Hockey vs Weather at Minor Tournament

Saturday March 7, 1964 will go down in the history of Shawville's Minor Hockey Club as a day of determination and perseverance. During the week previous to Tournament day, all the boys and those adults in charge of arrangements were hopeful that cold weather would arrive for the "Big Day". However it appeared very hopeless as the sun shone warmly and brightly, little rivers ran down both sides of the streets and both rinks became lakes.

But never was cold weather more appreciated here than it was on Thursday night when the temperature dropped to about 20 by 10 p.m. After opening all doors in both rinks, the icemakers, the Richardsons, Lloyd Murray and Roley Wickens and several other Lions members, had two lovely sheets of ice, after working all night. Everything looked wonderful for the tournament and everyone was happy.

Pontiac League

Coulonge now faces Bay in finals

Pontiac League hockey action in Renfrew Monday night resulted in the elimination of Bryson from the finals in an exciting game which ended in a 5-3 victory for Fort Coulonge.

Marcel Desabrais netted two for Bryson and Joe Gauthier accounted for the third. For the winners Shannon Doyle, Ronald Soucie and Ken Soucie each scored one and Joey McGuire came through with two more.

This was the fifth game of a best of five series which had been tied up two all, as were Campbell's Bay and Quyon until last week.

The first game of the Pontiac League finals between Fort Coulonge and Campbell's Bay will be played Wednesday night, March 11, in Shawville.

But again the weatherman played a trick. Saturday morning, the boys and everyone else concerned were thoroughly disgusted when they awoke, and found the day to be sunny and warm.

Anyhow things got under way in both rinks full swing at 9 a.m. with committees in charge at each place, and schedules arranged for games every hour on the hour. There would be 3 — 15 minute periods for all games, with all semi-finals to be played during the day so that the parents could attend for the finals to be held in the Community Centre commencing at 6:30 p.m.

However things went awry in the Richardson rink about 2 p.m. when the ice became Richardson's Lake, and the Community Centre began to soften considerably. The last game played in the R.R. before vacating to the other arena, was amusing to watch. It began with the nets in their original position and as the water got deeper and deeper at each end, the nets were moved up closer and closer to the blue line. The boys got slightly (?) wet as they fell once in a while, so when this game was finished at 1:45 a small parlay of committees of both rinks, decided to try and complete the semi-finals for the day, in the Community Centre. It had been previously suggested that the entry fees be returned and the affair cancelled, but a terrible noisy protest arose from the boys, so it was decided to try it, hoping for the best. After a few wet games, some of the coaches were seen lugging armfuls of wet sweaters out to the laundromat for a quick drying for the next game!

At 2:15 p.m. the C.C. became a crowded spot as the schedules were combined. After consulting the coaches, all were agreeable to have the periods cut down to 2 instead of 3, except for the finals. This gave time to play the extra games brought from the Richardson Rink. In the end, however, the Juveniles were the only team that were able to find enough time to play 3 periods for

Youth group visits Printshop

Last Wednesday an enthusiastic group of little folk went on a tour of Pontiac Printshop. They are known as Christian Youth Crusaders sponsored by the local Wesleyan Methodist Church. The boys and girls, led by Rev. K. Cooney and Mrs. Clarence Little, saw how the printer 'made' The Equity as part of their educational program. A busy time was had by Mr. Gordon Crouse who 'guided' the tour, answering questions and showing the various steps necessary in producing a newspaper and other printed products. He accepted a vote of thanks on behalf of the printshop's proprietors the Dicksons given by the children after the tour.

Movies at Rotary

Movies have been the order of meetings for the past two weeks at Shawville Rotary. Monday, March 2, Edgar Schwartz entertained the club with his movies of the Rotary bicycle rodeo of last spring, his trip to the west coast and the Pontiac plowing match and not the least of the entertainment was his running commentary on it all. Rotarians were not surprised at the number of Esso trucks, stations and service men to be found at these places.

On Monday March 9 the movies were provided by Orval Smart and were on the subject of Islam, depicting the beliefs of the worshippers of Mecca. The narrative which accompanied this National Film Board film from the Macdonald College Library was informative and interesting.

The Club discussed the latest move on the part of Quebec Minister of Lands and Forests, the Hon. Lucien Cliche and though many seemed to be strongly in

favor of the action it was decided that it was not the place of a Rotary Club to take any official stand on such a matter which might be construed to be "political". A slate of officers for the coming year will be brought in by the nominating committee at the next meeting, March 16.

The siren will sound

The monthly meeting of the Shawville Fire Department was held on Wed., March 3 and called to order by means of blowing the fire siren. As usual, the telephone office switchboard turned red and the girls were swamped with dozens and dozens of calls. It was for this very reason that the use of the fire siren was discontinued some time ago, but after a lengthy discussion at last week's meeting, it was decided that to notify all firemen promptly, the siren was the answer. Confusion at the telephone office could be avoided if residents would refrain from using their telephones for a few minutes until all urgent calls had been attended to. In the future the girls at the office will not release the location of the fire to those telephoning until urgent calls have been attended to.

Over the years, the telephone operators have called the firemen individually which required 12 calls and waiting for a response from each.

A "direct-line" now has been installed between the firehall and the telephone office. On discovery of a fire, a resident is requested (as has been the habit in the past) to call the operator and tell his or her name and the location of the fire. From here the procedure is as follows:—

Operator telephones Chief Watt Taylor to give him the location of the fire and she also flips the siren switch.

The chief goes immediately to the fire to quickly analyze the situation and be ready to direct his firemen on arrival. The first fireman to arrive at the firehall uses the 'direct-line' and finds out the location of the fire. He then writes the location of it on the blackboard beside the telephone and hurries (together with the firemen who have by this time reached the hall) to the fire.

This can be accomplished in 3 minutes, but only if the public co-operates by refraining from calling the telephone operator.

The firemen are appealing to the public to abide by these requests and promote good Fire Protection. They would also like to remind everyone that the Firemen's Ball is to be held April 3 in the Community Centre Hall.

During the last year, the Firemen's Association has purchased about \$1,000. worth of additional fire equipment. Among it were two air masks worth \$355.00 ea. which could prove invaluable at a time when lives must be saved from a smoke filled room. Also purchased was additional hose, nozzles, etc.

The Shawville Firemen are proud of their truck and equipment and support of the Ball will help them pay for it as well as show them the community's appreciation of their selfless devotion to duty.

favor of the action it was decided that it was not the place of a Rotary Club to take any official stand on such a matter which might be construed to be "political".

A slate of officers for the coming year will be brought in by the nominating committee at the next meeting, March 16.

Bell Tel. buys Wright & Pontiac for \$75,000

Tuesday night at a shareholders meeting of the Wright and Pontiac Telephone Company at Hall 70 Beechgrove, 248 shareholders voted in favour of selling the company to the Bell Telephone Co. of Canada for \$75,000. Seven shareholders were not in favor. There are approximately 300 shareholders and many of these voted by proxy.

Presiding at the meeting was Dr. W. W. McKay of Breckenridge, president of Wright & Pon-

tac Telephone Company. Bell will take over operation in about six months but can't promise much improvement for several years.

The company was formed on Feb. 22, 1910 and on Feb. 22, 1958 the Luskville exchange switched to dials.

Mr. Lloyd Balharrie, the present manager, Mr. Edgar Reside secretary and Dr. McKay will remain in charge during the takeover.

Richmond Royals win first of finals

The Richmond Royals hung on gallantly and defeated the Shawville Pontiacs 4-3 in sudden death overtime last night. The game was the first of a best of seven finals and was played in Shawville.

Hero of the evening was youthful John Bradley who flipped home a rebound after 1:35 of the second overtime period.

The Pontiacs took an early 1-0 lead but by the end of the second period goals by Bernie Lemoges and Corky Moore put the Royals on top. The Pontiacs pulled out all the stops and at 15:33 of the third period, Barry Wagner whistled home a 50 foot shot to send the game into overtime. The Royals again took the lead at 4:56 of the 10 minute overtime period, but Carson Ryan drove home a rebound by Des Keon at 7:21 to knott the count again at 3-3. With only seconds left, Paddy O'Donnell let go a backhand shot from 10 feet out only to have a sure goal deflected inches wide of the net.

At 1:35 of the sudden death overtime John Bradley sent everyone home as he picked up a rebound and flipped it in.

The game was a real thriller all the way, and the pace of the match seemed to speed up as the game progressed. The Pontiacs were without defenceman Doug Thomas, but the exceptionally fine work of Brian Poupore in

New principal signs contract

Mr. M. Hanna of Montreal, has signed a contract with the Clarendon School Board and will be the principal of Shawville High School starting in September, 1964. Mr. Hanna plans to move to Shawville this summer. He is at present the head of the History department of the Malcolm Campbell High School in Montreal, teaches evening classes at the Sir George Williams University and also is employed by the Department of Education of the Province of Quebec as an examiner for High School leaving examinations.

The Clarendon Board feels especially encouraged by having obtained Mr. Hanna for this key position as he is a graduate of Oxford University London where he obtained his Masters degree. His children are grown so Mr. Hanna will only be accompanied by his wife when he comes to live here. Although his name is already familiar in this district, the new principal is actually not related to any local family.

Engaging Mr. Hanna is part of the school board's plan to improve the teaching standards at Shawville High School.

Equity reporter

shoots fox

Our Equity correspondent from Dunraven, Mary Benoit, turned out to be a real sharp-shooter last week. On Wednesday, March 4 a fox appeared in the backyard at her home. Mary, on thinking the fox was going to attack their little dog, took out their gun and killed the fox with one shot.

Teen & 20 record hop

Saturday night about 125 teens and twenties joined in the fun at the Community Centre for a record hop and games night. Garry Richardson was master of ceremonies and was assisted in organizing by Gwen Barber. Food was provided by 15 wives of members of the Shawville Lions Club.

A suggestion box was set up and many valuable suggestions were made for a Teen & Twenty Club in Shawville. On Monday, March 16th at the Community Centre a further organizational meeting will be held to elect an executive and plan further activities. All interested teens and twenties from Shawville and district towns are asked to attend.

Chaperones at the dance Saturday were Mr. and Mrs. Darwin Elliott, Mr. and Mrs. Nelson Angus and Mr. and Mrs. Carson Hodgins. Carson Hodgins is the adult advisor of the new organization which is being sponsored by the Lions Club.

MR. CLICHE REMEMBERED PONTIAC

Last September when the Hon. Lucien Cliche, Minister of Lands and Forests for Quebec, visited Pontiac County he told the people here that he believed it important that Quebec wood should be manufactured in Quebec. He became aware of the potential importance of lumber to Pontiac County as he toured the Davidson, Fort Coulonge area.

September's visit was his first to this County but he promised to come back. Before that was possible, some of us have visited him in Quebec. Four members of our Economic Council talked with Mr. Cliche on February 18th with the aim of getting Pontiac a greater share in the manufacture of its own wood products. The following day the matter was discussed at a Cabinet meeting.

Last week the Minister announced his intention that timber cut on Quebec government lands should create jobs for people of this province. To initiate implementation of this intent he proposes that local timber be shipped only to plants within Quebec where they exist and that others be built to fill the need. This could provide employment and bring progress to Pontiac County more swiftly than anything else we have seen here in a long time.

ATTENTION MR. CORBEIL ET AL

Now is a good time for the Department of Industry and Trade of the Province of Quebec's Hull office to become particularly active in this area. They have told us to first do something for ourselves. We Pontiacers feel that we are doing just that.

An Economic Council has been established through our Chambers of Commerce. We have not only affiliated ourselves with the rest of Western Quebec but we have gone on our own behalf to Quebec. We have seen immediate results in the pronouncement of the Department of Lands and Forests concerning the manufacture of our own natural resources.

In Shawville there is a factory standing empty (the old Shawville Creamery) which would be admirably suited to the manufacture of wood products and in Shawville there are men and women who are employable and high school graduates seeking jobs every year, some with clerical and commercial training and some with industrial arts training.

We have been informed repeatedly that the Department of Industry and Trade is in touch with prospective manufacturers who want a plant, a labor force and raw materials. Well, gentlemen of the Dept of I and T, here we are and as soon as the new regulations about exporting local timber go into effect we'll be hoping for action.

BETTER UNINFORMED

The taxpayers and electors and parents and students who would like to know the facts behind the seeming impasse between Shawville high school teachers and the Clarendon School Board will have to be satisfied with whatever rumour they can get from the various street-corner conferences around town. Trying to obtain reliable information from Teachers Federation and the School Board, we have been given to understand from both sources that the public is better left uninformed.

We are "outsiders", capable of supporting the school with our taxes and of producing children to place in their care, but neither the teachers nor the board wish us to know the truths behind the rumours. In both cases, these people have assured The Equity that everything possible is being done to reach an amicable settlement and that next week may tell the story. We can be reassured in the fact that these people are all good solid well-meaning citizens of Shawville and we know they have the best intentions in the world.

Our only quarrel with both groups is their assumption that the public should be content with party line gossip and that facts from official and reliable sources are better kept secret.

Grains of Sand

Don Fulford, chairman of the Lions Winter Carnival held on February 29 at the Community Centre, deserves great praise for his great success and we see by reviewing our report of the event, we forgot to even mention his name. Sorry Don, and congratulations.

At a recent meeting of the Campbell's Bay and District Home and School Association, it was decided to have an attendance Banner which would be awarded to the class having the highest percentage of attendance by parents, at the home of school meetings.

LETTERS TO THE EDITOR

Start at home

Fort Coulonge, Quebec
The Equity,
Shawville, Quebec,
Dear Sir,

In answer to the article of Mr. Martineau in the Journal of Feb. 16th, about bringing farmers from Algeria to Pontiac, that would be nice if we had farms for them but if Mr. Martineau wants to do a good deed for Pontiac, tell him to start right here at home.

Give the farmers a market for their beef and their grain, their eggs and all they have to sell and help them get an industry in the county so they can sell their wood right here and build our hospital that we have been waiting almost four years for.

Pontiac has just as good or even better farmers as any place else including Algeria. Our farmers have to leave their farms because they can't make a living on them and instead of helping them out Mr. Martineau will bring somebody else to starve here along with our farmers. Mr. Martineau don't you do a thing like that. Do like God said "Help yourself and I'll help you".

Mrs. Jules Laroche Jr

MORE INDUSTRY FOR PONTIAC COUNTY

I wrote to the Hon. Lucien Cliche, thanking him and congratulating him for his fine announcement on the wood products of Quebec. There are dozens of telegrams going to him these days from all western Quebec pledging support, and urging him to stand firm in his plans in the face of expected opposition. (Did you ever notice that when you stop lending your lawnmower, the neighbour who has it pretty well worn out generally gets angry. Such is human nature.)

This move of Mr. Cliche is designed to give us sawmills and other wood factories here in Pontiac. Any company which will not cooperate will lose its operating privileges. The timber on Crown lands belongs to the Government and it has control of it. I say this to alleviate the fears of a few frightened people who think companies can stop operations by just wanting them to stop. Let us put our faith and trust in Mr. Cliche. He was given the job of Minister of Lands and Forests to protect the interests of the people.

A member of Parliament in Ontario is quoted in a daily paper as saying that this law directing that wood products be processed in their own province dates to 1908. This law is for all ten provinces, not just Quebec. We have been waiving this law for 56 years by sending out our raw wood products to neighbouring regions. Therefore, if they want to be really fair, and even things up, they would have to send their logs, etc., to our sawmills until the year 2020. But we are only looking to manufacture our own.

This is not any part of Quebec isolationism at all. It is merely looking for fair play on a par with the rest of Canada. Why should our children have to leave here to find work? Why should the greater part of our people

Four Holstein bulls from the farms of Dalton Hodgins, Walter Kilgour, Arthur Kilgour and Edwin Pirie and Son are consigned to Cuba. Two Cubans were in Shawville last week to make the purchase and while here enjoyed their first sleigh ride with horses at the Pirie farm in Maryland.

Pastoral comment...

"Come ye yourselves apart into a desert place, and rest awhile." St. Mark 6:31.

You have come to the crossroads of your life and have not known which way to turn. You have been in the rush of the streets and the turmoil of life. There has been no leisure to eat of the Sacramental bread. There has been no opportunity for the quiet review of your life.

There is a necessity for a quiet time of self review and self examination in every life. The Lord is constantly saying to us, "Come ye yourselves apart, into a desert place, and review your latitude and longitude."

Those of us who have crossed the ocean know that at mid day on board ship observations are taken of the course of the vessel. That should happen in the lives of us all; we should go into some lonely place with our Lord and take the latitude and longitude of our course and have private fellowship with Him about our way of life.

After all, the deepest things in life are not the Church, not even the Communion of the Lords' Table, not even the study of the Word of God, as necessary and important as these are. Rather it is coming to Him and hearing Him say: "Come ye apart — and rest awhile."

It was said by an English leader in 1940 that never in history have the people in Britain spent so much time looking skyward as during the past few weeks. This, of course was during the war years, and whenever the sound of humming has been borne upon the breeze, the people of Britain instinctively turned their eyes upward, wondering whether the enemy was coming.

"Eyes Up" is a good habit to form, providing we look high enough. The Psalmist said, "I will lift up mine eyes unto the hills. From whence cometh my help? My help cometh from the Lord, who made heaven and earth."

*Rise up, O man of God!
Have done with lesser things;
Give heart and soul and mind
and strength
To serve the King of kings.
Lift high the Cross of Christ!
Tread where His feet have trod;
As brothers of the Son of Man
Rise up, O men of God!*

"Come ye yourselves into a desert place, and rest awhile." Do this, and your soul shall live.

Rev. M. A. Swaren

have to eke out an existence on part-time work, while our products provide full-time jobs for people in other places? Ask many an old, honest, shantymen, and he will say the same thing in very strong language.

People of Pontiac, let us take a firm, courageous stand in the interests of truth and prosperity.

Court Report

Breaking and entering the Arthur Beaulieu Store at Fort Coulonge, where he stole electric appliances for an approximate value of \$600.00 brought a sentence of three (3) years in the St-Vincent de Paul Penitentiary to Thomas Allaire, 26 yrs. of Hull, P.Q.

Allaire had first pleaded not guilty to the charge and after his preliminary hearing was remanded to stand his trial at the next term of the Criminal Assises. Yesterday, appearing before District Judge Avila Labelle, he changed his plea of not guilty to guilty and then and there was given the 3 yr term.

The accused has a lengthy Police Record, and at the St-Vincent de Paul Penitentiary, he will join his accomplice in the commission of this offence, Jean Croteau, who on the 19th of February was also sentenced to 3 years in the penitentiary.

Breaking a door glass and a chair at his father's house during a drinking bout, brought a 7 day jail term to GERALD PERRY, 31 yrs., of Waltham, P.Q., he also was ordered to pay for the damages caused, or in default of payment 5 additional days in jail.

Lucien Renaud, 23 yrs., of Masham, P.Q., will receive his sentence on the 18th of March 1964, having pleaded guilty on charges of theft of a truck wheel and tire of a value of \$100.00 and the property of Mr. Philippe

Telephone Pontiac Rural to negotiate with Wright & Pontiac Company

The fifty-first annual shareholders meeting of the Pontiac Rural Telephone Company Limited was held in the Anglican Church Hall on Thursday, February 20th, 1964 with about 50 shareholders present.

A discussion was held re—the purchase of The Wright and Pontiac Telephone Company.

A motion by Clarence Dean and Elwood Cameron that the directors be empowered to negotiate with Wright & Pontiac Telephone Company and if suitable terms can be arranged a special shareholders meeting will be called.

Joanisse of Wolf Lake, P.Q., as well as breaking and entering the summer cottage of Real Beaudoin in Otter Lake, where he stole an outboard motor, a record player and other household articles for an approximate value of \$200.00.

Only part of the articles stolen were recovered by the QPP. While awaiting his sentence, Renaud is being held in the Campbell's Bay common jail.

A \$50.00 fine was imposed on Thomas Sloan, 39 yrs., of Campbell's Bay when he pleaded guilty of having had the care and control of a motor vehicle while his ability to drive was impaired by alcohol. The accused was found and arrested while at the wheel of his half ton truck on highway number 8 between Vinton and Campbell's Bay, after he ran off the road into a snow bank where he got stuck.

Maurice Grenier, 18 yrs., Fort Coulonge, P.Q., pleaded guilty of having stolen \$295.00 in cash from the safe of Raoul J. Labine, owner of the Labine's Hotel in Fort Coulonge, on the 21st of February 1964.

He was remanded to the 18th of March 1964, at which date he will receive his sentence, and in the meantime he is being held at the Campbell's Bay common jail. The Court was told that Grenier walked into the Labine's Hotel during day time, went in a corridor next to a living room where the owner was resting & his wife reading, and practically from under their nose, got to the safe kept in the corridor, opened the door which had been left unlocked, and took the cash.

Jean Paul Bourque, 17 yrs., of Fort Coulonge, was found guilty of resisting arrest, causing a disturbance at the village of Fort Coulonge, and of having stolen gas from the Saunders service station at Bryson, P.Q. He was sentenced to 2 months in jail.

Bourque was found behind Beaulieu's store late at night without any plausible excuse, and when Chief of Police Jacques L'Ecuyer tried to question him about his doings at the place, having been notified earlier that the store would be broken into, the accused assaulted him, and caused a rumpus in the village street.

On the third charge of stealing gas, the Court was told that the accused filled his car tank at the Saunders Service station in Bryson, and made off without paying. Bourque who although only a young man, has a police record for thefts and other offences, was served a severe reprimand by Judge Labelle, who warned him that any recurrence of law breaking would bring him a much more severe sentence the next time.

For having caused a disturbance at the "Silver Inn" hotel in Fort-Coulonge, Laurier Amyotte, 21yrs., of Fort Coulonge, P.Q., was sent to jail for 15 days. He was ordered to furnish a personal bail bond of \$100.00 to keep the peace for a period of 12 months.

OLDS—a sure feel for action —a solid sense of value!

Point an Oldsmobile toward the horizon and let her go. That's Rocket power you feel pushing you deeper into your seat. And every Olds has it in good measure. How good? Up to 345 hp with the Starfire V8.

Now, take Olds over back roads. Yes, those are bumps you see but don't feel. Oldsmobile's balanced coil spring suspension takes care of that.

Pilot an Oldsmobile into a crowded city canyon. Notice how smooth and relaxing downtown

driving just became. That's because Oldsmobile's famous Hydra-Matic Drive, Roto-Matic Power Steering and Pedal-Ease Power Brakes (optional at extra cost on some models) take on the effort, and leave you the fun.

Sooner or later, you'll get that Oldsmobile feeling. And when you do, your Olds dealer is the man to see. He has 21 variations on the Oldsmobile action and value theme. Buying any one makes very good sense.

"FOR THE BEST APPLIANCE AND FURNITURE DEALS"

Portage

John Peter Sicard and Michael Hodgins both in their early 20s of Pembroke, narrowly escaped serious injuries early Sunday morning on returning home to Pembroke when the convertible car failed to make the turn off Church St. onto the Portage du Fort section of the "Cheneaux" dam and continued about 150 ft. on a road leading to cottages owned by Gordon Gibbons striking a stone wall, turning completely over and landing on its four wheels on the ice in the river where the water is several feet deep at that point. John Sicard, the driver of the car was not familiar with the road and failed to notice the road sign in time to prevent the accident. Both men were fortunate that the only received minor cuts despite the fact that so much glass was broken. The damages were estimated at about \$300. QPP are investigating.

A. R. Edwards ordained to priesthood

On Sunday, March 8th at 3:00 p.m. in Christ Church Cathedral Montreal, The Rev. Albert Raymond Edwards the Rev. Joseph Henri Armand Gauvin, the Rev. Jacques Antonio Smith and the Rev. Michael Kenneth Lloyd were ordained to the Priesthood by the Rt. Rev. Kenneth McGuire, Bishop of Montreal, assisted by a number of priests of the Diocese.

The sermon was preached by the Rev. James Allan of Point Claire. The deacons were presented to the Bishop by the Archdeacon of Montreal the Ven. R. Kenneth Naylor.

Also attending the ceremony were the Rev. James G. Bovington, Rural Dean of the Deanery of Clarendon and Mrs. Bovington of Aylmer Que., the Rev. T. Desmond Rowe, of Shawville, Que., the Rev. R. G. Elliott, of St. Paul's Cote des Neiges and the Rev. and Mrs. D. M. Hughes of South Shore and present and former members of St. George's Parish, Campbell's Bay, Que. Mrs. Harold Wilson, Mrs. Ernest Martin, Mrs. Wilson Vibert, Kenneth Hampel, Miss Sandra Wilson, Mrs. L. R. Quaille and Miss Elizabeth Crawford.

According to the Anglican Book of Common Prayer. "The work of a Priest is to minister to the people committed to his care by the Bishop; to lead them in the worship of God and to preach his Word; to baptize; to celebrate the Holy Eucharist; and to pronounce Absolution and Blessing in God's name."

"Father Ray" is now Priest-in-Charge of St. George's, Campbell's Bay, St. George's, Portage-du-Fort, St. Alban's, Parkman, and St. John the Evangelist's, Morehead.

The new Priest will celebrate the Holy Eucharist for the first time in any of his Congregations on St. Gregory's Day, Thursday, March 12th, at 10:00 a.m. in St. George's Church, Campbell's Bay.

OBITUARY

Rev. Sister St. Dorothy

Rev. Sister St. Dorothy (Elizabeth Griffin) died last week at Pembroke at the age of 83 in her 60th year of religious life. She was the former Superior General of the Immaculate Conception Order.

She is survived by Mrs. Fred W. Bowie her sister, in addition several nieces and nephews, including Rev. Richard Griffin of New Westminster B. C. Rev. Kevin Griffin, Montreal, Sister Anne Celine, Victoria, BC, also Gerald Griffin, Calumet Island.

Born on Calumet Island, Mother St. Dorothy was a graduate of Queens University. She became a nun in 1902. From 1918 to 1952 she was Superior at Eggleston High School. In 1952 she was appointed Mother General.

Word has been received by this correspondent that Rose-Mary (May) Gagnon widow of the late Joseph Gagnon, a former post-mistress and resident of this village had passed away in the Lacombe Nursing Home at Midapora, Alta. on Feb. 20. The late Mrs. Gagnon was in her 86th year and was born at Portage du Fort, a daughter of the late Mr. and Mrs. Patrick Coyne. She leaves one daughter (Beatrice) Mrs. Leo Despardins of Calgary, Alta. and one son Joseph of Sacramento, Calif., two daughters (Gertrude) Mrs. C. MacLaughlin and Francis of Gleichen, Alta., predeceased her. One brother William of Seattle, Wash., survives and several grandchildren. Two sisters (Mary Anne) Mrs. Walters and Philamon and two brothers John Joe and Bernard predeceased her many years ago.

The late Mrs. Gagnon resigned as post mistress about 30 years ago and moved west where her daughter Gertrude died very suddenly and has resided with her daughter (Beatrice) Mrs. Desjardins at Gleichen, Alta., until her health failed and she was admitted to the Nursing home at Midapora, Alta., about 5 years ago. She was a member of the Roman Catholic Church at Gleichen and requiem high mass was said and burial in the cemetery there.

Mr. L. H. Moore of Shawville took charge of the 11 a.m. service at Portage du Fort Anglican Church on Sunday in the absence of the Rev. Albert Raymond Edwards who was being ordained a priest by Bishop Macguire in Christ Church Cathedral at 3:00 p.m. Sunday, March 8. Special prayers were offered for Rev. Edwards ordination.

Congratulations to the Portage du Fort broomball team who were runners up in the annual Renfrew Invitational Broomball tournament when Renfrew Aircraft team came first. 14 teams competed. They received \$50. cash and their picture appeared in a Renfrew paper last week for taking second prize. This team has been doing exceptionally well in their own league this year and will be entering the playoffs shortly. Coach is Wilmar Malette.

Lyle P. Hodgins of Litchfield returned to his home, convalescing from an illness that has confined him to the P. C. Hospital and later the Civic Hospital for operation and treatment.

Mr. and Mrs. Wilfred McCallum Jr. and daughter of Ottawa were weekend guests of Mr. and Mrs. Wilfred McCallum Sr.

Mrs. Jacque Larue and Mrs. John Boisvert of Lakeside Inn, spent Tuesday in Ottawa.

Miss Patricia Baker of Ottawa was a recent weekend guest at her parental home.

their efforts in trying to keep the games going as long as possible.

Untiring efforts at both rinks while the program was being carried out were made by Edgar Schwartz, Neil Wilson, Mel Kehoe, Ernie Dean, Harwood Argue, Carmen Bretzlaff, Mr. and Mrs. Bill Anderson, Mr. and Mrs. Allen Black, Ennis Tubman, Ivrey Newton and Benny Allen, chairman of the committee, as well as by Referees, George Gionet, Bob Findlay, Bob Smith, Royce Richardson, Cecil McTiernan, Albert Armstrong,

Laird Murray, Nel Angus, Bill Murray, Bill Black, Glen Morrison, Bill Pirie and many other people who assisted in numerous ways to make the tournament a success.

Special mention goes to the coaches of the teams who so capably controlled their boys. Because of the changes in time schedule games were delayed occasionally and at these times the boys remained in their cabins for as much as 1½ hours. With 250 boys from 24 entries it would have been bedlam had they been allowed at large all during the day.

CURLING

On Wednesday March 4th the Shawville Ladies Curling Club tea was attended by a large group of enthusiasts. Mrs. Morley Hodgins won the door prize which was a large container of flowers donated by Stonehaven Florists.

On Saturday a local bonspiel was held at Shawville, skipped by ladies with mixed team and Jean Morrison, Cliff Garrison, Lorraine Garrison and Kelvin Crick won top honors with Gladys Black, Lloyd Stevens, Pat Harris and Iverson Harris as runners up.

The Shawville Pontiacs eliminated the Buckingham Aces last Friday night as they downed the Aces 8-3 in Shawville. The victory gave the Pontiacs a 3 and 1 record in the round robin series to decide finalists for the Ottawa Valley Senior A Hockey League and now they meet second place finishers, the Richmond Royals in a best of seven final series for the league title. Led by high scoring centre Royce Richardson who fired

home three goals and hard shooting Barrie Murray with a pair of markers, the Pontiacs showed they had too much of everything for the fast skating Buckingham squad. Carson Ryan, Paddy O'Donnell and Bill Murray clicked for the other three Pontiac goals and Ken Christink assisted on four of these tallies, while Earl Powell was the work horse on another three markers.

Jean Louis Seguin scored a pair of goals in a losing cause for Buckingham and Jacques Lanthier added the other. Goalies Bernie Lavergne of the Aces and Bryan Poupore were outstanding throughout the first half of the game and only the endless Pontiac digging caused the down fall of the Buckingham team.

The win was one of the best efforts of the year for the Pontiacs and despite injuries to Doug Thomas and Lloyd Lewis, the Pontiacs are moving at top form as they head into the finals. Both injuries are painful, but will be A-1 come the finals.

Richmond

(Continued from Page One) nets and the return of Barry Wagner filled the big gap left by Thomas.

The Pontiacs play at home in Shawville Friday night at 9:00 p.m. against the same Richmond Royals in the second game of the finals. Lets come out and cheer our Pontiacs to a victory. Next Tuesday the Pontiacs and Royals hook up in the third game of the finals in Smiths Falls and again next Thursday in Smith Falls for the fourth game of the finals.

Country notes

By
Walker Riley,
Macdonald College,
Agricultural Extension

College Royal has come and gone. Thousands of hours preparation by students and staff; then in one short day it is over.

Since it was my first time through, I determined to have at least a quick look at everything. But I never did get all the way around; there was just too much to see.

The option exhibits were all well done. The General Biology students won first place with a demonstration of "Friendly Radiation". At the moment when radiation is a nasty word, their's was a timely theme. We have come to associate that word with deformed offspring, with deadly food and with contaminated plants.

But radiation isn't all bad. In fact, some forms, when harnessed, are extremely useful. The students showed this in three good examples.

In the first, two rye plants were shown side by side. No difference, except one had two stems while the other had several

tillers. Each plant had been grown from a single seed, but the second seed had been exposed to radiation. Succeeding generations will also carry the same tillering characteristic. This particular change (or mutation) may or may not prove to be beneficial. But it does point to the new doors open for plant breeders.

In the second example, the students showed the possibilities of radiation in food preservation. It destroys moulds and bacteria, it stops potatoes sprouting in storage. And the food is completely safe to eat.

The third part of their exhibit showed the use of radiation in agricultural research. For example, to find out how a plant uses phosphorous fertilizer, radio-active tracers are added. It is something like putting bells on the cows — you can find them in the dark. Only, in this case, the tracers expose themselves on photographic plates to give away the

Aylmer Jottings

What with all kinds of spring signs more and more obvious every day, some hardy souls are still risking their necks driving out on the river every morning to check on fishing lines. One of these days, there are going to be a pair or more of disappearing tail-lights as the only indication of what happened to some silly soul. If the wind on Thursday had been offshore instead of in-shore, there would probably be a streak of open water at the end of Main Street right now. And the adults aren't the only ones who are being foolish. There seems to be a peculiar affinity between small boys (usually), rubber boots, and fast-flowing creeks. These are dangerous and parents would be well advised to keep a sharp eye on their little folk especially if there are open ditches, culverts, and two-foot puddles in the neighbourhood. One particularly dangerous place, and one of complete

location of the phosphorous particles in the plant.

We are hoping to borrow this "Friendly Radiation" exhibit to take to Ottawa, on March 18, 19, 20. This year, the Ottawa Valley Seed Growers are expanding their fair to a full-grown Farm Show. It should be interesting.

If you are there, we hope you will look us up.

fascination for the small fry, is the point where the boundary ditch between Aylmer and Glenwood Domaine meets the "Lower Road". What with ice choking the railway culvert, and the low area east of Nesbitt's plus small fry by the dozen, there's going to be a tragedy here before long. The youngsters can spot a police cruiser at half a mile — but they can't see the depth of a half-covered slushy patch.

The youngsters of Glenwood Domaine, particularly those living along Nelson Place, got more than their fill of wading this week as the record temperatures turned many a basement 'rec' room into a different kind of wreck. No estimate of damage is available, but there were a good many dryers working overtime in the Domaine all week.

The annual Shamrock Tea is being held by the Ladies Guild

of Christ Church on Mountain Street this coming Saturday. Whatever you do, don't miss it! I'm still trying to find out who is the imaginative spirit behind the decor for this event — but it seems to be a dead heat each year as to whether the cooking department or the decorating department will take top honours. There's always one winner — the customer! Be there!

St. Patrick's Day seems to bring out the celebrations in all of the town. St. Mark's CWL is planning a pot-luck supper, buffet style, in the parish hall on Sunday next. It's free — but you bring your own food. Tea and coffee will be supplied by the CWL. The supper is intended to be a family affair, followed by an evening of entertainment.

And more leprechaun are loose in town that week-end. The annual dance of the Aylmer Volunteer Fire Brigade is being held

March 16th at the British Hotel and as this is their one big money raising 'dash of the year, they're expecting the "Little men" to cough up the pot of gold. However, if you're inclined to help I'm sure the leprechauns won't mind. Anyway, the invitation is extended by Chief O'Martin, Insp. O'Gravele, Asst. Chief Gerry O'Ladouceur, Lt. Maurice O'Martel, and — oh yes — Fireman O'Yetts, who doubles in brass as Secretary-Treasurer of the Brigade.

Also on the calendar for March 16th — AND PLEASE DON'T FORGET IT — the Red Cross Blitz. Objective — over \$1,000. All contributions gratefully accepted — from a nickel on up! If you've something else lined up for that evening, before the canvasser calls, send in your contribution to Mrs. T. Ritchie, made out to the Canadian Red Cross Society, at 43 Main Street, Aylmer. PLEASE?

Vinton CWL

The February meeting of the Vinton CWL was held in the parish hall with a good attendance. Mrs. Jos. Wrinn presided and opened the meeting with prayer.

Corresponding secretary read several thank you letters from sick for Christmas gifts, letter from Sisters and pupils of St. Elizabeth's school for Christmas treats, a letter was received from a priest in India, thanking the CWL for literature received.

Fourteen books were given out from parish library, sick were visited, letter of approval sent to CHOV. Mrs. Wrinn read an article from the CWL magazine and asked as many members as possible to attend mass daily during Lent. Sympathy was extended to Mrs. Leo McGee and Mrs. Bud Sloan on the loss of their mother.

Euchre party and sale of articles is to be held. Meeting closed with prayer followed by a social evening. Prize winners were Mrs. Francis McCrank, Mrs. Owen Hearty and Mrs. Audrey Leclair.

Aylmer fires

At the height of Saturday's "blow" two fire alarms about half an hour apart kept Aylmer's Fire Brigade busier than they wanted to be. Fortunately because the Brigade was notified quickly, negligible damage resulted. The first alarm turned in at 1:28 p.m. was for a burning cigarette in a pile of dry leaves gathered in the basement window casement at the home of Warden, at the corner of Court Street and the Eardley Road. It was put out before it got fairly started. About half an hour later, Mr. St. Amour from Ottawa (initials unknown) got out of his car in front of Charlie Dagg's Main Street Store, smelled something suspiciously like rubber burning, and noticed smoke pouring up from beneath his car. He called the Fire Department, only to remember, too late that he had forgotten to take the handbrake off while driving. Some 20 volunteers, conscious of the danger presented by the wind, answered each alarm.

On March 6th, fire in a propane gas water heater at the home of Mr. and Mrs. John C. Murphy, at 58 Albert Street, caused considerable damage to the burner itself, and slight damage to the floor and tile. Again, because of quick work on the part of the 10 volunteers who turned out, damage was not extensive.

Pontiac Hereford Club banquet

The Pontiac Hereford Club held its first banquet on Friday night, March 6th, with a good attendance of 94. The United Church Women served a lovely meal with tender roast beef being the highlight of the menu.

Mr. Robert Mayhew of Bury, Que., past president of the Quebec Hereford Association, was present, and gave the main points of his trip to Kamloops, B. C. as a representative from Quebec Province.

Mr. Clark from the Canadian National Livestock Records in

Ottawa gave an interesting talk on the necessity of exactness in the keeping of records. Mr. Neil Drummond and Mr. Basil Quaille also gave very fitting remarks as they were called upon to speak.

Ten calf club members were present as guests, who are fitting Hereford calves for the fall fair.

A mens trio consisting of Messrs. Hugh Horner, Boyd Brownlee and Wayne McKnight gave a musical number in singing, which was enjoyed very much. Heather Hodgins accompanied on the piano for O Canada and The National Anthem.

The evening concluded with 3 films, Cattle Ranching, Hereford Heritage and a short film on Corraling Shipping Fever.

County Council

Minutes of proceedings of the Municipal Council of the County of Pontiac, at a special meeting held at the Court House, Campbell's Bay on Monday, February 24th, at the hour of ten o'clock in the forenoon.

Following notice of motion of the presentation of a Bylaw, given at the December 11, 1963, meeting of council to cover the unprovided cost of the County Administration Building, it is moved by Crs. Kenneth Bronson and Gerald Hayes that By Law No. 109 be now introduced and read a first time, second time, third time and passed.

A discussion follows on the subject of landscaping the grounds at the County Building and it is moved by Crs. K. Bronson and A. Murray that Mr. McCredie of Bristol and Mr. Flood of Campbell's Bay be invited to submit prices for this work to the March 11th, 1964 session of council. Such prices to cover cost of levelling and landscaping the grounds, installing curbs and necessary sidewalks, planting shrubs, providing flower beds etc. and the installation of acoustic ceiling tile in building.

1. The council is authorized to carry out the following works or

HIGH NEWS

By John Lunam

The second term examinations begin on March 9 and run to March 13.

On Friday, March 6, the SHS basketball teams journey to Hull to play three games against the

Hull teams. In a hockey game played on Feb. 29, the SHS Seniors came off with a 6-1 victory over the Pontiac Old Pros.

School closes for the Easter vacation on March 26 and re-opens on April 6.

The Friday noon hour skating program has been cancelled due to the warm weather.

The College Entrance Board examinations are being held at Lisgar Collegiate on March 7.

Aylmer Council

At the Mar. 2 meeting of Aylmer Council, Ald J. E. Whelan, Chairman of the Finance Committee, in explaining that because of the need for further scrutiny of the proposed spending of all municipal departments this year, the tax rate could not be struck as anticipated on that night, forecast a slight rise in the tax rate during the next year. He assured those present that expenses would be held down as far as possible, but warned that the increased demands now being made on the town for additional services would inevitably lead to increased expenditures. The budget will be discussed on Mar. 12.

In regular business, Ald. G. M. Griffin served a notice of motion to amend the bylaws of the town regarding fire prevention and also those concerning the Brigade itself. These will be brought down at a future meeting.

The Secretary-Treasurer filed a formal report on the referendum held February 26 and 27 concerning a debenture issue. The results were published in The Equity last week.

A request will be forwarded to the Quebec authorities concerned for a grant to complete paving of town streets in which all services have now been installed. The streets concerned are as follows: Broad from Albert to the town limits; Brook, from Eardley Road to Mountain St., Centre from Bancroft to Mountain, Thomas, from Eardley to Mountain, Charles, from Broad to Washington and from Parker to Front, Wellington from Main to Brook, Court from Centre to North, Bancroft, between the same two streets, Dalhousie from Main to Notre Dame, Jubilee from Main to the Ottawa River, Champlain from Main to Albert, Albert from Wychwood Drive to the river, Lake Crescent, from Main to Albert, North, from Eardley Rd to Front, Centre, from Dalhousie to Tiberius, Thomas from Parker to Jubilee, Ritchie from Parker to Jubilee, Church, from Bancroft to Jubilee, McDonald from Parker to Alexander Blvd., Alexander Blvd from Bancroft to McDonald.

Also to be paved are sidewalks crossing the park in the form on an "X"; west side of Front from Brook to Eardley Road; north side of Eardley Rd. from the Dept of Highways to Front Street; and a parking lot at the rear of the Town Hall between Park, Broad and Albert Streets. It was noted in the resolution that some of these streets involve only 100-200 feet of paving.

In routine business, the Council authorized parking on the west side of Park Street between Main and Albert Streets; as well as a number of grants to various organizations: \$25 to the Hull Music Festival; \$25 to the Canadian Cancer Society; and \$20 for a half-page ad in the St. Joseph's High School Year Book. Monthly accounts amounting to \$19,309 were approved for payment.

The meeting was adjourned until March 12th when it is expected that the budget will be brought down for the current year.

Accident at Luskville kills six

A tragic accident happened on Sunday evening about 9:30 on Highway No. 8 about 3 miles west of Luskville when a ten foot deep hole at the side of the road claimed the lives of a young family, a mother, father and four children.

Two bus loads of the Hull Snowshoe club and hundreds of motorists worked hard to rescue

the family trapped in the water covered overturned car. Many people including the QPP worked in waist deep water with the aid of Keith Erwins wrecker trying to rescue the family. After recovering the bodies many volunteers gave artificial respiration but to no avail.

The family returning to their home in Hull in a late model car were 30 year old Henri Levesque an Ottawa Furniture store salesman, his 28 year old wife Carmel and their four children, 7 year old Michael, 6 year old Daniel, two year old Sylvie and four months old Robert.

The county's municipal chiefs have a grand pow-wow and accomplished little. The following are extracts from the minutes of the first regular meeting.

Mr. S. McNally was re-elected as Warden, a position he had held for eight years. The re-appointments of Mr. W. G. LeRoy as secretary-treasurer, Mr. James Pratt and R. McFarlane as auditors and Mr. W. H. Walsh as constable took place. Mayor Beckett presented a petition from the farmers of Clarendon stating that due to the failure of crops last season many were without seed grain for spring planting and had no prospect of securing it unless the county came to their assistance. They asked for a loan to be repaid in grain or cash. The case was to be laid before the provincial Minister of Agriculture to investigate the whole county.

Much discussion was given to the advantages and disadvantages of moving the county buildings from Bryson to a point on the railway. After a motion to move to Shawville and a number of amendments later the meeting adjourned leaving the decision until a later date.

Farmerettes celebrate mardi gras

On February the 11th, twenty farmerettes and their guests held their second meeting of the year at the Central school with Mrs. O. Mantha presiding. Minutes of the previous meeting were read and approved. Contributions were received, bringing to nineteen the number of members up to date. The others are invited to bring in their contribution before April. A fudge contest was on the program and prizes were attributed to Mrs. Oscar Dumouchel, Hector Lagarde and Maurice Dumouchel.

Celebration was then the order of the night. Members and guests had searched their chests and attics, disguising themselves into old fashioned beaux and belles.

Mrs. David Berard, 77, the senior member of the group appeared in her lumberjack outfit, whiskers and all for the occasion. Mr. Bob Ostrum's moccasins.

The farmerettes were treated to Mrs. H. Lagarde's delicious candy, while Mrs. Kensley's drinks were very much appreciated.

Bingo was played. Prizes were won by Mrs. M. Dumouchel and Marcel Pigeault. A lovely lunch was served. Everyone had a very enjoyable evening.

Fast selling FAIRLANE is the ideal family car! - Sparkling performance - thrifty, roomy and low priced! Join the rush to Fairlane!

The 1964 Fairlane 500 2-Door Hardtop, one of the Total Performance Fords Built in Canada.

More facts on the 1964 Fairlane—Pretty as a colt on a Spring day—that's Fairlane! Clean lines. Trim, too. And frisky, in the way it leaps away from a standing stop—in the way it follows your touch through traffic, around corners—without effort! And Fairlane is just as practical, through and through—with lots of relaxing room for the big folks, lots of squirming room for the children! Another benefit of Fairlane's practicality—easy parking! Also aimed at family thinking are Fairlane's money-saving features—particularly its economy of operation. Engine choices start with two of the *thriftiest* sixes going—up to Fairlane's optional Challenger V-8's (like, wow!). Sedans, hardtops, station wagons—there's a Fairlane for every family, particularly yours. Test drive the total performance of the '64 Fairlane—at your Ford Dealer today!

Certain features illustrated or mentioned are optional at extra cost.

IT'S FUN TO DRIVE A WINNER—SEE YOUR FORD DEALER!
