Arthur Smith, who with her husband was celebrating their 50th wedding anniversary. Comrade Smith, on behalf of Mr. Smith and herself, voiced her appreciation.

At the close of the meeting a rehearsal of the one-act play, "Five to Five-Thirty O'clock," was held and refreshments were served.

The following are the officers and conveners for 1955: President, Mrs. Ivy Fuller; 1st vice-president, Mrs. Doris Stevens; 2nd vice-president, Mrs. Lorna Nixon; treasurer, Mrs. Eleanor Hills; secretary, Mrs. Hazel Knowles; sergeant-at-arms, Mrs. Helen Snow; alternate, Mrs. Betty Beaudin; standard bearers, Mrs. Amy Dalton and Mrs. Lila Beattie; alternates, Mrs. Mabel Copping and Mrs. May Thompson.

Executive committee, Mrs. E. Gleason, Mrs. Kay Crack, Mrs. M. Dalton, Mrs. Louise Fee, Mrs. Annie Smith, Mrs. Mabel Blanchette, Mrs. Mabel Copping, Mrs. May Thompson; social convener, Mrs. Matilda Clarke; ways and means, Mrs. Nancy Pye; sick and welfare, Mrs. Gladys Galbraith; Red Cross, Mrs. Annie Smith; house committee, Mrs. Doris Stevens; membership convener, Mrs. Mabel Blanchette; pianist, Mrs. Louise M. Fee.

Guild Re-Elects President At Thelford Mines

Thelford Mines, Jan. 31.—On Wednesday afternoon, January 19, the annual meeting of St. John's Ladies' Guild was held in the church hall. The president, Mrs. Calil Setlakwe, was in the chair. Rev. M. H. W. Seeley took the devotionals.

The minutes and correspondence were read by the secretary, Mrs. A. D. McCammon, and the treasurer gave an excellent report on the year's work.

The president thanked the members for their co-operation during the year and asked the rector to take the chair for the election of officers, which are as follows: President, Mrs. C. Setlakwe; 1st vice-president, Mrs. A. M. McCammon; 2nd vice-presidents, Mrs. O. H. Adams; secretary, Mrs. A. McCammon; treasurer, Mrs. A. S. Johnson; wool convener, Mrs. H. Foster; fancy work convener, Mrs. M. Seeley and Miss Emma Johnston.

A new member, Mrs. Stewart, was welcomed to the group. Refreshments were served by the hostesses, Mrs. S. Briggs and Mrs. O. H. Adams.

CHRISTENING

The infant son of Mr. and Mrs. Merritt Pharo was christened on Saturday afternoon, January 22, in the Church of St. John the Divine. Rev. M. H. W. Seeley officiated.

The baby was given the names Andrew Merritt, and the godparents were Mr. and Mrs. Ruel Annesley and Mr. John McCammon.

Following the ceremony, a buffet supper was held at the home of the parents, Coleraine road.

Lucky-\$ Race Ends Today With Super-Bill On Loose

The termination of our Lucky Dollar contest has finally arrived. Since the last dollar, issued one whole month ago, has not been discovered and there are only a few more hours for its return to be worth the twenty-five dollars reward, we feel quite safe in saying that the contest has at last come to an end.

In case anyone is interested in the final results of the contest, we have tabulated a bit of the data for you.

On Friday, July 23, 1954, we issued the first five Lucky Dollars. Of those five, two were returned. The first winner was an out of town resident who produced the Lucky Dollar the following Monday. The last winner recorded was on January 5, 1955.

During the month of August, we had six winners, one of which was fortunate enough to obtain double the prize money for a special bill. In September, we had ten winners; October, five; November, six; December and January, two. This made a total of 43 Lucky Bills returned, or \$440 we had spent in rewards.

During the five and a half months the contest lasted, we offered a total of one hundred and forty two Lucky Dollars. According to our addition and division, that means that you were lucky enough to have back 43 of those or a percentage of a bit over thirty. So, you found approximately one out of every three we issued and that is a very good record on your part.

And so, the Lucky Dollar contest comes to an end. It has been lots of fun and perhaps same day we will do it again. There is an old saying that the best time to end a party is at its peak and then people will want to come back again. That is why we are ending this contest now. Maybe next year, if we do it again, you will be all keen to try your luck in the ten-for-one. And so, until then, we will sign thirty to the little Lucky Dollar contest, and write it down in the books as just one more way to increase its popularity, drum up interest in its paper, and give away cash prizes to all our faithful followers.

E. T. Residents Played Part In Greek Relief

"For Greece a Tear", by Florence Macdonald, with 23 pages of illustrations, published by Brunswick Press, —\$4.00.

From private archives a young Canadian woman has unearthed a fascinating story that has just been published.

This true account of an unprovoked invasion, of sabotage and starvation, and of how Canadians came to the aid of one of the world's oldest civilizations is told by Florence Macdonald in "For Greece a Tear".

From prominent businessmen to anonymous housewives, Canadians in every province raised funds to help the Greeks in their resistance to Axis tyranny. They financed the mercy fleet which slipped through U-boat patrols to carry food, medical supplies, and clothing to the starving Greeks.

With the professional curiosity of an editor, Miss Macdonald has examined the documents of the Greek War Relief Fund of Canada and now describes its work in detail. She also tells how the Fund came to the aid of earthquake victims in the Ionian Islands in 1945.

In Farnham and Granby, Mr. C. Savarikas and Mr. George Costis, were among those giving leadership to the Greek War Relief Fund of Canada in its multi-million dollar aid to Greece.

Death Claims F. W. Hunting, Of Lennoxville

A long time and well-known Lennoxville resident, Frederic Webster Hunting, died in Sherbrooke Hospital Saturday evening in his 57th year.

The son of the late Mr. and Mrs. William S. Hunting, he had been an active partner and worker for Hunting's Dairy in Lennoxville before his death. Mr. Hunting was a member of the Sherbrooke Snow Shoe Club, and the Ascot Masonic Lodge. He attended Lennoxville United Church.

He is survived by his wife, the former Doris Speth, of Iowa, and one daughter, Miss Diane Hunting, at home in Lennoxville, and two brothers, Norrey, Lennoxville, and Henry of New York.

Funeral services will be held at two o'clock Tuesday at the R. L. Bishop Funeral Chapel, followed by service in Lennoxville United Church at 2:30 p.m. with Rev. L. M. Outerbridge officiating. A special Masonic service will be held this evening at seven o'clock. Burial will be in Huntingville Cemetery.

CRI PRESIDENT — At a recent meeting of the Canadian Research Institute of Launderers and Cleaners, William S. Richardson, Crown Laundry of Sherbrooke Ltd., was elected CRI president to guide the destinies of an industry which now exceeds \$110 million annual sales.

Richardson's father, Ernest R. Richardson, was one of the founders of CRI in 1934, and served as its president during 1936 and 1937. This is the first time that the twin industries have been privileged in having the second generation as president.

Bill Richardson has been actively interested in all phases of the laundry business since he was thirteen years of age. He has worked as an operator in all departments of the laundry and dry cleaning industry, as well as a route salesman. Even on enlistment in the RCAF in 1941 he served in the laundry division until his discharge in November, 1945 when he returned to civilian life.

Mr. Richardson is a director of the Rotary Club of Sherbrooke, as well as the YMCA. He is a Governor of the St. George's Club and of the Sherbrooke Hospital; and a Past President of the Eastern Canadian Sanitane Cleaners Association, and of the RCAF Association in Sherbrooke.

FIRE DOES \$8,000 DAMAGE TO MAGOG BUILDING — It took Magog Firemen a minimum of two hours to extinguish a fire which nearly left three families without a home in the building pictured above. Most of the damage was due to smoke and water. The fire first started as a chimney fire but developed into something much more serious later on in the day. (Record Photo by Charles Catchpaugh)

Place Of School Is Forum Topic At Lennoxville

"What the School Can do for Us" was the basis for an educational panel discussion carried on before members of the Lennoxville and Ascot Home and School Association at a meeting held last Thursday evening.

Taking part in the discussion were Mrs. M. S. Home, Rev. T. D. F. Everett, B. N. Holtham, Q.C., and K. C. F. Mills, with Dr. D. C. Masters of Bishop's University acting as moderator.

Mrs. Home suggested that the chief aims of any school should be to teach the pupils to want to learn to think for themselves, and to strive for an above-average standard. Mr. Everett supplemented this with a statement on the need for high moral values in pupils and stated that it is up to the school to help develop a knowledge of and respect for these values in every pupil.

The three basic requirements for pupils who intend to enter professional life were described by Mr. Holtham as an ability to speak French, a knowledge of accountancy, and a love of good books. Mr. Mills continued along this line suggesting that every child interested in a business career should be able to think logically and that he felt there was a definite lack of good vocational guidance provided in modern schools.

The topic was thrown open to the audience for discussion later and the speakers were thanked by Dr. A. N. Langford.

Mrs. Noble Smith was in charge of the business meeting and among the special guests was Mayor Lee M. Watson. Parents with children of kindergarten

Three Families Forced To Street As Fire Sweeps Magog Tenement Block

An \$8,000 fire chased three Magog families out of their homes in a four-tenement frame building in Magog Saturday evening.

The fire started as a chimney fire about two o'clock Saturday afternoon and was reported to the Magog Fire department by one of the tenants, Jean Vaillancourt. Unlike most chimney fires, however, it did not burn itself out but three hours later spread to the wooden part of the building sending it up in flames.

The Fire Department, under the direction of Chief Telesphore Lavoie, was able to extinguish

the blaze in a couple of hours. The damage, which is chiefly caused by smoke and water is estimated at about \$8,000 and is at least partly covered by insurance.

The tenement building which is situated at 291 Main street in Magog's east end, is owned by Anthene Martel. One of the apartments was empty at the time of the fire but the other three were occupied by Ludger Benoit, Jean Vaillancourt, and M. E. Ward and their families. No one was injured in the blaze. Twenty-five firemen and six stream hoses were used to extinguish the flames.

Strychnine Pills Claimed Life Of Local Youngster

A coroner's inquest will be held tonight into the death of Michel Labonville, aged 4, who died Saturday morning at St. Vincent de Paul Hospital, after he had taken a dose of strychnine pills. The child died at approximately 9:30, an hour after taking the fatal dose. He was the son of Mr. and Mrs. Jules Labonville, 851 King Street.

On Saturday morning Mrs. Labonville was making breakfast when the child made his way to the bedroom, opened a dresser drawer and found the pills. He had eaten about 30 of them before his grandfather discovered what was happening. After throwing the remaining 10 pills on the floor little Michel went to the kitchen and asked his mother to give him something to eat.

He had scarcely had a bite to eat when he started to have convulsions. He was rushed by taxi to the hospital where he died some time later.

First In Series Of Card Parties Held At Magog

Magog, Jan. 31 — The first of a series of "five hundred" parties was held by the Ladies Auxiliary, No. 72, in the Army, Navy and Air Force hall. There was a good attendance and the evening was much enjoyed.

Seven prizes were awarded as follows: Ladies' 1st, Mrs. R. Labrecque, a "Shandra" gift; 2nd, Mrs. Jerome Gendron, matched writing paper; consolation, Mrs. W. Bickham, bath salts; Men's 1st, William Brousseau, woolen scarf; 2nd, Dennis Tessier, tie; consolation, W. R. Williams, cookies.

The door prize was won by Adrian Faucher and Mrs. Aurore Vinelette was the lucky winner of two china figurines raffled by the Ladies' Auxiliary. The evening ended with the serving of coffee and doughnuts.

Gilbert Roy, Of Magog, Dies At Age Of 86 Years

The death occurred at La Providence Hospital last evening of Gilbert Roy after an extended illness at the age of 86 years.

The husband of the late Alphonsine Lecours, Mr. Roy is survived by four sons, Lionel Roy, of Montreal, Aime and Amedee Roy, of Sherbrooke, and Rev. Brother Charles Armand (Luke), of the Sacred Heart Brothers, Arthabaska, and seven daughters, the Misses Alma, Lucienne and Constance Roy, of Sherbrooke, Mrs. Orian Gauvin (Helene), of Magog, Rev. Sister St. Alphonse (Alice), of Notre Dame des Anges Order, Rev. Sister Elizabeth de la Trinite (Jeanne), of the Sisters of Charity, and Rev. Sister Marie de la Trinite (Cecile), Les Clariesses, Valleyfield, and several grandchildren.

The body is resting at Desranleau and Jalbert Funeral Home, 202 Brooks Street South, from whence the funeral will be held Wednesday morning to Ste. Jeanne d'Arc Church.

Change For The Sake Of Change?

Tomorrow, the residents of many Eastern Townships municipalities, including Lennoxville, Waterloo, Farnham and many others, will go to the polls to select a mayor and aldermen to handle the affairs of their towns for the next two years. Election day is the one occasion upon which the citizen can pronounce himself on the manner in which his municipality is to be run. This is the time he can express his confidence in the men who have operated his town in the past or when he can put in a group of men whom he believes will give him better satisfaction.

In most cases he will have to make his decisions for himself on the basis of his personal experience. In few, if any, cases, have there been any public meetings and few of the candidates have issued public statements.

For instance, in Lennoxville, where Mayor Lee M. Watson is being opposed for re-election by former Alderman Maurice Baillargeon and retiring Aldermen E. A. Lunderville and Archie Mitchell are meeting opposition from two newcomers, Norbert Keenan and Richard Winget respectively, the campaign has been outwardly quiet.

Mayor Watson and his associates appear content to stand on their record of their administration which has operated the town with a small

surplus, while carrying out a lengthy list of public improvements — street paving, sidewalk construction, waterworks improvements and sewer extensions — with a decrease of 1.6 in the basic mill rate in an eight year period which has seen an increase of 50% in the Town population. On the other hand, their opponents have presented no constructive program of betterments.

Their chief complaint is that things should have been done differently — but Mr. Baillargeon, who is opposing Mayor Watson, does not say how, nor has he revealed who his supporters are.

The electors seem to be faced with a single issue — Do they favor an administration with a record of definite accomplishments or do they wish to change just for the sake of change? They are in the position of a man in a grocery store who is faced with the decision of purchasing another piece of cheese of a variety he likes or of buying a brand that is different but not necessarily better. There is one difference, however. They cannot discard the new cheese for two years if they do not like it.

They are privileged to make their decision as good citizens. That is the basis of democracy. But as good citizens, people of Lennoxville and other towns must register their decisions by attending the polls.

Flexible Approach

One of the striking features of the Formosan policy which President Eisenhower laid down and Congress has moved to support is its shrewd flexibility. It should serve America's interests well in the Far East.

Basically this policy is not new. The United States is definitely committed to the defense of Formosa and the Pescadores Islands and any attempt by the Chinese Reds to conquer these territories means nothing but war. The unratified Formosan treaty with Ching Kai-shek vivifies this commitment.

For a long time the Communists have known that an attempt to take these Islands would necessitate a piercing of the protective screen provided by the U.S. 7th Fleet. Congress is now authorizing the President to employ American forces more broadly to safeguard Formosa.

He did not ask Congress to commit the U.S. to the defense of Quemoy, Matsu, the Tachens or any particular island. Instead he is getting authority to use forces "wherever they are needed" for the defense of Formosa and the Pescadores.

This policy, obviously, incorpor-

ates quite broad powers. Naval and air arms could be used in and around key islands for defensive purposes.

Because most of the coastal islands are within shellfire range of the Red mainland, the fleet might be handicapped in those narrow waters. Furthermore reports have it that the Reds have superior air power in this general area today; the fleet might be hard-pressed unless there was a considerable build-up of Allied air strength there.

Latest American policy moves would seem to make it crystal clear to the Reds that the U.S. is stoutly braced against any Communist intrusion on Formosa; but to keep the Reds guessing as to what will be done about any specific advance against the islands.

This flexible approach was the wisest, and it just happened to blend admirably with current efforts to arrange a UN cease-fire in that area. There have been no new rigid commitments from which it would be embarrassing to retreat. Diplomatically and militarily, the United States has maintained a fluid outlook which fits a shifting situation.

Television In '55

Educators, moralists and various other high-minded people seldom pass up an opportunity to lambaste television and other mass media for what they conceive to be sins and shortcomings. But how fair is this criticism?

It would be a bold fellow who did not agree that a good deal of this acid comment is justified. However, there are two sides to the story.

Generally, the critics allege that in striking for the widest possible appeal, TV, radio, newspapers and magazines hit a common denominator of intelligence far too low. Their product too often can be termed, they say, as cheap, sensational, shallow and even tasteless.

And television, being the newest, and most experimental of the various media, inevitably gets the deepest of the cuts.

Even if an incredible amount of mediocre programs flicker from your TV screen, an impartial appraisal compels us to say that things are better than they were not so long ago, and that a lot of effort is being devoted to making them still better.

Some of the outrageous programs have been killed and it would not be fair to say that you cannot catch some first-class shows today if you pick your spots carefully — this, of course, providing reception is adequate to give a choice of channels.

New comedy stars have taken a deal of the curse off being funny which was suffering pretty severely. Some fairly good science shows pop up now and then, although, undoubtedly far to few of these impress the advocates of "educational TV."

Television still seems rather weak when it comes to handling news or good music. Few programs of serious music are offered and news shows still resemble photographed newscasts, with something like half the news content and a deluge of pictures which by no means compensate for the loss.

Room for improvement is great, we'll admit. But progress has definitely been made and it's only fair to acknowledge it. A fellow can have a very average time watching television in 1955. But he can also get good entertainment if he cares to look in the right places.

Spelling It Out for Us

face of hostile forces. The pace of technological advance today is terrific. We must stay abreast of it in the military field particularly, if we want to hold our freedom secure.

Our leaders well know this. And while we are still planning specifically for a possible war in which nuclear explosives would be delivered by piloted aircraft, we are actually developing weapons for an even more frightening phase of warfare—the age of intercontinental missiles.

American defense authorities tell us they have reached the "pay-off" in putting together a guided missile that will be able to sweep 5000 miles across the globe at speeds up to an incredible 9000 miles per hour.

This means that such a weapon launched from a site near our eastern seaboard could in little more than half an hour strike deep into eastern Germany. Missiles launched westward from Hawaii could seek out targets on the huge China mainland.

One of the most amazing features of this rocket, which would of course be fitted with an atomic warhead, is its potential accuracy. Our experts are aiming at a weapon which will strike within a 20-mile-wide circle after a 5000-mile trip through the stratosphere.

Presumably our experimental missiles are not yet that accurate, and they will not be tested on any important scale until they approach that goal. When that time arrives—and even informed guesses about it are rated military secrets—we will have to begin seriously reshaping both our offensive and defensive strategies.

Indeed, it is not too early now to start thinking about the kind of warning systems and defensive weapons we shall need when intercontinental missiles become a major part of not only our arsenal but Russia's as well.

There can no longer be comfort for us in mere numerical superiority, whether it be in "conventional" nuclear weapons or the new guided missiles. Our future safety may depend on the quality and ingenuity of the weapons we devise. As our experts put it, we must stay one jump ahead of our enemy.

That one jump could be the margin of freedom.

Why You Had-Or Are Due-For A Heart Attack

Editor's Note: Your heart is in the headlines this month as the American Heart Association conducts its annual campaign against one of modern civilization's top killers. Here's the first of five articles to help you understand your heart, written by Dr. William A. Brams, author of "Managing Your Coronary." His book, from which these articles are condensed, won him the 1954 American Heart Association's Howard W. Blakeslee Award.

By DR. WILLIAM A. BRAMS
New York—(NEA)—If you've had, or are due for a heart attack, the chances are better than good that you're one or more of the following:

A man over 45 who works in a busy office. Hurried and overworked. Inclined to be too ambitious. A victim of constant worry. Restless, unhappy at home. A hearty eater. 10 or more pounds too heavy, who tends to be fond of stimulants.

Heart specialists have learned to expect this type of person when they are called to see a patient with coronary thrombosis. But millions of men fit the picture, and only a small fraction of them ever develop heart trouble. What determines which ones? Why do some people get it while others who lead a similar life have hearts that are sound?

Exactly how do it happen? And how can you keep yourself well, once the attack is over?

First, let's recall your attack. Though yours may have differed in details, the story commonly runs like this: You are 50 years old and work in an office. For weeks you'd been feeling tired, and had noticed a passing sensation of pressure inside your chest. In the last few days it had happened oftener, but you drove yourself on.

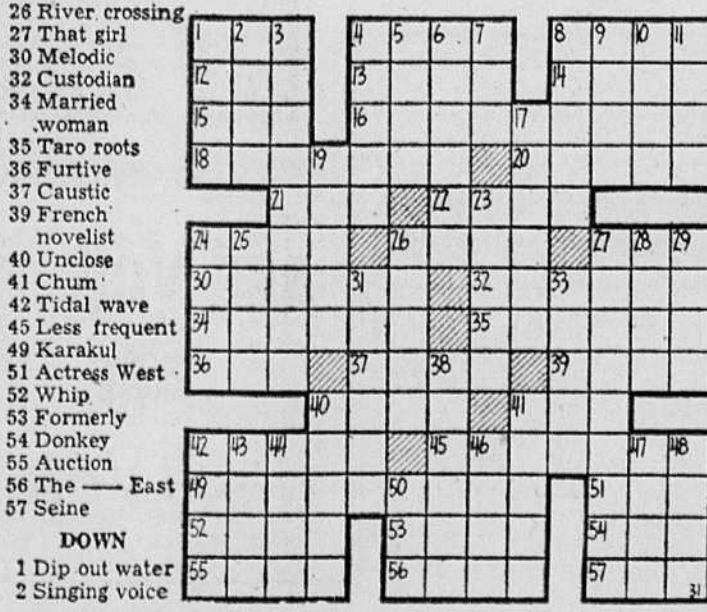

That day everything seemed to go wrong. After a hectic morning, you stopped for lunch. You ate your usual big meal, gulped with the usual haste, and talked the usual shop talk.

Texas Grocery Man Calls Himself The Gospel Bootlegger

By RALPH MONCRIEF
Corpus Christi, Tex. —(NEA)—Howard E. Butt, Jr., got his start in the grocery business when he was seven by sacking potatoes in his father's store. Today, at 27, he is vice-president of his father's 64-store chain — and spends a third of his time as a "gospel bootlegger."

He describes his revival preaching that way because he has never been ordained or licensed to preach. "But I know I must witness for Jesus," Butt says, "so I have to 'bootleg' His Word—and He's blessing it in a wonderful way."

As vice-president of the H. E. Butt Grocery Co., he's promotion boss for stores in 28 Texas cities. As a gospel promoter, his work through the South has become so well known that Evangelist Billy Graham has personally chosen Butt to carry on his work if something should happen to Graham.

What inspired young Butt to work from the revival platforms? "Some people with money let it become their god," he explains. "Their possessions rule their lives so completely there is no room for Jesus. And until a rich man becomes master of his wealth, there is little opportunity for him to be saved."

Ten years ago, when Butt was 17 and a student at Corpus Christi (now Del Mar) Junior College, there was no indication he'd become a man of God. He was too busy to worry about spiritual things.

But as his best buddies went off to war, he began spending more time in church. "I thought I was a pretty good Joe," Butt recalls. "Then I realized that God had never really transformed my life—yet He wanted to. On the day I committed my life to Christ, that transformation came."

He had been watching Ann Wollerman, young people's director, and John Brogar, a radar instructor and former night club entertainer who was one of a group of sailors working with Miss Wollerman in the church.

"It was plainly evident they had something I didn't," he says, "and whatever it was, I wanted it, too."

The sudden change in Butt's life was so remarkable that he began getting invitations to address young people's groups, civic and church organizations in Corpus Christi. His dynamic approach—Butt was a top debater in high school and college—soon attracted requests from all over the South.

Butt feels the American people have reached the point where they expect secular preachers to do all the work while the laymen sit back and enjoy their religion.

"Jesus never meant it to be that way," he declares. "He expects a man, when he becomes a Christian, to witness and work for Him. But now when a layman gets out and really goes to work for Jesus, he becomes an oddity."

Young Howard Butt, however, is no longer an oddity. Since 1946 he has made more than 1650 appearances in 22 states and seven foreign countries, including three Southern Baptist Con-

DON'T LET YOUR FOE STEAL BRIDGE HAND

When today's hand was played, East didn't distinguish himself. He should have bid four diamonds instead of letting South steal the hand at three spades.

East would have made four diamonds without the slightest difficulty; in fact, five diamonds are practically ice cold unless South leads a heart before his ace of trumps is knocked out. It takes the heart ruff to stop five diamonds.

West opened the king of clubs against the final contract of three spades. On seeing dummy's menacing club holding, West shifted to a low diamond, and declarer's ace was forced out.

South led a low heart, and East took the ten of hearts, cashed his diamond trick and then properly returned the king of spades. It was vital to reduce dummy's ruffing power.

Declarer won with the ace of spades and proceeded to cross-ruff hearts and clubs. That is, he ruffed a heart in dummy, returned by ruffing a club in his hand, ruffed another heart in dummy, and led another club towards his hand.

East saw that he couldn't gain by ruffing, so he discarded a diamond, and South ruffed.

When South next led another heart, West had to follow suit with the ace and dummy ruffed with its last trump. East now made the fatal mistake of overruffing with his queen of trumps. South could easily ruff the diamond return, lead the eight of spades to draw West's last trump, and cash the last heart as his ninth trick.

If East had refused to overruff, South would have lost the contract. With three cards in each hand, South would have needed two more tricks. He would have to lead a club from

Must Stay Ahead Of Enemy

The 'Pay-Off-Stage' In Warfare

When France dug in behind the costly Maginot line after World War I, it was common for forward-looking military men to say the French were "preparing to fight the last war again."

France's bitter defeat in World War II seemed to confirm this judgment, and free peoples have tried to learn a hard lesson from that experience.

The lesson is that we must not be shackled by outmoded weapons and materials and strategies as we plan for our safety in the

Marshall Miller, Brome Centre, Dead At 65 Years

Brome Centre, Jan. 31. — A prominent Eastern Townships farmer, Marshall Miller, died suddenly in the home he was born in at Brome Centre early this morning. He was 65 years old.

Mr. Miller, who had held executive positions with many and various organizations in the Eastern Townships during his lifetime had been in failing health for over a year before his death.

Born and brought up on his family's Brome Centre farm, the son of Mr. and Mrs. Nathaniel Miller, the deceased married Sara Mayhew of Scotts-town. He spent all his life in the home which had belonged to his father before him. He was only recently in the news after his appointment as president of the Brome County Agricultural Society the same year he celebrated his 50th year as a cattle shower in the county. Mr. Miller was also a former active member of the Eastern Townships Agricultural Association and of the Brome County Central School Board. He was a past-president of the Brome Fair Board and one of the founders of the Brome County Milk Producers Association. Mr. Miller was a member of the United Church at Brome Centre.

He is survived by his wife, and seven children: Miss Isabelle Miller, R.N., who is with the United Church Missionary Society in Manitoba; Christine, school nurse at Knowlton; Mrs. John MacDonald (Marilyn), Montreal; Mrs. Richard Crotty, (Jacqueline), Forrest Road

Chesterfield Inlet, 200 miles further north on Hudson Bay, where for three weeks they will study the terrain. The party will return to New York to evaluate findings, then set out again March 1 for the North Pole where experiments will be made with a secret ice-testing device developed by Stanwell-Fletcher.

The scientist said in an interview he first got the idea for a device to test whether ice is strong enough to land a plane when he made a rescue 12 years ago at Fort Ross, Somerset Island.

He said he managed to land on a frozen lake but began to think scientific means of finding out whether risk is involved would be valuable. The device is dropped from the plane.

Col. Stanwell-Fletcher said the expedition is being sponsored by American and Swiss private industry at an estimated cost of more than \$300,000.

the province by the premier may also be causing election jitters in the party ranks, they say.

St. Hyacinthe and Montreal Laurier are vacant as a result of the death of two Union Nationale members last year. Westmount-St. Georges was left open by the resignation of George Marler, a Liberal, to become federal transport minister.

Seasoned observers here are inclined to take with a pinch of salt talk of a provincial election. They do not think Mr. Duplessis is likely to attempt an election campaign after three years in office, something he tried in 1939 only to be defeated.

KIRKDALE—

Holy Trinity Vestry Meeting

Kirkdale, Jan. 31.—The vestry of Holy Trinity Church, Kirkdale, met at the home of Mr. and Mrs. E. G. Turner, Ulverton, on Tuesday evening, January 18, with a large attendance of members. The meeting was opened with prayer by Canon Church and the minutes were read by the vestry clerk, Mrs. Eileen Wear. Mrs. Wear was re-elected for another year.

The secretary-treasurer, Mrs. Cross, then presented the reports from the different branches of the church work with the exception of the parsonage fund, for which no report was received. The church receipts were \$196.46 for the year and \$208.52 given by the Guild and a balance from 1953 of \$239.69 with a total for the year of \$644.67. The expenses for the year were \$567.67, with a balance on hand of \$92.

The Guild report showed receipts of \$393.70, expenses \$434.96, with a balance of \$173.90. The cemetery report, balance from 1953, \$69.86, receipts, \$99.95, disbursements, \$98.50, balance \$71.34.

The expenses were high this year, owing to the work done on

the parish hall, which is now in excellent repair. The hall was the first church in Kirkdale, built in 1835, and will be 120 years old this summer.

The secretary read two letters from the Archbishop of Quebec and from the secretary-treasurer, Mr. Pennington, of Quebec, announcing an increase of \$100 on the assessment for the Mission of Dunham and an increase of two per cent on the pension for retired clergy. No immediate decision was taken until further particulars were learned.

The election of officers followed. Canon Church, asked Mr. A. B. Lyster to continue on as his warden as long as he is residing here, with Mr. L. M. Terrill taking over later. Mr. Emil Turner, of Ulverton, was appointed people's warden; J. S. Lyster, re-appointed cemetery warden, and A. J. Lyster assistant; Mrs. Eva M. Cross, secretary-treasurer, was

"Our hostess knows good coffee, sir!" Mr. Chase hissed back. "She says our new Instant Chase & Sanborn is the most delicious she ever served!"

"I heard," Mr. Sanborn admitted. "But when I said 'It's the beans, dear lady... the beans that give Instant Chase & Sanborn such glorious flavor'... she looked blank!"

"But you shouldn't have shouted so about those beans, Mr. Sanborn. Now when I explained quietly that the secret is our unique method of brewing and extracting all the rich coffee essences from the beans, she was quite intrigued!"

"Hush! Here she comes," warned Mr. Sanborn. "Well, I'll just remark gently that top-flavor beans have made Chase & Sanborn the coffee that's served in Canada's finest hotels... and our Instant the choice in gracious homes like this."

Ch. Of Advent W. Aux. Re-Elects All Officers

Mrs. James Wark was elected president of the Church of the Advent Woman's Auxiliary Friday evening in the parish hall. The rector, Rev. Donald Reeve, was in the chair and opened the meeting with the W. A. Litany and prayer.

The secretary read the minutes of the last annual meeting and a report of the year's activities was followed by the financial statement presented by the treasurer.

Reports were also submitted of the Dorcas work, the Little Helpers, Girls' Auxiliary and Junior Auxiliary branches.

The following officers were re-elected for 1955: President, Mrs. James Wark; secretary, Mrs. Howard Price; treasurer, Miss Doris Robinson; Dorcas secretary-treasurer, Miss Fannie Knapp; superintendent Girls' Auxiliary, Miss Barbara Wark; superintendent Junior Auxiliary, Miss Catherine Wark; Prayer partner secretary, Miss Doris Price; Living Message secretary, Mrs. H. Price; secretary Little Helpers branch, no appointment.

Following adjournment of the annual meeting the members went into session for their regular meeting. It was decided to hold the first corporate communion on Sunday morning, February 13. The February meeting will take place on Thursday, February 3, at the home of Mrs. James Wark, Bowen Avenue.

Manners MAKE FRIENDS

Most parents don't mind taking a carload of teen-agers to a party, if the teen-agers are even considerate enough to say "Thank you" when they pile out of the car. But no grownup enjoys chauffeuring a bunch of half-grown kids who don't even bother to say "Thank you."

Checking up on your own youngster's manners might be a good idea.

and sons, Messrs. Frederick, Gerald and Roderick Tanner, of Sweetsburg, were in town yesterday and today, called by the death of their uncle, Mr. B. J. Doherty, whose funeral took place this morning in St. Patrick's Church.

More than twenty relatives and friends met at the home of Mrs. James Povey, Huntingville Road, Lennoxville, recently, to celebrate by a surprise party, the birthday of Mrs. James Dunn, living under the same roof.

When greetings were over sugar-on snow was enjoyed and followed by "500" which was played at four tables. The prizes for ladies highest and lowest scores were, Mrs. Rupert Hall and Miss Jean Learmonth; and for gentlemen's, Mr. Hugh Beattie and Mr. John Beattie.

Later refreshments were served with Mrs. Earl Savage, Mrs. C. H. George and Mrs. Harold Worster, assisting.

Then followed the presentation of a very useful and lovely gift, to the guest of honor, by Mr. R. Hall, on behalf of the assembled friends.

Mrs. Povey also presented Mrs. Worster with a gift, to honor her birthday which had just gone by.

Games were resumed and prizes for bingo were won by Mrs. Hugh Beattie, Mrs. Earl Savage, Mrs. C. H. George, Miss Sharron Hall, Mrs. John Beattie, Mr. and Mrs. A. Savage and Miss Wenda Beattie.

To complete the enjoyable party, pictures were taken, and music was provided by Mr. J. Dunn, on the violin, and Mrs. Duffet Savage, on the piano.

Mrs. J. A. York Is New President Of S. H., S. H. L. A.

Mrs. J. A. York was elected president of the Sherbrooke Hospital Ladies' Auxiliary, at the annual meeting which took place, Monday, January 24, in the Conference Room of the hospital, with Mrs. K. C. F. Mills, president in the chair.

After the recitation of the Lord's Prayer, Mrs. Mills welcomed six new members, namely: Mrs. T. A. Cadman, Mrs. G. A. Graham, Mrs. L. S. Dixon, Mrs. Bert L. Phelan, Mrs. Howard Jones, Mrs. C. J. Timleck and Mrs. Harold Young; also delegates from the Lennoxville Wing the Carry-on Club and the French Auxiliaries.

When old business had been disposed of, the annual reports were given as follows:

The recording secretary reviewed the activities of the past year which was an active and successful one. Mrs. A. J. Morrison, treasurer, advised that the total receipts for the year were \$4,859.59, disbursements \$5,497.22, with cash on deposit as of December 31, 1954, \$3,644.29. Net profit for the Hospitality Shop was \$2,660.25 which amount Mrs. John York, shop convener, pointed out was slightly in excess of that of last year.

Mrs. Marion Singleton, in charge of linen, in giving her report said that her seamstresses were particularly grateful for the sewing machine donated by the auxiliary during the year. Mrs. William C. Hughes, corresponding secretary, reported 36 letters received, 107 letters sent out as well as 3 bulletins. Report of activities during the year included a Curling Bonspiel at "Brae Manor" in North Hatley, the Linen Ball in February, tag days in June, the cafeteria at the Fair and the membership tea and shower for the shop.

The "In Memoriam" Fund, under the convener'ship of Mrs. H. Allnutt, reported having realized \$592.60 during the year; and 3 permachrome carriers for the 3rd Floor and a monocular microscope for the School of Nursing, costing \$357.00 and \$240.70 respectively, were purchased.

A grand total of 1159 members has been recorded in the Golden Book, the Birthday Club having added 342 in 1954.

Total receipts were \$408.65, and a electric bottle washer and 30 thermos jugs were presented for use on the 4th Floor.

Mrs. L. S. Baldwin Made President Sangster M. W.A.

Mrs. L. S. Baldwin was elected president of the Sangster Memorial W.A., at a meeting held on January 19 at the manse, King George Street.

The meeting was opened by the retiring president, Mrs. J. Hillman.

Rev. Dr. J. E. Boucher conducted the devotional period and installed the officers for 1955 as follows: Honorary president, Mrs. J. E. Boucher; president, Mrs. L. S. Baldwin; first vice-president, Mrs. R. Wheeler; 2nd vice-president, Mrs. D. Galbraith; treasurer, Mrs. M. MacCoubrey; recording secretary, Mrs. F. Gelinas; corresponding secretary, Mrs. J. Hall.

Prior to leaving the chair, Mrs. Hillman expressed her thanks for the support with the work of the past year.

Mrs. Baldwin took the chair for the remainder of the meeting, following which a social hour was enjoyed.

Refreshments were served by the hostess, Mrs. J. E. Boucher, assisted by several of the members.

charge of the Bursary and Scholarship Fund, reported that 22 student nurses had received assistance during the year at a financial outlay of \$2,020.00.

Mrs. Simon Marcus, Nurses' Recruitment Convener, stated that 165 High School girls had attended the "Open House" on Hospital Day in April and taken on a tour of the Hospital. 23 schools had been contacted regarding a speaker for the graduating class.

Mrs. Bruce Stewart reported that the nurses had been entertained during the year at a sleigh ride, informal dance, a climb on Mount Orford, a swimming party and card party.

Mrs. W. McNeil membership convener, reported 120 active and 16 associate members were listed.

The Lennoxville Wing report revealed it had donated a Stryker Bed to the hospital at a cost of \$381.25 as well as \$300 to be used for the Physiotherapy Department.

The Carry-on Club turned over \$1,000 to the Children's Ward as a result of their activities during the year.

Mrs. Mills, in resigning her post as president, thanked Miss Clara Aitkenhead, Mrs. H. C. Allnutt, Mrs. M. Singleton, the Wings and all members of the Auxiliary for their unflinching support.

Mrs. Roy Wiggitt, who was asked to take the chair, read the new slate of officers as follows: Honorary president, Mrs. Colin Campbell; honorary vice-presidents, Miss Clara Aitkenhead and

Mrs. York, the new president, assumed the chair, and the meeting proceeded with new business on hand, in particular the "Linen Ball," scheduled to take place the first Saturday after Easter.

It was unanimously carried that linen requirements for the year be purchased at an approximate cost of \$1,300. Mrs. Earle Beerworth moved that \$2,500 be presented to the auxiliary by the Hospitality Shop; this motion was seconded by Mrs. Colin Campbell, and unanimously carried.

There being no further business, Mrs. Jan Pick moved that the meeting be adjourned, when tea was served, the hostesses, Mrs. Colin Pashley, Mrs. Eric Webster, Mrs. E. M. Wiggitt and Mrs. Reford Stewart.

Sick and tired of washday's toughest job?

... lifting hanging up and taking down heavy, dripping wet clothes

If you dry your laundry outdoors, you're working much too hard.

What you want is an automatic clothes dryer — all electric — that dries the clothes

indoors — dries them fluffy soft, fresh and sweet smelling.

You just toss the wet clothes into the dryer and set the dial for bone-dry or ironing-damp.

That's all! Think of the steps you'll save! Think of the lifting and lugging you won't have to do! Think of the little time it will take to dry all your laundry.

And, best of all, perhaps — you won't have to worry about wash day weather when you have an automatic clothes dryer.

Be sure to see the many fine models now on display. Come in any time.

National Health Week Now Being Observed In Canada

Government And Voluntary Agencies Combine To Improve Public Health

Prevention of sickness calls for intensive grass-roots promotion. National Health Week, January 30 to February 5, is just that sort of promotion. The 1955 event will be the 11th of its kind. It is a joint enterprise of all groups in the health field, voluntary and governmental, and covering the whole field of prevention.

Health Week is a planned and organized campaign, with definite national objectives.

To begin with, there is a stock taking. Precisely what is the state of preventive medicine in Canada today? What are the principal challenges?

Canada has gained considerable ground with respect to infant mortality, but many other nations

have gained ground more rapidly. In 1926 Canada's infant death rate was 102 per 1,000 live births. Last year it was down to a little over 35 per 1,000 births. Medical research and preventive medicine share the credit for this remarkable drop. The best record was shown by British Columbia, with a rate of 27 deaths per 1,000 births, followed by Prince Edward Island, with a rate of 28.1, and Ontario, with a rate of 28.4.

Taken by themselves as nations instead of as provinces, British Columbia would rank sixth among nations and Ontario would rank eighth or ninth. Canada as a whole ranks 13th among the large and small nations whose 1953 infant mortality figures have been published. Sweden ranks first. Last year that country showed an infant death rate of 19 per 1,000 births. New Zealand ranks 2nd in the 1953 list, with a rate of 20 per 1,000 births (though this is a rate for whites only, not including Maoris), and the Netherlands ranks third, with a rate of 22 infant deaths per 1,000 births. A federal health bulletin stated recently that "Greater care of the mother during pregnancy, more medical supervision and better nutrition can do much to prevent risk of life or loss of health among Canada's babies." This may mean, to some extent, some sort of extension of medical services, but what it means principally is more and better health education.

Canada now has one dentist for every 3,000 people. If every Canadian tried to follow the slogan "See Your Dentist Twice a Year", and the visits were evenly distributed among dentists, each dentist would have to work 16 hours a day, seven days a week, with no holidays, giving each visitor just one hour of his time, and still end up the year with 176 appointments unmet.

Studies show that four out of five six-year-old Canadians have already suffered from dental decay; the average child starting school has more than five of his baby teeth decayed; the average 12-year-old already has eight of his permanent teeth decayed and has lost one of his permanent teeth. The backlog of dental decay conditions continues to pile up, and our dentists cannot cope with it.

Fluoridation of communal water supplies, if carried out with proper safeguards, will reduce tooth decay in children about 60 per cent. A trace amount of fluorine incorporates itself into the enamel of growing teeth, making them less susceptible to the processes of decay. Fluoridation is now endorsed by the leading medical, dental and research bodies in Canada, the United States and Great Britain. It has been determined that the amount of accumulation that can take place when water supplies are properly fluoridated is bound to be negligible in any conceivable life span. It has been estimated that a man would have to drink fluoridated water for some 800 years before any of the most minor effects of accumulation could be noticed, although a slight and almost imperceptible mottling of growing teeth sometimes occurs where there is a somewhat greater concentration of fluorine in the water than is prescribed by health officials. In view of the scientific backing for the principle of fluoridation and in view of Canada's seemingly insurmountable tooth decay problem, it is surprising that more communities in Canada have not already put this public health measure into effect. It indicates the need for a campaign of public education, as most communities are hesitant to embark on programs of this sort without having first received the approval of voters.

Alcoholism is not merely a problem of rehabilitation, alcoholism is a preventable disease. There are clear warning signals that will tell a drinker when he is undergoing the dangerous transformation from social to compulsive drinking. A drinker who knows these signals can seek the proper help at the proper time, but the great majority of drinkers either do not know or misinterpret these signals. The properly educated drinker will take what steps are

necessary to learn to live without alcohol while he is still in control of his family and job situation.

Then there are the large numbers of well-adjusted "social" drinkers who, because of lack of "know-how" or because of social or business pressures drink themselves to the point where there is no turning back.

The importance of this challenge is made clear when one realizes that out of some 8,700,740 Canadians over age 20 in 1952, approximately 6,000,000 used alcoholic beverages. Of these, actually 137,559 were alcoholics, but potentially all of them are alcoholics. By the same token, potentially none (or nearly none) of them are alcoholics, given the right sort of preventive education, backed by skilled rehabilitative and advisory help.

It has been estimated that more than half the patients who seek physical treatment from doctors are actually in need of special psychological treatment. In many cases this kind of treatment is the cheapest kind of prevention of more serious mental complications later on. More specialists, facilities and greater public understanding of mental problems is the challenge.

Cancer is still the great unsolved problem. It is a problem that is growing by leaps and bounds; in 1930 it killed 91 out of every 100,000 citizens; last year it killed 123 out of 100,000. In a sense, preventive education is helpless against cancer itself. However, in many cases, education can prevent death from cancer. Early recognition of possible symptoms and consultation with a physician can save a life.

One of the greatest triumphs of preventive medicine is the virtual conquest of diphtheria, which can be prevented by immunization. In 1924 when Canada's population was a little over 9,000,000 there were 1,281 deaths from this disease. Last year, when the population was almost 15,000,000 but there were only 15 deaths from diphtheria. Other diseases which can be prevented by immunization include whooping cough, typhoid, tetanus, and smallpox. In the very near future it is believed that polio will be added to this list and there is a vaccine called BCG which is effective in the prevention of tuberculosis.

MASSAWIPPI—

The second party of the series of "500" was held in the Community Hall Friday evening, sponsored by the Women's Association. Eleven tables of cards were played, the prize winners being Mrs. Gordon Shipway and Mr. James Pidduck, consolation prizes, Mrs. John Johnson and Mr. James Townsend. Refreshments were served at the close of the games.

Master Stephen Shipway spent a recent week-end in Beebe, Vt., with Master Robie Brown.

Miss Sue Nutbrown, of Sherbrooke, is visiting her cousins, Nancy and Trudy Taylor.

Mr. and Mrs. Gordon Shipway were recent dinner guests at Mr. and Mrs. Rudolph Beaus in Beebe, Vt., and were supper guests of Mr. and Mrs. F. J. Shipway, in Stanstead.

CANTERBURY—

Mrs. Douglas Mayhew, Mrs. Jacklin and Mrs. John McRae attended the annual Guild meeting at the home of Mr. and Mrs. Lindsay Groom.

The Misses Sylvia and Elaine MacLeod and Elaine Mayhew, attended the basketball game in Magog, between Magog and Bury, Saturday last.

Mr. Garth Harrison, of Bury, was a guest of Mr. and Mrs. Erwin Watson recently.

Mr. and Mrs. Leslie MacLeod called on Mr. and Mrs. W. W. Bowman and Mr. and Mrs. John McKenzie, in Scotstown.

Mr. and Mrs. Gene Grey and baby, moved to their own home a few days ago, after staying with Mrs. Grey's parents, Mr. and Mrs. Prentice Jacklin for a few weeks.

attention to the benefits of immunization are essential. Any long-term let-down in such education could bring these preventable diseases back in epidemic proportions.

Heart disease is now the leading killer in Canada, and its lead continues to grow from year to year. Hardening of the arteries is the chief offender in causing heart disease in people over 40. Nearly half the deaths in people over 50 are owing to disease of the heart and blood vessels. This is one of the many problems posed by the fact that our life span is being increased by preventive medicine. By 1948 we had almost 1,000,000 people in Canada who were 65 or older, and this number is growing. This is more than 1 in 15. In 1884 it was less than 1 in 25. The new, and still groping science of geriatrics is meeting this challenge by teaching aging persons how to prevent or at least postpone degenerative ailments and thus prolong their usefulness to society, to industry and to themselves.

Tuberculosis and diabetes are no longer the killers they used to be. However, preventive medicine teaches that it is still of the utmost importance to recognize

symptoms and seek early diagnosis. It is estimated that there may be as many as 70,000 people in Canada who have diabetes and don't know it. This is dangerous, as uncontrolled diabetes is a forerunner of many serious and frequently irreversible conditions. Constant vigilance and early detection of TB is the key to control of that disease, and everyone should take advantage of mass X-ray surveys when they are offered.

Perhaps the most basic of all fields of health education is the field of nutrition. Malnutrition or careless nutrition are not listed as causes of death in statistical tables in Canada, and yet they are great killers in other disguises. Bovine tuberculosis, for example, is generally caused by consumption of unpasteurized milk, which is still obtainable in rural areas throughout Canada and in some cities. Even heart disease is sometimes attributable to obesity, which is a result of careless nutrition. Perhaps the greatest challenge in the entire field of prevention is teaching Canadians how to eat.

It is hoped that Health Week, 1955, will meet these challenges well.

MAYOR'S PROCLAMATION

The Sherbrooke City Council, fully realizing the importance of health for the individual, for the community and for the nation, officially gives its support to National Health Week which opens today. In an effort to draw the attention of the Canadian people to the important questions of health, it has recommended that the Mayor declare the week of January 30 to February 5th as National Health Week in this city.

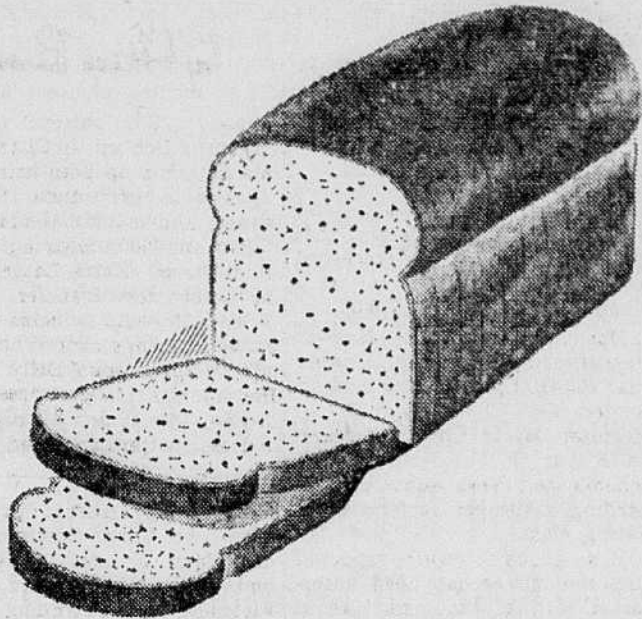

The necessity of instructing our fellow-citizens in preventive measures against disease to prolong life and improve health is also realized. We wish to draw the attention of citizens to the national campaign during which ministries of health and the Health League of Canada co-operate to bring the merits of preventive medicine before the public.

J. Emile Levesque,

Mayor of Sherbrooke.

MORE THAN 125,000 CANADIANS DIE EACH YEAR

Many could be saved!

Do you know—

that more than 50% of all sickness can be prevented?

We need your HELP

YOU CAN HELP

1. Increase the average span of life and usefulness.
2. Strengthen Canadians in body and morale through proper living habits.
3. Increase Canada's most valuable resource—manpower—by reducing mortality from preventable sickness.
4. Boost production by reducing absenteeism in industry.
5. Reduce infant mortality.

The dramatic story of prevention cannot be told with circus tactics. Accomplishments of the Health League of Canada are never exaggerated or told with undue emotion; they are recorded in cold statistics.

For thirty-five years the Health League of Canada has campaigned for prevention of sickness through public education and encouragement of proper public health measures. Statistics tell the story of decreased mortality and increased life span due to prevention.

With the financial support of logic-minded Canadians statistics will tell even better stories in years to come.

WHEN YOU CONTRIBUTE TO THE HEALTH LEAGUE OF CANADA, you actually contribute to eleven separate organizations in the field of preventive medicine:

Lennoxville Retains Quebec Challenge With 22-22 Tie

Skip Darcy Bennett Plays Perfect Shot On Last Stone To Give Host Club A Tie With Louiseville Squad

The Lennoxville Curling Club extended their record on Saturday night to eighteen successful defences of the Quebec Challenge Cup with a tie match in game No. 409 against two rinks from Louiseville at the college-town curling club. The victory gave the local broom experts two ties, eleven wins and five defeats in their eighteen trips to the hacks in defending the eighty year old trophy since it came to Lennoxville in February 1952.

If a hot stove league existed in curling circles the stars would have been awarded to Darcy Bennett who tied the match with his last rock to keep the famous cup in his favorite clubhouse. The Louiseville curlers, skipped by A. Delatri and J. Gariepy, were keen young crews, experts on draw shots.

Their challenge to Lennoxville was their second attempt to obtain the cup. Their first, game number 369, was played on January 31, 1948, when they lost to Royal Montreal by a score of 32-22. Skip Gariepy took part in this match, which, oddly enough, gave them 22 points as did the Saturday game, one point short of victory.

The visitors from the north shore community took the lead in the first end of the two-rink, twelve-end, total point match. Lennoxville tied the score in the second, went ahead two points in the third and then fell back to tie figures for the next two ends. At the halfway mark A. Delatri of Louiseville, was ahead of W. Richardson by a score of 7-1 while Darcy Bennett led his opponent 7-3, giving the visitors a two point lead in the event.

The Lennoxville curlers cut the margin to one point in the combined score for the seventh and eighth ends. A six-end in the ninth gave Darcy Bennett's rink their greatest lead in the game, making the scoreboard read 15-6 on sheet two. Meanwhile, play on sheet one moved fast and Rich's crew completed their game with a final score of 11-7 in favor of Louiseville.

Thus Bennett's rink with their nine point lead, less the four point loss of their mates, were still ahead five going into the tenth end, a figure that would appear ample margin for victory. However, they dropped one point on the tenth and three on the eleventh to start down the homestretch a bare stroke ahead.

The Louiseville rink drew

their shots well in the final end but the Lennoxville lads were not successful in keeping the house clean and Darcy Bennett went to the hack with Louiseville counting three. His first shot took one out but his stone went with it. His opponent drew his last rock short but still counted two, a lead of one point in the event unless Skip Bennett could draw his stone and win the event, or cut them to one rock and tie the score.

Being a challenge event in which a tie is equal to a win for the defender, Bennett chose to take out. He paused for a moment, took aim, and, while the spectators held their breath, threw a perfect stone to finish 15-11 and tie the match 22-22.

The Louiseville curlers were guests of the Lennoxville curlers at a club supper prior to the games and at a brief reception after. Then, like true sportsmen packed and drove 160 miles home in order to be able to take part in a competition in their home club yesterday. True they were disappointed for they had not lost but like all good curlers they were looking ahead to their next match and in time another challenge for the Challenge Cup.

National Juniors Rally To Edge Sherbrooke 7-5

National Juniors rallied in the late stages of their tilt against the Sherbrooke Juniors and emerged with a 7-5 victory in a regular fixture of the Sherbrooke Junior "B" Hockey League at the Arena Saturday evening.

Romeo Denault's Juniors moved to the fore early in the game and at the end of the first period were leading 3-0 on goals by Langlois, Pichette and Fontaine. In the middle stanza Lebel made it 4-0 for what looked like a runaway but Roger Roy's Nationals were not to be outdone. Lafontaine came up with some nice stick handling and registered two goals to change the whole situation. Dupont tallied Sherbrooke's next marker and this turned out to be the final one for the Denault men.

Following this the Nationals took over and from this point on the Sherbrooke team was completely outplayed in all departments. Denoncourt and Baril drove the disc by Beaulieu for two quick goals to put the Roy crew within hailing distance.

In the final period they kept the pressure on and when Girard drew a penalty Filiatrault batted home the tying marker. With both teams at full strength Baril tallied his second marker of the game to put the Nationals out in front for the first time in the game.

The Sherbrooke squad was forced to open up to try for the equalizer and this was just the opportunity the Nationals were looking for. Fournier was away on a long pass to centre ice and rushed in the drive home the insurance marker to give the Roy crew a 7-5 decision after a great comeback.

Sherbrooke: Beaulieu, Girard, Vallee, Dupont, Gagnon, Goulet, Langlois, Houde, Thibodeau, Fontaine, Lebel, Beaulieu, Patrigiani, Pichette, Fabi.

SLIM MARGIN

The results left the 28-year-old Lumley with a scant three-goal margin over Sawchuk. He has allowed 95 goals in 51 games. The race could go right down to the last few engagements, the same as last year when Lumley beat out Sawchuk for the first time in three seasons with an average of 1.85 goals a game.

In two other weekend games, Canadiens shut out the Bruins 4-0 in Montreal Saturday and the Rangers were defeated 4-2 by the last-place Hawks in Chicago Sunday night.

The Montrealers remained in first place. Their 29 victories and eight ties in 50 games give them 66 points, one ahead of the Wings. The Leafs have 55, nine up on the Bruins.

Sawchuk, 25-year-old native of Winnipeg who was said to have been just about washed up as a big-timer because of poor eyesight, kicked out 30 Chicago shots at St. Louis Saturday. Vic Stasiuk and Bill Dineen scored for Detroit. Ed Litzinger, the former Montrealer, and Metro Prystai, the one-time Red Wing, tallied for Hawks.

SPOILS SHUTOUT

Glen Skov and Marcel Bonin led the rout against Canadiens Sunday with two goals apiece. Marty Pavelich, Johnny Wilson and Gord Howe scored one each. Rightwinger Maurice Richard saved Canadiens from a shut-out in the first period.

The Leafs bumped into some tremendous goaltending against New York's Gump Worsley. They had 41 shots at him but cashed in on only one before 12:45 Toronto fans.

Harry Lumley And Terry Sawchuk In Hot Race For Vezina Trophy; Wings Wallop Canadiens 7-1 To Gain Ground

The run for the National Hockey League's goaltending award, a Lumley-Sawchuk duel for three years, is shaping up as another of those who'll-get-it dramas.

As usual, durable Terry Sawchuk of Detroit Red Wings, the fellow who was supposed to have failing eyesight, and Harry Lumley of Toronto Maple Leafs are the big names for the Vezina Trophy and its \$1,000 bonus.

Lumley and the Leafs were dumped in two straight games, 3-1 by the fifth-place New York Rangers Saturday and 3-0 by the upstart Boston Bruins Sunday. The defeats didn't jeopardize Leafs' hold on third place but they put big Harry back in hot water.

Meanwhile, Red Wings battled the last-place Chicago Black Hawks to a 2-2 deadlock Saturday and lambasted the league-leading Montreal Canadiens 7-1 in Detroit Sunday night.

Boston goalie Johnny Henderson achieved the fifth shutout of his brief 29-game NHL career when Bruins blanked Leafs at Boston Garden. Ed Sandford, Lorne Ferguson and Leo Labine scored for the Bruins.

Canadiens were sharp against Bruins Saturday. They helped Plante chalk up his fourth shutout of the season to the delight of 14,576 Montreal Forum customers.

The Montrealers made the second period their big one when they scored three goals—by Richard, Dickie Moore and Jackie Leclair. Bernie Geoffrion ended a six-game goal famine by scoring his 28th of the season.

Red Sullivan and veteran Bill Mosienko came up with third-period goals to pace the Hawks to their Sunday victory over Rangers. Nick Mickoski gave Hawks an early lead at 2:08 of the first period and Prystai increased it to 2-0 before the session ended.

Defenceman Bill Gadsby and Murphy evened the count by 2:54 of the third.

No games are scheduled until Wednesday, when Bruins and Hawks tangle at Chicago.

Santee Sets World Record For Indoor Mile

Boston. — (P) — Wes Santee smashed the world indoor mile record Saturday night, running the distance in 4:03.8 in the Hunter mile of the Boston AA meet at Boston Garden.

Santee, leading U.S. hope for the four-minute mile, surpassed Gil Dodds' mark of 4:05.3 by more than a second. Dodds made his record in 1948. The outdoor mile record is 3:58 set by John Landy of Australia in Finland last year.

Santee, former University of Kansas track star, won by 30 yards over Gunnar Nielsen, the Dane who beat him last week in Washington.

He had a big assist from Dick Ollen of Northeastern University, who acted as his mechanical rabbit. True to his pre-race promise Ollen pulled the pack out at the start. He intended to hit the half in 2:02, but he did even better—two minutes flat.

All the while, Santee was loping along in second place. With five laps to go, Santee took over and there never was any doubt as to the winner.

"I knew I could break the record all along," panted Santee at the end of the race. "But I wasn't so certain that tonight would be it. . . But I'm sure glad Ollen was here to help out."

For all his fine work for the half mile, Ollen finished last in the field of five.

Samson's Jacques Cartier Quartet Wins Provincial Curling Crown; Sid Cross' Rink Places Third

Quebec — (CP) — For the second time in the 28 years of the Canadian curling championships, a French-Canadian rink will represent Quebec province.

Olivier Samson's foursome from Quebec's Jacques Cartier curling club, with one English-speaking member, Saturday won the four-day round-robin for the provincial title with a record of eight wins and a loss. They head for Regina March 6 for the Canadian playoffs.

Close of the championships, first event in the 42nd annual Quebec International Bonspiel, was but a beginning for bonspiel organizers. Special trains Sunday began pouring in the out-of-town curlers for the colorful, week-long international section.

The last time a French-Canadian rink won the provincial crown was in 1948 when Jacques Cartier's Gaston Amyot turned the trick.

Samson, who finished the eighth round of the championships tied with Ken Weldon of Montreal Caledonia, went on to clinch the title by beating Percy McCarthy of Bevcourt mines 13-4 in the final round while Weldon was downed 12-5 by an upstart town of Mount Royal rink under Jim Lavery.

Samson's only loss was to Weldon. J. A. (Pat) Ross of St. Johns, Que., enabled Samson to

tie Weldon by beating the Montreal team 13-6 in the six round.

In the other ninth-round games, Sid Cross of Sherbrooke, Que., walloped Jack Darby's youthful Baie Comeau, Que., rink 12-2 and Ross defeated Jack Miller, Three Rivers, Que., 12-9.

Jim MacKimmie, Lachute, Que., beat Charlie Manderson of Kenogami 14-11.

Final standings in the Quebec province curling championships:

	W	L
O. Samson, Quebec J. C.	8	1
K. Weldon, Mtl. Caledonia	7	2
S. M. Cross, Sherbrooke	6	3
J. Lavery, Mount Royal	6	3
J. Darby, Baie Comeau	5	4
J. A. Ross, St. Johns	5	4
P. McCarthy, Bevcourt	4	5
J. A. MacKimmie, Lachute	4	5
J. W. Miller, Three Rivers	1	8
C. Manderson, Kenogami	0	9

Tuque Rouge's Jean Paul Gosselin Sets World Record For Five-Mile Forced March At Snowshoe Convention

Ottawa — (P) — Two snowshoeing brothers from Lac Beauport, Que., James and Thomas Dennie, came close to a clean sweep of race honors in the annual international snowshoe convention which ended here Saturday. Between them they won five of the eight finals.

James Dennie of Lac Beauport's Unione National club was awarded the perpetual trophy as the best athlete of the two-day convention with victories in the 100, 440 and 880 yard races. He came second in the 220 yard race won by Roger Samson of Manchester, N.H.

Thomas Dennie won the senior one and three mile races and ran a close second to his brother in the 880 yard race.

One world's record was set during the events, run in near-zero weather at Lansdowne park. Jean Paul Gosselin of Tuque

Rouge club, Sherbrooke, Que., covered the five mile forced march in the spectacular time of 44 minutes, 12.2 seconds, nearly a minute less than the former record of 45 minutes, 10 seconds set by Gosselin himself in 1952.

In a new event added to the competition, J. P. Baillargeon of Montreal's Frances Amis club flipped his snowshoes over six wooden barriers to win the 120 yard obstacle race. He had only one opponent.

3,000 Fans Watch

More than 3,000 ardent snowshoers from eastern Canadian and United States clubs watched the races, which are highlighted by the five mile race over a course in Lansdowne park and adjoining exhibition grounds.

Two of Gosselin's Tuque Rouge clubmates, Joseph Dube and Roland Michaud, placed second and third in the long grind in which only two of 32 contestants dropped out.

ed their lead to 4-1. Gagnon, at 17:28, scored when his shot from just over the blue line hit the goalie's stick and went in. Thirty-seven seconds later Connie Mandala notched his first goal and before the period was over he scored his second of the night at 18:18.

The Warriors tallied four more times in the middle session as the first one came at 3:58 when Joe Schurr lifted the disc over the prostrate form of Hugh Doherty. A little more than eight minutes later George Lemieux upped the count to 6-1 when he was left uncovered at the crease and tipped Gagnon's rebound in. Mike Furlong scored on a screen shot at 13:58 but one more goal was to be scored before the period ended. At 18:03 O'Connor tallied his second marker as he cruised in from the blue line, unmolested, and scored.

With Loyola a man short, Bishop's at the start of the final period couldn't get the puck out of their own zone. The Warriors buzzed around and upset the Gaiters so much that finally Mandala scored his "hat trick."

After seven and a half minutes had gone by in the third frame Connie Mandala tallied his fourth marker as he cked the Gaiters defense and scored on a low back hand drive.

Finally Bishop's got on the scoring sheet again but the Warriors were two men short at the time. Blair Whittemore kept his goal-per-game record intact as he notched the Gaiters second tally at 8:51.

In the last half of the final frame Loyola added four more tallies as the first one was scored at 11:24 and the last one at 19:43. Mike Furlong at 11:24 notched his second goal of the evening but 28 seconds later Ron Chisholm made the score 12-2. With a minute and fifty seconds remaining in the game Joe Schurr scored his second goal of the game and the final tally was scored when the Gaiters were a man short. Terry Dingle closed off the assault at 19:43 when Bishop's Bill Andre was in the penalty-box for charging.

Loyola College Wallops Bishop's University 14-2 For Their Second Straight Defeat In One-sided Tilt

Montreal — (Special to the Record)—Bishop's University suffered their second defeat in a row Saturday, here, as Loyola Warriors swamped the Gaiters 14-2 in a regular Ottawa-St. Lawrence hockey Conference fixture. The Warriors, winners of the Ottawa-St. Lawrence hockey Conference for the past five years, showed no mercy as they handed the Gaiters their worse drubbing this year.

Loyola threw more rubber at Bishop's goalie Hug Doherty, as the Warriors outshot the Gaiters 61-19, then he will ever see in his life time. Doherty stopped 18 shots in the opening period, an unbelievable 26 in the middle session and 17 in the final frame.

Connie Mandala of Loyola led the barrage as he scored four times while Terry O'Connor, Mike Furlong and Joe Schurr tallied twice. Lone markers were scored by Garry Gagnon, George Lemieux, Ron Chisholm and Terry Dingle. Dexter Jolley and Blair Whittemore notched the Gaiters goals.

The officials—Jim Slater and Bob Sleeth—handed out 11 penalties, five to Bishop's in the free-scoring contest. They had a relatively easy time in the first two periods as they gave two penalties to the Gaiters and one to the Warriors. Eight penalties were assigned in the final twenty as the officials just about let the game get out of control.

Bishop's opened the scoring in the eighth minute of the first period when Jolley tallied from a pass out from Edwards. The Warriors put on the pressure and had a hard time breaking Hugh Doherty's barrier. Terry O'Connor was robbed of a sure goal when he raced in on a breakaway but Doherty smothered the puck. He also made a sensational save on Garry Gagnon as Garry let go with a point blank drive for the upper left hand corner.

Finally O'Connor put the Warriors on the scoring column as he picked up Schurr's rebound and poked the rubber behind Doherty, at 14:49. In a space of 50 seconds Loyola had increas-

ed their lead to 4-1. Gagnon, at 17:28, scored when his shot from just over the blue line hit the goalie's stick and went in. Thirty-seven seconds later Connie Mandala notched his first goal and before the period was over he scored his second of the night at 18:18.

The Warriors tallied four more times in the middle session as the first one came at 3:58 when Joe Schurr lifted the disc over the prostrate form of Hugh Doherty. Sherbrooke Intermediates Drop Both Week-End Tilts

Frankie Reid Sets Merry Pace With Hat-Trick As East Angus Pirates Outplay Locals To Win 9-5 Saturday

East Angus Pirates had too much all drive and power Saturday evening as they walloped the league-leading Sherbrooke Intermediates 9-5 in a fast stepping contest of the Massawippi Valley Hockey League at the Arena before 400 fans.

Frankie Reid, the Pirates' shifty pivotman and league's top marksman, proved to be the meagre crowd of fans why he is still the top scorer in the Mac Wilson circuit. He registered a hat-trick during the evening and at the same time killed off penalties as well as taking his own turn on the ice. He was a power of strength on both the offense and defense.

The Sherbrooke squad was definitely outplayed in all departments and it was only in the opening frame that they showed any resemblance to the team that has been setting the pace in the six-team loop. Injuries continued to dog the local crew as two more were picked up. Bertrand Morin suffered a shoulder injury when he was heavily bodied and fell to the ice, while George Beaulieu pulled a muscle in his leg when he slid into the goal post.

Lepitre tallied the first goal but two quick goals by Morin and Marc Dussault put the locals out in front. Roy evened the count a minute later and Bob Martel registered what later proved to be the winning goal when he beat Labbe from close range.

In the middle session Frankie Reid slipped the disc by Labbe after a nice two-way passing play with Gagnon and Lepitre. Therrien came up with another and then Frankie Reid finished off the nicest goal of the evening when he accepted Gosselin's pass-out, faked a pass and batted the disc over Labbe into the net. He bounced right back a minute later but this time he walked right in to take the local netminder out of position and drive home the rubber.

The local crew at this stage was floundering around completely lost as the Pirates held the upper hand. They passed the locals right out of position and kept the disc hemmed in Sherbrooke's end. George Beaulieu got away and was in on Olivier to drive the puck into the net just before the end of the frame. The Pirates had two men in the cooler at the time and it was the only goal Sherbrooke could score during their advantage.

In the third period Therrien came up with his second goal of the evening just after the start. Three minutes later Marc Dussault tallied Sherbrooke's fourth marker, but a minute later Bob Martel batted home his second of the tilt to give the Pirates a 9-4 lead. Hines reduced it when he finished off a passing play with Dupont just before the halfway mark.

Denault drew a charging penalty as the locals were beginning to try and roughen it up but the Pirates, content with their advantage, played it close. Gosselin was the next to get the nod for slashing which did not meet with his approval and he told the referee so in a few choice words. This cost him a misconduct and when he continued in the penalty box he drew a game misconduct and was ordered to the dressing room.

Frankie Reid and company held the fort until Gosselin's replacement returned. With both teams at full strength play kept rolling along but the individual rushes of Sherbrooke were stopped cold by Onil Martel and mates at the blueline as they were protecting their lead.

Jean Lessard Wins E. T. Combined Ski Title While Jim Quarrells Of U. B. C. Is Second; Hillcrest Wins

Jean Lessard retained the Eastern Townships Combined ski title when he won both the downhill and slalom events held over the week-end.

The Hillcrest speedster won the slalom held at Hillcrest on Saturday and the downhill held yesterday at Mt. Orford to make a clean sweep.

Jim Quarrells, of Bishop's University, placed second in the combined and was also second in the slalom and second in the downhill.

Quarrells won the first run in the slalom held over the new Mooney Trail at Hillcrest when he went through some 50 flags in the fast time of 52.3 seconds. Jean Lessard was second with 52.4 seconds.

year the Hillcrest Ski Club won the team championships. They were well ahead of their nearest rival Mt. Orford Ski Club.

Third place in the combined standings went to Pierre Bertrand of Hillcrest while Rodolphe Lessard, Hillcrest and Andre Langlois, Mt. Orford, placed fourth and fifth respectively.

The slalom was set by Eric Schiller of Hillcrest and it was a beauty. This will be the site of the Provincial Slalom Championship, this year. Schiller set one of the toughest courses ever seen locally and more than one skier met his doom, especially at a tough hairpin turn near the top of the run.

Paul Hamel, the president of the Eastern Townships Ski Zone, presided at the distribution of trophies and prizes which was held at the Mt. Orford Lodge. Andy Bruygom, the president of the Hillcrest Ski Club, assisted with the distribution of prizes.

Ray St. Cyr Registers Hat-Trick As Eagles Roll To 9-3 Victory; Morissette-R. Leblanc Get Two Each

The Eagles of Brompton were flying high and as a result they roared to a 9-3 verdict over the Sherbrooke Intermediates yesterday afternoon at the Arena in a regular fixture of the Massawippi Hockey League before 700 fans. It was the second straight setback for the injury-riddled Roberge squad.

Ray St. Cyr paced the Eagles to their victory in the high scoring fixture when he registered a hat-trick. Captain Morissette and R. Leblanc, each snared two goals while G. Leblanc and Jutras accounted for the others. Fern Desrochers, Guy Dussault and Marc Dussault tallied for the losers.

Roch Labbe, in the Sherbrooke nets, had a busy afternoon as his defense failed to give him any kind of support. Time after time they batted away from close range and it was only his good work that kept the score away from the double figures.

Eric Sharpe had a quiet afternoon although he was called upon several times to extend himself he wasn't overworked by any chance. The Eagles held the upper hand for the better part of the game while the Sherbrooke squad blew what a few good scoring opportunities they had.

St. Cyr opened the scoring in the first period and R. Leblanc made it 2-0 but just before the end of the frame Fern Desrochers notched his tally to keep the locals within striking distance. Four penalties were handed out but the teams were at even strength when he scored.

In the final period the roof caved in on Labbe as the Eagles were swarming all over the local club. Guy Dussault notched Sherbrooke's second tally when Jean Dumas broke away and gave him a perfect pass but following this the Eagles hit hard and fast.

Four goals within three minutes and a half sealed the verdict for the Eagles and put them out in front 7-2. Morissette, R. Leblanc, G. Leblanc and Jutras were the triggermen. Jean Dumas sitting out a foolish interference penalty when the first two were tallied.

Morissette picked up a rebound on the edge of the goal crease to lift it home for his marker and then he set up G. Leblanc on a nice pass while Pee Wee Leblanc laid down a perfect pass in front of the goal for R. Leblanc. He also was responsible for the following tally:

ly with Jutras finishing it off. Their passes just had the local club baffled as they kept flipping the disc around like a hot potato in front of Labbe, who was forced to do everything but stand on his head in an effort to stop the Eagles.

Marc Dussault picked up a centre line pass when he stepped out of the penalty box to round Martin and register Sherbrooke's third marker. With just a minute remaining Ray St. Cyr made it 9-3 for the Eagles on a pass from Pee Wee Leblanc and the tilt ended with the locals trying to tally but the siren ended before anything happened.

The Canadian National Institute for the Blind

Sherbrooke, January 31st, 1955.

Dear Friend:

Just think of what it means to a sightless person to know that there is an organization of trained experienced people upon whom he or she can rely for advice or help, at all times.

The Canadian National Institute for the Blind is such an organization of men and women whose every effort is directed towards assisting the blind, in every way possible.

Theirs is not a spasmodic service but one which continues day after day, throughout the whole year.

All Canadian National Institute for the Blind Field secretaries and home teachers who are blind themselves, are given extensive preliminary training to fit them for their various important duties in the districts which they service. In turn, these teachers train sightless persons to be self-reliant, and in many cases, self supporting.

During the last 24 years the Institute has been developing a system of aid to the sightless that become more and more efficient and helpful as new methods of instruction have been developed and applied.

The Work of the Institute also includes constant efforts in the prevention of blindness especially with school children with defective sight. Corrective scientific methods are used.

Institute teachers go to the houses of the sightless to instruct in braille reading and writing, handicrafts, domestic science and the care of children in addition to imparting advice and encouragement.

The pamphlet which you will receive in the mail describes the many services that are available to all blind persons in Canada regardless of race or religion.

In the six counties in this district there are 310 registered blind persons to whom services are now being given, and as you may well imagine, the expenses of the Institute in providing this and other services are very heavy.

Our annual campaign for funds occurs this year during the week starting January 31st, 1955.

The canvasser who will call on you and all the Campaign officers are giving their services voluntarily to help in this excellent cause.

Please give as much as you possibly can, remembering that your contribution will be carefully used to bring relief and happiness into the lives of those who are so severely handicapped. This is an opportunity for us who are blessed with good sight, to help our fellow citizens who are blind.

Yours sincerely,

C. G. BRYANT,
ROLAND SAVOIE,
Co-chairmen.

P.S. — All donations of one dollar or more is acknowledged by an official receipt; such amounts are deductible from your annual income tax statement.
