Workmen All Over Russia Filled With Discontent—Employees on All the Railways Will Strike To-Day—Strikers Demand Political Reforms

St. Petersburg, Oct. 25.—The Government has taken a very serious view of the decision of the railroad men to declare a general strike...

The strikers have taken a most firm attitude. From which it is expected some encounters between the troops and the police will result.

At a meeting of eight thousand railway men last night, it was decided to call a strike on all the railways...

# THE INTEREST WE PAY ON THE MISTAKES OF OUR ANCESTORS

## City of Montreal Has Already Paid a Million and a Half for One Preposterous Loan of Half a Million at Seven Per Cent. for Perpetuity

Approximately one million two hundred thousand dollars per annum is the little annuity the city of Montreal has to pay out for the blessed privilege of being in debt, and this is merely interest on the choice collection of loans for which various Mayors of Montreal have signed their names. Add to this the inevitable sinking fund and the surplus will be felt that towards the end of each year the various committees keep the city controller very busy trying to find money for them. Most of this debt was run up in a few years of extravagant expenditure and the rate of interest varies from 3 to 7 per cent. The latter extraordinary rate only applies to one perpetual loan of \$575,520, which was negotiated in 1868,

### TARIFF COMMISSION TO SIT IN BOARD OF TRADE

The following letter was received last evening by Mr. George H. Smith, secretary of the Board of Trade, from Mr. John Bain, secretary of the Tariff Commission:

Dear Mr. H. Smith: I am in receipt of your favor of the 21st inst. in which you tender to the Tariff Commission the council chamber of your board and the adjoining committee room for the sessions of the Commission on Monday.

On behalf of the Commission I give my pleasure to accept your kind offer. When the Minutes concerning the Commission return from the W.C. which I expect them to do in the course of a few days, it is likely they will come to a decision in favor of the meeting to be held in Montreal.

I shall communicate with you afterwards.

### PROF. STEPHEN'S LECTURE.

An exceedingly enjoyable and instructive lecture was delivered on Tuesday evening in the lecture room of the Baptist Church, by Professor Stephen, on the subject of Public Speaking. The lecture was delivered under the auspices of the Ontario Association of Public Speakers, and was attended by a large number of representatives from other literary societies in the district. Mr. John M. Kewgaw, the president of the association, presided, and at the close of the meeting a very hearty vote of thanks was passed to the professor for his

# My Electric Belt

Without Cost Until Cured.

Women who are run down, weak and thin, and who have lost the force of nature, who feel almost despondent and unable to battle with the forces of life, who have Rheumatism, Back Pain, Neuralgia, Stomach Troubles, etc., and who are generally in need of a tonic, will find relief in the use of my Electric Belt. It is a simple, safe, and effective remedy, and will give you relief in a few days. I will give you a trial, and if you are not cured, I will give you the belt free.

**Until You Are Cured**  
I don't want money that I don't earn. I don't need it, and am not after it. But I do after the dollars that are now going wrong in the quest of health. Look at all these poor wretches of humanity that are spending all they earn on drugs—drugs that are paralyzing their vital organs—that have spent all they have earned for years without gaining a pound of strength. I have a remedy that will give you relief in a few days. I will give you a trial, and if you are not cured, I will give you the belt free.

# Nervous Consumption

In his treatise on "The prevention and cure of Diseases," says: "Nervous Consumption, or Atrophy, is a wasting of the decay of the whole body, without any considerable degree of fever, cough or difficulty of breathing. It is attended with indigestion, weakness, want of appetite, etc. At last the swelling of the feet, a general loss of strength, the sinking of the eyes, the difficulty of swallowing, and the coldness of the extremities, show the moderate approach of death, which, however, is not seldom delayed to one or two years. It is a fatal disease, which, if not early checked, ends in melancholy at defiance. I would chiefly recommend for the cure of Nervous Consumption, a light and nourishing diet, devoid of acids, also in a free, open air, and the use of such bitons as increase and strengthen the stomach, as Peruvian Bark, Horehound, etc."

# WILSON'S INVALIDS' PORT

# KILLED HIMSELF OVER SON'S BODY

## Father Looking Into Coffin of Suicide Son Uses Pistol

New York, Oct. 25.—Grief-stricken over the death of his nineteen-year-old son, Otto, who committed suicide by hanging himself from a gas pipe, Herman Schultz, aged fifty-three, a contracting mason, No. 222 Wyckoff Avenue, Williamsburg, killed himself over his son's coffin just as it was about to be carried to a hearse, yesterday afternoon. Schultz was alone in the front room looking into the coffin, when he drew a pistol from his pocket and fired a bullet into his head. Alarmed by the sound of the shot the mourners hurriedly returned to the room and found the man lying unconscious over the coffin.

Conceding a prosperous business and living with his wife, three daughters and three sons, Schultz was apparently a happy man until several weeks ago, when after a trivial quarrel with his wife, he was capable of making his own way in life and would be dependent upon none of his relatives. He had the coffin of his son packed up his belongings and started out with a determination to do for himself. With the little money he had he hired a furnished room at No. 22 Grove St., Williamsburg, a mile from where his parents lived.

Responsible for his ability to find employment and the fact that his parents had ceased supporting him, he returned home and turned on the gas and walked across the bed.

When the police informed the Schultz family that the boy was dead the father, who had been looking for the body, returned home and planned for the funeral yesterday afternoon. When the mourners had taken a last look at the body and Schultz was alone in the room with his family, the suddenly gave way to his grief. Being tired he left alone with his dead son for a few moments, his wife and children walked from the room.

# 200 CHINKS FLEE HOME TO FEAST

Pacific Express To-Day Carried a Big Bunch of Returning Celestials

The Windsor station was faced this morning with a chattering, jabbering, gibbering lot of Chinamen, about two hundred strong, who having deserted their washstands and put up their trousers on their feet, came by their way back to China to participate in an annual feast, which is celebrated throughout the whole of the Chinese Empire.

The name of this feast is about the length of four ordinary button-sticks and when a Herald representative heard of this morning he was for a moment under the impression that the blind colonial who was trying to express satisfaction of the most important of the many which are scattered in the thick and the self-satisfied travelers are a lot of die at the prospect of once more seeing the Flowery Kingdom and as they thought of the feasts of birds, peaches, sharks' fins, vegetable eggs and edible dogs with which they were to be regaled they made merry and were exceedingly glad.

They were all up bright and happy this morning, but when they were told that the boat going to Hong Kong was full, they were all down. They were all down when the Pacific Express called. All aboard! The train started on its way and the Chinamen were all on board. The Chinamen had started on the voyage that is to family and in the land of their birth.

# OBITUARY

Baron William Healy Lodge is dead. He is succeeded in the title by his eldest son, George Dudley Lodge, who, in 1890, married Frances Hilda Forbes, daughter of N. M. Keith of New York. Baron Lodge was born in 1824.

The funeral of the late John (Glad) Burgess took place from the residence of his son, J. W. Burgess, Maple Avenue, St. Charles, Monday at 10 o'clock. Services at the home were conducted by Rev. Canon Cook. Messages of sympathy were received from the friends and other officers of the late Mr. Burgess, in Boston, New York, and other American cities.

Peterborough, Ont. Mr. Evans Ingram, one of the oldest residents of the county, died in the hospital at Peterborough, at the advanced age of ninety-two years. Mr. Ingram was one of the foremost men in the township and had been associated with its development from the trackless forest days, and had filled numerous offices in the gift of the people, among them the position of Mayor, Alderman, and Deputy Reeve, and also Warden of the county, having occupied that of hot at the time of the Prince of Wales visit in 1860. Mr. Ingram was on two occasions a candidate for the representation of East Peterborough in the interest of that party.

**TWO MEN CHARGED WITH MURDER OF DEAF MUTE**  
Halifax, N.S., Oct. 25. Two weeks ago a five-foot tall, dark-complexioned man, John Bay, Toronto, on the 11th of Norman Point, among those taking part in the tree-cutting was Elias Napp, his son, Benjamin, Willie, Harry and John, who were last named a

deaf mute. It is alleged that some of the people had been in the habit of playing tricks on the deaf mute, telling him a tree was falling when it was not, and annoying him in other ways. At least a tree near William Naas was actually about to fall, and it seems he did not heed the warning to get away. As a result he was injured so that some days afterwards he died. Now Charles and Benjamin Naas and Willie Dorey have been arrested on information laid by a relative of the deaf mute, charging them with his murder. The case will come up before Stipendiary Griffiths, of Lunenburg.

# ANOTHER HOLD-UP AT PARC LAFONTAINE

Perpetrator Pursued in Vain by Officer, Who Returns to Find Purseless Lady Disappeared

There was another attack on a respectable citizen at the corner of Parc Lafontaine and Cherrier Lane last night and it almost looks as if that party and his sport is about to call out loudly for a constable out of its own.

About eight o'clock Constable Gravel, of No. 8 Station, heard screams from the direction of the Cherrier corner, and on doubling along sighted a man making fast time over the grass, carrying the satchel of a lady who was lamenting on the sidewalk. There was an exciting chase, but the man in front was lighter clad and ate up ground so much faster that the officer had to give up the chase.

Alighting the lady had apparently got sense enough for one night, and made for the home circle without waiting for the return of the officer.

STOCKS AND MONEY.

Local Stocks Show Weakness; Street, Power and Richelieu Lower

On Decline the Market Was Given Very Little Support

The local market was much weaker today and without much stock coming in, Montreal Street and Richelieu and Ontario all showed like market declines.

DROP IN RICHELIEU

In some quarters the weakness was attributed to the fact that some buyers who have been supporting the market have not been re-appearing in the same force.

STREET LOWER

Montreal Street, after opening at 97 1/2, slid down to 236, rather a big drop for a stock that usually holds its own.

C.P.R. IN LONDON

The way Canadian Pacific has been getting the last couple of days seems to indicate that the statement made by Mr. Jefferson Levee that there was a large short interest in the stock, was hardly in accordance with the facts.

HAVANA COMMON

Havana common continued to hold its advance very well, and in the early trading went above the indications made in the closing yesterday.

IRON ISSUES WEAK

Dominion Iron, though not very active, continued to decline to the weak side. A broker expressed the opinion that some small holders were evidently tired of carrying the stock, and were selling little demand for it, lower prices had to be accepted.

Local Gossip

November Dividends

The principal payments to be made in November by industrial corporations of the United States are as follows:

Amalgamated Copper

Butte, Mont.—Hon. B. Thayer, who has been inspecting Amalgamated mines and other properties for months, left for New York Monday night. He said: "The mines of the company are in first-class condition and show no indication of a decrease in ore values. Our policy is to go ahead and open new reserves, and that is what we are doing. We find wherever a vein is out at the surface, it is rich and of good grade, as strong as above. The mines of the company never looked better."

Railway Earnings

The New York Financial Chronicle says: "Our compilation of the gross and net earnings of the United States railroads for the month of August shows \$10,987,091 increase in gross of 3.63 per cent, and \$2,721,092 increase in net of 5.72 per cent, as against the corresponding month last year, and this improvement is due to a number of factors, but the most important is the fact that a small body of roads, though among the better of the class, have shown a marked increase in earnings."

High New Prices for 1935

During Monday's session on Wall Street some fifteen stocks reached new high prices for the year and in some cases the highest point in several years. The following table shows a partial list of the high for the year:

Country Produce

Beans.—The demand for beans continues limited and prices are unchanged. The market for new crop, and \$1.45 to \$1.47 for old crop, per bushel.

MARKET REPORTS.

Canadian Apples in the English Market

Ottawa, October 24.—(Special.)—Mr. McNamara, Canadian commissioner at Manchester, reports the arrival of 450 to 525 barrels of Canadian apples at Liverpool to October 7, against 127,500 barrels last year. They are bringing prices greater in advance of last year, which is natural owing to the comparative failure of the English crop. The Canadian foreign arrivals, as reported by Mr. McNamara at the auction warehouses and he reports them of good quality, well packed and properly graded.

INSURANCE

## EASTERN LEAGUE DUSTED POWERS

After 12 Years in Office—L. Taylor, Buffalo, Succeeds Him

New York, Oct. 25.—Patrick T. Powers, for twelve years president of the Eastern League, at a meeting yesterday attended by the presidents of six of the clubs forming the league, handed over his resignation to Harry L. Taylor, of the Buffalo club, who was elected in his place by an unanimous vote. The meeting was held behind closed doors, Howard C. Griffiths, of the Jersey City club, being the only man present outside of the recognized delegates.

Mr. Powers, in resigning, spoke of the years he had worked for the Eastern League, and said that no matter what happened he would always have his best interests at heart. He added that he had no hard feelings against the man who had taken the presidency, whoever he might be.

Mr. Taylor was nominated by C. T. Chapin, of Rochester, and the nomination was seconded by Moses M. Frank, of Baltimore. Immediately after the following were elected directors: C. T. Chapin, of Rochester; Howard C. Griffiths, of Jersey City; Walter Burnham, of Newark; and John Kreitzer, of Montreal.

The official pennant was bestowed upon the Providence team and the time of the annual meeting was changed from the first Wednesday in December to the fourth Tuesday in October.

President Taylor was with the Louisville team at the time of the American Association meeting at St. Lambert, where he was elected to the presidency of the Eastern League, and he remained only one year. Then he went to Buffalo and began to practice law in a partnership with a trustee of Cornell Law School.

## CRUSADE AGAINST ROUGH FOOTBALL

American Schools Are Now Moving to Eliminate Evils of Game

Syracuse, N.Y., Oct. 25.—The students of St. Johns Military School, in the adjacent town of Manlius, have decided to taboo football matches at the close of this season owing to professional roughness and demoralizing influences of the game as played at present. The decision is the first move in an effort to bring about a revolution in the methods of playing the game.

Copies of the following resolution adopted by the students have been sent to many preparatory schools and medical papers with a letter asking cooperation in the movement.

Resolved, That we, the students of St. Johns School, at Manlius, drop the game of football after playing out the season, except among ourselves on our own grounds.

That football as it is now played is more for college than for preparatory school. That professionalizing and demoralizing influences of an other noble game. That we endeavor to have Roosevelt's efforts to cleanse the game.

## NEW ZEALAND RUGBY EXPERTS

England Has Placed on the Field

London, Oct. 25.—The team of New Zealand Rugby football players is creating a tremendous sensation here by their unchecked prowess. They have played and overwhelmingly defeated all of England's best teams, and experts consider it doubtful whether even a picked team from Ireland, Scotland and Wales can stand against them. In their matches up to now they have scored an aggregate of 319 points against seven scored by England. Their dash, combination and pace exceed anything seen here before, and they are said to be New Zealand's finest Rugby footballers ever beginning to realize that they must learn the rudiments of the game.

The New Zealanders played the eighth game of their British tour at West Hartlepool, where they scored the greatest aggregate of points so far recorded on their tour, beating Hartlepool by thirty goals and six tries (62 points) to nothing.

## FREEDMAN CUP FINALS THURSDAY

The Westmounts Will Play Point St. Charles at Baseball Park

The final for the Freedman Cup will be played between Westmount and Point St. Charles on the baseball field tomorrow afternoon. With increasing interest in the soccer game a record crowd is expected.

Both teams are winding up a very successful season. The Westmounts, in the history of the game in Montreal, are now in excellent condition for a hard and fast contest. Former meetings between the teams in league fixtures and cup games have resulted in close finishes, and as the Freedman Cup game the end of the season among the association football players, these two rivalries are to which they will carry off the cup. The teams were picked last night as follows:

Point St. Charles: Gartin, Sutherland, Anderson, McKay, Grog, Ross, Wright, J. Sutherland, May, Suttie, Ogilvie, reserve, McLaughlin.

Westmount: Clapp, Thompson, Payne, Crabb, Neville, W. Martin, J. D. Twomey, S. Davis, H. G. Woodhouse, W. J. Smith, Reserves, Graham and Harding.

## EVEN THE BLIND PLAY IT

Louisville, Ky., Oct. 25.—Several scores in the game between the Blind Asylum and the Manual Training High School freshmen Saturday. The team work of the blind boys carried the trick. With only two minutes to play in the first half the blind boys took the ball, and by a mass play, carried it twenty yards. The ball, carried by the totally blind right guard.

The freshmen's one-yard line was reached, and the freshmen took the ball on down, and at the close of the first half had the ball on their one-yard line. At the close of the second half the blind boys had the ball on the freshmen's fifteen-yard line.

The game was a very interesting one, and the blind boys have scored in the second on a run had the boy been able to see that he was running over the side line. As it was, he made a sprint of thirty-five yards.

## RACING AT DELORMIER PARK THANKSGIVING DAY

There are two races on the card for Thanksgiving Day at Delormier Park, the 2:35 class and the free-for-all, each for a purse of \$200. There were 200 on the programme for last Saturday, which it was decided to postpone until the holiday of this week. No entry fee is charged for either class, and entries are numerous and the two events will bring out some fast racing.

The Driving Club is now planning for a purse of \$200, which will be introduced in December. They will be on a scale beyond anything that has been attempted along this line in Montreal. This year's programme is expected to draw the best harness horses in the country.

## PHILIPPS BEAT QUAKERS

Philadelphia, Oct. 25.—The Phillips Association football team yesterday defeated the Quakers team of the University of Pennsylvania ten to nil.

The eleven players, in which the Englishmen burst the ball, was a feature.

ST. STEPHEN'S OUTFITMENT.—The following are the names of the players requested to be present on Saturday next at the Exhibition grounds at 10 o'clock sharp: J. Miller, H. McMillan, J. Edwards, J. Johnson, T. Johnson, W. H. Jackson, H. Colbourne, J. Clayton, J. Butler, E. Murray, J. Corkoran, H. Campbell, H. Gaudin, C. Jones, H. Green, A. Boyce, C. Lally.

## ALEXANDRIA FOOTBALLERS WON

Alexandria, Ont., Oct. 25.—The Vankleek H.H. football team, who travelled to Alexandria on Saturday last to try conclusions with the Alexandria High School team, and was beaten by a score of two to one Saturday was the champion of the High School athletic games and a large crowd had assembled to witness the match, which proved to be interesting, since the Hill boys expected to have a walk-over. The game opened at 4 o'clock with Vankleek of the Hill, as referee. Though the whole game the play was decidedly in favor of the local team, who scored one goal in the first half and another just at the close of the second half. The goal was scored by Alex. Hill and G. MacDonald. The game combination of Alexandria was well held during the game and the boys are developing in fine style in the good old game of football.

The lineup of the teams was as follows:

Alexandria High School.—Goal, Finlay Munroe; full back, J. MacMillan, C. MacEwan; half backs, J. MacNaughton, D. Rowe, H. MacDonald; forwards, H. Gauthier, G. MacDonald, E. MacLennan, Wm. Lehoucq, G. Hill.

Vankleek H.H. Collegiate.—Goal, G. Paquette; full backs, G. Wagoner, H. Gauthier, G. MacDonald; forwards, H. Gauthier, G. MacDonald, E. MacLennan, Wm. Lehoucq, G. Hill.

Referee—W. C. MacDonald, Alexander, H. Tracy, Vankleek Hill.

Timekeepers—J. Shea, Vankleek Hill; A. Martin, Alexandria; J. L. Tinsnes, J. MacDonald, A. Grant.

## M'GILL HOCKEY CLUB'S MEETING

A. Lindsay Elected President, and Billy Gilmour Captain

A largely attended meeting of the McGill Skating and Hockey Club was held in the Skating Hall last night, with President McLaughlin in the chair. The reports of the secretary and treasurer were read and adopted. Though the financial report showed a deficit of \$100, it was explained that a large saving in great part to the decrease of the annual grant by \$20, and also the heavy expenses on account of the severe winter and general increase of cost during last season. It was decided to again enter a team in the inter-collegiate A.H.L. and try to do as well as last year. Mr. Lindsay was elected president, and Billy Gilmour, last season's captain, was unanimously chosen to fill the same position this year. From the official accounts and reports of material things, Mr. Gilmour has a most successful season, and ought to lead the inter-collegiate championship once more. The following officers were then elected:

President, A. Lindsay, M.B. 1st Vice-president, Stephen, S. 2nd Vice-president, G. G. P. G. Secretary, D. G. G. Treasurer, J. A. P. G.

The election of a manager was left over till a meeting to be held next Friday. Mr. McLennan and Mr. Lindsay were elected as a committee to represent the McGill Hockey Club at the annual meeting to be held in Kingston on Thanksgiving Day.

It was decided that in the case of a vacancy for membership, that McGill should support the application. The question of the Pittsburgh tournament between Yale, Princeton, Toronto University and McGill was then taken up, and it was decided that if suitable arrangements can be made that McGill should take part. These matches will be played next week during the Christmas holidays, so that they will not interfere in any way with the college lectures.

## M'GILL HOCKEY CLUB'S MEETING

M'GILL HAD FAIR PRACTICE

M'GILL had a practice yesterday afternoon preparatory to the match on Thanksgiving Day with Ottawa College. This match should be one of the most interesting in Montreal for some time. Both teams are evenly matched, as is shown by the close score in their last game in Ottawa, nine to eight. The match will be a hard one on speed and pouncing than close scrimmage work. The demand for seats has so far been very large, and on Thursday is a holiday, a record crowd is sure to be in attendance. Southern, the lucky little quarter, was out yesterday, and will be in the line-up on Thursday. This will strengthen the back division greatly. He Richards will be able to go back to his old position at centre-half, and with Zimmerman and Harrington will be a trio hard to beat. McLaughlin will most likely again be at football, and should do even better than he did last Saturday, as the experience he has had will be of great value to him. The rest of the team will be the same.

## The Canadian Bowling League's Averages Make Good Reading

Mr. A. M. Ross, of Ottawa, secretary-treasurer of the Canadian Amateur Bowling Association, has prepared his annual report of the year's work. In the course of it he says: "In the Ottawa section the 43rd season out, when the Montreal schedule was completed the M.A.A.A. and Victoria Reserves were tied with seven wins and five losses each, but under section 2 of Rules of the Canadian Association and By-laws, which provided in case of a tie that the total scores made by the clubs on other alleys than on the alleys of the club to be decided" gave the Reserves the right to compete against the 43rd for the championship. The semi-final match was played on the 43rd alleys on March 23rd, and the scores made were as follows:

Club	Wins	Losses
43rd	7	5
Reserves	7	5

Majority for 43rd 93  
The final game was played on the Reserves alleys, April 1st, when the scores made were as follows:

Club	Wins	Losses
43rd	2	7
Reserves	2	7

Majority for Reserves 76  
Leaving the 43rd a majority of 14 pins in the two matches.

The Association's prize for the Grand Aggregate was won by Rupert Darling, of the Reserves, with an average of 153 2/3.

## PRESIDENT'S PRIZE

The President's prize for the highest three string bowlers was won by George Wynnes, also of the Reserves, with a score of 822, made in match number 7, against the Engineers on Jan. 16. This is the second time in succession for Mr. Wynnes to win the President's prize.

## VARSITY'S HOCKEY OUTLOOK

Toronto, Oct. 25. (Special.)—In the event of the local university deciding to play in both the C. H. A. and inter-collegiate series this winter, Varsity will have to have a strong team to hold up its end. With a weak team, the Varsity players will lose money, just as they have lost every year in the inter-collegiate. The prospects are that the Varsity team will be a strong one, but it will be a hard one to put together. The Varsity team, the Clarke Brothers, of Kingston, and Melnick, half-back on the Rugby team.

The V.M.C.A. has been out on a tour through the province, and the team was successful in all its games. The team was composed of the following players: McLaughlin, Henshall and Edwards of last year's team.

## FOOTBALL GAMES THANKSGIVING DAY

Ottawa College Plays McGill Here—Westmounts Go to Ottawa

Two big football games of local interest are scheduled for tomorrow (Thanksgiving Day). Ottawa College plays McGill at the latter's campus, and the Westmounts play McGill in Ottawa. The latter will make a determined effort to wipe out the stain of the defeat sustained in Ottawa, and will have a strong team in uniform to do the work.

The Westmounts have a good chance of losing the Rough Riders, but they are going to make an effort to win. The Westmounts and McGill will be practically the same as those which played last Saturday.

## ALERT SNOWSHOE CLUB HELD ANNUAL MEETING

At the annual meeting of the Alert Snowshoe Club held at Victoria Hall, Westmount, yesterday, arrangements were made for the coming season. It was decided to hold a meeting every Monday, beginning with the first Monday in December. The membership fee was reduced to \$1 to \$2 per season. The club will have a very good year of existence, as the game has been in vogue in Montreal, and a further increase of membership is expected this year.

## CORNWALL HOCKEY CLUB HAS BRIGHT PROSPECTS

The Cornwall Hockey Club has had a very successful season. The team has been very creditable for a long time, and has won several championships. The team is expected to do even better this year, as the players are in excellent condition and the coaching is of a high order.

## VICTORIA LADY GOLFERS WON FROM WESTMOUNT

A team of the Ladies Victoria Club, led by Mrs. Macmillan, defeated a team of Westmount ladies, the match being played over the St. Lambert course. The home players flushing one up after another, and the match was a reversal of the result of a previous match over the Westmount links.

The teams:

Club	Wins	Losses
Victoria	1	0
Westmount	0	1

## OTTAWA CHAMPIONSHIP

Ottawa, Oct. 25.—In the semi-finals for the Ottawa Golf Club championship, played yesterday, Mr. J. A. D. Holbrook defeated Mr. J. Roberts, 4 and 3, and Mr. J. A. D. Holbrook defeated Mr. J. Roberts, 4 and 3.

## HARRIERS WILL HOLD ROAD RACE HERE SATURDAY

Owing to the Ottawa College-McGill game being held on Thanksgiving Day at McGill, the annual cross-country race of the Harriers League will be run on Saturday afternoon. This was decided at a meeting of the various representatives at the conclusion of last Saturday's junior race. This race is likely to prove even more interesting than the junior one, although there will not be as many clubs represented. The Harriers League is represented, with such men as Kemp, the famous miler, who is also said to be a fast cross-country man. Kenyon, second in the junior race, is also expected to be in the race. The Harriers League is a very strong organization, and Westmount will enter a strong team.

## LOCAL CHESS EXPERTS TO PLAY WINNIPEG BY WIRE

Winnipeg, October 25.—Names of team selected for chess match with Montreal by wire on Thanksgiving Day are: Mr. Smith, Canadian champion; Mr. Baker, R. Spencer, A. L. A. Henson, Rev. J. Cross, H. Burnett, P. P. Barry, E. Tagwell, G. Patterson.

## CHAMPIONS WILL MEET ON THE PARK STAGE

Friday's bouts to be of exceptional interest.

Friday's night's stage of the big world's wrestling tourney at Shiner Park should draw a large crowd to the popular resort. McLaughlin and the great "old sock" will fight each other, and it is perhaps the only chance the big chap has to lose in this series.

At the same time, some time ago, upon his initial appearance in Montreal and had him almost down more than once, and Friday a win for the local man will put him a half point ahead of the Irish Baby, who now leads the procession. When up against the real thing, Emile is as gingerly as a bunch of Officially, he will be found to be up against the genuine pick-pocketed "rassing" Friday, and will have to do with Emile.

## EDDIE GIROUX WILL PLAY HOCKEY FOR THE OTTAWAS

Word was received today that Eddie Gioux, the former Marlboro Hockey Club forward, who last season played with the Western champions at Westport, will leave Portage or Toronto, as it is now called, on November 5, and go to Ottawa, where he will continue his business with a well known Ottawa man.

The change, it is said, has nothing to do with hockey, and Eddie has expressed a desire to retire from the game, but it is safe betting that he will guard the nets for the Stanley Cup defender, who is now called, on November 5, and go to Ottawa, where he will continue his business with a well known Ottawa man.

## INTERNATIONAL LEAGUE

Stull St. Marie, Mich., October 25. At the annual meeting of the International Hockey League last night here, the following officers were elected: President, A. L. Ferguson, American Soc. secretary-treasurer, Albert Boyd, Canadian Soc. secretary-treasurer, A. L. Ferguson.

A schedule of games was adopted.

CORNWALL HOCKEY CLUB.

WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

Miss Clara Beaubien

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, headache, bearing down pain, fluidity, nervousness, sleeplessness, and other troubles.

These symptoms are but warnings that there is danger ahead and unless headed a life of suffering or serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Clara Beaubien, of Beaufort, Quebec, writes:

Dear Mrs. Pinkham: For several years I have suffered with a female weakness which proved a serious drain on my vitality, sapping my strength and causing severe headaches, bearing down pain and a general worn-out feeling, until I really had no more strength left.

I had no more strength left. I tried many medicines, but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was much better and in four months I was well, no more disagreeable discharge, no more pain. So I have every reason to praise the Vegetable Compound, and consider it without equal for the like of women.

If you are ill, do not be late to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

Theatre Glasses

The enjoyment of the theatre is greatly enhanced by viewing the stage through a pair of good opera glasses, and decidedly marred by looking through a pair containing imperfect lenses—better none at all, than look through lenses that strain the vision and distort the view.

Our Glasses are built upon scientific principles by that famous maker Lemaire, whose name is synonymous with all that goes to make a "perfect vision" glass.

Our direct buying from the makers in France has much to do with the moderate prices which we are asking. Our \$5 Glass is particularly recommended.

NEW DIET DISPENSARY OPENS DEBT FREE

The new Diet Dispensary at 210 Metcalfe Street, was formally opened yesterday and many friends of the institution attended to see over the building and assist in the preliminary exercises. Miss De Witt, the president, presided over the exercises.

The devotional exercises were conducted by Rev. Dr. Johnston, Rev. Dr. Symonds and Rev. Dr. Babin, and among those present were Rev. Dr. Edgar Hill, Rev. Dr. Munson Hill, Mr. Jos. Gould and Dr. Martin.

Two matrons and three nurses are in attendance at the dispensary, which is quite fully equipped for its work and wholly free of indebtedness. The speakers of the afternoon referred to the success of the work in connection with the institution, which had commenced twenty-five years ago in the Y.W.C.A. building and later in two rooms of the American Hotel (Church Street). It had always received encouragement and was one of the most deserving of our charities.

After the addresses tea was served to the guests.

## ACCIDENTAL DEATH WAS JURY'S VERDICT

Man Killed by Flying Iron Sheet—No One Blamed.

The adjourned inquest on Henry H. Stein, who died in the Capital Hotel, from a fracture of the skull sustained on the 19th, at the Grand Trunk station at the foot of McGill street, was concluded yesterday, when the jury returned a verdict that Stein was killed by the fall of a corrugated iron sheet blown down by the force of the wind from the roof of the elevator and that there was no criminal responsibility attached to any one. Evidence showed that the sheet had been weighted down by timbers, on the Friday before the accident a large eighteen foot beam was on top of the six sheets, one of which was the cause of Stein's death, and an iron wheelbarrow, as well. ## MUTUAL LIFE PAID HIGH FOR SENDING OUT FAVORABLE REPORTS

### Newspaper Man Was Paid \$14,000 for Writing the Stuff—Telegraph News Bureau Paid \$1 a Line—Despatch Praising Mr. McCurdy's Attitude on Stand Cost \$2 Per Line

New York, Oct. 25.—At the session yesterday of the legislative committee investigating the insurance companies, the affairs of the Mutual Life Insurance Co. were under consideration and it was brought out that this company was paying for the dissemination throughout the country of reports on this investigation that were favorable to the company. Charles J. Smith, a newspaper man, is employed by the Mutual Life Insurance Co. to do many things, but a month ago he was in charge of sending out reports. Mr. Smith testified that he visited several newspapers for the purpose of this work and these aggregated \$11,000, with more bills to come in. He thought the amount to date would reach \$14,000.

Mr. Smith wrote these reports and submitted them to Allan Forman, who owned the telegraphic news bureau, and \$1 a line was paid by the Mutual Life for the service of the telegraphic news bureau. Mr. Smith did not know whether the papers were paid for inserting them. In one despatch Mr. Smith wrote that Mr. McCurdy's attitude on the stand made a distinctly favorable impression, and for this he had had to pay \$2 a line. This, he said, was worth it, as Mr. McCurdy, then was called. He said the Mutual Life had paid \$14,000 for advertising in insurance papers cost about \$30,000 more, but he could not tell where the rest of the account of \$2,750, which amount charged up to advertising last year, was spent.

### ACTUARY'S TESTIMONY.

Earlier in the day Emory McCluskey, the actuary of the Mutual Life, was on the stand. The entire early session was given over to his explanations of terms and conditions. Mr. McCluskey advanced no later practically for the insurance companies, beyond a certain supervision to give the reports

## IN MEMORY OF DR. BARNARDO

### Will the Empire Contribute to the National Memorial

The council of "Dr. Barnardo's Homes" express the wish that a national memorial be founded in memory of the great philanthropist, and with this aim in view ask throughout the Empire for contributions to a national memorial fund. Her Majesty the Queen, in a most gracious message of condolence on the death of Dr. Barnardo, that great philanthropist, whose existence has been a blessing to the suffering of all poor and forsaken children, praised "his splendid life-long work" as being kept up as an everlasting tribute to the future. It is known under the name of the "Dr. Barnardo's Homes," so that the name of the founder may be inseparably associated with his noble work.

The homes founded by Dr. Barnardo appeal to no sectional interest, but to the whole Empire. For all the mighty family with whom he dealt there was warmed practical religious training. Industrial and technical schools were established for the able-bodied boys and efficient domestic education given to the girls. In Canada and the colonies 17,420 formerly homeless waifs have been established, and of these not two in a hundred have brought discredit to themselves or the institution. The total number of children rescued, trained and placed out in life by the homes up to the 31st December, 1904, was 55,922.

The council ask for the support of the Empire to the fund, as a memorial to the founder and as a great national deed.

The past income has been used for maintenance, but for bricks and mortar, and hence has arisen a burden of mortgage, a banker's overdraft and other financial liabilities amounting to \$400,000. Against this must be set off the value of the buildings according to recent valuation an asset well in excess of all liabilities.

The council ask for a national memorial fund of \$500,000 in order to place the future of the homes in a position of security. From 1868, when the homes were founded, until 1893, Dr. Barnardo served the homes in a honorary capacity, contributing to the funds. By his private medical practice and his pen he maintained himself. In 1893 the committee, having regard to the failure of Dr. Barnardo's agent and his appeal for time to develop his practice as a means of private income, engaged the whole of his services, paying him \$500 a year. Quite recently he gave notice that he would in future accept only a much smaller sum. The homes were therefore not in any sense of the term a money-making concern.

Contributions to the proposed national memorial should be sent as early as possible to the treasurer, Mr. Howard Williams, head office of Dr. Barnardo's Homes, 18 to 26 Stepney Causeway, London, E.

## PAINTERS DISCUSS THE CRAFT'S OUTLOOK

Many Labor Authorities Speak on Timely Topics. A largely attended mass meeting was held in the Empire Hall Monday night under the auspices of Painters' Local 248. J. Nelson, president of the local union, and M. Paquet, president of the organization committee, presided conjointly, and among the speakers were Messrs. A. Verille, president of the Canadian Labor Congress; Charles Meers, A. Verille, president of the International Brotherhood of Painters of America; and Messrs. J. J. Timmins and Rogers, Union 8. The Canadian organizer International Garment Workers of America,

Club last evening. The guests included Mr. Gouin and party, Hon. H. R. Emmerson, Minister of Railways, and party; Hon. John Dryden and Col. J. A. G. Murray, of Ontario, and a number of local gentlemen, including Mr. Whyte, of the C.P.R.; Mr. James, of the C.N.R.; and Horace Chevrier, M.L.A. The only toasts were those of "Mr. Gouin" and "Mr. Emmerson," proposed by Mr. Rogers, to which brief and felicitous replies were made by the gentlemen thus honored.

### HEGEMAN ON THE STAND.

John R. Hegeman, president of the Metropolitan Life Insurance Co. was examined, and when adjournment was taken he was still on the stand. Mr. Hegeman's explanations were interesting, especially his statement that \$676,000 was given to the industrial policyholders of his company last year without any obligation whatever. Mr. Hegeman further said that in 1904 his company had advanced \$1,000,000 to the policyholders.

## M'GILL WILL HAVE FRENCH SOCIETY

### Organization is Assured and Will Hear Leading Literateurs

A meeting of about forty-five students and graduates was held in the McGill arts building last night to discuss the formation of a French university society. Dr. Walters, French professor in the arts faculty, was in the chair and explained to those present the reasons for the formation of such a society. Miss Milhau, of the Royal Victoria College, was also present, and spoke at some length on the work that could be done by such a society. Many of the leading French literateurs of the city and of Canada had promised to address the members during the year.

The present project is based on similar clubs in the large American universities, where their utility and value is well known. It is thought that McGill is a particularly favorable place for such a society, without association with fellow students, or others, and the necessary practice that such association involves.

## CLEVER CROOK ARRESTED WHILE WORKING SWINDLE

### Printed Forged Orders and Tried to Collect Them From Book-makers.

New York, October 25.—After pursuit of a score of detectives and a hard race, E. O. Moore, who said he lived in State Street, Albany, was arrested in the betting "cave" at the Jamaica track yesterday. Moore was charged with having been in the possession of forged checks. He is said to have recently collected more than \$100 by this device and the track detectives have been watching for him for several days. He was trying to collect \$200 on Monday, when the third race yesterday, when detectives stopped him. He instantly broke away but was pursued and quickly overpowered, on his person was found a compact printing outfit for printing badge numbers and several blank badges. His scheme is said to have been to watch for big bets and having noted the number on the badges, to print the number on his own blanks and present them for collection to the bookies at a winning race. Moore was locked up in Long Island city in a charge of larceny.

IN the Imperial Oxford we have not only given to the women of Canada the most perfect baking and roasting range but we have also produced the most economical. The oven of the ordinary range is raised to a baking temperature by the direct heat of the fire on the side of the oven. To keep that oven at a sufficiently high temperature to bake or roast by, you must be continually poking the fire and adding fuel to it. As the oven of the Imperial Oxford Range is heated by our patented Diffusive Flue, the temperature of the oven remains steady until the baking is done, without the necessity of touching or adding fuel to the fire.

## Imperial Oxford Range

This fact is easily demonstrated. If, when an Imperial Oxford is going, you were to stop the inlet of this flue in the bottom of the range you would find by the thermometer that the oven was getting colder, and that to keep it at a baking temperature you would have to keep poking the fire and adding more coal just as with an ordinary range. If your dealer doesn't handle the Imperial Oxford, write to us for catalogue and information as to where you can see one.

MUCH PROPERTY DESTROYED BY RIOT

Riot at Santiago, Chili, is Beyond Control of Authorities

Santiago, Chile, Oct. 25.—The disturbances here caused by the opposition of the people to the import tax on Argentine cattle continued all day yesterday and did not cease until late last night, when a small detachment of troops arrived here and a few shots were fired during the rioting almost everywhere, including the city lamps, public seats, monuments and windows. The riotous areas have been made, but the banks and business houses remained closed yesterday. Several hundred arrests have been made. The workmen declare they are not responsible for the rioting, which they say was organized by rowdies.

Anti-tax meetings, which have been held elsewhere in Chile, have passed off quietly. The press criticizes the Government and the local authorities for lack of energy in putting the riot down. The army manoeuvres have been suspended and the troops are expected back to their quarters here in a short time. During the day more troops reached Santiago and with their arrival tranquility prevailed and the city is gradually assuming its normal condition.

A bitter feeling prevails against the authorities. The outbreak is believed to be the work of rowdies who were encouraged by the absence of the troops at the manoeuvres. The police were unable to cope with the rioters. The officials of the railway companies estimate the damage done to their property at about \$250,000.

About fifty persons were killed and 500 wounded during the recent rioting.

A COLONIZATION CONGRESS CALLED

Hon. Mr. Prevoist Has a Number of Good Amendments

As a result of the great activity displayed by Hon. J. B. Prevoist in the past few days since his appointment as Minister of Colonization, Mines and Fisheries, he has called a Colonization Congress, which will meet, to consider the heads of colonization, Quebec Province, at St. Jerome on Nov. 22 and 23. In calling this convention, Hon. Mr. Prevoist states that as a result of his personal observations, he has framed a series of amendments to the existing regulations regarding colonization, which he thinks are likely to assist in making the way easy for the settler in new districts. Before these reforms were put into effect, however, he wishes to secure the views of all interested in colonization, and to that end called the congress, personally inviting those whom he knew to be interested.

The subjects to be considered are all germane to effective colonization, and a full discussion will doubtless prove beneficial to the Government, the settler and the other interests concerned. The programme is as follows:— Nov. 21, "Colonization Reserves" and "The Colonist and Forest Exploitation." Nov. 22, "The Colonist and the Railway," "Transport by Railways and by Water," "The Colonist's Obligations and the Speculator," and "Refrigeration." Nov. 23, "The Settler and Agriculture," "The Settler and the School," and "Colonization Societies."

Lectures will also be given by the Minister and officers upon the principal regions of the province available for settlement. Special single-fare rates have been arranged for the purpose of this convention. Those intending to be present should secure from Hon. Mr. Prevoist a signed card, and purchase a single-fare ticket to St. Jerome, at the same time getting from the station agent a "stamped certificate." This certificate must be presented with the ticket to the railway companies at the convention, and who will countersign the certificate, which will then entitle the bearer to a free return ticket.

HEAVY CARGO RESPONSIBLE FOR LOSS OF MINNEDOSA

Cleared Port Arthur Carrying 70,000 Bushels of Wheat, Largest Cargo She Had Ever Carried.

Port Arthur, Ont., Oct. 25.—That Capt. J. J. Gault, of the ill-fated Minnedosa, which went down last Thursday night, blamed the loss of the ship on the heavy cargo she was carrying. He stated that the cargo, which consisted of 70,000 bushels of wheat, was the cause of the disaster. The ship was carrying the largest cargo she had ever carried, and one which made it possible for a vessel of ordinary size to drown. He stated that the Minnedosa was a staunch craft, and it is believed by many that her cargo, rather than the heavy sea, was responsible for her loss.
