HON. MR. TURGEON SUSTAINED

Full Text of the Judgment by Chief Justice Langelier in this Interesting Case.

PROVINCE OF QUEBEC—No. 2223.

The Quebec Harbor Commissioners, Plaintiffs, vs. Turgeon & al., Defendants.

Whereas, the Plaintiffs sue the Defendants to recover three beach lots situated in front of Nos. 583, 582a, 583 of the cadastre of St. Roch North, and pray that the Defendants be condemned to give up to them the possession of the same and to save the registration of the titles cancelled whereby they pretend to have possession thereof.

Whereas, the Defendants have appeared and separately pleaded, but whereas, their pleas, which are identical, are summed up in the statement that the Plaintiffs are not the proprietors of the said immovable, but that they are;

Whereas, the Defendants gave notice to the Attorney General of the Province of said action, and the said Attorney General has filed an intervention, whereby he also contests the said action and alleges that the immovables in question belong to the Government of the Province of Quebec, when the latter issued the letters-patent, where it conceded them to the Defendants or their heirs.

Whereas, the Plaintiffs filed a demurrer to a certain number of paragraphs of the Defendants' plea, and that this Court ordered proof before passing on the said demurrer;

Whereas, the Plaintiffs further replied to the said plea of the said Defendants by denying that the Defendants were the proprietors of the said beach lots, and also contested the intervention of the Attorney General by a general denial of the allegations of the same.

Considering that the only title invoked by the Plaintiffs consists in the Statute of Canada, 22 Vic. Ch. 32, sec. 1 and 2, amended by the Statutes of Canada 23 Vic. Ch. 55, sec. 3, 36 Vic. Ch. 62, sec. 15, and 62 and 63 Vic. Ch. 34, sec. 5, par. C, and sec. 21.

Considering that the Act 22 Vic. Ch. 32, sec. 1 and 2, invoked by the Plaintiffs as having given them the ownership of the immovables, which are the object of the contestation in this case, undoubtedly conferred on them all the lands which are below high water mark on the north shore of the River St. Lawrence, in the Harbor of Quebec, but did not transfer to them the absolute proprietorship and only gave the said lands to them in trust for the purposes set forth in the said act; namely, for the purposes of navigation and of conservation of the harbor of Quebec, for the said purposes and improvements of the said harbor, and that the Plaintiffs do not allege that the Defendants have done anything with or upon the said properties that has prejudiced or may prejudice navigation or the improvements made by them in the harbor of Quebec.

Considering that the said Act excepts from the immovables conferred in trust upon the Plaintiffs all the lands forming part of the estates of the heretofore Order of Jesuits, which are set apart for the purposes of education by the Acts 19 and 20 Vic. Ch. 54.

Considering that by the letters-patent dated 10th March, 1626, and issued by Henry de Levy, Duke de Vantador, Lieutenant-General of His Majesty the King of France, in the Government of Language and Viceroys of New France, the said Duke de Vantador granted to the Fathers of the Society of Jesus the area of four leagues of land, being the following immovable: The area of four leagues of land or thereabouts running towards the mountains of the West, situate partly on the River St. Charles, partly on the River St. Lawrence, bounded on one side by the river called Ste. Marie, which falls into the said River St. Lawrence, and on the other side ascending the St. Charles River from the second stream above the little river commonly called the Laitier River, which streams and the said Little River St. Charles, item, we have given and do give them as a point of land with all the woods and meadows and all other things contained in the said point situate opposite the said River Laitier and on the other side descending to the River St. Lawrence.

Considering that an edict of the King of France revoked all concessions previously given, including those made by the said letters-patent of the Duke de Vantador, with the view of transferring to the Company of New France all the lands of the said New France by new letters-patent of the 15th January, 1637, the said Company of New France conceded to the said Fathers of the Society of Jesus the same lands already conceded by the Duke de Vantador.

Considering that by letters-patent of the 17th January, 1652, M. de Lauron, Governor of New France, again conceded the same lands, including the meadows covered and left uncovered by the tide.

Considering that the said letters-patent of the 15th January, 1637, and of the 17th June, 1650, conceding the said beaches between high and low water mark in the River St. Charles and the River St. Lawrence include the lands, the recovery whereof is sought by this suit brought by the Plaintiffs.

Considering that the said letters patent of the 15th January, 1637 and 17th June, 1652, are not mere recognitory titles of the said concessions of the 10th March, 1626, but were given as stated in the preamble of the said letters-patent, to reward the Fathers of the Society of Jesus for the services rendered by them to New France, both after and before the said letters-patent of the 10th March, 1626, and constitute an original title.

Considering that it results from the above that when the Act 22 Vic. Ch. 32 was passed the immovables reindicated in this case formed part of the estates formerly belonging to the late Order of Jesuits and came under the exception set forth in the said statute, and consequently have not become the property of the Plaintiffs in trust, but have remained the property of His Majesty and are appropriated for the promotion of superior education in the Province of Quebec.

Considering, moreover, that the said statute implicitly admits that the beaches in front of the immovables conceded to the said Fathers of the Society of Jesus by the letters-patent of the 10th March, 1626, or 15th January, 1637, or 17th January, 1652, formed part of the Jesuit's estates, inasmuch as all they convey as aforesaid to the Plaintiffs in trust is the deep water lots and beaches belonging to His Majesty.

Considering that the Plaintiffs have not proved their demand that the Defendants have established their plea and that the Attorney General has established the allegations of his intervention.

Dismisses the Plaintiffs' action with costs both of the Defendants' pleas and of the Attorney General's intervention.

SENSATIONAL CHARGES HAVE BEEN MADE

In Connection With Stationery Department of Printing Bureau.

Ottawa, June 24.—For alleged complicity in extensive frauds at the Government Printing Bureau, which have been discovered through the personal investigations of Hon. Charles Murphy, Secretary of State, F. S. Gouldthrite, who for twenty years had been superintendent of stationery at the Bureau, is wanted by the Dominion police. He has not been in the city for several days and is believed to be out of the country. Albert Harwood, accountant, has been dismissed. The enquiry so far conducted seems to reveal a coming scandal through the department. It has been conducted by the Minister with witnesses upon oath and will result in some drastic changes. The buyers of stationery and goods apparently have made a considerable rake-off, taken commissions on the purchases and have loaded the stationery branch with goods, some of them perishable, that will stock them up for nearly 20 years. The purchases totalled hundreds of thousands of dollars in the year. There is evidence that some of the frauds date back for twenty years and in that time they have been brought to such a state of perfection that it was only by minute investigation and persistent inquiry that the method of operation could be detected.

Mr. C. H. Parmelee, who was appointed King's Printer a little over a year ago, has been thunderstruck at the revelations. The frauds have been so carefully worked out as to make detection almost impossible. They could only be discovered by following up the ramifications as Mr. Murphy has done. In the United States a prominent local typewriter dealer sold goods figuring in the accounts being investigated. He also is a stock dealer and dealt considerably in "Right of Way." The missing superintendent was supposed to have done very well in these shares by being "in on the ground floor." Gouldthrite always cut a big figure locally.

40,000 MILE AUTO TRIP.

Toronto, June 24.—Mr. and Mrs. Jas. Ryrie and Mr. and Mrs. John Frost, who arrived here in Toronto today after a 40,000 mile trip around the globe, which was undertaken primarily to visit missions in Egypt, Ceylon, India, China, Japan, Manchuria and the Hawaiian Islands. "All the missions that we visited," said Mr. Ryrie, "are doing a splendid work, and any man who says anything to the contrary is either ignorant or does not want to know."

CITY COUNCIL'S SHORT SESSION

Sat for Only Half an Hour, But Did Considerable Amount of Business.

The shortest meeting of the City Council for some time past was held last evening when the proceedings were put through in little over half an hour.

Mayor Drouin presided, and among those present were Aldermen Cannon, Campbell, Pouliot, Morin, Gauvreau, Delisle, Cote, Collier, Guillot, Shink, Dinan, Lavallee, Cummings, Madden, Verret, Plamondon, Paquet, Barbeau, Goulet, Emond, Matte and Trudel.

A letter was read from the President of the Cabmen's Union, favoring the improvements in Dalhousie street and protesting against the observation car which was detrimental to cabmen. The letter was referred to the Road Committee.

A letter was received and read from Lt.-Col. Gaudet, respecting the complaints made by residents of St. Valier street in connection with the drainage from the Dominion Arsenal, and informing the Council that the military authorities were ready to cooperate with the civic authorities to stop the nuisance.

Mayor Drouin, in reply to Ald. Madden, stated that Lt.-Col. Gaudet had instructions from the military authorities at Ottawa, in answer to the city's protest, to proceed with the work immediately. These orders had been carried out, and the works, which had been inspected by Mr. Gallagher, were now almost completed.

A letter was also received from Mr. A. E. Valleraud, agent of the Canadian Oil Co., informing the Council that he had received orders from the Quebec Harbor Commission to remove his oil reservoirs from the Louise Embankment, and asking leave to erect them on a lot at St. Malo, and that he would conform to all the city by-laws respecting the erection of such buildings.

The Council was informed by a letter from Mr. T. Levasseur, Secretary of the Quebec Board of Trade, that a resolution had been adopted by the Board and forwarded to the Federal authorities, requesting that the Quebec Harbor Commission be reorganized and that the Commissioners be appointed. The resolution also calls upon the Federal Government to reduce the rates in the harbor of Quebec and make them similar to those in Montreal. The letter was left on the table and will be discussed when other resolutions of the Special Committee appointed to study the necessary means to improve the harbor of Quebec are taken into consideration.

A letter was read from Mgr. Roy, to the effect that a temperance congress would be held in this city between the 25th August and 2nd September next, which would be attended by about 2,000 delegates, about 1,200 of whom will be visitors from outside this district, and requesting a civic grant of \$1,000 towards helping to defray expenses in entertaining these delegates. Hundreds of European delegates will arrive in this city just at that time on their way to the Eucharistic Congress in Montreal, and while here will take part in the temperance congress. The letter was referred to the Finance Committee.

Ald. Cannon, Chairman of the Finance Committee presented reports from that committee granting the request of the Eastern Canada Steel & Iron Works Company, Jean Boivin and L. Pelletier, who reside just outside the city limits at St. Malo, to supply them with water, on condition that they pay the costs of laying pipes and pay 15 per cent. on the assessed value of their property. The report of the same committee calling for tenders for the sale of debentures to the amount of \$400,000, was also presented, both reports being adopted.

Ald. Pouliot, Chairman of the Road Committee, also presented the reports of that Committee, recommending the paving of the north end of Dalhousie street and several other streets in the city, and they were also unanimously adopted.

One of the Aldermen brought up the question of the excessive price charged for gas in this city, and Mayor Drouin informed the Council that he had given instructions to the City Engineer to call a meeting of the Road Committee for Wednesday evening next, and to invite the directors of the Quebec Railway, Light, Heat and Power Company to attend the meeting, when all these questions would be discussed.

Ald. Emond, seconded by Ald. Paquet, moved that all petitions sent to Council in favor of reducing the tax on outside laborers, working in this city, from \$4.00 to \$2.00 be placed on the table at next meeting. In support of his motion Ald. Emond remarked, that as a laborer, he was aware that the city labor organizations objected to any reduction in the tax, as there were lots of workmen paying taxes in this city, who are now idle owing to the fact that outsiders took their places. The motion was adopted.

Ald. Guillot, seconded by Ald. Goulet, moved that tenders be called for the paving of Caron street, opposite the Jacques Cartier Church, in scoria blocks, and the motion was referred to the Road Committee.

Ald. Cannon, seconded by Ald. Campbell, moved that when the Council adjourn, it stand adjourned to the 15th July. Carried.

ATTRACTION OF NEW INDUSTRIES

Correspondent Speaks With Interest and From Experience on the Subject.

To the Editor of the Chronicle:

Dear Sir,—I follow with infinite interest every movement now being carried out with a view to assuring the development of our port. In particular I have remarked the project of naming a maritime broker supported by the city in order to concentrate in Quebec the vegetables and products of our district. As it is these latter are now being taken to Montreal where they feed the commerce and industry and serve to swell the traffic of that port to the great detriment of our own.

I am no sympathizer with that mania, which is so disastrous and unfortunately so prevalent amongst us, of criticizing and disparaging every new movement. In fact I have nothing but praise for the efforts already made. However, if I may be so permitted, I will submit several suggestions that may, in my opinion, aid these efforts in assuring more profitable results. These suggestions of mine have been inspired by my own experience as an eye-witness of what has happened at Winnipeg.

It is a good thing to work to concentrate the products and crude materials of our province at Quebec, but it seems to me that these products of themselves in their natural and primitive state cannot constitute the freight which we wish to secure for our port and which are indispensable for its development.

If I except butter and cheese, products for exportation and wood, every other product should be forever transformed and handled to enable us to furnish articles for export.

In my opinion, eggs, butter and cheese of themselves alone will not suffice as freight for the port. We ought, therefore, not to lose sight of another essential element of the progress at which we are aiming, and that is the creation at Quebec of industries to utilize and manufacture and transform our natural products.

Furthermore it must not be forgotten that in order to put the development of our port on a stable basis, we must put ourselves in a position to receive and utilize a large part of the return freight of the vessels which will frequent our harbor. It would not pay them to discharge at Quebec, and to send by rail a return freight, which would be in large part, if not altogether, from the manufacturing to the west of us.

Only by establishing numerous industries at Quebec can we rise equal to the occasion and supply the demand for a return cargo as well as cater for a large part of the incoming freight.

The logical conclusion, therefore, is that the nomination of a shipping broker is a good thing, and the appointing of a committee or an agent to attract industries to Quebec is quite as necessary, if not more so.

I have spoken to you of my experience in Winnipeg. As the representative of the Rock City Tobacco Company in that town, I had the honor to be a member of the committee named in 1904 to attract industries into the Manitoba capital. Here are some of the results which we attained:

The town had voted a sum of \$25,000 to propagate the movement; the movement chosen was the development of the water power of Bonnet Lake, an enormous source of motive energy. In 1904 there were only four industrial concerns at Winnipeg; this year there are 102. You will admit with me that these results speak for themselves. During the same period the population of Winnipeg, which was 48,000 in 1904 has increased to 140,000 this year.

Even allowing for exaggeration the difference in population is considerable, and it is the industrial development which is responsible for at least two-thirds of the increase in population.

Quebec is by no means lacking in water power nor in other power sources; the coal brought up the river from Nova Scotia ought to be sold at as good a bargain at Quebec as at Montreal and we are certainly in a better position than Winnipeg to procure ourselves the raw material necessary for industries. But still we ought to advertise these advantages to manufacturing companies and take means to attract them amongst us. The manufacturing towns of Ontario have only succeeded by a similar programme, in becoming prosperous centers of industry. Ottawa and Toronto of late are agitating on the same principle. It is up to us to take action if we do not wish to remain ignored. There is no lack of enterprising citizens in Quebec who exercise by themselves in their own business this spirit of initiative. At Winnipeg the Wm. A. Marsh Co. has established a large branch for the sale of its products. His Worship Mayor Drouin and his manager of the Rock City Tobacco Co., Mr. Jos. Picard, have both done good work in establishing an important branch for the sale of their products at Winnipeg. These gentlemen would be better able than anyone to point out the absolute necessity of such propaganda from an industrial point of view. The advice of Mayor Drouin should be particularly valuable in this respect. Ask yourselves what Quebec would be were it not for the courageous initiative of these

business men, who have succeeded in establishing on a prosperous basis the few factories which maintain the working population of Quebec. Now that we have at our disposition the whole territory of Limoulo the one serious objection has disappeared. All that now remains for us to do is for us to put the axe to the tree. The best means for facilitating and aiding the work of a maritime broker will be to bring at the same time to Quebec industries which will create needs and demands now lacking.

My conclusion will be brief; let us proceed without delay. It is not merely a question of naming an industrial committee, and since its appointment we have heard no more of it. This is not meant as a reproach—reproaches are useless. Let us act and—to use the English expression—"Wake Up."

ODILON LACROIX, Broker.

C.P.R. TRAINMEN MAY STRIKE.

Montreal, June 24.—It is now feared that there may be a strike of Canadian Pacific trainmen. The company has announced that it will abide by the decision of arbitration and the committee say they must have the standard scale. Chairman Mulack, of the committee representing the men, said to-night that unless their demands were acceded to the committee was prepared to take immediate action, everything having been decided upon though he did not say that a strike order would be issued, this is what it is understood to mean.

Smoke and Chew Carillon Tobacco Save the Coupons

RESULTS AT SHEEPSHEAD.

Sheepshead Bay, N. Y., June 24.—Rockstone, at 20 to 1, proved a big surprise when he won the Grass Selling Stakes, 1 1/16 miles, on the turf course here to-day, defeating an ordinary field. Rockstone was ridden by a stable boy, McCabe, and he rode a fairly good race. The victory of Montgomery in the third race, when he won the 1 1/16 miles in the fast time of 1:51 3/5, was a remarkable form reversal. He started yesterday on the turf course, but finished in the ruck.

NOTICE

Our places of business will be closed on Monday, the 27th instant, for the celebration of the Fete of St. Jean Baptiste:

"I HONESTLY BELIEVE 'FRUIT-A-TIVES'"

The Greatest Cure For Rheumatism In The World

Knowlton, Que., Oct. 12th, 1909. "For many years, I suffered from severe Rheumatism, and the attacks were very distressing and prevented me from doing my ordinary work. I tried many remedies and physicians' treatments, but nothing seemed to do me much good and I was becoming very anxious for fear I would become a permanent cripple from the disease. I tried "Fruit-a-tives" and this medicine has entirely cured me and I honestly believe it is the greatest Rheumatism cure in the world." E. E. MILLS.

Such a statement could not be bought from a man like Mr. Mills. He thinks too much of his good name, to sell it or sign it to an untruth. Mr. Mills tried "Fruit-a-tives" after all other treatment failed—and "Fruit-a-tives" cured him of Rheumatism. In the goodness of his heart, he wrote the above letter in order that sufferers in all parts of Canada would know that there is one remedy that actually does cure Rheumatism. This testimonial was entirely unsolicited on our part. We did not know that Mr. Mills was taking "Fruit-a-tives" until we received the above letter.

It is a case like Mr. Mills' that proves the marvellous powers of "Fruit-a-tives" in arresting and curing disease. It may be stated, without fear of contradiction, that "Fruit-a-tives" will positively cure Rheumatism when properly used.

"Fruit-a-tives" is the only medicine in the world made of fruit juices and is the greatest Rheumatism cure known to modern science. 50c. a box, 6 for \$2.50, or trial box, 25c. Sold by all dealers or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

No Cough

Have not coughed once all day? Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine right at hand.

The Quebec Chronicle

QUEBEC, JUNE 25, 1910.

HON. MR. TURGEON'S CASE.

The conclusion of what was known as the Dussault-Turgeon affair will no doubt prove as satisfactory to many of Mr. Turgeon's political adversaries as to his numerous friends. No one will be sorry to know that the unpleasant cloud, which has been hanging over him so long, has been lifted. It is to his credit that he has made every effort to have a searching investigation into the matter for the purpose of leaving nothing unrevealed, and there is no flaw in his defense.

MORE NEWSPAPERMEN.

It was only last week that we received a visit from the International Association of Newspaper Managers and Circulation. In a short time, we are informed, we are to have another visit of newspapermen.

"Beginning August 1, says Collier's, the American Press Humorists' Association will spend six days of solid enjoyment at Montreal and Quebec and in between. They will receive the freedom of the two cities in two languages, and the St. Lawrence will reveal its summer delights and perennial grandeur. One hopes that the humorists will come to this feast of the soul well provided. They will get out just about what they put into it. It is holy ground they are treading. Every foot of the landscape from Montreal to Quebec grows a great name or a great deed. Montreal is full of quaint surprises, with its old buildings and old churches. A breath from the seventeenth century tempers the stir and heat of commerce. In what other city of North America will you find a community of priests growing savoy and lettuce in the heart of the business district on land worth two thousand dollars a foot? Take a look at that old garden behind the Stock Exchange. As for Quebec it is soaked in history, and there are affable members of the Royal Society to point out the right spots. Some of the humorists may be moved to get away from the ordinary run of sights. To such we can recommend the old graveyard up the hill on the Rue St. Jean. Many tragedies are there to be read between the lines on the gravestones—brave men dying in a far country for the king they served, and gentle women breaking their hearts for them. Yes, the old graveyard is worth an afternoon's pondering. But let the humorists read up beforehand. Canada has a picturesque history which is useful for newspapermen to know, if only for the sentiment that is to be got out of it."

Forewarned is forearmed. Perhaps this time we shall be ready to take advantage of this visit to do something in the way of advertising our city, and to let it be generally known that we have ambitions which embrace not only the historic, but also the practical. Perhaps our Civic Promotion Committee can arrange something.

RATHER CLOSE TO THE FIRING.

Word comes from Manitoba that it is Sir Wilfrid Laurier's intention to be in Winnipeg the day on which the electorate returns its verdict for or against the Roblin Government. A canvass has been on the rounds for some time, on the part of the Manitoba disrupted Liberals, that it is a shame that Premier Roblin did not have the courtesy to delay the election until after the visit of Premier

Laurier. This is a new feature of the provincial autonomy which has become only an election cry on the part of certain Liberals who do not understand what provincial autonomy means; and it is hardly in keeping with Sir Wilfrid's "discretion" in keeping as far from the battle front as he has kept in the engagement over the exchange of premiers in Alberta. It will be somewhat interesting to read Sir Wilfrid's summing up of the results of the present provincial contest as a forewarning of whether we are to have a general election all over Canada this year or not. Meantime he holds the lid on that secret, but before he gets far on his fence-repairing tour of the West, the result may come out, and then what a hurrying hither and thither there will be to get our own province to come to his rescue before the new census comes out, and before a re-setting of parliamentary representation be forced upon him. Meantime would it not be well for our Quebec end of the Conservative party to be up and doing to save their province from the disgrace of becoming a mere pocket-burgh in the keeping of Sir Wilfrid and his "merry men"? Is Achilles not tired of being confined so long to his tent? Mr. Borden is evidently sustaining manfully his end of Conservative responsibility. What about our Conservative leadership in Quebec?

HYGIENE AND SIGHTLINESS

The action of the City Council towards tidying up the streets and the backyards of our various city wards is worthy of all praise. Cleanliness is next to godliness; and in presence of the by-laws which are in process of being put in force to preserve the city's good name in point of morality, it is as well for us to get as near to godliness as we can, by keeping our civic appliances in as savory a condition for citizen and visitor as possible. Alderman Messervey has set the broom on the swing, and it is to be hoped that it will be kept swinging until Quebec can have a name for cleanliness as much as for godliness. The explanations which have been made in regard to the extension of our street railway towards Sillery, and the purpose of the company to hide underground more of its overhead wires, as well as the announcement made concerning the contemplated improvements around the Chateau Frontenac, are in line with a right kind of courtesy towards the public. Such announcements of proposed civic improvements stand as a lesson to those who have the extension repairs on the Dufferin Terrace in hand, and likewise to the officials of the Battlefields Commission. The press has a function to perform, in keeping the public informed as to what is going on for the uplifting of the moral standing of the town, as well as for the keeping of our streets and public promenades in a hygienic condition; and it is always pleasant to know that the legitimacy of that function is neither denied nor ignored. Indeed nothing pleases the newspaper man more than to have his action anticipated by the courtesy of those who have the health and comfort of the community in their hands. Some time ago, the Chronicle drew attention to the state in which the upper end of the Dufferin Terrace has been for many years. A promise was had from Sir Frederick Borden's Department, that the connection between the Terrace proper and its extension would be made at the earliest date possible. That "earliest date possible" is arriving no doubt, but has not yet arrived. If there was an election in sight it would have been here

by this time. Our visitors are still having pointed out to them the immortalized "Plains of Abraham" in the open field out on the St. Louis Road, and are being allowed to go away with the impression that if cleanliness is next to godliness there can be little godliness about the Battlefields' Commission, to whom the said field exclusively belongs. We do not know whether a lawsuit on the part of the residents in the neighborhood will have to be set on foot before steps are taken to improve matters in that direction; but the Chronicle again calls attention to what some people esteem a hygienic and historic scandal. Then again we repeat our caution about the water we are drinking.

It was understood that there was going to be no boating on the St. Charles above the aqueduct. The whole territory from the Chateau d'Eau up to the outlet of the lake, was, as the public have been led to think, to be under the most careful supervision, to keep the water we drink in the city undefiled. Has such an oversight not yet been ordered?

Without any disparagement to the late leader of our popular R.C.G.A. Band, we would take this opportunity of congratulating Bandmaster O'Neil on his early improvement of this excellent organization, and the very fine programme of music last night on the Terrace, was most heartily appreciated by a particularly large audience. The chief characteristic of Bandmaster O'Neil's selections was the popular airs that he had chosen, and this departure is most acceptable in every way to our Quebec public. We might further suggest that the programme to be performed on each respective evening should be published in our various papers prior to the concert, so that our readers might intelligently follow the programme as rendered.

As far as our Canadian trade is concerned, the figures just issued for May show another record advance. A despatch from Ottawa says that the total trade for the month was \$59,187,972, an increase of \$4,276,236, or over thirty per cent, as compared with May of last year. At the present rate of increase Canada's total monthly trade will within two years reach the billion dollar mark. For the current year indications point to a total trade of over \$800,000,000.

Apropos of the recently published remarks of Mr. Flavell, it seems that Canada's reputation as an agricultural Dominion is likely to rest solely upon her wheat-producing capacity. Whether any system of crop rotation will come into force within a reasonable period or not is a moot problem, but it would not be amiss if the Commission of Conservation were to take measures to prevent an excess of that kind of farming, which takes all out of the soil and then departs elsewhere leaving nothing—a thing, which has in some measure, characterized the development of the grain belt in the past. The seriousness of the outlook has been realized by the Scottish Agricultural Commission, which visited Canada last year, and these figures are in their report. They declare that: "If it were not for the vast virgin area which waits development, the Canadian farmer might be censured for his improvidence. In the great wheat belt the Commissioners found farming which surprised them by its short-sightedness. In the older and more settled districts on the prairie there is a method of mixed farming, in which wheat is succeeded by oats or barley seeded down with grass. But in the newer lands of the Far West the system is more exhaustive to the soil. It is to crop wheat for two or three years in succession; then to leave the land fallow for a year, and back to wheat again."

The improvidence of this practice is, the Commissioners say, perfectly understood by some of the intelligent wheat farmers of Canada. One of them, a German, said to the Commissioners: "You need not tell me about these things. I know perfectly well that continuous wheat farming exhausts the soil; but I know, too, that stock raising—at any rate, dairy farming—means continuous and hard work; and I know, too, that wheat growing requires less capital and less labor, and gives better returns."

Our Choice From 10,000,000 Orange Trees

We pack 60 per cent of California's orange crop—three-fourths of its lemons. From this great quantity we choose the solid, tree-ripened, deliciously flavored fruit for our special brand, "SUNKIST."

"Sunkist" Navel Oranges Are Seedless

They are always packed in wrappers bearing the name "Sunkist." Be sure the oranges you get have these wrappers, for they not only insure you the finest oranges that can be grown, but for every twelve you send us we will give you a

Handsome Orange Spoon FREE

These spoons are Rogers' Best Quality Standard AA—a beautiful pattern designed especially for us. You couldn't buy anything more handsome, no matter what price you paid. Think how quickly you can get an entire set—a most attractive addition to your table service.

Buy a dozen "Sunkist" Oranges or Lemons today, and send us the wrappers, with six 2c stamps to pay for postage, packing, etc. You will get your first spoon by return mail.

Address California Fruit Growers' Exchange, 32 Church St., Toronto, Ont.

Buy "Sunkist" Lemons as well as "Sunkist" Oranges. The fruit is equally fine, and we accept lemon wrappers for spoons.

QUEBEC BOYS' HIGH SCHOOL

Closing Exercises Took Place Yesterday Morning—Prize List.

Rev. Wylie C. Clark presided at the closing exercises of the Quebec Boys' High School, which took place yesterday morning at the institution. Others present were Very Rev. Dean Williams, Rev. J. A. Macfarlane, Rev. Canon Scott, Col. Turnbull, Hon. R. Turner, and Mr. Frank Ross. The proceedings opened with prayer by the Dean and closed with the benediction, pronounced by Rev. Mr. Macfarlane, and during the course of the prize-giving a short programme was rendered by a choir of scholars, Mr. Bishop playing the accompaniment.

There was a large assemblage of the pupils and their friends, and the proceedings were very interesting. Cadet Capt. Crawford, who has just returned from Bisby, was given a warm reception by the boys.

The dux of the school this year is J. R. Macfarlane, son of Rev. J. A. Macfarlane, pastor of St. Andrew's Church, Levis. After the distribution of prizes short addresses were given by Hon. Mr. Turner, Dean Williams and Col. Turnbull. The following is the prize list:—

PRIZE LIST.
Dux of School, J. R. Macfarlane, 5th Form.
Governor-General's Medal—Not awarded.
Lieutenant-Governor's Medal—J. R. Macfarlane, 76 per cent.
Daniel Wilkie Medal—Not awarded.
Henry Fry Medal—J. R. Macfarlane, 77 per cent.
Ann Ross Medal—J. R. Macfarlane, 85 per cent.

4th Form.
1st prize, general proficiency, C. B. Clark; 2d, E. M. Crawford, H. W. Moore; 3rd, A. Gardner.

Prize for French—C. B. Clark.
Prize for mathematics—C. B. Clark.
Prize for science—H. W. Moore.

3rd Form.
1st prize, general proficiency—A. St. G. Jacques; 2nd, B. Schwartz; 3rd, W. L. Clark.

1st prize French—A. St. G. Jacques.
1st prize mathematics—B. Schwartz.
1st prize science—A. St. G. Jacques.

2nd Form.
1st prize, general proficiency, F. N. Moore; 2nd, A. G. Tweddell; 3rd, D. Kerr; 4th, J. H. Lawson.

1st prize for French—A. G. Tweddell.
1st prize for mathematics, F. N. Moore.
1st prize for writing—L. G. Sanford.

1st Form.
1st prize, general proficiency, R. C. Cream; 2nd, A. M. Blanchet, B. Eliasoph; 3rd, C. F. Hewitt; 4th, J. F. Gow; 5th, S. D. Endler.

1st prize French—R. C. Cream.
1st prize arithmetic—R. C. Cream.
1st prize writing—E. G. Bignell.

Preparatory Class.
1st prize, general proficiency, E. C. F. Fluhman; 2nd, W. J. Muir; 3rd, F. R. Scott; 4th, E. A. Wiggs; 5th, W. B. M. Love; 6th, P. Landrieu.

1st prize French—E. C. F. Fluhman.
1st prize arithmetic—E. A. Wiggs.
1st prize writing—P. B. Fauvel.

Punctuality—Boys who have not been late once during the year and have not missed a day in attendance:—J. G. C. Fraser, D. C. Hyde, D. B. Moffat, E. G. Young, H. C. Bickell, S. T. Goodnoh, D. Kerr, J. H. Lawson, F. N. Moore, R. C. Cream, G. H. Wheeler.

Essay Prizes—1st, John R. Macfarlane; 2nd, Adolphe Gardner; 3rd, Carl Fraser; 4th, Willis Lumgair Clark.

The prizes won at the sports the day before yesterday were also distributed.

LIMOULOU PROTESTANT DISSENTIENT SCHOOL.
The pupils of the above school received their summer holidays at noon yesterday. There was no regular closing ceremony owing to the recent illness of the teacher. Before separating the pupils presented their popular teacher, Mrs. Miles Copeland, with a handsome vase and silk handkerchiefs as a slight mark of their appreciation.

The following is the prize list:—
Grade IV.
Gladys Hillier, first prize for promotion; Earl Brown, John Brown, 2nd prize for promotion; Arthur Parke, 3rd prize for promotion; Austin Jack, 4th prize for promotion.

Special Prizes.
Arthur Hillier, writing and drawing; Freda Jack, general proficiency; Wm. Edgeley, 1st prize for arithmetic; Annie Doddridge, writing and drawing; Edward Murphy, spelling and writing; Herbert Parker, general proficiency; Bertie Gore, progress; Walter Morton, writing and arithmetic.

Grade III.
Colin Brown, 1st prize for promotion; Maud Hillier, Muriel Armstrong, 2nd prize for promotion; Gordon Smith, 3rd prize for promotion.

Special Prizes.
Edgar Parke, good conduct; Bertha Daeres, reading and writing; Edward Fritze, progress; Arthur Ward, progress; Ernest Wolfe, progress.

Grade II.
Horace Redding, general proficiency; Weston Daeres, progress.

Senior—Grade I.
Bessie McMillan, 1st prize for promotion; Ella Fritz, 2nd prize for promotion; Victor Redding, 3rd prize for promotion; Elsie Willis, general proficiency.

Juniors.
James Armstrong, 1st prize for promotion; Florence Hillier, 2nd prize for promotion; Elmer Stuart, 3rd prize for promotion; Isabel Stuart, general progress; Florence Ward, general progress; Frank Gore, general progress; Myrtle Smith, general progress.

PIANO RECITAL IN STEINWAY HALL.

Over Mr. A. Lavigne's Store.

The following programme will be rendered by Miss Carey's pupils on Monday next, 27th instant, at 3.30 p.m., in the above named hall. Admission by invitation:—

1. March (from Novalte) Op. 21 (2 pianos).....Schuman
Misses Swezey and Kane.
2. (a) (Hunting Scene) 2 pianos.....
(b) Waltz.....Gurlitt
Misses Cream and Kimear.
3. Duet—Here we go.....Vannah
Master Carl Fraser and Sister.
4. Youth and Joy—(2 pianos).....
Schytte
Misses Dempsey and D. Houghton.

5. Valse—Lento.....Schutt
Miss Germaine Lavigne.

Streahboz
Misses E. Kelly, B. Kelly, E. Jack,
I. Dempsey.
17. Pizzicati Arabesque (2 pianos).....
Fanchetti
Misses Lavigne and Gow.

18. Polonaise.....Chopin
Miss Fackney.
19. Carnival Pranks in Vienna.....
Schumann
Miss I. Kerr.

20. Duet—Scherzo (celebrated septette op. 20).....Beethoven
Misses Kane and Swezey.

PANGS AND TORTURES OF A WEAK STOMACH
Prompt Relief and Cure Can Be Obtained Through Dr. Williams' Pink Pills

Indigestion is a condition in which the stomach is more or less unable to digest the food. Even a light case of indigestion means much misery, but when the trouble is at its worst the life of the sufferer is one of constant and acute misery. Indigestion is recognized by a burning sensation in the stomach, bloating, an oppressive feeling of weight, belching wind, pains in the region of the heart, often vomiting and nausea, and a dread of food for the misery it causes. Dieting and the use of pre-digested foods may give some relief, but will never cure indigestion. The work of indigestion depends upon the blood and the nerves and the only way to cure indigestion is to so tone up the stomach that it will do the work that nature intended it should do. The very best way to cure a weak stomach is through a course of Dr. Williams' Pink Pills. These renew the blood, strengthen the nerves and thus give tone to the stomach, and enable it to do its work with ease and comfort. No one suffering from indigestion in even the slightest form should neglect the trouble for an instant: to do so means that it obtains a rmer hold, and daily the misery and suffering is increased, and the cure made more difficult. At the first approach of the trouble take Dr. Williams' Pink Pills and it will speedily disappear. These pills will cure even the most obstinate case of indigestion, but naturally it takes longer to do so. Mr. Philip Lafleur, St. Jerome, Que., says:—"After I left college, when I had studied hard for four years, I suffered so much from indigestion that I found it difficult to earn my living. I was troubled with terrible pains, a bloating feeling, and a sourness in the stomach. This led to a loss of appetite and I began to show signs of a nervous breakdown. I tried several different treatments without finding any apparent relief and my nervous system had grown so shattered that I could not work. A priest who was interested in me advised me to try Dr. Williams' Pink Pills and I followed his advice. It was not long before they began to bring me back to health, and in the course of a couple of months my stomach was as sound as ever; my nervous system strong and vigorous, and I have since enjoyed the best of health. I owe all this to Dr. Williams' Pink Pills, for which I shall always feel grateful."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

GIRLS' HIGH SCHOOL CLOSING

Interesting Function Largely Attended—Splendid Record of Progress.

There was a very large attendance at the closing exercises of the Girls' High School, which took place last night in the Y. M. C. A. building. On the platform were the Very Rev. Dean Williams, chairman of the Protestant School Commission, who presided; Rev. G. H. Cobble-dick, Alderman Messervey, Commissioner, and F. G. Wurtele, Esq., Secretary. Dean Williams in his opening remarks spoke of the excellent work which had been accomplished by the school under the very able administration of Miss Steward, B.A., of Toronto, the present head-mistress. The school was now thoroughly organized, and under the management of a capable staff working together harmoniously.

The Rev. J. H. Cobble-dick also spoke, saying that education in Quebec was fully equal to if not better than the system in Ontario. Referring to the work done by the MacDonald College, he said that out of 200 young ladies studying there no less than 160 intended to take up teaching after completing their course. He paid a high tribute to the training received at the Girl's High School.

A splendid programme was carried out in most efficient style by the pupils, one of the chief features being the successful conversation between several of Shakespeare's heroines, which was cleverly written and staged with exceptional merit.

THE PROGRAMME.

1. Chorus, "High School Bells."
2. Chairman's address.
3. Solo and chorus, "On the Blue Wave."
4. Principal's report.
5. Chorus, "Do Thy Duty."
6. Umbrella drill, Preparatory Class.
7. Part song, "The Sea Fairies."
8. Shakespeare's Heroines, Misses E. Le Mesurier, F. Wilkinson, C. Jackson and P. Mortimer. (A supposed conversation between Juliet, Ophelia, Portia and Lady Macbeth.)
9. Address, Rev. Mr. Cobble-dick.
10. Distribution of prizes.
11. Speeches.
12. God Save the King.

The principal, Miss Steward, read the following report:—

"Mr. Chairman, Ladies and Gentlemen,—In presenting my first report to you, as principal of the Girls' High School, I am glad to be able to announce a year of improvement and progress in all departments. Thanks to the harmony which has existed and the hearty co-operation of all those connected with the school, my work this year has been a real pleasure. Friction among the many elements which constitute the modern school is only too easy, and whoever or whatever the cause of the trouble, the burden of it falls upon the principal. I therefore consider myself particularly fortunate in being in a school in which the Commissioners are invariably obliging and interested in the welfare of the school, in having a staff of assistant teachers who are exceptionally capable and earnest in their work, and a class of pupils who are bright yet obedient and, for the most part, good workers.

We have had the advantage this year of pleasanter and brighter surroundings, for the school was thoroughly cleaned and painted throughout during the summer vacation, and I may say that the walls are as fresh as ever and entirely free from the hieroglyphics and autographs which too often disfigure school property.

Another great advantage this year has been the excellent attendance. The total enrollment was 111 and the average monthly attendance, even in the stormy winter months, was always over 90 per cent, and usually much higher. Seven children did not miss one day during the year, and eight were absent for only one day. The punctuality has also improved, although with some pupils there is still room for improvement in this regard.

Those of you who were at the school closing last year may remember that several impending changes were mentioned. Most of these were planned by my predecessor, Mrs. Millar, and I thought I could not do better than follow along the lines thus marked out for me.

The addition of another teacher to the staff and the formation of another class (the elementary) have both proved to be wise moves.

The plan has been a success from a financial standpoint, for the increased expenditure in salaries has been more than covered by the increased revenue from fees. Then in other and more important ways the plan has been an unqualified success. The children in the elementary class have the opportunity of beginning their education in an institution in which they can continue it up to university matriculation. Only those who have had to deal with children who have been obliged to change their school several times can realize how difficult it is for them to adjust themselves to new surroundings and how much time is lost in so doing.

Then for the higher classes the advantage of extra teacher has been felt, for it has done away with the system of doubling classes, putting two classes together—a system which is necessary with a small staff of teachers—but in which one class or the other is sure to suffer.

In the department of Household Science, I am pleased to be able to report progress—great progress—and this in spite of a double handicap of scanty funds and incomplete equipment. Our total was slightly over fifty dollars, and with this small amount we covered all expenses and have a balance for next year. I gave a seven months' course in cooking to three classes and a charter course in first aids to the injured. Next year, should circumstances permit, I should like to introduce some other branch of household science, such as home nursing, or dressmaking.

The result of their training was demonstrated in a practical way, as they acted hostesses several times, having given two luncheons and two teas,

planned and prepared entirely by themselves.

As far as possible we have followed the course of study prescribed by the Central Board of Examiners. This necessitated some changes, among them the introduction of two subjects—hygiene and, including with writing—an introduction to bookkeeping—enough to enable a girl to write checks and keep her own accounts, at least.

The changes made in the government examinations have left our school in an unfortunate position as far as this year is concerned. It is a regrettable fact that the general public judge the efficiency of a school by the number of pupils it shows through the government examinations. Very often this is a false standard. In our own case, I feel that this is so this year.

By the old regulations the pupils of the first grade, academic, tried the preliminary examination. Had these regulations remained in force we would have had a class of eight or nine girls trying this year. However, the preliminary has been abolished and a much more difficult examination, called the Grade 2 examination, was substituted. This could not be tried by pupils of grade 1, academic, but by these of grade 2. However, by the regulations, those who had passed prelim. were exempted from grade 2. As all those who tried it had passed prelim., we had no candidates in grade 2.

I must not dwell on these points too long, as I am sure you are more anxious to hear the rest of the programme and to applaud the winners of these handsome prizes.

For these I wish to thank the following kind donors:—
The Very Rev. Dean Williams, highest average in senior classes; the Rev. A. Burgett, highest average in junior classes; Lt.-Col. Ray, prizes for English; Mr. Pfeiffer, prizes for French; Mr. T. J. Moore, three handsome books; the Dean Norman bequest, general proficiency prizes; Ladies' Branch of S. P. C. A., two prizes for essays.

I will conclude by again thanking all those with whom I have been connected during this year. I am glad that there are to be no changes in the staff of teachers or the board for next year, so that we may look forward to another year of work together, which I hope will be as pleasant and successful as that last, which has just passed.

PRIZE LIST.
Monica Rollett, first prize for promotion and first French; Gladys O'Regan, third prize for promotion; O'Hee Crawford, first prize for general proficiency; Ella Hershovitz, second prize for general proficiency; Gwendoline Brown, third prize for general proficiency; Marion Young, first prize for conduct and attendance.

Ladies' Branch of S. P. C. A.—Two prizes for essays, Lizzie Taylor and Rosetta Joseph.

Victims of Obesity
Cure Yourself at Home in Comfort

As a bodily affliction Obesity often seems to be inexplicable, so rapid is the increase of weight and bulk, even in cases where the victims are studiously temperate in eating, etc. There is evidently a predisposition that way, and neglect only tends to confirm it. The remedies tried may have grievously disappointed you.

Here is one that will not do so, and you may get the ingredients at your druggist's and mix them yourself without trouble. Ask for 1/2 oz. Marmola, 3/4 oz. Fluid Extract Cascara Aromatic and 4 1/2 oz. Peppermint Water. Shake together in a good-sized clean bottle. Simply take this mixture after each meal and at bedtime, one teaspoonful to the dose, and give yourself no further trouble; the superfluous fat will subside with wonderful rapidity.

Dieting need not worry you in the least, nor is violent exercising at all desirable. Wasting methods of weight reduction are not natural. Try the pleasant treatment above prescribed for a week or so, and you will be fit, strong and free from all bodily discomfort, besides having regained correct weight and a shapely figure.

IN AND ABOUT TOWN

OPEN AIR SERVICE AT MILITARY CAMP

Troops Will Attend Religious Duties To-Morrow Morning at St. Joseph.

The troops in camp at St. Joseph de Levis will have an open air church parade to-morrow morning at 10.30 o'clock, when both the Roman Catholics and Protestants will attend service on the camp grounds. The two religious divisions of the camp will attend their religious duties in different portions of the grounds, and the event promises to be a most striking and impressive one.

JUDGMENT IN SUPERIOR COURT.

Judge Cimon will render judgment on Monday morning next in the case of Neville against Dallaire.

ENGLISH MAILS.

Mail for the R.M.S. Megantic will close at the Quebec Post Office at 5 p.m. to-day.

CHALMER'S CHURCH.

Services at Chalmer's Church to-morrow will be patriotic, and the closing service of the Sabbath School will be observed by the use of the Assembly's service or patriotic assembly.

ST. JEAN BAPTISTE CELEBRATION.

His Lordship Mgr. Roy, Coadjutor Bishop of Quebec, will officiate at the solemn mass at St. Jean Baptiste celebration on Monday.

CYCLONE AT MASKINONGE.

The parish of Maskinonge was struck by a severe cyclone on Wednesday evening about 6 o'clock, much damage being done. Several barns were blown down and fences, stables and outbuildings destroyed.

DEATH OF YOUNG BANDSMAN.

The death took place yesterday morning of one of the members of the Juvenile St. Damase band. Paul Emile Dusault, who, though only 9 years and 2 months of age, was one of the most talented members of the band.

CORONER'S INQUEST.

Coroner Jolicoeur held an inquest on Thursday at St. Sylvester, Lotbiniere County, on the remains of a 17-year-old lad named Arthur Dubois, whose sudden death was at first thought to have resulted from poisoning. It proved, however, that death had been caused by hemorrhage.

SERIOUS ILLNESS OF MGR. GAUVREAU.

Mgr. Gauvreau, for a number of years parish priest of St. Roch's parish, is seriously ill, and yesterday afternoon received the last rites of his church. Last evening Mgr. Gauvreau was reported to be resting quietly, and his condition was somewhat improved.

BAPTIST CHURCH.

The friends of the Revd. Mr. Ellis, of the Baptist Church, will be glad to know that he is making most satisfactory progress to recovery after undergoing a most serious operation in the J. J. Hallett's Hospital. The Revd. Mr. Marshall, of Montreal, will supply at both morning and evening services for Mr. Ellis.

JURY CASE APPEALED FROM.

The Phoenix Bridge Company has appealed to the Court of King's Bench, which will sit in October next, from the verdict recently rendered by a jury in the case of Haley against the Phoenix Bridge Company for \$20,000. The bond in security for appeal was given yesterday by the United States Fidelity Company for \$23,000.

ODDFELLOWS ELECT OFFICERS.

At the meeting of Albion Lodge, No. 2, I.O.O.F., the mother lodge of the Order of Oddfellows in the city of Quebec, officers were elected last evening for the coming term as follows:

SAILING YACHT RACE THIS AFTERNOON.

The following yachts have entered for the sailing yacht race to Beaumont buoy and return this afternoon:—Rainier, Ely, Jager, Sh. Valier, Nap. Mercier, Cygne, J. P. Lavoie, Sh. George, Nap. Mercier, Ettoile de la Mere, J. E. Giroux. Start, east wind, 1.30 p.m.; west wind, 2.30 p.m. The race will be judged from the tug M. E. Hackett by Major Hetherington, Wm. Home and Delphis Mercier. There will be three prizes given if five yachts run. First prize, Lemaire marine glasses, donated by Honorary Commodore Wm. Rice, M.P.; second prize, marine barometer, by Major T. Hetherington; third prize, musical clock, by Mr. E. G. Joly de Lotbiniere.

IN THE HOT SEASON.

We will sell this week 200 light suits, of very fine quality made especially for the warm season, special price \$5.75. Also 100 light blouses in alpaca or silk, \$1.50 and upwards. See our big display add. FAGUY, LEPINAY & FRERE, plaintiffs.

DR. T. AINSLIE YOUNG HONORED

Rector of the Quebec Boys' High School Receives Merited Award.

At the closing exercises of the Boys' High School yesterday, the Chairman, Rev. Wylie C. Clarke, referred in appropriate terms to the honor which had been done to its Rector, Mr. T. Ainslie Young, upon whom the degree of D.C.L. had been conferred by Bishop's College, of Lennoxville. The remarks of the speaker were received with the greatest enthusiasm by his hearers, testifying in no small degree to the high esteem in which Dr. Young is held by all who know him as one of the foremost educationalists of the Ancient Capital. Not alone his pupils, but a wide circle of friends in Quebec will unite in congratulating him upon his well-earned honor.

A rumor has been current in Quebec lately to the effect that Dr. Young intended to resign his position as Rector of the High School. It will be a source of the deepest gratification to all friends of the High School and of the cause of education in Quebec to learn that Dr. Young has no such intention, and in conversation with a Chronicle reporter last evening, Dr. Young stated that no such intention had so far been entertained by him.

PATRIOTIC MARCH SONG.

One of the features of the closing exercises at the Victoria School yesterday afternoon was the rendering of the song, "The Britonaire," by Miss Jacobs. The song was received with enthusiastic marks of approval, the large assembly seemingly being deeply touched by the patriotic words and swinging notes of the music. The words and music are the work of Mr. Ralph M. Reade, of Quebec, and the composition is one that should prove popular in the Dominion. The song has been published by the National Music Company of Toronto, and it is a great compliment to the ancient capital that a local composer, whose patriotic effusions have been greeted with so much favor, should have his composition published by one of the greatest music publishers of the Empire. The song will certainly prove popular.

DOMINION DAY PICNIC.

The chief attraction of the coming Dominion Day celebration will undoubtedly be the picnic to St. Catherine's Grove of St. Patrick's Court of the Catholic Order of Foresters. St. Patrick's Court have already held several picnics. All have been most successful and enjoyable, but the coming outing promises to eclipse all former outings. The arrangements for the picnic have been made on a scale never before exceeded, and all who desire to spend a really enjoyable day in the country should travel with the members of St. Patrick's Court next Friday. There will be races, games, dancing and all the other attractions, and the prize list will be one that will undoubtedly claim the attention of all. If you wish to spend a pleasant day on the anniversary of the Dominion, do not overlook the picnic of St. Patrick's Court. The members have already established their reputation, and the present yearly outing will undoubtedly surpass all previous ones.

CHAMPLAIN MARKET SITE.

On his return from Chicoutimi yesterday, Senator Choquette was interviewed in regard to the deal between the city and the Transcontinental Commission in connection with the Transcontinental Railway. The Senator said, as his views on the question are well known, nothing has occurred so far to change them, "but it seems to me," he said, "that the sale of the market could be settled in a way that would be satisfactory to everybody interested in the welfare and advancement of Quebec."

He suggested that His Worship Mayor Drouin and the City Councilors reconsider their decision on the matter and add a clause to the effect "That if the promises made to Quebec by the President and members of the Transcontinental Railway Commission be not fulfilled at the expiration of two years from date of contract then the city will have the right of arbitration on the Champlain Market and other properties and recover from the Government the value of these properties, minus the \$100,000 now received, because the Council is now accepting that amount on the promise of millions being expended here for the deepening of the St. Charles, the improvements to wharves. These works were in the Order-in-Council promised by Hon. S. N. Parent, but the Order-in-Council is dropped and Quebec has promises, and promises alone. He hoped that they would be fulfilled, and if they should not be for one reason or other, perhaps not the fault of the Ministers or Hon. Mr. Parent, then let us get the value of our property, because conditions will be changed later. With a protective clause similar to this inserted in the contract, a clause to which nobody can object, the city will be protected and the Mayor or Councilors cannot be later reproached if the Commission do not fulfil their promise according to contract.

NO INTERFERENCE AT RENO.

Reno, Nev., June 24.—Tex Rickard today received a personal telegram from Governor D. S. Dickerson, of Nevada, saying that inasmuch as prize-fights are licensed by the State, there will be no interference by the Governor in the Jeffries and Johnson fight.

Don't forget Montmorency Falls Sunday. Big time for everyone.

Don't forget Montmorency Falls Sunday. Big time for everyone.

The property belonging to Mercere & Fiset, corner Dorchester and Ste. Helene streets, will be sold in the Court House on the 27th of June at 10 a. m. This is a nice property, containing 5,000 feet of land, on which are two houses, giving a rent of \$300; and a good shed of 25 by 80 feet.

MEETING OF R.R. COMMISSION

Number of Matters Considered At Assembly Held Here Yesterday.

The Canadian Railway Commissioners met in the Court House in this city yesterday to consider complaints made by parties regarding the Q. R. L. & P. Co. and the St. Maurice and Champlain Telephone Companies. Judge Maybe, President of the Commission, and the other Commissioners present were Hon. M. E. Bernier, Dr. James Mills and Mr. S. J. McLean. Mr. Chouinard, city attorney, asked that the Commission grant the right to the Q. R. L. & P. Co. to cross the C.P.R. tracks at two points on St. Valier street and Lesage avenue, which Mr. Baillarge, City Engineer, remarked had been agreed upon between the city and the railway company. The application was thrown out, the Commissioners arriving at the conclusion that the city had no power to act in the matter.

The order passed by the Commission last year, giving the Quebec Street Railway the right to cross the C.P.R. tracks on St. Valier street was discussed from the point of view of restoring and maintaining an interlocking plant, gates and semaphore and other appliances which had been installed in accordance with an agreement reached between the C.P.R. and the Q.R.L. & P. Co. in 1899, but subsequently dropped.

It was, therefore, ordered by the Commissioners that the C.P.R. return the semaphore which had been removed; that the Q. R. L. H. & P. Co. return the interlocking plant and that each maintain the cost of maintaining what they return.

That the entire cost of installing an annunciator be maintained by the Q. R. L. H. & P. Co. and that the salary of the men in charge of the interlocking plants, the gates and the semaphore plant, the gates and the semaphore will be paid in share by both companies.

The companies were given sixty days to complete the work. Mr. Oscar Morin, representing the St. Maurice and Champlain Telephone Company, brought a case up before the Commission, in which it was maintained that the Bell Telephone Company was, without contract, preventing the Portneuf Telephone Company from exchanging power with the company which he represented. It was decided by the Commission to postpone the case until the Bell Telephone might be represented before them to explain if the contract really existed or not.

Mr. J. P. Bedard, K.C., representing the municipality of St. GREGOIRE DE MONTMAGNY, made an application for two more crossings in that parish, where seven crossings, in an area of 800 yards, already exist. The petitioners also ask that the trains run slower when passing through the village. Judgment will be rendered later on.

Hon. L. P. Pelletier appeared for the Q. R. L. H. & P. Co. in all the cases submitted to the Commission yesterday while Messrs. Bedard and Chouinard appeared on behalf of the city and private interests. There are at present seven crossings in St. GREGOIRE, but the municipality wanted two more, which was refused by the Commission. The Commissioners left last evening for Montreal, where they will sit to-day.

ROYAL BAKING-POWDER. Makes the food of maximum quality at minimum cost. WHY NOT PLAY IT YOURSELF? WHY not be a performer yourself—not ever a mere listener? Why not indulge your own taste at will, for music grave or gay, classical or modern, sonata, nocturne, caprice or waltz, as you may do with the MASON & RICH PLAYER PIANO at command? And, be more than independent of the grace or whim of others—be able to play so beautifully, so expressively, that the severest critic will be delighted with your performance. Why not? WE are the Sole Agents in Quebec for these celebrated pianos, and we would be pleased to show them to you, any time you call. C. ROBITAILLE 320 ST. JOSEPH ST.

BASEBALL GAME TO-DAY. There promises to be an exciting baseball game on the Hare Point grounds this afternoon at 3 o'clock between the Dominion Textile and Ross Rifle teams. The cotton men have been practising hard and are now in a position to play some ball, so that the Riflemen will have a hard run to-day. CRICKET MATCH TO-DAY. There will be a cricket match on the Plains at 2 p.m. sharp to-day between the R.C.G.A. and Quebec. The Quebec team will be Ansell, Baylor, Mustard, Osborne, Newton, McIntyre, Price, Smith, Holloway, Parmelee, Daires, Ingraham. Royals and St. Patricks will play an exhibition game on the Hare Point grounds to-morrow afternoon at 3 o'clock, and the match should be one worth seeing. Take the Observation Car for a nice long ride around the city.

THE GREAT STORES OF QUEBEC CENTRE. Make your purchases in the morning so as to avoid the crowd of the afternoon. Faguy, Lepinay & Frere 254-264 St. John St. When there is a crowd, please be good enough to wait a few minutes, we will give you more attention. IMPORTANT EVENT. June sale at bargain prices; irresistible offers and good value, which will make you forget your annoyance at the bad weather. Every display of our Great Stores shines with brilliant effect equally pleasing by its value, variety and low prices of the merchandise.

Bright's Disease Cured

A very striking illustration of what Warner's Safe Cure will do is the case of Mr. Roy A. Poole, of Brookings, S. D., who was scarcely able to move for twelve months owing to kidney trouble, in the form of Bright's Disease. He is now well and active, having been completely cured by

WARNER'S SAFE CURE For the Kidneys, Liver, Bladder and Blood

Mr. Roy A. Poole.

The following letter expresses his gratitude: "I wish to praise Warner's Safe Cure for Bright's Disease. I hardly know how to start, because I cannot say enough in praise of it—it has been of such great benefit to me. I was first taken sick with rheumatism on Oct. 4, 1908. I was in bed most of the time until April 10th, 1909, when I came home. I could hardly walk with a cane. My doctor found I had Bright's Disease, large amount of albumen, palpitation of the heart, weak stomach, blinding sensation, shortness of breath, pains all through my legs and body. I doctored until the first of June, and was getting worse all the time. I got so they had to help me in and out of a chair. I was almost gone. My mother advised me to try your remedies, as they cured her brother-in-law 28 years before; so I did. After the second bottle I began to get better. I have taken eight bottles, and I also take one of Warner's Safe Pills at bed time every day. I am getting fat, feeling fine, the albumen has disappeared and every bad feeling gone. I hope my letter will be the means of helping every person suffering from kidney or urinary troubles." Roy A. Poole, Brookings, S. D. Warner's Safe Cure is put up in 50 cents and \$1.00 bottles, and sold by druggists everywhere.

Constipation and Billiouness

Warner's Safe Pills, purely vegetable, absolutely free from injurious substances, a perfect laxative. They do not gripe or leave any bad after effects. 25 cents a package.

To convince every sufferer from diseases of the kidneys, liver, bladder, and blood that WARNER'S SAFE CURE will absolutely cure, a sample box of Warner's Safe Pills will be sent FREE OF CHARGE post-paid, to any one who will write WARNER'S SAFE CURE CO., Toronto, Ont., and mention having seen this liberal offer in The Quebec Chronicle. The genuineness of this offer is guaranteed by the publisher.

This Chestnut Cruising Canoe

is light, sturdy, and of great carrying capacity, easy at portages and readily handled in swift waters, or in running rapids. Bottoms rise at ends, so large waves are ridden without splashing water. Easiest paddlers and poles made, with greatest speed and jaunty appearance. Strongly built. Have first quality New Brunswick white cedar ribs (set closely together) and linings. Entire framework covered with Chestnut special seamless hard woven canvas, treated with Chestnut waterproof composition. Fills every pore of canvas—dries like flint. All fastenings copper; ends brass protected.

Chestnut Canoes are weather-proof and water-proof; can't leak. Never dry out. Always tight; always right. Best one-man cruising canoes on earth. Made by skilled workmen who excel in canoe-craft.

Get our illustrated catalog (no charge) before you spend a dollar for a canoe. Write your postcard now. Chestnut Canoe Co., Ltd., Box 434 Fredericton, N.B.

HAMILTON TRACK WAS AT ITS BEST WON \$160,000 ON \$3.50

Some Good Racing Yesterday —Steven Lane Won Walker Cup.

Hamilton, Ont., June 24—The weather was ideal for good racing here this afternoon, far the next to last day of the H. J. C. spring meeting. Clear cool skies, with a breeze blowing, made it most pleasant for the 3,500 spectators who were present. The track was at its best. Eight races made up the programme with the Walker Cup steeplechase at two miles, and the Dominion Plate for Dominion foals as features. Nat Ray withdrew Byzantine, leaving the cup steeplechase apparently at the mercy of the Casey pair, Marksman and Steven Lane. With Thomond thrown in for good measure, the entry was liberally supported at 10 to 2. The confidence placed in them was justified. Steven Lane, well ridden by Simpson, came home in front. This makes the Walker Cup, donated by Hiram Walker and Sons, the property of Mr. Casey, of Toronto, as he also won it last year. J. E. Seagram captured the Dominion Plate with the odds on favorite, Seismic, the King's Plate winner of 1908, coming away in the stretch and running in commanding style.

1st race, stallions, 3-year-olds and up, \$400 added, one and a sixteenth mile—Green Dale won; Trudo, 2nd; King Avondale, 3rd. Time, 1:48 4-5. 2nd race, 2-year-olds, \$500 added, 5 furlongs—Capsize won; Eagle Bird, 2nd; Limpe, 3rd. Time, 1:01. 3rd race, Walker Cup, steeplechase, 4-year-olds and up, owned by bona fide residents of the Dominion of Canada, \$400 added, about two miles—Steven Lane won; Ballycastle, 2nd; Marksman, 3rd. Time, 4:12 3-5. 4th race, Dominion Plate, 3-year-olds foaled in Canada, \$100 added, one and one-eighth miles—Seismic won; Mendip, 2nd; Frolic, 3rd. Time, 1:57. 5th race, selling, 3-year-olds and up, \$400 added, 5 1/2 furlongs—Flying Footstep won; Lady Sybil, 2nd; Paul Davis, 3rd. Time, 1:07 3-5. 6th race, selling, 3-year-olds and up, \$400 added, 5 1/2 furlongs—Mon Ami won; Bambro, 2nd; Teddy Bear, 3rd. Time, 1:07 3-5. 7th race, 3-year-olds and up, non-winners of three races other than selling since May 7th or one of \$1,200 value this year, \$500 added, 1 1/16 miles—G. M. Miller won; Wm. Pitt, 2nd; Collisor, 3rd. Time, 1:45 3-5. 8th race, selling, fillies and mares, 3-year-olds and up, \$400 added, one mile on turf—Fair Annie won; Ferand Cecilan, 2nd; Laughing Eyes, 3rd. Time, 1:06 3-5.

PHILADELPHIA, June 24—Miss Louise Hammond, New York, this afternoon defeated Miss Browning, New York, in the final round of the women's national lawn tennis championship, 6-2, 6-4. This gives Miss Hammond the right to play Miss Hazel Hotchkiss, California, the title holder, for the championship tomorrow.

QUEBEC CADET GETS COMMISSION.

Kingston, Ont., June 22.—Lieut.-Col. Crowe, commandant at the Royal Military College, announces that the following commissions and prizes have been awarded:—Commissions—Royal Engineer—B. S. M. Wheeler, Calgary, Indian Army; C. S. M. Rogers, Toronto, Imperial Cavalry; Sergt. C. S. Lawson, Montreal, R.Ch.A.; Sergt. P. P. Lafferty, Calgary, Imperial Artillery; Corp. W. B. Mackle, Kingston, Imperial Cavalry; Cadet H. P. Holt, Montreal, Royal Canadian Engineers; Cadet H. B. Boswell, Quebec. The sword of honor for conduct and discipline was awarded to B. S. M. E. O. Wheeler, Calgary. The Governor-General's medals went to E. O. McEwen, London; Sergt. H. H. Lawson, Toronto, bronze.

FOOTBALL GAME TO-DAY.

There will be a football game at the Hare Point grounds this afternoon between the Empress of Britain (engine and deck department) and the Ross Rifle teams. The kick-off will take place at 6 o'clock, and the Empress eleven will be as follows:—McHugh, goal; Adamson, J. Roberts, backs; J. Grady, P. Fitzpatrick; R. Rutherford, halves; J. Wilson, J. Wright, J. Kelly, H. Gratrix, J. Jorman, forwards. The Ross Rifle Team will be as follows:—Powell, Spry, Coss, Bergeron, Coss, McKea, Anderson, Moore, St. Claire, McMillan, Sultie, Crotchie.

CAPS LOST BOUSE HUTTON.

Owing to a painful injury to his eye, caused by an elastic snapping and plunging into the pupil, in Toronto last Saturday morning, Bouse Hutton, goalkeeper of the Capitals, will be unable to play for some time. A substitute has been unearthed in the person of Percy Lesneur, the well-known goalkeeper of the Ottawa Hockey Club, who at one time played lacrosse in Quebec City. Lesneur practised and made good, and will most likely guard the nets against the N. L. U. champions at Lansdowne Park on Dominion Day.

CRYSTAL-SHAMROCK LACROSSE MATCH.

A lacrosse match that has every promise of being one of the finest seen here this year will be played on the Q. A. A. grounds this afternoon, between the Crystal team of Silery, and Shamrocks, who defeated St. Patrick's a few weeks ago in the opening match of the Quebec City Lacrosse League series. All the fans are anxious to see the teams play, and there promises to be a large crowd in attendance.

FREIGHTS AND CHARTERS.

New York, June 23—Chartering continued slow in the steamer market and but little was done in sail. Freight rates were scarce in all trades and rates were unchanged and nominal. Quotations to Glasgow, London and Antwerp, 1d; Liverpool, 1 1/2d; Hull, 1 1/2d; Bristol, 1 1/2d; Rotterdam, 2c a 2 1/2c; Hamburg and Bremen, 1 1/2 pennis; cotton to Liverpool, per 100 lbs, 17c, a 20c.

Charters—British steamer, 1,949 tons, lumber, Gulf to the River Plate, private terms, August; British steamer, 1,699 tons, deals, St. John, N.B., to the United Kingdom, 32s 6d, July; British steamer, 1,930 tons, timber, Gulf to two ports Continent, and one port United Kingdom, 75s, July; German steamer, 1,694 tons, West India trade, six months, private terms, July; British steamer, 2,379 tons, same, one round trip, basis about 2s 9d, prompt; British steamer, 1,857 tons, coal, Philadelphia to Mexico, private terms, prompt; British steamer, 1,984 tons, coal, Baltimore to Port Limon, private terms, prompt; ship, 1,930 tons, coal, Newport News to San Francisco, owners' account, July; bark, 565 tons, coal, Atlantic range to Martinique and back, Little Curacao to north of Hatteras, guano, private terms.

WIRELESS LAW AND CANADIAN VESSELS.

By reason of the trouble which has been experienced on the Pacific coast in the interchange of wireless messages more than passing interest in the congressional measure compelling the installation of wireless apparatus on passenger vessels. The bill is regarded as practically committing the Government to the United States to the principle of compulsory communication between ships and shore stations regardless of the system employed by either, as promulgated as the Berlin conference in 1908. The attempt to enact legislation compelling the equipment of passenger vessels with wireless apparatus failed at the last session of Parliament. A bill was introduced by E. N. Lewis, member of West Huron, Ont., providing that "Every seagoing and passenger ship over 400 tons gross registered in Canada, and every sea-going and coasting freight ship over 1,200 tons gross shall be equipped with an apparatus for wireless telegraphy." The bill was referred to a special committee of the Commons, which threw it out under pressure of protest from vessel owners against the proportionate outlay involved in the case of smaller ships. The bill will be reintroduced next session, but will be remodelled on the lines of the legislation adopted by the United States Congress. It is hoped, too, that an arrangement may be arrived at which will permit of the exchange of wireless messages on the great lakes.

Correspondence.

A PUBLIC DANGER.

Editor of Morning Chronicle:

Sir.—There has been a most marked increase this year in the number of automobiles in use in the city. This is, of course, natural and right, but in a great many cases, they are driven at a rate which endangers the lives of the citizens. Quebec, at best, is exceedingly badly suited for automobiles, the streets are narrow and frequently have abrupt curves. Yet the machines rush on, at the pleasure of irresponsible youths who, no doubt, delight in the thought that they are making a sensation. How long this state of affairs is to last depends upon the citizens themselves. Shall we wait until some poor little child is mangled in our streets, or shall we stop the nuisance now?

In the name of Christian charity let us stop it now.

How can this be done?

It cannot be done by the one constable specially deputed by the police for this work. He cannot be in a dozen places at once.

But it can be done if every citizen who sees an automobile driven at a dangerous rate through the streets will report the breach of law to the police, and then see that action is taken. In this way the evil can be at once stopped, for the owners of cars will take care that their chauffeurs will not render them liable for a fine. It would, moreover, be a salutary thing if the City Council passed a by-law which forbade the issuing of a license to any chauffeur who had been reported three times in one year for fast driving. Something must be done about the matter and done soon, if the safety of the many is not to be sacrificed to the selfishness of the few.

FREDERIC GEORGE SCOTT.
June 24, 1910.

THE FUNERAL OF KING EDWARD VII, R.I.P.

The pictures sent from England of the King's funeral, and being shown to crowded houses at the Nickel yesterday, while not so long, are perfectly clear and distinct. All the celebrities walking behind the gun carriage are clearly distinguished, being taken at such close range. These views are undoubtedly the best and well worth going to see. The other items on the programme are: "The

Do Not Buy It Until You Try It

The Carbo-Magnetic Razor is not tempered in uneven heat, but by means of a special electric process at an even temperature of 2,500 degrees. At the same instant the steel is carbonized in a process similar to that by which diamonds have been produced. The result is the hardest cutting-edge known to science—a blade that we guarantee for a lifetime of perfect use—no honing, no grinding.

The blade with the Carbo edge is superior to any razor ever made, whether the standard hollow-ground or the "water" blade of the "safety." But you do not need to take our word for this—you can try the Carbo-Magnetic without risking a penny of your own money—you can enjoy a cool, comfortable shave with it at our expense—you can compare it with the razor that you are now using and judge for yourself which is best—then if you want, you can return the Carbo-Magnetic and not be out a cent.

Firm of A. L. SILBRSETEIN, 41 Common St., Montreal

No Heat Except Where Needed

Dishes hot—food well cooked—kitchen cool. No underdone food—no overheated kitchen in summer. Everything hot when wanted. Heat under perfect control and concentrated.

The blue flame is all heat—no smoke—no odor—no dirt. These are some of the advantages in using the

New Perfection Oil Cook-stove

It has a Cabinet Top with shelf for keeping plates and food hot. Drop shelves for the coffee pot or saucepans, and nicked towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

CAUTIONARY NOTE: Be sure you get this stove—see that the name-plate reads "NEW PERFECTION". Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

The Imperial Oil Company, Limited.

CLOSING EXERCISES VICTORIA SCHOOL

Distribution of Prizes Took Place Yesterday Afternoon—Large Gathering.

There was a large gathering of pupils, with their parents and friends, at the Victoria School yesterday afternoon, when the closing services took place. The Very Rev. Dean Williams presided at the exercises, among those present being Rev. Canon Scott, Rev. A. W. King, Rev. George H. Obbiedick and Rev. A. J. Lebeau. An interesting programme was rendered by the pupils and was much enjoyed. The programme was as follows:

1. Opening remarks, the Very Rev. Dean Williams.
2. Song, "For King, Flag and Country," Senior Girls.
3. Class Recitation, "Two Streams," Pupils of Infant Class.
4. Duet, Louise and Cecile Canon.
5. Class Recitation, "A Summer's Day," Pupils of Senior Grade 3, Elem.
6. Vocal Solo, Ethel Jacobs.
7. Song, "My Bonny Barque," School.

Distribution of Prizes. National Anthem.

The result of the good work done in the Victoria School is somewhat shown by the following prize list. The school is thankful to Mr. Moore for the gift of books; to Mr. Pfeiffer, for money donations for French, and to several Jewish friends for money for prizes for the first elementary grade and the infant departments.

The Company is authorized to act as Trustee, Executor under Wills, Assignee, &c., and to give Bonds in connection with any Judicial Proceedings, and accept any Financial Agency.

The law of the Province of Quebec does not require Executors to give security for their administration, nor are they obliged to render accounts to the Courts. The nomination of

THE ROYAL TRUST COMPANY

as Executor, affords the greatest possible security to Testators. The Corporation is perpetual. All its administration is public and open. It does not die. Its charges are reasonable, and it gives the best guarantee a Testator can have that his Estate will be honestly and economically managed.

The Company will act as Agent and Attorney for Executors already acting, or for the management of Estates, and will receive free of charge, for safe keeping, Sealed Wills, in which it is named Executor.

Solicitors and Notaries placing business with the Company may be retained to do the legal work in connection with such business.

F. J. COCKBURN, (Manager of the Bank of Montreal)
MANAGER IN QUEBEC.

From whom all necessary information and advice may be obtained.

News Notes of the Old Land

It was stated at the Southwark County Court that a "black-borrier" who was earning 2s. a week before the death of King Edward, was now employing twenty men and was refusing orders.

Essex archaeologists who visited the village of Birdbrook were shown the church register containing the records of the deaths of Mrs. Martha Blewitt, who had nine husbands, and of a man who had six wives.

Chief Inspector G. Frost, who has had forty-three years' service at the Charing Cross Station of the South-Eastern Railway, is about to retire. During that time he has seen and conversed with nearly all the European Sovereigns.

The Croydon committee which superintended the feeding of accessions scholars last winter, in their report just issued mention that thirty parents voluntarily withdrew their children from participation in the meals on obtaining employment.

Mixed bathing is now allowed on one evening a week at the principal baths of Hackney, in Lower Clapton road. The Borough Council rejected a proposal that, on payment of 2d per head, spectators should be admitted to the gallery.

Extraordinary prices were realized at the annual asparagus show at Evesham. Hardly any of the bundles, which comprised 120 buds, made less than fifteen shillings, and a bundle weighing 19 lb. 6 oz., which was exhibited by Mr. G. Knight, of South Littleton, and took the championship cup, realized £5.

A pathetic incident of the wreck of a large coal-laden Bilbao steamer on the island of Alderney was the presence of one of the engineers' wives with a baby in her arms. All reached shore safely, the rough sailors taking tender care of the woman and her child. The castaways camped out the rest of the night.

At the Croydon and Wimbledon Smallpox Hospital, situated at North Chess, upon which, including the site, £25,000 was spent, there has been no patient since 1907. The hospital contains fifty beds. Last year's expenditure, including the repayment of loans and interest, came to over £3,000.

Marden and District Fruit Growers' Association, Kent, having offered a penny each for queen wasps, the scholars of Marden National School have brought upwards of 600 to their headmaster.

Tottenham Hotspur Football Club has sent to the Waltham Abbey Charity Trustees a sum sufficient to pay every woman in the parochial almshouses at Waltham Abbey a shilling a week for thirteen weeks.

For £47 the original household book of accounts of Eleanor, daughter of Edward II., on her journey to Verlie for her marriage to the Earl of Gelders, was sold in the Phillips MS. collection at Sotheby's Rooms.

Ernest Hill, a Plymouth Boy scout, aged ten, saved the life of a man who got into difficulties while bathing in the Tamar. The boy succeeded in keeping the bather afloat until both were brought to a place of safety by a son of Alderman Love.

Two Martello towers at Langney Point, between Pevensey and Eastbourne, which are owned by the War Department, are to be offered for sale by auction. They are built in the stoutest fashion, having two floors, with a sunken roof and parapet.

Mr. Henniker Heaton, M.P., for celebrate his 25th year as member of Parliament for Canterbury by continuing his subscription of £25 annually for Christmas dinners for the poor children of Canterbury forever, or, to use the words of the deed, "While the world lasts or the law allows."

A great auk's egg was sold at Stevens' auction rooms for two hundred and fifty guineas. The egg, under the impression it was only a penguin's egg, had been at one period in its history left neglected in the loft of a private chapel for more than 40 years. The highest price paid for a great auk's egg so far is 315 guineas.

A sad accident marred a fete which was being held on Sunday in honor of German visitors at Nell, near Salisbury. A large raft, carrying a party of serenading choristers, on the beautiful Zeller Lake, collided with a boat and broke it to pieces. Five of the singers were drowned.

An Austrian tourist named Wolfgang, while climbing in the Tyrol, was carried by a steep mountain by an avalanche and hurled into a pine tree. His feet caught in the branches and he hung head downward unable to free himself. His dead body was found hanging there on Tuesday.

News has reached Berlin from Kamerun that a merchant named Bretschneider has been murdered, together with seventeen porters, by the cannibal Makkan, a tribe hitherto almost completely untouched by civilization, at Sef, on the road between Yaounde and Dume.

At the annual general meeting of the Suez Canal Company in Paris on Monday it was reported that in 1909, for the first time, the transit dues exceeded £4,800,000, the result being largely due to an improvement in the agricultural situation in India. From Jan. 1 next the transit dues will be lowered by 5d.

The German battleship-cruiser Von der Taan, which has successfully undergone her trials, is the largest cruiser afloat. Her tonnage is 19,000, to the British Invincible's 17,250, and her horse-power 71,500, to 44,800; but her speed is about the same, 28 knots an hour. She has eight 11in. guns, to the Invincible's eight 12in. guns.

Tenders for 5,000 money boxes, which the Post Office Savings Bank Department intends to introduce into the homes of depositors, have been invited.

Dislodging 400,000 tons of granite, a mine containing 30,000 lbs. of gunpowder has just been fired at Bonawe Quarries, Argyllshire, the face of the rock rent asunder being 300 feet high.

An egg four and a half ounces in weight and eight and a quarter inches round, was laid by a Plymouth Rock

hen belonging to Mr. A. Dolton, of Draycott avenue, Chelsea.

At a children's court at Eye, Suffolk, a 14-year-old boy was committed to a reformatory school for four years on a charge of stealing a shilling's worth of eggs.

The 21st Lancers, stationed at Canterbury, have been placed under orders to be in readiness to proceed to Egypt. The regiment is on the route to leave in September on relief duty.

Owing to the Kent magistrates having decided that winkles are wild animals, private and cultivated "grounds" are now overrun with pickers of winkles. The Kent and Essex Sea Fisheries Committee decided to urge the Board of Fisheries to protect all shellfish cultivated on private grounds.

During the recent visit of the Prime Minister and Mr. McKenna to the West of Scotland it is alleged that they were refused permission to play a round on the course of the Troon Golf Club. On the other hand, the Prestwick Club gladly invited the Ministers and the ladies of their party.

The Roth-See, near Lucerne, known as "The Lake of Blood," has assumed its sinister sanguinary appearance this season, and the peasants believe a war will break out this year.

Prompted by the disappearance of the Waratah off the coast between Durban, Natal, and Capetown, the Natal Government has erected, at a cost of £3,000, a wireless station at Durban which was thrown open on Wednesday.

As a protest against the increased cost of beer in Bavaria an infuriated crowd at Dorpen on Sunday attacked and completely demolished a tavern. The mob then set fire to two other inns and three houses, all of which were gutted.

The presence of a German squadron off the Faroe Islands, which belong to Denmark, is attributed to the desire of the German Government to convert Veatmanhavn, which possesses the best harbor, into a coaling station, and thus secure a valuable base in the Atlantic.

WHERE LAW IS RESPECTED.

The following extract from a letter of a former Minnesotan, who has bought a newspaper, is an indication of the deep impression the administration of the Lord's Day Act and other laws in Canada is making on the better class of American citizens who are coming to this country. It is also a tribute to our splendid Northwest Mounted Police. After telling of the crops, the railways, elevators, and the influx of settlers, the writer concludes:

"I'll tell you what it boils down to. Ever since the settlement of this country began it has been understood and recognized that the man who breaks the law is going to be jailed. It doesn't matter if he is as spry as a gopher or as lanky as a buffalo. It doesn't make any odds if he can crawl into a prairie dog's hole, if he breaks the law he is going to be jailed, good and sure. He can have fifty guns and \$50,000, he can have any sort of blame pull you like—but he is just going to be jailed. It may take a day, a week, or a year; but he'll be jailed sure. Maybe he'll kill a Northwest policeman—maybe he will. Well, then he'll hang for a dead sure thing! He'll never buy a Northwest policeman, nor he'll never escape jail if he breaks the law. All Canada knows that's why this country is a good country to live in."—M.

TALK No. 3

MADE IN CANADA

MAGIC BAKING POWDER

Contains no alum.
Made of healthful ingredients, without alum.
The only well-known moderate priced baking powder made in Canada that contains no alum.
Complies with the Law of Great Britain by containing no alum.

UNIQUE SUMMER HOLIDAY PAPETERIES.

Our papers appeal to people of refinement. The new line of summer holiday papeteries embraces over three hundred unique styles, including eleven highly colored boxes, depicting beautiful landscapes, views, and flowers. Many of these boxes will adorn the boudoir or library after their original contents are exhausted, as in their manufacture future utility is combined with artistic decoration.

Prices are moderate. Everyone should buy a box before leaving for the country.

AN END TO SKIN TROUBLES

Action of Poslam Is Rapid—Easy to Prove What It Will Do.

"To think," says Mr. L. J. Cooper, North Haven, Conn., "that I have been trying everything (to cure eczema) for fifteen years, and now Poslam has done it. The first application stopped all the itching."

When a remedy is available like Poslam, which in all skin troubles stops itching and accomplishes cures so rapidly and readily, there is really no reason why such affections should be allowed to go unchecked, particularly as no one is asked to purchase Poslam without first obtaining and trying one of the free trial packages. This will be sent by mail to any one who will write to the Emergency Laboratories, 32 West 25th street, New York City.

While primarily intended for the treatment of eczema, acne, tetter, barber's and all other forms of itch, etc., Poslam promptly cures all the lesser skin affections, such as pimples, blotches, fever blisters, red noses, inflamed skin, rash, herpes, sunburn, clears the complexion and keeps the skin in healthy condition.

A special 50-cent package of Poslam is prepared for minor uses, and this, as well as the regular two-dollar jar, is for sale by all druggists, particularly Henry Willis, 4 St. John street.

HONORS FROM BISHOP'S COLLEGE

Honorary Degrees Conferred at Annual Convocation at Lennoxville.

At the annual convocation of Bishop's College University, degrees of D.C.L. were conferred on Right Rev. Bishop of Fredericton, Hon. P. S. G. Mackenzie, Provincial Treasurer, and Mr. T. Ainslie Young.

A short, witty speech was made by the Bishop of Fredericton, and the Hon. P. S. G. Mackenzie also spoke on the history of the Eastern Townships and the position of the university therein.

Mr. T. Ainslie Young delivered a short address on the needs of education at the present time.

Principal Parrock, in his report, stated that five students completed their divinity course last year. Of these two had been ordained deacon by the Bishop of Quebec, and one by the Bishop of Fredericton, while two who are taking a further course in England are to be ordained later. Of the twelve graduates in Arts, five returned to take their divinity course. Forty-four old students returned to college last September. Twenty new students had entered the college this session.

Very important changes, said Principal Parrock, in both Arts and Divinity courses, which had been under consideration by the College Council for two years past, had been adopted by the Corporation and will apply to students next September. The principal changes involved are the lengthening of the course in Arts to four years and in Divinity to three years, but it will be possible for those taking both courses to complete the whole in six years, or in certain special cases in five years.

Dr. John Hamilton was re-elected chancellor and Principal Parrock, vice-chancellor.

The degree of B.A. (in course) was awarded to Mr. J. S. Brown, of Quebec.

KNITTED SILK.
On Friday and Saturday we will sell another lot of knitted silk ties at 33 cents.

FAGUY, LEPINAY & FRERE.

RECORDER'S COURT.

Yesterday in the Recorder's Court, a woman residing on St. Famille street was fined \$100 and costs on a charge of keeping a disorderly house. Two other parties connected with the case have contested the jurisdiction of the Court, and the matter will be brought before the Superior Court to decide the point at issue. There were six prisoners charged with drunkenness before the Recorder. Three were discharged; one was fined \$2 and costs at 8 days' jail, and two \$5 and costs or 15 days each.

We are showing something that everyone who likes warm meats should have, viz.: Hot Water Plates and Compartment Dishes at moderate prices. Also a great novelty in Austrian Wicker Ware in all kinds of Ornaments, Vases, Flower Pots, etc. Further, new lines in beautiful French China.

CROWD AT FALLS.

Next Week's Offering.

Considering the inclement weather during the week, the attendance at Montmorency Falls has been very encouraging to the management. The amusement bill of fare for the coming week consists of refined comedy and good singing. The Long Acre Comedy Four, who are this week appearing at Dominion Park, Montreal, and who will be seen here for the first time, are said to be an exceptionally fine number. Another singing turn that should meet with success, is Aug. Aramini, the French operatic baritone. This gentleman is said to possess a voice of unusual quality and power. For those who love mystery, The Great Kreizer is said to present an act that is quite original, which baffles and amazes even skilled magicians. A roaring comedy in the acrobatic line will be given by The Cliff Bailey Trio. This number was created for laughing purposes only, and serves its purpose to a nicety. A special matinee will be given Monday afternoon to accommodate the holiday crowd. Extra cars will be put into service, leaving Montmorency Station, so the transportation facilities will be all that is desired.
