2020 U.S.A. ELECTIONS

ALLEGATIONS OF FRAUD

UPDATE

FIRST THINGS FIRST...

Let's rewind a few years back to get into context...

2016: Against all odds, Donald Trump is getting closer to becoming the 45th President of the United States but the Establishment will have none of it and rejects this *outsider*. Trump is unwelcome and unwanted. He is shown the door even before he gets in.

The media relentlessly bash him at every turn but the American people have the last word: Trump is elected!! The people had enough of this corrupt system and decided to oust The Clique. They would rather have a sincere clumsy newcomer than the typical skillful two-faced hypocritical veteran.

WITNESSING THE IMPOSSIBLE...

Trump's victory was a victory for democracy. Despite the fact that the establishment media ¹ used all its might to convince the people that Trump was the worst thing that could ever happen to America - even to the world - the people refused to adhere to such noise. Unhappy about their upset, the media then proceeded to avenge their defeat by portraying the winner as an unprecedented calamity that just landed on earth.

According to their front pages, the 'monster' had hatched.² Since his victory, alarmist headlines warning of the impending dangers from his presidency were served daily. Each one of the new President's initiatives, no matter how beneficial for the nation, was met with cynicism.

Even as he wasn't yet sworn in, his opponents were already spewing their venom at him and demonstrating vehemently against him. For them, it didn't matter if THE MAN HAS BEEN PUT THERE BY THE PEOPLE. These antagonists didn't want to hear anything about giving the guy a chance and were unquestionably unwilling to wait till the next election to get back to power. Frustrated, they trashed the street while labeling him 'undemocratic'. If they themselves were, wouldn't they respect the PEOPLE's CHOICE?

2020...

Unfortunately, like any reality in this world, democracy has its flaws. So the impudent will resort to any imaginable trick - legal or not - to get the *majority* of votes. Thus they'll have 'dead people', minors and illegal aliens vote - then... Tadaa!! ...the election is 'won'.

¹ Media tasked with promoting the Establishment's interests and, to this end, to standardize public opinion by getting rid of 'asperities', that is disqualifying diverging opinions whose authors are ultimately labelled '*conspiracy theorists*', or even '*fanatics*' and, by doing so, associating them with fear and social instability. Exactly as are labelled Trump's supporters since over 5 years.

To such an extent that even here in Canada, we've got to whisper Trump's name so as not to upset sensitive ears... unless it is to bash him of course. In such a case, volunteers abound to slander this man they don't even know. The most ridiculous pretexts are then evoked to spill their venom on the man: « *He spends way too much time in front of the mirror to comb his hair.* » * ... « *He is a theft!* » (When asked what was stolen, they just don't have a clue :-) ... « *He has no class.* » (As if they themselves had any.) So in order not to arouse suspicion or get reproachful looks, we have to talk in code language: « *Don' is now undertaking this and is up to that...* »

* Would that be Hilary Clinton or Obama, they would surely be more lenient ;-) Powerful, the media - I tell you - powerful!

² If he really was a *monster*, wouldn't he be an anti-Semite? Isn't anti-Semitism, anti-Zionism, anti-Israelism, anti-Judaism, anti-Jewishism, or whatever you may call it, the common denominator of all historical monsters? Furthermore, these monsters were ungodly. As for Trump, he publicly confessed his need of his Jesus' help: "*The BOSS... The most famous... JESUS CHRIST*" <https://www.youtube.com/watch?v=JlquP3Eq00o> - That is what we call *humility*, mainly when it comes from the most powerful and influent man on earth.

And when time came to check if the strictness of the electoral process was applied to validate the results, the Establishment categorically refused to hear the requests which, to the cheaters' benefit, were relegated to 'conspiracy theories'. Too easy!

CONSPIRACY? MAYBE NOT... Collusion? Definitely!!

A great injustice befell America.

We've witnessed the gravest assault to ever take place against democracy - like a robbery in broad daylight. There is no mystery. Even a teenager could connect the dots. It was a well oiled coup performed by a network of experienced skillful professional fraudsters³ to deprive the American public of their *legitimately re-elected President*: Trump and his peers of the ruling Republican Party.

THE HITCH...

Witnessing with disbelief the amount of votes in favor of Trump surpassing by millions their estimate, these 'professionals' - totally taken aback by their imminent defeat - started behaving like amateurs. They effectively generated more votes than Trump but in their haste, they omitted to cover their traces, leaving behind irrefutable proofs of their mischief.

The overabundance of these irregularities eradicate any possible doubt about the existence of this unparalleled fraud. But according to the Establishment, these incriminating evidences are only trivialities that don't justify the cancellation of this burlesque electoral comedy. Thus...

- * If there are hundreds of thousands more votes than voters... *No problem!*
- * If there are 'dead people', illegal aliens and minors voting... *That's OK!*
- * If the obsolete computers used to tally the votes are easily hackable - even by amateurs... *That's normal!*
- * If batches of thousands of *copies* of the same vote are counted as personal votes from different electors... *That's still okay!*

- * If thousands of signatures on ballot papers don't match... *That's fine too?*
- * If thousands of absentee votes come from nonexistent addresses/citizens... *That's normal also - as long as Trump is not re-elected - right?*
- * If hundreds of observers - entrusted with ensuring that the integrity of the electoral process is respected - are KEPT OUT OF POLLING STATIONS where they could not even see what was going on inside... *That's alright as well - if it facilitates the removal of Trump from the White House.*
- * Even if hundreds of election workers reported - to the risk of their own security/reputation/job - the countless irregularities, abuses and frauds they witnessed, their testimonies are brushed off with the back of the hand... *That's OK once more - as long as Trump is prevented from getting back to power - isn't it?*
- * Despite the overwhelming amount of well documented evidences proving beyond doubt the illegitimacy of this so-called 'victory' by the regime in place, the Establishment stubbornly refuses to proceed with an official enquiry and thus encourages imposture...

Normal?

Of course!!

It would otherwise upset its agenda ;-)

MEMORY vs. AMNESIA

The Establishment pertinently knows that collective memory is short-lived and vanishes into hazy transparent memories.⁴ In other words, we'll have forgotten everything before long and turned to something else.

But that's not always the case. Fortunately, some resist amnesia and ensure that the injustices perpetrated against their collectivity by an unscrupulous clique be rectified.

³ Haven't they previously tested their 'machines' in other countries - among whom dictatorships who mysteriously were re-elected by the very people they oppressed?! Very efficient and useful machines... especially for fraudsters. I sincerely hope that these 'machines' won't come to Canada, otherwise it would spell D.O.O.M. for democracy here as well.

⁴ Wikipedia: *Mémoire collective / Collective memory*

Effectively, failing to find a valuable interlocutor within the Establishment, numerous American patriots rallied to investigate for themselves this injustice and demand reparations. Thus, videos with abundant irrefutable evidences exposing this concerted fraud were produced and shared.⁵

They realized that giving up meant democracy's death worldwide. Effectively, if democracy dies in the US, won't tyranny reach the remaining free countries as well? We can have a token with the unjustified censorship on social media.

The domino effect truly exists.

If the powers that are so desperately attempting to undermine democracy in the US are not countered, they will feel heartened by this UNCHALLENGED 'victory' and will pursue all the more their march towards its total eradication elsewhere.

PEOPLE'S VOICE (OR RAPE?)

Didn't the Establishment abuse democracy by fraudulently crowning its own *Puppet President* who can hardly walk and chew gum at the same time? ⁶ But this is for our own good, right? The Establishment is there to save us from ourselves. Especially when the 'wrong President' is about to be reelected. « *How dare this people make the same error twice. This has got to stop!* »

Since then, the Establishment is at war with the majority who dared take their destiny into their own hands, then dispatched its propagandist media to do the *damage control* by censoring any opposition to this coup and labelling '*conspiracy theorist*' whoever dares to express the voice of reason - among whom are the most honest and patriotic citizens there can be. What a shame!!

déTRUMPons-nous!

Rather than being rigorous sources of reliable information, most media have become propaganda tools satisfying the lower instinct of the masses... contempt - hatred - prejudice ...by peddling a mixture of half-truths and negative emotions.

These media are thus indispensable tools to shape public opinion according to the Establishment's intended agenda.⁷

Our mistresses abound: we go to bed with the TV and wake up with the radio. From sunrise to bedtime, these accompany us, framing our thinking and providing us the thoughts to grind. We are thus exempt the hard task of thinking.

Is the TV telling us that Trump is a fascist? We become democrats. Is our radio stating that Conservatives are racists? We vote Liberal. Are our media promoting a new technological gadget? We drool and it becomes our top purchase priority.

We have become our media's echo, messengers and servants. We proudly repeat what they served us for breakfast, then sharing the 'precious info' with our co-brainwashed who signal their approval with a joyful complicit camaraderie.

« *We guys are so smart. We discern events, we comprehend situations. We really get the picture. We are so right. The radio said so.* »

That's not us voting anymore but well and truly our media who do it through us. We behave like they see fit.

Thus, they pretend that Trump is dangerous... because of WHAT HE COULD DO, not because of his realizations. If so, then, isn't everyone dangerous since even a mom COULD burn her kids with the smoothing iron?

⁶ After that, they try to persuade us that this clumsy oaf 'received the most votes ever cast for a candidate in a U.S. presidential election.' (Wikipedia: 2020 United States presidential election.) And this, even though he did not even campaign around. Can they insult our intelligence more than that?!

⁷ Hardly had the votes started being counted that the media was already singing in chorus the Puppet's victory.

These media are so skillful that the common mortal from the West abhors Trump with a visceral hatred. An unjustified hate based on hearsay and speculations.

This hatred didn't come by itself.
It was generated, activated.

As a way of example, of all the despots presently ruling countries around the world - I'm talking about MURDEROUS leaders running merciless regimes that execute dissidents, torture opponents, oppress their citizens and invade neighboring countries... *only one man* deserves our attention, *only one* is truly dangerous... *only one* - who is not even part of the lot and who did not kill nor assaulted anyone - deserves to be considered the vilest of them all. *Only him alone* constitutes the gravest menace of all times, puts the whole planet in danger and the very survival of mankind in jeopardy...

Yep!
You guessed it.
They are talking about Donald Trump.
Try understanding!!

Is there a local bloodshed? ⁸
« *That's the Trump effect!* »
Huh?! There were no bloodshed before Trump?!⁹

What is this « *effect* » by the way?
A kind of ethereal haze emanating from Trump that would travel into the stratosphere, contaminating the most vulnerable minds? By 'vulnerable', let's understand those who have firearms at home and listen daily to the media ranting against immigrants and Trump.

As we can see, the media are more dangerous than Trump! They instil a fierce contempt to the masses and overload their audience to the point that their listeners get blinded by hatred, lose all discernment and reject any compromise, all restraint.

INVESTI GATE...

Let's now go back to The Clique illegally occupying the White House. Shouldn't these illegitimate occupants be evicted and their *wannabe President* impeached? The GOP should put this 'government' through the mill up to its expulsion.

Wouldn't that be doing a favor to America?

That administration should be investigated as much as they investigated Trump - even more so since there is justification. These parasites should be given the exact same pill they gave Trump to swallow. Their initiatives should be hindered the same way his were.

Why should Republicans collaborate with this immoral regime while these impostors persistently refused to work with Trump - and this to the detriment of America?

Why grant them a respite?
Did they ever consent the least of break to their predecessor? In 2016, did they wait until this 2020 election? No!! They pursued Trump, harassed and persecuted him - *nonstop* - through his whole term of office.

Aren't these counterproductive cheats the ones who initiated those unjustified hostilities? Appeasement won't be of any good with these arrogant ingrates. *Don't throw your pearls to swines.* (Matthew 7.6)

"Whatever one sows, that will he also reap."
(Galatians 6.6)

Hasn't the time come to make a show of these enemies of democracy like they did one of Trump? Their gangrenous misdeeds should be exposed for the world to see. They should be made to lose their virginal smile - their *trademark* - or should we say, their 'trademask'.

DISCIPLINE vs. MORE OFFENCES

This has nothing to do with revenge but with justice. First of all, they don't belong in the White House.¹⁰ They usurped the Presidency. Everybody knows it ¹¹ ...besides autruches of course.

It has nothing to do with '*an eye for an eye*'¹² but rather with discipline. For if they don't get disciplined - they will go at it again... and things will worsen - and America will be lost like previous great empires. The best discipline is to make them pay dearly for their treachery, thus sending a powerful message to whoever - by himself or collectively - would be tempted to screwing up the nation again.

GUILTY ACCUSERS ¹³

Aren't Trump's opponents guilty of everything they accused him? Didn't they collude with the communists? Didn't they cuddle with China? ¹⁴ What about Iran, America's arch-enemy? ¹⁵

America's interests are the least of their concerns. They are on the take no matter what the disadvantages may be for their own nation. They cannot be trusted. They have become a *political black hole*. There are no rule they won't break. They have no morality.

They are powerful, no question about it. They control the Left (so, by default, Big Tech's private club members: Twitter, Facebook, etc.),¹⁶ trade unions,

the street, BLM, Antifa, etc., and thus, to a given signal, stir up trouble all over the country.¹⁷ Not surprising that these riots succeeded one another while Trump was in office - *as if he was the cause - so as to link these misdeeds with him in the public psyche [Trump = trouble/instability/problems]* - and that this turmoil ceased like by magic as soon as the new Puppet President was crowned. But if they are that dangerous, they are unfit to rule over a country. No mafia shouldn't be entrusted with running a country - specially the mightiest one.

BEFORE IT'S TOO LATE...

That bunch of losers are already back at their usual head games ahead of the 2024 Presidential elections claiming (again) that electing Trump will be the end of democracy.¹⁸ As if THEY themselves weren't THE real danger to democracy - which they recently proved (once more) by shamelessly *fleeing* Afghanistan by the back door - like failures - giving the enemies of democracy nearly 90 billion dollars worth of the finest military equipment - and this, at the American taxpayer's expense:

TRUCKS given:

- 22,174 Humvees
- 42,000 pick-up trucks and SUVs
- 8,000 trucks
- 169 M113 Armoured personnel carriers
- 634 M1117 trucks

Yes sir, all of this - FREE - to the enemies of freedom.¹⁹ All that 'army' and its new highly-sophisticated equipment will soon be subjected to the Iran-China-Russia triumvirate. A big 'Thanks!' to the Biden Lottery and its administration.

This bastard administration, born out of the incestuous union of a fraud and a vaudeville of bad taste, never tires of accumulating ignominies. It stinks!! Its emissaries leave a nauseating stench wherever they set foot as well as whenever they open their mouth to utter their usual manipulative deceitful insanities.

No, Trump isn't a threat to democracy. His opponents are. The facts speak louder than their despicable comedy of deceit. This administration is the weakest link of democracy worldwide, a real threat to the free world. Anyone with a shred of lucidity can discern that this corrupt administration is nothing but a puppet in the hands of the enemies of the West. Shouldn't this merry band of 'prestigious' hooligans who make up the Biden administration be tried for high treason? ²⁰ If the fact that the President of a country is arming in this way the enemies of his own people does not justify his destitution, well, nothing ever will.

JUSTIFIED and FEASIBLE

If America succeeds in coming through this ordeal before it's too late, History will recall it to its glory and generations to come will be grateful to Republicans for saving their nation from the communist peril. GOP

members are no doormats. They've got a backbone and know how to use it when time comes to fight injustice. The majority who voted for them are expecting nothing less from them.

Democracy is at stake.

The United States has been lobotomized.²¹ And if nothing is done to correct the situation, he will soon become a toothless pit bull, a hero without balls, a robot controlled remotely by the Reds.

RESIDENT IN EXILE

Let's remember that Donald Trump is still the legitimate re-elected President of the United States of America even though the Establishment insists on persuading us of the contrary.

Trump delivered the goods during his 4 first years of service despite the hell they made him go through. In spite of this extreme hardship he did more for America, Israel, the Middle East ²² and the world than most of his predecessors. And the people expressed their gratitude by reelecting him.

IT AIN'T OVER TILL THE FAT LADY SINGS

In the 2020 election, the American people have been deprived of their dream. Because without fair elections, the American dream is just that: *a dream, wishful thinking*. Indeed, if the popular vote is trampled by the Establishment, then democracy has become make-believe.

Democracy is no paradise but it guarantees freedom of expression and movement. The alternative is « *The citizen exists to love, honor and serve the State... in silence.* »

What shall happen to the *American dream*?

It will become what we want it to become... or, by our carelessness, what we will allow it to become: *a nostalgic memory.*

²¹ If you have any doubts, simply watch Mr. Biden's and Ms. Harris' pathetic performances. Genuine fakes!! Not that I have anything against them personally - they are just pawns placed there by the enemies of the West. But let's face it, the ladder could not have found a more incompetent duo than these two to lead the country. These two politicians - like most sold-out double-dealing chameleonic populists - have missed their calling. Wouldn't it have been better for them to take up acting as a career? Actors effectively excel in the art of melodrama, persuading their audience of the authenticity of their feelings. Let us pray that these two monarchs of incompetence will be dethroned before the fate of the U.S. becomes that of the Titanic... and our fragile democracy sinking with it.

²² Abraham Accords

Will it be too late when we will open our eyes?

Sorry to say but the job is not completed.
Let's not trust still waters.

It is our duty as voters of the FREE WORLD to shed light on this shady election. If we don't, who will? If not now, when? If we keep silent, who will speak up? Democracy represents us all. In this period of unprecedented peril, we are invited to become its humble champions.

And who knows whether Trump has come to the Presidential position for such a time as this? (Esther 4.14)
Effectively, if Trump had not been President, the scale of this gangrenous menace would not have been known.

TRUTH SHALL PREVAIL

Let's respectfully seize our right to speak while it is still possible.

Speak out, whether they want to hear or not. (Ez 2.5)

Let's not remain silent.
THEIR VICTORY RESTS ON OUR SILENCE.

They perfectly know it. Their house of cards is built on artifice. Their main obstacle is our resolve. They fear nothing more than the truth. They are bound by the omerta but it only takes one of them to spill the beans, causing the collapse of this trickery they forced on us.

Only then will America be great again.

MAGA!!²³

Worldwide tyranny is inevitable. The concerted efforts of current world governments to eradicate freedom of speech on the sly suggest that Big Brother is subtly working his ascent to the throne. It would be illusory to attempt preventing him from doing so since the Word of God predicts his victory over his opponents.²⁴ Our duty is rather to make him lose his 'good guy' mask with its self-important smile so that the world may be aware of his real malevolent nature.

The undertaking is huge but we are not alone.

"I am with you always, to the end of the age."

- Jesus (Matthew 28.20)

²³ The alternative to MAGA is KOSA: *Keep On Screwing Americans*. Trumps's opponents are pretty good at it.

²⁴ *"As I looked, this horn made war with the Saints and prevailed over them."* (Daniel 7.21)

"it was allowed to make war on the Saints and to conquer them. And authority was given it over every tribe and people and language and nation." (Revelation 13.7)

As stated in...

1

“

Real leaders are rare nowadays. And when one finally comes along, the decadent collectivity initiates its impeachment. A decadent society accepts no chief. The contemporary Left has become an unbridled movement, without frontier nor destination, and it solely wants a leader that follows it ;-). So, is it surprising that it is now reduced to go around in circles like a serpent biting its own tale?

The Left is constantly repeating the same thing: 'Trump is a nazi... Trump is a fascist... Trump is a racist... Trump must be impeached...'² It cannot wait till the next election. NOoo! It frenetically has to do away with a democratically elected president, freely chosen by his fellow-citizens... *right now!*

They hate the SYMBOL he represents: *the rich and prosperous white hetero male* - and that, without even having heard one of his speeches.³ They will unconditionally prefer Obama, SYMBOL of the emancipated slave (*of the rich and prosperous white hetero male*). That's the *underdog reflex*. But not all Blacks were slaves, nor all Whites, 'monsters'!

That intolerant phony Left tears apart in the name of solidarity, advocating unity but sowing division. It demands freedom of speech but woe betides the one who dares express a differing opinion. Such person will unjustly be called a fascist, a nazi, a dictator and an intolerant.

That false Left, who accuses its opponents of being 'nazis', should maybe realize that Hitler was at the head of the National SOCIALIST German WORKERS - sounds a bit leftist, doesn't it? ⁴

Isn't Kim Jong-un a leftist? Isn't he the leader of the Workers' Party of Korea? Wasn't Vladimir Lenin a leftist? Result: torture of opponents, terror campaigns, hundreds of thousands of dead. Bravo for the Left!?! Joseph Stalin?

Leftist!! Result: ruthless policies, regime of terror, labor camps (Gulag), massive deportations of minorities, mortal homemade famines, deadly purges - even within his own family. In short, millions of dead among which tens of thousands which he personally signed the killing lists. Double bravo for the Left!?! Mao Zedong? Leftist as well. Result: same scenario and we skip some. Over 30,000,000 dead. Hurray for the holy Left!?! Let's not forget Pol Pot, not to say 'CrackPot', one of the worst tyrants the earth has known. Upshot for this other inveterate leftist: over 1,500,000 dead, that is more than 20% of the Cambodian population at the time (1975).

And closer to home, in Quebec, weren't the FLQ militants leftists?! Result (in Quebec of course): molotov cocktails ... transportation sabotage ... bombings ... nationalistic graffiti ... skyjacking ... bank hold-ups ... time-bombs in mailboxes ... kidnappings ... murders ... There is no doubt that the FLQ well learned its lessons from its PLO mentors. Consequences: 160 incidents, 8 dead and numerous wounded. It there were not any more victims it's simply because the FLQ was made up of amateurs.⁵

Great leftist results, isn't it?! Hurray for the proletarian rule! Hurray for the leftist justice in favor of workers. Hurray for the freedom of expression and movement. The sole reason having limited the number of these despot's victims is their rule's ephemerality. And after that, the Left dares lecturing the Right and calling any of its moves 'fascism'!

Moral of this story: Hitler or Mao, Left or Right... the nightmare occurs when man imposes his version of paradise to others. And that is exactly what the antichrist will do: promising paradise and delivering hell. Therefore, the enemy to vanquish is neither Left nor Right but hatred.

SHOULD YOU BE WRONG SIMPLY BECAUSE YOUR OPPONENT IS RIGHT?

Regarding a same reality, there can be disagreement depending from which angle each observer looks from. As shown above, one will state that the object is of rectangular shape while the other will say that it is triangular. In this example, even if the statements are conflicting, they are equally valid. Despite their divergences, both are right and, consequently, none is wrong. So, even if someone knows he's right, a different opinion from his doesn't necessarily mean a mistaken point of view. Thus, from your perspective, you can hold a truth just as real and legitimate as someone else's, even if it conflicts with his. Therefore, it is not always obligatory that a perspective prevails over another. That's where respect comes into account. So when you know you're right, it is important that you value your opinion even though someone else asserts that you are wrong simply because it contradicts his point of view.

When two friends respectfully confront each other on a tennis court, don't they become better? To devote all our resources to reach victory is indispensable if we want to excel. It's the same regarding our diverging opinions. If you don't hold the same view than me, feel free to write an article in which you'll highlight yours ;-)

BONUS

Being partly into computer graphics, I decided to include some conceptions of mine just in case you would want to make use of them. There's nothing to be ashamed of in you being right ;-)

Also find the definition of word '*conspiracist*' which I just formulated and updated.

As the term 'conspiracist' is being overused in this historical period of pandemic where dialogue is stifled by one-track thinking, it seems essential to redefine the term in view of its current misuse.

'CONSPIRACIST'

CONSPIRACIST A demeaning term used by an entity, usually political, to discredit the authors of dissenting statements in order to question their discernment or even their sanity.

This entity - in the process of becoming a dictatorship - not having yet been able to consolidate its tyranny and, therefore, not being able to exert force to silence its critics - will resort to this palliative strategy to humiliate its opponents. This tactic of public shaming has two major objectives. First, it associates the opposition with lunatics and even paranoids, thereby reducing their speech to untrustworthy rhetoric. Secondly, this act of stigmatization seeks to prevent any solidarity of the masses with these protesters. No one obviously wants to be associated with losers, with people whose mental health is in doubt. So the anticipated result is the *distancing* masses from their community's fabricated outcasts.

Moreover, this trick makes the challenger question whether he is really lucid or whether he is in the grip of some paranoid delusion. Another important advantage is that it creates the illusion in the community that the opponents are a negligible minority, when in fact they may well be the majority.

The misuse of the term 'conspiracist' reached its peak at the beginning of the 21st century to discredit the voice of reason and silence any critic. Thus, this strategy was used to the fullest during the Covid-19 pandemic against anyone - even professionals, experts, scientists, geneticists or medical luminaries - who dared question the unilateral practices perpetrated by the powers that be regarding unjustified, incoherent and coercive health measures.

This psychological warfare tactic was also used during the American election fraud of 2020, when the countless injustices were denounced by the American people, while the Establishment, no doubt complicit, stubbornly ignored them, thus relegating plausible allegations - supported by multiple pieces of evidence - to crazy theories dreamed up by lunatics.

Thus today, a multitude of scientists, medical luminaries and experienced physicians are reduced to 'conspiracy theorists' because they denounce the dubious dictatorial unethical practices imposed under the guise of *'emergency health measures in times of pandemic'*.

If Gandhi were alive today, he would undoubtedly be called a 'conspiracist', in the same way Martin Luther King would surely have been... The media being less powerful then (remember that there were no social networks giving the people as powerful a voice as today) - they were more easily eliminated. Even Jesus was considered a 'conspiracist' by his contemporaries. (John 7:19-20) But it turns out that there was indeed a conspiracy to eliminate him. (John 7:25)

When Winston Churchill decried - in peacetime - Hitler's hostile designs for building smuggled warplanes... he would nowadays certainly have been labeled a 'conspiracist'. And today, when Israel struggles to make the United Nations listen to reason about Iran's nuclear maneuvers constituting an existential threat to the Jewish State, it is ignored, relegating its discourse to 'conspiracy theory'. Especially when we know that each of Iran's countless hegemonic initiatives is driven by altruism ;-)

So Gandhi, Martin Luther King, Jesus and Churchill were labelled 'conspiracists' by their contemporaries. But you know what? **They were right!!** As for Israel, it will soon have to get moving and courageously initiate a unilateral military intervention to eradicate the Iranian nuclear threat, otherwise we will all recite Kaddish over its ashes while crying « **Israel was right!** »

As for the world, there is no one more deaf than those who do not want to hear or, one could conclude, than those who have an INTEREST in not hearing.
