LLOYD GEORGE WILL LIKELY INVITE SINN FEIN LEADERS TO CONFERENCE IN LONDON; BRITISH POSITION WILL BE MADE CLEAR IN THE NOTE

It is declared that Premier Lloyd George's reply to De Valera's note would make it clear that the proposed conference had been called to discuss Irish self-government within the Empire, but that nothing contained in the message would make impossible its acceptance by the Sinn Fein, or demand explicit concurrence with the British standpoint as a condition of the conference.

(Associated Press Despatch)

LONDON, September 28.—Invitation of Sinn Fein leaders to a conference to be held in London about the middle of October was expected to be contained in Prime Minister Lloyd George's final reply to Eamonn De Valera. There was some uncertainty in this city this morning over the time when the Premier's note would be delivered in Dublin, but it seemed that the reply would not be delayed longer than tomorrow.

Forecasts of the note were unanimous in declaring it would again make clear the British position, which already has been stated by the Government. It was declared the note would make it clear that the conference had been called to discuss Irish self-government within the Empire, but that nothing contained in the message would make impossible its acceptance by the Sinn Fein, or demand explicit concurrence with the British standpoint as a condition to the conference. There was general confidence that the meeting would be held.

Members of the Cabinet have returned to Mr. Lloyd George their memoranda upon the draft of the note, and it was understood today they had suggested nothing more than minor alterations.

Objections which at one time, it was thought, might imperil the prospect of a conference, were said not to have been pressed.

PREMIER'S REPLY WILL NOT BE ISSUED TODAY

(Associated Press Despatch)

LONDON, Sept. 28.—Premier Lloyd George's reply to De Valera will not be issued today, and there is some doubt whether it will be available tomorrow, it was announced officially at No. 10 Downing Street, the official residence of Mr. Lloyd George, this afternoon.

No hitch has developed, it was said, but the Premier has decided there is no reason why he should not wait another day before making the communication public in order to give all the members of his Cabinet an opportunity to pass on the draft of the reply.

(Associated Press Despatch)

DUBLIN, Sept. 28.—The Dail will assemble here Thursday to consider the reply of Premier Lloyd George to Eamonn De Valera's latest communication, it was announced here last night.

Mr. McLean's speech was mainly an attack on Premier Lloyd George and Hon. Winston Churchill, Secretary of the Colonies, and he gave it as his view that "if the Irish in Ireland have got the British Government in such a position as Mr. Churchill says, then Ireland wins. If the Cabinet is prepared to go so far, then they are prepared to go further."

In another meeting he proposed a system of voluntary pool of all grains to be handled by a Government board on the plan of the Wheat Board, through the use of which farmers should have an alternative method to that of private grain handling agencies which can be adopted if desired on a system similar to that under which the crop of 1919 was sold to the Wheat Board.

TO INDUCE BANKS TO LEND MORE FREELY FOR TRADE FINANCING—STUDY UNEMPLOYMENT PROBLEM

English Bankers Declare that There Has Not at Any Time Been Any Undue Withholding of Credit—They Assert that It Is Markets Rather Than New Financial Help Which Are Required in the Present Emergency—Unemployment Situation Discussed by Committee of British Cabinet.

(Associated Press Despatch)

HAT the Government actually proposes regarding the larger financial measures for the relief of unemployment, is at present indicated only by newspaper despatches from correspondents around the Premier in Scotland, who broadly speaking, suggests that the banks are to be induced, by Government guarantee, or otherwise to lend money more freely for trade financing. The Bankers, however, are already declaring that there has not at any time been any undue withholding of credit. They assert that it is markets rather than new financial help which are required in the present emergency.

CABINET COMMITTEE STUDY PROBLEM

Various proposals for relieving the unemployment situation in Great Britain, yesterday, three sessions being held for the consideration of this question, which is gaining in urgency every day. A plan to revive home and export trade by the extension of credits was one of the matters taken up by the committee during the day.

Official reports assert that antagonism has developed between certain departments of the Government and the representatives of the Treasury, who are striving to cut down expenses. Premier Lloyd George, who has been devoting much time to the problem, favors relief undertakings of considerable magnitude, but he recently told Laborite mayors, who interviewed him, that he could not agree to a plan which would place the whole burden on the state. He added he did not know where to look for more taxes.

Mr. Lloyd George contended the Government already had gone to unprecedented lengths in subsidizing the unemployed, for the relief of whom the Government had since the war provided more than one hundred million pounds. He said that while 1,500,000 workmen are idle in Great Britain, there are six million unemployed in the United States.

The Labor point of view, as expressed by the Mayors, was that the unemployment situation had reached a point "when passion and despair may get the upper hand," although official figures showed the actual amount of idleness less than some time ago. The acuteness of the position of the country, it was said, was due to the fact that many unemployed men had become ineligible to receive employment assistance in future.

TO CONSULT COMMERCE LEADERS

Mr. Lloyd George plans to consult a number of leaders in commerce and industry at Gairloch on Friday, and upon that occasion he will probably hear the views of Union leaders, who have asked for an interview. He is expected to return to London next Tuesday, and it is probable the cabinet will be called to meet immediately to discuss the report of the Cabinet committee, which, it is expected will be ready for submission.

ISSUE FOR INTERNATIONAL SETTLEMENT

Among the anxious comments on the situation which daily feature newspapers there are frequent references to the influence upon the situation of International exchange and the Inter-Allied war debt.

It was reported today that expert opinion in the Cabinet was veering toward the recently expressed view of Winston Spencer Churchill that the whole problem was not local, but was a world issue for International settlement. He declared Inter-Allied war obligations should be reconsidered and reduced, and that they should be placed in a separate category. Sir Alfred Mond, Minister of Health, declared last night that this was a matter upon which the people of the United States should pass an opinion.

Claimed That A Number Of Butter Dealers Are Inclining To A Shortage In Weight

Provincial Authorities Have Been Advised of the State of Affairs, and a Number of Inspectors Have Been Detailed to Investigate Conditions Throughout the Eastern Townships.

COMPLAINTS are being received from many quarters that certain dealers in dairy and creamery prints are taking advantage of unscrupulous methods in adding to their financial returns.

It has been suspected on several occasions that certain individuals are inclining towards a shortage in weight and instead of selling a creamery print weighing sixteen ounces, it often weighs fifteen and in certain instances as low as thirteen ounces to the pound.

The Provincial authorities have been advised of this undesirable state of affairs and a number of inspectors have been detailed to investigate conditions throughout the Eastern Townships.

Two charges were laid in the District Magistrate's court yesterday, when a resident of Richmond dis-

trict was charged with selling butter short weight and also with selling butter which was not properly branded. These cases were adjourned for further hearing tomorrow afternoon.

Instances are also being reported of a number of cases where Sherbrooke residents have found that butter purchased was considerably short weight, and it is hoped that firm action on the part of the Provincial authorities will succeed in eliminating this undesirable state of affairs.

At present prices an ounce of butter is worth two and a half cents, so that it is easy for an unscrupulous dealer to undersell his competitor by merely reducing the weight.

It is understood that conditions governing the sale of butter on the local market will be looked into very carefully by the Sherbrooke author-

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisulphated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisulphated magnesia which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisulphated Magnesia which is specially prepared for the above purpose.

Why 50,000 Children Were Not Promoted

A prominent health officer recently stated that of 100,000 pupils of the New York City schools who failed to be promoted, fully half are held back by defective eyesight and not by lack of brains.

Many a child in our local schools is not doing as good work as it would were the eyes properly cared for.

Except in cases of very pronounced defects can the child or the parent tell the condition of the eyes. An examination by our registered optometrist will tell exactly. Better have such an examination made at once at

SANITARIUM RECEIVES GENEROUS DONATIONS

The interest shown in the Tuberculosis Sanitarium of late is greatly appreciated by members of the I. O. D. E. and the matron in charge of the institution. Many useful gifts have been received in the last few weeks, which have been a great help in the work.

A fine spirit was shown by the children of the Church of the Advent parish in East Sherbrooke, which resulted in a substantial donation to the Sanitarium. Each child attending the church was asked by the pastor, Rev. O. Lewis, to bring a small gift for the benefit of the institution, to the church on a recent Sunday. The sum total of these offerings was a quantity of fresh eggs, vegetables and fruit. Mrs. Lewis presented the Sanitarium with a handsome vase and some cut flowers; Mr. Lewis gave a finely bound prayer book, hymn book and testament. Other gifts are: home made apple jelly, Mrs. G. L. Hume; flowers, Mrs. Grimes; magazines and old cotton from one whose name was not secured. The matron will appreciate it if donors will leave their names with their gifts, so that

acknowledgment may be made.

A generous lot of gifts was received at the time of the Exhibition. Part of these were sold by the management, and others were used at the institution. Following is a list of the donors:

Page Printing and Binding Co.; C. E. Church, Waterville, box spring; Southern Canada Power, electric iron; Postum Cereal Co., Ltd.; Imperial Tobacco Co.; Conway Mfg. Co.; Simpson Mfg. Co.; Mrs. C. H. Green, coffee; McCormick's Biscuit Co.; Nugget Shoe Polish; Thos. Davidson Mfg. Co.; Canada Liquid Soap Co.; Comfort Soap Co.; RO-Wait Parko Co.; Old City Jam Co.; Magic Baking Powder; E. W. Gillett Co.; Cowan's Cocoa Co.; F. P. Vaillancourt; C. O. St. Jean, dry goods; Bayley's, Ltd.; McKechnie's Dept. Store; Miss Coleman, Mrs. John McKechnie; F. W. Colwill, signs; vegetables from R. P. Fowler, H. W. Fowler, Mrs. W. W. Shaw, George Jackson, Walter Edwards, Samuel Hole.

HALCYON PICKLING DAYS.

"I can't understand why I am so hungry today," exclaimed a worthy citizen, as he glanced at his well-ordered table, "unless it is because I walked home to lunch." A brisk walk on a bright September day may have been the reason for the look of anticipation on his countenance, but the "deep thinker" surmises that the real cause was the effect of "picklin' time."

The winds that blow o'er Ceylon's Isle are no more spicy, or appetizing than the aromas that issue from door after door on almost every street, except perhaps Wellington Street, and these, greeting the nostrils, send a message straight to the hunger base.

The combining of vinegar, sugar, and spices with vegetables and fruits, for the thrifty housewife stops at nothing in order to fill her store cupboard, is one of the best appetizers known, and when the aromas greet the passer-by continually, there can be only one result, that experienced by the above mentioned citizen.

While the average housewife was nearly frank over the lack of early small fruits, gardens and orchards have yielded generously of the later species, especially cucumbers, tomatoes, peppers, and the like, while late fruits are offered in large quantities, though high prices maintain. But with a view to the long winter ahead, when a well-stocked cupboard of preserves, jellies, and pickles is a housewife's delight, there has been much putting away of these delectables; and it will be safe to depend on enjoying the appetizing aromas for some time to come.

In talking about pickles, another resident than the one mentioned herein remarked, "There is no such thing as a sweet pickle, if it is sweet it is preserves." (He was forgiven on the supposition that he had never been in one.) Be it as it may, pickles sweet and sour maintain, though they sometimes cause a pain; and when the spring has come again, we all will welcome pickles.

W. C. T. U. HELD BUSY SESSION.

Scientific temperance teaching was discussed at the first meeting of the season of the Sherbrooke W. C. T. U. held Monday at the home of Mrs. W. G. Cross, Montreal Street, and there are many difficulties in the way especially the fact that the teachers in the Public Schools have no time to deal with the subject, and that there is no special text book in use. The president stated that prizes are given by the local union and the County to pupils in certain grades having the best standing in health and hygiene; a book which sets forth the effect of alcohol upon the human system, but, Superintendents of the Department of Scientific Temperance, in many of the terms were somewhat discouraged, but never-

theless, all were of the same opinion, that education was the only method of combatting a growing evil. In this connection the resignation of the Superintendent in the local union of the Department mentioned was received with regret, and the hope that some courageous member would be found to take her place. Mrs. E. W. Jones, the president, was in the chair, and the meeting opened with simple devotional exercises. After the reading, and adoption of the minutes, business was taken up. The call of the Provincial W. C. T. U. Convention to be held at Waterville, October 4th, and following days, was read, and delegates elected in the persons of Mrs. George Armitage and Mrs. J. F. S. McCaw, five representatives from the Sherbrooke Union to attend. A proposed lecture by Mr. T. E. Bopkel, a well-known temperance speaker, from Montreal, was postponed till later in the season, no large hall being available for the purpose at present. It was moved, seconded and carried that Mrs. E. W. Jones, the president of the union, present the prizes given by the union to the winning pupils of the schools according to the invitation of the principal, and also the Ellen C. Rugg memorial scholarship, the date of the meeting being announced, and the Secretary was authorized to provide cards to accompany the prizes. A sincere vote of sympathy was moved and unanimously carried for two of the members, recently suffering bereavement, coupled with the expressions of deep regret at the departure of one from the city. Her energetic work had been invaluable and she would be a great loss to the local union. The collection for the Flower Mission was taken up, and the Mizpah benediction was repeated, bringing the meeting to a close.

FAREWELL TENDERED MRS. MCGLASHAN

Seaton Place, Melbourne Street, the residence of Hon. Justice White and Miss White, president of the Red Cross Society and secretary of the Local Association, Victorian Order of Nurses, was the scene yesterday of a pleasant reception in honor of Mrs. C. McGlashan, V.O. nurse, who is retiring from the order and also leaving Sherbrooke, where she has been on duty for two years. The large, flower decorated drawing room looked very hospitable and cheery, with its blazing open fire, and the guests, who included the members of the V. O. Association, of the Child Welfare Clinic, and a few friends, were received by Mrs. A. W. Blue, president of the Association, and Mrs. McGlashan, and a few minutes were agreeably spent in lively conversation, Judge White doing his share.

Mrs. Blue then arose and, remarking that she had a pleasant duty to perform, presented Mrs. McGlashan with a beautiful gold wrist watch, suitably engraved, with the following words:

"Mrs. McGlashan: It is with very sincere regret that the Committee of the Local Association has accepted your resignation from this district. Your work in Sherbrooke has been exceptionally satisfactory to all concerned. The doctors appreciate your efficient work and absolute reliability; the patients appreciate your unfailing kindness and patience, and the Committee your tact and cheerfulness on all occasions. The Executive of the Committee, the doctors, and a few friends of the Association desire to show recognition of the value of your services by presenting you with this watch, with their heartiest wishes for a happy and successful career for you."

The recipient, though perfectly surprised and somewhat overcome, acknowledged the gift and kind expressions with unaffected feeling and pleasure.

Miss Martin, V.O. nurse, who is taking up work in the city, was welcomed, and presented with a lovely bouquet. Tea was served in the dining room, the table being done with a centre of pink and white flowers. Tea and coffee were poured by Mrs. B. C. Howard and Mrs. Blue and the ices were cut by Mrs. W. E. Paton and Mrs. Parmelee. Miss White was assisted in her duties as hostess by Miss Jennie Moe.

Do you discriminate at the dining table—or are you thoughtless?

In thousands of homes, a "line" is drawn at the breakfast table. Tea or coffee is served for "grown-ups" and Postum for children. But some parents do not discriminate. Tannin and caffeine, the injurious contents of tea and coffee, seriously retard the development of the delicate nerve tissues in children.

Consequently, instead of rich, satisfying Postum, children are over stimulated by the drugs in tea and coffee; and so may grow up irritable and nervous. Any doctor can tell you that this is a great evil and should be corrected.

Although some parents feel a certain justification for the personal indulgence in tea and coffee, yet the harm to them may be equally serious. It may take a little while longer for the drugs in tea and coffee to affect an older person, but in many cases the nervous system and allied bodily functions will become weakened. The surest way to avoid such possibilities is to quit tea and coffee entirely and drink Postum instead. The change permits you to get sound, restful sleep.

Postum is the well-known, meal-time beverage. Like thousands of others you will like it because, in flavor, it is delightful and satisfying.

Do away with the distinction at the table. Serve delicious Postum, piping hot, to all the family. One week's trial and it is likely that you'll never return to tea and coffee.

Postum comes in two forms: Instant Postum (in this made instantly in the cup by the addition of boiling water, Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

DAYLIGHT SAVING A SUCCESS. At the end of this week, the clocks will be turned back an hour and standard time will again prevail.

Public opinion, there is reason to believe, is strongly in favor of daylight saving. The objection that remains is, of course, that it is not general.

A committee of the Boston Chamber of Commerce in a statement issued on the question says: "Although Massachusetts was the only State to observe daylight saving this year by State law, the practice has been carried out by municipal ordinance in practically all the Eastern States."

"A survey by the Eastern Zone Daylight Saving Association this summer shows that seventy-two New England cities outside of Massachusetts observed the plan in 1921. For instance, in Rhode Island, 59 per cent. of the population of the State practised daylight saving; in Connecticut more than 60 per cent. of the population practised it, in spite of the State law prohibiting cities from adopting daylight saving ordinances."

"Of the 152 cities of the Eastern time zone with population of more than 25,000, 114 cities are recorded as strongly in favor of uniform Eastern zone law, and are prepared to work actively for its adoption by Congress."

THE BRITISH DELEGATION. An American press item says: "The new probability is that the British delegation to the Washington Conference will have three colonial representatives in a total number of six—Borden of Canada, Smuts of South Africa, Hughes of Australia—to balance Churchill, Balfour and Bonar Law. Washington is pleased with the prospect."

HUMAN WEAKNESS IN THE JURY BOX. In the United States, where women are taking a greater part in all public affairs, the effect is being closely watched. precipation of the duties of citizenship. "This incident, it is contended by some commentators, serves to prove the frequent allegation that women jurors cannot be relied upon to return a verdict which will inflict any particular pain upon a good looking masculine offender. The fact that the six women on the jury in question rushed to congratulate the prisoners after the verdict was rendered, is adduced as additional proof of this contention and a convincing argument against their fitness to serve as jurors."

LOCAL HOUSES HIGH AND LOW ON COKE TENDERS

J. S. Mitchell & Company Submitted the Lowest Tender—City Awarded Order to Highest Tenderer.

The recent action of the City Council in awarding an order for five hundred tons of coke to the highest tender is still a subject of considerable discussion among a number of citizens.

The Record representative took the opportunity of looking over the original tenders as received at the City Hall and it was very interesting to note that the lowest tender submitted was that of Messrs. J. S. Mitchell and Company of Sherbrooke. The official specification form clearly asked for "forty eight hour coke, furnace size for gas making."

Messrs. Codere and Fils., \$13.62 per ton, F. O. B. Sherbrooke. The Colonial Coal Corporation, \$13.45 per ton, F. O. B. Sherbrooke. The Webster Coal and Coke Co., \$10.67 net, F. O. B. Sherbrooke, of which \$9.77 is payable in U. S. funds. The Dominion Foundry Supply Co., \$10.57 per ton, F. O. B. Sherbrooke, with freight to the border paid in U. S. funds.

The F. P. Weaver Coal Co. \$11.90 per ton, F. O. B. Sherbrooke, of which \$11 is payable in American funds. Bixler Coal and Coke Co., \$10.92 F. O. B. Sherbrooke, payment to be made in U. S. funds. War tax and duty not included.

From the above figures, taken off the official list, it will be seen that the Sherbrooke firms were the highest and lowest tenderers respectively. The City Council however decided to award the order for five hundred tons of coke to the highest tender.

ST. LOUIS GAVE THE YANKEES A SETBACK

Shocker Shut Out New York—Cleveland Idle Yesterday and Consequently Gained Half a Game.

(Associated Press Despatch.) NEW YORK, Sept. 28.—Pitcher Urban Shocker, of St. Louis team, is a man of his word. He said he would stop the Yankees, and he did. And, today the League leaders advantage over Cleveland in the American League was reduced to a game and a half.

The Missouri twirler, who once wore a Yankee uniform, has won five out of nine contests he has pitched against the New Yorkers this season. In halting the New York team yesterday, Shocker shut them out two to nothing, holding them to five singles. He made Ruth go hitless in three times at bat.

Both the New York team and the Indians are idle today, and tomorrow they begin their four final games which will decide the issue in the American League. The Chicago White Sox are the Indians' opponents in four contests, while New York plays three with the Athletics and one with the Boston Red Sox.

Pittsburgh continued a pennant possibility in the National League by winning from Philadelphia, while the Giants were not scheduled. In the even break between Brooklyn and Boston, centre fielder Powell, of the Braves, helped his team to win the first game with four hits, three triples and a single.

The results of the games played yesterday in the American League are as follows: At New York:—New York was given a setback in their fight when Shocker, former New York pitcher, shut them out holding them to five hits and St. Louis won. Score: R. H. E. St. Louis 2 7 0 New York 0 5 2 Batteries—Shocker and Collins; Harper and Schang.

At Philadelphia:—Bush held Philadelphia to four scattered hits and enabled Boston to break even in a double header. R. H. E. Boston 5 10 3 Philadelphia 9 10 2 Batteries—Kerr and Walters; Rommel and Perkins.

Second Game. R. H. E. Boston 8 12 0 Philadelphia 1 4 2 Batteries—Bush and Walters; Sullivan and Myatt.

NATIONAL LEAGUE. At Pittsburgh:—Pittsburgh closed the local season with a victory over Philadelphia in a free hitting contest. Score: R. H. E. Philadelphia 6 11 2 Pittsburgh 9 14 2 Batteries—Winters and Henline; Glanier, Carlson and Gooch.

At Boston:—Boston and Brooklyn broke even yesterday. Score: R. H. E. Brooklyn 5 6 0 Boston 8 10 0 Batteries—Grimes and Miller; Fillingim and Gowdy.

Second Game. R. H. E. Brooklyn 3 13 1 Boston 0 9 12 Batteries—Mitchell and Taylor; Braxton, Morgan and O'Neill.

At Chicago:—Cincinnati hit opportunely in the first inning for a three run lead then clinched the game when Rush drove the ball over the right field fence, with two on. Score: R. H. E. Cincinnati 8 11 0 Chicago 3 12 0 Batteries—Rixey and Wingo; Cheeves and Daly.

FOOTBALL

LENOXVILLE PLAYS THESCO ON SATURDAY. An interesting game is scheduled for Saturday at the Parade Ground, when Lennoxville meets Thesco. Both teams have shown great improvement during the past month, and a good game should result.

The Lennoxville players are somewhat handicapped through having been compelled to give up their playing field, as the owner has refused to allow further use of the property. The Lennoxville team has done remarkably well for its first year in senior football, and it is highly regretted that they should now find themselves without a playing pitch.

The League Committee is in receipt of the medals which will be awarded to the winners and they are of exceptionally nice design. LENOXVILLE CLUB MEETING. A meeting of the members of the Lennoxville Club is called for tomorrow evening at 8 p.m. at the residence of Mr. T. Mason.

LEAGUE ISSUE TO BE DECIDED ON SATURDAY

An interesting game is promised for Saturday next, when East Angus journey to Beebe to play a game which will have a very important bearing on the final standing of the League. The winners of this game will be the undisputed champions of the Eastern Townships Football League and both towns are anxious to annex this honor.

Three weeks ago the teams met on the East Angus grounds and after a keenly contested game, East Angus won by the only goal scored. The League Committee is in receipt of the medals which will be awarded to the winners and they are of exceptionally nice design.

HAS NOT GIVEN UP HOPE

(Associated Press Despatch.) CLEVELAND, Ohio, Sept. 28.—James C. Dunn, president of the Cleveland Baseball Club, has not yet given up hope of winning the American League pennant. "I will not concede the Yankees the pennant yet," he said.

ATHLETICS WON AGAIN

(Associated Press Despatch.) MONTREAL, Sept. 28.—Grenier, for the Athletics, held the Indians to four hits, the former winning easily in a City League baseball play-off here last night. Score: R. H. E. Athletics 7 14 4 Indians 1 4 7 Batteries—Grenier and Flaherty; Durgin and Rudolph.

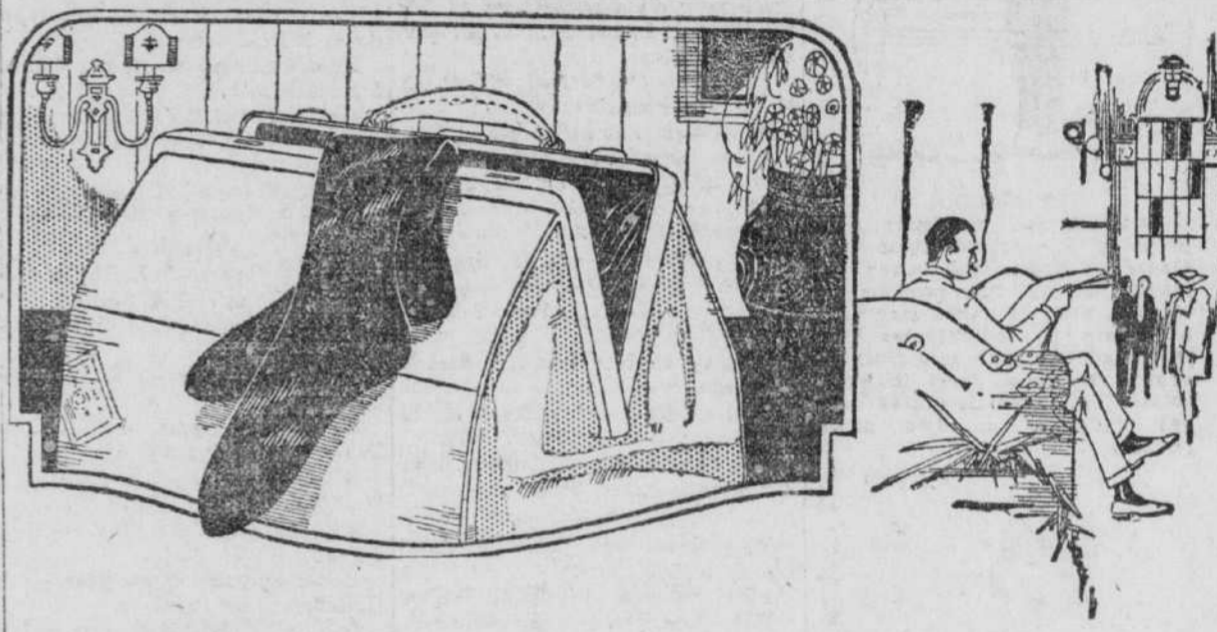

STANBRIDGE EAST DEFEAT FRELIGHSBURG. STANBRIDGE EAST, Sept. 28.—The Frelighsburg baseball nine received a warm reception at Stanbridge East, when the home team succeeded in winning by the odd run. The Frelighsburg team held the lead until the ninth inning, when the Stanbridge East lads made a nice rally, sending across two runs with one men down.

TESTIMONIAL FUND FOR "CHRISTY." (Associated Press Despatch.) NEW YORK, Sept. 28.—The testimonial fund for Christy Matheson, former pitching star of the New York Giants, who is waging a fight against tuberculosis at Seneca Lake, has reached \$11,850, it was announced today by the committee in charge. The fund will be swelled next Friday by the Giants' share of the receipts of a game with the Boston Braves, and by the proceeds of an auction of baseballs autographed by President Harding, Babe Ruth and by Christy himself.

Why Night Calls are Popular. "How good it would sound to hear Mother's voice to-night!" he thought—for there were times when he was lonely—mightily lonely in the big city. "If it didn't cost so much I could call her up. Perhaps it doesn't cost as much as I think." "Long Distance, what will it cost to speak to Number 624 Springville?" he asked. "The day rate for a station-to-station call is 90 cents, but as it is now ten o'clock you can talk for 45 cents. After twelve o'clock the rate is only 25 cents." "Great!" said John. "Get me No. 624 Springville." Soon the welcome voice was telling him the things he wanted to hear, and before they finished talking a midnight talk for every Wednesday was arranged. Did Mother grudge the little sleep she lost, when Wednesday night came round? Evening and Night Long Distance rates on Station-to-Station calls are a precious boon to thousands seeking an inexpensive and intimate means of promptly reaching dear ones far away. Many travellers arrange to call their homes at stated hours. And business executives now call their partners, their customers, their salesmen, their superintendents or foremen, at their homes—often by arrangement—profiting by the very low night rates on Long Distance, Station-to-Station calls. OLD SAYING VERIFIED

"You nearly ran over those people," said the traffic cop, stopping the motorist.
"Sorry, officer! You see I just got this car."
"What's your name?"
"Little."
"Ah! a Little learning is a dangerous thing," chuckled the cultured cop, and he was so tickled with his joke that he let the transgressor go free.

SO MUCH MORE ROMANTIC. The average woman prefers being idealized to being understood.

CRY OF 'WAVE CRIME' RAISED IN NEW YORK

(Associated Press Despatch.) NEW YORK, Sept. 28.—The cry of "crime wave" was raised yesterday, following Monday's carnival for robbers in New York and nearby Long Island.

A pistol attack was made upon M. Jmachacek, a theatre manager at Second avenue and 74th street, while he was carrying \$1,200 to the bank.

Police headquarters volunteered no opinion as to whether another crime wave was in the making, possibly due to widespread unemployment.

Claimed They Were Constituted in the Interests of the Big Lumber Concerns.

(Associated Press Despatch.) OTTAWA, Sept. 28.—The Government and private employment offices were scored by several delegates at last night's session of the National Catholic Labor Unions.

Statements were made to the effect that Government employment bureau was constituted in the interests of the big lumber concerns.

A resolution asking the Government to pass a law to compel newspapers to publish the names of their owners and shareholders was also adopted.

The appointment of fair wage inspectors by the municipalities along the lines of the fair wage officer system of the Federal Department of Labor was embodied in another resolution.

Conditions said to exist in certain textile factories of the Province of Quebec came in for considerable criticism. The unemployment question was also taken up at the night session.

A REVIVAL OF BUSINESS AT COTTON MILLS

Fire Industry Turning Fairly Rapidly to a Broader Basis of Operation.

An interim report has just been issued in the Canadian Connecticut Cotton Mills in order to make clear the position of the Company as of June 11th, although the fiscal year of the Company ended on September 10th.

This course was taken as a result of the unusual conditions that confronted the Company this year. The new Company became effective in January 1920 and a stock issue was made to enable it to erect a new building and install machinery to double the existing capacity for manufacturing tire fabric. At the time there was a phenomenal demand for tires for domestic use and for export, and the mills were far behind in deliveries. The reaction, however, found the Company with a building completed and an amount of \$184,000 owing on machinery which had been cancelled. The old mills were shut down from Dec. 11 to March 12, three months, but since then a revival of business caused the mills to re-open and they are now operating night and day at about 60 per cent capacity. The operations for the year ending Sept. 10, 1921, will show a loss, it is declared, but the Company, according to the report, "is fortunate in having large orders from responsible customers, and as the tire industry seems to be turning fairly rapidly to a broader basis of operations a better result may be expected in the coming year."

Dealing with the cause of the shutting down of the plant for three months it is explained that this was due not a lack of orders but to depression in the automobile business. There was evidence no wof a "substantial improvement" in this, and with this improvement, the Company's conditions were improving and would continue to improve.

There is a suggestion in the report that the inventories have not been taken in at as low as current values, but it is explained that these are covered by contracts for the tire fabric which, it is believed, will be observed. These contracts it is understood, cover the Gutta Percha, Dunlop, Ames Holden, Goodyear, Partridge and other tire manufacturing concerns.

The balance sheet shows a loss of over \$2,000,000 in working capital a large cash supply through the sale of securities have been reduced to cover the cost of construction. The cancellation of the orders for undelivered machinery was done with the idea that the Company would save whatever was paid on account and might be lost, as it could later on re-order equipment at a lower cost.

GRANBY, Sept. 28.—An interesting Golf Contest was held at the Links on Saturday afternoon, September 17th, in which thirty of the lady members took part. The ladies winning prizes for the largest gross score were Miss Kathleen Topp, first and Mrs. Arthur Dickinson second, while those winning the prizes for the largest net score were Mrs. A. C. Smith and Mrs. J. G. Fuller, who were equal. The last tea for the season was held at the club house that afternoon and as rain came on at about four o'clock, the club house was a welcome refuge. A bright fire burned in the grate and the tea and social hour were much enjoyed.

The Granby Methodist Church will hold their anniversary services on Sunday next, October 2, and on the Tuesday following the annual church supper will be held. It is interesting to note that the first Methodist Church, which was called the "Little White Church", was purchased from the Presbyterians in the year 1855. The ministers in charge then were: Rev. G. Lorey and Rev. S. G. Philips. This church was replaced by the present structure in 1875 when the Rev. J. L. Richardson was pastor. It is therefore sixty-six years ago since Methodism began as a separate organization in Granby.

A pleasant farewell dinner was given at the Windsor Hotel on Saturday evening, when the guest of honor was Mr. S. C. Archer, who is leaving town after having been a resident here for about five years during which time he has been connected with the Miner Rubber Co. Mr. H. G. Cowling acted as chairman and toastmaster, after the toast to the King and President of the United States, Mr. C. B. Kelly presented Mr. Archer with a handsome leather travelling bag which Mr. Archer acknowledged in suitable terms expressing his thanks and also his regret at leaving the pleasant surroundings and friends he had made in Granby. Short addresses were made by Messrs. J. G. Fuller, G. Bowman and J. B. Travers while songs and musical selections were given by Wm. Smithson, L. J. Papineau, N. Austin and A. Chartier.

The Ladies' Aid Society of the Congregational Church met at the home of Mrs. J. G. Fuller, Elgin St., on Tuesday afternoon with a good attendance. Arrangements were completed for the sale and supper to be held in the Church Hall on October 29th. The series of "Women of the Bible" was continued by Mrs. W. R. Mrs. W. A. Mitchell gave a handkerchief shower on Saturday evening in honor of Miss Dorothy Hicks of St. Lambert, who has been on the teaching staff of the Granby High School for the past two years, and whose marriage is to take place shortly. Bridge was played at four tables and at the close of the game a humorous recitation was given by Mrs. George Boyd which caused much merriment. A large box containing many pretty handkerchiefs was then presented to the guest of honor who was greatly pleased by this expression from the ladies present and conveyed her thanks to them. The winner at bridge was Mrs. W. F. Giddings, who contributed her pretty prize (a tatted handkerchief) to the shower. Dainty refreshments were served by the hostesses and the party dispersed.

Mrs. O. V. Giddings gave a miscellaneous shower in honor of Miss Myra Bradford on Thursday afternoon last. The little cart containing many dainty packages was drawn into the parlor by Miss M. Longan, the three year old little niece of the hostess, who handed the parcels to the bride-to-be. Dainty and delicious refreshments were served in the dining room, where Miss Mildred Dozois poured tea and Mrs. E. H. Longan cut the ices.
