DISCUSSION ON NEW LIQUOR BILL CONTINUES Counter-Proposals Being Prepared By German Experts

QUEBEC GOVERNMENT HAS PINNED ITS FAITH TO THE SUCCESS OR FAILURE OF THE LIQUOR BILL

Premier Taschereau Said that Government Knows All the Consequences of Taking Over Full Control of the Liquor Trade, and the Government Is Prepared to Assume Full Responsibility—Premier Referred to War Which Has Been Declared on Government by Liquor Interests and Said that the Government Members Had Not Only Been Threatened, But Offered Bribes.

(Special to the Record)

QUEBEC, February 11.—Premier Taschereau affirmed last night in the Assembly that his Government pinned its fate to the success or failure of the Liquor Bill. The Government knows all the consequences of taking over full control of the liquor trade, and is prepared to assume full responsibility, he stated.

He also declared that the Government of the Province of Quebec would make every effort to stop the liquor export to other provinces and with the co-operation of the governments of other provinces, he held that this restriction would be successful.

Mr. Taschereau referred to a war which had been declared on the Government by liquor interests, and said that the Government had not only been threatened, but members of the House had rolls of money placed in their hands, which they had hurled in the faces of those offering it. He told those who were offering money that they were wasting their time, that the Government was taking a courageous stand and was prepared to fight.

With the new law, he said, the best of Spanish and French wines would be available at little more than cost price, while the taverns would be maintained to permit the workmen to get a glass of beer when they felt like it.

Arthur Sauve, leader of the Opposition, who took up the criticism of the measure, remarked that in the referendum of 1919 the people had decided in favor of beer and wine, but what was being done today with the "will of the people." The Government's excuse for bringing in the new bill was because that in force for two years had not worked well. Had the Government the right to bring in a new bill when it had not taken all the means possible to have the existing law respected. The liquor interests, who had poisoned the people and made millions, were resting upon their big returns, stated Mr. Sauve.

"The House was told that if five good commissioners could be secured and if every one would co-operate, the new law would be a success. If the people would always do what was right there would be no need of the new law at all, and the first liquor law of 1884 would still be in force," continued the leader of the Opposition.

Mr. G. S. Gregoire, member for Frontenac, spoke in favor of the bill, and the measure was given second reading.

The bill was then taken up in committee of the House and the first clause was passed. Progress was then reported and the House turned to other matters.

GERMAN AFTER LARGE RUSSIAN STEEL WORKS

Offer Has Been Made to the Soviet Officials, It Is Stated.

(Associated Press Despatch.)
LONDON, Feb. 11.—A despatch to the Exchange Telegraph from Berlin says the Bolshevik organ Rabochikh Golos of Moscow asserts that Hugo Stinnes, director of the Weermann Shipping Company of Germany and well known as a German capitalist, is negotiating with the Moscow government for a concession to work the Brinnak Iron and Steel Works, one of the greatest institutions in Russia. Herr Stinnes, according to the report, has offered to invest \$3,000,000 gold rubles in the enterprise. He proposes to construct railway material and to pay thirty-three per cent of the gross profits to the Soviet treasury.

CANADA'S PLANS RE VOCATIONAL EDUCATION

Four Million Dollars to Be Spent Annually in Training Canadian Boys and Girls.

MINNEAPOLIS, Minn., Feb. 11.—L. W. Gill, director for technical education for Canada addressed the seventh annual convention of the vocational education association programme whereby \$4,000,000 will be spent annually in training for industry boys and girls who are unable to attend higher school.

Mr. Gill told the convention that the Dominion Government will provide \$1,000,000 of this fund and the Provincial and Municipal Governments will provide the other \$3,000,000 annually.

The technical schools which are being rapidly established all over the Dominion are intended, Mr. Gill explained, to increase the production, improve the mental and moral standard and to develop the Nation.

SEVERAL E. T. MEN ELECTED AS OFFICIALS

Canadian Brown Swiss Association Gives Grant to Sherbrooke Fair.

(Associated Press Despatch.)
TORONTO, Feb. 11.—Much confidence in the future for a comparatively new breed in this country was evidenced at the annual meeting of the Canadian Brown Swiss Association at the Hotel Carlsberg yesterday. While the meeting was small in numbers, there were not many breeders of these cattle in Canada, there was no lack of enthusiasm.

The Association decided to give grants of \$200 for Brown Swiss at Sherbrooke, the Canadian National and Royal Agricultural exhibitions.

Officers elected included: President W. A. Jolley, Waterloo, Que.; Secretary, J. W. Libby, Stanstead, Que.; Directors: G. W. Dingel, Gagetown, N. B., and P. R. Trafford, Waterloo, Que.

THE WEATHER
MODERATELY COLD WITH SNOW.
The depression which was in Alabama yesterday morning is now centered on the New Jersey coast with its energy increasing while pressure is highest in the middle western states. Snow is falling over southern and eastern Ontario and in the southern portion of Nova Scotia. The weather is still quite mild in the west.

Fresh to strong northeast to north winds, moderately cold with snow today and on Saturday.

TREATY BETWEEN POLAND AND SOVIET RUSIA SIGNED YESTERDAY.

HELSINKI, Feb. 11.—The treaty of peace between Soviet Russia and Poland was signed at Riga yesterday, it is announced in a wireless despatch received here from Moscow.

INSTRUCTIVE ADDRESS GIVEN AT HIGH SCHOOL

Principal of Bishop's College Spoke to Members of Home and School League Last Evening.

The members of the Home and School Co-operative League were fortunate in having Rev. Canon Bedford-Jones, Principal of Bishop's College, for the speaker at last evening's meeting, at the High School.

While his instructive address was quite informal, and given along very practical lines, it covered a wide field, his remarks being based upon education and citizenship, and bringing out many factors in both school and national life.

Going back many decades, the speaker referred to the time when "education was considered something that affected only the parent and child," gradually leading to the period when the importance of national education became recognized.

He told how Japan, only a small nation, had developed such an extensive school system that ninety-five per cent of her children were now being educated, also referring to the Chinese, who, inspired by Japan's success had inaugurated a system which had caused a wonderful growth of schools.

In mentioning these facts, the speaker emphasized a point, namely the lesson this country was learning in regard to national education.

Then came a most interesting survey of the subject of community education, the keynote of true citizenship, in which the speaker showed the importance of the universities in the building up of the nation.

Bishop's College was referred to as "the English University of the Eastern Townships," and in reference to the limitations in Quebec province, spoke of the unique position in which the college stands.

The Principal stated that he was visiting several schools in the province, and was deeply interested in the development of education in rural communities. He also drew attention to the fact that many could derive benefit from the opportunities offered by the university of which he is the head.

At the conclusion of his interesting address, Principal Bedford-Jones was accorded a hearty vote of thanks, and a visit to the newly equipped chemistry room completed an enjoyable evening.

Mr. Haight, president of the League, was in the chair, and Principal Hatcher escorted the visitors on their tour of inspection.

GEN. MONCTON'S LETTERS SOLD FOR LARGE SUM

Lot Included Secret Instructions Regarding Operations Against Quebec City.

LONDON, Feb. 11.—General Monckton's correspondence, including many letters to General Wolfe and secret instructions regarding the operations against Quebec City, were sold in one lot yesterday for \$5,000 sterling. These papers will not be sent away from England.

A painting of the death of General Wolfe, by West, brought \$250 sterling.

Sir Lester Harmsworth, a brother of Lord Northcliffe, was the successful bidder for the correspondence between General Wolfe and General Monckton relative to the operations which led up to the capture of Quebec.

EVIDENCE THAT ROBBERY WAS MOTIVE OF MURDER

TORONTO, Feb. 11.—Joseph Chatelle, a Syrian, aged fifty years, was discovered lying dead in his bed in a lodging house on Simcoe Street, last night, his face in a pool of blood. He had been dead at least twenty-four hours, and there was ample evidence that he had been murdered and that the motive was robbery.

Nothing was left behind to afford the slightest clue to the murderer or murderers.

DR. W. E. TAYLOR GIVES ADDRESS ON 'FAR EAST'

Speaking at the University of Bishop's College, Dr. Taylor Tells of Conditions in China and Japan.

Speaking last night at the University of Bishop's College, Rev. Dr. W. E. Taylor, educational secretary of the M.S.C.C., showed some exceedingly interesting lantern slides and told of the wonderful advance in Chinese civilization, which these slides portrayed.

Dr. Taylor has visited student centres in India and also in China and Japan. He commenced his lecture by touching on the latter country, describing its magnificent mountainous character, its intensive gardening and its unsurpassed light and scenic effects. One mountain, whose picture was shown on the screen, is 12,865 feet in height, these figures being easily to memorize, as he pointed out, on account of their association with our calendar.

Agriculture and Industries.
The agriculture of Japan consists chiefly of rice, of course. There are also no less than twenty varieties of maple, including some that are red throughout the year.

The foremost industries are the manufacture of fine silks and of exquisite porcelain and pottery. Since the war Japan has captured the market in England for these articles, as, indeed, the factory is today the cause of one of Japan's most pressing problems.

In contrast to the old and smaller factories, immense new ones of modern structure are now in use, employing many thousands of young girls. These girls come mostly from the rural districts. They work in two shifts per day, from 12 to 16 hours each shift, and they have but two days' holiday each month, as Sunday is not kept.

Poor Accommodation.
Housing accommodation is exceedingly poor and totally inadequate to the sudden growth of female labor that is due to the enormous demand of Japanese products. Under these conditions it is not surprising that over 30 per cent of the young women so employed die each year from the ravages of tuberculosis.

In Japan, as elsewhere in the East, can be seen strange mixtures of old and new. One picture depicted a wealthy native merchant in European dress (and top hat) walking across a very modern steel bridge, while in the background were visible little Japanese dwellings of the older type. It is a significant fact that 90 per cent of the children of school age are at school in Japan.

Chinese Education.
Crossing to the coast of China, one cannot escape the same quantity of old and new. The public no longer an empire, for the dragon is now replaced by the five stripes representing unity among the races—is just emerging from a system of civilization that is at least four thousand years old. "With one stroke of her vermilion pen," said Dr. Taylor, "the old Dowager Empress, staunch Conservative though she was, demolished the old system of education and established a complete Western system of kindergarten high school and university."

One of the largest ports in China is Hong Kong. With a mountain behind the city and its fine, tall buildings, much more modern even than Montreal, this British strategic point makes one proud of the Empire and fears there should be any policy. To see pictures of the broad streets and their European street cars passing, the sight of what is to be a million-dollar post office, one could easily imagine that the scene is not of China, but of Canada, Australia, or America.

Shanghai, situated opposite to Japan, is also a large port quite equal to Hong Kong. Montreal, Melbourne or Sydney as regards its railways, hotels, theatres, departmental shops, and even in its cathedral, etc. The fabric of this cathedral comprises not only the bishop and dean, but also sub-dean, three priests and choir school. The interior is thoroughly handsome, and from the British consul-general down to the youngest subaltern, the British officers there are all very keen to take an active interest in this Christian enterprise, often at unsolicited personal inconvenience. In this city are to be found the representatives of seventeen different governments, who are quite agreed upon one point at all events, for in the matter of bank holidays the holidays of each government are observed by all.

Period of Transition.
No book has as yet been published upon China as she is today in her period of rapid transition from the archaic Asiatic spiritualism of the past to the more enlightened culture of the West. Were such a book on the market, however, it would be almost amusing to notice old style buildings of small dimensions on streets that had been widened and properly paved with macadam.

LONDON, Feb. 11.—The London Times says it understands that the Prince of Wales has planned a tour of India in October or November next.

MAN ATTACKED AND ROBBED ON ALEXANDER ST.

East Angus Man Was Taken to St. Vincent de Paul Hospital.

Bleeding profusely and in a state of semi-consciousness, Arthur Pageau, of East Angus, was taken to the St. Vincent de Paul Hospital yesterday evening at eight-thirty.

According to private information received, Pageau was walking along Alexander Street when he was suddenly pounced upon from behind and beaten heavily about the head and face. His assailants, Mr. Pageau is firm in the belief that there were two, were unable to keep him down and jumping up he ran into a neighboring store and Dr. St. Germain was immediately sent for.

At the time of the attempted robbery, Pageau had some \$100.00 in his pocket, but this was not lost in the struggle. The police were immediately sent for but a search for the assailants was fruitless and they then took the injured man to the St. Vincent de Paul Hospital.

Latest reports from the hospital advise that Pageau is recovering nicely and will be able to return home today.

Police headquarters on being communicated with claimed to have no knowledge whatsoever regarding the affair and were it not for the fact that the man is actually in hospital nothing more would have been said.

THIRTY DEAD AS A RESULT OF TORNADO

In Some Cases Entire Families Had Been Wiped Out.

OCONEE, Ga., Feb. 11.—The death toll in yesterday's tornado that swept through the Gardner settlement near here remained at about thirty. The list of fatalities stood at two whites and more than a score of negroes, but a number of the injured, chiefly negroes, were expected to die. Relief has been sent from Atlanta and nearby towns and the injured and homeless were being cared for by the Red Cross and civic organizations. Identification of the bodies continued slow, but it was ascertained that in some cases entire families had been wiped out.

RELEASE OF JAP SENTRY REQUESTED

Declare Punishment to Jap Sentry Would Destroy Military Discipline.

TOKIO, Feb. 11.—Formation of an association to support the cause of Toshio Ogasawara, the Japanese sentry who shot and killed Naval Lieutenant Langdon, of the United States cruiser Albany at Vladivostok late in December, has been decided upon by a group of army reservists here. Members of the association are descendants of "Edokko," the original natives of ancient Tokyo, who were renowned for their chivalry. It is urged that a petition be sent to the court martial which tried Ogasawara, asking for his release and declaring that his punishment would destroy military discipline.

LARGE CARGO OF GOLD ARRIVES

NEW YORK, Feb. 11.—Gold valued at more than \$600,000 arrived here from Columbia today aboard the steamship Santa Maria. It is said to be the largest shipment of its kind from that country in over a year, three safes being necessary to hold the metal which consisted chiefly of coins.

MORE DRASTIC RESTRICTIONS ON IMMIGRATION.

WASHINGTON, Feb. 11.—Restrictions on immigration said by Committee members to be more drastic than those proposed in the House or by the Johnson Bill are contained in an emergency measure approved and reported yesterday by the Senate Immigration Committee.

GERMAN FOREIGN MINISTER WILL DELIVER ADDRESS IN REPLY TO STATEMENTS BY LLOYD GEORGE

German Committee of Experts Has Drafted Memorandum of Germany's Exporting and Importing Capacity as a Basis for Germany's Ability to Pay the Reparations Demanded by the Allies—Dr. Simons to Deliver Speech in Reply to Lloyd George at Stuttgart on Saturday.

(Associated Press Despatch.)
ONDON, Feb. 11.—A despatch to the London Times from Berlin says Dr. Walter Simons, the German Foreign Minister, left for Stuttgart last night and on Saturday will deliver speeches there in reply to the pronouncement of David Lloyd George, the British Prime Minister in Birmingham. Afterwards he will tour south and west Germany and confer with local officials there concerning reparations.

The despatch adds that a committee of experts has drafted a memorandum of Germany's exporting and importing capacity as a basis for Germany's ability to pay the reparations demanded by the Allies. The documents are voluminous and claim to be an estimate of the trade balance in 1920 of 3,000,000,000 marks. They declare that Germany would have to have double her exports before she could eliminate her adverse balance. This reckoning, it is stated, does not take into account the twelve per cent tax on exports and other huge payments demanded, the deliveries of coal and dye stuffs and the cost of the occupational army. The documents conclude by pointing out the dangers which would arise from the seizure of control of German customs and compelling to flood the market with her goods.

DRAFTING COUNTER-PROPOSALS.
(Associated Press Despatch.)
ROME, Feb. 11.—In an interview yesterday the German ambassador to Italy, Herr Gossler, declared that the Berlin authorities were working feverishly day and night in drafting counter-proposals to the Allies reparations claims to show the impossibility of Germany meeting the demands.

SULTAN IS DISSATISFIED.
(Associated Press Despatch.)
LONDON, Feb. 11.—The Constantinople correspondent of the London Times says that it has been decided that Tawfik Pasha and Mustapha Reshid Pasha, will only represent the Porte at the London Conference. The Sultan has expressed the greatest dissatisfaction over the arrangements for the defense of the Turkish case, which he considers to be in bad hands, but owing to the shortness of the time no other arrangements have been possible.

WARN AUSTRIAN GOVERNMENT.
(Associated Press Despatch.)
VIENNA, Feb. 11.—Entente officials are reported to have sent a formal note to the Austrian Government protesting against movements having for their object fusion of Austria and Germany. Reprisals are threatened if such movements are carried out, it is said.

DEMAND INCREASE IN APPROPRIATIONS.
(Associated Press Despatch.)
VIENNA, Feb. 11.—Demands that Federal appropriations toward the maintenance of provinces be trebled, that one half of all provincial civil salaries be paid by the government, and that all profits derived from the sale of timber be turned over to the different provinces, have been sent to the government of the Austrian Republic by the conference of provincial governors, which met at Salzburg this week.

Unless the Government complies to them within a month, the governors' conference declared the provinces would levy their own taxes, institute import and export duties and assume general autonomy regarding their own finances.

URGES FARMERS TO PRODUCE BETTER STOCK

Government Official in Address Deals with Tuberculosis in Cattle.
(Associated Press Despatch.)
PETROLIA, Ont., Feb. 11.—The alarming increase of tuberculosis in cattle throughout Canada, particularly Ontario, was asserted to be one of the most important questions in the livestock industry by W. R. Reek, assistant livestock commissioner of the Dominion Department of Agriculture, who addressed two hundred farmers here last evening at the banquet given by the Lambton County Corn Growers' Association.

Mr. Reek stated that 26.2 per cent of the hogs shipped to Toronto abattoirs last year from Kent County alone were diseased with tuberculosis, and that Lambton County followed very closely, with a large percentage. He attributed this increase of tuberculosis in hogs to the diseased stocks of cows, and appealed to farmers to do everything in their power to combat the disease. In urging the farmers to produce higher grade stock, Mr. Reek asserted that unless they do so the Argentine Republic, which is Canada's close competitor in exporting livestock, will step in and secure the bulk of Canada's present trade.

COULDN'T BEAR FOR HIS FEET TO TOUCH THE FLOOR

Montreal Man Suffered 12 Long Years from Rheumatism and Stomach Trouble—Tanlac Restores His Health.

"Tanlac has done for me in a few weeks what I have been trying to get other medicines to do for twelve years," said Ferdinand Gadois, of 25 Picard St., Montreal, well known cafe manager.

"I suffered from indigestion and rheumatism, and at times was laid up for four or five weeks on a stretch. My appetite was so poor I had to force myself to eat. I would blotter, and my heart palpitated so I could hardly get my breath. I don't believe there's a man living that's had rheumatism worse than I did. My arms ached to my finger tips and

were so sore and swollen I couldn't even use them. My feet hurt so that frequently I couldn't put my shoes on or bear for them to touch the floor, and in fact, my whole body was full of aches and pains. Why, at times I was so helpless I had to be fed like a child, and I was certainly worried over my condition.

"Well, it only took Tanlac a little while to restore my appetite, and the medicine has entirely relieved me of rheumatism and stomach trouble. I have gained eight pounds in weight, and never have an ache or pain. Tanlac has made me feel like a brand-new man, and words can't express my gratitude."

Tanlac is sold in Sherbrooke by Griffith's Drug Store and by A. E. Duberger and in Lennoxville by W. J. H. McKindsey; under the personal direction of a special Tanlac representative. (Adv.)

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

Take Care OF That Cough

Some people get a nasty cough and don't pay much attention to it, saying, "Oh, it will wear away in a short time," but while it may wear off, serious injury may have been done to the lungs and respiratory organs by the prolonged, harsh, racking coughing.

On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the tightness across the chest, and loosen the phlegm.

Mrs. Wm. Earnshaw, Apsley, Ont., writes:—"Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried quite a few remedies, but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that 'Dr. Wood's' has no equal."

When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with new and untried remedy, but one that has a reputation extending over thirty years.

THE alert mother, ever anxious to find something better for her children's health, will interest herself in learning what is best to give them when they are constipated, have a headache, cold or fever, are bilious or dyspeptic. It stands to reason that the remedy that might be suitable for you, at your age, might be too drastic for a child.

By all means do what you can to regulate the diet, giving preference to the light, easily digested foods. But when diet fails you will have to help Nature with medicine. It would then be well for you to avoid the harsher cathartics and physics, castor oil, calomel and such, even if disguised in tablets or pills, for they weaken the child and make it irritable.

A better plan is to give half a teaspoonful of Dr. Caldwell's Laxative Syrup Pepsin, which is a combination of simple laxative herbs with pepsin. It acts mildly and gently and does not gripe or weaken. It has the

unusual merit of being safe for the tiniest baby yet equally effective for grownups. The formula is plainly on the package, and a sixty-cent bottle is sufficient to last an average family many months.

There is nothing better or safer than Dr. Caldwell's Laxative Syrup Pepsin for stomach, liver and bowel troubles, and as it contains no narcotics or mercurials, mothers can feel safe in giving it to any member of the family needing a constipation medicine. It is syrupy and delightfully pleasant to take. It must meet the taste of the majority, for last year over eight million bottles were bought in drug stores, the largest sale of the kind in the world.

Buy a sixty-cent bottle today with the understanding that if for any reason it does not do exactly as claimed your money will be refunded. Dr. Caldwell's Laxative Syrup Pepsin has been on sale in drug stores for thirty years so you would not be experimenting with anything new.

Send a free trial bottle of Dr. Caldwell's Laxative Syrup Pepsin to—(and give your name and address. I will see that the rest is attended to promptly.

There are heads of families who will want to prove to their own satisfaction that my Laxative Syrup Pepsin is as effective in constipation, as mild and gentle in action, as pleasant-tasting and safe, as I claim. Let such write me for a sample. It will be sent postpaid. Simply say, "Dr. W. B. Caldwell, to Front St., Bridgeburg, Ont." Send a free trial bottle of Dr. Caldwell's Laxative Syrup Pepsin to—(and give your name and address. I will see that the rest is attended to promptly.

The Wilson Player Piano

THE LIFE OF A HOME

The life of a home, is the thing out of which you can get the most enjoyment. And that, certainly, is a Wilson Player Piano.

The reason is perfectly clear and simple. It is because you and every one who wishes, may share in its enjoyment. A piano is a pleasure to those who can play it. But a Wilson Player Piano lends its gentle art to all.

If you wish to play a Chopin Nocturne, then turn to the Player Piano. If you wish to sing—the Player Piano. Or if the young folks want to dance, then the Player Piano, also.

It is not what a Wilson Player Piano is, that makes it the life of a Home; it is what you can do with it; what you can get out of it.

Our new price list just out shows a substantial reduction on all Pianos and Player Pianos. Convenient terms if you wish.

FIFTIETH ANNIVERSARY OF SUN LIFE.

The year 1921 marks the fiftieth anniversary of the Sun Life Assurance Company of Canada which in the half century of its existence had grown to be one of the largest and most successful life insurance companies in the world.

A comparison of the growth of the company's business by decades is perhaps the most convincing proof of the strength of its management and of the steady development of public confidence towards it. These figures appear in the display announcement in this issue.

One year after it was organized, in 1872, the company's income was \$48,000; its assets, \$96,461, and it had written policies for a total of \$1,064,350. By the year 1880 the income had grown to \$141,402, with assets \$473,982 and insurance in force of \$3,897,139. From this time onward the development of the company, not only in Canada but in stretching out to many other countries of the world, proceeded at a rapid pace.

COIN ESTIMATE IS CAUSING MUCH INTEREST

Part of Local Merchants' Plan to Add Interest to Motor Show Week.

The voting has begun. In the window of the Record Office is the jar of coins. Beside it is a ballot box. Ballot paper and pencil are handy, so that any reader of the Record dropping into the Record Office may estimate the number of coins in the jar. The prizes for the most accurate estimates will amount to over \$100.00. The first six will receive cash prizes, and the next hundred or so will receive credit slips which may be turned in for goods at Sherbrooke stores during the bargain days of Motor Show week.

Leading Sherbrooke merchants are planning extraordinary offerings for Motor Show week. In addition to prizes offered in connection with the Record coin estimating contest, they will shortly announce a plan for the refund of railway fares of customers visiting Sherbrooke during Motor Show week.

Now everybody can vote in the coin competition. Vote early. One person, one vote.

LENNOXVILLE

WILL ATTEND MEETING AT W. I. CELEBRATION.

The regular monthly meeting of the Women's Institute was held yesterday, with Mrs. W. S. Armitage, the president, in the chair, and a large number of members present.

The usual routine of business was carried out, in which was included the report that a committee had been appointed from the four county clubs to provide the annual farmers' supper, and arrangements were well under way.

Matters pertaining to institute work were discussed, and in reference to child welfare, the president expressed her wish that the institute could take up this important work along definite lines, and referred to the medical report from Afer's Cliff and the subsequent letter appearing in the local press as not conducive to progress. The general opinion of the members was that medical inspection of schools and compulsory education must go hand in hand, and that the keynote of child welfare work must be kindness and consideration.

Mrs. McCurdy read a report from an agricultural journal of the origin of the Women's Institute, its aims, progress, and a resume of Mrs. Watt's efforts in making the organization a power in the land.

The members were reminded that the annual meeting would be held in March, and the president asked the members to bring suggestions for the year's work to help in getting the programme outlined at an early date.

The roll call resulted in the exchange of some good ideas for supper dishes, a noticeable feature being the use of rice in the making up of some tasty dishes.

At the close of the business, tea was served, the hostesses being Mrs. Chas. Dundin and Mrs. Bowers.

W.C.T.U. Meeting Will be Held.

A Women's Institute meeting in connection with W.C.T.U. work will be held next Tuesday in Douglas hall, with afternoon and evening sessions.

At the former session, papers and discussions on current events will be in order, and in the evening a programme will be given. Rev. Dr. Read, of Sherbrooke, and others giving addresses, which will be interspersed with musical numbers. It is expected that both sessions will be largely attended, and a wide range of W.C.T.U. work gone over.

SCOUT BANQUET AT LENNOXVILLE

The ladies of Lennoxville entertained the First Lennoxville Troop of Boy Scouts, about thirty in number, at a banquet in the Douglas Hall of the Methodist Church on Saturday last.

While the arrangements were carried out by the mothers of some of the boys and the assisted by the officers and committee assisted by some of the Girl Guides, most generous donations were received from all who were approached, who expressed their fullest sympathy with the movement. So generous was the supply that after the hearty appetites of all had been satisfied, the sale of the surplus cakes realized quite a respectable sum for the Scout funds.

The guests of honor, in addition to the Scouts: Scoutmaster and Assistant Scoutmaster, were: Mayor Wm. Clark, Rev. J. Seller, Mr. Jas. Stewart, chairman of the Committee, and Mr. W. J. H. McKindsey treasurer. Rev. R. W. E. Wright was prevented by ill-health from being present.

The "piece de resistance" of the bill of fare was Beef Steak Pie, flanked by a bewildering array of apple, lemon, mince, caramel and raisin pies; followed up by cakes of all descriptions, which were accompanied by chocolate, oranges and apples and nuts.

After the guests had expressed themselves as satisfied, hosts and guests changed places, the amateur waiters acquitting themselves fairly creditably in their unaccustomed role.

Mayor Clarke in expressing his appreciation in a few well chosen words, suggested that a drum and fife band should be formed in connection with the local unit, and offered a generous donation towards its establishment. Rev. Mr. Seller and Mr. Stewart also spoke of the work of the Scout Association and expressed gratitude to the ladies whose generosity and efforts had made this occasion such a success.

The singing of "God Save the King," brought to a close an event which it is hoped will become an annual feature.

Dear Sir:—

The clothes question is one worthy of serious consideration this Spring.

There seems to be so much variance between the opinions of different advisors that it becomes confusing.

Yet the whole idea can be summed up in two words: "Buy Sensibly."

Our Semi-ready Clothes express the spirit of the times—sensibly styled and carefully tailored of durable materials.

Designers have omitted "fads," yet produced clothes with individuality, in models of fine woollens; quality is very evident. There is no economy in buying cheap clothes; you should consider "service and satisfaction" ahead of price.

We would like to talk the matter over with you, and show you wherein these clothes will permit you to dress well while economizing.

Drop in at any time and see how perfectly we can fit you out for Spring and Summer.

Yours very truly,

be procured to carry would-be passengers to the interior of China. The accommodation on these steamers is simply splendid, including even electric light. The top deck is reserved for the white foreigner, and meals are served in the English style. Here again one will meet with many British officers, though the engineer below deck will invariably prove to be a Scotsman!

Natural Problems.

China, like Japan, cannot escape her great national problems. One of these is the ultimate destiny of Tibet, Mongolia and Manchuria. Of these vast territories, the first two are eagerly coveted by Great Britain and Russia respectively on account of their proximity to possessions of these countries. The third province, i.e., Manchuria, has already been practically seized by Japan.

Opium Question.

Another great problem of paramount importance to the nation is the drug question. Opium has now become a token of shame and reproach to the better thinking Chinaman. At a cost of \$16,000,000 the Chinese Government succeeded in buying up at least all that remained in the land. A general holiday was proclaimed and the opium was publicly burned amid great festivity and rejoicing. Indeed, in the fight against this drug, many high officials voluntarily died in the attempt to do without their opium. This gives some idea of the intense patriotism which exists.

But if opium has been exterminated, the coolie or lower class of Chinaman is not to be robbed of his self-abasement, for with the characteristic persistence of vice, he has succeeded in surreptitiously smuggling and purchasing morphia which is made in Great Britain or Germany and shipped, in the first instance, to Japan.

Canadian Church on Honan.
One of the interior provinces is Honan, as large in area as England and Wales, and almost as numerous in population. It is here that the Canadian Church is struggling to present the Catholic faith with a mere handful of 144 workers, as contrasted with the 32,000 Anglican priests who are at work in England.

Under Bishop White's organization, many new buildings have been constructed, as labor is cheap and material inexpensive. St. Andrew's College for youths and St. Mary's School for girls are both under the management of the church, and the increase in the work accomplished by these institutions is very marked. All the students come from good homes and wealthy parents. They pay high fees, and they all go away firm friends of Christianity if not actually converted to the religion of the cross.

This work is much along the same lines as that of the American Episcopal College of St. John, at Shanghai, graduates of which hold many important positions throughout the republic. Indeed, in the middle belt of China, at least 60 p.c. of the leaders in all spheres of life, from the iron foundry to the army, are Christian graduates of St. John's.

The non-Christian schools are also crowded, while the old heathen temples are empty and deserted. In Japan over 90 p.c. of the students are avowedly of no religion at all.

Commerce Improving.

Commerce is making great strides. The agriculture of rice forms one of the main sources of income in China. The fields are laid out in

a bouquet, the former being a special mark of appreciation for services. The captain expressed, for her guides their regret for Mrs. Jones' withdrawal from active membership, but hoped they would always have her interest. Mrs. Jones, though taken completely by surprise, expressed her appreciation for the gift of the badge, which was pinned on by the lieutenant, and the flowers, and assured the guides of her continued interest as Hon. president.

The captain then called on Mrs. Paton, to accept a bouquet, with a few words of welcome from the company; three patrol leaders making the presentation.

Mrs. Paton in a bright little speech expressed her pleasure at meeting the guides, and gave a personal touch to her remarks that showed her deep interest in the girls, and her desire to be a friend as well as president of the committee.

The president laid emphasis upon her desire to have the girls take up cooking, sewing, and care of children as an important part of their studies and assured them of her active interest in both guide work and play. Mrs. Jones spoke briefly, in regard to their work and interests, saying that their highest ambition should be "to become good all-round women, healthy in mind and body."

In closing Mrs. Jones introduced Miss Carlyle, the new Y. W. C. A. secretary as "an old friend who has come back again." The girls gave a very pretty march and sang their song, "We're the Girl Guides Marching," also repeating the guide promises, and the salute to the flag, the pretty ceremony concluding by all joining in the National Anthem, with the guide at the piano, and the company standing at full salute.

During the carrying out of the programme, badges which the guides have been working for were presented, the captain reading the names, and the president presenting them as follows:—

Tenderfoot—Louise Elliott, Ruby Hole, Eileen Davis, Margaret Imrie, Rose Edmond.

Second Class—Margaret McClure, Gladys Duplisse (honors in course), Jean, and Verlie Oughtred.

Attendance—Dorothy Wheeler, Esther Valinsky, Annie Valinsky, Lillian Hatch, Irene Berwick, Dolly Webb, Eva Rolfe, Alberta Andrews, Myrtle Stocks, Gladys McLeod, Ruby Hole, Yvonne Delaney, Ruth Edney, Margaret Ferrier, Lillian Reid, Helen Robertson, Blanche Reid.

Guide Florence Bates passed the Laureates test with good percentage.

Social and Personal

Miss M. Duhamel, graduate nurse, has returned from Island Pond, where she has been engaged upon a case, and has gone to Montreal to visit her sister.

Mr. J. A. Wilson and Miss Mary Wilson, Dufferin Avenue, returned last evening from a brief visit to Mr. J. P. Fick at Knowlton's Landing, Lake Memphremagog.

Rev. Dr. W. E. Taylor, of the M.S.C.C., Toronto, is the guest of Rev. Canon Bedford-Jones and Mrs. Bedford-Jones at "The Lodge," Lennoxville.

Mrs. George D. Mackinnon on Wednesday evening entertained the Young Ladies' Bible Class and the Young Men's Bible Class of St. Andrew's Church very delightfully at her residence on Portland Avenue. About sixty-two were present, and the evening was spent in games and an informal dance. At the close of the evening refreshments were served. Rev. Alfred Bright, on behalf of the young people, thanked Mrs. Mackinnon for her generous hospitality and kindness.

very picturesque curves, and in many places extend far up the mountain side. They are in all cases well watered by a wonderful system of irrigation.

Advertising, especially in regard to tobacco and alcohol, is used to a large extent. Modern sewerage is to be found in operation even in the very interior of China. Indeed, in every way the scholar and the student, the officials and the gentry, in short, the upper classes of China as a whole, are at present most open-minded and receptive to Christianity.

It is an opportunity that has never before been open to us. China is waiting for our advice, our leadership, our religion. Dr. Taylor made, in all three tours of the larger cities and principal educational points. Everywhere he found huge audiences who were very orderly and most attentive in every way, while outside the theatres, parliament buildings or other edifices lent to the foreign missionary with equal readiness, were vast crowds awaiting admission.

One result has been the establishing of a Church of China which now possesses a native bishop, himself the son of a Chinese Christian priest and the father of two others.

Many Chinese Students in U.S.A.

In the U.S.A. there are 1,400 young students from the most superior Chinese families, including the four children of the President himself. These men are becoming leaders on their return home, and most of them accept Christianity.

But the cry continues for us to help them. How long China will remain in the balance none can say, but in face of these facts it is surely the duty of those at home, no less than of those who go abroad, to do all possible to help in bringing to these 400,000,000 souls the gospel message of Christ.

Miss Carolina Woodard, Queen street, left last evening to spend the next few weeks in Boston and vicinity.

Mrs. H. W. Mulvena, Melbourne Street, returned yesterday from a week's visit to her sister, Miss Doherty, in Montreal.

Miss M. Hughes, of Compton, is spending a few days in the city, the guest of her sister, Mrs. W. H. Libby, Kingston Avenue.

Mrs. I. A. Dion, who has been spending some time in the city, has joined Mr. Dion in Quebec, intending to leave shortly for Montreal to take up their residence.

Mr. George Boyes, of the Canadian Bank of Commerce, has been transferred to the branch at Rio Janeiro, Brazil, and left this week for Toronto to spend a few days before sailing for South America.

Mr. S. St. J. Lelievre, who has been on the staff of the Canadian Bank of Commerce, Dufferin Avenue Branch, for several years, has been transferred to Mexico City, and leaves today for his new post.

Mrs. A. L. Windsor received yesterday for the first time since her arrival in the city, at her residence on Montreal Street. Mrs. Windsor was assisted by Mrs. R. N. Robins, Mrs. Bigg, who presided at the tea table, and Mrs. W. S. Fry. The decorations were daffodils and narcissi.

Mrs. William Bell presided at the business meeting of the Ladies' Aid of St. Andrew's Church yesterday, when arrangements were made for a food and apron sale to be held early in March. At the tea hour the hostesses were Mrs. George Dick and Mrs. Alex Johnston, who were assisted by Mrs. Jacob Dick and Mrs. Brash. A number of members and friends were present.

It is understood from Colonel Worthington, C.M.G., that on February 16th General Sir Henry Bursall, K.C.B., will visit the city, accompanied by General Armstrong and staff, and will review the Sherbrooke Regiment, the Carabiniers de Sherbrooke, the 35th Battery, C.F.A., and the Signalling Company. The event is looked forward to with much interest, and will no doubt do much towards stimulating recruiting.

At the tea hour which followed the business meeting of the Women's Association of Plymouth Church, many guests, including members of other organizations, were present. The tables were decorated with daffodils, and every place was occupied. The hostesses of the day were Mrs. Spearing, Mrs. A. M. Sangster and Mrs. Cowan, and tea was poured by Mrs. E. S. Foss and Mrs. Philip Hovey. Misses Gwendolyn Read and Muriel Sangster assisted in serving. A short but pleasing musical programme was contributed by Mr. Roy Kendall,

HELP FIND A NAME.

Further suggestions have been
received relative to the naming of
the Wellington and King Street
junction.

The proposals now stand as fol-
lows:

Center,
Central,
City,
Victory,
Exchange,
Hub.

Ald. A. C. Skinner suggests
"Central Square" as an appropriate
name. One of yesterday's sugges-
tions was Center Square. As Mr.
Skinner observes, this name of itself
suggests location and importance.

A correspondent from Burg sug-
gests "The Hub" as the proper name
as it is the hub or center of Sher-
brooke.

Yet another proposes City Square
which was one of the names men-
tioned yesterday because it is "cen-
trally located in the commercial dis-
trict of Sherbrooke."

IS THIS FINANCING OR SPECU- LATING?

An opportunity to improve the
city's exchequer by taking advan-
tage of the decline in value of the
pound sterling, is having the serious
attention of the Finance Committee.
The city of Sherbrooke has a series
of bonds due in London in 1933,
bearing 4½ per cent. which amount
to somewhat in excess of 100,000
pounds sterling. This actually rep-
resents a value in our own money of
roughly \$450,000, whereas, at the
time the loan was transacted this
would have amounted to some \$450,000.
It is this difference of \$50,000
which the Finance Committee wishes
to save, in addition to the difference
between the present low price of
British Consols and their face value
at maturity.

It is the committee's intention to
borrow some \$400,000 in the States,
interest and principal payable at
New York, at a rate of not more
than six to six and one-quarter per
cent. The money received for the
issue of bonds disposed of in New
York, would be used to purchase
British Consols, 5 per cent. which
are now selling around eighty-five
pounds. One hundred thousand
pounds of British Consols at today's
prices would cost the city approxi-
mately \$381,250.00, while the 100,000
pounds sterling due by the city cost
\$500,000.

Against this the interest on the
loan in the United States would have
to be considered; this would amount
to about six per cent. against which
would be offset the 5 per cent. on the
British Consols, in addition to which
we must consider that the 5 per cent.
is payable in sterling and the 6 per
cent. in dollars.

There is also the possibility that
exchange conditions will return to
normal within the next ten years, so
that while \$400,000 U.S. money
would give us \$452,000 Canadian
dollars today, it might then only cost
us \$400,000. This depends on whether
it is the intention of the Finance
Committee to purchase the British
Consols with "U.S. Funds," or with
Canadian funds.

DEMANDING GENERAL ELEC- TION.

The Toronto Globe, Liberal, de-
mands a general election, as a result
of the Peterboro defeat of the Gov-
ernment candidate.

Some other papers see in the re-
sult no particular significance and
point out that the Government vote
was split by an independent candi-
date and that this explains the out-
come.

It is evident, however, that the
Meighen Government, in the coming
session of Parliament, will be vigor-
ously assailed with the general elec-
tion demand. It would not, indeed, be
surprising if the people would go to
the polls before the end of the year
in one of the most complicated and
doubtful elections ever held in
Canada. Government, Liberal, Farm-
er, Labor and probable Socialist
candidates, as well as independents
will be in the field. It will be a sort
of free-for-all race.

Letters to the Editor

THE TUBERCULOSIS HOSPITAL.

Sir,—I have read with interest the
two letters recently published in re-
gard to the Tuberculosis Hospital, and
if I might be permitted I would
like to express my views.

many, I did not know whether I ap-
proved or not but chose to obtain all
my information at first hand, there-
fore, I joined the Order.

I find many "pros" and many
"cons." I do not approve of the loca-
tion nor do I approve of Sherbrooke's
position for climate for anyone suf-
fering from that dread disease, but
at the same time there are many of
our own Sherbrooke people walking
the streets every day, going to
school, to the pictures, spitting on
the sidewalks, who would, perhaps,
have a better chance in our hospital
than in their homes.

Do you know that there are two
small boys, able to be out of doors,
to slide and play, who yet have be-
gun their sufferings and if we do
not attend to them at once they will
lose their chance for perfect health?

Is it not better for them to be in our
clean, sanitary hospital in East
Sherbrooke than in the terrible sor-
did quarters of the city?

Of two evils, if you so consider it,
let us choose the least. Let us give
the Daughters of the Empire our
loyal support. Let us take those we
have amongst us who need care into
better, cleaner surroundings, and if
we do not consider them the proper
surroundings let us, by our co-opera-
tion help the I.O.D.E. to some day
find a more suitable site for their
great endeavor.

Let each one who feels like op-
posing us take a look at some homes
in crowded sections and then take a
look at the room in our hospital
waiting for those two boys.

If you don't like what we are doing
help us by working with us, not by
standing aside or throwing stones.

Earnestly yours,
A CHAPTER MEMBER.

MANSONVILLE NEWSY NOTES OF INTEREST

General News and Personals of Interest to Residents of Man- sonville.

MANSONVILLE, Que., Feb. 11.
—A large number of the members
of the Union gathered for the regu-
lar monthly meeting at the home of
Mrs. D. Halley on Thursday after-
noon with the president, Mrs. G. G.
Griggs, in the chair. Eight mem-
bers answered the roll call. There
were two visitors.

After the roll call the usual rou-
tine of business followed.

The plan of the amalgamation of
the temperance papers in the Dom-
inion, which are under the organiza-
tion of the W.C.T.U., was discussed,
and the Union voted as not in favor
of the plan.

The petition to the Quebec Gov-
ernment was signed by all present.
The petition asks the Government to
grant the franchise to the women of
the province. Refreshments were
served by the hostess.

Miss Margaret Boright, of Knowl-
ton, spent the week-end at the home
of her grandparents, Mr. and Mrs.
N. F. McKay.

Miss Gienna Martin spent the
week-end at her home in Bruce.

Mr. C. J. Farrell spent a few days
at his parents' home last week.

Mr. M. Vincent is home from
Sherbrooke, where he has been for
some time past.

Miss Nettie Wood, of Montreal,
was a recent guest of Mrs. W. D.
Armistage, at the Rectory.

Miss Madge Cantwell, of Mon-
treal, is the guest of her sister, Mrs.
E. H. Henderson.

Mr. Guy Hammond has recovered
from his recent illness, and has re-
turned to his home in Bellows Falls,
Vt.

Mr. and Mrs. L. A. Perkins and
daughter, Miss Doris, of Sutton,
were in town on Saturday to attend
the funeral of their niece, the late
Catherine Perkins.

Rev. L. E. Roy spent Wednesday
in Montreal with Mrs. Roy, and
brought back the report that she is
progressing favorably.

Mrs. S. Fullerton, of Bolton, was
a guest a few days at the Rectory.

Mr. W. H. Boright, of Montreal,
spent the week-end at his home
here.

On Saturday last the word was
received here that Catherine Perkins
had passed away at the General Hos-
pital, Montreal, where she had been
ill since last October. The sym-
pathy of the community goes out to
the bereaved family.

Mrs. L. Sargent spent a few days
last week at the home of Mr. F. ...
Aikin.

On January 11th the death took
place of Ella Emma, daughter of Mr.
and Mrs. John Mossa, of Province
Hill. Death was caused from pneu-
monia, after an illness of five days.

The funeral service was held at the
home on January 13th, and was
largely attended by relatives and
friends. The service was conducted
by Rev. L. E. Roy, of Mansonville.

The bearers were Messrs. Roy Har-
vey and Reginald Bradford. The
casket was covered with flowers.

Burial took place in the Province
Hill cemetery.

The funeral of Frederick, little
son of Mr. and Mrs. Noel Ham-
mond, was held at their home on
Saturday, February 6th, at ten
o'clock a.m., Rev. W. D. Armistage
officiating. Burial took place in the
village cemetery. The flowers were
many and beautiful. The little one
was eleven months old, and he was
only sick four days with bronchial
pneumonia. His death came as a
great shock to the family, who have
the sympathy of the community in
their sorrow.

The funeral of the late Catherine
Perkins, aged 12 years, daughter of
Mr. and Mrs. W. C. Perkins, who
passed away in the General Hos-
pital, Montreal, on February 3rd,
was held from St. Paul's Church on
Saturday, February 6th, Rev. W. D.
Armistage officiating. Catherine
was a beautiful child and loved by
all who knew her. Of a lovable dis-
position, she made many friends.

Last October she was taken to the
hospital, where she underwent an
operation for appendicitis, and com-
plications set in, from which she fail-

BOX SOCIAL AT THETFORD WAS A BIG SUCCESS

THETFORD MINES, Feb. 11.—

A box social was held in the I.O.F.
Hall on Thursday evening, under the
auspices of the Ladies' Aid of the
Methodist Church, and was a decid-
ed success, financially and other-
wise.

The hall was comfortably fill-
ed, and those taking part in the pro-
gramme were at their best and called
for much applause and many encores.

The following is the cast of
characters in the play entitled
"Mind Your Own Business": Mrs.
Elvira Higgins, Miss Oates; Mrs.
Jemima Whitney, Mr. Curran; Mrs.
Lyme, Miss McCullopp; Miss Slimkins,
Barbara Turner; Miss Annie Barker,
young widow; Mrs. Edwards; Harry
Wood, from New Orleans; L. Beattie;
John Brown, G. Amadon; Dan-
iel Lake, E. Bailey.

The dialogue entitled "Two Ways
of Doing Good," characters, Arabel-
la, A. McCalvary; Carmilla, M. Mc-
Kee; Lizzie, B. Smolker; Josephine,
A. Davidson.

Other items on the programme in-
cluded, recitation, "The Oratory
Team," by E. Bailey; song, "Alice
Blue Gown," by four young girls;
song, "The Old Folks at Home," en-
core, "Some Folks Do." Two violin
and piano selections by Mr. Mole
and Mr. Todd. Song by Mr. Dick,
which was encored.

Rev. E. de Gruchy in his pleasing
manner acted as chairman and at
the close of the programme a hearty
vote of thanks was given to all those
who contributed in any way to make
the social a success, by a hearty
clapping of hands. Mr. Lipsey, ever
willing to help in time of trouble,
undertook to auction the boxes,
which he did in a masterly way. The
boxes of various designs and tastily
decorated were very well sold.

The singing of "God Save the
King" brought a very enjoyable
meeting to a close.

Mrs. A. Daigneau very kindly
acted as accountant. Proceeds \$95.
Mrs. de Gruchy was thanked very
heartily for the very efficient man-
ner in which the programme was
carried out, also Mr. and Mrs. J. Lip-
sey for making the coffee, which all
pronounced very good. Two charac-
ters in the play deserve special men-
tion, namely, Miss Porter and Mr.
Curran.

The new play entitled "The
Young Schoolma'am," by Miss E.
Anderson, will be given some time
in the near future.

General Notes
The sacrament of the Lord's Sup-
per was dispensed in the Methodist
Church Sunday evening, Rev. E. de
Gruchy taking for his subject "The
Home of the Soul."

There was an unusually large at-
tendance at the regular monthly
meeting of the Ladies' Aid of the
Methodist Church held at the Par-
sonage with Mrs. de Gruchy on
Tuesday afternoon. The meeting
was opened by Mrs. de Gruchy, the
president. Devotional exercises were
conducted by Rev. E. de Gruchy.

Several bills were presented and or-
dered paid, amounting to \$82. The
proceeds and expenses from box so-
cial were presented. Next meeting
to be held at the home of Mrs. J. H.
Beattie. At the close a very nice
lunch was served by the hostess, as-
sisted by Mrs. E. Bailey. Proceeds
of the meeting, \$5.

The Official Board of the Method-
ist Church met at the Parsonage on
Tuesday evening, with a very good
attendance. The finances were
found to be in a very good condi-
tion.

Mrs. D. Forbes continues in a very
serious condition.

Miss P. Lowery, of Kinnear's
Mills, was a recent guest of Mrs. J.
Lipsey, Mrs. A. Edwards and other
friends.

Miss L. Frizale, of Kinnear's
Mills, is a guest at the home of Mrs.
D. Forbes.

ed to recover. It was with perfect
trust and noble patience that she
bore her suffering to the end. The
flowers were many and beautiful,
and the church was filled with sor-
rowing relatives and friends. The
school children attended in a body.

Burial took place in the village cem-
etery. Much sympathy is felt for the
sorrowing parents, the sisters and
brothers and other friends,
who mourn the loss of one taken
while yet so young.

Mrs. F. E. Jersey met with quite
an exciting experience last Satur-
day. While on the way to Vale he
kings to visit her son Clyde, she met
a team and turned out of the road,
and in passing the other horse, which
was a colt in breaking, the colt reared
and came down with his fore feet
directly in the sleigh. Mrs. Jersey
was thrown out of the sleigh, but escap-
ed with slight bruises.

A euchre party was held in the
town hall on Monday evening in aid
of the building fund of St. Cageten
parish. Cards were played by near-
ly one hundred people. Many fine
prizes were given. During the
evening a fine programme was pre-
sented. A chorus given by fifteen
young people in carnival costume
was very much enjoyed, as were also
songs by Rev. Father Dube, Mr. E.
N. Draper of Highwater, Mrs. Drap-
per, Miss N. Reid, Miss E. Brouil-
lette, Mr. L. Giguere, David Mon-
nais, assisted by Mrs. D. Giguere,
Miss Reid, Miss E. Brouillette and
Father Dube at the piano. The Big
Four orchestra being present, added
much to the evening's entertain-
ment. A dialogue given by Miss E.
Brouillette and Miss Gendron was
very fine.

On Friday evening a most enjoy-
able time was spent in the town hall
at a pre-valentine masquerade dance
given under the direction of the
home talent orchestra, the "Big
Four," F. A. Soule leader. There
was a very large crowd of specta-
tors and over forty came in cos-
tume. Some of the boys who came
in girls' costumes took the part with
such cleverness that they were not
known to their nearest neighbor un-
til the masks were removed. During
the evening a great deal of fun and
amusement was added to the even-
ing's programme by the sudden and
unexpected appearance of a Herdy-
Gerdy outfit. This was carried out
in such an original and perfectly
funny way that roars of laughter

were heard on all sides. Mrs. E. H.
Henderson carried off the ladies' prize
(following the grand march) for
the best costume, being dressed as
"Pocahontas," while Dr. Hend-
erson, for the time being a perfect

"John Bull," received the gent's
such entertainments in future. Peo-
ple came from Highwater, Bolton
Glen and Montreal to attend.
Mr. Maurice Labell is spending a
few days in New York city.
Mrs. M. Mason is visiting relatives

and friends in town.
Mrs. Ruth Fullerton visited her
daughter in Newport on Tuesday.
Mr. W. Partridge has resigned his
position with Mr. E. N. Daine in the
hardware store.

General Notes.

Dr. Ronald Brown, of Montreal, is spending the week-end with his parents, Mr. and Mrs. Fred Brown.

It is currently reported about town that Messrs. Charles R. McCoy and Edson J. Morrill while in Sherbrooke on Saturday last, purchased the fast pacing mare "Alma Harvester," by the Harvester. This filly is comparatively "green," but has all the ear marks of a 2.10 pacer.

A meeting of the officers and teachers of the Methodist Sunday school will be held on Wednesday evening at the close of the prayer service, to discuss certain matters relative to the challenge issued by the Sunday school department of the church in connection with the spiritual objectives of the Forward Movement.

The young men of the Bible class will meet at the Methodist Parsonage next Friday evening for a social hour, to consider the advisability of working the class along more organized lines. All the young men of the church are invited.

Rev. E. C. Woodley will address the Y. P. Society of the Federated Church next Friday at 8.30 o'clock. Subject, "Reminiscences of the Near East in Peace and War."

Mrs. E. W. S. Gibson will entertain the Young Ladies' Mission Band of the Federated Church on Thursday, February 10th, at 3 p.m., assisted by the Misses Mackintosh and McCaskill.

Mr. Philip Pinel, of Montreal, was the guest of Mr. S. C. Brown over the week-end.

Miss Minnie Nixon, of the Canadian Bank of Commerce staff, entertained a party of about twenty friends most enjoyably Saturday evening last in the bank parlors. During the evening hot maple sugar was served on snow and was greatly enjoyed by all. The gathering broke up well before the midnight hour, after expressing their appreciation and congratulating their hostess on her party.

CLARENCEVILLE COUNCIL HELD A BUSY SESSION

Several Matters of Importance Were Discussed — Personals and General News.

CLARENCEVILLE, Feb. 11.—

The regular monthly meeting of the Municipal Council of the village of Clarenceville was held Saturday evening in Mayor Chilton's room on South Street. There was a full attendance, and after the minutes of the previous meeting had been read and accepted, a letter was read from the Quebec Government acknowledging their request for a grant, to proceed with the building of a permanent road through the village street, also one from the local member, Mr. Saurette, promising the benefit of his influence at Quebec.

The request of Mr. J. Ledoux for a license to operate a pool room, after some discussion was put to a vote, and resulted in a tie, the Mayor at once voting to support the motion of Councillor Hugh Monaghan that the license be refused.

The question of the telephone poles being straightened and properly placed throughout the village before the permanent road was put in was brought up, but held over for further discussion.

Mayor Chilton, with Councillors Herbert McCarthy and Sec. J. A. Tipping, were appointed a committee to meet and confer with representatives of the Municipal Council of the Township of Clarenceville to adjust business re the division of machinery, monies etc., formerly belonging to the old Municipality. After some further routine business the meeting adjourned.

TO BEAUTIFY COMPLEXION

All You Need is Stuart's Calcium Wafers to Clear the Skin of Pimples, Rash, Blackheads and Such Local Skin Eruptions.

The calcium sulfide in Stuart's Calcium Wafers is nature's contribution to skin health. It is the substance that seals the skin, assists in its activity to prevent staphylococci, to stimulate circulation and divert impurities from finding lodgment in the skin texture. It sweeps its way through the bowels, removing wastes that otherwise may be absorbed into the circulation and thus try to escape through the skin. Use these wafers regularly for a few days and notice how the skin clears, how pimples, blackheads and such kinds of skin eruptions are removed. They simply cannot remain. Their redness and itching disappear. Proper food and Stuart's Calcium Wafers will surely take the place of all your creams and lotions and you won't need your powder puff. Get a 60-cent box of Stuart's Calcium Wafers today at any drug store and join the ever-growing throng of American complexion beauties.

STRIKE CAUSES HARDSHIPS FOR THE PEOPLE

Labor Troubles in the City of Rosario Assume Threatening Proportions.

(Associated Press Despatch.) BUENOS AIRES, Feb. 11.—Labor troubles in the city of Rosario have assumed threatening proportions and a serious outbreak is apprehended by authorities there. A general strike has been called, and many unions have summoned their men to quit work in sympathy with striking municipal employees, or have presented their own demands for wage increases. The number of discontented unemployed persons is said to be growing daily. Government troops have been posted about branches of the Argentine National Bank, and the police have arrested many strikers accused of attempting to influence young soldiers to desert or to pledge themselves not to assist in suppressing strike orders. Printers have quit work, causing a suspension of news tomorrow. There is a food scarcity and electrical workers to walk out in the city and ice production is limited, entailing hardships for the people on account of the intense summer heat.

MANY SUFFER FROM A LACK OF TRAINING

"There Is Buried a Mass of Unknown Talent," Says Lord Haldane.

(Associated Press Despatch.) LONDON, Feb. 11.—Educational training is unknown to at least nine out of every ten persons in Great Britain after they have attained the age of fourteen years, Lord Haldane, former Lord High Chancellor, declared in an address here. Study of the inequalities of education among the people of the country, he declared, revealed a "terrible state of things." "In our democracy today there is buried a mass of unknown talent," he continued. "Darwin's, Stephenson's and other geniuses lie buried there because there has been no means of stimulating their minds." If there were more equality of education, he said, the relations between Labor and Capital would be very much simpler than they were at the present time.

NO STATEMENT ISSUED AT CONCLUSION OF MEETING OF DOMINION STEEL CORP.

Official Says No Definite Statement Re Affairs of Corporation Can Be Made Yet.

(Associated Press Despatch.) MONTREAL, Feb. 11.—No statement was given at the end of the meeting of the Board of Directors of Dominion Steel Corporation on Wednesday afternoon here. It is understood that the chief business considered was of details of amended plan to merge the two steel companies with the possible inclusion of Halifax Shipyards and the Maritime Steel Company. "No definite announcement as to the affairs of the Dominion Steel Corporation can be made yet," said Roy M. Wolvin, the president.

TONS OF BARRACUDA OFFERED FREE

(Associated Press Despatch.) LOS ANGELES, Feb. 11.—Eighty tons of barracuda brought by fishing boats from Lower California waters were offered free at Los Angeles Harbor today to any one who would carry them away. The fishermen found the market overstocked when they arrived. They said they had paid \$3200 tax to the Mexican government on the catch.

BANDITS SHOT DOWN MAN
(Associated Press Despatch.) HAMILTON, Ont., Feb. 10.—Bandits last night attempted to hold up Benjamin Nunn, sixty years of age, at the office of the Consumers Gasoline Company, where he is employed. They shot him through the head and chest. Nunn is in the hospital, but is not regarded as seriously wounded.

IS FOLLOWING THE LEAD OF PREMIER DRURY

U.F.O. Secretary Laid Stress on the Education of the Rising Generation.

ELYTHE, ONT., Feb. 11.—J. J. Morrison, Provincial secretary of the United Farmers of Ontario, in addressing a meeting of the U. F. O. Clubs which was held here did not avoid the "broadening out" issue, but on the contrary gave some evidence of falling in line with Premier Drury. He said it was possible for professional men to be representatives of the organization, providing they subscribed to U. F. O. principles. Morrison represented the U. F. O. as a political factor, comparing it to the thin edge of a wedge which would cleave between the two old parties, and whereby the opinion of the masses might be crystallized into one political democracy. The speaker laid stress on the education of the rising generation, in order to further the great democratic principles which were to revolutionize party governments and eliminate old party machines, which have hitherto dominated the scene.

Torpid Liver For Over 4 Months

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities. When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause many troubles. Mrs. Alice McMill, Napanee, Ont., writes:—"I was very badly run down and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and I am a different person today. I can easily recommend Laxa-Liver Pills to anyone troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Rheumatic Pains
Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and at retiring.
It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. WHEN Cold Gets into a Cut
It's smarting painful. Unless you happen to have Zam-Buk handy, the edges harden and get torn open further in the course of work. Then infection gets into the broken tissues. Zam-Buk prevents this danger of festering and blood-poison. Applied to any cut, wound, burn or scald, Zam-Buk provides a perfect antiseptic shield for the damaged tissues. It protects your injury against infection—ensures clean speedy healing. James F. Warren, of Renfrew, Ont., writes:—"Mine was a severe cut with a rusty knife. It happened when I couldn't get my hand properly bound up. Cold and frost got into the injury and the hand went stiff and inflamed. When I got home I had the place well bathed, then applied Zam-Buk. It was wonderfully soothing and I used Zam-Buk regularly until all pain and swelling was gone. The cut, though deep and severe, soon thoroughly healed. Also invaluable for eczema, ulcers, ringworm, abscesses, piles, 'chaps,' burns, scalds, and obstinate wounds."

BEE-KEEPING IN CANADA MORE PROFITABLE

Careful Records Show Average Yields and Mark the Most Productive Areas.

Good returns are obtained from keeping bees in Canada, the conditions in many parts of the country being particularly favorable for honey production. Yet much uncertainty exists, and misconceptions have arisen as to the returns to be expected. One sometimes hears that a colony of bees has produced in one season four or five hundred pounds of honey. Knowing that honey is worth 20 to 30 cents a pound, and that one man can easily look after about a hundred colonies, one is apt to form the conclusion that money is very easily made by keeping bees. Such yields, however, are exceptional, and are the result of a combination of fortunate circumstances, abundant flowers of alfalfa and white clover, fireweed, or other important honey plants, a particularly industrious colony, a well trained and experienced beekeeper, and, above all, favorable weather. They cannot be obtained from every hive, nor can they be repeated year after year. Sometimes a year of failure follows a year of plenty.

To get reliable figures, it is necessary to average the returns from the colonies in the apiary for a number of years. This has been done since 1912 on all the Dominion Experimental Farms scattered throughout Canada that keep bees, now numbering seventeen. The latest figures show that the average annual yield of honey has varied from 18 pounds per colony in the least profitable apiary to 133 pounds per colony in the most profitable apiary. The average annual production for all the apiaries was 63 pounds per colony, which is high enough to make a very satisfactory profit. These figures indicate the importance of good management, the results of long experience. They also point to the importance of local conditions of flora, climate and soil. There are many places where double the average honey crop can be obtained, and these places are not confined to the well settled or southern regions of Canada. Beekeepers are sometimes found succeeding in a region or location capable of comparatively low production, while few or no bees are kept in many a region or location where the conditions indicate high returns.

In order to learn about the local conditions that favor high production, and to help beekeepers to study these and find out what returns they are getting and may expect, forms for apiary returns are being published, and may be obtained on application to the Bee Division, Central Experimental Farm, Ottawa. The only condition requested is that a duplicate copy of the report be returned. The returns will be looked over by an expert, who will make suggestions and give any information relative to the management of the apiary, etc., that may be desired.

ANNUAL SEED FAIR WAS HELD AT INVERNESS

The Results of the Competitions Are Announced—Interesting Debate.

The judges found grain of better quality than formerly, especially oats, but reported fewer exhibits.

General Notes.

The debate held Tuesday in the Court House hall was largely attended, the subject for discussion being, "Resolved that bachelors of thirty years should be taxed." The speakers were Rev. Principal Smith and Mr. J. McCammon for the affirmative, and Messrs. Clarke McVetty, C. Parker and D. Appleton for the negative. The jury, consisting of Messrs. Geo. F. Mooney, Robt. Wright and Louis Bolduc, gave their decision in favor of the affirmative. After the debate, the Women's Institute served baked beans, coffee and sandwiches in aid of the skating rink, and realized therefrom the sum of \$34.

The Ladies' Aid Society will hold an oyster supper and sale in the L. O. F. hall on Friday, February 18th. Other refreshments will also be served.

VARIOUS CROPS FOR SILAGE USE CAN BE GROWN

Millet, Oats and Sunflowers Are Recommended as Additions to Silo.

During the past few years the growing of corn for silage purposes has been rather discouraging in some localities, especially in the higher altitudes of the Province of Quebec. For this reason it has become necessary to find some means of supplementing the corn with other crops which will give tonnage and maturity within a shorter season. Corn should be grown if at all possible, and a certain percentage of the silage should be counted upon to be corn, but as an emergency precaution there should be forage of some sort grown to offset any failure on the part of the corn crop. In many localities where frost occurs late in the spring and early in the fall there is difficulty in securing any reasonable tonnage, and since it has been generally conceded by the best stockmen of the country that silage is an indispensable part of the ration for beef and dairy cattle, therefore it is very important that provision be made to surmount the difficulty by the use of substitutes for corn as far as possible.

It has been found that oats and vetches sown together at the rate of two bushels of oats and three-quarters of a bushel of vetches per acre, under normal field conditions a yield of considerably over seven tons. The crop was cut when the oats were in the dough stage, and put into the silo immediately. This silage possessed a very high nutritive value. Millet has also been found to have an important place in relation to silage, as a substitute for corn, on account of the rank rapid growth made during a very short lapse of time. Japanese millet should be sown at the rate of from twenty-five to thirty pounds per acre, on land that is fairly rich in plant food, as the bloom is well developed in the whole panicle, for, should the cutting be deferred, the nutritive value deteriorates very rapidly. Under favorable conditions it has been possible to get over twelve tons per acre of this fodder.

Another mixture which has been found very satisfactory from the standpoint of yielding large tonnage per acre, under ordinary conditions as follows: Two bushels of oats, half a bushel of vetches and eight pounds of millet, per acre. Cutting should take place when the oats are in a dough stage. Eight tons per acre was the yield obtained.

The aftermath or second growth of clover on the meadows, cut into the silo, has been found to be very satisfactory. It retains its sweetness and succulence very well, rendering it very palatable to the stock. In fact any second growth on the meadows can be utilized for silage with very satisfactory results.

Should it happen that the harvesting of the foregoing crops be carried out during very dry weather, it will be found necessary to supply a slight amount of water at the time of filling the silo. This can be done easily by attaching a pipe or hose to the rear of the blower, allowing a small stream to enter the cutter box as the process of cutting goes on. An excess amount of water will be found detrimental, so that care will be exercised in this respect. If the forage can be cut early in the morning while the dew is on, and the fodder coiled up, it will be found unnecessary to apply any moisture. In all cases the foregoing fodder should be put into the silo with the least possible delay after cutting.

The use of sunflowers as a crop for silage has been tried at various times and places, and reports have been shown that they are winning considerable favor. Where grown alone they have yielded over twelve tons per acre. Cattle become fond of this kind of silage, and possessing a large amount of grain in the heads, if fairly well matured the sunflowers are of very high nutritive value. Land that is suitable for the production of the corn crop will be found to be suitable for growing sunflowers.

The variety recommended is Early Giant Russian.

DROP IN PRICES TODAY ON THE WHEAT MARKET

(Associated Press Despatch)

CHICAGO, Feb. 11.—Predictions of an increased movement of grain from North Dakota had a bearish influence today on the wheat market.

Asserted likelihood that rural borrowers on notes would begin to sell grain more freely was given as the reason for the talk of a larger crop movement. Bears contended also that domestic wheat prices are at present the highest in the world. Opening quotations, which varied from the same as yesterday's finish to 2 cents lower, with March at \$1.65 1/2 to \$1.66 and May at \$1.54 1/2 to \$1.55 1/2, were followed by a material setback all around, and then something of a reaction.

Corn was relatively firm to continued smallness of country offerings of feedstuffs. Happening opening unchanged to 1/2 cents higher, including May at 67 1/2 to 68 1/2 cents, the market eased off a little.

Oats paralleled the action of corn, starting unchanged to 1/2 cents higher, with May at 44 1/2 to 45 1/2 cents, and after hardening somewhat further, underwent a moderate sag.

Provisions were stronger in line with hogs.

NEW YORK, Feb. 11.—(Wall Street Noon) Selling of rails, which resulted from rumors affecting the Reading segregation plan, halted before the end of the first hour and that group made gradual recovery.

Oils, also strengthened despite further cuts in the crude products. Mexican Petroleum, General Asphalt and Royal Dutch rose 1 to 2 points.

Crucible Steel, Baldwin Locomotive and International Paper featured the speculative favorites at gains of 1 to 1 1/2 points and extensions to early advances were made by Famous Players, common and preferred. Several inconspicuous issues, notably New York Shipbuilding and Dome Mines, were firm with utilities, including Western Union. Call money renewed at seven per cent, and exchange on London was moderately better.

SKI JUMPS AND CROSS COUNTRY RUN ARRANGED

Ski Jumps to Be Held Saturday Week—Large Number of Entries Expected — Sherbrooke May Join Canadian Ski Club.

At a committee meeting of the Sherbrooke Ski Club held yesterday evening, it was decided to organize a "jump" competition as well as a cross country.

It is the intention of the Committee to have the "jumps" take place on Saturday, January 19, at Brault's farm and necessary arrangements for the building of a six foot take-off are under way.

The jumping competitions will be under the direction of Messrs. L. McGannon and M. Loomis and with a view to encouraging beginners and younger members to become actively interested, these gentlemen will use their discretion in allowing handicaps.

The cross country is scheduled to take place on February 28th, and it is intended to have the finish take place at Portland Square, in order to allow the public to see the skiers in action.

The Cross Country will no doubt prove even more attractive than the "jumps" and it is expected that every member of the Club will enter. Arrangements for the location of the course and other details in connection with the Cross country run, are in the hands of Messrs. F. Briggs and A. W. Reid who are to confer with Captain Kanschousan, of Snow-shoe fame as to the most suitable district.

Skiers now have a splendid opportunity of putting Sherbrooke on the "Ski map of Canada" and if the meets are keenly patronized it is quite likely that Sherbrooke will be admitted as a member of the newly organized "Canadian Ski Club", a Dominion organization, whose headquarters are in Montreal. Suitable prizes will be contested but there will be no entrance fee. All members are requested to turn their names in to the respective committees.

I.O.D.E. CHAPTER MEMBERS HELD THEIR ANNUAL

Reports for the Past Year of the 53rd Regimental Chapter Were Presented.

The Regent of the 53rd Regiment Chapter, I. O. D. E., Mrs. W. A. Farwell, spoke as follows to the members of the Chapter, at the annual meeting, held yesterday in the Assembly Hall of the G. W. V. A. "Members of the 53rd Regiment Chapter. We have just finished our first year of work together as Regent and Chapter. To me it has been a most happy and instructive year. Instructive because I have learned from you all the spirit of selflessness. You have answered my demand upon you, those coming from the Head Office, as well as our own local ones in a spirit of cheerfulness and willingness that at times has amazed me. I took the office of Regent most reluctantly because I was afraid of what the consequences might be. The war was over, our boys were home again and naturally our interest was flagging, and we were fast losing our grip and our meetings were growing smaller. There were seven members present at my first meeting with you as your Regent, when I asked for your loyalty and support. I now want to thank you for that loyal support. If it has ever wavered I have not been aware of it. Some of us have had our little differences of opinion, most of them of no importance.

"When the Soldiers' Settlement Board asked the I. O. D. E. for clothing, you said we will collect all we can and make the rest, with the result that several big parcels have been sent to help clothe both kiddies and grown ups. Then when the call came 'What will the I. O. D. E. do for the Settlers' wives?' Sherbrooke was astonished at what the 53rd Chapter did. They gave just the touch the strangers needed, a bit of home life and human interest which I know reached far into the heart of every woman.

"I am proud to be the Regent of the 'Working Chapter,' not because of the gifts of money you make, but because of willing hands and kind hearts, and cheerful obedience to the constitution of the I. O. D. E. The Government has taken away the source from which we took our name 'The 53rd Regiment,' but we men must carry on ourselves for the years to come, the name in the same unblemished way that the men of the 53rd did for years. We took their motto, 'In hoc Signo Vincas.' In this sign we conquer. To that sign of the I.O.D.E. which has the Union Jack in the center we must mentally add that other cross, the one on which our Saviors died that the world might become better.

The address was applauded, and the business of the day proceeded. The minutes of the last annual meeting, and subsequent meetings were read, and adopted. The report of the Treasurer, giving receipts and expenditures of his year, a fair balance remaining on hand; also the report of the Secretary, which was full and complete, setting forth the work of the Chapter during the year.

Work Done During Past Year. The annual report for the year 1920-1921 was given as follows: "During the year 1920-1921, the Chapter has met thirty-six times, eight monthly, and three special for business, and twenty-five for sewing, the work accomplished being fifty-eight sheets, six shirts, one suit of pajamas, and two bed jackets, all for the Tubercular Sanatorium.

"In answer to an appeal from the Soldiers' Settlement Board, the Chapter made seventeen pairs of bloomers, twelve night dresses, nine shirts, eight petticoats, one sweater, two pairs mitts and six pairs of stockings. We also made the curtains for the I. O. D. E. rooms in the Art Hall, we held a Dansant, at which we sold baskets, also one rummage sale. We sold ice cream and soft drinks, during the Chataqua week, we had one bridge, one food sale, and two raffles. We also served refreshments for two bridges which the Municipal Chapter held, the proceeds of all these going to the funds of the Tubercular Hospital.

We have fifty-two members in good standing, eleven new members this year. The Chapter has lost six most faithful members, by removal from the city, one of them being our secretary. We have been able to brighten the time for the soldiers' wives, while on a visit to the city, by serving afternoon teas and supper and providing entertainment in the evenings.

During the year we have raised \$645.55, bringing a successful year to a close.

A letter acknowledging flowers and sympathy of the Chapter was received from a member recently bereaved, and a letter was read from Mrs. Muldrew, Director of the Home Branch of the Soldiers' Settlement Board, thanking the Chapter for their kindness and hospitality to the Settlers' wives during their visit to the city, on behalf of the Board, Miss Kirby, and herself.

Two new members were balloted for and elected. The list of the present requirements of the soldiers' wives in the hands of the Secretary will be given to Mrs. Ward, Convener of the Work Committee.

The following officers were elected by acclamation: Hon. Regent, Mrs. F. W. W. Bowen; Hon. Vice-Regent, Mrs. H. R. Fraser; Regent, Mrs. W. A. Farwell; First Vice-Regent, Mrs. T. Loughheed; Second Vice-Regent, Mrs. Robertson; Secretary, Mrs. T. C. Wilson; Asst. Secretary, Mrs. Burton; Treasurer, Mrs. Ferrier; Echoes Secretary, Miss Cruickshank; Educational Secretary, Mrs. Morgan.

The Standard Bearer, Mrs. Duncan was elected by ballot, Mrs. Loughheed acting as scrutineer. Arrangements were made in regard to the seas at the meetings.

LITTLE TOT MET TERRIBLE DEATH AT MARBLETON

Little Daughter of Mr. and Mrs. Breton Was Burned to Death.

(Special to The Record)
MARBLETON, Feb. 11.—On Ash-Wednesday a fire occurred which destroyed the home of Mr. and Mrs. Napoleon Breton in Erie, and at the same time their little adopted daughter Regina, aged four years, lost her life in the fire. Mrs. Breton was away from home attending service at St. Adolphe, and Mr. Breton had a can of paint on the stove, getting ready to paint some buckets. The can becoming overheated, the bottom fell out and the paint ran all over the stove and caught fire. It also caught in the paper overhead. Mr. Breton tried to put it out, but failed. In the smoke and confusion the little girl became frightened and ran up stairs, while the fire gained such headway that Mr. Breton could not save her. Much sympathy is felt for the bereaved family.

General Notes
The council meeting was held on Monday evening at the Town Hall, Mayor Gordon, Bishop presiding, and all of the councillors except one being present, Mr. Perry, Committees were appointed for the coming year. It was decided to write to the government regarding the government roads, as they wish to start work early in the spring.

Mr. and Mrs. J. A. Fraser and little daughter, Gloria, from Cookshire, were the week-end guests of Mr. C. O. and Miss A. Hall.

Mr. Walter Gilbert was in town recently calling on friends.

Mr. L. P. Bishop, from Danville, was in town on Sunday the guest of Mr. and Mrs. Glanville Staples.

Miss Ruth Bishop who has been for some time with her sister, Mrs. Edward Jenkinson, is with her sister, Mrs. K. A. Willard.

Miss May Weyland, from Sanford, Maine, was the guest of her aunt, Mrs. H. Staples, last week.

Mrs. H. G. Weston and Mrs. O. W. Cote spent one day last week the guests of Mr. and Mrs. Fred Hooker.

Miss Lucy Weston was the guest recently of Miss Pearl Gilbert at Bishop's Crossing.

Mr. Emile Gingras went to Quebec last week, where he expects to remain for some time.

The many friends of Mrs. Alex Munkittrick will be pleased to know she is gaining slowly from her recent illness, having been confined to her room for several days.

Miss Chapman has been on the sick list for the past week, but is able to be out again.

Mr. Leeman Mackay, with a number of men to help him, spent two or three days last week cutting and packing ice from Silver Lake, so now the people in the village will have a good supply ready for next summer.

* Stanstead College Notes *

On Thursday afternoon Principal Griffith left for Toronto, where he will remain with his family for a week.

Rev. Mr. DuBois spent the weekend at Coaticook, where he conducted service in the Methodist Church on Sunday morning.

Two more hockey games were added to the list on Saturday last. The senior team journeyed to Farnham, where they played the return game with the C.P.R. sextet. The score this time was reversed, as it stood 4 to 1 in favor of the home team.

On the Olympic rink the second team met defeat at the hands of the Lennoxville High School team. The score stood 6 to 2. The visitors played a fine, clean game, it being their sixth continuous victory this season.

The Wednesday evening practice recitals in the music department have been held regularly since Christmas. Last week there were piano solos by Claire Marois, Mary Laybow and Alexa Fuller; a violin solo by Leonore Tipograph; songs by Nettie Simons and Midge Symons; readings by Doris Cohen and Louis Levin.

The Y.M.C.A. this week was in charge of Stewart Hanson. Rev. Mr. Mick spoke on "Conquest." After referring to great conquerors of empires and continents, some of whom could not conquer themselves, he stated the greatest conquest was the conquest of self. He spoke emphatically on the importance of conquest of the eyes, the ears, the tongue, the appetite, and the passions.

On Sunday evening the college, in a body, attended the Congregational Church. Mr. Rice's subject was "Lincoln." He delivered a very interesting address. Among other outstanding facts, the speaker said that God is the greatest factor in the environment of human life. Abraham Lincoln was as a great fountain up the hillside, pouring forth a living stream to humanity. He lives today, not because of what he did, but because of what he was. He was religious. He revered the Bible, the church, and his God. His chief authority was his own conscience, because he believed in the divine in the life of every man. He had perfect poise, power under control, and was strong, but tender. He had faith in immortality. Life to him was but a journey at the end of which was home. After the service the teachers and students were entertained in the lower rooms to cake and cocoa by the officiate of the church. The evening was much appreciated.

At the Y.W.C.A. meeting Tuesday evening, Miss Glenna Griggs presided. The subject discussed was "The Sabbath." Two good talks were given by Miss Deryl Hunter and Miss Margaret Mastin.
