TAFT STILL CONTINUES TO LEAD THE RACE

Roosevelt Boomers Were Again Turned Down
in the Convention Fight
Yesterday

SOME VERY INTERESTING INCIDENTS.

Chicago, June 19.—The Roosevelt forces met their second defeat in the Republican National Convention today in a session which had for its outstanding feature a remarkable demonstration of nearly an hour's duration in honor of Governor Herbert S. Hadley, of Missouri.

All of the Roosevelt delegates joined in this demonstration while some of the Taft states lent a voice. The ovation to the Missouri executive was quickly interpreted by many of the delegates as the possible forerunner of a boom for Hadley for President. One enthusiastic Pennsylvanian jumped to the stage and called: "Three cheers for Hadley, the next President of the United States."

Governor Hadley led the fight on the floor to-day to oust 92 contested Taft delegates and to seat 92 Roosevelt men in their places. The convention finally refused to entertain the motion by a vote of 564 to 510. This transformed the fight to the Committee on Credentials, appointed just before the convention adjourned until to-morrow afternoon.

Watson's Strong Declaration.

A round of applause greeted James E. Watson, who concluded the argument against the Hadley motion. From the gallery came a shout of "Hooray for Sunny Jim." Watson pointed out that but few of the contests had been discussed by the speakers. "Now you are not in a position to judge the merits of these controversies," demanded Watson. A roar of "No!" came up from the delegates. "You are in no position, you are in no temper—if you will excuse my saying so—to judge these cases," Watson was interrupted several times and there were renewed calls for Hadley.

Governor Hadley's Ovation.

The governor appeared and was accorded the greatest demonstration of the convention up to this time. Both floor and galleries were on their feet whistling, cheering, yelling, pounding chairs and stamping their feet.

Hats were thrown in the air. One enthusiastic negro delegate raised an umbrella and cast it above his head. In one corner of the hall Governor Stubbs, of Kansas, his light hair gleaming, waved his arms wildly leading cheer after cheer. The California delegation endeavored to put up their Roosevelt banners and start around the hall. But Sergeant-at-Arms Stone quickly halted the plan and the banners were taken down. Then the Missouri standard was waved on high and in an instant the New Jersey delegates raised their standard and started around the hall. Missouri, Hadley's home state, followed. Then West Virginia joined the procession. The Roosevelt people yelled themselves hoarse, while many of the so-called doubtful delegations joined in the cheering. One of the Ohio delegates grabbed up the standard of that state and marched across the aisle in front of the stage. California, Nebraska and Kansas were soon in line, and the hall became a bedlam of noise. The first great ovation was fairly undisturbed and they went to it.

Hadley's Broad Smile.

Governor Hadley retired from his place on the front of the stage and stood beside Senator Root and Mr. Watson at the chairman's table. He smiled broadly. Oklahoma and Pennsylvania fell into line. Round the big

hall came the procession yelling, shrieking, trying to sing, cheering Roosevelt and Hadley. It took three men to carry each of the heavy standards which had been especially weighted to prevent such a demonstration. Some of the California delegates as they went by the speaker's stand called out, "We want Teddy." A stalwart Kansan, carrying the standard of that state, attempted to thrust it up on the platform, but was pulled back. Missouri's delegates brought their standard with its big iron base up in front of the speaker's stand and did a "grizzly bear" dance there until pushed on by other delegations. Some of the states found their standards so securely fastened to the floor that all efforts to dislodge them proved futile. Massachusetts people tugged at theirs for 10 minutes and then broke it. The New York delegates climbed on their chairs when the demonstration had been in progress 17 minutes, but they did so to observe and not to participate. Over in the Kansas delegation a deep-throated yell punctuated the demonstration. "We want Teddy; we want Teddy," came the yell and soon it developed into a deep droning chant that rose above the flood of sound. California's bear-surmounted pole joined the parade and the Massachusetts delegates hoisted a big black hat on their broken standard. During the demonstration Barnes, of New York, said: "I'm not disturbed. Reason eventually will be restored." Indiana and New York kept their places they had in front of the platform.

"We Want Teddy!"

"What about Hadley?" was the insistent cry from a number in the Illinois' delegation, while others yelled "We want Teddy."

Mrs. Alice Roosevelt Longworth was leaning over the rail talking with a friend when the chant of "We want Teddy" began sounding much like "We want Hadley." She straightened up and waved friends aside to catch the cry, then turned and smiled at her husband. W. H. Coleman, of the Pennsylvania delegation, dashed to the front of the stage with a megaphone and shouted: "Hadley, the next President. Three cheers!" Coleman leaped up and down on the platform, waved his arms and yelled for cheers for Hadley. He got the cheers, but the sergeant-at-arms got him and he was led off the stage. Soon after this incident a pretty girl in white in the galleries suddenly stood up and waved a lithograph of Colonel Roosevelt. She was immediately the centre of attraction. She stood waving the picture in one hand and a handkerchief in the other, smiling all the while in a way that commanded admiration. Finally, in her excitement, she dropped the picture. But the many eyes that turned her way lost none of their interest when the Theodore Roosevelt likeness disappeared. Then someone found the picture and returned it to her and the cheering which had died away for the instant was renewed. The California "Teddy Bear" standard and several state standards were carried to her side. Reporters made a rush to find out who she was. It was. It was Mrs. W. A. Davis, of Chicago.

Woman Made Excitement.

Old-timers said they remembered nothing like this since Minnie Mur-

"I AM THROUGH" SAYS ROOSEVELT

Throws Up the Sponge, But
Gives Some Pointers to His
Followers.

Chicago, June 20.—"So far as I am concerned," declared Colonel Roosevelt to his delegates and advisers in an address this morning, "I am through. If you are voted down I hope you, the real and lawful majority of the convention, will organize as such, and you will do it if you have the courage and loyalty of your convictions."

Early this morning leaders of the special Roosevelt forces were in consultation with Mr. Roosevelt in his conference room at the Congress Hotel.

Hundreds of Roosevelt delegates and enthusiasts were waiting to hear from Mr. Roosevelt again, in accordance with his promise late last night to meet them soon after midnight and to counsel with them for final determination of a programme. The appointed hour had long passed and there was no sign of the conference breaking up.

Congressman Wilson, of Chicago, a member of the Illinois delegation instructed for Roosevelt, came from the room considerably perturbed.

"I think they will come to their senses before long," said Mr. Wilson. "They are beginning to realize that they cannot play with fire without getting burned."

"Is that the trend of the argument in there?" he was asked.

"Yes, that is the trend of the argument of many who are there," he replied. "Everyone is talking caution."

While the conference was in session the report spread that the anti-Taft forces had engaged Orchestra Hall for a mass meeting at 1 o'clock this morning and that Colonel Roosevelt was to make a speech. Investigation showed that the hall had been rented, but that the engagement had been cancelled 20 minutes before the hour set for the meeting.

"I am speaking to you," said Col. Roosevelt, "as a man to whom some of you have done the honor to state that you wish to nominate him as President. When I went into the race I made my appeal to the people. Most of the delegates were chosen at direct primaries by the people. I made my fight squarely. I said, and some of you heard me, that if the people decided against me I would have nothing to say, but that if the people were for me and the politicians tried to cheat me out of the nomination, I would have a great deal to say."

"I went by the people and I won. Now the national committee and a portion of the convention, which is made a majority only by the aid of delegates not elected, but chosen by the national committee, are trying to cheat me out of the nomination. They can't do it. As far as I am concerned it makes no difference. But it is not me they are cheating; it is the people, the rank and file of the Republican party."

"I do not want to give you any advice, as I preferred to let you decide what to do, but I am going to give you my advice."

"Governor Deenen today introduced a very moderate resolution dealing with the four flagrant steals. It asked that the delegates from California, Washington, Texas and Arizona should not be permitted to vote, and that the three states stolen boldly—Washington, Arizona and Texas—should not put their representatives on the credentials committee. That motion was voted down by substantially the same vote that elected Root over McGovern. In each case the majority was a majority only because the votes of the fraudulently seated delegates were counted."

NEW BRUNSWICK WILL VOTE TODAY

Has Been a Short and Fussy
Campaign—No Great Question Involved.

St. John, N.B., June 19.—The people of New Brunswick will vote to-morrow as to whether the Fleming administration shall be continued in power or be replaced by what is described as the re-organized Liberal party. The contest, which was actively begun only some four weeks ago, has been carried on with an energy and enthusiasm on both sides wholly out of proportion to the issues involved. It has been a fussy campaign, wherein for lack of important questions of policy, insignificant incidents of departmental administration, past and present, have been raised to the dignity of provincial questions.

LONGBOAT WILL

RACE QUERRIE
Toronto, June 19.—After a dispute as to their respective running powers, Tom Longboat, the Indian, and Chas. Querrie, manager of the Tecumseh lacrosse team, to-day were matched to a foot race at the Saturday night professional meet for 50 yards, for a side bet of \$25.

RESCUED THREE MEN FROM THE WATER

Gallant Deed of Steward Marsh
of the Allan Line at Mont-
real.

Montreal, June 19.—What would have proven a triple drowning was prevented to-day by the pluck of Albert V. Marsh, a steward of the Allan Line Victorian. While walking along by the river front at Dominion Park he, with several others, noticed that a small motor launch had capsized some distance from the shore, and two men were hanging on to her. A gentleman ran to the water, jumped in and started swimming out to them, but before he got half way he collapsed and began to sink.

Marsh, seeing this, went down to the water and swam out to him, bringing him back. Taking to the water again, Marsh went to the capsized boat, took one of the men off and brought him to shore. By this time the other man had become exhausted and dropped off the boat, so Marsh again went to his assistance and brought him ashore.

Marsh has already received three medals from the Royal Humane Society in England. He has now saved a total of nine lives in one way or another.

ELECTRICAL EXPERTS IN CONVENTION

Interesting Series of Addresses
Were Delivered at Ottawa
Meeting.

Ottawa, June 19.—The afternoon session of the twenty-second annual convention of the Canadian Electrical Association, in session at the Chateau Laurier, today was given over to the hearing of a number of excellent papers on matters relevant to the electrical interests. The titles of the papers and those who delivered them were: "Recent Development in Lamps and Reflectors," by J. G. Henninger, illuminating engineer, National Electric Lamp Association; "The Influence of Ice on Water Power Development," by Prof. H. T. Harnes, D.Sc., F.R.S., McGill University, and "Distributing Systems for Outlying Districts and Smaller Plants," by S. Bingham Hood, Toronto Electric Light Company. On each of the papers an interesting discussion took place, and in particular on that of Prof. Barnes, Mr. John Murphy, electrical engineer of the Department of Railways and Canals, showing a number of fine slides illustrative of the ice difficulty.

In the evening the delegates to the convention and their friends to the number of several hundred journeyed to the Victoria Hotel, at Aylmer, where they were the guests of the city at an informal dance and garden party.

Prof. Barnes, who is an acknowledged authority on ice conditions, at length explained the various formations and troubles experienced at power houses with the frazil and anchor ices. His address was illustrated extensively by lantern slides.

DELEGATION FROM THE NORTHWEST

Mgr. Mathieu Among the Large
Party Which Is Coming to
Quebec.

Five hundred French-Canadians left Winnipeg yesterday on a Canadian Northern train for Quebec, where they will take part in the French Congress here. They will arrive in the Citadel City Friday night or Saturday morning.

The delegates are travelling on a brand new equipped train over the Canadian Northern. They will come straight through to Quebec. The party is in charge of Father Bellevue. Among those in the delegation are Archbishop Langevin and Bishop Mathieu, first bishop of Regina.

The train is a special one in more respects than one. It has been fitted up in a more than usual comfortable manner, and the delegates will travel to Quebec to attend the great convention of the French language in the most elegant manner.

DUCHESS OF CONNAUGHT RECOVERING RAPIDLY

Montreal, June 19.—H. R. H. the Duke of Connaught returned to Montreal to-night and was met by the gratifying report that Her Royal Highness the Duchess had been resting comfortably and was making satisfactory progress.

BEATTIE NESBITT MUST STAND TRIAL

Sufficient Evidence Has Been
Produced to Make Him Re-
sponsible.

Toronto, Ont., June 19.—After to-day's resumed hearing of the charges against Dr. Beattie Nesbitt, of signing false returns for the government, Magistrate Denison stated he had heard enough evidence to warrant his committing the former Farmers' Bank president for trial. Today's session lasted about two hours and a half. Ex-Manager Travers was the only witness. George T. Blackstock, K.C., crown counsel, said that he proposed to call no more evidence, but H. H. Dewart, K.C., Nesbitt's counsel, declared he was entitled to have the evidence of F. C. Fitzgibbon, the former chief accountant. Out of courtesy Magistrate Denison adjourned the hearing until tomorrow, when Fitzgibbon will testify. It is expected this will conclude the preliminary hearing.

The hearing was marked by a keen contest between Mr. Blackstock and Mr. Dewart as to whether the copies prepared for the crown by Travers of the bank's real finances when the returns were asked by the Finance Department, should be allowed to be put in as exhibits. Mr. Dewart contended that these, which should have been forwarded instead of the fictitious ones which resulted in the charges against Nesbitt, must be ruled out, as nothing which was not shown in the bank's books could be put in. The magistrate finally decided that the facts shown in Travers' corrected statements could be brought out only in Travers' evidence. Travers thereupon said that the total in the statement for Dec. 31, 1906, should have been \$182,326.64, instead of \$267,839.80, and that in the other items the sum of \$90,605.81 should have been left blank. He also traced the discrepancies in the three other returns. He added that Nesbitt had \$80,000 among the subscribers' names to deceive the government, certain names had been left out, though he was not sure that Nesbitt knew which names. Nesbitt had also known this was being done to cover up the real transaction regarding the \$80,000. Nesbitt had had two conversations with him as to who the \$80,000 should be divided up on the list of subscribers. Travers declared that individual banks as well as the Bankers' Association had fought the young banks tooth and nail.

Mr. Dewart cross-examined Travers at some length, mainly about the loan of \$80,000, to which he referred as the crux of the whole matter. Numerous objections were raised by Mr. Dewart during the hearing as to what should be admitted in evidence. Some of these were sustained.

Children Cry
FOR FLETCHER'S
CASTORIA

DARROW WAS
IN THE SPOT LIGHT.
Los Angeles, Cal., June 19.—Clarence S. Darrow occupied the center of the stage in his trial for alleged jury bribery to-day when he consumed nearly the entire day with the crown's examination of George Behm, of Portage, Wis., an uncle of Orville B. McManigal.

Behm admitted that he had not been told by Mr. Darrow to testify falsely

to the grand jury and that he had received merely expense money to come to Los Angeles and that Mrs. McManigal had first asked him to make the trip. His reason for appearing against Darrow, Behm said, was his desire to "clear" himself because of having committed perjury before the Grand Jury last August. He admitted his first visit to McManigal in the Los Angeles county jail was upon the latter's invitation.

DOMESTIC SERVANTS.

The difficulty in getting domestic servants is one that is known to many citizens of Quebec, who are much inconvenienced thereby.

We hear that many servants would like to stay at Quebec and look for work, of which there is plenty, if it were not that they are discouraged by people on the immigration staff down at the embarkment. The consequence is that they usually go straight through.

If this be the case, the practice should be stopped and the situation remedied.

BIRTHDAY HONORS.

Sir Rodmond Roblin, as he will now be known, was born and reared in Prince Edward County, Ontario, and is of U. E. Loyalist stock. In early manhood he joined the trek to Manitoba, where he became a farmer, and then, through the gateway of municipal activity, entered provincial politics. He soon made himself felt in the legislature, and on the downfall of the Greenway administration, after the brief service of Hugh John Macdonald, became premier. He is an extensive grain dealer. In politics he is a typical western business man, forceful and progressive, while a thorough imperialist.

Sir Richard McBride was born in British Columbia, where his father, of Irish birth, was warden of the provincial penitentiary. He became a barrister and practiced in Victoria. As premier of British Columbia he has shown himself sagacious and energetic, and under his care large enterprises are proceeding for the development of the province. Especially noted as an orator and as a statesman of large vision, he has even been mentioned as a possible future premier of the Dominion.

Mr. John McDougald, C.M.C., is a Nova Scotian, of Scotch ancestry. He was in commercial life for some years and was a member of the House of Commons from 1881 to 1898. Since then he has been commissioner of customs. As part of his official duty he assisted in the recent reciprocity negotiations at Washington.

Mr. James Melville Macoun, C.M.G., is one of the two distinguished sons of a distinguished father. Prof. John Macoun, a North of Ireland man, came to Canada in early life, and was first a farmer and then a school teacher. He became professor of botany and geology in Albert University, Belleville, and usually spent his summers exploring in the Northwest for the Dominion government. He finally entered the Dominion service altogether as botanist of the geological survey. Where he has been ever since. While resident in Belleville he had two sons, James and William. The former—the subject of this sketch—has for many years been a notable figure in the government service in connection with the geological survey, being an expert on the flora and fauna of the far north. He had much to do with the settlement of the Behring Sea difficulty and has exploited the Hudson Bay region. The younger son, William Tyrrell Macoun, is the horticulturist of the Central Experimental farm at Ottawa and a diligent writer and lecturer in his special field.

THE MARRIAGE DECISION

The recent judgment of the Supreme Court has to a degree cleared the air on a question concerning which there has been much tangled argument during the last year. Until the final decision is given by the Privy Council there is bound to remain some uncertainty, and the government does wisely, therefore, in submitting the question at once to the highest tribunal within the Empire.

There will be little surprise that the Supreme Court declares Parliament without the power to enact, in whole or in part, such legislation as the Lancaster bill. Such was the opinion expressed on the floor of Parliament by the best legal minds in the country and by both the present Minister of Justice and his predecessor in office.

The greatest popular interest in the judgment will attach to that portion of it which deals with the law of this province, over the interpretation of which has arisen the controversy of months past. It declares unanimously that a mixed marriage performed by a Protestant clergyman is legal and binding. Upon the further question concerning a marriage of two Roman Catholics by a Protestant clergyman, three out of the five judges declare it equally legal and binding, the chief justice asking permission to decline answering the question, and Judge Anglin declares that in his opinion the law of Quebec makes such a marriage null and void. The judgment of the majority of the judges is therefore in

line with the decision rendered recently in the famous Hebert case.

Leaving aside the legal side of the question, we have always contended that every Protestant clergyman should consider it a moral duty to refuse to perform the marriage of two Catholics. The very fact that they should make application to him to marry them must argue that there is something wrong.

The decision of the Supreme Court is a strong affirmation of the rights claimed by the province in this matter. It points out, accordingly, that to make marriages heretofore solemnized legal and binding, and to ensure the same with respect to future marriages, there would have to be concurrent legislation by the provinces.

The finding in this appeal to Canada's highest tribunal will, doubtless, become a historical judgment. Dealing, as it does, with one of the basic institutions of society and the state, it is well that at this stage there has been as great unanimity as exists in the finding of the judges. There was a general feeling at the time when reference was made to the Supreme Court that the government was taking the wisest course. The outcome justifies it in its action. A prompt appeal to the Privy Council will now be the next federal step in the closing of a question that in less careful hands might have been a source of much future discussion and needless distrust.

LAURIER'S LOW TARIFF.

The present government's recent reduction of the customs tariff on cement by one-half is evidently far from pleasing to the Laurier organs. But some of them make a pretence of trying to seem pleased, and even allege that reduction of tariff is "Liberal policy."

That is rich! Who made the high tariff that has been reduced, but the so-called Liberal government of Sir Wilfrid Laurier?

He and his finance minister and their political friends were the men who fastened this high tariff on this item of cement.

They revised the tariff completely in 1897, and partially at other times, and that rate must be taken as to be the Liberal or Laurier notion of a low tariff.

Now, what did that specific duty amount to on an ad valorem base?

The cement duty, so the despatches say, amounted to 52 cents a barrel.

The despatches also state that the price of Portland cement in the United States is now about 70 cents a barrel.

A very small arithmetical calculation will show that the Laurier and Fielding tax on cement amounted to about 74 per cent.

Mr. Fielding was the star tax-imposer and tax-gatherer of Canadian politics.

THE SPECTACLE AT CHICAGO.

There never was a prize fight in the history of the continent like that one now progressing at Chicago. It is full of thrills and sustained interest. Whether Roosevelt slugs his opponent under the ropes or is himself beaten to insensibility, the fight is and will continue to be a superb spectacle.

And so the row goes on. It is a hot battle, with shrewd politicians leading both sides. The forces are so even that the shrewdest generalship is likely to win. But no one can really predict the outcome.

What lessons, if any, are to be drawn from the spectacle? Is it really and wholly a debating one? We do not think so. At the worst, it betokens life, and interest, and energy. And whatever the unpleasant details, at bottom it is a great moral struggle. Some of Mr. Roosevelt's supporters, for all we know, may be buying, or trying to buy, votes. The desertions from the Taft camp may all be part of a prearranged campaign and utterly without spontaneity. But the truth is that Roosevelt's strength, so far as it is substantial, is due to the fact that the great mass of his supporters believe that he is fighting a battle for righteousness, against bosses, and in favor of the right of the people to rule. They may be wrong, but they believe it—and that is a big thing, because it means that the moral standards of the people have not been altered.

Some of the English papers express surprise that all of the talk at Chicago is of men and none of measures, that none of the delegates or leaders seem interested in policies or principles, but seem to think only of winning. This is more apparent than real. As a matter of fact, the principles and policies bound up in this fight are personified by the leaders. The Republican party of today, as the whole American nation, is divided into camps, the Conservatives on the one side, the Progressives on the other. That is the big issue before the people today. If Taft wins, it

will be a victory for the Conservatives. If Roosevelt wins, it will be a victory for the Progressives. The issue could not be made plainer if all of the argument for both sides was taken from text books on history and political economy and there was no mention of individuals in it.

CLOSING AT

URSULINE CONVENT.

Closing exercises took place at the Ursuline Convent yesterday morning. Hon. J. Decarie, Provincial Secretary, was present and an interesting programme was carried out.

The following diplomas were awarded:

Academic diplomas, French and English, with grand distinction—Misses Marie Therese Chasse; Melles, Juliette Larue, Gabrielle Chateauvert, Francoise Prince; Melles, Abella Latulippe, Marie Louise LaRoche, Marie Antoinette Germain, Beatrice Larue, Miss Elzair Laliberte.

French Academic and English Elementary—Miss Marie Drole.

English and French model diplomas with great distinction—Misses Marguerite Ripp, Marie Ange Demers, Miss Angeline Larue.

English and French model diplomas with distinction—Miss Annette Fontaine.

French Model and English Elementary diplomas—Misses Marie Anne Berube, Marie Aimee Bourgault, Marie Gobeil, Marie Pelletier, Pamela Roy, Germaine Goudon; Misses Anne Marie Rheume, Amanda Catellier, Jeanne Dussault, Juliette Houde, Rose Anna Boivin.

French model diplomas—Misses Elizabeth Michaud, Juliette Dupuis, Irene Fournier, Josephine Gosselin.

French Elementary diplomas with great distinction—Misses Marie Anne Moreau.

English and French Elementary diplomas with distinction—Augustine Morneau, Georgiana Ruel.

French Elementary—Misses Marie Lauze, Marie Anna Roy, Catherine Mercier, Gracia Noel, Marie Langelier, Marie Louise Ouellet, Germaine Coulombe, Bernadette Lord, Marie Dumont, Yvonne Eyo, Hermine Mars, Laura Nadeau, Caroline Desrochers, Marie Berthe Apolline Bergeron, Beatrice Charland, Berthe Coulombe.

French Elementary diplomas—Misses Alma Marie Eva Bouchard, Marie Therese Langevin, Rose Anna Berube, Anna Marie Aurore, Cleopence Terrier, Marie Louise Sirois, Eugenie Lavie, Therese Pelletier, Lorette Marchand, Bernadette Beaulieu, Lionel Lacasse.

GARMENT WORKERS HOLD

UP FIREMEN AND POLICE.

Montreal, June 19—The garment workers' strike is likely to embarrass the police and fire forces of the city. The summer equipment should have been delivered by now, but only the tunics and waist coats have been received and the contractor says that trousers are out of the question until the factories can secure enough labor to re-open.

APPRENTICE AIRMAN

SERIOUSLY INJURED.

Hempstead, N.Y., June 19—Hugh Sargeant, a pupil of George Beatty, while flying for his pilot's license today, turned his biplane to the right instead of to the left, crashed to the ground, wrecked the machine and was carried to Nassau Hospital in an unconscious condition. His chances for recovery are said to be slight. Sargeant comes from New Zealand, and is wealthy. He fell 30 feet.

FRAUDULENT MINE

PROMOTER SENTENCED.

New York, June 19—Wm. T. Wintemute, of Summit, N.J., promoter of the Gold Run Mining and Tunnel Company, of Colorado, was found guilty in the United States District Court to-day of using the mails to defraud. He was sentenced by Judge Hough to pay a fine of \$500 and to serve one year in prison. Fayette B. Tiffany, a Denver lawyer, who was indicted with Wintemute, was found not guilty. Wintemute was arrested in the summer of 1910. He was believed to have gotten a total of \$1,500,000 from 700 persons in this country and England. His contention on trial was that he believed all the claims made by him in circulars of the value of the properties in question to be true. Among Wintemute's English victims were Lady Tankerville and her niece.

Mr. E. J. Chamberlain, general manager of the Grand Trunk Railway, is now on his way back to Winnipeg, after a tour of the western lines of his company. He went as far as the end of steel beyond Fitzhugh, proceeding thence by rail to the Tete Jaune Cache.

At Edmonton Mr. Chamberlain stated that everything would be done to open up the road as soon as possible to the Fraser River, but in view of the exceedingly difficult nature of the work he feared that the route would not be open before June at the earliest. The chief hindrance met with is the heavy rock work, and some of the contractors are putting on shifts so as to work both day and night.

NEW HONOR FOR

PRINCIPAL PETERSON

Montreal, June 10—Principal Peterson of McGill University, will receive the degree of Doctor of Literature from Durham University, the famous English university, according to the announcement received from the Durham University governors this morning.

To those now suffering with Indigestion, Dyspepsia or other Stomach Troubles, this letter of Mr. Stirling, the well known real estate operator of Western Ontario, shows the way to a speedy and certain cure.

Glencoe, Ont., Aug. 15, 1911.

"Fruit-a-tives were so beneficial to me when I suffered from distressing Dyspepsia, that I wish to inform you of their satisfactory results.

Although I have, in past, suffered agony with Dyspepsia, I am now in perfect health. "Fruit-a-tives" accomplished the desired result."

N. C. STIRLING.

"Fruit-a-tives" will cure every trace of Indigestion, Dyspepsia, Sour Stomach, Bloating, Pain After Eating, Biliousness and Constipation.

"Fruit-a-tives" is the only remedy in the world made of fruit juices and valuable tonics.

50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives, Limited, Ottawa.

NEW YORK CLOSING LETTER.

Received over the private wire of McDougall & Cowans, stock brokers, 81 St. Peter street.

New York, June 19.—Reading declared regular quarterly 1 1/2 per cent dividend on common stock. Regular quarterly dividends of 1 per cent on both first and second were also declared.

The so-called debate at the Chicago convention monopolized attention. The market closed fractionally below the high level of the day, but generally slightly above last night's finals.

During the last half hour stock stock movements were irregular. Lehigh Valley was in good demand, closing with a net gain of over 1 point and Amalgamated and Smelters were bought persistently. Concessions were noted in Steel common, but the reaction did not wholly wipe out the early gains. Total sales 197,000.

INSANE WOMAN'S AWFUL DEED

Took Three Children Into a
Darkened Room and Turned
on the Gas.

Springfield, Mass., June 19.—During the absence of her husband to-day Mrs. Clara B. Cross took three of her six children into a darkened room and turned on the gas. When the husband returned all were dead. Three other children were playing in another room and knew nothing of the tragedy.

In a note the woman declared that she knew that she was insane and could never recover and enjoy the comfort of life and so she had decided to get what comfort she could in death. She wanted her children with her, she said, and asked that the eldest, Gertrude, aged 9, be buried in the same coffin with her. The other two, Hazel, 8 years, and Garrold, aged 3, she asked to have buried side by side in one grave. The note was addressed to her husband and to a sister, Mrs. Myron Johnson, of Athol.

The woman's husband, Arthur C. Cross, has recently been employed as a carpenter at Somers, Conn., and it was when he returned from work late in the evening that he discovered the bodies. The woman was 45 years of age and the daughter, Gertrude, who was one of those asphyxiated, was the eldest of the six children.

GOT SIX MONTHS FOR WOMAN'S DEATH

Montreal, June 19.—Frederick Seybold, found guilty of beating Margaret Burney to death with a curtain pole, got off with a six months' sentence in the Montreal jail to-day.

The woman was found dead in a house in the East End and Henry and Frederick Seybold were charged with the crime, as they had been living with the woman. At the trial Henry turned King's evidence and swore that he came into the house and found his brother and the woman fighting. His brother held a curtain pole with which he struck the woman, who died from her injuries. All three were under the influence of liquor on the fatal night.

BRYAN BUTS INTO DEMOCRATIC CONVENTION.

Baltimore, Md., June 19.—At midnight when the members of the Democratic arrangements committee concluded their discussion of William J. Bryan's objection by telephone from Chicago of the naming of Judge Parker as temporary chairman, it was stated by several members of the committee that it was determined to proceed with the plan to select the former New York jurist.

Adherents here to-night of Speaker Clark and Governor Wilson frankly said that they had no candidates for the temporary chairmanship and hoped that the committee would settle the question without raising any issue on the floor of the convention. It was generally reported that Col. Bryan would take the floor against Judge Parker's selection and friends of Speaker Clark and Governor Wilson admitted that this situation might lead to Bryan becoming a candidate for the Presidential nomination if the issue of progressivism as against so-called conservatism becomes sharply defined on the convention floor during the contest over the temporary chairmanship.

The arrangement committee meets at 10 o'clock to-morrow morning.

PERSONAL.

James A. Flaherty, of Philadelphia, Supreme Knight of the Knights of Columbus of America, was a guest at the Chateau last evening. Mr. Flaherty is in Quebec on a honeymoon trip, having to-night with him from across the line a bride, Mr. and Mrs. Flaherty were the objects of much attention yesterday from local members of the order in Quebec.

ABOUT BELTS.

Now that the waist is defined instead of being merged in the straight line from the arms to the hem of the skirt, what was fashionable last year, belted, sashes and girdles of all kinds become a highly important item of the toilet.

The variations rung upon the simple theme of the belt are legion and any original idea that can be carried out merits approbation. Plenty of change can be secured by the arrangement of the loops that form a bow. In some cases they stand high, in others they fall downwards, and one famous modiste approves of a belt with sash ends and no loops.

She swaths around the waist a rather broad width of satin, with folds of a contrasting color at the edges, and adds a single spade-shaped end of material, the upper part of which has a veiling of heavy lace. The end falls to the center at the back or in front at the left side, for to create diversity the bows and ends are allowed to find a place at one side, either in front or at the back of the dress.

One of the most piquant girdles for the washing frock of the summer months is rendered in black velvet with steel ornaments, and at the terminations of the long velvet ends there are handsome steel tassels with acorn shaped heads.

FULL REVENGE. (Judge.)

"Don't you think it dastardly to send a man an infernal machine?" asked Jones, while motoring with Brown.

"Oh, I don't know," replied Brown, as the car gave a dying groan, half way up the hill. "If I had an enemy I'd send him this one."

BRITISH CAPTAINS OF INDUSTRY

Manufacturers from the Other
Side Greatly Pleased with
Their Canadian Tour.

Toronto, June 19.—The touring British captains of industry were entertained to-day in a way that pleased them mightily, their automobile trip through Toronto's residential sections, proving a revelation.

At the civic luncheon Mayor Geary welcomed them as "our own kind and kin," and commended the system of "imperial reciprocity," which made such visits possible. Toronto's health was proposed by J. Cayley, Leonard Palmer, of the Financial News, London, organizer of the tour, suggested that instead of Torontonians dwelling on the subject of Canadian loyalty to the British Crown, which nobody doubted, the visitors would have liked it better if the Toronto people had told them more of Toronto's size and importance.

He said he had been told, before coming to Canada with the party, that Canadian manufacturers would be opposed to their prospecting with a view to establishing factories in this country, but he had learned that this was not the case. Mr. Palmer intimated that if British manufacturers came to Canada and were not competing with manufacturers already established, a special favorable arrangement of the tariff might be welcomed by the Britishers.

"We have come over," said Mr. Cayley, of Murdoch, "to see if we can extend our trade, and also to see if we can extend the trade of Canada with the Old Country."

The morning was spent in visiting the University of Toronto Buildings. Dean Galbraith and Dr. Ellis acted as hosts. At Convocation Hall the company was entertained for half an hour by F. A. Moore and Mr. Bursar, who rendered several numbers on the new organ. The party left Toronto to-night by special train for Niagara Falls.

NEW PRESIDENT OF GRAND TRUNK

Will Start on Tour of Inspection
of the System Some Time
Next Week.

Montreal, June 19.—Mr. E. J. Chamberlin, President of the Grand Trunk Pacific and Grand Trunk Railways, will start on Sunday or Monday next on an official tour of the system, going to Chicago and on to Winnipeg. The President will then proceed over the Grand Trunk Pacific as far as the end of the track, leaving the inspection of the Pacific coast section to later in the season.

During an interview to-day Mr. Chamberlin made the following announcements: "Unless labor difficulties prevent it, the Grand Trunk Pacific's rails will be laid from Fort William to Prince Rupert by the end of next year. One year later a friendly company will have completed the Vancouver branch from Fort George down the Fraser to British Columbia's present chief seaport, while Mr. J. D. McArthur, at the head of another friendly company, will have reached the Peace River country, about 350 miles from Edmonton, Alb.

"One year after Montreal and Prince Rupert are united by the Grand Trunk Pacific Railway Company's rails, or as soon as conditions for carrying through freight are perfected, a Grand Trunk Pacific steamship service will be established between Prince Rupert and a port in the Orient."

President Chamberlin says that shipping masters assure him that sailing from Prince Rupert about two days will be saved against the Vancouver route.

Mr. Chamberlin made an estimate of the amount of grain the Grand Trunk Pacific would probably haul out of the prairie country this year. Against 18,000,000 bushels brought out last year he believed that the figure this year would be nearer 30,000,000.

Mr. Chamberlin said he had been following the cement controversy and he claimed that the blame could not be laid on the back of the railways, the trouble being the lack of vessel accommodation on the great lakes.

The President is of the opinion that the Grand Trunk Pacific has been exceedingly fortunate in securing the services of Mr. Donaldson as Vice-President and General Manager west of the great lakes. "He does not make much noise," said the President, "but he is a very able man and I think he will make a record amongst the big railway men who have been operating in the West."

Later on, said Mr. Chamberlin, as the railway grows, another manager will be appointed down here, as well as for the Atlantic division, but at present he would look after matters here himself.

OCEAN ARRIVALS.

June 19th.

SS C. Sundt, at New York, from Walton, N.S.
SS Laconia, at Boston, from Liverpool.
SS Haverford, at Queenstown, from Philadelphia.
SS Franconia, at Queenstown, from Glasgow.

TAFT STILL LEADING

(Continued From First Page.)

ray, of Iowa, the famous "woman in white" stamped the Democratic convention in 1896. As a climax to the demonstration she had helped to prolong, Mrs. Davis was brought to the floor by several delegates and an attempt was made to lift her over the press seats to the stage. The sergeant-at-arms stopped this. But Mrs. Davis, from the press section, led the cheer, still holding her precious picture and trying to make a speech. Senator Root occasionally pounded with his gavel on the table, but made no serious effort to stop the demonstration for a long while. The demonstration had been in progress 40 minutes and Mrs. Davis had disappeared from the floor when Chairman Root finally directed the officers to restore order. Mrs. Davis, somewhat rumpled, returned to the gallery, was cheered for a moment and then sat down. Sergeant-at-Arms Stone and Assistant Chief Schuetler, of the Police Department, patrolling the centre aisle, succeeded in getting most of the delegates in their seats by 3.47.

Police officers in the gallery were endeavoring to restore quiet in the vicinity of Mrs. Davis, who had returned to her gallery seat amid another wave of cheers. She withdrew for a moment in the company of an officer and the crowd hissed what they thought was a forcible removal of the feminine enthusiast. In a moment she returned to her seat to receive another storm of applause. When quiet had been restored and after Governor Hadley had made a brief statement, Mr. Watson moved to refer to the Committee on Credentials the motion to seat the 92 Roosevelt delegates.

Roll Call Demanded.

Governor Deneen moved to amend so as to provide that no contested delegates should vote on the membership of the Committee on Credentials, or on its report. Both motions were applauded. Governor McGovern, of Wisconsin, seconded the motion of Governor Deneen. Mr. Watson moved to table the motion of Governor Deneen. "No, no!" shouted some of the delegates, while some of those in the galleries hissed. "The motion is not debatable; are you ready for the question?" called Senator Root. "Bill" Flinn, of Pennsylvania, demanded a roll call on the motion to table. It was seconded by New Jersey, Missouri and other states and was ordered by states.

The roll was to furnish the second test of the convention and caused much excitement.

Alabama led off with 22 ayes and 2 noes. Arizona followed with 6 ayes. Arkansas' vote of 17 ayes and 1 no, announced by the chairman, was challenged and the delegation was polled. It should 16 ayes and 1 no, 1 not voting.

When California was called Governor Johnson announced: "California casts 26 votes no."

E. H. Tryon, one of the contested delegates from the Fourth District, rushed to the front of the platform and shouted: "I challenge that vote."

"The vote of California is challenged," said Chairman Root, "the delegation will be polled by name."

Governor Johnson's name was the first called.

"Who challenges this vote?" he demanded. "Where are the men?" "They are on the platform," Chairman Root answered.

Rolling Begins.

Governor Johnson again attempted to cast the solid California vote of 26. The polling of the delegation began. When the names of E. H. Tryon and Morris Meyerfield, Jr., the two Taft delegates, were called, both answered "Aye" from the platform.

Governor Johnson and other members of the California delegation shouted their protest, declaring that neither of the contested men was entitled to a vote.

The clerk announced the vote as 24 noes and 2 ayes and it stood.

"We will get a lot of good Democrats out of this," shouted Johnson, and he added: "If those men are allowed to vote on their own case, what's the use of calling the roll?"

Colorado, Connecticut, Delaware and Florida voted solidly for the Taft proposition to lay on the table.

When Georgia was reached the first change from yesterday's vote was noted. Yesterday Georgia gave Senator Root 22 and to-day voted 24 ayes to 4 noes.

Illinois also showed a change. Yesterday it divided 48 and 9 on the temporary chairmanship. To-day it divided 51 and 7, one being absent yesterday. This was a Roosevelt gain of 3 as against the Taft gain of 2 in Georgia.

The Taft people gained a vote in the Indiana delegation because of an absentee, getting 20 ayes to 9 noes, as against 20 and 10 yesterday. Iowa and Kansas showed no change.

Kentucky, 23 to 3 yesterday for the Taft forces, went 24 to 2 to-day.

The Maryland delegations split 8 to 8 yesterday. To-day it stood 9 to 7 against the Taft proposition.

Michigan, 19 to 10 for the Taft people yesterday, was 20 to 10 to-day.

Massachusetts, still deadlocked, voted 18 and 18 as yesterday. New Mexico gave the Taft people a gain, voting 7 to 1 as against 6 to 2 yesterday. The New York vote, announced as 78 to 12, was challenged and there was a call of the delegation.

The poll showed 75 to 15 and there was great cheering when this gain of 2 to the Roosevelt forces was announced.

In North Carolina the Roosevelt forces gained 1 vote over yesterday's record. The delegation divided on the roll call, 2 for the resolution and 22 against.

North Dakota's ten La Follette votes were divided, 2 ayes 8 noes. This gave the Taft forces two more than they secured in the delegation yesterday.

Ohio voted 34 noes and 14 ayes, the same as yesterday.

Oklahoma voted aye 4, no 16, unchanged from yesterday.

In Oregon the Taft forces gained 2. The vote was 5 to 5.

William Flinn reported the Pennsylvania vote as 11 ayes, 65 noes. The vote was challenged and a roll call gave the Taft forces 12. Roosevelt 64. John Wanamaker, who was absent yesterday, voted aye.

Rhode Island gave the Taft forces 10.

South Carolina gave Taft 11, Roosevelt 6, one not voting. This was a loss of one for Roosevelt.

South Dakota, unchanged, cast 10 votes against the Taft proposition.

Tennessee showed no change from yesterday.

Texas divided today, 28 to 10, with 2 not voting. Yesterday it was 31 to 8. Utah and Vermont were unchanged.

Virginia divided 21 to 5, as against 22 to 2 yesterday.

Washington was unchanged.

A great deal of interest centered in the action of Wisconsin, which scattered its votes yesterday among anti-Taft candidates. Today the delegation cast all its 26 votes against the Taft motion.

Hawaii called out a great cheer by voting 6 ayes. Yesterday the delegation voted against Taft.

There were no further changes.

When it was announced that the Taft motion to table had been carried by a vote of 564 to 519, the Taft folk broke into a cheer. The vote on the temporary chairman yesterday had been 558 for Root and 502 for McGovern.

Root's Announcement.

Prior to announcing the vote Chairman Root said that Gov. Hadley had made points of order against many of the 92 contested delegates voting, and he had fully considered the matter during the calling of the roll. He overruled all the points.

"No man," said Senator Root, "can be permitted to vote on the question of his own right to a seat when it is questioned; but this does not disqualify any delegate on the roll of the convention from voting on another man's right to a seat, or from participating in any other regular business of the convention."

"Otherwise, any minority could secure control of a deliberative body by grouping a sufficient number of their opponents in one motion to give them control of the uncontested delegates."

Senator Root quoted the precedents of the National House of Representatives.

"If this contention were upheld," he added, "enough seats could be contested so that there would be no delegates to do business."

"Defeated, the Roosevelt forces made no further moves. Senator Root then put the motion of Mr. Watson, made yesterday, that the standing committees be appointed. It was adopted without objection. The names already sent in by the state caucuses were not objected to and the committees were announced."

After the convention committees had been announced and meetings for each scheduled for tonight, the convention adjourned at 5:50 to meet at noon tomorrow.

Another Test of Strength.

Chicago, June 19.—In a test of strength at the organization of the credentials committee, immediately after the adjournment of the convention, the Taft forces elected Thomas H. Devine chairman over the Roosevelt candidate, W. T. Lauder of North Dakota, by a vote of 30 to 18, four members being absent or not voting.

Massachusetts had no representation on the committee, because of the deadlock in the state delegation. The Taft forces expected to vote on the majority of the contest cases tonight to be 33 to 19, basing their prediction on the attitude of the respective delegations on the convention roll calls of the last two days.

Immediately after the election of Mr. Devine a recess was taken until 9:30 o'clock tonight.

Roosevelt Men Bolt.

All Roosevelt members of the Republican National Convention Committee on Credentials left the committee room in a body at 11:45 o'clock to-night after failing to obtain their demands for a full hearing on all contested seats.

After the first bolt of the Roosevelt members of the Committee on Credentials, Roosevelt delegates poured into the Florentine room of the Congress Hotel, where it was announced the bolting contingent would assemble.

Edward C. Carrington, the first member of the Committee on Credentials to arrive, precipitated a debate when he announced the action he and his fellow-members had taken.

The delegates split into factions, some urging that the committee should go back, participate in the deliberations and submit a minority report to the convention. Others clamored that the bolters stand fast.

When the delegates had been called to order in the Florentine room by a Roosevelt delegate, an invitation was extended to "Taft delegates, who were present under false colors" to leave the room.

"Get them stay," shouted a delegate. "We have no stancher sessions."

William Flinn, of Pennsylvania, mounted a table and addressed the delegates.

"The issue has been joined," he said. "I have just come from a two-hour conference of the Pennsylvania delegation, and we voted unanimously to walk out of a convention controlled by the Taft forces through theft and fraud. Our decision carries with us the Republican candidate for state treasurer and a candidate for Congress in Pennsylvania. These gentlemen held that their personal interests were of relative unimportance as compared with the principle at stake and the duty they owed the people."

"We have been patient, but the parting of the ways has come." Edward C. Carrington, of Maryland, a member of the Committee on Credentials, here interrupted to describe the proceedings preceding the walk-out.

"The Taft majority of the committee sought at the outset to apply the gag rule," and I refuse to disgrace the State of Maryland by sitting longer with the committee."

Delegate King, of Nebraska, made a speech in which urged the bolters to return to the committee room and make a minority report to the convention to-morrow.

Then Colonel Roosevelt appeared and immediately began to speak.

"I am going to ask you to take a recess until I can get certain facts and lay them before you," he said. "I earnestly counsel you not to discuss what you intend to do until you have the facts before you."

"I can tell you the general outline of what I shall do. So far as I am concerned, I shall never recognize in a Republican convention a majority of which a large part is composed of fraudulently-seated delegates from the states of which Governor Hadley spoke to-day."

The Taft forces to-night said they were prepared for an attempt by the Roosevelt people to hold a convention within the convention hall and had taken steps to prevent "any such disorder."

It was said that 500 policemen and 800 assistant sergeants-at-arms would be stationed in the convention hall to prevent disorder and would do so at any cost.

It was said some of the Roosevelt leaders would plead with the convention to-morrow to instruct the credentials committee to grant more time for a hearing of the contests.

Col. Roosevelt, it was said, would be present in the convention hall at the time, and that while he would have no legal standing in the convention, he might be swept into the fight by his followers.

Platform for Republicans.

Chicago, Ill., June 19.—The committee on resolutions of the Republican National Committee, entrusted with the duty of preparing a platform for the party, organized to-night by electing former Vice-President Chas. Warren Fairbanks, of Indiana, chairman. Senator La Follette's representatives submitted a complete draft of a platform. Samuel Gompers, of the American Federation of Labor, was among the first to ask a hearing.

The Taft forces controlled the committee. The tentative draft of the Taft platform was submitted.

After protesting allegiance to the Republican party principles, recalling with veneration the name of Abraham Lincoln, and praising Republican achievements in government, the platform continues:

"The principles of constitutional government which make provision for orderly and effective expression of the popular will, for the protection of civil liberty and the essential rights of men, and for the interpretation of the law by an untrammelled and independent judiciary, have proved themselves capable of sustaining the structure of a government, which after more than a century of development, embraces one hundred millions of people, scattered over a wide and diverse territory, but bound by common purpose, common ideals and common affection to the constitution of the United States."

The platform then binds the party to solve the problems which social, economic and political development have brought to the forefront. It promises to enact in the nation and encourage in the various states laws to

safeguard public health, to limit child labor, to protect workmen in dangerous occupations, to substitute workmen's compensation for actions at law, to retain public ownership and control of natural resources that are still public property. It continues: "The social and political structure of the United States rests upon the civil liberty of the individual and for the protection of that liberty the people have wisely, in the national and state constitutions, put definite limitations upon their governmental officers and agencies. To enforce these limitations, to secure the orderly and coherent exercises of governmental powers and to protect the rights of even the humblest and least favored individual, are the function of independent courts of justice."

"The Republican party re-affirms its contention to uphold at all times the authority and integrity of the courts, both state and federal, and it will ever insist that their powers to enforce their process and protect life, liberty and property shall be preserved inviolate. An orderly method is provided under our system of government."

BIG CRASH HAS COME.

The long expected crash in the Republican ranks came tonight. The Roosevelt forces, acting, they said, under the personal direction of the colonel himself, began to lay their plans for independent action in the National Republican convention. As a forerunner of the more drastic action expected in the convention to-morrow or Friday, the Roosevelt members of the committee on credentials withdrew from that body to-night—withdraw in person, and, in effect, withdrew all of the Roosevelt contests, which had been scaled down from 92 to 78.

Col. Roosevelt tonight was in the midst of a series of exciting conferences and was busy figuring on the loyal delegates whom he could expect to carry with him out of the convention, or, rather, into a separate convention on the convention floor in event the crisis is reached.

People who talked with the colonel tonight declared there was no longer any doubt as to his attitude. Convinced that the credentials committee was against him and would retain the contested Taft delegates in their seats, Col. Roosevelt decided to go no further with his futile fight in the regular convention.

CITY OF QUEBEC

CITY HALL.
 City Clerk's Office,
 Quebec, June 12, 1912.

Tenders For New Boiler and Other Repairs to the Fire Engine—
 Clapp & Jones.

PUBLIC NOTICE

Is hereby given that sealed tenders endorsed "Tenders for new Boiler," and addressed to the undersigned, will be received up to the 18th day of June instant, at four o'clock in the afternoon, for placing a new boiler on the fire engine "Clapp & Jones," and also for the entire repair of said engine, to make it as new.

The said engine shall be tested by the Chief of the Fire Brigade before being accepted. Said fire engine can be seen by applying at No. four (4) Fire Station, on St. Paul street. All necessary information can be had from the Chief of the Fire Brigade.
 The City does not bind itself to accept the lowest nor any of the tenders, and the contractor shall pay the cost of drawing up the contract and of a notarial copy for official use.

By order,

AUG. MALOIN,
 Secretary Fire Committee.

TOMB OF WHISTLER.

Memorial to Famous Painter in Chiswick Churchyard.

There has recently been erected in Chiswick Churchyard, the cost being defrayed out of the Whistler estate, a tomb bearing an inscription to the memory of Whistler and his wife, whose graves are there side by side. The tomb is of bronze, resting upon a die and step of green granite, and the character of the design is that of the Italian Renaissance. The upper part is ornamented with a frieze and bay leaves.

At each of the four corners, standing upon the die, there is a beautifully carved figure of a classic mourner bearing an offering of fruit and flowers. On the front, at either side of the centre panel, there is an ornamentation of bay leaves between two Ionic pillars. The inscription on the centre panel is as follows:

Sacred to the Memory

of

James McNeill Whistler,

MDCCCXXXIV—MCMIII.

and of

Beatrice His Wife

MDCCCLVII—MDCCCXCVI.

"The place where I also at last hope to be hidden.
 For in no other world I be."
 Edward Godwin is the sculptor.

IN AND ABOUT TOWN

FAREWELL DINNER TO MR. G. H. BALFOUR

General Manager of Union Bank Was Banqueted on Eve of Leaving for Winnipeg.

A most successful dinner was tendered Mr. G. H. Balfour, general manager of the Union Bank of Canada, at the Garrison Club last evening by a number of his friends in this city on the occasion of his departure for Winnipeg, where the head office of his bank has now been transferred. The dinner was a most enjoyable one in every respect and was presided over by Colonel Gaudet, the president of the Garrison Club.

In his reply to the principal toast of the evening, Mr. Balfour made allusion to the many happy years he had spent in the old historic City of Quebec and deeply regretted the necessities of business matters resulting in the transfer of his head office to the City of Winnipeg. He was very deeply moved in consequence and anticipated, however, a long existing happy relationship in the future, with the staunch and true friends that he had so happily secured during his sojourn in this city.

Other excellent speeches were made by Hon. Mr. MacKenzie, Provincial Treasurer; Mr. A. H. Cook and Colonel Gaudet, and the party separated very happily after all joining in "Auld Lang Syne."

The menu was—
 Caviar a la Romanoff
 Tomatoes Olives Amandes
 Consomme Printanier Royal
 Saumon Poch a la Bearnaise
 Concombres
 Pommes Nouvelles Persillees
 Champignons Frais a la Newburg
 Agneau Printanier Roti
 Sauce Menthe
 Purée de Pommes de Terre,
 Choux-fleurs a la Creme
 Asperges au Beurre Fondu
 Pouding Glace aux Fraises
 Petits Fours
 Dessert Cafe Noir

QUEBEC HARBOR COMMISSION

Awards Contract for Fifty-Ton Steam Crane to Aid Shipping Facilities.

A special meeting of the Quebec Harbor Commission was held yesterday, presided over by Mr. V. Chateaufort, President. After routine business was disposed of the question of purchasing a steam crane to aid shipping came up for consideration, and it was decided to award a contract for a fifty ton steam crane that can be moved to any part of the Harbor Commission property when required.

WOMEN'S BRANCH S. P. C. A.

The annual prize giving will be held this (Thursday) afternoon in Morrill College Hall at four o'clock. The Lieut.-Governor and Lady Langelier have kindly consented to preside. The prizes for best essays will be presented by Lady Langelier. The Quebec Society for the Prevention of Cruelty to Animals and all others interested are cordially invited to attend.

COURT OF SESSIONS.

Yesterday, in the Court of Sessions, a Levis merchant was fined \$10 and costs for selling gunpowder without a license. A man from Ste. Anne de Beaupre, for soliciting guests from the gallery of his hotel, was fined \$5 and costs. A woman from the same place, on a similar charge, was fined \$2 and costs.

RECORDER'S COURT.

Three prisoners accused of drunkenness appeared before the Recorder yesterday. One was fined \$50 and costs or eight days in jail, one \$2 and costs or a similar imprisonment, and one was discharged. A man and his wife, for keeping a disorderly house, were fined \$100 and costs or six months' jail each.

AN INTERESTING WAGER.

Five well-known commercial travellers, guests at the Chateau, had quite a discussion yesterday in the Tea room as to the number of checks in a new suit worn by one of the party. Each traveller put up \$20 and the checks are to be counted today. As Harry has brought only one suit of clothes to Quebec, he will have to remain in his room today while the referee is deciding the wager.

QUEBEC BANK OFFICIALS FOR MONTREAL.

The head officials of the Quebec Bank will move to Montreal at the end of this week, where the chief officers will be located in future. Among those who will take up their future residence in the metropolis are: Messrs. B. B. Stevenson, General Manager; W. H. Scott, Chief Accountant; R. C. Patton, Inspector; B. L. Y. Jones, Assistant Inspector; C. W. Cox, D. Strachan, clerks; and Misses Daly, Muir, Tevers, Smith and Leonard, stenographers.

Children Cry FOR FLETCHER'S CASTORIA

ALL CANADA FIRE INSURANCE AGENTS

Elect Officers for Ensuing Year at Convention Being Held at Chateau Frontenac.

The All Canada Fire Insurance Federation, in convention at the Chateau Frontenac, yesterday received reports of committee and disposed of some routine business, which was followed by the election of officers for the ensuing year, with the following result: President, H. M. Lambers, Montreal; vice-presidents, H. M. Blackburn, Toronto, and Harold Hampson, Montreal.

The fire insurance delegates were given an exhibition of the efficiency of the Quebec fire brigade and its new additional equipment yesterday afternoon at 2:30 o'clock. An alarm was sounded from the Chateau Frontenac, which is understood to be a general alarm, that brought the whole fighting force of the fire brigade from every part of the city in a very short space of time and made quite an imposing display of efficiency.

INTERNATIONAL DELEGATES

Enjoy Their Visit to Quebec— Besides Trip to Bridge, They Inspect Harbor.

The distinguished large party of European engineers, who arrived at Quebec on Tuesday evening last, had quite a merry time yesterday sight-seeing, besides a special trip up the river to the bridge site, and later a visit of inspection to the Louise embankment.

In the morning the visitors were the guests of Mr. M. P. Davis, contractor, who conveyed quite a number of the engineers to visit the bridge site and view the conditions that still exist to mark the fall of the structural work on the south side of the river four years ago. After their return to the city the delegates were met by Mr. St. George Boswell, C. E., chief engineer of the Quebec Harbor Commission, who escorted the visitors to the Levis docks, in carriages provided by the commission, and after showing them over the ground and likewise pointing out the additional improvements to the harbor in prospect.

A number of the delegates also took a trip to the Falls of Montmorency, while others were driven in carriages to various points of interest, and seemed to appreciate the scenic beauty of the city's surroundings.
 Yesterday afternoon some 35 of the party left for New York enroute back to Europe, some going by way of the Quebec Central Railway, others by the Grand Trunk and the Montreal boat, to make train connection at Montreal for New York.

The distinguished marine engineers who took abstracts of the harbor and its equipment openly stated that Quebec had not only the natural port of Canada, but was one of the finest harbors in the world, and it was a surprise to them that it was not more efficiently equipped to meet conditions of shipping.

ATTRACTIONS AT MONTMORENCY FALLS

Re-Engagement of Hardy, the High Wire King.

Hardy will perform on Kent House grounds Saturday, Sunday and Monday, June 22, 23 and 24, afternoon and evening, 4 and 9:30. Brass band in attendance.

DOCK STRIKE IS COLLAPSING IN ENGLAND.

London, June 19.—The dock strike at Southampton has collapsed and the men will resume work to-morrow unconditionally. The London strike is still on, efforts to arrange a settlement through the Board of Trade having failed.

PASTOR SPANKS BAD GIRL.

After Getting New Kind of Whipping She Stops Running Away.

Mrs. Joseph Jackson, of Woodbury, N.J., has discovered the best way to cure her 9-year-old daughter from running away from home is to have the minister spank her. Mrs. Jackson has just applied the remedy and asserts it works like a charm.

Margaret ran away a few days ago and got as far as Woodstown after stealing a ride on a passenger train. She was "shipped" back by trainmen, who finally brought the Rev. J. C. Stock into the case. The minister asked for permission to spank the girl, which was freely accorded by the mother. Margaret said it was such a whipping as she never had before.

MAYOR DROUIN INVITES CITIZENS

To Go Over Ground in Victoria Park Requested by C. P. R. for Railway Improvements.

Mayor Nap. Drouin yesterday extended an invitation to a group of citizens to accompany him on a tour of inspection of the ground desired by the C.P.R. authorities for the company's Quebec railway improvements. Those who accompanied the Mayor were Messrs. William A. Marsh, president; Joseph Picard and J. S. Scott, vice-presidents of the Quebec Board of Trade; V. Chateaufort, president Quebec Harbor Commission; E. T. Nesbitt, president Manufacturers' Association; Arthur E. Scott, O. W. Bedard, J. H. Gignac, City Engineer W. Baillairger and his assistants, Aldermen Beaumont, Martin, Dechenes and the secretary of the Board of Trade, Mr. T. Leveseur.

The Mayor and party made a thorough inspection of all the ground asked by the C.P.R. is indicated in the plans received, including the portion of Victoria Park sought from the city to locate a card yard. The C.P.R. property at Hare Point was also looked over, and the property a little west of St. Malo owned by the railway company.

The general opinion expressed by the Mayor and the gentlemen who accompanied him was against the disposition of Victoria Park if it could be avoided. It was suggested that the C.P.R. could, with equal benefit and convenience, locate their card yard on the company's property west of St. Malo, which is also a little west of the gas plant, and 200 acre property acquired by the government for the Transcontinental Railway car yard, and know as Vigeau swamp. This would obviate the change in Victoria Park or street disarrangement at St. Sauveur.

It was finally decided that the city would make an alternate plan and forward same to Mr. McNicoll, vice-president of the C.P.R., for consideration. It was also decided that if the city was compelled to yield and give the company a part of Victoria Park, the Mayor and aldermen in turn would exact land of equal value, or properly speaking, the whole of the Hare Point property owned by the C.P.R., instead of the portion offered.

NURSES PRESENTED WITH DIPLOMAS

Interesting Ceremony Took Place at Jeffery Hale's Hospital Yesterday.

Five nurses graduated at the Jeffery Hale's Hospital yesterday afternoon, and there was a large attendance of friends of the institution as well as of the nurses.

Just a few months ago, there was a graduating class, and yesterday five more ladies, who had passed their examinations, received their diplomas as fully qualified nurses.

The ladies who yesterday received their diplomas were:

Miss Sampson, Miss Leslie, Mrs. Morrison, Miss Ford and Miss McArthur.

Mr. J. T. Ross presided at the interesting ceremony, and addresses to the new nurses were delivered by Rev. S. T. Martin and Dr. J. Stevenson, both of whom spoke to the graduating class in interesting terms and gave them good counsel as to the heavy responsibility which they had taken upon themselves in their special work.

The diplomas were presented to the nurses by Mrs. J. T. Ross.

DIES AFTER "TURKEY TROT."

Overexertion Ruptures Blood Vessel In Woman's Side.

Overexertion from dancing the "turkey trot" with friends in her home caused Mrs. Agnes E. Day's death recently. Mrs. Day was gay and lively. Suddenly she was taken with a severe pain in her right side, which quickly became so intense that it caused her to swoon. Calls were made for several physicians, but before any of them could reach her side the woman was dead.

It was later discovered that she ruptured a blood vessel in her side, and death was the result of an internal hemorrhage. She was 22 years old, and had been married only a short time.

To the Debtors of Brunelle & Heroux, of the Parish of St. Boniface of Shawinigan, Insolvents.

Notice is hereby given to you, that all the credits owned heretofore against you, for goods sold by Brunelle & Heroux, traders, of the parish of St. Boniface, have been duly transferred and transported by Vincent Lamare, curator in the said bankruptcy, to the undersigned Pierre J. Heroux, merchant, of the city of Three Rivers, by deed of sale, under private seal made and passed in Montreal the ninth day of November, one thousand nine hundred and eleven, which deed has been this day deposited in the office of the Prothonotary of the Superior Court for the district of Three Rivers.

P. J. HEROUX.

 June 20x2

Buy Tire Experience Not Tire Experiments

Dunlop Bicycle Tires are the tires of experience—for 16 years they have been in the lead. When we erected our first factory, one room was sufficient for Bicycle tire making. To-day, almost the entire part of one factory is devoted to this line.

Dunlop Bicycle Tires

Every year finds Dunlop Bicycle tires more popular than the previous year; and if any new ideas are needed, each year sees them coming first from the Dunlop Factory.

For 1912 the new idea is Dunlop Special, the Bicycle Tire built specially for Canadian roads, the tire that will not slip because of rubber studs placed securely on the tread.

The answer to those who want to sell you foreign-made tires is that distance lends uncertainty—not enchantment.

Dunlop Tires are Sold by Bicycle Dealers Everywhere.

WHY?

Do you pay high prices for imported mineral waters when you have much better here in your own city, at less than half the cost. We say much better, and we mean it, and can prove it.

According to the Report of Dr. Milton L. Hersey, M. Sc., Provincial Government Analyst,

CLAIRE-FONTAINE WATER

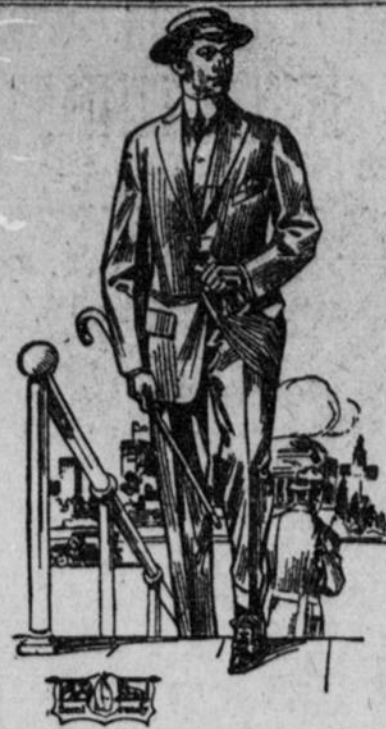

Leads the world, and his opinion cannot be contradicted, as he is authority when he speaks. As a medicinal and table water we challenge the best of them, and are willing to give \$100,000 to any Hospital in this city if any person can prove to the contrary.

Try it at our expense. If you have Dyspepsia, your liver is wrong or you are subject to headache. Kindly call or phone, and we will supply you for a time, and if you find it is not as we say, why, you don't pay us. The spring is upon our premises, 271 feet deep, in solid rock.

ALL RESPONSIBLE DEALERS SELL IT.

FAVORITES WON AT HAMILTON

Looked Like Woodbine, So Great Was Crowd of Toronto Racing Men

Hamilton, Ont., June 19.—With a change in the scenic effects the casual observer could easily believe that he was at the Woodbine track to-day. The course was crowded with Toronto enthusiasts, a crowd almost as large as on the opening day, making the trip from the Queen City. The bookmakers received their with open arms. The track was again very fast. The club officials, who apparently do not realize that if it were not for the press there would be practically no racing, have shown their disregard for the sporting writers by ordering the telegraph companies not to send out results until 20 minutes after each race. Their action was inspired by the belief that poolrooms are being supplied with advance information, and despite the fact that both companies are prepared to wager substantially that they have not been guilty, the Hamilton Jockey Club refuse to back down.

In the opening event, Harry Giddings' Oakville pair, Hearts of Oak and Sarolta, were prohibitive favorites, being held out in most of the books, while the best obtainable price was 1 to 8. The entry ran to form, finishing one, two, in easy fashion. Hollybrook was in front for the first furlong, when Hearts of Oak went by him like an express train and came home like a champion. Sarolta took the place without any trouble.

Penobscot, the choice, won the second race in a stirring finish with Acton. The Wilson horse just got up in time by a nose on the wire. Mission was choked off, tried to come through on the far turn and never had a chance after that. Only two of the four starters in the Barton Steeplechase finished. Be Thankful and Ring Master raced for the first jump and both fell. The Welkin had the race to herself and though she almost unseated her rider, McAfee, at the stretch jump, had no difficulty in winning. Prince Hampton was outclassed. Ring Master was remounted, but refused at the sixth jump. Harvey Boyle, who rode Be Thankful, was given a nasty toss and was carried off the field unconscious. Summary:

First Race, Maple Leaf Purse, Canadian foaled, two-year-olds, five furlongs—Hearts of Oak, 116 (Small), 1 to 8, out, won; Sarolta, 108 (Ferguson), 1 to 8, out, second; Crystallawaga, 108 (Buxton), 20 to 1, 5 to 1, even, third. Time, 1:08 2-5. Sir Melvin and Hollybrook ran.

Second Race, three-year-olds, six furlongs—Penobscot, 104 (Butwell), 6 to 5, 2 to 5, out, won; Acton, 110 (Diggins), 7 to 2, even, 1 to 3, second; Mission, 107 (McTaggart), 2 to 1, 3 to 5, out, third. Time, 1:12 3-5. Duval, Piant, Sheriff Grueninger ran.

Third Race, Barton Steeplechase, four-year-olds and up, about 2 1/2 miles—The Welkin, 160 (McAfee), 1 to 3, out, won; Prince Hampton, 152 (Lynch), 5 to 1, 4 to 5, out, second. Time, 4:33 3-5. Only two finished; Be Thankful and Ring Master fell.

Fourth Race, three-year-olds and up, selling seven furlongs—Sal Volatile, 105 (Ambrose), 6 to 1, 5 to 2, 6 to 5, won; Shelby, 107 (Buxton), 3 to 1, 2 to 4, 4 to 5, second; Carrillon, 110 (Dunn), 10 to 1, 4 to 1, 2 to 1, third. Time, 1:26. The Rump, Turbine, Joe Galens, Patrick S., Simcoe, North Cut, Planutus, Tom Sayers, Little Minnie ran.

Fifth Race, for three-year-olds and up, handicap, 1 1/4 miles—Gay Fisher, 110 (Butwell), 3 to 1, even, 2 to 5, won; Cliff Edge, 105 (Buxton), 3 to 1, 4 to 5, 2 to 5, second; Olambala, 119 (Small), 8 to 5, 7 to 10, 1 to 3, third. Time, 1:45 4-5. Colonel Holloway, Mediator, Kormak, Chester Krun ran.

Sixth Race, two-year-olds, selling, 4 1/2 furlongs—Mary Scribe, 110 (Butwell), 9 to 5, 4 to 5, 2 to 5, won; Black Eyed Susan, 108 (Small), 7 to 2, 7 to 5, 3 to 5, second; Miccosukee, 108 (Buxton), 10 to 1, 4 to 1, 8 to 5, third. Time, 0:54. Barbara Worth, Monitota, Martha Allan, Lady Orison and Irish Dew ran.

Seventh Race, three-year-olds, selling, 1 1/4 miles on the turf—Dangerous March, 109 (Small), 4 to 1, 8 to 5, 7 to 10, won; Cliftonian, 108 (Loftus), 8 to 5, 7 to 10, 1 to 3, second; Scrimmage, 111 (Ambrose), 2 to 1, even, 1 to 5, third. Time, 1:54. Capt. Swanson, Outlaw, Noon and Startler ran.

MONTREAL LOST TWO GAMES YESTERDAY
Providence, R. I., June 19.—Providence won both ends of the double-header this afternoon, beating Montreal 2 to 1 in the first game and 8 to 3 in the second. Scores:

PANAMA CONDITIONS IMPROVED.
(New York Times.)

What modern scientific sanitation has accomplished in Panama is an old story now, but it will bear repeating, and should be, less to make people realize what has been done there than to teach the big lessons of the isthmian achievement, which is that the same thing can be done anywhere by the same means, only more easily and more cheaply.

The last detailed monthly report from Col. Gorgas is for March, and it is a most wonderful showing, considering what Panama used to be. In that month, of the 13,108 white employees of the canal commission and the Panama railroad, three died of diseases and two of violence—a death rate of 2.75, or of 4.58, according to whether one figures from three or five. Taking the 37,987 colored employees, the death rate for the whole force of 51,095 was 8.45 per 1000. Including everybody in the canal zone, 159,514 persons, the rate was 14.67, while among the white men, women and children there from the United States, numbering 11,923, the deaths in March were just four—two children under 15 days old, one man of 54 carried off by appendicitis, and another of 42 by an organic disease of the heart.

Not only has the yellow fever become an almost forgotten thing on the isthmus, but with it have been almost completely banished typhoid, diphtheria, malaria, measles, whooping cough, tuberculosis, small pox and several other contagious diseases. This near-miracle has been wrought at an expense of just about \$1000 a day, made effective by the exercise of military discipline. That, however, gives little or no more authority than is possessed by any board of health with a disposition to use it and backed up by an enlightened public sentiment.

TOWNS DISAPPEAR FROM KANSAS MAP.

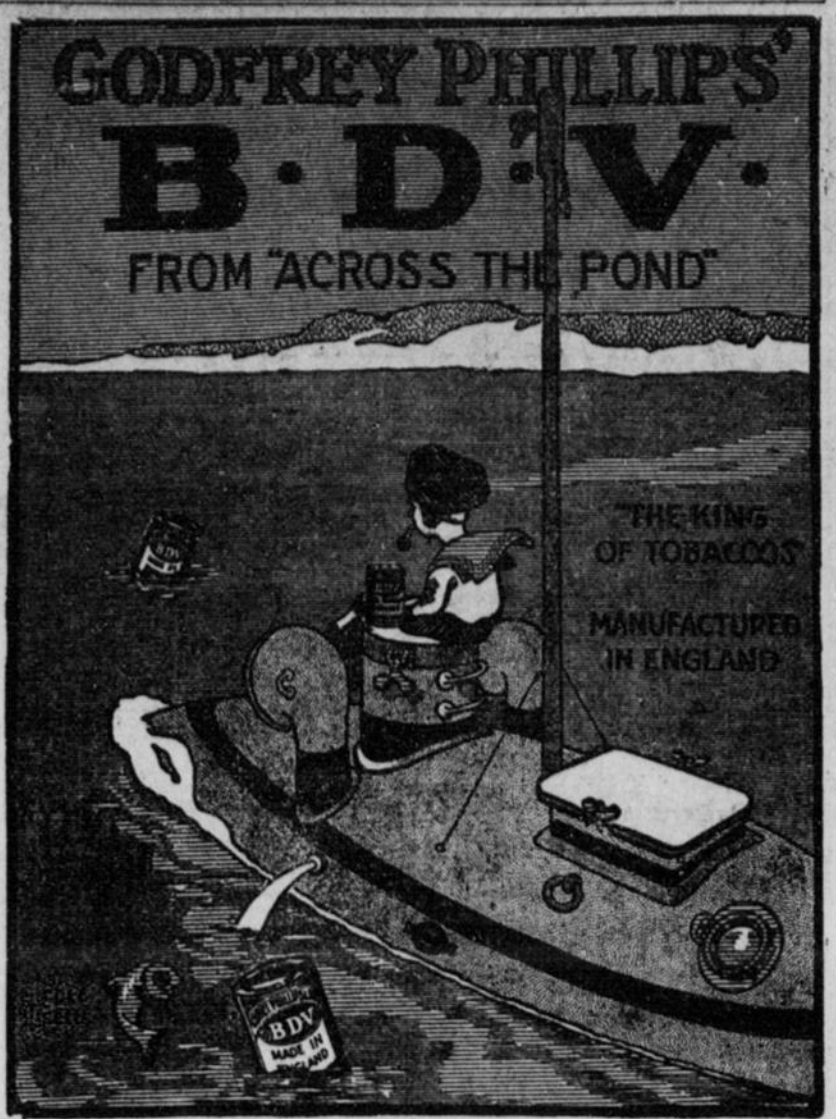

Reviving memories of days and events that Kansas would gladly forget, comes the report of the secretary of the Kansas Historical Society that no less than 2400 towns, which had existed at some time within the past 100 years, have completely vanished from the map of the State.

Of the 2400 last towns some undoubtedly were founded in good faith, but meeting with a sequence of misfortune were compelled to give up the struggle for existence. Tornados, drought, plagues of grasshoppers and similar forms of ill-luck have accounted for their disappearance. But the large majority of the lost towns never had the faintest prospect of permanency. Most of them were speculative towns, the quick crumbling monuments of the greed of land boomers, from whose operations Kansas in its day suffered more than most states.

The Kansas land boomer built towns overnight and then, also overnight, he left them to their fate. They were largely built upon paper, but had just enough actual existence to attract the unwary investor and the unfortunate settler, who generally arrived on the scene in time to witness the bursting of the bubble.

If the history of the lost towns is ever written it will probably be discovered that the greater number of them were founded in deceit and avarice and never had the slightest chance of becoming real. Kansas, as a State, has no reason to regret that they have gone, but a great many individuals, poorer in pocket-book, have the best of reasons for regretting that they ever came at all.—Cincinnati Times-Star.

TIT FOR TAT.
"The late John Arbuckle, 'Coffee King Arbuckle,' said a coffee broker, 'was very charitable, but he administered his charity with rare delicacy.' 'Coffee King Arbuckle' used to assert that the poor were as sensitive as the rich, and he would illustrate this assertion with an apt anecdote. 'One of his anecdotes was about a rich woman who, while calling on a poor woman in a slum, said: 'Does your husband drink?' 'No'm,' said the slum woman, quietly; does yours?'"

City Clerk's Office.

Quebec, June 1st, 1912.

At a meeting of the Municipal
 Council of the City of Quebec, held
 on the 31st day of May, one thousand
 nine hundred and twelve, it was
 Resolved: That clause 5th of the
 2106th-report of the Finance Commit-
 tee, authorizing the sale of the land
 upon which stood Jacques Cartier
 Market Hall, be struck off and re-
 placed by the following: "The purchaser
 shall have built on the said land either
 one, or two, or three buildings, of a
 total value of not less than one hun-
 dred and twenty-five thousand dollars
 (\$125,000) within two (2) years from
 the date of the signing of the con-
 tract"—and that said modification be
 published in all the newspapers which
 have been ordered to publish the ad-
 vertisement of the said land.
 Certified.

R.M.S. ROYAL GEORGE
ARRIVES HERE

R.M.S. Empress of Britain Due

Here Tomorrow Morning—

Montreal Floating Dock.

The C.N.R. R. M. S. Royal George,
 Capt. Harrison, from Bristol at 5 p.m.
 on Wednesday, 12th instant, arrived
 here at 1.15 p.m. yesterday, thus com-
 pleting a fast passage from port to
 port. She brought out 39 first, 253
 second and 697 third class passengers,
 the mails and a general cargo. After
 landing passengers and Quebec goods
 she left for Montreal at 4.30 p.m.
 Capt. Harrison reports fairly good
 weather up to the Banks of New-
 foundland, where fog was met with.
 Passed six moderate sized icebergs
 between long. 46 west and Cape Race.
 Had heavy rain, with thunder and
 lightning, off Cape Ray. Up the Gulf
 of St. Lawrence had strong south-
 westerly wind and cold weather.

Empress of Britain Due To-Morrow

Morning.

The C.P.R. Co.'s R.M.S. Empress
 of Britain, Captain Murray, from Liver-
 pool, on Friday afternoon, 14th in-
 stant, was reported 1,076 miles from
 Quebec at 8.50 p.m. on Tuesday, and
 is due here at nine o'clock to-morrow
 (Friday) morning. Should she arrive
 at that hour she will have completed
 a record trip so far this season. The
 Empress has 1,604 passengers, divided
 as under:—Saloon, 165; cabin, 447;
 third class, 992. She also has the
 mails and a general cargo.

ALLAN LINE.

Steamer Tunisian, Capt. Imrie,
 which left Liverpool on the 14th in-
 stant for this port, has 57 first, 344 sec-
 ond and 1,100 third class passengers
 and a general cargo.

MANCHESTER LINE.

Steamer Manchester Mariner, Capt.
 Linton, from Manchester, with a gen-
 eral cargo, passed Matane at 2.10 p.m.
 yesterday and is due here this morn-
 ing.

MONTREAL'S NEW

FLOATING DOCK.

The floating dock which has been
 ordered by the Dominion Government
 for Montreal port at a cost of
 \$5,500,000 will, it is thought, be towed
 out by vessels belonging to a Dutch
 firm, who are noted for long distance
 towing, and should arrive at Montreal
 about the end of July.

NEW GOVERNMENT STEAMER

The new Marine Department boat,
 the Dollard, which is to be built at
 Kingston, will, it is expected, be ready
 for launching at the end of the pres-
 ent month. When completed the Dollard
 will supplement the Shamrock in the
 performance of similar duties. The
 Dollard will be 170 feet long, 35 feet
 beam and of about 1,000 tons gross
 register. She will be very powerful
 for towing and, if necessary, for
 wrecking. Wireless apparatus, a sub-
 marine bell, gasoline tank and life-
 boats for all on board will be in-
 stalled.

FRENCH LINE.

Report of Captain Juham, of the
 steamer Niagara, from Havre, 8th
 instant, at this port: Had fine weather
 first two days of the passage. On
 Tuesday, 11th, had a gale from the
 southwest, vessel pitching. On
 Wednesday evening wind abated,
 and veered to the west. During the
 night there was a gale from the
 south, lasting until Thursday even-
 ing, when the wind fell, passing to
 the southwest and freshening. Dur-
 ing the night weather was hazy, and
 the seas phosphorescent. Had to go
 slowly as possible. Thick fog from
 Cape Flamand up to Cape Race. Saw
 numerous icebergs between lat. 48.02
 N. lon. 49.32 W. and lat. 47.46 N. lon.
 51.08 W., besides several in vicinity
 of Cape Race; from latter place to
 Quebec had rain, clear horizon and
 smooth sea.

ENCOUNTERED MUCH ICE.

Steamer Wilhelmina, Capt. Hugo,
 at Escoumains, P.Q., from London,
 reports: Encountered and was
 among ice for seven days, from
 May 29 to June 4. The first of the
 ice encountered was field ice, in lat.
 52.42, long. 53. This we skirted to-
 ward the southwestward for 64 miles
 before we reached its southeast end.
 The bergs were more numerous in
 the triangle between lat. 52.40, long.
 53.30, lat. 50, long. 51.20, and lat. 50
 25, long. 55. They were still very
 numerous farther south. We passed

12 icebergs in 2 hours between lat.
 49, long. 51.30 and lat. 48.31, long.
 51.58. We sighted 6 from midnight
 to 4 a.m. in the latitude of Cape Race.
 At times the ship was surrounded by
 bergs and floes to such an extent that
 it was difficult in the daytime for us
 to make way through them. At night
 we stopped and drifted. We had no
 sights for five days on account of
 fog, so that no accurate positions
 could be determined, but the ones
 mentioned in the above triangle are
 as near as we could get with our
 reckoning."

FREIGHTS AND CHARTERS.

New York, June 19.—The demand
 for tonnage of all kinds, both steam
 and sail, was limited in all trades, but
 as the supply of tonnage available for
 each delivery was limited rates were
 quotably steady in all trades. Quo-
 tations to Liverpool, 24; London, 3d,
 nominal; Glasgow, 2 1-2d; Rotterdam,
 7c; Hamburg and Bremen, 60 pien-
 nigs; Hull, 3 1-2d; Bristol and Ant-
 werp, 3 1-2d, July; Cork for orders,
 3s 9d; picked ports, large tonnage, 2s
 9d; cotton to Liverpool, per 100 lbs.
 25c a ton.

Charter.—Steamer, 1,579 tons, steel
 products, Philadelphia and New York
 to San Francisco and Seattle, private
 terms, prompt; British steamer, 100-
 000 cases petroleum, hence to west
 coast Italy, private terms, September-
 October; British steamer, 1,937 tons,
 general cargo, Baltimore to Glasgow,
 private terms, June; British steamer,
 1,297 tons, transatlantic trade, trip
 across on time basis, at or about £1-
 200, June; British steamer, 2,214 tons,
 timber, Gulf to the United Kingdom
 or Continent, private terms, July;
 British steamer, 2,470 tons, coal, Phi-
 ladelphia to Havana, private terms,
 prompt; schooner, 445 tons, lumber,
 Jacksonville to New York, \$6.25;
 schooner, 284 tons, kiln dried boards,
 Charleston to New Bedford, \$4.87 1-2;
 schooner, 587 tons, coal, Philadelphia
 to Charleston, \$1.

NOTES.

Steamer Rock Ferry, laden with
 pulpwood, left for the upper lakes last
 evening.

Steamers Chr. Kuntzen and Batisca,
 from Montreal for Sydney; Querida,
 from Oswego for Anticosti, passed
 here yesterday.

Tug Parthia arrived from Garden
 Island yesterday with a raft for the
 Calvin Co in tow.

PORT OF QUEBEC.

MEDICAL UNITS AT FARNHAM CAMP

Under the Command of Major
Le Bel Excellent Work Has
Been Done.

In connection with the annual training of the various militia units for this year, the large cavalry camp at Farnham is now in full swing and reports from there indicate that the training has been a most successful one. In addition to the cavalry regiments that are on the field, this year a number of medical units have been called out for the purpose of practical training in the field and demonstrations of working with a cavalry force. Among the latter is No. VII Cavalry Field Ambulance of this city, under the command of Major E. A. LeBel, and the excellent work which has been done this year by this unit has called forth well merited praise from the various inspecting officers. Himself an old soldier, Major LeBel, with his experience, although handicapped by the lack of officers, has brought his unit up to a high degree of proficiency and has reflected credit not only upon himself, but also Quebec. This year he introduced several schemes along the line of the comfortable removal of the wounded from the field of battle and the improvising of shelters for their protection while awaiting removal to the rear. These all are of such a valuable nature that no doubt they will be adopted by the Militia Department. While the weather for the majority of the time has been miserable there has been no cases of sickness of a serious nature. Staff-Sergeant Belch, P.A.M.C. of the Military Hospital, St. Louis street, is attached to No. VII. C. F. A. as instructor.

TRIED TO GET JOB BY FRAUD.

Winnipeg, June 19.—W. F. Joly, defective in sight and hearing, wanted to secure a job as a Canadian Pacific Railway switchman and got John P. Heffernan to impersonate him before the medical board. Both were fined \$25 and costs in the Police Court today.

FOUND STARVED TO DEATH IN ROOM.

Winnipeg, June 19.—Charles Cockburn, aged seventy, a former employee of the city street cleaning department, was found starved to death locked in his room in the Wells block, Pacific Avenue, to-day. He was last seen alive Saturday and neighbors had no idea that he was destitute.

YOUNG BOY

DROWNED AT SHERBROOKE

Sherbrooke, Que., June 19.—A sad drowning accident occurred above the Paton mill dam today by which a young lad named Newman lost his life. Together with his older brother he was playing in a rowboat when it tipped over. The younger boy, who was about 8 years of age, was unable to reach shore and when finally help had arrived he had already sank. His body was recovered. The older boy was saved.

NEGOTIATIONS FOR NE WCHINESE LOAN.

Paris, June 19.—Russia, which is the only power still to be heard from in connection with the ratification of the Chinese loan of \$300,000,000, which was virtually agreed to here yesterday by the delegates of the groups of bankers representing the six powers, the United States, Great Britain, France, Germany, Russia and Japan, has not yet announced her adherence to the terms. Her answer was to have arrived here at noon today and the delay is causing considerable disquietude among the international banking group which was already congratulating itself upon the success of the negotiations. The attitude of the United States throughout has been insistence on the maintenance of the policy inaugurated by the late John Hay of the open door and the endeavor to preserve the complete integrity of China. The negotiations have been difficult because both Russia and Japan sought recognition of their special political interests. Russia in particular insisted that the loan should in no way endanger her rights in Manchuria, Mongolia and western China.

AMERICAN SETTLERS FOR NORTHERN ONTARIO.

Toronto, June 18.—After an agreement with the Provincial Government, Mr. Willis K. Jackson, a wealthy lumber merchant of Buffalo, and his associates are to pay \$98,464 for as many acres of land in the townships of Haggart and Kennedy, in Northern Ontario, and will forthwith clear the land, establish saw mills and bring settlers into the district. It is also provided under the agreement that at the discretion of the Minister of Lands, Forests and Mines improved farms will be prepared, which are to be sold at a price to be named by him.

SPANISH STEAMER HAS BEEN WRECKED

Fort de France, Martinique, June 18.—The French steamer Ville de Cayenne, a vessel of 316 tons, has been wrecked at St. Lucia, B.W.I. Details are lacking, but it is known that some of the crew and passengers were saved.

PRIVATE OPERATED UPON AT NIAGARA CAMP

Niagara-on-the-Lake, Ont., June 18.—An operation for acute appendicitis was performed at the Niagara camp upon Private Leonard Matthews of the 97th Regiment. It is expected that he will recover. The operation was performed in the open air, conditions being favorable. It was found that the operation was just in time to save the man's life.

GRAIN CONGESTION AT MONTREAL

Similar Conditions Likely to
Again Prevail as Those of
Last Year.

Montreal, June 19.—Present indications are that the same conditions will prevail in the Montreal harbor as regards the grain congestion of last year. Although it is as yet very early in the season, the report comes from one of Montreal's largest transportation houses, that the grain elevators are loaded up with grain, and prospects are none too bright. It was supposed that the new facilities would overcome all the difficulties. It now seems, however, that this new elevator will not be in a position to handle grain until well on in the season.

The Montreal Transportation Company, which does an immense business in the handling of grain, at the present time, have eleven boats carrying half a million bushels of grain waiting to be relieved.

The elevators at Kingston are becoming overloaded as a result of the insufficient facilities at Montreal's port, as the boats are unable to keep up to their schedule owing to being delayed here.

CAMPS FOR THE CADET CORPS

Interesting Memo Has Been Is-
sued by Military Department
in Regard to Training.

A memo, regarding the Cadet Corps Camp to be held next month has just been issued.

The object of the camp is to improve the physical, mental and moral development of the boys attending, to stimulate the boys' ambition to be in a position to defend their country, homes and relations, and to afford an enjoyable, interesting and beneficial holiday.

The efficiency of a cadet corps is judged by the individual character and high standard of morale displayed by each cadet, in the ready and careful way in which he obeys orders and the manner in which the corps as a whole carries out its duties in the field, rather than by its proficiency in mechanical drill movements.

The chief object of the cadet service of Canada and the cadet camps is realized when cadet instructors have educated their cadets to the self-discipline and control, devotion to duty and cheerful and intelligent obedience to orders.

Cadet instructors are responsible for the training and administration of their cadet company in camp. Training must throughout be varied and made as interesting as possible.

The training is divided into three parts, viz.:
(A) Field Training—Skill with arms and movements in formed bodies.

(B) Field Training—Scouting and reconnaissance, skirmishing, field service work (including outposts, advanced, flank and rear guard attack, defence, fire discipline and use of ground).

(C) Recreation Training—Physical training, games, scouting contests athletics.

Bathing and swimming should be encouraged, the boys who cannot swim being given swimming lessons. Upwards of 700 boys are now enrolled from this province. A central camp will be held at Three Rivers, where every detail is being attended to to ensure the success of the outing.

The camp may be attended by cadets and schoolboys between the ages of 12 and 18 years, who should be accompanied by a teacher.

The teachers attending will be given free transportation and rations, camp equipment, etc.

A staff of skilled cooks has been secured and altogether a very enjoyable outing is in store for those attending.

DINNER OF HIGH SCHOOL OLD BOYS

On account of the large number of requests for dinner tickets which the committee of the High School Reunion have received from outsiders, it has been decided to admit all those interested in the school to the Old Boys' Association dinner, which will be held at the Chateau Frontenac on Monday next, the 24th of June. The committee therefore, will welcome all friends of the school at the function, whether past pupils or not, and would request them to procure their tickets as soon as possible, and in no event later than Saturday, the 22nd inst.

Those Old Boys who have not yet secured their tickets for the dinner are advised to do so as soon as possible, as the sale has been much larger than anticipated, and the list must be closed shortly, in order that final arrangements may be made.

Tickets may be had from members of the committee, at M. F. S. Stocking's office, 32 St. Louis street, or at the Chronicle office.

SCOTCHMAN MADE RIFLE SHOOTING WORLD'S RECORD

London, June 19.—What is claimed to be the world's record in rifle shooting was made yesterday at Ayrshire, Scotland, by Sergeant Martin, who, firing at 900, 1,000 and 1,100 yards, made an aggregate of 222 out of a possible 225 points.

At 1,000 yards Martin scored fifteen bull's-eyes in succession.

If You Like Oranges, You Will Like

DALTON'S CONCENTRATED ORANGEADE

It's a pure fruit product—with the delicious taste of juicy, luscious oranges. No trouble to make. Just add water—and you have the perfect hot weather beverage. Cooling—refreshing—wholesome. Keep a bottle always in the house.

A 25c. bottle makes 36 glasses.
A 10c. bottle makes 12 glasses. 104

Dalton's Concentrated Lemonade is another ideal summer drink. 10c. and 25c. bottles, too. Grocers and Druggists have Dalton's Concentrated Lemonade and Orangeade.

"Look out for Imitators, insist on DALTON'S."

PUBLIC NOTICE

PUBLIC NOTICE is hereby given that, under the Quebec Companies' Act, letters patent have been issued by the Lieutenant-Governor of the Province of Quebec, bearing date the twenty-second day of April, 1912, in favor of Messrs. Francois Xavier St. Hilaire and J. Sylvio Proulx, merchants, Joseph N. Antill and Francois Pelletier, traders, Albert Yeo, agent, of the city of Fraserville, for the following purposes:

To acquire and maintain a club house for the purposes of recreation and amusement as well as to lodge its members;

To acquire, receive, lease and hold the moveable and immovable property that may be necessary from time to time for its purposes;

To draw, make, endorse and accept bills of exchange and notes;

To adopt such by-laws, rules and regulations, as are not incompatible with the laws of the province, that the administration of its affairs, will necessitate and change and repeal same from time to time, under the name of "Club Alexandra, Limitee," with a capital of three thousand dollars (\$3,000.00), divided into six hundred (600) shares of five dollars (\$5.00) each.

The chief place of business of the corporation, will be in the city of Fraserville.

Dated from the office of the Secretary of the province, this twenty-second day of April, 1912.

C. J. SIMARD,

Deputy Provincial Secretary.

Commercial News**NEW YORK STOCK MARKET.**

McDonald & Lescapere, stock brokers, private wire to New York and Montreal, Hochelaga Bank Building. Telephone 1227.
(Canadian Press Service.)
New York, June 19.—The stock market opened to-day with some show of activity and strength, but these promises were not fulfilled, although the undertone remained moderately strong. Dealings in the first hour were fairly large, but they petered out to minor proportions in the succeeding hours, with a small total of net gains.

Coal shares, which were under considerable pressure yesterday, supplied the bulk of the early business at higher prices. Wall street evidently chose to ignore the possible effects of the proposed investigation into those properties by the Interstate Commerce Commission, and buying of Reading and Lehigh Valley soon wiped out recent recessions. Later both reacted from their best prices, the upward movement switching to New York Central which more than recovered its dividend, and Chesapeake & Ohio, which rose as a result of the recent dividend on Hocking Valley.

In the early afternoon the market became extremely dull, with spasmodic movements in some of the obscure issues and Amalgamated Copper, the latter being assisted by rumors of another advance in the price of copper metal, the second in two days. Another helpful factor in the copper stocks was the strength of those securities abroad. In the final hour, when trading became a trifle more animated, Interboro-Metropolitan preferred was advanced on announcement that the Interboro Rapid Transit Company had declared an extra dividend of 5 per cent, part of which accrues to the benefit of the first named security. The tone of the market at the close ranged from steady to irregular.

Among the low-priced securities Washab common and preferred were prominent for their acute weakness, the one selling at the lowest price in its history and the other touching the lowest quotation in some years. Denver & Rio Grande preferred also reflected moderate liquidation. The reorganization plan of the Washab road is likely to be issued shortly, and it is a foregone conclusion that both classes of stock will be heavily assessed.

In the way of general news the proceedings of the convention at Chicago overshadowed all else, but they seemed to exercise no special influence marketwise. The general rush to sell wheat and other foodstuffs in the Chicago market was another factor of passing influence. European markets, particularly in

London, had many characteristics in common with our own. The movement in London was altogether aimless, aside from the failure of another underwriting offering—the Canadian Northern Railway bonds. Settlement in connection with American Marconi shares precipitated another failure abroad. The Bank of England received over \$1,000,000 gold, but shipped almost double that amount to Berlin, where financial pressure shows but slight relaxation.

Time money was a bit firmer here, some of the larger institutions placing 90-day loans at 3 1/2 per cent compared with bids of 3 per cent the day before. There was some lending of 60-day money at 3 per cent, with no demand for shorter periods. July interest and dividend disbursements are estimated at \$256,810,564 as compared with \$224,559,243 in the middle of last year. A considerable part of the increase is due to the larger financial undertakings of the City of New York.

CLOSING LETTER.

Received by private wire to Neuville Belieu & Co., 93 St. Peter St., Quebec. *Phones 946-4076.

New York, June 19.—Dullness, with small changes in quotations, yet with underlying firmness, characterized the opening this morning.

Wabashes were still lower, the common selling at 3 1/2, off 1 1/2 points, the preferred 1 3/4, off 2 1/4 points.

Heavy assessment is talked and expected on the Wabash shares.

The American Smelting and Refining Company operatives have gone back to work and it is said, the loss of copper output will not exceed four millions, due to the strike.

Southern Railway earnings increased \$38,347 for second week in June and \$2,857,852 from July 1 to date, in gross.

American Can common is again being accumulated by a pool, it is reported, and they will start a long campaign to make the stock materially higher and make it active, meanwhile.

Car manufacturers are very busy and the Canadian Pacific Railway is having trouble to get its order for \$19,000,000 equipments placed.

The break in Denver & Rio Grande issues was sympathetic with the weakness in the Wabashes.

Reading declared only the regular dividend of 6 per cent rate.

Copper metal works steadily higher, being quoted at 17 1/2 to 17 3/4 cents.

Rubber advanced on the result of the vote yesterday, authorizing the stock issue.

Estimate of winter wheat yield give the trans-Mississippi district 60,000,000 bushels more than last year and the Central States 109,000,000 bushels less. This should work to advantage of Atchison, Rock Island, Southern Pacific and Union Pacific particularly.

Buying Bonds on the Instalment Plan

You may become a bondholder under our Periodical Payment Plan in precisely the same manner that you become a savings bank depositor—by putting aside money as you can spare it.
Under this plan you may purchase from us the Bond or Bonds that most strongly appeal to you as an investment suited to your purposes, by making a small initial payment and paying the remainder in monthly instalments to suit your income.

In this manner you become a bondholder at once without having to save the face value of the Bonds you want to purchase—and you receive the interest on the Bonds while paying for them.
We should be glad to submit a list of leading Canadian investment securities which yield from 4 1/2 to 6 1/2 per cent, which may be purchased on this Periodical Payment Plan.

CLOSING EXERCISES ST. GEORGE'S SCHOOL

Annual Event Last Evening
Was as Usual a Most Inter-
esting One.

The closing exercises of St. George's School, which took place last evening, were as usual of the most interesting character. There was a large attendance of the pupils and their relatives and friends and the programme rendered was most enjoyable.

The St. George's School still continues to make most excellent progress and under Miss Emma M. Moffat and Miss Ellis, the zealous teachers, stands very high.

Last evening addresses were made by Mr. E. H. Walling, Very Revd. Dean Williams, Dr. Harper, Revd. Dr. Amaron and Revd. I. M. Thompson. The programme rendered was as follows:

Hymn—Come to the Saviour.

The School Opening Speech—Leslie Kennedy

Fan Drills—Lower Forms

Recitation—"Tom's Nightmare"—Madge Taylor

Piano Solo—"Narcissus"—Estelle Amaron

Recitation—"Pegging Away"—Olive Sissons

"Class in Mental Arithmetic"—Estelle Amaron, Clarence Perry

Song—"Peace of Mind"—Girls

Recitation—"Execution of Montrose"—Five Boys

Recitation—"My Speech"—Alexandra Bailey

Duet—"La Czarine"—Estelle Amaron, Victoria Walling

Recitation—"Ma Mere et Mon Pere"—Gwenyth Amaron

Recitation—"Empire First"—Seven Boys

Action Song—"Fire Brigade"—Ten Pupils

A School Story—"Patriotism"—Clorinde Robeck, Josephine Elchert, Katie Farrer, Annie Young, Rita Muir, Madge Taylor, Estelle Amaron, Alfretha Hyde, and four Second Division girls.

Song—"Good Night"—School

"God Save the King."

The report of Miss Moffat was as follows:

To the Chairman and Members of the School Board, Montcalmville, Que. Gentlemen:

I have the honor to submit the following report of St. George's School for the scholastic year 1911-1912:

The school opened Sept. 3rd, 1911, with an attendance of 25 boys and 29 girls—54. Total number now enrolled, 74. Average daily attendance, 48. The Inspector, Mr. O. F. McCutcheon, visited the school 7th February and 20th May. The following is his report as given in the school register:

"Visited and inspected this school on above dates. Examinations written and oral were conducted and the

MAGIC BAKING POWDER

results were very satisfactory in both departments of the school. The pupils appear to have been diligent in their studies and to be making good progress throughout. Since last visited we find that the school has been provided with a new upright piano which will be of great service in making the school bright, attractive and cheerful. Some hymns and patriotic songs were rendered during my visit in a most delightful and enthusiastic manner. We trust that the school may continue to preserve its good name and to do noble work for the education of the pupils.

"Signed O. F. McCutcheon, I. P. S."

I have to acknowledge a debt of gratitude to parents, as well as to the Board itself, for kind co-operation in my efforts to further the interests of the school.

Yours truly,
Signed, Emma M. Moffat.

PROMOTION LIST.

The following pupils have successfully completed the work in their respective grades and are hereby promoted to more advanced work:

Grade 4, Elementary—1st, Estelle Amaron; 2nd, Dorothy Watson.

Grade 3, Elementary—1st, Alfretha Hyde; 2nd, Madge Taylor; 3rd, Gertrude Pounds; 4th, Gordon Muir.

Grade 1, Elementary—1st, Bessie Brehaut; 2nd, Gwendoline Mulholland; 3rd, Winifred Jennings; 4th, Alexandra Bailey; 5th, Isabelle Dufour; 6th, Rita Shaw.

2nd Primer—1st, Vivian Gore; 2nd, Paul Doddridge; 3rd, Hazel Mulholland; 4th, Athol Gore; 5th, Gertrude O'Neill.

PRIZE LIST, 1912.

Grade 4, Elementary—Estelle Amaron, 1st promotion; Dorothy Watson, 2nd promotion.

Grade 3, Elementary—Alfretha Hyde, 1st promotion; Madge Taylor, 2nd promotion.

Grade 2, Elementary—Norman Kennedy, 1st promotion; Olive Sissons, 2nd promotion; Francis Glass, 3rd promotion; Doreen Perry, 4th promotion; Olive Morton, 5th promotion.

Grade 1, Elementary—Bessie Brehaut, 1st promotion; Gwendoline Mulholland, 2nd promotion; Winifred Jennings, 3rd promotion; Alexandra Bailey, spelling; Isabelle Dufour, general progress; Rita Shaw, prize for drawing.

2nd Primer—Gwenyth Amaron, 1st promotion; Dorothy Watson, 2nd promotion; Gertrude Martin, 3rd promotion; Gwenyth Sissons, 4th promotion; Gladys Jacques, 5th promotion; Walter O'Regan, general progress; Eileen Sissons, general progress; Laura Simpson, progress; Leslie Kennedy, Scripture; Fred Slater, general improvement; Evelyn Fellows, improvement; Clinton Bailey, progress; Nelda Bailey, improvement; Ralph Steel, punctuality.

After the distribution of prizes the school closed until the 3rd of September next, the scholars giving three hearty cheers for their teachers before dispersing.

BOUNTIES PAID UPON WIRE.

Ottawa, June 19—Bounties paid upon wire during the fiscal year 1911-12 amounted to \$166,750, which at \$6 per ton means that the industry received the bounty on 27,792 tons. As the bounties expired on June 20, 1911, these figures represent only a three months' period. Producers of crude petroleum received bounties to the sum of \$141,935. At the rate of 1.1-2c per gallon this accounts for a production of 9,462,388 gallons of petroleum. In the previous year the production was 10,706,418. In 1908 the production was 26,081,139, so that there has been a steady falling off. During the year \$178,288 in bounties was paid on 27,823,221 pounds of lead produced in Canada. The bounties paid on Manila fibre totalled \$50,550, a small increase as compared with the previous year.

NORTH ATLANTIC WEATHER SERVICE.

London, June 19—The plan of Prof. Willis L. Moore, chief of the United States Weather Bureau, for the establishment of an international North Atlantic weather service, has been agreed to by the committee of the Radio Telegraph Congress, to which it was referred. This insures its adoption by the congress.

According to the plan as outlined by Prof. Moore a meridian line would be established through the North Atlantic. All ships on either side of the line must take a daily weather observation, which will be sent by wireless telegraphy to other vessels, and this relayed to the American or European land stations. From these reports weather charts will be constructed and forwarded to the shipping at sea.

EVELYN NESBITT THAW REPEATS

Tells Again the Terrible Story
Which Led up to the Murder
of Stanford White.

White Plains, N. Y., June 19.—Evelyn Thaw, as witness for the state in its efforts to keep her husband, Harry K. Thaw, in the asylum for the insane at Matteawan, repeated in a crowded court room here this afternoon her story of the series of sensations which culminated in Thaw's murder of Stanford White. Her testimony covered her relations with Thaw from the time, ten years ago, when he first sought acquaintance with her as a chorus girl, his proposal of marriage in Paris three years later, his rage when she told of an earlier attack upon her by White, the Thaw marriage, his constant reversion to her relations with White, and the shooting of White on the Madison Square Garden roof. She had not touched upon the later mental condition of her husband when the hearing was adjourned until to-morrow.

Many men and women, a majority in motoring togs, filled the court room to overflowing to see and hear the witness. She looked her husband squarely in the face as she took the stand but no sign of recognition passed between the two. Thaw kept his eyes on her throughout the testimony, but displayed no emotion. The witness was composed throughout and testified in a clear loud voice.

Her story was a mere outline, only the features which W. T. Jerome, for the state, wished to bring to the front to show Thaw's mental condition being dwelt upon. She insisted that Thaw had had delusions that the "Monk" Eastman gang was after him and that he was in a state of almost continual rage over her story of Stanford White's early attack upon her. She told of reports that her husband had whipped girls and had told her she also needed a spanking. She identified several hypodermic needles as those used by Thaw.

It is believed that she will be called to testify to-morrow as to what she knows of Thaw's more recent acts.

PERSONAL

Mr. Herbert M. Price left yesterday for New York.

Mrs. J. F. Rice of Thetford Mines is at the Blanchard.

Mr. and Mrs. Jay Barnes of Montreal are guests at the Chateau.

Mr. A. Boily of Thetford Mines is a guest at the King Edward Hotel.

Mme. Alphonse Roy of La Tuque is registered at the King Edward Hotel.

Boivin, St. Odilon; Mr. and Mrs. J. Ouellet, St. Charles; L. Michaud, J. Poirer, La Tuque; E. Dussault, St. Titre; R. Charette, Chicoutimi; Miss N. Chalfour, Jonquiere.

MANY CANADIAN CRIMINALS LEAVE MARK.

Ottawa, June 19—No less than 7,155 Canadian criminals have their finger prints and photographs filed away at the office of the Criminal Identification Bureau here for ready reference when need may arise. The bureau was opened a year and a half ago with Inspector Foster in charge. At that time the finger prints and photographs of all offenders then in the penitentiaries were taken, and sent into the bureau, and since then the identification marks of new offenders have come in regularly. The bureau has already proved of considerable value in a number of cases in which it has established the identities and records of different offenders.

NO SIGN OF AMERICAN CASTAWAYS.

Punta Arenas, Chile, June 19—The Chilean warship which the government sent to search for an American party of castaways has returned here and reports the search fruitless.

The sending of the warship was in response to a note found in a bottle on the beach saying that an American steamer had been wrecked off Cape Horn and that seven Americans had landed on a small island with provisions for one month.
