## Citizens Victory Loan Campaign Personnel Named

Personnel of Westmount Citizens' Victory Loan Campaign for the coming effort consists of His Worship, Mayor Walter Merrill, K.C. as chairman of the Citizens' Committee and the following residents who will also serve: George Campbell, K.C., Aimé Geoffrion, K.C., Samuel Bronfman, George Hogg, George C. McDonald, C.A., J. S. Norris and P. C. Whitaker. The permanent organization—"Unit 201 of the National War Finance Committee" covers all Westmount, and the headquarters is at 1383, Greene avenue.

There are three joint-organizers—Clarie McKenna, Archibald Bentley and J. Arthur W. Bracewell.

Miss E. L. Peoples is secretary to the unit, and Mrs. W. G. Stafford and Miss I. Rattray are assistants.

Experienced salesmen will carry out the work of selling the bonds and will be organized in teams of about seven or more.

## B.B. 1st Company Will Cycle Out For Sugaring Trip

Other Plans Include Hostel Trip and Ambulance Competition

The 1st Company are planning a sugaring party for Saturday, if weather conditions improve sufficiently, and will meet early in the morning to cycle out to St. Eustache, the boys going by train will leave later in the morning. Following last year's party, such enthusiasm was aroused that every effort has been made for a really thrilling time this year. Should conditions be unfavourable, the boys will have a swimming meet.

During the Easter vacation, a number of the boys are planning to take a long hostel trip through the Eastern Townships, leaving on Monday and returning the following Friday. Lance-Cpl. Robert Eastwood is organizing the trip and expects to have at least seven boys with him. Shorter trips for the younger boys are being arranged, including St. Eustache, St. Hubert, St. Jerome and Ste Anne de Bellevue.

The first aid class under Alex G. Anderson is making great progress and will shortly sit for their examination for the ambulance badge. The team is rehearsing stretcher drill at present and brushing up for the Battalion's Ambulance competition, into which they have entered two teams.

These teams are made up as follows: No. 1, Cpl. James Wright, L/Cpl. G. Camp, Pres. Terrel Valdes and James Dugan, with Pte. Don Duncan as patient; No. 2, Sgt. Edwin Goring, L/Cpl. Geo. MacFarlane, L/Cpl. Robert Eastwood and Corp. R. Burriss with Pte. Elliott Parker as patient.

A special Easter Bible class is being arranged for Easter Sunday at 3 p.m., when coloured slides depicting the life of Christ will be shown and there will be special music for the occasion.

## Elderly Woman Hit By Motor Car

Miss Jean Ross, 77, of 607, Lansdowne avenue, who was getting out of a bus on Tuesday about 8.30 p.m. at the corner of Lansdowne and Western avenues, was hit and knocked down by a car driven by Sykon Sotirios, 695 de Linselle.

Mr. Sotirios immediately rushed Miss Ross to the Homeopathic Hospital in his car where it was found she was suffering from head injury and a bruised left shoulder and was admitted as a patient.

## Brotherhood To Honor St. George At Service

The Men's Own Brotherhood of Calvary Church will celebrate St. George's Day by holding a special service in the church auditorium on Sunday next at 3 p.m. Among the groups specially invited are the Sons of England, the Daughters of England and the South African War Veterans.

The guest speaker will be the Rev. George W. Goth, B.A., B.D., minister of Westmount Park United Church. The soloist will be G. Brown.

## New YWCA Club Will Be Useful To Westmounters

Members Living Far From "Y" Will Have Special Club

Westmount business girls who are members of the Central Y.W.C.A., Dorchester street west, will be eligible for membership in a new club called the "Monday Night Supper Club".

This club has been organized for the benefit of girls who wish to take advantage of the "Y's" various activities but who, living outside the limits of Montreal proper, find it impossible to return to the "Y" in the evening.

The girls will be able to go straight to the club, have a swim before supper and special arrangements have been made for them to collect their supper trays from the cafeteria and eat together in the club room on the third floor of the Dorchester street building.

A number of girls joined the first of the club's evening meets last Monday.

## PO W. D. Whittaker Westm't. High Boy Gets Commission

P.O. W. D. Whittaker, 20, who has recently received his commission is spending a few days with his parents, Mr. and Mrs. D. A. Whittaker at 726 Lansdowne avenue.

P.O. Whittaker graduated from Westmount High School in June, 1939, and entered McGill University. Half way through his second year in science he enlisted and went to the Precision Squad at Lachine. From there he went to No. 5 I.T.S. at Belleville, Ontario, then to No. 20 E.F.T.S. at Oshawa, and from there to No. 1 S.F.T.S. at Camp Borden.

He received his wings recently and his commission followed. Keen on sports he played "outside" in the Junior Rugby team at school, was forward in intermediate basketball and played first base in the school baseball team. He also belonged to the

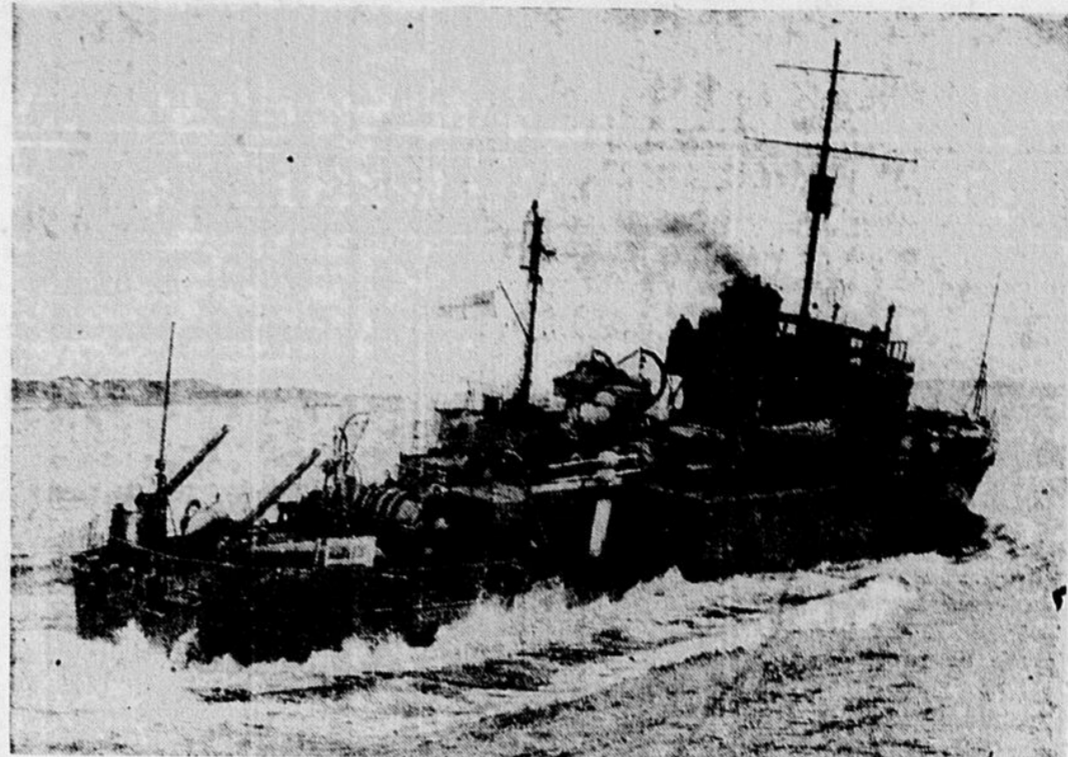

school dramatic club. At McGill he was in the senior rugby team and also a member of the "Player's Club".

P.O. Whittaker leaves for No. 1 O.T.U., Bagotville, Quebec in a few days time.

**FIRST BERET APPEARS**  
 The first "beret" made its appearance in Westmount last Sunday. The wearer—a middle-aged man—was attired in conventional overcoat and light suit—and seemed quite oblivious of the attention focussed on him by the bowler and silk-hatted men who formed the usual church parade along Sherbrooke street.

## HER CAPTAIN HOME ON LEAVE

Although H.M.C.S. Westmount has been on the job since the day she sailed from Montreal, she has still to get her first officially accredited sub, according to her commander, Lt. F. G. Hutchings. The Westmount belongs to the Bangor class of minesweeper which has been found particularly effective in the war of the United Nations against the vermin of the ocean.

## Skipper Reports Activities Of H.M.C.S. Westmount

Lieut. Frank G. Hutchings, On Shore Leave, Tells Of Crew's Enjoyment of Local Gifts

A long spell of fair weather, with balmy breezes and a tranquil sea, is the dream of Frank G. Hutchings, formerly of the general commercial department, or the Bell Telephone Company of Canada, and now commanding H.M.C.S. Westmount, a unit in the biggest battle of the war—the Battle of the Atlantic.

Back home for a few days, Lieutenant Hutchings was persuaded to tell something of his experiences since he went on active service in August, 1940.

Although she is a minesweeper, the Westmount has been ploughing the icy waters of the North Atlantic on patrol and convoy work since Lieutenant Hutchings took command some six months ago, and her crew can testify that the Atlantic is not particularly sympathetic to the war effort. In winter, the entire superstructure of the ship may become covered with ice, and constant efforts are required to keep her in fighting trim with the guns ready for action.

The Westmount has dropped many a depth charge, but has as yet no official notches on her bow. Beyond that statement, Lieutenant Hutchings maintains the tradition of the Silent Service in speaking of its achievements. Regarding life aboard ship he could be more expansive. About the same size as a corvette, the Westmount carries the usual complement of men, and the crew has to make the most of rather tight quarters. Hammocks are used for sleeping, and optimists say that there is less likelihood of seasickness in a hammock, since bunks must roll with the ship.

In heavy weather, food has to be grabbed on catch-as-catch-can principles, and soup or cocoa has to substitute for food requiring plates, but the Ward Room has been able to hold one or two mess dinners—a pleasant change from the routine of shipboard meals.

Reading is the chief recreation, but in rough weather even big type becomes spots before

the eyes. As on every ship, there is at least one man who can sing, and his services are in constant demand. Lieutenant Hutchings spoke with particular pride of the loud-speaker system, by which phonograph music is broadcast to various sections of the ship. Some crews have complained that "Chattanooga Choo Choo" begins to pall somewhat after the unimpeachable rendition, but Lieutenant Hutchings avers that there is plenty of variety in the records on his ship. Our ships have the usual canteens, but American crews are not content with anything less than a fully-equipped soda fountain.

The Westmount has been "adopted" by the War Service groups in Westmount, and her commander wishes to express her crew's deep appreciation of the unstinted efforts which these groups have put forth on their behalf. The importance of such efforts by the folks back home cannot be too greatly stressed, Lieutenant Hutchings said.

Before his appointment to the Westmount, Lieutenant Hutchings served on H.M.S. Snowberry, a British corvette of the "Flower" class. He spoke highly of the efficiency in the American shipyard at which the Snowberry was built, and of the crew's spirit in the raid on Pearl Harbor. Even the shock of the news did not interfere with the work in hand. Men swarmed over the vessel day and night, and throughout the Christmas holidays. It is this spirit and this production which is going to spell trouble for the Axis this year!

## VISITS WASHINGTON

C. A. de L. Harwood, K.C., is visiting in Washington, D.C.

## C. A. de L. Harwood Accepts Offer Of Montreal Bar

Will Probably Be Elected Batonnier at Meeting, May 1st

Charles August de Lotbiniere Harwood, K.C., 475 Argyle avenue, will, in all probability, be elected Batonnier of the Montreal Bar when the general meeting for bar elections is held on May 1st.

A group of prominent lawyers, headed by the Hon. P. B. Mignault, formerly of the Superior Court of Canada, waited on Mr. Harwood recently and offered him the nomination for the post of Batonnier—Mr. Harwood accepted.

It is generally expected that Mr. Harwood will be elected by acclamation, unless another last-minute candidate should appear. Charles August de Lotbiniere Harwood, K.C., born at Vaudeville, Quebec, is a descendant of families who greatly contributed to the development of Canada under the French regime and under the new order long prior to Confederation. The Lotbiniere-Harwoods are the oldest branch of the Lotbiniere family which early held senatorial rights in French Canada. Related families are those of Masson and Mackenzie. Supported by a family background so strong in tradition, Mr. Harwood has maintained a keen interest in historic affairs, and is the author of "Fort Garry Conographs, 1870", and other monographs. He is an active member of the Navy League of Canada and during the First Great War was secretary for naval recruitment in the Province of Quebec. Mr. Harwood graduated in arts from Laval University, Quebec, and in law from McGill at Montreal.

Mr. Harwood recently retired

C. A. de L. HARWOOD

from the post of chief solicitor of the Quebec lines of the Canadian National Railways, a position which he occupied since 1923. On the eve of his retirement he was guest of his associates of the Law Department of the National Railways and received from them a testimonial of their friendship in the form of a Victory Loan war bond.

## West End Speaking Club Holds Closing Banquet

Jack Turner, New President, Sounds Keynote of Progress—Stuart Elkins Wins Chief Award

Jack Turner, Jr., 4942 La-combe avenue, is the new president of the West End Public Speaking Club. With him on the executive for the 1943-44 season will be Stuart Elkins, 5224 Globeret avenue, as secretary, and Grant Macpherson, 5250 Cote St. Catherine road, as treasurer. The new officers were presented to members, their wives and numerous guests by Alan Isles, immediate past-president at the annual banquet held last Thursday in a private salon at the Mount Royal Hotel.

Mr. Turner in accepting the presidency paid fine tribute to the steady progress and growth achieved in the past six years since the club was founded and announced the intention of the new executive to carry on the broadening activities of the club as a community enterprise. "The ability of young men to set on their feet and make themselves heard is more than ever important today," declared Mr. Turner. "The objective of our organization is to teach the developing generation of top business executives what to say and how and when to say it. Each year we have succeeded beyond our expectations and each year we have developed fine talent and sent out speakers on important assignments."

Continuing, Mr. Turner pointed out the place of the club in the community. "We are a community enterprise of high purpose and great value," he said. "We are fortunate to be established in a community like N.D.G. where the response to any movement of this kind is quick and appreciative. The new executive has already laid plans for increased membership during the 1943-44 season and we will in every possible way acquaint potential 'leaders of tomorrow' in N.D.G. with the opportunity which membership in our club represents for acquiring the fundamentals of public speaking."

## Prizes Awarded

Glen Buchanan, formerly of the Board of Trade and instructor for the club presented the awards to winners of the public speaking contest held during the last three weeks of the regular season. Mr. Buchanan, mentor of the club for the past four years pointed out that each member got out of the club just what he put into it, in the way of preparation on his weekly assignments. He paid glowing tribute to the conscientious work done by members in this respect and reviewed the work and achievements accomplished during the past year. In presenting the prizes Mr. Buchanan paid grateful tribute to each of the five winning contestants and gave some highlights of the three weeks' competition and the participants. Results were close, comparatively few points separating the five winners and the runners-up. First prize went to Grant Macpherson, second prize was won by Stuart Elkins, and third, fourth and fifth prizes were won by Alan Isles, W. Hardie and J. Narsted, respectively.

A special award of a silver cup was made to Stuart Elkins in recognition of having made "the most progress during the year". In presenting the beautiful cup, replica of a perpetual trophy kept by the club, Mr. Buchanan pointed out that this award represented the very essence of the club's objectives. "We do not try to develop orators," he said. "Our

## City Manager Advises Parents About Diphtheria

The following announcement has been received from the General Manager of the city and we publish it for the benefit of our readers:

## DIPHTHERIA Immunization Protects Your Children

The Health League of Canada is conducting a campaign to bring to the attention of parents and others the benefits of having children immunized against diphtheria.

This disease is a particular enemy of childhood, but its prevention by immunization is a simple one. If all children were immunized, the scourge of diphtheria could be wiped out. Whole communities have already banished the disease.

A large percentage of children in Westmount have been immunized, and our record of diphtheria cases show that most beneficial results have been obtained. Just ten years ago—1932—we had fifteen cases. This figure has not been reached since, and in the years 1939-40-41 there were none, and in 1942 only one adult case.

The Medical Health Officer strongly supports the campaign and advises parents to see that their children are immunized. Do not delay in having this done. Children can be given the toxoid treatment, when they are six months old.

Your own family doctor will give this treatment, or the City of Westmount—Health Department will give this treatment if you so choose. If you would like to get any further information, telephone the City Hall, PL 8531, Health Department.

## Stamp Exhibition Will Be Opened By Mayor Merrill

Great Variety of Exhibits Expected at This Year's Show

One of the largest crowds of the season attended last week's meeting of the Westmount Stamp Club which was held in the Oak Room at Victoria Hall.

While the senior members contented themselves with preparing their exhibits for next week's annual exhibition, the juniors participated in a "quiz contest" which was very successful.

The club will meet again tonight in the Oak Room at Victoria Hall where most of the members will spend their time in putting last-minute touches to their exhibits. While it is expected that the number of exhibits at this year's show will be about the same as last year, there will be a larger variety.

President L. Flood of the club has announced that His Worship Mayor Walter Merrill, has again kindly consented to open the exhibition officially on April 22. As in the past a Red Cross box will be placed at the door for contributions.

This year's exhibition is under the direction of the exhibition committee with Tom Kearney as chairman, and members which include H. E. Guerin, C. Morley, H. H. Horne, J. W. Smith, S. Smith, E. Ewens and Miss L. Audinet.

The exhibition will be open in the evenings of April 22, 23 and in the afternoon and evening of the last day, April 24.

WESTMOUNT, THURSDAY, APRIL 15, 1943

## THE WAR—AND THEN WHAT?

ANOTHER year of world conflict has gone by and as yet neither side has won or lost the war. In bitterness of heart humanity cries like the psalmist of old—"How long, O Lord, how long?" The scene changes almost overnight and fresh developments in the conquering countries of Europe lead one alternately to hope and to despair. By way of encouragement there is a steadily growing confidence in the power of the United Nations to win. The end, however, is not in sight. Far from it. Months—perhaps years—of conflict lie between us and victory. We are warned against undue optimism as well as against a sense of defeatism and are urged to put forward every effort towards crushing a ruthless foe which seeks to dominate the world.

There are countless men and women who no doubt feel that once the war is over we shall take up the threads of everyday life just where we left off and pursue the even tenor of our way as we did before we were dragged into the struggle for existence. Such are laying themselves open to a rude awakening. Nothing will ever again be the same within our time. Even the youngest of our generation will not live to see complete order evolve from a chaos caused by years of conflict. Life does not run that way. Civilization was just

beginning to see daylight after the first world war when the second burst upon it—all unprepared and unexpected. A long period of adjustment will begin when the last gun is fired, the last bomb dropped from turbulent skies. Peace will come but it will be a peace of frenzied activity and difficult problems.

Already nations and groups of individuals are beginning to speculate upon the problems that will confront victors as well as vanquished. Punishment must be meted out to those responsible for the war and its subsequent horrors. Properties wrested from crushed and beaten peoples must be restored. Exiled patriots must be returned to their own lands. National boundaries must be re-established. These and other problems outstretch the bounds of imagination. The task will be colossal and will take years to complete.

## OF WHAT AVAIL?

A VERY WISE man, long since dead, once wrote: "Of what avail are plough or sail, land or life if freedom fail?" Another wise man, very much alive today, voiced a similar sentiment in prose: "In the future days which we hope to make secure, we look forward to a world founded upon four essential human freedoms—freedom of speech, freedom of worship, freedom from want, freedom from fear." These four constitute man's charter, his inalienable right, and it is for these rights that we are fighting today. Germany, the scourge of civilization, has decreed that there must be no freedom of speech—that man must no longer worship the God of truth and righteousness—that his desires must accord with what the Nazis are ready to give—that he must dwell in a constant state of repression and fear.

If the United Nations lose the war, we shall say goodbye to freedom in every form. If we win, a new and beneficent order of life will seek to assure us the freedom of thought and conduct that in some measure has been ours for many generations.

## ST. ANDREW'S CHURCH NOTES

At the evening service next Sunday, the choir will sing Dubois' Oratorio, the "Seven Last Words", with Miss Jean Millar, Mlle Madeleine Lefebvre, H. Hewitson, and John Grant as soloists. Fred Whiteley will direct the work, and preside at the organ. The choir will be greatly augmented for this occasion, the eighth service of praise of the season.

**Special Communion Service**  
For the first time in its history, the session of St. Andrew's Church has decided to hold a special pre-Easter communion service. This will be held on Sunday morning, as a fitting introduction to Holy Week, and looking forward to Good Friday. In ordinary times, the congregation has celebrated the Holy Communion only four times in the year. This special service has been planned as a dedication of life in view of the sacrifices and sorrows that may be expected in the next few months. Rev. Dr. F. W. Kerr will be in charge of this celebration.

The customary Good Friday service in St. Andrew's will not be held this year, due to the fact that St. Andrew's choir has been chosen to present Dubois' "Seven Last Words from the Cross" in Erskine and American Church for the three hours of devotion on that date.

## WESTMOUNT PARK CHURCH NOTES

On Sunday evening in Westmount Park Church, the choir will give Dubois' sacred cantata "The Seven Last Words of Christ" and selections from Stainer's "Crucifixion". J. C. Scott, L.R.S.M., will conduct, with Mrs. S. C. Burgess at the organ. The soloists will include Mrs. J. C. Scott (soprano), T. C. Edmunds (tenor), and J. C. Scott (baritone).

At the morning service the minister will preach on the theme "Mistaken Tears". Mid-week service on the Lenten theme will be held on Wednesday at 8:00 p.m.

Rev. T. W. Jones, D.D., will address the Easter Thankoffering meeting of the W.M.S. next Tuesday at 3:00 p.m.

Mayor Ernest Bloom of West Hartlepool, England: "Scores of leading citizens throughout the British Empire owe a debt of gratitude to the Boy Scout Movement for the principles they developed in their younger days, when they were happy to be active members."

minister of Dominion Douglas Church.

On Wednesday, Dr. Jones will preach at 8:15 p.m.—this service also will be held in Macaulay Hall. The deacons will meet the prospective members of the church following the service.

On Good Friday, at 8 p.m., in the church auditorium the combined choirs of Emmanuel and Calvary churches will render the Passantide Cantata "Christ the Sacrifice", by Arthur Miller. The choir will be conducted by D. M. Herbert, organist of Emmanuel Church, with H. E. Colcomb, of Calvary Church at the organ.

## The Examiner's Hidden Titles Contest

The Westmount Examiner's Hidden Titles Contest is run with the kind co-operation of Mr. Godel, manager of the Westmount Theatre. Each week two passes are given to the six lucky winners who comply with the following requirements:

Simply find the two "ads." in the current issue of The Westmount Examiner in which the names of the two feature pictures being shown at the Westmount Theatre during the first half of next week are hidden. Submit all answers to The Contest Editor, The Westmount Examiner, 2191 Hampton Avenue, using the special coupon provided in each issue for the purpose.

Contestants must be over 16 years of age. Residents of Westmount, only, are eligible. All answers must be in this office no later than Wednesday, and the names of the winners will be published in Thursday's paper. The winners are drawn from among those who submit the correct answers, as, unfortunately, it would be impossible to give passes to every one submitting the right answers.

The winners of last week's contest are as follows and their passes will be received in Monday's mail: Mrs. D. Cathro, 14A Selby St.; Margo Thornton, 3778 Westmount Blvd.; Kevin Reynolds, 11 Burton Ave.; Mrs. W. Alan Kennedy, 4026 Tupper St.; Miss W. West, 132 Selby St.; Mrs. C. H. LaFontaine, 429 Mount Stephen Ave.

## THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.

### In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper, and it does not accept responsibility for them.

At the National Conference of Christians and Jews held at Denver, 8000 men attended. Meetings were held of 1000 at a time. Dr. R. W. Searle, secretary of the Greater New York Federation of New York at a dinner attended by one thousand leading citizens of Denver warned of the great dangers ahead of the United Nations' blunder as was done after the First World War. He said in part: "After the last War we threw away the fruits of victory by our selfish return to normalcy. We cannot do that again, or the sons of today's soldiers will be forced to go to war to salvage their fathers' victory. Father Vincent Brown pointed out that brotherhood in all religions has common root in the Golden Rule. The army, he declared, is a fertile field for spreading interreligious understanding without destroying the differences between religions.

Reconstruction has many sides, international and domestic. On the domestic side one can define its aims best by naming five giant evils to be destroyed—want, disease, ignorance, squalor and idleness.

Private enterprise is a ship for fair weather and open seas. For the leeward straits of war and in finding the way out of them, a vessel of a different and sturdier build is needed; a Fram, not a China clipper. In any case, private control of means of production, with the right to employ others at a wage in using those means, whatever may be said for it or against it on other grounds, cannot be described as an essential liberty of the British people. Not more than a tiny fraction of British people have ever enjoyed that right.—Sir William Beveridge.

We want to wage total war now, for a peace different from the last peace, abroad and at home.—Sir William Beveridge.

Some men there have been who owed their fame to one poem, Laurence Binyon, who died in England yesterday, was known as author of a single stanza to thousands who had never heard of him in any other connection. This stanza from his "To the Fallen" quoted round and round the world on Armistice Day during almost 20 years: "They shall grow not old, as we that are left grow old; Age shall not weary them, nor the years condemn. At the going down of the sun and in the morning, We will remember them."

Binyon, of course, was the author not of one stanza only but of many. He never ranked as a major poet, but was the author of quite a number of books of poetry. He also published a volume or two of literary criticism and several on art criticism and interpretation.

A system of priorities for works projects in the rehabilitation period after the war now is in the progress of being drafted by various bodies across Canada.

This development was mentioned briefly by Dr. Cyril James, Principal of McGill University and chairman of the Government's Advisory Committee on Reconstruction, when he appeared as a witness before the House of Commons Reconstruction Committee.

"There will be a priority of employment, a priority of social need and also a priority of financial worked out, I hope, for the whole of the Dominion within not too many more months," Dr. James said.

So far the work has been done on a regional basis. British Columbia's Post-war Rehabilitation Council, headed by Hon. G. T. Perry, recently completed a 200-page interim report, the first of its kind in the provincial field. Several other provinces have similar surveys under way. Local groups are functioning in such places as Vancouver, Fort William, Toronto and Halifax, and another is about to start work in Montreal.

## CALVARY CHURCH NOTES

On Sunday night at 7:30 in Calvary Church, the minister, Dr. T. W. Jones, will show coloured slides of the world famous Passion Play as given at Oberammergau. Dr. Jones attended the play in 1930, which showing marked the 300th anniversary of the taking of the vow by the citizens of Oberammergau which led to the presentation of "The Passion" once in every ten years. This vow to present the play followed a miraculous ending of the dreaded black plague which had swept through the district. The play was not given in 1940 owing to the war and it is an open question now as to when, if ever, it will be given again. Special musical numbers will be sung at this service by AC2 P. W. Cook, R.A.F. of Adelaide, Australia, a noted Australian tenor, who is at present attached to the Ferry Command service. Mr. Richard Robinson will operate the stereopticon in the showing of the slides.

The Church School will be held in all departments at 10 a.m. At the morning service at 11 o'clock Dr. Jones will preach a special Palm Sunday sermon on the theme "Scenes of Tragedy and Triumph", the story and testimony of the inkeeper on the Jericho road.

Training classes for church membership and Christian service will be continued by the pastor at 2:30 and 3:15 p.m.

On Monday, at 8:15 p.m., a preaching service will be held in the Macaulay Hall. Preacher the Rev. A. Lloyd Smith, M.A., D.D.,

minister of Dominion Douglas Church.

On Wednesday, Dr. Jones will preach at 8:15 p.m.—this service also will be held in Macaulay Hall. The deacons will meet the prospective members of the church following the service.

On Good Friday, at 8 p.m., in the church auditorium the combined choirs of Emmanuel and Calvary churches will render the Passantide Cantata "Christ the Sacrifice", by Arthur Miller. The choir will be conducted by D. M. Herbert, organist of Emmanuel Church, with H. E. Colcomb, of Calvary Church at the organ.

The U.S.A. is creating a very large military establishment. In terms of infantry divisions this force will be modest, but in terms of other decisive factors—airpower, seapower, industrial production, natural resources—it will be second to none in the world. Probably by 1945 they, the peace lovers could become the greatest military people of all time. And so that our United Nations may win they probably will have to.

Nearly as big as Canada Brazil covers no less than 3,286,170 square miles. Much of the acreage is dense, unproductive jungle and much of it is uninhabited if rich, arable land. Brazil's population is 44,000,000 about four times as large as ours. It is the greatest source of virtually untapped natural resources in this hemisphere. Mica, manganese, quartz, nickel, tungsten, bauxite, zinc, industrial diamonds and fibres are found in abundance and experts say Brazil possesses the largest single deposit of high grade iron in the world. There are also rubber, coffee, cocoa and valuable vegetable oils. The babassu nuts yield an oil that is an ideal substitute for coconut oil which used to come in large quantities from the Dutch East Indies and the Philippines. Each year enough unused babassu nuts

# Lyle Benson and B. McK. Davey Win Senior Debating Championship

### Public Speaking Trophies of Junior Board Of Trade to be Presented April 29

Lyle Benson, 4151 Dorchester street west, won the senior oratorical contest of the Public Speaking Club of the Montreal Junior Board of Trade, last Thursday. The subject of his speech was "China Fights On", and the event, which took place in the Board of Trade Exchange Hall, marked the close of the 1942-43 season.

# Back-Yard Garden Plotted By Expert

### Henry Teuscher Describes Methods for Success in Modest Scale Effort

Digging a victory garden, and one of the best ways to produce choice vegetables during spare time in the little back-yard was explained last week by Henry Teuscher, curator of the Montreal Botanical Garden during a lecture at Eaton's.

Demonstrating to a large audience with spade, fork and other garden-tools how to do it, and describing to prospective victory gardeners the few essential tricks needed to get results, Mr. Teuscher said, "You don't have to be an expert to become a gardener for victory."

Eaton's provided a fitting background for the occasion in the form of a large display of the black letter V into which a red gardening fork was "digging," so real was its effect upon the white base.

Mr. Teuscher's explanations were based upon his practical experiments at the local Botanical Garden, where as early as 1939 he began to "build a victory garden, specially for Montreal's soil and climatic conditions. "Books and gardening encyclopaedia are helpful," he declared, "but much study and time is needed to get the necessary information from these books adapted to our local conditions."

firmative side of the resolution "That Proportional Representation Would be an Improvement on our Present Federal Electoral System". The speakers for the negative side were W. M. Goodall and G. H. Marshall.

W. John Sheridan, John S. MacKinnon and Harry J. De Luca acted as judges and Leslie C. Williams, chairman of the Public Speaking Club, was in the chair. Trophies will be presented to the winners at the annual banquet of the Public Speaking Club, which will be held in the Ritz-Carlton Hotel on Thursday, April 29.

# Dr. Ross Discusses Post-victory Plans

Dr. Howard S. Ross, editor of the Forum in this publication addressed the Kiwanis Club of Quebec city today at noon. His subject was "Some Post-Victory Plans." The address was broadcast over CHRC.

After the meeting light refreshments will be served and the classrooms will be open for inspection.

# Camping Course Opens at YMCA

A Camp Counsellors' Training Course for young men and women is being conducted at the Y.M.C.A. under the auspices of the Canadian Camping Association (Quebec Division). The first session was held last Thursday from 7.30 to 9.30 p.m. when Miss Dorothy Percival, Director of Camp Ouarou, was the guest speaker and gave a talk entitled "How Does The Leader Prepare For Camp?"

This talk was followed by a game demonstration prepared and conducted by P. M. McFarlane, Physical Director, Westmount Y.M.C.A.

Approximately 125 young men and women were present at the session, and R. H. Hanagan, Boy's Work Secretary of Central Y.M.C.A. and Director of Camp Kanawana, acted as chairman.

The next session of the course is to be held on April 15 when the speaker will be Miss A. I. Vall, Director of Camp Chapeau, who will talk on "The First Few Days in Camp."

I. Cooper, director of music, Protestant School Board, will be the leader in a practical demonstration entitled, "Camp Singing, Songs We Like To Sing."

objectives are simple and direct. We try to teach a man to think on his feet, say what he really has to say in few and well chosen words, and correct the more obvious faults in his platform manner. We are interested in each man's personal progress and the fact that we have developed outstanding speakers of distinction in the Montreal area is to be regarded as incidental to our real work of seeing each man get the most out of his potential talent.

Mr. Elkins added Mr. Buchanan, "emerged the winner of the silver trophy against stiff competition over the year and the decision to award the cup to him was unanimous."

Alan Isles, in his last official act as president of the 1942-43 season presented Glen Buchanan with a Dunhill pipe and tobacco jar as a token of the members' appreciation of his devotion to their interests during the year. Mr. Isles in a brief presentation ceremony outlined some of the problems which faced an instructor in an organization of this kind and on behalf of the members thanked Mr. Buchanan for the time and effort which he had devoted to the Club's interests despite reserve army duties and heavy schedules of work in his private business.

Master of Ceremonies Master of ceremonies for the evening was Colin Gravenor, club member and director of publicity for the Mount Royal and other hotels under the direction of Vernon G. Cardy. Club members were given a private exhibition by Myrus, Mental Wizard from the Normandie Roof. He amazed and mystified his audience with the adroitness of his replies to their

# OUR SHORT STORY

# HOME ON LEAVE

By DERRY PLEMING

The minute Billy stepped from the train, Valerie knew he hadn't heard about Peter. He wouldn't grin like that if he knew. A young giant in khaki, the tallest man in all those hundreds of men home on leave, he looked up and down the platform with eager eyes. His face lit up as he saw her.

"Vally! Vally!" he cried excitedly. His kitbag dropped on the platform as he hugged her. "Gosh, it's good to be home again!" His blue eyes searched her face. "How's mother? Have you heard from Peter lately?"

Now was the time to tell him. Tell him the bitter, incredible truth: that his idolized elder brother had been invalided home a week ago. That Peter was in a mental hospital. But worst of all — to tell him that Peter, a Captain, who had won the D.S.O. for conspicuous gallantry early in the war, had cracked up in an important offensive. Had actually ordered his men to turn back, and when they refused, had left them and ran. That was the brutal part of it. Peter, so strong, so fine — a coward!

Valerie looked into Billy's eager eyes and turned away. Not now — she couldn't tell him now. Later, perhaps. Break it to him gently. She pulled him down the platform, talking quickly. "Your mother's waiting, Billy. She wanted to come to the station, but I thought the excitement would be too much for her."

"I'll get a taxi," he said at once. "Gee," as they sped along Sherbrooke Street, "everything's just the same." He turned unexpectedly. "You didn't tell me about Peter, whether you'd heard from him. In his last letter, he said he thought he'd be home about the same time as me."

Valerie shook her head. "No," she lied, "we haven't heard from him for over a month."

At Billy's home, she said quickly, "I'll go in and tell questions. Early in the evening News Pictures of Canada took group photographs of the meeting and delivered neatly framed souvenir prints to each member before the close of the evening. These and other presentation pictures were offered to the club as a goodwill gesture from one community enterprise to another.

Mr. Gravenor kept the entertainment at a steady pace. Among other features a quiz program pitted the ladies against the gentlemen. The results, fortunately, were inconclusive but provided entertainment and fun for the better part of an hour. Souvenir programs were donated by Canadian Printing and Lithographing Co. Ltd. The evening finished on a high note of resolve that the seventh consecutive season commencing in the autumn would see the club assuming an ever more important niche in the community life of N.D.G. and Westmount.

Secretary of the club, Stuart Elkins, 5224 Globeret avenue, announced that applications for membership in the new year could be made anytime between now and October. The Club meets weekly in the N.D.G. Community Hall and the season includes twenty instructional sessions with a mid-term dinner for members only and a closing banquet for members, wives, and their friends. It is planned to increase the limited membership of the club for next year.

# Westm't. Women First To Open Re-make Clinic

### Catholic Mothers' Club Will Have Show Tomorrow

More than thirty Westmount women and children will model re-made spring outfits that will be shown at the Re-Style Fashion Show to be staged on Friday evening, in St. Leo's School by the Catholic Mother's Club of Westmount.

The Westmount group is the first group of volunteers in Canada to open a remake sewing clinic without professional assistance. All of the clothes to be worn at the Re-Style Show have been re-made from used clothing by the women in their recently opened clinic.

To demonstrate the need for conservation and the resultant saving in the use of new materials the three branches of the armed forces will be presented in living tableaux to open the re-make show. Mrs. J. Leslie Hodges, chairman of the Women's Regional Advisory Committee, Consumer Branch, Wartime Prices and Trade Board, under whose direction sewing clinics are being set up throughout the city, will open the show.

In addition to the Westmount women who will model clothes, Miss Roberta Beatty, well known radio commentator, will model clothes which she has re-made to aid in conserving material. Mrs. E. Trill, clothes conservation director of Henry Morgan Company, will act as commentator for the show.

Among the Westmount women and children who will model will be Mrs. W. L. Holland and Heather Holland, in a mother-and-daughter ensemble; Mrs. J. T. Rogers and Miss Sheila Rogers; Miss Martha Quinn and Vaughan Quinn in sister and brother outfits; also Miss Dieder Reynolds and Miss Barbara Ann Reynolds.

Others will include Mrs. A. de L. Macdonald, Mrs. W. F. Patterson, Miss Willa Ann Mulligan, Judy Marshall, Elizabeth Harwood, Sheila Ryan, Marie Fauteux, Ruth Pemberton Smith, Margaret Ann Walsh, Susie McVay, Marjorie Melvin, Helen Burke, Marion Reynolds, Rosemary O'Reilly, Frances Callaghan, Nan Fagan, Marie Harwood and Martin Shaw. Mrs. R. W. de L. Harwood, Audrey Ryan, Rosemary Colford and Freddie and Tommy Reynolds.

Mrs. F. Dale Bourcier, a popular Montreal professional model, will also appear as well as direct and train the models. Mrs. G. Macklin Marshall is convener of the show which is being staged by Mrs. Edgar T. Reynolds.

**SPEECH AT KIWANIS**  
"Labor and the Future" is the subject of an address given by R. J. Deachman, well known consulting economist and Journalist of Ottawa, before the weekly luncheon meeting of the Kiwanis Club of Montreal, today, at the Windsor Hotel.

ther. "Oh," her eyes brilliant, "why didn't I see it before?" "See what?" he asked bewildered.

Urgently, she tugged his arm. "We've got to get home, Billy. We haven't a minute to lose!"

When they rushed in, Mrs. Sinclair was standing in the hall. In her hand was a telegram. She seemed dazed.

Valerie gripped the elder woman's shoulders. "It's all a hideous mistake," she cried. "That's not Peter in hospital. It's someone else! Peter's got a scar on his right cheek, and that man has a scar on his left! It isn't Peter at all!"

Mrs. Sinclair smiled weakly and held out the telegram. "That explains this telegram then."

Valerie read slowly. Radiant-eyed, she looked up. "Peter! He's coming home on leave!"

Tests show that glass slowly changes shape and size even at room temperature.

With 16,430 of its more than 73,000 employees in uniform and 184 others on loan as technical experts for war enterprises, the Canadian Pacific Railway is making a major manpower contribution to the Allied Nations' cause as well as doing a vital carrying job on land, at sea and in the air.

Revealed in the latest figures compiled for W. M. Neal, the vice-president, this high percentage of enlistments—almost one in four—is in keeping with the company's transformation of all its facilities to a total-war basis. Maximum use of all its railway equipment meets the exacting schedules of war factories and keeps troop train dates with convoys while its steamships get both men and materials to the fighting fronts. In the air its expanding air lines do 90 per cent of their business on war work and also operate seven schools for the British Commonwealth Air Training Plan and manages five aircraft repair and engine overhaul plants.

The most spectacular part of the Canadian Pacific's war record continues to be written by its enlisted personnel, all of whom are protected as to seniority from the time they "go active." Just as employees were in the last war when 11,340 answered the call to the colors and found their service records unbroken on their return.

Already company men have won a fair share of the decorations awarded in this war by their actions in spots like the bullet-swept beaches at Dieppe and the flak-filled sky over Hitler's Reich during hammer blows from the air. At sea Canadian Pacific ships and men in "trooping" details have their own thrilling story of gallant sacrifice and high honors "for good services." There is a story which cannot be told in anything like more.

detail now but it includes action in the landings at Oran, the sinking of an enemy U-Boat by the "Duchess of Bedford" and the loss of several proud vessels including the "Empress of Britain" and the "Empress of Asia."

All branches of the company's major enterprises are represented in the list of those who are in the front lines with 8,840 from the railway, 5,591 from the steamships, 563 from the express company and 39 from the air lines. Over the same period Reserve Army enlistments have been 1,397 with 139 of these men being members of the Victoria Rifles of Canada in Montreal, where they make up an all-Canadian Pacific company in the Victoria Rifles' second battalion.

# Citizens Advised All Small Coins Should Circulate

"Keep coppers circulating". That is the advice given to a resident of Westmount by her local bank manager.

The woman has been saving all the odd cents from her house-keeping funds for some time past and when she took them to the bank to buy war-savings stamps, instead of being congratulated on her economy, she received a lecture from the manager.

"You are holding up the Government," he declared. "All cents, yes, and silver too, must be kept in circulation."

She was further informed that when she had saved even twenty-five cents she was to buy a stamp straight away and not hold the coins until she had collected any amount.

**GLYCERINE FOR ADOLPH BENITO & TOUO**

**Save ALL WASTE fats & bones**

Canada needs and must have every spoonful of fat drippings, every piece of scrap fat and every bone from every kitchen in Canada. Fats make glycerine and glycerine makes high explosives. Bones produce fat. Also glue for war industry.

Don't throw away a single drop of used fat—bacon grease, meat drippings, frying fats—every kind you use. They are urgently needed to win this war.

Strain all drippings through an ordinary strainer into a clean wide-mouthed can. Save your scrap fat (cooked or uncooked) and all types of bones—cooked, uncooked or dry.

When you have collected a pound or more of fat dripping, take it to your meat dealer who will pay you the established price for the dripping and the scrap fat. Or you can dispose of them through any Municipal or Salvage Committee collection system IN EFFECT in your community.

Be a munition maker right in your own kitchen. For instance, there is enough explosive power hidden in ten pounds of fat to fire 49 anti-aircraft shells. So—every day, this easy way, keep working for Victory for the duration of the war.

## ENGAGEMENTS

Mr. and Mrs. W. O'H. Percy, of Westmount, announce the engagement of their daughter, Cynthia Frances, to Lieutenant William K. Weber, R.C.A., son of Mr. and Mrs. H. Oscar Weber, of Montreal. The marriage will take place this month.

The engagement has been announced in Ottawa of Miss Jean Douglas, youngest daughter of Captain and Mrs. William Douglas, of that city, to Thomas Woodman Stewart, R.C.A.F., son of Group Captain and Mrs. H. R. Stewart. The marriage has been arranged to take place in Ottawa on April 17. The bride-elect is a niece of Mr. and Mrs. James Douglas, of Westmount, and has many friends in Montreal.

## APPROACHING MARRIAGES

**Carmichael-Macdonald**  
A marriage has been arranged between Sub-Lt. Currie MacRae Carmichael, Jr., R.C.N.V.R., only son of Mr. and Mrs. C. M. Carmichael of Westmount and Diana Margaret, only daughter of Mr. and Mrs. H. V. C. Macdonald, The Uplands, Victoria, B.C. The wedding has been arranged to take place quietly on Saturday, April 17, in Victoria.

## WEDDINGS

**Burke-Millette**  
The marriage of Margaret Dalton, daughter of Mr. and Mrs. J. E. Millette of N.D.G., to Mr. Edmund Francis Burke of Westmount, son of the late William Burke and of Mrs. Burke of Ottawa, took place Monday morning at eight o'clock in the Church of St. Augustine of Canterbury, the Rev. Father B. McDonald officiating. Standards of spring flowers, ferns and palms were used as decorations in the church. The bride, who was given away by her father, wore a two-piece suit of heaven blue wool, a pompadour hat of matching felt veiled in brown and brown accessories. Her corsage bouquet was of orchids and sweet peas.

Miss Rita Millette, as maid of honor and her sister's only attendant, was in a two-piece suit of navy blue crepe and wore a small off-the-face matching hat with accessories of the same color and a corsage bouquet of Joanna Hill roses. Mr. Maurice Hughes acted as best man for Mr. Burke.

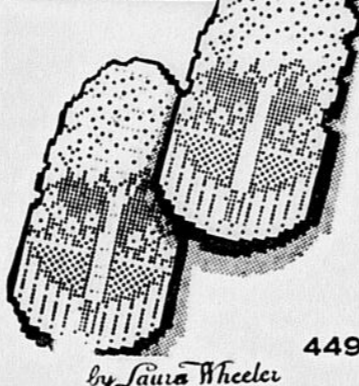

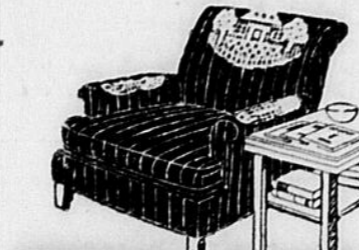

Mrs. Millette, the bride's mother, wore a gown of French blue crepe, a large brimmed hat of the same color trimmed with taffeta and a corsage bouquet of pink carnations. Mrs. Burke, mother of the bridegroom, wore a black wool ensemble trimmed in mink with a black hat and accessories and a corsage bouquet of pink roses.

Later Mr. and Mrs. Burke left for Quebec, the bride wearing a beige lama wool coat over her wedding costume. On their return they will reside on Victoria avenue.

The out-of-town guests included Mrs. William Burke, mother of the bridegroom and Miss Dorothy Burke, of Ottawa; Mrs. Desmond Burke, of Kingston, Ont., and Miss A. Kemp, of St. Johns, Que.

## HOME ECONOMICS

Smart; Protective

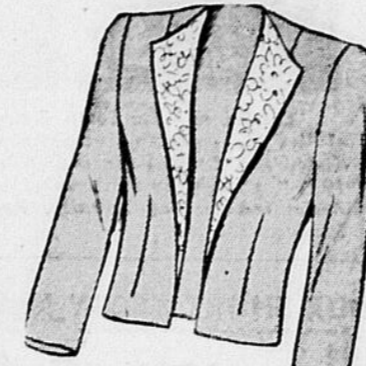

By Laura Wheeler

Combine beauty and economy—and make this new filet crocheted set for chair, davenport or buffet. Its cottage-and-tree motif is charming. You'll find this set useful both for hiding shabby places, and for guarding against future wear. Pattern 449 contains charts and directions for making set; materials needed; illustrations of stitches.

Each pattern costs twenty-five cents (25c), which should be sent in coin (stamps cannot be accepted) to The Examiner, Needlecraft Department, 2191 Hampton Ave., N.D.G., Montreal. Write plainly the pattern desired, the pattern number, your name and address. Because of the slowness of the mails delivery of our patterns may take a few days longer than usual.

Dress and jacket revers, requires 2 7/8 yds. 39-in.; jacket, 2 yds. 39-in. contrast.

## Catholic Mothers' Club Presents A Restyle Show

Under the convensership of Mrs. G. Macklin Marshall, the Catholic Mothers' Club of Westmount will present a restyle fashion show on Friday evening, April 16, at 8:30 in St. Leo's School Hall. Mrs. Edgar T. Reynolds is in charge of stagings.

Mrs. F. Dale Bourcier, well-known model, is coaching the models, as well as modelling herself. Miss Roberta Beattie, of the radio program "For Ladies Only", will model some of her own restyled fashions. The commentator of the show will be Mrs. E. Trill, director of Morgan's Clothes Conservation Department, and several models from this school will also be shown.

Mrs. J. Leslie Hodges of the Women's Advisory Committee of the Wartime Prices and Trade Board, will address the audience with reference to the government's plan for clinic centres to instruct women in the art of re-making clothes.

The Catholic Mothers' Club, of which Mrs. A. A. Paré is president, is the first organization to undertake this type of display. Many interesting costumes have been assembled, and wardrobe-wearables have been transformed into snappy spring styles. Mother and daughter ensembles, brother and sister outfits, sister acts, as well as many individual styles have been fashioned from father's old suit, mother's out-of-date evening gown, and even household curtains have been

## Penny Thoughts

By MARGARET SEATON CORRY

### Souvenirs

This is the time of year when minor household duties take on the importance of a major job and the year's grime on rugs, draperies and slip-covers, etc., gives way before a wave of soapy water and cleaning fluid. Busily, we hurl ourselves into the job at hand, our head swathed in a kerchief, until on the point of fatigue, we come to that messy drawer. Limp as a rag doll, we draw up the softest chair in the room and settle to straighten the scattered contents and snatch a few minutes' rest.

In the profusion before us, we find forgotten little mementos which bring back memories of the past. A small tasseled dance program, with a dangling pencil and every line filled with "Bill", takes us back to a very special dance at the club, where the music-filled darkness is pierced by spasmotic flashes from a colored spotlight and couples move slowly (or not at all) like drooping-headed foxgloves swaying in a gentle breeze. In new ruffled finery, we imagine ourselves an entirely different person, being spirited through space by a rugged individualist.

And Bill? Then, a tall, broad-shouldered lad, who apologized profusely every time he clumsily missed a step. Quite probably, now hardened by time and experience into a hard-eyed business man with a cold-blooded attitude towards the dollar, with a wife, girlish and cute, and a dog named "Spike"—you never can tell!

We turn our attention to the package of letters, tied with be-draggled blue ribbon, varied in handwriting, representing several stages of our teen-age flirtations with freckled-faced or berry-browned youths, and, with the

batch of tender heart throbs in our hands, we weigh the folly of putting them back in the drawer against the wisdom of tossing them into the wastebasket.

Youth, that free, joyous, unfettered period, when you straddle a chair like you would a young colt, dash about a tennis court with the speed of a whippet and eat a conglomeration of overly-decorated confections without ill-effects. Youth! The letters are a link to the past—they go back into the drawer.

Slowly, we continue through the assortment—the old school "mag" autographed to within an inch of its life, the silver medal given to runners-up in the tennis finals and the little red box with a collection of school and club pins. Then, there is the little flat box with the handkerchief of hand-made lace and the tiny square of silk in its centre. A gift of that dear old friend of Grandmother's, given at a time when we were too young to appreciate its exquisitesness or its value and now that we do, it still remains in its little flat box—too exquisite to be used.

Straightening that untidy drawer has taken the better part of the morning, but it has lent much to keeping the dew on the rose. We close the drawer with a sigh. There is something about spring-cleaning...

### Flat Shoes Belong To Sportswear

Claudette Colbert suggests in answer to the shoe rationing, that women should use common sense about shoes and select them for the clothes with which they will be worn.

Miss Colbert says, "Flat shoes belong to sportswear and high heels to afternoon and evening." It all depends on the women themselves and their ability to follow the star's example wisely and smartly, whether they will be well "shod" or not, on three pairs of shoes a year.

Funny thing about temper. You can't get rid of it by losing it.

### Detachable Lingerie Makes Neat Trim

Starring for desk to date-time duty is the dress with detachable lingerie trim! Basically simple, they are noted in young one-piece styles or double-duty dresses.

They're wonderful for work as is or with a demure little white pique collar or dickie. For after hours—the gaiety begins with the most feminine lingerie trims ever! For instance, big organdie bows that snap on and off—frilled and ruffled collar and cuff sets—frou-frou dickies—striped taffeta gilets—these are just a few of the quick changes possible! Newest of all are the country calico trims on "big-city" blacks!

Versatile as can be, see these lingerie trim dresses at your local stores today. All to wear round the clock—to add to a pretty, as well as practical wardrobe!

#### Prepare Victory Rolls Hours Before Serving

When Betty Rhodes entertains service men at her home, her mother makes "Victory Rolls" and the Army, Navy and Marines really go for them. Here is her mother's recipe:

Put through food grinder one pound of yellow cheese, two hard boiled eggs, one can ortega chili (green) peppers. Add one small can tomato sauce, one can minced ripe olives, one-fourth teaspoon salt, pepper and garlic salt. Split long rolls and spread with mixture. Wrap individually in wax paper and twist ends—tamale fashion. Heat in oven 350 degrees for 30 minutes. This recipe makes two dozen rolls and can be prepared hours before serving.

#### BUNNIES WORK FOR LIVING

Mrs. Joseph Dunhill of West Hill, Ont., believes in making her pet rabbits work for a living. She takes their wool and through a dyeing, spinning and carding process, turns it into clothes for her family.

### COMMISSIONS RECEIVED

Thirty-nine cadets of the Canadian Women's Army corps received their commissions from Major-General T. L. Tremblay, C.M.C., D.S.O., E.D., A.D.C., joint associate director of National Selective Service, and Inspector General (Army) Eastern Canada. This event took place at Sherbrooke, Que., on April 2nd, and was held in conjunction with the unique all-woman "C.W.A.C. Tattoo." Above are five Quebec girls, all from Montreal, who were among the graduating cadets. Left to right, 2/Lt. Margaret London, 2/Lt. Jacqueline Morin; 2/Lt. Lorna Gilday of Westmount; 2/Lt. ### HOME EDUCATION

## THE MATTER OF SELF-CONTROL

EMMA GARY WALLACE

Behavior problems are usually due to lack of self-control. Temper tantrums, for example, are really exhibitions of emotional disturbance during which the child lets go and gives full rein to anger, disappointment, stubbornness, jealousy or whatever state of mind clamors for expression.

A thinker who has given a good deal of attention to character education and to the development of agreeable personality patterns on the part of little children tells us: "Self-control is one of the influential attributes of thinking individuals."

This being the case, it plainly is important that the teaching of self-control should begin when the child is very young and continue in a wise, kindly but firm manner as infancy merges into later childhood.

Just how shall we go about such teaching? How shall we carry it on? It would seem the logical course to pursue, to lose no time after birth in establishing regularity of physical habits, and in so far as possible to avoid interruption of such habits. The young child should have regular periods for bathing, feeding, sleeping and waking. If fond relatives arrive after the little one has been put to bed, he should not be disturbed. The lesser evil is to let the visitors go home without seeing him.

All other habits that are found to be advisable should be given a regular time and place. Then, for much of the time, the little one should be left undisturbed to become accustomed to natural conditions around him. He should learn as early, as possible, to be good-natured and to enjoy himself. When we have aided him to establish such behavior, we have laid a very good foundation for self-control.

But if a child is irregular in his physical habits, he will be irritable. If regular hours are not maintained for rest, exercise in the open air, bedtime and so forth, nerves will get on edge and outbursts of irritability will follow because of fatigue.

And the moment that a child finds that by making a fuss he can get his own way, he will become more and more ready to cry or make the kind of a rumpus he has learned how to make. He has now learned his first lessons in lack of self-control, and from this point on, the emotions will be more and more a governing factor in the program of the child's life.

When, in such cases, an outburst occurs, the course of treatment to follow is one of apparent indifference. The child should be ignored and if possible put into a room by himself and left there to learn the needed lesson that an uproar doesn't secure anything for him or do any good. Few children will continue their exhibition of bad temper very long if they are left without an audience.

Much the same is true when children refuse to eat. If they are not ill, and such refusal is an attention-getting device, they should not be urged to eat nor bribed with the promise of some delicacy, nor should they be scolded. They should wait until the next meal, at most receiving nothing more between meals than a drink of milk.

When they find that it is a case of eat when they ought to eat or go without, they'll soon discover that self-control is much more comfortable than yielding to their wild emotions. Success and happiness in later life depend so very much upon self-control that unfortunate is the person who lacks it.

### Grapefruit Hull Makes Frog For Flower Bowl

Helen Walker has found that half a grapefruit hull makes an attractive frog for a flower bowl if holes are punched in the hull with the tines of a fork.

Miss Walker arrived home after working all day on Paramount's "The Good Fellows" and found a beautiful box of flowers. Due to the scrap drive she had no metal frog to help in arranging the flowers. This problem she solved by using the grapefruit hull, which is colorful as well as practical and certainly lives up to our wartime conservation ideas.

### Hard Water is a Soap Waster And Makes Laundering Harder

Hard water is one of the difficulties that beset households in many parts of Canada and too often nothing is done about it.

As well as making washing and cleaning a laborious business, to say nothing of its effect on skin and hair, hard water is a soap waster requiring often as much as three times the quantity required for use in soft water.

Chemicals seldom completely soften water but are considered the most practical aids for general use by the Laundry Division, National Research Council. The extent of softening depends on such factors as the character of the water supply, the chemicals used, the application of heat and time of standing.

The chemicals most commonly used and sold under trade names are carbonates, phosphates and silicates of sodium. Washing soda is probably the least expensive to use, according to laundry officials, although trisodium phosphate is the basis for many special brands. Since any excessive use of water-softening chemicals may weaken certain fabrics, a test of the amount needed in a particular district is recommended. Repetition of the test from time to time is suggested since the degree of hardness of a local water supply is modified by heavy spring rains and melting snow.

The amount of water softener to be used may be determined roughly as follows:

Measure the amount of water (the number of gallons in the washing machine, or the number of quarts in a small tub or hand basin) and add the chosen water softener in the proportion of one-half teaspoonful for each gallon. Stir thoroughly. If any appreciable amount of scum or cloudiness appears, let it settle for five minutes. Remove any scum that forms, then dip out a pint of water and add one-quarter teaspoonful of soap. Shake well. If this produces a good lasting lather, the water is soft. If it only produces more scum and cloudiness add more water softener in the same proportion, (one half tea-

spoonful for each gallon), remove the scum, and repeat the test. Repeat this until the water is really soft. This may take some time at the beginning, but once it is learned how much softener is required for future reference. It is important that the softener be thoroughly dissolved and any scum removed before soap is added.

Boiling hard water, convenient only for treating small quantities, will help when the hardness is of a "temporary" nature, but does not completely remove the hardness present. In this process the insoluble compound first forms a cloudiness in the water and then on standing, settles to the bottom of the vessel. The clear water may be siphoned, poured, or filtered off.

When preparing white sauce for vegetables, add a few chopped almonds, or, if you have them, Brazil nuts.

Musical Sharps Flats and Naturals by Frances Goltman

A new project is under way in Notre Dame de Grace. Always known as one of the most progressive communities of the city, a Provisional Committee under the chairmanship of Mrs. J. F. Cartier, is launching a campaign to open a Children's Library under the auspices of the N. D. G. Community Council and there isn't a parent or adult who should not be keenly interested in this venture, which would be a welcome asset to the cultural as well as educational background of the youth of the vicinity.

As this column is devoted to "matters musical" we shall discuss the importance of a music section. The surprising lack of musical literature in a city the size of Montreal is amazing. There are a few public libraries that have books on music but the reading material is not of the type that would attract children. Appealing books to young people would be biographies of the great masters in simple story form, stories of the instruments, history of music in simple form without making too much stress on technical viewpoints. The educational value of musical history and biography may be ascertained by the results of Dr. Walter Damrosch's Musical Appreciation Radio Hour. Children became much more "music conscious" and sought out literature on music because they were awakened to this art. It is a well known fact that the children of the United States know a good deal more in the earlier school grades about composers and different types of music than the children of Canada for no other reason than they become acquainted with the facts sooner. Naturally, their interest is aroused and when they hear symphonic masterpieces, they are not only acquainted with the number itself but with the instruments used and the biography of the composer. How much more interesting and entertaining when a child can listen to music with the feeling that it is an old friend. This can be easily helped through reading.

If one can awaken a spark of musical appreciation in a youthful mind he is doing a great cultural service and by inviting children to read good books on music, such a service is being rendered. To direct children in the right channels is to help them aspire to higher ideals. We earnestly hope that this splendid venture will soon be a reality and that every type of literature will be included in the library, which will help some child mould his future career.

Claudette Colbert says that a girl could be suitably dressed with a wardrobe of three suits. A play suit for play or work; a man tailored suit for business or luncheon and a dressmaker suit for afternoon parties or later in the evening. "If a girl has three suits," Miss Colbert said again, "and interchangeable blouses and accessories, she can be very well dressed for any and every occasion."

# SIX SENIOR SOFTBALL TEAMS ATTENDED ORGANIZATION MEET; NEW RULE MADE FOR UMPIRES

### Dodgers Will be Only City Team in Loop This Year — League Season Opens May 17th

Six teams were represented at the organization meeting of the Westmount Municipal Senior Softball League held on Friday night at Victoria Hall. Four of the teams were aggregation-teams which played in the loop last year, including the championship R.C.A.F. No. 3 Training Command squad, the runner-up Dodger team, the R.C.A.F. No. 12 Equipment Depot team and the R.C.A.F. No. 1 Wireless School. The pair of newcomers were the No. 14 Canadian Provost Corps from the Westmount Barracks and the R.C.A.S.C. (Motor Transport) team.

Another definite entry in the league is the No. 4 Ordnance Corps team from the Westmount Barracks.

It was decided at the meeting that an effort should be made to raise the strength of the league to nine teams so that a double schedule could be arranged with each team playing sixteen games. The R.C.O.C. from Longue Pointe have been contacted and in all probability they will be the eighth club in the circuit.

The league rules were gone over and a few amendments made. One important change in the set up this year which will be an improvement is the appointing of base umpires. In other years the base umpires were picked up from the spectators at game time.

Most of the teams seemed to be optimistic about their prospects for the season. Wing Commander Martin from the Command team will have George Scully back on the mound with Warren Butler the other half of the battery, so they are all set.

Corporal Caron from the No. 12 Equipment Depot will have Bradley available for mound duties again, Bradley won four and lost five last year.

"Knucker" Irvine, the hurling captain of the Montreal East squad last year will not be back, as he has left the Depot.

Lagrange, the stylish little shortstop will be back again but Baril, the league's leading home-run hitter last year who covered the initial sack for the Depot team, will be missing.

Al Rowbotham and Bill Gard-

ner are two of the veterans from last year's squad who will be back with the Wireless School team. Gardner played left field in the Wireless School's sensational outfield where he garnered in many a long fly while Rowbotham was a shortstop. Joe Richman R.C.A.F. No. 3 Training Command squad, who played for the Royals two years ago will be playing for the "Sparks" this year.

Art Mann who first organized the Dodgers two years ago will be back at the helm again this season. The Dodgers will be the only Westmount team in the loop. The club will be a composite team of the players remaining from the Dodgers, Royals and Swans of last year. Mann is lining up a strong team with Allan Drake and another well known hurler booked to look after the hurling duties. Emmett Millen and Bill Willock will do the catching while Johnny Mahaffey is slated to play first base. Other players expected to be available are Kevin Kennedy, second base; Doug Maher, shortstop; Noel Romney, Tom Brennan, Stu. Beaulne as outfielders and Frank Provost, 'Pee Wee' Read and Doug Alexander as infielders.

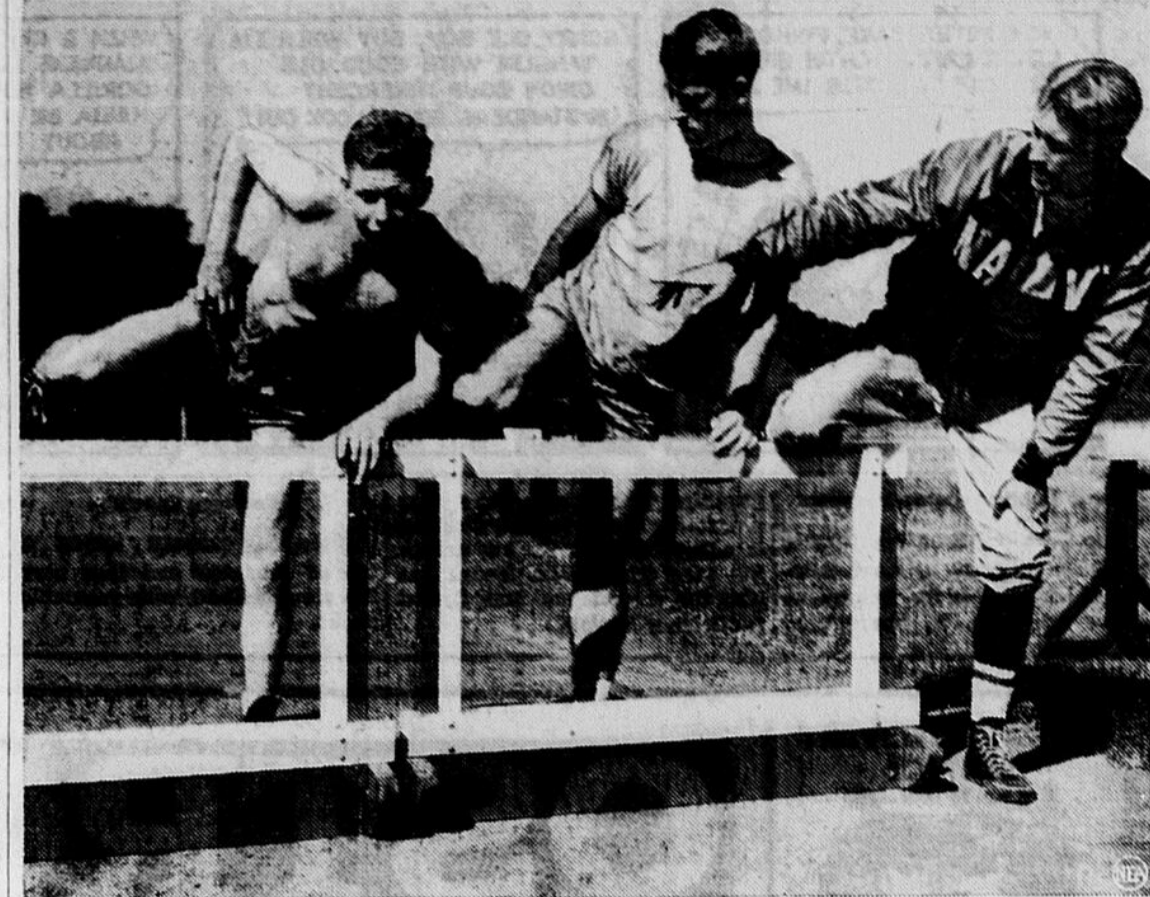

The league schedule will open on May 17, with a double-header at Westmount Park. Twin bills will be played every Monday and Wednesday while three games will be on the bill for every Thursday. Another league meeting has been called for May 10 when the final plans will be gone over thoroughly.

The following attended Friday's meeting: R.C.A.F. No. 3 Training Command, Wing Commander Martin and Corporal George Scully; R.C.A.F. No. 12 Equipment Depot, Corporal Caron; R.C.A.F. No. 1 Wireless School, Sgt. Bill Gardner; Canadian Provost Corps, Sgt. Ed. Butler and Lance (Corp. Rate); R.C.A.S.C. (Motor Transport), Captain Ross Malcolm, C.S.M. Rolph, Lance (Corp. Art Potter and Private George Jones; Westmount Dodgers, Private Art Mann, Superintendent of Parks, E. J. Anderson and recreation supervisor Jim McCormick.

The Viceroy of India is bound by the advice of the majority of his Executive Council in all executive decisions, and though he has the right to overrule them in certain specific circumstances, this right has not been used since 1879. Matters of policy, too, even those relating to external affairs are increasingly submitted to the Executive Council for advice. The arrest of Mr. Gandhi, for example, and other measures taken to counter his movement were decided upon by a meeting of the Executive Council, at which only one British member, in addition to the Viceroy, was present; the ten other members present were Indians.

## "Y" Softball Men To Have First Try At Baseball Game

### Team Among Those Applying to Join City Bantam Section

Three teams applied for membership in the bantam section of the Westmount Municipal Baseball League at a meeting of that league held last Friday afternoon. The trio of clubs making application were the champion Bombers from last year, managed by the O'Meara brothers, John and David; the Roslyn team which also played in the loop last year, managed by Mr. Lawlor, and a team from the Westmount Y.M.C.A., represented by Cam McFadden and Ron George.

It is rumored that a fourth team organized by Earle MacDonald, a leading hurler with the Bombers last year, will apply for a franchise in the league.

The team from the "Y" will be made up of players experiencing their first season in hardball as most of their players are softball experts, but they are going to try their hand at the other game this year as well.

The eligibility rules for the league this year are that the players must weigh 115 pounds or less and must not be more than 14 years of age. The deadline for the age rule is the same as hoc-

## Physical Fitness Through Exercise And Diet

This is another in a series of health articles by P. M. McFarlane, Physical Director at the Westmount Y.M.C.A.

Dr. T. K. Cureton, in one of his recent publications, titled "Physical Fitness Workbook", has a rather interesting paragraph on the topic, "How Can Physical Fitness Be Developed?"

This authority states that young men, relatively unfit, have a hard time in military camps— if they pass the physical examination to get in. Military experience is more interesting, more satisfying, and relatively more safe for those who are fit. One way to get fit—the hard way—is to go into a military camp and do the best possible.

A better way is to begin now to learn all that is possible about Physical Fitness and to cultivate that state with all the energy available.

How will we proceed?  
Regular participation and earnest effort in some well-planned program of health and physical education will account for con-

siderable improvement. Taking tests of physical fitness will motivate you and show you where you are in physical fitness.

Self-tests, and partner-tests, group tests—all will be used to set tasks for you to exert your strength, suppleness of body, skill, speed—hard enough—long enough—so that you feel it. Each task must tax you.

Every time you "go the limit" on some physical test, you make it easier the next time, particularly if you repeat the effort.

It is a good idea to keep your own records and watch your improvement.

The group callisthenics will help, if you do them day by day, but endurance events in running, swimming, wrestling, boxing—begun moderately and gradually increased in dosage—will bring marvellous results.

How about starting right away? —Remember in work or play, fitness wins.

Each Indian State has its own Indian ruler, who is in treaty relations with the British Crown. These rulers have control of all internal matters within their respective states but do not deal with external affairs.

# Every war-worker's TWO-FOLD JOB!

- 1—Maintaining and increasing production
- 2—Helping finance the war

WHEN the Allied forces went on the attack, your two-fold war responsibility became greater than at any time during the war.

For on the attack, war materials just seem to melt away. The consumption of the supplies you are making is going on at an unbelievable rate—hastening the day of Victory and Peace.

This means that the production of war supplies must go on; ever faster. It also means that the cost of the war is becoming greater.

A great deal of these two responsibilities must be carried by war workers like yourself. Only you can maintain and increase the flow of essential war materials. And you, in common with every loyal citizen of Canada, can help finance the increasing cost of the attack.

Your purchase of Victory Bonds is an essential part of the Allied war strategy. Bonds are intended to

be purchased by anyone. They are not reserved for financiers, merchants, bankers or people of wealth only. You and I, and all of us can and should own Victory Bonds.

The fourth Victory Loan will open soon. The millions of workers employed in Industry—war and otherwise—are counted upon to loan a definite part of the amount required in the biggest loan yet asked of the Canadian people. To reach it, more men and women and children must become bond purchasers, and it will be necessary for those who have purchased bonds in previous loans to buy more bonds.

When your fellow worker calls on you to buy Victory Bonds BE READY. Give him two orders. One for cash, and the other for the very limit that you can buy out of earnings, on the Payroll Savings Plan. Plan now to do your part to sustain the attack!

## Five Teams Enter Pee Wee Section, Softball League

### Possibility of Sixth Team Joining Later

Plans are now underway for the annual boxing show to be held in the Academy Hall around April 30th. Invitations are expected to be sent to the following schools for competitors: Westmount High, Loyola, Catholic High, and in addition it is to be hoped that Central Y.M.C.A. will oblige with a few top notch hopefuls.

### Academy Boxers

Coach Andy McGillis has picked quite a number of boxers whom he will probably enter as representatives of St. Leo's in the coming boxing show.

75 pounds class, will be Phil Martin vs. Ken Black, two terrors of the small fry.

90 pounds class, D. Donnelly is likely to box Raymond Orr.

100 pounds class, Andre Sawyer, the most promising of that class will likely battle J. McVey or J. Lunny.

110 pounds class, Leo Rooney being the most promising member will represent the Academy.

115 pounds class, J. Rogers and J. Martin, both leaders in that class, will battle it out.

120 pounds class, D. Manning and W. Harold will be representing the Academy.

125 pounds class, R. Ciceri will be the only representative of that class since the departure of Doug McGillis from the ring.

130 pounds class, E. Lehman, H. Norris, A. Lemire all battlers who will represent the Academy.

135 pounds class, T. Rogers and J. Heney, two terrors to help to uphold the gloves of St. Leo's.

140 pounds class, M. Orr, the most promising boxer of the Academy ring will display his fine form in the coming show.

P. Peterson the only remaining Kid Glover of 1940, will also display his tactics in boxing for the Academy.

F. Creaghan, the battler of the 140 pounders, will also box in the coming show.

150 pounds class, J. O'Brien is the only boy expected to box for the Academy in the 150 pounders.

**Odds and Ends**

McVey of the 90-pounders is doing very well for his first year in the square.

E. Lehman is becoming very prominent among the battlers as

being able to both "give it and take it".

Andrew Alexanderowitz, a Polish guest, is doing very well for his first year in the ring.

Donald McDonald who managed the Red Wings last year may have his team back in the loop before play gets underway which would make the sixth team for the league.

The eligibility rules will be the same as last year with the players having to weigh eighty pounds or under with the exception that each team is allowed to have two players weighing ninety pounds or under.

No date was set for the league opening but it will be sometime in early May, as soon as the diamonds are fixed. Any other teams wishing to play in the league should get in touch with the recreation supervisor in the office at the greenhouse immediately.

# LETTERS to the EDITOR

## BIBLICAL INFALLIBILITY

May I trespass upon your space to ask Mr. Roy Taylor "as a presumably intelligent man," one or two questions? Mr. Taylor, I take it, believes in the literal and inerrant inspiration of Holy Scripture, and would probably accept with pride the title of Fundamentalist.

To what version then of Scripture does Mr. Taylor attribute infallibility and inerrancy? We possess—even if Mr. Taylor uses versions in the original Greek and Hebrew—only copies of copies of copies.

If, as I suspect, Mr. Taylor uses the "King James" version, of the many English translations, does he attribute plenary inspiration to the Bishops and Doctors of the Church of England who made that truly magnificent translation? It seems rather a broad assumption! Or does he prefer Wycliffe's, Tyndale's, Henry's, the American Revised, Moffat or Weymouth, to name only a few of the English versions?

I do not wish to be understood either as attacking the authority of Scripture, or as defending Mr. Goth, of whose views I know

nothing. But I do wish to point out to Mr. Taylor that some authority must interpret the Scripture; and that authority is the Church. It is quite true, as the 6th Article of the Church of England says, "Holy Scripture containeth all things necessary to salvation," but this must be taken in conjunction with Article XX, which says, "The Church hath authority in Controversies of Faith," and the interpretation of sacred Scripture must fall under that head.

I shall be particularly interested to read Mr. Taylor's reply to my first question, together with the reasons he may give. May I say in conclusion that the theory of "private interpretation" is what has given rise to the extravagances and follies of Christian Science, British Israelism, Russellism, Huchmanism, to say nothing of the almost infinite variety of "protestant" sects. For myself, I take my stand with my mother, the Church of England, in appealing to Holy Scripture as interpreted by the first four General Councils, and the "godly and ancient Catholic Fathers and Doctors."

Yours very truly,  
CHURCHMAN.

## STRIKES AND WAGES

To the Editor,  
One looks with wonder and amazement at the strikes that break out here and there.

Labor seems to be under the impression that strikes can increase wages.  
They may, of course, in some instances, but an increase of wage rates, if generally applied, would not increase, would almost certainly decrease the real income of the workers! Wages are costs, not infrequently, affects the volume of demand, total wage payments may fall even while wage rates rise.

This happened very clearly in the United States in 1937. In that year business started to move ahead. Wage rates rose sharply. There was a business relapse. Total wages and salaries were \$3.8 billion less in 1938 than in 1937—did not recover the 1937 level until 1940. The same thing happened, though in milder degree, in Canada.

Consider the situation in the ten years 1929-38, the period immediately preceding the war. Total wages paid in Canadian manufacturing varied from \$602 million in 1929 to \$297 million in 1933. Labor received a slightly higher percentage of the net value of products in 1929 but not much.

If the percentage paid in 1933 had been exactly equal to that paid in 1929, labor would have had almost six million dollars more but it would still have had \$239 million less than it received in 1929.

The vital interest of Labor is in the volume of production rather than in the rate of pay. Striker though that may seem to some who have not given the question much consideration.
