HULL RIOTS MAR CLOSE OF WEEK OF FESTIVITIES

Force of London Police, Who Yesterday Lined King's Route, Go to Scene of Trouble.

SHIPPING FEDERATION WILL FIGHT TO THE END

Will Lay Up Half of Total Tonage—Seriousness of the Situation Increasing.

By Special Cable from Our Own Correspondent.

London, June 30.—This morning's hurried departure of London police to the great northern seaport of Hull, gives a nasty jar to the feelings of patriotic Englishmen at the close of one of the most wondrous week's in their history.

Between five and six hundred of the men who were yesterday guarding the route of the King's third triumphant progress and who were to-day intended to help in looking after the hundred thousand London school children assembled at the Crystal Palace to greet the King and Queen, left King's Cross at two o'clock this morning on a grim errand to suppress dangerous riots among the striking seamen.

Shipowners are willing to give an increase of half a crown per week, making the wage 32 shillings and sixpence; but the men demand more.

Serious Riots in Hull.

To-day's reports speak of bottles, bolts, paving stones, and sticks being hurled at the police; the street lamps were smashed, but eventually mounted police were called out. These charged down the side streets, clearing out the strikers, who in some instances were arming themselves with sticks and stones.

It would give the last touch of irony to the Kingly celebrations, if the King's guests and visiting military escorts were unable to get ships to take them home. There have been moments when it looked as though the Canadian Pacific and Allan Line steamers, upon which Sir Wilfrid Laurier, Sir Frederick Borden, and many distinguished Canadians and the Coronation contingent sail to-morrow, would be hung up owing to the strike. This may happen even now, for, although the Allans last night followed the lead of the Canadian Pacific and Cunard lines in agreeing to the Trade Union rates and rules, there is no knowing when fresh demands may be made by the men, who are in an ugly mood and very imperfectly under the control of their leaders.

Huge quantities of cheese, bacon, lard, and other Canadian and American produce are lying in boxes on the quayside at Liverpool.

In the north, dock carters are being prevented from handling them by the men on strike, and produce merchants view the situation with considerable disquiet.

Glasgow Shipping Clerks Join.

Special to The Montreal Star.

Glasgow, June 30.—A number of clerks in the shipping offices have joined the strike. With the exception of the Allan and Anchor lines, all shipping is tied up. Ship-owners are trying to get Chinese sailors from German ports to man their craft, and if they put in an appearance rioting is certain.

Trouble Feared at Dublin.

Dublin, June 30—The situation growing out of the strike of dock laborers and seamen continues serious. Because of attacks on the strike-breakers by members of the Union and their sympathizers, the police guards along the docks have been greatly increased.

ROYAL VISIT TO IRELAND BEGINS ON FRIDAY NEXT

Much Speculation Regarding the Reception of King and Queen on Irish Soil.

JOHN REDMOND IN FAVOR NATONAL PARTICIPATION

Says Home Rule Cause Would Be Benefitted if Party Takes Official Part.

By Special Cable From Our Own Correspondent.

London, June 30.—There is much speculation regarding the Royal visit to Ireland, which begins next Friday. Disclosures in to-day's Irish Independent show that John Redmond is earnestly wishing that the Nationalists would take this opportunity of publicly wiping out Irish scores against England. Addressing a meeting of Irish Nationalists, called to discuss the non-attendance of the party at the Coronation in the Abbey, Mr. Redmond, in an impressive speech, said that in his opinion and in the opinion of others well qualified to judge, and whom he had consulted it would be of untold benefit to the cause of Home Rule in the English constituencies and in the House of Comons, if Irish members took an official part in the Coronation ceremonies.

John Dillon, however, declared that any advantage which might accrue to the Home Rule cause in England, by the party attending the Coronation, would be more than counterbalanced by the unpopularity of such a step amongst the great numbers of its supporters in Ireland. The strong bond between the Irish people and the Irish party was aloofness, which latter was always displayed in regard to English State ceremonies.

Messrs. W. H. Redmond and W. A. Redmond were opposed to the party taking any notice of the ceremony, while several other members backed up the chairman's views. A counting of hands showed 33 members in favor of attending the Coronation and 29 against.

Mr. T. P. O'Connor urged the issuing of a manifesto explaining the abstention from the Coronation and ultimately this was done.

"HEALS WHILE YOU SHAVE"

An Elevator in your garage will cut your rent bill in half

A GARAGE depends for its existence upon a convenient location. Central sites mean high rentals, restricted area, and reduced profits. The solution of this lies in a *two-story* garage, which will give the *same* amount of floor space at a cost exactly *one-half* or less. But to be successfully operated, a two-story garage requires the installation of a modern freight elevator. If the garage is equipped with

OTIS FENSOM FREIGHT ELEVATORS

the initial expenditure will soon pay for itself in cheaper rentals, increased floor space, improved facilities for displaying and demonstrating cars, and in the more inviting appearance of the place and its surroundings.

Prospective purchasers—and this is particularly true of the class who buy automobiles—are attracted by a neat, clean and orderly looking garage. It bespeaks the owner's pride in his business and the practice of progressive methods. Then, too, when your customer admires a car you have stored on the upstairs floor, your elevator must be ready to lower it to the bright light of the showroom, or so you can take it out on the street to demonstrate its running qualities. A delay may lose you the sale.

The thoroughly substantial and workmanlike manner in which the Otis-Fensom Elevator is built is a guaranty of its reliable efficiency. Both the car and its running gear are built on modern and scientific lines that assure you of its always being in commission ready for instant service. The simplicity of its operation, ease of control and smooth running qualities simplify the work of the garage and reduce the business of showroom and repair department to a time-saving and labor-saving and systematic basis.

We have prepared an interesting illustrated booklet on "Freight Elevators and Their Uses." Your copy will be mailed promptly on receipt of your name and address.

Please send me your book.

ARCHBISHOP OF TORONTO SUCCUMBS TO LONG ILLNESS

Most Rev. Mgr. O'Connor Passes Away at Age of Seventy Years.

Toronto, June 30. — Archbishop O'Connor died this morning, shortly after 5 o'clock at St. Basil's Novitiate. He had been ill for the past three years from Bright's disease, and his end was expected at any time.

Archbishop O'Connor came to Toronto from London when Archbishop Walsh died, and he was Archbishop until the late Archbischop McEvay was appointed.

The Most Rev. Dennis O'Connor was born of Irish parentage in the township of Pickering, Ont., on March 28, 1841. He was educated at St. Michael's College, Toronto, and afterwards studied in France for two years and was ordained to the priesthood in 1863.

On his return to Canada he was made a professor in his Alma Mater, but soon relinquished this position to become Superior of the College of L'Assomption, Sandwich. In 1888 he was created a D.D. by the Pope, and was appointed third Bishop of London, in succession to the late Archbishop Walsh in 1890.

He was elevated to the Archiepiscopate of Toronto in 1899, and retired in 1908 owing to failing health.

He was succeeded by the late Archbishop McEvay, since whose death he, despite his illness, administered the sacrament of confirmation in St Michael's Cathedral and St. Anne's

The late prelate was noted as a rigid disciplinarian. He steadfastly refused to allow the Knights of Columbus to establish a Council here, although its members include Bishops and princes in other parts of the world. He only recognized two societies, the church and the family.

He was opposed to the erection of large churches. Small churches, well filled, and plenty of them, was his policy.

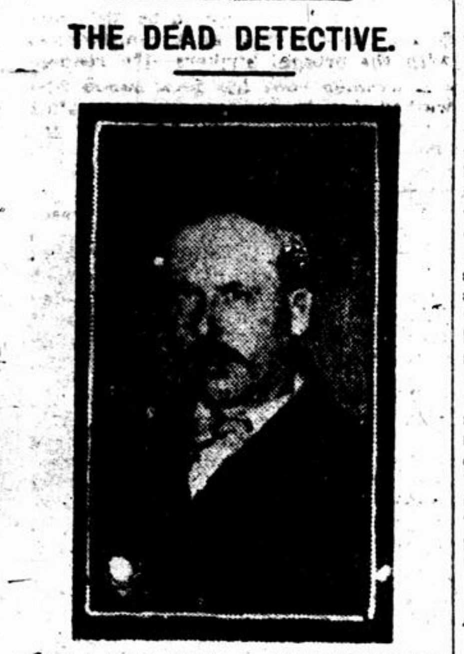
The funeral of the late Archbishop O'Connor takes place on Tuesday morning. The details are not yet arranged.

CAPTAIN MACOUN IS IMPROVING.

Canadian Associated Press.

London, June 30.—It is announce that the condition of Captain Macoun, of the Canadian Coronation Contingent, is steadily improving.

THE DEAD DETECTIVE.



THE LATE DAN B. McLAUGHLIN.

DETECTIVE DAN McLAUGHLIN DEAD.

Was One of the Oldest, Best Known and Most Sought of City Officers.

Daniel B. McLaughlin, one of the oldest members of the city detective force, died at his residence, 436 Delorimier ave, at midnight, from cancer of the stomach. He was known as "Dan No. 2," as there is another detective of the same name called "Dan No. 1."

Detective McLaughlin was, besides the oldest one of the best known police officers in the city. He entered the force as a constable at No. 2 station, on September 28, 1884, and was connected with that station, until January, 1897, when he was transferred to the detective department on special duty, a few weeks after Chief Carpenter took charge, and has been regularly engaged there since that time.

The deceased has been the partner of Detective Pierre Richard for the past 19 years.

He is survived by a wife, two sons and two daughters.

RICHMOND HILL, Ont.—Jane, wife of Matthew McNair, is dead, in her 77th year.

BARRIE, Ont.—Margaret Willmott, wife of Robert A. Stephens, is dead.

Whimby-Sincennes.

The marriage of Miss Irene Sincennes and Mr. Colin Whimby, was solemnized yesterday in the private chapel of St. Patrick's Church. Father Elliot performing the ceremony, and celebrated the Nuptial Mass. The bride entered the chapel on the arm of her cousin, Mr. Chas. Tracey, of Albany, who gave her away. Her dress was of white silk, and white embroidered chiffon. Her tulle veil was caught with orange blossoms, and she carried a shower bouquet of white roses, lilies of the valley and maiden hair ferns. Mr. Frederick Whimby was his brother's best man. A wedding breakfast was served at the home of the bride's grandmother, Madame Duchesnay, 36 Park Avenue. Only the family and a few intimate friends were invited. Among those present were, Madame Sincennes, mother of the bride; Mr. and Mrs. Whimby, father and mother of the groom; Mr. Richard Whimby, Madame Louis Masson, Miss Cagger, of Albany; Mr. Philip Duchesnay, Miss Edith Duchesnay, Madam and Mademoiselle Desjardins, Mrs. Warner, Mrs. Mason, Miss Delany, Dr. Leo Mason, Rev. Father Eliot, Mrs. Starnes, Miss Lamontagne, Miss Halley, Miss Brady and the Misses Whimby.

Barber-Paterson.

At the residence of Mrs. Crawford Johnston, Upper St. Urbain street, at 7 o'clock last evening, the marriage took place of Miss Isabella May Paterson, daughter of Mr. James M. Paterson, to Mr. Harold Radcliffe Barber, of Winnipeg, formerly of Montreal. The ceremony was performed by the Rev. J. R. Dobson. The bride who was given away by her father, wore a white lingerie gown with hand embroidered trimmings, and tulle veil with coronet of lilies of the valley, and carried a shower bouquet of roses and lilies of the valley. She was attended by her sister, Miss Florence Paterson, who wore silk point d'esprit, and carried Killarney roses. Little Miss Irene Scott acted as flower girl wearing a white embroidered dress and carrying pink roses and forget-me-nots. Miss Helena Daniells played the wedding march. Mr. Edward Bassett acted as best man. After the reception Mr. and Mrs. Barber left for Toronto, Niagara Falls, and other points en route to Winnipeg, where they will reside.

Luncheon at Mount Royal Club.

Hon. Rodolphe Lemieux gave a luncheon at the Mount Royal Club yesterday in honor of Mr. Alfred Kleckowski, former Consul-General for France, at Montreal. Among the guests were: Hon. Raoul Dandurand, Hon. F. Y. Beique, Hon. L. O. David, Hon. J. M. Wilson, Hon. Arthur Boyer, Sir Thomas Shaughnessy, Sir H. Montagu Allan, Mr. C. M. Hays, Major G. W. Stephens, Mr. L. E. Geoffrion, Mr. C. C. Ballantyne, and Mr. Fernant Rinfret.

Le-Vasseur—Byrd.

At the residence of her son-in-law Mr. G. G. Parker, 358 Grosvenor Avenue, Westmount, the marriage took place quietly on June 27th of Mrs. L. P. LeVasseur, to Mr. C. P. Byrd, of Sherbrooke, Que. The officiating clergyman was the Rev. J.M. Almond, of Trinity Church, and immediately after the ceremony Mr. and Mrs. Byrd left for their home in Sherbrooke.

Wilson-Cunniam.

The marriage of Miss Mamie Cunniam, eldest daughter of Mr. John Cunniam, to Mr. J. Howard Wilson, son of Mr. Isaac Wilson, of Perth, Ont., took place in the Private Chapel of St. Patrick's Church on June 28th. The ceremony was performed by the Rev Father Killoran.

Personal Mention.

Miss Lily Dougall of England, author of "Beggars All," "What Necessity Knows," "Paths of the Righteous" etc., etc., is visiting her brother, Mr. J. R. Dougall at Little Metis, and will presently return to Montreal with him for a few weeks, before returning to England. Miss Dougall has given up the beautiful house she has had for so long at Exmouth, Devonshire, and is building a new home at Cumnor, near Oxford, where she has secured a few acres of beautiful freehold property graced by many old English elms. Miss Dougall expects to return to England early in August.

Mr. and Mrs. C. J. Brooke, of Ottawa, were prevented from sailing on the Royal George, Wednesday from Bristol, owing to their daughter, Miss Elizabeth Brooke, who was to have accompanied them, being taken ill with appendicitis. Miss Brooke, who underwent an operation at the Royal Victoria Hospital is progressing favorably. Mr. and Mrs. Brooke are the guests of Mr. and Mrs. Cameron, 609 Clarke Avenue, Westmount.

Mr. and Mrs. Whimby left last evening for Quebec, where they will spend their honeymoon. The bride travelled in a costume of dark blue serge, and black chip hat with black feathers.

Fill Vacancies In N. S. Cabinet

Provincial Government Replaces Retired and Defeated Ministers.

Special to The Montreal Star.

Halifax, June 30.—The vacancies in the Provincial Government, consequent upon the changes caused by the recent general elections, have been filld by the appointment of Hon. George E. Faulkner, of Halifax, in place of Hon. David McPherson, M.L.A., retired, and who likely goes to the Legislative Council; R. McGregor, Pictou, in place of Hon. B. F. Pearson, Colchester, and J. W. Comeau, Digby, instead of Hon. Mr. Leblanc, Yarmouth. These are all without portfolios.

The appointment of Mr. Faulkner to the Government means a new speaker for the next House.

100,000 School Children Cheer Their Majesties and Young Prince.

Special to The Montreal Star.

London, June 30.—More than 100,000 school children of London and its suburbs were the guests to-day at the Crystal Palace of King George and Queen Mary.

Ninety-two special trains brought the children and so heavy and congested was the traffic that the suburban service soon was completely paralyzed.

Thousands of children from exery section of London and its suburbs, all arrayed in their best togs, presented a most animated picture. Many of them had not been outside of their particular section of the big metropolis, and to-day's event proved one of the happiest features of the Coronation festivities.

The King and Queen, the Prince of Wales, the Princess Mary and Prince George, were uproariously greeted by the immense throng of children. Their Majesties remained an hour and a quarter, and appeared to take a great delight in the pleasure and happiness of the little folks.

OLD G.T.R. MAN DIES.

Mr. William Thompson was Fifty-one Years in Service.

Mr. William Thompson, of Montreal, who was for fifty-one years in the employ of the Grand Trunk Railway, died to-day, in his 80th year. He was born at Perth, Ont., but came to Montreal in early life. While in the Grand Trunk employ, from which he retired some years ago on a pension, Mr. Thompson belonged to the Grand Trunk Volunteers, and he saw service during the Fenian Raid. He is survived by five sons and four daughters —the last-mentioned being Mrs. F. C. Capon and Mrs. T. N. Marrington, of Montreal; Mrs. Wesley Swift, of Northampton, Mass., and Mrs. J. M. Williams, of Kettle Falls, Wash.

HON. W. L. M. KING SPEAKS.

Special to The Montreal Star.

Waterloo, Ont., June 30.—Hon. W. Lyon MacKenzie King last night addressed an audience that filled the town hall on the reciprocity agreement. Mr. King was bitter in his denunciation of the opponents of the pact, declaring their methods "tended to the corruption of the press and the deterioration of public morals."

He believed this opposition came chiefly from the "combinesters" as he termed them, "members and sycophants of the trusts and combines existing in Canada," and from the Tariff Reform party of England, whose efforts, if successful, he declared would tend to destroy, rather than forward, the permanency of the British Empire.

GROUND UNDER WHEELS.

Patrick Hastings, address unknown, died at the General Hospital this morning from the loss of blood and the shock sustained when both his feet were ground under the wheels of an engine late last night. He was run down while walking on the wharf at the foot of St. Sulpice street. When found by Constable John Lalonde, of the Central Station he was in a precarious condition and was unable to give more than his name. The constable called an ambulance and accompanied him to the Hospital where both feet were amputated.

TORONTO DAY BY DAY

From a Staff Correspondent.

Toronto, June 30.

THE end is not yet in the case of the Rev. George Atlas, the Macedonian missionary, who is now in Kingston penitentiary serving a term for an offence of which a jury has since said that he is innocent.

The story of Mr. Atlas has already been told by The Montreal Star correspondent, and it can easily be imagined that Toronto people have been dazed by the whole affair.

First came the series of minor charges which the missionary came back from Egypt to face. Colonel Denison declared that Mr. Atlas had triumphantly established his innocence, but then followed the serious allegations of forgery and perjury for which he is now serving a term. These led to the charge of subornation of perjury, and as a jury has found him not guilty of this offence it means that the first jury was mistaken in its verdict.

Throughout the whole affair there have been charges of bitter persecution, and these have revived with ten fold intensity.

When Atlas was sent to Kingston, people pronounced him one of the cleverest and most unscrupulous adventurers that ever came to Toronto, but now there has been a revulsion of feeling in his favor, and many regard him as the victim of a terrible conspiracy.

There can be no doubt that Atlas possesses enemies and that they have left no stone unturned to keep him in jail. His friends have been equally unswerving in their work on his behalf, and in addition to the circulation of a petition for his liberation, they are now working to have an investigation, which they say will vindicate the Presbyterian clergyman and perchance show the power which has been working against him.

The first suspicious circumstance which must be explained to the satisfaction of the public is the disappearance of certain important papers which were in the hands of the Crown. The defence claimed that these would help the prisoner, but they were not forthcoming until after the trial, when the county constable found them and handed the documents over. The lawyer for the defence claims that when the Hon. J. J. Foy makes inquiries, as he surely must, and gets down to the bed-rock of the alleged conspiracy it will show that some prominent men have been involved.

Even more serious charges are now being hinted at by the friends of Atlas. It appears that attempts to get evidence from Turkey on behalf of the prisoner have been continually frustrated. False telegrams were sent concerning the couriers, and one of them Vlahos, when he first landed in the Eastern country, was taken into custody. The authorities informed him that they had received telegraphic instructions from Canada to apprehend him, and the officials searched him, taking notes concerning his papers which were of the utmost importance. Later on his life was attempted. A number of men attacked him on a lonely road and stabbed him almost to death. In his cable about the matter he expressed the belief that they belonged to "the enemy."

All this seems to point to a well-laid scheme of a powerful person or party who is bound to keep Atlas in prison. A great deal of sympathy has been created on his behalf by the stories told by his lawyers, and the public will not be contented with the administration of justice until the whole matter has been investigated, so that the plots and counter-plots, if they have really existed, may be understood.

* * *

The Board of Censors for the moving picture films has started to work, and the three men have a big task before them. Once they get through the present supply, it will not be so hard to keep up with the new pictures coming in, but for the next few months all their time will be taken up by the inspection of those now waiting to be certified, which number about 4,000.

In future every film which is shown in a moving picture show must bear the stamp of the board of censors, and the public will see the stamp on the screen before the film itself commences to unwind.

The instructions which guide the censors are brief. Of course, no obscene or suggestive pictures will be tolerated, and prize fights are to be prohibited. It will be more difficult, however, to pronounce judgment regarding the pictures depicting crimes and violence, and the censors may find themselves facing criticism similar to that which has been aimed at the local morality department in the past.

A little over a year ago, one police inspector stopped a moving picture show which was based on the story of Hamlet, and claimed that it contained too many violent episodes. Mr. Forbes Robertson was appearing in one of the local theatres at the time and passed some comments upon the decision. This greatly annoyed Torontonians. They did not feel incensed with the great actor, but with the police department which was responsible for the action that made the city look so provincial. Yet everybody will admit that there are a few scenes of violence in Hamlet which would stand out more boldly in moving pictures, when the poetry of the drama is absent. The morality department stuck to the letter of the law in such cases. How will the Board of Censors interpret the phrase "scenes of violence?"

* * *

When Judge Winchester conducts an investigation and cannot find anything very much wrong with the department examined, the officials may feel justly proud of their work. His Honor has probed so many scandals and examined into so many civic matters, that he can be counted upon to let very little escape his observation. His finding, therefore, in the investigation into the Works Department may be taken as a vindication of the work of City Engineer Rust, whom the Judge has pronounced to be a conscientious, but overworked, official.

It has been quite a common diversion in the past for aldermen to take a crack at the city engineer, but the Judge found so little to criticize after carefully going over the affairs of the department that there should be complete silence for some time to come.

The only examples of crooked work occurred about ten years ago, and the heads of the department dismissed the men guilty of the acts.

Judge Winchester pointed out, however, that Toronto is still trying to work along with machinery which was quite sufficient when the city was about one-quarter its present size. He suggested the creation of another civic commissioner, and this one will be known as the commissioner of works. His duties will consist almost entirely of supervision, and if His Honor's recommendations are carried out, he will work with a special purchasing agent. Then the different branches of work would be placed under special engineers, so Toronto would have at last a really up-to-date works department at the City Hall.

FIREMEN AT PLAY GET CALL TO WORK AT A REAL BLAZE

Outbreak in Hold on SS. Manchester Corporation Brings Force on Run From Review.

DRESS UNIFORMS SUFFER IN BATTLE

Hay Under Lumber Makes Dirty Fire in the Hold of the Ship.

Just as the Montreal Fire Brigade was having a spectacular parade on the Champ de Mars this morning, for the benefit of the Brotherhood of Locomotive Firemen, a serious fire broke out in the hold of the SS. Manchester Corporation, moored at Jacques Cartier Pier. From the parade, the firemen rushed to the fire in their brand new uniforms white caps and polished boots, jumped into the thick smoke that was pouring through the hatches and for an hour, hauled lumber and bales of hay, and worked feverishly to extinguish the most difficult fire that they have tackled on the harbor front for many a month.

Twenty thousand feet of lumber had to be hauled aside by the firemen before they reached the under layer of hay, in which th fire had broken out. The brand new uniforms which the fire-fighters had donned for the parade were ruined as far as appearances went, but though water-soaked and almost overcome by the thick smoke and pungent odor of burnt hay, the men did not rest till the fire was under control at noon. Then they were warmly congratulated for having overcome a fire that promised to be even more serious than it was.

One of the striking features of the fire, was the performance of Fireman Ferrand, Ferrand and Parker of No. 1 station, who crawled through the lumber and bales of hay every time an opening was made by the men hauling the cargo aside, and burrowed their way down to the hatches of the second hold, dragging a line of hose with them. In this way they drowned the fire below, long before the cargo above had been ramored. They came up again dripping wet, grimy and gasping for breath, but unhurt.

A Transformation Scene.

The sudden transformation from the brilliant parade scene on the Champ de Mars to the stern reality of a fire in the hold of a ship was a striking one to the visiting locomotive firemen who did not anticipate such a double spectacle.

Two-thirds of the city's fire fighting force was lined up on the Champ de Mars, with water towers, siamese batteries and hose waggons. Two hundred and fifty firemen were on the ground, and five engines were going full blast. Thousands of spectators lined the drill ground enjoying the sight. The firemen were attired in their best, with their new white caps, which gave them all a bright and fresh appearance.

Abandoned Dummy Show.

Suddenly the fire gong rigged up on the field for just such an emergency tapped "1-6-2," and with one accord the firemen abandoned the dummy show for the real thing; Chief Tremblay jumped into his red flier, District Chief Mann started in pursuit; and within two minutes the firemen were down on the wharf and swarming over the deck of the threatened vessel.

The firemen threw aside their clean white parade hats, wrenched off their shining collars and ties, pulled off their polished boots, donned their rubber boots and helmets, and jumped into the hold under the command of District Chief Mann, who took charge of the operations below.

Mr. W. Porteous, of the Harbor Commission squad, had a stream directed on the vessel, but this soon proved useless, as the fire was found to have originated in 50 tons of hay, which was stored in the bottom of the hold. Above this was a pile of flooring lumber. As the hold was loaded to the hatches, it was impossible at first for the firemen to get at the fire.

Origin is Unknown.

Captain Heath, of the Manchester Corporation, directed the ship's hands in the unloading of the lumber, so that the firemen could get at the fire. He could not give any statement as to how the fire originated, but presumed that it started in the hay. The boat had arrived last Saturday, and the last of the cargo for her outward journey was being stored to-day. She was to have started at daybreak tomorrow morning. On account of the fire she will be delayed.

"It's a good thing this did not break out after we were a day at sea," exclaimed members of the crew as they stood around watching the firemen.

The Furness, Withy Company stated that they could give no accurate estimate of the loss until they had more opportunity of examining the cargo, but they did not think it was as heavy as at first seemed, owing to the strenuous work of the firemen.

Fires and Reviews.

The parade given at the Champ De Mars was the first for three years. Chief Tremblay does not approve of the practice, on account of the likelihood of a fire breaking out in the meantime, although every district was covered by reserves.

The outbreak in the ship to-day recalled to Chief Tremblay and District Chief Mann the time when about twelve years ago while a parade was being held at the Champ De Mars in honor of the Governor-General, a severe fire broke out at the corner of Prince and Wellington streets. At that time every man and stick of apparatus from the entire brigade were on the parade ground. By the time the firemen arrived on the scene the fire had gained such headway that the entire premises of the Royal Electric Company were destroyed and several firemen were injured.

The parade entered the grounds from Champ De Mars street on the east. The parade was preceded by Chief Tremplay's automobile, driven by Charles Hearey, a Department chauffeur. In the car beside Chief Tremblay were Ald. U. H. Dandurand, Abbe Martin, a chaplain of the Department and J. B. Mainville, notary of the Firemen's Association.

Firemen Show Smartness.

In the run-by, an accident occurred which showed how the firemen are prepared for emergency. As the ladder truck of No. 1 station was opposite the steps on which spectators were crowded, the whipple tree of the first span of the four horses snapped. Immediately the firemen on the truck jumped down, brought out an emergency tree and in less than a minute had the horses under way again.

Following the run-by, the ladders were set and exhibitions given on them. In the meantime the water towers and siamese pattern nozzles as well as various lines of hose were got into operation. All went off like clock work. The spectacle was at its height when a pyramid was formed of the various jets of water mounting nearly two hundred feet skyward. It was at this juncture that the alarm rang in

THE CROWNING OF KING GEORGE.

LOOKS INOFFENSIVE BUT HAS A RECORD

Eli Robillard, alias Eli Aubin, a mild and inoffensive looking young man of about twenty, appeared before Judge Lanctot this morning and pleaded not guilty to a long string of burglaries and forgeries. This youth was picked up in Ottawa on a charge of carrying concealed weapons, and being wanted in Montreal, Detective Sergeant Charpentier took him charge yesterday at the capital. Robillard was released a few months ago from St. Vincent de Paul Penitentiary, where he served two years on a five year term.

He is formally charged with having broken into the house occupied by Frank Lortie, at 408 Ontario street east, and stolen $25 worth of property. The second charge reads false pretences, Mrs. Philomene Laroche charging him with obtaining $12 from her having a cheque as a security. The third charge is for forgery. He bought a restaurant the property of Mrs. Georgianna Mercier, in the East End, and gave a cheque for $150 in payment. The cheque was not presented for a few days, but when it was, the Bank returned it as worthless. In the meantime, Robillard had pocketted the proceeds of a few days' business and left for parts unknown.

He at first pleaded not guilty to the three charges, and enquete had been fixed for Wednesday next, but after a few minutes consideration in the cells, he asked to be brought back before the judge and pleaded guilty on all charges along the line.

Preliminary investigation will be held and Robillard will be sent up to the Court of Sessions for sentence.

SAILOR IS PUZZLE IN POLICE COURT.

Judge Lanctot Has Problem in Dealing with Insubordinate Mariner.

D. Clark, aged 32, a sailor on the "Cassandra" and described in the Police Court indictment as a man who uses liquor immoderately, was somewhat of a puzzle to the officials today.

He was charged with having assaulted John H. Simpson, Chief Steward on the ship. He pleaded guilty and Judge Lanctot was at a loss to decide what to do with him. The Court said that although the charge was made for common assault only, it should have read aggravated assault as the man had assaulted a superior officer and he would be dealt with very severely in England. He could not send the man to jail, as when discharged he would become an undesirable. He could not deport him as he had never landed. The Purser said that the Captain of the ship did not want to take him back if it could be helped, but the Court said that Canada did not have any particular desire to number Clark amongst her citizens.

The Court inquired if there was any money coming to him from the ship. "About two pounds," said the Purser. Clark's two pounds went for a fine and costs, and he will be taken back to England, where he may have to face a charge of insubordination.

MADE PERMANENT PRINCIPAL OF MACDONALD COLLEGE.

Prof. F. C. Harrison, B.S.A., D.Sc., F.R.S.C., who has been formally appointed principal of Macdonald College, is of English parentage and was born at Gibraltar, where his father was a military officer. He came to Canada at about eighteen years of age, entered the Ontario Agricultural College at Guelph, and completed his course for the degree of B.S.A. in 1894. He made a special study of bacteriology, and after taking a graduate course at Cornell University was given charge of the bacteriological department then being established at Guelph. He pursued special studies in his chosen field of science at German universities, and has made numerous original investigations, the results of which have been published in government bulletins and scientific periodicals. These reports are considered authoritative and are frequently quoted.

Dr. Harrison was appointed Professor of Bacteriology at Macdonald College in 1905. After the resignation of Dr. Robertson a year and a half ago, Prof. Harrison was appointed acting principal.

He married in 1895 a daughter of Dr Jas. Mills, formerly president of the Ontario Agricultural College, and now a member of the Dominion Railway Commission.

SENATOR GAMBLE DECLARES FARMER WILL BE VICTIM

Says Reciprocity Unjust, Unfair, Un-Republican and in Violation of Policy.

Washington, June 29.—Characterising the Canadian reciprocity agreement, as a "severe and unwarranted blow at the agricultural interests of our country," Senator Gamble, of South Dakota, continued in the Senate today, the attack on the measure which was begun by Insurgent Senators.

Senator Gamble declared he was a Republican and a Protectionist, but that he felt it his duty to oppose and vote against the reciprocity measure as it now stood. He said he would favor reciprocity with Canada that was based on justice, and equal treatment to all interests.

"The measure proposed," said Senator Gamble, "is unjust, unfair, unrepublican and is in violation of the declared and settled policy of the party for more than a generation. It means to me a serious blow to the American farmer which places him in unequal and unfair competition with his Canadian rival without any fair or just compensation.

"I cannot persuade myself that in any sense this agreement follows the rule of our party faith in the policy of either protection or reciprocity. As far as I am concerned, I cannot vote for its enactment or its ratification. Had it been proposed by the opposition, I could readily appreciate that it is in line somewhat with their sympathy and their policy."

"History will again repeat itself, and it will result in seriously depressing the value of farm land in the United States should this measure receive the approval of Congress. Before the settlement and development of the great northwest assumed such stupendous proportions some years since, the value of farm lands in the Eastern States, and even in the Ohio valley, were not unduly high, and agricultural pursuits were profitably carried on. Great depression, however, soon followed.

The EEastern farmer could not successfully compete with his Western rival. The Western lands were rich, wonderfully productive and easy of tillage. Freight rates were reduced, and the Western farmer could deliver his products in the Eastern market at less cost and at greater profit than the Eastern producer.

"The latter was obliged to meet adverse conditions. The soil had long been tilled and was exhausted in many cases. It required fertilizing and greater care and labor in production. The investment was higher and the cost of production much in excess of his Western competitor."

SUMMERINGS—No. 2.

(Overheard up North)— "Why is it a fishing trip does most fellows more good than staying at a summer resort?"
"Because most fellows' wives won't go with them on a fishing trip, I suppose."

ATTEMPT TO WRECK HAVRE-PARIS TRAIN

Many Passengers Injured—Raiway Officials Declare Wreck Was Criminal One.

Special to The Montreal Star.

Paris, June 30.— Many passengers were injured in an attempt to wreck the Havre and Paris express on the Western State Railway last night. The entire train was derailed at 10.15 p.m. at a point near Point DeLarche, but the cars remaining upstanding. A way train passed on the other track at the same time without meeting any difficulty, although inches only separated it from the derailed express.

The directors of the Western State railway say the wreck was a criminal one. One of the rails had been unfastened in order to throw the train off the track. Copies of several advanced newspapers, such as the Libertaire, the Guerre Sociale, and the Battaile Syndicaliste, were found placed in a prominent position near the scene.

One hundred passengers were shaken up and hurt, but no one was seriously injured.

Acts of Sabotage Daily.

Ever since the railway strike of last October, which was followed by the refusal of the railway companies to reinstate the strikers, despite heavy pressure brought to bear by the Government, there have been acts of sabotage every day along the lines. None of these, however, was as serious as the one last night. Nearly 2,300 telegraph wires have been cut, for which offences there have not been a dozen convictions.

To-day's issue of the Battaile Syndicaliste, which has recently been started as the daily organ of the Union says the saboteurs have been quiescent during the Ministerial crisis, "but," it adds, "the Ministry as constituted seems to be opposed to the reinstatement of the railway men, and consequently hostilities will be reopened."

It may be stated that the Western State line, on which the express was wrecked, reinstated the strikers on its line. Havre is the port for trans-Atlantic and English steamship arrivals, and many passengers use this line. Freight imports this way are also very heavy.

Funeral of Lt. Acheson.

The funeral of the late Lieutenant Albert Atcheson, who had been for over 37 years connected with the police department, took place from his late residence, Calumet avenue, to the Mount Royal Cemetery this morning. Although the funeral was a private one, twenty members of the force, in dress uniform were in attendance in command of Inspector McMahon.

ALLEGES TRUST IN PLUMBING TRADE

Calgary Man Says Wholesalers Discriminate in Favor of Organized Combine.

Special to the Montreal Star.

Calgary, Alta., June 30.—Whether Calgary is suffering from an illegal combine of the plumbing interests or not, is a question to be settled in the courts to-day, when E. J. Young, president of the Master Plumbers' Association, scheduled to appear at the instigation of H. Maslin, of the Central Heating and Plumbing Company, who alleges a combine conspiracy to restrict trade and enhance prices in Calgary.

The case is one of extreme interest, from the allegations of complainant that the whole trouble is caused because he is not a member of the Master Plumbers' Association, and that he was discriminated against by the wholesalers because of that fact.

He alleges his goods are quoted at a much higher rate than those given the members of the Master Plumbers' Association, and, in some cases, he says, they are as much as 20 per cent. higher. On this account he cannot compete on the same terms as other members of the trade who belong to the association.

POINT IN ARMS OVER BRIDGE DELAY

Thousands Held Up in Six O'Clock Rush for Lumber Raft.

Point St. Charles citizens complain that they were held up by thousands in street cars at either end of the Wellington street bridge at 6 o'clock last evening while the bridge was open to allow a coupde of tugs, one raft and a lumber barge to pass.

At the east end of the bridge was a long line of cars extending almost as far as McGill street on Wellington, and all the way up McCord street, all loaded with people returning to their homes in Point St. Charles. On the Point side of the bridge the waiting cars were also crowded, mostly with men from the Grand Trunk shops.

At times the indignation from inside the cars grew loud and angry. The passengers wanted to know how it was that thousands of citizens were being held up for the benefit of a few tugs and barges. One citizen declares that he heard the clock of St. Ann's tower strike 6, then 6.15, then 6.30 and that even then his car did not budge until 6.40.

City Must Pay for Official's Mistake

Metropole Hotel Judgment Reversed, With Costs Against the City.

The judgment rendered by Recorder Weir, on the 5th of May last, condemning the Metropole Cafe Company to pay $100 because their bar had been opened on the 14th of March, when a judgment of the Recorder's Court, rendered on the 13th of the same month, had cancelled the license of that cafe, was quashed this morning by Mr. Justice Laurendeau, judge of the Superior Court.

On this ground the writ of certiorari was ordered to issue, and the judgment rendered by Recorder Weir, on the 5th of May, sentencing the Metropole to $100 fine, was declared null and void, with all costs against the city of Montreal.

FIRE BREAKS OUT IN LINER AT THE LIVERPOOL DOCKS

Strike Situation Renedered More Tense by Stand of the Shipping Federation.

LIVERPOOL HARBOR IS CHOKED WITH SHIPPING

Empress of Britain and Cunarder Carmania May Be Held Up To-day.

Liverpool, June 30.—Three separate outbreaks of fire in different parts of the White Star Line steamer Arabic were discovered and quenched in the course of the afternoon. The vessel is scheduled to sail from Liverpool to-morrow for New York by way of Queenstown.

The White Star officials are unable to account for the fires, except that they were started by incendiaries.

The flames were discovered in the storerooms and cabins and were quickly extinguished.

All egress from the Arabic has been stopped, and police are now on board the steamer searching for possible incendiaries.

Special to The Montreal Star.

London, June 30.—The Shipping Federation, which controls ninety per cent of the coasting and tramp steamship trade of Great Britain, has determined to make no concessions to the striking seamen and dock hands. At a meeting to-day it was decided to lay up one-half of the total tonnage. All the men who have remained loyal will be apportioned among the remaining vessels, and a determined effort will be made to break the strike.

As soon as the determination of the vessel owners was communicated to the strikers, orders were issued to tie up at any cost every port. Tom Mann, who has been directing the strike at Liverpool, and who was successful in securing the recognition of the Union by most of the big trans-Atlantic lines, was rushed to Hull, and the fight centred there.

Apparently there would be little difficulty in arriving at a compromise with the orignal strikers—the seamen and firemen—but the dock hands who walked out in support of the claims of their sea-going comrades now insist that the latter should not accept the proposed terms until the shore gangs receive all they want.

At Blyth the seamen adopted a resolution not to ship again without a Union ticket. The Shipping Federation will henceforth not be recognized. Two thousand London dockers to-day refused to obey the instructions of their leaders, Tom Mann and J. Sexton to return to work. They are still out.

So serious is the situation in Hull, where almost continuous rioting has been in progress since Wednesday, that 500 London policemen have been rushed there to aid the local authorities and the military in maintaining order. Ball cartridges have been served out to soldiers on duty along the docks, and they have been ordered to fire if assailed. The temper of the men is very bitter, and bloodshed is feared. There is already a food famine in the city.

LIVERPOOL HARBOR CHOKED WITH SHIPPING AT PRESENT.

Special to The Montreal Star.

Liverpool, June 30.—With the exception of the trans-Atlantic lines which have given in to the Union, harbor shipping is tied up. The Journal of Commerce confirms the report that the Shipping Federation has determined to lay up one-half of the total shipping.

The harbor is choked with liners and tramp freighters, all cargo-laden, which are unable to discharge. The railway lines are tied up with loaded coal trains, it having been found impossible to secure coal passers to coal the steamers.

The White Star line to-day declared a lockout against all the men employed upon their Liverpool steamers, with the exception of the officers and engineers, and is trying to obtain non-union crews.

The crew of the Red Star Liner Zeeland, which is still lying in the river, having been unable to dock yesterday, joined the strikers this morning.

EMPRESS OF BRITAIN MAY BE UNABLE TO SAIL.

Up to noon none of the dock hands had begun work on the cargo of the Canadian Pacific Railway steamer Empress of Britain, or the Cunarder Carmania. The seamen and firemen of these vessels also failed to turn up, despite the agreement supposed to have been reached yesterday. Unless a speedy settlement is made, the ships will be unable to sail tomorrow.

Sir Wilfrid Laurier, Premier of Canada and other Overseas statesmen, as well as the Canadian and Bermudian contingents of troops here for the Coronation, have been booked to sail on the Empress of Britain.

Another complication has resulted from the refusal of the railway men to handle cargo brought ashore by non-Union men.

Southampton Harbor Deserted.

Special to The Montreal Star.

Southampton, June 30.—Only a few of the regular lines will be able to make their scheduled sailings to-morrow. The harbor is filled with coasters deserted by their crews.

WILL SUE THE CITY FOR MOTOR ACCIDENT.

Messrs. Coulson and Rosenthal Notify City of Intention.

Notification was given to the city of Montreal that it would be sued for $3,500 as a consequence of the motor accident of the 27th April last, in which Mrs. A. Coulson was killed and Mr. M. Rosenthal was badly injured.

When the accident happened, Mr. Coulson, with his wife and Mr. Rosenthal was driving down Park avenue when the car struck a heap of stone in front of No. 1534. The three occupants were thrown out of the vehicle, Mrs. Coulson dying a few hours after.

Mr. Coulson has announced his intention to sue for $1.500 for the death of his wife, and Mr. Rosenthal for $2,000 for injuries suffered.

BIG CUSTOMS INCREASE.

First Quarter of Fiscal Year Shows $2,333,171 Advance.

Special to The Montreal Star.

Ottawa, June 30.—Canada's growing trade is indicted in the Customs figures for the three months of the fiscal year ended today. In that period, the revenue totalled $19,920,264, as against $16,887,093, in the corresponding three months of 1911—an increase of $2,333,171. In June, the receipts were $6,757,966—an increase of $704,979 over June of 1910.

Encouraging Reports From Ottawa Henley Crew--A Little Friction in Soccer

PROMINENT PEOPLE AT KING EDWARD YESTERDAY

Sir Francois Langelier, Sir Alexander Lacoste and Others Entertained at Luncheon.

JOCKEYS HAVE BEEN RULED OFF FOR GOOD

Peak and Girondo Will Not Be Allowed to Ride Again.

Sir Francis Langelier, Lieutenant-Governor of the Province of Quebec, who attended the races at Isle Gros Bois yesterday afternoon, as the guest of J. T. R. Laurandeau, president of the King Edward Jockey Club, was entertained at luncheon by Mr. Laurandeau before the sport began. The table was spread at the restaurant on the Board Walk of King Edward Park, and, besides Sir Francis the guests were Sir Alexandre Lacoste, a justice of the Supreme Court; Senator Choquette, Alderman Dandurand, the Hon. N. Perodeau, Joseph Versailles, Dr. Desaulniers, M.P.; Rene Bausert, Thomas Gauthier, Victor Geoffrion, M.P., and Aldermen Garceau, Lamoureaux, Leclair, McMahon, Lariviere, Letourneau, and Lepointe, and Captain Pelletier and Lieutenant Inglis, of the Lieutenant-Governor's military household.

Sir Francis was favorably impressed with the racing and amusement plant at Ile Gros Bois. He declared that the race course was the most picturesque and pleasantly situated track he had ever visited and predicted that it would be the scene of the best sport in Canada before many seasons. Sir Francis and his party went into the stewards' stand just before the steeplechase started and watched the remaining races from that colgn of vantage.

John Boden, steward of the Ile Gros Bois meeting, has notified jockeys Peak and Girondo that they will not be permitted to ride again at Ile Gros Bois. Peak and Girondo engaged in fisticuffs on the track the day before yesterday, after the finish of the second race, in which Peak's mount, Elizabeth O, defeated Carissima, who was ridden by Girondo. Girondo alleged in excupation of his attack on Peak as the latter left the scales that Peak had forcibly interfered with Carissima in the run up the backstretch. Mr. Boden was willing to let the boys off with a reprimand, but they were foolish enough to renew their scrap in the Jockeys' room, after he dismissed them from the stand. This infraction of track discipline called for punishment more drastic than a mere talking to.

The King Edward Park management has added the steamer Duchess of York to the fleet which plies between Racine Wharf and Ile Gros Bois in the service of its racing and amusement plant. The Duchess of York will be put on regular schedule as soon as she has been overhauled and cleaned, that is to say, in the course of a week. A trimly built craft of graceful lines and staunch construction, the Duchess of York is a trifle bigger than the White Star and the Imperial, the best equipped boats in the Ile Gros Bois service just now. She has a carrying capacity of about 1200.

The King, favorite in the chase yesterday, ran out in the back stretch, when in front and winning, apparently because he did not have a lead to follow. The King jumps cleverly enough when in the ruck, but he will not keep straight after being taken to the front. McKinney, his rider, had no choice. Johnny Daly declined to make pace with Irvin P. Diggs, and McKinney found it impossible to hold The King, who was very rank and ambitious. After questioning Frank Lightfoot, The King's owner, and Jockey McKinney, Chief Steward Boden decided that no one was to blame for the failure of the Ingoldsby horse to go the course.

ROSEMOUNT SHIELD STILL IN DISPUTE

Sons of Scotland Asked to Play C. P. R. or Grand Trunk Juniors.

Discussion over the right of the C. P. R. club to challenge for the Rosemount Shield, waxed warm at last evening's meeting of the Province of Quebec Football Association, held at 180 St. James street. The shield, which is now held by the Sons of Scotland, has been challenged for by the C. P. R. as Quebec champions of the Montreal and District Football Association, and by the Grand Trunk Junior team who are champions of the Junior League.

Neither of these challenges is looked on with favor by the president of the Sons of Scotland Club, Mr. Chalmers. Mr. Chalmers told the Star this morning that the C. P. R. had no right to challenge and that the Sons of Scotland did not intend to play the C. P. R., while the Grand Trunk Juniors he considered were not strong enough to give the Sons a game.

The trustees of the Shield have decided that the two challenges are acceptable, and have ordered that the Grand Trunk and C. P. R. teams play off an elimination game, to decide which team shall meet the Sons.

The P. Q. F. A. approved of the action last evening at their meeting, the only dissentient club being the Sons of Scotland.

Mr. Fred Barter, president of the P. Q. F. A., stated this morning that the Association was the governing body of the Soccer game in Montreal, and that what the Association decided, was what the Sons of Scotland club would do.

In he case of a refusal, Mr. Barter hinted that if the Association saw fit it could withdraw from the Sons of Scotland the privileges of the Association, which would mean the club's retirement from the league and from football in Montreal, since every club in the city and district is affiliated with the association.

FORT ERIE RACES PROMISE WELL FOR OPENING DAY

The Canadian Derby is Attracting a Lot of Attention at Present.

Special to The Montreal Star.

Fort Erie, June 30.—The opening of the seven days' meeting at the Fort Erie course, to-morrow, promises to be one of the best opening days that has ever been held in the history of racing here. The card is a well arranged one and will furnish plenty of contention, the future event, the running of the Canadian Derby is attracting a lot of attention, and although the field like the one at Hamilton is not as large as was looked for by the patrons of the course it shows plenty of class and will, without exception be one of the best events for three eyar olds this season. The track is in as nearly perfect condition as possible, and fast time should be made in the running of this event. The eligibles are all at their best and have made good trials of in their final preparations. The horseshave had the advantage of being rested up here and the trip from Hamilton is only a short one. The management of the club has done all possible to make this meeting like all on the Canadian circuit this season a success. The plant had been greatly improved since last fall, probably the greatest improvement is the six furlong chute, which will do away with starting the events of this distance on the turn as in former years. The steeplechase course has been remodelled and looks to be the equal of any on this circuit. This will also be appreciated by the horsemen and public alike. The stables have all been renovated and present a much better appearance than a year ago. The card for opening day has attracted a large field which will all be closely contested. There will be a record number of layers at this meeting, many coming here who did not operate at Hamilton and Montreal. The hotels are filled to the limit in Buffalo and boarding houses are doing a land office business. There will be no special train from Toronto to-morrow owing to the shortage of cars on the Grand Trunk, which is due to the heavy holiday travel and other excursions leaving that city to-day and to-morrow. There is every indication of fine weather.

THE ARGOS WILL ROW AFTER ALL ON JULY 4

The Schuylkill Navy Will Get a Strong Eight to Meet Them.

Special to the Montreal Star.

Philadelphia, Pa., June 30.—Secretary Gimber, of the Schuylkill navy, was much disappointed at receiving a telegram early yesterday morning from the Argonaut Rowing Club, of Toronto, cancelling the entry of their senior eight, and also that of their senior four-oared shell crews, but allowing E. B. Butler's entry in the senior single sculls race to stand in the July 4 regatta here.

Mr. Gimber informed Commodore Phillip Maas, of the Schuylkill navy, of the cancellation, but subsequently was correspondingly elated when he received another telegram from the Argonauts, saying the crews would come as originally entered.

The local officials, despite their best efforts, have been unable to secure the consent of the Malta Boat Club, of this city, to enter their intermediate eight in the race against the Canadians, but in order to make a race they are going to form a strong crew which may be stroked by "Pop" Zane, the former University of Pennsylvania stroke oar. Several of the best of the local sweep oarsmen, together with other University of Pennsylvania oarsmen, likely, will gain seats in the boat.

The crew will begin training at once, and it is possible they will be in shape to give a splendid account of themselves against the Argonaut eight.

WAIL FROM TORONTO

Special to The Montreal Star.

Toronto, June 30.—Toronto's run of hard luck seems like a circle, without an end. Tim Jordan turned his ankle in the second game at Baltimore yesterday, and Kocher had to finish the piece at first base. Fortunately the injury is not serious.

Willie Keeler may not rejoin the Leafs. He is ill at his home in Brooklyn, suffering a recurrence of sickness which kept in bed here for a week. Mullen's accident means that he will be out for six weeks. Shaw is hobbling around on one leg. "Tony" Smith was recalled to Brooklyn just when he was needed, and altogether the situation is not pleasing to the local followers of the game.

LAVELLE NOT WELL.

Special to The Montreal Star.

Toronto, June 30.—Toronto put on their final finishing touches last night in preparation for to-morrow's N.L.U. game with Montreal at Scarboro Beach, all the players being out with the exception of Billy Lavelle. Billy has not been feeling himself this year, having had serious trouble with his breathing at different stages, due to a broken bone in his nose, sustained last winter while playing hockey. One of his lungs also has become affeetcd, but just how badly will not be ascertained until to-day, when he will undergo a strict examination at the hospital. Lavelle, however, will play against Monatreal, Saturday, and then take a week or so holidays if so ordered by the doctor.

WESTERN CANOEISTS.

Special to The Montreal Star.

Toronto, June 30.—The Western division of the Canadian Canoe Association held their annual meeting at the Toronto Canoe Club last night and decided to hold their regatta under the auspices of the T.C.C. on Saturday, July 29. C. T. Hear was elected Commodore, and R. T. Wilson is the new Secretary. A resolution was adopted asking the city to lay out and dredge a permanent aquatic course at Hanlan's Point and protesting against the city erecting a bridge over the Hanlan Memorial course.

A HORSE THAT WON MANY RACES HERE DIED SUDDENLY.

"SEISMIC."

HENLEY EXPERTS SPEAK ENCOURAGINGLY OF THE OTTAWA CREW.

Henley-on-Thames, June 30.—In showery weather and with a strong breeze blowing at Henley, the Ottawa eight got afloat this morning for paddling. They had a half course row, which was covered in three thirty-two, not bad time. The rowing experts here say that in their present form the crew have every chance for the cup.

GRAND TRUNK BOAT CLUB PADDLERS BUSY

Senior, Intermediate and Junior Singles Were at Work Last Night.

The Grand Trunk Boating Club members are keeping up their practice for the coming regattas, and they will make a great bid for canoe honors this season. Those out last night were:

Senior Single—G. Kelly, J. Galbraith, A. Morrison.

W. Brownrigg and J. Morrison also started.

Intermediate Single—Ferguson, and Horner.

Junior Single — Marshall, Taylor, A. Brownrigg.

McGILL VS. LACHINE.

Montreal Amateur and District League Championship.

Perhaps the most important match so far as local cricket is concerned, is that which takes place on July 1st on the McGill campus. McGill and Lachine are running neck and neck in the Montreal and District Amateur Cricket League, and the result of this their first meeting in 1911, will have a strong bearing on, even if it does not settle, the championship.

Given fine weather as good an exposition of the game of cricket will be seen as ever took place in Montreal, as both sides are exceptionally strong this season, both in batting and bowling. In order that a definite result may be arrived at the game will commence at 11 a.m. and continue till 6.30 p.m., with an hour's interval for lunch. The McGill team will consist of Messrs Hawkins, Kershaw, Horsfall, Lane, Hainsworth, Buckley, de Gale, Brebner, Graves Field and Hodgson.

Great Seismic Dropped Dead

Died Very Suddenly from a Blood Clot on the Heart.

Special to the Montreal Star.

Toronto, June 30.—News from the Seagram farm at Waterloo is that the good racer, Seismic dropped dead a few days ago. A veterinarian who was visiting the farm remarked how well the horse looked and called to him, Seismic galloped across the field, and on reaching him put his head across the vet's shoulder and immediately dropped dead. A post-mortem examination showed a clot of blood in the horse's heart.

Cruise to King Edward Park Sunday.

The members have organized a motor boat trip for Sunday next to King Edward Park. Boats will leave at ten o'clock returning about eight in the evening. It is expected that about one hundred and fifty members all wearing the club's colors will make the trip.

ST. THOMAS AQUINAS BOYS HAD FIELD DAY

The Youngsters Had a Delightful Time and Some Keen Competitions.

The annual sports of St. Thomas Aquinas boys took place yesterday at the Shamrock grounds. It was a gala day for the youngsters and they enjoyed the day's outing, and the different events were keenly contested. The pastor, Rev. Thomas F. Heffernan, and his assistant, Rev. Edward Polan, superintended the games, and did everything in order to have the youngsters spend a happy time.

The lacrosse match between the Emeralds and the Shamrocks resulted in a victory for the latter by 7 goals to 1. The baseball match between the same teams resulted in a victory for the Emeralds by a score of 4 to 0. The following were the winners in the different events:

Races, 50 yards, 1. James Stewart; 2. Arthur Warwick; 3. Frank White.

75 yards, 1. Norman Langevin; 2. Charles Frawley; 3. Leslie Campbell.

100 yards, 1. Frank Feeney; 2. Louis Langevin; 3. Hanley.

120 yards hurdles, 1. Bert. Lewis; 2. Thos. Kiernan; 3. Edmond Milloy.

150 yards, 1. Joseph Ryan; 2. George Edwards; 3. Emmet Meany.

Three-Legged race, 1. Frank Feeney and Bert. Lewis; 2. John Kelly and Charles Frawley; 3. John Hanley and Harold McCallum.

Wheelbarrow race, 1. Joseph Ryan and Emmet Meany, 2. Frank Feeney and Thomas Pierson; 3. James Hanley and Edmund Wright.

Blindfolded race, Junior boys, 1. Harold McCallum; 2. Arthur Flanagan, 3. Wm. Kienan.

Blindfolded race, Senior boys, 1. George Edwards, 2. Joseph Ryan.

Championship race, one half mile, 1. Joseph Ryan; 2. Bert. Lewis; 3. Emmet Meany.

The lacrosse match which was refereed by R. J. L. Cuddihy showed that many of the youngsters were skilled in stick-handling and give good promise for the future, the playing of John Ford, Emmet Meany, Jas. Murphy, James Casey and John McColroy being good for juveniles.

OPENING NAUTIQUE HOME.

Two Hundred Members at Saturday's Regatta.

At the club regatta of the Club Nautique to be held on Dominion Day, July 1st, several new departures will be made in the way of water sports. The tug of war will be quite different from the usual event of that kind and ought to be a source of considerable amusement to the spectators as well as to the contestants.

The new Club House will be formally opened and it is expected that a large number of the members and their friends will be in attendance. The membership of the club has grown rapidly over 50 new applications having been received this year and it is expected that before the season is finished the total membership will have passed the 200 mark.

Prizes for the Biggest Trout

The Montreal Star has decided to hold another competition for speckled trout this year, which is to be carried on for two months, it being argued that as few people fish in May and till the month of June, that month and Dominion Day should be taken in, so that the competition will be open this year from May 1st till July 5th, for trout brought to the Star Office with a statement of the conditions under which it was caught.

(a) Name of the fisherman.
(b) Place of capture.
(c) Witnesses of capture, if any—apart from fishermen.
(d) Whether caught with bait or fly.

The prizes will be as follows:

CLASS I.—TROUT OVER 3-LBS

First Prize—Fifteen Dollars.
Second Prize—A first class trout rod.
Third Prize—A first class reel.

CLASS II.—TROUT OF 1-LB. OR OVER AND UNDER 3-LBS.

First Prize—Ten Dollars.
Second Prize—A first class silk line.
Third Prize—A first class fish basket.

CLASS III.—TROUT UNDER 1-LB.

First Prize—Five Dollars.
Second Prize—A first class landing net.
Third Prize—A silver and glass article—generally known as "The Bait Box."

All competitors are invited to bring their fish to The Star Office for exhibition in The Star window.

A GREAT BATTLE TO FIGHT IN TORONTO ON DOMINION DAY

Montreal Prepared and Torontonians Seem to Be Bucking Up for Them.

The Toroto News says:—

Montreal will have their first really out in Toronto, for neither the Capital game nor in the match with Shamrocks were the M.A.A.A. boys forced to show all they had to win. This may be necessary for victory at Scarboro Beach, however, as Manager Menary's crew seems to be a likely crowd of hard workers that no aggregation in the Union can take liberties with.

The Telegram says:—

Billy Foran and Billy McIntyre will handle the Montreal-Toronto game at the Beach on Saturday. They are two of the best officials in the business, and they will need to be, for this game is a very important one. Both teams must win to stay up in the race, and just how good the Montrealers are when up against a good team, will be proven on this occasion.

Torontos are an uncertainty yet as regards the way they will take the field. Lavelle is likely to be on in place of Irwin, but there is not likely to be any further changing.

Fred Scott was unablt to mane the final practice of the Montreal team for the Toronto game, but with the one exception the regulars were all in line again last night. Scott is in good shape and he had no difficulty in arranging to be let off from last night's practice. The team looks good enough from every angle to take Toronto into camp. The defence has been greatly strengthened by Neville, who is playing to his form of 1909. With Neville and George Finlayson close in on the poles, any home in the league will have trouble getting to Johnny Brennan.

Montreal's Intermediate team will leave to-night for Quebec to play a scheduled game in the intermediate series.

SONS OF SCOTLAND PICNIC.

Athletic Sports and Excursion to Maple Grove.

To-morrow takes place the seventh annual picnic and games of the combined camps of the Sons of Scotland Benevolent Association to Maple Grove. Special train will leave Windsor Station at 9 a.m. and 1 p.m.. Returning leaves Maple Grove at 7 p.m.

Programme of Events.

1, throwing 56-lb. weight, 2 prizes; 2, putting 16-lb. shot, 2 prizes, 3, standing long jump, 2 prizes; 4, 100 yards race, open, 2 prizes; 5, 100 yards race, members, 2 prizes; 6, 100 yards race, members' wives, 2 prizes; 7 100 yards race, single ladies, 2 prizes; 8, 100 yards race, married ladies, 2 prizes; 9, boys' race, under 14 years, 2 prizes; 10, girls' race, under 14 years, 2 prizes; 11, 100 yards race, married members, 2 prizes; 12, children's race, 2 prizes; 13, half mile race, open, 2 prizes; 14, five-a-side football, 2 prizes; 15, bean guess, 1 prize.

ADVOCATE PARI-MUTUEL.

Betting Rings May be Abolished in Ontario.

Toronto, June 30.—Should the Ontario Government, in issuing charters or in granting permits to clubs holding Dominion charters, require all tracks in Ontario to use the pari-mutuel betting machines, thus abolishing the bookmaking system? It is urged in some quarters that the larger racing clubs should get together and make representations to the Government along this line.

Leading racing men, however, either have not made up their minds on the matter or are loth to express their views. It is generally admitted that such a requirement would better racing conditions throughout Ontario, and probably wipe out those tracks that exist simply for gambling purposes.

Dr. Shearer, secretary of the Social and Moral Reform Council of Canada, is against the suggestion.

"I think it would be a bad move," he said, "because I believe that the pari-mutuel system increases rather than diminishes the betting."

THE CANADIAN INDIAN.

Chief From Race Won a Good Shoot.

Special to The Montreal Star.

Niagara-on-the-Lake, Ont., June 30.—The annual tournament of the Canadian Indians opener here yesterday when Walter P. Thomson, Chief Iron Face, of Hamilton, won the preliminary handicap with 98 out of a possible 100. Thomson went straight from his 39th bird. Joe Jennings, of Toronto, and H. E. Smith, of Columbus, Ohio, tied for second with 97, and E. W. Zufelt, of Kansas City, was third with 94; J. G.S. Dey, of Syracuse, with 93; S. H. Vivian, Toronto, 92 and Walter H. Ewing, of Montreal, 91, wer next in order.

The shoot is largely attended by the most famous of Canadian and United States trap shooters, and is open to amateurs and professionals alike.

Thomson's work yesterday was considered to be one of the finest exhibitions of the meet.

IN THE GOLF FINALS.

Boston and Western Crowns Meet To-day.

Canadian golfing fans will see Thomas McNamara, the veteran from Boston and Robert Gilmour, of Kirkella, two professionals, contend on the 36-hole Country Club course for the western golf championship title.

In the semi-finals MacNamara defeated Wilbur Oakes, of Detroit, one up, and Simpson beat Jack Croke, of Westward Ho, Chicago, 4 up and 3 to play.

MacNamara's game uphill fighting and victory over Oakes on the 36th hole yesterday brought the day's matches to a thrilling close. When the afternoon 18-hole play was started, MacNamara was 3 down, but the 34th, he was even.

Oakes on the 36th, forced to make a 15-hole putt to halve the hole in four, fell short by a couple of inches, and the gallery promptly tendered the easterner an ovation.

Band Concert and Hop.

The first band concert of the season was a grand success held at the Grand Trunk Boating Club last evening. The grounds and water immediately in front of the club werer taken advantage of by many to enjoy the selections by Knowles' popular band. A hop was held in the club later and was well attended.

SOME CLOSE WORK IN M.A.A.A. HANDICAPPING

Events Last Evening in Which Only One Scratch Man Won.

There were some good competitions at the M.A.A.A. last night in the regular handicap events, but Cable, in the 16-lb. shot, was the only competitor on scratch to win an event. Morel, the police athlete, with an allowance of 6 feet 2 inches, was beaten out by only a quarter of an inch, the winner's throw being 39ft. 3-4 inch to Morel's net throw of 39ft. 1-2 inch. Jackson, with the same allowance as Morel, was a good third with 38.6.

The handicapping this year is exceedingly close. A summary of the events follows:

220 yards—1, S. Mansfield (7 yds.); 2, W. Plow (12 yds.); 3, W. Caven (25 yds.). Time, 25 1-5 secs.

880 yards—1, E. W. King (50 yds.); 2, W. G. Hay (12 yds.); 3, A. H. Coates (20 yds.). Time, 2.01 4-5 secs.

440 yards (intermediate)—1, W. Plow (15 yds.); 2, J. Speak (22 yds.); 3, E. W. King (15 yds.). Time 53 3-5 secs.

16-lb. shot—1, W. Cable (scr.); 2, L. Morel (6 feet 2 inches); 3, W. H. Jackson (6 feet 2 inches). Distance, 39 feet 3-4 inch.

120 yards hurdles (first heat)—1, W. Happenny (scr.); 2, J. H. Emerson (12 yds.). Time, 18 2-5 secs. Second heat—1, A. Hebert (12 yds.); 2, J. Platt (10 yds.) Time, 18 secs. Final—1, A. Hebert; 2, W. Happenny; 3, J. H. Emerson. Time, 17 3-5 secs.

The officials were: Starter, S. J. Farrell; judges, G. C. Bowie, T. J. Carlind and J. C. Love; timers, J. Davidson and R. C. Irwin; scorers, J. Moore and J. F. Davison.

Game To-day Two To-morrow

Royals Have Busy Week-End Here, Then Jump to Buffalo.

A busy week end and then another jump away from home is the Royals programme for the next few days, with the team in good condition, and going strong, the holiday games should be well attended.

Following the usual custom, there are two games to-morrow. The morning game will be called at 10.30 and the afternoon game at 3 o'clock. On Sunday, the game at the National ground will be called at three.

Billy Burke will work in to-day's game and George Leclaire, the Farnham boy, will probably be tried again on Sunday, against the leaders. Leclaire has already pitched one good game on the National grounds, and if he can win Sunday's contest, against the leaders, his reputation will be made.

On Monday, the team leaves for Buffalo where they will play on July fourt twice, the next road series keeps the bunch away until the fourteenth of July.

Messrs Killian and Murray will take care of today's game, Killian is a new Ump, appointed to succeed Pollock.

SOCCER TEAMS.

Men Who Will Play for Their Clubs in To-morrow's Game.

The following players will represent Sons of Scotland in to-morrow's game at Alexandra Park:—

Taylor, Cale, Dornan, Crosse, A. McKenzie, Ross and May; Dougall, Quinn, George, and Nairn. The game kicks off at 3.30.

On Fairmount grounds, Fairmount will put out the following against Grand Trunk:—

McBride, Boag and Hepburn, McNab, McPherson and McCann, Milne, Clarke, McIlroy, Niddrie, Daizell, Morrison and J. Milne.

The Tetraultville team against St. James will be: Young, Taylor, Bladon, Pickles, Clarke, Smith, Badger, Charlesworth, D. Whibley, E. Clarke, and T. Whibley. Reserves McHugh and Sewell. The players will meet at the corner of McGill and St. James street at 2.30 p.m.

M.A.A.A. Athletes to Travel.

The M.A.A.A. will send a team of eight track athletes to an athletic carnival to be held under the auspices of the Ogdensburg A. A. on Tuesday next, July 4th. The men to compose the team are Hay, Happeny, A. Hebert, H. Hebert, F. W. Dakin, G. R. MacGregor, J. H. Platt and S. Mansfield. Coach Farrell and one of the association officials will go down with the team.

This will be Montreal's first trip to Ogdensburg, but the winged-wheel athletes have frequently met the Ogdensburg men in meets at Brockville and other places near the border.

PROSPECTS FOR SOCCER MATCHES ARE EXCITING

The Sons of Scotland and the Sons of England Struggle to Be the Important One.

LACHINE HAS TO GO TO ST. JOHNS TO PLAY

Valleyfield After Beating Fairmount Will Meet Royal Rovers To-morrow.

The leading game down for play to-morrow is Sons of Scotland—Sons of England fixture.

At any time, a meeting of this nature, given equal playing ability, would be sure to attract more than ordinary attention. This time, however, soccer supporters have something extra special, for with the Englishmen mounting the league ladder hand over hand, and only two points behind the Scotsmen, a great deal depends upon the result. Though admittedly the superior side, the Sons of Scotland's executive are too astute to think of taking chances, so their very best eleven will be seen. A win for the Scots will further strengthen the hold they have on the league championship, on the other hand, a victory for Sons of England will tie them for second place. Altogether, it is an interesting situation, with Grand Trunk more than a looker-on. The game will be played on Grand Trunk's ground, Point St. Charles. A big crowd is expected and those thinking of taking in the match, can reach the field, by Wellington car to Congregation street. Kick-off, 3.30. Referee Mr. P. Fitzpatrick.

Lachine are due at St. John's to meet the Dragoons, and Lachine must needs buck up, if they are to make any impression upon the soldiers. Last Saturday the Dragoons made a clear draw with the Locos, and should do better on their own ground. Anyway, win or lose, Lachine can be reckoned to put up the usual game display.

After a runaway victory over Fairmount, Valleyfield come to Montreal to face Royal Rovers. With the exception of Reynolds, who is still on the injured list, rovers will have a full team. They have now got over the effects of the Rosemount shield match, and are confident of winning. It will be a good game, as Valleyfield are not easily plucked. After the strong talking to re their laxity in taking away journeys, the Cottonopolis players are expected to turn out in full force. During the week there were rumors that half their team had left them, but they will be all on deck, with the exception of S. McCann, who has hied himself to Fairmount.

If the number of new players signed on is anything to go by, there will be many fresh faces in Fairmount's line up against Grand Trunk. The Trunks are looking for no pit falls and will go armed to the teeth, to retain the leadership, which they have not lost since the season opened. Against Railroad, the Trunks performed none too well last Saturday, these bottom teams have the knack of doing the unexpected, but against the Fairies, they are expected to record a good win.

C. P. R.-Locos game is off by mutual arrangement, and in its place efforts are being made by C. P. R. to pull off their return league fixture with R.R.Y.M.C.A. It has not been finally settled, but as Railroad have a blank day, it is more than possible that a league game will be played.

Well Known Turfman Dead.

New York, June 30. — David C. Johnson, the turfman, died here last night following an operation for cancer. Mr. Johnson had been ill for three weeks, but his illness did not become acute until last Sunday. An operation, from which he failed to rally, was performed yesterday.

Mr. Johnson was widely known as "Davy" Johnson, sportsman, race horse devotee, and winner and loser of several fortunes at the track. He achieved his widest notoriety, perhaps, as the owner of Roseben, the famous racer, which cost him $5,000 and won more than $100,000 in stakes and purses.

Cheerfulness a Great Asset

The great English author, Thomas Carlyle, says:

"Give us, O give us the man who sings at his work. He will do *more*, he will do it *better*."

No man can work to good advantage with aching feet.

The man who would be cheerful and achieve something worth while, should seek the comfort and satisfaction always found in "INVICTUS" footwear.

To produce the "INVICTUS" no detail of manufacture is considered too small for the most carefull attention. That is why you will find every model of "*The Best Good Shoe*" bearing distinctive marks of style and quality.

McCONNELL AND BURKE MEET IN FIRST GAME OF SERIES--NATTY WAS SPIKED IN TIE GAME AT JERSEY

Yesterday the gong just saved the Skeeters.

Special to the Montreal Star.

Jersey City, N. J., June 30.—The Royals closed their series here at just 5.35 last evening, and departed hastily from West Side bound for Forty-Second street and Montreal. The Skeeters, the Skeeter fans, the bat boys and all New Jersey generally emitted a sigh of relief and wiped beads of perspiration from its individually heated brows. For the Royals are a tough proposition for any team to tackle.

No visiting team has shown up to better advantage on the local lot than the Canadians did on this series. Tieing the first game in a pitcher's battle, taking two games by hard and timely hitting, and good defensive twirling the next day, and winding up the bunch by coming from behind the home team when they had a lead of five runs and tieing the score to a finish, is sufficiently strenuous a performance for any bunch inside three days.

Moreover, it was only the call of time that saved the Pests from defeat. It had been arranged by mutual agreement that the game should be called at five-thirty, and at five-thirty it was called, when the Royals had a man on second and no one out in the eighth inning. The score reverts to the seventh.

Barberich started to heave for the Royals but his shoots were treated with but scant respect, and he was chased in the fourth and Phil Sitton was sent to the mound and Burke succeeded Sitton in the sixth when Holly, who shifted over to second when French was retired to let Bailey bat, was badly spiked by Jake Gettman in the latter's rush to first after bunting toward third. Holly had to retire and Charley Hanford was drawn from right field to play second base, while Sitton shifted to Hanford's place, and Burke took up the flinging.

FEELING CONFIDENT, ROYALS RETURN FOR SERIES OF FOUR GAMES WITH HUSTLERS

The Royals returned this morning, and had a light work-out on the Atwater Park diamond in preparation for what promises to be a stiff engagement with some heavy firing for this afternoon, when the first game of the Rochester series will be called at four o'clock.

Manager McCafferty was very cheerful, and declared that he was well pleased with the team, and the trip. Things didn't break just right for the boys at Providence, but since then they have shown that they are as good as any of them.

The despatches from Jersey City, which stated that Holly was spiked were incorrect. Nattress was the man who suffered from Wheeler's cleats, and Holly is still in the game at short. Natty is painfully, though not seriously hurt, and will be allowed to rest for this series.

Burke and Hardy will probably be the Royals' battery to-day. Burke pitched but two balls in yesterday's contest, and is ripe for a good win.

McConnell will be on the mound for Jawn Ganzel's brightly clad chorus, with either Mitchell or Jacklitsch doing the backstopping.

Moeller the Rochester outfielder will not appear in this series, as a recent injury to the tendons in his thigh is going to keep him out of the game for some six weeks or so.

Come on, you "Hustlers!" Right here is where you stop.

This will cut Moeller off from a chance of going out and circling the bases for the Star's $25.

Manager McCafferty says President Barrow seems to have almost entirely recovered from his recent attack of tonsilitis.

A win to-day will give us .500 again.

The rumors of a sale of Purtell to Buffalo are denied also by Manager McCafferty, but Eddie says the Buffalo want to borrow him for a week or so to fill in a gap and he might be loaned. Eddie is sure that the club won't let the boy go without a string on him, though.

WELSH TO REFEREE.

San Fransisco, June 30. In a managerial conference which began in San Francisco and ended at Seal Rock House, Jack Welsh last evening was selected to act as referee during the 4th of July contest between Ad. Wolgast and Owen Moran.

The bout is an affair that promises well. With both lads properly trained and bent on showing the best that is in them, it should furnish the kind of entertainment that brings boxing enthusiasts to their feet.

Wolgast is favored at 10 to 8 in the early betting. Good arguments are being adduced to show that the price against Moran should not become much longer.

Rudderham Off Byron is Back

President Barrow Continues to Stir Up His Staff of Arbitrators.

Ump. Byron is back.

This scrappy little arbiter, who was one of the sensations of the Eastern League last year, has been recalled from the Southern League by President Barrow, who has handed the Southern League a fine ripe juicy quince in return in the person of Ump. Rudderham, of Providence. The news is contained in a special despatch from Providence, which says that Rudderham left for his new field last night, declaring his satisfaction in the deal, and expressed himself as glad to get out of the Eastern League, where he has had trouble all the season.

Rudderham has certainly not been in good with the clubs as a whole this season, and the Montreal club has no very high opinion of his abilities. In fact, the Royals were the first bunch he ran foul of, his decisions on Billie Burke's curves losing the Montreal team one of the first games of the Providence series. Rudderham's home is in Providence, and he plays roller polo there in the winter, so that the Clamvillians think he is the real cheese with bells on. Nobody else has ever been able to see it.

Umpire Byron, while noted for his scrappy propensities, is acknowledged to be a good umpire, and one who will stand no nonsense, is well liked by the players, or at least most of them, and he may be regarded as a distinct improvement over Rudderham.

One of the leading stunts of Umpire Byron last season was performed in Montreal when he tried to climb into the stand here and destroy a spectator who had called him down. It is understood, however, that President Barrow objected to his lack of inches more than anything. Barrow used to say it made him uneasy to see Byron dodging up and down behind a big catcher like Jack Hardy trying to get his eye on the balls and strikes.

CITY BALL LEAGUE NOTES.

Harry Tuck and George will be opposed to Fred. Ashton and Morin on Sunday. Harry and Freddy were both members of the old Opal team. It will be interesting to watch the two working against each other.

Four games this week in the City League. Two on Saturday (Dominion Day) and two the next day.

First game at 1.30, second game at 3.30.

It is rumored that Moffatt and Hopton, the Montreal Reserve battery, will be in the points for Cheniers on Saturday against the "White Elephants."

"Silent John" Flynn is now covering third base for Athletics. The midget handles himself well at the difficult corner, and has all the ear-marks of a good ball player.

Matt Kennedy broke into the game last Sunday. He cavorted in right garden for Athletics against Villeray. The "Beau Brummel" got two safe bingles.

Laflamme and Tuero, the Cuban twirler, will oppose each other on Saturday.

Pat. Kennedy's All-Montreal team will journey to Three Rivers on the 2nd. Athletics will disport themselves on Terrebonne's big league diamond. Villeray will make their first trip to Valleyfield, while Balmorals will start their second swing around the circuit at Lachine.

Logansport, Int., June 30.—Called upon to punish Charles Sellers, manager of the Logansport team in the Northern Indiana League, Judge Gifford yesterday threw out of court the complaint of the Rev. E. C. Richards, who alleged a baseball game had been played between the Logansport and Huntington teams nearer to his church on Sunday than the Indiana laws permit. The court accepted the testimony of three witnesses that the exhibition was so bad it could not be considered a baseball game.

BOWLERS FOR OTTAWA.

The first game in the club doubles on the Westmount green resulted:

W. F. C. Turnbull	E. Judge
W. Abbott—21	A. A. Gardner—20

On the third round the Rees' rink defeated the Gardner rink in the matches for the club trophy.

The score:

C. H. Alves	F. W. Rous
G. W. Gardner	R. Henderson
J. McNaught	W. R. Kirkpatrick
H. Rees	F. H. Gardner
(Skip)—21	(Skip)—10

The following six rinks from the Westmount Club will visit the Capital on Dominion Day to play the return match with the Ottawa Club:

J. E. Duval	J. Sanderson
W. J. Dunn	C. G. Macartney
T. de G. Stewart	S. F. Rutherford
J. W. Fulton	T. H. Christmas
E. Judge	A. A. Hoover
W. R. Kirkpatrick	J. McNaught
F. H. Gardner	A. C. McPhee
H. Mason	F. Fowler
C. P. Beiffenstein	D. Crawford
O. Mowatt	W. Brisbane
A. Wood	C. P. Creamer
W. Brown	A. W. D. Howell.

A special car has been engaged, and the members will leave the Grand Trunk Station at 9.30 on the morning of the holiday. It is expected that a number of ladies will accompany the club to see the games, which have become an annual fixture between the two clubs.

MISS SUTTON ON TOP.

Pittsburg, Pa., June 30. — By defeating Miss Elizabeth Butler, of New York, national indoor champion, Miss Florence Sutton, of California, will engage Miss Helen Hotchkiss, of Berkeley, Cal., national champion, here for supremacy in the tennis tournament of the Pittsfield Field Club. The score of yesterday's match was 6-1, 6-2.

In the mixed doubles Miss Hotchkiss and Percy D. Siverd, champion of Pennsylvania, defeated Miss Lois Moyes, of Toronto, the Canadian and international champion, and J. E. Maclain, of Pittsburg, 6-2, 6-3, while Miss Sutton and the Rev. H. J. Rendall won from Miss Bunce and J. L. Cote, Jr., 7-5, 6-1.

The final in the doubles will not be played until Saturday, when Miss Hotchkiss and Mr. Siverd will oppose Miss Sutton and Mr. Rendell.

LANGFORD WON.

New York, June 30.—Sam Langford, the Canadian negro heavyweight, knocked out Jack Fitzgerald, a Philadelphia "white hope," in the fifth round of a scheduled ten-round bout at the National Sporting Club here.

After the first round it became a question of how long Fitzgerald would last. Langford merely toyed with his adversary until the fifth round, when a right swing put Fitzgerald down for the count of nine, and on arising a left hook to the jaw knocked him out.

Sporting Views And Reviews

While practising this week an number of Capital lacrosse players got hit in the eyes with the ball, accidents that will not only mar their beauty for a few days, but also impair their usefulness. Fortune has evidently forgotten to smile on the Caps this season, and they certainly deserve credit for the manner in which they bear up manfully against adversity's frozen frown. Their cheerfulness and optimism put them in a class with Mark Tapley.

The other day the Royals made a fine start at climbing again, which was due to two causes. One was the inspiring realization of the old truth that there is always room at the top, the other contributing cause being the inability of Jersey City to play ball up to the standard set by the Royals when they properly gird themselves up. With some more climbing the Royals will be able to put their feet on the necks of Toronto, a sight that would cause local fandom to laugh with the laughter of men who rejoice in the triumph of the right.

It is said that people in Toronto are getting scared before they are hurt, the cause of the scare being the approaching visit of the Montreal lacrosse team. The timid ones have, therefore, reasonable cause for their attack of nerves. Many people in Toronto, and most people in Montreal expect the M.A.A.A. team to win. It now becomes the plain duty of those men to fulfill these expectations.

Of course the Tecumsehs will go to Ottawa filled with pride and confidence. That is their way, and the circumstances of this particular case tend to foster it. But there is such a thing as the pride that goes before a fall and the confidence that is overdone and defeats itself. What if both should put in an appeaarnce on Lansdowne Park on Saturday? The Capitals' new goal-keeper is said to be a wonder, and what a wonder it would be if he stopped every Tecumseh shot!

Thrice is he armed who hath his quarrel just, but it is better still to get your blow in "fust." So said Shakespeare, if not exactly in these words, at least in the sentiment they express. The Baltimore fan acted upon the great truth when he threw a chair at the player Kelly because the latter held a bat in his hands which he might throw. The bat replied to the chair, another chair answered the bat, and then followed an exhibition of agility and muscular strength, which, if enacted in a street would be called a free fight. While this improvised portion of the programme was being carried out no ball was being played, and when the performance was at an end several of the players were not so pretty to look at or so fit for the game as they were before the chair-shooting battery opened fire. It would be just as well for the game if these between-innings performances were eliminated. They are hard on the furniture, on the players, and on the spectators' patience.

That Britannia rules the waves and that Britons never will be slaves, everybody has been informed who ever attended a patriotic concert; but what right has Britain's jack tars to come ashore and with cricket bat "put it all over" men who are prepared to die on land for their beloved country? And the worst feature of the case is that the British tars defeated Halifax garrison — a Canadian force on Canadian soil. What will our precious Ministers of Militia and of Naval Defence have to say about that when they return home; and how will it affect our national destiny in the eyes of the anti-marines? These are the questions of the hour.

U. S. CHAMPIONSHIPS.

They Take Place in Pittsburg To-morrow.

Pittsburg, June 30. — A stream of athletes from all parts of the United States poured into this city. Before noon 500 men, the cream of American athletic talents, will have assembled at the Forbes' Field to participate during the afternoon and Saturday in the National Amateur Athletic Union junior and senior championship games.

Of the 500 entrants, 300 are titleholders. Every man is expected to put forth the best that is in him as from the winners will be selected the American representatives to the Olympic games to be held next year at Stockholm, Sweden. Thirty-two cities, extending from Maine to California, and embracing 37 of the well known athletic clubs of the country, have entered their best talents.

James E. Sullivan, secretary-treasurer of the A.A.U., expressed himself as convinced that records will be lowered, as the track is the best equipped in fifteen years for the annual championship games.

THE VULCAN SOOT CLEANER

IN YOUR POWER HOUSE

The Vulcan will save you money and increase the efficiency of your Boilers

MR. MANUFACTURER:

You believe in economy in steam production and efficiency of your boilers.

You know that soot prevents absorption of the heat supplied by the coal, permitting valuable heat units that should reach the feed water to escape up the stack.

You know that a small boiler with clean tubes is equal in steaming ability to a large boiler with tubes choked up with coal-wasting soot.

The whole operation of cleaning the entire boiler takes two minutes; the operation consists of turning a valve to let in steam.

This trial costs you nothing, puts you under no obligation.

On the other hand, we positively guarantee the Vulcan to pay for itself in coal saving inside of six months.

So this trial gives you the chance to save 1-6 the cost of your Vulcan before you pay us a cent.

Certainly a proposition that it will pay you to accept whether yours is a small plant or a large.

The sooner you get it started in your plant the sooner will you save on your coal and repair bills the sooner will you get 100 per cent. value from your boiler.

WOODWARD WON INTERESTING GOLF MATCH TO-DAY

Defeated Albert Murray of Outremont on the Outremont Links.

Alex. Woodward, of the Country Club and Albert Murray, of the Outremont Club, battled for supremacy on the Outremont Linkse this morning in an 18-hole match, which was won by the formed two up and one to play. Arrangements had been made for the annual foursome contest between the four local pros, but at the last minute Charle Murray and Jimmy Black of Dixie and Beaconsfield, respectively, 'phoned that they would be unable to compete. Albert Murray and Woodward therefore arranged a contest between themselves, with the above result. The scores of both players were by no means good, and although the man from St. Lambert had a shade the better of the battle, the exhibition was very interesting at times.

The weather was perfect for golf, and both players started out for new records. However, they were badly foiled in their attempts, for the winner's score card showed only a 77, he going out in 39, and coming home but one stroke better. Albert Murray, who came back from Toronto yesterday specially for the occasion, was away off his game, and had to pick up his ball a couple of times. The greens were very poor, and this partially accounts for the poor scores. Both players were slashing out long drives throughout the 18?hole walk, but both were off in their field play. In fact, there was only one hole worth commenting on. On the seventh, a 270 yards hole, the former champion had a stroke to the good over Woodward, but the latter ran down a long mashie shot, winning the hole in a perfect three.

The first round finished with all the honors on Woodward's side, he having established a lead of four holes over his opponent, at this point. The visitor captured the first two holes from the former champ, and after halving the third and fourth holes, he increased his lead by taking the next two. The eighth was halved, while Murray captured the ninth, leaving Woodward four up at the end of the first half of the match.

The homeward journey, however, saw Murray pulling to the fore, in an attempt to overcome his opponent's big lead. The tenth hole was halved. Murray took the next, while the thirteenth and fourteenth also went down as his victories. Woodward now stood one up and three to play and with Murray slowly coming up, the contest grew interesting. The sixteenth was halved, but Woodward came back strong on the next and captured the contest, two up and one to play.

Both pros. were slashing out the drives in fair style, Woodward having slightly the better of the argument, his drives being clean and straight, while his opponent seemed inclined to pull or hook his drives on several occasions.

Both players leave on Sunday evening for Ottawa, where they will take part in the Canadian Open Golf Championships.

Fought Way in Were Heaved Out

Bailiff and Locksmith Meet Little Obstruction on Way to Street.

The audience in the Police Court this morning was treated to a legal debate of a rather higher level than is generally the case in that Court.

O. Benoit, of 15 St. Elizabeth street was charged with having interfered with and assaulted Joseph Bacon, a bailiff, when the latter was in the performance of his duties. On the 29th of June, Bacon went to the defendant's house to serve a writ. Bacon claims that the door was just barely opened and a copy of the writ snatched from his hand and the door slammed again. He had his misgivings as to the service being legal and went to Judge Martineau in the Superior Court to obtain an order to enter the house if he were refused admittance again. This was granted. On the 21st of June, Bacon set forth accompanied by a locksmith, named Louis Marchand and being refused admittance made their way in, the lock expert opening the doors. He then attempted to serve the writ a second time. If the occupants of the house would not open the doors to let him in, they did it with great pleasure to throw him out. Mr. Bacon and the locksmith being thrown heavily down two flights of stairs and bundled out into the street without any ceremony.

Mr. Ernest Pelissier for the defence argued that the writ having been duly served on the 20th of June, the bailiff had no authority to enter the house on the following day. He had left a copy of the writ at the house the day previous and his powers ceased there. Numerous authors were produced and the legal phraseology for about half an hour was rather foreign to Police Court work.

Judge Leet ruled that even if Benoit was justified in refusing admittance to the Bailiff, he should not have used violence in ejecting him. Benoit will have to pay the costs.

UNION MEN TO BE TAXED FOR McNAMARA'S DEFENCE

Special to the Montreal Star.

Indianapolis, Ind., June 30.—Decisive action has been taken by officers of the International and National Unions, who are meeting in Indianapolis, to devise a plan to provide an adequate defence for J. J. McNamara, charged with complicity in the California dynamiting outrages. A committee drew up the plans and outlined the manner in which funds for the McNamara defence will be raised. The report of the committee was adopted unanimously.

It is understood that the plan provides for the contribution of at least 25 cents from every Union man in the country. This would result in at least $500,000 being raised within the next two months to meet all expenses incident to the McNamara trial for a year, if it lasts that long.

Special Notice.

NAPOLITANO CASE EXCITING INTEREST

Italian Consul-General Sees Minister and Presents Many Petitions.

Special to The Montreal Star.

Ottawa, June 30.—The Italian Consul-General at Montreal has had an interview with the authorities of the Justice Department respecting the case of the condemned woman Agelino Napolitano, and will see the Minister again before the case is disposed of.

The Consul has a stack of petitions from his countrymen all over Canada and the United States, praying for clemency for the woman. The case has excited more public interest than any since the time of Shortis, the Valleyfield murderer, and petitions and letters are coming in sacks full.

As previously stated, the case will not be considered by the Cabinet before the middle of July. The Department was advised to-day of a respite till December 21 having been granted to Trepanier, the Three Rivers murderer, by the Quebec Court of Appeal. He was to have been executed on July 21.

GALICIAN PEASANTS PLUNDER COUNTRYSIDE.

Troops Called Out and Many Are Killed and Wounded.

Special to the Montreal Star.

Berlin, June 30.—A band of peasants raided landed estates near Kalusz, in Eastern Galicia, and carried off much plunder. They burned many houses and barns and destroyed the telegraph lines and railroad bridges.

A force of troops hurried to the scene to-day, attacked the peasants, and in the fighting which followed several were killed and two hundred wounded.

CHARGE AGAINST BAILIFF.

Said That He Took Document From Fellow Officer.

Charged with being drunk and creating a disturbance in the office of T. Pagnuello, 72 Notre Dame street east, yesterday afternoon, Damase Payette, a bailiff, was arraigned before Mr. Recorder Weir this morning and on pleading not guilty, was remanded until Wednesday for trial.

It is alleged that Payette entered the office during the afternoon for the purpose of securing a writ of seizure at that time in possession of another bailiff named Bachand. Bachand refused to hand over the document claiming that he was going to serve it himself. Payette then picked up the document, it is charged, and refused to hand it back when requested to do so. The police were called and Payette was taken to the Central station, where the document was handed over to the police, and a charge of drunkenness laid against him.

Cured of Rupture

R. Lindman, Esq., Montreal.

Dear Sir:—It is now three months since I noticed that a cure of my rupture was being effected by the use of your truss, and now I am fully convinced that the cure is both complete and effectual. I have on several occasions taken long walks without truss or support of any kind and have every confidence that my rupture, which was of a very severe description, is now permanently healed.

BUFFALO DISASTER ENDS IN TEN DEATHS

Many Others Injured in the Collapse of Roof of City's Pumping Station.

Buffalo, N.Y., June 30.—Seven workmen were crushed to death and seven others seriously injured this morning in the collapse of the roof and other portions of the Buffalo Water Department's new pumping station at the foot of Porter avenue on the Lake front.

The dead, who were working in the pit of the pump house are buried beneath hundreds of tons of steel, brick and mortar of which the building was constructed.

Most of the injured were at work on the roof which was 300 feet long and 100 feet wide. About 200 feet of this suddenly fell in, from what cause has not been determined.

One of the injured died in an ambulance and two died at hospitals, making with those supposed to have been killed in the wreckage, a total of ten dead.

Others on the injured list are not expected to recover.

No Hebrew Fire Reels.

Chief Tremblay of the Fire Department, has reported to the Board of Control against a suggestion made that fire apparatus in the city should be lettered in Hebrew.

Sues for the Promised Land.

The Valois Boating Club has entered an action for $17,000 against Mr. A. Legault, of Valois. Mr. Legault, it is alleged, had promised to sell to the club, a certain tract of land, which he has now transformed to other parties, therefore the action is for alleged losses and damages.

USES A BRICK TO SPOIL HOLDUP ROBBERS BOLT

Mr. William St. Pierre Has Exciting Adventure on St. Catherine Road.

Thugs made a daring attempt to hold up Mr. William St. Pierre who reported to the Outremont authorities and as a result, special policemen have been detailed to look up every suspicious person.

Mr. St. Pierre was on his way home with Mrs. St. Pierre and was nearing the corner of Laurier street and St. Catherine road when two men approached them and at a distance of about twenty yards, gave every evidence of accosting them. Mr. St. Pierre hurried his wife forward and told her to run and give an alarm. As she left him Mr. St. Pierre found a brick on the sidewalk, picked it up and shouted:

"Now you two men, come. I don't know what you want, but you'll get this brick if you come any nerer."

The biggest of the men, a six-footer and weighing about two hundred pounds replied:

"Money."

"You'll get a brick on the skull, answered Mr. St. Pierre, and as an Outremont car turned the corner, only a few yards distant, added: "and here's the police.."

The two men took to their heels and as far as the police of Outremont know they are running yet.

DOMINION DAY EXCURSIONS

TO

STRATHMORE GARDENS

[ON THE LAKE]

AND

STRATHMORE ACRES

We cordially invite everybody who would like to spend a pleasant afternoon, and at the same time lay in a store of valuable information regarding the two most popular and money-making real estate propositions to-day, to go with us to-morrow and see our two wonderful properties at Strathmore—Strathmore Gardens (on the lake) and Strathmore Acres.

Trains will leave Bonaventure at 1.30 and 2.15 p.m., and our representatives will be on hand to provide tickets and conduct parties. Journey occupies less than half an hour.

STRATHMORE GARDENS

(on the lake)

This property is strictly residential in character.

All the lots are large and roomy.

It commands a clear and uninterrupted view of ever beautiful Lake St. Louis, whose shore it touches.

It is only twenty minutes' train ride from the city.

The fare is only 8 cents for adults and 5 cents for children.

It has sixty trains a day, and is served by both the C.P.R. and G.T.R. Railways.

It adjoins the stations of both these lines.

It has beautiful curved avenues and boulevards—no straight streets here.

We are selling plots here at 4½ cents per square foot and up.

It offers the investor a splendid opportunity to make money on the increase of values, which the completion of the improvements, now begun, will assuredly effect.

It offers a magnificent and quiet site for a home in the most beautiful spot on the Island of Montreal.

STRATHMORE ACRES

The Acres is a proposition primarily for the amateur gardener, poultry raiser, beekeeper, etc.

It is none the less a suitable spot for home building.

It is subdivided into one acre and one-quarter small farms, which are just the thing for flower and vegetable culture, chicken and poultry raising and beekeeping.

It is all high and level ground, situated a few minutes walk north of Strathmore stations (C.P.R. and G.T.R.).

It is very convenient to Canada's greatest market—Montreal.

It is splendidly served by transportation facilities, sixty trains a day stopping at Strathmore Station.

It has good country roads, and is rich in these essentials which make good farming land.

We are selling these farms at $276.00 per quarter acre and up, at which price they are a snap.

WEEK END EXCURSIONS.

Every Saturday and Sunday we conduct excursions to Strathmore Gardens and Strathmore Acres. We cordially invite you to join us to-morrow. Write, or phone for appointment.

GEO. MARCIL & CO.

PRIVY COUNCIL SUSTAINS THE COURT OF APPEAL.

In connection with the news from London that the Privy Council had dismissed with costs the long-standing case against the aldermen of the old Finance Committee, there was a misunderstanding in certain reports to the effect that this decision overthrew the judgment of the Court of Appeal in Montreal. The fact is that the Privy Council judgment sustains the decision of the Court of Appeal and overthrows the judgment of the Supreme Court of Canada. Sir Henri Taschereau and Judges Trenholme, Lavergne, Cross and Archambault unanimously gave judgment in favor of the aldermen.

DUKE OF CONNAUGHT GUEST AT FAREWELL DINNER IN LONDON

Distinguished Company Attends Function at American Embassy Last Evening.

London, June 30.—The American Ambassador and Mrs. Reid, gave a dinner at Dorchester House, last night, which was in the nature of a farewell to the Duke of Connaught, who is leaving, after the King's visit to Ireland, Scotland and Wales, for Canada to assume the Governor-Generalship.

The Duke was accompanied by the Duchess, Princess Patrick and Prince Arthur of Connaught, and the party invited to meet them formed a most distinguished company of diplomats, statesmen and persons socially prominent. Sir Wilfrid Laurier, the Canadian Premier, was among those present, and many Americans and Colonists came in to the dance, which followed the dinner. The house was beautifully decorated with palms and the tables decked with orchids. There were 120 diners—much the largest party given by Ambassador and Mrs. Reid since they came to England, and the dinner was served in the library and small dining room at separate tables.

McGILL EXPRESSES ITS GRATITUDE TO LORD STRATHCONA

Governors Send Message of Thanks for Gifts to Medical Faculty.

At a meeting of the Board of Governors of McGill University, a resolution was adopted cordially thanking Lord Strathcona, Chancellor of the University, for his munificent donation of $100,000 for the equipment of the new Medical Building.

The wording of the resolution included reference to the amount previously contributed by Lord Strathcona, $450,000, the two donations together making of the new buildings a monument to the donor's generosity and interest in medical science.

Dr. F. C. Harrison, acting principal of Macdonald College, was confirmed in his appointment, and is now principal of the institution.

A report was made that Dr. F. J. Shepherd had consented to continue to be Dean of the Faculty of Medicine for a further period of two years, and the resignation of Dr. J. Wilkins as Professor of Medical Jurisprudence was accepted, the Board expressing and the resignation of Dr. G. Wilkins valuable services. Dr. D. J. Evans was appointed assistant professor of obstetrics; Dr. Oskar Gruner and Dr. L. J. Rhea, assistant professors of pathology.

A gift of $25,000 for co-ordinated research in the laboratories of pathology was reported as having been made by Dr. James Douglas of New York, who was cordially thanked by the Board for his generous donation.

It was resolved to give favorable consideration to the suggested reunion of graduates of all the faculties to be held in 1913.

The following appointments were made:—

Early Closing on Saturdays During July and August

Of course, we'll be closed all day to-morrow, in honor of the birthday of our country, but starting next Saturday, July 8th, we'll close at 12.30 p.m. sharp on Saturdays during July and August.

You'll notice that we close a full half hour earlier than most other places. We do this in order to give our employees an opportunity to get out into the country by the early trains. So many trains leave at 1 o'clock or thereabouts, that our employees, by getting away at 12.30, are enabled to have the whole afternoon to themselves.

We therefore ask our many patrons to kindly remember that 12.30 is the closing hour on Saturdays, and would request that they assist us to enjoy our Half Holiday to its fullest extent by completing their purchases as early as possible.

Marrying for a Mother-in-Law

Elsewhere on this page will be found a short notice of a charming book of memoirs, by Mrs. Earle, who was a Miss Villiers. Apropos of her own marriage, the author contends that a man should be proud of his wife's family, and that they in turn should love him. It is pleasant in these days of endless jokes, about mothers-in-law to come upon a good word for them. The truth of the matter is that they, like step-mothers, are a much abused race. If a girl does not love her mother, there is either something very radically wrong with the mother or with the daughter. And if a man loves his wife, he must, of necessity, love also the mother whom his wife loves. On the other hand, the mother should surely entertain a real affection for the man whom her daughter has selected for a life-long partner. When there is not affection, the trouble is usually to be found in the habit of interference. It is difficult for the older woman to realize that she must not interfere in the affairs of the young couple. They must be left to work out their own problems and win, in such a manner, wisdom and self-reliance. Much of the trouble that undoubtedly often exists between sons-in-law and mothers-in-law also often comes from the young wife's habit of rushing off to her mother with every little worry and annoyance. John does this and does not do that, and is John not a wretch? The story generally becomes exaggerated, in the telling, and the mother takes the side of her daughter. Girls should learn that the happenings in the home should not be spread abroad. A wife's first duty is to her husband and difficulties and disagreement in the home should be settled without any outside interference.

A word might be said about the value of a son-in-law and vice versa. A family is a wonderful bond of strength in this world where life is so full of difficulties. Sons and fathers, mothers and daughters, give and receive help. When a man marries, he should take this side into consideration and realize that he may well marry for the wise and helpful assistance his wife will receive from her mother. It is a tie that should be made, and can be made, sweet and strong and helpful. Sons-in-law and mothers-in-law,—there is no reason why it should not stand next to sons and mothers.—A.C.

Book Chat and Anecdote

Intimate and Delightful Memoirs.

The extreme intimacy of Mrs. C. W. Earle's "Memoirs and Memories," just published by Messrs. Smith Elder, is at once reflected in her dedication of this book to her grandchildren, to whom she writes: "I have written this book in the hope that when you are older and your Granny will no longer be here, but numbered with those who have gone before, it may interest you to read about times and peoples and relations and forefathers you have never known." This personal note is maintained throughout the dedicatory letter, and the reader may feel a certain sense of astonishment in the fact that this large budget of family emotions, love-letters, marriage histories, and death records should come into his hands at all. The feeling may even survive a reading of the book, but it will then be merged in another—that of gratitude. For here we have the stuff of normal life, the intimate joint diary, so to speak, of several generations, and the inside lives of families and persons.

A Compact Library.

What books would you take abroad as provision for a long sojourn? Mr. Frank Harris says that he selected the following to be his companions on such an occasion:

The Bible	Turgenieff
Shakespeare	Dostoievsky
Emerson	Browning
Goethe	Volume including the "Pensees" of
Balzac	Pascal, Vauvenarques
Heine	Joubert.
Dante	Volume including the Rubaiyat
Montaigne	Bacon's Essays
Cervantes	Volume including "Lorna Doone"
Book of English Lyrics	"A gentleman of France"
Book of French Lyrics	"Slater Carrie"
Schopenhauer	
Charles Reade	
Flaubert (specially the letters).	

Mr. Harris adds that in his opinion "The Cloister and the Hearth" is beyond comparison the best English novel.

A Carnival of Clothes.

June means a carnival of clothes, and most of us have now got our outfits for the coming summer, writes an English correspondent. To my mind, the best-dressed women go in for a marked simplicity. There is a certain reserve in their choice of style, form, and color. In the early morning, on warm days, they wear neat frocks of linen, tussore, or simple foulard; and in cool or damp weather they appear in coats and skirts of fine cloth, silk serge, or some other thin woollen material. Then for headgear they wear one of the new toques with a small (not large) wing, or else a flat, rather wide-brimmed straw hat trimmed with fruit, flowers, or loops of ribbon. More attention than ever is given to the details of dress, and the old style of having everything to match shows signs of revival. For instance, the veil must match the hat, and the parasol—even the bag—should accord with the rest of the costume. And smart women wear slides, or boots, and stockings to match their dresses. By the way, the best dressers seem to favor boots rather than shoes for outdoor wear—a style which they have copied from smart Parisiennes.

DAILY FASHION HINT

WHITE MOHAIR STREET FROCKS ON EVERY HAND.

The white serge and mohair dresses seem to spring up over night like mushrooms, and very cool and pretty are these simply made, snowy-white costumes. The one pictured is of white mohair, or rather of white sicilienne, in a fine, silky quality, as cool and light at a breeze. The buttons are of white satin and white eyelet collar and cuffs turn back over the black ones, which are made of satin. The big white straw hat is trimmed with white eyelet embroidery and black satin. This costume is a smart and typical style of the summer.

SOME TRIED RECIPES

Jugged Steak.—Cut a piece of beefsteak into nice square pieces, roll them round; take a deep stone jar, pile the rolls one above the other; add 2 whole onions, 1 glass of port wine, pepper and salt to taste, a few peppercorns, no water; cover close. Put the jar into boiling water, and stew contents till tender. This resembles jugged hare.

A Dunelm of Cold Veal or Fowl.—A nice little entree or breakfast dish. Stew a few small mushrooms in their own liquor and a bit of butter for quarter of an hour; mince them very small, and add them (with their liquor) to minced veal with also a little pepper and salt, some cream, and a bit of butter rubbed in less than half a teaspoonful of flour. Simmer it for three or four minutes, and serve it on thin snippets of bread.

Buttered Eggs (Indian Style—Boil three eggs until hard, peel them, and cut crossways into slices. Beat up two raw eggs, and season them with salt and pepper. Put them in a deep buttered dish. Lay in the slices of hard boiled eggs, and a few small pieces of butter. Dust them with curry powder and cayenne. Bake them in a moderate oven, and hand them round in the dish in which they have been cooked.

An Excellent Lemon Pudding.—Beat the yolks of four eggs, add four ozs. of white sugar, the rind of a lemon being rubbed with some lumps of it to take the essence; then peel it and beat it in a mortar with the juice of a large lemon, and mix all with four or five ozs. of butter warmed. Put a crust into a shallow dish, nick the edges, and put the above into it. Twenty minutes in a fairly brisk oven.

Africandeau of Beef.—Here are two recipes for cooking beef in novel ways: Take a nice bit of lean raw beef; lard it with bacon seasoned with pepper, salt, cloves, mace and allspice. Put it into a stewpan with a pint of water, a glass of white wine, a bundle of parsley, all sorts of sweet herbs, a clove of garlic, a shalot or two, four cloves, pepper and salt. When the meat is tender, cover it closely, skim the sauce well and strain it, set it on the fire and let it boil till it is reduced to a glaze. Glaze the larded side with this, and serve the meat either hot or cold.

Glazed Sweetbreads, with Canned Mushrooms.

Soak and clean the sweetbreads and lard them on the best sides. Lay the trimmings of pork in a terrine; add a tablespoonful of chopped onion, two tablespoonfuls of chopped carrot, two parsley branches and a stalk of celery cut in bits; lay the sweetbreads on the vegetables, larded side upwards; add about a cup of hot broth, cover the dish and let cook in the oven about forty-five minutes. Set the sweetbreads on a shallow dish, baste them with melted glaze, or with butter, and let stand in the oven to become nicely but delicately browned. Repeat the basting every five minutes. In the meantime strain off the liquid from the terrine, pressing out allthat is possible from the vegetables, and use this with cream as the liquid in making sauce. For a pair of sweetbreads make a cup of sauce and add a dozen and a half of canned mushrooms. Set the sweetbreads in the centre of a dish and pour the sauce and mushrooms around them. This dish may be prepared in a casserole; in this case simply add hot cream with the mushrooms to the vegetables and sweetbreads, season as needed and serve from the casserole.

Strawberries in Swedish Timbale Cases.

Dip the edge of the case in white of egg, beaten slightly and strained, and then in fine-chopped pistachio nuts. Sift a rounding teaspoonful of powdered sugar on a small plate; with a spoon push the sugar from the centre of the plate and in the centre set one of the prepared cases. Fill the case with choice, unhulled strawberries. If necessary, wash the berries and dry them with a soft cloth. If they are picked fresh from the garden and have ripened on straw, simply brush with a soft dry cloth. These are to be taken up in the fingers dipped in the sugar and eaten from the hand. The case is not intended to be eaten.

Fashions From Paris

The Posing of Hats.

The posing of new hats is interesting—and still more interesting is the fact that each person appears to arrive at her own conclusion in the matter, wisely showing an endeavor to suit her hat on her head; thus in a large gathering of women you may see bonnets and small hats crowded close about the face, covering all the hair; or the same shape may be set far back—to the nape of the neck—charmingly framing the face and hair dropped low over the temples. In the case of large hats, they are worn tipped over the brows, leaving the charm of the face to be divined, while a good view is obtained of the manner of dressing the hair at the back. Set flat on the head, a dashing effect is gained by a large bicorne hat; or a coquettish one when posed with one point slanting low towards the shoulder. Ribbons are used in the trimming of hats to an extraordinary extent; mammoth bows shaped from it are quite the smartest ever seen; for morning hats, the smartness of these great bows quite overshadows any arrangement of wings or feathers, though aigrettes continue to hold their own. A Lentheric variation of the cornet hat in dark blue straw has its narrow brim, turning roundly up, faced with deep pink velvet; a coarse cord covered with silk of the same color marks half way the tall, hour-glass-shaped crown, and a high, bushy, black aigrette is held at one side of the front by a bunch of pink, silk-covered apples set in a green leaf or two

The Vogue of Velvet.

I have rarely seen so much ribbon as a trimming on hats as this season, while its use on gowns seems restricted, velvet taking its place. Used to any extent, velvet seems an incongruous accessory to summer gowning, but, judging from several examples I have seen from the most famous Paris houses, it is to be reckoned on. Fancy a summer gown of delicate white cotton voile—a Rodier material—heavily embroidered in a raised and open stitch, made with a round, three-quarter-long tunic hung over an underskirt of white mousseline de soie bordered half a yard deep with black velvet. The low corsage and short Breton chemise sleeves were covered with the beautiful embroidery over a chemisette of unlined black mousseline de soie, with tight sleeves that curved over the hands. This swagger costume was completed by a hip-long coat of the embroidered voile unlined, and with sleeves just long enough to cover the sleeves of the corsage.

New Long Garment.

Of fine white broadcloth is a new long garment shaped after the redingotes of the Directoire. It is close fitting, and is belted high with a four-inch band of the cloth cut in four even parts; the two set in the middle of the back and front lap stitched ends over the side pieces under a line of small gold buttons. A small cape collar rounds from the closing at the throat; it is hemmed with white braid, and a tiny collar covered with braid turned over at the back.

Dorothy Drew's Engagement.

A good deal of interest will be occasioned by the engagement of Miss Dorothy Drew to Captain Parish, who is one of the aides-de-camp of her uncle, Lord Gladstone, the Governor-General of South Africa. Miss Drew, recently developed a lung weakness, but it has been cured by the dry and rarified air of South Africa. She is the only daughter of the late Canon Drew, who married Miss Mary Gladstone, the daughter of the "Grand Old Man," and the friend of Ruskin. The late Mr. Gladstone was very fond of her, and she was one of the consolations of his old age. When a child her dainty little figure was a familiar one to the large parties of political trippers whose Mecca was Hawarden Castle, and where her parents for some years resided with Mr. Gladstone. The late Canon Drew was like a son to Mr. Gladstone in the last few years of his life.

CHILD'S DRESS CLOSING AT SIDE-FRONT

With Square or High Neck, Short or Long Sleeves.

2, 4, and 6 years.

The simple little frock that closes at the side of the front is a favorite one this season. This model will be found pretty for all seasonable materials. It can be made from the heavier linen, poplin and the like, and also from the thinner lawns and batistes, and with or without a belt. In the illustration, blue linen is finished with bands of white embroidery and with white pearl buttons. If liked, the neck can be made high and the sleeves long.

The front and the back of the dress each are made with centre and side portions, and the centre portions are lapped over on to the side portions. The sleeves are made in one piece each, gathered and finished with bands. The trimming is arranged under the neck edge, and under the edges of the sleeves.

For a child of 4 years will be required 2 yards of material 27 or 36 ins. wide, 2¼ yards 44 ins. wide, with ¾ yard of embroidery to trim as illustrated.

The pattern, No. 8944, is cut in sizes for children of 2, 4 and 6 years of age, and will be mailed to any address by the Fashion Department of this paper on receipt of ten cents. (If in haste send additional two-cent stamp for letter postage, which insures more prompt delivery.)

AUSTRALIAN PREMIER.

Hon. Mr. Fisher Cannot Visit Canada on Way to Australia.

Hon. Andrew Fisher, Premier of the Federal Government of Australia, will be unable to visit Canada. A letter has been received by the officials of the Trades and Labor Council to the effect that Premier Fisher is compelled to be back in the Australian House early in August, and will be obliged to travel by the Eastern route.

BIG CONTRACT AWARDED.

Detroit, Mich., June 30.—The bid of the Great Lakes Dredge and Dock Company of Chicago was the lowest of six for the construction of the masonry work for the American lock at the Soo. The successful bid totalled $1,063,000.

The new lock when completed will be 1,350 feet long and 80 feet wide. Two of the longest vessels on the lakes can be locked through at the same time.

CARGO OF UNCOLORED TEA.

Steamer Reaches Tacoma With 1600 Tons of New Crop.

Tacoma, Wash., June 30.—Sixteen hundred tons of uncolored tea, the largest shipment of the new crop to reach Puget Sound this year, arrived from the Orient on the liner Panama Maru, yesterday.

Under the prevailing regulations, tea from the Orient must be uncolored.

FRENCH RELATIONS.

Association Formed to Strengthen Bonds Between France and Canada.

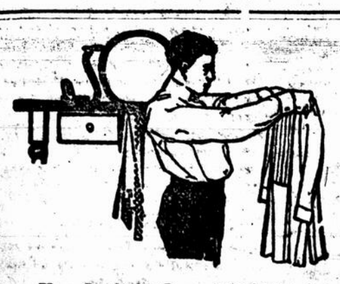
The passing of Mr. A. Kleczkowski through Montreal was the occasion, yesterday, of the re-organization of a local branch of the Ozocestine France-Amerique.

The aim of the new branch, which will be called France-Canada, will be the establishment of closer relations with France in fine arts, science, trades and finance.

The officers elected yesterday were: The Consul-General of France, and Mr. A. Kleczkowski, honorary-presidents; Senator Dandurand, president; Sir Montagu Allan, vice-president; Mr. E. Montpetit, secretary and Mr. P. B. de Grevecoeur, treasurer. The board of trustees is composed of the Hon. R. Lemieux, Postmaster-General; Sir Louis Jette, Sir Alex. Lacoste, the Hon. J. A. Ouimet, Sir Thomas Shaugnessy, Sir Montagu Allan, Mr. Chas. M. Hays, Senators David, Beique and Wilson; Major G. W. Stephens, Prof. Leigh Gregor; Messrs. F. J. Blaillon, G. Desaulniers, R. Genin, A. F. Revol, H. Miles, C. Beaubien, E. F. Surveyer and Dr. Cleroux.

Dr. Connolly Received Verdict.

Mr. Justice Teetzel rendered judgment yesterday in the long standing case of Dr. Connolly against Mr. G. A. Forbes and the Massada Silver Mines of the Cobalt district. The plaintiff was claiming payment of two promissory notes, amounting to $10,000 which defendant refused to pay, because he had signed those notes only in his capacity as agent for others. Judgement in full was given for the plaintiff.



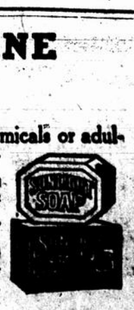
Use Sunlight Soap This Way

Soak the clothes, then lather well. Let stand half an hour, rub out the suds lightly, rinse, wring and hang out to dry. Could anything be more simple?

IDEAL FOR FINE LINENS

SUNLIGHT SOAP, free from chemicals or adulterants, requires no hard boiling nor heavy rubbing to aid it. It does its own work without these clothes-destroying helps—works equally well in hard or soft water.

Sunlight Soap leaves clothes pure white, clean and sweet-smelling—absolutely free from yellowish color and strong, musty, soapy odors.



Use Sunlight Soap according to directions—try it just once—and convince yourself that it will do twice as much as other soaps.

GRAND JURY INDICTS NINE MEMBERS OF THE WIRE TRUST

Charges Pooling Arrangements are in Violation of the Sherman Law.

New York, June 30.—Nine indictments charging restraint of trade in violation of the Sherman Anti-Trust law have been returned by a federal Grand Jury here against as many associations and a long list of individuals, comprising the so-called "wire trust," affiliated with the steel industry. Promin[ent] among the defendants are Herbert L. Pratt, a son-in-law of J. P. Morgan and Wm. P. Palmer, president of the American Steel and Wire Company a subsidiary of the United Steel Corporation, and Frank J. Gould, the well-known railroad financier.

"What this suit charges," said District-Attorney Wise, "is a trade agreement in restraint of trade." The Government does not seek to establish physical or fiscal merger of the properties or interests indicted, but a series of pools to maintain prices and apportion territory, in elimination of competition and so in violation of the Sherman Act.

The general charges in all of the indictments are the same, allowing for the difference of the business in which the defendants were engaged. Thus one indictment reads:

"Because said corporations, at all such times, have been and in fact now are, separate and distinct from each other, their said interstate business . . . should have been . . . conducted by each strictly on a competitive basis, and would be so conducted but for the unlawful conspiracy hereinafter mentioned."

It is set forth that the various associations described organized under their respective names, and each elected what was called a supervisor, and adopted sets of rules and regulations. An arbitrary rating was determined. It was charged, by the ratio of output for an agreed time; each member was obliged to pay $5,000 or less into a fund called "the general department," and in case any member failed to abide by the regulations his deposit was forfeited.

Raw materials were bought, it is alleged, in one indictment, at "arbitrary, and on-competitive prices to be agreed upon by said defendants, being prices lower than those for which the respective corporations would be enabled to purchase said raw materials, but for the unlawful conspiracy hereinbefore described."

Lost Jewel at Covent Garden

American Woman Relieved of Ornament Worth $12,000 During Singing of National Anthem.

Special to The Montreal Star.

London, June 30.—It became known to-day that Mrs. Charles Ketchen, of Denver, Mo., who is staying at the Metropolitan Hotel, was robbed of a pearl and diamond corsage ornament at the Gala Opera performance in Covent Garden.

The jewel was worth $12,000. This, coupled with another loss of a string of pearls worth $80,000, convinced the police that expert thieves penetrated the opera audience and worked during the excitement attending the singing of the National Anthem.

Mrs. Ketchen is certain her gems were taken before the first note of the anthem, and her maid declares the brooch was fastened securely before her mistress started for Covent Garden.

The ornament consisted of eight large diamonds and many pearls. The chief value of the brooch lay in the great size of its diamonds, two of them being 10 carat stones.

EUROPEANS IN DANGER.

Two Rebel Chiefs in the New Hebrides Evade Capture.

Special to The Montreal Star.

Melbourne, Australia, June 30.—Two rebellious chiefs in the New Hebrides, where a revolt has been running for some months, have managed to evade capture, despite the efforts of a punitive expedition sent against them.

The lives of Europeans there are consequently in danger and the assistance of the federal government has been sought.

A LOVE STORY OF THE SEVENTEENTH CENTURY NOVELIZED FROM THE PLAY OF W. S. GILBERT By P. St. C. HAMILTON

SYNOPSIS.

Synopsis of opening chapter: Jonas Marple, a village blacksmith, has left his home and is living a wretched life, in a half-ruined hut on the coast of Cornwall, under the assumed name of Dan'l Druce. He is half-crazed over the elopement of his wife with an unknown gallant. He has gone into hiding and changed his name in hopes that he will be thought dead, and thus leave his wife free to be married to her lover. Marple's brother discovers the missing man one dark and stormy night, and urges him to return and cease to be the wretched outcast that he has made himself. "Dan'l Druce" insists that this is his name and that Jonas Marple died the day his wife left him, and he practically drives his brother off. He has become a miser in his demented state, and has in years accumulated a small sum of gold, which he has concealed in a crevice in the hearth. This he frequently takes out and croons over, calling it his child, in place of the child which he had hoped for before his domestic trouble. While doing this his house is invaded by a fugitive officer of the Cavaliers and his sergeant, escaping from the defeat of the Battle of Worcester, and pursued by Cromwell's Roundheads. They threaten the old man with death if he gives any alarm, and demand that he secure them food and drink.

(Continued.)

CHAPTER III.

IF the idea of possible treachery on the old man's part suggested itself to the Royalist fugitives he left behind in the hut, they had been face to face with danger so much lately that they were taking no more chance than had been their hourly lot for many days. Familiarity with danger had made them reckless, and continued hunger will make the human animal as well as the brute beast desperate.

Even so, it is doubtful if they would have permitted the old hermit to leave their sight had they known that there were a dozen troopers steaming before the fire at the village inn with their horses still saddled and tethered in the adjoining stable. Neither did they know that the four or five Roundheads whom they had barely escaped in the darkness, were part of a regular patrol, who might be back any moment.

"Whew, I've brought the old devil to his senses," said the Colonel when they had heard the door locked after Dan'l Druce's departure. "What a life this is. Was ever a dog so hounded about from pillar to post as Jasper Combe, and for no better reason than that he is a gentleman and loves his king."

"Pardon, sir," interviewed the sergeant, "but I was never accounted a gentleman, and for my King, I care not one jot yet am I hounded as much as you are."

"Thou art hounded as much as I am" said the officer, "much as I am because thou thyself art as I am, though in a lower degree. King Charles is my King," and the cavalier raised his hat. "God bless him—and I serve him, and am hunted for so doing. Jasper Combe is thy King," and the sergeant in mock seriousness raised his hat. "God bless him likewise—and thou servest him, and thou art hunted for so doing. The analogy is complete. Be thou faithful to thy King as I am to mine, and thy King will reward thee—when my King regains his own. Is the child safe?"

The sergeant uncovered the child, asleep on the locker in the corner and said: "Ay, sir, thanks to my cloak; though I'm but a sorry dry-nurse, having taken to it late in life; but, it's never too late to learn, and I've learned this, that babes wont eat ship's biscuits, and strong waters choke them. Their poor little heads can't stand strong waters. I'll marry some day on that piece of knowledge."

"Add this also to your lore," said his master—"that when thou art flying for thy life it's best to leave thy babes behind. A dozen times we might have got away, but for being hampered with this squalling abomination. Was ever officer of cavalry accursed with such ridiculous elements of peril?"

"Was ever sergeant of horse armed with such a mischief-dealing implement?" added the trooper.

"Well, there's no help for it," sighed the Colonel. "My lady would have gone mad had I returned to her with out it. She is devotedly attached to the child."

Indeed it was mainly the child which had brought them to their present predicament. After the smash of the cavalier forces at Worcester, Sir Jasper Combe and his faithful follower might easily have escaped to the coast and been safe in France ere this, had they not first gone to Combe Hall to get the child to take over to Lady Combe, who was ill in France. The little one had had a perilous time under the rugged but kindly care of Sergeant Reuben Haines.

"Strange that attachment of some mothers for their children," continued Reuben. "My mother always disliked me and kept me at a convenient distance; but she was a Scotch woman and not liable to be imposed upon."

"Well, we must make the best of a bad job," said the Colonel. "Whew! How cold it is. I'm chilled to the marrow of my bones. That fellow is taking his leisure over his errand; see Reuben if thou canst find aught in the hut."

Reuben discovered a locker, but it was fastened, which Sir Jasper said was a proof that there was something in it. A hatchet which the old man used for cutting his firewood, soon forced the locker open. A crust of bread and some dried fish were found there. "And a bottle of right good Schiedam, that never paid duty. I'll be bound," said Reuben, continuing his search.

"And on that account fairly forfeit to the crown, which on this occasion I represent," said Sir Jasper. So bring an armful of those logs and make a merry blaze for I ache so though I were trussed in a suit of thumbscrews."

The trooper piled about half the old man's store of wood on the fire and soon had indeed a merry blaze, before the grateful warmth of which Sir Jasper stretched his legs.

"That's well," he exclaimed. "Now let us enjoy ourselves. Who would have thought this dingy old pig-sty had so much life in it. It's the first good blaze I've seen since the long-nosed devils fired the old mill we lived in. Come we'll be jolly."

Reuben took a piece of bread, but with that selfishness which was the leading trait of the man's character, Sir Jasper snatched the crust from him, saying: "Nay of food there's but enough for one," and when Reuben eyed the bottle, he continued, "and of Schiedam there's not nearly enough for one. Why, thou gaunt and sensuous varlet, canst thou not be jolly without food and drink? 'Tis always so with the baseborn; of intellectual recreation they have no notion whatever."

"I've eaten nothing for two days and I'm hungry," said the trooper ruefully.

"Thou'lt have to wait till the old scoundrel returns," calmly rejoined the Colonel as he munched the rude fare.

The sergeant went to the door and looked out, but there were no signs of the old man, and the soldier went out to see if he could not hasten him.

Left to himself, Sir Jasper soliloquized: "Here am I, outlawed for the Lord of Combe-Raven. Stripped of an ancestral mansion, and two thousand acres of land, hunted for death by crop-eared bloodhounds — separated from my wife by some two hundred miles of barren land and stormy water, and saddled with a confounded brat that hampers my flight, let him turn wheresoever he will. And say that I cross this cursed channel—how am I to get to Paris—penniless as I am? When I think of what I have before me, I'm minded to make short work of this cause of the loose brick. Stooping down he removed it from its place and the miser's money lay revealed.

"What's this?" he exclaimed. "Is it gold? Gold and in profusion! Here's a way out of our difficulties, if Combe-Raven were but the man he once it. The old miser. Bah! In another week's time we may perhaps come down to this sort of thing—who knows? But not yet—not not yet," and throwing the bag back into the hole he replaced the brick, saying: "Lie there—I'll not meddle with thee, though thou'lt be spent on a worse errand than helping Jasper Combe to his wife and his King, I'll be sworn."

His reflections were rudely interrupted by the entrance of Reuben in breathless haste.

"Yes, Sir—we must fly—and that at once," exclaimed the soldier.

"What dy'e mean?"

"I mean treachery—the old man has played us false! I hear the horse' hoofs in the distance," shouted the sergeant.

"A thousand devils wring his damnable neck! Run to the boat—get her ready for the sea. I'll join ye at once and we'll launch her together," ordered the Colonel.

The trooper hastened to the beach where the old miser's boat was drawn up.

"So," said Sir Jasper, "this changes the aspect of things. Old thou hast betrayed us and your gold is fair plunder." Saying which he dragged forth the miser's treasure and threw the bag into his bosom. Then his eye fell upon the child. There was a bare possibility of the two sergeants getting across to France, but to take the child in an open boat would inevitably cause her to perish with the cold. It would be murder to take her to sea with them, and it would be murder to remain and fight the pursuing soldiers with her in his arms.

There was no help for it, she must be left. Taking a locket from his neck he placed it beside the child and hurriedly writing a few words on a scrap of paper, he placed the note on the breast of the sleeping little one, then fled through the window and joined the sergeant on the beach. Together they managed to get the boat afloat and sprang in.

Sir Jasper had hardly got through the window before, several Roundhead soldiers guided by Dan'l Druce rushed in at the door.

When the old man saw the blaze, he wrung his hands and cried out: "Fire! Fire! He has fired the hut—he has fired the hut!"

"Nay, fool, 'tis but thy blazing hearth; thy hut's safe enough. Where are thy prisoners?" said the sergeant in charge of the soldiers.

"Oh, the reckless prodigal! See how he hath wasted my substance!" moaned the old man, seeing the inroads which had been made on his little store of firewood.

"There are no men hidden here," exclaimed the Roundhead sergeant. "The sons of Belial have escaped. Why thou hast betrayed us, and if so thou shalt hang for it."

"They were here, but the noise of thy horses' hoofs has alarmed them," expostulated the old man. "I warned them to tether thy beasts afar and proceed silently."

"See," said one of the soldiers at the door, "they are putting off from the beach."

"My boat! Oh, my boat!" screamed the old man.

"Bring down the Philistines, Nahum," directed the sergeant to one of his soldiers; "a steady shot under the fifth rib, and the Lord have mercy on them."

"I will even smite them hip and thigh," replied the soldier and he fired through the window at the boat disappearing in the darkness. "Missed! Nay, they're beyond range. May Heaven mercifully overwhelm them in the great waters!"

In the meantime, Dan'l Druce had discovered the open hiding place and the loss of his treasure. The soldiers turned and saw him kneeling there seemingly almost mad with grief and rage. "Gone, sergeant, gone gone! See they are gone—they were hidden in here, and they are gone!"

"In there?" said the sergeant. "Nay, there's never room for two stout men in that cranny."

"Men! Curse the men," screamed the old man. "'Tis my gold! My gold! They've stolen it. They've robbed me. Sixty golden pounds! All I had—all I had, and it's gone. My child! My child! They've stolen my child!" and still on his knees he placed his hands before his face and burst into a passion of tears.

"Nay, man, see thy child's safe enough and a bonny lass she is," said the sergeant, bringing forward the little one from the locker.

"Eh? What's that?" enquired Dan'l Druce. "That's not mine. My gold is my child, the gold that the infernal villains have taken!"

"Here's a paper and some words writ on it," said the Roundhead sergeant.

"Read—Read—I cannot read," exclaimed the old man.

The sergeant accordingly read this menace: "Be kind to the child and it shall profit thee. Grieve not for thy gold—it hath taken this form."

With the babe on the floor before him, Dan'l Druce still on his knees, brandished his hands aloft and cried out: "A miracle, a miracle! Down on your knees. Down, I say, for Heaven has evoked a miracle to save me! This for which I toiled night and day, and which I loved and worshiped, and to me a child—a dear, dear child! I prayed that this might be, but scoffers mocked me when I prayed, and said that the days of miracles were past. But they lied for my prayer has been answered. See it has her eyes, her curly dark hair, my darling, my darling! My Heaven-sent bairn! Dan'l Druce, thou art brought back to your son, to comfort, to life! Hands off," he cried, as the soldiers, awe struck, crowded around. "Hands off! Touch not the Lord's gift! Touch not the Lord's gift!"

And so it came to pass that a little child brought Dan'l Druce back to the world and life and reason, on that dark, storm swept September night.

MAN ABLAZE MAKES THRILLING DESCENT

Was Painting Smokestack when Naphtha Bucket Exploded—Spectators Aghast.

Pittsburg, June 30.—Two hundred and fifty feet above the ground, suspended by a rope that was burning, and his clothes blazing from naphtha and carbon oil, Chris. Sinkas, a stack painter, 36 years old, made his way down, hand under hand, to earth, while a crowd of men stood horrified at the Westinghouse Electrical and Manufacturing Company plant in East Pittsburg yesterday. He held a rope in his left hand and said that the rope was the means, at the same time using his right hand in an effort to beat out the flames.

When Sinkas reached the ground his clothing was almost entirely burned from his body, he was terribly burned about the right hand and arm, chest and face, and his left hand was raw and bleeding from being torn by the rope as he made the swift descent.

Sinkas was painting a smokestack built recently to a new addition to the plant brought into use this week. He had a mixture of carbon oil and naphtha is applied to the stack to cut off the rust. Sinkas went to the top of the stack. Before starting to work he lighted a cigarette and tossed the lighted match, he supposed, to the ground. Instead the match dropped into a bucket of naphtha and oil. An instant later an explosion occurred, and Sinkas, aflame, made his sensational trip down the burning rope.

MACHINISTS' STRIKE ENDED.

Chicago Labor Fight Was Marked by Much Disorder.

Chicago, June 30.—A strike of machinists of the Otis Elevator Company resulting in the shooting of one man and the beating of 50, was settled yesterday in a three years' contract.

The strike was characterized by much disorder, due to a war between rival unions. The strike began on May 1. A score of men implicated in disorders were arrested and fined, and three are now under indictment charged with assault with intent to kill.

Lisbon, June 30.—The Minister of War has called out part of the reserves of the First Division to reinforce the garrisons to the north owing to alarm reports, which are again current, of the possibility of an invasion by Portuguese refugees, who are now in Galicia.

SAYS POLYGAMY IS NOT PRACTISED NOW

President Smith, of Mormons, Observes Man is Better Off With One Wife.

Washington, June 30. — Polygamy no longer is practised by the Mormons, and the man who is caught taking a plural wife is promptly excommunicated.

So Joseph F. Smith, venerable president of the Mormon Church, is quoted as saying in an interview in the Post to-day.

President Smith said that he still supports, but one wife with the wives he married prior to the decision of the Supreme Court of the United States that polygamy was unlawful, and before the Church issued its famous manifesto forbidding plural marriages. Since his elevation to the presidency, his efforts, he said, had been directed toward inducing his followers to practice monogamy.

"Much Better Off With One."

Asked if he thought it best for a man to have but one wife, the husband of five wives and the father of forty-three children replied:

"In these days of the high cost of living, there is no doubt that the average man is much better off with one wife if a man cannot support wife wife decently, it would obviously be impossible for him to support more.

"The women of to-day all demand that they be dressed and fed and housed as well as possible, and the man with an average income would be in terrible straits if he had several wives on his hands, all crying for the latest thing in hats and gowns."

President Smith, who came to Washington to appear before the "Sugar Committee" of the House, said he expected to leave the city to-day.

Nimes, France. June 30.—For flying the papal flag on the occasion of a Joan of Arc festival here, the Bishop of Nimes today was fined one franc. A youth in the court room who cried, "Long life the Pope," and "Long live the King," was sentenced to one day's imprisonment.

Charged With Two Murders.

Sydney, N.S., June 30.—The case against Fred Beale, charged with the murder of William Bryant, during a labor meeting at Glace Bay in April last, took place here today.

There are two murder charges against Beale, one for killing Bryant and a second for killing Mike Murphy. The latter case will be tried tomorrow. This afternoon the jury returned a verdict of not guilty in the first case. Self-defence was the plea. Beale will be tried tomorrow on the charge of murder of Michael Murphy.

IN preparing the specifications for your new home or the remodelling of your present one, don't neglect to make proper provision for an adequate supply of pure, healthful warmth during the cold weather. Remember, in planning your home, you live indoors the greater part of the time, and the rigorous climate of Canada demands artificial heat six to eight months of the year. Instruct your architect or builder to specify

King Boilers and Radiators

and you will solve for all time the problem of an efficient, cleanly, economical and healthy heat supply.

The King Boiler extracts the greatest amount of heat from the fuel burned. It distributes evenly, clean, healthful warmth to all parts of the house, leaving no cold rooms, chilly corners, or draughty hallways.

The heat is always under your absolute control, and is so easily regulated that the house may be kept at the same temperature, no matter how the weather changes outside.

King Radiators are built to give the best service in the heating of buildings by hot water or steam, no matter how large or small the structure.

ITALY PLANS STATE INSURANCE MONOPOLY

Government's Object is to Encourage Thrift Among the People, Says Minister.

Rome, June 30.—The bill providing for State monopoly of life insurance came up in the Chamber of Deputies yesterday. Signor Mitti, the Minister of Agriculture, defended the bill, and replied to the arguments of its opponents. He explained that its object was to encourage thrift among the people and that the Government would utilize the profits of the life insurance monopoly to pay old age pensions. He contended that the State was not bound to indemnify or compensate foreign companies doing business in Italy, and the monopoly will not violate any vested interests.

The speech was applauded by two-thirds of the House. The debate was then closed and a vote will be taken next week.

The opponents of the bill threaten to resort to obstructive tactics.

BOMB THROWN IN MADRID.

One Exploded During Eucharistic Procession's Progress.

Madrid, June 30.—It is officially stated that while the Eucharistic procession was passing through the Calle Mayor, one of the city's greatest thoroughfares yesterday, a bomb was exploded in a side street.

No one was injured. One arrest was made.

Cholera Increasing in Italy.

Rome, June 30.—Cholera is increasing in Italy. Returns for the five days ending June 23 show that there are 91 cases in Naples and its environs, 93 cases at Palermo, and 49 cases elsewhere.

LORDS ADOPT THE CROMER AMENDMENT

To Prevent Passage of General Legislation Under Guise of Money Bill.

London, June 30.—The House of Lords, by a vote of 192 to 48, passed Lord Cromer's amendment to the Government's constitution bill.

The amendment affects the clause empowering the Speaker of the House of Commons to decide what a money bill is, substituting a committee of seven members from each House, and permitting the Speaker and the chairman to cast votes.

The amendment is designed to prevent the passing of general social legislation under the guise of financial measures.

PROPORTIONAL REPRESENTATION.

SIR RICHARD CARTWRIGHT gives it as his ripe political judgment, after many years of practical experience in politics, that the adoption of the system of proportional representation "would be the salvation of party government throughout the whole of the civilized world." No man in Canada knows the weaknesses and dangers of our present system better than Sir Richard; and few of our statesmen are as well qualified to tell us how the situation could be bettered by a change in the basic principles governing our elections. This is a problem of the philosophy of politics, and is a bit beyond the superficial or "practical" politician.

Earl Grey is another firm believer in the wisdom of proportional representation; and we should probably hear more of it from him if he were not hampered by the restrictions which limit the utterance of a Governor-General. Many other thinkers have given the proposal their blessing; but it is hard to make way against the long-established system of one-member constituencies. The latter method has simplicity on its side as well as custom; and the plain man loves something he can understand without effort. It seems so fitting that if a town or a country is to have a representative in Parliament, it should simply call all the adult males together and let them choose that representative by a majority vote.

The result, however, as Sir Richard pointed out, is to leave most minorities permanently unrepresented. The Liberals in Toronto, for instance, seldom are heard in the house of Commons. We may say that they are amply represented by Liberals elected from other constituencies; but might it not be that the Toronto Liberal would have a different point of view from the Oxford Liberal. Then this habit of assuming that all Liberals and all Conservatives are exactly alike, and that no Liberal or Conservative has anything to complain of so long as his party gets a fair proportion of the membership of the House, makes for the dominance of party. We practically compel men to keep within their party lines in order to make themselves think that they have any voice in the affairs of the country at all.

Proportional representation would give us large constituencies and enable the minorities to elect members—fewer members than the majorities, but still would not leave them entirely voiceless. The very fact that the constituencies must be large is a point in favor of this plan. It is the small constituency which permits the small man to get into Parliament. He can cover it with his "glad hand." He is able to see every elector and pull a lot of personal and selfish wires. But a large constituency can only be carried by a man of sufficient stature to be seen over its entire extent; and the "ward politician" and the house-to-house canvasser is relegated to his proper place.

Something like proportional representation exists in many advanced countries. In Belgium it is in operation. In such countries as France and Germany they have second ballottings which permit minorities at least to appear at the polls. This system is better for the small minorities—that is, sections of parties, as it were. A Radical of a certain shade can vote for his particular color on the first ballot without fear that his moment of emancipation will elect precisely the one man he does not want to see in the House. No member is elected without a majority; and the ultra-Radical gets his chance the next week to show his preference as between the two men most likely to win.

In Canadian conditions, the large constituencies and the privilege of selecting minority representatives is what we want. This would give us better men in Parliament; and would set the voter free to mark his ballot according to his convictions without that deadly sense of hopeless helplessness which now bears down the permanent minority man. The majority would still rule; but it would be a majority more nearly reflecting the real strength of the majority in the country. We should not have narrow majorities in the constituencies electing overwhelming majorities in Parliament; and we should not have large minorities discouraged by the feeble impotence of their unjust representation in the great assize of the nation.

THUNDER AND LIGHTNING.

THERE are no phenomena with which everybody is familiar, so little understood and so generally misunderstood as thunderstorms. Their very impressiveness and the terror inspired by them, lead to inaccuracy of observation and especially to exaggeration regarding frequency and intensity. Considering that the essential nature of thunderstorms has been known for what is known is (to reverse Mr. Dana's legend) "not so." tle is generally known about the subject and that much of what is known is (to reverse Mr. Dana's legend)" not so. For one thing the intensity of a storm is apt to be measured locally by the extent of its local consequences and the intensity of the storm which visited Montreal on Tuesday will be remembered among our people not for its relative intensity but because it destroyed a church worth $200,000, just as the same storm will be remembered in Chateaugay because it destroyed a barn and killed a horse.

It is to be feared that statistics concerning meteorological phenomena in Canada are not sufficiently complete to contribute much to the world's knowledge on the subject of thunderstorms; but sufficient fatalities are loosely recorded in the Dominion every year to justify the idea that it would be well worth while to collect the data necessary to form something like an accurate conception as to the prevalence and characteristics of atmospheric electrical disturbances in various parts of Canada. For the conditions vary greatly in different countries with different seasons of the year, and with different hours of the day. Then in some places the frequency of the storms seems to be increasing. In large areas, like Canada and the United States, there is room, of course, for great local variation

In England the deaths by lightning per million inhabitants per annum varies from 0.1 in London to 1.8 in the North Midland district. The very low rate in London is presumably due to city conditions, the rate for the South East of England being 0.8. In North and South Dakota it is 20 per million; in California, 0; in the Upper Missouri and Plains region, 15; in New England, 4, and the Gulf States, 5. That New England and the Gulf States should be so nearly alike is remarkable in view of the fact that in the temperate latitudes the rule is said to be "the higher the latitude the fewer the thunderstorms."

It is an undoubted fact that a large proportion of the fatalities from lightning are among people taking shelter under trees and it has been naturally but incorrectly assumed that it is safer to get soaking wet in the open than to take shelter under a tree in a thunderstorm. In Hungary where the deaths from lightning are 7.7 per million inhabitants, it was found in the three years from 1901 to 1903, that while 15 per cent. of the fatalities occurred under trees, no less than 57 per cent. occurred out in the open. In the United States in 1900 there were 10 per cent. out in the open. As a protection from lightning, a house is better than a tree, but a tree is better than nothing. Much also depends on the kind of tree and its location. Any tree standing alone is more likely to be struck than one in a wood and in equal numbers of oak, fir, pine, and beech trees a series of observations extending over many years, in Lippe, Germany, lead to the conclusion that the respective chances of being struck are: oak 57 fir 39, pine 5, beech 1. The soil is also said to make a great difference, the respective liability as found in Germany being, loam 22, sand 9, clay 7, chalk 1. In great cities the risk to human life is insignificant compared to the terror inspired and the immunity has probably been increased by the multiplication of good electric conductors such as telegraph and telephone wires and steel frame buildings. That Telephone Companies, however, should have difficulty in attempting to restrain people from trying to use the telephones during severe storms shows the need for a little popular education on the subject.

THE LAW AND "GENTLEMEN'S AGREEMENTS."

ANOTHER of the great industrial combinations of the United States, the so-called "Wire Trust," must show cause why it should not be considered as an undesirable asset of the country and disintegrated in accordance with the provisions of the much-discussed and variously interpreted Sherman Act. The point of particular interest in this case is that there is no charge made of physical union of different plants or even of a fiscal merger of the interests involved. The issue is simply that a series of "pools" have been formed to maintain an abnormally high price for wire products, to apportion territory and to eliminate competition.

If it is possible, under the provisions of the Sherman Act and by the legal machinery available for its interpretation and enforcement, to make it plain that the so-called "gentlemen's agreements" are dangerous things to the gentlemen who do the agreeing, just so far as they partake of the character of an arrangement to overcharge any part of the people for commodities, especially those which the public is being taxed to protect, then the underpinning will have been loosened under the platform of dangerous combinations. None of the long list of prominent American financiers who are named in the indictments returned by the federal Grand Jury in New York yesterday would willingly put themselves in a position with respect to the Sherman law or any other which would be likely to jeopardize seriously their individual liberty. As soon as the federal government shows that it has both the intention and the power to put an end to such pools, even if it is necessary in so doing to send "malefactors of great wealth" to jail for a short period, it is safe to assume that pooling operations amenable to the law will come to an end. What will be substituted for them is, naturally, another matter.

OUR YOUTHFUL JEHUS.

IT has come to light, in the course of proceedings before the Recorder, that there is no by-law to prevent a delivery-wagon with its steed of more or less spirit, being entrusted to the wisdom and discretion of a ten-year-old boy on daily trips through the city. If the proprietor is willing to take the risk, he may even hire as his driver a child of still more tender years; the city does not concern itself.

Loath as we are to stimulate the law-making proclivities of aldermen to more than normal activity, there is a matter which might well be given some little attention. It is questionable whether it is wise to hand over a horse and wagon to a very small boy under any circumstances; but there can be no argument on the proposition that to do so when the delivery route lies through the busiest parts of the city is to impose risks, not only on the boy, the horse and the wagon, but upon more serious traffic and less mercurial citizens which are scarcely justifiable. These impromptu chariot races which enliven side streets are all very well in their way, though somewhat aside from the purposes of the grocery or the butcher trade, but many people object to their way leading past respectable and peace-loving front doors. So, also, the blithesome manner in which a heavy wagon, with its horse at a brisk trot, can be manoeuvred within a few inches of a group of children playing in the street often arouses our admiration without commending itself to our sense of discretion. The City Council might do worse, between attacks on the Board of Control, than give this subject some casual attention.

THE CASE OF LAC AUX SAUMONS.

ISOLATION as an alternative to vaccination ought to bring such recalcitrant little communities as that at Lac aux Saumons to a realisation that, in matters of public health, the best interests of the public transcend the prejudices and even the rights of individuals. One of the chief reasons for the present outbreak of the disease in various parts of the province is the lax way in which the laws looking to the suppression of small-pox have been enforced of late. It is a matter of common knowledge that cases are, in far too many instances, not reported, that quarantine is not made effective, and that even in educational institutions, fundamental precautions for preventing the spread of the disease are ignored, apparently with impunity. As a result of this cumulative neglect, it has been necessary to inflict on the whole province certain regulations which are onerous but which the weight of medical experience show to be essential. The danger of toying with the situation having been sufficiently demonstrated, it now rests with the health authorities to enforce, fearlessly and without favor, the measures which will again give them control of the disease. Their action at Lac aux Saumons if it be consistently maintained, ought to prove effective pending advice from the Brave's legal representatives as to its authority to enforce more drastic measures. If it is not possible to protect a community from the ignorance or folly of its own citizens, we should at least be able to see that others are not put in peril by it.

Mr. R. L. Borden's Western Trip

Special Staff Correspondence.

Lloydminster, Sask., June 30.—Mr. R. L. Borden has completed his series of meetings in Alberta, and is back in Saskatchewan on his way homeward. The last Alberta meeting was held yesterday at Vegreville, a cosmopolitan community some distance northwest of Edmonton. It was well attended.

A memorial was presented on behalf of eighty branches of organized farmers of Alberta and Saskatchewan. This memorial recognized that "on many questions of primary importance the Opposition is more in accord with the views of farmers than the Government party," and expressed the "hope," that the "Opposition party may yet see the reasonableness of all the essentials of our programme."

Dealing with the tariff it asserted that twenty-five per cent. "of what we pay for the goods we buy is a price advanced by our fiscal system," and then continued: "We ask the Opposition leader to do his utmost to secure enactment of the reciprocity agreement, and we candidly disclaim confidence in any party or any politician, under whatever of friendship and sympathy who persists in upholding the tariff system that exacts exorbitant tribute from the main producers of wealth in order to provide attractive dividends for the class into whose hands the surplus of that wealth is attained."

Addresses were presented by two locals of the United Farmers of Alberta. That from Vegreville was along the customary lines. That from Lavoy began by stating that this society is independent of party politics, and the farmers of Western Canada will support the party which is more willing to support their ends. Then, dealing with Mr. Borden's statements on the Hudson Bay Railway, terminal elevators, and the chilled meat trade, it went on to say, "so far we have received quite inadequate satisfaction on these points, and your welcome and absolute assurance of relief in the event of your coming into power, has filled us with confidence and very great satisfaction. Your absolute refusal of reciprocity," it declares, "is frank and manly, but unfortunately is opposed to the wishes of our association."

It further repeated the demand for free trade with Great Britain which, it commented, appears might be a long step towards removing the embargo on live cattle going into Britain, which would greatly benefit Western Canada, and would be a means of attaining the end towards which we should all work, the closer cementing of all ties between Canada and the Mother Country."

VISITORS ARE BUSY.

Locomotive Firemen Spend Time in Sightseeing.

After attending the parade of the Fire Brigade and Exhibition on the Champ de Mars, given in their honor this morning, members of the Brotherhood of Locomotive Firemen and Enginemen left Bonaventure station by special train for St. Anne de Bellevue, where they were received by the authorities of Macdonald Agricultural College, and shown over the institution.

After rtheir return, they will board special street cars for a ride round the city, which will terminate at Dominion Park, where the delegates will be the guests of the management.

To-morrow members of the Brotherhood will be the guests of the City Council, and will be entertained to a car ride round Mount Royal, and a visit to its summit, by way of the Inclined Railway. They will also take part in a picnic.

To-morrow will be the concluding day of the Union meeting in Montreal.

MORTLAKE TAPESTRIES MAY COME TO AMERICA.

Duke of Rutland Receives Offer of $75,000 for Art Treasures.

London, June 30.—An offer of $75,000 is reported to have been made to the Duke of Rutland by an American for the famous Mortlake tapestries, copying Raphael's cartoons, which are now in the chapel of Belvoir Castle.

The tapestries were originally in seven pieces, and were made at the Mortlake factory on the order of Charles I. After the death of Charles Cromwell sold them to Lord Haddon. They were inherited by the Duke of Rutland. One was burnt in a fire at Brussels, and two are in the South Kensington Museum. The others apparently will follow the large number of works of art that have gone recently to America.

JENKINS JEWELLERY MYSTERY

Customs Agents Getting Case Ready for Grand Jury.

New York, June 30.—Government customs agents renewed their activity to-day in the Jenkins jewellery mystery in preparation for the Grand Jury investigation to begin next week. Mrs. Helen Dwelle Jenkins, whose name has been coupled with those of prominent men of wealth in this connection, says she has been subpoenaed to appear before the jury next Thursday, and several former customs inspectors are expected to be witnesses owing to intimations that the government was defrauded of duties on jewellery worth $300,000 through connivance in the customs department.

The alleged smuggling occurred more than two years ago. A year and a half ago the jewels mysteriously disappeared. Police Commissioner Dougherty, who served as a private detective in their final recovery, said that his search met "scandals at every turn."

TO CENSOR PICTURE SHOWS.

Sydney Women Ask Government to Protect Morals of the Children.

Special to The Montreal Star.

Melbourne, Australia, June 30.—The Women's organizations in Sydney have approached the State Government urging that strict censorship be maintained over the picture shows throughout the state, as such exhibitions are often found to be demoralizing to children.

The deputation was informed that the Government was fully alive to the danger and had under consideration the imposition of the condition that children attending shows must be accompanied by a parent or guardian.

CUSTOMS INCREASE.

Receipts in Montreal Show Advance in June.

The Customs receipts for the Port of Montreal during the month of June are estimated at $1,565,000, as compared with $1,539,000 for the same month of last year, being an estimated increase of $26,000.

"I Remember--"

It was probably from his father that Mr. W. L. Maltby got his sporting instincts, for his father had, in the Old Country, been devoted to sport; but as a youngster Mr. Maltby used to hie him to Point St. Charles, early in the morning, with a lot of decoy ducks under his arm, and in the marshes and sedge of a district which now contains thirty thousand people, he shot wild ducks, while in Cote St. Paul he found snipe in plenty.

At that time neither place was built up to any extent, and the experience of Mr. Maltby in his early life marks the contrast between the past and the present in the growth of the city.

"No; I never shot snipe on Beaver Hall Hill," said Mr. Maltby, "but I did in the big hole at the foot of St. Urbain and Ontario streets, where the Church of St. John the Evangelist stands. That, by the way, used to be a great fighting ground between English and French boys at that time. We used to employ fists, sticks and stones. Scores and even hundreds on both sides rushed to the fray. There were broken heads on both sides.

"On the Queen's Brithday it was understood that we should have a pitched battle on the Champ de Mars. Each side marshalled its forces; and when the Volunteers would be going through their evolutions we would make the attack. The fortune of war varied; now we were the victors; again we sustained defeat. But these early struggles had, I believe this effect, that they made all parties to them on both sides hardy. Neither did they leave any rancor."

* * *

Lacrosse was in its infancy in Mr. Maltby's youth. He did much to develop interest in it, both by his own efforts and example. At that time such lacrosse matches as took place were free to the public. Such a thing as admission fee was not thought of. Five hundred spectatirs was considered a good crowd then. Interest in the game lagged.

"One day, however, I noticed a paragraph in the press, stating that the Ottawa Lacrosse Club claimed to be the champions of the world, and that they challenged any other club under the canopy to dispute their title," said Mr. Maltby. "I challenged on behalf of the Montreal club. The reply was that the Ottawas were unaware of the existence of the Montreal Club, whose challenge, however, they were willing to take up. We took some of the pride out of them before we were through with them.

"That led to a challenge on the part of the Prescott players who came down with a brass band. They would hold but little converse with us, but stayed in a tent which they had brought with them. We played then on the old Phillip property, which ran down from St. Catherine street to Dorchester.

"Think of that neighborhood now," said Mr. Maltby, musingly.

"Well, we beat them three straight—a beating so thorough that it had the effect of breaking up the club."

"I was one of the reserve players on the Montreal team which played the Indians for the entertainment of the late King Edward, when he visited Montreal in 1860. There was a large crowd and much enthusiasm. The Prince seemed much interested in the game."

* * *

"You sometimes hear it said," Mr. Maltby observed, "that the progress of temperance is slow; that people drink as much as ever. Rubbish! I remember the occasion of a dinner at Dolly's Chop House, at which I was given a medal for some athletic achievement, at which at least a dozen of the guests fell under the table in the course of the evening, nobody taking the least notice of them. That was regarded as a very common occurrence.

"One would meet them the following morning, and they would remark that their hats were too big for their heads. Nobody thought anything of excessive drinking in those days, but to-day a stigma attaches to the man who gets drunk. At our banquets now if any guest gets under the weather his friends quietly lead him out of the room and have him sent home or put to bed in the place. People who say that drinking manners haven't improved, know little of the customs of an earlier day.

"There was, by the way, a second chop house opened on Place d'Armes square, by an Italian named Giavelli—a place which was very successful."

* * *

"When the military came out here from England, they had no knowledge of our winter climate. It was amusing to see them fall head over heels when they attempted to wear snowshoes. They tied the shoes so tight that they tripped themselves. I remember giving them many a lesson on the Champ de Mars. We have all heard of that famous march from Halifax to Montreal in the winter, on snowshoes. All nonsense. They marched in sleighs, with the snow shoes tied behind their backs."

It was then that the idea of singing in the regiment while on the march was introduced and Mr. Maltby introduced it in the Victoria Rifles. The men took it up with a will, and it was a pleasant experience to hear the singing as the regiment was on the march.

* * *

It has been often said of Montreal that it is deficient in the musical instinct; but when Mr. Maltby was young it imported its organists and such musical teachers as it desired, or could afford. Mr. Maltby remembers Mr. Barnaby, as the first organist of Christ Church Cathedral. He was succeeded by Mr. Carter, who charged for private tuition $2 a lesson. Mr. Maltby himself was musical, and was, as a matter of fact, one of the first boy choristers in the Cathedral. He was often asked to take up a musical career, but business drew him. The first organist of the Cathedral got $600 per annum. In the French community Lajoie was supreme at the time as a singer.

"Music, as well as everything else, has advanced since then," said Mr. Maltby. "The city is a new city. The old easy days are gone. The old haunts are removed. The actors in the early scenes have passed away. We are now a big, bustling community with very little time even for our reminiscences."

INCENDIARY FIRES MINE.

Sixty Miners Barely Escape and Colliery is Ruined.

Clarksburg, W. Va., June 30.—Fire of an alleged incendiary origin is burning fiercely in the Chiefton mine of the Clarksburg Coal Company at Wilsonburg, near this city. Sixty miners escaped through an emergency opening, and it is believed every man who was at work succeeded in reaching the surface.

The mine, it is said, will be practically ruined. Water has had little effect, and this morning every opening was being sealed with cement in an effort to smother the flames. The loss will be heavy.

THE PASSING HOUR

THE GAS BAG CONTEST.

(From La Presse, Montreal.)

The ascension of La Presse balloon was a complete success. There was only one discordant voice, that of Le Devoir, which is the best equipped school of envy that exists under the sun. The Nationalist organ only wants the crowds to leave their houses at its call to surround the carriage of a man who entertains them with sonorous words, while torches are being waved around him.

THE French court which fined a bishop one franc (about 18 cents) for flying the Papal flag at a Joan d'Arc festival ,and sentenced a boy to one day's imprisonment for shouting "Long Live the Pope" has vindicated the majesty of offended law, and made the punishment fit the crime.

SOME highly-condensed words of wisdom have the merit of being original, and some have the merit of being true. The following from London Truth possesses neither of these merits:

"Our system of colonization mainly consists in emptying the back-streets into the back-woods."

The system consists partly in emptying the back streets of English cities into the back streets of Canadian cities, but to compare the Canadian back streets with the Canadian back-woods is simply back-biting.

THAT the law is no respecter of persons (except in the United States) is a popular fallacy. Anatole France puts it well: "The law in its majestic equality forbids the rich as well as the poor to sleep under bridges, beg in the streets, and steal bread."

"NO MOSQUITOES," says the signboard at the rural summer resort, but the conscientious proprietor, if pressed, admits that the mosquitoes take no more notice of the notice than the tramps do of similar warnings.

Hiler—"Notice the peculiar golf stroke De Munn uses?"
Hobert—"That's a mannerism of his early life; he used to drive stakes for a circus."

MUSICAL AWARDS.

Dominion College of Music Has Successful Year.

A most successful year was reported at the annual distribution of medals, diplomas and certificates to the pupils of the Dominion College of Music, in the large hall of the Central Y. M. C. A. last evening.

In his annual report the secretary and registrar, Mr. Percival J. Ilsley, stated that the most successful year in the history of the college had been passed, and that the standard of playing had been much higher than in former years, particularly excellent work having been done in convents and schools.

A substantial increase in the number of candidates was announced, there being 1,178 as against 1,008 last year, with a percentage of failures of not more than twenty-five. In Quebec city alone there were 240 entrants, in Montreal 221, and in Ottawa 171. The territory covered by the examinations extended from Cobalt and North Bay to Rimouski and Newcastle, N.B., and each centre showed large increases.

The hall was crowded with pupils, parents and friends and well testified to the hold that the purely Canadian musical training, as given by the Dominion College of Music, which has its headquarters at 620 Dorchester st. west, is obtaining.

Owing to the unavoidable absence through sickness of Mr. C. W. Hagar, the president of the college, Mr. J. A. Fowler presided and handed the awards to the successful students. Also on the platform, assisting the chairman, were Messrs. Percival J. Ilsley, secretary and registrar; Max Bohrer, G. W. Cornish and S. Fraser.

Medals were awarded as follows:—

Gold Medal (donated by the president).—Irene Theriault, Montreal.

Gold Medal.—Mary McManus, Ottawa.

Silver Medals.—Blanche Ouimet and Georgina Dube, Quebec.

Special Silver Medal.—Elsie Margaret Seller, Montreal.

Special Prize (donated by Lieut.-Col. Frank Meighen).—Alice Dumouchel.

FROM THE STAR FILES THIRTY YEARS AGO TODAY

The Late Bishop Fabre.

"Bishop Fabre paid a visit to Cotesu Landing yesterday afternoon."—From the Montreal Star, June 30, 1881.

EDWARD CHAS. FABRE, R. C. Archbishop of Montreal, was a true son of the soil, both his father and mother having been born in the city. His father's beautiful actions towards the families of the political offenders in the troublesome times of 1837-38 can never be forgotten amongst the number who were incarcerated. After his release he devoted himself entirely to the families of his compatriots then suffering. His father, after this troubled time, was connected for many years with the firm of Fabre & Gravel, book sellers. The Archbishop was educated in St. Hyacinthe College, and at Issy, France. His first charge was as cure at Sorel, and in 1852 he was parish priest of Pointe Claire. In 1854 he returned to the Bishop's Palace, and was made a canon in 1855. He was appointed Bishop of Gratianapolis in 1873, and was consecrated by Archbishop Taschereau, of Quebec. In 1876, when Bishop Bourget resigned, he became Bishop of Montreal, and afterwards was raised to the high position of Archbishop. Owing largely to his great effort the city to-day has the grand St. James Cathedral adorning Dominion Square.

"A meeting of directors of the Montreal Telegraph Company was held yesterday, when it is understood the arrangement with the Western Company, by which the latter guarantees a dividend of 8 per cent. to the shareholders of the Montreal Company was approved, and it is also understood that a printed copy of the agreement will be distributed to the shareholders in the course of a day or two."—From the Montreal Star, June 30, 1881.

THIS deal was acceptable, and the amalgamation of the two companies as the Great North-Western was the result.

"The Oxford and Cambridge cricket match, which was concluded at Lord's yesterday, resulted in favor of Oxford by 126 runs."—From the Montreal Star, June 30, 1881.

THERE are three great sporting events that also are of great social importance. They are the Oxford and Cambridge boat race, the Oxford and Cambridge cricket match, and the Harrow and Eton cricket match. They always attract the elite of the Empire, and men are found backing their own school or college even if their own judgment might suggest a preference for their opponents.

Find Unidentified Corpse in River.

The corpse of a man which had apparently been in the water for many weeks was found floating in the river opposite Long Point last night. The remains are awaiting identification at the city morgue. There was nothing in the few ragged clothes by which the victim's name could be learned and the body is in such a condition as to render recognition by friends or relatives almost impossible. He was apparently about 60 or 70 years old with gray side whiskers.

Toronto Man Falls Out of Car and is Crushed to Death.

Special to The Montreal Star.

Toronto, June 30.—Crushed between the car in which he had been riding and the cogs of the machinery of the Racer Dips at Hanlan's Point last night, Frederick Swallow, single, 27 years of age, and living at 120 Bond street, died while being conveyed to St. Michael's Hospital in the police ambulance, after having been brought to the city.

Swallow, according to his companions, stood up in his seat as the car rose to the first slope, and appeared to have fallen out in some way, although the sides of the cars rise shoulder high and there is a bar in front to prevent such an accident. The car was not on a curve when he fell out

U. S. OFFICIALS DISMISSED.

Washington, June 30.—Misappropriation of state department funds is charged and a recommendation that William H. Michel, former chief clerk of the department, now American consul-general at Calcutta, and Thomas Morrison, disbursing clerk, be dismissed, "for the good of the public service, and the integrity of public officials," is made in a report adopted by the House Committee on Expenditures in the state department.

This is the result of an investigation by the committee into the alleged expenditure by the department of $2,450 for a painting of former Secretary of State Day, of which amount the artist, Albert Rosenthal, said he received only $850, the remaining $1,600 being unaccounted for.

ANOTHER FRENCH AVIATOR KILLED ON FIRST ASCENT

Lieutenant Trochon Falls to Earth at Cholons-Sur-Marne, and Dies Hospital.

Chalons-Sur-Marne, France, June 30.—Lieut. Trochon was fatally injured while making his first trip as pilot of a bi-plane yesterday. The machine plunged to the earth almost immediately after rising, and the lieutenant was taken from the wreckage, terribly injured. He was taken to an hospital where he died soon afterwards.

Prince de Nessole Falls.

Brussels, June 30.—Prince de Nessole, who attempted to make the flight from Brussels to Roubaix, with some of the aviators competing in the circuit race, was forced by the strong wind to return to the Aerodrome here yesterday. In making a landing he capsized but was not hurt. His machine was wrecked.

Vedrine Again the Leader.

Calais, France, June 30.—Seven of the contestants in the European circuit aviation race have arrived here. The aviators started from Roubaix yesterday on the sixth stage, which called for a flight to Calais, and all who reached there safely agreed that the trip was one of the most difficult and thrilling they had yet undertaken. This was largely owing to the violence of the wind. One of the aviators, Vidart, said that he had covered (most of the distance side-ways.

Vedrine was first to arrive here. He was followed by Vidart and Beaumont, Renaud, who broke down about 15 miles from Roubaix was last to arrive. He carried a passenger and it was almost dark before his machine was sighted. It took him more than seven hours to travel the distance.

The seventh stage, from Calais to Dover, has been postponed until Monday at the request of the English Commissioners, as the International race for the Gordon-Bennet trophy is to be raced tomorrow.

ALL IN READINESS FOR COUPE INTERNATIONALE

Special to The Montreal Star.

London, June 30.—Everything is in readiness and the indications are that if the weather be favorable, a notable turnout will witness the race for the Coupe Internationale d'Aviation at East Church, Isle of Sheppy, on Saturday.

The entries so far announced, are:

America:—C. T. Weymann, Nieuport; France, A. Leblanc, Bleriot; E. Nieuport, Nieuport; M. Chevalier, Nieuport; reserves, E. Aubrun, De Perdussin; R. Garros, Bleriot; Mons. Gilbert, R.E.P.

Great Britain:—Alec. Ogilvie, Baby Wright; Gustav Hamel, Bleriot; D. Graham, Gilmour, Bristol monoplane; reserves, O. C. Morrison, and James Valentine.

Seven trial flights were made yesterday, and the speed shown promises a thrilling contest tomorrow. The representatives named are the foremost airmen of their countries. The Americans are hopeful that Weymann may capture the Cup. The Englishmen, however, expect to see Graham Gilmour, successful with his Bristol monoplane, while France has a strong team in Leblanc, Nieuport and Chavalier.

Many Frenchmen here are confident that Leblanc, who is said to have lost the trophy at Belmont Park, last year by an unfortunate accident, will be returned the winner. Others believe the victory will go to Nieuport, whose machine holds the world's speed record.

If the weather be favorable, it will be surprising if the winning aeroplane does not do seventy-five or eighty miles an hour.

Gives Aeroplanes to Government.

London, June 30.—H. Baber, an aviation expert and inventor, has given to the British Government four military aeroplanes. Two of these will be allotted to the navy and two to the army.

Pete Murphy Celebrates.

The fifty-seventh birthday of "Pete" Murphy, the veteran newsboy of the city, was celebrated yesterday with befitting merriness. The members of the Newsboys' Protective Association gathered round their president last evening and carried him off for a drive through the city. The party, boisterous and happy, filled two 'buses to overflowing. The veteran beaming under his silk hat and proudly carrying the gold mounted cane presented to him by Sir Wilfrid Laurier, occupied the seat of honor on the first conveyance.

To-morrow being the 44th Birthday of the Dominion of Canada, this store will remain closed all day.

An Appeal to Wives and Mothers

Save the Drinking Husband or Son by Using Orrine. Can be Given Secretly.

No more terrible affliction can come to any home than the excessive use of intoxicants by husband or son. Think of the money wasted in Drink, which is needed in the home to purchase food and clothing. If you have a drinking Husband or Son, give him Orrine.

It will prove an efficient aid in destroying the craving for intoxicants. Thousands of women have been made happy, because Orrine has saved their loved ones from lives of dissipation and drunkenness. Start using Orrine to-day. We are so confident that Orrine will benefit the person who drinks, that we say to all Wives and Mothers, you can give Orrine a trial and if it fails to benefit, we will refund your money.

ORRINE is prepared in two forms. No. 1, secret treatment, a powder, absolutely tasteless and odorless, given secretly in any food or drink. ORRINE No. 2, in pill form, is for those who desire to take voluntary treatment. ORRINE costs only $1.00 a box. Write for Free Orrine Booklet (mailed in plain sealed envelope) to ORRINE CO., Orrine Building, Washington, D.C. ORRINE is recommended and is for sale in this city by J. M. Cavanagh, 218 St. Catherine St., Cor. University.

Western Miners Settle Strike

Operators and Men Reported to Have Ended Labor Dispute.

Special to the Montreal Star.

Nelson, B. C., June 30.—It is reported here on good authority that a settlement of the Alberta and Crow's Nest coal strike is arranged. Operators have agreed to offer the day workers an increase of 7 per cent. in wages and other concessions, not including the closed shop, and it is understood that the strikers have agreed to accept the offer. The official announcement of the end of the strike is expected to be made the beginning of next week.

The dispute giving rise to the strike was primarily one of wages, but also involved the question of the closed shop, following a conference at Calgary on March 2, between the operators and the representatives of the men, which proved abortive. The operators' ultimatum was an increase of 5.55 per cent. to all classes.

The expiring agreement had a minimum wage for the miners of $3 for a day of eight hours, bank to bank, which, for the mines in Alberta, frequently worked out at $2.50 owing to various conditions. The men first asked for the scale of Montana and Washington, which is $3.80 for a day of eight hours, face to face, or on the bank to bank basis of about $3.60. They receded from this to an increase of 12 1-2 per cent. to all classes, or $3.37 1-2 for miners. The operators offer worked out at $3.16 1-2.

For the lowest paid work the Montana scale is $2.75 for a day of eight hours, or 34 3-8 cents an hour. The operators' offer worked out at 23 7-10 cents per hour, the average being ten hours per day.

Tired of Tooting.

To the Editor of the Montreal Star:

Sir,—Hardly a day passes but we hear some one making his kick in our newspapers with regard to the manner in which automobiles are run in this city. Generally these articles are induced by a bad fright. We have in mind a letter to one of our daily papers by a gentleman who signs himself "A Tired Jumper." Having driven automobiles in this city for several years, we are very well acquainted with the "Species Bull Frog." If the jumpers only knew how amusing it is to every one on the street to see him jump, he would probably endeavor to get home before the milk and get his necessary sleep in safety instead of on a public thoroughfare.

It seems almost impossible to awaken some of the people to the fact that they are not in their own back yard, but on the streets of a big city, and it behooves them to keep eyes and ears open, as, if not, they run a risk of attending the coroner's court in the capacity of victim by one of several rapid and convenient methods.

With regard to the legal restrictions of which he speaks, we are of the opinion that the laws regulating motor traffic do not need any revision, but possibly the methods of enforcing them are defective. Possibly our officers are sleepy too; at any rate if we are to have any reform, we would not care to see "A Tired Jumper" at the head of it, as it would probably take an automobile or a royal commission to wake him up.

THE TIRED TOOTERS.

NEW YORK DAY BY DAY

From a Special Correspondent.

New York, June 30.

EXCITEMENT took possession of Park Row last night when the new Municipal Building's jealousy of the Statue of Liberty flared forth without warning in a premature effort to enlighten the world. The effect produced the highest blaze ever fought by the Fire Department of New York city, engendered in the piles of lumber gathered up under the roof on the twenty-fourth floor of the building, to be used in bracing concrete forms along the upper floors and to the cupola. The building is in an unfinished condition, and while the iron is all up, and some of the stone work has been set on the sidewalls, the interior is entirely unworked as yet.

The fire was seen from many parts of the city before the engines finally found the elusive flames and smothered them with water. The first notice of their existence came to fire headquarters through a telephone message from the fireboat New Yorker lying down the East River near the Battery. Word was immediately flashed to Engine 12, in William street, which is comparatively near by. In the meantime, someone who had caught sight of the flames from Brooklyn Bridge, warned the watchman stationed on one side of the building.

When this watchman got up in the elevator to the twenty-first floor—as far as the elevator would go—he had with him a couple of policemen. They forgot to take water with them, and had to come down, but before they reached the ground, five engines, two hose companies, two trucks and an automobile fire tower were stirring the wild bells, seeking in vain for the fire to which some dutiful citizen had summoned them.

Fire chiefs and twenty men and six and one-half lengths of hose finally reached the top of the skyscraper, some by the workmen's elevator and a few venturesome spirits by the stairs all the way from the ground. They found the flames eating along the piles of lumber in the south wing of the building, and beginning to crawl up into the cupola, almost directly above. It was a long time before the water came. In the meantime the men did what they could to beat out the sparks that fell about them in the dark, and so prevent the flames from spreading upward or downward.

At last the end of a standpipe was located on the twentieth floor at the northern end of the building and an attachment made. But when Engine 12 was connected below and began to pump 270 pounds of pressure into the pipe, something else went wrong. A battalion chief investigated and found two places in the standpipe where caps had been left off and water was escaping. He plugged them with pieces of wood and the fire was soon out.

"It was a tough job," said Deputy Chief Hayes. "There were holes everywhere, and it was dark as pitch. The word was 'follow the man with the lantern.'"

* * *

It was announced to-day that William R. Hearst, owner of the New York American and The Evening Journal, had purchased a large site of land in what will in ten years' time be the heart of the Tenderloin. The plot, which is at Columbus Circle, is irregularly shaped, but is about 316 by 200 feet, and cost Mr. Hearst $2,000,000. It is planned to build thereon a plant from which to issue newspapers. It is said that the building will be higher than any in the city, except perhaps the new Woolwich building, which, as already announced, will be the tallest in the world.

* * *

The Brooklyn Rapid Transit Company has made known its willingness to build the part of the subways refused by the Interborough, and this way, part of the still tangled situation will be cleaned up. The city is, however, now considering whether it will "go it alone," and build its own subway—what is known as the "Tri-borough." There will be a meeting of the Board of Estimate in a day or two, and the matter will be taken up anew.

LADIES, PLEASE DO READ WHAT FOLLOWS

And Note Precepts for Guidance of Wives Laid Down by Judge.

Springfield, Mass., June 30.—These precepts for the guidance of wives and husbands in cases of difference over household economy were laid down by Judge Charles L. Long, in the separate support case brought by Mrs. Edith S. Marsh against Henry D. Marsh, assistant treasurer of the Five Cent Savings Bank:

"The husband is absolute lord and master of the exchequer.

"He is entitled to his meals at any hour he wants them.

"He may select such food as he chooses. If he wants one food and his wife another, the husband's decision goes.

"A servant girl to whom the husband objects must be discharged.

"Finally, man—who pays the bills—and not woman, is boss."

Judge Long advised the Marshes to patch up their difference. Mr. Marsh left the Court room wreathed in smiles. Mrs. Marsh did not indorse the Court's opinions, and said so.

Australia Has Labor Troubles

Action of Federal Authorities in Fixing Standard Wage Meets Much Opposition.

Special to the Montreal Star.

Melbourne, Australia, June 30.—Action by the federal Government in the direction of establishing a standard rate of wages for unskilled labor in the Commonwealth has drawn forth strong protests from the State Governments, and also from private employers.

The federal ministry fixed nine shillings per day as a proper rate and objection was taken to this on the ground that it is excessive and not warranted by the prevailing conditions of labor.

In New Zealand the wage problem is also exciting interest. The Carpenters' Union is applying to the Arbitration Court for an increase of one shilling and eight pence per hour, together with a 40-hour week.

The judge who was hearing the application warned the men that, if their demand is granted, it will cause a rush to join their ranks that would unfavorably affect the conditions in their trade.

Factory and School Permits.

A permit has been issued at the City Hall for the construction of a six-story factory at the corner of St. Alexander and Bernard streets for the Gillette Safety Razor Company. The building will cost $112,000.

To-day the Building Inspector issued a permit for building a residence for the Chirstian Brothers on Laprairie street, Point St. Charles. The Catholic School Commissioners propose to spend $21,000 on the building.

Oil Dusty Roads.

The Board of Control has decided to make an experiment with oil on Park avenue from Pine to Mount Royal, Carriere, Cote St. Michel and Longue Pointe roads.

French Troops Occupy Town.

Tangier, Morocco, June 30.—French troops under command of General Moinier, occupied Mekines, 24 miles southwest of Fez, the southern capital, on June 24.

FRUIT FARMS

Now is the time to select a fruit farm at Kelowna. Don't put it off if you want to make money in Western Fruit Lands. If every man who has a "DO IT NOW" motto in his room always did it now, how much more would be accomplished in this world!

There is no doubt the evil effects of indecision are nowhere more marked than in the case of real estate investment. By failing to seize the opportunity, many a fortune has been lost and thousands compelled to spend their lives in poverty who might have enjoyed a competence had they acted with decision at the right time.

In investing in fruit lands you have something tangible for your money,—something real,—a productive proposition. There is nothing speculative about buying fruit lands:—it is the wisest and safest investment on earth. You invest your money, live with it and direct its energies. You work it; watch it grow; enjoy open air life all the year round, delightful surroundings, bracing mountain air, pure mountain air, pure mountain water; grow the finest vegetables and fruits and "live on the fat of the land." Something better is the law of all true living. Are you perfectly satisfied with present conditions or is there something better in store for you?

We are looking forward to settling on our fruit farms at Kelowna between now and midsummer some of the most desirable people of the East. You cannot afford to delay long if you contemplate purchasing a fruit farm in the Kelowna district. The people are flocking West and they are not making any mistake.

Our property adjoins Kelowna and we can sell you within 1-2 mile of the Post Office, on one of the finest automobile roads in British Columbia. The people in this district are growing rich. They live in the finest climate in Canada. They have every modern convenience, such as water, electric light, phone, daily mail, excellent automobile roads. You can have the same. You can grow healthy and wealthy as others are doing. You can live where there is only 8 to 10 weeks winter, no blizzards, no deep snow, no wind or thunder storms, no oppressively hot days or nights. You can have an ideal climate and an ideal occupation, and you do not require a great amount of capital to get them.

For the investor who does not wish to go to Kelowna at the present time our Company are developing properties. We will take the land as it is to-day, fence it, plough and prepare for planting, buy and plant whatever varieties of trees the owner wishes, pay for the fence and trees, irrigate, prune and spray, and thoroughly care for the orchard for the sum of $50 per acre for the first year, and $20 per acre each year after, up to the fifth year.

Call or send for our booklets. Open Wednesday evenings.

"OWN THE SOIL BENEATH YOUR FEET"

"You, who perhaps have squandered
Life's fair morn—'tis not too late,
Start at once to woo bright fortune,
Rail no more at so-called fate.
Sow the golden seed of saving,
in the rich and quickening loam,
Spend your last days not with strangers,
Enter Heaven's gate from Home."

Westbury VILLA LOTS

Offer Exceptional Home and Investment Opportunities

WESTBURY is situated one block east of Snowdon Junction, on the north side of **Queen Mary's Road** (formerly Cote St. Luc Road), opposite the Monkland property, was formerly the Fortier Farm, well known as one of the finest orchards on the Island, recently in Cote des Neiges, now part of the City of Montreal. "Round the Mountain" cars pass the property.

If you contemplate building, and want your home in delightful surroundings, where you are protected by good restrictions, and where you will reap enhanced values, should you wish to sell, do not fail to see **WESTBURY**, which offers great profit possibilities. Plan, prices and full particulars on application.

ST. JAMES ST. INVESTMENT

A LITTLE WEST OF WINDSOR STREET

About 19,000 square feet of land—for sale—having a frontage of about 135 feet on St. James Street. Part of the property extending to Dorchester Avenue, with some revenue-producing buildings thereon, situated close to the Queen's Hotel and Grand Trunk Railway Station, and about 100 yards from the New Windsor Station of the Canadian Pacific Railway.

This locality is becoming permanently identified as a great traffic centre and as prices are still moderate, there is a peculiar opportunity for investment with a view of speculative profit.

A double track electric car line on the St. James Street front of the property.

COLONIAL OFFICE PRAISED BY CHIEF

Rt. Hon. Lewis Harcourt, Colonial Secretary, Agrees with Appreciation of Dominions.

Special to The Montreal Star.

London, June 30.—Mr. Lewis Harcourt, presiding at a dinner held at the Hotel Cecil, said he came to them from the Imperial Conference with the constitution and organization of the Colonial Office untouched and unchanged, in response to what seemed to be the wish of some of the Dominions.

He had offered a still further bifurcation of the staff in order to effect complete divorce between the administration of the Crown Colonies and the Dominions.

Whilst he made the ooffer, he ventured at the same time to give some of the arguments, strong as they seemed to him, against such a course, arguments both of internal convenience and of external efficiency. He was happy to say that on consideration of the question the Conference did not decide.

To accept that offer the Dominions took the occasion to express a generous, and, in his opinion, well deserved appreciation of the action and administration of that great department. It was amusing and consoling now to remember that in years happily long past, the Colonial Office used to be the sport of every detractor. It was buffeted first by those who said it did too much, and next by those who thought it did too little.

To-day, the self-governing communities made no complaint of interference and the Crown Colonies had no grievance on the score of neglect, but such results were only attained by an ever-increasing strain on the heads of that department, whether permanent or political, and in assiduous toil, laborious accuracy, cultured and careful judgment from every man, from the highest to the lowest in the service.

The hatpin peril is being strictly put down in Prussia. The other day the railway administration of Saarbrucken gave orders to its officials that ladies whose head-dress is transfixed by these weapons are to be requested to remove them, and, if they decline, they shall be prevented from travelling by trains and be called upon to leave the stations. If they refuse acquiescence, they will render themselves liable to pay a fine. Possibly the Prussian official is the only one in the world who could carry out these instructions without feelings of embarrassment.

DOMINION DAY--Canada's National Holiday and MONTREAL'S DAY

YOUR CHANCE TO VISIT

THE PLAZA

AND SECURE SOME OF THE MOST WONDERFUL REAL ESTATE BARGAINS EVER OFFERED IN MONTREAL.

While Dominion Day is Canada's Day it is Montreal's Day as well, for Montreal is the commercial metropolis, and the money pulse of Canada. Here are located all the Head Offices of the Banking Institutions; the Head Offices and Terminals of the great Railway Systems that operate throughout Canada; here is tide water for the Ocean Liners that carry goods to and from the ends of the earth; here are the headquarters of all the large commercial houses of this grand Dominion, and here all of the wonderful immigration now pouring into Canada first touches and gets its first impressions of the Dominion of Canada. Is it any wonder that Montreal is growing so rapidly, and reaching out like an octopus with her network of railways and canals, and adding to herself year by year a population that is a large city in itself? Last yearly increase was over 50,000 population.

The moderate investor in some of Montreal's Real Estate to-day will find himself a wealthy man in less than 10 years' time, because increase in population, and in values computed only on the basis of what has taken place in the last 10 years will give Montreal a population of over 1,000,000 souls, with values that will startle the most enthusiastic Montrealer of to-day.

Here is a wonderful opportunity for people of moderate means, not only in the City of Montreal, but all over the Dominion, and particularly in the Cities and Towns adjacent to Montreal to invest some of their savings in Montreal Real Estate, and to facilitate the movements of the out-of-town people, I agree to pay the return fare to Montreal on Dominion Day of all investors in any of my Real Estate holdings who see me before they purchase.

One of the very choicest offerings I have at the present moment is THE PLAZA. A property only put on the market ten days ago, and of which over $60,000 has already been disposed of. No such sensational sale has ever been made in the City of Montreal, nor have such prices ever been offered to the public, and the reasons for this are that anticipating a great advance in Real Estate values, these properties were secured a long time ago, and I can now afford to divide the profits with my purchasers. THE PLAZA is situated in the north end of the Island on the route of the Georgian Bay Canal, and the possessor of property along this canal route in those days will be a proud man indeed, for the values of land in this district will be beyond our present wildest fancies. THE PLAZA is a magnificent estate of over one thousand feet wide by forty acres in length; four avenues extending right through it, and a ninety-five foot boulevard, with restrictions, in the centre; with park reserves in three places, and a magnificent park on the river bank which in the years to come will be the pride of the entire district, but it is the fact that local improvements are being made immediately in the district, and that a splendid Street Car Service at present operates right through the property that lends a value incalculable to PLAZA property, and the prices are so ridiculously low in comparison with sub-divisions on either side of it, that no one hesitates for a moment to purchase PLAZA property after they have investigated the situation.

Free Plaza Lots AT DOMINION PARK.

On Saturday night, July 1st, two fine Plaza lots, worth $100.00 to $150.00 each will be given away. Drawing for lots to take place on Vaudeville stage in centre of Park at 10 p.m. Only those who have signed their names at my booth on West Way are eligible—Hurry up and sign before drawing takes place.

Every Saturday night until further notice, one or more Plaza Lots will be donated in this same manner at the same place.

Be sure and sign your name and address at my Booth at Dominion Park.

Real bargains in Real Estate are invariably snapped up quickly, and while there were over two thousand bargains in THE PLAZA to start with, nearly half of them have been snapped up inside of ten days, so you see how important it is that you act immediately to secure some of those remaining.

I sell these lots on EASY TERMS, and NO INTEREST, and with a possible profit of hundreds of per cent. With such an investment in sight does it not appear to you ridiculous that you should allow your money to lie idle in a bank drawing possibly three per cent. when by a judicious investment you might amass a competence that would render you able to pass your remaining days in comfort and perhaps in affluence?

GET BUSY NOW, AND LOOK AROUND YOU, and secure such opportunities when they are thrust upon you.

TO-DAY IS CANADA'S DAY; it is MONTREAL'S DAY and it is YOUR DAY OF OPPORTUNITY if you can only see it.

To reach THE PLAZA call, phone or write to my head office, 517 St. Catherine St. W. or take an Amherst car on Amherst St. to end of line and my automobiles will meet you there.

Please send me particulars about The Plaza.

Local Boom Fades--Big Porcupine Deal--Our Bank Clearings Are Immense

R. & O. WENT OVER 120 BUT EASED OFF; OTHERS SLOW

Local stocks were limp to-day, and the recent favorites which soared at the rate of a mile a minute had a setback.

Toronto Rails fell off 2 points from yesterday's best, while Richelieu, which started up strongly this morning, was also easier towards the close.

Some people seemed to think that action would be taken on the dividend to-day, but as the next dividend is not due until September 1st, their expectations are rather premature.

Toronto Railway was quiet, and it looks now as if the rise was purely speculative. Toronto professes to be densely ignorant in regard to the intention to pay a higher dividend just now, although it considers a new stock issue rather likely.

Power was slow. Some stock was bought for London to-day.

BUYERS AND SELLERS.

Richelieu buyers—Nash & Co., Pitblado & Co., Beaubien & Co., McCurdy & Co., McDougall & Cowans, Craig & Luther, Shepherd & Co., Mackintosh, McCuaig Bros., Gault & Stephens, Burnett & Co., Scott & Co., Smith & Co., Farrell & Co., R. Forget, Hanssns & Ferguson.

Richelieu sellers—Beaubien & Co., Farrell & Co., Craig & Luther, R. Forget, Gault & Stephens, Macdougall Bros., McCuaig Bros., Mackintosh & Co., McGibbon & Macdougall, Nash & Co., W. P. O'Brien, Pitblado & Co., Scott & Co., Strathy & Co., Carsley & Co., Craig & Luther, McDougall & Cowans, C. McCuaig & Co., Turpin & Co.

In Wall Street

The institution of anti-trust proceedings against wire manufacturers was the governing factor in the movement of stocks. Some uncertainty was felt as to whether other similar developments were to be expected, and declines of a point or more were recorded. Steel was less active than had been expected, however, and its loss was confined to a fraction. Irregular recoveries were not well sustained in the second hour, the higher prices inviting fresh selling. Brooklyn Transit was bid up a point on the subway awards, and there was also a large absorption of Erie at 38, a new high mark on the movement.

BARON VON POLENZ BUYS BIG CLAIM UP IN PORCUPINE

An important purchase of 120 acres in Tisdale Township has just been closed by Mr. A. C. Goudie, of Toronto, for the Porcupine Investors, Ltd., of London, England, a new company capitalized at $1,500,000, which proposes to enter the Porcupine camp in an extensive way.

The properties already acquired are the Joslin claim, the Allstone, and the Kaple. These claims are north of the Dome and the North Dome properties, and east of the Rea.

Prominently identified with the Porcupine Investors, Limited, is Baron G. von Polenz, of London and Berlin, who recently visited Porcupine, and as a result of his trip acquired several properties and organized the Porcupine Canada Gold Mines, Ltd., with a capital of $100,-000, which has all been underwritten in Berlin and London.

COTTON STOCK WAS UP.

Montreal Cotton stock was strong to-day, selling up to 153¾ at the close.

President of Carnegie Trust Goes to Prison

New York, June 30.—J. B. Richmann, former president of the Carnegie Trust Company, convicted of making a false report to the State Banking Department, was this morning sentenced to serve four and one-half months in the penitentiary by Justice Davis, in the Criminal Branch of the Supreme Court.

Says M'Leods Were Running a Bucket Shop

Philadelphia, June 29.—Judge McPherson to-day appointed Horatio G. Lloyd and William P. Shipley receivers for the stock brokerage firm of Norman MacLeod which failed on Monday, with liabilities of nearly $1,200,000 and assets of $411,000.

A stir was created when D. Stuart Robinson, an attorney, declared that the MacLeods had either been running a bucket shop or had misappropriated the money of clients.

He added that according to their own schedule the firm should have had $2,-000,000 in stocks, whereas they had only $250,000.

Mr. Robinson, who said he represented $700,000 in claims, opposed the appointment of Mr. Lloyd on the ground that he is a personal friend of the MacLeods. The court granted an application made by Mr. Lloyd to be relieved of the receivership.

CONSOLS ARE AGAIN LOWER.

Consols were easier at 79 3-16 for both money and account.

OPINIONS ON THE MARKET.

J. S. Bache & Co. — We would advise buying on the present reaction, as we believe if stocks are held for a month or so material profits will accrue.

Laidlaw & Co. — Every day of seasonable weather henceforth should strengthen the undertone of the market, and if July should be passed without serious injury there seems every reason to expect an active and higher stock market later on.

Head & Co.—We feel that the worst has been discounted, and would buy the standard issues on all reactions for moderate speculative profits.

Shearson Hammill: There is a large short interest in the market now, and as the news is out there may be some covering, at any rate I would not sell them. Would rather look on, or buy them on a set-back for a turn.

ANOTHER INSULT.

(Extract from London Letter.)

. . . . there is so much water in some of your stocks that the umbrella business must be booming . . . . .

A LAMB.

(Cincinnati Enquirer.)

"James R. Keene, at a celebration in Cedarhurst," said a New York broker, "once gave, in a dozen words, the Wall Street definition of a lamb.

"'A lamb,' said Mr. Keene, 'is one who invests first and investigates afterward.'"

TOPICS OF THE STREET

When the Star mentioned the other day that Mr. Percy Cowans had bought a block of Power for one of the C. P. R. messengers, who cleared about $800 on the deal, it was with no thought that it would shower trouble on Mr. Cowans' head.

Nearly every messenger and office boy in the city now wants him to buy Power for them.

If he heeded all the demands he would have to purchase the 170,000 shares outstanding.

Buying and carrying stocks for less fortunate friends is a proceeding which Mr. C. R. Hosmer adopted years ago, and is a practice which he maintains to this day with as much pleasure to himself as it is to the friends.

Mr. Hosmer has given hundreds of men, women and boys a financial uplift in this manner, and it is small wonder that there is an army of people in Canada who reverence him for his openhandedness

Many a young man in Montreal has been given his start in life after an interview with the big-hearted man who has an office on the fifth floor of the C. P. R. Telegraph Building.

Black Lake Asbestos bonds paying 6 per cent. are down to 66. In 1903 Dominion Steel 5's sold down to 49.

Toronto Railway sold higher than "Soo" yesterday, and the chances are that Toronto Railway will pay 8 per cent before "Soo" goes on that basis.

It is doubtful, however, if Toronto is the better stock of the two.

Mr. Vivian Smith, a director of the Hudson's Bay Company, is credited with saying that he will recommend the company to build more extensively at various Canadian points, and to introduce modern methods of business everywhere.

On this side of the line one of our large cotton company's is undecided what to do with all its money.

The other two are earning good dividends. In the States most of the cotton concerns have been whittling their dividends down.

Say Sir Donald Is Getting the Best of Deal

Special to the Montreal Star.

Toronto, June 30.—At a meeting of the shareholders of the Island Smelting & Refining Co., the offer made by Sir Donald Mann was accepted by a majority of over 500,000 votes. A new board of directors was elected. There was a great deal of complaining that the agreement with Sir Donald was all in the latter's favor, and an amendment to the original motion was made to shelve the agreement for two weeks in order to secure another agreement. The amendment was lost.

By the agreement Sir Donald undertakes to form a $10,000,000 company, in which he agrees to take $7,000,000 stock by the payment of $5,000,000 spread over five years.

The shareholders by the agreement will eventually receive $2.50 per share in the new company for their stock, and a bonus of 500,000 shares. The $5,000,000 which Sir Donald Mann will pay will be in cash, and will be a first charge on the assets of the company.

HENRY CLEWS SAYS THAT ERIE ROAD CAN "COME BACK"

Special to The Montreal Star.

Wall Street, June 30.—Montreal shareholders of Erie will be interested in what Henry Clews said about the property today.

"During the past few years," he said, "I have addressed over 100,000 students in various parts of the country east of the Mississippi River, and to do so have travelled over many lines of railroad.

"A few weeks ago I had occasion to go to Ada, O., where I addressed the graduating class of the Northern University of Ohio. I decided to go by the Erie route, but with some misgivings, as I had been prejudiced against the Erie by things I had heard and read.

"To my great surprise I found everything on my route satisfactory and pleasing. The train, going at times at the rate of sixty miles an hour, was as steady as a rock. I had expected a dirty, dusty journey, but I found it so clean that a brush-off by the porter at the termination of my trip was almost superfluous. The meals served on the train were as good, as well cooked and as well served as at my home or my club.

"The service all through was all that could be desired, and the employes with whom I came in contact were polite and obliging; in fact, everything was a revelation to me of the good work done by the present management. I no longer wonder that the Erie shares are again looming into favor, as I believe the road is 'coming back,' to use a sporting expression, and is bound to be an important factor in the general railroad situation in the next few years."

Mr. E. F. Crooks, of Northampton, and Mr. aGrnet P. Grant, of Montreal, have been elected directors of the Belding Paul Co.

ANOTHER FLOUR CO. DEAL! WHEN ARE THEY GOING TO END?

Special to The Montreal Star.

Toronto, Ont., June 30. — Another flour milling flotation is being made here, $300,000 7 per cent. preferred stock carrying a 25 per cent. common stock bonus being announced by the Campbell Milling Co., with a mill at West Toronto and Peterboro.

The money is needed to erect a 1,500 barrel mill at Midland. The present plant has a capacity of 1,400 barrels.

Cheese Bids Were Lower on Country Boards

Special to The Montreal Star.

Brockville, June 30. — Cheese offerings totalled 4,775 boxes, of which 1,385 were colored. The bidding started at 10¾c, but there was no trading until 11¼c was bid, when 1,000 boxes were sold. About 1,625 more boxes sold at 11 to 11⅛c. On the curb the ruling price was 11 to 11 1-16c.

Vankleek Hill, June 30. — 1,700 boxes white and 200 boxes colored cheese boarded. Most of the white sold at 10 15-16c, except a few lots, which were sold at 11c. Colored sold at 11 1-16c.

Winchester, June 30. — 1,131 cheese boarded; most all white, and sold at 11c.

Russell, June 30. — 400 cheese boarded, and sold at 11c.

SOVEREIGN BANK HOLDERS JOIN IN

Mr. F. G. Jemmett, general manager of the Sovereign Bank, reports that a much larger proportion than was expected of the shareholders of the bank are subscribing for stock in the new holding company, International Assets. Subscriptions are not yet all in.

International Assets is capitalized at $3,000,000, divided into $25 shares, which Sovereign Bank shareholders may buy at par.

Erie

(E. & C. Randolph.)

Erie issues were conspicuously strong and the report that Vice-President Stewart had recently been in Winnipeg conferring with operating officials of the Canadian Pacific, was considered very interesting, following the announcement a week or two ago that President Underwood, of the Erie, had made a visit to the Canadian Pacific headquarters in Montreal.

CHATS ON CHANCE

Donald Sutherland, Superintendent of Colonization at Toronto, says that Ontario farmers are offering more money, with longer terms, for help than ever before. He has a number of applications for experienced men at $35 per month for a year's contract, and others at $30 for a similar term. The average wage offered is about $25 per month, and men are hard to get even at the most advanced figures owing to the demand for working men in the cities.

The Quebec Cheese Makers' Agricultural Co-operative Society sold the following cheese at auction on the Board of Trade, 29th of June: Whitet—862 boxes finest, Hadgson Bros., 11⅛c; 1,762 boxes fine, Lovell & Christmas, 11c; 621 boxes No. 2, Hodgson Bros., 10¾c. Colored—195 boxes finest, Hodgson Bros., 11⅛c; 522 boxes fine, Lovell & Christmas, 11c; 157 boxes No. 2, Hodgson Bros., 10 13-16c.

Local packers to-day advanced the price on boiled hams to 25c.

EGGS IN GOOD DEMAND.

Receipts of eggs were 1374 cases, compared with 878 a year ago. There is a good demand for local consumption, and the market is fairly active. Sales of straight gathered stock in round lots were made at 17½ to 18c; single cases, 18½ to 19½c, and selected stock 21½ to 22½c per dozen.

CHEESE RECEIPTS HEAVIER.

Receipts of cheese were 12,030 boxes, as against 10,266 a year ago. The local market is quiet, with finest western quoted at 11⅜c and eastern at 11⅛ to 11¼c.

BUTTER PRICES STEADY.

Receipts of butter were 9712 packages, against 8660 a year ago. The local market is steady, choicest creamery being quoted at 22½c and held at 19 to 19½c.

POTATO PRICES STRONG.

Prices on old potatoes continue strong, owing to the continued scarcity and the good demand. Sales of Green Mountains in a jobbing way were made at $1.65 to $1.75, and other grades at $1.40 to $1.50 per bag. New potatoes have sold at $2 per bag, and American new potatoes at $6.50 to $7 per bbl.

WHEAT SOARED ON MORE DRY WEATHER NEWS

From the Special Correspondent of the Montreal Star on the Chicago Board of Trade.

Chicago, June 30.—July wheat sold 89 to 90, and September at 89 3-8 to 90 1-2 compared with 89 3-8 and 89 1-4 respectively at the close Thursday.

Conditions surrounding the wheat market showed that the bull longs will encounter many difficult obstacles between now and the time the big line of cash held here and the new to come forward is safely marketed. The Oklahoma report on the losses of the corn crop in the State was the leading bullish factor. The wheat report from the State was also bullish. The report says in part:

"Some wheat and oats too poor to harvest, wheat condition at harvest 45; last June it was 53; and last July 88; estimated yield per acre 8.6 bushels against 16.7 a year ago. The condition of corn was placed at 50.9 againts 82 in June of last year and 85 last July, 56 last October when the crop was 91,000,000 bushels since the report was issued corn and oats have improved some."

Cash Houses Hedged.

Cash houses were "hedging" new wheat in the pit today and the July was the favorite month for the sellers. Selling orders were executed for every point in the Southwest where an elevator is maintained. The movement of new wheat is certain to be of large proportions before the 15th of July rolls around.

The Modern Miller in its weekly report on Southwestern conditions will say tomorrow:

"Threshing returns continue to indicate that winter wheat is yielding satisfactorily in results, some reports claiming yields beyond.

Clement Curtis & Co., are out with an estimate on the wheat crop placing it at 723,000,000 bushels against 695,000,000 bushels one year ago. They estimate farm reserves at 56,128,000 bushels. J. F. PRITCHARD.

A POTATO FAMINE REPORTED IN WEST

Winnipeg, July 1. — There is a potato famine in sight for all Western Canada, for at the present time potatoes are selling here at $1.75 per bushel, with 25 cents being asked for 3 lbs. of the new crop imported from the south.

Two weeks ago the wholesale price for old potatoes here was 90 cents, but today it is $1.55 to $1.60, with no supply.

Heavy rains in certain sections, which have drowned out the crops, are said to be responsible for the advance.

OATS IN BETTER DEMAND.

Oats were in better demand to-day, and sales showed an increase. Corn American No. 3, yellow, 62½c to 63c; oats —No. 2 Canadian western, 41½c to 41¾c; extra No. 1 feed, 40¾c to 41c; No. 3 Canadian western, 40¼c to 40½c; No. 3 local white, 39¾ to 40c; No. 4 local white, 38¼ to 38½c.

TRAVELLERS ARE DOING BIG TRADE

Bradstreet's weekly report says of Montreal trade:

"There is an improved feeling in trade circles, notwithstanding the numerous holidays during the past week or so. Crop prospects from the interior of the country, and also from the north-west provinces, are of the most encouraging character, and the outlook is for an abnormal yield. Travellers on the road have been encouraged by the numerous fall orders they have received.

"A large milling company started grinding wheat this week; they have quite a number of orders on hand both for local and export account.

"American buyers have not been operating so freely during the past week in the hay market, and stocks are beginning to accumulate, causing an easier feeling, out prices remain unchanged.

"There is a great scarcity of potatoes in the market, and prices have not been as high as they are at present, for many years past. The retail trade has been good."

WINNIPEG WHEAT HAD 1C ADVANCE

Winnipeg wheat was higher to-day, in sympathy with the big rise in Minneapolis and Chicago, where dry weather reports were again in evidence, making the shorts run to cover. There was also some good buying during the day.

R. & O. SOLD AT 120, "SOO" UP TO 144, POWER WAS FIRM

"Soo" startled the natives this afternoon with a rise to 144.

London buying helped to stiffen Power quite a little. Some of the others were inclined to be firm, particularly Montreal Cotton.

Rio had a rather substantial rally.

No reasons were given for the weakness in Hollinger, except that the whole market for Porcupines is inclined to be rather limp. It was $14.65 asked, $14.60 bid

R. & O. recovered to 120.

BOY OF FIVE DROWNED.

The young son of Mr. R. Ruckshaw, of Chateauguay, was drowned last evening in the Chateauguay river, despite the efforts of many men to rescue him. The boy was in a boat with his sister, when he fell into the water. At six o'clock this morning L. Lalumiere found the body.

Knocked Down by Auto.

Isidore Elman, five years of age, residing in Jurors street, was knocked down by an automobile at the corner of Berri and Lagauchetiere streets between 12 and 1 o'clock this afternoon. His parents took him to the General Hospital where it was found that his injuries consisted of only a few slight cuts and bruises.

ADDRESS TO PREMIER.

The question was taken up at the meeting of the Civic Reception Committee to-day of presenting an illuminated address to Premier Laurier on Friday next when he is expected to arrive at the wharf. It was unanimously agreed that it was proper the Acting Mayor should read an address.

ALL YOUR STOMACH TROUBLE VANISHES

Indigestion, Gas, Heartburn, Sourness and Dyspepsia Go and You Will Feel Fine in Five Minutes.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably or what you do eat lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your Pharmacist a 50 cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings no belchings of undigested food mixed with acid, no stomach or gas or heartburn, fulness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go and besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50 cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disorder.

A SUBJECT OF INQUIRY.

Aged Michigander Arrested for Loitering—Is Looking for Son.

Barely able to totter along with the aid of two sticks, Alfred Duplessis, 83 years old, who arrived here a week ago from Bay City, Michigan, was arrested last night by Constable Nolan at the corner of Cherrier and St. Andre street, on a charge of loitering by night.

Duplessis, who has $7.26 in his possession, told the police that he arrived here from Bay City a week ago and that he has been searching ever since for a son who he says is in Montreal.

The police are unable to understand how Duplessis managed to escape the immigration officials and got into the country.

He was remanded for eight days and his case will be further inquired into.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body, the way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box. 6

SIR R. CARTWRIGHT FOR PROPORTIONAL REPRESENTATION

Says it Would Be Salvation of Party Government Throughout the Civilized World.

WOULD RE-GROUP ALL THE CONSTITUENCIES

Says Plan is Not to Be Taken as a Government Pronouncement on the Question.

Toronto, June 30.—A plea for proportionate representation of Ontario constituencies was made by Sir Richard Cartwright, in a speech he delivered at a banquet tendered to him last night by the Toronto Reform Association. His plan, so far as indicated, would mean a re-grouping of constituencies under which, instead of all the seats being Conservative in parts of the country where the Conservative vote is in the majority, each party would retain seats in proportion to the total votes cast on each side, respectively.

"This is not a Government pronouncement," Sir Richard declared, at the conclusion of his speech; "it is simply the free advice of one Canadian to a gathering of Canadians, and it is not to be taken as an official statement of our intentions regarding the forthcoming redistribution of the ridings in Toronto."

SAYS LIBERALS UNFAIRLY TREATED IN ONTARIO.

Sir Richard, in opening, said:—

"I have long been of the opinion that our present system of representative government is exposed to certain dangers, due to the existence of defects which might be remedied. We have made a sort of fetish of the system of dividing up the country into sections, with the idea that we have devised a machine that will work automatically and grind out good government. I hold that this is a mistake.

"I doubt if there is one man in a thousand who understands how unfairly the Liberal party has been dealt with in Ontario. In the general elections of 1882 and 1887 the popular vote was practically divided in this province, yet on each occasion Sir John Macdonald obtained a majority of seats in the House. In 1891 there was an absolute majority of 7,000 votes in Ontario against Sir John, yet he had a majority of four seats in Parliament. There was not, in fact, one Parliament from 1882 to 1896 in which, had the Ontario Liberals been properly represented, Sir John's administration would not have been in imminent peril.

CONTRARY TO THE TRUE PRINCIPLES OF GOVERNMENT

"There are 50,000 persons in Toronto entitled to a vote, and I believe 30,000 of these are ranked on the Liberal side. I freely admit the Conservatives have a right to a majority of the seats in the city, but no man who understands the true principles of representation but will agree that it is a grievous wrong that the 30,000 have no representation in the House, while the 35,000 Conservatives have five; it is contrary to true principles of government. The Liberals have only held a seat in the House during one session during the last 35 years, so that the rest of the time they have been practically disfranchised. I hold that the Conservatives should have the benefit of their majority, but that you should have a reasonable proportion of the seats. I am also aware that the same thing exists on the other side in New Brunswick. There the 40,000 Liberals, being a majority, control 11 seats, while the Conservatives being only 35,000, have but two; I do not believe that this, either, is good for the Liberal party, and it should not exist.

"I am prepared at the proper time to suggest a means for bringing about a solution of the problem, and the remedy lies in the method which is applied in choosing committees in all Houses of Parliament, where each party is enabled to vote in proportion to the number of its members. I say that proportionate representation if carried out would be of enormous value to the Liberal party and to the cause of good government everywhere, and I would proceed to effect it by grouping the constituencies.

WOULD BE SALVATION OF PARTY GOVERNMENT.

"This would have the effect of placing many more seats at the disposal of both parties, and would bring about a great reduction in the turmoil of election with all the attendant electioneering which, an unprofitable occupation at best, now takes up so much of the time of our statesmen. There never was a time when there was greater need of raising the standard of politics, and there is grave danger of lowering our ideals in this respect under the present election system. I am perfectly certain that proportionate representation in the country at large would be of greater value in the securing for politics of a class of men of the highest qualifications to act as representatives under the system.

"It would be the salvation of party government throughout the whole of the civilized world, and I should like to see Canada in the forefront in the matter. If you see your way to support such a movement, I hope the Liberal party will come forward with a proposition; it would add to the party's reputation; and the example would quickly be followed by other governments everywhere."

A Word Re Reciprocity.

The remainder of his speech was a review of Canada's progress.

"The chief argument against the reciprocity proposals is one of the most extraordinary I have ever known to be advanced, namely, that Canada has grown so prosperous that they beg of us to let it alone," said Sir Richard in concluding.

"There may be force in this argument, for the present state of political affairs could not be happier. Sir Wilfrid Laurier and Mr. Borden are in their right place; let us hope they will remain there."

TROOPS IMPROVE WITH HARD WORK AT THREE RIVERS' CAMP

The Musketry Work of Regiments Shows Up Well in Spite of Drawbacks.

ELEVENTH MAINTAINS ITS REPUTATION AT RANGES

Men Enjoy Off Hours in Sports and Nightly Sing Songs Around Canvas Area.

Special Staff Correspondence.

Three Rivers Camp, June 30.—Lt.-Col Helmer, Director-General of Musketry, who arrived in camp Wednesday, yesterday inspected the ranges and the Musketry Instruction Marquee where the Eleventh Regiments were shooting and receiving instructions. The good scores made by the men of the Eleventh were very satisfactory to him and will enable the regiment to retain its place as the premier shooting corps of the Dominion.

The signallers of the different regiments are hard at work under Captain Germain, Divisional, Signalling Officer, and Sergt. Massey, of the R. C. R. I. The advanced men, who have been promoted to the Morse Alphabet class are already sending and receiving messages and last night were busy signaling with the lamps from Fort Dundonald to the camp.

The twinkling lights appeared very picturesque to the eye and, as the different corps generally have a few good singers in their lines, there is heard all sorts of songs, while the piano in the Officers' Mess of the 85th Regiment is being well used until the "Last Post" sounds, when silence descends upon the camp and only the stragglers coming up from the town are moving.

So far there has been no disorder in camp, only a few cases of drunkenness coming up to be dealt with by the officers commanding the regiments. This is very encouraging to those in charge and the enthusiasm displayed by all ranks in their work is already showing good effects, as the various movements of the troops in their daily work is already displaying precision that would be creditable to troops who had been drilling for a much longer period, and the decision of the military authorities to have both the city and rural corps in camp every year will be of a practicable value.

The 80th Regiment go to the ranges to-day for musketry, while the remainder will do skirmishing and company drill. The officers of the regiments are being well received by the citizens, the Club Circle St. Denis being placed at their disposal with full privileges, which is very much appreciated after the work of the day is over. The men have strawberry socials and sports supplied by the Y. M. C. A. and there are nightly songs by the members of the different corps.

Major Patterson, who was thrown from his horse, is out of hospital and reported for duty yesterday. The field officers' horses are of a very good type, compared with former years, but as they are mostly unfamiliar with either the military curb-bit and spur, there have been frequent separations between the horses and their riders.

Her Cellar Fell Into a Coal Mine

Lots of Fuel Now Available for Cold Winter Months.

Wilkesbarre, Pa., June 30.—The cellar at the residence of Mrs. Andrew Weiskerger, of Hamtown was carried into a coal mine during the night while she slept and a hole 20 feet wide and 30 feet deep appeared in the yard without awakening her.

When she got up this morning and opened the kitchen door she was shocked to see the hole and at the bottom of it miners in the No. 8. colliery of the Pennsylvania Coal Co. digging coal. A fall of roof in the mine had caused the subsidence of the surface.

The house of Mrs. William Hoffman and Ed. Hoffman close by, were wrecked and so was the street in front of them.

MR. BRYCE TO SUMMER AT SEAL HARBOR, ME.

Washington, June 30.—The British Ambassador, Rt. Hon. Jas. Bryce, and Mrs. Bryce, are planning to leave the capital next Wednesday or Thursday for Seal Harbor, Maine, where they will spend the rest of the season.

PURE WATER DIET AGAIN.

Toronto Citizens are Back on Clear Lake Ontario Liquid.

Special to The Montreal Star.

Toronto, June 30.—The citizens of Toronto are at last getting Lake water again. The temporary intake was securely bolted up to the south end of the northern section of pipe yesterday and water began to come through from the Lake at 4 o'clock.

The city will get its water supply through this intake until the next section south has been repaired and ready to be placed in position, when the intake will be disconnected and moved farther out.

BIG WORK ON C. P. R. IN YEAR CLOSING TO-DAY

Five Hundred Miles of New Lines Built, Making Eleven Thousand in Canada Alone.

LAKES TO MONTREAL ROUTE NEARLY READY

Double-Tracking Winnipeg to Brandon is Now Well Advanced.

The Canadian Pacific Railway's fiscal year closes today, and the officials of the auditing department are now busy getting out the elaborate statements as to the company's position, upon which the next annual report will be based. This report, it was stated today, will create a new record for the C. P. R. and show advances that are remarkable, even for the C. P. R. in earnings and general progress.

One instance of the progress that has been made is the announcement that during the year, closing today, nearly 500 miles of new lines have been built. It was officially stated that the company now has in consideration in Canada, 10,758 miles of tracks.

The new lines now under construction make a total of 1,023 miles, of which 897 miles are being built as single track. The other 126 miles is double track construction on four lines, 11 miles of track being laid in connection with the Montreal terminals, 15 being laid between Smiths Falls and Glenlay, 77 between Portage la Prairie and Brandon, and 23 between Pasque and Canon. Of these extensions, the last one is the only one which will probably not be finished and in commission this year, so that the double tracks across the great wheat fields from Winnipeg to Brandon, of which 95 per cent of the grading is now completed, will be ready for traffic by December.

Most of the 11 miles of double-tracking put down in connection with the Montreal terminals has already been laid, the new yard extension at Place Viger taking most of it.

New Single Track Construction.

On the single track construction, twenty new lines are being built. The longest of these is the Prairie line, from Craven to Colonsay, a distance of 110 miles. Fifty per cent of the track has been laid on this line and it will probably be completed by the end of the year. The Outlook-Kerrobert extension, which is 101 miles will take somewhat longer to complete than the Craven-Colonsay branch, owing to the time necessary to complete the big bridge at Outlook, but on the new line from Forwards west towards Lethbridge, 26 miles of track have been laid, out of a total of 46, so that it will be finished in a few months. Other branches which will be finished in a short time are Wardner, Northerly, Galloway to Waldo, Cameron Lake to Alberni, Tilston to Alda, Irrivana to Alberni, and Coldwater to Bethany.

The latter branch is 76 miles long, and is being built as a new grain route from Victoria Harbor to Montreal. It is expected to be completed by the time this year's western crop is ready to be moved.

New Branch Lines.

The following table shows the location and length of the new branches Coldwater to Bethany, Ont., 76 miles; Guelph Jct. to Hamilton, Ont., 16 miles; Tilston to Alida, 25 miles; Estevan towards Norward, 55 miles; Forward towards Lethbridge, 46 miles; Regina to Bulyea, 43 miles; Craven to Colonsay, 110 miles; Outlook to Kerrobert, 101 miles; Moosejaw Southwesterly 35 miles; Swift Current, Southwest, 45 miles; Swift Current, Northwesterly, 35 miles; Carmangay to Aldersyde, 57 miles; Castor towards Kerrobert, 60 miles; Golden Southerly, 42 miles; Wardner, Northerly 25 miles; Galloway to Waldo 12 miles; Irrivans to Standard 37; Cameron Lake to Alberni, 27 miles; Wilkie towards Angilia, 25 miles; Wilkie towards Kerrobert, 25 miles.

MR. A. W. HIRSCH DIES.

Was Member of Local Contracting Firm.

The death occurred, yesterday, of Mr. Andrew W. Hirsch, contractor, after an illness of three months of paralysis of the throat.

The deceased was 50 years and nine months old and was born just outside of Ottawa. He came to Montreal 24 years ago and with his brother, F. C. Hirsch, formed the contracting firm of Hirsch Bros. of which he has been a member since that time.

He is survived by two daughters living at home.

The funeral will be held from his late residence, 52 Trafalgar avenue, at 10 o'clock, Saturday morning.

Presentation for Mr. W. H. Jordan.

Mr. W. H. Jordan, chief clerk in the local Canadian Northern office who leaves to-morrow for Toronto, to take up the duties of chief clerk to the general traffic manager of the Line in that city, was yesterday the recipient of a presentation from his colleagues. Mr. Guy Tombs made the presentation.

MYSTERIOUS FIRE.

Loaded Freight Car on Grand Trunk Siding in Flames.

A bonded freight car with seals on each door caught fire mysteriously yesterday on a side track of the Grand Trunk Railway, near the Montreal Stock Yards on St. Etienne street, Pointe St. Charles. While the car was not seriously damaged, the entire contents were destroyed by fire and water.

The car had arrived yesterday afternoon from Albany, N.Y., and contained baby carriages, couches, mattresses and furniture.

Sues Hotel for Burglary Loss.

Mr. Henri Dupuis, commercial traveller, who was a victim of Greggs alias Knot, the hotel burglar, while sleeping at the Bath Hotel, last winter, has entered an action of $378 against the proprietors of the hotel. He claims that he had taken all the precautions of a prudent man against robbery and had a right to depend on the protection of the hotel people which failed him.

Verselets.

A young man of good tact and address,
Wanted work, with a chance to progress,
The Star ads. he sought,
And that very day got
A good job which has brought him success.

REPORT IS CONCLUDED ON BAIL INVESTIGATION.

Judge Bazin Has Forwarded His Findings to Ottawa.

The report of the investigation made by Magistrate Bazin in the alleged irregularities concerning appeals of recorders' sentences, pending which prisoners were granted liberty under bail by Magistrate Sicotte, clerk of the Court of the King's Bench, was sent yesterday to the Attorney-General and it is expected in a few days will be made public.

The conclusions of the report are not known, but most of the evidence taken by the Royal Commissioner is of public notoriety. The first point ascertained by the commissioner was that all the money received from bondsmen had been handled regularly, which was clearly demonstrated by the accountants of the courts. The second point was the solvency of bondsmen, which was elucidated by Judge Sicotte himself, as he satisfied the commissioner that in each doubtful case he had requested cash deposits.

The conclusions of the report are on the legality of Judge Sicotte's conduct.

FOUND POPE FEEBLE.

Mr. Louis Beaubien Saw Pontiff When in Rome.

Ex-Minister of Agriculture, Mr. Louis Beaubien has returned from an extensive trip through southern Europe and speaks very favorably of the way the tillers of the soil look after their business in France and Italy.

The Belgians also cultivate their fields with great science and they would be very desirable immigrants to transplant in the Western prairies.

While in Rome, Mr. Beaubien had the privilege to be admitted to an audience by the Pope and he states that he found him very feeble in appearance.

SURPLUS IS SHOWN IN HEMSLEY STATEMENT.

The Assets Exceed the Liabilities by $60,000.

The estimated surplus of the Hemsley Manufacturing Co.'s assets over liabilities is over $60,000. The assets were filed yesterday with the insolvency office and they total $323,899.13 while the liabilities totalled $262,596.43 with possibly few small amounts to add to that total.

The inventory was completed yesterday by the care of Messrs. P. S. Ross & Sons, the list filed at the insolvency office is as follows:

Cash in hand and in bank	$ 498.13
Merchandise in store	35,582.79
Materials in store	651.54
Materials "A" dept.	32,172.05
Merchandise, "A" dept	35,957.99

Total	$323,899.13

A meeting of the creditors will be called for Friday next at which it is expected a definite move will be made for a full readjustment.

Outremont Councillors Return.

Mayor Joseph Beaubien, Major Stuart, and Councillors Wilfrid Bessette and J. Duchastel, who were appointed as delegates to visit cities in the United tates and Canada for the purpose of enquiring into the best form of municipal government, and particularly good streets, have returned from Boston, Springfield, Albany, Buffalo, Cleveland, Detroit and Toronto.

A NEW FIRE ESCAPE.

Principle of the Chute May Solve Skyscraper Problem.

Mr. James T. Clarke, of this city, is the inventor of a fire escape which, it is claimed, will solve the problem of exit from burning skyscrapers. He has applied the principle of the chute to fire escapes. The idea is that the well of any high building, on the walls of which the staircase is built, should be provided with walls that are fireproof. A space twice the width of the staircase has invariably to be allowed, owing to its windings. It is proposed that this space should be utilized by a chute alternating with the windings of the staircase; above the stairs on one floor, beneath them on the next, and so on from floor to floor till the ground floor is reached. The chute would be provided with a door opening into it from every floor. In case of fire, the occupants of the top floor or any other, would merely have to open the door and sit down on the chute to reach the ground floor with ease and safety in a very few seconds. They would descend far more quickly than by an elevator, to say nothing of stairs. Besides both stairs and elevator are more quickly damaged by fire than a chute.

INSURANCE SCARES SHIPS FROM THIS PORT

Till Rates Come Down No Tramps Will Come to Carry Grain.

MARINE MEN WAIT ON HARBOR BOARD

Astonished at Improvements, But Urge Greater Grain Facilities.

There is a general agreement among grain and shipping men to-day that the grievances which the Dominion Marine Association urged against the port of Montreal yesterday afternoon would be remedied if tramp steamers could trade here during the navigation season.

These ships, however, do not come here because the insurance rates are too high, and insurance rates, the shipping men say, will not be reduced until some kind of a united demand is made for such from the Underwriters. The time for such demand, it is urged, is now opportune.

The Harbor Commissioners are urged by the Dominion Marine Association to provide more storage capacity for grain during the winter, and to adopt better methods of discharging the cargoes of the lake boats as they arrive here, and so avoid the present loss and inconveniences suffered through these vessels having to lie up in the port for a week or ten days waiting for discharge through the elevator being full.

The elevator is chock full of grain to-day, and it was stated this morning that there was little prospect of immediate relief No lake boats are now waiting for discharge, but some are coming down to port, and the waiting experiences already suffered this season may be repeated.

The Harbor Commissioners state that a full and complete measure of relief will be available with the completion of No. 2 elevator, but although extraordinary efforts are being made to finish the construction, it is submitted to be impossible to have the elevator ready for operations this year.

"And trade is increasing with such leaps and bounds," remarked an experienced post official to-day, "that by the time No. 2 elevator is in operation the necessity will be apparent for No. 3. If tramp steamers could be brought here they would carry off a great portion of the grain as fast as it came down the river. The ocean-going steamers are able just now to get all the general cargo they can carry, and while they can obtain this they give grain secondary preference. The tramp steamers are barred from this port by the insurance rates, which are higher than the conditions justify."

The delegation of the Dominion Marine Association which waited on the Harbor Commissioners yesterday afternoon to speak of their grievances against the port of Montreal were well received by Mr. G. W. Stephens, chairman of the Commission. He discussed the subject thoroughly with them, and afterwards took them over the harbor, showed them what the Commission is doing to improve conditions here, and described the plans for further improvements to be carried out in the immediate future.

The visitors expressed astonishment at the great improvements in progress. They promised to put into writing recommendations for such improvements as they had in mind respecting elevator accommodation and the discharge of cargoes, and forward the report to the Commissioners, who, in turn, will give the matter careful attention.

The deputation consisted of Messrs. F. King, counsel for the Dominion Marine Association, Kingston; A. A. Wright, of the St. Lawrence and Chicago Steam Navigation Company, Toronto; T. H. Plummer, the Canadian Lake Lines, Toronto; E. A. Jaques and W. H. Duthie, of Montreal, representing Jaques and Co., and the Canadian Shipping Company respectively.

A subsidy of 3 per cent. per annum on an outlay of $894,000 was asked; payment on a total of $850,000 is recommended. The period is 20 years.

The items are: Dock, $256,560; machinery to equip 1 57,603$,t cmfwyp cainery to equip it, $36,750; wharves, $112,850; shops and machinery, $259,862. The rest of the total is in real estate.

REWARD FOR PILOT.

He Will Get $400 for Finding Lost Scow.

Apprentice Pilot Houde is to receive the reward of four hundred dollars for discovering the whereabouts of the steel scow which has been missing since the time she broke from the barge that was taking her up the River to the mud dump at the head of Lachine rapids, last autumn. The scow was last seen just northwest of Nun's Island, and Houde found her about two hundred feet out of the channel not far removed from the island named. She threatened no danger to navigation. The underwriters are having the vessel removed. She belonged to the Canadian General Developing Company.

RUSH TO EUROPE.

There is an "After-Coronation rush" to England at the present time, and as a consequence shipping companies are doing an exceptional business in eastern passages for this time of the year. The Empress of Ireland, sailing from Quebec, to-day, carries over 1,000 passengers, of whom about 300 are saloon, and nearly all the remainder second-class. Mr. D. McNicoll, vice-president of the Canadian Pacific, is among the passengers. He goes to England for a five weeks' vacation.

Goodwin's Semi Annual — A Sale That Makes Merchandise Move

Our "Semi Annual"

Means a great deal to you, and a great deal to us. To you the matter of getting merchandise at wonderfully low prices, to us the matter of clearing the stocks of this store so fine that there will not be much trouble in stock-taking at the end of the month. The long and short of it is that the goods must leave here at whatever cost to us. Every department must make a sacrifice. No matter what your wants may be at this store, the July Semi-Annual will be a great money saving opportunity for you.

Ladies' Summer Underwear

SOME GARMENTS ONLY .05 AND NONE MORE THAN $1.50.

We asked the buyer of underwear what he had for Monday for the semi-annual sale. The answer was:

ANOTHER SALE OF
LADIES' SUMMER UNDERWEAR
Travellers' Samples

All perfectly clean goods, some have never been out of their boxes.

600 garments, comprising about three each of all the different lines manufactured by this mill. These are cotton vests, fine lisle vests, Lisle drawers, combinations in different qualities, fine and fancy ribbed; all are made from the best second yarns. We intend selling them at the manufacturers' cost. Exceptional values. Prices range from .05 to $1.50. On sale Monday.

OUR SEMI ANNUAL DID IT

You may say "What! impossible," but it is true we are going to sell 36-INCH SUITINGS, THOUSANDS OF YARDS OF IT, TOO, and beautiful colors at .5 PER YARD ON MONDAY. This wash stuff used to be .17 and .19 per yard. Then there are Muslins, Organdies and so forth reduced from .30 to .10, and a lot of Voiles, French Challies, Marquisettes, which were formerly marked as high as .50, which will be sold for .15 per yard. When you read about suitings, 36 inches wide, at .5 per yard, it seems almost impossible, but when you see the beautiful fabrics that they are you will be more than surprised, but the semi-annual sale is on, and these are the kind of values you may expect. The stocks are going out of our doors, and no matter what the price is, they must be cleared. You didn't expect probably that the prices would be .5, .10 and .15 per yard just at the height of the season.

One Hundred $25 to $35 DRESSES and FROCKS for $19.75

25 New York Models, same as drawn by our artist, and shown here, were in stock, but that seemed too small a number to make a sale of, so we just took seventy-five others (also from New York), ranging in price from $25.00 to $35.00, and added them to the first twenty-five. This lot of 100 will be sold on Monday at $19.75 each. Thus, the Dress Department will be right up in front at the beginning of our Semi-Annual Sale.

If you care to know the details of these dresses, we will just say what they are—

100 beautiful Embroidered Lingerie and Marquisette Dresses and Afternoon Frocks, Dresses of rich St. Gall Embroidery, beautiful lace trimmed with embroidery, fine voile, dresses of Filet and Cluny Embroidery, fashionable Marquisette, morning, afternoon or evening wear. The dominating features are tunics in many forms and Empire effect, with a sprinkling of soft finished satin, sashes and trimmings in pastel and Egyptian colorings, also one of New York's latest summer additions in the tudoro style. Peasant sleeves and sleeves set in at the arm are in evidence. White, white trimmed with black, white trimmed with King's blue, white trimmed with coral. Regular $25, $30, $35, for..... $19.75

We purchased 25 New York Samples, and to make the sale interesting, we have reduced some of the regular stock.

Ladies' Neckwear That Tempts One

The sales-people in the Ladies' Neckwear and Embroidery Department say that they have not found it necessary to advertise recently, because they have been very busy. For Monday, however, they would like everybody to know that about 1,500 samples of dainty and fashionable neckwear will be ready for sale at exceedingly low prices. These are manufacturers' samples, to be sold at manufacturers' prices. Regular prices for this Neckwear started at .25 and went as high as $5.50. In fact some Irish lace, Dutch collars and jabots, worth $7.50. Now compare Monday's prices. They will be .10 to $2.50. Whatever you have noted lately that is stylish in Neckwear, you will see here Monday at prices away below your expectation. None of these beautiful designs find a duplicate in the immense lot on sale on Monday.
