

PLACES IN THE NEIGHBORHOOD OF MONTREAL OUTSIDE CITY LIMITS.

LACHINE.

(Incorporated in 1872.)

A City on the St. Lawrence and on the Island of Montreal (Seigniorly of Montreal), county of Jacques Cartier. It is the summer residence of many Montrealers and one of the most prosperous manufacturing centres of the Province of Quebec. Part of the Parish of Lachine has just been annexed to the city and it covers about 4½ acres of new land. Its works are very numerous and thousands of men are employed yearly. The chief industries are the Dominion Bridge Co., the Canadian Allis-Chalmers, Ltd., Daly & Morin, Flisk, Limited, Asbestos Mfg Co., Limited, the Dominion Wire Rope Mfg Co., McLaurin Bros. Limited, Steel Co. of Canada, Limited, The National Breweries, Limited, the General Railway Signal Co. of Canada, and the Lachine Gas Works which have just been established. The St. Lawrence Bridge Co. have erected an immense works in Dominion Park at a total cost of \$2,000,000. No less than 2,000 hands of men are to be at work. Lachine in the winter months is greatly frequented by pleasure parties, while in summer thousands of tourists pass through Lachine to run the Lachine Rapids. Regattas and other sporting events take place every summer and are largely patronised by visitors. Lachine is now provided with an up-to-date hospital, where surgical and ordinary cases are attended to by a skilful staff of surgeons and physicians. It is known as the "Lachine General Hospital." It is provided with an automobile ambulance that attends all emergency cases. A handsome public market has just been built at a cost of \$30,000, and is open daily from 5 a.m. to 9.30 p.m. It is provided with the most modern refrigerators and coolers, and all perishable articles are constantly kept on ice. A new public weigh house has just been built for the accommodation of the traders. Three hundred and fifty new houses were built within the past year and are all rented. Several new ones are in course of construction. The leading citizens of the city have just provided a Board of Trade where all important business matters are discussed. A new City Hall to cost about \$100,000 will shortly be erected. The ladies of Saint Anne have built an extensive convent which is known as Le Mont Saint Anne. Messrs. Tooke Bros. of Montreal have erected a large factory on Eighteenth av. and it gives work the year round to many employees. There are also five banks, viz. the Merchants Bank of Canada, the Molsons, La Banque Provinciale, la Banque d'Hochelaga and the Bank of Montreal, all of which are doing good business. The Grand Trunk Railway runs several trains daily to Montreal. The Montreal Tramways Co. have also a line of electric cars running from the City of Montreal to the Western limits of the city of Lachine. The Catholic church has been renovated and enlarged, and a new parish has been formed in Dominion Park, known as the Holy Sacrament, and a new church has been built and dedicated under the name of l'Eglise des Tres Saints Sacrament. The Lachine Methodist Church has been rebuilt and enlarged. New granitic sidewalks have been laid on mostly all streets, and asphalt has been laid on St. Joseph street, to prevent dust, and make the road bed as level as possible for automobiles. A ship canal connects the navigable waters of Montreal with Lake St. Louis. Trees have been planted on all avenues, so as to give shade to the residential districts. The Great North Western Telegraph Co. have offices here. There are three post

office branches, also the Bell Telephone Co. The City is lighted by electricity, and has a fire alarm system and a complete system of waterworks and drainage. The waterworks is being enlarged and a new hydraulic pump has just been purchased at a cost of \$60,000. The Montreal Light, Heat & Power Co. are extending their mains from Montreal to Lachine and gas will shortly be furnished to consumers. There are, besides the convent, a first-class commercial college, two Catholic academies and two Protestant academies. A large hotel will be erected this fall at a cost of \$100,000. Distant from Montreal City Hall, 9 miles. Mail three times daily. The population is steadily increasing and since last year no less than 1,000 persons have been added to the population, the total of which is today 11,519.

LAPRAIRIE.

A town and parish of the south shore of the River St. Lawrence, between the Lachline Rapids and Victoria Bridge, district of Montreal, seigniorly and county of the same name. Incorporated March 30, 1846. The parish was erected on the 17th November, 1668. The first railway in British North America was constructed from here to St. Johns in 1836. It was first worked with horses, afterwards by steam, but was discontinued, and the rails taken up a number of years ago. A branch of the Grand Trunk Railway, starting at Fort Covington, in the State of New York, to reach the Victoria Bridge, now run twice a day in close proximity to the town, with a good station and depot and contributes materially to the future development of the locality, which is considered a very healthy and pleasant summer place. There is also a fire station, thoroughly supplied with new fire apparatus. A permanent wharf has been erected. A new channel is also nearly made up. The pressure of water in case of fire is also very powerful, as the water is drawn by steam and electric air pressure, which bring it at a distance of 1,350 feet from the St. Lawrence river. The town contains 1 R. C. Church, 1 Presbyterian Church, Banque d'Hochelega, registry office, 4 hotels, 3 foundries, 1 convent,

I pensionnat directed by the rev. sisters of the Congregation of Notre Dame de St. Louis, 1 academy, 1 novitiate directed by the rev brs de L'Instruction Chretienne, societe litteraire, a manufactory of canned goods. The Great North-Western Telegraph Company and National Express Co have offices here. Telephone connection with Montreal. The town will be lighted by electricity and contains the two largest bricks kilns in the Dominion, viz.: the St. Lawrence Brick Co. Limited and the Laprairie (now the National) Brick Co. Ltd. An electric railway from St Lambert is now in course of construction and will be completed and in operation next year. The town is laying cement sidewalks, which will be extended to all the streets. The great "King Edward VII" highway, the destined thoroughway between Montreal and New York, will pass through the town. The town is equipped with an up-to-date system of water works. Distant from Montreal, 7 miles; from St Johns, 18 miles. Mail daily. Population of the town about 2,454.

LA SALLE.

TOWN OF LASALLE.

A town on the North Shore of the River St Lawrence, situated between Verdun and the City of Lachine.

Was but recently erected into a town by the Provincial Legislature, which granted it a charter. At the present time it is exclusively a residential district; and is the home of many wealthy merchants. There are some beautiful farms which are all well cultivated. There are also several dairies which supply cream; milk and butter to the City.

The Federal Government has lately opened a branch of its Savings Bank. There are also a Post Office Branch; two private schools; telephone and telegraph communication with the City of Montreal.

In case of fire, the locality is protected by the City of Lachine fire brigade.

The town of Lasalle is a beautiful summer resort and was formerly the "Lower Lachine Road." It has a fine view of the Lachine Rapids and the Nuns Island as well as Laprairie, Caughnawaga or the Indian Village and the Western part of the City of Montreal. The population is about 600

The town has a Recorders' Court and a Municipal Office which presently sits at No. 15, 19th Avenue, Lachine, pending the erection of a new Town Hall.

OUTREMONT.

(Incorporated in 1875.)

A town near the west end of Mount Royal Park, forming part of the municipality of the parish of Montreal, county of Hochelaga. It is bounded on the East and North by Laurier ward, on the West by Cote des Neiges ward, and on the South by Mount Royal Ward. Electric cars going around the mountain to St. Laurent, and Cartierville, pass through the town, and there is also a special five minute service for the town. The town contains a very fine Protestant school, a large educational convent, a branch of the Sisters of the Holy Names of Jesus and Mary, a Town Hall and the Outremont Curling Club. The Outremont Golf Club has its links off St. Catherine road. Building operations have been carried on extensively during the past year. Easy of access from the city, no finer suburb can be found. Distant from Montreal 2 miles. Population about 10,000, Joseph Beaubien mayor; G. Picher, G. H. Robinson, Donald Munro, Wilfrid Bessette, W. J. Little, Robert Cooke, W J Stewart and A. Corbin councillors; Ernest T Sampson, sec-treas.; J. Duchastel, engineer; H. G. Reid, building inspector; G. B. Baker, chief of police.

For names of residents and a guide to the streets, see Montreal Street and Alphabetical Directory.

ST. LAMBERT.

A suburban town on the south shore of the St. Lawrence directly opposite Montreal in the county of Chambly, district of Montreal, with a population about 3,500 and growing rapidly. It is an important railway centre, with an electric railway to Montreal, operated by the Montreal & South-eastern Counties Railway Co., making 50 trips each way; fare single, 15c return 25c; ten trips 75c, 65 trips \$2.75; and has an excellent train service by the Grand Trunk Railway, with over twenty trains each way daily. Return 5c, single 15c, on suburban trains, return good for day of issue only, 25c; return good for 1 month 55c; single fare on regular train 25c; by commutation

tickets, 10 trips for 75c, 55 trips for \$2.75, or 5c a trip

The Victoria Jubilee Bridge spans the St Lawrence here, and all trains to and from the City stop at the railway station. Several lines of railway run here, viz: Grand Trunk for points South, East and West; I.C.R. for Halifax; Central Vermont for Farnham; New York and Boston, Delaware & Hudson for New York; South Shore Railway for Sorel and the Montreal Southern Counties Electric Railway. The distance to Longueuil, the county seat, is three miles; communication, by the electric railway. There are four churches: Methodist, Episcopal, Roman Catholic and Presbyterian, with resident ministers and cure. There is a large Academy, conducted by the Protestant School Commissioners, with a staff of five teachers

The Roman Catholic School Commissioners' school is now conducted by the sisters of the Holy names of Jesus and Mary and have a staff of five teachers for girls and two Brothers of the C. S. Viateur for the boys. They have built a convent that has cost \$80,000 to receive boy boarders. There is excellent boating on the river, and the St Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal. The residents are mostly employed in the City, and select it for a suburban home from its favorable situation and excellent means of communication at all seasons with the city. A wall along the river bank gives the Town a fine promenade of over 1,000 feet in length from which the view of Montreal, lighted at night by thousands of electric lights, is magnificent. During the winter months direct communication is had with Montreal by an ice road across the St Lawrence on which considerable driving is done, and by the bridge. St Lambert is being rapidly built up, and is destined to become a very important suburban point and has a system of water, drainage and electric light. Mail twice daily. G.N.W. Tel. Co. has an office, also telephone communication.

DONT LEND YOUR DIRECTORY

Many are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers; not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but business men who continually need it for reference, yet are too close-fisted to buy one. These are the individuals who carry off your Directory

“JUST FOR A FEW MINUTES,”

Which generally means a few days unless you send for it before: then you have scarcely housed it before some one else presents the request “Please lend me your Directory for a few minutes”

PERHAPS YOU WONT SEE IT AGAIN FOR A WEEK

Yet this same borrower will tell our solicitor that he has no use for a Directory he “knows everybody” and “everybody knows him.”
