CIVIL WAR CONDITIONS AT LONDONDERRY--THE FIGHTING CONTINUES

The firing is being maintained with desperate intensity, and business is suspended and postmen are declining to deliver mail—When the troops stop the fighting in one zone, firing breaks out in another—Mob opened fire on the troops this morning—Many more have been killed as a result of the wholesale battles that are going on in the streets.

(Associated Press Despatch)

LONDON, June 21.—Civil war conditions prevail in Londonderry, and the authorities are powerless, it is declared in an Exchange Telegraph despatch from Londonderry this afternoon. Several additional persons were killed in this morning's rioting there, according to this message.

The firing is being maintained with desperate intensity. Business is suspended and the postmen are declining to deliver mail.

When the troops stop the fighting in one zone, the despatch adds, firing breaks out in another.

MOB OPENED FIRE THIS MORNING ON THE TROOPS—ALL BUSINESS AT STANDSTILL AS RESULT OF THE RIOTS

(Associated Press Despatch)

LONDONDERRY, June 21.—Rioting was renewed in this city this morning and resulted in one person being mortally wounded and two seriously hurt. Rifle and revolver firing was almost continuous, and as the people feared to venture out to work, business was at a standstill.

The mob this morning opened fire on the troops. At one o'clock this afternoon the rioting was still in progress.

John Gallagher, one of the men wounded in yesterday's fighting between Unionists and Nationalists, died today, bringing the number of deaths from the present outbreak of party strife up to six.

FIVE PERSONS WERE KILLED AND MANY SERIOUSLY INJURED DURING THE FIGHTING ON SATURDAY

(Associated Press Despatch)

LONDONDERRY, June 20.—During the rioting Saturday night, in which five persons were killed and ten seriously injured, McVeigh, a laborer, was on his way to a butcher's shop when, reaching the end of Long Tower Street, a bullet struck him in the throat. He struggled in a dying condition toward a public house nearby, where he fell. Owing to the fierce fusillade, it was impossible to go to his assistance, but eventually a man rushed through the shower of bullets and dragged him to shelter. No ambulance was available, and an effort was made to carry him to an infirmary on a stretcher. He died on the way.

Farren, the other man killed, was standing in the doorway of his lodging when struck by two bullets. One entered his stomach, proving fatal almost immediately. In the midst of the melee, a man who knocked down a small boy was chased by an angry mob of men and women. He sought shelter in the City Club. Insistent demands for his ejection being ignored, the mob stoned the club. A large crowd assembled in the residential quarter of the city, where the fiercest fighting also occurred. Two girls were among the combatants here. Armed police on duty were compelled to telephone for military assistance. But before assistance arrived, the disorders flared to greater intensity, and the firing by unionists became so heavy that people who had been seeking shelter in doorways were seen to be crawling along the ground to places of safety.

Gradually the unionists gained control of the entire district in the centre of the city, chasing the Nationalists into their own locality. In their retreat, the latter fired volleys into the Masonic Hall, the windows of which were broken. The unionists posted small groups at vantage points and kept up a continuous fire. It was here Price was killed as he entered the doorway of the Diamond Hotel, where he lived. The bullet entered his abdomen, pierced a two-inch door and finally became embedded in a wall.

Price served with an ambulance corps in the Ulster Division throughout the war, having come from America to enlist. He was waiting an opportunity to return. The military arrived in the centre of the city at about eleven o'clock, and an armored car moved to Bishop's Gate, whereupon the rioting subsided, although occasional shots were still heard. The unionists left the neighborhood singing and cheering.

There were scenes of wild disorder also in Waterloo Place, a Protestant quarter, where Nationalists for a couple of hours stopped and examined all persons who attempted to pass. Many shots were fired indiscriminately, and several persons were

LONDON, June 21.—A very serious accident was recorded here on Sunday afternoon at about five o'clock, when the wooden bridge leading from Compton street to Washington street collapsed. SEVERAL WERE BADLY INJURED WHEN THE WOODEN BRIDGE AT COATICOOK GAVE WAY YESTERDAY—AUTO PLUNGED INTO RIVER

(Special)—A very serious accident was recorded here on Sunday afternoon at about five o'clock, when the wooden bridge leading from Compton street to Washington street collapsed. About thirty feet of the bridge gave away, carrying with it one automobile and about twenty people who were on the bridge at the time, to the riverbed about eighteen feet below.

It appears that a baseball game was in progress on the ball grounds on the east side of the bridge, when a collision between two automobiles occurred on Compton street just across the river from the ball grounds. The crowd immediately rushed to the scene of the collision and there were several automobiles and a large crowd on the bridge, which gave away under the weight. The automobile which went down with the bridge was a new McLaughlin machine, owned and driven by Mr. Joyal of Clifton. Mr. Joyal was alone in the car and escaped injury, the car landing in an upright position in about four feet of water, which evidently broke the fall of the car to some extent, as it was not damaged nearly as much as would be expected. Those who were injured were walking across the bridge at the time, and all fell into the river with the broken timbers, but were soon rescued by the large crowd present.

At the present time, owing to the excitement and confusion, it has been impossible to secure the names of all those injured, but among those most seriously injured are Miss Gaupier, hip and leg broken in several places, also head cut, taken to the hospital at Sherbrooke.

Master Dumont, about sixteen years of age, son of Mr. and Mrs. H. Dumont, foot badly crushed and split to the ankle. It is feared that it will be necessary to amputate the foot.

A young man by the name of Grandbols and one or two others are reported to have received broken limbs, but were rushed away from the scene of accident before their names could be obtained.

There were also about ten or twelve others who were thrown into the river and received less serious injuries.

The bridge, which is used but a very little, except on such occasions as when a ball game is on, had been reported to be in bad condition, but as there are only three or four houses on the east side of the river the Council had tried to avoid building a new one at present, and had made some temporary repairs on the east side. This side remained standing and the other cars on the bridge managed to come to a halt and back off in safety. Several watches and other jewellery was lost in the river, some of which was recovered after the corporation teams had pulled the automobile from the river.

THE BOY SCOUT RALLY HELD AT PORTLAND SQ.

(Associated Press Despatch)

LONDON, June 21.—A Con-stantinople message dated Friday reports that an American school near Iamida was entered by Nationalist troops and civilians who sought refuge there were murdered.

At a notable gathering was held yesterday at Portland Square to inaugurate the work of the Boy Scout Campaign in this city, as throughout the entire Province. The day was one of the finest of the summer, and a considerable number of the citizens were assembled on the grassy expanse around the Band Stand, where the G.W.V.A. Band was stationed, and many automobiles were drawn up around the Park.

At three o'clock, the Scouts with pipe and drum, marched up Troop Nos. 2 and 5, under District Scoutmaster P. M. Dennis, assisted by Scoutmasters Giovetti and Harrison; Troop No. 3, Scoutmaster Johnston and Scoutmaster Clifford Tate; Troop No. 4, Scoutmaster Leigh, and Asst. Scoutmaster Conley.

On the platform were Colonel Worthington, C.M.G.; W. E. Paton, Scout Commissioner, and President of the Boy Scout Association of Sherbrooke; Rev. H. Reginald Bigg, Rev. Dr. G. Ellery Read, Rev. T. P. Perry, Captain Davidson, Captain Johnston, Mr. T. J. Parkes and others. A selection was given by the Band followed by the National Anthem, the Scouts standing at attention. Prayer was offered by Rev. T. P. Perry.

A brief, but strong address, was made by Col. Worthington, who was greeted with applause, and after a few humorous remarks spoke of the object of the Scout movement which was to inculcate duty, patriotism and obedience. A Scout, like a soldier, must be ready and willing to obey orders, and to carry out the Scout laws, to be kind and thoughtful at home, above all to be loyal to his country, and to keep the old flag flying. The world, said the speaker, seems to have gone crazy since the war, and it remains for the youth of Canada to set it right. Honor your father and mother, and remember that much depends on you the Boy Scouts of the Empire. Colonel Worthington called for three cheers for the King, which were given with immense

For The Boy Scouts

In a score of cities, towns and villages in Southern Quebec a campaign is in progress this week on behalf of the Boy Scout organizations in the Eastern Townships. The objective is \$10,000 as part of a \$50,000 fund which is being raised in the Province to promote Boy Scout organization during the next five years.

The sum is not large and the cause is worthy. Townships people know enough about the Boy Scout organization to understand something of the benefits that it bestows upon the boys associated with it. It aims to develop them physically, morally and mentally.

During the week representative people in all communities will be called upon to assist in this undertaking. There seems no doubt that this will be readily given.

In Sherbrooke, an office for the week has been opened in the Record Block from which the local campaign will be directed.

Several Were Badly Injured When The Wooden Bridge At Coaticook Gave Way Yesterday—Auto Plunged Into River

TUNISIA SOLVES PROBLEM OF THE HOME BUILDING

Excavations in Rocks Provide Homes for These Modern Cave Dwellers.

(Christian Science Monitor.)

Tunisia, one may reasonably believe, is not bothered by the "housing problem"; not, at any rate, that part of the population which has solved it by living in cave dwellings excavated from soft rock generously provided near the edge of the Sahara. As a writer in the Wide World has recently pointed out and illustrated, there are still many cave-dwellers in different parts of the world, but those in Tunisia seem to have found the greatest degree of comfort and convenience in this kind of dwelling. Instead of building one's house, one excavates it, and so workable is the texture of the rock that the task is easy and the result quite commodious. Usually the dwelling begins with one room, answering the purposes of the courtyard distinctive of Arab houses, and in making this room the individual house-maker exercises his own ingenuity in leaving ledges of the original rock to serve as shelves, bedsteads, or even a table or divan. Then by degrees other rooms are excavated, often with dome-shaped ceilings, and with openings to let out the smoke of the domestic fires. The most impressive of these cave-dwellings are found on the Matania plateau, where the entrance passage is sometimes 10 feet high and leads to a stable for cattle and even camels. Similar tunnels lead to other rooms; lofts are excavated for storage, and the "stairs" consist of footholds cut in the wall which the members of the family ascend with the further help of a rope. Here, too, one finds furniture in the living room, and rugs on the floor, and various household goods and clothing hanging from pegs driven into the soft rock of the walls.

MUCH COMMENT OVER STUDY OF GREEK AT OXFORD

Professors Make Characteristic Remarks Regarding Compulsory Study of This Language.

LONDON, England.—As might have been expected, the decision of Convocation to abolish compulsory Greek at Oxford has produced an after-math of correspondence in the public press. Mr. R. W. Livingstone and Mr. Cyril Bailey, two opposing champions in the university lists, concur in their desire to spread the study of the language in "Greekless areas" and to give greater depth and reality to Greek scholarship in the public schools.

Perhaps the most interesting point of view is that of Mr. Venizelos, when asked what he thought about the abolition of compulsory Greek at Oxford, he replied that he was not at all surprised at the decision, and that he thought it natural and inevitable. "Nor," said he, "am I in the least disappointed. I hope and believe that the study of Greek in England will not suffer as a result. I don't see what good there can be in forcing Greek upon people who don't want to learn it. It rather does harm to the study of the language. I imagine that in future the teaching of Greek will become less extensive and more intensive. A knowledge of Greek will become the privilege of the intellectual aristocracy, but it will be a more thorough knowledge than has been the case in the past."

Prof. Arthur Thomas Quiller-Couch also made some characteristic observations. In his final address for the

GREEKS WOULD ENFORCE TREATY

VENIZELOS SAYS THAT GREEK TROOPS ARE AVAILABLE FOR TURKISH CAMPAIGN.

LONDON, June 21.—During his visit to London to discuss the execution of the Turkish treaty and the position of the Greek authorities at Smyrna, the Greek premier, M. Venizelos, according to the London Times, is believed to have expressed his readiness to place Greek forces at the disposal of the Allies for execution of the treaty. Venizelos, adds the newspaper, is convinced that if the restrictions imposed by the Supreme Council upon Greece were removed she could very quickly reduce the Turkish Nationalists to zero.

term at Cambridge, he remarked that compulsory Greek had now been done away with at Oxford, as well as at Cambridge. For his part, he had no objection to that, because his own instinct abhorred every kind of compulsion, but especially any compulsion practiced on the human mind. If young Englishmen could not be induced to want to know Greek for its own sake, for the ineffable beauty of its literature and the inestimable worth of its content; if we had taught it so stupidly, if we had fenced about its wells and streams, its green walks, and whispering recesses, with deserts of grammar and frontiers of syntax so arid that few any longer wanted to learn Greek—why then we had been in this, as in other things, fools in our generation. Greek was too good for that was all.

RUM RUNNERS ARE ARRESTED

(Associated Press Despatch)

EDMUNDSTON, N. B., June 21.—Three men alleged to be known as boundary "rum runners" are under arrest here, and Mrs. Joseph Garneau, aged fifty years, of St. Hilaire, Madawaska County, is hovering between life and death, with a bullet in her head, as the result of a shooting affair which was a sequel to a seizure of a carload of liquor at St. Hilaire, a small settlement in the transcontinental division of the Canadian National Railway, eight miles from here.

Inspector McLaughlin, of the provincial prohibition enforcement staff, descended upon St. Hilaire, to seize a big shipment of liquor designed for Bangor, Portland and Boston dealers, which had arrived there from the province of Quebec, consigned to Alfred Levesque. Before the inspector could complete the seizure, however, a large quantity had been removed to a hiding place in the woods, by the owner and his father-in-law, Pierre Collin, and the latter's son, Pierre Collin, Jr., of Blue River. When the inspector went away, Levesque and the two Collins are said to have armed themselves with rifles and clubs to guard the liquor. About dusk another party of men started for the woods in search of the hidden whiskey, some people say it was their intention to capture it and carry it off. Mrs. Garneau is said to have been making a short cut across a field towards a relative, with this party, when suddenly the three men guarding the whiskey opened fire and a bullet penetrated her head over the right ear. The bullet was located by Dr. P. H. Laporte, of Edmundston, embedded in the skull and had not reached the brain, but it is feared the woman cannot recover. Levesque and the two Collins were arrested by Sheriff Pelletier, who afterwards, with the clerk of the peace, went to St. Hilaire to take Mrs. Garneau's statement.

SHORT OF BREATH

Could Hardly Walk Without Resting.

When you go to a physician to be examined for any heart trouble one of the first questions he asks is: "Are you short of breath?"

Now when the heart becomes affected there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.

Mr. Stephen Crouse, East Clifford, N.S., writes:—"I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work the farm, and can truthfully say I feel like a different man."

THE SHERBROOKE TEAM SHUT OUT ORLEANS NINE

Thormahlen Struck Out No Less than Eighteen of the Visitors.

With Henry Thormahlen cutting the corners of the plate in grand style with a wide variety of benders, and his team mates slugging out timely bingles, the Sherbrooke nine did not experience a liberal dose from the whitewash pill to the much-touted Orleans representatives before a large gathering of baseball fans at the Exhibition Grounds on Saturday afternoon. The final reading of the score-board was 7 runs to 0 in favor of the locals, but at no time during the game were the winners really hard pressed.

The aggregation from Orleans, Vt., could do nothing with the assortment of curves which Thormahlen served up to them. In fact, the local heaver fanned no less than eighteen, and at the same time held the visitors to three scattered hits. On the other hand, Beer, who took the mound for Orleans, was touched up for an even dozen hits by the local sluggers, five of which were good for two bases. Thormahlen and Doherty divided the batting honors for the day, the former with two doubles and a single and the latter with one two-bagger and a pair of singles in four trips to the plate.

The Sherbrooke nine broke into the scoring column in the third inning, when, with two out, Doherty stepped into the Beer's offerings and slammed the over second base for a safe hit. Sniderhand then beat out a bunt. On the hit and run play, Newton delivered the needy clout, bring home both runners. Giboin, the new outfielder secured the lead, showing that he was right there in the pinch, by clouting out a safe bingle which placed Newton on third, and Thormahlen picked out one he liked and smashed out a two bagger, which brought Newton across the pan, but Baker ended the fun with an infield tap.

There was no further scoring until the seventh stanza, when Sherbrooke added four more counters to their end of the score-sheet.

The Sherbrooke boys next opponents will be the Newport team, which appears here on Saturday. The box score score of Saturday's game is as follows:

QUEBEC GOLFERS ESTABLISH LEAD IN CLUB MATCH

Local Golfers May Enter in the Canadian Championship Tourney at Beaconsfield.

The Quebec golfers, playing on their own course, established quite a handy lead over the Sherbrooke representatives in the first half of the home and home series played on Saturday afternoon, the final reading of the score sheet for the days accites being twenty-one points to eight. Playing on a strange course, which was much faster than their own, the St. Francis Golf Club representatives experienced great difficulty in holding the ball in their pitches on the greens. Alex Fraser, the lead-off man of the local aggregation, was badly off his putting during the regular match and his defeat was one of the surprises of the day. However, Fraser, playing with Gordon Miller as a partner, defeated the two lead-off men of the Quebec Club in a four-ball foursome the following day.

The Sherbrooke golfers had a most delightful trip and thoroughly enjoyed themselves. The Quebec Club entertained the local players right royally and it is certain that the inter-club match between the two clubs will become an annual affair from now on. Mr. Thomas Leonard, the chairman of the Quebec Club green committee, was at the Chateau Frontenac to meet the visitors on their arrival and personally saw to it that the golfers from the Eastern Townships had a right royal time during their visit to the Ancient Capital.

Plans are now under way to have the St. Francis Golf Club represented at the Canadian Gold Championship tournament, which is to be played in a week's time over the Beaconsfield golf course. According to the present plans a team of four is to be sent to Beaconsfield.

The scores for Saturday's match, counting one point for the first nine holes, a point for the second nine holes and a point for the match, are as follows:

the Primary Class gave a brief exercise and sang one of their class motion songs. At the conclusion of the cantata the congregation joined in singing the hymn, "Summer Sons Are Glowing." SPECIAL SERVICE AT PLYMOUTH CHURCH

The service yesterday morning at Plymouth Church was of a musical character and devoted particularly to the interests of the younger members of the congregation. The Junior Choir gave a very effective rendering of a bright and pretty cantata entitled "The World-wide Garden." The subject of the composition was the glorious month of June, with all its wealth of beauty and life. The different numbers of the work pointed the lesson of the great Creator and the tenderness of His love and care for His children, as well as their need of life in harmony with the divine will. The choruses were sung with precision and due regard to light and shading, the result of the careful training the choir had received under the direction of Mrs. Alberta Adams. In addition to the chorus numbers there were two duets, one by Gwendolen Read and Dorothy Woodward, and the other by Cynthia Adams and Alice Sangster, both of which were very sweetly sung. A solo by Donald Crowley was much enjoyed, his soprano voice revealing promise of fine things to come. Five of the younger girls, Harriet Brownlow, Frances Hovey, Muriel McIntyre, Isabelle Mitors and Margaret Cross, sang a pretty little chorus, "We Are Tiny Flowers," their light young voices being admirably suited to the spirit of the words. Between the numbers of the composition short appropriate lessons from the Holy Scriptures were interspersed, and the pastor, Dr. Ellery Read, gave a brief address. In addition to the cantata,

Mr. Eddison Smith, while cutting pulpwood about two miles from Bulwer, received a compound fracture of the left leg, below the knee. Mr. Smith was felling a tree, when it lodged, and in order to bring it down he felled another to cross it, but which slipped and caught his leg.

Assistance was secured and the injured man was carried out of the woods to the home of Mr. Charles Simons, a distance of about two miles. The services of Dr. Thompson were obtained and about 5.30 he was brought to the Sherbrooke Hospital, with Dr. Lynch in attendance. This morning's report from the hospital states that Mr. Smith passed a fairly comfortable night.

GREECE IS GIVEN A FREE HAND

(Continued from Page 1.) that relative to the disarmament of Germany.

Premier Venizelos will formally offer, in the name of Greece, to take the mandate for Armenia and will participate largely in all other discussions of Turkish questions.

Count Carlo Sforza, Italian Foreign Minister, will ask on behalf of Italy for twenty per cent. of the reparations to be paid by Germany.

At the luncheon served immediately after the arrival of Mr. Lloyd George and Mr. Millerand, the programme for this afternoon was decided upon. It is understood it was agreed that the first subject to be discussed would be reparations, on which the two premiers, according to best information, failed to agree at the Hythe Conference on Saturday.

Both the French premier and M. Francois-Marsal, however, expressed upon their arrival perfect satisfaction with the results of the Hythe Conference. Contradicting general rumors, they said a complete accord between France and Great Britain had been reached at Hythe as to reparations and disarmament. They added that France has every reason to be satisfied.

being crowded to the doors. The day was rather dull but a myriad lights suspended from the ceiling and around the walls made a brilliant illumination, while the many musical instruments on the platform, the busts of famous composers together with the huge baskets and stands of gorgeous flowers presented to the graduates, which perfumed the atmosphere, made a perfect setting for an interesting scene. At three o'clock the clergy, Rev. H. A. Simard Rector of the Cathedral, who presided, Mr. E. C. Tanguay, Rev. Abbes Pilette and Gervais, with others entered, greeted by a burst of music from pianos and violins, in the form of a grand march.

The visitors were received by the Rev. Mother Superior and her assistant, and conducted to the special seats prepared for them. The graduating class, Miss Loretta McConnell, Germaine Boudreau, Rachel Bourgeois, Bernadette Vaillancourt, and Benjamin Liguere, were seated at one side near the platform, distinguished by the white shoulder sashes. The reports of the standing of the pupils in the various classes were by the director of studies, with the diplomas to the graduates, certificates and honorable mention interspersed with exquisite musical numbers, instrumental solos, and choruses in French and English, splendid selections for small pianos and violins with effect. The "Pas de Cymbale" being particularly noticeable. "A la Claire Fontaine" set to music by Mrs. L. E. Coderre and beautifully rendered by Miss Berthe Bourguait was applauded and encored. The prizes were awarded by the members of the clergy present and the parents of the pupils to whom the gifts were carried by the younger pupils who moved noiselessly about.

The "good conductor" crowns were placed on the heads of the kneeling girls by the Rector representing the Bishop, and Mr. Tanguay, and the Valedictory in English was read by Miss Loretta McConnell and essays in French and English by Misses McConnell and Rachel Bourgeois. A magnificent moureeau "Homage to the Venerable Marguerite Bourgeoys" followed, and short addresses in the two languages were given by the Rev. Abbi Senard, who expressed his satisfaction and pleasure at the results of the year's work, and congratulated both pupils and teachers. Evidences were shown everywhere of industry, ability, and love of study, for its own sake. He trusted that those who were about to leave the convent and go into another life would never forget the lessons of goodness, humility and character learned within its walls, and that the pupils who were returning after the vacation, would be rested and refreshed, and quite ready to take up their work again. He wished these latter a happy holiday, and all prosperity in the future.

A letter of commendation and congratulation to the graduating class from the Rev. Mother Superior-General was read and the National Anthem brought an interesting occasion to a close.

ROAD TO DERBY LINE IS CLOSED AFTER ACCIDENT

Construction of Wooden Bridge is Criticized.

On Saturday night, the Sherbrooke-Derby Line road was closed at Burlington's Falls by order of the municipal authorities of Stanstead township owing to the condition of the bridge at that point. This action was taken following the collision of two autos which were crossing the bridge, the occupants of which had a narrow escape from being thrown into the river. It is expected that the road will be closed for about two weeks, but motorists can make a detour without much difficulty in the direction of Ayer's Cliff. Signs have been placed along the road showing the proper routes to be taken.

Gangs of men have been at work on a new wooden bridge. Much criticism is heard regarding the nature of this, which, it is stated, will be a covered wooden structure, and it is felt that this is an antiquated mode of procedure, and that a cement bridge would be much more practical.

In view of the fact that this is a Government highway, it is thought that the Government could join with the municipality in constructing a modern bridge.

A covered bridge at this point will always be a source of danger to motorists.

SOCCER PLAYERS HAD BUSY TIME ON SATURDAY

Circo Team Had Little Trouble in Downing Stanstead — Beebe Won Match.

The Circo aggregation chalked up a win to their credit at the expense of the Stanstead representatives in their scheduled Eastern Townships Soccer League match on Saturday to the tune of eight goals to one. Stanstead, so far, have been unable to obtain a point in the league standing, but are to be commended on being able to continue the game with the lack of players they have to put up with.

The game was a little late in starting, owing to the fact that the visitors did not arrive on time. Immediately the ball went to the Stanstead end and after two minutes play Stanstead were penalized for hands up, and Duquid opened the scoring. Three minutes later Webb broke through the defense and scored. The Stanstead defense was proving weak and before half time Webb scored two more and Hornett one, Circo 5, Stanstead 1.

Stanstead started the second half not the least down hearted with their reverse and played a much better game, their forward proving dangerous on a number of occasions. Ten minutes of the half passed when Robertson, who had been showing good form, came through on his own and scored. Then Webb and Hornett

Your Finances

A man who sets aside only \$200 each six months and allows it to compound at 5 1/2% interest will have at the end of thirty years a total fund of—

Thirty Thousand Dollars

You know many people who could set aside \$200 each six months. But—

Many a man who has had time to accumulate this moderate fortune, is still "drudging along" without it. For this reason:

Very few men will systematically "put by" a certain definite sum, and leave it untouched for any reasonable length of time. Human nature is seldom built that way.

The Canada Life Plan

Our insurance policies will provide any sum you name, to be delivered to you in cash at any age you desire, or to your Beneficiary should you die in the meantime.

You can thus anticipate the years, capitalize your present health and earning power, and make certain of many years' progress now.

The Endowment at 65

issued by the Canada Life will solve the problem of your Future.

It is a Certainty

The full amount of your Policy will be paid in any case, whether you live or die. Other investments may depreciate in value or fail. The Endowment is a certainty. The guarantee will take care of your home, or your business, or your personal interests, as nothing else can.

Profits Will Hasten Maturity

A special clause in this Policy provides that if the profits be allowed to remain at your credit each year instead of being withdrawn, the face of the Policy will be payable to you some years before you reach age 65.

Whatever your circumstances may be later on in life, you will welcome this fund of a few thousand dollars. You may need it then.

A FEW PRACTICAL HINTS FOR THE MOTOR CAMPER

Look Over List and Carry Only Necessary Articles on Trip.

As a general rule, for comfort wear loose clothes, and for economy wear old clothes, also when you go motor car camping use woollen wear as a protection against cold, because it absorbs perspiration and protects the skin against drafts; but do not wear the woollen garment next to the skin. Wear cotton or linen garments under the woollen ones. Army woollen shirts loose at the neck are excellent for men and women. Every one should have a sweater along and some kind of a waterproof overgarment. Khaki, olive drab and gray shades are most serviceable in all garments. Around camp use camp moccasins or light shoes—slippers are taboo. Use boots or shoes with leg-

ings but do not take new shoes along, only the worn and comfortable ones. Footwear should have heavy soles and hosiery should be of wool and heavy.

A cap with visor or a medium brimmed hat is recommended. If one outfits specially for a motor camping tour a corduroy suit or a golfing jacket with breeches are very comfortable, or in the warm months a khaki or olive drab worsted suit. Breeches and a three-quarter length coat are very practical for women. As nights are cold in high altitudes, warm clothing is essential in such regions.

For working round the car and camp, a pair of overalls will be appreciated by the men, and the women will find an enveloping apron more than useful.

A one-piece sleeping suit of cotton flannel with detachable hood and feet is very comfortable, and in cold weather a woollen one-piece sleeping suit of light material, with head-piece attached on with a detached sleeping cap.

To those who do not count the cost, a leather coat, short or long according to taste, or a leather vest, may be recommended.

Amber goggles or large glasses with amber lenses will be found almost a necessity when travelling in some regions of the West where the

THE USING OF THE MOTOR AS A BREAK

A Few Hints in the Use of the Motor of a Car.

"This is the season when motorists are planning long tours. There are many owners who feel reasonable sure of themselves when driving in and around this State, but they are not a little bit in doubt about their ability to handle their cars in the mountains." "There should be no fear of this with cars, for they have ample power to climb, and exceptional braking power to hold on the steepest grades. However, if drivers will familiarize themselves with using the motor as a brake coming down the mountains they will feel entirely safe.

"It is not a difficult matter for an experienced driver, and the novice can learn quickly. When reaching the top of a hill, shift the gears into low and let in the clutch. Then the car can go no faster than the motor allows it to travel. The motor brakes the car, and you can descend slowly and safely."

light is high and glaring. Mosquito veiling will be frequently found a great comfort.

Each person of a camping party should be confined to one suitcase. All extra clothing should go into duffle bags. Finally do not forget handkerchiefs, tooth paste, tooth brush, comb, a small mirror, safety razor, soap, a bachelor's comfort kit with some safety pins, coarse needles and linen thread, some bachelor's buttons and a stout two-bladed pocket knife.

HOW TO REPLACE AN INNER TUBE IN ITS CASE

Great Care Should Be Taken Not to Allow Tube to Touch Ground—It Should Always Be Partly Filled.

Unexpected outbursts from inner tubes originate from sins of omission and commission. Haste in replacing punctured or blown out tubes is responsible for a multitude of these sins. The right way to place a tube into a casing is to first partly inflate it. Then it should be applied carefully, the side bearing the stem always be-

ADVANCES MADE IN DYE INDUSTRY ARE PROMISING

Among the Seven Hundred Formulas Seized by Americans were the Famous Vat Dyes.

ST. LOUIS, Missouri—The increase in the American dye industry since 1914 was described by Charles L. Parsons, Secretary of the American Chemical Society, at its recent sessions here. He stated that in 1913 there were but seven American plants manufacturing dyes. At this time there are 76 plants. Americans engaged in the business in 1914 were using formulas imported from Switzerland. Now they have about completed a long series of experiments and are ready to make full use of the German dye formulas seized during the war.

"We seized about seven hundred formulas," said Mr. Parsons. "The most important are the famous 'vat dyes' composed of chemical preparations that will not wash or bleach. About \$100,000,000 has been put into the dye industry in the last few months. One firm alone has spent \$1,500,000 in the 'vat dye' manufacture. Another company has spent more than \$750,000 in the perfection of the same dyes. Indications are that vast additional sums will be spent in the production of dyes in the next few months. The 'vat dyes' are used in dress goods, men's shirts, awnings and similar products."

NEW YORK PRESS MARKET COMMENT

Sun. The financial markets enter today one of the most active weeks in the money market year, when the task of financing the July interest and dividend disbursements engages the attention of the financial community.

PRICE OF BUTTER EASED A LITTLE AT COWANSVILLE

The Ruling Price on the Exchange on Saturday was 56 1-2 Cents Per Pound.

LITTLE TRADING ON THE MONTREAL MARKET

(Associated Press Despatch) MONTREAL, June 21.—The local market was quiet at its opening this morning. What little activity there was during the first hour was shown in Quebec Railway, which held its recent advance at 28 1/2.

STRENGTH DEVELOPED IN THE CORN MARKET

(Associated Press Despatch) CHICAGO, June 21.—Fresh strength developed in the corn market today, owing chiefly to the fact that receipts did not total as much as had been looked for. At first, however, considerable weakness was shown as a result of railway strikes in the east, with renewed embargoes on the movement of freight.

Trading was active, and values fluctuated rapidly. Opening prices which ranged from 1/2 to 3/4 cents lower, with July \$1.80 to \$1.70 1/2, and September \$1.70 1/2 to \$1.71 1/2, were followed by a sharp rise to well above Saturday's finish and then by a moderate re-action.

Lower quotations on hogs weakened provisions.

GOVERNMENT IS TO HOLD FULL PARTY CAUCUS

A. R. McMaster Is on Export Bill Committee—Business is Nearing End.

(Associated Press Despatch) OTTAWA, June 21.—A full caucus of Government supporters is to be held tomorrow, when many matters of interest will be under discussion. There is little indication of a change in leadership that Sir Robert Borden will retire. There is some talk of changing the name of the party in readiness for a general election should the latter come. Most of the Government followers, however, do not think this year will see any contest. Naval matters will also likely take a prominent place in the caucus discussion.

There is every indication that the close of the present week will see the end of the business part of the session. Many believe that the House will assemble a week from today merely for the purpose of prorogation.

DOUBLE HANGING IN QUEBEC.

(Associated Press Despatch) OTTAWA, June 21.—A double hanging is scheduled to take place at Quebec on Friday next. The condemned men are Nick Debeka and George Morari. The Government has decided that the law is to take its course.

RESOLUTION FAVORS WHEAT BOARD.

(Associated Press Despatch) OTTAWA, June 21.—A resolution which has for its purpose the continuation of the Canadian Wheat Board has been placed on the Commons order paper for today in the name of the Minister of Trade and Commerce.

In the schedule of powers, the Board is given authority similar to that at present enforced, as regards purchase, storage and transport of wheat, and to sell wheat, in excess of domestic requirements, to purchasers overseas for such prices as may be obtainable. The resolution gives the Board authority to fix maximum prices for margins of profit at which flour and other products may be sold by millers and to fix standards of quality for such products.

FIRST SATURDAY SITTING OF THE SESSION HELD.

(Associated Press Despatch) OTTAWA, June 21.—A measure to provide superannuation for forty-three members of the Civil Service occupied the attention of the House of Commons during the greater part of the first Saturday sitting this session. Estimates of the Justice Department, Militia Pensions, Customs and Excise estimates were put through committee before the House rose at 7 p. m., and a bill to provide for cash payment for grain delivered to country elevators was introduced. The Superannuation Bill met with a good deal of opposition. Hon. Jacques Vureau thought it did not go far enough. Hon. W. S. Fielding thought the whole matter of superannuation should have been dealt with. Hon. J. A. Calder, who sponsored the bill, explained that it was hoped to settle the superannuation question next session. Meantime the 43 civil servants dealt with must be retired, and they did not, anyway, come under the contribution scheme on which the permanent measure next session should be based. Hon. T. W. Crothers and J. H. Burnham thought that civil servants should be compelled to provide during the active years for their old age. The bill was given second reading, but was not put through committee.

RESOLUTION OF COUNCIL WANTS WOMEN POLICE

(Associated Press Despatch) ST. JOHN, N. B., June 21.—A pleasing feature of this morning's session of the convention of the National Council of Women was the presentation, by Mrs. A. H. McCready, of the Sackville local council, to Mrs. Sanford, the National President, of a handsome bouquet of flowers in which it stands would be more quickly attained if these agencies were more generally available, namely the women's court, women's magistrate and policemen therefore.

National Council of Women Asks for More Protection.

(Associated Press Despatch) ST. JOHN, N. B., June 21.—A resolution of the National Council of Women was read by Mrs. A. H. McCready, of the Sackville local council, to Mrs. Sanford, the National President, of a handsome bouquet of flowers in which it stands would be more quickly attained if these agencies were more generally available, namely the women's court, women's magistrate and policemen therefore.

"Whereas, in the present practice of law, women offenders are arrested by men, tried by men, before men and: "Whereas in many cases, disastrous results follow which easily might have been averted by contact with women officials, and whereas this committee is of the opinion that the means for which it stands would be more quickly attained if these agencies were more generally available, namely the women's court, women's magistrate and policemen therefore;

"This committee recommends that the Council advocates the establishment of these valuable moral agencies in every community where they do not already exist." After some discussion the resolution carried.

Mrs. Richard Hooper, pressed a resolution that, as women are now qualified to act on juries, local councils should be urged to see that women are appointed on juries in their localities. This carried.

A resolution was passed that, in order to clear misunderstandings official connection between the National Council Women of Canada and the Women's Century Limited be severed and that the Council arrange for such space in Women's Century each month as is useful to give publicity to the work and that the council endorse the publication.

LACKAWANNA CONTINUES TO RISE IN NEW YORK

(Associated Press Despatch) NEW YORK, June 21.—(Wall St. Noon)—Dealings during the morning were somewhat in excess of the recent average, but this was partly at the expense of quoted values. Resumption of the insurgent railroad strike in the Philadelphia-Baltimore district directed renewed attention to the unfavorable transportation situation east of Chicago. Shares of the road most affected by this unexpected situation were not materially changed, however, while Lackawanna extended its rise to twelve points, making a total of twenty since last Friday. Shippings, textiles and sugars were one to two points higher, but steels and oils reacted. The adverse bank statement caused no alteration in call money rates, which opened at seven per cent.

When the House opened for the first Saturday sitting of the session, a motion was adopted making a change in the personnel of the special committee appointed on Thursday to consider the bill to empower the Government to license exports. By today's change, the name of A. R. McMaster (Brome) was substituted for that of Hon. W. L. Mackenzie King, and that of Hon. Jacques Bureau for that of Ernest Lapointe (Quebec East).

The House then went into committee on a resolution preceding a bill to amend the Canada Grain Act in regard to receipts given for grain by operators of country elevators. Sir George Foster explained that the principal object of the legislation was to ensure payment by elevators for grain received. Much money had been lost by farmers through cheques being tendered for grain and later returned by the banks. One clause provides that marked cheques may be demanded for grain delivered to country elevators, and another that cash certificates must be redeemable on demand in twenty-four hours, failing which the owner may demand a warehouse receipt for a similar quantity of grain. A clause in the old act, preventing certain persons from acting as agents in applications for cars, is repealed altogether. The new act is approved by the Board of Grain Commissioners who investigated complaints made by grain growers' associations in the west and found that amended laws were necessary on these points.

A bill based on the resolution was given first reading when the resolution had been adopted.

Sir George Foster promised consideration of suggestions made by E. T. W. Myers, (Kindersley), who asked that the Board of Grain Commissioners be provided with powers to restrain the activities of mushroom grain brokers operating a grain business without proper security, and frequently bringing big losses to their clients through this lack of security.

Mr. Myers asked for a definite announcement of the Government's policy on the continuation of the wheat board. One objection he had was that it was difficult to get an idea of the expenditures of the board. It was explained, Sir George Foster pointed out that the discussion was irrelevant to the matter in hand, and promised an opportunity of discussing the wheat board before prorogation.

Stage and Screen Attractions at Local Playhouses This Week

At His Majesty's Theatre.

Wednesday and Thursday will be a break in the picture showing this week, the G. W. V. A. offering a Japanese Fantasy, "Princess Chrysanthemum," on Wednesday and Thursday. An aggregation of young people, under the direction and tuition of Mrs. Alberta LeBaron Adams, with the assistance of Miss Pauline Dastous, is sure to be a pleasing entertainment. A great deal of time has been spent in the preparation of this Operetta, and with the several special features to be introduced local actors and actresses will delight the large audiences that will undoubtedly attend. On Monday and Tuesday, the usual Double Bill is announced. "Old Lady 31" is the head-liner with Emma Dunn as the principal. This is a story of two sweethearts who were sixty years young—the rainbow comedy of life that shows old age mellowing with the happiness of childhood, and in which the love of man and wife flowers to its full splendor as the dusk of life gathers. A simple, human story that touches the sentiment and reality of everyone's life, but fragrant as old rose leaves and precious as faint memories. The companion picture is "Who's Your Servant," and has an all-star cast. A great navy yard is where the scene is laid, and the picture tells the story of how a plotting servant tried not only to steal the great trust of an Admiral, a secret code, but his daughters as well. It is an unusual story and has a great many complex situations. For Friday and Saturday, an extra special fun-maker will be shown in "Down on the Farm." Mack Sennett is the producer and that should be sufficient to assure one that it will be a laugh all the way through. The big dog "Teddy" does his part and John Henry (the Kid) will be there with "bells on." Though the plot is melodramatic and concerns the romance of a pretty maiden of rustic life, a menacing mortgage, a villainous landlord and a harassed and beautiful wife, the treatment will be found as new as it is refreshing. This is not a short comedy but a full length feature. Make up your mind that Friday and Saturday are "laugh days."

At the Premier Theatre.

Arsene Lupin, the French crook character made famous by Maurice LeBlanc, is the hero of a new Paramount Arteraf picture, "Teeth of the Tiger," which is coming to this theatre today and tomorrow. The role of Lupin is portrayed by David Powell, who has appeared recently in support of a number of prominent feminine stars. Readers of the LeBlanc stories will recall that the last adventure of the celebrated criminal left him apparently dead. According to the story of the picture, which was adapted by Roy Summerville, Lupin escaped and is a country gentleman living respectfully in America. He is summoned by Henry Forbes, an aged invalid, who has been threatened by anonymous letters with death. The old man is killed, and it becomes the task of Lupin to trace the murderer. Several persons are suspected, and the close acquaintance of Lupin with the methods of criminals enables him to track the guilty person. A well developed love story is worked into the plot, which is said to be very exciting and abounding in mystery and thrills. In addition to David Powell, others in the cast include Marguerite Courtot, Temple Saxe, Myrtle Stedman and Riley Hatch. The picture was directed by Chester Withey. Max Linder is here again. There are five reels of his inimitable fun making in "The Little Cafe," a Pathe feature coming on Wednesday and Thursday. "The Little Cafe" is a film musical comedy—in other words it is a silent

GEORGE SISLER IS LEADING THE BATTING LIST

Has Dethroned Tris Speaker for the Honors in the American League.

CHICAGO, June 21.—George Sisler, star of the St. Louis club, today is blazing the trail for the batters of the American League, according to averages including games of Wednesday.

The St. Louis first baseman, second to Tris Speaker, of Cleveland, a week ago, shot into first place with an average of .408, while Speaker fell into second place with an average of .392. Joe Jackson, the hard hitting outfielder with Chicago, is third with .374.

Sisler's remarkable batting streak came into bloom a week ago. Sisler connected with eighteen hits in seven games. He has a total of 85 safe fawors for 51 games. MAN STABBED BY YOUNG LAD AT ROCK ISLAND

Victim Is Not Seriously Wounded—Alleged Assailant Was Captured After Chase.

ROCK ISLAND, June 21.—Quite a little excitement was caused here on Thursday evening, between seven and eight o'clock, when it was found that Mr. Arthur Webster, who lives in the Lee Block, half way up the Plain hill had been stabbed in the right lung by a young foreigner it was said, named Justin, a former roomer at the Webster apartments.

After hitting Mr. Webster, the young lad, who is only 16 years of age, is alleged to have run down the two flights of stairs to the street and dodged down an alley and out on Railroad street to his present rooming place. Special officers Webb, of Rock Island, and McGaffey, of Stan-

stead, who happened to be on the street at the time, chased the fugitive, but on reaching the house on Rainier street, it was found that he had left for other parts. As it was near eight o'clock train time, the officers started stationwards and the chase led from there through by-ways to the rear of St. Joseph's Hall, where he was found and taken to the local station where he awaits a hearing which is scheduled to take place on Friday night.

As there are so many different versions of the affair, no one will be able to say what will be the outcome until after the hearing.

Mr. Webster was not hurt seriously, the knife luckily only penetrating the flesh slightly.

The Friendly Smoke

THERE is something mighty comforting and satisfying about "OLD CHUM" Tobacco; a sort of soothing restfulness that pipe smokers have come to associate with this friendly smoke.

"OLD CHUM" is an old, old chum with all pipe smokers. It has the perfect tobacco taste—the mellow richness—and men know that they can be chummy with "OLD CHUM" all day long and that the "good night pipeful" will be as sweet and cool as the one enjoyed just after breakfast.

For years and years "OLD CHUM" has been Canada's favourite pipe tobacco and today is more popular than ever.

21 % Profit on a Government Bond

A 5 1/2% Dominion Government Bond due 1937 if bought at present prices will show a profit of 21% should the market for Government Bonds within the next seven years return to the level that existed in 1897, for example.

The above chart shows the prices at which the present issues of 5 1/2% Government Bonds which still have ten years to run would sell on the basis of the income yields given by Government Bonds in past years.

Past history shows that after periods of great capital stringency such as the present, the pendulum has always swung to the other extreme bringing an abundance of capital, low money rates and consequently high bond prices.

Experience indicates that such a development can take place in a much shorter period of time than generally thought possible.

British and French credit advanced from 1816, after the Napoleonic wars, over 20% in two years and 25% in eight years.

In addition to these profit probabilities there is the profit certainty of seventeen years complete exemption from all Federal income taxes. This is the longest period for which tax exemption can be bought.

After careful consideration we have come to the conclusion that we should strongly recommend the purchase of Dominion Government 5 1/2% due 1937 at 101 and interest.

TWO KILLED IN FIGHT IN 'BLACK BELT' IN CHICAGO

Many Others Were Injured in Battle Between White Men and Negroes.

(Associated Press Despatch)
CHICAGO, June 21.—Two white men were killed and several negroes, including a negro policeman, were wounded last night in a riot in the heart of South Side "black belt" following the reported burning of an American flag by a band of negroes who were said to have paraded in the interests of a "back to Africa" movement. The trouble occurred at Thirty-Fifth Street and Indiana Avenue, near the scene of last year's race riot in which more than thirty whites and blacks were killed, and hundreds injured.

DR. READ GIVES SHORT ADDRESS.

Dr. G. Ellery Read made a five-minute speech. Dr. Read said in part: Ladies and gentlemen, and Boy Scouts, we are here today as you know, for a definite purpose, to open the campaign for the Boy Scout movement, in which is hoped to raise \$10,000. We have held during the past few years a number of campaigns or drives, but I have no hesitation in saying that this is one of the most worthy, and I may say this, for I have a commission as Scoutmaster. This week a great opportunity will be offered to those who have much money, those who have less, and even those who have little, to assist an organization which has done, and is doing good work, and it is to be hoped that all will take advantage of this opportunity. General Baden-Powell instituted the Boy Scouts in the South African War at Mafeking, and it has spread throughout the world even to China, for their are Boy Scouts, even in the Far East. But the first Boy Scouts were Britishers, and I think that the best Boy Scouts are Britishers. People sometimes say to me: "The Boy Scouts do not live up to their laws." Well, how many of us live up to the best we know?" It has, however, a great influence on the boys of our country and the boys will have a powerful influence over the future life of that country. It seems a long time to look forward to, but in twenty-five years these boys may, in all probability, have homes of their own and sons, and the next generation will have the benefit of the Scout training. I believe that one hour a week under a manly, earnest, upright scoutmaster will make a boy better at home, and everywhere else. Boy Scouts, I urge you to be quite courteous and helpful to your mothers, for his mother is the best friend a boy has, or ever will have. Fathers and mothers, do all you can to assist the Boy Scout movement, and through it, your own sons, and let us all join in keeping Canada one of the greatest countries in the world, and the gem of the Empire, pure, bright and unspotted."

HAD HAPPY OUTING

A merry party, composed of thirty Boy Scouts of No. 4 Troop, of the Methodist Church, and the drivers of the autos that conveyed them, went to Little Lake last evening and were pleasantly entertained by Mr. and Mrs. J. A. Tate at their cottage. Appetizing refreshments, which included ice cream, cake and soft drinks, were served and done full justice to. After a swim, in which most of the boys took part, fishing, racing, wrestling and boxing, to warm up, the boys returned to the city delighted with their trip. Before leaving, three cheers and a tiger were given by the visitors in their energetic way to Mr. and Mrs. Tate for their kind hospitality. Those who furnished autos were Messrs. D. J. Salls, C. E. Soles, Ernest Conley and E. G. Pierce.

CONSTABLES RAID SHOPS FOR MILITARY SUPPLIES

(Associated Press Despatch)
LONDON, June 21.—A sergeant and six constables raided shops at Carrick-on-Shannon, County Leitrim, for food supplies Saturday, after they were refused permission to make purchase, in accordance with the Sinn Fein boycott against the militia. Informed by shopkeepers that the Irish Republican order could not be violated, the police served the messes with meat and milk and paid for them. They departed, followed by a hostile crowd and succeeded in avoiding a collision only by rapid flight in motor cars.

BALCONIES NOT FAVORABLE TO ST. JOHNS PEOPLE

Yacht Club Will Hold Regatta—Other Social and Personal News.

ST. JOHNS, June 21.—A few days ago the civic authorities gathered a force under Inspector Lanier, escorted by the arm of the law, Chief Turgeon, and despatched them to make an assault on the offending balconies on St. James Street. These had been erected on the property of Mr. A. F. Gervais, and had been the object of various thurites, law suits, etc., in which Mr. Gervais had been the winner. The assault was necessitated by the refusal of Mr. Gervais to take down the offending balconies, and quite a crowd gathered to watch the civic force demolish them. The deed was done in a short time, the wood and iron being carefully piled in the alley way, and in departing Chief Turgeon seemed disappointed that there were no bombs, verbal or otherwise, to resist the civic army. It was suggested that this act could be applied to some other balconies that overhang the city's property, particularly the one near the post office. It is understood the city intends to tax all balconies from now on.

EASY MARKS.

A summer visitor in the person of a "successful beggar" was in town this week, and apparently enjoyed himself immensely. He made a canvass of the city with good financial results, and bethought himself to test the various "brands of booze," which could not have been included in the light wines and beer regulations. Becoming fatigued with his burden of money—and booze, he decided to take a rest on the sidewalk near the police station where he was observed by Chief Turgeon and taken to the "cooler." On being searched at the station a list of about fifty names of easy marks, among whom were some prominent people, was found, the amount set down opposite their names ranging from a dime to a dollar. The chief kept the visitor over night, despatching him with an admonition in the morning.
