Annual Meeting Barrie Memorial Hospital Urges Action on New Hospital

Amount of Government Grant Supposed to be Known in Next Few Weeks

The annual meeting of the Barrie Memorial Hospital was held on Wednesday afternoon at the Town Hall, Ormstown, with a fair number of interested persons present. Mr. R. E. Walsh was in the chair and opened the meeting by having the minutes of the last annual meeting read by the secretary, Mr. W. G. McGerrigle.

The chairman's remarks were quite brief and he pointed out that the hospital had operated with a deficit as would be seen by the Financial Statement. It would also be noted that the number of ordinary memberships had fallen off and that a larger sum in discounts to members had been paid out than the amount received in actual membership fees for 1948. He said that the governors had met the Minister of Health for the Provincial Government, and through the local member, Mr. Laberge, had been informed that there was a possibility that a grant amounting to about \$263,000 would be secured for the new hospital. This was to be made through Order-in-Council, but required ratification by the Premier as to the amount. Due to the illness of the Premier there had been a delay and it was possible the actual results would not be known until near the end of the month.

The report of the Women's Auxiliary was read by Mrs. E. M. Stalker. The Women's Auxiliary of the Barrie Memorial Hospital held 24 meetings since last April with an average attendance of from 10 to 12 members. The sewing of new material has been given out and done by various people in their homes, which is greatly appreciated. We have lost a good member in Miss Isabel Tanner moving away in the absence of Miss Laura Walsh, Mrs. Stalker and Mrs. Mann have been assisting in the work.

New material has been bought for the making of drapes and chair covers. A new washing machine and extractor for the laundry has been purchased, kitchen, 2 utility rooms, 2 bathrooms and front stairs painted. New linoleum for second floor bathroom. Repairs done to all walls and painted. Electric cables replaced in elevator. A door put on the office making for privacy.

Respectfully submitted, Marion E. Swan
Dr. M. R. Stalker, Medical Superintendent, gave the following report of the hospital administration:
HONORARY MEDICAL SUPERINTENDENT'S REPORT 1948
Mr. Chairman, Governors and Members of the Barrie Memorial Hospital.

This report covers the year 1948, the last year of the Barrie Memorial Hospital.
(a) MEDICAL BOARD
The medical board has continued to meet monthly, with Dr. Roland Martel as Chairman and Dr. C. F. Hyndman, Secretary. The attendance has been so good that the dining room will no longer accommodate the number present. The enthusiastic discussion at these meetings has been very stimulating. During the year Dr. Roland Martel has been appointed an Assistant Surgeon. We wish to welcome a new member to the Medical Board since the beginning of this year, Dr. J. A. Davison, a senior man with long and extensive

Farm Forum Rally To Be Held at Howick

The Chateauguy-Huntingdon County Farm Forum Committee members met in the Town Hall, Ormstown, Que., on Thursday, April 14th, with Mr. W. J. McCartney as chairman and Mr. R. J. M. Reid of Hemmingford as secretary. Arrangements were made for the Annual Farm Forum Spring Rally to be held in conjunction with the Annual Public Speaking Contest, sponsored by the Chateauguy-Huntingdon Women's Institutes, on Wednesday evening, May 4th, in the Howick High School. Previous events of this nature have been very popular and present indication predict an even greater interest this year.

Fine Choral Service at St. Andrew's

Combined Choirs Three Churches Take Part

A capacity attendance was on hand on Sunday evening for the Easter Choral Service which was held in St. Andrew's Presbyterian Church, with the combined choirs of the three Protestant churches under the direction of Mr. J. B. MacMillan. This type of service was new to people of Huntingdon and they have come to expect something of a very enjoyable nature from them. They were not disappointed, for if anything the programme given was perhaps the best yet.

The ministers of the various churches all took a part, with Rev. R. D. MacLean in charge. Rev. Conrad read the scripture, Rev. Hatcher also read scripture, and Rev. J. B. MacMillan gave the prayer. Rev. J. B. MacMillan was one of the members of the choir. The congregation sang three hymns: "Jesus Christ is Risen Today", "The Strife is O'er" and "Praise My Soul".

The balance of the evening's programme was in the hands of the choir and they certainly did a very fine job. The music led up from the passion theme to the Resurrection theme. Before each piece was sung, Rev. R. D. MacLean read the words of each piece, thus giving the gathering a better appreciation of the message that was being given in song. The first numbers were "O Sacred Head" by Bach, followed by "There is a Green Hill" by Gounod in this solo. Mr. Wood took a solo part and was also in a duet with Mrs. S. Ruddock. Both took these parts very well and so did the choir as a whole. The second set was as follows: "When I Survey" by Mozart, with Mr. George Dixon making the solo part of "Saviour of the World", by Goss and "Gentle, Holy Saviour". The "Lord's Prayer" was a solo by Mrs. R. Ross and very well done indeed. "Jesu, Joy of Man's Desiring", by Bach, was another rendition of the choir and the last two offerings were "Ye Choirs of New Jerusalem", by Smart, in which Mrs. Reese and Mrs. Wood took the solo parts; Mrs. R. Ross took the solo part in "Holy Art Thou", the last offering by the choir.

There was no doubt that the people appreciated the work of the choir and the various voices were well in harmony when the whole choir was singing together, the tenors sounded quite well and the bass parts were well taken. Many complimentary remarks were heard after the service and hopes were expressed that it would not be so long in future before another of these services was sponsored.
The proceeds of the collection after expenses had been deducted, amounted to \$102.13, which was handed over to the Huntingdon County Hospital. The choir felt that their efforts had been repaid when it was known that this sum had been gathered.

Following the service, the members of the choir and some friends were entertained to refreshments in the basement dining room of the church, by ladies of the church. This proved a very enjoyable occasion and was much appreciated by all.

1,500,000th Phone Installed by Bell Telephone This Week

Somewhere in Ontario and Quebec, the 1,500,000th Bell telephone was added last week to the growing system within the two provinces. The 1,500,000th telephone may be one of the few scheduled to be installed in Huntingdon.

Reviewing the growth of the Bell facilities in the postwar period, half a million telephones have gone into service since the beginning of 1945, which is equal to the increase for the 21-year period from 1923 to 1944. The million and a quarter mark was reached in August, 1947, and installation has proceeded at a record pace ever since. Each month 12,000 new telephones are being installed to meet the continuing high demand. In the first three months of this year the system has added 37,000 telephones.

The backlog of applications for service remains high with 82,800 waiting in Ontario and Quebec. Here in Huntingdon there are 92 orders to be filled. Meantime, the company's vast construction programme continues apace to further expand and improve the service.

Large Number Telephones Installed in Past 3 Years

Marcel Toupin, Bell Telephone Co. Lecturer Addresses Rotary

Nearly as many telephones have been installed by the Bell Telephone Company in the last three years as in the first 44 years of its history, according to Marcel Toupin, Bell Telephone Company of Canada lecturer. Mr. Toupin spoke to members of the Huntingdon Rotary Club, Monday, April 18th, at a luncheon meeting in the Huntingdon Chateau, in an address which included demonstrations of Bell-developed methods and devices that made such a phenomenal growth possible.

Man Killed, Two Injured When Truck Overtakes

An accident occurred early this morning (Wednesday), about two miles N.E. of Huntingdon, on Highway No. 4, about halfway between Dewittville and Huntingdon at about 4 o'clock, which resulted in the death of one person and injured two others.

The dead person is Herve Soucy, driver of the Dodge truck which featured in the accident; the injured are Louis Soucy, father of the dead man and his sister, Mrs. Laurence Tremblay. The trio were returning to their home early in the morning when the lights on the truck gave trouble. They were unable to find anyone to fix them and decided to drive on without lights. They were proceeding along the highway when near the farm of Willie McClatchie, the driver lost control of the truck and it headed into the ditch and turned over end for end and landed with the wheels up. The driver was caught partially in the door of the truck and pinned underneath the vehicle.

His father was also jammed in the truck, but the sister was able to get free. She got out of the truck and went to McClatchie's farm for assistance. Mr. McClatchie and Roy Goodfellow immediately went to the assistance of the victims and succeeded in getting the father out, but were unable to free the driver. They took the two injured people to the Huntingdon County Hospital and Dr. H. R. Clouston was notified and gave first aid. In turn Chief L'Heureux was notified at 5:40 a.m. and he notified the Provincial Police.

Chief L'Heureux went to Kyle's Garage and secured the wrecker and went with it to the scene of the accident. Here with the assistance of the wrecker the truck was taken off the driver of the overturned vehicle and the body was placed on the side of the road. Herve Soucy was partially in the water in the ditch and as his head was in the water, this may have accounted for his death.

All of the victims live on a farm near Dewittville, on Highway No. 4, and Mrs. Tremblay is said to be employed at Red Gables Farm, near the scene of the accident. Herve Soucy is 22 years of age, his father 62 and his sister 30. Mr. Louis Soucy suffered bruises and the left forearm broken; Mrs. Tremblay suffered a severe cut over the right eye. The injured victims were allowed to go home after receiving treatment.

Dr. J. R. McEwen, District Coroner, was called to the scene of the accident and viewed the body and decided upon an inquest, which will be held this afternoon. Detective Marcel Favreau, of Montreal, arrested and took charge of the investigation.

The truck is seen in the above photograph in the position it was moved into to allow the body of the driver to be removed. Actually it was on its top with the wheels in the air after the accident happened. The truck was in the ditch on the right hand side of the highway going towards Dewittville. There is a bend in the road near the scene of the accident, but the road at this point was perfectly straight.

Daylight Saving Time Goes Into Effect Saturday Midnight

Summer time goes into effect at midnight on Saturday, April 23rd, when citizens of the Town of Huntingdon should see that the electric clocks are set ahead one hour. This will be in vogue until the end of September, and all places of business and public places will be working on the new time until the end of the period. A proclamation is published in this issue giving official confirmation of the time change. Be governed accordingly.

Shawinigan Electricians' Conference Proves A Success

Much Valuable Information is Gleaned by All in Attendance

Some 60 members of the "Electric" family gathered at the Huntingdon Chateau on Wednesday afternoon and evening when the Shawinigan Water and Power Co. hosts to the electricians of the District. Mr. Jules Bouchard, District Manager of the S. W. & P. Co. had an interesting programme arranged. The programme was headed by outstanding authorities of the S. W. & P. Co. and Mr. Benton, the Provincial Inspector of Electrical Installations, etc. The problems that electricians meet with and how to solve them to the satisfaction of the customers, with the "safety first" idea always in mind, were freely discussed. The "safety first" idea the electricians were cautioned to realize that they were very much like doctors, for as a general rule customers know very little about electricity and depend upon the electrician to do what is right. The electricians were cautioned to give advice, and to make the installations sufficiently great to take care of additional loads that may eventually be added to the line. If such advice is given and adopted, the customer will not always be against the electrician, but will be glad to pay when he desires to add to his electric demand that may be brought about through added appliances, either for the farm or the home. Not so many years ago 100 uses of electricity on the farm was known, today the number of uses has grown to 300.

The electricians were informed that if at any times they ran into problems to be solved that they were to feel perfectly at ease and solicit the advice from specialists of the S. W. & P. Co.

The Gleaner representative was not in attendance at all sessions but gathered that Mr. Benton, Provincial Electrical Inspector for this area, was asked many questions by the electricians and most satisfactory explanations were accorded. It was quite evident, the electricians appreciate the services accorded by the S. W. & P. Co. officials and also those of Mr. Benton. The electricians informed the Gleaner that the electrical examiner worked hard and saw every electrician once a week. Following the dinner tendered the electricians in the Gal-Lounge, the speaker, Mr. Lavigne, stated amongst many things that Quebec Province produced half of the electricity developed in all Canada. Of this amount a very high percentage has been developed by the S. W. & P. Co. In the area served by this company the percentage of rural electrification represents 60%. Electricians informed the Gleaner that the roads not electrified in this area represent areas that would be very expensive to service, as the potential number of customers who would demand much power are few; but irrespective of this fact it is to be noted the S. W. & P. Co. has extended their service to areas that

must be costing them more in overhead expense than the present returns warrant.

At the conclusion of the evening programme a demonstration of "black light" was given. Black light is a case of using a filtered bulb that does not throw a white light but a beam that reflects upon an object that has been treated with a substance that is fluorescent under black light rays. The result is that the sign or fabric so treated shows up with marked brilliance. "Black Light" can be used very effectively in window displays at night and also by police and for detective purposes. If the fluorescent powder is placed on a safe and someone attempts to meddle with the safe, if their fingers or clothing touch the invisible powdered surface of the safe it clings to the fingers or clothes and will show up when a "black light" is thrown upon the fingers or clothes of the intruder. As such intruders are often known by police, they are subjected to the "black light" test the evidence of their guilt may be so detected. The effects of the powder on hands or clothes remains for days and does not come off with washing.

The electricians expressed their views of appreciation to the S. W. & P. Co. for their sponsoring such an instructive conference, and were informed by Mr. Bouchard that another such conference would be held in the fall.

Jay-Cees to Conduct Clean-up Campaign

The regular meeting of the Junior Chamber of Commerce was held in the Legion Hall, on Tuesday evening, April 19th. Mr. Noel Polesy presiding and about 40 members were present.

After the reading of the last minutes, the secretary read different letters. The first one was from Mr. Maurice Perron wishing to have at least two representative members of this Chamber at the Provincial Congress that will be held at St. Catharines, on May 22nd. The second was from Mr. Lucien Pivin asking for the support of the Chamber for a cement walk on the Chateauguy River, etc. Mr. Arthur Trempanier was present and said "We are waiting for the engineers, but they have not been yet". With the support of the Junior Chamber of Commerce there should be a strong recommendation. After a discussion, it was decided to send a letter to the Federal Government.

The question of the industrial visit was left to the executive committee to decide the date of the next visit.

After a short discussion, it was decided that the Chamber will close its season with a banquet at the Huntingdon Chateau, on May 26th, followed by a dance and floor show in the Gal-Lounge.

The Clean-Up Campaign will be held this year by the Junior Chamber of Commerce from May 16th to May 21st. A resolution was passed at the executive meeting that the

Red Cross Campaign Proves Successful in Huntingdon

A Few More Canvassers to Hear From But Objective Reached

Once again Huntingdon has reached its objective in the annual Red Cross campaign for a minimum sum of \$4,000. Huntingdon is among the few districts who have so far reached its objective and this has been due to weather conditions, floods, etc., which have retarded the campaign in many districts. There are still a few canvassers to hear from who have not completed their canvass and some special names have been received that indicate that Huntingdon will have done quite well in the campaign. Huntingdon, Wed., April 20th, 1949

New Barrie Memorial Hospital

IT SEEMS such a long time since the campaign for funds to build a new Barrie Memorial Hospital, in Ormstown, was undertaken, that some people may have forgotten about it. It is forever in the thoughts of the Governors of Barrie Memorial Hospital, however. Ever since the idea was first mooted they have been working out the problems that have confronted them from time to time. Many problems have entered into the matter and it is these that have delayed the going ahead of the project.

It was first thought that \$250,000 would erect the type of hospital that Ormstown seemed to require. With this in mind government assistance was sought and a promise of \$100,000 was gained. A change of government meantime, cut this to \$80,000 spread over twenty years, and some of this grant has already been paid. It was estimated that with cash discount and so forth on this money, that the actual worth of the grant in purchasing power toward the new hospital, would be in the neighborhood of about \$57,000. However, the governors thought that if a campaign was put on, sufficient money could be raised to get the new hospital on the way. The campaign was put on and was a success, the objective being raised and surpassed. Another snag entered the proceedings at this point and this was the steadily rising costs of labour and materials. It was therefore decided to wait a little longer to see if things would improve. Meantime, approaches were made to the Provincial government through its local representatives in regard to a possible increase in the amount of the grant. Nothing definite was given in response to these requests, but it was hinted that the amount might be increased.

Later at a Provincial election meeting held in the Ormstown Arena, Premier Duplessis was credited as having promised an amount of \$300,000, if his party was successful in being elected. The governors of the Barrie Memorial Hospital were naturally happy when the results of the election were known and felt that it would not be very long until the new hospital could be started. Also in the meantime the news of the Federal Government scheme to assist the provinces in providing better medical and hospital services was announced. For new hospitals, grants up to \$1,000 per bed could be obtained, and the provinces could also assist further. With this in mind new approaches were made and this time greater advance was gained that together with the Federal assistance, a grant in excess of \$250,000 would be obtainable. It would be necessary for an Order-in-Council to be passed and this would be done in a matter of weeks. This is how the matter stands at the moment.

Some changes in the original plans have been made and of course there have been numerous changes in the costs of labour and materials, mostly on the up grade. The last approximate cost given by the architect was in the neighborhood of \$400,000. It will thus be seen that if Mr. Duplessis would implement his promise made at the meeting mentioned and allow the grant to be \$300,000 and with the amount already received or promised through the building campaign, there would be a greater chance of the building being started this year.

The governors are anxious to get the plan under way as they sense that the people are growing dissatisfied that nothing has been done. Many of those who promised sums for the building campaign are apparently withholding fulfilling their pledges because nothing has yet been done. The Board feels that this is bad and that if they had the actual cash it would be earning interest that would greatly assist in providing extra dollars which will be needed. They urge therefore, that all those who have not yet fulfilled their pledges, do so without delay and thus further assist in the plan to have a new Barrie Memorial Hospital at the earliest possible moment.

Those in attendance at the annual meeting of the hospital held this past week, felt that people of Ormstown and district have shown their willingness to co-operate in assisting the plan by financial backing and therefore the government should do all it can to see that the wishes of the people materialize. That there is a need for an enlarged hospital in Ormstown has been proven time and time again and the need is still in existence. All sorts of methods have been used to make accommodation available to all who need treatment and attention at the hospital. Still that accommodation is not adequate at the old site, those who can be treated at home have to be accommodated in this way. Some cases are hurried out as quickly as possible in order to provide beds for other and more urgent cases. People in the district served by the hospital are depending more and more upon obtaining its services and thus the pressure upon the facilities is forever increasing. The governors at the annual meeting expressed the fact that they feel the new hospital should be got underway at the earliest possible moment and they trust that their difficulties will soon be overcome by the actual passing of an adequate grant from the government and the fulfillment of the pledges made and not yet received.

A Joyous Easter

YES, Easter has passed, but it still lingers in the memory as probably one of the best Easters in many years. There appears to have been a great return to the faith and the churches on Easter Sunday, all through this district, were well filled with worshippers. At the three-hour service at St. John's Church, on Good Friday, the attendance was the largest in many years. The attendance throughout the Lenten period was

the Protestant churches in Huntingdon was far larger than has been the case in past years. At the same time the people seemed to have a far happier time this Easter than has seemed general for the past number of years.

Everywhere one goes these days there is encouragement being offered from all sources to return to the faith of the Christian churches. The fight against Communism has perhaps done much to bring this about. There is a belief that if those who believe in Communism can do all they do to back up their ideology, then we of the Christian faith should do something to back up what we profess to believe in. Advertisements in the newspapers of late, have been referring to the subject and urging families to return to the old time religious beliefs. Apparently these urgings have been having their effect and the dividend was paid in the response of the Christian people to the call of the church this Easter. It was not only here in this district that it happened, it was all over the country, according to the reports received.

The people of Huntingdon were further treated to a programme of choral music as a climax to the Easter season. This programme was the rendition by members of the choirs of the three Protestant churches of fine Easter music. The programme was given in St. Andrew's Church, which was filled to capacity.

Easter finery was not so much in evidence as might have been expected, but everyone seemed to enjoy what they were doing for the purpose it was being done. It was truly a joyous Easter.

Best Paint Forward

THE soft white snow is gone and the cold, bitter days are ended. You can see the wet brown earth even in the shadow of the backyard fence where winter's last grey stubborn drift lingered so long.

The lawn is green again and springy underfoot and the garden in a few days will be bright with yellow daffodils.

But that old back porch needs painting. The sun that shone so wanly all these months is strong and bright again. It runs laughing through the streets and dances in your windows. Or, at least, it would if they were not streaked with the winter's sleet.

The wild March winds have blown themselves out and April zephyrs gently eddy among the sodden old newspapers heaped in the alley.

Nature, in her infinite patience, has begun again the cycle of the season. Before you switch Old Faithful to her diet of summer oil, before the baseball season opens—just look at the veranda paint. Just look at the flapping shingles. How long will the teetering eavestroughing hang? No one has broken his neck on the roching veranda step, but how long can you stay lucky?

Though long highways beckon, yet tarry, Mr. Householder. There is a man's work to be done.

The Great Migration is almost upon us and it behooves us all to put our best paint forward for the sake of our dollar-laden cousins from south of the you-know-what. Many of our friends from the United States will expect to find wigwags, igloos and pioneer log cabins, Indian trails and trading posts. Let's show them bright clean houses and well swept streets.

Strength of a Nation

ATOMIC war is today a threat so terrible that men hold the thought of it at a distance to keep it from penetrating into their minds. Yet for this generation, as for every other in history, there is a penetration into the heart of society that threatens a slower but no less sure extinction. Moral decadence has eaten out the heart of civilizations before ours.

The evidence of moral malnutrition lies around us in every village and town, farm and factory. The young couple who were tricked into the belief that romantic love alone was the basis for entering marriage and lost a fair chance to build a home; the moral chaos in the lives of teen-agers in their pathetic and futile chase of the thrill that satisfies; the public enemies who make money out of moral defeat and care not a damn for the hell on earth they cause; these are only a few of the symptoms. It would be a bold man who would argue that better schooling and penicillin have cured this cancer in modern life.

The strength of a nation is measured by its fight for purity. Absolute purity is a positive, vibrant force that arrests the decline of civilization and sets men and women free. It can be found by anyone at any time.

A man or woman can do three things with sex energy. The first two are the common ways of indulgence and repression. The third way is rare but valuable beyond any price. It is the redirection of this energy into creative caring for people and the fight for a decent world.

Absolute purity takes discipline. Yet mind and will are like sawdust before the assault of instinct unless they are reinforced by a stronger power. When trouble knocks at the door of the mind, one cannot fight it alone. Only the mind and will re-born in the power of God will know the amazing freedom of absolute purity.

Water in its natural state has certain vital uses. Water heated and turned into steam can run engines which water alone cannot move.

So with these energies of affections. They can be used in the reproduction of the race, in the reinforcement of the heart and mind and will, and in a renaissance of culture and creative living.

If even a minority of people in any community capture the lifting power of absolute purity and pour the energies of their caring into the national blood stream, then health and production and creative genius flourish. Then nations are on the road to renaissance.

Reading tops all enjoyments of leisure time, according to a survey by the Nat'l Opinion Research center. Specifically: 41% of those interviewed read or combine reading with another activity; 16% relax with arts, crafts, playing an instrument, going to musical entertainments; 11% engage in sports or other outdoor activity; 10% go to movies, concerts or theaters; 9% listen to the radio or play records; 13% attend lectures, church activities, clubs, study courses and the like. That 41% sheds light on why newspapers are the world's top sales-activators.

This world is a comedy to those that think, a tragedy to those that feel. —Horace Walpole.

Letter to the Editor
 To the Editor of The Gleaner.

Dear Sir:—
 In last week's edition of The Gleaner another article appeared containing statements made by Dr. Bell in his book entitled: "How You Become An Alcoholic". Dr. Bell's phraseology is of such a high standard that the meaning is obscured. As for instance he speaks of "the alcoholic who has developed his illness through predominantly psychological factors", and other things of a similar nature. But we gather that he opines that people drink because of something within themselves, some trait which may have had its origin in some former generation, or has been caused through the migration of one's family to Canada a generation or two ago, causing maladjustment in the individual now. This maladjustment causes one to seek relief in an anaesthetic. And Dr. Bell says:—"Ethyl alcohol is the safest, most readily available, and most palatable anaesthetic we have". To this we might add another qualification—one does not need to pay \$5.00 to a Doctor, to administer this anaesthetic, the patient can do it nicely for himself. Now, this maladjustment caused by a Doctor, does not wish for a repetition of the treatment, once is enough. On the contrary alcohol contains a narcotic, habit-forming drug, so that the more one drinks, the more one wants to drink. In Dr. Bell's words, "it is conducive to repetitive intoxication". Still, Dr. Bell recommends this poison drug as an anaesthetic.

Dr. Bell thinks alcoholism may double in another generation, yet he makes this eye-opening statement:—"Sensible, temperate drinking habits should be established now in a practical commonsense fashion, and public outlets to facilitate these habits should be established". There is nothing obscure in that statement. Is not that the exact propaganda of the brewers and liquor dealers? It is quite evident that Dr. Bell and his anonymous reader, who quotes his ideas, are in league with the brewers, and are trying in this way to entice people to drink.

Dr. Bell concedes that people may become alcoholics through "exposure to social conditions". My contention, based on observation, not through any knowledge of psychology, is that this last mentioned cause produces as much as nine tenths of the present day alcoholism. And yet Dr. Bell would advocate providing more facilities for social drinking, voicing the brewers' propaganda that if there is greater freedom for drink there will be less inclination to drink. They know full well that that is not true. They advocate more facilities for drinking for the sole purpose of getting more people to drink, and so to further increase the wealth of the brewers, no matter what may be the fate of the victims. It is a significant fact that the brewers employ no one who is not a total abstainer.

Dr. Bell's recommendations are all in process of being carried out, the liquor business is expanding by leaps and bounds; more and more licenses for sale are being granted; liquor stores are being railroaded into communities without giving them a chance to object. And has all this greater freedom made for sane drinking habits? No, we find more drunkenness, more accidents, more crimes unspeakable. Every result from the use of liquor is bad, there is not one good thing which can be said about it. There is no such thing as temperate drinking, because temperate drinking soon expands itself into intemperate drinking. The only sure way to keep out of the clutches of alcohol is to be a total abstainer. Then you will have nothing to fear from it.

DOES YOUR BACK ACHE?

Sitting in a draft—working in a damp place—wet feet—there are dozens of things which may cause a backache. But there's one way thousands of Canadians have found to help relieve this condition—Dr. Chase's Kidney-Liver Pills. This effective remedy tones up both the kidneys and the liver—and brings welcome relief from pains in the small of the back caused by "cold" in the kidneys. So insist on this reliable remedy—proven by over half a century's use—Dr. Chase's Kidney-Liver Pills. At all drug counters.

CUSTOM-BUILT
WHITE ROCK, B.C.—(CP)—Ches-ter Brown, 38-year-old paralyzed army veteran, has moved into his new specially-built house here. It has wider doors and a larger hall than most homes so that he can move around easily in his wheelchair. His own hand-controlled automobile is in an attached garage.

FORGOES KNIGHTHOOD
VANCOUVER, (CP)—Carl Bjorke, 74, former Norwegian vice-consul and acting consul, must forego Norwegian knighthood because Canadian nationals cannot accept foreign awards except for war services and life saving. Bjorke was to be honored for long service to Norway and its immigrants.

WOLVES GET DEER
LITTLE CURRENT, Ont. (CP)—M. Garbutt, trapper and guide at Sheglundah, claimed bounty on two timber wolf pelts here recently. Wolves have been more numerous in the Manitoulin area this winter than for many years and scores of deer have been chased onto ice and killed.

SPIT AND POLISH
MONTREAL (CP)—Lord Nelson's monument near the Bonsecours market is to be thoroughly refurbished early in May. One complaint voiced by Councillor J. W. Lyall was that the Nelson monument is so dirty the inscription is unreadable.

SPONSOR COMPETITION
WETASKIWIN, Alta. (CP)—The local Agricultural Service Board has set aside \$75 for a wood collection competition among schools. Judging of noxious-weed collections will be done in the early fall.

HOW MUCH OF THIS MONEY WENT INTO YOUR POCKET?

That's a lot of money! It represents the gross income from farm products in Canada for 1948. It represents the earnings of Canada's biggest primary industry.

Is the share of this huge sum of money which came off your farm as much as it might be? In other words, is your farm producing to the full extent of its possibilities? Could it be made to produce more?

You can answer these questions for yourself best if you are in a position to know exactly how much you spend and how much you receive in each of your farm operations.

You can know these facts only if you have some reliable way of keeping track of your receipts and expenses. We don't mean anything complicated... just the opposite — something quite simple, such as our Farm Account Book.

A few minutes at this book every day or so and you will know just which operations of your farm are doing well, which only fair, which are falling behind. Then you can take the necessary steps to correct matters.

A copy of this book is yours for the asking. Call at our local office for a copy. While you are in, have a word with our manager. He will be glad to see you and to discuss any problems you may have in the operation of your farm.

Canadian Garden Service

By GORDON LINDSAY SMITH

Cleaning up - Fire is a good friend of the gardener in cleaning-up and getting ready for the new season but, like all drastic remedies, it can also be abused. As soon as the snow goes, or possibly before, it is a good thing to get all old weeds, brush and dry grass cleared away and burned into humus, if handled properly, the dryer stuff takes a long time to disintegrate and usually it contains a lot of weed seeds that are best destroyed.

Where at all possible burning should be done where the ashes can be worked into the soil. These ashes contain a little potash which is one of the essential fertilizer materials. A good supply of the same can be obtained when the ashes from the fireplace, especially those spread over the soil, burned, are spread over the soil. Coal ashes, on the other hand, have not much value as a fertilizer but they will help open up heavy soil.

For the Compost Heap - Later on when growth starts, green weeds, leaves and other trash, should all be piled up in a corner of the garden, covered with a few layers of soil and, if obtainable, some manure. If watered occasionally and perhaps treated with some chemicals this material will break down rapidly and make the finest sort of garden soil. Most experts regard the compost pile as an essential part of their gardens. Almost anything that will rot can be incorporated. Where the pile is larger it can be screened with some quick-growing annuals or some permanent shrubbery.

Miniature Greenhouses - In recent years there have appeared on the market little waxed paper caps. In shape and size these resemble the old-fashioned straw hat or "cow breakfast". By using them the gardener can get a fortnight to a month start with such things as melons, tomatoes, cabbage and other tender plants that normally cannot be set outside until all danger of frost is over.

Little beds about a foot across are made, the seeds sown or the plants set out and then the whole is covered with the paper cap, anchored fast with a bit of soil or a stone or two. In these beds too can be planted very early a bit of lettuce or a few radishes. The paper cap acts as a greenhouse, protecting from late and even severe frosts, and pushing growth along weeks ahead of normal.

Something Will Grow - No matter how unfavorable the location there is some flower, vegetable or shrub that will thrive in it. Some flowers, vegetables and

Dedicate Plaque to Veterans at Ormstown Presbyterian Church

ORMSTOWN — Easter service on Sunday morning at the Presbyterian Church was conducted by the Minister the Rev. A. E. Hutchison. The choir rendered the anthem, "In the Garden They Laid Him," and special Easter messages for both children and grown-ups were given by the Minister. At the close of the service, Mr. Grant McLaren, Chairman of the Board of Management, unveiled and presented to the church, a plaque, to commemorate and to honor those who fought in the last World War. Rev. Hutchison, on behalf of the congregation, accepted the plaque and dedicated it with prayer. The plaque is done in bronze, and has the names of thirty members and adherents from the Ormstown Presbyterian Church who served their country 1939-1945. The two boys who paid the supreme sacrifice were Leslie McCaig and Norman Peddie.

A table centered with a beautifully two-tier wedding cake, and white candles in silver holders, was placed before them.

On returning from Montreal, after seeing Barbara Ann Scott, Mayor and Mrs. Brown were greatly surprised to find about seventy members of the family, relatives, friends and Farm Forum, gathered at their home to celebrate their twenty-fifth wedding anniversary.

After greeting the guests, they were presented with a bouquet of spring flowers, from Roberta Argyle and Carlyle. Music was supplied by Miss Bernice Kerr, Mr. Wallace Kerr, Mr. Henry Somerville, Mrs. Stanley Elliott and Mr. Raymond Elliott. Whist was played.

Then the strains of the Wedding March, played by Mrs. Morrison Brooks, the bride party was escorted to the seat of honor, led by Mrs. C. A. Edwards, the flower girl, and escorted by Mrs. Russel Marshall, the bridesmaid, and Mr. Alex. Edwards, the groomsmen.

The groomsmen, after a few

well chosen words, called on Mr. Howard McQuat and Mrs. Wallace Kerr. The former gave an address and the latter presented a chest of silver on behalf of the family, to which the groom responded.

Mr. Andrew Glen and Mr. Douglas Sproule made a presentation of money and gave an address on behalf of relatives, friends and Farm Forum members. Followed by presentations of silver by Mrs. Alex. Edwards and Mr. and Mrs. Gavin Edwards.

Refreshments were served and the bride cut the wedding cake. A pleasant evening was brought to a close by the singing of "For They Are Jolly Good Fellows" and "Auld Lang Syne".

Out-of-town guests included: Miss C. F. Brown, Montreal; Mr. and Mrs. Howard McQuat, Lorraine, Audrey and Donald, St. Andrews East; Mr. and Mrs. Alex. Edwards, Oterburn Park; Mr. and Mrs. C. A. Edwards, Montreal.

"I trust them more than I'd trust myself"

THE BANK'S the place for my money. I always put part of my pay into my bank account—otherwise it burns a hole in my pocket. I guess I trust the bank more than I trust myself! I figure that's one reason why my savings have been building up the way they have.

Another reason I'm sold on a bank account is that I always know just where I stand. All I have to do is take a look at my pass-book. They're a lot better bookkeepers than I am.

What's more, what's in my pass-book is my business, and I can count on the bank people to keep their mouths shut about it. And that suits me just fine!

chous refreshments were served and all their good wishes to the bride-to-be.

A kitchen shower in honor of Miss Ethel Bennett was given by Mrs. E. Schmidt and Miss Nan Gelshorpe on March 24th at their home. The decorations were pink and white and 22 guests were present. A prettily decorated clothes basket held the gifts. After opening the parcels Ethel graciously thanked the guests. Tasty refreshments were served. Games and music brought the pleasant evening to a close. Everyone extended their good wishes to the "bride-to-be."

Woman's Association—The Easter meeting of St. Paul's United Church Women's Association was held in MacDougall Hall on Tuesday afternoon, with Mrs. J. D. Lang presiding. A beautiful spring day brought out a goodly number of members—39 being present. The Worship Service was conducted by Mrs. Patton. The beautiful Easter message was read from Luke 24, the speaker stressing that it was love which drew these women to the sepulchre, to see what further they might do to show their love. This service closed with prayer. Business arising from the minutes read, also new business included. Further arrangements made regarding the play by Verdun taking place on March 24th. A vote of \$50 was voted towards the remodeling of the dining tables in MacDougall Hall, and as has been customary a contribution of \$5.00 was given to the Deaconess Order.

A hearty vote of thanks was extended Mrs. (Dr.) Wilson for the gift of a lovely large tablecloth to our organization. Mrs. Mason Greig was in charge of the afternoon program when, reading by Mrs. A. Marshall, "Easter Morn"; an article by Claire Wallace, "Etiquette for Canadians"; read by Mrs. F. C. McQuat, "Home, Sweet Home" by Gordon Duncan, "Dixie Land" and "Home, Sweet Home" were all enjoyed. This was followed by the National Anthem. Tasty refreshments were served at the close of the meeting by Mrs. Carmichael, Mrs. Taylor, Mrs. Munroe, Mrs. J. A. McNeil and Miss Elizabeth Mair.

Candles, pussy-willows and ivy decorated the tea-tables.

GOING TO THE U.S.A.?

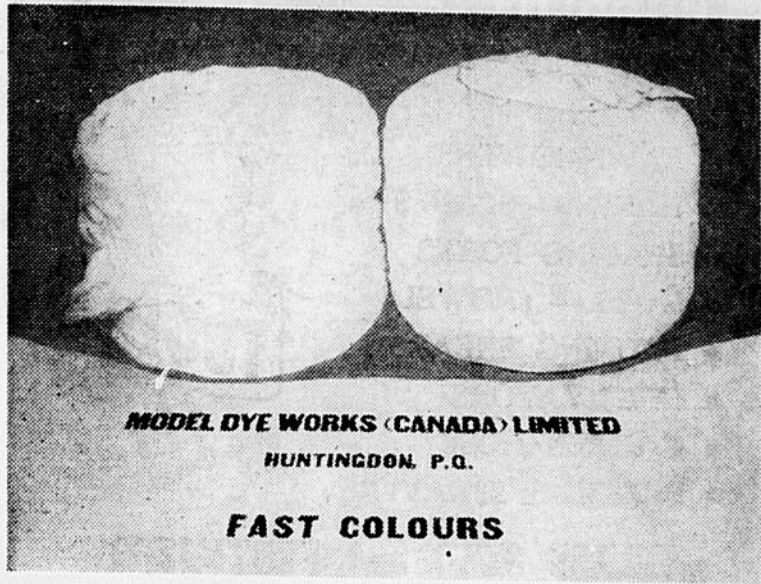

To avoid possible delay and embarrassment at border crossing points, be sure you have met the foreign exchange requirements before you set out. The travel ration of \$150 per person for the period November 16th, 1948, to November 15th, 1949 is to ensure the fairest distribution of the U.S. funds available. For children under 11 years of age, the amount is \$100 U.S.

If you are taking a trip to the United States, you need to secure a Form H permit to take out of Canada for any amount exceeding \$10 U.S. or more than a total of \$25 in U.S. and Canadian Funds.

Form H can be secured quickly and easily from branches of any Canadian Bank.

Another New Industry-- Model Dye Works, Huntingdon

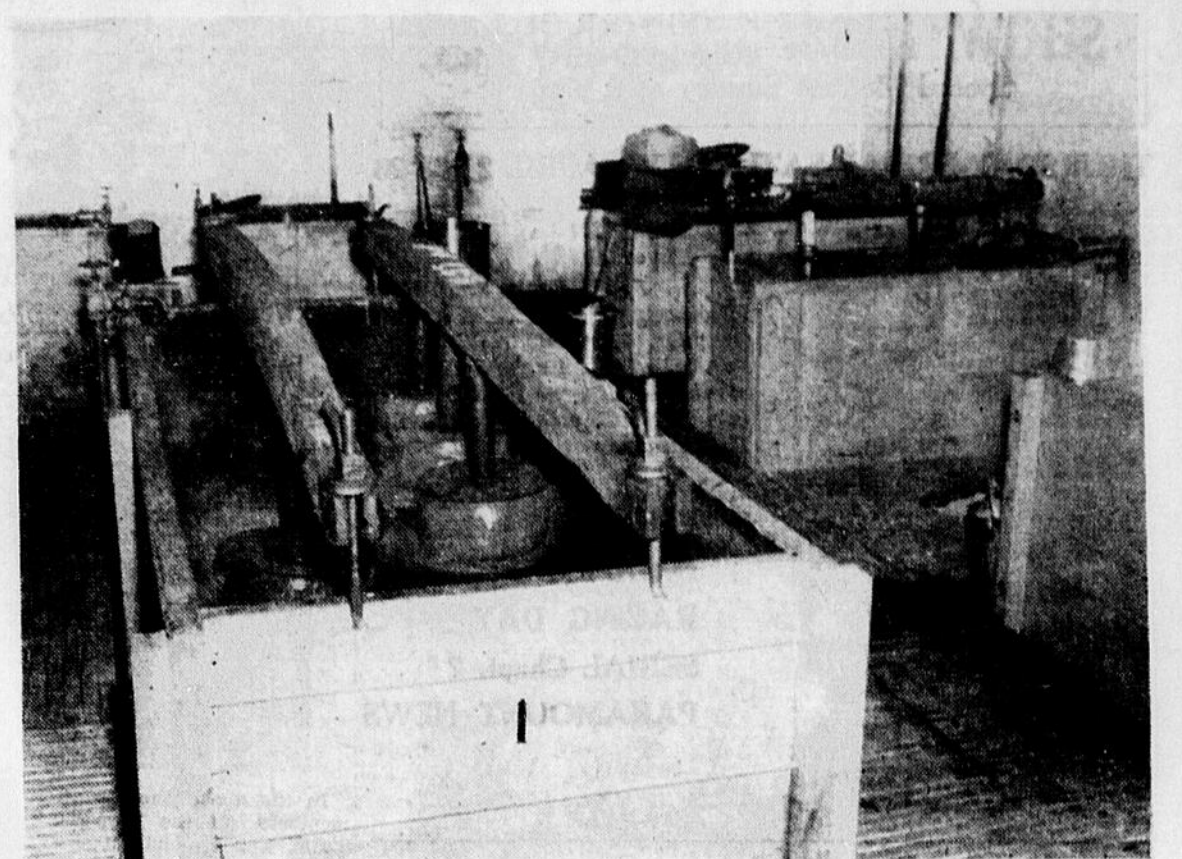

MODEL DYE WORKS (CANADA) LIMITED
HUNTINGDON, P.Q.
FAST COLOURS

In the pictures that appear on this page will be seen some of the machines used in the process of dyeing the wool tops at the Model Dye Works (Canada) Ltd., which plant is situated at the Garden City site on Route No. 52, Huntingdon. This type of dye plant is the only one of its kind operating in the Province of Quebec and the only one in the whole of Canada working on a strictly commission basis. In fact there are only two others in all of Canada, but the other two are part of the works of the companies they belong to. Model Dye Works dyes the wool in the tops before it is made up into cloth. Thus when this is woven, it is already the color it is intended to be when delivered to the wholesaler or jobber.

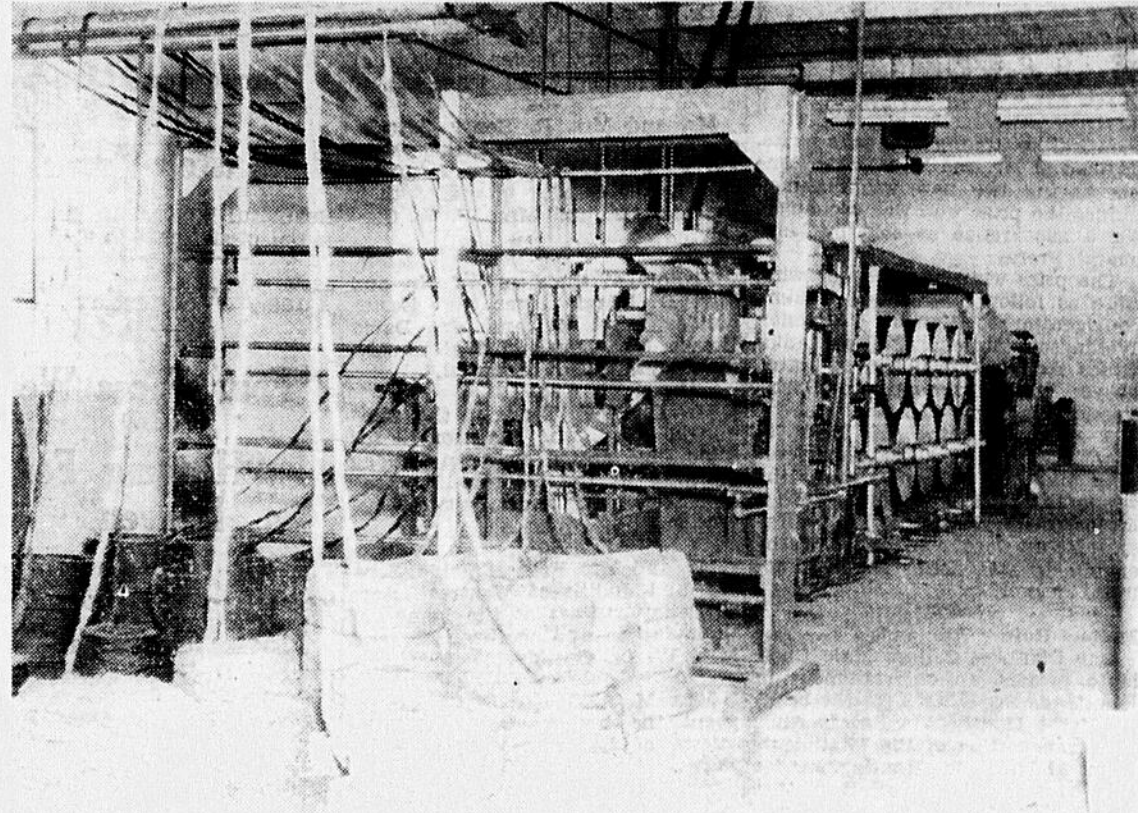

In the photograph above will be seen on the left, the wool top before being dyed. At the right a wool top has been enclosed in a bag, or "skirt" as it is known, ready for dyeing. This method is credited as obtaining fast colors as all strands of the wool are dyed and thus the color penetrates deeper into the material. A large number of the trade prefer this method of dyeing on account of this fact and many textile mills are turning to this process.

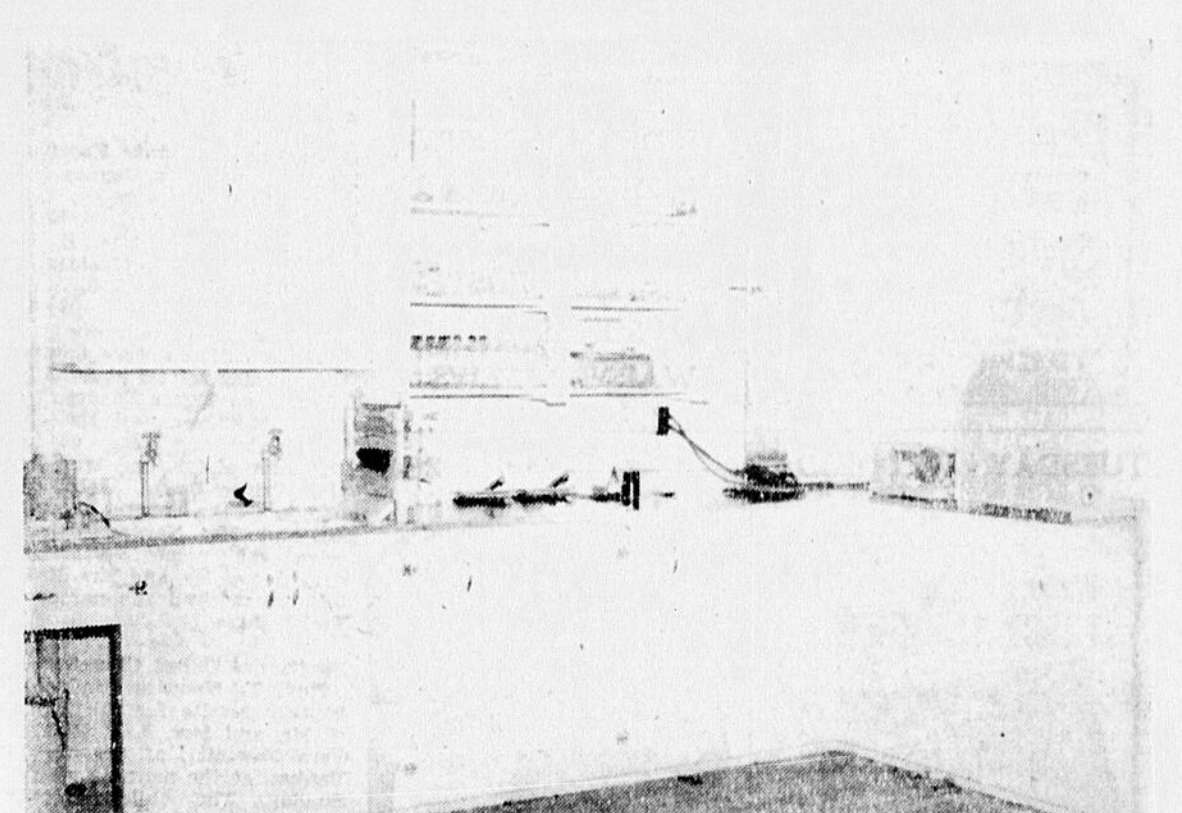

GILLING MACHINES—On the machines in the above photograph, the wool tops are wound into spools of sufficient size to suit the dye kettles. This process is known as "gilling". It is the first process after the tops are received.

THE DYE KETTLES—Above may be seen the dye kettles in which the tops are dyed to the desired color and this may be of the customer's own choice. The tops may be seen on the round shafts in the kettle and the dye is surrounding them.

WASHING AND DRYING—After the tops have been dyed, they are placed on the machine above and first go through a bath of detergents and clear water which thoroughly rinses them. They are immediately wound onto the cylinders that can be seen and on this are dried by the heat in the cylinders. At the far end of the machine they are again gilled and come off the machine in spools of the color of the dye. Later they are put onto the gilling machine again where the wool is blended ready for spinning and weaving at the textile mill.

THE LABORATORY—This is a partial view of the laboratory where the chemist mixes the materials for the dyes and makes other tests required to make sure that a perfect job will be done. The chemist's office and all records are kept in this laboratory for quick and ready reference at any time.

Sweet Luncheon Treat

SUGAR-PLUM LOAF

Measure into small bowl, 1/2 c. lukewarm water, 1 tsp. granulated sugar, stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 min., THEN stir well. Cream 1/2 c. shortening, gradually blend in 1/2 c. granulated sugar. Gradually beat in 2 well-beaten eggs. Stir in 1/4 c. milk and yeast mixture. Stir in 1 c. once-sifted bread flour; beat until smooth (mixture may curdle). Cover and set in warm place, free from draught. Let rise 1 hour. Stir in 1 tsp. salt, 1/4 c. washed and dried seedless raisins, 1/2 c. chopped walnuts, 1/2 c. chopped mixed candied peels, 1/2 c. cut-up candied cherries. Work in 4 c. once-sifted bread flour. Knead lightly but thoroughly; form into a smooth ball. Roll out to fit a greased 8-inch round pan and fit into pan. Grease top. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°, about 1 hour. When loaf is cold, frost with Plain Icing.

New Fast-Acting Dry Yeast Needs NO Refrigeration!

Stays fresh and full-strength on your pantry shelf for weeks! Here's all you do:

- 1 In a small amount (usually specified) of lukewarm water, dissolve thoroughly 1 teaspoon sugar for each envelope of yeast.
- 2 Sprinkle with dry yeast. Let stand 10 minutes.
- 3 THEN stir well. (The water used with the yeast counts as part of the total liquid called for in your recipe.)

Allan's Corners

ALLAN'S CORNERS — A fire which caused some excitement at the Corners on Monday morning, started in a shed which is attached to the home of Mr. and Mrs. N. McLeish of Montreal. Mr. and Mrs. McLeish were not there at the time, as they only spend the week-ends at their summer home. Mr. Bert Peddie, noticing the smoke, went to investigate, help was summoned. The boys carried water and the fire was soon extinguished. Little damage was done, but being such a windy morning the fire was noticed just in time.

HOWICK—Miss Florence Gordon, R.N. of Verdun, spent Easter holidays with her mother, Mrs. C. Gordon. Miss Shirley Brown of Delson, Que., spent the holidays with her parents. Mrs. Robert McGregor and daughter Evelyn, of Ottawa, spent a few days at the home of Miss Martha Goundrey. Miss Marjorie Elliot, of Three Rivers, is spending the holidays with her parents, Mr. and Mrs. Wallace Elliot. Mr. and Mrs. Norman Mair and daughter Audrey, spent Sunday at Dewittville, visiting with relatives. Mr. Fred Currier, and friend of Sherbrooke, were week-end guests of Mr. and Mrs. K. Currier.

On Tuesday evening, April 12, the Howick United Young People's Society, held a meeting at the home of Mr. and Mrs. Arnold McKell's, with an attendance of 26 members. Mr. Willard Greig presided, with Mr. Leslie Orr in charge of the devotional. Rev. Slim-

mons of Newfoundland, gave a very interesting talk on Newfoundland, the tenth province of Canada. After the discussion period, games were enjoyed immensely by all. Very delicious refreshments were served. Rev. Mitchinson expressed the farewell message for the group, to one of its active members, Mr. Dick Bunbury, who is leaving Howick for a few months, and thanked him for all he had done for the Young People's Society. "For He's A Jolly Good Fellow" was then sung, closing a very enjoyable evening.

The regular monthly meeting of the Georgetown Young Women's Auxilliary was held on Friday afternoon, April 15th at the home of Mrs. Garnet Barrington with an attendance of eleven members. One new member

joined the group. The president, Mrs. Arthur Buchanan, presided over the meeting. Mrs. Albert Potts read the Scripture lesson and Miss Laura Robertson led the group in prayer. The study period was taken by Mrs. Peter Peddie. She chose for her subject, "Easter Messages". Some time was spent working on a crib quilt. At the close of the meeting delicious refreshments were served by the hostess.

COURAGEOUS MOTHER, ILL, SAVES FOUR CHILDREN

WINS DOW AWARD

MRS. PAULINE MARCOTTE of Montreal suffering from pneumonia, battles blaze to effect heroic rescue. When Mrs. Marcotte, sick in bed, heard the sound of flames crackling, she jumped up to find the house filled with smoke. Pushing 8-year-old Lionel out to safety, she returned to rescue Denise, 13, and Robert, 9. When she learned that a 4-year-old son of a neighbour had ventured into the burning home, the brave woman once more fought the smoke and flames and, although sustaining burns on her face and head, managed to rescue him. We proudly present The Dow Award to Mrs. Pauline Marcotte.

1. Mrs. Marcotte was suffering from pneumonia... but when she heard the sounds of fire she leaped from her sick-bed and went to the aid of her 3 children.

2. After getting one boy out to safety, she returned and rescued Denise, 13, and Robert, 9. By this time the fury of the fire had greatly increased.

3. For a third time the gallant Mrs. Marcotte entered her burning home... this time to save the life of the little son of her neighbour.

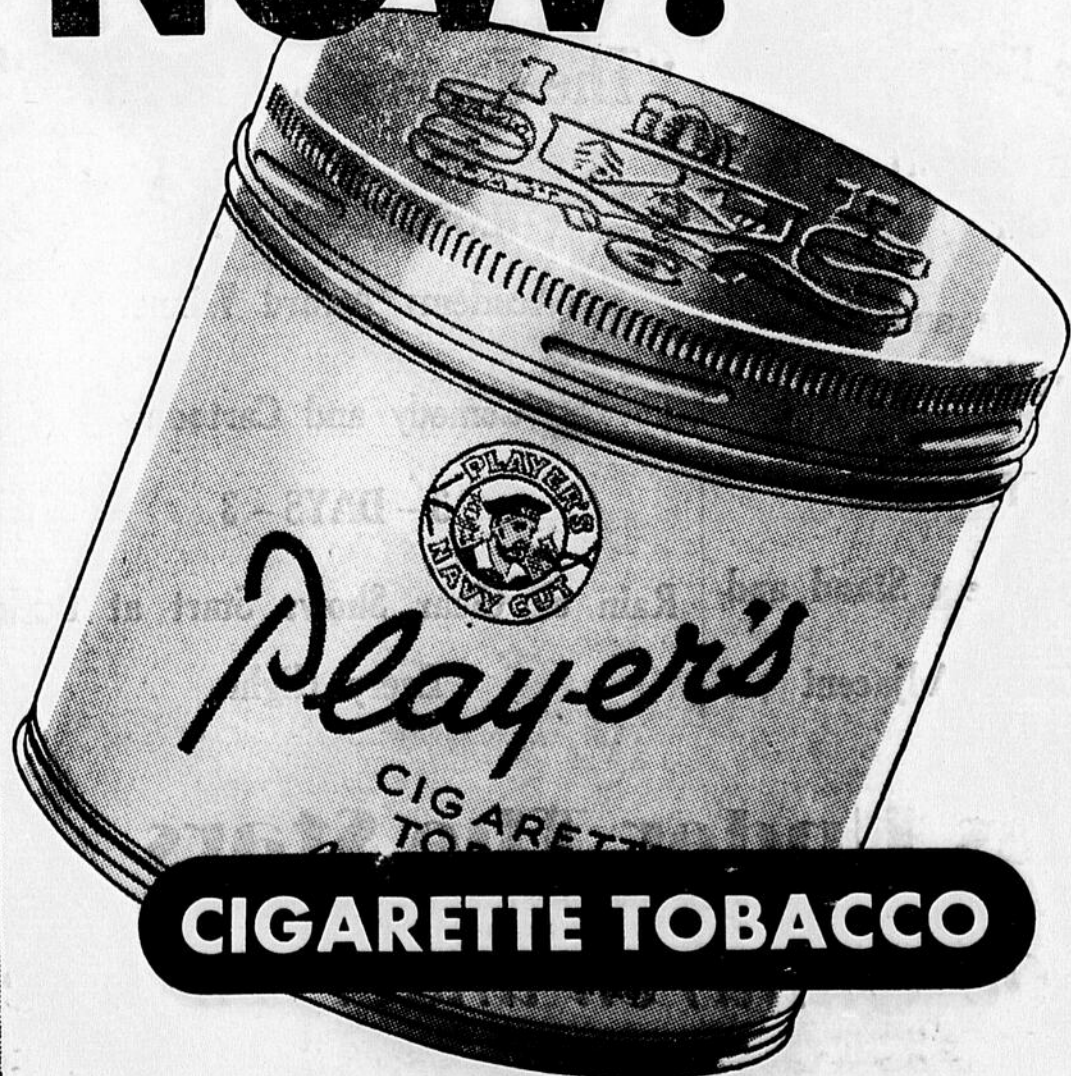

THE DOW AWARD is a citation presented for acts of outstanding heroism and includes a \$100 Canada Savings Bond. The Dow Award Committee, a group of editors of leading Canadian daily newspapers, selects winners from recommendations made by a nationally known news organization.

They won first position for High Points and the O'Connor Trophy for most pins as well as the championship. Those in the picture are as follows: Back row standing, left to right—Gladys Renaud, Captain, Sylvia Wattie, Madelyn Barragh, Frances Sparrow; kneeling—Frances Middlemiss and Gisele Rabreau.

Huntingdon Locals

Donations to County Hospital

The Huntingdon County Hospital wishes to acknowledge the following recent donations: Mrs. M. E. Brown, \$10.00; Mr. and Mrs. E. Brown, \$20.00; Rev. J. B. Maclean, \$10.00 and Robert Rolfe, \$15.00.

Baptisms at St. Andrew's

Three children were baptized at the morning service at St. Andrew's Church, on Easter Sunday, by Rev. R. D. Maclean. All the children were girls and were as follows: Daughter of Mr. and Mrs. D. Heggie, Prince Street, received the names, Donna-Careen; daughter of Mr. and Mrs. Newton Arthur, received the names Shirley Esther; daughter of Mr. and Mrs. Erik Rosten, received the names Thora Evelyn Julie.

Baptism at United Church

Rev. T. Knowles conducted the baptism service for the infant son of Mr. and Mrs. J. A. Blake (nee Vera Fawcett), of Crawford Park, Verdun, at the morning service on Sunday. The child received the names Gary Alan. The godparents are Miss Gwen Fawcett and Mr. Keith Fawcett. Mrs. Blake is a daughter of Mr. and Mrs. Alex Fawcett of Huntingdon.

Results of Drawing for Prizes

The drawing for prizes at Marchand Freres Furniture Store, on Saturday evening, brought out a strange coincident. Bruce Rennie was awarded the prize of a washing machine. The ticket that won the prize was procured through purchasing a washing machine

identical to that given as a prize. Instead of Mr. and Mrs. Bruce Rennie having two new washing machines the prize won was exchanged for a gas range as sold by Marchand Freres.

Malone Rotary Responds

The Clarkson College Male Choir is to present an entertainment in Huntingdon on May 3 for the benefit of the Huntingdon Rotary Club. The transporting of the 75 students from Malone to Huntingdon for this occasion is no small matter. The Malone Rotary Club have volunteered their services and have arranged transportation to bring the choir members to Huntingdon. A pretty fine gesture, think the Huntingdon Rotarians.

Mr. A. C. H. Picard Not on Council

In the report of the recent Town Council Meeting, there appeared a conversation that was carried on between Mayor L. Cappiello and Ex-Mayor A. C. H. Picard with regard to the laying of sewer and water in what is referred to as the McCormick Field. Mayor Cappiello said that Mr. Picard was on the council at the time this work was sanctioned. Mr. Picard denied that

he was. On checking on the matter, The Gleaner finds that Mr. Picard was not on the council at that time. The council from 1945 to 1947 was composed of the following members: W. E. S. McNair, L. Cappiello, E. Lalonde, W. Warden, Chas. Lalonde, A. Fawcett and L. Riel. Mr. Picard called the attention of The Gleaner to the above fact after it was published last week.

Trip to Jersey Islands

Mr. and Mrs. D. M. Rowat are leaving on Tuesday, April 26th, from Montreal, on a trip to the Jersey Islands. While there, Mr. Rowat will study the methods used on the small farms of the islands and those of the small breeders. They will also visit France, England and Scotland, and expect to be away about three months.

Rotarians Entertain

At the Rotary Club meeting on Monday Principal J. B. MacMillan and a number of students were in attendance. A group of students from Ormstown were expected but failed to make an appearance. The demonstration and talk given by Mr. Toupin on the Bell Telephone was equally as interesting and enlightening to the students as the Rotarians. The boys hung back after the Rotary meeting and asked Mr. Toupin for information and for further demonstrations, which he graciously accorded. Who knows but from amongst this group of telephone interested enthusiasts of Monday will in a few years be Bell Telephone Company engineers of prominence.

Speaker Gives Chateauguy I.O.D.E. Talk on India

CHATEAUGUY — The monthly meeting of the Julius Richardson Chapter I.O.D.E. was held Wednesday evening in St. Andrew's Church Hall.

The guest speaker, Mrs. Kenneth C. Woodhouse, who was born in Bombay, India, and educated at Poona and in England, gave an interesting address on India.

India, half the size of Canada, has a population of 400 million people. The large towns are completely modern.

Messrs. Armand Roy, Bruno Charrette, Marcel Roy and Jean Daigault motored to New York to take a look at the Easter Parade.

Mr. and Mrs. Urgel Charrette and Mr. and Mrs. P. E. Rolland spent Easter in New York.

Mr. and Mrs. Lapierre and Mr. and Mrs. Marcel Giroux spent Easter week-end in New York.

Mr. and Mrs. R. David and family spent Easter in Ste. Agathe visiting friends.

Mr. and Mrs. Bellingham and daughter Lorna, from Oshawa, Ont., visited Mrs. G. Graham recently.

clear, in Northern India it is much colder. The educational facilities are very good, the students have a great leaning towards the study of law and medicine in preference to other professions.

Three films were shown, one depicting a tribal dance, the second Indian handicrafts and the third the various industries carried on in the mountain regions.

Mr. Peter Styles, Educational secretary, introduced the speaker, who was thanked by Mrs. I. W. Gilbert, while Mrs. E. R. Richardson expressed the appreciation of the members to Mr. David Reid for his done in operating the movie machine.

The meeting closed with the singing of "God Save the King."

Game of Curling Said to be "Parable of Life"

The game of curling is a parable of life, as indeed every game is a parable, declared Rev. J. H. Freestone, minister of Wesley Memorial United Church, as he addressed the first annual Church service of the Moncton Curling Club and the Beaver Curling Club.

To succeed in the Christian life, he said, one must have a mark or a goal, and that goal must not be in the making of money or the winning of a game, but the achievement of character. He compared the individual to a team of four, composed of the head, heart, conscience and the will. There must be harmony in the team, he declared.

Teen & Twenties

A closing semi-formal dance of the Teen & Twenties was held at the School on Saturday evening.

Miss Margaret Page, Miss Ann MacLean and Mr. Jimmy Wilson were in charge of the evening's entertainment and had the school auditorium artistically decorated with streamers and paper mache.

The girls must have put a lot of time into preparing their formal as they all looked particularly lovely. We wish to take this opportunity to thank Mrs. R. Jones and Mrs. K. A. Good for all the hard work they have done for use in the past season.

Valleyfield
The future lies at the point of the drill
The names of Canada's new oil fields have been heard from coast to coast... Leduc, Woodbend, Redwater.
They are fields discovered in the greatest search for oil in Canada's history. Already they have brought benefits to all Canadians; and in the west where they are turning back the tide of expensive imports the direct savings are counted in millions.
But before the fullest benefits can reach everyone even more oil must be found.
The successes of the past two years have been possible because there were people willing to go on risking millions in the search in spite of repeated disappointments.
Now, after the barren years that went before, these new fields seem large—and they are large! But they are far from enough to make Canada self-sufficient.
Canada is still dependent on foreign countries for more than 80 per cent of her oil and so her own resources must be developed. Exploration must be continued. More and more wells must be drilled so that markets can be expanded.
There is not yet enough oil to justify the big investments that will be needed if all Canadians are to enjoy the fullest benefits of western resources. Pipe lines, for instance, cost a lot to build; but over the years they provide low-cost transportation—so necessary to reach out to wider markets. The Edmonton-Regina line planned by Imperial is but a beginning.
Further discoveries are the only means of breaking through the distance barriers that hem prairie oil with transportation costs. The future lies at the point of the drill.
IMPERIAL OIL LIMITED
If you're interested in facts...
While it is now estimated the known oil in Alberta is roughly equal to our needs for the next five years, actually this oil could not be produced efficiently in less than 20 years.
To meet her present oil requirements it has been estimated Canada needs reserves of several billion barrels.
Imperial's 450-mile pipe line from Edmonton to Regina is expected to be in operation by the end of next year. Cost is estimated at between \$35 and \$40 million. It is a step towards wider markets.
Bringing you oil is a big job—and a costly one.

Trout River

TROUT RIVER—Mr. and Mrs. G. D. Elder are now back on the farm, having spent the winter at the home of their son and daughter-in-law, Mr. and Mrs. Ross Elder, Huntingdon.

Mr. and Mrs. Charles Anderson and Frederick, of Malone, spent Good Friday and Saturday at the home of his mother, Mrs. Mary Anderson.

Mr. and Mrs. Ray Richardson, of Dixie, spent the Easter week-end also with their mother.

Miss Janet McCaig returned to her home in St. Louis, on Saturday, having spent the winter with Mrs. J. J. Tannahill.

Mrs. G. D. Elder and Mrs. G. P. Elder were guests on Saturday of Miss Nellie Rutherford and Mrs. Hanna, at the home of Mr. W. G. McGerrige and called on Mrs. A. White in the Barrie Memorial Hospital, and Miss Janet Reid, who was then a patient there.

Mrs. Ella Dunn and Mrs. Beatrice Dunn, from Montreal, spent the Easter week-end at the home of Mrs. Windle and Mr. Percy Nesbitt.

Mr. Arthur Clark and Miss Annie Jamieson, of Ormstown, spent Sunday visiting with their cousin, Mrs. Mary Anderson, and family. Mr. Gordon Anderson of Huntingdon, also visited his mother, Mrs. J. J. Tannahill.

Miss Eunice Tannahill of Noranda, is spending her Easter holidays at the home of her mother, Mrs. J. J. Tannahill.

Mrs. G. D. Elder and G. P. Elder were guests Saturday evening of Mr. and Mrs. Gilbert McMillan, Huntingdon.

Mr. and Mrs. Allison Elder, Allan and Lois, Mr. Desmond White of Montreal and Mr. and Mrs. Walter Bell were guests Easter Sunday of Mr. and Mrs. Wm. Lang, Ormstown.

Glad to report that Miss Janet Reid, daughter of Mr. and Mrs. Eugene Reid, who was a patient in Barrie Memorial Hospital, was allowed to return home on Sunday. The doctors found it unnecessary to operate, but have prescribed some other treatment.

Mrs. Russell McDonald, Billie and Ronnie spent the week-end with her brother-in-law and sister, Mr. and Mrs. Jerry Marlow, Whippleville, N.Y.

Miss Annie McDonald went back to the city on Saturday, having spent the past month at home.

Mr. and Mrs. Harold Sutton and daughter, Carol visited at the home of her parents, Mr. and Mrs. W. G. Tannahill, on Easter Sunday.

Dundee

DUNDEE—Mrs. H. A. Cameron went to Montreal on Thursday and Friday to see her daughter, Miss Marilyn Cameron, who works in the city, went on to Ottawa to spend the week-end with Mrs. C. A. Haughton and family.

Mr. and Mrs. R. G. Steven motored to Prescott, Ont., Friday afternoon, to visit Mr. and Mrs. William Patterson. They returned Saturday afternoon.

Mr. Adrian O'Reilly of the Dundee Customs recently commenced a ten-day holiday. On Saturday he and Mrs. O'Reilly left for Carthage, N.Y., to visit Mr. and Mrs. Wilfrid Rushman. Later in company with Mr. and Mrs. Rushman they intended to motor to New York City to visit Mrs. O'Reilly's sister and her husband, Mr. and Mrs. Roddy McDonald.

Mrs. Basil Hewson and daughter Edith are spending a few days visiting friends in Ottawa, and Buckingham, Que.

Miss Corabelle Elliot of Castle-on-Hudson, N.Y., is spending her Easter holidays at the MacMillan home.

Early Monday morning Mr. A. H. Fraser received a long distance call from his brother, Lorne in Seattle, Wash. The conversation was very clear despite the distance. He just wanted to tell all the family that everything was O.K. after the recent severe earthquake. Neither his home nor business premises suffered any damage although everything really rocked.

Miss Norma Currie entered the Barrie Memorial Hospital, on Monday, where she expected to undergo an operation.

Good Friday guests at the home of Mr. and Mrs. N. D. McPhee were Mr. and Mrs. John Wallace, daughter Barbara and son Jack and Harold Cowan, of N.D.G.

Sunday guests at the same home were Mr. and Mrs. Gordon Carpenter, daughter Margot and son, Gordon, and Mrs. Thelma E. Price of N.D.G. and Snowdon.

Mr. and Mrs. Carl Arthur and daughter Carol were Sunday guests at the McMillan home.

addresses given there. The sum of \$10, was voted toward C.A.R.E. for Overseas Relief. It was also decided that a bale of used clothing be sent later. Delicious refreshments were served by the hostess at the tea hour.

A pleasing event took place on Tuesday evening at the home of Mrs. Garnet Green, when Miss Elizabeth Grant was feted by her bridge club associates and several invited guests. The hostess, on their behalf, presented her with a corsage of carnations and a beautiful cut work table cloth and service on the occasion of her approaching marriage. The bride-to-be graciously thanked all for their beautiful gift and thoughtfulness of her. Music, cards and a social hour were afterwards enjoyed. Delicious refreshments were served by the club members. A nicely decorated three-tier cake graced the bride's table, where the decorations were yellow candles and daffodils.

Miss Margaret Gamble, of Montreal, spent the Easter week-end with her mother, Mrs. D. Gamble, and uncle, Mr. Jerry Dunn.

Mr. and Mrs. Lyle Elder and children, of Montreal, were Easter guests at the home of Mr. and Mrs. W. O. Dawson.

Miss Betty Forrester, of Ormstown, visited this week with her aunts, Miss Alice Wilson and Mrs. Reese.

Miss Jean Hutchings, of Montreal, was the week-end guest of her parents, Mr. and Mrs. F. Hutchings.

Mr. and Mrs. Arthur Barwick and daughter Beverly and Mrs. A. Dickson, of St. Lambert, spent the Easter holidays at Rockcliffe Cottage.

Mr. and Mrs. S. Anderson and Mr. and Mrs. S. Chauvin, of Montreal, have been recent guests at the home of Mr. Percy Chauvin.

Misses Vera Harland and Myrtle Cullen, of Ormstown, were Easter guests of Mr. and Mrs. T. J. Morley Rowat, of Montreal.

Mrs. Morley Rowat, of Montreal, was the Easter guest of Mr. and Mrs. George Elder and family.

The friends of Mr. T. S. Macfarlane and Mr. Harold McCaffrey will be pleased to know of the continued improvement in their condition, although they are still confined to the General Hospital, Montreal.

Mrs. Carrie French, of St. Eustache, has been an Easter guest at the home of her sister, Mrs. Clifford French.

Athelstan

Easter Thankoffering Meeting

ATHELSTAN—The United Church Women's Missionary Society met on Good Friday afternoon for its Easter Thankoffering meeting at the home of Mrs. Geo. Boyce. A special programme in keeping with the Easter season was followed and the Missionary lesson, based on Advance in Home and Overseas Missions, Advance in Our Auxiliary and My Share in Advance.

Meeting closed with a hymn and Mission Band Prayer. Offering amounted to \$2.24.

The April meeting of the Willing Workers' Mission Band was held at the home of Mrs. Bert Shearer, on Easter Monday, an Easter service. The opening devotional exercises were conducted by David Grace and Lois French. Roll call was answered by twenty-eight members. The lesson, an Easter Story from Glad Tidings, was given by Mrs. Grant.

Meeting closed with a hymn and Mission Band Prayer. Offering amounted to \$2.24.

Ladies' Aid

The April meeting of the Presbyterian Ladies' Aid Society was held at the home of Mrs. H. A. Hampson, with Mrs. D. F. Grant as joint hostess. Mrs. Armstrong conducted the business meeting and Miss Kimball gave the opening devotional exercises. Roll call was answered by twenty-one members. The May meeting will be held at Windy Way. A delicious supper was served to about thirty members and guests.

Easter Pageant

The Easter Pageant portrayed by the friends from Rockburn in the Church Hall, on Friday night, was a very fine performance, showing much careful training of the young people. The Rockburn people are to be congratulated on having so much musical talent among their members. The offering was in aid of Rockburn Organ Fund and the local W.M.S. and amounted to \$18.

A social half-hour was spent at the close of the entertainment, and coffee, sandwiches and cake served to the guests.

Huntingdon Legion Notes

Our salute to Valleyfield Branch No. 62 who have laid the foundation for their new Legion Hall.

To all you Legionnaires who were not at the meeting last Thursday, (and there were too many not there) did you know that we now own a loud speaker system? Incidentally, we do need your dues to help pay for it and other expenses.

Howick Branch No. 123 has invited us to a Rally, April 20th, at Howick High School. Any Legionnaire who would like to go please contact our Secretary on or before Friday, 22nd. Wives and girl friends are also invited. (Husbands and boy friends were not mentioned).

Too many of our Comrades have been on the sick list during the past few months. To Comrades Chet Oney, Cecil Stark, Allister Kelly and Alton Warden we are happy to have you with us again. To Comrades Harold McCaffrey and Pete Petersen who are still under hospital care we hope you will soon be well.

HONORED BY STUDENTS

VANCOUVER-(CP)—Recognition of 28 years' service to the University of British Columbia came to Prof. F. H. Buck, horticulture professor when agriculture students dedicated a fountain to him, in front of the university library. Prof. Buck, university landscape architect developed the beauty of U. B. C. campus.

PIONEER ROUTE

PRINCE ALBERT, Sask., (CP)—Five members of the Saskatchewan natural resources department this spring made what is believed the first trip by automobile from Flin Flin, Man., to Prince Albert. With-out a trail to guide them in some places, they covered the 300-mile route by travelling in three trucks, day and night for about 100 hours.

AT THE MOVIES

O'CONNOR THEATRE

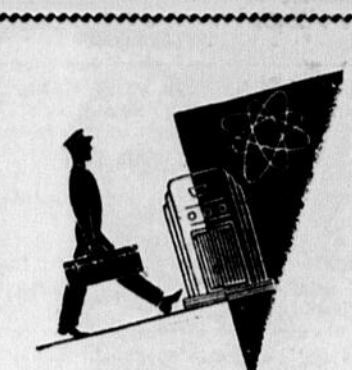

APRIL 24th and 25th

"ONE SUNDAY AFTERNOON"

Dennis Morgan, Janice Paige, Don DeFore and Dorothy Malone play the four leads—and that newcomer Miss Malone, is worth the price of admission, particularly in the earlier scenes when she's allowed to be pert and charming and rather free and easy with a song.

This turn-of-the-century musical-melodrama is complete with brown stone fronts, barbershop quartets and such local color as excursions on steamboats. The color is good, the music outstanding, and there's some slapstick comedy furnished by Ben Blue and Alan Hale, Jr.

Mr. Morgan, the dentist, thinks he is in love with Janis Paige, but later falls in love and marries Miss Malone, a free thinker who changes her mind about free love when Morgan proposes. Miss Paige married Don DeFore, a shyster of uncertain origins, and together they go on to wealth and power—and complete unhappiness. The Morgan-Malone duo remain happy despite the fact that Morgan is sent to prison through some shenanigans of Mr. DeFore.

500,000	1,000,000	1,500,000
Telephones	Telephones	Telephones

We've PASSED another milestone in telephone history—in Ontario and Quebec we now have 1 1/2 million telephones. Of these, 500,000 were added in the last four years. That's more telephones than we installed in our first 40 years!

And as we have grown, service has grown better. Your calls go through quickly, clearly. You can always count on your telephone. Yet up to now, despite rising costs on all sides, there has been no increase in the basic telephone rates established 22 years ago. Few things give you so much real value at such low cost as your telephone.

We've broken all records—but there are still orders we haven't been able to fill. We will keep right on working and building to make your telephone service a bigger bargain than ever—to continue to provide more and better service at the lowest possible cost.

Covey Hill

COVEY HILL — Sympathy is extended to Mrs. E. R. Lowden, of Huntingdon, and Mr. R. Sutton, of Covey Hill, in the death of their sister, Mrs. Isaac Manning of East Greenfield, Que., on March 10th. She was in her 72nd year. Before her marriage, she was Miss Sarah Parish, and was a native of England, where a brother still resides and where her son Victor now lives. She was the eldest of a family of three sons and nine daughters, children of the late Mr. and Mrs. Maurice Parish, former residents of Covey Hill, where Mrs. Manning has visited her relatives. She is survived by her husband, a daughter and three sons and several grandchildren; also by two brothers and five sisters.

Sugar Season Disappointing At Franklin

FRANKLIN CENTRE — The sugar season is past and very few reports even a fair return for their labour and expenses. Odd bushes, here and there, seemed to run better than others. Altogether, the average returns were far from good.

Easter holiday guests at the home of Mr. and Mrs. R. French were Mrs. P. Buckland and her daughter Joyce, of Sherbrooke.

Mrs. E. M. Sharpe and daughter Dorothy spent a couple of days the past week in Montreal, with Mr. and Mrs. Earl McNiece.

Miss Hazel Bruce, of Montreal, spent the holidays with her parents, Mr. and Mrs. Bryce Bruce.

This month's meeting of the W.A. Society was held on Thursday afternoon at the home of Mrs. Keith Dunn, with nearly all members present. Mrs. Fred Stevenson took charge of the devotional period. Final plans were made concerning the "Recital" by Mrs. Sherrington's pupils, and sponsored by the W.A. Society, to be held the last of this month. Many fancy articles, made and donated by the members, were received. The meeting closed in the usual manner.

Mr. Ross Goldie, of Quebec City, is spending his Easter holidays with his parents, Mr. and Mrs. John Goldie.

Miss Donaldia Waddell and two friends, of Montreal, spent their Easter holidays at Burlington, Vt.

The United Church service on Sunday morning was well attended. Special music was rendered by the choir, the Sunday School scholars and Mrs. T. F. Sherrington. Rev. E. Davis gave an impressive Easter message, followed by the Communion Service.

Guests at Mr. Wm. Hoyer's on Sunday included Mr. and Mrs. Clarence Boyd and family, of Avonmore.

He had been a resident of his farm in Hemmingford, Quebec, until October 1928, when he moved to his new home in Mooers'. He was born on May 19th, 1862, and married his wife, Miss Annie Ferns, daughter of Mr. and Mrs. James Ferns, of Huntingdon, Quebec, on March 18, 1891, when she moved with him to his farm in Hemmingford.

He had always enjoyed his home, and lived a real Christian life. He was always a member with his wife and family in the two churches which he had joined, and assisted in the church work.

Mrs. Ferns, his wife, cared for him through the three and a half years of his illness, which affected him more through the winter months.

A large number of his neighbours, relatives and friends came to his home to pay honour during the days and nights from Saturday until Tuesday afternoon funeral service at the church.

His remains were placed in the cemetery at Hemmingford.

Specially Written for The Huntingdon Gleaner By HAROLD MORRISON

OTTAWA, (CP)—Out of the lull that marks Easter recess on Parliament Hill comes the disclosure of a big behind-the-scenes trade talk to take place shortly between Canada and the United Kingdom.

It will see Trade Minister Howe, worried over the U.K.'s declining purchases in Canada, meeting with Sir Stafford Cripps, British chancellor of the exchequer, and Harold Wilson, chairman of the British Board of Trade, for a person-to-person conference on trade problems that face the two countries.

Mr. Howe will leave for London about April 27 and with him will go Max W. Mackenzie, his deputy. They will take with them communications with their parents, Mr. and Mrs. Dan Leahy.

Mr. and Mrs. Earl McNiece, their son Kenneth and Bobbie and Harold Kirk, of Montreal, spent the Easter holidays at their home here.

Miss Enright and Miss Daly, of Montreal, were week-end guests at the home of Mr. and Mrs. Willard Vaincourt.

A communion service was held in the Anglican Church, on Easter Sunday afternoon, by Rev. W. T. Payne, of Ormstown. This was the first service since Christmas, and was well attended.

plaints of Canada that Britain is buying less and less from the Dominion and buying more and more from other countries that appear to be Communist-controlled.

New Concessions However, both Mr. Howe and Mr. Mackenzie have shown sympathy for Britain's trading position which finds her with little hard currency with which to buy Canadian goods. Nevertheless, as Sir Stafford has already pointed out, Britain was still buying about three times more from Canada than Canada was buying from the U.K.

To recapture the huge British market Canada had at the end of the Second World War and at the same time to give Britain an even break on Canadian markets, Mr. Howe may make some new concessions to overseas trade.

These may include greater preferential treatment, such as on British automobiles. It may be recalled that some British firms—such as the Austin Company—had planned constructing plants in Canada, particularly at Hamilton, Ont.

Canada ruled that British car manufacturers wishing to establish in Canada could get only such preference as United States manufacturers establishing plants in the Dominion. As a result, the Austin Company suspended its Hamilton plant construction. The ruling may be changed.

Canada may also give Britain other concessions to make British engineering products more available in Canada, particularly on such items as railway equipment and electrical machinery and farm implements.

Canadian farmers may be encouraged to buy more British farm implements. More money may be made available to farming organizations on the stipulation that they buy British.

There has been some suggestion that Mr. Wilson, who will return to Ottawa on May 1, may make a bid for a multi-million-dollar subway construction job in Toronto and advocate construction of an all-electric railway between Montreal and Toronto.

These suggestions are without official confirmation, yet they appear to show that greater effort will be made by both Canada and the U.K. to increase the flow of trade between them.

Rasminsky's Problem The great difficulty of course is the exchange problem. Both the Dominion and the U.K. have a continuing shortage of United States dollar. Currently, the U.K. is relying to a great extent on the availability of dollars through E.R.P. So has Canada, in a different way.

The problem is what will these countries do when E.R.P. comes to an end?

As far back as last December Louis Rasminsky, keen financial strategist in the Bank of Canada, posed the question this way: "In thinking of the future one wonders whether we shall be able to continue the present level of cash exports to Europe."

"The United States will naturally wish to make progressive and substantial reductions in the E.C.A. appropriations. Moreover, as surpluses appear in U.S. production of various agricultural commodities, the relative ease of off-shore procurements in Canada may be curtailed."

"The question then will be whether the E.R.P. countries will have restored their productive and competitive capacity that they can earn enough dollars to maintain something approaching their present level of purchases in Canada."

"This for Canada," says Mr. Rasminsky, "is the \$64 question."

He notes that at the present time many of the E.R.P. countries (U.K. included) are discriminating against imports from the Western hemisphere in order to economize in their use of dollars.

"As the dollar deficits are, in a sense, covered by E.C.A. appropriations," he explains, "these policies reduce the burden of the U.S. treasury and are not discouraged."

"But the danger in these policies, which we might as well recognize, is that the countries concerned, as part of a program of economizing dollar outlays, may impair their own capacity to earn dollars."

Mr. Rasminsky says this will be done if the E.R.P. countries "establish special techniques for trading with each other at high prices without having to face the competition of efficient producers in Canada and the United States."

But while exports by the countries forming this system will be easier to each other than exports to the Western hemisphere, in the long run the system would break down.

"There are no continuing rewards for high cost production," notes Mr. Rasminsky.

Problem Remains He suggests that Canada should try to achieve a better balance in direct bilateral transactions with the U.S. This may, perhaps, be achieved through a reciprocal trade pact which Canada has hopes of concluding with the United States government.

But the big problem still remains. How will Canada go about continuing her trade with the U.K. after E.R.P. disappears? Through the duration of the dollar shortage, she will seek to achieve a surplus in her trade with the U.K. in order to

pay off her debts with the U.S. Once Britain obtains a better trade balance with the Dominion, Canada's supply of dollars may again be curtailed. That is the question that may be in the minds of Mr. Howe and his deputy as they prepare to meet Sir Stafford and Mr. Wilson. The answer appears to be in obtaining new and greater international markets for Canadian production, not only in Europe and the U.K. but also in the U.S.

NOW AVAILABLE Blatchford's 20% PROTEIN Crumbled CHICK STARTER

Not a Mash—Not a Pellet—Just Crumbled Better Growth, Stronger Bodies and Economy in Feeding

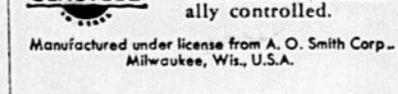

This chart proves the importance of proteins on growth. A 20% protein feed in 8 weeks produced a 10% greater growth than did the 18% protein feed. Blatchford's Crumbled Chick Starter contains 20% protein. Relished by chicks—growth is the result—try a bag today—you'll be more than satisfied.

During a recent survey it is noticed that a very large percentage of farm buildings are roofed with steel and that serious corrosion is evident. If the expense and annoyance of new roofing is to be immediately avoided, steps must be taken to retard this corrosion. This can be done by brushing the roof with a steel brush, and give one coat of ALUMINEX. This roofing paint gives an asphalt base, filling up pin holes caused by corrosion, with a metal surface to the weather in one application, and will give many years more roofing service to the present roof. Even if you have a new roof of a coat of ALUMINEX will prevent corrosion from the outside.

If a roof has to be replaced give some consideration to other forms of roofing. A steel roof is not cheap — in order to keep such a roof in good condition painting has to be done at frequent intervals. ALUMINEX roofing needs no painting whatsoever — its non-corrosive properties are so well known as to need no argument — it will outlast several steel roofs. It is readily available — its reflective insulation value gives a warmer building in winter, and cooler in summer. Special nails are now available replacing the old type lead-headed nails, doing away with any fear of corrosion at point of contact. We can supply 24 gauge ALUMINUM ROOFING NOW.

A form of roofing fast becoming popular amongst the farmers is the 210 lb. ASPHALT SHINGLE. Laid 5" to the weather, its stone surface gives fire resisting qualities, and the colourful tones give a barn a really fine appearance that will be appreciated. There is absolutely no drumming during heavy rain or hail so annoying under a metal roof, and the life is at least equal to that of steel without that annoying paint bill every so often.

All colours and weights of ASPHALT SHINGLES are now in stock, as well as stone surfaced roll roofing; 2, 3 and 4 ply talk surface roofing. Roofing cements and paint. We shall be glad to advise the best means of renovating if you will call.

For INSIDE PAINTING we have the very popular LOWE BROS. line of Paints:—

KEM-TONE — The new oil-base (dilute with water) paint.

BELLO-TONE — A fine flat paint in beautiful tones.

BELLO-GLOSS — A satin finish.

NEPTO-LAC — A brilliant hard enamel.

Floor enamel and varnishes.

HIGH-STANDARD: High gloss general service paint.

HOSPITAL MEMBERS

628 Members at end of 1948
240 Life Members at end of 1948
270 members lost at \$10.00 at time of campaign.
48 members lost at \$15.00 at time of campaign
39 members have not paid anything on their pledges
20 Life members have not paid 1245

The financial statement was read by Mr. W. L. Carr, Auditor, and a copy of this appears elsewhere in this issue. The statement showed a deficit in operating the hospital of \$7,012.81, with a total loss for the year of \$3,054.70. It was pointed out that the rates had been increased toward the end of 1948, but this had not offset the deficit. The statement was adopted as read. Recommendations were made that an increase in the annual government grant should be sought to help the hospital meet the increased costs of administration.

Considerable discussion arose as to what should be done to get the new hospital started. It was reported that many were keeping back their pledges until they saw some tangible evidence that the new building was being proceeded with. The governors explained that they were waiting on the word from the Provincial Government as to the actual amount of the grant and when it would be available. The meeting felt that it would be best to wait and see what happened in the course of the next few weeks and then for the governors to act as they saw fit as to what steps should be taken. It was also the feeling that something should be started this year.

The election for new governors resulted in the retiring members being re-elected into office for another term. It was felt that with the many problems that have to be faced and the possibility of the new hospital being started this year, that the same officers should carry on. W. L. Carr, who was in charge of the election, cast a ballot to this effect and duly declared the same officers re-elected. At a meeting of the Board of Governors following the annual meeting, Mr. R. E. Walsh, who was one of the retiring members, was re-elected as chairman.
