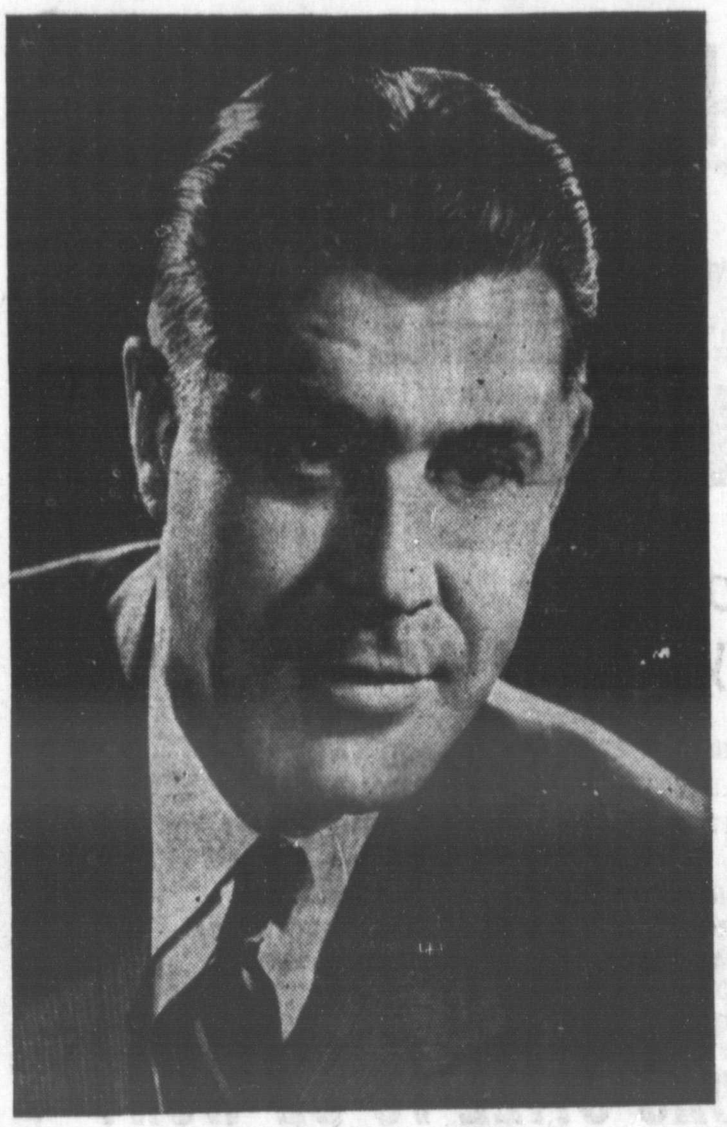
Pontiac returns Ray Johnston for sixth consecutive term



Raymond Johnston, M.P.P.

Raymond Johnston, for the sixth time, has been elected to represent Pontiac County in the Legislative Assembly in Quebec. In both Union National and Liberal, and now again in Union National government, Johnston has been Pontiac's man in Quebec for eighteen years and has been given the nod once more, but with a difference.

Never before has it been by so narrow a margin that Ray made it. The contender, popular and very well known hard working Cliff Robillard, has been a serious threat recognized by the UN party workers in Pontiac since the day the election was called. Everyone knew it would be a tough fight on both sides and they gave it all they could.

Both parties were strictly controlled as to monies being spent on the campaign but managed nevertheless to put their messages across by means of newspaper advertising, radio and television, individual letters and cards to their electors and posters and a lot of door to door visiting.

Part of the great tide of votes for the Liberal candidate could be credited to the people's wish to have a Member of Parliament on the government side and their willingness to believe that the Liberal Government might continue in office. As it turned out, these very voters came close to putting Pontiac on the wrong side of the fence again. However, by 165 votes on the first unofficial count, Pontiac has managed to get a man on the government side and even a strong hope of having a man in the cabinet if election promises can be counted on.

Four nominated for school board

Vote will be Monday also on Centennial project

On Monday, June 13, Shawville and Clarendon have an opportunity to declare their wishes in democratic fashion on two issues.

The rate payers of Shawville will be deciding whether they wish to authorize Council to proceed with the centennial project. This vote will take place at secretary's office between 8 a.m. and 5 p.m.

The ratepayers of the School Municipality of Clarendon will be choosing two of the four nominees to fill two vacant seats on the Clarendon School Board. The four are Mrs. Raymond Rowat, Grant Eades, William B. Hodgins and Stan Widdicombe, the two latter being those whose term of office is completed but who are standing for re-election. This vote will take place between 9 a.m. and 7 p.m. in the Board room at the High School.

Cliff Robillard polls 4219 votes in very close Sunday election

General voting trends throughout the riding do not change from one election to the next as those who keep their election results in The Equity will see. The June 5 vote, poll by poll, was as follows: (The third number is the number of electors eligible to vote in each poll of whom 3403 didn't vote)

Delegates visit Quebec about two Catholic homes for aged

As a result of a survey taken last year by Benoit Duguay of Hull Social Service and several Roman Catholic clergy and laymen, it was determined that there was a need to provide care for elderly Catholics in a home for the aged, in Pontiac County.

A request was made to the Department of Family and Welfare for authorization to construct two small institutions, one in Campbell's Bay and one in Fort Coulonge. The Department agreed to the proposition and two corporations have been formed.

President of the Corporation of St. Joseph's Manor, Campbell's Bay is Edgar Lance and the members are James J. Ward, Arthur Labelle, Romeo Mousseau, Rev Roland Pilon, Rev S. M. Shulist, Rev T. G. May, Lorrain Amyotte, Maurice Essiambre, Basil Stanton, Hector Lasalle and Michael Wrinn.

The provisional corporation for Manoir Sacre-Coeur at Fort Coulonge includes Rev Roland Pilon, Lorrain Amyotte, James J. Ward, Edouard Audet, Kenneth Rose, F. X. Bertrand, Hector Lasalle, Simon Corriveau, Jean Vaillancourt, Maurice Allard, Dr. Roland Chretien and Edgar Allard who is the legal adviser to both corporations.

The social worker, Mr. Duguay, along with the Rev Father T. G. May of Vinton, S. M. Shulist of Campbell's Bay and R. Pilon of Fort Coulonge and Mr. Edgar Lance of Campbell's Bay and Mr. Edouard Audet of Fort Coulonge went to Quebec City to meet with the Department of Family and Social Welfare last week. They met Mr. Gerard Nepveu, director of services for the aged, J. P. Ramsay and G. Dube, technical advisors who approved of the projects for Pontiac.

A most rewarding part of the trip to Quebec City for the six delegates was a visit to an old folks home at St-Raphael, which is similar to the sort which will be established here.

This home accommodates fifty people and most of these have their own single rooms which are large, tidy and cheerful. Each room has its own bathroom and the hallways are wide and bright.

Administration offices, infirmary, chapel, cafeteria and recreation room are located in the centre of the building near the entrance, the largest being the recreation room where the elderly people spend much of their time together. It is furnished with a number of comfortable lounging chairs, a television set, a radio, a record player, a piano and a loudspeaker which is connected with the parish church so that the people can be kept in contact with the life and affairs of the parish.

The St-Raphael Home for the Aged appeared to the delegation to be an inviting place and both Campbell's Bay and Fort Coulonge members decided it would be worthwhile to build a similar home.

Plans for the projected homes in Pontiac are being prepared by Mr. Rene Richard, Hull architect. When these plans are accepted the Provincial Family and Welfare Department will give official permission to the two corporations to borrow money for their construction. It is understood that a fund has already been raised locally to furnish the two homes.

Mill workers name four local stewards

At a meeting in St. Elizabeth's Parish Hall, Vinton, last week, four local stewards were chosen by the workers at the construction of the new pulp mill in Litchfield. Chosen to represent the men of Pontiac who work on the project were Theophile Spence and Roger Proulx of Bryson, Peter Asselin of Calumet Island and Housy Sansonburg of Portage du Fort.

A great deal more could be written and said about the strike or non-strike at the mill site last week but there will be less confusion if remarks made to the press by those involved are left unpublished at this time. It is everyone's hope, and ours, that the work will continue unhampered by discord if this is humanly possible.

Chrome plated harness by Smith, Smith and Smith

Three generations of Smiths, being Gordon, Walter and David, worked on the beautiful set of double heavy harness which was exported from Shawville last week. This was the first set of its kind ever done by Smiths with everyone of the 40 odd pieces of hardware chrome plated. Walter Smith's harness is known far and wide for its durability and hand-made perfection and this new creation will bring even more acclaim to Shawville's harness makers as it will be used at horse drawing competitions and fairs for many years.

OOPS! Our [tourist] Slip is Showing!

by Ken Lowe

If you depend upon American tourists for part or all of your income, you should know what is happening in our front yard that could damage you or even spell disaster: **President Johnson may be wrecking Canada's tourist industry.**

Endeavouring to close the gap in the U.S. balance of payments by stemming the flow of dollars abroad, the American president has urged his people to limit their holidays to points within the country. Although not aimed specifically at us, a program to make Americans feel a little bit unpatriotic if they contemplate travel abroad is in the works. And it could hurt us.

The National Association of Travel Organization was quick to recognize the president's plea as an excellent launching pad for an expanded domestic tourist promotion called DISCOVER AMERICA. Financed with an initial $160 million some months ago by automobile manufacturers, major oil firms, motel and hotel associations, bus and rail companies, more organizations with more money are getting into the act in a continuing program.

Employing all of the gimmicks of Madison Avenue, the promoters have thought of everything. Some airlines have applied for special excursion rates and one already has in effect a flat charge for travel to any point along its route. Bus companies are offering complete tours of the country for $99, the rate formerly reserved for foreign visitors.

Hotels and motels are featuring family plans with no charge for children and free seventh-day occupancy. Owners of tourist accommodations and attractions have been busy all winter and spring in clean-up, fix-up, paint-up campaigns to make their properties more attractive and comfortable for summer visitors. Self-policing to prevent price gouging and fleecing is an integral part of the over-all. Prices will be kept in line with former years. It's the proven supermarket principal of high volume, low profit-per-unit that is expected to make this a banner year in American tourism. The estimated one-half of American families who usually spend their holidays at home are being urged by every advertising media available to hit the road this year.

Having just completed an eight thousand mile tour by car over the East, South and West of the United States, I've had an opportunity to observe at firsthand some of the enthusiasm and co-operation of people in every branch of the tourist business generated by the huge promotion. Reservation requests came into western mountain resorts earlier than ever this year. Some operators of those plush places are limiting guests to a two week stay, in order to gain as much turnover as possible. As one manager told me, "We prefer the one week tourist, two weeks at most. If they stay longer than that, they start spending their money like natives. So who needs 'em?"

State and regional tourist organizations, smelling a bonanza, are increasing their advertising budgets by as much as 300 per cent.

Texas, where until four years ago it was illegal to use public money for anything so foolish as tourist promotion, had been stumbling along with about eight million tourists a year. Since seeing the light, they have been entertaining twelve million on annual budgets of $180 thousand. The 1966 budget has been upped to $600 thousand.

California, until now relying on its climate, ocean and mountains to attract visitors, has formally entered the field by opening a state tourist office and stealing Morris Ford away from Alaska. Ford, perhaps the slickest tourist promoter around, was responsible for putting Alaska on the tourist map.

Florida, Goliath of the tourist business is increasing its annual budget from $684 thousand to $1.5 million for 1966. Private money—that kicked in by owners of little crossroads motels and gas stations and operators of the big resorts and tourist attractions—will swell the total to $5 million. On the basis of past performance, that will produce a total ake of something more han $200 million tourist dollars, a 40-to-one return on investment.

Puerto Rico and the Virgin Islands have likewise stepped up their budgets to attract more visitors from the Mainland, as have Hawaii and Alaska.

In the high mountains of North Carolina and Tennessee, I saw summer resorts turned into year-round operations. Lacking what we have in abundance—snow—imaginative owners have installed snow-making machines to get a share of the lucrative skiing business.

Ontario tourists were among the guests skiing there last February.

The U.S. Northeast, adjacent to our winter sports areas, enjoyed a 23 per cent increase in tourist traffic last December over the same month of 1964. The ski centres of Minnesota, Wisconsin and Michigan had their biggest winter ever. Nearly all of the 50 states are making a pitch for a share of the profitable pie.

Not only are Americans being encouraged to stay within their borders for their holidays, but with the blessing of Washington U.S. airlines have pulled out all of the stops to step up foreign travel to the States. Norman Philion, vice-president—international services of the Air Transport Association says that by 1975, five million foreign visitors from around the world will spend an annual three billion dollars in the U.S., a real plug in the blance of payments gap.

DISCOVER AMERICA is not an idle threat. It is real, and it isn't just a bad dream that will go away in the morning if ignored. As every Canadian benefits in some respect from American tourist dollars spent in his local community, he should know that if the Americans stay away in droves, Canada will lose all along the line, from small Mom and Pop grocery stores to Expo '67, which anticipates two million Americans, but which may in fact receive only a fraction of that number.

How to combat a program of such magnitude? What should be done to hold the tourism enjoyed over the years and increase it in future?

(A second article following takes a critical look at Canadian tourist promotion, facilities and attractions, with suggestions for unified effort to combat DISCOVER AMERICA)

The Editor,
The Equity
Shawville, P.Q.
Dear Sir:

As the public is aware, The Pontiac Council of Christian Education sent a letter of protest to the Prime Minister of Quebec re the Sunday election. It took the stand that such was not good for the spiritual and moral welfare of the Province because it makes further inroads into the sanctity of the Sabbath Day.

The answer received was non-conclusive in that it spoke of the difficulty of finding a day which would be suitable for everyone.

There is at least one course open to those who by prayer and thought find it is against their conscience to cast a ballot on Sunday.

Let their voices be heard by those who called the election. Petitions count for little. As private citizens, let them feel it is their duty to write, not a form but an individual letter to the Prime Minister expressing their feelings.

Also let every candidate for provincial office be prepared to state his position on the matter from the public platform.

Faithfully yours,
(Mrs.) Isabelle Graham
President

Watching

The Editor,
The Equity
Dear Sir:

I have been reading a good deal of controversy in the pages of The Equity concerning the Quebec Sunday election.

Perhaps the opponents of such an innovation would be interested in the following quotation from the "Vancouver Sun"

"Other provinces will be watching the Quebec experiment. Considering the type of federal politics we're being served up these days, combining balloting with the day of prayer may not be a bad idea".

Yours truly,
H. Fumerton, Toronto

Bible club marches singing through town

About eighty KBK (Kids Bible Klub) members met at the Anglican Church Hall Friday evening for games and fun. They marched down to Towell's Store to choose their own favorite drink and then back to the hall for hot dogs, and later on they marched through Shawville singing and playing their Kazoos under the direction of Miss Elaine Sparling and Miss Brenda Brown, leaders of the club. Their repertoire consisted of "Boys & Girls for Jesus" and "We are the Saviour's Boys and Girls".

Christian Business Men's Ladies night banquet

A hundred and fifty attended the Shawville Christian Business Men's Committee ladies night banquet last Thursday, June 2, at the Anglican Church Hall.

The guest speaker was J. Elliott Stedelbauer of Toronto, who is president of Christian Business Men's International, and a number of the local committee also took part in the entertainment.

Feature of the evening was the Northland Quartet, Miss Dorothy Elliott at the piano and three male singers from Waltham as well as a duet by Norma Horner and Wayne McKnight and a quartet of singers from the Shawville CBMC.

Rev John Pearce said grace and the benediction was asked by Ralph Stoddard of Pembroke. The ladies Guild of St. Paul's were caterers to the banquet.

Lornie Rooney, CBMC President opened the meeting with welcoming remarks and Hughie Horner proposed the toast to the ladies to which Mrs. John S. Hodgins very graciously replied. Don McKechnie of Ottawa introduced the guest speaker and the hymn "Amazing Grace" was sung during the program by all in attendance.

Many topics discussed at Anglican Synod

On Thursday and Friday of last week, May 26 and 27, the Seventieth Annual Synod of the Anglican Diocese of Ottawa, was held at Christ Church Cathedral, Bronson Ave., and Sparks St., Ottawa.

There were many highlights during the two days of reports and discussion:

The Deanery of Clarendon delegates (lay and Clergy) voted for the first time, following the Deanery transfer from the Diocese of Montreal, July 1st last; The Synod passed unanimously a resolution permitting lay delegates in the future, to include women as well as men representatives; after careful discussion the Synod voted to join the General Synod plan for clergy; a standing ovation and special tribute was given to the Clerical Secretary, The Ven. Archdeacon T. C. Anderson, who retires from the Synod Office, after many years of service, on December 31st; a former University Chaplain and Canadian Missionary in India, Rev John McRae has been appointed Diocesan Director of Christian Education; appreciation was expressed for the work of the Hospital Chaplaincies, including the ministry of the Rev James Winter at the Ottawa Civic Hospital; a special synod may possibly be held in the autumn to discuss proposed changes in the Church's rules respecting marriage in the Church; discussion of the principles of union in connection with the proposed union of the United and Anglican denominations of the Church was urged upon Churches at the local level; the General Synod of the Anglican Church of Canada will meet in Ottawa during Canada's Centennial Year 1967.

The Synod of the Diocese of Ottawa is made up of lay delegates from each parish in the Diocese, as well as all Clergy. The Synod meets at least once a year, usually in mid-spring. The Chairman of Synod is the Bishop of the Diocese. The Synod is also assisted by the Chancellor (on legal matters), the Dean of Ottawa, the Clerical Secretary, the Diocesan Treasurer and others.

In the Pontiac County area, delegates came from the Anglican Parishes of Shawville, Campbell's Bay, North Clarendon, Quyon, Kazabazua as well as from other centres on both sides of the Ottawa River, including the cities of Hull and Ottawa.

For possibly the first time, one of the speeches in Synod was given in the French language by the Rev E. N. McColl, Incumbent of Quyon).

Strong support was given to the plan that Canada make special gifts of help to under-developed countries as a Centennial Project during 1967. The Centennial International Development Programme (CIDP) has been formed in Canada for this purpose. In his charge to Synod Bishop Reed stated that government and Church aid to under-developed countries at present would total only a little more than ½ of 1% of the Gross National Product.

"In the light of this record, we might well merit the criticism of being the most selfish nation in today's world."

The Bishop also spoke of the current crisis in understanding who God is, and what He likes, and what He does. ("God is still to be found in the assembly of the faithful". Bishop Reed further dealt with today's crisis in morality: Jesus Himself introduced a "new morality" — it was not an abolition of the moral law, but rather a fulfillment of it. The principle behind the moral law is not a cold, impersonal "thou shalt not" but rather the principle of God's love for all people, expressing itself through people, in their respect for others because all people are of Divine Creation. Following the moral law involves mature discipline, but it also involve understanding leadership and sound example for young people.

Other matters discussed at the two day meetings included youth camping (at Camp Pontiac near Quyon) education for the ministry, marriage preparation courses, religious education in Church and School, the ministry to tourists, young peoples' work.

At the annual Synod Service, Thursday evening, the Rt Rev William Marmion, Bishop of S.W. Virginia, was the special preacher. He spoke of the work of the Christian Community in the USA in respect to race relations, poverty, international aid, international relations. (Jesus Himself was a refugee in Egypt from political tyranny").

Many who were delegates to Synod felt that the new rules of procedure had helped make the meetings more to the point. During the two days of Synod, the Anglican Church in the Ottawa Valley looked at its achievements and omissions over the past year, and laid plans for the challenges and goals of the coming year.

During 1965, the number of newly confirmed was 1,627 persons.

Ordination of Wallace Sparling one more in a long line of Anglican priests from Pontiac

The Ordination service in Saint Matthias Church, Westmount on Ascension Day of last week, when three young men were ordained deacons in the Church of God by the Right Rev R. K. Maguire, Bishop of Montreal, was a solemn and memorable occasion for all attending and particularly so for the family and friends of Wallace Sparling from Campbell's Bay, who was one of the ordinants.

Wallaces fine achievement reflects a great deal of earnest and diligent work in qualifying for the ministry. In days such as we live when so many doubt the place of the Church in society and so much indifference to the Gospel which she is committed to preach, it is gratifying to find young men who are convinced that this Gospel still has very much to say to the world of 1966, and willingly respond to the Master's call to "Go out into the world and preach this Gospel to every creature" in His name.

It is also worthwhile to note the number of men the Upper Pontiac has given to the priesthood of the Anglican Church. In the last century two brothers, the late Rev Messrs Alex and James Elliott from Shawville. Nationally known and beloved Archdeacon Kenneth Naylor and his brother the late Rev Harry Naylor. And also there was another named Brownlee from the Shawville district. The Rev Douglas Ellis another son of the Rectory in Shawville, and in a sense also the present Incumbent of the Campbell's Bay Parish, the Rev David Bolton. From Bristol Archdeacon Morris who contributed more than any other we know of to the church in the Diocese of Montreal. The Rev Cyrus Laug present rector of Lachute from Charteris. From Portage the Rev Edward Vaughan and following this long line the Rev Wallace Sparling, to whom with his young wife go our prayers and best wishes for a fruitful ministry in the Church of God as he associates with another friend of Shawville, Rural Dean Desmond Rowe in the populous and rapidly expanding Greenfield Park and Lafleche, next door to Expo 67.

St. Mary's, Chapeau, graduates forty

Dr. McKenty pleads for life of Teachers College at Chapeau

Dr. William McKenty, Principal of St. Mary's Teachers College, Chapeau, asked his forty new graduates at their convocation last Sunday, henceforth to think and act as educators.

"Finished" he said is "the childishness, the adolescent episodes, the thoughtless acts that were pardoned only yesterday because you were students. Today, life has an altogether different meaning for you and it is with different eyes the public now looks upon you".

The ceremony of graduation was held at Harrington Community Centre. Twenty-eight of the graduates were from Pontiac County. The teaching certificates handed were B2 diplomas for the province of Quebec.

St. Mary's was founded twenty-five years ago and eleven years ago it became an English language normal school. Last year St. Mary's graduated men teachers for the first time and the total graduating class in 1965 was 24, about half of this year's number.

Six hundred teachers have been graduated altogether from St. Mary's to take elementary and high school teaching positions throughout the province.

Dr. McKenty told his graduates "In spite of all difficulties and in spite also of any ingratitude you will meet in the exercise of your work, you must acquit yourself of your mandate with the greatest dignity, with all the diligence and professional courtesy of which you are capable" . . . in your language, in your dress and in your attitude toward society.

"Henceforth you belong to the public. People will have their eyes on you—be vigilant. Many of your opinions will become the opinions of the nearby population because they enter homes through the voice of the children confided to your care.

"Become informed. Take a stand in civic life . . go forward, make war on selfishness, indifference, apathy . . .

" . . . the life of teacher training in Western Quebec is in danger- I call upon you to become informed about the manner that our future representatives in Quebec intend to settle the question of Teacher Training.

"You have an obligation to use your newly acquired privilege of voting—and to vote after you know the policies of the candidates. . . . It is necessary that you know the plans of our candidates in the domain which disturbs the whole Province of Quebec, a domain which should make us here in Western Quebec tremble with fear, . . . teacher training and representation of parents, teachers, and others in questions of education.

"If certain misinformed persons wish to close the door of the Institution now giving teacher training in Western Quebec,

HIGH MILEAGE TIRE

POLYESTER "MIRACLE CORD"

40,000 MILES

Treadwear rated at 50 M.P.H.

(See Catalog)

TWICE Around the World and then Some

If a road existed around the world, and your car, equipped with the new Super-Lastic Safety "99" High Mileage Polyester Tires was set travelling, non-stop, at 40 miles per hour . . . After it had circled the globe twice and having travelled 50,000 miles — your Safety "99" tires would still have tread enough left to start circling for the third time around.

The Polyester "99" is not only guaranteed to deliver thousands of added safe miles, but having no "thermal set" it has little tendency to "flat spot". You just don't get any "morning thump." EVEN AT 50,000 MILES — Polyester Safety "99" has the original bounce and remain as "shapely" as the day installed — they just don't get that "middle-age droop." Polyester Safety "99" can never weaken from moisture and blow-out. Admittedly it is a little more expensive to buy initially, but compare it by miles of service, comfort and safety, you'll agree that the Polyester Safety "99" High-Mileage Tire is a real bargain. Before you invest in any tire — investigate the special inducement your local Canadian Tire Store is offering to introduce you to Polyester — THE BEST TIRE IN ALL THE WORLD.

WHAT IS POLYESTER? It is the new tire cord that makes all other fibres obsolete—it is the first cord to combine the most desirable features of both nylon and original equipment rayon. Polyester has been 10 years in the making and we are proud that Canadian Tire's Super-Lastic Safety 99 High Mileage Tire is built with this more costly Polyester.

Chapeau graduation

let them replace it with a more vast and more modern institution but not simply to suppress one of Western Quebec's best acquisitions.

"For June 1967" said Dr. McKenty, "we are assured of another graduating class" but where the student-teachers admitted this coming September will finish we do not know yet. Perhaps here: perhaps not.

"I am confident that many of you wish to stand up and organize a movement from one end to the other of the Region . . . and publish a Brief of our conclusions addressed to the Minister of Education. In this way the West will be heard.

"All those who are interested in this cause of Education" and here Dr. McKenty was addressing all 600 past graduates of St. Mary's and any other person who might be interested be they teacher, parent or neither, "are invited to make known to us their desire to work with courage . . ."

It was an impassioned plea to save a time honored institute of higher learning issuing the most advanced diplomas available in Pontiac County. Dr. McKenty's address was greeted with extended and heartfelt applause and left much to think about in the days ahead for this possibly penultimate graduating class of St. Mary's Teachers College.

Dr. McKenty's faculty at the College includes Rev. Sisters Mary Brigid, M. Constance, Mary Immaculate, Mary Desmond and St. Philip with Mrs. Alfred Adam and Rev. Michael Costello. Secretary is Rev. Sister Mary Agatha and Directress is Rev Sister Mary Edwin.

Welcome home to Mr. and Mrs. Cyril Dale

Mr. and Mrs. Cyril Dale have moved back to Shawville after an absence of 36 years. During that time Mr. Dale has had a distinguished career in police work. He joined the Royal Canadian Mounted Police and for periods has been stationed on the Quebec and New York State border and later at the Quebec and Vermont State line.

In 1938 he moved to Toronto Provincial headquarters of the RCMP and the following year he was posted to Guelph and established the RCMP detachment there. The detachment remained there for nine years and then headquarters were moved to Kitchener and the then Corporal Dale was transferred to Cobourg.

In 1951 he was appointed police chief in Hespeler and ten years later Chief Dale retired and he and Mrs. Dale moved to Guelph where Mrs. Dale was a member of the St. Andrew's Presbyterian Women's Auxiliary, associated with Rundle Chapter, Order Eastern Star and Kiwanis Queens. She was also formerly associated with the Salvation Army Home League.

Mrs. Dale is the former Miss Rae Prendergast of Shawville.

Cyril Dale is a Mason, a member of Guelph Lodge and Rundle Chapter OES, and the Guelph Kiwanis Club, was a member of the Guelph Traffic Safety Committee and the Royal Canadian Legion and RCMP Veterans Association.

To have Mr. and Mrs. Cyril Dale move back to Shawville at this time is an honour to this town and it is to be hoped that everything and everyone here will come up to their dreams of their home town which they have been cherishing these many years.

We think of you grandpa with love today
As we have done so often
And feel once more the sudden blow
That doesn't seem to soften
We're lonely here without you Dad
Sadness marks our day
The world is not the same to us
Since you were called away.

SPARLING—In loving memory of a dear husband Heman Sparling who passed away June 12, 1965.
When ties of love are broken
And loved ones have to part
Death leaves a wound that never heals
A sad and aching heart.
So we'll be brave dear Heman
And pray to God each day
That when He calls us home to you
Your smile will guide the way.
God will link that broken chain
In a far better land
Where there will be no more parting tears nor sorrow
Only God in Heaven knows how
I miss you in a home that is lonesome today.

Unemployment Insurance becomes an actuality in Canada from July first. For the workers who are subject to periods of unemployment through no fault of their own it will mean the difference between being on relief or charity and the self-respect of having provided for their welfare through a plan of insurance savings.

CWL Council

Women in community is convention theme

Two Pontiac ladies named to diocesan executive

At the 46th Annual Convention of the Pembroke Diocesan Council of the Catholic Women's League of Canada held last month, Mrs. Arthur Labelle of Waltham was named a vice-president and Mrs. Leo Elliott of Bristol Mines was named as corresponding secretary.

The celebration of Mass by His Excellency The Most Reverend W. J. Smith D.D. JCD, marked the opening of the Convention at Our Lady of Lourdes Parish Church on Thursday, May 26th. Rev E. J. Murray Diocesan Director Mt. St. Patrick, opened the business session. Warm welcome to 149 delegates from Temiskaming to Quyon on both sides of Ottawa River was extended by Rev J. F. Harrington who expressed the hope that the Convention would be a new Pentecost for all members to be able to fulfill the work assigned by the Church.

Mrs. Wm. Nugent Diocesan President and Chairman commended the Parish Councils for the interest taken in the new Social Action Program. The CWL was organized as an Apostolate for Catholic Women to take part in Spiritual—Education — Civic and Social matters, not solely a money-making organization but a Charitable Organization with an interest beyond the Parish. It is the job of every CWL member to improve the public image of the League. Conveners reports showed an active year. There is a membership of 3753—2 life members and 374 honorary members. 80 members attended closed retreats—323 attended days of recollection. Masses were offered for Soldiers and deceased members. 3540 hours were devoted to Church and Sanctuary care. Donations of money and clothing were sent to Missions all over the world.

Sale of Christmas cards brought $3284 and a donation of $2257 was received for their Building Fund. $1441 has been sent for the CWL Centennial Fund for the Vanier Institute.

Contributions were given the National, Provincial, Diocesan and Parish Scholarships. Books were donated to schools, parish and public libraries. $2437 was spent on Education and $4524 for Social Welfare. Members assisted with Cancer society, TB, CNIB, VON and all other drives.

The Resolution submitted by Vinton and Portage du Fort Parish Councils was presented by Mrs. Michael Morin at the afternoon session. Be it resolved by Parish Council that the National Executive of the CWL of Canada, in consultation with and under the guidance of the Bishops of Canada devise a plan whereby each parish council would adopt and sponsor a mission in the needy parts of the world and help that mission, under the direction of the local bishop.

Two hundred and seventy five guests attended the Convention Banquet in Our Lady of Lourdes hall whose walls were tastefully decorated with symbols depicting the life of the Christian in the Community — Convention theme. Tables were adorned with gold and blue flowers and lighted tapers.

His Excellency W. J. Smith said grace. Head table guests were introduced by Mrs. Wm. Nugent. Mrs. Frank Carroll was chairman. Civic greetings were brought by His Worship Mayor Kutschke. Mrs. Wm Fox Provincial representative, Ottawa, spoke on the Catholic woman in the community. "Women will be truly complimentary to man when she becomes fully aware of her responsibility in regard to the building of the world—to play her part at every level—economic, political and social. Since women do represent one-half of society it is time we stood up and were counted in our communities".

Mrs. Fox was introduced by Mrs. Art Labelle, Waltham, and thanked by Mrs. R. R. Tardiff, Pembroke who presented Mrs. Fox with a gift from the Diocesan Council. Past Diocesan Director, Eganville, Rev F. J. Deloughery was presented with a purse as an appreciation gift from the diocesan council. Mrs. Fred Stewart, Cobden made the presentation. Bishop Smith expressed his appreciation to the League for their contributions of time and effort to himself and the clergy.

Mrs. Wm Nugent, Pembroke, was re-elected Diocesan Pres.

Vice-Pres. Mrs. Ed Gallagher, Douglas, Mrs. Arthur Labelle, Waltham, Mrs. Gervas Teevans, Arnprior. Correspond. Secretary Mrs. Leo Elliott, Bristol Mines, Recording Secretary Mrs. John Spotswood, Westmeath and Treasurer Mrs. R. R. Tardiff, Pembroke.

Pastoral comment

by Rev. Willis D. Mack

From Psalm 107:8. We find these words: "Oh that men would praise the Lord for His goodness and His wonderful works to the children of men" and we are led to believe that the Psalmist David personally knew and experienced God, for he goes on to declare "He satisfieth the longing soul and filleth the hungry soul with goodness".

But we are living in an age wherein it is not fashionable to have firm beliefs about God, so confusion and skepticism abounds in the world of men as regards the meaning of life, even to heeding this popular doctrine of the day that "God is dead". Indeed He is a dead God or a non-existant God to the multitudes, for only can He be recognized or realized in a spiritual sense.

The Apostle Paul says "The natural man receiveth not the things of the Spirit of God for they are foolishness unto Him, neither can he know them because they are (spiritually discerned)". If only there was some way in which the truth of God and His spiritual aspect could grip the imagination of the masses who are so confused and seemingly indifferent to the super-natural element of God, then apathy and inertia would depart and God would become a living reality.

The individual who, truly accepts the authority of God and cries unto Him for His Redemption through Jesus Christ shall surely find a new attitude of reasoning and a compulsion of soul toward true worship and adoration of God. Then along with the Psalmist David and all other true Christians praises will automatically flow.

We believe that the great anxieties of our modern life find a meaning and their answer in the story of the Son of God who died and rose again, also that the re-creative power by which ordinary men and women in every age have become extraordinary in their wisdom, kindness, endurance and moral heroism is still available to us, for this same God requires that we should believe, "I can do all things through Christ who strengthens us". Sure we take our stand for the Christian faith and the Christian way of life with a humility of the many who have much to learn and a knowledge that God is on hand to lead and to instruct as the days go by.

Do we want His blessing? then praise Him. Do we require His hand of mercy? then praise Him. Should we profess His love and His bounties? then praise Him.
