"The Craigs" Were Here

Dean Hughes of Unionville, Ontario, who writes the popular "Craigs or Briarwood Farm" series for CBC, was moseying around Shawville district last Friday along with Mark Waldron of the CBC Farm Broadcasts department.

They hoped in one afternoon to get the "feel" of this area en route from Dairy Queen judging at Renfrew to another quick visit to Huntington.

They visited Winnifred and George Pirie at Maryland and were surprised at their unusual milk-fed hog program. They visited Irwin Hayes' Holstein farm, viewed the countryside and wound up on a tour of the Printshop, personally conducted by Carson Hodgins.

Now, of course, we will all be listening avidly to all future CBC farm broadcasts to see what they gleaned here that they can use on their programs: the noon farm broadcast at 12:30 daily, the Junior Farm program at 12:30 Saturdays, Countrytime on TV Wednesdays at 7:30 and Country Calendar Sunday at 1:30. Had they come in around ten o'clock in the morning to the Printshop they might even have picked up a few ideas for their Food Facts program which comes at 9:45 on Thursdays.

Rotarians Seek Talent

By W. A. Brown

The all Pontiac Evening Performance at the Shawville Fair which received such favourable public acclaim in the columns of this paper will along with additional talent, be repeated at the Rotary Club Concert, in the Shawville High School Auditorium on the evenings of October 7th and 8th.

This talent scouting is being undertaken by two Shawville Rotarians, Joe Russell of Bristol and Clare Jacques of Shawville and is followed through in a very unique manner. A tape recorder is used. Once a prospect is located the tape recorder is taken to the home of the prospect or elsewhere and a private audition arranged. The rendering is played back immediately, discussed at length, and played back again and again with suggested amendments in tempo and subject matter.

At least two of the original and highly applauded numbers at the Shawville Fair were obtained in this way and will be repeated at the Rotary Concert.

One was the instance of the little Henderson girl, very shy, who was located at a neighbour's home and who plays her own accompaniment. She was accustomed to singing old fashioned songs not altogether suited to her voice. The Scouts inquired if she knew any popular songs, for instance 'Tammy'. She did and this with variations, suggested by the Scouts, will no doubt make a hit at our Rotary Show.

Another was the Hearty Boy who plays the electric guitar. Given a few suggestions by the scouts he responded quickly after hearing it himself on the tape. It was his first public appearance before the mike and he was given a tremendous ovation at the Shawville

Happy Tigers Keep Johnston B-Ball Trophy

The Shawville Tigers are once again champions of the Upper Ottawa Valley Baseball League. Last Sunday on their home diamond the Tigers won the Johnston Trophy for the fourth year in a row by handing out an 8-2 thumping to the eager but outgunned Red Sox from Campbell's Bay.

The champions backed up an excellent four-hit pitching by Earl Powell with a solid 11-hit attack on Red Sox hurler Delacey Sloan. While Shawville's defensive play in the infield was well below par, lefthander Powell maintained a shutout until the sixth inning, when the fifth Tiger error enabled the Red Sox to score. Another Shawville miscue in the ninth contributed to the second run off Powell, who struck out ten and walked only two batters over the nine inning route. His battery mate was Paddy O'Donnell. Sloan chalked up seven strikeouts for the Bay and walked only one. The Red Sox catcher was George Gagnon, replacing Dennis Therien who suffered a hand injury in the previous game at Campbell's Bay.

Shawville took a 2-0 lead in the second inning. With one out Bruce Yemen doubled down the right field line, moved to third on Arnie Garrisons infield single, and scored after two were out when the second baseman bobbled a grounder by Bert Murphy. Brian Murray then drove in Garrison with a clean single to left field.

Until the sixth inning the Tigers seemed content to sit on their two run lead. They came alive in the last of the sixth after the Red Sox had made it 2-1 on an error and a single by Belland. In the bottom half of the inning Harv Smith singled after a walk by O'Donnell and scored on Yemen's hit when one was out. Garrison followed with a booming triple to bring in two more runs and scored the 4th run on a close play at home after a ground ball by Powell. That made it 6-1 for the Tigers and took most of the pressure off the defending champs. They added two insurance runs in the eighth inning with the help of singles by Yemen and Powell. The Red Sox managed one run in the ninth but Powell ended the game, as he so often does, by striking out the last batter.

In the batting department Garrison drove in three runs and scored two more while picking up a pair of hits. Yemen had three hits, three runs and an RBI, while Smith also banged out three hits in four times at bat. The Tigers gave the impression of playing no harder than they had to, and Campbell's Bay seemed to lack the tremendous drive they showed earlier. All in all, however, it was a good game, and a peaceful end to another successful Upper Ottawa Baseball season. The umpire was Len Lemenchick of Renfrew.

The Tigers, a happy blend of youth and experience, are ready to do battle for the Ottawa Valley Intermediate Championship, the title they won last year by defeating Douglas, Ontario three games to one. Whether the series is held this vear depends on the readiness of the Ontario side to take part. Further word is expected shortly. In the meantime the Pontiac's winningest baseball manager, Keith Horner, is taking good care of the Johnston Trophy and also trying to figure out if the Tigers managed to break even on the financial side this year. Even the winners have troubles.

Next Blood Donor Clinic In November

On Monday, November 21st the Lower Pontiac Branch of Canadian Red Cross Society, will be holding their next Blood Donor Clinic for Lower Pontiac in Shawville. The reserves of blood are becoming dangerously low in the Blood Bank and the Mobile Unit is endeavouring to bring these reserves back up to normal. It is vitally important that when blood is required it is available.

In November of 1959 their first clinic was held jointly with the Upper Pontiac Branch and 235 donors gave blood at this clinic. In May of this year the second clinic was held but was divided; one in Campbell's Bay and one in Shawville, to cut down travel distance for the donors, which unfortunately was not as successful as the first one. In Shawville there were 63 donors and in Campbell's Bay 98 or 161 altogether. This reduction was mainly attributed to road conditions and numerous

With Larry Henderson

You Have a Date Monday at Eight

The interest being shown by church groups, school personnel and all thinking people for many miles around in the forthcoming visit of Larry Henderson is indeed encouraging to the Shawville and District Home and School Association. They are the sponsoring group and aside from providing a service to the community by bringing this world traveller here, they also intend the event to net them funds to carry on their work.

The Home and School was the original sponsoring group for the truly excellent recreation program held in Shawville this summer and bringing Larry Henderson will be their second really large project.

When Mr. Henderson spoke and showed his film at Arnprior the hall was packed and others who were unable to see and hear him there are planning to come to Shawville to see him here next Monday night.

When you make your plans to attend this event, please see if you can find room in your car to bring along a neighbour or two. Those who miss the show will have no further chance to take it in because it is a one night only performance.

You've seen him on television. You've read his articles. Now come and see him in person at the Shawville High School, Monday night at eight September 26.

WHY IMMUNIZATION?

People tend to say "nobody ever dies of diphtheria any more so why should we have our children innoculated?" Until this year that was simply not true. Every year until this past one people have died in Canada from diphtheria. This past year for the first time in history there have been no deaths from diphtheria in Canada.

This was entirely due to immunization.

That's why we immunize our children.

To carry on the fight against this and other preventable diseases such as polio, whooping cough, tetanus and smallpox, we must continue to have children immunized.

These sicknesses could easily become widespread again if we relax our vigil. There may come a time when they disappear altogether but that time has not yet arrived. If we relax now in the face of one victory, diphtheria could regain its dread hold, rage rampant, and it might be another hundred years before we could once more claim one year free from diphtheria deaths.

And proud as we may be about our diphtheria laurels, and our smallpox laurels (no case reported since 1946), the whooping cough and polio record is still dreadful. 24 died of whooping cough last year in Quebec alone, accounting for more than half the total for Canada and 106 died of polio, again well over the total for Canada.

Yes, you guessed it, it's "Immunization Week".

Be Careful Drivers !

While driving along on a nice highway,
Humming a tune, on a sunny day,
Nearing a house, with a woman inside,
A small boy standing by her side.
Suddenly he left her, rushed out through the gate,
You applied your brakes, but were too late.
You heard the mother scream out in fright,
And the moan of the child, a terrible sight,
You carried him to a hospital near,
But he passed away, "Poor little dear"!
The mother in court cleared your name,
She said, "she knew you were not to blame".
But at night you wake from a horrible dream,
You imagine you hear the Mother's scream
And the moan of the child you hear for years,
Were you driving fast? You shed a few tears.
You still can see the scene so wild.
Were you really guilty? You killed a child!
So drivers when you take the wheel today,
Think of the ones in your care, and pray
For guidance, that no lives you take
And you will not have to lie awake,
Remembering your car hitting a post instead
Of staying on the road, going ahead.
Or upside down with friends trapped inside,
Some of them may have already died.
A vacant chair of a loved one so dear,
Or someone in hospital for many a year.

The writer has received a very interesting letter accompanied by a donation to our Cemetery Fund from Mrs. Chris Caldwell of Alberni, B.C. Mrs. Caldwell has a sister and brother and friends buried in the Portage du Fort Protestant cemetery here. When writing she enclosed a poem composed by herself and titled "Be Careful Drivers" and requested it be published in The Equity for Safety Week. We regret it did not reach us in time for Labor Day weekend when the death rate in this area was so heavy. Thank you so kindly Mrs. Caldwell for your donation and your suggestions.

Ernest Sparlings Loose Everything in Fire

Fire of undetermined origin razed the farm home of Mr. and Mrs. Ernest Sparling on the evening of Sept. 9. The house, situated on the 13th concession, about four miles north-west of Charteris, was completely gutted.

The Sparlings, alone in the home, were awakened by the barking of their dog. On investigation, the woodshed to the house was found blazing fiercely, and despite efforts by Mr. and Mrs. Sparling the fire soon spread over the entire frame home. In attempting to confine the flames to the woodshed, Mr. Sparling's arms were severely burned, requiring medical treatment.

An unfortunate circumstance was the fact that the electrical storm which swept the area in the afternoon had left many phones useless, but neighbours from the area served by Campbell's Bay phone line were able to form a bucket brigade and save the outbuildings. Shortly thereafter the Shawville fire-fighting equipment arrived, in prompt response to a belated phone call. Chief Watt Taylor and his squad were unable to save the house, but effectually quenched the wind-driven flames, thereby lessening danger to the out-buildings.

Mr. and Mrs. Sparling, in addition to being left homeless, lost all their personal possessions. They are now in temporary accomodation, pending the building of a new home.

No insurance was carried.

Central School Board September Meeting

Present:- Mr. L. Neville — Chairman, Mr. M. Laughren, Dr. W. Hodgins, Mr. B. Quaile, Mr. W. Kilgour, Mr. K. Musgrove, Sec-Treas. Calumet Dissentient — Mr. R. Stewart; Protestant Committee — Dr. S. E. McDowell.

Moved by Mr. Hodgins that the minutes of the previous regular meeting be adopted as read. Carried.

The Secretary reported that:-

(a) At the written request of Miss G. Graham, her application for Student Loan for 1960-61 has been cancelled.

(b) Mrs. A. McKinley has been employed by the Clarendon board as Principal's Secretary.

Correspondence from the Director of Education concerning the occupation of the Central board offices was read. No further action on this contemplated at present.

Correspondence from the Department regarding the allocation of the taxes received by Campbell's Bay from Lower Litchfield in 1960-61 was read. The following resolution was then adopted, "resolved that the Campbell's Bay School Board is authorized to place the taxes received from Lower Litchfield during the 1960-61 school year, together with the money received from the sale of their used bus into their account for the redemption of bonds". Carried.

Accounts amounting to $8,976.44 (File A2) were presented for approval. It was moved by Mr. Quaile that these accounts be paid. Carried.

It was moved by Mr. Kilgour that "The Leslie School Board is authorized to strike a general rate of 16 mills for the 1960-61 school year". Carried.

Five tenders for the supply of fuel oil were opened and considered. It was resolved that "The supply of fuel oil for the 1960-61 school year ending June 30th, 1961, be awarded to Imperial Oil Limited". Carried.

The Secretary reported that to date no teacher had been engaged for the Calumet Island School consequently as per instructions issued in August, request had been made by phone to the Director with regard to the employment of a teacher of the Roman Catholic faith. Since the Director could not grant this permission without the authority of the Protestant Committee, Dr. McDowell's advice was requested. He explained that under the present regulations, and agreements, and the fact that other Protestant facilities are available for the Calumet pupils such permission would not be given. Mr. Stewart was advised to notify the Calumet Board accordingly and to investigate the conveyance of their pupils to Campbell's Bay and Shawville if no teacher could be found in time for school opening.

The board was asked to consider the proposed method of pupil conveyance under consideration by the Bristol Board in view of the fact that the Bristol Dissentient board had expressed willingness to cooperate in the conveyance to Shawville. After discussion, the following resolution was adopted.

"Resolved that the Bristol School Board is instructed to investigate the conveyance of pupils to the Shawville High School in co-operation with the overall facilities and methods of conveyance".

The next meeting to be held on October 13th, 1960.

Mr. Laughren moved the meeting be adjourned at 10.40 p. m.

Fair. Likewise the audience at the Fair became so enthused with the performance of the Dubois Sisters that it burst into applause before the finish and the Master of Ceremonies had to interrupt and request that the performers be given an opportunity to conclude their number, with finesse. Reference to other numbers will appear in subsequent releases.

Unquestionably there is talent in the Pontiac. It is there to be developed and who knows how far that talent might go in this modern, high priced age of television, radio, legitimate stage and screen.

To this end there appears elsewhere in this issue of The Equity an advertisement inviting anyone, parent, teacher, Clergyman or other interested party who knows of any unsuspecting talent, young or old, to get in touch with the above mentioned Rotary Club Talent Scouts and an audition will be arranged. Contact should be made promptly as there is only limited time between now and the Concert dates.

to Miss Judy Bertrand for obtaining second highest marks in Grade XI.

Mrs. Clifford Lawn presented a prize to Miss Sharon Wall, on behalf of the Catholic Women's League, for General Excellence.

Three other prizes were presented by Mrs. Clifford Lawn, on behalf of the C. W. L. and they were presented to Miss Rose Marie Ranger, highest marks in Grade X French Class, Mr. Brent Cahill, highest marks Grade X English Class, and Miss Margaret Sullivan, highest marks Grade IX.

Miss Therese Asselin received two awards from the K of C. presented by Mr. Edgar Lance and from a group of friends presented by Mrs. J. O. Laflamme.

The Guest Speaker, Rev. John Beahen, J. C. D., from Ottawa, a graduate of Ottawa University, who studied CanonLaw in Rome, was introduced by Father Windle. Father Beahen told the graduates that they were very fortunate in receiving a sound Catholic Education and he was sure that they were aware of the love, effection and sacrifice involved in making this education possible. Through effort on their part, and the Grace of God, they could be a living example to others. If they would strive to live up to what they had been taught in their first Catechism — to know God, to love Him and to serve Him — the gates of hell will not prevail against them.

Father Morris thanked the Speaker.

Miss Judy Bertrand was valedictorian and said that now that they had come to the end of their happy school days at St. John's High, and the gates of a new world were opening to them, they had many to thank for having achieved this goal. Though it was time to say good-bye, their places would be filled by others, just as eager. That with the wisdom taught them and the love of God, they would have strength to face the future with optimism, courage, and determination.

His excellency brought a few brief words of congratulations encouragement and his blessing for the future.

Master Brian Kelly and Master Jimmy Bennett assisted in giving out the diplomas.

Following the singing of God Save the Queen a social evening was held and refreshments were served.

Blood Clinic

colds that were prevalent at that time.

There are 128 registered donors in Lower Pontiac some of whom have given over twenty times, three over fifty times, of their blood and others ranging back to those who gave their first donation. There are also a number who registered as willing to donate blood, but for some reason or other, did not show up at the clinic. Is is believed that this branch should be able to give at least 125 bottles at the next clinic.

The Clinic will be in the Anglican Parish Hall with Dr. G. R. Green as director again in charge of the arrangements. While we have not as yet been advised as to time, we presume it will be the same as formerly, 1:30-3:30 and from 5:30 to 8:00 p.m. These hours seem best to meet most of the donors.

Diamond Wedding For John B. Johnsons

Mr. and Mrs. John B. Johnson observed their diamond wedding anniversary on Sunday at the home of their son-in-law and daughter, Mr. and Mrs. Edwin Galbraith.

Born 83 years ago, he was the son of the late Alexander Johnson and his wife, the former Elizabeth Brown of Zion line. He was married 60 years ago to Miss Susan Brown daughter of the late William Brown and his wife, formerly Miss Margaret Crawford of Thornby, Que.

The marriage was solemnized at Westmeath by the Presbyterian minister, Rev. Robert McNabb. Their attendants were Miss Janet Brown, sister of the bridegroom and Thomas Brown, brother of the bride. They were married sometime later.

Mr. and Mrs. Johnson farmed at Westmeath before purchasing the John Martin farm near Beachburg.

They lived with their son and daughter-in-law, Mr. and Mrs. Harold Johnson, for the past ten years.

All of their family were present on Sunday for the re-union, Alex of Ottawa, William, Harold, Irwin and Delbert of Beachburg and James R. of Perretton, Mrs. Hilliard Johnson (Jessie) and Mrs. Edwin Galbraith (Leta) of Beachburg.

There are 27 grandchildren and eight great grandchildren.

Brothers of Mr. Johnson are Samuel of Cobden and Daniel of Zion Line and his sisters are Mrs. Howard Jackson of Cobden, Mrs. Silas Thibeau of Zion Line and Mrs. Janet Brown of Campbell's Bay. Mrs. Johnson has a sister, Mrs. Alex Brown in Toronto.

He was a member of the Masonic Lodge and she is a past member of the Zion Line Women's Institute. They are both members of St. Andrews United Church, Beachburg. She is 80 years old and both are enjoying good health and are quite active for their years.

She received her guests on Sunday wearing a mauve printed linen suit with a corsage of yellow roses. They were the recipients of many gifts and congratulatory messages.

Larry Henderson's new book "Journey to Samarkand" is a true up to the minute report on what is taking place today in Russia. The book is easy to read, very interesting and answers all the questions you would like to ask about Russia. Mr. Henderson will be in Shawville in person on Monday Sept. 26 and has consented to inscribe copies of his book for those who want AUTOGRAPHED COPIES.

You will enjoy reading this book before you meet the author and copies are available at Pontiac Printshop for $4.50.

The book will also be on sale at the Shawville High School at the time of Mr. Henderson's visit.

Good Hunting But Stick To The Rules

And Please Don't Shoot The Cattle If You Smoke Don't Walk

Hunting has gotten itself a reputation. This, of course, is because in the name of hunting so many things are done. Some people use the hunting dodge as a way of getting "away from it all", "back to nature", "into a man's world", or just to lose a weekend or two.

But there are some who just go hunting to get some venison into the larder and a few meals of good wild game for family. For these hunters, the Province has laid down rules which, if followed carefully, will ensure good hunting for many years.

It's against the law for a person less than sixteen years old to hunt unless accompanied by a person at least twenty one years old. Both, of course, must have hunting permits.

This is just one of the hunting regulations in force in this province and which are brought to our attention each year at this time by the Minister for Fisheries and Game, Hon. Gerard Levesque.

Another regulation forbids hunting or killing any game between one hour after sunset and one hour before sunrise.

Of course, the first law of the hunting season is for all, resident or non resident, to get a hunting license. This costs $10.50 if you're out for moose, $3.25 for deer only, $2.10 for bear and other game and $2.10 for trapping fur bearing animals, if you reside in Quebec. For non-residents, the permits are considerably higher.

Automatic rifles are forbidden and it is also unlawful to carry a loaded fire-arm in an airplane or any land vehicle.

Moose and deer hunters are cautioned that the season's limit for each is one. If a moose t must be shot between Oct 1 and Oct 9, and if a deer it must be between Oct 8 and Nov. 13. It's against the law to shoot Moose cows, Moose calves, or Holstein, Ayrshire, Hereford, Jersey, Aberdeen Angus or Durham cows, or calves either for that matter.

A few other things which are definitely frowned on by the Department are jacklighting, snaring, roping, netting or trapping Moose and deer. You can go to prison for any of these nefarious practices, or be fined, or both.

Dogs aren't allowed for running Deer or Moose and are not even permitted to run at large in places frequented by Deer.

Then, if after obeying all these rules you do manage to bag your one Deer, you're admonished not to sell the flesh, in fact, the rules for disposition of the animal are clearly laid down. First you must detach the possession or transport coupon from your hunting permit and attach it to the carcass, thus rendering the permit void, then you must report to a game-warden within forty-eight hours after leaving the forest to return the rest of the permit, produce the antlers for registration, and have the warden affix his seal to the carcass.

Only then is it lawful to transport or even have in one's possession a Moose or Deer, or any part of same.

As for game birds, they may not be hunted with the use of a gun larger than No. 10 guage, a swivel gun, machine gun, aircraft, sail boat or power boat, night lights, live birds as decoys or electrically-operated calling devices, or from a motor or wheeled vehicle of any description.

Ducks, Snipe, Geese, Brand, Rails, Coot and Gallinules can be hunted now to Nov. 27

BUT WITHIN 10 MILES OF THE OTTAWA RIVER. THE DATES ARE SEPT 24 TO DEC 11.

Woodcock dates are Oct 1 to Nov. 5.

Bag limits are 6 ducks daily (not more than 1 wood duck) and 8 Wilson's Snipe. 5 Geese or Brant, 6 rails, Coot or Gallinules, 8 Woodcocks. Possession limits are usually twice the daily bag limit.

A special word of advice which appears to be very much on the minds of authorities these days is to prevent forest fires by not starting any. You can be a big help in this direction if you don't smoke on the go. Sit down to enjoy your smoke. We are informed that the walking smoker is the innocent cause of many fires every year.

So, with all this on your mind, we wish you good hunting and hope you aren't one of the ones this year who shoots his best friend and then says "I thought he was a deer".

Extracts from the Shawville Fair:

An adjunct to the grain exhibit was a display of mamoth sunflowers by Mr. Andrew Grant, which evoked expressions of amazement. Some of the heads were from 12 to 16 inches in diameter, while the stalks were from 12 to 14 feet high.

A display of fancy work and painting by Mr. Herbie Hughes of Bristol, who in other respects is a helpless invalid, showed what perseverance and energy can accomplish under necessarily trying circumstances.

Cattle exhibit was much too large for the accommodation afforded, a number of animals having to be tethered in the old quarters outside the buildings.

McCagg's merry-go-round was on hand but no fakirs nor games of chance of any description were allowed on the grounds. Gate receipts, first day $75.00; second day $690.00; Night shows $207.00; Privileges $85.00; Dining Hall $339.00.

GALLAGHER— In fond and loving memory of our dear son Keith, who died accidentally on September 23rd, 1959.

We do not need a special day
To bring you to our mind.
For the days we do not think of you
Are very hard to find.
If all this world were ours to give
We would give it, yes and more
Just to see the face of Keith dear,
Come smiling through the door.
