LORD SHAUGHNESSY STARTS ON ANNUAL INSPECTION TRIP

C. P. R. HEAD, ACCOMPANIED ON TRANS CONTINENTAL TOUR BY FOUR DIRECTORS.

(Special to The Chronicle.)

Montreal, Sept. 8.—Lord Shaughnessy, whose annual trip of inspection is anticipated with natural interest by the eighty thousand employees of the C.P.R., left for the West tonight, accompanied by four of the Montreal directors of the company—Mr. R. B. Angus, Sir Herbert Holt, Mr. C. K. Hosmer, and Mr. E. W. Beatty, K.C.; at Toronto they will be joined by Sir Edmund Osler and Mr. W. D. Matthews, while at Winnipeg, Sir Augustus Nanton will be added to the party. Mr. A. D. MacTier, general manager of Eastern lines, accompanies the train as far as Fort William, after which Mr. Grant Hall, vice-president at Winnipeg, will act as cicerone.

At Toronto tomorrow the program calls for an inspection of the new concrete railway viaduct at North Toronto, one of the many substantial improvements which are transforming North Toronto into a highly important terminal. This viaduct has the largest concrete spans hitherto constructed, and was built in record time under great climatic difficulties. Engineers consider that it marks an epoch in bridge building, as it is now demonstrated that reinforced concrete can take the place of steel for a very large number of permanent bridges. The spans comprise 110 slabs of concrete, each of which weighs 55 tons.

Lord Shaughnessy is much interested in aviation; and if time permits a visit will be paid to the aviation camp at Leaside before leaving for Fort William. On the west-bound trip stops will be made at Fort William, Winnipeg and the mountain resorts such as Banff and Lake Louise, where in spite of the war, the C.P.R. has made extensive improvements to the local buildings since the President's last visit. There is also the great Connaught Tunnel under Rogers' Pass, nearly five miles in length, which has eliminated many snow sheds from the route and has lowered the gradients considerably. Large sums of money have been spent recently on improving the terminals at Winnipeg and Vancouver, and these will also be thoroughly inspected.

After a few days at Victoria, the party will return via Calgary over the branch line which serves the more northern areas of Alberta, Saskatchewan and Manitoba, so as to enable the C. P. R. directors to obtain as wide an acquaintance as possible with the crop situation in the West.

The Weather

Toronto, Sept. 8.—A pronounced area of high pressure has come in over the western provinces from the northward causing a change to cooler weather. It has been carried eastward except for some light local showers in Nova Scotia.

Temperatures:

	Min.	Max.
Prince Rupert	44	62
Victoria	48	60
Vancouver	50	66
Kamloops	50	80
Calgary	40	64
Edmonton	33	56
Prince Albert	38	50
Medicine Hat	48	60
Moose Jaw	45	66
Regina	41	56
Winnipeg	52	56
London	49	75
Toronto	52	78
Ottawa	43	68
Montreal	48	54
Quebec	41	64
Halifax	53	66

Forecasts:

Lower Lakes and Georgian Bay: Moderate winds, fair today with about the same temperature, showers in some localities during the night.
Ottawa Valley and Upper St. Lawrence and Lower St. Lawrence: Moderate winds, fair, not much change in temperature.
Gulf and North Shore: Moderate winds, mostly cloudy and cool.
Superior: Fresh winds, shifting to northwest, showers in some localities and turning quite cooler at night.
Manitoba and Saskatchewan: Fair and quite cool, frost in many places.
Alberta: Mostly fair and cool, but some local showers.
Maritime: Fresh northeast winds; cloudy and cool, with local rains.

NOTWITHSTANDING BRITISH HAVE MATERIALLY ENCROACHED UPON CAMBRAI AND ST. QUENTIN, WHILE FRENCH PRESSING FORWARD TOWARDS LA FERRE AND LAON FURTHER SOUTH—ADDITIONAL GROUND HAS BEEN GAINED BETWEEN VESLE AND AISNE RIVERS WHERE AMERICAN TROOPS ARE FIGHTING—BRITISH NOW STAND AT VILLEVEQUE SIX MILES FROM ST. QUENTIN AND HAVE CAPTURED GREATER PART OF HAVRINCOURT WOOD BARRING WAY TO CAMBRAI.

New York, September 8.—The Associated Press tonight issues the following:—The British and French armies continue to cut their way into the German lines on various sections of the lower part of the battle line in France.

Notwithstanding the bad weather which has caused somewhat of a slackening in the violence of the operations, Field Marshal Haig's forces have materially encroached upon Cambrai and St. Quentin, while farther south the French armies are pressing eastward on the old Noyon sector towards La Fere and Laon and northward from Soissons in an auxiliary manoeuvre with the same objectives in view. Between the Vesle and the Aisne Rivers, where the American troops are fighting with the French additional ground has been gained by the Allied forces.

The British now are standing at Villeveque six miles from St. Quentin, having carried out an advance over a ten mile front on the general line of Epehy-Hesbecourt and Vermand. To the north the greater part of the Havrincourt Wood, one of the German strong points barring the way to Cambrai has been captured.

So rapid has been the British advance along this portion of the front that they now are in the positions they held before the big German drive of last March. In these positions the Germans are offering stout resistance to further progress by the British.

Gradually the French are working their way around the St. Gobain Forest north of Soissons in the movement that aims at that outflanking of La Fere and Laon and all the German positions east of this region. They have reached the outskirts of the village of Servais on the north edge of the forest and 2½ miles from La Fere, while a short distance to the north they have taken the village of Mennessis on the St. Quentin Canal. This latter gain brings the French within little more than eight miles of St. Quentin.

North of the Aisne near Soissons the Germans are fighting hard to keep the French in check, realizing that the gain by them of much more territory in this region, in conjunction with the manoeuvre that is in progress around St. Gobain Forest will place the entire German defence line eastward towards Rheims in a critical position. Near La Faux and to the north of Celles-sur-Aisne, the Germans have delivered strong counter-attacks, but the French everywhere have maintained their ground.

The Germans also are reacting somewhat south of Ypres, especially in the region of Ploegsteert, where the British are threatening the recapture of Armentieres. Counter-offensive manoeuvres here and east of Wulverghem were broken up by the British.

During the first week of September Field Marshal Haig's forces have taken more than 19,000 prisoners and large numbers of machine guns and quantities of stores.

That further big events are on the programme of the Entente Allies in the prosecution of the war is indicated by the fact that New-on D Baker the American Secretary of War again is in France for a war conference.

BRITISH STATEMENT.

London, September 8.—Advanced British troops have entered their old refuge system on the southern battle line, held prior to the German offensive of last March, according to the War Office announcement tonight.

The British have gained ground along the Vermand-Epehy line. More than 19,000 prisoners were taken by the British in France in the first week of September. The statement says:

"On the southern portion of the battlefield our troops have now entered the area of the defence systems constructed by us prior to the German March offensive. The enemy is offering increased resistance among those prepared defences, and sharp fighting has taken place today at a number of points.

"Our advanced troops are pressing forward and ground gained in the direction of Vermand, Hesbecourt and Epehy.

"Local hostile attacks were repulsed this morning south of Ploegsteert and east of Wulverghem. On the remainder of the British front there is nothing of special interest to report.

"The number of prisoners captured by the British troops in France during the first week of September exceeds 19,000."

CANADA WILL HAVE SOUND NAVAL POLICY

HON. C. C. BALLANTYNE OUTLINES VISION IN INFORMAL TALK AT WINDSOR HOTEL.

Montreal, Sept. 8.—In the course of an informal talk before the Sons of the Empire at the Windsor Hotel here on Saturday night, the Hon. C. C. Ballantyne, Minister of Marine and Fisheries and Naval Service, indicated his belief and hope that in the near future Canada will have a strong sound naval policy of her own. His vision was of a Canadian fleet forming part and parcel of the Imperial Fleet, but at the same time Canada's unit and under the absolute control of Canada. This would work in harmony with the Imperial Fleet and in time of war would pass under one united command.

"That is as far as I may go until the Government announces its policy," said the Minister.

NINTH GERMAN LOAN OFFERED FOR SUBSCRIPTION

Amsterdam, Sept. 6.—The Ninth German Loan will be offered for subscription from September 23 to October 23, according to a despatch from Berlin.

The Loan will be issued in the form of five percent bonds and four and one half percent redeemable treasury bills. Both will be issued at 95.

VICTORIA IS CHOSEN FOR MOBILIZATION

PACIFIC CITY WILL BE CONCENTRATION BASE FOR SIBERIAN EXPEDITION.

Victoria, B.C., Sept. 8.—Victoria has been chosen as the concentration base for the troops mobilizing in Canada for service in Siberia, according to notification received by Major-General R. J. E. Leckie, today. The location of the camp here has not yet been decided. Up to date 100 men have been enrolled for the British Columbia Company of the contingent, which is in command of Lieut.-Col. J. Harvey.

U. S. WAR SECRETARY IS IN FRANCE.

Washington, Sept. 8.—The War Department today announced the arrival of Secretary Baker in France, accompanied by an official party, including John D. Ryan, Assistant Secretary in charge of Aircraft.

GERMAN WARSHIP SUNK BY MINE.

Amsterdam, Sept. 7.—One of a squadron of German warships cruising off the coast of the Island of Ameland Friday evening ran on a mine or was torpedoed, according to reports received here. She was seen suddenly to heel over and disappear.

Charming Things Said About the New Sweaters

Those ladies who happened to be in our store when this new and elegant assortment of Autumn Sweaters in wool were being classified to be put into stock, had many complimentary things to say about them.

Not without such phrase being fully deserved, for it would really be difficult to imagine garments that could combine more thoroughly utility with such trimness of appearance. The styles are more numerous than ever before, and though wool is so expensive we are able to mark these at moderate prices.

QUEBEC, SEPTEMBER 9, 1918.

BRITAIN'S FINANCIAL EFFORT.

"We have won with the silver bullets before. We financed Europe in the greatest war we ever fought, and that is what won. Of course, British tenacity and British courage always come in, and always will, but let us remember that British cash told too. When the others were absolutely exhausted, we were getting our second breath, and our third, and our fourth, and we shall have to spend our last before we are beaten."

These words were spoken by Mr. Lloyd George on Sept. 18th, 1914. After nearly four years of exhausting war, Britain's credit is still unimpaired. Her "silver bullets" are being turned out by the hundred million, and every one is finding its billet. Her people are cheerfully bearing the ever-increasing strain which has been placed upon their shoulders, and will spare no effort in blood or treasure till victory is assured.

Britain's national debt has increased from \$3,225,000,000 to \$39,900,000,000.

And yet she is paying all—and much more than all—her debt charges out of current taxation, while the new taxation raised in Germany is not enough to pay the interest accumulated upon her War Debt.

The population of Germany is half as large again. For her largest War Loan sums of a quarter and upwards were accepted, while in Britain the minimum subscription was \$3.50 but, in spite of this the record number of subscribers to the German War Loan was 5,270,000, as against 5,229,000 to the British Loan.

Again the price of all commodities in the British Isles have enormously increased, and the housewife can now obtain for a sovereign only half the amount she could purchase with the same sum before the war.

When the third War Loan was issued, cash applications for War Savings Certificates, made by individuals too poor to subscribe the minimum sum, amounted to \$100,000,000.

Every day Great Britain is now spending \$34,900,000—a sum greater than her entire expenditure in a fortnight in time of peace.

Still her credit remains unshaken, the argosies of her commerce still come and go across the oceans, and she is ready to spend her last shilling in safeguarding the security of the world.

Before the war, the British people paid about \$1,000,000,000 a year by way of taxation; today they are paying taxes annually to the tune of \$3,270,000,000.

For her third war loan, notwithstanding there was raised \$5,000,000,000—a sum equal to nearly half the entire national income in 1914.

Britain is now spending \$9,305,000,000 a year on her Army, her Navy, her Air Services, and her munitions factories and supplies, and has advanced loans to her Allies amounting in the aggregate to \$1,600,000,000. That is the financial effort of the Mother Country towards winning the war.

MITTEL AFRIKA.

Not satisfied with the design of annexing Belgium, robbing France of her most valuable coal and iron fields, bringing under her sway the immense territories which she has torn from bleeding Russia and, under the name of "Mittel-Europa," erecting a political system in which her present allies will be permanently attached to her as vassal states, Germany dreams of creating a vast empire in Africa, maintained by an army of negroes, drilled by German officers, with munition factories to provide them with guns and shells, and with naval stations and submarine bases, from which to menace the trade of the world.

How is it to be created? By "an appropriation as extensive as possible of French, English, Belgian and Portuguese possessions in Central Africa," says Dr. Oskar Kersditt. That is to say, Germany intends, if possible, to recover all the possessions in Africa which she has lost, to rob England, France, Belgium and Portugal of the colonies which they now possess, and to create a single block "as by its magnitude would furnish a sufficient guarantee that any fresh attempt to conquer the country by force of arms would be to bite upon granite."

"If the military communications and the native man-power were properly organized," says Dr. Hermann Oncken ("Das alte und das neue Mittel-Europa"). "If naval stations and coaling stations were established in connection with our new arm, the U-boat, a continuous territory of adequate extent would render us as good as unassailable. Germany in other words intends to establish in Africa a military despotism similar to that with which, in Europe, the free nations of the world are now at death grips. A huge black army is to be trained and officered; native armament factories are to be busy day and night; and the coast is to be organized for the purposes of naval warfare. Nominally, these measures—like the present war—are to be "defensive operations," but they will be in reality—again like the present war—a blow aimed at the peace of the world.

The aim which Germany hopes to achieve by the creation of an Empire in Africa is not, as many of her apologists have asserted, to find an outlet for her surplus population. "For a number of years now emigration from Germany has been much more than counterbalanced by immigration into Germany. We have no agricultural population suitable to the settlers," says Freiherr Albrecht von Rechenberg. The object of Germany's ambitions is two-fold—Economic and Political.

The economic aim which Germany has in view

is to exploit the cheap (or forced) labor of the African native, in order to provide her with such essential commodities as, with the supplies which she will obtain from Mittel-Europa, will enable her to thwart any attempt by a League of Nations to enforce an economic boycott and so pursue her ambitious and aggressive policy, unchecked by any international authority.

The political object which Germany has in view is to secure for herself an unassailable position from which she can, whenever she chooses, break up the bands of the British Commonwealth, to dominate the Mediterranean and the Near East, to make herself the greatest Mohammedan power in the world, and by menace and intrigue to set the republics of Central and South America against the United States.

If, therefore, Germany's ambitions in Africa are realized, she will have liberated herself from any economic international control; a black army trained, equipped and munitioned on the Prussian model, will be at her disposal, more likely for offence than for defence; in alliance with Turkey, she will be able at any moment to rouse the Mohammedan world with the declaration of a holy war; and her new access of power will enable her to threaten the peace, not only of Europe, but of Africa and America. The civilized world cannot afford that such a weapon should be placed in her dishonored and blood-stained hands.

Great Undertakings

NO. 4—MEN AND POLITICS.

There are two Warwick—My Lords Northcliffe and Beaverbrook—in the present political field of Britain who, if they cannot make Kings, at least succeed in making such minor things as Ministries and programmes. To ensure a proper understanding of the situation this fact must be kept steadily in mind. The two men share in common a past marked by no small measure of popular suspicion and enjoy the whole-hearted hatred of all hard-shell, died-in-the-wool Tories as upstart troublemakers of Israel.

Hitherto their paths have not seriously converged but if Greek ever should meet Greek the resultant tug-of-war is likely to be worth watching. Northcliffe derives his power from the pressure which he is able to exert upon public opinion through a string of papers, comparable only to that of William Hearst, although considerably more responsible. Beaverbrook only controls the London Express and owes his position to an unusual gift of getting men together. Perhaps, however, the main secret of their success lies in the ability of each to do things or to get them done. After so many years of inconclusive warfare the people are hungry for action of a decisive, instant character which is foreign to the make-up of your professional politician, long accustomed to compromise and temporize. At all events it was the Northcliffe Press which drove Asquith from power, just as it was the sanction of the same Press coupled with the good offices of Beaverbrook or, as he was then, Max Aitken, which made the Lloyd George Government possible; nor is it too much to say that if these two men withdrew their support, the present Ministry would almost certainly fall in short order. Beaverbrook played a shrewd stroke when he took over the Ministry of Information, which has given him not only certain powers in connection with the entire British Press but also direct official control over Northcliffe himself as a public servant, and can be counted on to make the most of his opportunities. His fellow Dictator too is hampered with ill-health though the same cloud may perhaps some day threaten the career of Max, whose restless energy seems out of all proportion to the endurance of a somewhat fragile frame.

Stepping from behind the scenes to the front of the stage, we find the players unwinding a very complex plot. First there is what we may call the War party, under the dual leadership of Lloyd George and Bonar Law, which includes the main bulk of the old Liberal and Unionist Parties; next there is a group, small but not lacking in influence, which is also anxious for a victorious peace but is constantly seeking to effect the downfall of Lloyd George and the consequent restoration of Asquith. Then there is the Pacifist, or Peace-at-any-Price Party which finds its recruits among worn out peers like Lansdowne, who are fearful for the future of their caste, and anaemic Radicals, like Cadbury of the Cocoa Press, upon whose virility the war has imposed too great a strain, and finally there is the great Labor Party, with Arthur Henderson as its titular head, which is second to none in its determination to win the war but, conscious of its growing power, is frequently diverted by a desire for the advancement of its own ends.

At this point I must say something which is very hard and may appear ungrateful but which, in my deliberate judgment, is true: the public life of Great Britain like Canada and, as I am informed, Australia is cursed with mediocrity. Earnest, competent, thoroughly experienced men there are in plenty but no one who really measures up to the greatness of the time. Those who have been accustomed to regard David Lloyd George as our man of destiny will experience surprise and even pain at such a statement but I am unable to qualify it nevertheless. Some ten years ago I found myself employed in London, a young and ardent disciple of the late Joseph Chamberlain, to whom the very name of Lloyd George, the Little England-Free Trader, was anathema. More recently, as I watched his war record as Minister of Munitions, as Minister of War and finally as Prime Minister at a distance, it became necessary to completely revise my view-point and no one's admiration for the little Welshman could have been more unbounded than my own. Today, after having seen and heard him and after having heard the views of others, I am somewhere between my two former extremes. I recognize fully his remarkable powers of organization and adminis-

tration, I concede his magnetic eloquence, I admit that probably no one else could have pulled the Empire through till the present day, that he is still the only man in Britain for the position which he holds, yet, after all that has been done, I cannot say he is great. As an administrator I believe him to be both tireless and brilliant but as a politician I can see in him no more than an extremely gifted opportunist, playing for the fortunes of himself and his party quite as much as from any spirit of purely disinterested patriotism. A real vision he must have had in his youth but, in his maturity, the world has been too much with him.

I am thus naturally brought to a further disillusionment regarding public life in Great Britain: I suppose that most people, in common with myself, have always associated the Mother of Parliaments with a standard of statesmanship and political morality above the average and I trust it may be so but, if the impression which I have formed be correct, its present membership is mainly composed of a set of professional politicians who, making allowance for differences in environment and national psychology, are no better and no worse than our own duly elected representatives at Ottawa. In this newer country our methods may be more direct and crude, our organizers may exert material influence where those in the mother country exert social influence but, in both cases, the party warfare for power, the inside machinery, the looseness of principle and the petty intrigue are precisely similar. As against this it is only fair to say that the present Parliament has been sitting since pre-war days and there are grounds for believing that, when its voice can be heard, the regenerated spirit of the people will at least modify the

present regrettable trend of representative government.

When first in office, the Lloyd George Government enjoyed a very general degree of support and confidence but the only safety of any war administration lies in success and the reverses of last Spring coupled with a marked vacillation in Irish policy had done much to undermine its popularity; indeed, but for the absence of anyone else to turn to, George might well have been overthrown and at the time of the Canadian Press visit there was every prospect of an early election. Whether more recent victories will preclude this necessity I do not know but, at all events, there is little chance of any change: the same absence of alternative which has sustained the Ministry hitherto will ensure its return.

After the war, however, there is likely to be another story unless popular gratitude or his own consummate resourcefulness can save the Welshman and Great Britain has every prospect of seeing its first Labor Government. As I have said, Arthur Henderson is the titular leader of this organization but he is by no means its strongest representative and, without knowing all the possibilities, I question whether he will be Prime Minister. A character which has been forging to the front of late is the Assistant of the late Lord Rhonda and now Food Controller himself, a quiet, keen-eyed little man named Clynes. In the event of a Labor Administration attaining power, I venture to predict that, if he does nothing more, he will at least maintain his Cabinet rank.

As of special interest to Canadians, I shall devote my next article to a sketch of the personality of Lord Beaverbrook.

ARTHUR PENNY.

One Hundred Years Ago Today

This time one hundred years ago, a man named Thomas Murray, lately arrived from Ireland, and who was employed by Mr. Charles Smith, as a laborer, was drowned in crossing La petite riviere la Rave, which runs into the River St. Charles, and divides Mr. Smith's property, in a canoe. This river is almost dry at low water, but when the tide is up is of considerable depth. He was crossing with four others for the purpose of hay-making and never having been in a canoe before sat down between the thwart and, by the motion of his body over the thwart. The other four were providentially saved.

Under the title of "Something new" the Quebec Gazette published the following this time one hundred years ago: "There passed this day through this city six families in cars, from New Brunswick, about 70 miles above St. John, on their way by land to the Bay of Quinte in Upper Canada, intending to settle in that Province. They brought horses with them but bought their carts on this side of the Portage across which they dragged their baggage in sleds. They are all in good health, and we are told are in easy circumstances, one of the name of Duncombe, rich. When they will have completed their journey they will have travelled by land upwards of 800 miles. Their object is to obtain lands of a better quality than those which they occupied in New Brunswick."

It's Easy Enough

To keep the liver right if you use Dr. Chase's Kidney-Liver Pills occasionally.

The liver gets lazy at times and when it does digestion is interfered with and the kidneys fail to act.

You soon know it when the liver is awakened by this treatment, for headache, biliousness and stomach troubles disappear and you feel fine. This is an easy prescription for health and happiness.

CITY OF QUEBEC DISTRICT OF QUEBEC. To wit:

CITY OF QUEBEC. CITY HALL.

BY-LAW NO. 21.

By-law to Amend By-law No. 20 and repeal By-law No. 2H.

(Drawn up in the French Language)

At a meeting of the Municipal Council of the City of Quebec, held at the City Hall in the said City of Quebec on the thirtieth day of August, one thousand nine hundred and eighteen (1918), in conformity to law, and in virtue of a by-law, passed by this Council, pursuant thereto, and after the due observation of all the formalities prescribed by the statute in such case made and provided, at which meeting were present the absolute majority of the members composing the Council of the City of Quebec, that is to say: His Worship the Mayor, Aldermen Bedard, Bouchard, St. R., Bouchard, J.C., Collier, Gauvin, Lantier, Lesage, Mercier.

Whereas that By-law No. 2H, passed on the 2nd of July, 1918, article 20 of By-law No. 2G amended by an error, instead of article 19 of said by-law No. 2G.

It is in consequence ordained and enacted by by-law of the Municipal Council of the City of Quebec, and the said council doth ordain and enact as follows, to wit:

1.—By-law No. 2H, passed by this council on the 2nd of July last, is hereby repealed.

2.—Article 19 of By-law No. 2G, passed on the 23rd of April, 1918 is repealed and replaced by the following:

19.—Each and every person or company carrying on the trade of conveying persons, from one place to another in the city, by using certain vehicles for fares must before following said trade, obtain a license for such vehicle, for which shall be paid the sum of eleven dollars, for each and every vehicle.

Every person or company carrying on the trade of transporting from one place to another in the City, for fares, merchandise, or other material whatsoever by using any sort of vehicle, must before exercising said trade, obtain a license for the price of which they shall pay the sum of fifteen dollars for each vehicle.

3.—Article 20 of By-law No. 2G passed on the 23rd of April, 1918, is incorporated in the present By-law to all intents and purposes.

4.—The present By-law is declared as forming part of By-law No. 2G, passed on the 23rd, April 1918.

H. E. LAVIGNEUR, Mayor.

Attested. L.S. H. J. J. B. CROUINARD, City Clerk.

BATTLE OF THE MARNE
COMMEMORATED BY C.W.V.A.

PROMINENT SPEAKERS AND DISTINGUISHED ARTISTS UNITE WITH VETERANS TO REMEMBER ANNIVERSARY OF WAR'S CRUCIAL BATTLE AT AUDITORIUM.

The Battle of the Marne was fittingly observed last evening in the City of Quebec, by a public meeting which was held in the Auditorium, under the auspices of the Great War Veterans' Association, and which was attended by an overflowing audience. It was a most appropriate commemoration and one worthy of all those who were privileged to be present. The Association has every reason to feel proud of this mark of respect to those who took part in the memorable battle, and besides are to be congratulated on the success which attended their efforts on the occasion.

During the evening several addresses were delivered on various topics arising out of the war, by clergymen of various denominations, and also, by leading citizens, including His Worship Mayor Lavigne, the Rev. R.C.G.A. Band, under the direction of La C.O. O'Neill was in attendance and rendered a choice selection of music. Songs were also rendered by Miss Donohue, Mrs. Russell, Mr. Leclerc and Corporal Lane, all of which were well received by the large audience, and which also contributed not a little to the success of the Commemorative Service.

The proceedings commenced with a selection by the Band, which was followed by a few remarks from Lt. Col. Marriott, who presided. He welcomed the audience in the name of the Great War Veterans' Association, after which he called upon the Rev. Father Jolicoeur and the Rev. A. R. Beverley, who recited the Lord's Prayer, in French and English respectively. The audience, accompanied by the Band, then sang "O Canada," and after this, short speeches were delivered.

His Worship the Mayor was the first speaker and in the course of his remarks congratulated the War Veterans' on their initiative in promoting this demonstration in which they all had united to commemorate the Battle of the Marne, which would remain for a long time to come one of the greatest feats of arms. The occasion of this anniversary was most propitious for us to affirm our determination to pursue the fight until final victory. The Battle of the Marne had been repeated. The enemy was again on the road to Paris, but he had again been repulsed, and there seemed to be no stay to his retreat. The enemy is well beaten and the victory of the Allies will be complete and decisive.

The next speaker was Lieut.-Col. Woods, who spoke on "The Empire and the War," and gave a brief description of the part taken by the Empire in the conflict.

Hon. Frank Carrell, whose subject was "Propaganda," gave a short summary of Germany's propaganda work before the war and the influence it had upon the world at large by causing dissatisfaction with the conditions prevailing in the countries and influencing strikes and other troubles whereby the progress of these countries were interfered with. He also referred to the propaganda which had now been started by the Allies and which Germany was undoubtedly feeling the effect of today.

Sir George Garneau who followed, addressed the audience on "Our Allies," and said that the real reason for the war was the hatred borne by Germany towards the Anglo-Saxon race. He spoke of the freedom we enjoyed in this country, and also that of the people of the Allied countries, and contrasted it with that accorded the German people who were serving a tyranny—one sent by the Kaiser to a mother who had lost nine of her sons in the war, in the course of which he stated that he had heard nine of her sons had died in the war, and that he was much flattered at this and in recognition, he enclosed a copy of his photograph signed by himself. The other letter had been sent by President Lincoln during the American Civil War, to a woman who had lost five sons during that conflict, in which he wrote: "I note in one of the reports of the Adjutant-

General, he mentions you have lost five sons, and I realize how vain and feeble these few lines can do to repay the sacrifice which you have made, but prayed God to help her to bear the burden of the great sacrifice she had made on the Altar of Freedom."

Brig.-Gen. Landry then delivered an address on the "Battle of the Marne." He drew a picture of the retreat from Charlevoix to Mons, where the British army had played such an important part, and paid a tribute to the Allied armies for the magnificent work they had performed at this battle, which proved to be the defeat of the Germans in their attempt to dominate the world, and also praised the Canadians for the splendid work they had accomplished on this occasion.

Rev. Dr. Farquharson in speaking on "Canada and the War" dwelt on the work which the Dominion had performed which would be continued to the end, trusted that those at home would do their utmost to back the Canadian soldiers in their task.

The Rev. Father Waddell then delivered an eloquent speech on "Our Living Heroes" and said that he could hardly do justice to them in the short time at his disposal or to the heroic actions which had been performed since the beginning of the war. He however praised the heroes of the French, British and Belgium armies in fighting against such great odds, and the Rev. Gentleman also paid a tribute to the British Navy and the French-Canadians.

The Rev. Mr. MacArthur, who was the last speaker addressed the gathering on "Our Fallen Heroes." He commenced by asking the question "What would be the circumstances tonight if the Allied Armies had failed in the Battle of the Marne?" which he answered himself by saying that we would have lost our freedom. He referred to the first seven divisions of the British army at the retreat of Mons and that General Wood, of the United States had said: "If these had not kept the Germans in check while the French were preparing another offensive, the latter would not have been able to drive the enemy back, as they managed to do three weeks afterwards." Of these seven divisions there were only a few men left. The rest had paid the supreme sacrifice, and had willingly given their lives to stop the German hordes and this gave General Joffre time to organize a counter offensive which was successful and saved the civilized world. Referring to the work of the Canadian "What should we do in commemoration of this?" he asked: Was a monument sufficient? And in answer to this he said it was not. Something greater should be done to remind the people of the supreme sacrifice made by these men who freely gave their lives for the loved ones at home, for their country and the civilized world at large.

In bringing the proceedings to a close Colonel Marriott thanked the audience for the wonderful way they had turned out to the meeting, he also mentioned that a great number of men had returned and many more to come back and impressed upon the audience the necessity of a Home for these men for which there would be an appeal made later, to which he hoped they would respond in a liberal manner.

MURDERER'S MOTIVE

Chinese Barber in Victoria Blames Home Politics for Crime

Victoria, B.C., Sept. 8.—That political trouble in China was the motive which induced him to assassinate Lang Tu a Lung, who met death here last Saturday night is shown in a letter which Chung Wung, the murderer and subsequent suicide left for one of his partners. It reads: I cannot bear to sit here and watch my country perish. I have determined to act with a blood and iron doctrine. When you see this do not worry on my account. What I shall do you know nothing of, but you shall see.

The letter was dated the seventh year of the Chinese Republic, September 1, and was addressed to Ngan Long Bak, a partner of the deceased in the barber business.

LONDON FIRE BRIGADE MAY GO ON STRIKE.

London, Sept. 7.—The London Fire Brigade has decided to ballot forthwith on the question of striking for recognition of their union, and a settlement of their claims respecting wages and pensions.

FORTY YEARS AN EDITOR.

Mr. H. P. Moore has just completed the fourtieth year of his occupancy of the editorial chair in the Action Free Press office.

ALLIED ADVANCE CONTINUES ALONG ENTIRE FRONT

STUBBORN RESISTANCE INDICATES ENEMY'S INTENTION TO STAND ON HINDENBURG LINE.

Paris, September 8.—The Allied advance continues along the entire front in the direction of Cambrai, St. Quentin, La Fere, Anizy-le-Chateau and Chemin-des-Dames, according to latest advices. The French and British troops nevertheless are meeting with stubborn resistance, in which intense artillery activity is being carried out. This resistance is taken as an indication that the enemy intends to make a stand along this line, which roughly follows the old Hindenburg entrenchments.

"If the enemy loses much more ground in this region his defense of the Chemin-des-Dames and the Plateau of Craonne will fall," says Marcel Hutin, editor of the Echo de Paris.

Military commentators say that if it is General Ludendorff's plan to resist on what remains of the Hindenburg line it will be a supreme test, and will mean the enemy's retirement from the soil of France if Ludendorff is not able to retain his hold on the line.

Heavy Storms Raging.

With the British Army in France, Sept. 8.—(By The Associated Press) 5 p.m.—Further slight advances by the British were reported in the area in front of the Hindenburg line this afternoon, but elsewhere it seems that the British again have paused, as is necessary, when great movements are taking place.

Heavy storms have been sweeping the entire battle area and have tended to slow up the operation. A small local counter-attack in the Nieppe sector caused the British to withdraw slightly. Aside from considerable artillery activity, the front was generally quiet today than for many weeks.

More Enemy Vandals.

London, Sept. 7.—(Canadian Press despatch from Reuters' L.M.)—A semi-official despatch from Paris states that the enemy is destroying everywhere in the most vandal-like manner. When he has not time to burn down houses, he removes the furniture and makes a great bonfire of it. He blows up the most important buildings and pillages everything, removing agricultural machinery and destroying everything else which he has not time to remove. Nevertheless his advance into the forest of Coucy was so rapid that the enemy had to abandon very large quantities of war material and important ammunition depots.

The sight of such devastation ordered by the leaders of the German army kindles in our soldiers a determination to punish such crimes. They know no fatigue in pursuit.

ILLEGAL HOARDS.

Unlicensed Persons Must Stop Dealing in Vegetables Warns Food Board.

Ottawa, Sept. 7.—The Canada Food Board has received reports to the effect that certain unlicensed persons are dealing in potatoes, apples and other vegetables contrary to the Board's licensing regulations. A warning was issued today that such illegal operations must be discontinued at once.

It is an offense punishable with heavy penalties for any unlicensed person, other than a grower, to deal in any of these products. It is, moreover, illegal for any licensed dealer to transact business with anyone who has failed to comply with the Food Board's licensing regulations.

TURKEY HAS ENOUGH

Grand Vizier Tells Vienna War Has Now Exhausted Itself.

Amsterdam, Sept. 8.—Talaat Pasha, the Turkish Grand Vizier in an interview published in the Vienna Presse said he fairly believed that peace would come before winter. Talaat was now in Vienna.

Talaat said the war had exhausted itself in its achievements and that its continuance was manifestly useless. "Our enemies not excluding America," says Talaat, "will shortly come to recognize that there is no sense in continuing the hostilities."

Fed Your Nerves

What tired nerves need is nourishment. Your blood has failed to supply this.

To get the system right again you must supply nutrition in condensed and easily assimilated form, as it is found in Dr. Chase's Nerve Food.

The blood is quickly enriched, the vigor of the nerves is restored, digestion is improved, and soon you feel through the whole body the energy and vigor of health.

JAPANESE LAWYER SPEAKS AT CLOSE OF TORONTO FAIR

HON I MIYAOKA EULOGIZES BRITISH EMPIRE IN AN ELOQUENT ADDRESS.

Toronto, Sept. 7.—Speakers at the closing luncheon of the Exhibition today were Hon. I. Miyaoka a distinguished member of the Japanese legal profession and Colonel H. N. Hirayama, of the Order of the Rising Sun and a veteran of the Russo-Japanese war. The latter warmly advocated closer relations between Canada and Japan.

"The beauty of the great British Empire," Hon. Miyaoka said, "is that no part of it is exploited for the Motherland. With all its solidarity and its immense power it is carrying on the modern civilization throughout the world. It is fortunate indeed that the people who founded the Dominion of Canada and the United States were fundamentally of Great Britain. They, of all peoples of the earth, represent liberty and freedom. And in the matter of permitting every individual to work out his own destiny we of Japan are one with you."

RAILWAY MAIL CLERKS' CONVENTION

LARGE NUMBER OF DELEGATES FROM ALL OVER CANADA ASSEMBLED IN THIS CITY.

The Dominion Railway Mail Clerks' Federation held their second annual convention at the St. Roch's Hotel on Friday when the following officers and executive were elected for the ensuing year:

President: W. F. Griffith, St. John. First Vice-Pres.: E. C. Bell, Calgary. Second Vice-Pres.: A. Methot, Montreal.

Third Vice-Pres.: A. E. Cain, Toronto. Secretary: C. A. Hives, Winnipeg. Treasurer: M. H. McLellan, Moose Jaw.

Executive: J. A. McLeod, Vancouver; A. P. Audet, Quebec; F. D. Sharran, London; H. S. Ferguson, Ottawa; C. E. Power, Halifax; W. T. Barringer, North Bay.

Grievance Committee: A. E. Cain, H. S. Ferguson, W. T. Barringer. Following the election of officers, grievances and other important matters were discussed. On Saturday, the delegates and local members paid a visit to the Shrine at St. Anne de Beaufort and afterwards visited Montmorency Falls, a special car having been placed at their disposal by Sir Rodolphe Forget, President of the Quebec Railway Company, and dinner was served at the Regina Hotel, at St. Anne de Beaufort, at which speeches were delivered by the president, Mr. Griffiths, and Messrs. Methot, of Montreal, A. A. Hives of Winnipeg and L. E. Gaboury, of Quebec, the delegates returning to their homes Saturday night and yesterday.

The following attended the convention: H. Ferguson, C. Crothers, Ottawa; A. E. Cain, W. G. Jessop, Toronto; C. E. Power, A. Amirauf, Halifax; A. Methot, M. Giroux, Montreal; W. Griffiths, M. Dalgic, St. John; E. J. Bell, Calgary; C. A. Hives, M. Cyr, Winnipeg; M. H. McLellan, M. McDonald, Moose Jaw; J. A. McLeod, Vancouver.

The local Reception Committee was composed of the following: Messrs. A. P. Audet, L. E. Gaboury, G. Paradis, E. Bernier and O. Belanger.

NOTED CANADIAN.

Dr. James Douglas, philanthropist, mining engineer, chairman of the Board of Directors of the Phelps Dodge Corporation, died at his home in New York on June 26th, in his 81st year. Dr. Douglas gave away large sums of money for educational and charitable purposes, but his greatest gift was probably made to the General Memorial Hospital "of New York of three and three-quarter grammes of radium, valued at about \$375,000, to be used for all time in that hospital in cancer and other work. This radium represented the work of the National Radium Institute for years in the west on carnotite ores.

Dr. Douglas was born in Quebec, Nov. 4, 1837. His father, Dr. James Douglas, was a surgeon of repute, and the first to introduce modern treatment of insanity into Lower Canada, as the founder of the Quebec Lunatic Asylum, in the management of which for some time his son, James, participated.

He left Canada in 1875 to take charge of the metallurgical operations of the Chemical Copper Co., a concern operating at Phoenixville, Pa., where he was first to separate, on a commercial scale, the precious metals from the copper by the electrolytic method of refining.

STIRRING TALES OF INDIVIDUAL HEROISM BEGIN

PRESS CORRESPONDENT PAYS WARM TRIBUTE TO CANADIAN GALLANTRY.

With the Canadian Forces in the Field, via London, Sept. 8.—(By J. B. V. Levisay, Canadian Press Correspondent)—Tales of individual heroism are legion but none is more notable than the gallantry of the colonel of a Canadian Scottish battalion. When his unit was in a very tight place last Monday on the right of our line owing to its flank being in the air for lack of support, he personally led it to the assault, leading his front rank by a hundred yards in a charge against the enemy machine gun position, thus snatching victory from what seemed disastrous defeat. "He bore a charmed life," remarked one of his staff. His piper was wounded.

Remarkable too in the fighting of last week was the work of northern Alberta battalion which, when our whole left wing was held up by the strong enemy position in Jigsaw Wood, stormed the village of Pelves on the Scarpe River and thence bombed its way up a communication trench into the centre of the main enemy trench line. Dividing here, a company worked to the left and another to the right, bombing as they went until the trenches were cleared and the machine gun positions and a whizz-bang battery were taken from the rear. This exposed the north flank of Jigsaw Wood and the enemy screamed back out of it. As they went this battalion poured in from the trenches they had occupied a tremendous rifle fire augmented by the captured trench mortars and machine guns simply littering the hillside with dead.

"It was like plugging into a herd of buffalo in the days before the rail hit the north of Saskatchewan," said an old plainsman. The Boche got out of that wood quick, but mighty few got over the ridge.

HOW SHIP ARMOR IS MADE

Plates Kept Red Hot for Fortnight to Strengthen Steel.

Take a British navy list, and read the description of one of our modern fighting ships. The Iron Duke for instance, which is one of our newest super-dreadnought.

Tonnage 25,000; speed, 22.5; complement, 900; armor-belt, 12 in. P.D. 2.4 in.; guns 12 in. C.T. 15in. This means that the main armor-belt on the outside of the hull consists of twelve inches of steel. This belt covers the whole of the vitals of the ship, and descends to some depth below the water-line.

P.D. signifies "protected deck." This is a kind of turtle-back covering the engines. It is 2.34 in. thick. It is not so thick as the rest, for it is so constructed that the enemy's shells will glance off it.

The guns—the big 13.2 in. guns—are in turrets with 12 in. steel while the C.T.—which is the conning tower, the brain of the ship—has a similar protection.

Armor is made of soft steel, the surface of which is hardened by a secret process, so that it resists penetration by shells.

Had the plate the same degree of hardness all through, it would crack like glass under the enormous impact of the projectile. But as the face alone is hardened, the face resistance combines with the toughness of the softer steel behind to give the best possible protection against splitting or shattering.

The new process for making armor is secret, but the method by which the Harveyized armor of our older ships was produced is roughly as follows:

Plates of steel are planned smooth. The plate is then put into a special furnace, with the planed surface upwards, and covered with a layer of animal charcoal equal in thickness to itself.

Another steel plate is then clapped on top of the first.

Both plates are then covered with sand, and kept at a high temperature for a fortnight.

Another week is needed for cooling off, and then you have your armor-plates ready for machining.

Small wonder that armor for a dreadnought means a bill for £600,000.—Answers.

MRS. PANKHURST VISITS TORONTO

STRENGTHEN HOME FRONT HER MESSAGE TO CANADIAN WOMEN.

Toronto, Sept. 8.—Strengthen the home front" was the inspiring message which Mrs. Emmeline Pankhurst, noted suffragette and champion of Women's rights brings to the women of Toronto and Canada.

Mrs. Pankhurst arrived on the two o'clock train today from Boston and will spend the next week visiting well known cities throughout the Province, impressing on the women their duty to the men who fight, and will endeavor to instill in them the importance of concentrating every effort to win the war. "This must be the aim and object of every woman in the Empire. Nothing else counts at the present time. We have no doubt as to the strength of our soldiers and sailors, it is the weakness of our front at home and the women must look to this end," she said. "War has brought untold opportunities forward for women and they have not been backward in grasping the opportunities which have been held out to them," she said. "The women of England have filled every branch and every ounce of their energy is spent in doing a service which is going to speed on to victory."

"The boys have an opportunity to see what the women there are doing and are filled with admiration. If they can feel that the women at home—in Canada—are devoting their entire thought to them and the winning of the war it is bound to react on the soldier and speed on an earlier victory."

HORLICK'S Malted Milk for Invalids

A nourishing and digestible diet. Contains rich milk and malted grain extract. A powder soluble in water. Canada Food Board License No. 14-35.

WE have studied the wants and needs of the young middle-aged men, and have procured a line of suits and overcoats which are sure to please the taste of the youth and satisfy the careful man as to the quality and workmanship.

There is real value in our offerings. The buyer who selects his clothes from our new Fall stock is practicing the most effective economy because he is getting 100 cents worth for every dollar he spends.

Our best models bear the labels of the Society Brand.

We are showing a large choice of stiff and soft Hats and fine Peak Caps.

Holt, Renfrow & Co.

PERSONAL.
The Hon. P. E. Blondin and Mme. Blondin have returned to Ottawa from St. Francois du Lac.

TECHNICAL SCHOOL OF QUEBEC, :: BOULEVARD LANGELE

(Founded by the Government of the Province of Quebec.)

SESSION 1918-1919.

Theoretical and Practical Courses.

EVENING CLASSES.

Classes will open on October 3rd, 1918. Registration and Payment of Fees are Received at the School, September 23rd to October 2nd, from 9:00 to 12:00 a.m., 2:00 to 4:00 and 7:00 to 9:00 p.m.

EVENING CLASSES.

General Information.

Purpose.—The object of the evening courses is to give to workmen and apprentices, theoretical and practical notions to help them in the practice of their trade.

Entrance Requirements.—Any applicant who possesses an elementary education is eligible for admission to the evening courses. Registrations will be made at the Secretary's office, from September 23rd to October 2nd, from 9:00 to 12:00 a.m., 2:00 to 4:00 and 7:00 to 9:00 p.m. After the 2nd of October, applications may be rejected.

Fees.—Fees are payable in advance, in full, at the time of registration. A personal identification card is delivered to each student, which should be shown when entering any of the class rooms.

Fees are not refunded whatever the date the student leaves the course. Certificates.—Certificates are conferred each year to the students who successfully pass the final examinations. The distribution of rewards, for both Day and Evening Courses, is public and takes place about the middle of June.

Nature of Courses.—The courses of instruction offered in the Evening School are outlined in the following schedule.

Notice.—The administration reserves the right to alter the time of the classes as it may see fit, according to the number of students registered and the requirements of the school.

No classes will be held from December 24th, 1918, to January 7th, 1919, inclusively, and on legal holidays. Students are requested to consult and be guided by the notices relative to the different courses, which are posted in the Hall of the School.

EVENING CLASSES.

Joiners.—Tuesday and Wednesday, 7:30 to 9:30; 40 lessons. \$6.00. Pattern Makers.—Tuesday and Wednesday, 7:30 to 9:30; 40 lessons. \$6.00.

Mechanics.—Beginners: Tuesday and Friday, 7:30 to 9:30. Trained Pupils: Wednesday and Thursday, 7:30 to 9:30; 40 lessons. \$6.00. Blacksmiths.—Tuesday and Wednesday, 7:30 to 9:30; 40 lessons. \$6.00.

Founders and Moulders.—Tuesday and Wednesday, 7:30 to 9:30; 40 lessons. \$6.00. Firemen.—10 Theoretical lessons: Wednesday, 9:00 to 9:30. 12 practical lessons: Friday, 7:30 to 9:30; 22 lessons. \$5.00.

Stationery Engineers.—18 Theoretical lessons: Tuesday, 8:00 to 9:30. 15 Practical lessons: Friday, 7:30 to 9:30; 33 lessons. \$6.00.

The above two courses are organized in view of the examination to obtain a license. Electricians.—30 Theoretical lessons: Wednesday, 8:00 to 9:30. 15 Practical lessons (wiring): Friday, 7:30 to 9:30; 45 lessons. \$8.00.

Industrial Drawing.—Tuesday and Friday, 7:30 to 9:30; 40 lessons. \$6.00. Architectural Drawing and Building Construction.—Wednesday and Friday, 7:30 to 9:30; 40 lessons. \$6.00.

Automobile Chauffeurs.—Thursday, 8:00 to 9:30; 20 lessons. \$8.00. Shoe Pattern Makers.—Tuesday and Wednesday, 7:30 to 9:30; 30 lessons. \$6.00.

This course has for its object to give the essential principles. Applied Mechanics.—Monday and Friday, 8:00 to 9:30; 30 lessons. \$6.00.

This course has for its objects to give the essential principles of mechanics with practical calculations used at the shop.

C.P.R. TRAINS IN HEAD-ON COLLISION

TWO FREIGHTERS DERAILED
EARLY SUNDAY MORNING
NEAR TRENHOLME — NONE
OF CREWS KILLED.

A serious railroad wreck occurred on the lines of the Canadian Pacific Railroad beyond Belair and about one and one half miles east of Trenholme at 2 o'clock yesterday morning, but fortunately no lives were lost.

Two heavy freight trains, one coming east and the other going west met at the above point, head-on, derailed both engines and several cars, the train coming to this city was in charge of conductor A. R. Couture and engineer E. Boudreau both of this city, and the westbound train in charge of conductor Mineau. This train had an engine at each end and while the names of the engineers are not as yet known, all crews jumped and escaped with little or no injury with the exception of brakeman McIlroy, who was riding in the cab of the front westbound engine and received a badly lacerated face in jumping.

Both engines were badly smashed up as well as one car loaded with ammunition and another loaded with grain and all three engines are said to have left the tracks blocking traffic. Wrecking crews were sent to the scene and it was not until six o'clock last evening that the track were reported clear. As to the cause of the collision, nothing has been given out for publication and it is doubtful if the reason for it will be made known until it is fully investigated.

GRUESOME FIND ON THE COVE FIELDS

TWO BOYS COME UPON PAPER
BOX CONTAINING BONES OF
A BABY.

A gruesome discovery was made on the Cove Fields in the vicinity of the steps leading to Champlain St. yesterday afternoon by two young boys named Houde and Zannettin, residing on Mountain Hill who upon opening a large cardboard box, lying in the grass were confronted with the dried bones of a young baby.

How long the bones had been there is not known but from their appearance, the child has been dead for quite a while. After making the discovery the two boys notified Mr. Hubert Moisan who sent for the box and its contents and had them transferred to his morgue on St. Joseph street. Coroner Jolicoeur had also been notified and will start an investigation today or tomorrow in an effort to trace the origin of the child.

STADACONA CHAPTER, I.O.D.E.

With the members of the Stadacona Chapter, I.O.D.E. who kindly promised to give cakes to be sold at the Garden Party to be held at Mrs. Doherty's Beauvoir Manor, please send them to Mrs. Guthrie Scott, 80 St. Louis Street before Monday or Tuesday. The money for tickets may be sent to Mrs. Mattice, Grande Allee Apartments.

SATURDAY NIGHT FIRE ON FLEURY STREET.

Fire of an unknown origin destroyed the third story of a three story house on Fleury street about 11:30 o'clock Saturday night and owned by Mrs. Widow Lessard. When the firemen arrived under Adj. Chief Donnelly, the upper story was a mass of flames. After their arrival however, the blaze was quickly gotten under control and confined to the top flat which was badly gutted nevertheless. The lower flats suffered considerable damage from smoke and water.

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter, will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands every day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes it is harmless.

SGT.-MAJ. CREIGHTON KILLED IN ACTION

WELL-KNOWN QUEBEC SOLDIER HAD BEEN TWO YEARS AT FRONT.

It is with deep regret the many friends, in this city, of Company Sergeant-Major James A. Creighton will learn that he was killed in action on the 29th August last, the sad news being received from Ottawa yesterday by his mother, Mrs. M. Creighton, 32 St. Michael street.

The late Sgt.-Major Creighton, who was thirty years old at the time of his death, enlisted in the 23rd Battalion and left for overseas with that unit, in which he held the rank of Sergeant, in February, 1915. He remained in England until June, 1916, when he transferred to another Battalion, with which he left for France, where with his regiment he was attached to the Third Brigade. In September, 1917, he was wounded, as a result of which he was confined to hospital for about three months, returning to France in January of this year.

All three of Mrs. Creighton's sons have seen service at the front, the remaining two having since returned to Quebec invalided.

Besides his mother, the late Sgt.-Major Creighton leaves to mourn his loss three sisters, Mrs. T. J. Martin, of this city, Mrs. W. J. Delahanty of Leicester, Mass., and Miss Stella Creighton, of Worcester, Mass., and his two brothers, Sgt. Wilfred Creighton, of the Mobilization Centre, and Mr. Wilfred Creighton, of this city, to whom the deep sympathy of their many friends will be extended in the sad bereavement they have sustained.

BIG EXPANSION AT STE. AGATHE

GOVERNMENT LEASES LAURENTIAN SANATORIUM — BUILDINGS TO BE ERECTED.

The Laurentian Sanatorium at Ste. Agathe is to be greatly enlarged in the near future and is to be loaned for the duration of the war and two years thereafter to the Department of Soldiers' Civil Re-establishment for the care of tuberculosis discharged soldiers. At present some military patients are being cared for by the Laurentian Sanatorium Association, the Department paying so much a day for their keep and medical attendance.

The building known as Laurentide Inn in the same town was taken over a couple of years ago by the Military Hospitals Commission and is now operated by the Re-establishment Department solely for military patients. Dr. J. D. Byers, the Medical Superintendent of Laurentian Sanatorium, also acts for the Department as medical officer in charge of Laurentide Inn Sanatorium. Altogether there is accommodation for about 120 to 150 patients in the two buildings, of which Laurentian Sanatorium is much the finer. By the arrangement made between the Department and the Sanatorium Association, headed by Dr. Lorne McGibbon, Esq. of Montreal, new pavilions are to be built at this magnificent site commanding a view over Sandy Lake and miles of beautiful Laurentian Mountain scenery.

There is ample room for this expansion as the Sanatorium Association owns nearly 200 acres surrounding the present building. The pavilions to be erected will conform to the standard type adopted by the Re-establishment Department at all of its sanatoria, those plans being at the most modern and efficient pavilion plans in existence. Accommodation for approximately 200 patients will be added in four new pavilions. Such an addition, of course implies extension of service facilities including the erection of a vocational training building and a recreation hall. This building will be similar to the one erected by the London Health Association for the use of the military patients at Queen Alexandra Sanatorium near London.

The loan for the Sanatorium Association to the Re-establishment Department will be for the duration of the war and two years thereafter. During that time the institution will be completely controlled by the Department, although the same medical superintendent will be retained. With the new enlargements Laurentide Inn will be used for housing employees.

It has also been agreed between the Department and the Sanatorium Association, that a certain number of civilian patients, nominated by the Association, may be treated at the sanatorium during the period that it is under the control of the Government. With this expansion the Laurentian Sanatorium is expected to be the centre of treatment for tuberculous military patients in the Montreal district.

CASUALTIES AMONG QUEBEC SOLDIERS

FOUR WOUNDED AND ONE DEAD FROM WOUNDS RECEIVED IN ACTION.

Mr. James Watt, Little Champlain Street, received a telegram from Ottawa yesterday conveying the news that his son, Corporal William Watt, had been admitted to the Third West General Hospital, Cardiff, Wales, on September 3rd, suffering from gunshot wound in the right thigh.

Corporal Watt left here with the 117th Battalion in August 1916 for overseas and subsequently transferred to another Battalion, with which he left for France. Through gallantry displayed on the field he was promoted to his present rank. This is the third time Corporal Watt, who is only 20 years of age, was wounded. His many friends in this city will join in wishing him a speedy recovery from his wound.

Private R. Fowler, 4th C.M.R. is another Quebecer recently reported in the casualty list as having been gassed. He is the son of Mr. George Fowler, No. 59 1-4 d'Arctique Street.

Private Fowler left Quebec for overseas in October, 1916 and was wounded at the Somme. He is quite a noted rifle shot, having attained third place when shooting for his Brigade in July last.

The following casualties amongst Quebec soldiers are also reported:—G. A. Broadshaw; Wounded Capt. E. E. B. Rattray; H. Walsh and J. Benoit.

FUNERAL OF

LATE THOMPSON HAIRE.

The funeral of the sailor, Thompson Haire, who was accidentally drowned on Wednesday last, took place on Saturday afternoon and was of military character.

A service was conducted at Lepine's mortuary by the Rev. Dr. Love, after which the remains were placed upon a gun carriage furnished by the R. C. G. A., then headed by a firing party drawn from the R. C. G. A. and the band of that corps, in charge of Lieut. Charles O'Neill, and followed by a detachment of sailors under command of Lieut. Nelles the funeral proceeded to Mount Hermon Cemetery, where interment took place, the committal prayers read at the graveside by the Rev. Dr. Love, following which the firing party fired three volleys. There were several beautiful wreaths sent by comrades of the deceased.

FRENCH BANDSMEN

ENTERTAINED

A very pleasant event took place on Friday afternoon in the magnificent Music Hall of the Commercial Academy, Chateau Ave., loaned by special permission of the Superior for the occasion. This entertainment under the form of a Social was organized by Miss van Felson in honor of Capt. Pares and artists of the French Band, and Capt. L'Abbe Souris, Military Chaplain of 3rd Division, Colonial Inf. This entertainment was under the patronage of the Concorde Chapter, D.O.E., of which Lady Garneau is honorary Regent. Mad. Adj. Amyot, Regent. Our heroes of the Convalescent Home, St. Louis Camp Depot, Military Depot and old veterans were asked to attend, and in spite of the bad weather a large number were present. Awaiting arrival of the French guests, three or four clever actors and singers from the St. Louis Camp danced and sang, much to the enjoyment of every one present.

Capt. Abbe Souris gave a most interesting account of the trip he took lately through the country places on the north shore.

Upon the arrival of the French heroes (for all are heroes of this war) a splendid program of music was rendered by the R.C.G.A. band under the direction of Lieut. Chas. O'Neill; Capt. Pares paid this talented band master a well deserved compliment, coming from the world's greatest band leader it was an honor. Forty young ladies (members of the Concorde Chapter, D.O.E.) showed every attention to the guests.

Light refreshments were served and a smoke indulged in by the soldiers.

The married ladies invited were: Lady LeBlanc, Mrs. V. Pelletier, Mrs. F. Carrell, Mrs. Delage, Mrs. J. C. McLmont, Mrs. J. G. Scott, Mrs. G. Scott, Mrs. Ed. Panet, Mrs. van Felson, Mrs. Lafferty, Mrs. Lynch, Mrs. L. A. Taschereau, Mrs. Joachim Tessier, Mrs. Chaballe, Mrs. Berthe Roy, Mrs. G. Lemoine, Mrs. E. Garneau and others.

The ladies (invited guests) kindly contributed towards expenses: Mr. Barry supplied cigars; cigarettes were donated by Mr. Picard and generous American friends.

LOCAL BASEBALL
GAMES YESTERDAY

BOSTON WON THIRD ROUND OF SERIES

MAYS' SLOW BALL BAFFLED
CHICAGO CUBS ON SATURDAY

BOSTON TWIRLER KEPT BLOWS SCATTERED AND
IMPREGNABLE DEFENCE OF HIS TEAM-MATES
HELD OFF CHICAGO ATTACKS.

Comiskey Park, Sept. 7.—Mays' slow ball, baffled the Cubs today in the third round of the world's series and Boston took the lead again by a count of 2 to 1.

The Boston twirler kept the Cubs' blows scattered and impregnable defence on the part of his team mates baffled the locals' attacks.

Vaughn pitched airtight ball except in the fourth inning when he hit Whitehead. McInnis singled and Schang's safe hit sent his team mates across. Pick's scratchy double and Killifer's single scored the lone Cub tally.

Play in Detail.

First inning, First half.—Vaughn's unexpected appearance on the mound brought loud cheers from the home crowd. Hooper dropped a Texas leaguer back of third. Strunk flied to Mann. Scott lined to Hollocher and Hooper was doubled off first. Hollocher to Merkle. No runs, not hit, no errors.

First inning, Second half.—Mays could not get his floaters over the plate and Flack walked. Hollocher sacrificed Schang to McInnis. Flack taking second. Mann flied to Hooper. Paskert fanned. No runs, no hits, no errors.

Second inning, First half.—Whiteman opened with a single to left field. Heavy clouds which had shadowed the grounds started to leak on the spectators. The pavilion spectators moved back under shelter. McInnis bunted foul for the third strike and was out. Whiteman stole second as Schang fanned. Hollocher fumbled Scott's grounder. Whiteman taking third and the battery changed fire. Thomas flied to Flack. No runs, one hit, one error.

Second inning, Second half.—With the count three and two Merkle lined sharply to Hooper. Pick popped to Shean. Deal out Thomas to McInnis. No runs, no hits, no errors.

Third inning, First half.—Mays out Hollocher to Merkle. Hooper hit to Merkle and was out on a pretty play. Merkle to Vaughn. Vaughn knocked down Shean's drive and threw him out at first. No runs, no hits, no errors.

Third inning, Second half.—Killifer out Shean to McInnis. Vaughn was given a big hand when he came to bat. He grounded out Shean to McInnis. Flack out to McInnis unassisted. No runs, no hits, no errors.

Fourth inning, First half.—Strunk fanned one three pitched balls. Whiteman was hit by a pitched ball. McInnis singled to left. Whiteman moving to second. Schang singled over second Whiteman scoring and McInnis going to third. Scott bunted a grounder in front of the plate and when Vaughn fumbled it momentarily McInnis scored and Scott reached first. Schang took second on the play. Scott was given a hit. Thomas singled to right and Schang was thrown out trying to score. Flack to Killifer. Scott and Thomas moved up on the throw. Mays lined to Paskert. Two runs, four hits, no errors.

Fourth inning, Second half.—Hollocher dropped a fly in Hooper's mit. Mann drove a hit over first and reached second. Whiteman made a great catch of Paskert's drive to the left field barrier. Scott robbed Merkle of a hit and threw him out to McInnis. No runs, one hit, no errors.

Fifth inning, First half.—Hooper

MATINEE RACES AT
EXHIBITION TRACK

THIRTEEN WELL-CONTESTED
HEATS WITNESSED BY
LARGE CROWD YESTERDAY.

Owing to the harness races having been interrupted by rain last week Mr. A. A. Dube, the organizer, prepared a matinee program for yesterday afternoon in which local horses predominated and good, keen sport was witnessed by the large crowd in the grand stand.

No purses were hung up, prizes being awarded according to the standing of the horses in each event, and strong competition ensued in each class.

In the mixed class L. M. Dillon captured the race after losing a heat to Imogene Constantine.

Alma O'Neill trotted a splendid race in another class and won after four heats, Dorothy Delmore taking the third mile after a great brush through the stretch.

It required five heats to decide the other class in which Moutterris and Decorator, Jr., battled out alone in the fifth session for premier honors, the former winning out by half a length after a hard race.

Montferri, b.h., L. Robitaille (Robitaille) . . . 2 1 4 1 1
Decorator, Jr., br.g., F. J. Jones (Jones) . . . 1 2 1 3 3

Sporting Notes

If Boston wins today's world's series game at the Hub, they will have copied the world's baseball title.

The arbitration board of the Intermediate Baseball League has another job on its hands, that of passing on the refusal of the Stadacona to play the deciding game of the league with the Tipperarys yesterday afternoon after it had been ordered played by the board. Manager McLaughlin, of the Tipperarys, said that if the diamond laid out by him was good enough to play an exhibition game on, it was good enough for a championship game.

The Standards have won 3 pennants in 3 years, having won the championship of the old Junior "A" League in 1916. Dion and McCord are the only two remaining players of the 1916 team which was composed of the following players: Roy, Fellows, Brown, Lagaux, Matthews, Wheeler, Smith, Dion, McCord, Pierce, Halpin, Gerrert and Crestohl. Three of the above are in the trenches, two are at present attached to the R.A.F. at Beamsville, while one is with the R.C.G.A. here, while Pierce, when last heard from, was with an American Artillery unit in camp near Washington, D.C.

Popular Pastime, No. 1381.—Fleur-ing out what it will cost for the new books needed by the children now that school has begun again.

STADACONA REFUSED
TO PLAY OFF

SWAMPED VOLTIGUEURS AT
LEVIS IN FINAL Q. AND D.
LEAGUE GAME 20 TO 3.

The Standards won the pennant in the Quebec and District League by trouncing the Voltigueurs nine 20 to 3 in Levis yesterday. The game was too one-sided to be interesting, and the awful state of the grounds accounted for most of the errors.

Pierce pitched great ball for 5 innings, not a single run being scored off him, while Morency who replaced him on the 6th did just as well, the three runs scored off him being the direct result of errors by Dion and Sinclair. Jules also whiffed 7 batters in the four innings he worked. Hill, Dion and McCord grabbed off the fielding honors, while Pierce led the batters, getting 4 safe bingles. The Standards fielded brilliantly, and played all round championship ball, and played miserably. Finet was the only played miserably. Finet was the pick of the Voltigueurs, his batting and throwing being the only bright feature of the Voltigueurs' play. The box-score follows:

Standard	ab.	r.	h.	a.	e.
McCord, lb.	6	4	1	3	0
Dion ss.	7	2	2	5	2
Hill 3b.	6	4	2	4	1
Chevette rf.	5	3	2	1	0
Pierce, p.	6	2	4	1	0
Blouin, rf.	3	0	1	1	0
Drouin, cf.	6	1	1	1	1
St. Pierre, c.	5	1	1	3	0
St. Clair, 2b.	5	2	1	2	0

STANDARDS WON
THE PENNANT

INTERMEDIATE LEAGUE RACE
STILL UNDECIDED—POOR
CONDITION OF DIAMOND
CAUSE OF CANCELLATION.

In an exhibition game on the Cove Fields yesterday afternoon, the Tipperary baseball nine defeated the Stadacona aggregation by a score of 11 to 4. The game was to have been the deciding contest for the Intermediate League pennant, but owing to the poor condition of the Tipperary diamond from the recent heavy rains, the Stadacona team refused to play the game as the deciding league fixture, although Manager McLaughlin, of the Tipperary team the day previous had laid out a diamond a short distance away from the regular one. Seeing that the Stadacona were steadfast in their refusal to play a championship game, the managers arranged to play an exhibition game so as not to disappoint the large crowd of fans present, which resulted as above stated.

Maroux was on the mound for the Tips, and played a great game, allowing the opposing batsmen only seven hits and keeping the game well in hand at all times. Patterson, the Valcartier Camp club player, put up a fine game at second base, while Lambert, who did the catching, caught five men napping at second. Lambert replaced Bresnahan early in the game after the latter had injured his hand. Metivier did the twirling for the losers, and with better support would have made the game more interesting.

The box score:

Tipperarys	ab.	r.	h.	po.	a.	e.
Stock, ss.	5	1	2	1	3	2
Byrne, rf.	5	1	2	0	0	0
Lambert, lb.	4	1	0	6	3	0

VIGOR-MONTMAAGNY GAME
HAD TO BE POSTPONED.

The Quebec and District League game between the Vigers and General Car and Machinery nine which was scheduled for yesterday on the Exhibition Grounds, was called off late Saturday owing to the decision of the Exhibition officials to run a harness race program Sunday afternoon after they had promised the grounds to the ball teams. When Manager Arm. Drouin, of the Vigers, learned Saturday evening that the diamond was not available, he immediately communicated with the Montmaagny team, advising them of the sudden turn of events, and telling them not to come. The game will be played next Sunday instead on the Exhibition Grounds, and while it will not have any bearing on the championship, as the Standards defeated the Voltigueurs at Levis yesterday, it will nevertheless be an interesting contest.

Mr. A. A. Dube organized a good
program of races for the Exhibition
this year and the "horses" were well
patronized while the fine weather
lasted.

Alma O'Neill is a perfect-mannered trotter—she won first prize in the classified trot yesterday and never made a mistake.

The Blue Jay was not as steady as usual yesterday. That is not surprising when it is considered that her style of shoeing was changed last week and her first workout was in the matinee yesterday she'll be right on her feet when she starts again.

The Chronicle has been requested to mention that the sailors in port would like to have a cricket game with a Quebec team. It is to be hoped that this can be arranged. There are certainly a number of excellent cricketers in town, and no doubt some of them will get busy and oblige our gallant tars in this respect. It would

TODAY'S BALL GAME AT
BOSTON DOUBTFUL

Boston, Sept. 8.—Showers today made prospects dubious for the fourth game of the world's series between the Boston Americans and the Chicago Nationals deciding who would come out winner. Both teams arrived late tonight from Chicago for the deciding games. The first of which is scheduled for Fenway Park tomorrow. The Red Sox, with a lead of two to one, were confident of maintaining the club's prestige of winning every world's series in which they entered for.

No gloom could be detected, however in the camp of the Cubs. They were full of the same fight and dash that enabled them to pull down the long lead of the New York Giants and romp home the winners in the National League pennant stretch. The one run margin in both the Red Sox victories was too small for the Cubs to concede any superiority to their opponents.

While Manager Mitchell, of Chicago, intimated that Hendrix, his star right-hander, might pitch the opening

game here, Red Sox followers would not be surprised to see him come back with "Lefty" George Tyler, who won his game 3 to 1, in Chicago last Friday.

Ruth, who won the opening game in Chicago, is favored by Manager Barrow, to open the home series.

QUEBEC WON TENNIS GAME.
In the matches played on the courts of the Quebec Lawn Tennis Club on Saturday afternoon, the local players won by one match. In the singles the honors were equally divided, Quebec winning 2 to 1 in the doubles. Much interest was centered in the game between the local champions, Messrs. J. des R. Tessier, and H. Laframboise. Tessier certainly did not play up to his usual form and showed signs of nervousness from the commencement of play. On the other hand, Laframboise played his usual wonderful steady game; he is quick as a flash at returning balls on the volley. On the whole a most interesting match to spectators was the one played between Dr. J. Devarennes and Horace Coulombe against T. R. Walton and Arthur Perodeau. Dr. Devarennes and Coulombe always play well together and in spite of the fine work of Walton, the local team won in the end after a long and strenuous fight. The singles won by Montreal, were T. K. Walton against H. Coulombe, 6-3; 63; Edmond Desaulniers against Dr. J. Devarennes, 9-7; 9-7; H. Laframboise against J. des R. Tessier, 6-1; 6-0. The results in the doubles were as follows, and won by Montreal, were Edmond Desaulniers and H. Laframboise against Tessier and H. Coulombe, 6-2; 9-7; 9-7; 6-4. The singles won by Quebec were, F. T. Nandombody against Peter Briault, 6-2; 9-7; and H. Coulombe against Arthur Perodeau, 6-3; 6-3; and Ernest Vandry against C-

attendance, and it is to be hoped that those soldiers who have been selected to represent the military, will be allowed the necessary leave from their respective units to do so. As all the military commanding officers in this city are known to be keen on sport, there should be no difficulty whatever on the part of the selected players to obtain permission to participate in the game.

It is a long time now since Quebec citizens had the opportunity of seeing a game of football between Army and Navy teams, and as such contests are always keen, there will certainly be a large attendance of spectators at this game. The sailors will entertain the members of the Army team to a concert after the game, and as the men of the Navy Service are renowned in this direction no further comment is necessary.

**ARMY vs. NAVY AT
FOOTBALL TONIGHT.**
What will virtually be a contest between the sister services will take place this evening on the Plains, at 8:00 o'clock, when a team drawn from the military units in this city will play a football match with the sailors now in the city.

As the honor of both services is at stake, there will doubtless be a good

Build up the Mighty National Force

FOR fifty years the Teuton peoples have been trained, disciplined, whipped, into servile cogs of an implacable military machine, by which is maintained the Prussian doctrine of might, and the Kaiser's autocracy. The Teutons deny themselves, they make sacrifices, because they are trained or forced to do so, but they do it.

The peoples of the Allied nations must make great sacrifices and tremendous efforts in order to defeat the enemies of freedom, but because they are free peoples it is left largely to the individual to say what or how much self-denial each will practice.

So if freedom is to prevail individuals must make voluntary sacrifices which in the aggregate will be greater than the forced sacrifices of the enemies of freedom.

The measure of your love of freedom is your willingness to deny yourself so that the strength of the nation for war effort will be increased.

This self-denial must take the form of money-saving—thrift. Each person knows in what way he or she may save.

The national need says you must save, but free Canada leaves it to you to say by what means and to what extent you will save.

Now, it is for you, each of us, everyone of us, to say how much patriotic endeavor, how much loyal sacrifice we will make by saving our money, by "doing without" so that each day will see a surplus to add to our own and the nation's strength. No matter how small the surplus it is important because each saving is an effort made, and many small individual efforts make the mighty national force.

THE "WAR SOREL" LAUNCHED SATURDAY

BUILT BY THE QUEBEC SHIPBUILDING AND REPAIR COMPANY AND CHRISTENED BY MRS. R. A. CARTER.

The second launching from the yards of the Quebec Shipbuilding and Repair Company took place Saturday, when the wooden standard steamer "War Sorel," built by the Quebec Shipbuilding and Repair Company to the order of the Imperial Munition Board, took to the water.

The launching was a success in every respect, and as the 3,000 ton vessel was leaving her ways, Mrs. R. A. Carter, of Montreal, wife of Mr. R. A. Carter, managing director of the Quebec Shipbuilding and Repair Co., broke a bottle of wine over the ship's bow and christened her War Sorel. In the meantime the vessel had been blessed by the Rev. Father Costello, C.S.S.R. Rector of St. Patrick's Church. While the War Sorel was gliding from her ways into the River St. Charles, Miss Ursula Connolly, daughter of Mr. M. P. Connolly, Vice-President of the Quebec Shipbuilding Company, presented the sponsor, Mrs. Carter, with a magnificent bouquet of roses. Among the officials present to witness the launching were Messrs. R. A. Carter, M. P. Connolly, Mrs. Connolly and family, Walter Lambert, of the Imperial Munition Board from Ottawa; W. J. Adrien, Lloyd's Agent, at Montreal; W. G. Read, Marine Installation Engineer, Mr. McLaughlin, Marine Architect and Superintendent of building for the company; Mr. Campbell, Marine Resident Engineer; Mr. Jardine, Superintendent Engineer for the Imperial Munition Board.

DISCOVER DEAD BODIES IN TORPEDOED TANKER.

New York, Sept. 8.—When workmen at the Robins Drydock, Brooklyn, went on board the torpedoed oil tanker Frederick R. Kellogg, to make repairs they discovered the bodies of two men in the engine room, near where the ship was hit. One was that of James Kramer, nineteen third engineer; the other that of a man about forty, but identification was impossible. The Kellogg was torpedoed August 13 en route to Boston, about thirty miles off Ambrose Channel. She was loaded with oil, and had come from Tampico. She was later towed to Staten Island. The crew numbered forty-two of whom thirty-five were landed.

SHIPPING NOTES.

The steam barge Haddington with a cargo of pulp left for the lakes yesterday morning at 6 o'clock.

The steam barge Compton arrived up with pulp at 10.30 a.m. Sunday and left for the lakes at 5.30 p.m.

The steam barge Easton with a cargo of coal arrived down yesterday at 2.30 a.m.

The steam barge Richard W. arrived down with coal at 6.15 o'clock yesterday morning.

The tug J. H. Hackett and tow arrived down yesterday afternoon at 3.30 p.m.

During June last a total of 322, 144 cubic yards were excavated from the Panama Canal, 150,144 yards being earth and 182,000 yards rock. There remain to be excavated 617, 760 yards of earth and 318,223 yards of rock.

EDUCATIONAL

Bishop's College School

Lennoxville, P.Q.
HEAD MASTER—J. TYSON WILLIAMS, B.A. EMMAUEL COLLEGE, CAMBRIDGE.
Well-known Boarding School for Boys. Preparation for Universities, R.M.C., Kingston, or for business life.

Financial and Commercial

Closing Letters By the Can. Press

(By Canadian Press)
New York, Sept. 8.—The stock
market made a substantial recovery
during today's two hour session
from the shock sustained by yester-
day's announcement respecting con-
trol of members loans.
Trading was naturally restricted,
however, by reason of that condition
and the religious holiday also caused
a reduced attendance of brokers.
The steady progress of the allied
advance induced considerable short-
coverings, not only in United States
Steel and other speculative favorites.
Rails also were inclined to strength
although Union Pacific and St. Paul
were somewhat backward, the latter
forfeiting part of yesterday's gain.
Coppers were again in demand, and
the fertilizer division was first with
active tobacco, low priced motors
and their subsidiaries and secondary
equipments. Sales amounted to 180,
000 shares.
Week end news was mainly encour-
aging, the Mercantile agencies once
more laying special emphasis on the
war's imperative demands in all
branches of industry.
Dealings in exchange were nominal,
but changes were significant in that
they once more moved against
neutral countries, particularly Spain
and Switzerland.
The bank statement was notewor-
thy for the large expansion, almost
\$120,000,000 in actual loans, with a
resultant increase of almost \$83,000,
000 in net demand deposits.
Investment bonds were steady on
limited dealings, the speculative issues
evincing slight irregularity.
Sales (par value) aggregated \$2,825,
000.
United States (old issues) bonds
were unchanged on call during the
week.

turnover
During August there were 626 stock
companies incorporated at Albany,
having total capital of \$31,927,000,
compared with 751 in July, whose
aggregate capitalization was \$55,
378,000.

During the campaign of the third
Liberty Loan more than 7,000,000
persons of foreign birth subscribed a
total of \$741,437,000. This announce-
ment has been authorized by the
Treasury Department. The grand
total subscribed to the loan was
\$4,176,516,850, of which 17 1/4 per cent.
was produced by the foreign-born
element.

Wall Street estimates that dividend
and interest payments next month
will total \$243,312,541, compared with
\$157,688,631 in September last year.
Stockholders will receive \$82,199,623,
compared with \$87,688,631 last year.
The United States Government will
pay out \$68,612,917 in interest on
Liberty 4 1/4 bonds.

The Trumbull Steel Company, of
Sharon, Pa., has been granted per-
mission by the Capital Issues Com-
mittee to issue \$2,000,000 additional
common stock. The proceeds from
the sale will be used for current
needs. Stockholders will be entitled
to subscribe to the new issue to the
extent of one-third of their present
holdings.

The Hecla Mining Company has
declared a dividend of \$150,000, or 15
cents a share, payable Sept. 28. The
company paid \$50,000 in January, but
suspended dividends since that time
because of the uncertainty as to the
amount of tax the Government will
require. The company had on hand a
surplus of \$2,261,746 June 30. Of this
it earned \$1,150,217 since the first of
the present year, or nearly \$200,000 a
month.

The net income of sixty-one of the
largest telephone companies of the
United States increased \$837,051, or
12.3 per cent. last March over that
of the same month the year before,
according to figures made public by
the Interstate Commerce Commission.
Total operating revenue increased
\$1,969,387, or 7.6 per cent. The report
shows that for the three months end-
ing with March the net income of the
companies decreased \$1,443,571, or 7
per cent. as compared with the same
period in 1917.

"As was expected, August pig iron
production fell below that of July.
It was at a less rate also than the
outputs of April, May and June, but

was higher than that of any other
month since May, 1917," the Iron Age
says. "The total was 3,389,585 gross
tons, of 109,341 tons a day, against
3,420,988 tons in July, or 110,354 tons
a day—a falling off in the daily rate
of about 1,000 tons. September open-
ed with nine more furnaces in blast
than on August 1, and now that the
season when enormous quantities of
heated moisture are pumped into the
stacks is probably over output should
increase. Furnaces in blast Septem-
ber 1 were 272, with capacity esti-
mated at 112,390 tons a day, against
363 furnaces on August 1, with daily
capacity of 111,800 tons. Leaders in
the industry realize that even the
present insufficient rate of production
cannot be maintained unless special
measures are taken in connection with
the new draft. More important still
is the maintenance of existing hours
and the safeguarding of the industry
for the period of the war against such
restrictions of output as have com-
monly accompanied union control.
Some of the recent Washington deci-
sions of labor issues have evidently
not taken into account the grave con-
sequence of the war programme
which would result from a wide en-
forcement of such findings in the steel
and metal workings trades."

CANADIAN PACIFIC RAILWAY MONTREAL-QUEBEC SERVICE

Three trains in each direction each
week day, and two trains in each
direction on Sundays, is the excellent
service offered by the Canadian Pa-
cific Railway between the cities of
Quebec and Montreal—they leave
Palais Station at 7.00 A.M., 1.00
P.M. and 11.55 P.M. week days,
and at 1.00 P.M. and 11.55 P.M. on
Sundays.
From Montreal trains leave Place
Viger Station at 8.40 A.M., 5.00
P.M. and 11.55 P.M. on week days,
and 1.30 P.M. and 11.55 P.M. on
Sundays, from Mile End 15 minutes
later.
The trains carry the most modern
equipment—the day trains have buff-
et parlor car facilities, the afternoon
fast trains from Quebec 1.00 P.M.
and from Montreal 5.00 P.M. carry
in addition a buffet, library, observa-
tion parlor car, and the night trains
have electric lighted standard sleeping
cars.
The C.P.R. route between Quebec and
Montreal runs through the old
historic parishes of the north shore
of the St. Lawrence River, affording
a continual series of beautiful vistas
of farm, river and lake scenery.

HARVESTERS' EXCURSION.

The Canadian Pacific Railway is
arranging for another harvesters'
excursion from Quebec to Mani-
toba, Saskatchewan and Alberta.
This excursion will run on Tuesday,
Sept. 10th, 1918, with a through ser-
vice. Special rates will be given,
namely, \$12 to Winnipeg and \$18 re-
turn, and a rate of one-half cent per
mile each way from Winnipeg to all
points on the C.P.R. east of Calgary,
Edmonton and McLeod. Further infor-
mation as to this excursion can be
obtained from all C. P. R. ticket
agents or Chas. A. Langevin, City
Passenger Agent, 30 St. John street,
and Palais Station, Quebec.

vise as to the best way to commemo-
rate the Victory of Courcellette, one
of the greatest glory of the famous
22nd French Canadian regiment.
I respectfully request all citizens to
attend this meeting.
(Signed) HENRI E. LAVIGUEUR
Mayor of Quebec.

By order,
H. J. J. B. CHOUINARD,
City Clerk.

CITY OF QUEBEC CITY HALL

Saturday, September 7th, 1918

PROCLAMATION

Public Meeting of Citizens to orga-
nize a campaign to provide funds
for the Canadian Army Huts
In order to comply with the desire
of a large number of influential citi-
zens and at the request of the Quebec
Council No. 446 of the Knights of
Columbus, I hereby call a public
meeting of the citizens of Quebec to
be held in the Council Chamber at the
City Hall, on Tuesday evening, the
tenth of September instant at eight
o'clock p.m. to organize a campaign
to collect funds for the Canadian
Army Huts.
All citizens are respectfully request-
ed to attend.
(Signed) HENRI E. LAVIGUEUR
Mayor of Quebec.
By order,
H. J. J. B. CHOUINARD,
City Clerk.

How Shall I Invest?

That is the question almost every investor
is asking. You can invest to best ad-
vantage by dividing up your surplus in
different classes of high grade bonds and
stocks.
Our Statistical Department will be pleased
to mail you list of high grade issues listed
on the Montreal Stock Exchange.
Owing to war conditions many issues now
yield 6 to 9 per cent. on the investment.

PERSONAL

Major Labbe has left town for a few days on leave.
Hon. S. N. Parent will return to Ottawa from Vaudreuil by the end of the month.
Mr. and Mrs. J. R. O'Neill, and Miss Helen Schuyler have returned from Les Eboulements.
Miss Cecile Reid, of Montreal, who has been spending a few days in town, returned home on Saturday.
Mr. Jean Bouffard, Law Clerk Department of Lands and Forests, has left on a business trip to Montreal.
Lord Charles Cavendish and Captain Redley, A.D.C., returned to Ottawa from Blue Sea Lake on Saturday.
Lord Richard Neville left Montreal on Saturday for Ottawa and will come to Quebec later to spend a few weeks.
The Very Rev. Dean Shreve has left for Toronto, to attend the General Synod of the Church of England in Canada.
Miss Loggie, daughter of W. S. Loggie, M.P., of Chatham, N.B., is the guest of her sister, Mrs. W. B. J. Fraser.

Mr. Charles A. Parent and family have returned to town from St. Laurent, Island of Orleans, where they spent the summer months.
Captain and Mrs. J. A. W. LeBel, of this city, are spending some time in Montreal, the guests of their daughter, Mrs. Jos. de Gaspe Gourdeau.

The Rev. A. R. Kelley, Priest-in-Charge, St. Matthew's Church, left yesterday for Toronto to attend the General Synod of the Church of England in Canada.

Mr. J. N. Miller, Secretary of the Department of Public Instruction, has returned to town with his family from the Island of Orleans, where they spent the summer.

Mr. Arthur Murphy of the Montreal Star, accompanied by his wife and family, are visiting in the city and are the guests of Mrs. Murphy's sister, Mrs. T. J. Robitaille, Murray Avenue.

Miss Yvonne Morin and Master Lucien Morin, daughter and son respectively of Mr. Oscar Morin, Deputy Minister of Municipal Affairs, left last evening for Charlottetown, P. E. I., to complete their studies.

Madam Gourdeau and her grandson, Master Bance, of Ottawa, have returned home after spending several weeks in Quebec. Mrs. Svois Bance has remained in town and is the guest of Colonel and Mrs. Frank Lafferty.

Mr. Frank W. Clarke, of Clarke City, passed through the city last week en route for Ottawa to visit his young brother, who has been following a course of musketry at Rockcliffe Camp, and who has just undergone an operation for appendicitis at the General Hospital, Ottawa.

The engagement is announced of Miss Irene Veronica Harney, daughter of Mr. and Mrs. J. P. Harney, of Lauzon, to Mr. John J. Doyle, son of Mr. Patrick Doyle, of this city. The marriage will take place on the 16th of September at the Chapel of Jesus and Mary Convent, Lauzon.

Lady Blanche and Lady Dorothy Cavendish are spending a few days in Ottawa before leaving for Montreal, when they will be accompanied by Miss Saunders, Lady Rachel and Lady Anne Cavendish, accompanied by Mrs. Walton, left Friday for Cartierville to join Her Excellency the Duchess of Devonshire, and later will come to Quebec, where they will spend some time at the Chateau with Captain and Lady Mary Kenyon-Stanley.

The many Quebec friends of Miss Agnes Hall, the popular instructor of swimming at the Y.W.C.A., who was thrown from her horse some time ago, and broke her collar bone, will be pleased to learn that she is making a wonderful recovery at St. Joseph's Hospital, Nashua, N.H., where she is a patient. Miss Hall was recently visited by the President of the Quebec Branch of the Y.W.C.A., and was informed by Dr. Morse, who is attending the patient, that she will be able to resume her duties this month.

A notable Jewish engagement is announced in England between Captain S. J. Sassoon, of the Inniskilling Dragoons, and Dulcie, eldest daughter of Mrs. Frederic S. Franklyn, of Lancaster Gate, London. Captain Sassoon is eldest son of Mr. J. S. Sassoon, Ashley Park, Walton-on-Thames, who died recently, and related to all the branches of the enormously rich line founded by David Sassoon, merchant and banker of Bagdad, while the Franklins are hardly less known, and also allied to many of the distinguished and wealthy families of their community. One of the Franklins married Lord Swaythling's eldest sister, and another daughter of Sir Philip Magnus, M.P.

Lady Marion Hastings, youngest daughter of Lord and Lady Huntingdon, who surprised her world by marrying recently, without preliminary announcement, a husband of the Scottish-sounding name of Captain Patrick Keith Cameron, owns various ties with Scotland, although she is a typical Irish-woman of the fun-loving, go-ahead, hard-riding type with which certain novelists have made us familiar. Her uncle, Mr. Osmond Hastings, married Mary Caroline Campbell, daughter of the late Mr. D. Fox Tarratt of Ellary, Argyllshire, and the second of her father's five sisters is Lady Heene Campbell of Stonefield, Tarbet, Argyllshire. Lady Huntingdon is one of the Australian peacocks, and a daughter of the late Sir Samuel Wilson; a brother of hers, who fell in the present war, married Lady Sarah Churchill, youngest sister of the Dowager Duchess of Roxburghe and of the late Lady Tweedmouth.

AT THE THEATRES

"DADDIE LONG LEGS" COMING AT THE AUDITORIUM IS A REFINED AND PLEASING COMEDY

NOTHING IN THE LINE OF "LEG-SHOWS" BUT A VERY INTERESTING PLAY DAMATIZED FROM ONE OF THE MOST POPULAR NOVELS OF AMERICA.

"JUDY" AND THE CHILDREN AT THE ORPHANAGE.—A Scene in "Daddy Long Legs" at the Auditorium for Three Nights Beginning Thursday, Sept. 12. Matinee Saturday.

"Daddy Long Legs" that delightfully refreshing comedy by Jean Webster and staged by Henry Miller, will come to the Auditorium theatre for three days starting on Thursday, September 12th. A matinee will be given Saturday.

The story concerns itself with the transition from a life of drudgery in an orphan asylum, through college, and to a real place in the sun of a parentless girl, whose spirited revolt at the relentless conditions of the orphanage attracted the attention of a benevolent young-old bachelor. Remaining but a shadow in her life, he sends her to college. She calls him "Daddy Long Legs," her only knowledge of him being the long shadow of him cast upon the asylum wall by his automobile lamps. The girl loves the kindly shadowy man who has helped her and writes to him regularly. After a time they meet and she learns to love the man in the flesh, not knowing that he is her benefactor.

This wholesome play is abundantly supplied with laughs; the story never permits the interest to waver and the whole atmosphere of the piece is clean and wholesome. The cast which Henry Miller has engaged for the presentation here is headed by Robert Phillips, Paul Sorel, Jr., Frank J. Kirk, Edna Walton, Maude Williams, Olive Moore, Geraldine Jacob, Elizabeth Conrad, Florence Sedell, Ruby Jones. —Adv.

NORMA TALMADGE TODAY AT THE AUDITORIUM IN "BY RIGHT OF PURCHASE"

A GREAT SOCIAL DRAMATIC PICTURE — WHAT HAPPENED THE GIRL AFTER A MARRIAGE ARRANGED FOR FINANCIAL REASONS—SHOWING TODAY, TOMORROW AND WEDNESDAY.

TO BE SHOWN AT THE AUDITORIUM NEXT MONDAY, TUESDAY, AND WEDNESDAY, SEPTEMBER 9, 10 AND 11.

Norma Talmadge appears today in a great social drama at the Auditorium. The title of the picture is "BY RIGHT OF PURCHASE" and all this implies is a story worth seeing and furthermore the cast assures one of the best played dramas of the Select Star Series.

In this picture, Norma Talmadge plays the part of Margot Hughes, the girl who marries for financial reasons. See what she is submitted to, "By Right of Purchase."

Performances will be given at 2, 3:30, and also 7:30 and 9 P.M. Matinee, 10 cents; Evening, 10 and 15 cents.

There will also be given a very amusing comedy and music rendered by the best string orchestra in town. —Adv.

AT THE EMPIRE

HARRY MOREY IN "THE DESIRED WOMAN", A POWERFUL PLAY OF ADMIRABLY SUSTAINED SUSPENSE.

The Empire presents today one of the most virile of screen stars, Harry Morey in "THE DESIRED WOMAN", a red-blooded story teeming with startling originality and strong dramatic action. "The Desired Wo-

AT THE OLYMPIA

CONSTANCE TALMADGE WILL APPEAR IN "THE HONEY-MOON", ONE OF THE SELECT PICTURES' BEST PRODUCTIONS — SEE THE WAR PICTURES.

The Olympia will show today, tomorrow and Wednesday one of the Select Pictures' best productions in which Constance Talmadge is starred. This is a play in which not only the star, but the whole cast is featured and the movie that does not see it will regret its absence from the theatre.

Action all through and a "finish" that pleases everybody are the main features of this play.

Pathe War Pictures. News are the best to be seen as The War Pictures of the Pathe usual.

ENID RENNETT AT VICTORIA TODAY IN "THE VAMP"

Today the Victoria Theatre offers Enid Bennett, the popular Paramount star in her latest success "THE VAMP". The following notice appears in the Canadian Moving Picture Digest:

"THE VAMP" a first class attraction in every sense of the word. LOEW'S THEATRE, MONTREAL.

It is hardly necessary to add any more. You will want to see this picture. There is also a fine Lyons-Moran comedy and screen telegram. You can't afford to miss any picture shown at the Victoria.

The following numbers will be included in the musical programme:—
Selections—"The Girl on the Film"..... Sirmay
"High Jinks"..... Priml
Waltz—"You and I"..... Langley
Valse-Intermezzo—"Back Rose"..... Thomas
Song (Orchestrated)—"Rose in the Bull"..... Forster
Entr'acte—"La Libelle"..... Franke
