## ALLEYFIELD STRIKERS DEFEATED.

### ...ton Mill Employees Return to Work To-Day.

...NDON DEMAND FOR RAISE — CONSENT TO SUBMIT THEIR OTHER DEMANDS TO ARBITRATION.

Valleyfield, August 26.—After staying on strike for ten days the twenty-...e hundred operatives of the Montreal ...ton Mills here have practically ad...itted defeat and decided to return to ...rk. They have abandoned their de... for a general increase of 10 per ...t. in their wages, and have con...ded that their other demands shall ...submitted to arbitration under the ...ms of the Lemieux Act. The com...ny has consented to this. In fact ...y company long ago agreed to the ...mand for the 10 per cent. increase ...the mule spinners, and expressed a ...lingness to submit any difficulties ...arising foremen, etc., to arbitration, ...re was little outside of the general ...r cent. to be settled. The latter ...the only real point on which the ...ke was continued, and its aban...ment by the operatives means that ...company has completely won the ...ggle, as was anticipated when the ...kers so hastily embarked on their ...eral holiday."

This morning the mills will ...en for the first time since the strike ...menced, and it is expected that ...ll working force will turn out. It ...s been feared that some of the more ...ortant figures in the strike would ...e refused reinstatement, but so far ...o trouble has occurred. It is thought ...t this strike, with its complete de...t of the union, will end all disputes ...tween the company and the oper...ves for a long time to come, the ...ne so as the minor points at issue ...ll be submitted to arbitration. It ...s not thought, however, that with the ...ain issues of the strike dropped, there ...ll be much for the arbitration com...ttee to do. In fact the arbitration ...angement is regarded merely as a ...p to the feelings of the defeated ...kers.

## THOUGHT EXPLOSION WAS AN EARTHQUAKE.

### Employees of Californian Cannery Hurt in Panic.

TWO KILLED BY EXPLOSION — KNIVES USED IN FIERCE RUSH.

San Francisco, Aug. 26.—Two persons were killed and many injured in an explosion at the Dupont De Nemours powder works at Soblante, 16 miles from Berkeley, Saturday.

When the one thousand employees in the plant of the California Fruit Canners' Association in this city heard the explosion they thought there was another earthquake and rushed wildly for the street. Many were trampled upon and injured, none fatally. At least thirteen people were severely hurt in the cannery panic. Ten women were removed to hospitals and three other women were treated at the cannery.

When the shock of the explosion was first felt, several Italian employees went into the street to investigate the cause. On re-entering the building they said it was an earthquake, and this started a stampede.

During the efforts to get outside, a few men drew knives and wounded several persons. Others jumped into a chute used to send boxed cans from the second floor of the establishment, and were landed in a heap at the bottom.

The fire at the powder works was extinguished, with a loss of $50,000. The two men killed, Richard Thompson and William Doane, were working in the mixing house when three tons of nitro-glycerine exploded, destroying the wash house, the nitro-glycerine mixing house and the acid separating house and a large acid tank.

Three of the women taken to the hospital as the result of the stampede in the canning factory here may die.

## A GIRL'S WILD RIDE

TOOK RIG AND DROVE SOME 80 MILES.

Mary Mellin, aged 11, and her mother took a horse and carriage from the Sears' livery stable at Claremont, N.H., last Wednesday, and went out to pick raspberries. While her mother was busy in the berry field the girl took the rig, and, with her bulldog started, going first to Unity, N.H., thence to Acworth, Alstead, South Charleston and crossing into Vermont passed through Weathersfield and North Springfield. She had been on the road two days and one night, and had travelled more than 80 miles when Deputy Sheriff Fairbanks captured her near Gassetts. The girl was asleep in the wagon and the horse was being by the roadside. She had almost nothing to eat during her excursion. The girl would talk but little, and no motive was given for her wild ride. She was taken back to Claremont Saturday.

## THE WEATHER

## BORDEN AND FOSTER IN NOVA SCOTIA.

### Two Conservative Leaders Address Meeting.

CHIEF OF OPPOSITION EVIDENTLY WILL RETAIN HIS LIEUTENANT.

Toronto, Ont., Aug. 26.—(Special.)—The Globe's Halifax special says: R. L. Borden flouted the protests of the Montreal Star, Toronto News and Conservative friends throughout the Dominion who have been calling upon him to drop Hon. George E. Foster on his national tour by making his appearance Saturday at a political picnic at Middletown with the ex-Minister of Finance, who came to Nova Scotia to join the leader of the Opposition. Whether or not Mr. Borden really welcomes the appearance of his lieutenant is not known. But he at all events did not prevent his coming and seemed quite glad of his assistance. Middletown picnic was by far the best of Mr. Borden's Nova Scotia meetings. The meeting was held in the open air and there were added attractions of baseball game and tea meeting. Fully two thousand people were present. Some Conservatives placed the number at 2,500. The meeting was for four counties, Kings, Annapolis, Lunenburg, and Queens and special trains brought delegates from all. The speakers were Messrs. Borden, Foster, Bergeron and Hanright. Mr. Foster was warmly greeted, and he was in good voice and spoke well.

## THE NEW MEAT INSPECTION LAW.

### Forty Men Trained For Inspecting Work.

LAW PASSED AT LAST SESSION WILL NOW BE PUT INTO EFFECT.

Ottawa, Ont., Aug. 26.—(Special.)—The Act respecting the inspection of meats and canned foods passed at last session of Parliament goes into effect September 3, and thenceforth all of the big packing and canning establishments of Canada will be under strictest possible inspection. Seventy-five thousand dollars have been appropriated to carry out the inspection, and forty men have been trained for the work.

Most impressive of new regulations for packing meats are those relating to cleanliness at establishments having inspection are required to be suitably lightened and ventilated, and all appliances, such as tables, trucks, vats, machines, containers, etc., must be kept clean and sanitary. Employees engaged in handling foods must be free from tuberculosis or other communicable disease. Inspectors are authorized to refuse inspection if sanitary conditions are not observed.

### DOMINION EXHIBITION NOTES.

Work will be rushed with all despatch on the buildings at the Exhibition grounds. There are several buildings yet in course of erection, but they will be in fit shape by Monday next. A new room is being erected for the directors just beside the office. Here the various guests of the Exhibition will be entertained at luncheon. On Sept. the 4th the Exhibition will be declared open by Hon. S. A. Fisher, Minister of Agriculture, and it is expected that the Lieut.-Governor of the Province will be present on that occasion.

One of the best steps that the directors have taken against fire is that in every building erected for the use of exhibitors has been fitted up with electric light. In this way the lanterns that were used by the attendants at the live stock sheds will be a thing of the past, for there will be no more use for them. Sufficient lights have been hung so that there need be no complaint about the scarcity of light.

It is understood that the E. T. A. A. has returned to the Sherbrooke Street Railway its contribution to the funds of the fair, as being, in the opinion of the Association, inadequate in consideration of the benefits received by the Street Railway as a result of the Exhibition. The company among other business interests was approached for support to the fair. Last week a cheque for $25, and passes for President, Vice-President and Secretary, good only during Exhibition time, were received. It is stated that the contribution was returned for reasons stated above.

### FIRE AT ROCK ISLAND.

Rock Island, Aug. 26.—(Special.)—Mr. Hollis Wheeler suffered a considerable loss by fire on Saturday.

The fire broke out in the store, and this building as well as the barn was completely destroyed.

The fire ignited in parts of the house several times, but willing hands quickly extinguished it.

The fierce wind raging at the time of the fire fanned the blaze up to destructive proportions, causing it to leap high up above the buildings, and eat great quantities of the inflammable matter inside the structures.

The furniture from the house was saved, but not without slight damages. Farming tools and some other contents of the barns were saved. Several bales of pressed hay were consumed. The loss will be considerable, with insurance amounting to about $1,000.

### MARRIAGES.

LOWRY—LEGGO. — At Ferncliff, N. Hatley, on Wednesday, Aug. 21st, by the Rev. H. P. Lutterell, Robert Ernest Lowry to Laura Helen, daughter of W. A. Leggo, Esq.

## PRIESTS HAVE NARROW ESCAPE.

### Canoe in Which They Were Shooting Rapids Upset.

CLUNG TO UPTURNED CRAFT AND FINALLY REACHED SHORE.

Prince Albert, Sask., Aug. 26.—(Special)—Two Roman Catholic priests who essayed to shoot Colefolls rapids, near the forks of the Saskatchewan River, had a narrow escape from a watery grave.

They left Prince Albert in a canoe, well loaded with supplies, one of the Fathers being bound for his post at Cumberland House, while the other intended taking a holiday trip to Fort a La Corne, returning by rail. They passed two rapids successfully, but at the third the canoe was capsized.

The supplies were lost in the river, but the canoe floated bottom up and the Fathers both managed to cling to the craft. In this perilous position they were swept on by rushing waters, beaten and bruised against rocks, but holding on for dear life. One of the adventurers retained his paddle, and eventually he climbed up on the boat and towed his companion ashore some miles from the scene of the upset.

The plight of the priests on reaching shore was bad, as there was no habitation within five miles, but by midnight they found shelter in a settler's shanty and next day went on to Fort a la Corne, where fresh supplies and guides were obtained.

### WEST SHEFFORD.

The Ladies' Guild of St. John's Church will give a lawn party on the Church grounds to-morrow (Tuesday) evening. Ice cream, cake, etc., will be furnished. The ladies of the congregation are expected to provide cake.

Mrs. John Blackwood, of New York, and the two Misses Morgan, of Boston have been the guests of Mr. and Mrs. J. Blackwood for a week.

Quite a party of young people took in the lawn party at North Shefford, on Thursday evening.

## AT THE ROYAL PAPER MILLS.

### New Pulp Making Process Inaugurated.

OUTLOOK FOR THE FUTURE VERY BRIGHT AT EAST ANGUS.

East Angus, Aug. 26.—(Special)—The first cook of sulphate pulp was made on Friday, the time required being about five hours, this being much less than the time necessary for making soda pulp, the process heretofore followed at this mill.

The machines have been changed over to the new process and the success of the first effort on Friday gave great satisfaction.

The mills will be operated with about the same number of hands as in the old days, but the output under the new methods will be much larger.

The outlook for the future here is very promising.

## IMMIGRATION RETURNS.

VOLUME CONTINUES TO INCREASE — FALLING OFF FROM U. S.

Ottawa, Aug. 26.—The total immigration to Canada for the twelve months ending June 30th, 1907, reached 252,038. For the 12 months ending June 30th, 1906, it was 189,064, a gain of 62,974, or 33 per cent.

Via ocean ports the number was 195,520, as against 131,268 for the previous year, a gain of 64,252, nearly 49 per cent.

From the United States the number was 56,518, as compared with 57,796 for the preceding year, a loss of 1,278, or about two per cent.

For April, May and June of the present year, compared with the corresponding months of last year, the following figures will be of interest:

Via ocean ports 105,512 compared with 73,431 last year, an increase of 32,081, or 44 per cent. From the United States, 21,859, compared with 24,600, during a like period last year, a decrease of 2,745, or 11 per cent.

It will be seen that although immigration from the neighboring country has decreased slightly for the last three months, yet the increase through ocean ports is so great that taking the total figures for April, May and June, viz., 127,371, compared with 98,035, total figures for the corresponding period last year, there is still the substantial increase of 29,336 souls, closely approaching 30 per cent., and it may be added that the inspector of agencies, who has lately made a visit to the various agents working in the interests of Canada in the United States reports a widespread revival of the disposition to move Canada-wards, so that it is probable that the slight decrease above noted will soon be more than made up.

## ARBITRATION BLOCKED.

GERMANY AND JAPAN OPPOSED TO MAKING IT OBLIGATORY.

The Hague, Aug. 26.—An attempt to frame a schedule for obligatory arbitration was made Friday in the first commission of the Peace Conference without success. It is realized that unless unanimity is secured such a scheme would only lead to confusion, and for that reason more than half the members of the commission abstained from voting when the successive topics were introduced.

The American mission was instructed by Secretary of State Root to present the list for obligatory arbitration seeing that unanimity was not obtainable, and also to separate clearly the question of arbitration on a contractual project and obligatory arbitration. Germany and Japan have been opposing the latter throughout.

Several of the delegates say that the American refusal to vote on any list of cases to be submitted to obligatory arbitration means that the United States Government fears they might include the interpretation of treaties, in which case the Panama question might be revived.

The examining committee has approved the American proposition that vessels running a blockade may be captured, even outside the zone of a blockade, and also established that submarine mines may be used in territorial waters extending ten miles from the coast.

## COLONIAL OFFICE

TIMES' COMMENTS ON THE REORGANIZATION OF THE DEPARTMENT.

London, Aug. 26.—The Times discussing the reorganization of the Colonization says it is surely of great significance that the term "colonial" should now be officially confirmed to the Crown colonies. This is unquestionably due to the assertion at the conference of the party of status between the self-governing dominions and the Mother Country. The change is as full of meaning as that in the middle of the last century which severed the connection of the colonies from an incongruous association with the War Department.

## OFF TO NORTH POLE

WELLMAN ABOUT TO LEAVE SPITZBERGEN IN BALLOON.

Paris, Aug. 26.—A despatch has been received from Thomsoe, Norway, which says it is reported that Walter Wellman, of the Chicago Record-Herald polar expedition, is about to leave Spitzbergen in his attempt to reach the North Pole by means of a balloon.

## THE MISSISQUOI HISTORICAL SOCIETY.

### Annual Meeting is Held at Bedford and Well Attended.

A GOOD WORK IS BEING DONE—OFFICERS RE-ELECTED—REPORTS OF OFFICERS.

Bedford, August 26.—(Special.)—The annual meeting of the Missisquoi Historical Society, which was held in the Town Hall on Friday afternoon was largely attended and was very interesting. It is seldom that so many distinguished people are brought together, which reflects credit on this worthy society. Amongst those present were Hon. and Mrs. McCorkill, of Quebec; J. P. Noyes, Judge Lynch, Mr. W. H. Lynch, Mr. Cotton, Rev. Mr. Lewis, of Cowansville; Mr. Racicot, K.C., Mr. F. X. Giroux, K.C., of Sweetsburg; Rev. E. M. Taylor, of Knowlton; E. E. Spencer, of Frelighsburg; Mr. E. L. Watson, Mr. Westover, of Dunham; Rev. W. Bowman Tucker, B.A., Ph.D., and E. R. Smith, of St. Johns; Mr. H. Beattie, Mr. and Mrs. Hibbard, Messrs. P. C. Moore, C. A. Moore, Mrs. Theodora Moore, of Stanbridge East; Mrs. F. Guthrie, of Guthries; Mrs. Jones, of

MR. C. O. JONES, of Bedford, President of the Missisquoi Historical Society.

Boston; Mr. E. Batcheller, of Paisley, Ont.; A. Somerville, of Phillipsburg; Mr. George Capsey, of Mystic; Dr. Dufort, Rev. W. Bernard, F. C. Saunders, Mr. and Mrs. Charles O. Jones, Mr. and Mrs. F. W. Jones, J. J. Mullin, Mr. and Mrs. E. Sornberger, N. C. Davies, B.A., Mrs. Butler, Mrs. S. A. C. Morgan, Mrs. and Miss Palmer, Mr. and Mrs. C. B. Jameson, Mr. Morehouse, Mr. and Mrs. E. F. Currie, Miss Currie, Mrs. MacNamara, Mrs. Hoyt, Mrs. Freleigh, Mr. H. Gough, S. Constantineau, K. C., of Bedford, and many others.

After the meeting had assembled the President, Mr. Charles O. Jones, called the meeting to order, and called on the Secretary, Mr. Chas. Moore, for the minutes of the last annual meeting. It was moved by Mr. Noyes that as the minutes had been published in the second annual report, they be considered as read, and thus save time. This motion was carried.

The President then made the annual address, in which he spoke of the good work which the society had accomplished during the past year, and he also referred to the death of some of the members, which was greatly regretted, especially that of the late William Mead Patterson, of Clarenceville, who took so much interest in and had done so much toward gathering important data for the society.

The Secretary-Treasurer's report was next in order. Mr. Moore reported the society as being in a very flourishing and prosperous condition, as the unusually large attendance would indicate. Six members had gone to their reward since the last annual meeting, whose loss was mourned by the surviving members, while the death of Mr. William Mead Patterson, of Clarenceville, was to be deplored, as it was impossible to fill his place. Three life members and forty-five annual members had been added to the list during the year, the life members being Mr. Gosselin, M.L.A., of Notre Dame de Stanbridge, who had very kindly donated $10 to the society; Mr. George G. Foster, K.C., of Montreal; Mr. B. J. Jones, of Boston. Two publications have been printed during the year, viz., the Second Annual Report of the M.H.S, and "The Voice of the River," by Mrs. S. A. C. Morgan, President, of the Woman's branch of the Society, which is a very bright little sketch of Pike River and contains a number of fine poems and also some fine views of the river from its source to where it empties into Missisquoi Bay and becomes a part of Lake Champlain. An enlarged picture of a company who took part in the Fenian Raid at Eccles Hill had been presented to the Society. The receipts of the Society for the past year were $352.42, and the expenses were $310.90, leaving a balance on hand of $41.52.

After the Secretary's report was read, Mr. Noyes moved that the sum of $25 be presented to the secretary in appreciation of the interest he had taken in the work. This motion was carried. The secretary thanked the society for their kindness and appreciation. An amusing controversy took place between Rev. E. M. Taylor and Mr. Noyes. Mr. Noyes corrected a statement that was made to the effect that Mr. Cyrus Thomas wrote the History of the Eastern Townships, and his history was a history of Brome and Missisquoi counties, and that an earlier history of the Eastern Town-

Everything connected with the thefts is a mystery, but the question arises, did the thief or thieves have two or four legs?

SUIT OF CLOTHES STOLEN FROM HOTEL.

Windsor Mills, Aug. 26.—(Special.)—Mr. A. M. Meigs had a coat and a pair of trousers stolen from the house on Thursday evening. It appears that the garments in question had just been brought home from the tailors and laid in the office, where they attracted the attention of a couple of men, strangers in the town, who were in the hotel at the time. The clothes were not missed until the next day, when enquiries were instituted as to their disappearance.

Later in the day one of the men were seen on the street wearing the coat, which was taken from him by the irate proprietor, and soon after the second man was located in a store, wearing the pants. He was escorted to the hotel and made to give up the stolen garment to the rightful owner. Mr. Meigs was so overjoyed at receiving the stolen property that he let the men go without prosecution and they left town on the first train.

SUCCESSFUL VAUDEVILLE PERFORMANCE AT NORTH HATLEY.

North Hatley, Aug. 26.—(Special)—The amateur vaudeville entertainment, held at the Town Hall on Friday and Saturday evenings was one of the most pronounced successes of recent years. The programme contained many novel features and every number called for repeated and well deserved encores.

The Parisian novelty dance, "La Kraquette," performed by Messrs. Cochran, Wister and Reid ushered in the evening's entertainment in a truly professional manner.

Mr. E. B. Cochrane, in his portrayal of the "Habitant," was most graceful and charmed his auditors.

Miss L. Zeigler sang three songs in a well schooled contralto voice. It is predicted that this young singer will be heard from later.

William Whitelock as "Hoodunit" certainly did not belie his stage name by his feat of extricating himself from a chair after being securely tied by five persons from the audience was really excellent.

Perhaps the number which showed to the best advantage was the School Boys and Girls. Every part was admirably done and the singing of San Antonio by Miss Elizabeth Brown received round after round of applause.

Mr. A. C. Jackson sang in his usual effective style and responded to two well deserved encores.

A novel feature of the programme was the Deutchland Girl. A novelty dancing act admirably done by the Misses Cochrane, Manning, Brown, McIlvaine, Cramp, and Mrs. A. G. Lawrence. Their work showed careful preparation and charming originality.

Mr. Frederick P. Flanagan, under whose direction the performance was given, convulsed the audience with his numerous local hits and later swept everything before him in his imitations of prominent Broadway foot-light favorites. His representation of Mansfield in Dr. Jeckel and Mr. Hyde was a masterpiece of impersonation.

Mrs. Florence Fisher rendered him very efficient support in this number, and caught the house the moment of her appearance.

## SMALL BLAZE ON WELLINGTON ST.

### Varnish Being Heated on Oil Stove Caught Fire.

IN BANK NATIONAL BLOCK RESIDENCE—EXTINGUISHED BY BABCOCK.

There was considerable excitement on Wellington street this morning, when smoke was seen pouring from the upper windows of Bank National building.

It appears that a small blaze developed in the kitchen of the residence of Mr. B. A. Dugal, the manager, which is in the block.

Varnish, which was being heated on an oil stove, caught fire and in a moment a fierce blaze had developed.

An alarm was sent in and the fire brigade turned out. Lines of hose were laid, but were not used, as the babcock was sufficient to extinguish the fire.

The kitchen was practically wrecked, but the damage did not extend beyond this room.

The fire, however, was in a dangerous situation, and had it developed much property would have been endangered.

The fleet will consist of 16 battleships and will start sometime in December, going through the Straits of Magdellan and up to San Francisco, and will probably visit Puget Sound.

"The question of the route by which it will return has not yet been decided. The destroyer flotilla will leave for the Pacific about the same time as the fleet, but will not accompany it."

## BROMPTON LAKE.

HARTFORD MAN WRITES OF OUTING SPENT THERE.

Mr. C. H. Dresser, of Hartford, Conn., writes a very interesting description of an outing spent at Brompton Lake.

He and his party drove through to the lake from Windsor Mills, and were very much impressed with the beauty of the country and of the lake. He writes:

"Some go to Switzerland, some to the Canadian Rockies and others to the Yellowstone Park to view the beauties and grandeur of nature, but we are wiser, and so made preparations for our annual outing to Lake Brompton, and how clearly was the pleasure of anticipation depicted in the bright faces of the four girls, as they boiled ham, baked beans, fried doughnuts, and did other things to make us comfortable and neat while we enjoyed our long anticipated holiday."

He describes the wagon trip to the lake, out past "Tommycod Pond," St. Francois Xavier, with its new and expensive church, and finally through the woods to the lake.

Continuing his account of the outing he writes:

"While there were abundant "school marms" and nurses in the party, yet we were entirely devoid of rules or regulations. Whatever was done by one pleased all the rest. Our only motto, 'Leave cares and troubles far behind, and rest you here a spell,' was willingly adhered to, and we all spent a joyous week rolling back the wheel of time. How pleasant were our voyages over the lake, visiting shores, rocks and cliffs, made doubly charming by previous visits, and then lazily paddling homeward in the twilight, while the lake, dells and mountains resounded with the music of the sweet-voiced singers. Surely that echo will remain until our sun grows cold, and the earth sleeps once more in a shroud of ice. Then, we sat and watched the tender young moon in her majestic silence, down, down, to the mountain tops, and the last bright glimmer was seen through the dense dark trees, as Luna sank to rest. We serenaded the bright evening star and followed the moon's example.

"To observe the proprieties, we selected a day to visit our only neighbor, and carefully loading the boat with girls and other things, we headed for the upper end of the lake, where Professor Hooper, a graduate of Tuft's College, Boston, and truly "a man o' parts," owns an island and a cottage, the latter a true model of good architecture and good work, but the Professor's handicraft did not cease with the cottage, as was readily seen by the exceptionally fine boats he has built, and furthermore he and his stalwart sons have made a correct survey and map of the lake and its surroundings, with nearly 2000 soundings, the only correct measurement of the locality ever had. He has traced the course of the old river that once flowed peacefully between those hills until its outlet was blocked by glacial drift and the valley converted to the present lake. The old channel in some places is more than 140 feet deep. When we called the Professor, just for recreation, was taking 'levels' from Brompton to Magog Lakes to ascertain the altitude of the former above sea level. We were warmly welcomed by Mrs. Hooper and her genial daughters. Our lunch was eaten that day in the forest beside the nicest spring that ever gushed from the rocks, and after a leisure hour we drifted back homeward in the early twilight and sighed to think that the next day would be Saturday, which meant our return to so-called civilization.

"The day dawned smiling, as its predecessors, and with it came 'Pete' and the horses, despite the fact that the gorgon who guards those few acres of brambles, rocks, shanties and a hole in the ground, commonly known as the 'old mines,' caused our coachman to detour several miles rather than allow him to pass through that worthless tract. Surely said gorgon must exist on a perpetual diet of small potatoes, and few in a hill.

"The little 'chateau' was swept and garnished, boats were replaced and the last meal eaten, all expressing the wish that kind fate might have in store for us future visits to that charming locality; and as we were driven homeward through the sylvan woods, we found—like the banished Duke—tongues in trees, books in running brooks, sermons in stone and good in everything."

Some business matters were brought before the members after which the following officers were elected for the next half year: President, Miss Emma Laduke; Vice-President, Miss Jennie Walker and Mr. Fred Batcheller; Secretary, Miss L. Harbison; Treasurer, Miss Gilman, re-elected. The Society is now in a very flourishing condition and with the staff of officers elected should be very successful during the next half year.

Quite a number from here drove over to the open air concert at Dunham on Thursday evening under the auspices of the Dunham Ladies' College, on the College grounds. Those who attended report an excellent programme, which was well rendered and greatly enjoyed.

The Corey Needle Company closed their works on Saturday for a week's holidays.

The members of the Parochial Guild held a very successful garden party on Wednesday evening. The spacious lawn was gaily decorated with Chinese lanterns, while in the Parish Hall the scene was an attractive one. Owing to the cold the tables were set in the Hall and looked very nice with their decoration of flowers and ferns, while the hall was decorated with flags and bunting. Mr. D. W. Hatch's Edison phonograph, which is one of the best made, occupied a prominent position on the stage, and during the evening Mr. Hatch delighted the audience by the selection which consisted of popular songs, instrumental and orchestral music and a couple of selections from the grand opera, which were heartily applauded. Refreshments consisting of cake, coffee and ice cream were served by the young ladies of the congregation. The entertainment, notwithstanding the weather, was quite a success, and those who had it in charge are to be complimented on the able manner in which it was carried through.

Harvesting is well under way, many farmers having finished, and a few have grain threshed. All report a good crop.

Thursday, Rev. E. M. Taylor, of Knowlton, accompanied by Dr. Britton of New Brunswick, were in town, Dr. Britton leaving for his home on the evening train, Rev. Primmerman during the rebellion of 1837, also, a very old wood candle stick, supposed to be considerably over one hundred years old. The above mentioned articles were given by Mr. Byron Jenkins. Mr. Jones had in his possession a hand-forged corn cutter of sickle shape, which was made more than a century ago.

Mr. W. A. Harbinson is having a well sunk near his house on the Philipsburg road. A steam power boring machine is being used. A distance of over 50 feet has been reached without finding any great flow of water.

Mr. Pare, our local butcher, is satisfied with the best only, and a few days ago bought a number of select fat hogs at a fancy price from Mr. M. Krans, of St. Armand Station.

The continued dry weather although favorable for harvesting is causing inconvenience and shortage of water supply. Not a few farmers are hauling water for their live stock.

Local telephone lines are the business proposition in this section. Mr. James Hill, of Morse's Line, has built and got in first-class running order, a line from that point to several smaller places south of the boundary, also, to St. Armand Station, thence to Krans Bros., connecting with citizens at that point. Messrs. Smith and Rosenberger, of Rosenberg, are canvassing the farmers with a view of building a line from St. Armand Station via Philipsburg to Bedford. The proposition is meeting with approval, and in a short time it is expected the line will be in running order, which will be of great convenience to this section of the country.

The Musical Festival at St. Hyacinthe, which took place last week, was an unqualified success, and the little town was crowded with visitors, some 10,000 people being present. The musical organizations which took part were the Harmony, of Sherbrooke; the Alliance Musicale (Montreal), Philharmonic, St. Hyacinthe; Union Musical, Three Rivers; the Philharmonic, St. Johns. There was a grand parade at Dessaules Square and procession, and the meeting opened at Lafamboise Park, with a selection played by the whole 250 musicians. Each band then played separately, the Harmony rendering the Overture to "William Tell" (Rossini), and "Lucia de Lamenermoor" (Wagner). Among those who accompanied the Harmony to St. Hyacinthe were Mr. Alfred Gendron, Miss Gendron, Dr. Chagnon, Messrs. J. Nicol, M. Allaire, R. Unsworth, J. Begin, Octave Gendron and others.

The Oddfellows of Sherbrooke, observed their annual Memorial Day yesterday. The members assembled at Unity Lodge room and marched to Elmwood cemetery, first visiting the English cemetery, on Prospect street. Flowers were deposited on the graves of departed brethren. In the morning, a number of brethren visited Malvern cemetery, Lennoxville, and the Belvidere street cemetery, decorating the graves of Oddfellows resting there. The memorial service was held at the Oddfellow monument, Elmwood cemetery. The members of the Order present formed a circle around the monument. A number of the members of Princess Rebekah Lodge, also, assembled. The Noble Grand, Bro. Jas. Johnson, of Unity Lodge, and Bro. Jas. Lowe, as chaplain, took charge of the service. There was a good turn-out of members of Unity Lodge and of sister Lodges. Bro. A. Martin acted as marshall.

The funeral of the late Mrs. J. P. Hawkins, which took place yesterday morning from her late residence, Gordon street, to St. Patrick's church, was one of the largest assemblages seen recently in Sherbrooke. The church was crowded to the doors, and a large number were unable to gain an entrance, remaining outside. The heavy black drapery, the glimmer of the tapers on the altar and around the catafalque in the centre aisle, and the mournful music combined to make the service most impressive. Solemn requiem mass was sung by Rev. Father Fisette, assisted by Rev. Father Gagnon as deacon and Rev. Father Gervais as sub-deacon, and the large choir, augmented by singers from the cathedral and St. Jean Baptiste, East Sherbrooke, under the direction of Mr. J. Arthur Genest, rendered the musical portion of the mass with fine effect. The "Requiem" was sung by Mr. Antonio Genest; the "Dies Irae," Mr. Wilfrid Legare. At the offertory Mr. Charles E. Bachand sang "Jesu Salvator Mundi"; "Sanctus," Mr. O. Gendron; "Agnus Die," Mr. L. Proulx, and other solos by Messrs. S. Daigle, F. Brunelle, and E. Precourt. Miss T. Doherty presided at the organ. The pall bearers were Judge Mulvena, Messrs. D. McManamy, Wm. Murray, M. T. Stenson, Patrick Hackett and D. J. Steele, and the bearers were the following: Messrs. O. W. Maguire, J. McGivney, A. J. Precourt, A. J. Genest, J. O. Gauthier and W. A. McManus. The mourners were the two sons of deceased, Messrs. T. M. and J. T. Hawkins, her brothers, J. H. Walsh, T. D. Walsh and Patrick C. Walsh, Mr. Geo. Murphy, son-in-law, Michael Hawkins, T. Hawkins (Montreal), Masters Jack, Terence and Thomas Walsh, Clarence and Austin Hawkins, Thos. Workman, and Mr. John Murphy, East Farnham. At the close of the service the remains were reverently borne to the Grand Trunk station, thence to Quebec, for interment in the family lot at the cemetery. The floral tributes were magnificent, and there were numerous offerings of masses from sorrowing relatives and friends.

SOUVENIR OF SHERBROOKE.

It is a very attractive booklet of well selected illustrations, finely printed on coated paper. It is introduced by an official letter and endorsation from Mayor Farwell, and a page each is given up to a description of the city, and the Exhibition.

It is expected that a very large number of these booklets will be disposed of during Fair time and, indeed, visitors to Sherbrooke could not possibly obtain a more artistic and interesting souvenir of Sherbrooke and the Exhibition.

## DEATHS REPORTED

Richford, Vt., August 26. — (Special)—The death of Geoffrey Gosselin, the 19-year-old son of Mr. and Mrs. Thos. Gosselin, took place here on Monday, August 19th, after a brief illness, occasioned by gall stones.

Only two days before his death the young man went on an outing to Franklin Pond, where he was taken ill and was hurriedly taken to East Franklin for treatment by Dr. Johnson, of West Berkshire. He was then brought to his home here and was attended to by Dr. Clark, of this village, but he continued to get worse, and was a great sufferer till death came to his relief on Monday about 6 a.m.

The death of the young man, who was a favorite in the family, came with such suddenness that it gave the entire family a severe shock, nearly prostrating them with grief.

The young man would have been 19 years of age on Nov. 15th next. He leaves besides his parents, a brother and two sisters.

## JAPANESE INFLUX INTO CANADA.

### Hon. Frank Oliver Speaks of the Matter.

LOOKS AS IF ORIENTALS HAVE SOME DEFINITE PURPOSE BEHIND IT.

Winnipeg, Man., Aug. 26.—(Special) —Hon. Frank Oliver, who is here en route east, on Saturday, gave to the press a long statement on his views on Oriental invasion of British Columbia, which he says he has been investigating.

The Japanese influx, he says, is a little different from any Oriental question that has arisen hitherto. Labor organizations and all laboring classes naturally object to the presence of a large number of men who are competent and able to work for very much less wages. But the feeling of opposition extends beyond this class. There is a panicky feeling among the inhabitants generally who fear that it is a preconcerted movement, that it has some sort of mysterious responsibility behind it, limit of which they do not know. It is only this spring that the movement has taken place and its suddenness has alarmed people. An important feature of the case is that immigrants are not coming from Japan, but Sandwich Islands, and although they are Japanese citizens, the Japanese Government has not legal control over their movement. There is no restriction to the movement to the Sandwich Islands, and after they obtain permission to go there they may go whether they choose.

Mr. Oliver says he can't quote his authority, but the people who are landing in British Columbia hold passports to Sandwich Islands, dated only this spring. If their passports were dated years ago it could be readily conceived, so it is argued that the condition of the labor market there might be the cause of the present influx.

The idea prevails that the Sandwich Islands are being used as a cloak to cover preconcerted move towards Canada.

If Japanese Government, adds the minister, could show that it was adhering in spirit as well as letter to the understanding of years ago, I think there would be comparatively little cause of complaint.

**Paroid Roofing—**

**The Roofing With a Money-back Guaranty**

Buy one lot of Paroid; open it; inspect it; apply it to your roof, and if then you are not satisfied that you have the best ready roofing made, send us your name and address, and we will send you a check for the full cost of the roofing including the cost of applying it.

**Paroid Lasts Longest**

Because it is made of the best felt—made in our own mills (established in 1817); other manufacturers buy their felt outside and simply saturate and coat it.

Because it is soaked (not dipped) in a saturating compound which makes it water proof in every fibre.

Because it is coated on both sides with the strongest, thickest, smoothest, toughest, most flexible coating used on any ready roofing. Don't take our word alone for it. Compare Paroid with any other. You can see and feel the difference. Paroid does not break or crack in the coldest weather or run in hot weather

Because it is applied with our patented square, rust-proof caps—water proofed on both sides—the only caps that will not rust, work loose and cause leaks.

These are some of the reasons why we can give Paroid so strong a guaranty; why as so long—why it is so largely used by governments, railways, factories and farmers every where.

All we ask is that you try it on our money-back guaranty.

Paroid is made by F. W. Bird & Son, Hamilton, Ont. Established in U.S. 1817. Don't take a substitute but send for samples and prices to

SYMPATHY.

Some years ago, writes one correspondent, my little daughter, aged five, was out walking in a country lane with her nurse. She saw, hobbling painfully towards her, a barefooted, bent old woman, clothed in rags and dirt. On her back was slung a heavy bundle of sticks which she had evidently been collecting.

My little daughter stopped short on seeing this picture of misery, evidently struck with pity. Then, with both arms outstretched, she ran towards her, her curls dancing in the wind and eyes aglow with tenderness, crying: "Oh, you poor, dear old lady, I do wish you were dead! You would be so much happier!"

## MISSISQUOI HISTORICAL SOCIETY.

(Continued from page one.)

ships was published by Mrs. C. M. Day. Rev. E. M. Taylor claimed that Mrs. Day's History of the Eastern Townships was not published until after Mr. Thomas' The point, however, was not settled.

Mrs. S. A. C. Morgan, President of the Woman's branch of the Society, was then called upon for a report, which showed very satisfactory work being done by this important branch. During her remarks she referred to a remark made by an influential member of the Society to the effect that the people of the Pike River Valley were the most somnolent people in the country. She called attention to the fact that the newspapers reported a man in Victoria having slept four days, and inquired if anyone was missing in this vicinity. She also referred to the last census of the county, which showed that there were 202 people upward of eighty and 19 upward of ninety years of age in the county.

Letters were then read by the Secretary from Hon. Sidney Fisher, of Ottawa, and Mr. Saxe, of Boston, regretting their inability to be present and expressing their best wishes for the prosperity of the Society.

The election of officers was made. It was moved by Mr. E. R. Smith, and seconded by Rev. E. M. Taylor, that the full staff of officers be re-elected. The motion was carried. An officer was elected to fill the place of the late Mr. William M. Patterson. Mr. Noyes read a resolution of condolence to the family of the late William Mead Patterson, and moved that a copy of this resolution be sent to the bereaved family, the motion being carried. It was proposed by Mr. Noyes and seconded by Rev. W. Bowman Tucker, that Mr. Cyrus Thomas, of Toronto, and Rev. E. M. Taylor be elected honorary life members.

Mr. Noyes called the attention of the audience to a sword which was found on the Vandewater farm, at Eccles Hill, and had presumably been carried by an officer who took part in the famous Fenian Raid. It was presented by Mr. Mitchell. There had also been presented a copy of the Bedford Times of 1887, No. 1, Vol. 10, printed in red ink by Mr. A. L. Lance, now of Richmond, on the tenth anniversary of the paper, as he said to paint the town red; copies of papers printed in 1850; a framed photograph of Mr. Elias Truax, presented by his grandson, Mr. Elias Sornberger, of this place, who is an octogenarian. Mr. Truax was born in Albany, N. Y., in 1772, and came to St. Armand East in 1792. He died in March, 1875 at the age of 103. The photograph was taken when he was 102 years of age.

Hon. J. C. McCorkill moved a vote of thanks to donors of momentos, which was seconded by Rev. Mr. Lewis, and carried.

The offers which were made last year of a $10 prize given by Judge Lynch, and $5 by Mr. E. L. Watson, for the best essay on the history of Missisquoi County by the scholars in the Public Schools, were renewed for the coming year, as no essays were sent in this year.

Hon. Judge McCorkill was called on for a short address, in which he spoke of his great interest in the work and expressed regret that he was unable, owing to his change of residence to devote more time to the matter.

Mr. Racicot, of Sweetsburg, was next called upon by the President for a few remarks. In reply he expressed his sympathy with the work in hand, although he was not a native of the county, having resided in the county only forty-eight years.

Rev. W. Bowman Tucker, M.A., Ph. D., of St. Johns, spoke of the work he had been doing, and how interesting it had been for him, as he took a personal interest in the work.

Rev. Mr. Lewis, of Cowansville, gave a very interesting talk, although taken completely by surprise, and also expressed his surprise at hearing his name read as one of the committee, and expressed his opinion that members of the committee should be notified of their appointment.

Mr. F. X. Giroux, K.C., of Sweetsburg, then spoke of a paper which would soon be printed in French in Farnham, and contain historical notes each week, clippings of which will be preserved to be used as a basis for a history of Missisquoi county.

A sun dial, which was one of the first time keepers in the county, which is the property of Mr. Thos. Jones.

An invitation was extended to the members of the Society by Judge Lynch, in behalf of the Brome Historical Society, to be presented at their annual meeting on August 27th. The meeting then adjourned until a later date.

## SPORTING NEWS.

### CRESCENTS DEFEAT RAND 7-0

ARE NOW CHAMPIONS OF THE LEAGUE AND POSSESSORS OF SILVER CUP.

By a score of 7—0 the Crescents walked over the Rand boys on Saturday.

By winning this play-off with the Rand the Crescents became the rightful possessors of the silver cup for the season of 1907.

Saurday's game was a good exhibition of junior lacrosse and the play should not be wholly judged from the score.

It was a gala day for the Crescents, and as much otherwise for the Rand. It was a Waterloo witnessed by a crowded grand stand of spectators.

The play was clean and skilfully executed although a few little incidents occurred which warranted the ruling off of a few players from both teams.

Even if the Crescents had had hopes of defeating the Rand it is not at all probable that they had the least intentions of running the score up as they actually did.

When the teams lined up and the Crescents were seen to be short their regular goal keeper, Crescents supporters felt a little depressed.

Even as the case was the Crescent goal keeper Saturday had almost nothing to do. Wiggett was there every time and when the ball passed him something unusual happened. W. Maguire played his usual fast and effective game on Saturday. Rocheleau, Thompson and in fact all of the Crescents men put fine lacrosse. A remarkable improvement was noticed in the work of the Crescent fielders since the last game.

For the Rand team Cormier, playing inside home, put up a strong game but he was closely watched and worked under great difficulties. On the defence Byrd played a fast and effective game and saved his team many times. The Rand team, however, was weak in the goal.

The scoring was done, 1st quarter, 2; 2nd quarter, 3; and 3rd quarter, 2; and by Rocheleau, 3; Dunsmore, 1; Atto, 1; and Albert, 2.

The last quarter was played in the rain during which no scores were made.

The line-up of the teams was as follows:

| Crescents | | Rand |
|---|---|---|
| Griffith | goal | Laranger |
| Wiggett | point | Hammerich |
| Thompson | c. point | Fuller |
| Hallet | 1st defence | Byrd |
| McAllister | 2nd defence | Jones |
| W. Maguire | 3rd defence | Wilson |
| Grant | centre | Cameron |
| Albert | 3rd home | Davidson |
| Fales | 2nd home | Hyndman |
| C. Atto | 1st home | Atto |
| Rocheleau | inside home | Cormier |
| Dunsmore | outside home | Cameron |

FRELIGHSBURG WON AT ENOSBURG FALLS, VT.

Frelighsburg, Aug. 26.—(Special.)—On Wednesday the Frelighsburg baseball team journed to Enosburg Falls, Vt., and played an exhibition game with a team from that place.

The game was an exciting one and resulted in a victory for Frelighsburg by a score of 8 runs to nil.

One of the best baseball teams in the State of New Hampshire, will be on hand to try conclusions with the Wanderers on Saturday, the 31st inst. The North Stratford are known to be a strong aggregation and the game should be a good one. It will be pulled off on the lacrosse grounds.

The St. Francis League match to have been played Saturday afternoon on the Parade Ground, Wanderers vs. Magog, did not materialize. Friday night the Wanderers received word from the Magog Club that they were unable to get a team together and would be unable to come to Sherbrooke to play as expected. This is the second time that Sherbrooke has been disappointed by Magog this season and it would be only right that the league look into the matter.

STRINGENT MEASURES TAKEN IN CUBA.

Washington, Aug. 26.—Complying with Secretary Taft's directions, Governor Magoon, of Cuba, has taken steps to combat and eradicate the yellow fever which has appeared among the soldiers and civilians at Cienfuegos, Cuba. Governor Magoon Thursday cabled the following report from Major Kean at Cienfuegos:

"Everything going well at post and in the city. All the sick soldiers convalescent except one. No new cases in city. Have two hundred and thirty men employed in fumigation."

The report adds that the people are co-operating in the work.

It cost the American Government $2,554,970 in addition to the regular ordinary expense to keep the American army of Cuban pacification in that island during the fiscal year of 1907. This fact is shown in the annual report of General Aleshire, quarter-master general of the army. Of the amount stated, $1,915,383 was spent for transportation.
