

Great Naval Battle in The North Sea Favourable to The British, Says Admiralty

DREADNOUGHT HINDENBURG SUNK

British Survivors Declare That Pride of The German Navy Was Sent to Bottom by Destroyers. Fight Went Hard With British Cruisers, But They Fought a Great Battle, And Gave as Good as They Got, Says Officer. Result of Battle Means That There Will Be No More Flying Visit to English Coast By Hun Battle Cruisers. Wednesday's Action Has Contributed to Further Safety of Russian Army in The Gulf of Riga

London, June 5.—(Special)—The outcome of the naval battle off Jutland is described in the Morning Telegraph under the heading of "The Greatest Naval Battle in History," as absolutely favorable to the British. The Telegraph says: "Whatever hopes the Germans have entertained of interfering with the Allied control of the maritime communications of the world must be abandoned, probably for the whole of this summer. The movement by sea of troops and their equipment will proceed with greater safety even than in the past. Thus this action will directly contribute to the strength of the Allied armies everywhere. "The conditions in the North Sea have in particular been improved. There is almost complete assurance that there will be no flying visits to our coast from German battle cruisers. The fast squadron of the German fleet is in no condition to make even a hit and run excursion to this side of the North Sea. "In the Baltic the Germans can be in no condition to undertake an offensive for some weeks. Thus Wednesday's action has contributed to the further safety of the right wing of the Russian army on the Gulf of Riga."

ADMIRAL SIR DAVID BEATTY, head of the British Cruiser Squadron which attacked the German Grand Fleet.

Achilles or Shannon class and two destroyers were sunk, while a number of other vessels were severely damaged. "The battle against superior forces lasted until darkness fell. Besides numerous light detachments, at least twenty-five British battleships, six battle cruisers and four armored cruisers engaged sixteen German battleships, five battle cruisers, six older ships of the line and no armored cruisers. "After dark our flotillas opened a night attack. During this attack several cruiser and torpedo boat engagements occurred, resulting in the destruction of one battle cruiser, one cruiser of the Achilles class, probably two small cruisers and at least ten destroyers. Six of the latter, including the new destroyers Turbulent and Tipperary, were destroyed by the leading vessel of our High Seas Fleet. "The British section of older battleships, which hurried up from the south, did not arrive until Thursday morning, after the conclusion of the battle, and returned without taking any part in the fighting or coming within sight of our main force."

ORDER IN WHICH BRITISH SHIPS WERE DESTROYED

London, June 5.—(Special)—Survivors of the British cruiser Warrior, who were landed at Devonport say that the Warrior and the cruiser Defence steamed between two lines of German warships with the result that within a few minutes the Defence was blown into the air and the Warrior badly riddled. A storm of German shells exploding on the decks of the Warrior almost suffocated the crew with gases. When the Germans were at length driven off by the British reinforcements, the pumps were manned on the battered and sinking ship and succeeded in keeping her afloat until an auxiliary ship came alongside and took off the wounded. The auxiliary took the Warrior in tow for 43 hours, when she foundered. One of the officers of the Warrior told the order in which the British ships were lost. He said that the Lion, Admiral Sir David Beatty's famous flagship, led the battle cruisers into action and withstood a terrific bombardment. The Invincible was the first to go down, followed close-

GERMAN BATTLE CRUISER SEYDLITZ BADLY DAMAGED

Copenhagen, June 5.—(Special)—A despatch to the Stifstidende from Ribe, Jutland, says that the German battle cruiser Seydlitz was sighted Thursday morning thirty-eight miles west of Fane Islands, going south pursued by British warships. She was badly damaged and had two large holes aft. The Seydlitz is a dreadnought cruiser of 25,000 tons. She was built in 1912 and is armed with ten 11-inch guns and twelve 6-inch guns.

BERLIN SENDS OUT STORY OF NAVAL BATTLE

Amsterdam, June 5.—(Special)—The following semi-official account of the battle has been received here from Berlin: "The German High Seas Fleet had pushed out into the North Sea in the hope of engaging portions of the English fleet which had been repeatedly reported off the Norwegian south coast. At 3.15 in the afternoon, when 70 miles off Skagerak, some small cruisers of the Calliope class were sighted. Our cruisers at once pursued the enemy, which fled northward at highest speed. At 5.20 our cruisers sighted two enemy columns to the west, consisting of six battle cruisers and a great number of small cruisers. The enemy passed towards the south, and our ships, approaching to 19 kilometres, opened very effective fire. During the battle two English battle cruisers and one destroyer were sunk. "After half an hour's fighting heavy enemy reinforcements, later observed to be five vessels of the Queen Elizabeth class, were sighted to the north. Soon afterwards the German main force entered the fight, and the enemy at once turned north. "The British commander, driving his ships at full speed, attempted to make an echelon formation. Our fleet followed at top speed the movements of the enemy. At this period of the fighting one cruiser of the

NEARLY ALL OFFICERS WERE LOST.

London, June 5.—(Special)—A total of 333 officers were killed in the Jutland battle, according to a list issued by the Admiralty to-day. This list shows that practically all the officers of the cruisers Queen Mary, Invincible, Indefatigable, Defence and Black Prince and from the destroyers Tipperary, Turbulent, Fortune, Ardent, Nomad, Nestor and Shark perished. All the officers except one from the cruiser Warrior were saved, and all the officers from the destroyer Sparrowhawk. On the other ships, 23 officers were killed and 22 wounded.

SAYS DREADNOUGHT HINDENBURG WAS DESTROYED

Edinburgh, June 5.—(Special)—Survivors arriving here from British destroyers which made a massed attack on a German battleship in the Jutland battle are convinced that they sent to the bottom the dreadnought Hindenburg, the pride of the German Navy. These sailors say that the Hindenburg was struck successively by four torpedoes while the destroyers dashed in alongside of her hull, tearing her to pieces until the mighty ship reeled and sank. An officer from one of the destroyers gave the following graphic account of the battle: "The ships of the Grand Fleet went into action as if they were going into manoeuvres. From every yard-arm the white ensign flew, the flag which is to the sailor as the tattered colors were in days of old to a hard-pressed regiment. That it went hard with the battle cruisers is apparent, but one ship cannot fight a dozen. They had fought a great fight, a fight to be proud of, a fight which will live longer than many a victory. "We fought close in to the foe, and if anything is certain in the uncertainties of naval battles, it is that we gave at least as good as we got. We passed along the line of German ships some miles away, and let off broadside after broadside. The air was heavy with masses of smoke, black, yellow, green and every other color, which drifted slowly between the opposite lines, hiding sometimes friend and sometimes foe. The enemy ships were firing very fast, but, watching the ships in front, one came to the conclusion that the shooting was decidedly erratic. Again and again salvos of shells fell far short of the mark, to be followed immediately by others which screamed past high in the air. "I watched the Iron Duke swinging through the sea letting off broadside after broadside, wicked tongues of flame leaping through clouds of smoke. The din of battle was stunning, stupendous, deafening, as hundreds of the heaviest guns in the world roared out at once. Great masses of water rose in the air like waterspouts, reaching as high as the masts as the salvos of German shells fell short or went over their targets. Now and then a shell found its mark, but if left me absolutely cold, as is its effect on each man at a time like this. A dozen men may be knocked out at a man's side; it makes no difference. It is war. "It was impossible to see what was happening among the other ships of the foe. The smoke obscured everything so effectively that one could only get a glimpse at intervals when a kindly wind blew a lane through the pall. It was apparent that the best ships of the enemy were engaged, but how many neither eye nor glass could make out. The number was certainly large. It was equally impossible to see what damage we

OUR OWN BATTALION RECRUITING AND REGIMENTAL FUNDS

Good work has already been done but more requires to be done. WE MUST HAVE THE MONEY AND THE MEN. Enough of both or —. What does it mean if we do not get enough? It means for one thing that the splendid Regimental Colours which aroused so much enthusiasm when presented to the Regiment will have to go into cold storage while the Battalion is used for drafts for other and stronger Battalions and the Eastern Townships will not be represented on the field of honour by "OUR OWN BATTALION". Men of the Eastern Townships, we appeal to you. You who have to stay at home for good and sufficient reasons cannot allow your Battalion to be practically disbanded to make up drafts for other units. It must GO AS A UNIT. You cannot go with it but YOU CAN SEND IT forth helping in this campaign for money and men. Men of the Eastern Townships, who can go but have not yet joined the colours, now is your chance to make "OUR OWN BATTALION" full strength at once. Don the khaki

BRAVERY OF DANISH CAPTAIN

Saved Several of British Sailors From Destroyer Shark at Great Risk

IN SPITE OF GREAT DANGER FROM MINES, HE BROUGHT SHIP CLOSE TO MEN.

London, June 5.—(Special)—British sailors from the destroyer Shark, who saw their commander, with one leg shattered, fire his last gun as his ship sank, owe their lives to the bravery of Captain O. C. Christensen, of the Danish steamer Vidar, and the devotion of Danish and Norwegian nurses who were on board the Danish ship. These women are believed to be the only ones of their sex who saw anything of the naval battle. "We were coming from Copenhagen to London late Wednesday," said one of the Norwegian women, "when we saw a Zeppelin hovering far above us, and then heard the booming of great guns. The next thing we saw was two blazing ships on the horizon, and shortly afterwards we ran into piles of wreckage, amid which we found seven men clinging to a buoy, with hundreds of bodies floating around. In spite of the great danger from floating mines, our captain brought his ship close to the buoy, and we heard one of the men say, 'We are alive.' Yes, they were alive in that sea of death. Two died from exhaustion, and we were just able to drag the others back from the edge of the grave. When we took them on board they were only able to mutter the words, 'From Shark—went down—battle.'"

HIGH FAMILIES IN MOURNING

Many Members of The Peerage Lost as Result of North Sea Battle

London, June 5.—(Special)—Many families high in the Peerage are mourners as the result of the North Sea battle. Rear-Admiral the Hon. Horace Lambert Alexander Hood, who went down with the battle cruiser Invincible, was the son and heir of Viscount Hood. Lieut.-Commander Hugh Feilding was a son of the Earl of Denbigh. Midshipman Bernard Bailey was a son of Lord Glenlusk, and Lieut. Algernon Perry was a nephew of the Duke of Northumberland. The commander of the torpedo boat destroyer Nestor, Commander Edward Bingham, was a son of Lord Clanmorris, while Midshipman Cecil Molyneux was a son of the Earl of Sefton. King George yesterday received in audience Commander Hubert E. Dannreuther, one of the two officers reported as having survived the disaster to the Invincible.

CANADIANS HURL BACK HUN FORCES

Terrible Onslaught Was Made by Enemy on Defences

GENERAL MERCIER SEVERELY WOUNDED AND GENERAL WILLIAMS FELL INTO HANDS OF THE ENEMY

London, 5.—The British official communique issued at 1 o'clock Sunday morning, dated June 3rd, says: "Fighting of a severe nature continued, without cessation, south-east of Ypres, between Hooze and the Ypres-Menin Railway. Following on their initial advantage obtained yesterday evening in penetrating our forward lines in this neighborhood, the Germans pushed their attack, and during the night succeeded in pushing through our defences to a depth of seven hundred yards in the direction of Zillebeke. "The Canadian troops, however, who are holding this sector of the defences, launched counter-attacks at 7 o'clock this morning, which have succeeded in gradually driving the enemy from much of the ground which he had gained. The Canadians behaved with the utmost gallantry, counter-attacking successfully after a heavy and continued bombardment. "The enemy's losses were severe. A large number of German dead were abandoned on the re-captured ground. "Generals Mercer and Williams, of the Third Canadian Division, who were inspecting the front trenches yesterday during the bombardment, are missing. "A dispatch received in London late last night, however, states that Gen. Mercer, severely wounded, was being removed to a hospital in Boulogne, while General Mercer, also severely wounded, had fallen into the hands of the Germans. "Four officers, wounded in the recent heavy fighting on the Canadian front, reached London late last night Major Wenver, of the 49th, suffering from abrasions of the back; Lieut. Peu, Mounted Rifles, wounded in the face; Lieut. Drabble, of the 49th, wounded in cheek and suffering from shell shock; and Lieut. Paton, Mounted Rifles, scalp wound. All four cases are of slight wounds. "It may be taken for granted that the ordeal through which the Canadians are passing is one of many episodes showing that a tremendous climax of the war is fast approaching. The fighting at Zillebeke is exactly similar in character to that at Verdun in intensity, although it is so far on a much smaller scale.

CASUALTY LISTS HEAVY

The Canadian casualty lists make grave reading, yet their length will not surprise anybody who has any realization of the character of the German preliminary bombardment of the Canadian front trenches. The enemy hurled heavy shells hour after hour, blowing into fragments every living and dead thing near where they fell. There is really no immediate and judicious answer in a military sense to this kind of attack, except to await one's own time. A bombardment with shells of a weight such as has never been known previous to the last six months went on throughout the night. The Canadians, however, stuck to where they had been posted as long as there was any semblance of earth- (Continued on page 8.)

COL. G. H. BAKER, M.P., KILLED IN ACTION

Gallant Commander of 5th Falls in France—Capt. Pitts and Lt. Harling, Also Dead—Lt. L. W. Fish Ayer's Cliff, and Others on Wounded List—Were in Severe Fight Near Ypres

Montreal, June 5.—(Special)—Col. G. H. Baker, O. C. 5th Canadian Mounted Rifles, and M.P. for Bromo County, is reported killed in action in France. CASUALTIES FROM EASTERN TOWNSHIPS

Ottawa—Officers casualties list affecting Sherbrooke and Eastern Townships in last great fight between Hooze and Ypres: Died of wounds—Lt.-Col. G. H. Baker, M.P.; Capt. Pitts and Lieut. T.L. Harling. Wounded—Capt. H.W. Roscoe, Lt. A.L. Rice, Lt. W.H. Harton, Lt. L. W. Fish, Lt. J. Adam, Lt. H.G. Rogers, Lt. E.H. Chauvin, Lt. W. A. Warrington. Major Hamilton Gault is again on wounded list.

COL. G. H. BAKER, M.P., commanding 5th Canadian Mounted Rifles, reported killed in action.

Brome County, will be received with deep regret by the whole Eastern Townships. The news reached the Record at noon today in a brief telegraphic despatch. General news reports have indicated severe fighting on the Canadian front and it is regarded as probable that Col. Baker fell in these engagements. During the early part of its service the regiment was fortunate in the matter of casualties. A few losses were experienced. Up to a few weeks ago, when Major Pilcher and Lt. Macdonald were killed, the officers had suffered no casualties. When Col. Smart's brigade was re-organized and placed in a purely infantry basis, Col. Baker decided command of one of the battalions and (Continued on Page 8)

Patriotic Society Inaugurates Campaign to Raise More Funds

DEATH OF MRS. LEONARD FISH REMOVES ONE OF THE OLD RESIDENTS OF THE PLACE.

Ayer's Cliff, June 5.—(Special)—The patriotic meeting held at the home of Mrs. Chamberlain was fairly well attended. Plans were made for conducting the food sales, to be held every Saturday afternoon in the County Hall, beginning June 30. Several ladies offered to assist, and it was decided to have two ladies take full charge of each sale. Any more ladies wishing to take charge, kindly send in their names to the secretary, Mrs. E. P. Lyon, or appear in person at the next meeting, to be held at the home of Mrs. D. L. Paul on Wednesday, June 14. The president sent to Miss White, of Sherbrooke, on Monday 85 pairs of socks, 17 sheets, 1 shirt. A house to house canvass is being made now in aid of the starving Belgians. If you are not called upon, and wish to give, kindly leave your subscription with Mrs. W. E. Hurd. A monthly subscription of ten cents or more is being asked for to buy food for the soldiers who have been made prisoners in Germany. Upon application at the Bank of Commerce Mr. F. A. Johnston can give full information concerning this subscription and also give proof that the food bought for the prisoners certainly reaches them.

LADIES' AID SOCIETY.

Mrs. E. P. Lyon entertained the Ladies' Aid last Tuesday. The ladies of the Congregational Church are putting forth every effort now to raise money to pay for the new vestry, which will be connected to the church. The next meeting will take the form of a baked bean supper etc., to be held in the County Hall Tuesday, June 13, to which everybody is cordially invited.

MRS. LEONARD FISH PASSES AWAY.

Mrs. Leonard Fish, sr., passed peacefully away Wednesday morning, as previously announced, at the home of her son, Mr. A. E. Fish, with whom she had made her home for the past eight years. She was 95 years of age and unusually keen of mind and spry on her feet for one of so great an age. She was ill only a few days, and the end came quite suddenly as she was preparing to get up. During the years she made her home with her son everything was done to make her declining years happy, and no one could have been kinder to her than her daughter-in-law and her grandchildren.

The funeral service was held at the house Saturday at one o'clock. Rev. Mr. Waldon, of the Advent Church, Magog, officiated, assisted by Rev. Mr. Moore, Mr. and Mrs. F. A. Johnston sang two favorite hymns, and the remains were taken to Reedville and placed in the family lot beside her husband, who predeceased her twenty years ago. She leaves to mourn their loss three sons, Wellington, of Johnville, Elliott, with whom she lived, Nelson, of Boynton; and one daughter, Mrs. G. A. LeBaron, of Sherbrooke, and several grandchildren.

PIONEERS WILL HOLD RALLY.

The 5th Pioneers will give a patriotic meeting and concert in Ayer's Cliff Town Hall on Tuesday, June 6. Several addresses of a patriotic nature will be given by prominent speakers. "Jack" Hunter will give Scotch songs, and other talent from the Battalion is expected to be here.

NOTES.

Frenchman Lives Through Series of Adventures Almost Unbelievable

One of the most remarkable stories of the war is told by a French soldier who was made a prisoner in the Ardennes in August, 1914, and who is now in a hospital in Paris. When he was captured the soldier was taken to the rear, and was informed by a German officer that the regiment was going to march through the town and that he would have to carry the German flag. The French soldier refused to do this and was told that he would then be shot for disobeying orders. "Shoot me," he replied, "I will not carry your flag."

The German officer detached seven men and ordered the French soldier to be shot at the first house in the village. The man was bound and the firing party started for the place of execution. On the road eight French prisoners under a German escort were met. "They wish to strike your imagination," said the doomed soldier, "I am going to be shot. Do not allow yourselves to be demoralized." At the first house in the village the French soldier was shot. He fell with four bullets in his right arm, two in the leg and one in the side. The firing party were men belonging to 23rd Prussian regiment of infantry, according to the Frenchman. The soldier was not killed. He regained consciousness. A German officer on horseback passed, and the soldier implored his help. The officer dismounted and without a word fired his revolver at his head. But the shot was not fatal. Next day the Frenchman felt his strength returning. A doctor wearing gold spectacles was bending over him, and gave orders for a piece of canvas to be thrown over his body. A ticket with the words "not transportable" was pinned to the canvas. The supposedly dead soldier was still conscious, but had not sufficient strength to move or cry out. The ticket prevented any ambulance man from picking him up.

For three days he lay there. Then, on the evening of the fourth, he felt that he was being moved. With a supreme effort he aroused himself from the torpor of death and groaned. He subsequently found himself in an ambulance with Belgian nurses attending him. A German doctor was giving orders. Afterwards he learned that two German soldiers had picked him up, believing that he had received his wounds while fighting. The French soldier held his tongue as to what had really occurred. For ten months he remained in Belgium, and was then sent to Germany, where he lived in a camp for three months. Finally he was returned to France with other seriously wounded prisoners. "And here I am," said the soldier, concluding his extraordinary tale. "My life resumed. I hope I have been spared in order to be revenged."

BETTER FARM LIGHTS BRIGHTENS RURAL LIFE

We are entering an age of better lighting for farm premises and buildings. Heretofore electricity and gas have been economical for power and domestic use only when manufactured in large quantities. For the past ten years the change has been coming. The gas engine started it. Then the automobile came along and proved that the average intelligent man or woman could safely handle power machinery. Next followed improvements in storage batteries and electric bulbs which increased efficiency and reduced cost. Electricity can still be manufactured most economically in large quantities, but the cost of wires, meters, and general upkeep—the things necessary for distributing current in cities—make the average city dweller pay more for his electricity than does the family that has its own farm plant.

Mantle lights, heated by either kerosene or gasoline vapor, have followed along till now for the price of a good old-fashioned kerosene lamp you can get a light of ten times its brilliancy at lower cost of operation.

With the different forms of improved lighting available, pleasant, sociable evenings, better light for reading and study, and an added measure of safety are all at hand. The bright lights of the country are just coming over the horizon of history. The dark age of farming is past.

MEMORIAL SERVICE AT SUTTON

MANY ATTEND SERVICE IN CONNECTION WITH DEATH OF LATE LIEUT. MACDONALD Sutton, June 3. (Special). — The memorial service for the late Lieut. Norman McLeod Macdonald, B. Sc. of the 5th Mounted Rifles, who was killed in a front line trench, while leading his platoon of men, was held in Grace Church on Wednesday. Bishop Farthing of Montreal officiated.

Rev. Canon Carmichael of Knowlton, Rev. H. Charters, and Rev. Moorhead chaplain of the 117th Battalion, were also on the platform. The service was very impressive and was listened to by one of the biggest audiences ever crowded into Grace Church. The church was packed to the doors, many having to stand inside as well as many more who were unable to get inside. The Bishop's address made a great impression. Among those from a distance who were present, were Col. Gilbert of the 117th Battalion and a boy from the same Battalion. Others present were Judge Alfred of Newport, Vt., Mr. Justice Hackett, of Cowansville; Dr. Harris of Knowlton; Dr. Paintin of Knowlton; Dr. Pickle, of Sweetsburg; Gordon Pickle, of Sweetsburg. From Richmond a large delegation of leading business men were present including Mr. and Mrs. S. Boright, Miss Eva Boright, Melvin Boright, P. McGittrick, S. Carl Carpenter, Mr. Mitchell, Mr. Cummings, Mr. A. Livingstone and Homer Thomas, Mrs. C. Curtis, of Warden, Mr. and Mrs. Guy Boright, of St. Johns, Chas. Bowker of St. Johns; Wm. Vilas, M. L. A. Cowansville; James Boyle, Supt. G. P. R., Farnham; Mr. and Mrs. F. P. Eyles, of party of Abercorn; John Dunn of Abercorn; A. L. Gilman of Cowansville; Mrs. C. E. Teny of Waterloo; Mrs. B. Lombard of Montreal; N. P. Emerson, Mr. and Mrs. A. W. Westover, Mr. and Mrs. S. P. and W. R. Safford, Mrs. G. Safford, Mr. and Mrs. M. G. Safford, all of Sutton Junction; Mrs. W. L. Martin of Knowlton; Mrs. Edgerton of Knowlton; Rev. Walsh, of Bromie; Harry Peabody of Mansonville; Mr. A. E. Raiston, of Knowlton; Mr. and Mrs. G. H. Hawley of Sutton Jct., and many others.

As before stated the late Lieut. Macdonald was in his 25th year, and his death took place on May 19th. By his death, Sutton loses one of its brightest and bravest young men and his parents, Dr. and Mrs. Macdonald have the deep sympathy of all in their irreparable loss. He gave his life for freedom — all any man can give.

KNOWLEDGE. "Well, I must be getting old man. I've an appointment to meet my wife." "She probably won't be there." "Oh, she will, just about. I'm two hours late."

A SUFFERER FROM KIDNEY TROUBLE FOR TWO YEARS.

When the kidneys get ill the back gives out. But the back is not to blame. The ache comes from the kidneys, which lie under the small of the back.

Therefore, dull pain in the back, or sharp, quick twinges, are warnings of sick kidneys — warning of kidney trouble.

Plasters and liniments will not cure the bad back, for they cannot reach the kidneys which cause it.

Doan's Kidney Pills reach the kidneys themselves. They are a special kidney and bladder medicine. They heal the diseased surface of the kidneys and bladder, and help them to act freely and naturally.

Miss Mary A. Northrop, Cole's Island, N.B., writes: "I have been a sufferer from kidney trouble for two years. I tried quite a number of remedies, but they did me no good. My mother got me a box of Doan's Kidney Pills, and they did me so much good that I got the second one, and when I had taken that I was completely cured."

Doan's Kidney Pills are the original kidney pills. See that our trade mark, "The Maple Leaf," is on every box. Price, 50c per box, 3 boxes for \$1.25; at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

Lamb and mutton are dear all the world over. Scotch mutton is now selling on the Smithfield market at 22 to 22½c per lb. and English at 21 to 22c per lb. Both Australian and New Zealand frozen lamb on the same market are selling at 17½c. Yearling lambs in Canada have reached the record price of \$14.00 per cwt., while in the United States they have been fetching as high as \$11.80. By way of comparison, these prices considerably exceed the advance in values for other live stock but no appreciable reduction need be expected except through a rapid and general expansion in production.

The wool situation needs little comment. While it is probably true that the mills in Canada have, at the present moment, sufficient stocks of Canadian grown wool to meet their requirements for the current months, such is only a temporary condition and is not similarly the fact as regards their requirements for wools not grown in Canada. The position of the world wool market is very firm indeed. To quote from the report of the wool sales held in London on the 11th April "Competition was thoroughly strong and well distributed. The demand for cross breeds has been lively". There is no indication from any quarter that the market for wool will be overstocked or that prices will recede. The contrary, rather, is the case. Russia and France are purchasing heavily in Great Britain, while United States and Canada are not easily able to obtain their requirements. Farmers, unquestionably, are in a very strong position as regards the sale of their wool this year.

The maintenance of present prices can have only one result. Already increased interest is being evidenced by farmers who have not kept sheep for years. Ram sales were particularly good last fall. More sheep are being bred in many of the provinces. We believe that this year will show a further extension of the business. As a matter of fact, no farm animal can be made more profitable, at the present time, to its owner. The keeping of sheep for the sale of the wool alone may become an economic necessity. With grade lambs selling on the open market for more than pure breeds brought two or three years ago, a revival of the sheep industry in Canada may confidently be anticipated.

FARMERS SHOULD STICK CLOSE TO BACON HOG

We have heard that a movement is on foot in Canada to encourage the production of the thick-fat type of hogs. It has been hinted that it started with some of the big packers. Of this we do not know, but Canadian farmers would be well advised to stick close to the bacon hog and to further improve Canada's output of this type of pork in uniformity and type. Time and again it has been shown through these columns that Canada cannot compete with the United States in the production of the lard hog. They have the advantage of cheap, fat-producing feed in their immense annual crop of corn. Moreover, the American market does not pay the price for the lard hog that our own market and the British market pay for the bacon hog. If Canada were to discard the bacon hog and produce nothing but the lard hog, our hogs would go in to direct competition with the United States hogs at a great disadvantage. The British market does not want fat pork. What would be the result? The Canadian pork producer would be at the mercy of the United States packer. As had been pointed out through these columns several times recently, the supply of bacon from Denmark to Britain has been greatly curtailed and Denmark was Canada's big competitor in that market. Now is Canada's chance. Breeders should pin their faith to the long, smooth sows, trim of jaw, well-laid-in of shoulder, with great length of side and neat hams—sows which throw large litters of uniform pigs when bred to the same type of sire. True, the pigs may not feed quite so easily as some a little thicker, but there will be more of them and they will bring a premium on the market. Choose sows for type, prolificacy, and good feeding qualities of offspring, but be careful first of the type.—Farmer's Advocate.

BORROW BILLION FOR DEFICIT

London, June 3.—According to an official statement by the Chancellor of the Exchequer, Reginald McKenna, the deficit for 1916-17 will be made good by borrowing an amount estimated at £1,333,333,000. This will involve raising by loans on the average more than £3,700,000 daily.

Strength —both of body and mind—is wonderfully promoted by including in the diet a daily ration of Grape-Nuts (Made in Canada) This delicious food contains all the nutriment and energizing properties of whole wheat and barley from which it is made, and is especially rich in the mineral phosphates furnished by these grains. These mineral elements are lacking in many foods, but absolutely necessary for proper growth and maintenance of body, brain and nerves. Grape-Nuts food has delightful flavour, is easily digested, and comes ready to eat—crisp, sweet and wonderfully nourishing. From childhood to old age—Grape-Nuts. EAST SHERBROOKE

Mr. Jack Branswell was home from Montreal for the week-end.

Mr. and Mrs. Bert Jones, and son and daughter, Hartford, Conn., were calling on relatives and friends Saturday on their way to Lake Megantic, to visit Mr. Jones' old home.

The heavy rain of the last few days has caused much delay in seeding and gardening. Even on the high lands of East Sherbrooke, the farmers are unable to sow their grain.

Rev. Philip Callis, and little daughter, Victoria, left this morning, for Quebec. Mr. Callis will attend the Synod, which meets there this week, then go on to visit the Indian Reserve Mission at Pointe Bleue. Miss Victoria will be the guest of friends while in Quebec, and will accompany her father to Pointe Bleue, and remain with her aunt, Miss Hamilton for the summer months.

by Mrs. C. H. Bowen and Mrs. De Lottinville, joint presidents of the association, and an opportunity was given to examine the fine exhibit of the Work Committee, consisting of the articles, now so familiar, which are being sent to the men at the front, and which contribute so largely to their personal comfort and well-being. Mrs. John Leonard, Mrs. J. P. Wells and Miss Hunt were in charge and gave all necessary information.

The card party was held in the Art Hall and was very enjoyable, 32 tables being required for the various participants in bridge and five hundred. Mrs. T. M. Craig was the convener of the bridge, Miss Gladys Hale of the five hundred, and Mrs. Parmentier and Miss Lomas took the scores, and the prize winners were the following: Bridge, Mrs. F. Bertrand, Mrs. L. A. Bayley, Mrs. Waiter, Mrs. McDonald, Mrs. J. Ernest Smith, Miss Jean MacLeod. Five hundred, Miss Ingram, Miss Denault. At the close of the games tea was served, the tables being artistically arranged with lilacs and other spring flowers. Mrs. J. H. Walsh and Mrs. Holmes poured tea, and charming music was furnished by Prof. Dudley's orchestra, adding greatly to the pleasure of the guests. Mrs. E. C. Fraser was the convener of the tea committee and had many capable assistants who looked after the tables. The artistic mottoes were the work of Mr. Gordon Odell and were much admired.

TEMPERANCE CAMPAIGN IN SHERBROOKE

A special meeting of the Sherbrooke W.C.T.U. was held Friday at the home of Mrs. G. E. Hyndman, many of the members being present. Mrs. Ewing presided. The principal subject of consideration was the approaching visit of Mr. Tennyson Smith, the famous temperance orator of Birmingham, England, who is now on a tour through Canada under the auspices of the Dominion Alliance and has been engaged to deliver a series of lectures in Sherbrooke, beginning on Sunday next, June 11. The preliminary arrangements were discussed and it was decided to hold a general meeting of all temperance workers and those interested in the cause, Saturday afternoon, to meet Mr. Smith, and an address will be delivered by him Sunday afternoon to Sunday School children, prior to the opening of the campaign proper. The committee, Mrs. S. A. Jones, Mrs. Ewing and Mrs. G. E. Hyndman, are in charge of all the details and have appointed sub-committees to carry these out, while the meetings, etc., will be fully advertised as to place, subject and hour. The Royal Templars of Temperance are ever present in the campaign, which has every prospect of success. Mr. Tennyson Smith is by no means the ordinary temperance lecturer, but is an eloquent lecturer of great power. He has conducted temperance campaigns, not only in his native land, but in Australia, South Africa, New Zealand, Canada and the United States, and his addresses abound in graphic descriptions, thrilling incidents and personal experiences, infusing new life into a subject of which many think that

CARPET SQUARES

THE manager of one of the largest stores in Canada says that next year you won't be able to buy Carpets at hardly any price owing to the great scarcity of material. It is now almost impossible to obtain dyes and the tremendous demand for wool has made the price almost prohibitive.

To-day we are offering carpet Squares at prices that cannot be duplicated like the following:

Axminster Squares
3x3 1/2 yds at \$25, \$32, \$50.
3x4 yds at \$34, \$40, \$60.

MORE MEN LINE UP WITH E. T. BATT

recruiting Officers Report That Several Young Men Have Joined The Colours

MORE MEN ARE TAKING INTEREST IN BATTALION AND TELL THEY SHOULD JOIN.

Lloyd Mudd came to the conclusion this morning, that he had been in civilian clothes just long enough, and he joined the 117th Eastern Townships Battalion to fight for his Country.

Competition for recruits is growing keener every day throughout the Townships. Our boys have already brought glory to Montreal by their work. Today, however, they feel that their home Battalion has first call.

Major Ewing has already signed five men from Richmond County. Lt. Farnsworth phoned last night that he had secured four. Major Dunsmore phoned from Bury stating that three men had enlisted from there.

This shows what Battalion the Townships boys are backing.

JOIN THE 117TH TO-DAY.

Since the war began many changes have been made in the medical examination of recruits. Men who have been turned down may pass today. Try again, anyway.

WITH COLOURS FROM TOWNSHIPS IT IS ONLY PROPER LOCAL MEN SHOULD FIGHT UNDER THEM

Lieut. J. Milton State, Assistant Divisional Recruiting Officer, arrived in Sherbrooke this morning and will

make this city his headquarters during the present campaign to bring the 117th Eastern Townships Battalion up to full strength.

Lieut. State was left in charge of this very important work by Major C.A. Williams, the Chief Recruiting Officer, and arrangements were made last week by these two officers while visiting Sherbrooke, to ensure its valuable assistance of the local Recruiting Association, and the Eastern Townships Boards of Trades. Hundreds of letters and personal appeals, followed up by a direct canvass are already bringing in splendid results, and while the situation is still critical for the battalion there is much hope that the untiring efforts of so many efficient officers who are scouring the Townships by motor car will secure the number of recruits imperatively required.

Too much publicity cannot be given to the necessity for men to complete our 117th Eastern Townships Battalion, and the following officers who are assisting Lieut. State, should be given every assistance in the districts where they are working, as follows:

Major Ewing, Richmond; Major Dunsmore, Bury; Lieut. Robertson, Danville; Lieut. Farnsworth, Sgt. Major Robinson, Cookshire and Sawyerville; Lieut. J.E. Smith, Sherbrooke; Lieut. Planche, East Angus.

There are besides a large number of men on duty, stationed at Racine, South Durham, Windsor Mills and Danville, and the message these lads of the rank and file have to deliver to the young men not in uniform, will surely meet with a loyal and generous response from the Eastern Townships.

Now that the Colours have been presented to the 117th by and on behalf of the whole of the Eastern Townships inhabitants, it is to be hoped that our young men will exhibit first of all, loyalty for the Eastern Townships and at least help to fill up the 117th, before they consider the claims of other battalions.

with Laval University, three pupils of St. Charles Seminary were specially mentioned. Mr. L. N. Boisvert, for a philosophical dissertation, obtained fourth place; Mr. Ira Bourassa, fourth position in his class for an essay upon a French author, and Mr. Romeo Gregoire, fifth place for a Latin composition.

The annual examination for B. A. degree in the Senior Philosophy, and Rhetoric classes, will take place on Friday, and Saturday, June 16th, and 17th.

CITY COUNCIL MEETS TONIGHT

A regular monthly meeting of the City Council takes place this evening. The chief item of interest will be the reconsideration of five of the hotel licenses refused in April.

STRUCTION BATTALION

Lieut. Cross of No. 1 Construction battalion arrived in the city last night. He is anxious to secure brickmen, railroad men, general construction men, skilled and unskilled labor and will probably open a recruiting office in Sherbrooke. Lieut. Cross and two recruiting officers may at present be seen at the Albion Hotel.

This battalion is commanded by Col. Ripley, the well-known C. P. R. constructional engineer and the officers are qualified engineers. The battalion expects to go overseas in about two months. Recruiting is proceeding throughout Ontario and Quebec. In Ontario, 150 men were secured in the first week.

The headquarters for Quebec province are at Montreal.

ECCLIESIASTICAL CHANGES.

The following ecclesiastical changes in the Diocese of Sherbrooke have been made by Mgr. Paul LaRoque; Rev. Henry Beaudry, who has been appointed to the parish of the Sacred Heart at Stanstead, is replaced as chancellor of the parish of St. Michael and Bishop's secretary by the Rev. J. A. Couture, The Rev. J. A.

AMBULANCE CALLS

Lord's private ambulance was called to remove Mrs. Alfred Browley from 114 Wellington St. to Sherbrooke Hospital, also called to remove Mrs. Bennett from Sherbrooke Hospital to her residence, 41 Laurier Ave.

METHODIST CONFERENCE

Report on The Contributions For Mission Work Was Very Encouraging

MANY SONS OF MISSIONARIES IN FOREIGN FIELDS ARE NOW WITH THE COLOURS.

Smith's Falls, Ont., June 5.—(Special to the Record)—The Montreal Methodist Conference resumed on Saturday.

A very important matter was the presenting of the Missionary report. The Missionary contributions for the year were \$68,942, an advance of \$500.

The objective of \$75,000 was recommended for the Montreal Conference, this would bring it up to the Standard of 1914. The objective for the whole Dominion is \$750,000.

The recommendations adopted by the Conference contain some important items.

It was recommended that a special Missionary Conference be held in connection with each Financial District meeting, and that at least five laymen from each circuit be secured to attend these Conferences. The adoption of the weekly offering for Missions was recommended and an every member canvass on all circuits.

The monthly Missionary Prayer meetings, the Missionary Study in the Sunday Schools and the monthly Missionary Collection in the Sunday Schools was recommended; and the placing of suitable Missionary literature in the S. S. Libraries.

Mr. G.W. Cate, K.C., represents the E.T. Districts on the Conference Missionary Committee.

Dr. Endicott, Missionary Secretary in a stirring address reviewed the situation. It was more satisfactory than had been anticipated early in the year, and the heavy deficiency of \$30,000 which existed in the whole Missionary Budget of the Dominion, three weeks ago, had now been done away with and now they had come up to the figure of the same date last year. This was splendid and meant that there had been great work and fresh sacrifices in the cause of Missions.

The Board of Missions had worked very conservatively and had adopted the plan of no retrenchment, no expansion during the period of the war. Next year the task would be even harder as the claims of a Patriotic nature must be met. In this connection he referred to the splendid patriotic response of the Mission fields. No Missionary's son, old, enough for Military service, was out of khaki today. If there was any failure of loyalty anywhere, it was not to be found amongst the Missionaries on the Foreign Field.

He referred to the splendid testimony to Missions given in the recent order of the English Field Marshals to the troops going from England to India. In this they were warned to never do anything to cast a slight on the Christian Religion, and they were reminded that it was the work of the Christian Missions, which had made the peaceful holding of many parts of India possible. The man with the bayonet was a challenge in many of the Northern Tribes, while the man with the Bible was the Apostle of Peace and good will.

The St. James' Methodist Church Commission presented their report which made special reference to the fine work being done in the Soldiers' Club.

Major Williams, the Pastor of St. James', addresses the Conference on the subject and described the work and the efforts made to provide for the spiritual and physical well being of the men away from home and attached to the various regiments.

He outlined the terrible dangers to which the men were exposed, and the steps taken to provide the Soldiers' Club. The support given by the public men of Montreal was related.

The billiard tables and bowling alleys were free for all soldiers. A nominal charge was made for refreshments except in the case of returned men to whom everything was absolutely free.

No gambling or card playing was allowed on the premises.

Godbout, former vicar of the Cathedral, becomes parish priest at Waterville.

PETITION RE CANADIAN BRAKE-SHOE CO'S POWER SUPPLY.

The hearing of the petition on behalf of the Canadian Brake-shoe Co. for an interlocutory injunction against the City of Sherbrooke, in respect to their supply of power, will take place on Wednesday morning the 7th instant to which date it was adjourned by the Clerk of the Superior Court this morning in the absence of Hon. Justices Hutchinson and Glensky.

Messrs. Fraser and Rugg appeared for the company and Mr. J. A. Leblanc, K.C., for the city.

WINDSOR MILLS MEN JOIN COLOURS

Mr. T. A. King, auctioneer, has a postcard from his son, Private Norman Stanley King, of the T. A. 8th Hospital Corps, Saskatoon, who left for England, May 24. The postcard was mailed in Halifax, May 24 and did not arrive at Windsor Mills until June 3rd.

Emil George Andre, son of the late Mr. Andre, of Brompton, enlisted at Windsor on Friday, in the 117th, left here for St. Johns, June 3rd.

William Appleby also joined the Band of the 117th on Saturday.

WILL DO AWAY WITH SMOKE NUISANCE.

On Friday and Saturday afternoons demonstrations were given of the working of a smoke prevention device installed at the Silver Spring Brewery on Water street by a Montreal concern under the supervision of Mr. A. Macdonald. Sherbrooke has, unfortunately, been subject for some time to the smoke nuisance from the stacks of various manufacturing concerns, but the problem has now been solved. The secret is perfect combustion.

The Increased Price of Imported Tires Gives No Increase of Quality

When you buy a tire manufactured outside of Canada you pay from 40 to 50 per cent more than the consumer in the country from whence that tire came.

Yet the added cost of imported tires gives you no increase in quality—no better tire value than the consumer obtains in the home-market of the manufacturer.

In the United States many of the brands that are exported to Canada sell at a lower price than Goodyear Tires. Yet the sale of Goodyears is much greater.

By thus giving their preference to Goodyear Tires motorists of the United States have decided that Goodyear offers the greatest values even in competition with lower-priced brands.

But in Canada most of these tires sell at higher prices than Goodyears.

How much greater then, is Goodyear value in Canada!

Were Goodyears NOT Made in Canada, They Would Cost You—

36x4 1/2	44.96	52.65

But Goodyears ARE Made in Canada, So They Cost You Only—

"MADE IN CANADA"

Cuts the Cost of Goodyear Tires

"Made in Canada" brings a direct, substantial saving to every purchaser of Goodyear Tires.

Were Goodyear Tires not made in Canada they would cost you more in price.

How big that increase in price would be you can judge from the tables given here.

The Lower Price Buys the Same Goodyear Excellence

Making Goodyear Tires in Canada lowers the price but does not lower the excellence of Goodyears. The results of Goodyear tests, Goodyear experiments, the ever-to-be maintained prestige of Goodyear internationalism, the Goodyear skill of Goodyear laboratories, combine to make Goodyear Made-in-Canada Tires give longer and more satisfactory service.

Amongst those who witnessed the demonstration were Ald. Brault, chairman of the Gas and Electric Department; Ald. Genest, chairman of the Police Committee; Chief Couture, Mr. A. Dion, building inspector, and a number of interested parties.

The principle of the machine is a hot air system creating an incandescent heat in the firebox, which eliminates all smoke from the fire. The greatest nuisance in the emission of smoke is the destruction caused by the lampblack and carbon. By the system installed at the Silver Spring Brewery, these destructive elements are burned on the grate, while at the same time the heating surface and the flues are kept clean. Hitherto it has been necessary to clean the heating tubes out at least once every twenty-four hours, owing to the heavy quantities of soot and lampblack passing through them, but with the use of this modern apparatus the tubes are kept clean and a greater radiation of heat is obtained owing to the fact that the soot and lampblack do not pass through the tubes. Economy in fuel owing to the conservation of heat is another advantage.

In the test made last week, when the machine was closed up and a heavy fresh fire was made, the black smoke came out the full volume of the stack, but when the machine was turned on it was cut completely off in a few seconds.

The aldermen present and the Chief of Police expressed their satisfaction and also expressed the opinion that if the other factories in the city had similar appliances there would be no

Back Was Lame and Ached; Could Do Very Little Work

Suffered Much From Kidney Disease for Years, but Cure Came With the Use of Dr. Chase's Kidney-Liver Pills

Doctors had tried to cure this man but failed to get at the cause of trouble, probably because they relied on medicines which act on the kidneys only. The strong feature about Dr. Chase's Kidney-Liver Pills is their combined action on liver, kidneys and bowels. In many of these cases the disease is so complicated that ordinary kidney medicines fail to be of much benefit. Under such conditions Dr. Chase's Kidney-Liver Pills usually touch the spot and effect a cure.

Had they been only moderately successful Dr. Chase would never have selected them for world-wide distribution. As it was, the demand for these pills resulted naturally from their superior merit, and there was nothing else to do but supply them in large quantities.

Mr. Simeon Shieloff, Birchbrook, Ontario, writes:

"For several years I suffered greatly from kidney disease. I was weak and could do very little work. My back was lame and ached and I suffered much from headaches. Tried doctors and obtained no relief. Dr. Chase's Kidney-Liver Pills were recommended by a friend, and after taking four boxes I think I can say that I am cured, for I feel as well as I ever did."

This statement is endorsed by Mr. Harry Anderson, J.P., who writes:

"This is to certify that I am personally acquainted with Mr. Simeon Shieloff and believe his statement in regard to Dr. Chase's Kidney-Liver Pills to be true and correct."

MINISTERS WILL MEET IN CITY

Annual Meeting of Congregational Union of Canada Will Be Held This Week

FIRST TIME THAT REPRESENTATIVES OF CHURCHES IN CANADA HAVE MET EAST OF MONTREAL.

The annual meetings of the Congregational Union of Canada will be held in Plymouth Church this week. The executive committees of the various societies connected with the Union will be held today and Tuesday. The public meetings will commence on Tuesday evening with

REV. E. D. SILCOX, Toronto, Chairman of the Congregational Union of Canada which meets in Sherbrooke this week.

A service at 8 o'clock when the Union sermon will be delivered by the Rev. Margaret, Minister of Olivet Church, Toronto. At the close of this service the Communion of the Lord's Supper will be observed.

On Wednesday morning at 9.30 the first business session will be held, and at 10 o'clock the annual meeting of the Congregational Missionary Society will be held, when reports will be presented and officers elected for the ensuing year. At noon the Rev. T. W. Davidson, Minister of Calvary Church, Montreal, will give the first of a series of three addresses on the general theme, "The Higher Ministries of Life." The series will be given on successive days and will include the following: "The Ministry of Thought," "The Ministry of Comfort," "The Ministry of Interruption." This devotional hour is a prominent feature of the meetings and is unusually large-attended.

On Wednesday afternoon from 3 to 5 there will be an open conference on Young People's Work, under the direction of the Rev. Henry J. Kilbourne, of Zion Church, Montreal. This promises to be a most helpful session.

At the evening session the Chairman of the Union, the Rev. E. D. Silcox, will deliver his address and an address of welcome will be given by the Minister of the entertaining Church, the Rev. G. Ellery Read.

On Thursday at 9.30 a.m., the business of the Union will be resumed, and at 1 address will be given by the Rev. Arnold Gregory, of the Union Church, Montreal, the Rev. Wm. Pierce, of Hale End, London, Eng., who comes as the delegate from the Congregational Union of England and Wales, and the Rev. Trevor Williams.

At 2 p.m. the annual meeting of the Canada Congregational Foreign Missionary Society will be held when reports will be received from the various departments and addresses will be delivered by the Rev. T. W. Woodside, of Africa, and the Rev. Hilton Pedley of Maebashi, Japan.

The evening session will be devoted to Home Missions when addresses will be delivered by Dr. Pedley, Minister of Emmanuel Church, Montreal, who will take for his subject, "The Challenge of the Trenches," and the Rev. David N. Beach, D.D., President of Bangor Theological Seminary who will speak on "The Church and the Nation."

On Friday morning there will be reports from the Committee on Church Union with the Presbyterian and Methodist Churches, the Publication Department; and in the afternoon the annual meeting of the Corporation of the Congregational College of Canada will be held. In the evening the business of the College will be presented by the Rev. Dr. Beach, who will speak on the Claim of the Ministry, and the Rev. T. W. Woodside, of Africa, will speak on the work of Foreign Missions. This will bring the meetings of the Union to a close.

This is the first time that the meetings of the representative assembly of the Congregational Churches of Canada have met east of the City of Montreal. The attendance is hardly likely to be as large as usual, owing to the fact that Sherbrooke is not centrally situated for such a gathering. But a fairly good number of delegates, lay and clerical, have sent in their names, and very helpful and inspiring meetings will undoubtedly characterize this experiment in selecting the metropolis of the Eastern Townships for the meetings. The meetings are all open to the public, and it is hoped that there will be a large attendance.

The Rev. E. D. Silcox, who is Chairman of the Congregational Union this year, is editor of the Canadian Congregationalist and has done valuable service to the Churches by his work in this department. For several years he was pastor of the Church in Embro, Ont., where his family connections were prominent in the life and history of the communi-

STIRRING PLEA FOR YOUNG MEN

Dr. J. W. Robertson and Capt. Hon W. J. Shaughnessy Point Out Duty of Canadians

RALLY HELD LAST EVENING IN THEATRE IN SUPPORT OF IRISH RANGERS.

Dr. James W. Robertson, C.M.G., deputy minister of Agriculture and formerly principal of Macdonald College and Captain The Hon. W. J. Shaughnessy, adjutant of the 199th Irish Cavalry Battalion were the principal speakers at a mass meeting held in His Majesty's Theatre last night in the interests of recruiting for the regiment. Captain Campbell Stuart, chief recruiting officer for the Rangers, presided over a crowded attendance.

The Chairman announced that as the result of the registration campaign inaugurated on his first visit to Sherbrooke a short time ago the names of 1500 eligible men had been handed into the Sherbrooke Citizens' Recruiting Association and the campaign was not yet completed. During the last two weeks over 25 men had been recruited for the Rangers and applications were coming in at the rate of five or six per day which was distinctly encouraging as the task of recruiting in Canada to-day was not easy. He thanked the citizens for the help so far given, and in view of the naval engagement on the North Sea and the results he asked was there a man who did not feel a thrill of pride for the British heroes and was there a man present who still believed it possible to win the war while able bodied men held aloof? We were living in serious times filled with uncertainty and national significance.

DR. ROBERTSON'S PLEA.

Dr. Robertson, who was introduced as "Canada's leading agriculturist" by the King had delighted to honor for his services in peace and war," said he was glad to accept the invitation of the Rangers to come to Sherbrooke to do his little bit for the great cause, the issue of which concerned us all and many generations to come. He described Sherbrooke as one of the loveliest spots in Canada whose comfortable homes gave evidence of prosperity, and recalled his visit over 25 years ago when he delivered a speech at the opening of the Exhibition. Since that time he had watched the city's growth and had come to think of it more as a community than a place. As a member of the Central Council of the Canadian Red Cross Society he appreciated the efforts of the Sherbrooke ladies in that work.

WOULD BE PROUD TO ENLIST.

Dr. Robertson dealt at length with the war and declared if he were eligible he would be proud to enlist and uphold his inherited feelings of love and honor. In his opinion the men who toiled in munition factories were as faithful as those who shouldered the rifles. Equally important was the work of the farming community to protect our civilization and provide food for the men in the trenches. Besides these there were the men and women nobly working in the "saving line," those engaged in Red Cross work and patriotic undertakings. EVERYONE SHOULD DO SOMETHING.

Dr. Robertson laid stress on the importance of everyone doing something in the great struggle, adding that the men in the firing line who fought to preserve the liberties and institutions for which their fathers died naturally received the greatest honor. He would not ask any man to go to the front, he did not know that he would ask a man to go to heaven—but he would ask everyone to decide upon his duty, with his conscience and having made the decision to face it unflinchingly to the end.

The speaker drew a striking comparison between the Central Powers and the Allies. He showed how while Germany, greedy for other nations property and possessions had been preparing for war and toasting "The Day," the Allies had desired peace. France had been engaged in peaceful arts and the love of the beautiful both intellectual and natural. Russia which had been called a huge barbaric agglomeration had developed in native talent, educational training achievements and manners and wished for a chance to develop self government even down to the village councils. Belgium was a skillful and happy nation and not for her own sake did she take the awful

Suffered Constantly FROM HEADACHE.

To suffer from headache makes life miserable, and it takes a person who has been or is subject to headache to describe the suffering and agony that goes along with it. The dull throbbing, the intense pain, sometimes in one part of the head, sometimes in another, is caused by some disturbed condition of the system. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but whatever the cause, the presence of headache clearly shows that there is something wrong somewhere, and unless the cause of the headache is removed, some serious trouble is very liable to assert itself.

The fact that Burdock Blood Bitters reaches the seat of the trouble, and banishes the headache is due to its success in first relieving, and then permanently curing the cause of the trouble.

Mrs. Wallace J. Boyd, Milltown, N.B., writes: "Several years ago I was a constant sufferer from headache. I was all run down, and nothing seemed to do me any good. I read of Burdock Blood Bitters, and decided to give it a trial, and the result was marvellous. The headache stopped at once, and I feel better in every way since. I recommend it to all sufferers."

B.B.B. is the oldest and best known blood medicine on the market to-day, having been manufactured for the past forty years by The T. Milburn Co., Limited, Toronto, Ont.

SETTLEMENT OF HOME RULE

Outline Said to Have Been Agreed Upon Between Sir Ed. Carson and John Redmond

New York, June 5.—(Special) — A special cable to the World from London says:

"The World's correspondent received last night from an authentic source the outline of the settlement tentatively agreed upon by Sir Edward Carson and John Redmond, which Carson is to submit to his followers at Belfast on Tuesday. Under its terms a Home Rule Parliament will be immediately set up in Dublin for the three southern Irish provinces.

punishment meted out to her by Germany, she did not wish for war and had no quarrel with Germany, but she resisted the ruthless invader for the sake of France and England. The Belgians were the bravest in the days of Caesar and modern Belgium has kept the lustre of that ancient heritage undimmed. France had shown her friendship for England in the war—Verdun was a proof how resolutely and unflinchingly she fought for the British cause.

Dr. Robertson paid a great tribute to the chivalry of the men of France and Belgium and the nobility of their women and said the British Empire was not only fighting for its Allies but for its own existence and the preservation of its ideals and paid a tribute to the Irish in peace and war. He urged upon every Canadian to use his life so as to hand down to posterity a worthy heritage and increase the lustre already shed on the part of a real man. They would STIRRING RECRUITING SPEECH.

Capt. W. J. Shaughnessy made a stirring recruiting speech in which he put forward the urgency of the situation and called for every possible man to make every sacrifice and play the part of a real man. They would win the struggle no matter how many men it took. He put Canada's danger very plainly and considered it would be only fair for the government to put the Militia Act into force and order the militia to France and Flanders as this was Canada's war as much as if the enemy were here. Capt. Shaughnessy quoted his father's noble utterance on the death of his brother, Capt. Frederick Shaughnessy who was killed in France, a few weeks ago. "If I went forward with a patriotic and conscientious sense of duty leaving a wife and two small children behind and lost his life will lead others who have got petty, local and inconsequential reasons for not going, to enlist, then there is some compensation." (Cheers)

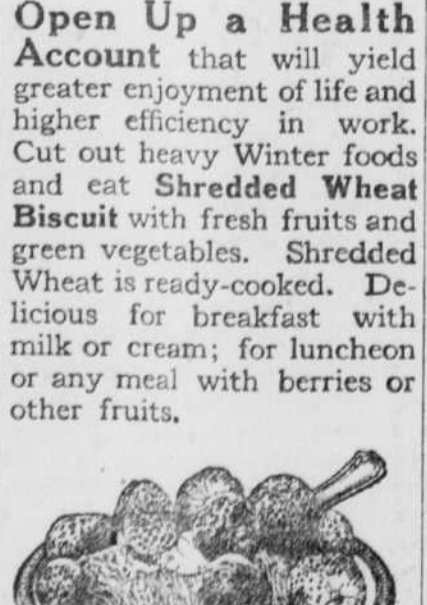

To Capt. Shaughnessy's reference to our recruiting appeal and saluting Lieut. Ferrell also made a vigorous brother, said any fit man who would not now get into khaki was a craven.

The Rangers glee club sang several pieces with good effect under the leadership of Lieut. Foley who ably contributed a solo. The Harmony Band was in attendance and under the direction of Prof. Badin played patriotic

es, and also the three Ulster counties of Donegal, Cavan and Monaghan, the remaining six Ulster counties to continue under the British Parliament until the end of the war, when the question of these excluded counties will be reconsidered.

In order that the Nationalists may be in no worse position when the time for this reconsideration comes, it is proposed that the whole Irish representation in the British Parliament remain during the interval at its present strength. In other words, the Nationalists, while getting Home Rule at once for three counties of Ireland, would be in exactly the same position after the war and as the remaining six as they are at present. In pursuance of the policy of avoiding general elections during the war, the Irish Parliament is to consist of the present representatives for the area coming under its jurisdiction, an arrangement which will have the curious effect that Carson and Campbell, the present Irish Attorney-General, will be the only Unionists included in the Dublin Legislature. By a special clause, the Lord Lieutenant is to have the power to call the members from all Ireland together to discuss matters affecting the whole country. Although this body will have no legislative authority, it is expected to prove an important factor in drawing Ulster into communion with the rest of the country. Carson and the other Unionists, recognizing that Home Rule is inevitable in any case, are now said to profess a desire that the reunion of the whole country be brought about as speedily as possible, but are emphatic that this is utterly impossible unless at least six counties are included in the first instance. Should the settlement be ratified, it is believed more liberal provision will be made for the new Irish Parliament than was contemplated in the original Home Rule Act, owing to the effect produced on the financial provisions of that measure by conditions arising out of the war.

AMUSEMENTS

A GREAT WAR FILM. There will be presented in Sherbrooke under the auspices of the 178th Battalion: "The Battle Cry of Peace," which has created such a furor wherever it has been shown in the United States will be presented at His Majesty's Theatre. As a spectacle it is in the same class as "The Birth of a Nation." As a sermon it ranks with the most touching and the most tragic. As a sermon on the necessity for military preparedness, it stands alone. The United States is shown in the position of Belgium—at the mercy of a power which declares unprovoked war. The U.S. navy is defeated, and a hostile army landed, which advances on New York. Finally, the United States, beaten to her knees, is forced to sue for peace on any terms. This is the film in barest outline. It is in the details that the tragedy and terror of the catastrophe are displayed with terrible realism.

QUERER QUERY. Is a bad actor called a "ham" because he is so often served with eggs?

TOMMY'S GRAVE-DIGGING Desolated Gardens and Trees Are Scenes of Burials

James Norman Hall, in the Atlantic Monthly: Rarely a night passed without his burial parties, "Digging in the garden," Tommy calls the grave-making. The bodies, wrapped in blankets or waterproof ground sheets, are lifted over the parapets and carried back a convenient twenty yards or more. The desolation of that garden was indescribable. It was strewn with wreckage, gaping with shell holes, pillowing with numberless nameless graves, a waste land speechlessly pathetic. The poplars and willow hedges had been blasted and splintered by shell fire. Tommy calls these "Kaiser Bill's flowers." Coming from England, he feels more deeply than he would care to admit the crimes done to trees in the name of war.

Daily News Specials From Eastern Townships

FROM THE BATTLE FRONT. Bishop's Crossing, June 5 (Special)—Mrs. J.B. Hooker has received from her brother, Capt. Guy D. Bishop, of the 5th C.M.R., a box containing the following articles:—Two brooches, one has an engraved picture of a building at Ypres, and the other is the Coat of Arms with the letters Y.P.R.E.S., as Boughs fastened to it, also a charm or locket containing pictures of the above named place, and two white silk handkerchiefs hand embroidered. One with the Regimental Badge embroidered in colors, in one corner and the other has the Flags of the Allies embroidered in their colors in one corner in the shape of a Clover Leaf.

A RARE BIRD. Valcourt, June 5 (Special).—About three weeks ago, Mr. Roberts found a bird's nest containing three eggs. They were nearly as large as a crow's egg and about the same shape, gray in color and dotted with brown spots. The nest was made in the dried grass on the ground. The bird herself was reddish brown and when on the wing showed redder under the wings. She would set on the nest until one could almost catch hold of her; she flies with a flutter like a partridge, but she does not look to be half the size. When seen today the birds were hatched and on a second visit they left the nest. The egg shells being left behind the nest. Evidently this is a sporting bird, is it a pheasant or what is it?

TROUBLE OVER CUSTODY OF CHILD AT DUNHAM

Dunham, June 5 (Special)—There was quite an excitement in town on Thursday, when the word flew about that little Miss Claudia Church had been kidnapped and had been found at Cowansville just before the Boston express was due to leave. Mrs. Claud Church accompanied by her brother came to get her little daughter who has been living with Miss Church the past winter. Miss Church was not at home when they called and they went to the school and got Miss Claudia leaving a note telling Miss Church signed by her mother where the child was. Miss Church feeling her responsibility in the matter, began a diligent search for the little girl and by the aid of the telephone located her at Cowansville. Mrs. Church brought the child back to Dunham and after a good deal of discussion took legal advice and in the end left with the child in the afternoon, going over to Richford by motor, and returning the same evening to her home in Boston, Mass.

PRESS ATTACKS MILNER

His German Origin and Methods Find Harsh Critics Nowadays

The editor of the London Graphic reminds Lord Milner that if Lord Haldane's "spiritual home" has been in Germany, he, Milner, was actually born and bred there, and that W. T. Stead, who knew him probably better than any other Englishman ever did, said: "In temperament as he was by birth, Milner is a German and not a Briton." The editor of Truth also gives him warning, referring to the intimacy between him and the hyphenated mine owners of South Africa, and "suggesting to him in all friendliness that this is just one of those occasions when a man of discernment would, in his rather peculiar position, refrain from discussing secret military operations, repeating slanders on British statesmen and pressing dubious economic expedients. The motive, however admirable, may be understood."

At the university, which he attended in the heyday of Prof. Max Mueller, the German savant, and later in official position, he was often referred to as possessing "the most German mind in England," this being a great compliment. His autocratic methods in South Africa and in Egypt were commended by the men in power in London as being best adapted to the countries, although the same methods when Lord Milner advocated them in England after his retirement were denounced by various Members of Parliament as being those of an unempathetic bureaucrat who was not fit to rule a free people. He began advocating universal conscription ten years before the war.

VISIT FROM AUSTRALIAN AND NEW-ZEALAND PUBLISHERS TRIP TO PORT ARTHUR.

Toronto, June 5. (Special).—A large party of Canadian publishers left here, Saturday, for a trip to Port Arthur and Fort William as guests of the C. P. R., following the annual meeting of the Canadian Press Association.

The meeting was the most largely attended in the history of the Association. The national character of the Association was emphasized by the presence of representative publishers from all parts in the Dominion. All the leading papers in Winnipeg, Vancouver and other Western cities, and of St. John and Halifax in the East, as well as those of Ontario and Quebec.

Mr. J. G. Elliott, of Kingston, was elected president of the general association. Publishers from Quebec province included among the newly elected officers are: V. E. Morrill, Sherbrooke Record, president of the Ontario and Quebec division, and Vice-President of the general association; E. F. Slack, Montreal Gazette, and Frank Carrell, Quebec Telegraph, on the board of directors of the general Association.

The meetings were held in the new Technical School building, recently completed at a cost of some \$2,000,000.

An interesting feature of the convention was the presence of a party of prominent publishers from Australia and New Zealand, who are passing through Canada.

COL. G.H. BAKER KILLED IN ACTION

(Continued from page 6)
has continued in active service at the front throughout the winter and spring.

The whole Eastern Townships will mourn the loss of the gallant officer who will so many others who have gone before has now made the supreme sacrifice for his country's cause.

CAPTAIN PITTS
Capt. Pitts, also, reported killed. He will be well remembered in Sherbrooke. He was from Montreal but one of the most active officers of the regiment while here.

The name of Lieut. Harling does not appear in the 5th list of officers unless it refers to Lt. Meurling who will be remembered as being here with the 5th.

LT. HARTON AND LT. FISH
Lieut. W. H. Harton reported wounded, with the regiment here. Lieut. L. W. Fish, reported wounded, is from Ayer's Cliff, and went over with the regiment. His wife is now in England.

The other officers in the list do not appear in the original list of 5th C. M. R. officers.

SISTERS ON WAY TO ENGLAND
The two Misses Baker, sisters of Col. Baker, are now on the way to England, expecting to meet their brother who was to have several weeks furlough during the summer.

It is just a year, since Col. G. H. Baker, M.P., as officer commanding the 5th Canadian Mounted Rifles, left Sherbrooke with his regiment for Valenciennes, where they went into training, proceeding to England about a month later. The regiment continued in training at Shorncliffe during the summer and fall, going to France the latter part of October.

works to protect them, suddenly retiring only when to remain meant extermination for all.

Meantime, the Germans pushed forward a thin spreading of men on the ground which their artillery had churned into chaos. A breadth of nearly half a mile was thus covered.

Then, in the early morning of Saturday, there came the time for the inevitable counter-attack. Canadian machine-guns started up with their deadly watering of disputed ground, after which supporting companies advanced by short rushes, while the heavy artillery supporting them from behind, pounded the German rear to disorganize the sending of reinforcements.

Many prisoners fell to both sides, and a number of Canadians were taken in the preliminary bombardment, being cut off in a section from which, owing to a perfect tornado of fire, it was impossible to retire on the second line.

It is not permissible to state the battalions employed, as the Germans know too much already about our dispositions. Probably the enemy reckoned on meeting green forces where he concentrated his fury.

COMPTON HAS BOARD COMMITTEE

Joins Associated Boards Under Direct Membership Plan

QUARTERLY SESSION OF ASSOCIATED BOARDS WILL BE HELD AT AYER'S CLIFF ON 27th.

The quarterly meeting of the Eastern Townships Associated Boards of Trade will be held at Ayer's Cliff, on Tuesday, June 27th, the Ayer's Cliff Board having extended a very cordial invitation to the associated boards.

An attractive programme is being arranged.

COMPTON ORGANIZES
A strong Board of Trade committee has been organized at Compton, under the plan of direct membership in the Associated Boards. The Compton committee includes 12 citizens. This plan is being considered in a number of other towns where there are no actual Board of Trade organizations and it is hoped that all will organize and assist the Associated Boards in its work.

STRONG BOARD AT SUTTON
The board organized, last week, at Sutton promises to be a strong addition to the Board of Trade organizations in the townships. It is expected the new Sutton board will be represented at the Ayer's Cliff meeting.

HUNS KEEP UP ATTACK ON VERDUN FRONT

French War Office Declares That These Assaults Were Unsuccessful

Paris, June 5.—(Special)—With undiminished violence the Germans continued their attacks last night along the Verdun front west of the Meuse. The War Office report of this afternoon says these assaults were unsuccessful.

The Germans attacked French positions in the region of Vaux and Dambloup, between the fort and the Village of Dam Loup the German offensive was particularly severe. The French are still in possession of Fort Vaux. In the vicinity of Douaumont, there was heavy artillery fighting. Unsuccessful German raids were undertaken in the Vosges.

TURKS CLAIM VICTORY.
Constantinople, June 5.—(Special)—The reinforced Turkish army in the Caucasus which late last month began an offensive campaign, has driven the Russians further back, the War Office announced today.

The statement is as follows: "On the Caucasus front in the center, our troops drove back the enemy left wing some forty kilometres (about 25 miles), notwithstanding unfavorable weather. All attempts of the enemy to cover his retreat or to regain his position collapsed with heavy losses. Under bayonet attack we captured fifty soldiers, two machine guns and other arms and engineering material."

KING OF GREECE MAY ABDICATE.
Rome, June 5.—(Special)—An uncensored despatch from Athens hints at the possibility of the abdication of King Constantine of Greece. The despatch adds that the resignation of the Greek cabinet is inevitable and that it will result in sensational developments.

CASUALTIES HEAVY LAST WEEK.
London, June 5.—(Special)—Yesterday's official casualty list covering the losses on all the British fronts during the week gives the number of officers at 359 of whom 87 were killed, and 5,962 men, of whom 1,464 were killed. This makes a total of the week's casualties of 6,321, of whom 1,551 were killed.

NAVAL BATTLE

(Continued from Page 1)

were causing. Only the high command knew the progress of the battle. That the damage inflicted on the German ships was great does not admit of any doubt. At one time two vessels red with fire gleamed through the smoke.

It is a curious feeling to be in the midst of a battle and not to know to which side fortune leans. Where only a few ships are engaged it is different. Our own losses were known with some degree of exactness, but even that was uncertain. At one time it was thought the Lion had been lost, as she did not answer any call. It transpired that her wireless had been destroyed.

"With the dusk came the great opportunity of the mosquito craft, and both sides made use of it to the full. It was in this way that one of the saddest of many sad incidents occurred. A destroyer, true to its name, dashed for the big enemy ship. She soon got into effective range and loosed her torpedoes with deadly effect on a German battleship. The ship went down and the destroyer raced for safety, the commander and officers standing on the bridge, indulging in mutual congratulations at their success. At that moment a shell hit the bridge and wiped out the entire group.

"It was curious to note the effect of the fight on the sea. Calm at the beginning, the water soon looked as if it were under the influence of a gale, so great was the turmoil caused by the leviathan ships ploughing at terrific speed through the waves. The sea also seemed to be stiff with fish killed by the shells bursting in the water."

HUNS LOST MORE SHIPS AND TONNAGE SAYS ADMIRALTY

London, June 5.—The British Admiralty last night issued a statement saying there were the strongest grounds for the belief that the British navy, in the battle with the Germans off Jutland last week, had accounted for a total of eighteen German men-of-war, and that there was nothing to add to or subtract from the original announcement of the British losses.

The statement gave the German losses as two battleships, two dreadnought battle cruisers, four light cruisers, nine torpedo destroyers and a submarine.

The pessimism which prevailed as a result of the Admiralty's original statement of losses, which is now considered to be needlessly candid and conservative in under-estimating the extent of the German losses,

J. ROSENBLUM AND CO. THE STORE THAT SETS THE PACE

as compared with those of Great Britain, has been greatly lessened by the latest statement.

A despatch from Copenhagen says rumors are current in Hamburg that two additional German warships than those announced in the German communication—the battleship Westfalen and the battle-cruiser Lutow—were sunk in the battle. A wireless despatch received here Saturday from Berlin admitted the loss of the Westfalen.

The Admiralty statement last night declares that the German losses in the fight were not only relatively, but absolutely greater than those of the British. Maintaining its practice of caution on the Admiralty still refrains from giving the names of the lost German ships.

The official list of the casualties among the officers show that hardly a single officer of the line escaped from the British cruisers sunk in the battle. An additional casualty list of petty officers shows that 43 of them were saved from the Queen Mary, Invincible, Fortune, Ardent and Shark. None was saved from the Indefatigable, Delecluse, Black Prince, Tipperary, Turbulent, Nomad or Nestor.

The list gives the names of sixty-five men killed aboard the Warrior, and of 27 men wounded. On the ships engaged in the fight 115 men

were killed and 85 wounded. Admiral Lord Berosford, in an interview to-day while contending strongly for the view that there was no failure in the British strategy and that Vice-Admiral Beatty won a brilliant success, though it was dearly bought, declares that the only misallowing the Germans to get first in the field with the news of the battle, or as he puts it with "impudent fabrications," otherwise said Lord Berosford, no fault can be found with the Admiralty.

FORCES OF CANADA REACH TOTAL OF 332,364.
Ottawa, June 5.—With one military district—Alberta—to hear from, the total enlistments to the Canadian forces up to June 1 were 332,364.

Between May 15 and June 1, enrollments were 5,724, of which No. 1 district, London, contributed 604, No. 2 Toronto, 1,841; No. 3, Ottawa-Kingston, 726; No. 4, Montreal, 538; No. 5 Quebec, 116; No. 10, Manitoba and Saskatchewan, 1,763, and No. 11, British Columbia, 781.

The Toronto division heads the total list with 75,341 enlistments since the war began, while Manitoba and Saskatchewan come second with 68,746, Alberta is third, but as the fortnightly returns are not yet in
