

OVERWHELMING LIBERAL VICTORY IN NOVA SCOTIA GENERAL ELECTION

Only Three Members of Harrington Cabinet Returned in Conservative Debacle—Twenty-Two Liberal Supporters Returned in Legislative Assembly of Thirty in Yesterday's Voting—Third Party Candidates Never in Running—Premier-Elect Angus L. Macdonald Hailed as Canada's Youngest Provincial Premier.

Halifax, August 23.—An already overwhelming Liberal majority in the Nova Scotia provincial elections was increased to fourteen shortly before noon today when the returning officer for Cape Breton East announced the election of L. D. Currie, Liberal, over D. R. Cameron, Conservative, by a slim margin of four votes.

The seat had been listed as doubtful until early this morning, when Cameron was given a win. A re-check, however, showed Currie to have 3,626 votes against Cameron's 3,622.

If this result is confirmed on declaration day the Liberal forces, under the leadership of Angus L. Macdonald, today hailed as Canada's youngest provincial premier, will have twenty-two seats in the next Legislature, compared with eight, representing the defeated Conservative administration of Premier Gordon S. Harrington.

Another seat in doubt until today was Victoria, added to the Conservative total when F. W. "Casey" Baldwin was given a majority of 175 over the veteran Liberal member, D. B. MacLeod.

Mr. Macdonald, forty-three-year-old former law professor, won a personal victory in the constituency of Halifax South, where he defeated Hon. G. H. Murphy, M.D., Minister of Health in the Harrington Government, by a majority of 615 with totals of 4,945 to 4,330.

Premier Harrington, after a brisk three-cornered fight in Cape Breton South, captured a majority of 170 over M. A. Patterson, the Liberal candidate, 4,776 to 4,606. D. McKay, Co-operative Common-Wealth Federation candidate, received only 1,437 votes.

The only other successful Cabinet Ministers were Hon. P. B. Black, Highways, and Hon. Joseph Macdonald, without portfolio. Mr. Black divided honors with J. S. Smiley, Liberal. Mr. Black received 9,307 votes and Smiley 9,293. The two defeated candidates were E. B. Paul, Liberal, with 9,192, and Arch Terris, Conservative, 8,146.

Defeated cabinet ministers are Hon. O. P. Goucher, Agriculture, in Annapolis; Hon. John Doull, Attorney General, in Pictou; Hon. J. Fred Fraser, Provincial Secretary, in Halifax East, and Hon. Albert Parsons, in Hants.

Mr. Parsons, a Minister without portfolio, was defeated by S. MacMillan, Opposition House leader during the last two sessions of the Assembly.

While the Liberals had substantial majorities in some constituencies, there were several close battles. The result in Cape Breton East was not known until this morning. In Halifax East, Hon. J. Fred Fraser and Geoffrey Stevens ran together until the last few polls, when Stevens pulled ahead.

Lindsay Gardner had the greatest majority 2,163 over A. L. Chipman, Conservative, in Yarmouth.

Third party candidates were never in the running. James B. McLachlan, stormy Cape Breton radical, was considered the only one of the six who might save his deposit. McLachlan and two other candidates represented the United Front party. There were two Co-operative Common-Wealth Federation candidates and one Labor.

"Personally I am quite satisfied," said Premier Harrington when the results were known. "I shall resign as soon as Mr. Macdonald can form his Government. Already I feel ten years younger."

Mr. Macdonald hailed the return of the Liberals to power as a "triumph for responsible government." He said he expected to take a brief rest before assuming his new duties. He hoped to form his cabinet "within the accustomed time—possibly three weeks."

When the cabinet is formed the Liberal party will control the affairs of the province for the first time since 1925, when they were swept from the offices they had held continuously for forty-three years.

The vote then was forty Conservatives to three Liberals. In 1929 Hon. E. N. Rhodes, then Premier, led the government forces to the country seat of Antigonish, where a majority whittled to three members. The number of seats in the Assembly was reduced from forty-three to thirty-eight in 1929, and later to thirty, although the actual reduction could not be made until yesterday's election. The standing of parties in the House at dissolution was twenty Conservatives to sixteen Liberals, deaths, and resignations having created vacancies.

LARGEST VOTE RECORDED IN PROVINCE'S HISTORY

Halifax, Aug. 23.—More than eighty-five per cent. of Nova Scotia's electors exercised their franchise in yesterday's general election. Out of an eligible electorate of 294,538, the vote cast, with only a few remote polls to hear from, was 252,216. It was one of the largest votes ever recorded in the province.

In Halifax city 26,479 persons voted, 81.3 per cent. The Halifax County ridings, east and west, showed eighty-nine per cent.

Garesio, Italy, Aug. 23.—Premier Mussolini and King Victor Emanuel are supervising military manoeuvres in the mountain passes which constitute the northwestern gateway to Italy.

The Fascist militia and regular troops are participating in the operations, which started yesterday.

FINAL STANDING OF NOVA SCOTIA PARTIES

Halifax, Aug. 23.—The final standing of the parties as a result of the Nova Scotia provincial election follows:

Liberals elected:—Halifax, 5; Lunenburg, 2; Pictou, 2; Shelburne, Yarmouth, Digby, Annapolis, Kings, Hants, Cumberland, Guysboro, Antigonish, Inverness, Richmond, Cape Breton East and Cape Breton Centre, one each. Total 22.

Conservatives elected:—Colchester, 2; Cumberland, Cape Breton North, Queens, Cape Breton West, Cape Breton South and Victoria, one each. Total 8.

U.S. SPINNING INDUSTRY OPERATING OVERTIME

Washington, Aug. 23.—The cotton spinning industry in the United States was reported today by the census bureau to have operated during July at 117.5 per cent. capacity, on a single shift basis, compared with 129.1 per cent. during June this year and 51.7 per cent. during July last year.

NEW ELECTRIC LIGHT RATES WILL BECOME EFFECTIVE IN NOVEMBER

New By-Law, Including Twelve and a Half Per Cent. Surcharge Tax, Adopted at Brief Council Session Yesterday Afternoon—Second Reading Given to By-Law Relating to Closing Hours for Stores.

Alderman Gelinis' proposed new electric light rates were adopted at an adjourned meeting of the City Council yesterday afternoon and will become effective on November first next. Alderman Omer Blais fought to the last against the retention of the twelve and a half per cent. surcharge tax imposed last November and voted against the by-law.

The citizens still have the twelve and a half per cent. surcharge tax to bear with slight chances of its being rescinded in the near future. The clause regarding this unpopular by-law is not included in the by-law amendments suggested by Alderman Gelinis, but appear in the original electric by-law.

In order to abolish the tax it would be necessary for an alderman to give notice of motion and then to receive sufficient support from the majority to carry his motion. This would mean a delay of considerable time.

There was little discussion at yesterday's gathering. Alderman M. T. Armitage outlined his views on the question, but apart from Alderman Gelinis, and Blais the other members of the Council had little to say.

Alderman Armitage frankly admitted that as a power consumer he was disappointed that the surcharge tax had not been abolished. He had, however, made enquiries, he said, and if it was found necessary in the interest of municipal financing that this tax should be retained, he was willing to abide by the decision. He understood that it was either a matter of retaining this surcharge tax or raising the rates.

The new rates, Ald. Blais feels, will affect many small consumers who will pay more for their power, perhaps a few cents a month. It was the opinion of the West Ward representative that the whole matter should be left over for a month or two to give the citizens an opportunity to study the whole matter. He even went so far as to make an amendment to this effect, but found no supporter.

As a matter of general information, Alderman Gelinis gave figures showing that during the past seven months, that is from the beginning of the year until the end of July, the electric department had contributed or credited \$100,675.47 to the municipal tax department, whereas the contribution from the gas department had been \$3,049, making amounts: \$12,193.41 added to the five per cent. reserve fund; \$31,440.73 being the contribution to the two mills tax fund; \$2,333.33 for office rental at the City Hall; a receipt for \$40,833.33 charged to the city for street lighting and for public places; \$875 for grants to various sporting activities and for ice lighting for the public skating rinks, and \$12,990.67 still standing in the cash account which can be passed to the general fund, or paid to the bank for borrowings.

Speaking on the new rates Alderman Langis did not agree as soon as taken by his confere from the west ward. Alderman Langis said that the electric department was one of the city's main sources of tax revenue and at the present time the city needed all the revenue it could get. He said that the conditions warranted it and it was possible the rates could be lowered, he thought, although he did not believe that people were cutting down on the electric power consumption because of the question of rates, but rather because they were short of revenue and, like the city, had to curtail expenditure as much as possible.

The present rate for electric power in the homes of the city is six

TRUCK DRIVER WAS VICTIM OF TRAGIC MISHAP

Twenty-One Year Old Herman Pellerin, of St. Remi, in Critical Condition as Result of Accident Near L'Avenir.

Drummondville, Aug. 23.—As a result of being dragged by one foot, which became caught between two logs on a truck, and his head and shoulders striking against the hard pavement as his brother, unaware of his plight, drove the truck and could not hear the moans of the injured man, twenty-one year old Herman Pellerin, of St. Remi, is in a serious condition today. Apart from a fracture of the spine, the unfortunate youth is also suffering from other serious injuries and his condition is regarded as critical.

The accident occurred late last evening on the highway near L'Avenir. Young Pellerin was riding on the back of a covered truck which his brother was driving. In some way the young man in the rear lost his balance, and as he fell from the truck his foot became caught and he could do nothing to free himself.

How long he remained in this position is not known. His brother proceeded at the usual pace and was unaware that anything was amiss until a passing motorist saw the youth, still hanging by his foot, and notified the driver of the truck. A doctor and ambulance were summoned from Drummondville and the injured youth immediately rushed to the hospital here.

HON. ERNEST LAPOINTE IS RECOVERING

Quebec, August 23.—Advices from his summer home at Riviere du Loup are to the effect that Hon. Ernest Lapointe, former Minister of Justice, was rapidly recovering from the shock and slight injuries sustained in an automobile collision on Sunday on the highway on the South Shore.

JAPAN MAINTAINS RIGHT OVER SMALL ISLAND GROUP

Claims Made in Note Replying to Recent French Communication which Set Forth Sovereignty Over Islets in China Sea.

Tokyo, Aug. 23.—The Foreign Office announced today that, contrary to French objections, Japan claims sovereignty over nine small islands in the China Sea.

The claims were made in a note replying to a recent French communication which set forth the determination of France to maintain sovereignty over the islets.

Japan wants the little coral islands because of guard and phosphate deposits.

A recent despatch from Paris said France plans to place lighthouses and buoys on the islands with no idea of developing naval bases on them, and that Japan can present her case to The Hague tribunal.

TRAINMEN RESPONSIBLE FOR WRECK EXECUTED

Shanghai, Aug. 23.—Three trainmen whose alleged carelessness resulted in a wreck between Kiukiang and Nanchang that caused between thirty and fifty persons to be killed or hurt were executed today by

PARLEY STUDIES ESTABLISHMENT OF INTERNATIONAL WHEAT BOARD

Advisory Body to Supervise Reduced Production and Increased Consumption Would Embrace Both Importers and Exporters—Establishment of World Price Level Brings Difficulties—Several Nations Still to Reply to Limitation Convention.

London, August 23.—The committee of the World Wheat Conference today completed the draft of a report on the establishment of an international wheat advisory board, ready for submission to the full conference which reassembles at Canada House late this afternoon, under chairmanship of Premier R. E. Bennett.

This committee and the other committee set up by the World Conference on Monday, the latter struggling with definition of a fixed world price for wheat, went ahead on the assumption that an agreement will be reached shortly between the principal wheat exporting and importing nations looking towards restoration of world wheat markets.

The technical committee found the going hard, but also expected to have a draft report before the conference resumed. After two lengthy sittings it still found itself unable to determine a world price level for wheat. The price level is a necessary part of the contemplated agreement, for importing nations are being asked to reduce their customs tariffs on wheat accordingly as the world price rises. This afternoon the conference

A MOTOR TRIP VACATION ENDS IN A TRAGEDY

Mother, Two Young Children and Her Two Sisters Instantly Killed when Car Was Struck by Train at Level Crossing.

Chesterston, Ind., Aug. 23.—The auto-trip vacation of Mrs. Catherine Mary Masson, of Ponoka, Alta., her two young children and her two sisters, had ended today in death.

A New York Central mail train speeding at seventy-five miles per hour struck their light sedan at a level crossing near here yesterday and brought instant death to the five occupants.

Besides Mrs. Masson, wife of a Ponoka garageman, the victims were: Kenneth and Marie Masson, ages eight and ten years, respectively. Madeline and Christine MacDonald, both school teachers.

Reconstructing the accident, rail officials said the Masson car had been halted at the double-track crossing while a freight train rumbled by. The speeding mail train, rolling in the opposite direction on the second track, was not noticed until the auto had been started up again and was on the crossing. So terrific was the impact, wreckage was strewn for a quarter of a mile.

A newspaper clipping found in the luggage of the victims related that the five had left Alberta on July 1st on the vacation trip. After visiting relatives at Antigonish, N.S., where Mrs. Masson and her sisters formerly lived, the party proceeded to Chicago for the World's Fair. They were en route home at the time of the crash.

Contracts found in the wreckage showed Madeline MacDonald planned to teach school at Ponoka this year, and Christine at Edson, Alta.

LINDBERGH IS OPTIMISTIC OVER PROPOSED AIR ROUTE

Believes It Will Be Technically Possible to Establish North Atlantic Air Route to Europe Within Two Years.

Reykjavik, Iceland, Aug. 23.—Colonel Charles A. Lindbergh believes it will be technically possible to establish a North Atlantic air route to Europe within two years.

With good planes and experienced pilots, he said, flights will be practicable under any weather conditions, but there is the question whether the route would be feasible financially at present.

Colonel and Mrs. Lindbergh are making an aerial survey of possible routes. They flew to Eski Fjord, eastern Iceland, yesterday, flying over most of the island. They insisted they had no pre-arranged itinerary. Trips in this vicinity, the Colonel said, were the most enjoyable he had made.

The supply ship Jelling has deposited gasoline stores in five depots in Greenland to be used in survey flights next summer.

Special features have been provided for each of the three days, and today and tomorrow are expected to witness record attendances. After one hundred and five years the Bedford Fair has made a name for itself, and each fall many former residents of the town and their friends make it a special point to be on hand. Their support and encouragement is not only appreciated by the officers and directors, but is also an inducement to make the Bedford Fair bigger and better as time goes by.

The following are the officers of the Bedford Fair: J. A. Brouillette, president; Farnham; G. R. Ellis, vice-president; Cowansville; W. J. Gendron, Bedford; H. H. Haver, Cowansville; O. C. Selby, Dunham Village; E. Messier, Stanbridge Station; H. Monaghan, Clarenceville; A. LaFrance, Pike River; E. Godreau, Farnham Township; J. A. Brouillette, Farnham; G. B. Ellis, A. Cowansville; J. A. Eccles, Sweetsburg; Adam Clark, Dunham; Zephir Campbell, St. Sabine; H. R. Padden, St. Thomas; E. C. Knight, Stanbridge East; Edson Thomson, Freilighsburg; P. E. Outier, St. Armand East; W. Bradley, St. Armand West; Jas. Symington, Phillipsburg; J. O. Poutre, St. Ignace; F. Fontaine, Notre Dame; L. Rocheleau, Council Agri-culturist, and Paul Gingras, Agri-culturist.

The honorary directors are: S. A. Short, Clayton Ingalls, J. M. Hill, E. F. Currie, H. M. Ingalls, W. N. Martindale, T. Oullette, A. C. Collins and Dr. F. H. Pickel, M.P.

The patrons are: D. B. McAuley, Kenneth T. Dawes, Hon. Senator Donat Raymond, Col. Herbert Molson, Alex. Sautette, M.L.A., Hon. Richard Godbout, Minister of Agriculture, G. H. Montgomery, K.C., B. A. Cameron, Hon. R. F. Stockwell, Provincial Treasurer, and Louis Gosselin, K.C.

The higher number would apply if Soviet Russia agrees to join in. So far, it is stated today, Soviet Russia has not formally assented, nor has she definitely agreed to accept the exporters' plan for limitation of production.

PREMIER BENNETT REFUSED TO COMMENT ON LIBERAL VICTORY IN NOVA SCOTIA

London, Aug. 23.—Premier R. B. Bennett, who is chairman of the World Wheat Conference and expects to return to Canada shortly, was asked today if he cared to offer any comment on the defeat of the Conservative government by the Liberals in Nova Scotia yesterday.

"No," was Mr. Bennett's reply.

GANDHI UNCONDITIONALLY FREED FROM YERODA JAIL

Poona, India, Aug. 23.—Mohandas K. Gandhi was unconditionally released from custody today.

The frail Nationalist leader in the eighth day of his fast in protest against the government's refusal to grant him privileges to carry on his campaign in behalf of the untouchable class.

Because he steadily was growing weaker, he was removed to the civil hospital recently from Yeroda Jail, where he had been serving a one-year sentence for civil disobedience.

PROBLEM OF LABOR ORGANIZING MENACES INDUSTRIAL RECOVERY

Many Employers Take Definite Stand Against Closed Shop Policy, While Men Are Opposed to "Company" Union Proposals—Administrator Warns Against Hasty Action by Local Blue Eagle Campaign Committees—Endeavoring to Provide Added Credit for Manufacturers and Merchants.

Washington, Aug. 23.—Four of N. R. A.'s biggest jobs were completed today—the tasks of finishing fair practice agreements for coal and automobile, solving the retailers' competitive problems and untangling labor's status in the recovery movement.

At the same time, recovery officials were set to dig into a code for the women's dress industry, newly drafted in New York by Grover Whalen, the arbiter who brought together warring factions in that trade to stop a strike.

Also in the mill for development was an enterprise of Administrator Hugh S. Johnson to loosen, through the Federal Reserve and the Reconstruction Corporation, the commercial bank credit necessary to finance the higher overhead which factories, plants and stores are assuming under N. R. A. compacts. Fresh credit has not yet become available, he said yesterday, but he was confident that a break would be made.

Overnight, the administrator had acted to keep local Blue Eagle drive committees from assuming authority to remove Blue Eagle posters from windows of merchants violating the terms of the voluntary agreement.

Thomas S. Hammond, director of the campaign, issued an official statement that local groups have not that power, but are invited to try to get a violator to mend his ways voluntarily.

If he refuses, the question must be referred to Washington.

The union question has been brought up such a time by the bituminous coal and automobile codes, with their open shop formulas, that Johnson promised an early statement to clarify just what may and may not be said in industrial pacts beyond the mandatory reservation to labor of a right to free organization for collective bargaining.

The steel industry, after submitting an elaborate company union plan, withdrew it, but with a definite statement that it intended to pursue the policy anyhow in an attempt to have each plant deal with its own men only and not with national union officials.

A large portion of the coal operators want to do likewise, although the United Mine Workers claim to have expanded their membership enormously through non-union territory in the past few weeks.

Automobile code drafters, on the other hand, advanced a declaration that promotion of employees would be made without regard to union or non-union affiliation.

THE WEATHER

CLOUDY WITH SOME RAIN.

Pressure is high in the Mackenzie Valley and over the Eastern States, but relatively low near Lake Winnipeg and over Hudson Bay. The severe Atlantic storm has reached the mainland and is now centered near Norfolk, Va. Moderate to heavy rains have occurred in southern Manitoba and Saskatchewan, and in northern Alberta, and the weather is becoming cool in the west, while from the Great Lakes eastward it has been for the most part fair.

Forecast: Increasing northeasterly winds, cloudy and comparatively cool tonight and Thursday with some rain.

Temperature yesterday: Maximum 86, minimum 48.

Same day last year: Maximum 75, minimum 54.

PERFECT WEATHER AND EXCELLENT FAIR EXHIBITS ATTRACT CROWDS

Majority of Entries at Eastern Townships Fairs this Year of Higher Class than Last Year—One Hundred and Fifth Annual Exhibition of Missisquoi County Agricultural Society Was Inaugurated Yesterday Under Ideal Weather Conditions—Cookshire Has Enjoyed Three Busy Days with Record Attendance.

The annual fall fairs of Bedford and Cookshire are in full swing today, one drawing to a successful conclusion and the other at the height of its enthusiasm.

Yesterday marked the formal opening of the one hundred and fifth annual fair of the Missisquoi County Agricultural Society at Bedford, with the opening day giving every indication of one of the most successful fairs ever held by this wide-awake organization.

Fine weather and a record attendance has featured the Cookshire Fair since its inauguration on Monday.

Both the Bedford and Cookshire Fairs are popular events in their respective districts, and people from far and near make it a point to spend a day or two on "the grounds." Here they find everything that a well-organized fair should provide. While the lighter side of a fair is not without its appeal to young and old alike, attention is centered on the live stock, dairy produce, farm products and other exhibits which are of special interest and importance to this important agricultural and industrial section of Quebec Province.

COOKSHIRE FAIR DRAWS TO SUCCESSFUL CLOSE TODAY

Cookshire, August 23.—Today marks the conclusion of the 1933 Cookshire Fair, which has been a decided success in every respect. The weather on all three days has been all that could be desired, and the attendance spoke well for the popularity which this annual fair enjoys.

The presence of several distinguished visitors yesterday added interest to the activities of the day. These comprised Mr. Rocheleau, of the Quebec Council of Agriculture; Alfred Wood, president and editor of the Sherbrooke Record; C. B. Howard, M.P., Sherbrooke; W. J. Duffy, M.L.A., of Gould; J. A. McClary, of the Lennoxville Experimental Farm, and Col. S. E. Francis, general manager of the Sherbrooke Exhibition.

A happy throng from the militia camp at Bishopton also visited the grounds yesterday. The grand stand attractions were working at top speed throughout the day. The features of the grand stand performance this year include the Highland dances executed by Miss Scottie Biggers, who has had the privilege of giving a command performance before Her Majesties King George and Queen Mary at Balmoral Castle.

Renewing of acquaintances has also been a pleasant part of the Fair, as during this year, as in former years, many visitors are in town for the event. All who visited the 1933 Fair pronounced it a decided success in every respect.

The winners in yesterday's races were: 220 mixed class, 1 Fearless Gay, 2 Rose Aubrey, Miss Scottie time, 2:15, 2:16 $\frac{1}{2}$, 2:17 $\frac{1}{2}$, 2:28 mixed class, 1 Geisha, 2 Gladys Dewey, 3 Peerless Harvester; time, 2:15 $\frac{1}{2}$, 2:16 $\frac{1}{2}$, 2:20 $\frac{1}{2}$.

UNITED STATES RECOVERY PLAN BEING STUDIED

Premier Taschereau Says Provincial Government Is Closely Following Experiment which Is Being Tried Out Across Border.

Montreal, August 23.—While at the local Government offices here yesterday, Premier L. A. Taschereau made it quite clear that the Provincial Government was keeping a close watch on the developments in the United States.

The statement by the Premier followed a question as to the progress of unemployed works in the province, and the possibility of further legislation next session of the Legislature along the line of the act of last session limiting the work hours in industry.

"Is there any intention to have legislation extending this law?" the Premier was asked.

"Oh, I cannot say as to that," replied Mr. Taschereau. "They are conducting an interesting experiment in the United States, in such matters, we notice, and we will see how it will work out there. Will what is being done there be a success? We do not know, of course, but we are watching events. It is better to have experiments made by others than made here. We are following what is going on in the United States, and are interested in knowing what success will crown the efforts being made there by President Roosevelt. In regard to unemployment works, we are organizing, and are in correspondence with Ottawa."

The Premier's attention was also called to a report that certain of Montreal deputies were dissatisfied with the situation Montreal, and intended making their views known in no uncertain manner to the Premier. To this Mr. Taschereau replied that he knew of no dissatisfaction in the Liberal ranks, and added that up to the present no representations indicating such a state of mind had been submitted to him.

Sherbrooke Daily Record

Established Ninth Day of February, 1857, with which is incorporated the Sherbrooke Gazette, established 1836, and Sherbrooke Examiner, established 1874.

Published Every Week Day by the Sherbrooke Record Company, Limited, at their publishing house, 69 Wellington Street North, in the City of Sherbrooke.

With exclusive franchise of Canadian Press, Associated Press, and Reuter's European News Service. Members of the A. B. C. with circulation audited and guaranteed.

Subscription: 75c a month, delivered in any home in the city and suburbs. Post Office delivery to any place in Canada, Great Britain or the United States \$3 per year; three months, \$1; one month, 40c. Single copy 5c.

ALFRED WOOD, President and Editor. GORDON MILLER, Managing Editor. C. P. BUCKLAND, Advertising Manager.

THE MELODY OF A WOMAN'S CAREER.

There is no finer outlook for a maiden, Than to meet her beloved, And create a home, in which he finds it sweeter to stay, And losses, Any desire to roam. Where downy heads, Flowering of her dreams, Rest on her bosom. In whom will spring her odds and ends of talent, And be trained To use them. For she who would choose the fields of fame, Instead Of a rose-veined cottage, Will find she has sold Her birthright For a mess of pottage.

TABLOID STORY OF WORLD'S FAIR IN SHERBROOKE.

The breadth of the great exhibition in Sherbrooke has often been told. That it stands high in the spread of the news and the prestige it has gained throughout Canada has been beneficial to Sherbrooke and to the Eastern Townships.

This year, special attention is being given to the Young People, the future citizens of Canada, those who will exhibit for the joy of winning and take no thought of the dollar value, just as Herman Trelle, the Wheat King, goes to the Grain Show in Chicago or Regina to establish his supremacy.

A brief recital of the different departments would convince every resident that Canada's Great Eastern Exhibition has a wide educational value for the junior lad of the schools, and for the veteran in life's experience.

The main building is devoted to industries and commerce, to the latest inventions and creations of our industrial kings, and our best known manufacturers.

The housekeeping end of life is told in good form in the Ladies and Arts building, where home beautifying is suggested from the parlour to the conservatory, where all domestic arts are limned for study.

The Children's department is of interest both to the youngsters and to their elders, and the articles displayed show the budding ambition of the boys and girls who are bound to get on in life. It is not just automatic study, but initiative which tells.

The Province of Quebec Handicrafts Exhibit is akin to that of the younger department, but it does show the advance made in the bent of the youth. Here the elders vie with each other in a presentation of their hand-made creations.

Motor models for 1934 will occupy the Automobile Building.

Agriculture, in so far as the fruits of farm and garden and dairying has a large building, which is often overlooked by the visitor who would know better how to choose quality in the markets. Quebec's maple industry has a generous space in this building.

There is a Poultry building, and it is well worthy of an hour's study even by those who are content to know that "eggs is eggs."

Acres of barns are devoted to the exhibition of live stock, and that is one of the truly great and important industries of the Townships.

The Arena marks the heart of the show. From its tankard floor there radiates everything from equine beauty to bovine utility.

Amusements are given attention. Sports, pastimes and shows of all kinds are scattered about the grounds—from the ever-crowded Midway in the north end of the hundred acres of joy to the afternoon and evening performances before the grand stand. There are thrills here and laughter and fun everywhere.

Sherbrooke Exhibition is really the tabloid replica of a World's Fair.

FIVE GOOD ROAD RULES.

Continuous reports of motor accidents, with a weekly toll of lives lost, might be avoided by careful driving. Here are five traffic rules which it would be well to observe, and the neglect of any of which may be perilous:

Keep your mind on the driving, and thus keep the cars in the line of traffic.

Slow down at schools, crossings and street or road intersections.

Signal cars behind when changing course.

Know the feeling of having the car well under control, and be not taken by surprise by unexpected performances.

ObeY traffic regulations, signals and signs, knowing that disobedience may be opening the way for disaster.

Have the car regularly inspected. A car out of

order may be safe with the driver who knows, but with something wrong, which the ordinary driver might not suspect, is always a source of peril.

These are commonplace rules, and do not provide for soft shoulders or other hidden dangers on the highway, but the mere fact of keeping one's mind on the job makes for quick thinking and instant action. It is the cultivation of intuitive response.

FORCED BY TIME TO TELL THE TRUTH.

The day of reckoning comes to them all. Public utilities, which are lauded as tremendous financial successes, are carried along under the fervour of political direction, each year borrowing more money, issuing new mortgage bonds, and each year being held up as models and proofs of the advantage of methods which experienced men of business know to be wrong in principle.

Ontario Hydro has for years been held up as one of the miracles of municipal management.

Recent investigations ordered, and a divulging of the high salaries paid, has resulted in the confession of a deficit. Last year, closing in October, the Ontario Hydro Commission admits to a deficit of \$2,378,366, which deficit was covered by transferring a cross entry from the reserve fund set up in previous years, as surplus earnings.

The Toronto branch of the Ontario Hydro also showed a loss of \$329,000.

Encouraged by the expressed rage of the insiders who do business with the Ontario Hydro, who fly out at any criticism, and who find thoughtless newspaper support, the Ontario Hydro indulged in an orgy of power buying from new installations. These purchases are now set up as alibis, and the alleged losses are being magnified to again blind the taxpayers to the fallacy of irresponsible management by professional politicians.

The public racketeers gather at the trough of the politicians who would purchase personal popularity with the money of the taxpayers.

The present cost per kilowatt hour in Ontario is 74 per cent. higher than it was in 1929. Whilst in Quebec, under individual direction, there has been a reduction in electric rates.

In Sherbrooke the City Council have adopted the idea that the utilities can be used as a tax-raising hide-out. Instead of a four-cent rate, usual in cities of size, the rate is still six cents per kilowatt hour, plus 12 1/2 per cent. The new rate proposed is a piggy-wiggly puzzle.

EDITOR'S NOTE BOOK.

That the army settled the question of a change in Presidents in Cuba does not bespeak a pleasant time for the present incumbent of that position. No country enjoys being governed by force. Germany fell into the trap of army government, and the Kaiser had to flee his country in the end. An army must be subservient to its people and its rulers, else a country becomes the prey of a despot. Cuba is in an embarrassing position as an Island republic.

Planting less wheat acreage and working but thirty hours a week, is a policy of "do less," which does not appeal to the logic of human endeavour. It may find favour with the man who just naturally hates to work.

"In all my life I have never been tempted to smoke," boasted a nice young man. "Would you believe, it laddie, I have been strengthened by temptation, and can now resist a return to the habit," was his hearer's reply. "Have a chew!"

The new phrase is the "unhappy rich" in place of the "idle rich."

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record. August 23rd, 1903.

F. B. Rollinson, for many years superintendent of the Paton Mills, was the recipient of a handsome present from his fellow workmen on the occasion of his departure from Sherbrooke. Signing the illuminated address were G. F. Newman, H. Ranshousan, A. Haigh, R. Martin and Philip A. Caron.

A number of local citizens waited on the City Council urging the acceptance of the Carnegie Foundation to provide a library in Sherbrooke. Local strife made agreement impossible; the opportunity was lost.

Knowlton Conference received an offer from Judge Samuel W. Foster of the gift of the land for their proposed buildings, together with a cash donation. On motion of Rev. W. H. Stevens and Judge Lynch, the offer was accepted.

Employees of D. G. Loomis and Co., engaged in building the Angus shops in Montreal, presented C. Beacheane of this city, with a gold headed cane on the occasion of his birthday.

Governments of Canada, Newfoundland and Cape Colony opposed the publication of the full proceedings of the Colonial Conference just closed. Australia and New Zealand favored their being made public.

At the Brome Deanery Ministerial Association meeting the following clergymen stationed in the district were present: Rev. Rural Dean Carmichael, Revs. E. P. Judge, N. P. Yates and I. M. Coffin.

House, outbuildings and livestock on Antoine Biron's farm at Stoke were destroyed in a fire caused by lightning. Damage exceeded \$5,000.

Lieutenant-Governor Sir Louis Jette left for London to act as Canadian representative on the Alaskan Boundary Commission.

Jamaican Government sought a loan of \$1,250,000 to assist planters who had their property destroyed in the recent hurricane to re-establish themselves.

Among those returning from vacations spent at the seaside were Mayor William and Mrs. Farwell, and A. M. Edwards.

Protest arose over the action of a Halifax hotel in refusing admission to a colored clergyman who was to address a ministerial gathering.

John Willis Sayre, a Seattle newspaperman, completed a trip around the world in 54 days, nine hours and 42 minutes, a new record.

The band concert at Elmwood Park did not meet with the approval of the summer residents, bears, pigs and cats being imitated by the listeners.

Samuel J. Parks, first labor union racketeer, was convicted in the New York Courts for his activities. Hostesses at the tennis club tea were Mrs. R. N. Robins, the Misses Bradford and Miss Kathleen Hurd.

WHEAT HARVEST IS BOOSTED BY IDEAL WEATHER

Threshing Becoming General in Manitoba, with First Wheat Returns Showing Remarkable High Grade.

Winnipeg, August 23.—Perfect weather during the past two weeks has given Manitoba a percentage of eighty-seven for wheat harvested to date, it was stated by J. M. McKay, general agricultural agent, in his weekly report of the Canadian Pacific Railway.

Saskatchewan follows with forty per cent. under the knife and Alberta with fifteen per cent., the greatest progress reported in central and southern districts, and the total proportion being in advance, late year. Considerable threshing and some combining are under way and in Manitoba it is expected that threshing will be general by the end of the week. Quality of grade, says the report, is remarkably high, with yields of wheat returning from thirty to thirty-five bushels.

A large percentage of wheat has graded number 1 hard and No. 1 northern.

Southern areas report harvesting of comparatively light stands of coarse grains in many districts, with considerable acreage being cut by mowers for feed and in several localities to lessen the work of grasshoppers, which in some instances have attacked grain in the stock. Generous precipitation would be welcome everywhere on the prairie to improve fodder in a pasturage situation now causing anxiety.

The Peace-River district has crops filling well and ripening fast. Cutting has begun at a few points and is expected to be fairly general by the end of next week with prospects continuing favorable.

ROCK ISLAND AND DERBY LINE

Under ideal weather conditions the Guild of Christ Church held a lawn social and supper at Mr. T. C. Munroe's cottage at Eagle Point, Lake Memphremagog. Over two hundred visitors and guests gathered at this picturesque spot for this annual event. During the afternoon, bridge and five pin were played.

Mrs. Munderloh's cottage and a quilt raffied, which the members of the Guild had been working on for some considerable time. This was won by Mr. Herbert, of Montreal, a summer resident of this place.

The receipts for the day amounted to one hundred and twenty-five dollars. The event was a decided success. The organizers took the occasion to thank each and every one who had helped in any way to make the day a success.

Rev. W. de Gruchy left on Monday for Montreal and expects to take further treatment.

Mr. W. Herbert, of the Butterfield staff, is away on a two weeks' vacation.

The sympathy of the community is extended to Miss Jean Beaton in the death of her mother, which occurred recently.

Miss Beulah Stevenson, of the Butterfield office staff, is having her annual vacation and is staying at her summer cottage at Lake Park.

Mr. and Mrs. Everett Hamm, former residents of this place, are spending a few days in town.

Mr. and Mrs. T. A. Goodsell and Miss Currie Goodsell were guests of friends in Waterville on Sunday.

The International Band gave a concert in the band stand at Library Square which was greatly appreciated by the crowd that had gathered to hear the programme.

Mr. and Mrs. Tilton, Mr. John Tilton, Miss Mary E. Tilton and Mrs. Clara Jenkins attended the field day at the Wales Home and were guests for the day of Mrs. Jenkins' niece, Mr. Harry Hunter and Mr. Hunter, at Richmond.

Mrs. M. C. Standish and daughter, Sybil, are spending the week at their summer home, between Coaticook and Hillhurst.

Mr. C. E. Converse, of Grand Rapids, Michigan, has been staying for some time with her brother, Mr. J. L. Converse.

Mr. and Mrs. Henry Black, of Washington, D.C., were recent guests of Mr. and Mrs. Nelson C. Bourke, Derby Line, at their summer cottage at Cedarville, Lake Memphremagog.

Mr. J. Eaton, who recently returned from the Royal Victoria Hospital, Montreal, is gaining favorably.

Mrs. Harold French, of Providence, R.I., was a visitor last week at the home of Mr. and Mrs. J. L. Converse.

The funeral of Mr. Charles Wheeler was held at the house on Friday afternoon, August 11th, and was largely attended. Rev. F. Waldron and Rev. C. W. Shattuck conducted the service.

Mr. and Mrs. Charles Adams, Derby Line, were week-end guests of Mr. and Mrs. George Bullis at their summer cottage at Lake Lister.

Mrs. Francena Allen has gone to Greensboro, Vt., to visit friends for an indefinite time.

STANSTEAD

Miss Clara Brown and Mr. Edwin J. Brown, of Sherbrooke, have been visiting their aunt, Mrs. Harry Farrow.

A party of eighteen ladies and gentlemen from Hyde Park, Vt., motored to Dufferin Heights Golf Club recently for a day. Among the party were Mr. Raymond and Mr. Kellogg, Mt. Vernon, N.Y.; Mr. J. H. Van Horn, Washington, D. C.; Mr. Elmer Borgart, Mt. Vernon, N.Y.; Mr. Thomas Blair, Hyde Park, Vt.; Mr. T. J. Williams, Hyde Park, Vt.; Mr. and Mrs. C. I. Toller, Naugatuck, Conn.; and Mr. and Mrs. G. M. Hart, Hyde Park, Vt.

Miss Cummings, of Coaticook, was a visitor in Stanstead.

Mr. and Mrs. J. R. "kins, Cam-

bridge, Mass.; Mr. Robert Kingsley, and Miss E. M. Kingsley, Boston, were visitors in Stanstead.

Mr. and Mrs. Templeman, Montreal; Mr. Ronald Young, Pittsburgh, Penn., were guests in Stanstead.

The ladies of the Dufferin Golf Club held a two-club competition, a mashie and a putter club, eight-teen holes, on "Ladies' Day," Mrs. Homer Worthen won the prize, handing in a card of 111 for the eighteen holes.

Dr. Schurman, Dr. Gage and Messrs. R. J. Bigelow and T. E. Lewis, of Newport, were in Stanstead recently.

Mr. Fred Scott, of Stanstead College, has returned from a trip abroad. Mr. Scott won a fellowship, which entitled him to a two months' stay and travel, visiting educational centers in Europe.

Rev. Dr. E. G. Lipsky, district superintendent of the Vermont Episcopal churches, was in Stanstead, accompanied by Mrs. Lipsky, on Friday, when he presided at the Jason Lee memorial service held in Centenary United Church.

Mr. and Mrs. Norman Flint and daughter are spending their vacation in a cottage at Ayer's Cliff, and enjoying golf at Dufferin Heights.

Mrs. Elwin Reinhan attended the garden party at the residence of her cousin, Dr. A. N. Dupuis at Coaticook.

Mrs. Riley Hearne, of Montreal, has been a guest of the Misses Bissonnet during the past week.

Misses Bissonnet and their guest, Mrs. Hearne, enjoyed a motor trip to Drummondville and other points of interest in the townships, returning to Stanstead by Lake Champlain.

Mr. and Mrs. Alden Peasley and Mr. and Mrs. Lee Wood and son, David, are camping at Dr. Burns' camp at Peasley Pond.

SAND HILL

Neighbors and friends to the number of over fifty gathered at Warner Bros. recently to help repair the barn, which was very badly damaged by the heavy wind storm on August 1st.

Recent visitors at Mr. and Mrs. E. C. Hemming's were: Mr. and Mrs. Vernon Smith and children, Laura and Leon, of Verdun, Miss Vera Berwick, of Sherbrooke, and Miss Lillian Lake, of Lake's Mills.

Misses M. and M. Hemming spent a week as guests of Mr. and Mrs. Clifford Coates, Birtton.

Miss Muriel Hemming has been a recent guest at Mr. Roy Lake's, Lake's Mills.

The following have been recent guests of Mr. and Mrs. W. T. Hemming, Mr. Hubert Young, Mr. Donald Byham, Mrs. Payne and Misses Marjorie and Margaret Payne, all of Sherbrooke; Mr. and Mrs. Suffolk, of Lennoxville, Miss Charlotte Ross and Mr. Harry Haddon.

Mrs. H. Wood and Master Edward Wood, of Montreal, spent a week as the guests of Miss Ruby Copping. Mr. H. Wood, of Montreal, spent the week-end at the same home.

Mr. and Mrs. Lalond, of West Shefford, were recent guests of Mr. and Mrs. John Copping.

Mrs. Wheeler and Mrs. Maxwell Derby and children, of Nevan, Mrs. L. Littlejohn, of Lennoxville, and Miss Bernice Hodgeman, of New York, were recent guests of Mrs. C. Caswell.

EATON CORNER

Mr. and Mrs. C. W. Chute and Mrs. Idelia Rogers were guests of Mr. and Mrs. Smedley Willard at East Angus.

Mr. and Mrs. C. W. Chute were recently in Sherbrooke.

Miss Florence Fuller, of Nutley, N.J., was a guest of Mr. and Mrs. Charles Plead and called on other relatives.

Those who recently entertained the Guild of St. Andrew's Church were Miss Alma Clark, Mrs. George Martin and Mrs. Robert Statton.

Mr. and Mrs. Smedley Willard, of East Angus and Mr. and Mrs. Gladwin Blodgett and two children, of Sand Hill, were guests of Mrs. Idelia Rogers.

Recent guests of Mr. and Mrs. J. Winslow included Mr. O. Thomp-

son, Miss Ethel Thompson, R.N., of East Clifton, and Mr. Leslie Warner, of Sherbrooke.

Mr. and Mrs. I. O. Glenn, Mr. Alex Glenn, Miss A. A. French and Mr. Gerald French accompanied by Mr. Allan Boyd, of N.Y., motored to Quebec City.

Mrs. Moody, of Stanstead College, spent a recent week-end as a guest of Mr. and Mrs. Charles McGilton.

Mr. and Mrs. Charles McGilton and Mrs. J. G. Hall accompanied Mr. and Mrs. L. G. McGilton and two sons, of Stanstead, on a motor trip to Hemmingford recently, where they were guests of the former's daughter, Mrs. Donald Orr, and Mr. Orr.

Mrs. Wm. Willis, of Sherbrooke, Miss A. Wright, of Montreal, and Mrs. V. Hurley and daughter, Anne, of Sawyerville, were recent guests of Mr. and Mrs. C. H. Picard.

Mrs. C. H. Picard and daughter, Elva, were in Windsor Mills recently.

Mrs. N. Todd and Miss A. E. Todd of Compton, Mr. and Mrs. Richard Smith and Miss K. Smith, of Waterville, were calling on friends here recently.

Friends of Mrs. Florence Coates regret to learn that she is confined to her room suffering from bruises sustained in a fall.

Mrs. Edgar Hodge is ill and under the care of Dr. Beaton. Her friends wish her a speedy recovery.

Mrs. Alex Innes and family have returned to Montreal, after spending two months at her home here.

Mrs. O. F. Bailey was at Moe's River recently calling on Mr. and Mrs. F. Heselton and her grandfather, Mr. James Sharnum, whose condition shows little improvement.

HATLEY

Miss Effie M. Tuttle and her friend, Miss Fraser, have returned from attending the World's Fair in Chicago, where they remained five days. On their return trip a stop-over was made at Detroit. While there a sight-seeing trip was taken among the places of interest seen when the Ford automobile factory. From here a boat trip was taken across Lake Erie to Buffalo, thence by motorcoach to Niagara Falls, where another stop-over was made. The falls are always entrancing, but when the great batteries of light give forth their electric illumination on these mighty cataracts at night it is a sight never to be forgotten. The tour continued by rail down by the whirlpool rapids to Lewiston, where the boat was taken for Toronto. They then journeyed by boat to Prescott, where they changed boats for a smaller one in order to descend the rapids on to Montreal and home.

Mr. and Mrs. H. H. Brown, who for the past seven years have resided in Barre, Vt., but who have been passing the summer at their home, "Cottage Farm," were accompanied in their car by Mrs. Pelier and Mrs. Hethington to Rock Island, where they attended the annual meeting of the Stanstead Township Historical Society, held at "Lee Farm," which proved a delightful occasion.

Mrs. Heselton, of Moe's River, with her niece, Mrs. Bailey, of Eaton Corner, were tea guests at "Rubicon Farm," the Sharnum home, on Wednesday.

On Wednesday afternoon Mrs. W. A. Hodge entertained the fortnightly session of the Women's Association of the United Church, with tea served at the usual hour.

Extensive repairs are now in progress upon the kitchenette in connection with the Memorial Hall at the United Church.

WATERVILLE

Mr. and Mrs. A. L. Blier entertained at a dinner party at their home, "Three Elms," on Saturday in honor of their daughter, Miss Alberta Blier, and Mr. Blier's brother, Mr. Albert Blier, the occasion being their birthdays. Covers were laid for twelve, and the table decorations were carried out in green and white. Games were then enjoyed, when Miss Rhoda Beckett was the prize-winner. Following this Mr. and Mrs. Blier, accompanied by their guests, went on to the Waterville Golf Club to attend the fortnightly tea.

Mrs. William Moir, Mrs. D. W. Ayer, Miss Bertha Parkinson, Win-

nifred, Mildred and Rita Smith and Jillian Moir were hostesses at the tea at the Waterville Golf Club on Saturday evening. The tea table was presided over by Mrs. Moir and Mrs. Ayer. The clubhouses looked very attractive, quantities of sweet peas, marigolds and nasturtiums, being used as decorations.

The Boy Scouts who, under the leadership of Rev. V. G. Rose, have been in camp at Woodland Bay for two weeks have returned home.

Mrs. John Tonkin arrived home on Saturday from Chicago, where she attended the World's Fair. En route for home, Mrs. Tonkin spent a few days in Toronto.

Mr. C. A. Swanson, Mr. and Mrs. W. G. Libby and Miss Gladys Swanson spent a recent Sunday at Libbytown, where they visited at the home of Mrs. Davidson.

Mr. and Mrs. E. Frost and son, Gerald, of Lennoxville, were week-end guests of Mr. and Mrs. A. G. Watta.

Mrs. Warren Gale and children, Bobby and Peggy, have returned home after spending three weeks at their cottage on Lake Memphremagog.

Mrs. E. Hammond, of Philadelphia, Penn., was a week-end guest of her son-in-law, and daughter, Mr. and Mrs. Harold Loomis.

Mr. and Mrs. Goodsell, Miss C. Goodsell and Mr. Edgar Hill, of Rock Island, were calling on Mrs. E. W. Nicholson on Sunday.

Mr. and Mrs. Oliver Alexander and daughter, Caroline, of Detroit, Mich., and Mr. W. Alexander, of Sherbrooke, were in town on Friday, calling on friends.

Miss Thelma Loomis is in Montreal visiting her uncle and aunt, Mr. and Mrs. C. Loomis.

Mrs. Thomas Gerrard is in Milan, where she is a guest of her daughter, Mrs. G. McDonald and Mr. McDonald.

Miss Marion Colquhoun, R.N., of Montreal, is a guest of her parents, Dr. P. Colquhoun and Mrs. Colquhoun.

Misses Annie and Gwyn Harden were in Moe's River visiting relatives recently.

Miss N. Webster, of Lennoxville, was a guest on Friday at the home of Mr. and Mrs. H. R. Webster.

Mrs. J. A. MacNaughton accompanied her daughter, Mrs. Wesley

Nichol, of Lennoxville, to North Hatley, on Saturday afternoon, where they attended the funeral of Mrs. Robert Little.

Miss K. Nicholson and Miss Pearl Longstrong spent a day in Cookshire as guests of Mrs. E. J. LeFebvre.

Mrs. G. McDonald has gone to Bury, after spending some time in town visiting at the homes of Mr. and Mrs. F. A. Fisk and Mr. and Mrs. W. Bernard and other relatives.

Miss Ruth Gerrard, nurse-in-training at the Sherbrooke Hospital, visited her parents, Mr. and Mrs. T. Gerrard on Sunday.

Mr. John Cox and Mr. Reginald Wilson, of Huntingville, were guests on Sunday at the home of Mrs. E. K. Wilson.

Mr. and Mrs. George Sylvester and son, Guy, were in Beecher Falls, Vt., recently visiting relatives.

Miss Anna Snow, of Coaticook, was a week-end guest at the home of Mr. and Mrs. H. R. Webster.

Mr. Clarence Wilson, of Massachusetts, was a guest of his grandmother, Mrs. C. W. Jiggins, on Sunday.

Mr. and Mrs. P. A. Parsons were in Beebe recently visiting at the home of Mr. and Mrs. Martin.

Miss Janet Robitaille is spending two weeks in St. Johnsbury, Vt., visiting her uncle and aunt, Mr. and Mrs. Roy.

Bishop's College School

Political Rally

at Stanstead

Saturday, August 26th, 1933

7 p.m. Standard Time.

In the Skating Rink at Stanstead the friends of John T. Hackett, M.P., have arranged an open meeting to which all ladies and gentlemen are cordially invited.

The Speakers of the Evening are:

The Hon. R. J. Manion, M.P.

Minister of Railways and Canals.

The Hon. H. H. Stevens,

BOSTON BRAVES ARE TODAY THE BIG SENSATION

Moved Up Another Notch to Second Place in National League Race Yesterday on Wings of Their Seventeenth Victory in Twenty-One Games.

New York, Aug. 23.—Lightning seldom strikes twice in the same spot, but National League contenders, harking back to 1914, are casting an apprehensive eye on the exploits of the Boston Braves.

There is still a long hard struggle ahead of Bill McKechnie's hopefuls before they can rival the feat of the Braves of nineteen years ago who climbed from last place on July 4 to win the pennant and then the world series in successive games from the Philadelphia Athletics. But it is not impossible.

Their fourth straight triumph over Pittsburgh Pirates and their seventeenth victory in twenty-one games yesterday sent the Braves flying into second place, seven games behind the New York Giants. McKechnie's crew was in fifth place when their winning streak began twenty-four days ago.

Wally Berger's twenty-second homer in the fourteenth inning gave the Braves their five to four decision over the Pirates yesterday and ruined what otherwise was an all but perfect job of relief pitching by the veteran Waite Hoyt. Going to the mound in the fourth after young Hal Smith had given way to a pinch hitter, Hoyt walked the first man to face him, then set down twenty-five batsmen in order before Lee singled with one down in the twelfth. Hoyt then got the next five men in succession, but Berger broke up the ball game with none out in the fourth.

Fred Frankhouse went the route for the Braves and allowed only ten hits, blanking the Corsairs over the last nine frames.

Sharing the headlines with the Braves were the Detroit Tigers, who snapped the winning streak of the Washington Senators with a thrilling ten to eight triumph. Washington twice overcame the Tiger leads, but Detroit finally won out in the ninth when Hank Greenberg, big first baseman, doubled a third with one and two men out. The Senators' defeat, coupled with the New York Yankees' victory over the Cleveland Indians, clipped Washington's American League lead to seven and a half games.

A triple by Bill Dickey in the ninth followed by a single by pinch hitter Joe Sewell enabled the Yankees to nose out the Indians by four to three. Veron Gomez allowed only four hits and fanned ten, and should have had a easy victory over Mel Harder except for his own wildness. He walked three men in the fifth when Cleveland scored two runs and uncorked a wild pitch in the eighth that put Earl Averill in a position to score the tying run on "Bad News" Hale's double.

Home runs by McNair, Higgins and Finney helped the Athletics turn back the St. Louis Browns by seven to six, while the Chicago White Sox took two games from Boston by eight to one and four to nothing. Ted Lyons allowed seven hits in the opener and Joe Heving only six in the shutout.

YESTERDAY'S GAMES NATIONAL LEAGUE Boston 5, Pittsburgh 4. Fourteen innings. Only one game scheduled.

AMERICAN LEAGUE Detroit 10, Washington 8. New York 4, Cleveland 3. Philadelphia 7, St. Louis 6. Chicago 8, Boston 1. Chicago 4, Boston 0.

INTERNATIONAL LEAGUE All yesterday's games postponed on account of rain.

Table with columns: W, L, P.C. for various teams like Newark, Rochester, Baltimore, Toronto, Buffalo, Albany, Montreal, Jersey City.

Table with columns: W, L, P.C. for various teams like Washington, New York, Cleveland, Philadelphia, Detroit, Boston, St. Louis.

Table with columns: W, L, P.C. for various teams like New York, Boston, St. Louis, Pittsburgh, Chicago, Philadelphia, Brooklyn, Cincinnati.

NO CHANGES IN "BIG SIX" STANDING

The battle for second place in the American League's half of baseball's "Big Six" was drawn a little tighter yesterday as Herb Manush connected with three hits in six times at bat and Al Simmons got only one safe blow in two games. As the result, Manush gained two points and Simmons lost four, and today the White Sox outfielder led his Washington rival by only three points. Jimmy Foxx also dropped a point, but his average of .360 still gave him a good working margin. The National League members of the sextette were idle.

The standing to date follows: G. A. B. R. H. P. C. Klein, Phillies . . . 112 450 75 198 .373

TENNIS "QUEEN" IS DISOBEYING DOCTOR'S ORDER

Mrs. Helen Willis Moody Advised by Physician to Rest Until January—Spinal Strain Quite Troublesome, but Otherwise Tennis Star Says She Feels as Well as Ever.

Forest Hills, N.Y., Aug. 23.—If Helen Willis had obeyed her doctor's orders she would not be seeking her eighth United States tennis championship now.

"I was told to rest until January because of my back injury," she said. "I walk slightly crooked now. With a lot of that California sunshine on the beach, however, I expect to recover completely. This spinal strain is quite troublesome, but otherwise I feel as well as ever."

The Californian thinks one of the reasons she dropped a set to Betty Nuthall in the semi-final, on Sunday was because she failed to warm up before the match.

Meanwhile tournament officials looked hopefully for a change in the weather so that the two remaining semi-final matches—one in singles and one in doubles—could be completed today and thus allow the finals to be played tomorrow.

In singles, Helen Jacobs, the defending champion, and Dorothy Round, English star, were to meet for the right to face Mrs. Moody in the final round. In doubles Mrs. Moody and Elizabeth Ryan were paired against Miss Round and Mary Healey, survivors to battle Miss Nuthall and Freda James for the title.

PROVINCE HAS BENEFITTED BY GRANCHER PLAN

Thirty Children, Threatened with Tuberculosis, Now Enjoying Healthy Life on Good Farms.

Montreal, Aug. 23.—The Grancher system, whereby close to thirty children have been placed with some farmers and their families, is said to be working out satisfactorily. In fact, it is now regarded as an important cog in the back-to-the-land movement in this province.

Speaking on the subject Hon. Mr. David expressed pleasure that the Grancher system was working so well in this province, and notably that one of his ambitions in inaugurating the plan here had gone far in the way of realization. Under the Grancher system healthy children living in homes where they are liable to become infected with tuberculosis because of the condition of one or other of the parents are taken from their homes and placed with farmers in various parts of the province.

Most of the children thus transported so far are in Chateaugay, Terrebonne and Lotbiniere counties. The purpose is that they shall grow up into healthy men and women, and, said Mr. David, it had also been his hope that the farmers with whom the children are placed would become so attached to them as to make them members of the family.

"Reports laid before me indicate that this second object is also being achieved," said the Minister. "The children have become attached to country life, and have no wish whatever to return to the cities, and in a number of cases the farmers have gone to the extent of legally adopting a number of these children. I have not the figures before me, but off-hand I can say that at least between twenty and thirty children have been legally adopted. This is a good kind of colonization."

The Grancher system was brought over from France by Hon. Dr. David, and reports to date show that it is working out excellently in this province. The name comes from the fact that Professor Grancher, now deceased, organized this system of family placement some thirty years ago at a time when public attention in France was turned to the scourge of tuberculosis. The work still goes on in France, but in that country it is done under private initiative on the basis laid down by Professor Grancher. The funds are also provided by private purses. Hon. Dr. David studied the system in France for some time, and came to the conclusion that such a project should be launched in this province immediately, and this was done without waiting for private initiative to start the work.

YESTERDAY'S STARS Outstanding players in yesterday's major league games were Hank Greenberg, Tigers—His homer with one on base in the ninth inning spilled the Senators. Ted Lyons and Joe Heving, White Sox—Allowed only thirteen hits in beating the Red Sox by eight to one and four to nothing. Wally Berger, Braves—Gained a homer in the fourteenth inning to beat the Pirates. Joe Sewell, Yankees—Singled in the ninth to drive in the run that beat the Indians. Lou Finney, Athletics—Collected a homer and a double against the Athletics.

SPORTING NOTES

COTTONS SWAMP MARCOUX SQUAD

In a Ladies' Softball League fixture that had no bearing on the league standing and certainly reflected it in the play, the Sherbrooke Cottons swamped the Marcoux squad at the Parade Grounds last evening by a count of twenty-five to three. And even at that the game was shortened from the regulation seven innings to five by mutual consent of the players and the fans.

Aided by a three-bagger by Florence Drapeau, the Cottons notched up four counters in the first stanza and were never headed.

Florence Drapeau and Paulette Cabana each recorded a home run. The batteries for Cotton Mills were P. Cabana and A. Voisine, with B. Houle and B. Duperron acting for Marcoux.

FIRE HOSE WAS EFFECTIVE IN BREAKING UP BLOCKADE

Marines, Armed Policemen and Mounted Guards Brought into Action Early Today to Quell Striking Bargemen on Seine River.

Confines Ste. Honorine, France, Aug. 23.—Marines, armed policemen and mounted guards broke up a blockade of striking boatmen's barges in the Seine River at dawn today by using high-pressure streams from fire hoses.

The strikers, who seek shorter hours and other concessions, wielded boathooks and, encouraged by cries from their wives and children, stood off attempts to board the craft.

Thirty men, most of them Belgians, were arrested and charged with rebellion.

Gendarmes, aided by marines, thereafter maintained a virtual siege along the river fifteen miles north of Paris to prevent boatmen from forming another blockade.

Three tugboats of marines from Cherbourg and two hundred armed policemen engaged in the encounter. Thirty barges had been strung across the Seine at the confluence of the Oise and tied up the busy canals and rivers for several hundred miles.

The Oise remained blocked. Three hundred bargemen, who went on strike Saturday, were invited to a conference with authorities in an effort to settle the differences.

Operators of the horse and tractor-towed barges protested against competition with more modern motor driven craft, which were allowed to pass through the canals while the others slept.

HUSBAND, BELIEVED DEAD, NOW THOUGHT IN CHICAGO

Woman Since Remarried Requests Police to Investigate Report that Former Canadian War Veteran Is Alive.

Detroit, August 23.—Mrs. Jean Kerr, who remarried six years after her first husband, Cyril Quick, a Canadian war veteran, was reported dead in Miami Beach Fla., has asked Chicago police to investigate a report that he has been found alive there.

Quick disappeared in November, 1925. He was a victim of shell-shock and subject to memory lapses but his wife gave up hope he would return when the body of a man who died in Miami Beach was identified through shrapnel scars and from a photograph of the missing husband.

Two years ago she married John Kerr, with whom she is now living in suburban Royal Oak.

Yesterday, Royal Oak police notified her they had received a letter from Chelsey Quick, of St. Johns, Nfld., a brother of the supposedly dead man, saying Cyril Quick had written to him from Chicago, asking where his family lived. The letter stated that Cyril had just been released from a Chicago hospital where he had been treated for nervous disorders due to his war service.

COLOR AND PLENTY OF IT LATEST VOGUE FOR LADIES

Really Well Groomed Woman Will Have Nail Polish, Lipstick, Rouge, Powder and Hair to Match Her Outfit.

Chicago, August 23.—If your sweetheart or wife suddenly changes opinion on you, do not be surprised. It is the new dictum of cosmetics, beside which an Indian in war paint might appear to be a paleface.

Mrs. M. B. McGravan, president of the American Cosmetics Association, convening here, today said that color—lots of it—was the vogue for faces.

"Faces," she said, "refuse to be left out in the ballyhoo for figures. Plenty of coloring is the new style in makeup.

The coloring won't be chosen to mask the complexion, but to blend with the costume. A really well-groomed woman will enjoy nail polish, lipstick, powder and hair to match her outfit."

SCREEN STAR HAS A SCHEME TO AID THEATRES

Helen Hayes Renounces Hollywood, at Least Temporarily, to Help Along Legitimate Stage, which Is Experiencing Difficult Competition from Hollywood.

New York, Aug. 23.—Helen Hayes has renounced Hollywood, at least temporarily, and in doing so has issued a challenge to all other theatre-trained movie stars to do the same.

"Hollywood should be made to pay its toll to the theatre," Miss Hayes said.

"There are I don't know how many actors, actresses and authors in Hollywood who owe their success contracts to the success they receive in the theatre. They have cashed in on that success in motion pictures.

"To keep the scale balanced those people should voluntarily pay a tax to the theatre, by returning to it regularly, even at the cost of high Hollywood salaries. Citizens pay a tax to the government to maintain schools, and the theatre has been our school—our mother—everything. We shouldn't let it struggle alone, now that death threatens it, without us."

Miss Hayes' decision to end her two-year desertion of Broadway cost her a bonus of four weeks' salary—a sum which runs into four attractive figures—which was offered her to return to Hollywood immediately.

"The loss of that bonus is part of my tax," she said. "I hope to be able to make Hollywood pay the rest of its toll by using the 'movie name' Hollywood has given me to lure into the theatre many people who will attend a play only out of curiosity to see a 'movie star' in the flesh."

"Then they may go to see other plays even though movie stars are not in them. If the George Arlisses, the Ann Hardings and the Lionel and John Barrymores should do the same thing, there would be no need of worrying about the rejuvenation of the theatre. In a year it would be completely rejuvenated."

PRIVATE INVESTIGATOR KILLED MINOR HOODLUM

Self-Defence Plea Entered by Former Informer in Chicago Shooting—Crime Occurred on Street Corner.

Chicago, Aug. 23.—Several hours after a reputed former beer peddler and minor hoodlum was fatally shot as he stood on a street corner today police arrested a former informer for the "Secret Six" anti-crime agency, and obtained his statement that he killed the man in self-defence.

The victim was James Spencer, aged forty-two, and the man in custody is George "Chief" Redston, aged thirty-five, seized as he approached the home of a friend in the hope, he said, of borrowing money to get out of town.

In his confession Redston said he fired after Spencer and three companions had blazed away at him twice.

FOUR YOUNG GIRLS KILLED BY EXPLOSION OF GASOLINE

Woman's Desire to Speed Up Cooking Fire in Lonely Cabin Had Fatal Results.

Salamanca, Aug. 23.—Gasoline poured on a stubborn stove fire in a cabin in Allegheny State Park, was blamed today for a fire which last night fatally burned four Buffalo girls.

The dead girls were Eileen Deinhart, aged eleven; Catherine Frank, aged eight; Gertrude Sexton, aged ten, and her sister, Margaret, aged twenty. Mrs. Bernard Sexton was badly burned about the face and hands.

The four girls were resting on cots in the cabin as Mrs. Sexton prepared to cook the evening meal. She poured the gasoline into the smouldering fire and a sheet of flame enveloped her, forcing her to drop the can to the floor. She ran screaming from the cabin calling for the girls to follow her, but there was no response and it was believed the other occupants were overcome immediately.

KNIFE VICTIM TRIED TO DRIVE CAR TO HOSPITAL

Death, However, Overtook Young Osteopath, and His Motor Crashed into Detroit Store.

Detroit, August 23.—A speeding automobile crashed into the front of a Hastings street store early today and police found the occupant, Dr. Henry G. Noben, thirty-one year old osteopath, had been stabbed to death.

Officers who believed Dr. Noben was wounded by someone who robbed him, and then tried to drive to a hospital nearby. His body was slumped over the wheel. Dr. Nobens' father said his son left home about nine o'clock last night with two men whose names he did not know. His son, he said, had \$15 when he left home. No money was found on the body.

AERIAL SURVEY PARTY REPORT FINDING LAND

Norwegian Experts Somewhat Doubtful of Unofficial Statement About Land Between Greenland and Svalbard.

Copenhagen, Denmark, Aug. 23.—After making an air trip over northeastern Greenland, mapped in 1910 by Einar Mikkelsen, Dr. Laug Koch, veteran Arctic explorer, said "we had an impression of new land, but unfortunately fog prevented clear observations."

This vague statement was not included in Dr. Laug Koch's report to the Governor of Greenland, which is a confirmation of the correctness of Mikkelsen's and Knud Rasmussen's maps of the district and of his own theory that there is a mountain ridge in the area reaching to Danmarkshavn.

Norwegian experts are somewhat doubtful of Dr. Laug Koch's unofficial statement about land between Greenland and Svalbard.

There may be minor undiscovered islands, it was pointed out, but the district is by no means an unknown land since the explorers Wilkins and Eielson flew over the area on a flight from Alaska to Svalbard. Dr. Laug Koch has made a number of expeditions into Greenland in the last twenty years. The current expedition was started in June, 1931.

ACTIVE TRADE IN BABIES REPORTED FROM OKLAHOMA

Tulsa, Okla., Aug. 23.—Miss Helen Schaeffer, director of the Tulsa Children's Service Bureau, said today a fifth baby had been "sold" here.

DO YOUR BIFOCALS DECEIVE YOU?

Do you sometimes miss objects that are right in front of you? Do you see "rainbows" before your eyes? That is because your bifocals were made before optical science discovered the new Ful-vue bifocals that are much better for your eyes and your vision. Let us tell you more about them.

INTER-EMPIRE EXPORTS SHOW UPWARD TREND

Canada's Domestic Exports to Empire Countries in July Had Highest Monthly Total Since October, 1931.

Ottawa, August 23.—Canada's domestic exports to British Empire countries in July totalled in value \$25,417,000 which was an impressive increase of 31 per cent. over July, 1932, and was the highest monthly export to Empire countries since October 1931, stated Hon. H. H. Stevens, Minister of Trade and Commerce. Mr. Stevens returned to Ottawa.

The domestic exports to the United Kingdom in July totalled \$21,393,000 an increase of thirty-two per cent. over July, 1932, and, with the exception of November, 1932, when there was a specially heavy export of grain, it was the highest monthly figure since October 1931.

The increased exports to Empire countries, said Mr. Stevens, were due to heavier requirements by such other countries as India, the British African territories, Newfoundland and Australia.

SUBSTANTIAL GAIN IN JULY TRADE

Ottawa, August 22.—Canadian external trade in July totalled \$87,083,391, made up of \$51,345,011 in exports, and imports of \$35,738,380, 696,651, against a favorable balance this year ago of \$8,597,513, when total trade was \$78,228,855. In July of 1931, total trade was \$98,054,355. Figures covering the month's results have just been issued by the Department of National Revenue.

For the four months of the Dominion's fiscal year, exports have reached a total of \$192,900,770 against \$150,574,434 in the corresponding period of last year, imports at \$122,741,209 for the period compared with \$150,609,284, the result being a favorable balance this year of \$40,159,564, against an excess of imports a year ago of \$34,750, and an unfavorable balance in 1931 of \$27,742,688. Total trade for the period was \$285,641,982, as compared with \$301,183,718 a year ago.

ACTIVE TRADE IN BABIES REPORTED FROM OKLAHOMA

Tulsa, Okla., Aug. 23.—Miss Helen Schaeffer, director of the Tulsa Children's Service Bureau, said today a fifth baby had been "sold" here.

RIVOLI COATCOOK. THURSDAY TO SATURDAY. JOE E. BROWN in "ELMER THE GREAT"

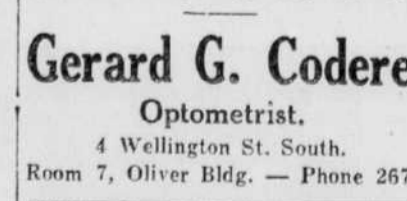

DO YOUR BIFOCALS DECEIVE YOU?

Do you sometimes miss objects that are right in front of you? Do you see "rainbows" before your eyes? That is because your bifocals were made before optical science discovered the new Ful-vue bifocals that are much better for your eyes and your vision. Let us tell you more about them.

recently to pay the hospital expenses of its unmarried mother. Miss Schaeffer, whose discovery that four other infants had been sold for \$70 to \$100 led to an investigation by the State Commissioners of Charities and Corrections, said she expected "to find new cases every now and then."

There is no state law that prohibits such transactions, and foster parents who purchase the children are permitted by law to keep them without a hearing to assure they maintain proper homes.

THREE CHILDREN DROWNED Newport Beach, Calif., August 23.—Three children on a Sunday

School outing drowned in the ocean here yesterday when a strong cross-current whipped shoreward and carried them out beyond their depth.

The dead are Matilda Bennett, 13, Joan Gibson, 14, and Celesta Kerr, 13.

WHAT ONE DOES WITH INCREASED WAGES. Kansas City, Aug. 23.—A mail order house asked its employees to tell what they did with the increased wages they received under the N.R.A. plan. Four replied the salary increase had enabled them to marry; another said he fyled hitherto delayed divorce papers.

Webster Cigar CONTESTS

Important Announcement! It is with regret that the makers of WEBSTER CIGARS announce the discontinuance of their monthly contests on August 31. They hope that circumstances, which make this step necessary, will in future alter to the extent that the contests may be resumed.

The FINAL CONTEST IS NOW UNDER WAY. Be sure to send in your entries on or before August 31.

WINNERS FOR JULY

The total number of cigars on which excise duty was paid in Canada during July, according to the official Revenue Returns was 11,661,814.

- 1st Prize \$200.00 P. M. Hammond, 15 King Edward Avenue, Toronto, Ont.
2nd Prize \$100.00 H. Hanson, Royal Albert Hotel, Winnipeg, Man.
3rd Prize \$ 50.00 J. A. MacDonnell, 2560 Mayfair Avenue, Apt. 12, Montreal.
4th Prize \$ 25.00 George Dea, 216 Percy Street, Ottawa, Ont.
