Fifty-Eighth Year

FLAMES RAGE IN N.S. COAL SHAFT

World News In Brief

Stockholm—(AP)—Maj.-Gen. Axel Ljunghall, 57, Friday was appointed commander-in-chief of the Royal Swedish Air Force, fourth largest in the world. The Swedish air force has more than 1,500 planes, most of them jets.

Taipei, Formosa—(Reuters)—The whole of Formosa was blacked out for 20 minutes Friday night when radar screens spotted several unidentified planes heading towards the island from the Communist-controlled Chusan islands. No air raid alarm was sounded, however.

Moscow—(AP)—The Soviet Union in a note made public here early today sharply attacked Turkey for negotiating a mutual security pact with Pakistan.

The note addressed to the Ankara government said Turkey's agreement with Pakistan was "creating a military bloc in the Near and Middle East and in southeast Asia and damages Soviet-Turkish relations."

It added, "The Turkish government must bear full responsibility for the consequences."

London—(AP)—Three soldiers from Camp Ipperwash, Ont., were injured Friday when their auto crashed into a tree just west of here.

Injured were Cpl. Malcolm Cardy, 25, of Fredericton, N.B., cuts, bruises and possible broken ribs; Cpl. John LeRoy Turpin, 26, of London, and Pte. Roland Robinson, 23, of Greenfield, Ont., cuts, bruises and undetermined injuries.

Two other soldiers in the car were shaken up but otherwise uninjured.

Police said the car struck a bump in the road and went out of control.

No Protest At McCarthy Visit

Ottawa—(AP)—The government will not try to prevent Red-baiting Senator Joseph McCarthy of the United States from making a scheduled speech in Toronto, April 20.

Prime Minister St. Laurent said Friday in the Commons it would be "inappropriate" to make representations to the U.S. government with a view to keeping the Republican senator from speaking in Canada.

He replied to a question by Opposition Leader Drew who asked Thursday if the government would consider the advisability of indicating to the United States that it would be unfortunate for a U.S. congressman to discuss his country's political affairs in Canada.

Mr. St. Laurent said Canadians invited to speak in the U.S. were conscious of the delicacy of speaking of national affairs and he felt any U.S. speaker coming to Canada would be equally conscious of that delicacy.

Great Britain Restoring Centuries-Old Gold Mart

By SYDNEY CAMPBELL
London—(Reuters)—The British treasury announced today that the London gold market, closed at the outbreak of the Second World War, will be reopened Monday.

It also announced an important technical freeing of the international use of sterling.

Before the war, London was the world's leading gold market. If it can regain that position, Britain will reap new profits. A fresh flow of sterling to Britain from overseas will also be attracted.

Today's announcements mean that dealings in the London market will be sterling. Anyone inside or outside the sterling area—including Russia—will be allowed to sell gold.

If Canada and the United States buy, they will be asked to pay for the gold with sterling they already have.

Washington Atomic Pool Plan Issued

Washington—(AP)—United States-Soviet talks got down to brass tacks on President Eisenhower's atom-for-peace plan Friday after three months of conversation about how to approach the subject.

State Secretary Dulles called in Soviet ambassador Georgi Zarubin and handed him what the state department called "a concrete plan."

This is a detailed program to carry out President Eisenhower's suggestion for an international pool to which nations would contribute some of their atomic materials and know-how for peaceful purposes.

The text of the plan was not made public but its basic ideas are:

1. Creation of an international atomic energy agency by the United States, Russia and other atomic powers, including Britain and France.

2. The agency would take charge of the pool of atomic materials, and would be responsible for safe-guarding it, preventing seizure by any nation bent on war.

3. The agency could mobilize atomic experts to develop atomic energy for power purposes in areas lacking sufficient electrical power for medicine and for such things as agricultural research.

A department announcement said the plan "to further the peaceful development and the use of atomic energy" was drafted by the U.S. government after consultation with other Allied governments.

The announcement also disclosed that Russia has transmitted to the United States "certain proposals in connection with the general subject of atomic matters."

It said these proposals, presumably dealing with atomic disarmament, are under study.

N.S. Pilot Dead In Plane Crash

Windsor, Ont.—CP—The crash of an RCAF jet trainer Friday snuffed out the life of a Glace Bay, N.S., man as the aircraft dived into a muddy field on take-off.

F.O.P. C. Cadeagan had brought his plane in to Windsor on a trip from Portage la Prairie, Man., to Centralia, near London. He took off on the last leg of his journey an hour later.

With the pilot on the trip from Portage la Prairie was Pte. Lt. A. F. Henry, senior medical officer at Portage. He disembarked at Windsor and Cadeagan went on alone. The pilot is survived by his widow who lives at Grand Bend, Ont.

Observers said the aircraft made what was apparently a normal takeoff and disappeared into a cloud. A few moments later it dived into the field, exploded and burned. There was almost nothing left with the largest piece of wreckage about three feet high.

Two Miners Known To Have Perished In Fire Sweeping Through Shaft Three Miles Under The Sea.

By DON MacKENZIE
(Canadian Press Correspondent)

Glace Bay, N.S.—CP—Fire fanned by air from the ventilating system raged out of control through a coal tunnel far beneath the sea off here today and two miners were known to have perished in the gas-filled shaft.

Draegermen, veteran mine rescue workers, toiled in the smoke and darkness all night trying to bring the menacing blaze in No. 26 submarine colliery under control. They were repulsed many times by the searing heat.

The dead men were identified as Donald MacLellan, about 50, and Malcie O'Hanley, about 35. MacLellan rose to the stature of hero some years ago by leading trapped miners to safety when an explosion tore through No. 25 colliery.

The entire night shift of 200 men was working in the tunnel 2,000 feet below ground and three miles out under the Atlantic Friday night at 7 p.m. when the fire erupted out of control.

All except MacLellan and O'Hanley escaped unhurt. The mine, one of several under the sea off the Cape Breton coast, employs 600 men altogether.

The fire started when an explosive charge was fired into the coal face to loosen the coal. This normally causes a slight blaze but the one Friday night got out of control.

It turned the tunnel, which runs laterally between No. 26 and No. 1-B shafts, into an inferno. Company officials tried again and again to enter the tunnel for an inspection but smoke and flames beat them back.

A fourth draegerman relief squad went below ground early today in an attempt to seal off the tunnel and pump in water to put out the fire. Previous attempts failed.

Company officials said the fire was on an "air-course"—in line with the air stream originated by the ventilating system.

One official said MacLellan was a shot-firer, the mine employee who fixes and fires charges used to shatter a coal face.

They said he was not working Friday night when the fire started but descended into the shaft with draegermen to see if he could help control the outbreak.

The shrill ring of a telephone bell in the depths of No. 26 gave the warning that averted what might easily have been a disaster.

Scores of miners warned to clear out on the double headed for the "shoreward" exit from the tunnel on the run and were hauled speedily to the surface on the shaft cages.

The fire broke out in what is known as "No. 3 drift," one of the coal-working parts of the tunnel. Harold Gordon, manager for coal operations of Dominion Steel and Coal Corporation, was at the tunnel entrance throughout the night.

McCarthy In New Attack On Stevens
Milwaukee—AP—Senator McCarthy has accused the Democratic party of "20 years of treason" on 20 counts, and, casting Adlai Stevenson in the role of "attorney for the defence," called on him to plead guilty or not guilty.

In leading up to his charges against the Democratic party, McCarthy said Friday night: "I shall place before the greatest of all juries, the American people, an indictment of 20 counts, picked at random, which at best constitute gross stupidity—or at worst, treason."

The Wisconsin Republican senator, making a rebuttal to a March 6 speech of Stevenson's, accused the 1953 Democratic presidential nominee of using the "Communist method" of attacking him and the Republican party.

Stevenson, in Cambridge, Mass., said through a spokesman that he had "no comment."

Stevenson had told a Democratic rally in Miami that the Republican party was "divided against itself, half McCarthy and half Eisenhower" and accused McCarthy of sowing "slander and disunion."

McCarthy, in his speech Friday night, charged that Stevenson, "acting as spokesman and defence lawyer for the Democratic party, used the officially approved and published Communist method of attacking McCarthy and the Republican party."

Army Chief In Support Of Stevens

By WILMOT HERCHER

Washington—(AP)—Army Secretary Robert Stevens, approaching a showdown fight with Senator Joseph McCarthy, got a pat on the back Friday from the army's chief of staff, who called him a "high-principled" public official.

Gen. Matthew B. Ridgway, addressing the National Press Club, said the army is proud of its secretary and the country will share that pride "when the full story of unfolding events becomes known."

Next week McCarthy's Senate investigations subcommittee is expected to open an extraordinary hearing to determine whether the senator or the secretary is right in the multitude of charges and counter-charges they have hurled at each other.

Stevens himself, in a speech prepared for delivery in Charleston, S.C., Friday, remarked "It is deplorable that the army... and especially its senior officers, should too often be the target for irresponsible criticism."

Neither Stevens nor Ridgway mentioned McCarthy's name, but the secretary's statement apparently referred to one phase of his fight with the Wisconsin senator—a charge that McCarthy abused and humiliated Brig.-Gen. Ralph Zwickler in questioning him about alleged "Communist codding" in the army. McCarthy has denied the charge.

In addition to Ridgway, Stevens has another supporter at defence headquarters—Defence Secretary Charles Wilson.

Wilson testified Thursday before the Senate armed services committee that he "certainly would" regard as truthful an army report put out by Stevens and army general counsel John G. Adams that McCarthy and Roy Cohn, chief counsel of the Senate subcommittee, applied pressure to get preferential treatment for the draft.

McCarthy's former work on the subcommittee staff and is a pal of Cohn's.

Meanwhile Senators Kark Mundt (Rep.—S.D.) and John McClellan (Dem.—Ark.) continued working as a team in efforts to line up a special chief counsel to work with the committee in the investigation. Cohn and other regular staff members have been asked to step aside during the hearing.

Opposition Move To Limit Export Controls Defeated

Ottawa—CP—An Opposition attempt to limit to one year the life of the government's export-import controls law was defeated Friday in the Commons.

However, the government agreed to accept two other Opposition suggestions for changes in the bill, which would renew for a three-year period the trade controls.

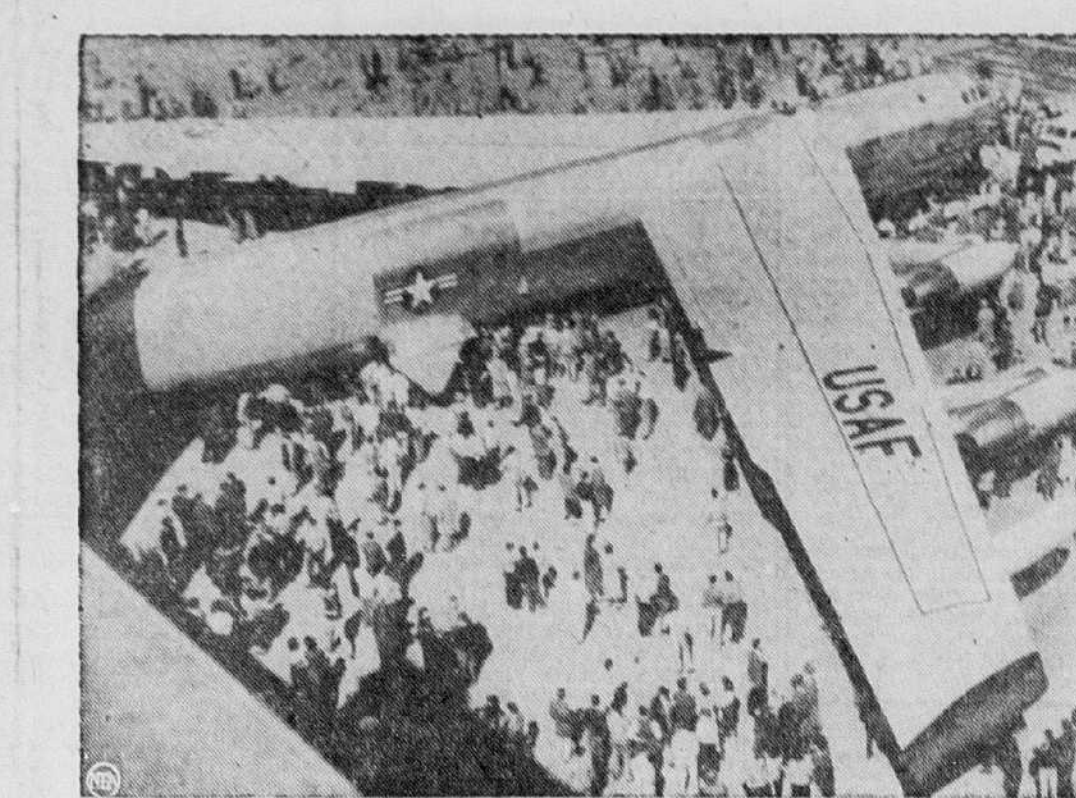

J. M. Macdonnell, Progressive Conservative financial critic, proposed the one-year limit on the bill's life. He repeated during clause-by-clause study of the measure his party's objection to a three-year extension on grounds that Parliament should make frequent reviews of laws granting the government wide executive authority.

Trade Minister Howe said the government cannot accept the Opposition view. The export-import controls law was an emergency measure and the government did not foresee the emergency situation ending within a year.

Under the legislation, the government could control export and import of materials, particularly strategic goods which might go behind the Iron Curtain.

Howard Green (PC—Vancouver Quadra) successfully proposed that the government delete from the bill a provision which would have made it a crime to attempt to have someone else break the export-import laws.

He said he agrees that it is necessary to make it a crime to induce, aid or abet a breach of the law. But it was going too far to make it a crime to have

Province To Relieve Civil Servants Of Duplicate Taxation Upon Incomes

By RICHARD DIAGNAULT
Canadian Press Staff Writer
Quebec—(AP)—The Quebec government will deduct the full amount of the new provincial income tax from federal income tax collected at source from its employees.

Premier Duplessis made the announcement Friday at a weekly press conference in which he said refusal of the federal government to permit deduction of the Quebec tax in full would be neither nice, charitable or just.

The provincial tax, authorized at the last session of the legislature, amounts to approximately 15 per cent of the federal income tax. Present federal law allows deduction of only five per cent to meet provincial income taxes.

The premier did not say what would happen if the federal government sticks to its guns and refuses to allow the full deduction to be made on behalf of Quebec civil servants.

Nor would he reply to a question asking him if he planned to advise Quebec employers to follow the government's lead.

The premier hinted that if Ottawa does not co-operate in collecting the provincial tax from members of the armed forces and federal employees in Quebec, he may refuse to collect federal tax from provincial government employees.

The new tax is retroactive to Jan. 1, but deductions are not due to start until April 1.

Mr. Duplessis said the decision "will simplify matters for Ottawa and will at the same time reaffirm the rights of the province."

His government was under no obligation to collect federal income tax but had done so in a spirit of co-operation and would continue to do so except for the amount to be deducted for provincial tax purposes.

The new tax imposed for three years, is expected to bring in \$22,000,000 for university grants and financing of education, public health and social legislation.

Eighteen Die In Explosion Of U.S. Plane

Annapolis, Md.—(AP)—Twisted pieces of wreckage and parachute-draped bodies littered a cornfield where a big United States Air Force plane crashed in flames Friday night, killing all 18 aboard.

The plane, a C-119 flying boxcar which had left Bolling air force base a few minutes earlier, was seen ablaze in the air moments before it plunged to earth on a farm 19 miles north of here.

It grazed the edge of a wooded area and exploded at or shortly before the crash, scattering its victims over several acres of the rain-soaked farm.

The crash was one of two involving USAF planes Friday night. At Amelia, Va., an air force B-26 crashed into a swampy area and exploded, and police reports indicated all aboard were killed.

The exact number on the plane, en route from Vance air force base, Enid, Okla., to Langley air force base near Washington, could not be determined.

State police by early morning had been able to recover only the finger of one person on which was an air force ring.

Boost Limit On Housing Act Loans

Ottawa—(AP)—The government Friday boosted the loans ceiling under its new housing legislation to \$12,800 from \$10,000 for a single house, but raised the maximum interest rate to 5½ per cent from 5¼.

The new legislation, which makes loans more expensive but extends the time to pay and cuts down payments on new homes, goes into operation Monday, about three months after it first began rolling through the Parliamentary mill.

The proclamation date was announced in the Commons by Works Minister Winters who also made these points:

1. The interest rate for limited dividend companies—those who build rental housing for low-income families and keep company profits at a minimum of five per cent—will remain unchanged at 3½ per cent.

2. Home buyers who prepay their annual tax bills by monthly payments to mortgage holders who get interest on their payments at the bank rate of two per cent.

The bill, considered by the government as one of its major pieces of legislation in the current Parliamentary session, opens the mortgage-lending field to chartered banks and the Quebec savings bank for the first time.

It cuts down payments on the first \$8,000 of the house cost to 10 per cent from 20 and raises it to 30 per cent from 20 on the remainder up to a fixed lending ceiling.

Loans to certified defence workers will be at the rate of 90 per cent of lending value up to a maximum of \$11,000 for a single house, \$10,350 for semi-detached houses, and \$15,500 for duplexes.

Though the loans ceiling is boosted under the new regulations, the old 23 per cent ratio of carrying charges to income is retained.

That is, it is generally recognized, said CMHC, that a borrower should not pay more than 23 per cent of monthly income to meet carrying charges of principal, interest and taxes. However, the mortgage lender, which in addition to chartered banks include trust and loan companies, "may, in cases considered appropriate, request central mortgage to approve a loan where the 23 per cent ratio is exceeded."

As a means of relaxing this 23 per cent rule slightly, CMHC is allowing up to 20 per cent of a wife's gross salary and a portion of her other income to be included in calculating the husband's income.

Life of loans is extended generally to 25 from 20 years, though they cannot exceed 30 years. Even with higher interest rates and the two per cent cost of mortgage insurance which is added to the purchase price, monthly payments will be reduced by the fact that the loans will have longer lives.

As for down payments, CMHC estimated that "if the total cost of the land and construction is not greater than the lending value, a single house with a lending value of \$10,000 will require a down payment of \$1,400. For an \$11,000 house, \$1,600 will be required and for a \$12,000 house \$1,800."

"The monthly payment of principal and interest on the mortgage loan will be approximately \$6.11 for each \$1,000 of loan over a 25-year term."

Federal Current Spending Near 5,000,000,000-Mark

Ottawa—(AP)—Federal spending in the fiscal year ending March 31 will be almost \$5,000,000,000. The government Friday sought parliamentary authority for the expenditure of \$86,214,350 in addition to estimate of \$4,433,466,000 already approved. The supplementary estimates, tabled by Finance Minister Abbott, will be the last of the fiscal year.

They bring to \$4,531,680,000 the amount of government spending in 1953-54 for which parliamentary authority is needed by way of estimates. Besides, the government will have disbursed around \$300,000,000 in old age security payments, which are covered by a special tax.

The \$4,531,680,000 figure in itself is a peacetime high. It compares with the all-time peak of \$5,332,000,000 in the 1943-44 war year.

For the coming fiscal year that starts April 1, the government has tabled main estimates of \$4,491,751,000, not including the old age security payments.

With later supplementaries, the expenditures for the 1954-55 year could well go beyond the \$5,000,000,000 mark and possibly top the wartime high, barring a contraction in outlays for defence.

Supplementaries were brought down by Mr. Abbott a day after he announced that his annual bud-

Maurice Gerrard Named Chairman Of Boundary Fair

Derby Line, March 20. — Maurice Gerrard, of Stanstead, was elected chairman of the Boundary Rotary Fair for 1954 at the regular Monday evening meeting of the Rotary Club of the Boundary, held at the Del Monty Hotel. President Fred Gilman presided at the meeting.

The directors for the Rotary year 1954-55 were also elected at this meeting. Past President Maurice Moore submitted the list of nominees as drawn up by the other past president of the club, and the nominees were elected unanimously.

The directors are as follows: Fred Gilman, Maurice Gerrard, Beverly Haselton, Ernest Sutton, Earl Bushnell, A. Douglas Jones, Frank Finch, John Poaps, Lloyd Bliss and Earl Heath.

Following the meeting, those of the new directors who were present met and elected the officers for the coming Rotary year. The list of officers selected will be submitted to the club for approval at the meeting next Monday evening.

The meeting featured the discussion of plans and ideas for the Rotary Fair that will be held again this year. Earl Heath nominated Maurice Gerrard for the position of chairman of the fair with power to select his own committee, and Mr. Gerrard was elected to the position.

The pros and cons of holding the fair at the new Border Arena were discussed, and the club voted in favor of the new location. It was thought that the greater size of the arena would be a real help, that the large amount of parking space available would also be a benefit, and that new games could well be developed and old games enlarged.

The idea of holding the Fair at an earlier date was also discussed and taken under advisement by the chairman. Details about the plans for the Fair will be announced as soon as they are ready. It was decided to invite the Sherbrooke Rotary Club to join with the Boundary Club on Tuesday evening, April 27th, for a special meeting.

The board of directors voted to send three students to the United Nations Model Assembly in Plymouth, N.H., on May 6, 7 and 8, one student each from Ayer's Cliff High School, Stanstead College, and Derby Academy.

Victor Newton, of Sherbrooke, at the roll call, by Mrs. Henry Tallon.

A reading was given by Mrs. L. D. MacLeod on "Christian Stewardship."

Mrs. Tallon, the secretary, on Christian Citizenship, also gave a reading on that topic.

The statement for allocations for 1954 were received from the Presbyterian Supply secretary.

Suggestions were also made as to the needs for Overseas Relief.

The program for the "World Day of Prayer" was given special attention, and the offering taken, concluding the business session.

The study period followed entitled, "Our Own Backyard" and was based on "Where'er the Sun," by Samuel Moffett.

The dialogue was written up for two women, Mrs. United States, and Mrs. Canada. In the course of which, world conditions, isolated families, and their difficulties, were thoroughly discussed.

Many interesting facts were revealed on what has been accomplished, in an effort to relieve some of these conditions.

The meeting was closed with the "Mizpah Benediction" repeated in unison.

Week-End Meetings In West Ward To Mark Final Stages Of Civic Campaign

With the exception of the West Ward, aspirants to City Hall in the Tuesday elections, are confining themselves to a house to house canvass. Antonio Pinard launched his campaign on Wednesday night at Larocque School and the other two men are expected to fall in his footsteps in the remaining three days. There will also be several radio broadcasts over the week-end.

At the public meeting after the close of nominations on Tuesday Ex-Ald. Eugene Thibault charged that his opponent, Gerrard Berard, was not eligible to run in the South Ward. He was referring to Mr. Berard's property qualifications.

At the same meeting, Mr. Thibault also attacked Carrier Fortin, who was his opponent last year in the Centre Ward. Mr. Thibault accused Alderman Fortin of being against the development of water power at Two Miles Falls while he himself favoured the Bromptonville project. Mr. Fortin's reply stated that at a meeting of the city council in 1950 Mr. Thibault voted for a motion to rent a dam, which the city had bought for the sole purpose of converting it for water power; to the Richmond Pulp and Paper Company. This, stated Mr. Fortin, proved that there had been a contradictory statement on Tuesday.

On Tuesday, election day, the polls will be opened at 9:00 a.m. and will close at 7:00 p.m. There will also be an advance poll for travellers and the like, from 2 p.m. till 10 p.m. on Monday at City Hall. Final results should be known by 9 o'clock Tuesday night.

Richmond Group Is Formed Under A. A. Auspices

An A.A. bi-lingual meeting "open to the public" was held Thursday evening at the Brothers' School Hall, Richmond.

This inaugural conference was led by the Eastern Townships' H.Q. Group of Alcoholics Anonymous of Sherbrooke, who came to Richmond at the request of a number of leading citizens to teach the group how to gain and maintain sobriety. There were several speakers. Some briefly told their stories of how they had flourished around and ruined the lives of their families as well as their own. One of the speakers explained how a man or woman can find out if he really is an alcoholic, not "just a heavy drinker." All the conference leaders were in one accord that they had tried most of the known "cures" for alcoholism, and that A.A. was the only solution that is endorsed by the clergy, medical profession and the psychologists without reservation, for ALL classes, colours and creeds.

The general tenure of the conference was that A.A. makes a stiffer a better church member, better citizen and better person in every way.

The meeting was attended by some twenty people who were convinced that the dreaded disease of alcoholism can be conquered by individuals who truly desire to live a normal healthy life.

Arrangements were made for Richmond members of the newly formed group to attend "closed meetings" at the New Sherbrooke Hotel, Sherbrooke, P.Q., each Tuesday and Friday at 8:00 p.m., to learn the proven techniques for recovery from alcoholism. These methods have brought success, happiness and health to over 150,000 other sufferers in fifty countries.

As soon as they have mastered the ways and means of conducting their own group meetings, they will operate as free agents their own bi-lingual organization at Richmond.

Until then, the Sherbrooke Group of A.A. will continue to conduct the meetings at the Brothers' School Hall each Thursday at 8:00 p.m. Further, the Sherbrooke Group have extended a welcome for the new members to go to Sherbrooke each Tuesday and Friday evening for joint activities, which are always followed by a lunch and social hour or more of friendship and exchange of ideas and help with each others' problems.

After the conference the new members and their friends adjourned for toast and coffee. An experienced Sherbrooke delegate observed that the trip had been well worth-while just to hear three of the boys say how thankful they were to have so quickly stopped drinking, thus saving their families from further heartaches, to say nothing of their own regained health, happiness and inward serenity.

The A.A. motto was accepted as a wonderful asset. It is, "Grant me the serenity to accept the things I can not change, the courage to change the things I can, and the wisdom to know the difference."

In closing, A.A. has no dues or fees and does not require any member to sign a pledge. The only condition for membership is an honest desire to stop drinking. A.A. certainly can show anyone how to master alcohol.

Further information may be got by writing P.O. Box 434, Sherbrooke, P.Q., or telephoning Sherbrooke 2-9327.

Our Congratulations To: MAJOR G. C. H. BARLOW, E.M., Squadron "A," 12th Armored Regiment who is observing his birthday today.

The success of the campaign hinges on the continued work of the canvassers and support from the many citizens who have not yet given to this worthy cause.

There is still \$1,500 to go, to complete a successful campaign. The Red Cross needs your support now, just as you some day may need theirs and you may be sure the Red Cross will not hesitate to give assistance should the need arise.

Volunteers who have graciously given their services are nearing the end of their canvass. The privilege of giving is great and the humanitarian work can only carry on if everyone gives—even at a sacrifice. No matter how small, your donation will be greatly appreciated.

SANGSTER MEMORIAL CHURCH

Sangster Memorial Church Observes 5th Anniversary

Sangster Memorial United Church is celebrating fifth anniversary tomorrow. Five years have passed since the congregation of Sangster Memorial Church opened the church building for public worship. That was on March 20, 1949, and during this period, the church, which was at one time a Roman Catholic Church and later a French school, has grown to take its place among Sherbrooke's Protestant Churches.

It was officially opened at a morning service conducted by Rev. J. I. MacKay, D. D., of Toronto, assisted by the clergy of city and district. Dedication of gifts as aids to church worship took place at that time. The pulpit was given by the Drummondville United Church, the piano by the Plymouth United Church, and the organ was a gift of the late Miss Florence Isabella Drummond. Many other families of the congregation helped in the furnishing of the church, with such articles as, the pulpit bible, hymnaries, hymn boards etc.

Rev. S. Wesley Boyd, B.D., Th.D., became the first pastor of the church. Under his guidance the congregation grew step by step. More recently, Rev. Roy P. Stafford, accepted the ministry, but ill-health forced him to enter to the Queen Mary's Veterans Hospital in Montreal recently.

Aside from spiritual activities, the church is also keen on social entertainment. The church has held numerous card parties, even sport displays, and several years ago, Mr. Stafford introduced social evenings every second Saturday, for the younger members of the congregation.

In the absence of Mr. Stafford, Edward Shortt will conduct the morning service and Rev. R. C. Tait, the evening worship tomorrow at 7 o'clock, assisted by the choir of Plymouth Church, under the direction of Gault Parker.

On Thursday the anniversary turkey supper will be held in the church hall.

Worker Killed In Accident At Asbestos Mine

Asbestos, March 20 — Emmette Proulx, of Danville, was fatally injured Thursday afternoon while coming off shift at the Canadian Johns-Manville shaft in Asbestos.

According to the information we received from Paul Fiteau, Public Relations director for the company, Mr. Proulx was an employee of the Melisse Construction Co., now engaged in sinking a new 1400 foot shaft at Asbestos. He and six others were coming to the surface when a rock caught between the guide and the slipper causing the hoist to jam in a piece of knotted wood. At this point one side of the bucket fell off the rail and Mr. Proulx fell some 60 feet against a mucking machine in the underground.

There were six other men with Mr. Proulx at the time of the accident and two escaped uninjured. They were: M. Bucholtz, who suffered a fractured wrist, S. Cain and J. MacDonnell who received cuts to the head, and Maurice Landers who suffered a sprained back. Jerry Whidden and R. Lemay were uninjured.

A coroner's inquest was held yesterday and the jury brought in a verdict of accidental death, ruling that there was no negligence on the part of anyone.

Two men appeared in the Court of Sessions yesterday, one for his fourth charge in two weeks, and the other a first offender.

Raoul Pilotte, 29-year-old self-proclaimed waiter and hotel clerk, who originally came from Asbestos, appeared for the third time since March 8, this time on a charge of perjury.

On the previous appearance in this court before Judge Patrick Delaney, he appeared on counts of being knowingly in possession of a stolen car, of which he was acquitted, and also of beating his estranged wife for which he was fined \$25 and costs.

At the time, under oath, he gave his address and occupation as waiter and clerk in a local hotel. The manager yesterday testified that he had not lived or worked there since early last September. This case was remanded to the Autumn Criminal Assizes.

He was, however, living in Sherbrooke with a nineteen year old girl and was accused today of "living on the earnings of said prostitute" who is at present serving a jail term for robbing an American tourist a short while ago.

Pilotte was arrested with some of the American's money on his person.

Judge Joseph Marier remanded this case, too, to the Court of Criminal Assizes since the accused pleaded not guilty on both counts. Pilotte is at present out on bail.

The other man to appear before Judge Marier was accused of assault and battery which took place in February of this year.

Bertrand Pinard pleaded guilty to being fined \$25 and costs and has to

Another 3,625 Wrong Prize Money For No. 43 Is \$120

Well folks, interest in the Record puzzle competition continues at its high level, with 3,625 entries being received for Puzzle No. 42. But, once again, none of the solutions were correct so the prize-money for Puzzle No. 43 which appears today will amount to \$120 — something worth trying for.

The predominant theme in the letters which accompany many of the entries is the important place the prize-money could take in providing the new Easter wardrobe. For those who did not win this week there is still a great consolation — Easter is still a few weeks away and there will be several opportunities of winning even a bigger jackpot.

Then, of course, the Irish felt they should have the inside track this week, frequent references being made to St. Patrick's Day. For instance, "Patience John" writes:

"The old saying 'The Luck of the Irish' I am mailing this to you on March 17. So here is hoping that my faith in the Irish will not be crushed like when I considered my lucky No. 13 was going to do the trick."

And from a fifteen-year-old Windsor Mills girl, probably the youngest contestant:

"May my fifteen years and my Irish luck be with me."

But youth is not alone in seeking the prize, as two of the notes indicate. The first reads:

"An old gal of 74 should have more sense than to try anything so complicated as these puzzles, but I sure get lots of pleasure out of them, even though I'm almost sure I can't win."

"I ponder them in the morning and I ponder them at night, and the more I ponder them, the less I get them right."

And the second:

"I have been trying every one

since the puzzle came out. No luck yet but if helps to keep my brain active at 81 years. Keep them coming and good luck."

Of course, some express a feeling of exasperation, like this one in verse:

"A puzzle done in a minute
"Can relax one; yet give a brain
twister."

"The clues to those words are the limit —
"Are you sure they are right,
yourself, mister?"

We think, if you look close enough, that you will see they are correct.

And as a farewell:

"I've saved twenty cents by not answering the last five puzzles, so can feel am not wasting four cents this time. In April no one can say the ckel is worth nothing — it may be the means of a win."

"Some say only a fool can win. Wonder if I'm a fool? Wonder if Irma Petersen could fill in correct answers?"

"Maybe Hope (Bob) could give some correct ones, too!"

"Never mind. Today is St. Pat's and the sap is running. Wonder how many puzzles will be worked out in the sugar bush?"

Simms.

Defer Sentence On Theiford Man

Sault Ste. Marie, Ont.—(C)—Two Quebec men today were remanded in custody until March 26 for sentence when they pleaded guilty to a total of 13 charges involving forged cheques, totalling more than \$1,000.

Roland Parent, 33, of Thetford Mines, Que., faced six charges of false pretences in connection with passing forged cheques. Leopold Lacasse, 24, of Cheneville, Que., was charged on seven counts of forgery, all of them cheques made out on the Royal Bank of Canada to the account of "Peter Nelson."

Crown attorney Ian Munro said the cheques were excellent forgeries.

RECORD - CROSSWORDS \$120 IN CASH!

As no contestants were successful in winning last week's prize of \$110, this week's prize will be \$120.

WHAT TO DO

Solve the clues as you would any crossword puzzle. Clip out the puzzle after you have filled it in and mail it — or good exact-size facsimile of it — to RECORD CROSSWORDS, c/o the Sherbrooke Daily Record. All answers must be received by mail or delivery in the Record Office not later than next Thursday. If more than one contestant succeeds in answering the puzzle correctly the prize will be divided among those having the correct solution. If no one succeeds in answering the puzzle correctly the prize will be added to next week's puzzle prize money.

No household may send in more than TWO solutions. Sherbrooke Record employees and their families are not eligible for the prize money.

Study the clues carefully before you write down your answers. There is always one answer which is the best. The decision of the judges in the contest will be final and all contestants taking part agree to abide by the decision.

IMPORTANT — To be acceptable all entries must be clipped along the dotted line. This is important.

COMMENTS ON PUZZLE
NO. 42

EXPLANATION OF MORE DIFFICULT CLUES:

ACROSS:

7. "Very busy" favors FOOD, since he would hardly have time for a FOOT whether very busy or not.

9. HATE is better. The clue implies that where there ARE such people, they are not in the majority. Everybody of some time or other has got to draw attention to himself or herself for some particular reason so the clue cannot apply to those who HAVE to draw attention to themselves. But there are people who HATE to draw attention to themselves although they are probably not in the majority.

11. True of MAD, whether crazy or angry. A man can be really BAD in a variety of ways, for instance, after he has had an accident, but he is certainly far from maniacal!

25. SAWING is best. The ease or difficulty of SAWING varies according to the financial circumstances, but SAWING ALWAYS means an EFFORT, which may indeed be too much for such a person to do so.

26. RING suggests a certain element of danger. RISK is danger itself.

DOWN:

1. DONE is satisfactory, and embraces the other answer as well, since "after he has had an accident, but he is certainly far from maniacal!"

2. SHAME can make his FACE red. A SHAVE could make his chin or jaw red.

5. YEARN is best. Whatever the case, it is simply understandable for him to YEARN to do so, but in many cases there will simply not be the opportunity for him to LEARN to do so.

6. True of COAT, since people are sure to see it. If persons wish to spend their legitimate leisure hours on a very long CHAT indeed, why should they not?

7. FROST is best. The clue says "specially." Soldiers would quite NORMALLY be equipped for the FRONT, but in some cases they need to be SPECIALLY equipped for FROST, which would ordinarily not be a normal condition.

13. SPENDING is best. Clue word "rush" points to SPENDING, since ALL SPENDING is to a degree rash.

16. True of BED, since the result will not be so good. In the case of BET it is of course, unless, to make your selection too hurriedly, but once having made your selection it doesn't matter how hurriedly you make the BET.

20. RIGHT is best. It is one incident, such as a good RIGHT to the jaw or the body that will "arouse a cheer in the crowd" and FIGHT is likely to KEEP them cheering — not merely one cheer.

22. FAKES may look better, since the faking may be less obvious. CAKES look much the same close up, and it is by taste rather than inspection that one decides how good they are. LAKES is too general.

Moving A Town

Giant Thetford Relocation Scheme Being Carried Rapidly Through To Conclusion

By WARREN SPAFFORD
Thetford Mines—Eight months ago this town of 20,000 people faced the possibility of becoming one of Canada's many ghost towns but in another eight months they will be assured of at least one hundred years of prosperity.

Thetford Mines is essentially an asbestos mining town and its entire population are practically dependent upon the continuous operation of its three mining companies, the Bell Asbestos Co., the Johnson Co. and the Asbestos Corporation. These three companies have pooled their resources, together with the Quebec Central Railway and the Shawinigan Water and Power Co. to take part in one of the largest community relocation programs ever undertaken in Canada. The present estimated cost is \$5,500,000 but that figure is expected to fluctuate a bit higher before the completion of the project.

The Bell Mine, the Johnson Mine and the King Mine have been carrying out mining operations in different parts of the same orebody for some seventy-five years. The ore itself is in a mass of serpentinized peridotite and has its value by virtue of the varying quantity and quality of the asbestos fibres which it contains.

The orebody, with a noble disregard for man's choice and method of laying out surveyed property, boundaries and communities, located itself in such a manner that it became the heart of the City of Thetford Mines and the divided property of three separate owners.

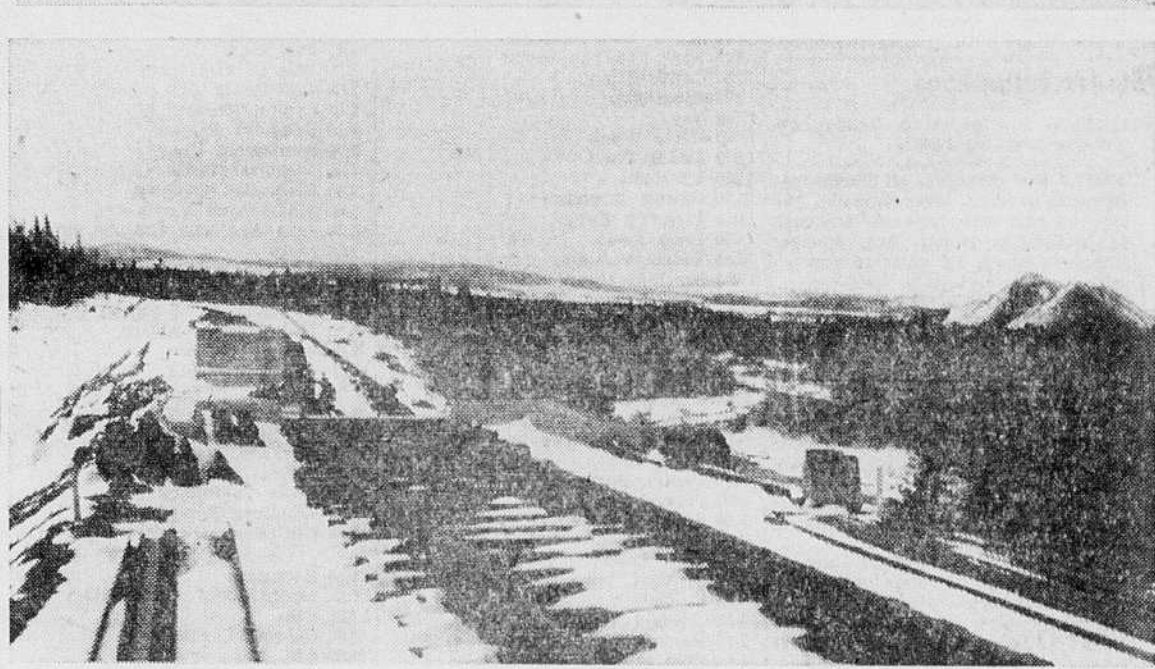

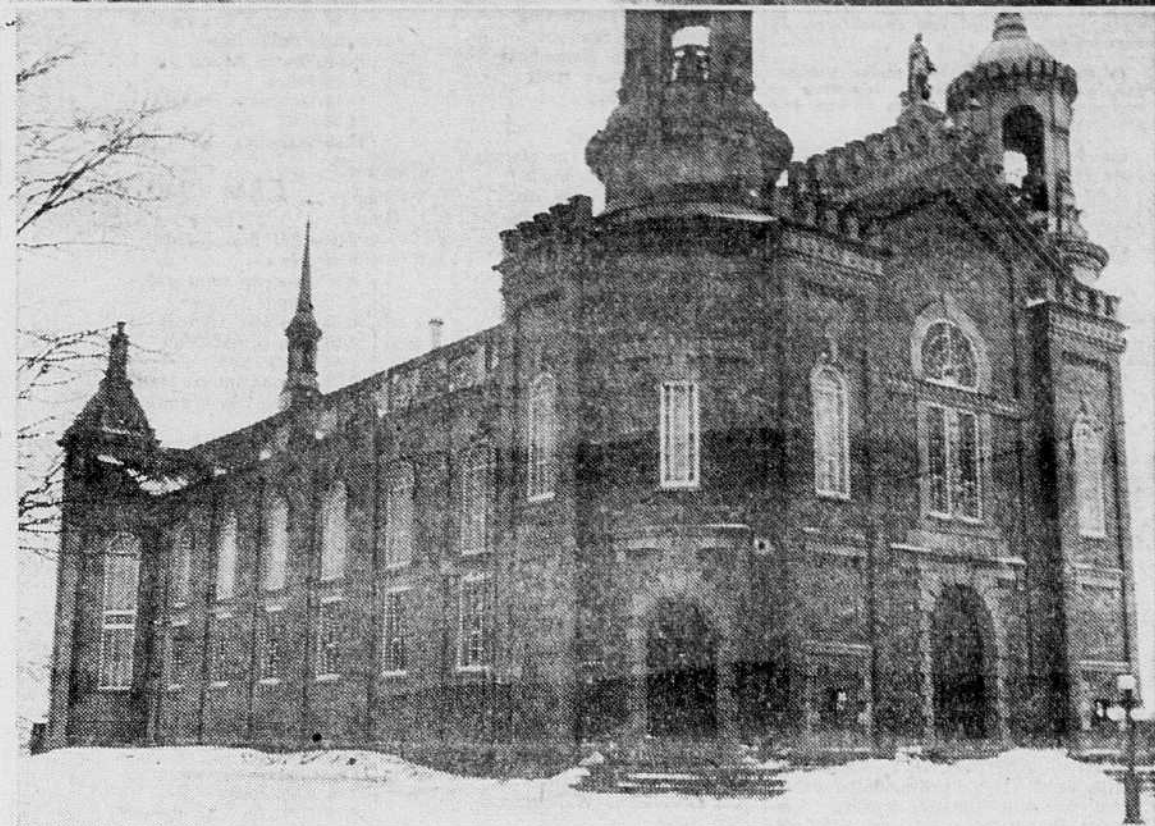

The workings began as surface pits of modest dimensions. No great difficulties were encountered by the neighbouring open pit mining operations until recent years, although the pits grew in size, nudged each other and virtually merged into one mine with three interdependently working sections.

This situation quite naturally set some limitations to mining operations. Firstly, the City of Thetford Mines, the Quebec Central Railway and the surface mines themselves gradually hemmed in the mine works. Secondly, the sides of the open pits in the Thetford Mines area cannot safely be allowed a steeper slope than 45 degrees and hence the lateral surface measurements must increase by two feet for every additional foot of depth to which the mines are worked. The time finally arrived when the surface community and utilities, as well as the property plants and boundaries, prevented further depth extension.

All three mines resolved this impasse, after a good deal of thought and study, by introducing a method of mining called Block Caving, which is another form of underground mining. Block caving comprises essentially the drawing of a column of ore down to a given underground horizon, and can best be described by saying that the action is rather like emptying a salt shaker by turning it upside down and allowing the salt to run out through the holes of the cap. The average height or depth of the columns of ore is usually near 300 or 400 feet and lasts about a year.

Dry mill tailings were poured on the tops of the subsiding columns to prevent the surrounding walls from running back to a 45 or 60 degree angle and either underground mining. Block caving comprises essentially the drawing of a column of ore down to a given underground horizon, and can best be described by saying that the action is rather like emptying a salt shaker by turning it upside down and allowing the salt to run out through the holes of the cap. The average height or depth of the columns of ore is usually near 300 or 400 feet and lasts about a year.

The King Mine had the greatest rate of mining per annum, and the Bell mine the least, with the inevitable result that the King Mine became deeper than the Johnson, and Johnson's deeper than Bell. Thus a further complication was added to the picture by the differing mine horizons of

MOVING A TOWN—One of the first streets to be removed in the great relocation project now under way at Thetford Mines is Mitchell street shown in the top photo. Among the structure to be razed is the Anglican church shown in the right foreground.

In the centre is shown St. Maurice Roman Catholic Church. While the removal of this church is slated as part of the program designed to permit the continued working of the asbestos mines, the fact that it is near the limit of the danger zone, it may serve in its present location for another five years or more.

the three adjacent mines each using the block caving method.

It was painfully obvious that any one of the mines would be, in a limited time, unable to work at all without trespassing its neighbours, undermining the Quebec Central Railway and causing severe subsidence in the surrounding area of Thetford Mines. The paradox became evident that the community could not live without the mines and the mines could not live without consuming part of the community.

A carefully conceived mining schedule was prepared for each mine in such a way as would permit each property to continue its dependant operations without running afoul of the mining schedule of its neighbours. The mining schedules worked very definite hardships on the mines, but they appeared to be the only way by which the lives of the mines and of the community could be preserved.

The combined schedules were fitted into a pattern of surface changes which would be carried out with the approval and active co-operation of the civic authori-

ties, provincial authorities, the Quebec Central Railway and numerous other concerns.

The implementation of the combined mining schedule was made the responsibility of a point committee of the three mining companies and a new company was formed. It is called "Relocations Limited," of which George Smith is President and Leigh Bladen, the engineer in charge of the overall project. This company was formed to plan and carry out the changes which had to be made on the surface.

The surface changes have made mandatory the very early re-routing of eight and one-half miles of the Quebec Central Railway between the town of Black Lake and the northerly end of the City of Thetford Mines. The new right of way now skirts the city on the north-west side and when the ground begins to thaw out there remains to be done on this project is the laying of tracks. The Hamilton Bridge Company will start next week on the erection of a three span bridge across the Thetford River. The centre span will be 102 feet long and the end spans 72 feet, each. There are nine culverts which total 17,000 cubic yards of concrete and forty-one metal pipe culverts. Seventeen miles of fencing have been erected to contain the right-of-way, 115,000 cubic yds. of material have been excavated so far and 550,000 tons of mill tailings used as fill for the grade. A new marshalling yard of six tracks was constructed and the contract for the new station, which with the yards are behind the present hospital, will be awarded within the next few days. A new railway spur line one mile in length was laid to provide access to the plant of the Johnson's Company. A new city street one and a half miles in length, with connections to existing streets, has been constructed around the south-easterly outskirts of the city and is awaiting paving when the snow clears the ground. Another city street 6,000 feet long is being built around the south-westerly outskirts. Approximately one hundred houses and other establishments,

including the Church of England and the Head Office of the Johnson's Company will have to be relocated more remotely from the mine workings, and considerable changes are being made in the power and communication systems. Some of these houses rest on the property of any one of the three mining companies, even though they do not own the houses. These companies, in some cases, have settled with the homeowners for twice the municipal assessments plus ten per cent with the responsibility that these people move their own house when the time comes. They are also permitted to keep the house. It must be emphasized that the hundred houses in question will not be moved in one day or one week but will take place only when the necessity arises and the process will be spread over a number of years.

Residences, business establishments and other structures will be moved in such a way and at such a time so as to cause the least possible inconvenience or disruption of domestic, business or municipal affairs. Some buildings will be moved bodily to new locations and others will be demolished. The entire cost of the work will be shouldered by the three mining companies who are involved in the adventure in the estimated proportions by which the relocation project should make ore available to each. The minimum cost to the three companies will be \$5,500,000 and is being administered on their behalf by Relocations Limited.

The project when finished, will make possible the complete exploitation of what has been, and still is, a very important body of ore. Some extensions of, and modifications to, the relocations will undoubtedly become necessary with time and circumstances and the ultimate conditions and arrangements cannot clearly be foreseen. It is certain however that the three companies have insured at least another hundred years of prosperity to the City of Thetford Mines and to themselves, and this represents a courageous contribution which is far from being selfish to a municipal, provincial and national asset.

The world champions drew some criticism at the time for having disposed of Power, a Puerto Rican Negro who hit .349 for their Kansas City farm last season and who showed promise of being the first member of his race to break into the Yankee lineup.

"It was just that we could give them what they need now for what 'Nothing else was involved. I'm we need to build on,' Joost says, convinced from what I've already seen that Power is going to make us a great player. He's out there hustling every minute, maybe just a little harder than anyone else on the field."

Joost fears he has about wrapped up his own shortstop career. He still is hampered by a knee injury which cut him down to 51 games last season and is finding it difficult to get in playing shape while handling his new responsibilities. The jury still is out on Bobby Shantz, the little lefthander who

Lake Megantic Y. P. S. To Assist Missionary Work

Lake Megantic, March 20 — The March meeting of the Young People's Society, of St. Andrew's Presbyterian Church, was held at the home of Mrs. George Gauthier, with nine members present.

The president, Mrs. Mary MacDearmid, was in the chair and led the devotional period.

The minutes of the last meeting were read and approved.

Two quilt tops and several miscellaneous articles were donated to the Society.

The possibility of forming a Women's Missionary Society was discussed. It was decided that this was not advisable at the present time but that some assistance would be given to the missionary work of the church through the Milan Auxiliary.

Five dollars were voted to the Red Cross Society Campaign.

After the close of the meeting, refreshments were served by the hostess, assisted by Mrs. Edith Audet, Miss Lillian Matheson and Miss Margaret MacIver.

ST. ANDREW'S LADIES' AID

The regular monthly meeting of the Ladies' Aid Society of St. Andrew's Presbyterian Church was held at the home of the president, Mrs. D. Matheson, on Wednesday afternoon, with a good attendance of members and visitors.

The usual routine of business was followed. Arrangements were made for quilting. The members were asked to bring handkerchiefs to the next meeting. Five dollars were voted for the Red Cross Campaign.

Two new members were enrolled.

Refreshments were served by the hostess, who was assisted by Mrs. Charles Morrison and Miss Margaret MacIver.

KNOX W. A.

The regular meeting of the Women's Association of Knox United Church was held at the home of Mrs. Malcolm MacDonald, on Wednesday evening, with a very good attendance.

Mrs. Hawthorn conducted the worship service. Mrs. Taylor read a portion of Scripture, which was followed by prayer in unison.

The minutes were read and approved and letters of thanks were read from Mrs. Clark and Mrs. Lavalliere.

Reports of the various committees were given. Several articles were brought in for the work box. It was decided to hold a food and fancy work sale in April. Details are to be arranged at the next meeting.

Mrs. Hawthorn gave an interesting reading on the origin and cultivation of spices and the United Nations.

Refreshments were served by the hostess, assisted by Miss Ruth M. Donald and Miss Ann Covey.

General Notes

Mr. Ross Wood, of Montreal, memory of Mr. and Mrs. James Johnston, and they were placed there by Mrs. Louise Fee, of Melbourne, and Mrs. J. A. Sinclair, of Richmond.

Rev. J. Leslie Dean was the guest speaker at the anniversary services held at St. Paul's United Church, at Magog.

The Red Cross Society's canvass is now going on in this vicinity.

GLENBURN—

Members of St. Stephens Guild met at the home of the president, Mrs. Robert Leith, for a "knitting bee." At the close of the meeting, refreshments were provided by Mrs. I. Haskett and Mrs. H. Patterson. Miss Lois Haskett was presented with a candle-light birthday cake and a pleasant social hour was enjoyed.

Mrs. D. Robinson and son, Earl, of Dublin Range, were visitors at the home of Mr. and Mrs. William Walker, and family.

Mr. and Mrs. Andrew McCammon, of Theftford Mines, and Mr. and Mrs. B. Seale, of Kinnear's Mills, were guests of Mr. and Mrs. R. J. Graham.

Mrs. William Minnaugh has returned to her home in Lennoxville, having spent some time with her father and brother, Mr. William Walker and sons, Truman and Willis.

Friends of Mr. Robert Leith are happy to hear that he is gaining every day after a recent operation in the Sherbrooke Hospital.

LEEDS VILLAGE—

Victory over human limitations comes as we learn that man's true selfhood is spiritual, not material, and that he lives in Spirit, God, not in matter—this is a leading point in the Lesson-Sermon to be heard at Christian Science church services on Sunday.
The subject for the day is "Matter." Bible citations will include the following from Isaiah: "Seek ye the Lord while he may be found, call ye upon him while he is near: Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon. For my thoughts are not your ways, neither are your ways my ways, saith the Lord."
Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following: "The perfect Mind sends forth perfection, for God is Mind. Imperfect mortal mind sends forth its own resemblances, of which the wise man said, 'All is vanity.'"
The Golden Text is also from Isaiah: The grass withereth, the flower fadeth; but the word of our God shall stand for ever."

Stanbridge East Bride-Elect Feted At Aid Meeting

Stanbridge East, March 20.—The March meeting of the Ladies' Aid of the United Church was held at the home of Mr. and Mrs. Stanley Soule.
Rev. T. F. Duncan led in prayer, then the president, Mrs. F. Corey took the chair and asked for the minutes of the last meeting and the treasurer's report. The minutes were read by Mrs. Bruce Kidd, the secretary, and several letters from those who had received baskets of fruit while they were ill.

Mrs. T. Tomkinson gave the treasurer's report, after which several business items were discussed and the meeting closed with the Mizpah Benediction.
Then in a very pleasing and able manner Rev. T. F. Duncan presented gifts to Miss Joyce Fortin, a bride-elect, from the congregation of the United Church. These included a tri-light lamp, a silver platter and a purse.
He spoke very highly of her work in the church and choir, and extended best wishes for the future happiness of the young couple.
Miss Fortin replied, expressed her thanks and appreciation. Delicious refreshments were served and enjoyed by the fifty guests present.
Another pleasing feature occurred on Sunday, after church service, when Miss Fortin was presented with two China salad sets from the members of the Junior Choir.

A SHOWER

Many young friends and relatives met at the home of Mrs. K. D. Tree to do honor to Miss Joyce Fortin, on her approaching marriage on March 27th.
As she came on an errand, and entered the room filled with guests she was surprised.

The gifts presented her were a silver entree dish, a cup and saucer and a purse of money.
Miss Fortin very charmingly thanked those present for their gifts and best wishes.
The bride's table was decorated with pink and white streamers and

Huge Success Attained At Shamrock Tea

Organized by a group of ladies of St. Anthony's parish, Lennoxville, the shamrock tea held in the church hall on St. Patrick's Day, attended by upwards of four hundred and fifty guests, launched the first social event in aid of the new St. Anthony's Church, under the pastorate of Rev. Father Leon Drapeau.

The effective green and white decorations in the hall featured the inscription "Welcome" done in shamrocks over the stage. The forty-five tables which occupied the entire floor space were covered with white cloths and centered with green and white carnations, given by J. O. Rouillard, florists.

On the Irish linen cloth which covered the tea table, the Paul McKenna's donation of green and white carnations, arranged in a large silver bowl, was flanked by green and white candles in silver holders.

The long guest table for special invited guests, presided over by Father Drapeau, decorated with daffodils, the gift of Gauthier's, florists, was completed with tall green and white tapers in silver candlesticks.

Receiving were Mrs. Edward McKercher and Mrs. Sylvester Parker. Acting as hostesses were Mrs. Herbert Keenan and Mrs. Lloyd Winget, who were assisted by many ladies of the congregation. Mrs. I. McMullen took the tickets at the door.

Pouring were Mrs. T. M. Hawkins, Miss Edith Quinn, Mrs. J. E. Jamieson, Mrs. C. A. Prince, Mrs. Peter Walters and Mrs. William Cote.

The door prizes donated by H. H. Clark, pharmacist, Lennoxville, courtesy of Mr. Don Patrick, manager, Jean-Paul Perrault and Nadiveau & Fils, Sherbrooke, were won by Mrs. A. W. Preston, Lennoxville, and Mrs. Mac Wilson and Mrs. A. G. Begbie, of Sherbrooke.

Following the tea, the guests were invited by Father Drapeau to visit the new church.

EDUCATION WEEK

Educational week was observed in the Protestant School when many of the parents visited the school and were entertained by the teaching staff.

The card parties under the Order of the Eastern Star have been successful, and will be continued on the remaining Fridays of this month.
The Lenten services are being conducted by Rev. E. Kettleborough on Thursday evening in St. James' Church.
In the United Church beginning on Wednesday evening, March 24th, services will be held for three weeks, conducted by Rev. T. F. Duncan, each Wednesday.

MODERN LIVING

RUTH MILLET

WOMEN SHOULD FACE FACTS WHEN GLAMOR DAYS END

How long can a girl get by on youthful beauty and charm? The American Airlines apparently thinks that age 32 is the absolute deadline, and has announced that from now on when a stewardess reaches that age she will be required to a job on the ground.

The ruling has created quite a furor and some indignation. Airline hostesses apparently don't like to have an arbitrary time limit placed on their attractiveness.

Let's face it, girls. The time does come when a woman is too old for a job whose chief requirements are a figure that looks good in a suit, nice legs, bright eyes and a flashing smile—and the ability to make a middle-aged, tired businessman feel that a business trip is an adventure.

The bosses at American Airlines say that time is age 32, and that sounds like a reasonable limit.

Less Glamor to Offer
So why get upset? By age 32 a woman ought to come to the realization that year by year she has less and less to offer a glamor job, and that if she has to go on earning her living, she ought to switch to the kind of job that requires more than youthful good looks and charm.

She ought not only to be willing to be grounded, she ought to welcome the chance to quit bucking glamor competition and get into a job where she has something to offer besides youthful good looks.

All women who count on youth and beauty to get them by have to come down to earth some day. That is just one of the sad facts of life.

And it is certainly simpler for a deadline to be set by somebody else than for a woman to find the courage to say to herself: "Look, Sis, you aren't getting any younger. From here on in you'd better not count on your looks to get you by."

Toronto, Ont., March 20. — On Sunday, March 7th, Eva Ross

Macdonald Knowlton, wife of Charles E. Knowlton, died at her home, 329 Kingswood Road, Toronto, after a lengthy illness.

Panel Discussion At Home And School Features Education Week In Sutton

Sutton, March 20 — The March meeting of the Sutton Home and School Association was held in the High School with a very good attendance.

As the program arranged was in keeping with Education Week, the pupils of the higher grades were also invited to attend.

Dr. S. W. Boyd asked divine blessing on the meeting, after which a brief business period was conducted by the president Mr. Lawrence Smith.

The secretary Mrs. Fordyce Ingalls read the minutes of the last meeting which were accepted as read.

Miss K. Harper principal of the school then took the chair and introduced the speaker for the panel discussion which dealt with the various aspects of education, with two teachers and two parents taking part.

The first speaker, the Rev. M. Brett, spoke on behalf of Traditional Education. He outlined (a) ultimate aim of traditional education; (b) results achieved by each type; (c) comparison of the two.

The aim of education is to prepare us for complete living. Importance of culture of the past; Value of languages, taught precise thinking. Value of mental discipline; Advantage of essay-type examinations. Lack of craftsmanship in modern world.

Mrs. Cecil Carr speaking on behalf of progressive education has value, such as the use of films in schools, business course, manual training and Household Science courses. Mrs. Carr objected to the fact that our children have been made subjects of experiments.

Mrs. Hastings spoke on the difficulty of educating children on the elementary school level, when the classes were very large and when there was a very great span in the intelligence of the brightest and least able. She divided her remarks into two divisions (a) incidental education; (b) deliberate education. The incidental education was the responsibility of the parents and the community. She spoke of the new methods of teaching (e.g.) Geography Reading, and explained how she tried to offer the best pupils something to challenge their initiative and at the same time make the class period meaningful for the poorer pupils.

Miss Philips spoke on the high school grades. She divided her remarks under the headings (a) What we are trying to do in these grades (b) How we do it. She thought the main aims were to give the pupils a glimpse of the many corridors in which life runs; (b) help them to know themselves; (c) help them to acquire good mental and physical habits. She showed how the course of study and the extra-curricular activities each have their place in helping children to develop into mature individuals.

Following the talks, comments were invited and several interesting points were brought up. The president again took the chair for the discussion of new business, \$5.00 was voted to the Red Cross Campaign.

Mr. Cedric Douglas announced that the Sutton Library was giving a free membership to each pupil in Grade VI, in an effort to start good reading habits in these young people, the only stipulation being that they must present themselves at the library in order to receive their card. Grade VI was chosen because it was felt that the pupils in that age group need to begin good reading habits and because they do not have a course of study so heavy that it prohibits extra reading.

The meeting was then brought to a close after which a social hour was enjoyed, with refreshments served by the committee in charge.

The sugar social sponsored by the Sewing Society of Grace Anglican Church proved to be a decided success.

As usual this annual event turned out to be a family party, with the result that there were as many children present as grown-ups. Games were arranged to keep the young fry happy until it was time to gather around the long tables for sugar on snow, doughnuts, pickles and coffee.

Over \$50.00 were realized to augment the society's funds.

also taught in Abbotsford, Windsor Mills and Knowlton.

After her marriage to Charles E. Knowlton, in 1906, she lived in Sherbrooke and Lennoxville and came to Toronto in 1912. She was a member of Kew Beach United Church and was active in church work as long as her health permitted, being especially interested in the W.M.S., where she had held office on several occasions.

The funeral was held in Sher-rin's Funeral Parlors and burial took place in Pine Hill Cemetery. The numerous and beautiful floral tributes were a silent witness to the esteem in which she was held.

She leaves to mourn her loss, her husband; one daughter, Mrs. R. A. Tait, Montreal; one son, Kenneth R. Knowlton, Toronto; one grandson, Ross Tait, Montreal, and two granddaughters, Beverly and Carolyn Knowlton, Toronto.

CURLING CLUB

A Sutton Curling Club rink was the winners this year of a new set of Granites in the Edinburgh Trophy Competition, held in Montreal on March 12th and 13th.

Skips Reginald Darrah and Dr. D. Gruer combined for a plus 5 score. Darrah won 8-5 over F. Street, of Lacolle, and Dr. Gruer was edged by F. N. Dundas Town of Mount Royal 12-9.

Darrah's rink was made up of J. Wilkins, Leon Darrah and Paul Jenne, while Dr. Gruer had Ernest Jenne, Don Stuart and Nelson Thompson. Other rinks from the Sutton Club who took part in the event were: H. F. Archibald skip, F. J. Eland 3rd, W. Seeley 2nd and Rev. R. Osborne lead, Ivan Bowden skip, W. Westover 3rd, Wm. Dow 2nd and Rev. M. Brett lead; A. McGerrigle skip, Wm. Seeley 3rd, P. Pickering 2nd and V. Leonard lead; Dr. Paul Rowe skip, Bob Jarvis 3rd, J. Reaser, 2nd and Roy Gunson lead. The two latter rinks being made up mainly of members from Cowansville.

The Sutton Club feels that it can justly be proud of their players in winning the Granites in this competition as it is a comparatively new Club, being founded in 1946; also considering the fact that there were, in all, 1,448 curlers taking part in the event.

LOANS—**
A Fast way
to get money

Have you ever thought of the amount of money that you have tied up in a car? Perhaps you have, but do you know that your car represents savings, some people call it capital, which he used by you for credit? Well, we believe that's true, and it is the reason we make auto loans so very quickly. It sometimes takes only twenty minutes to complete a car loan—a very simple, straightforward way of getting money. Let's see you car and license card. You gain a real advantage when you borrow at Niagara, for loans to \$1500 are life-insured at no extra cost to you, and if you compare rates, you will find Niagara's are frequently lower. Of course one of our other loan plans can help you if the auto loan doesn't fit your case. So, if you need money, and if you need it quickly, just drop in.

Ayer's Cliff High Retains Princess Elizabeth Trophy

Ayer's Cliff, March 20. — On Saturday afternoon, March 13, Ayer's Cliff High School skated to a 2-1 victory over Coaticook High in a game played at the Magog Arena.

With the win Ayer's Cliff High retains the Princess Elizabeth High School Hockey Trophy, donated by Mr. and Mrs. Herbert Whittier in the 1952-53 term.

The soft ice did not seem to slow the players up to any extent. The first goal was scored by Coaticook's Alfred Trudeau, assisted by John Adams.

Dale Smith flew right from the Cliff's end and popped a dandy one right by Coaticook's goalie Robert Stone. In the last three minutes of the game Roger Montgomery made the winning goal, which also won the cup assisted by Robert Boomhour.

Five penalties were given, two for Coaticook and the balance to A.C.H.S.

Both teams worked hard and

although the arena was a bit chilly the ice fairly melted because of "Ye Olde Silver Blade."

SAINTS FACE CRUCIAL GAME TOMORROW

★ THE SHERBROOKE SAINTS move northward today to keep an appointment with the Chics of Chicoutimi tomorrow afternoon in what can be termed the most important tilt of the entire season for them. The outcome will have a big bearing on just where the Saints will finish in the standing and will also play a big part in the financial status of the club.

It is the first time since Sherbrooke joined the loop that the race has been so close. In fact the only club certain of their position is the Ottawa aggregation in third spot. Nobody can reach them, nor can they move up a notch in the standing.

This evening the Aces of Quebec move to Ottawa while the Royals journey to Springfield in very important tilts for the Aces and the Morin crew as both teams require victories to stay in the thick of the race. Tomorrow afternoon the Senators move to Montreal while the Indians are in Leduc Town and the locals tangle with the Sags.

If the Royals should win at Springfield this evening then the Saints can count themselves in for a tough time up north as the Chics will have to win to remain on top, or in a tie, providing the Montrealsers cap their other tilt with the Senators. Should the Aces lose tonight and the Saints win tomorrow they will finish in a tie for fourth with the locals holding a slight edge in the win column.

As for the Braves of Valleyfield, if they win their lone encounter at home with the Indians and the Aces and Saints lose, they will vault into fourth position. So no matter how you figure it out the final decision can't be given until tomorrow's games. So fans, close your eyes and take your pick and you stand as good a chance as the rest.

★ HAD A VISIT this week from Phil Gimacl, secretary and manager of the Sherbrooke Racing Club, and got the inside on plans for the coming season. It is expected that racing will open around the beginning of May, providing of course that the track is in good condition, or maybe a little earlier. The programs will be the same as last year, that is Wednesday and Saturday evenings and on Sunday afternoon.

Mr. Gimacl added that he was going to contact the baseball club and try as much as possible to avert conflicting dates or try to keep them down to a minimum. At the present time there are about forty horses working out at the local track and a few more are expected very shortly.

★ THIS EVENING at 7.00 at the Arena, prior to the Provincial semi-final junior playdown, a girl's game is slated to take place between Thetford Mines and Sherbrooke's Happy Gang. Both teams are sponsored by Dow's Brewery representatives in their respective towns.

Ivan Dugre is looking for a victory for his squad but maybe the Miners will pull an upset. Anyway don't forget tonight at the Arena at 7.00. It should be worth the trip up the hill and at the same time at 8.30 the Junior Police team from Montreal will meet St. Francis in the first game of a two-game total-point playoff. The second tilt is slated for tomorrow afternoon at 2.30.

★ ODIE FORTIER, general manager of the Sherbrooke Indians Baseball Club, reports that he has films of the 1953 World Series on hand and anyone interested in securing them can do so by dropping a line to the club at P.O. Box 661.

★ THE FANS WHO MISSED Thursday's tilt against the Braves of Toe Blake by-passed the best game of the season in our opinion. It was a fast, hard-hitting affair as both clubs were going full blast and didn't pull any punches. It was an action-packed tilt and the fans had a variety of everything.

A couple of fights were tossed in and from the sidelines we cannot help but state the Saints wrapped these up also. "Batting" Ed Stankiewicz showing as fine an exhibition of pugilistic that we have seen for quite sometime. For a little fellow he really can toss those dukes and we think that the big fellows on the Valleyfield lineup will stay clear of him.

He did a real job on Roland Leclerc and perhaps if it had not been stopped when it was it would have been worse. Leclerc had it coming to him for we see no reason for hitting Stankiewicz across his face with his stick when he was chasing him. But it didn't take long for the Saints' Little Ball of Fire to swing into action. Referee Dezuel had Leclerc pointed for the slashing infraction and then added a couple of others.

Both teams left their benches to join the fray and it was lucky that nothing more happened. But one thing certain is that when "Batting" Ed starts swinging, or when he squares off, clear the decks as someone is definitely going to land. In the other bout Nels Podolsky and Bingo Ernst were the contestants but their affair was mild to the main bout and didn't last very long.

We don't know just how much was turned over to Roger Roberge but we imagine that it was a fair amount. The prizes were really something and the winners should have no complaints. Everybody remained until the last number was drawn and that is something for the local fans to do.

★ BASEBALL is beginning to creep into the limelight if the work of Odie Fortier is any indication. Odie is laying plans for the coming season and from the look of things the Indians should be in for a good year.

A meeting was held this week and a special committee was formed to sell booklets of tickets. The week ending April 24 has been selected for the drive and the Optimist Club is sponsoring the event but all the fans of the City will be asked to help. Amodeo Roy and Charlie Connors are the co-chairmen of the campaign and several members of the Sherbrooke Athletics will be asked to work on the various committees. More news will be coming following the next meeting called for Tuesday evening with a complete lineup.

★ WINDSOR MILLS Paper Makers moved to the fore in their best seven series for the E.T. Intermediate "C" Hockey championship when they edged out the Richmond Phantoms 5-4 Thursday evening. The Paper Makers lead 2-1 in games.

The series will move to Victoriaville tomorrow afternoon and on Tuesday they will take over the local Arena in the fifth tilt of the affair. All games have been closely contested and tomorrow's should be no exception.

★ THE EASTERN TOWNSHIP BADMINTON tournament opened last night at the William Street Armory and will continue today with the finals slated for tomorrow afternoon. Thirteen clubs are represented in the event.

★ THE MILWAUKEE BRAVES have come up with a new idea. They have invited Romano Lachi, Italy's leading pitcher, to work out with them at their spring training camp. He will fly over and return once the camp closes. Seems funny but maybe the Braves are looking for greener pastures to conquer.

Ex-Con Threatens
Jockey's Lives
For Horse Tips

Miami. — (P) — Robert Hugh Lonsford, 46, an ex-convict from Baltimore, pleaded guilty Friday to four charges of attempting to extort \$6,000 from jockey Ted Atkinson and Conn McCreary by threatening them with death unless they tipped him on winners at Hialeah.

The mild-mannered ex-convict also told federal Judge John W. Holland he would like to plead guilty to a similar extortion case in Maryland.

The Federal Bureau of Investigation said Lonsford admitted he threatened James W. Arthur, trotting horse driver, with mutilation of bodily harm in a similar deal in June, 1953, at Laurel Park race track, Laurel, Md.

Holland ordered a pre-sentence investigation before passing on the Miami case. Meanwhile, arrangements were ordered for transfer of the Maryland case here for disposition.

Conviction on an extortion charge carries a maximum sentence of five years in prison, a \$5,000 fine or both.

Fearneley Tops In
St. Lawrence Loop

East Angus. — (Special to the Record) — The Fearneley squad squeezed into top spot in the St. Lawrence Bowling League according to the latest figures released by the loop officials.

The race for honors is close as only five points separate the top five clubs. Fearneley has amassed 18 points while Boutin, Jamieson, Haddad and Pehlemann trail in close order. Gagne, Roy, Lemaire and Mues are stalemated with 11 points while Pageau has 10, Heyes 9 and the Banfield team is in the cellar with 6 points.

Therese Tremblay rolled the high single of the week with 279 for the ladies while Lucille Hall copped the double honors with 457. Miles Mullin led the men with 267 with Edgar Gauley taking the double with 512.

Local Squad And Police Club Meet

Tonight At 8.30, Sunday At 2.30

In Provincial Junior Semi-Finals

Montreal Police Juniors arrived in town this afternoon, to keep a date with Pat Murphy and his district junior champions, the St. Francis Club, in the provincial semi-finals.

Two games are scheduled. Tonight at 8.30, the first tilt of the two games total point series gets under way, while tomorrow afternoon at 2.30 they clash in the final and decisive tilt. Whoever wins this series will tangle with the victor of the Quebec-Three Rivers semi-final series.

The St. Francis squad recently eliminated Superior School, in an overdrawn series, for the right to enter the semi-finals. This series produced some good hockey, and seven games, as on two occasions they battled to a deadlock. So fans, if you would like to witness some fast, exciting hockey before the season draws to a close, drop around the Sherbrooke Arena this week-end and encourage the amateurs.

Montreal Police Jrs., winners of the Montreal district playoffs, have gained a strong squad, and should be a real threat to the Murphy aggregation. As for the Saints, they more than demonstrated their stability, by edging Superior 3-2 in the district finals.

Incidentally, the final game ended 3-2. And fans will remember this game for some time to come, as the second lead switched from one club to the other, always with the district championship at stake.

Reid, one of the six juvenile players, coach Murphy has brought for the game, notched the winning goal late in the middle frame of the game. To make room for the juveniles, Murphy took out Topping, replacing him in the net with Gaumont, a forward player, and send several of this weaker

Pat Murphy, who in his careers as a coach in minor hockey, has been represented in numerous provincial playdowns, is not expected to use any of his juvenile players. Since these will be entering the juvenile semi-final playoffs in Montreal next week-end.

As an added attraction at the arena tonight, two girl teams will clash, prior to the junior game. This occasion, the Sherbrooke "Happy Gang" will play hosts to the Thetford Mines "All Stars". You can be sure, if these girls can swing hockey sticks as well as brooms, we're in for a good time.

Saratoga Raceway Increases Purses

For Coming Meets And Adds 16 More;

Nominations Close On April First

Saratoga Springs — Purses increase in 75 events and the inclusion of 16 more features than last year are among the highlights of a record program of early-closing events that has been scheduled for the summer and fall meetings at Saratoga Raceway.

The program, announced by Racing Secretary Harold Haswell, comprises 140 events worth a minimum of \$302,000. The basic value of the overall schedule represents an increase of \$10,800 over last year despite the fact that the track has given up a week of its former two-week Grand Circuit meet.

Thus while it lists the six richest races of the season for its condensed Grand Circuit meet, July 19-24, the program is slanted to the idea of more money for the so-called local horsemen—those who do most of their campaigning here.

All 75 purse increases are in non-Grand Circuit events. And Grand Circuit week itself not only includes four \$10,000 events and two \$5,000 races designed to attract some of the nation's brightest stars, but offers six other slower class features that fit into the general summer pattern.

The fall program numbers 47 events aggregating \$85,400 in minimum value. This tops the 1952 and 1953 autumn roster of 45 features pegged at \$80,000. Ten \$100 purse boosts and the inclusion of two \$2,200 new events account for the new totals.

Nominations to all 140 features close April first.

SEATS ROOFED

Covered stands on the east and west put roofs over 9,939 seats. The other 15,000 sit in the arc of the horseshoe, facing north.

The old forming the inner field is 175 yards long and 30 yards wide. Straightaways on both sides are exactly 93 yards before the track begins to curve. Chutes will be built to allow straight starts on such races as 100 yard dashes and 120-yard hurdles.

The track itself will be built of layers of California redwood bark and a mixture of clay and coke two feet deep.

Later, a standard Canadian football field, 110 by 65 yards, will fit perfectly into the infield with its 25-yard end zones.

The games are to start three months after the construction is completed.

British Empire Games Stadium To Be Completed In Six Weeks; Will Seat 25,537; Lions To Use It

Vancouver. — (P) — Canada's largest stadium, a 25,537 seat horseshoe built for the British Empire Games here July 30-Aug. 7, will be completed in six weeks at Exhibition Place.

To have an ultimate capacity of 35,000, the stadium occupies a natural oval gully once part of the first fairway of a golf course.

When the games are over and the 700 or so athletes spread out again around the world, football takes over. British Columbia Lions, 1954 entry in the Western Football Union, will use it for home base.

The super de-luxe job, complete with night lighting for football, press, radio and television boxes, lounges, a turf infield and a cinder track, will cost \$1,365,000 or \$54 a seat. There is also a royal box for the Queen's representative.

Murray Halberg, New Zealand's Top Miler, Rallies From Disability To Become One Of Nation's Top Runners

Auckland, N.Z. — (P) — Four years ago Murray Halberg, a slight 16-year-old football player, suffered permanent disability to his left arm and shoulder in a game. Doctors said that if he lived he would be a life-long invalid.

Today, the 137-pound Halberg is the fastest miler New Zealand has ever produced and he is not yet at peak form. The five-foot student is a cinch to compete in the July 30-Aug. 7 British Empire games at Vancouver in at least a three-way assault on the four-minute mile.

Also competing at Vancouver will be Australia's John Landy and England's Roger Bannister. Both have been clocked at 4:92, just 2.4 seconds faster than Halberg.

Halberg's story is one of perseverance against great odds. Doctors said that strenuous sport was out for him after his 1950 accident. But he determined to be an athlete and within a year he was winning junior events. Two years ago he recorded 4:18.0 for the mile, lowered it to 4:12.2 last Feb. 13 attracted world-wide interest when he covered the mile in 4:04.4, just three seconds off Gunder Haegg's world record set nine years ago.

RAN CROSS-COUNTRY

Halberg came into national prominence a year ago as a cross-country runner when he swept the boards in major events as a senior. Last September he started run-

Britain's Stud Racehorse Farm Losing Money

London. — (Reuters) — The government Friday appointed a committee to look into one of Britain's earliest experiments in nationalization—a racehorse stud farm.

The horsey set both inside and outside Parliament are not happy about the condition of the national stud, a department of the ministry of agriculture.

The stud is losing money at the rate of \$5,000 a year—though it can still show about £200,000 profit since it was founded in 1916 as a free gift to the nation from Lord Waverley.

The farm really upset the racing experts for losing £35,000 on the sale of the horse Gay Time to Japan. Gay Time, which ran for Queen Elizabeth and was runner-up in the 1952 Epsom Derby, was bought by the stud for £55,000 as a potential stallion. But he developed a throat ailment and was sold.

The stud buys famed racehorses for breeding purposes, leasing stallions to private breeders at a fee of \$720. It also produces its own yearlings, which go into training and are offered to the Queen on lease.

Frank Leahy Turns Down Pro Offer To Club For \$100,000

Knoxville, Tenn. — (P) — Former Notre Dame football coach Frank Leahy was quoted Friday as saying he had turned down a million-dollar offer to coach a midwestern professional team.

Tom Siler, Knoxville News Sentinel sports columnist, said Leahy told a group of sports writers in Tampa Thursday night that the offer was for \$100,000 a year for 10 years.

Siler quoted Leahy, who quit at Notre Dame because of ill health, as saying: "A midwestern professional team offered me \$100,000 a year on a 10-year contract, but I turned it down. I'll never coach again, anytime, anywhere, anywhere."

Siler said "Leahy steadfastly refused to say who made this fantastic bid, but the best guess would be the Chicago Bears."

Canadiens Ship Renaud To Buffalo

Montreal. — (P) — Montreal Canadiens announced Friday that goalie Jean Renaud will be sent to Buffalo of the American Hockey League for Saturday-Sunday games.

The National Hockey League club also said goalie Jacques Plante, recalled from Buffalo when Gerry McNeil of Canadiens was injured more than a month ago, will remain with the Montreal team for the time being.

In practice Thursday McNeil was cut on the head by a puck, necessitating four stitches.

Canadiens wind up the regular NHL schedule with Detroit Red Wings in Montreal Saturday night, and with New York Rangers in New York Sunday night.

Rangers To Tour Maritime Provinces

New York. — (P) — New York Rangers next week will begin a goodwill tour of the Maritime provinces, it was announced Friday.

The tour, under the direction of team captain Don Raleigh, is sponsored by Gerry Regan of Windsor, N.S. The Rangers have been eliminated from the National Hockey League playoff race.

D. Smythe Reaches Finals Net Tourney

London. — (P) — Don Smythe of Toronto reached the finals of the All-English badminton tournament Friday by defeating I. Hammergaard Hansen of Denmark 15-3, 15-5.

He will meet Eddie Choong of Malaya in the final. Choong defeated Pool Holm of Denmark 15-5, 15-10.

ning 440-yard races to increase his speed and switched to the mile a couple of months later.

On Feb. 13 at Auckland he made a bid to lower the New Zealand all-comers record of 4:10.0 held by Bannister. Weather conditions were perfect, but the grass track was only 400 yards, much harder for judging lap times than on a 440-yard track.

He covered the first half mile in two minutes and was clocked in 3:02.0 at the three-quarter mark. "I just set out to better Bannister's record and I had no idea of registering such a time," said Halberg when officials posted the 4:04.4 time. "Conditions were perfect and I just kept running."

Former Local Athlete, Ron O'Keefe, Named Captain Of Middlebury College Hockey Squad; Gets All-Star Mention

Middlebury, Vt. — (Special to the Record) — Ronald D. O'Keefe, son of Mr. and Mrs. David J. O'Keefe, 214 Bryant Street, Sherbrooke, Que., Canada, has been named captain of the Middlebury College hockey team for next year, it was announced here today.

The 20-year-old sophomore has centered the Panthers' first line for the past two seasons, and, during that time, has been the main scoring threat of the Middlebury team.

A year ago O'Keefe finished the season as the 10th highest scorer in the East in collegiate hockey. He tallied 38 points — 19 goals and 19 assists — in 16 games. O'Keefe received honorable mention on both the All-East and All-American hockey squads.

This past season the young sensation boosted his point total by one to 39 points. He scored 26 goals and 13 assists. At one period in the season he had the hottest streak of his two years at Middlebury when he scored at least one goal in 13 straight games.

The hard skating Canadian is a member of the College's Athletic Council which is composed of captains of all sports. A geology major, he is also a member of Delta Upsilon fraternity.

The new Panther hockey captain was also the recipient of the Siegert Scholarship this year. This award is given to the student who makes the greatest academic improvement in addition to having a generally commendable record.

At the same time, it was announced that Alfred (Sonny) Dennis of Summit, N.J., had been named captain of next year's basketball team. Dennis this year established a new point record for Vermont when he tallied 456 to boost his three-year total to 1211.

Casey Stengel Is Surprised That Sain Is Returning

Miami. — (P) — Even manager Casey Stengel was surprised Friday at the news that veteran pitcher Johnny Sain was coming out of retirement to rejoin the New York Yankees.

Sain left his Walnut Ridge, Ark., home Thursday in an automobile headed for the world champions' camp at St. Petersburg. Reportedly he has a contract in his pocket calling for a \$30,000 salary, a raise of about \$8,000 over last year.

Yankee headquarters announced the towering righthander is expected to rejoin the club when it returns to its home base at St. Pete Tuesday.

The Arkansas pitcher won 14 and lost 7 for the Yankees last year and should be a big help to a team which has been suffering repeated reverses in spring games.

Terry Sawchuk's Assist First Of 1949-50 Season

Montreal. — (P) — The assist given Terry Sawchuk of Detroit in Thursday night's game with Boston Bruins was the first assist for a goalie in the National Hockey League since the 1949-50 season.

Sawchuk stopped a shot and sent the puck up to Gordie Howe, who went all the way to score.

The same type of play gave Bill Durnan, then goalie for Montreal Canadiens, an assist in a game in Montreal March 25, 1950, between Canadiens and Chicago Black Hawks. Maurice Rocket Richard scored from a long pass by Durnan.

Canadiens Ship Renaud To Buffalo

Montreal. — (P) — Montreal Canadiens announced Friday that goalie Jean Renaud will be sent to Buffalo of the American Hockey League for Saturday-Sunday games.

The National Hockey League club also said goalie Jacques Plante, recalled from Buffalo when Gerry McNeil of Canadiens was injured more than a month ago, will remain with the Montreal team for the time being.

In practice Thursday McNeil was cut on the head by a puck, necessitating four stitches.
