NEGOTIATIONS FOR PURCHASE OF Q. C. R.

New York, New Haven and Hartford, and Canadian Pacific Ry. After Local Line—Announcement May Be Made Soon.

It is understood that negotiations have been going on for some time with reference to the alteration of the control of the Quebec Central Railroad. This change, however, will in no way affect the identity of the present company.

The companies into whose hands the control of the Quebec Central will go are said to be the Canadian Pacific Railway and the New York, New Haven and Hartford.

An inquiry was made at the head office of the Quebec Central, this morning and the Record was informed that the matter had not been settled but that an announcement would shortly be made in this connection. The officials would not commit themselves as to the companies into whose hands the control would go.

257 MILES OF LINE.

The Quebec Central Railway consists in all of 257 miles of line, the main line running from Sherbrooke to

Levis with branches from Tring Jct. to Megantic and from Valley Jct. to St. Sabine.

Close relations have always existed between the Quebec Central and the B. & M., the New York, New Haven & Hartford companies. This has enabled it to operate an unexcelled service between Quebec and New York, and all New England points.

The road in recent years, under able management, is understood to have been very profitable. Passenger and freight traffic is heavy. Indeed, the Quebec Central runs through what is regarded as one of the wealthiest parts of the province, certainly so from a railway point of view. Aside from the agricultural districts there are the vast mining and lumber interests.

Should the rumored change take place it is not likely that it would materially affect local conditions relative to the Quebec Central.

WILL ALSO BUY NO. HATLEY PLANT.

Sherbrooke Company Making Further Electric Acquisitions.

WILL LIGHT TOWNS AND VILLAGES FROM SHERBROOKE TO DERBY CENTER, VT.—ALSO, SALE FOR POWER.

Considerable interest is manifested both in Sherbrooke and in the Massachusetts Valley, relative to the purchase by the Sherbrooke Power and Light Company of the property of the Stantead Electric Company.

It is further learned that negotiations are almost completed for the purchase of the North Hatley Light and Power Company which will give additional power and enable the Sherbrooke Company to light North Hatley, Compton, Waterville, Huntingville, Lennoxville, Capleton and Eastis.

The acquisition at Stantead means that the Sherbrooke Company will supply electric light to Stantead, Rock Island, Derby Line, Beebe Plain, Stantead Junction and Derby Center. In addition to the sale of electric light it will also find a market for about 1,000 h.p. amongst the manufacturing industries of these flourishing towns and villages. Further extensions are also said to be in contemplation. The acquisition, however of both these concerns will place the Company in the strong position of practically controlling the electric light and electric power situation in this section of the Eastern Townships.

Mr. C. J. McCuaig and Mr. Frank Thompson of Montreal, Directors of the Sherbrooke Railway and Power Company were in town during the last few days inspecting the system and the railway construction, which is progressing rapidly.

Messrs. H. E. Channell, Sherbrooke; Porter H. Dale and Mr. Sweeney, of Island Pond, represented the Stantead Company in the transfer of its property.

CIRCUIT COURT AT COATICOOK.

Hearing of Cases Took up the Sitting of Court.

MR. JUSTICE GLOBENSKY RENDERED JUDGMENT IN SEVERAL ACTIONS.

Coaticook, June 28.—(Special)—A term of the Circuit Court was held here yesterday, presided over by Mr. Justice Globensky. The cases took up the whole day. Several cases went over till next term.

CLAIM FOR A WAGON.

Mullins vs. Thibeault, and Biron, opposit. This matter came before the Court upon the merits of an opposition claiming a wagon which had been seized as belonging to the Defendant. The wagon had been sold under a conditional note and the note had been transferred to third parties. The Plaintiff claimed that the ownership of the wagon did not go with the transfer of the note. After hearing the proof and argument the opposition was maintained with costs.

ACTION AGAINST CORPORATION.

Mayhew vs. the Village of Dixville. This was an action for \$20 damages which the Plaintiff claimed to have suffered last October by his horse running away and smashing his way on owing to the bad condition of the road in the village. The proof showed that the accident took place on what is known as the Parker Hill, a very steep hill in the municipality, and at a point on the hill where what is known as a water bar had been placed by the municipality to turn the water into the ditch. The Corporation pleaded that a water bar was justifiable and necessary upon such a steep hill. The Court held that while a municipality might be justified in doing certain things to turn the water it was not justified in placing a bar across the road and doing damage as was proved in this case. Judgment went for the amount sued for.

BALANCE OF PROMISSORY NOTE.

Bacon vs. Binette. This was an action for \$37.75 of which \$35 was the balance of a promissory note given to the Plaintiff by one F. C. Dion and \$2.75 for drawing wood for said Dion which the Plaintiff claimed that the Defendant Binette promised to pay. The promise to pay was proved, although the defendant denied the same. The proof showed that Dion had given Binette a note for \$90, and that a cow had been turned out in part payment to the extent of \$55. The law does not allow proof concerning verbal contracts of over \$50 and the question arose in the case whether the proof made was legal proof or not. In the end the Court came to the conclusion that Binette turned out one of his own cows in payment on account of the note and that his promise to pay the remainder was only part of his connection with the contract of \$90, the amount of the note, and that verbal testimony was not therefore allowable to prove the promise to pay the remainder of the note sued for. The action was therefore dismissed.

JUDGMENT AGAINST COATICOOK.

Comptois vs. Corporation of Coaticook. This was an action for \$99 damages because the Corporation removed a partition which the Plaintiff had erected at the end of the covered platform on the Coaticook market where he sold meat on Saturday. The Corporation admitted that partition had been given to erect a partition there, but in such a way as not to obstruct the view when it was not in use. Three witnesses swore that they heard the arrangement between the Chairman of the Market Committee and the Defendant and that the partition was erected according to agreement. Three other witnesses swore that they too were present and that the partition erected was in no way in accordance with the permission granted. The Court held that the proof in the pleadings was upon the Corporation to show justification for removing the partition, which owing to the witnesses, being three to three had not been done. It therefore held the Corporation liable to damages and gave judgment for \$28.90.

ACTION TO REVICENDICATE HORSE.

Dupuis vs. Bolduc. This was an action to revicendicate a horse of the value of \$65. The horse had been sold by the Plaintiff some two years ago under a conditional note to one Lamoureux who had sold it to the present Defendant in whose hands it was seized. The Defendant pleaded that he was the owner because he had bought it from a man who was a horse trader, and that the Plaintiff had also acquiesced in the sale to him. The Court held that the conditional note was good, and that the Defendant had failed to make proof of his pretensions, and therefore ordered him to return the horse to the Plaintiff within ten days and pay the costs of the action, or in default to pay Plaintiff \$65 as the value of the horse.

PRESENTED A BELL.

Fitch Bay, June 28.—(Special)—Mr. M. P. Merrill has presented the Adventist Church with a bell which was set in place on Tuesday and is being dedicated on Thursday night at 7.30 p.m. Rev. Mr. Waldon, of Beebe, will preach, assisted by the pastor, Rev. Chas. Smith. There will be special music by the choir. Mr. Merrill is making plans for a spire to be erected at a later date, which will be a splendid addition to the church and a great improvement to the village.

TAKE WEYMOUTH TO BIDDEFORD.

Will Clear Men Held on Charge of Killing Him.

LAWYER HAPPY OVER CONCLUSIVE EVIDENCE WHICH HE PICKED UP IN SHERBROOKE.

Probation Officer Daniel S. Hamilton and Lawyer E. L. Emery left on the midnight train last night for Biddeford, Me., taking with them Charles G. Weymouth. Perhaps the happiest one of the three was Lawyer Emery.

As stated in yesterday's Record Mr. Emery is the attorney for Messrs. Buzzell and Merrill, the men who are now in jail awaiting trial for the murder of Weymouth. "The expression on the face of the State Attorney will be worth seeing when I produce Weymouth," he stated to the Record representative yesterday afternoon. He also added that in undertaking the defense of the two men he had taken a difficult case. The two children swore positively that they had seen Merrill and Buzzell murder Weymouth. The fact that he left Biddeford about that time strengthened the murder theory. In fact it would not have been surprising if these two men had been sentenced to life imprisonment or even sent to the electric chair for a crime they never committed.

WEYMOUTH MAY RETURN TO SHERBROOKE.

It is very likely that Weymouth will return to Sherbrooke. He has been employed here for five years and likes the city. There is no charge against him, and as soon as he reaches Biddeford and is identified there will be no reason for keeping him there.

From what could be learned of Weymouth he was of a very quiet disposition. While at Biddeford he had had some trouble with his family over property matters and had left home. Although he knew that he was supposed to be murdered it is doubtful if he knew that two men were being held for doing the deed. He was quite willing to go with the officer to clear the men now being held.

WORKED IN BUTCHER SHOP FOR LONG TIME.

Before going to work for Bray Bros. Weymouth had been employed by Mr. Lachance, a local butcher. He was a butcher by trade.

MR. LEON TRUDEAU, COATICOOK, DEAD.

Passed Away After A Few Hours Illness.

WAS JOINT REGISTRAR AND CLERK OF COURTS, BESIDES HOLDING OTHER RESPOSIBLE POSITIONS.

Coaticook, June 28.—(Special)—The entire community was shocked yesterday morning to learn of the untimely death of Mr. Leon Trudeau, joint registrar and clerk of Courts. Mr. Trudeau had been at his work all day the day previous and was in his usual health and spirits. He left the office and went home at the usual hour, and in the evening complained of feeling ill. The doctor was called but it did not at that time appear to be anything serious. He himself thought he had taken cold and though obliged to take his bed, expected at the time to be better in the morning. During the night he became much worse and in the morning his condition was alarming. The notary was called and his will was made. The priest was called and the last rites of the Church administered. It was then thought best to remove him to the hospital in Sherbrooke for operation. He was taken there by the 8.30 train in the morning. Although put upon the operating table the surgeons realized that it was a hopeless case and the operation was not concluded. His body was brought back by the "Scout" in the evening.

A large number of friends were there to follow the hearse conveying the body to his late home. Mr. Trudeau was liked by everyone and justly so, because of his genial disposition. He was forty-two years of age and leaves to mourn his loss a widow and child and other relatives. In addition to the public positions referred to he was also assistant secretary treasurer of the Council and the School Trustees, and has held prominent positions in the St. Jean Baptiste Society, of which he was the president, the Foresters and other organizations. He has always taken a prominent part in the choir of the Catholic Church, being in charge of the same. Expressions of appreciation of him as a man and citizen are heard everywhere throughout the town, together with expressions of sincere sympathy of those to whom his death will bring sorrow.

One of the sports which will doubtless be the most interesting is a baseball match between the Independents and Barnston. Races and similar sports will occupy the afternoon. The Coaticook Band will be in attendance. The ball game and other sports will take place on Meadow Park. Considering that this is likely all that will be going on in Coaticook on Saturday it is expected that there will be a large gathering of people on Meadow Park during the afternoon.

Brome, June 28.—(Special)—Some miscreants recently smashed nearly every glass in the windows of a vacant house, near Mannville, on the Jas. Copeland farm, now owned by Mrs. Luther Scott, of West Brome. FURTHER PARTICULARS OF FIRE AT SUTTON JUNCTION.

Sutton Junction, June 27.—(Special)—Further particulars of the fire which destroyed the Avondale Creamery, and which was reported in Monday's Record, go to show that the factory burned rapidly, and at the time discovered was beyond saving. Mr. A. W. Westover's property adjoining was saved by extreme efforts on the part of the men present, a big supply of water being brought in barrels. All the nearby houses were watched closely and several times the roof of Mr. Carr's house took fire.

Mr. Carr lost a ton of pressed hay and several minor articles. Mr. Crandall had a pair of sleds stored in the shed. Had it been a few weeks earlier all his windows and doors, which were stored there at the time of their fire, January 1st, would have been burned.

SUTTON WOMAN CELEBRATES SIXTH BIRTHDAY.

Sutton, June 28.—(Special)—The six birthday of Miss Lucy Sweet was celebrated in a fitting and pleasing manner at her home at Mr. Eugene Bates' on Saturday, June 24th. Though Miss Sweet has lived a life of single blessedness there are many to do her honor to-day. She brought up a large family of half brothers and sisters, the youngest being twins only three months' old at the time of their mother's death, and she is ever anxious for their interest and welfare. Though she is now past 81 she still lives on the same farm where she was born and grew up, a short distance northwest of this village. There was a large gathering of nieces, grand-nieces, and nephews, besides other friends to make the day a pleasant one. The birthday cake bore the figures "81" and Miss Sweet did the honors at table by cutting and passing the cake to those assembled. Miss Sweet still

CHURCH SET ON FIRE BY LIGHTNING

Splendid Edifice of St. Jean Baptiste in Montreal Destroyed.

LOSS IS PLACED AT \$200,000 AND IS WELL COVERED BY INSURANCE.

Montreal, June 28.—Lightning last night struck the Church of St. Jean Baptiste on Rachel Street and destroyed the splendid edifice, with a loss of about \$200,000. This was the second time that the church was destroyed by fire, but the present fire was much the more disastrous, since after the fire in 1904 it had been rebuilt into one of the finest edifices in Montreal.

By midnight there was little left but the walls and tower facing on Rachel Street, which still stood, although it was momentarily threatening to fall.

There was fortunately no loss of life in connection with the fire, which started about half past nine, shortly after a service had been held. The only injury to any person occurred to Fireman Burgoin, who was thrown from a ladder by a toppling wall and suffered a broken leg.

Early this morning the fire was still raging within the almost bare walls of the church, and it was stated by Chief Tremblay that it would probably be noon to-day before the firemen would be able to leave the ruins.

While the losses are heavy they are well covered by insurance, it being stated that there was \$175,000 insurance on the main building, spread over a number of companies, while the insurance on the organ amounted to \$14,000. The organ insurance had only been concluded at noon yesterday, the instrument having been only recently installed by the Cassavant Company, of St. Hyacinthe, while it was formally opened last Wednesday.

BEACHY FLEW OVER NIAGARA FALLS.

Circled Cataract and Then Dipped Under Steel Bridge.

AS HE PASSED HORSE SHOE FALLS HE FELT A DOWNWARD SUCTION.

Niagara Falls, Ont., June 28.—For the first time in the history of aeroplanes, an aeroplane circled over the cataract of Niagara and dipped gracefully under the upper steel arch bridge last evening, when Lincoln Beachy piloted his Curtiss bi-plane safely over the perilous course before fully a quarter of a million people. His successful flight marks another milestone in the achievements of daring bird men. Beachy won the thousand-dollar prize offered by the International Aerial Committee for the under-the-bridge flight.

Beachy rose in the air in his machine about a mile from the rearing cataract, soared several thousand feet into the clouds, then slung near to the earth. Several times he was lost to view. Like a great seagull the aeroplane passed over the steel structure, clearing the trolley that crosses it by a meagre twenty feet. Down the Gorge the machine raced for a mile, then passed over the city on the Canadian side.

Circling over the Horseshoe Falls for the second time, Beachy dipped his machine as soon as he cleared the cataract and ducked under the bridge without even brushing a guy wire.

McCurdy, the Canadian aviator, and other well-known bird men, had refused to try the flight, declaring it to be suicide.

Beachy will fly over the falls again this afternoon. He states that he would not try to fly under the bridge again for five thousand dollars. As he passed over the Horseshoe Falls he felt a strong suction downward.

TELEGRAPHIC DISPATCHES SUMMARIZING CANADIAN AND WORLD NEWS

NO DATE WAS FIXED.

Washington, June 28.—An attempt was made by Chairman Penrose, of the Senate Finance Committee, to fix July 24 for a vote on the Canadian reciprocity bill, was defeated in the Senate yesterday, through Senator La Follette's objection. The debate indicated that a portion of the Republican insurgents and some Democrats will fight to have the wool revision and the free list bills passed first, so that the President will have to act on them before the Senate passes the reciprocity bill.

TRAIN WENT DOWN BANK.

Paris, Ont., June 28.—The 4.10 p. m. accommodation train on the Grand Trunk Railway was wrecked two miles east of Paris, Monday afternoon. The engine and tender went almost to the bottom, but the coaches stayed on the edge of the embankment. CHURCH UNION HERE.

Montreal, June 28.—Further evidence of the spirit of union between Presbyterians and Methodists was given yesterday at the gathering of the Montreal Presbytery, when a report was presented by Rev. Principal Seringer, from the union committee appointed to arrange services at St. Anne's. The recommendation of the committee was that united services should be held, and that some of these should be conducted with Macdonald College, and others elsewhere. These services will be worked by ministers of both churches in turn.

WILL FORM NEW CABINET.

FOUR THOUSAND DOCK HANDS OUT TO-DAY.

Liverpool, June 28.—(Special)—Work at the docks here is practically all standing. Four thousand additional dock hands joined strikers to-day. Cunard, Canadian Pacific Railway, Dominion, White Star, Ellerman and other combined lines are all equally affected. There is no question of wages involved in this extension

of strike movement. Dock men are fighting simply for recognition of their union and employees of non-unionist crews of steamers Haverford of Red Star Line and other liners at the docks here have deserted their vessels in sympathy with wharf employees.

STORM STOPPED DEBATE.

Washington, D.C., June 28.—(Special)—A violent electric storm stopped the debate on reciprocity in the U.S. Senate yesterday afternoon. Senator Borah was talking when the storm made so much noise that the Senate had to adjourn.

SHORT TIME FOR MILLS.

Fall River, Mass., June 28.—Notices were posted in seven cotton mills of M. C. D. Rorden yesterday, announcing that, beginning this week, the mills will be operated on a four-day a week schedule instead of running alternate weeks on full time, as has been done recently. This means practically a day a week extra for 7,500 hands.

McLeod, pump inspector, lost his life, and three other men were more or less injured by an explosion in a well the Canadian Pacific Railway is digging at Plunkett, a few miles east of here. A Richibucto School Teacher

Once a Dyspeptic—Now Well, Thanks to Father Morrissy's No. 11.

Richibucto, N. B., Nov. 17th 1909. Father Morrissy Med. Co., Ltd.,

I have been teaching school for upwards of thirty years, during the last twenty-five of which I have suffered seriously with stomach trouble, indigestion and dyspepsia.

I have tried many remedies, and while I would get temporary relief from some of them, yet the old trouble would return, and with it the sufferings only known to the chronic dyspeptic.

Last year I had made up my mind to abandon my profession, feeling that in my condition I could neither do justice to myself or to the many pupils under my charge. A friend suggested to me that I try Father Morrissy's No. 11 Stomach Tablets; I did so, and have continued to use them with the result that my stomach trouble is cured—my indigestion and dyspepsia gone and I feel as well as I ever did.

I have, thanks to the Tablets, been able to continue in my profession, and feel that I am once more enjoying my work and am able to give justice to the fifty-four pupils under my care.

Yours Gratefully, (Signed) MARY CHRYSTAL.

Are you one of the many thousands who, like Miss Chrystal, are prevented from doing their best work, or really enjoying life, by stomach trouble?

If you are you cannot do better than she did—take Father Morrissy's No. 11 Tablets.

Each No. 11 Tablet, when dissolved in the stomach, will digest 1 1/2 pounds of food—a good, hearty meal—so that no matter how weak your stomach may be No. 11 Tablets will enable you to get the nourishment out of your food and build up your strength, while the stomach, thus relieved, recovers its vigor.
