BAD BOSTON & MAINE.

Military Special Dashes Into Passenger Train.

FIVE KILLED; SCORE INJURED.—Two Pullmans smashed like eggshells. Lansingburg, N. Y., October 5.—Five passengers were killed outright, and a score of others seriously injured in a rear-end collision between a regular passenger train and a military special on the Boston & Maine Railroad, three miles north of Troy, N.Y., shortly before 5 o'clock yesterday.

The dead are—F. L. Block, Peoria, Ill.; Mrs. Wallace E. Shaw, Bath, Me.; Mrs. J. W. Dacey, Arlington, Mass.; Mrs. H. S. Poole, No. 12 Chandler street, Penobscot, Concord, N.H.

The wreck occurred directly in front of the Lansingburg Station, three miles from Troy, at a point where the grade is one of the steepest on the road. The elevation is about 20 feet, with a steep embankment, where the collision occurred. The passenger train was one of the fastest on the road. It is a regular train, known as No. 5, and leaves Boston daily at 8.30 a.m. for Albany. It consisted of a baggage car, smoker, day coach and two parlor cars. As nearly as can be learned, the train was about one hour late, when it reached Lansingburg, where it was to wait for a chance to get to Troy.

Some of the railroad men say that as soon as the train stopped, a flagman was sent to the rear to signal approaching trains.

There is a sharp curve a short distance above where the collision occurred. The snorting of a locomotive just around the curve was the first intimation of the approaching "special," which came thundering along with 18 cars on the steep grade and crashed into the rear-end of the passenger train, smashing the last two cars, which were Pullmans, like eggshells. Both these cars rolled down the embankment into the back yards of tenement houses. The engine of the special turned turtle, the tender backing into the car behind, telescoping it. There was a sudden hush and then through the gathering dusk rose the cries of the injured and dying.

SOLDIERS TO THE RESCUE.

The special was carrying four troops of the 14th United States Cavalry from Fort Ethan Allan, to Newport News, where they were to embark for Cuba. The soldiers quickly began the work of rescue. They first facilitated the operations, and in a comparatively short time most of those imprisoned in the wreckage were on their way to Leonard Hospital, one block away. Tender hands bore the injured passengers to temporary resting-places, while others removed the dead.

One man's grief was pitiable. His name was J. W. Dacey, and he ran up and down the track crying for his wife. In a few minutes when her lifeless form was identified, he collapsed. Later he said that he had been married last night at Arlington, Mass. The couple were on their honeymoon.

Mrs. A. J. Poole, of Concord, N.H., was an actress, and as a member of the "Silver King" Company, was known as Miss Poole. She had been married last night at Arlington, Mass. She was seated in the last car, but it was too late. He escaped, but his wife's body was badly mangled.

Engineer Thomas Holleran, of the special, who lives in Troy, surrounded himself with police. He would make no statement. Wm. H. Firman, whose name is said to be Mrs. S. A. Brown, of Mechanicville, could not be found last night. J. Collins, of Lansingburg, was the conductor.

The commander of the cavalrymen established martial law in the vicinity of the wreck. Picket lines were established and maintained during the night. All of the dead were taken out of the two Pullmans. The special was made up of seven Pullmans and 11 cars of horses.

There were 350 men and 400 horses.

SUPERANNUATION FUND OF METHODIST CHURCH.—ALMOST HOPELESS BANKRUPT.—CY UNDER PRESENT ARRANGEMENTS.

Toronto, October 4.—Thos. Hunter, Superintendent of Insurance and Friendly Societies, strongly supports the proposed plan for the liquidation of the Methodist General Conference respecting the dangerous conditions in which the superannuation fund stands. Mr. Hilliard's estimate is one of almost hopeless bankruptcy under present arrangements. The fund managers take the position that they can always fall back on the church. "We know how much that amounts to," said Mr. Hunter, in speaking of the matter. "Hilliard is perfectly right. They will come to the end of that."

THE S. & S. MUTUAL FIRE INSURANCE CO.

Annual Meeting Was Held This Week.

FIRE LOSSES FOR YEAR WERE \$36,963.98—FINANCIAL CONDITION VERY SATISFACTORY—SUMMARY OF PROCEEDINGS.

The annual meeting of the Standard and Sherbrooke Mutual Fire Insurance Company was held at the Company's office at 2 o'clock Wednesday afternoon.

Among those there were present: Messrs. George Allen, of Waterloo; Joseph Bedard, of Richmond; William Roberts, of Granby; Charles Church, of South Durham; Hon. M. F. Hackett, of Stanstead; Col. J. H. Taylor, of Cookshire; U. Bonneau, of Danville; F. P. Buck, F. N. McCrea and C. H. Fletcher, of Sherbrooke.

F. P. Buck, Esq., occupied the chair and George Armitage, Secretary of the Company, acted as secretary of the meeting.

After the reading and confirming of the minutes of the last annual meeting the following report was presented to the members and unanimously adopted:

REPORT.
To the members of the Standard and Sherbrooke Mutual Fire Insurance Company.

Your Directors have much pleasure in submitting for your consideration their seventy-first annual report, and the usual statements showing the results of the year's operations.

The losses of the year, which amount to \$36,963.98, are a few hundred dollars less than last year, and for the amount of business now being done by the Company, are not excessive.

The deposit notes of the company have increased during the year to the extent of \$21,986.83, and their face value now reaches the sum of \$614,105.55.

The net receipts from cash premiums is \$29,815.23, being an increase of \$7,061.90 over the previous year.

The Company is entirely free from litigation. All claims have been adjusted and all direct liabilities have been discharged.

Were it not that the country is evidently passing through a series of disasters, many of which seriously affect fire insurance companies, your Directors would consider that the financial standing of the company was such that a dividend might be declared on all deposit notes now in force, of say 1 per cent, payable on the expiration of each policy, which in effect, would in time, be equal to practically doing away with the entrance premium.

They, however, believe that the membership will be better satisfied to continue the policy of augmenting the reserve fund until it reaches an amount that might reasonably be considered sufficient to meet any possible reverse that the Company might be subjected to, without disturbing the annual rate of assessment. Under ordinary circumstances that time will not long be deferred.

YOUNG MAN SHOT AT BIRCHTON.

Was Returning Along The Highway From A Party.

BULLET PASSED THROUGH BODY—SUSPICION RESTS ON CERTAIN PARTY.

Birchton, Oct. 5.—(Special)—A very serious shooting took place near here last night, a young man, Harold Coates, about 25 years, son of M. Coates, butcher of this place, being dangerously wounded.

It appears that Coates, and a number of other young men with young ladies were returning from a party. As they were passing along the highway some person fired a shot. The bullet struck Coates entering his right side and coming out on the left side, thus passing completely through his body.

The young man was taken home and this morning Dr. Northington was summoned from Sherbrooke. The wound is a very serious one.

The circumstances attending the shooting have not fully developed. The act, it is thought, was deliberate and that the bullet reached the mark intended.

Suspicion is directed against a certain party.

HON. GEO. E. FOSTER AGAIN ON STAND.

Testifies Further Regarding North West Land Deal.

SAYS ALL HIS DEALINGS WERE OPEN AND ABOVE BOARD.

Toronto, Oct. 5.—The Insurance Commission had Hon. George E. Foster as its only witness at yesterday's session, and the evidence given was almost entirely in relation to dealings with the northwest lands. It was shown that Messrs. Pope and Fowler had sold the Great West Land Company, through the syndicate composed of Messrs. Foster, Wilson and McGillivray, 8,640 acres of land, in addition to the 200,000 acres described in the option given to the Union Trust syndicate, and Mr. Shepley endeavored to show that the payments on the land had been made on a basis of 200,000 acres, while the company had in reality secured 7,000 acres less. Mr. Foster clearly showed, however, that the land was purchased and was being paid for on an acreage basis, and if there was a shortage in the land the company would pay a proportionately less amount of money for it. Mr. Shepley also endeavored to correct Mr. Foster with the inside workings of the sellers of the lands, but the latter showed that in every transaction he had been front and above board, and that there had not been any dealings of which he had the least hesitancy in speaking.

Hon. George E. Foster resumed the stand at the opening of the session, and Mr. Shepley asked him for an explanation of the 8,640 acres sold by Pope and Fowler to Messrs. Wilson, McGillivray and Foster. This was a section, said the witness, which was held by the vendors in their own right. It was located in the same locality as the other lands obtained from Pope and Fowler, and the Government field notes in regard to the property were equally as favorable as those on the other lands. This block was transferred directly to the Great West Land Company through the syndicate, but the result was the same as in the other transactions. He did not learn, nor did he inquire, how Pope and Fowler acquired this land, except that they had an option from the Canadian Pacific Railway. He did not think the block was included in the 200,000 acre option first secured by Pope and Fowler.

CASES AT SWEETSBURG.

JUDGMENT IN TRAHAN VS. PIERRE BOUDREAU—THE ACTION AGAINST MR. GOSSELIN.

Sweetsburg, Oct. 7.—(Special)—His Lordship Mr. Justice Lynch delivered judgment in the case of J. G. Trahan vs. Pierre Boudreau this week. This case had been submitted before vacation and had been taken on the calendar.

The plaintiff sued defendant for the amount of a judgment which had been registered against one Giboulea, when the latter owned a lot situated in the village of Notre Dame. This lot had been sold to Boudreau who refused to pay.

Boudreau pleaded that the registration of such a judgment, \$30.30, could not constitute a mortgage, that if a hypothec had been created by the plaintiff, it was void, inasmuch as the duties on the transfer of that property had not been paid, and that Giboulea did not own the property when judgment was registered.

The court held that the hypothecary action was not barred, even under the Act, that the law did not impose any duties when this lot was sold, that Giboulea owned the land when the judgment was registered, and that Boudreau did not claim the ten years' prescription, because Boudreau could not add to his possession that of his father, specially the possession by Giboulea, the judgment debtor.

LUMBER FRIGHTENED HORSE.
Mr. J. B. Gosselin, M.L.A., was present in Court with his son, Louis Gosselin, advocate practicing in Montreal, in partnership with F. W. Hibbard, K.C.

Mr. Gosselin had been sued by one W. Provost and J. Bourgeois, on account of a road accident attributed to the negligence of the defendant. Quite a large number of witnesses were in attendance, and the cases were taken on delibere.

Gosselin's alleged negligence, consisted in leaving some pieces of timber in the highway, opposite his farm which scared the plaintiff's horse and all the occupants of his carriage were thrown in the ditch and received severe injuries.

The regular meeting of the East Sherbrooke W.C.T.U. took place yesterday afternoon at the residence of Mrs. C. T. Weems. The Ladies' Legion will be reorganized immediately, and in order to raise the necessary funds, a small contribution will be asked for, at the next meeting from every member. It was decided to use the money in the treasury for the relief of a family who have recently come to town and who are in actual want. Six comfort bags to be made by the Union for lumbermen and to be finished in time for the November meeting. These are veritable "comfort" as they contain many necessary articles, impossible to be procured by men who spend more than half the year in the virgin forests far away from civilization. Among the articles which a good sized "comfort bag" is stocked with, are stout thread and needles for darning and sewing, mending wool, buttons, sewing machines, needles, pliers, yamline, scissors, a roll of linen for bandages, a New Testament, reading matter, and last but, perhaps, not least a friendly letter of encouragement to the recipient to lead a manly christian life. These bags are much appreciated by the men who express their gratitude in a most emphatic way. After some discussion of the plans for the winter campaign, the flower collection was taken up and the meeting closed.

Messrs. Kerr & Foss desire to call the attention of the public to an error in their advt. yesterday. Instead of 7500 rot of wa. paper, it should read 75,000 rolls.

Although the amount has not been given out, it is believed to be between \$3,000 and \$4,000 each. These two men were the most seriously injured and have been in the Protestant Hospital ever since. One lost a leg and the other an arm.

THE NEW ZEPHRA. Remember that the advance sale of seats for all five performances opens at the Clement Theatre Saturday, Oct. 6th, at 9 a.m. The scenery for this beautiful spectacle has all been placed in position on the stage, utilizing every set of lines in the Clements Theatre. The difficult task of costuming a big spectacle like Zephra commences to-day, and will occupy the greater part of three days, when about four hundred costumes will be fitted and distributed to those participating. A committee has been appointed to decorate the Clement inside and out, and Manager Booth will set one of his prettiest stage settings and throw open the doors for the inspection of the general public. This will probably take place on Tuesday, Oct. 9th. The Grand Regt. Band will give a short concert in front of the theatre each evening. Don't forget the sale Saturday.

REVISION OF THE VOTERS' LIST. Some eight hundred applications have been made for enrollment on the voters' list in the city, and Messrs. Griffith and McCaw are busy checking over these names. The Council will meet on the 11th to decide any disputed points and finally adopt the list. This necessitates a very large amount of unnecessary work on the part of the revisers. There is a provision in the election law that a fee of 25c. may be charged for each name thus sent in, which for any reason is not entitled to enrollment. This is never been collected by the revisers in Sherbrooke, and consequently committees do not hesitate to send in any name which comes to their mind without satisfying themselves that the party is not already on the roll or that he is qualified. In some municipalities a deposit is required to accompany the applications from which is deducted the 25c. fee for all names that are struck, the balance being returned.

Applications for enrollment on the voters lists this year show the large number of young men who have come to Sherbrooke from the surrounding country during the past year or two. Sherbrooke is constantly drawing from the country population and the conditions are that the steady growth in the population of this city is being maintained.

Next year's report, it is believed, will show the population of Sherbrooke to be considerably over 15,000.

There was a time when the Post Office Department at Ottawa indicated that a house to house delivery of mail might be expected when the city should reach a population of 15,000. At this point it will be well to call the attention of the postal authorities to the situation which the progress of Sherbrooke has brought about.

VERMONT NEW LAWS ARE READY BY COMMISSION. Montpelier, Vt., Oct. 5.—The work of the commission appointed to revise the statutes of Vermont has been completed. There are 6147 sections in the revision as compared with 5463 in the preceding volume of Vermont laws. In the new book attention is called to the necessity of careful revision of bills presented for action by the legislature in order to avoid the passage of measures unconstitutional and conflicting with others already passed.

Another legislative commission which has completed its labors in readiness for the beginning of the present session is that on revision of legislative rules, consisting of Attorney-General C. C. Fitts, Lt.-Governor C. H. Stearns, Speaker J. H. Merrillfield of the last House of Representatives, W. K. Farnsworth, Secretary of the Senate, and C. Cheney, the clerk of the last House. No alteration is made in the joint rules of the senate and House. The most important changes in the House rules are the provision for a committee on appropriations to which shall be referred all bills appropriating money from the State treasury, a committee on street railways; and a provision that a vote of three-fourths of the members present shall be required to authorize a suspension of the rules. The changes in the Senate rules in general correspond to those of the House.

IN PURSUIT OF HIS WIFE. HE REACHES NEW YORK AS SHE APPROACHES FRANCE. New York, Oct. 5.—In pursuit of his wife and the man with whom she fled from St. Petersburg, General Ouchacoff of the Russian army arrived here yesterday only to find that the fleeing couple had eluded him and were now approaching the shores of France. Gen. Ouchacoff was met at the landing pier of the Kaiser Wilhelm der Grosse as he stepped ashore by Nicholas Lodzyginski, the Russian Consul-General, who briefed the unwelcome news. Gabriel Essopoff and a woman said to be the wife of General Ouchacoff, arrived from Europe last Thursday and were met by Mr. Lodzyginski and Immigration Commissioner Watchorn. They decided to return to Europe and within an hour were on board the French liner La Savoie en route for Havre. Meantime General Ouchacoff, who had missed them at Gibraltar, had sailed on the -saiser Wilhelm. He will return to La Provence Thursday.

DEATHS REPORTED. L. STEVENS, OLDEST RESIDENT OF TRENHOLMVILLE. Richmond, Oct. 5.—(Special)—Mr. L. Stevens, the oldest resident of Trenholmville, died at his home yesterday, at 5 o'clock.

He was 85 years of age and had spent nearly his whole life there.

The funeral will take place at the Methodist Church, Trenholmville, on Saturday afternoon.

A Little Leather, a few miles of thread, some pieces of metal, wax—a few drops of polish, and—Oh! just a few brains. That's all the King Famous Hand-Made HARNESS

consists of. But, what a triumph of art, when all these are assembled into the perfect Harness?

And the price at which this Harness can be made is not the least wonderful thing about it.

SHERBROOKE RECORD CO.

DEEPEN WELLAND CANAL CAPTURE GRAIN TRAFFIC.

ST. LAWRENCE ROUTE COULD COMPETE SUCCESSFULLY WITH N. Y. ROUTE.

Kingston, Oct. 5.—Before the Dominion Grain Commission Tuesday H. W. Richardson asserted that the bulk of the grain from the west could be brought down the St. Lawrence by the deepening of the Welland Canal. Grain costs seven cents by Buffalo and New York, whereas it could be carried profitably by the St. Lawrence route for five cents, provided larger vessels could pass through the Welland Canal. Mr. Richardson said that the grain men desired uniform samples, but thought it difficult to secure this. He considered the reputation of our grain the best in the world. As to cleaning wheat under the No. 1 hard standard, to reach that standard Mr. Richardson said that the additional price would not pay for the cost of cleaning. He spoke strongly in favor of grading the wheat at Fort William. He said that there are sufficient Canadian bottoms to carry our wheat. He intimated that there was a combine among the five cents through the Welland Canal. Mr. Richardson said that the grain men desired uniform samples, but thought it difficult to secure this. He considered the reputation of our grain the best in the world. COAL PRODUCTION IN UNITED STATES.

SURPASSED ALL PREVIOUS RECORDS IN THE YEAR 1905.

Washington, Oct. 5.—The Geological Survey Tuesday made public statistics on the production of coal in the United States in 1905. From these it appears that both in quality and value, the production surpassed all previous records in this country. The output amounted to 392,019,241 tons, which had a value at the mines of \$476,756,963. This is an increase, as compared with 1904, of 11.7 per cent. in quantity, and 7.3 per cent. in value. Of the total production in 1905, 69,482 long tons (equivalent of 77,659,500 short tons), were Pennsylvania anthracite, with value at the mines of \$141,879,000. The total production of bituminous coal and lignite, was 315,259,491 short tons, valued at \$334,877,963. The production of anthracite coal in Pennsylvania in 1905, was 1,020,662 long tons more than that of 1904, while the increase in bituminous coal and lignite was 36,599,882 short tons.

A portion of this increased production was due to the efforts of the companies to provide a supply of fuel in anticipation of a miners' strike in April, 1906, when the wage scale agreements in the anthracite region of Pennsylvania would terminate.

BOURASSA CUTS THE PARTY ROPE?

NOTIFIES LAURIER OF SECESSION-FROM FOLLOWING.

Montreal, Oct. 5.—Henri Bourassa, M.P., for-Labelle, is reported to have sent a communication to Sir Wilfrid Laurier, notifying him that he has decided to cut adrift from the Liberal party as at present directed by the Prime Minister, and that hereafter the party need expect no support from his direction.

Up to quite recently Mr. Bourassa contented himself with isolated attacks upon certain Government measures, yet, in the main, he rallied to the support of the Ministry's general policy.

All this, it appears, is now changed, and Henri Bourassa has given his last vote to the Laurier Government. It is not supposed that Mr. Bourassa will throw in his lot with the opposition. It is quite probable that Mr. Lavergne and perhaps another member of the present House of Commons will follow the destinies of the member for Labelle, and it is thought that Mr. Bourassa and his entourage will endeavor to place a number of candidates of their own views in the field at the next general elections.

OPPOSED TO MUNCHING CLUB.

FORTY BITES NEEDED NOT BE COUNTED FOR EACH MOUTHFUL.

London, Oct. 5.—Dr. Schofield, a prominent physician, stated in a lecture that it was estimated there were 200,000 premature deaths in the United Kingdom, yearly, and 6,000,000 preventable cases of sickness. Worry and anxiety about health was largely answerable. The great rule for the average man was to keep up his weight and not to worry. Palpitations and pains about the heart could be safely ignored. In no case the heart could stand a very difficult organ to injured. The speaker added: "Regard your health with wide indifference. Never diet yourself. Moderate and a variety of food are all that is needed; must be counted for each mouthful."

INSURANCE MURDERERS.

RICHARDSON, HARLE AND MASON TO BE SHOT FOR FRAUDS IN MEXICO.

El Paso, Oct. 5.—A special to the New York Herald from Chihuahua says that the Mexican Supreme Court handed down a decision affirming the death sentence in the case of Richardson, Harle and Mason, the New York life insurance company swindlers who will be shot.

Richardson, whose real name is R. Hulbert, was an attorney in Rochester, N.Y., and a brother-in-law of Richardson and a brother of one of the men named at Chihuahua for insurance frauds. The men were convicted of murdering two men, Mitchell and Devereux, whose insurance Richardson and Devereux were agents, and the insurance company was insured by Richardson.

The men were arrested in El Paso four years ago, and extradited after a long fight.

EIGHTEEN DEAD IN VIRGINIA MINE.

30 or 40 More Are Still Entombed.

RESULT OF AN EXPLOSION - AUTHORITIES HAVE ORDERED CARLOAD OF COFFINS AND BURIAL SUPPLIES.

Pocahontas, Va., Oct. 5.—Eighteen known dead and from 30 to 40 more men entombed, and doubtless more, was the situation up to a late hour last night at the West Forks mines of the Pocahontas Colliery Company, from the explosion Wednesday afternoon. The bodies were recovered from the mines as the result of a band of men constituting a rescue party that worked incessantly through the hours of the night and day. It was not until 7.30 o'clock last evening that rescuers reached a point near St. Paul entry, where the explosion occurred. The authorities anticipated the fearful extent of the casualties yesterday, by ordering a carload of coffins and burial supplies, which are now on the way. The order is being rushed at Bluefields, and burial supplies, which include sixty coffins, are expected to reach here to-day.

WEATHER PROBABILITIES.

Forecast for the next 24 hours, issued by the meteorological Bureau:

For the most part fair and warm, but a few local showers.

CHINESE AS POULTRY RAISERS.

The Chinese are perhaps the most successful poultry raisers in the world. They do not feed the fowl, but make them pick up their own food, each flock being kept on the move, as sheep are on a range. The quality of this poultry is, however, poor.

A report from Halifax states that the Merritt Co. wrecking steamer, sent from New York to float the steamer Elina, ashore at Bacarras, has returned to New York. The floating of the Elina is not considered possible.

CUBAN PROBLEM.

ALL IS QUIET, AND DISARMING OF REBELS IS PROGRESSING RAPIDLY.

Havana, Oct. 5.—Brigadier-General Funston received telegrams yesterday morning from all the members of the disarmament commission, from various parts of the island, reporting that all is quiet, and that the laying down of arms is progressing rapidly. The commissioners in Santa Clara reported the recovery of a quantity of dynamite and medical apparatus stored by the Diquirri Ins. Company, an American concern. During the afternoon General Funston will visit General Asbert, the insurgent commander in Havana province, in the vicinity of Guines, and arrange for the disarmament of his force.

Mr. and Mrs. Frank Farnam and sons, of Dunham, have been spending a few days at Mr. W. L. Cunn's. The marriage of S. Wesley Westover and Miss Maud Perkins was solemnized at the home of the bride's parents by the Rev. J. R. Hodgson, on Wednesday. The happy couple left for Montreal the same day, carrying the best of wishes of their many friends. It is understood they are soon to take up their abode on Mr. Westover's farm at East Dunham.

KIRKDALE.

Oct. 5.—The annual Harvest Home festival of the Anglican Church, was held Tuesday evening in the church hall. A bountiful supper was served by the ladies, to which the large crowd present, from Kirkdale, to L'Anse-au-Loup, and intervening places, did ample justice. After supper the tables were cleared away, and the hall fixed for the events on the programme. Owing to the absence of the rector, Rev. Mr. Wright, who is confined to the house with the flu, Mr. P. H. Lyster was called to the chair, which he filled with his usual ability. The programme was well rendered. Mr. L. Barrie, of Richmond, gave several fine selections on his gramophone, while his humorous songs were inimitable. Mr. John Martin, of Melbourn and Master Arthur Sawyer, also, gave some fine songs, which were well appreciated. At the usual hour the crowd dispersed after singing the National anthem. Great credit is due to the ladies of the church for the extent of the supper, in which they were ably assisted by the church wardens, Messrs. Thomas Duffy and Ernest Lyster.

A STERLING INVESTMENT.

Business Chances Which Bring 100 Cents on the Dollar.

In the past few years the commercial Business Chances Which Bring 100 world has had practical demonstration of the good business men who buy high-class goods.

In Saskatoon recently a merchant sold his stock at 100 cents on the dollar, and the chief reason the buyers ascribed for paying the price was that the seller had the Slater Shoe Agency. A franchise for the exclusive handling of the Slater Shoe is a valuable asset. The Slater Shoe stock usually brings a premium, and would have done so in this case but for the fact that other goods of shrinkable value were in the stock.

STANBURY.

Oct. 5.—Mr. Noel Cheney has moved on to Mr. H. M. Short's farm.

Mr. William Cannon is moving to Farnham, and Mr. Elmer Russell, of North Stanbridge, is making preparations to move on his farm that he purchased from the David Hunter estate.

Owing to ill-health Mr. Teale has been obliged to give up his position with Mr. Taylor, and has moved in with his father in Mr. Argyle Chrysler's house.

Among the latest arrivals are Rev. and Mrs. C. P. England, of Abbott's Corner, at Mrs. M. J. Beattie's; Mrs. C. H. Hunter, of Farnham; Mr. F. Hunter, of Farnham, at Mr. Cannon's; Miss Dryden, of Forlyce, at Mr. Irvine Kennedy's.

Miss Ella Black returned to Burlington on Monday to continue her studies as nurse training.

Mrs. H. H. Smith visited friends in Granby last week and attended the Jackson and Miner wedding.

Several from here attended the auction at Mrs. G. Kennedy's, of Farnham.

BRITANNY CATHOLICS ARE VIOLENT

TELL CLEMENCEAU THEY ARE READY TO DIE FOR THEIR RELIGION.

Paris, Oct. 5.—The Catholics of Brittany have addressed an open letter to Interior Minister Clemenceau denouncing the statement which he made in his speech on Sunday last and adding: "The Chouans are not dead. If you attempt to unite the Jacobins of '93; if you attempt to close the churches, proscribe our priests or prevent the celebration of our sainted religion, we will rise against the inhuman tyranny and die with enthusiasm for God and the king of our fathers."

WILL NOT ANNEX CUBAN REPUBLIC.

PRESIDENT ROOSEVELT OPPOSED TO ANY SUCH SUGGESTION.

Washington, Oct. 5.—It those who doubted the expressed purposes of the Administration in taking over the handling of Government affairs in Cuba had attended a meeting at the White House yesterday between President Roosevelt and the members of the Cabinet now in Washington, their doubts would be removed by a frank and clear expression made by the President. He left no room for suspicion that the occupation of the island by American troops was to be more than temporary unless Congress decide otherwise, and expressed the conviction that Congress would not go contrary to the Administration's wishes. The President said that it was his policy to restore the Government of Cuba to Cubans just as soon as law and order had been established in the island, Federal elections held, and the new officers of the republic installed.

During the day the President to others with whom he talked, expressed himself in the same vein. He declared with emphasis that he did not want to annex Cuba and was opposed to any such suggestion. In his opinion, the American occupation will not last more than a few months, and the President will do all in his power to expedite the restoration of normal conditions, so that the presence of American troops may be as short as possible.

The President made it plain also that he had no intention of calling a special meeting of Congress to consider the Cuban situation. According to the view which he takes, there is no occasion to secure legislative authority under present conditions.

LEMIEUX TO SIT FOR GASPE.

MR. TOURIGNY, K.C. LIKELY TO BE LIBERAL CANDIDATE IN NICOLET.

Ottawa, Oct. 5.—It is understood that the Postmaster-General will elect to sit for Gaspe so that the bye-election consequent upon his choice will take place in Nicolet. The Liberal candidate in Nicolet will probably be Mr. Tourigny, K.C., of Three Rivers, who is the law partner of Mr. Jacques Bureau, a.P., for that constituency.

The officers elected are: President, Mrs. P. J. Shaw, of Montreal; honorary president (by acclamation), Mrs. Lett, Eganville; 1st vice-president, Mrs. Shaw, Montreal; 2nd vice-president, Mrs. Hughes, Perth; 3rd vice-president, Mrs. Brouse, Ottawa; corresponding secretary, Mrs. Read, Montreal; recording secretary, Mrs. E. Sparks, Kingston; treasurer, Mrs. Antliff, Ottawa; mission board secretary, Mrs. Nash, Iroquois.

Organizing districts—Montreal, Mrs. Nichols; Kingston, Mrs. Muirhead; Brockville, Mrs. Reynolds; Matilda, Mrs. Palmer; Pembroke, Mrs. Murray; Perth, Mrs. Reynolds; Ottawa, Mrs. Perkins; Huntingdon, Mrs. Manning; Waterloo, Mrs. Solomon; Quebec, Mrs. Cleveland; Stanstead, Mrs. Deacon. Only two changes were made in district organization.

The appointment of delegates to board resulted in the election of Mrs. Palmer, of Matilda; Mrs. Knox, of Montreal, and Mrs. Hughes, of Perth; the alternatives being Mrs. Sparks and Mrs. Shaw.

Three firemen were injured, property valued at \$80,000 was destroyed and surrounding property valued at millions was seriously threatened by a fire which started early yesterday in the heart of the tenement district. This spot, bounded by Frankfort, William Gold and Spruce streets, is regarded as the centre of one of the most dangerous fire zones in the city.

BUTTER SHORT IN ENGLAND.

London, October 3.—The tendency of Canadian exporters to concentrate their energies upon cheese rather than butter, has conducted to a shortage in the supply here and a rise of two pence per pound is probable. From May to September, Canadian shipments of cheese to England were 150,000 boxes more than in the corresponding period of last year, while the shipments of butter were 135,000 tubs less. Canadian cheese is already from 7s to 8s per cwt. dearer than last year.

BOLD RUSE TO ESCAPE FROM PRISON.

WEBSTER, OF PORTSMOUTH CAR BARN GANG, HOLDS WOODEN REVOLVER AT HEAD OF JAILER.

Providence, R.I., Oct. 5.—While out on the prisoners' noon-day walk yesterday, Arthur Webster, a member of the notorious Portsmouth car barn robbers, who is confined at the State Prison at Cranston, held a wooden revolver, stained to resemble a thirty-eight calibre "bulldog," which he had made in his cell, to the head of Jailer George R. Woodbury, and demanded to be released. The jailer grappled with the prisoner and with the help of several guards, who came to the rescue, finally overpowered Webster. During the scramble Webster all but reached the real revolver carried by Woodbury, and had he got hold of it, the jailer and his assistants would, all probability, have been shot down and the prisoner have escaped.

PRIEST SHOT MOOSE FROM HIS VERANDA.

Grand Falls, N.B., Oct. 5.—A few days ago a big bull moose appeared in John Stroupe's garden in St. Leonard's. At the same time a buck deer was swimming across the St. John, and nearly every man, boy and dog ran to the river and made such a racket that the moose became frightened jumped the garden fence and trotted down the main highway. Father Babineau was seated on the veranda of his residence reading the morning's paper, when happening to glance up, he saw a huge bull moose trotting along the road. Quickly entering the house he got his Winchester and shot the lordly animal when it was opposite his residence. The antlers had a magnificent spread, and he is proud of his trophy.

HAS, HE SAYS, NOW ABSOLUTELY NO CONNECTION WITH RUSSIAN AFFAIRS. Paris, Oct. 5.—Count and Countess Witte arrived here Wednesday from Germany. The count, who has considerably improved in health, attended a theatre last night, his presence attracting much attention. He says he has absolutely no connection with the direction of affairs in Russia, but is following the developments with the keenest interest. ADRIANOPLE DISPUTE.

BULGARIA ISSUES PRACTICALLY AN ULTIMATUM TO TURKEY. Constantinople, Oct. 5.—The delay on the part of the Turkish Commissioners to sign the report resulting from the inquiry into the frontier dispute regarding the delimitation of a portion of the vilayet of Adrianople, which led to a somewhat sharp fight recently between the soldiers guarding the Bulgarian post at Sujuk and the guard on duty at the Turkish post of Derwish Mogila, has brought out practically an ultimatum from Bulgaria in which that country declares that unless it is signed by Oct. 14, the Bulgarian troops will be ordered to reoccupy Sujuk. LONDON PRESS ON CANADIAN AFFAIRS.

CANADA'S PROPOSED LABOR PARTY—OUR FARMING WOMEN. London, Oct. 5.—The Morning Post discussing Canadian affairs, says the formation of a labor party will bring new life into politics, though the party cannot exert much influence for many years. Referring to Sir William Mulock's recent speech, the Post says he forgot to mention that the Canadian premium against war risks had been found for generations by Britain and sooner or later the national self-respect must compel Canada to face the problem of self-defence, secondly, of contribution towards the imperial navy. E. H. Darlington in the Leader, declares the Canadian farming women have been taught to expect nothing from the position of wife, but to be fridges. Many earners are raisers of large families. It was true the Canadian farmer treats his wife as a thing to be used hard until it is done. She extends sympathy to unmarried girls who go to Canada as helps.

PRIEST SHOT MOOSE FROM HIS VERANDA.

Grand Falls, N.B., Oct. 5.—A few days ago a big bull moose appeared in John Stroupe's garden in St. Leonard's. At the same time a buck deer was swimming across the St. John, and nearly every man, boy and dog ran to the river and made such a racket that the moose became frightened jumped the garden fence and trotted down the main highway. Father Babineau was seated on the veranda of his residence reading the morning's paper, when happening to glance up, he saw a huge bull moose trotting along the road. Quickly entering the house he got his Winchester and shot the lordly animal when it was opposite his residence. The antlers had a magnificent spread, and he is proud of his trophy.
