LAPRAIRIE.

An extensive municipal village and parish of the south shore of the River St. Lawrence, between the Lachine rapids and Victoria bridge, district of Montreal, seigniorial and county of the same name. Incorporated March 30, 1840. The parish was erected on the 17th November, 1870. A market is open every day. An aqueduct is constructed. The first railway in British North America was constructed from here to St. Johns in 1836. It was first worked with horses, afterwards by steam, but was discontinued, and the rails taken up a number of years ago. A steamboat maintains regular communication between Montreal and Laprairie. A branch of the Grand Trunk Railway, starting at Fort Covington, in the State of New York, to reach the Victoria bridge, now runs twice a day in close proximity to

the village, with a good station and depot, and contributes materially to the future development of the locality, which is considered a very healthy and pleasant summer place. There is also a fire station, thoroughly supplied with new fire apparatus, such as a fire engine and hook and ladders. Fishing and hunting is also largely practised. A new billiard room has been organized. A permanent wharf has been erected, and will be much improved during the present summer. A new channel is also talked of. The aqueduct is now giving a very good service to the village, and the work of putting up pipes it being done very rapidly in the different streets. The pressure of water in case of fires is also very powerful, as the water is drawn by steam and air pressure, which brings it at a distance of 1,350 feet, from the St. Lawrence river. The premiums upon insurances have also been greatly reduced on account of the recent ameliorations to the fire system apparatus. Great North Western Telegraph Company has an office here. Distant from Montreal, 9 miles, fare 15 cts.; from St. Johns 18 miles. Mail daily. Population of villages about 1,800; of parish 2,300.

TOWN OF ST. CUNEGONDE.

Incorporated in 1876.

A town adjoining the City limits of Montreal, county of Hochelaga, district of Montreal. This municipality is governed by a Mayor and Corporation. A permanent fire and police force is maintained; it is lighted with Incandescent Electric light, and possesses first class Water Works. The Corporation purchased the old St. Jude's church, which they have converted into a handsome town hall, with commodious offices for the secretary, court room, fire station, and a large hall for public meetings, as well as a private residence for the Chief of Police. The Jacques Cartier Bank has also opened a branch in the building, with Mr. G. N. Ducharme as manager. Our Post Office has also been lately transported into the Hall. The town contains two churches,—one Roman Catholic and one Protestant; one Convent under the control of the St Ann's sisters; one College and two schools, one Catholic and one Protestant. It also possesses some extensive industries, the most important of which are the Montreal Rolling mills, the Moosa Saw mills, Davidson's Stamping works, Luttrell's Cracker factory, Findlay's foundry, Henault's Ice house, Leroeur's Ice house, T. TOWN OF ST. HENRY.

(Incorporated in 1876.)

An incorporated town, adjoining the City limits
 of Montreal, and formed by the amalgamation
 of the former villages of Tannery West
 and Coteau St. Augustin. The Town
 of St. Henry is situated in the seigniory of
 Montreal, county of Hochelaga and district
 of Montreal. The Lachine canal passes on
 the south side, and signal stations of the
 Grand Trunk Railway are situated here at the
 junctions where the roads branch off east and
 west, and to Montreal and Lachine. The
 Grand Trunk Railway Co., with the aid of
 the Council of the Town, has erected a splen-
 did station, at the curve, near the Notre
 Dame street bridge. The municipality of
 St. Henry is governed by a Mayor and
 Corporation, and a separate permanent Fire
 and Police force is maintained. The town
 contains a new Roman Catholic college and
 convent, church and presbytery, and several
 important industries, amongst others two
 extensive tanneries, boot and shoe factories,
 brick yards, the C. W. Williams Manufac-
 turing Co., employing 600 hands, a cotton
 manufacturing Co., one of the finest in the
 Dominion, and a public Abattoir and stock
 yard Co. The Council has built a very fine
 Town Hall, Fire and Police station at
 the corner of Notre Dame and St James
 streets, at the cost of \$25,000. Building is
 being prosecuted briskly, and the town bids
 fair to rise into some importance, having
 Fire and Police system of alarm telegraph.
 The town is now lighted by gas and oil
 lamps. Distance from Bonaventure depot
 2½ miles, from Lachine 6 miles. Population
 about 10,500.
