Metz Murder Case Is Again Before District Magistrate Today

Britain To Conciliate But Will Not Be Forced; Views Are Exchanged

Chinese Nationalism Moving to the Expulsion of All Foreign Influence—Britain Forwarding More Marines to Troubled Area—Question of the Cantonese Concession Causing Trouble.

(Associated Press Despatch)

LONDON, January 19.—Simultaneously with reiteration by Attorney-General Hogg, that Great Britain would be neither ungenerous or unreasonable if the Chinese authorities were willing to negotiate, the Cantonese Foreign Minister at Hankow, Dr. Eugene Chen, stipulates that "Chinese nationalism demands back the lost independence of China."

Attorney-General Hogg stressed the point that should British forbearance at Hankow lead the Chinese to believe that by the use of arms they could compel concessions which might not be had through peaceful discussions, Great Britain was ready to discharge its duty at all costs—namely, to protect the lives and property of its nationals.

CHINESE VIEWPOINT

In a special message to the Daily Express, Foreign Minister Chen says that when the British municipal council at Hankow abdicated its powers, it was necessary to organize a Chinese council to avert the collapse of life in the concession city.

"The constitution of this Chinese administration," he adds, "has created a new status quo in the concession which must be regularized by agreement between the British and Nationalist movements."

Discussing what the powers should do to insure smooth resumption of international relations, he asserts that the British were first "to subject China to western political and economic domination through opium wars and the imposition of a system of invisible conquest in the form of international control."

Typical features of this regime are cited by Chen, as "British controlled customs, extra territoriality, alien administered settlements, a concession consortium and other limitations on Chinese sovereignty contained in unequal treaties."

"A country so controlled and fettered," he continues, "obviously is not independent. Chinese nationalism demands back the independence of China. Our terms are cancellation of the unequal treaties on which the regime of foreign imperialism in China is based."

"The new status quo in the concession is a direct summons to British statesmanship to take the lead in recognizing the justice of the Nationalist demand for independence and to make redress for a great historic wrong."

Repudiating a desire to humiliate Great Britain, Chen concludes: "We do demand a settlement of the question of the concession which shall not deny its effective re-incorporation within the Chinese territorial system, subject to nationalist recognition of the validity of British property rights."

BRITAIN SENDING MARINES

Meanwhile the general public is unable to reconcile the Government's announced policy of conciliation toward China with the information that, among other naval preparations, a thousand marines are to leave for China the end of the month. The Government, however, has emphasized that it is not without hope of a solution of the Chinese crisis, and that the marines will be used for defense purposes only if the occasion arises.

The minister rejects "the moral technique of European diplomacy, with its jungle of finesse and obliquities" and traces briefly, the incidents leading to the British abandonment of the concession at Hankow. He reiterates the statement that the British on January 3rd, bayoneted several Chinese.

(Associated Press Despatch)

EDMONTON, Jan. 19.—At last night's session of the United Farmers of Alberta convention here the gathering reaffirmed its friendship toward organized labor and a resolution carried by a unanimous vote expressing hope that the two bodies would continue to co-operate politically and economically in both the federal and provincial fields.

Another resolution was adopted recommending that the U. F. A. members at Ottawa preserve their identity as a district U. F. A. unit in the House of Commons and do not amalgamate or join any other group which is not organized on the same basis for political action as the U. F. A.

SOME BIG FIRES IN NEW YORK; HEAVY DAMAGE

Interior of Greek Orthodox Church Destroyed—Loss Is \$300,000.

(Associated Press Despatch)

NEW YORK, Jan. 19.—New York fire-fighters were kept on the jump yesterday by a series of spectacular blazes.

The \$300,000 fire which ruined the interior of Holy Trinity Greek Orthodox Cathedral, at 153 East 72nd street, at 2:30 a.m., started the trouble long before dawn.

One of the downtown fires came close to being a catastrophe when more than a score of residents in a tenement at 176 Lafayette street were trapped in the upper stories; another did \$50,000 damage to a loft building at 252 Lafayette street. A third fire tied up noonday traffic on Broadway for thirty-five minutes, while it smoldered in the basement of the building at 300 Broadway and poured dense clouds of smoke through the three-story structure.

NORRIS TRIAL IN TEXAS CASE

(Associated Press Despatch)
AUSTIN, TEXAS, Jan. 19.—The Rev. J. Frank Norris today had recovered sufficiently from a cold to permit the continuance of his trial in district court here on a charge of slaying Dexter E. Chippis, wealthy lumber man, in the office of the Fort Worth Baptist Church last July, his counsel said.

Additional character witnesses had been called to testify on the habits of Chippis, while Dr. Norris was ready to take the stand in support of his claim that he shot only after the lumber man threatened to attack him.

WILLIAM DUFF, LIBERAL, WINS BYE-ELECTION

Antigonish-Guysboro, in Nova Scotia, Swings Back.

MAJORITY THOUSAND

Conservatives Carried Constituency in Last General Election, But Member Died.

(Associated Press Despatch)

ANTIGONISH, N. S., Jan. 19.—After the one day lapse of last September the counties of Antigonish and Guysboro were today swept back into the federal fold of Liberalism where they have reposed for many years, Antigonish since 1891 and Guysboro since 1878, when the dual constituency elected William Duff, former federal member for Lunenburg-Queens, to succeed the late Hon. J. C. Douglas. The majority accorded the Liberal candidate was 1,132 and was won after a strenuous campaign in which federal members from almost every province in the Dominion including three Cabinet ministers, joined with a host of provincial workers in canvassing every inch of the two counties.

The final vote, with the exception of one ball which reported only the majority for Duff, was: Duff, 6,339; McArthur, 5,234. Majority for Duff, 1,105. The missing constituency, while not giving the detailed vote, reported a majority for Duff of 27 votes, making the final total, 1,132.

Nell R. McArthur, Conservative candidate, is a King's counsel, practicing law in Glace Bay, C.B. He was educated in Antigonish and spent his boyhood in the constituency.

In the general elections of last September the two counties returned Hon. J. C. Douglas, who resigned his seat and portfolio of Attorney-General in the provincial Parliament to contest the constituency.

Mr. Douglas was elected by a majority of 145, which was later cut down by recount to 137, the final figures being announced as 6,149 for Douglas, 6,012 for Colin F. McArthur, Liberal candidate. The election was questioned by the defeated candidate, who secured a petition in the Supreme Court of Nova Scotia charging the successful candidate with improper tactics in his campaign.

The case was taken while Hon. Mr. Douglas was on a trip to Europe. Mr. Douglas returned to Canada, and at once entered a counter petition charging Mr. McArthur with the same breaches of campaign propriety which had been mentioned in the latter's petition. A few days later, Mr. Douglas went to Ottawa for the opening of Parliament, and after attending one day, died suddenly in Montreal.

The Results. (With Milford voting) was as follows: Antigonish: Duff, 2,377; McArthur, 2,335; majority for Duff, 42. Guysboro: Duff, 3,962; McArthur, 2,899; majority for Duff, 1,063.

Total majority for Duff (less Milford) 1,105.

Grand total (including Milford), 1,132.

At 7:40 Duff's election was conceded.

In two counties, traditionally a Liberal, returned Mr. Douglas, the Conservative candidate in the last general election, with a majority of less than 150 votes. Mr. Duff defeated his opponent, Nell R. McArthur of Glace Bay, in both Antigonish and Guysboro, but McArthur gave Duff a close run in Antigonish.

Mr. Douglas was the guest of honor.

Apart from the tributes paid by the speakers to the former Lieutenant-Governor, the remarks of Premier Ferguson featured the gathering, particularly when he called for a lifting of the ban on the granting of titles to Canadians.

In his opinion there was "no reason why the Dominion of Canada, or the Province of Ontario should place herself in the position by which public servants should be denied recognition at the hands of His Majesty the King."

He hoped that the present government at Ottawa would see "that the defect whereby Canadians are ineligible for Royal honors" should be remedied.

He felt that the Crown should be permitted to recognize the worth of such men as Col. Cockshutt as contributors to the wealth and expansion of the Dominion.

Two thousand representatives of the province sat at the festive board of the huge arena and on the tiers of seats encircling the building sat upwards of 4,000 spectators, including women prominent in the social life of the city and province, while the presence of Lieutenant-Governor Ross and his staff, lent an official note to the occasion.

Replying to the tribute paid him by the speakers, Hon. Mr. Cockshutt said that he had found himself subdued by the immensity of the gathering.

Mr. Cockshutt particularly emphasized the movement to draw the provinces of Quebec and Ontario closer together and said that it was well that the people should foster good-will and friendly relations in their daily intercourse.

G. Howard Ferguson, premier of Ontario, is the man most favorably mentioned as the new national leader, said a well-known Conservative in the Globe in discussing the coming meeting at Ottawa.

Metz Case Hearing On Today

Witnesses Heard in Preliminary Trial—Story of East Sherbrooke Shooting Is Retold—Mrs. Edouard Valliere and Mrs. Paul Metz Gave Evidence.

The Magistrate's Court could not begin to accommodate the large number of spectators who turned out this morning, when the preliminary hearing was begun in the case of the King against James Metz, accused of the death of Edouard Valliere and Helene Dubois, which resulted from a New Year's Day shooting tragedy on St. Henry Street.

So great was the crowd which filled the corridors of the Court House, long before the time for the opening of Court, that it was necessary for the Court constables to keep a strict hand over the situation.

At ten o'clock, when the Court assembled, the room was filled to capacity after which the doors were closed. Those who were unable to gain entrance stood in the hall outside the closed door of the Court room, eager to catch a glimpse or word when the door opened to allow the witnesses to enter or go out.

Four Witnesses Heard

Four witnesses were heard this morning, with a number of questions put to each by Crown Prosecutor Forest, K.C., and Col. E. Rioux, K.C., who is appearing for the defence.

During the entire proceeding, sixty-five year old James Metz, the accused, quietly sat in his witness box and appeared to be very little concerned over the proceedings. At times he would cast his eyes in the direction of the witness box but seemed little interested in what took place. He was not questioned by either the Crown or the attorney.

Provincial Detective was Questioned

The first witness to be called to the stand this morning was Architect J. W. Gregoire, who submitted a blue print of the house on St. Henry Street, where the shooting occurred.

The second witness to be called to the stand was Provincial Detective Jargalle, of Montreal, who had been summoned here following the shooting.

Detective Jargalle told of having visited St. Vincent de Paul Hospital during the day of January 1st, when he questioned twenty-year-old Helene Dubois, who was wounded by a bullet alleged to have been fired by the accused.

On his visit to the hospital, he was accompanied by Crown Prosecutor Forest, Detective Vincent, Capt. Brunier, another constable whose name he did not know and by the accused, James Metz.

"Jim, Jim, You Shot Me."

Upon entering the room he asked the young woman what her name was, but before answering, upon seeing the accused she cried, "Jim, Jim, you shot me." She knew the accused perfectly well, Detective Jargalle said and remarked several times that he was the one who had shot her.

Ante-Mortem Statement Read

Crown Prosecutor Forest then asked Mr. Begin, the official Court stenographer, read the ante-mortem statement made by Miss Dubois, who passed away several days after the shooting. This was done.

The Crown then asked to have the ante-mortem statement made by Theodore Vallie, also wounded in the shooting, but still living, read. This motion was strongly objected to by Col. Rioux, who asked how an ante-mortem statement could be considered when the person having made it was still living. If it was desired by the Crown to have Vallie's evidence given he should be called as a witness, he said. The objection was granted and Vallie's statement was not read.

Wife of Dead Man Gave Evidence

One of the chief witnesses heard this morning, was Mrs. Edouard Valliere, wife of the Edouard Valliere for whose death James Metz is held responsible. Mrs. Valliere, was questioned by both attorneys, and during her evidence gave a description of the house where the shooting occurred which was occupied by her and her husband also by Paul Metz and his wife.

Mrs. Valliere also told about the discussion between Thomas Metz, a son of the accused, and Theodore Vallie, but said that she did not know what the trouble between the two was.

EX-EMPRESS OF MEXICO DEAD IN BRUSSELS

Tragic Career Brought to a Close After Long Years.

MAXIMILIAN'S WIDOW

Husband After Brief Rule Was Seized by Rebels and Executed in Mexico.

(Associated Press Despatch)

BRUSSELS, Belgium, Jan. 19.—Charlotte, once Empress of Mexico as the wife of Emperor Maximilian, died at her chateau near Brussels at seven o'clock this morning. This came to a close one of the most tragic careers in European history, for her mind had been clouded ever since she heard of the execution of her husband, Maximilian, at Queretaro, Mexico, in 1867.

Several times in the last few years her strong constitution enabled Charlotte to withstand serious illness, but when last Saturday she was stricken with a severe attack of influenza, the physicians took into account her advanced age—she was eighty-six—and held out little hope of recovery.

At times over the week-end she seemed to improve; then on Tuesday morning pneumonia developed. There was a hurried consultation of physicians and Charlotte's nephew, King Albert and Queen Elizabeth and the others of the royal family were summoned to the sick room.

They were at the bedside when she died peacefully.

Throughout the ex-Empress's illness, in fact through the years of her retirement, she had a constant attendant in Baron Auguste Goffinet, who was a close friend of her brother, King Leopold II of Belgium.

Baron Auguste, knowing that the Empress was soon to die, spoke wistfully last night of his relations with the Belgian royal house, of the beauty and charm of Charlotte as a girl, before she married the Austrian archduke Maximilian.

"It is my sad privilege," he said, "to bury the royal family. Leopold was light when he told me years ago 'Empress Charlotte is to bury us all, except yourself.'"

The Baron, as administrator of Empress Charlotte's property, added that there was no truth in the reports of her great fortune. While it was something like 10,000,000 gold francs, he explained that it dwindled considerably the last few years because of the depreciation of Russian and German shares.

It was on July 27th last that King Albert and Queen Elizabeth, paid a special visit to Charlotte at her chateau, the occasion being the sixtieth anniversary of her marriage to Maximilian. She talked a long time with the King and Queen, addressing them as Prince and Princess as she had never been informed of the death of her brother, Leopold II. Members of her entourage said at the time that she had entirely recovered her mental powers and that she frequently referred to Maximilian. But each time it was reported that she had recovered her reason, a veil again descended over her mind.

To avoid troubling her she was kept in ignorance of many of the events the tumbling of thrones and dynasties and even less important happenings within the Belgian family. Thus she did not know of the marriage of her favorite grand nephew, Crown Prince Leopold to Princess Astrid of Sweden, or the death last year of Cardinal Mercier.

Her mind cleared for a few moments yesterday. She was given Extreme Unction and was able to talk rationally to the members of the royal family. Then she lapsed into unconsciousness and slept fitfully until death came.

Charlotte, widow of the ill-fated Austrian Archduke Maximilian, who sought to establish an Empire in Mexico, has led a most romantic and tragic life.

A Belgian princess—the daughter of Leopold I, and thus an aunt of the present Sovereign—she was married to Maximilian when only 17, in the full bloom of girlish beauty.

It was purely a love match. Maximilian built the exquisite palace of Miramir, near Trieste, for his bride, and there for a time they lived an idyllic life.

Then Louis Napoleon III of France decided to step into the imperial broglio in Mexico, which was in a state of constant political ruction. In 1863, a committee of Mexican nobles went to Miramir and asked Maximilian to become their Emperor.

JOHN GAGNON, OF THETFORD, CRUSHED BETWEEN LOADED CARS AND INSTANTLY KILLED

Unfortunate Man Leaves Wife and Family of Ten Children.

FIRE AT THETFORD

Blaze, of Unknown Origin, Last Night Caused Damage to Extent of \$15,000.

(Special)—John Gagnon, of Thetford Mines, fifty years old, married, and father of ten children, was instantly killed, last evening, at about 8:30 o'clock when he was crushed between a loaded car and a travelling crane at the Keasbey and Mattison Company's asbestos pit here.

According to information received, Gagnon, who was a foreman of the Keasbey and Mattison Company, was helping his men move a loaded car by means of a timber, which was placed against the car, the motive power being derived from a travelling crane on the next track. Suddenly the timber broke and Gagnon, who was standing between the two tracks was caught which crushed him to death before it could be stopped.

Dr. J. E. Audet was at once summoned, but an examination by the doctor showed that the unfortunate man had passed away. The coroner, Dr. C. B. Delage, was notified, and upon receiving his permission, the body was removed to his late residence to await the inquest, which will be held this afternoon at four o'clock.

FIRE CAUSES CONSIDERABLE LOSS AT THETFORD

THETFORD MINES, Jan. 19.—A three story brick building owned by Dr. Oliva Cyr and Dr. J. A. Maroux at the corner of St. Joseph and Notre Dame Streets was damaged to the extent estimated at between \$15,000 and \$20,000 by a fire of unknown origin, which was first discovered in the Thetford Drug Store, owned by Mr. J. H. Johnson, on the ground floor at about eight o'clock yesterday evening.

It is understood that the fire had gained a good headway before being noticed, but upon the arrival of the firemen a determined effort was made to save the building. Fortunately, the fire had not spread to any great extent and by hard work the flames were checked and at last contained, but not before the offices occupied by Dr. Cyr and Dr. Maroux on the second floor were badly damaged by the water and smoke.

Dr. Maroux's apartment, on the third story escaped injury by water, but was slightly damaged by smoke.

According to accounts received, the building was partly covered by insurance.

GEORGE YOUNG'S VICTORY MEANS NICE FORTUNE

Figured He Will Realize \$181,000 from Resulting Engagements—Trainer Will Not Take Share of Proceeds.

(Associated Press Despatch)
TORONTO, Ont., Jan. 19.—George Young may realize \$181,000 out of his victory in the San Pedro Channel swim, according to a tabulation made by a local newspaper which estimates the gross amounts as follows:

Swimming prize, \$25,000.
Five nights at Hollywood theatres, \$5,000.

From Beach clubs on whose beach he landed, \$1,000.
Vaudeville, 20 weeks at \$2,500, \$25,000.

Moving pictures, possibly \$50,000.
Advertising contracts, possibly \$50,000.

Total: \$181,000.
The last three items are estimated figures only, but are regarded as conservative by the newspapers.

YOUNG'S TRAINER WILL NOT ACCEPT SHARE OF MONEY

LOS ANGELES, Calif., Jan. 19.—George Young will receive the full twenty-five thousand dollar prize offered by William Wrigley, Jr., for swimming the San Pedro Channel, his trainer and manager, Henry O'Byrne said last night.

Although Young's contract with O'Byrne calls for the trainer getting forty per cent of the prize, O'Byrne will not accept the money, he said last night.

"It was my intention all along to give the boy the entire \$25,000 if he won but I had the contract drawn up to prevent any others from getting the best of him," explained O'Byrne. "Now that the prize has been won, I shall live up to my original intention and let him keep the full prize."

On the balance of the youth's earnings this year, however, the forty per cent share with O'Byrne stands.

The only contract which has been signed for the 17 year old swimmer is for a five day appearance at a Hollywood theatre at \$1,000 a night. Proposed contracts for his appearance in the films, on the stage, for endorsement of chocolate and as writer of his own experiences, await his signature. One definite offer from a motion picture producer for a \$50,000 contract is under consideration. O'Byrne said a decision may be made in day or two.

The bustle of interviews and business conferences have little appeal for Young, who says he wants to make all the money he can now, help his mother and then settle down to obtain some schooling.

"I have completed only my schooling through the eighth grade," he said, "and I want to go further. I want a real education. I'm not sure just yet what I want to be."

CANADIAN CHAMPION GETS MANY OFFERS

(Associated Press Despatch)
LOS ANGELES, Cal., Jan. 19.—Rival cities, almost a continent apart, today tugged at the heart of the pursestrings of George Young, 17-year-old Canadian victor of the Santa Catalina Channel swim and winner of the \$25,000 purse of the ocean marathon.

Toronto, his home city, where his mother lives, held forth with the youthful champion the acclaim of home folks, respect of the city and Dominion officials, hero worship by his erstwhile chums and playmates, and a more substantial award in the report that a \$60,000 contract for appearance in the district awaited him.

Los Angeles and the neighboring movie studios also promised him a golden harvest. The \$25,000 purse was just the appetizer for the lavish feast spread, in the promise at least, before the lad. His first adventure brings him \$1,000 a night for a brief series of appearances at a Hollywood theatre.

A definite offer of \$50,000 for a film contract is being considered. His manager, trainer and financial partner, Frank "Doc" O'Byrne, said. Pleas for stage appearances and other schemes for cashing in on his now famous name, are being studied by O'Byrne, assisted by William Wrigley, Jr., millionaire donor of the Channel prize, who has volunteered as financial adviser to the pair. Decision on these offers is expected within the next day or two.

O'Byrne is not opposing any request for a share of the prize money.

Lack of hemoglobin in the blood is often the cause of nervousness, headache, loss of appetite, sleeplessness, and a tired, hopeless feeling. The very first week you take Vinol, the hemoglobin in your blood begins to increase. Soon you feel stronger, your blood is richer, you eat better and sleep better. Just ONE bottle often shows surprising results, though more should be taken in obstinate cases.

Vinol is a simple, strengthening iron and cod liver compound, prescribed for over 25 years for nervous, run-down women, tired-out men and sickly children. Very pleasant to take. W. H. Griffith, Druggist.

SAGE TEA KEEPS YOUR HAIR DARK

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and streaked, just a few applications of Sage Tea and Sulphur enhance its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound" for only 75 cents. This is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, but, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; and, after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Tea and Sulphur enhance its appearance a hundred-fold.

WHITEFOOT HUNTS FOR A NEW HOME

Safety first, keep that in mind: To its importance n'er be blind. —Old Mother Nature.

Whitefoot is quite used to hunting for a new home. He has had to do it many times. You know you cannot live long in one neighborhood without the neighbors knowing something about you; and neighbors will talk. Yes, sir, neighbors will talk. So it is necessary to move once in a while to get away from the neighbors. Anyway, that is what Whitefoot says. So he is quite used to moving.

This time it was forced moving. Shadow the Weasel had found Whitefoot's home, and though Whitefoot had been fortunate enough not to be at home when Shadow called and though he had managed to escape without leaving a trail that Shadow could follow, he still felt far from safe.

"It won't do to go back home at all," said Whitefoot, talking to himself. "Shadow may not be there now. He may not visit that home of mine again for a long time, but sooner or later he will visit it again. That is as sure as it is that my feet are white. So the thing for me to do is to forget that I ever lived there. And it was such a lovely home. Oh, dear! What a tough old world this is anyway. Wherever am I going to find another home as good as that one was?"

All this time Whitefoot was up in the old home of Drummer the Woodpecker, high up in a dead tree. It wouldn't do to stay there because it

was too much of a climb to get back and forth. It was safe enough there for the time being, but to have a place to get to. So there was nothing to do but to look for a new place and move in as soon as possible. So Whitefoot merely waited until he was quite sure that there was no chance that Shadow the Weasel would come that way. Then, he climbed down the tree and started off, homeless but hopeful. You see, Whitefoot didn't want to waste much time thinking about what had happened.

"What has been, has been," says Whitefoot. "And thinking about it won't make it any different."

Now Whitefoot knows many hiding places. He has made it his business to know these places. He must

last week.

Clarence Davis, Elizabeth Duggan, Arthur Williams and Beatrice Knowlton took the side of the affirmative, while the negative was ably supported by Margaret Mason, Jessie Soles, Kenneth Ball and Wilbur Ballard. After a little deliberation, the judges, Mrs. Knowlton, Miss Prouty and Miss Cloutire gave their decision in favor of the negative. Mrs. Knowlton gave a critic's report in which she pointed

out the most common mistakes. During the retiring of the judges, anyone had the opportunity to give his opinion of the debate and Ormonde Brown took the floor and made several witty remarks. The meeting adjourned with the singing of "God Save the King."

ANNUAL VESTRY MEETING OF CHURCH OF THE ADVENT

On Monday evening the annual vestry meeting of the Church of the Advent was held in the East Ward School, with the rector, Rev. O. G. Lewis, presiding, and a good attendance of members of the congregation. The reports included the financial statement, which was the best for some years; the reports from the Women's and Choir Guilds were also very gratifying, and the re-election of the wardens, sidesmen and committees gave evidence of the confidence of the congregation in the present church officers.

The people's warden is Mr. James Wark, and the rector's warden is Mr. Arthur Price. Rev. Mr. Lewis made a few remarks in which he expressed his appreciation for the loyal support of the wardens and all the working bodies of the church, especially the guilds for their assistance both in the financial and social activities of the church.

A JANUARY ROBIN

"I'm glad I've found some one that believes me," was the remark made by Mr. Greenwood, an Ontario man, in conversation with a representative of the Record, yesterday. The reason for this remark was that Mr. Greenwood happened to get in touch with some one who believes in robins in January, and in Sherbrooke and who did not hesitate believing his statement that he had seen a robin this week.

Mr. Greenwood, of Grimsby, Ontario, is spending a couple of months in town and is staying at the home of Mr. George Willard, Frontenac street. He was out walking on Monday and saw a robin. "A lively little fellow he was, too," Mr. Greenwood said. He then explained that while walking along the upper Melbourne road, near the Boisvert farm, he heard the little robin-call, stopped in surprise, then caught sight of the bird on a small tree. "He waited long enough for me to see him plainly, then flew away across the field."

This tramp will count for the Skinner Shield. There were forty-five out last week and the captain would like to have sixty on shoes at the tramp this evening.

If the snow is too soft for mocassins, a boot tramp will count for the Skinner Shield.

bird on a small tree. "He waited long enough for me to see him plainly, then flew away across the field."

Mr. Greenwood seemed a little dubious at first about his hearer believing his story, but when he found that there was no doubt he was pleased and told about having seen a robin in the Niagara Falls Peninsula in midwinter about fourteen years ago, and he expressed a hope that some one else may report having seen the little visitor to our section.

Taking it for granted that it is a little out of the ordinary to have robins visit us in January, yet we have had blackbirds and butterflies, so why not robins? Undoubtedly it is a case of Mr. Robin having lost his "flight feathers" during migration but it is hoped that since the robin has survived so much cold weather he may find comfortable quarters until it is time for him to sing his cheery spring song.

In return for his winter visit to us we should say to Mr. Robin, "Atta boy," and also "Thank you," for one almost thrill with the thought of how the Sherbrooke people who are wintering in the Sunny South will look at one another when they read about the little bird's visit, and exclaim: "A robin in January—in Sherbrooke! Well! well!"

DIRECTORS OF Y. M. C. A. MET LAST NIGHT

Several Matters Were Considered—Boys' Work Report Indicated Considerable Activity.

The regular monthly meeting of the Board of Directors of the Sherbrooke Young Men's Christian Association was held last night with president J. G. Armistead in the chair. After routine business the Foreign Work Report was given which showed Sherbrooke's amount paid to International was \$486, subscribed by fifty individuals besides the members of the Y's Men's and Hi-Y Clubs. This is without doubt the best showing that Sherbrooke has ever had, and proportionately to membership is about the best in Canada. The Boys' Work report indicated considerable activity among the boys with Hi-Y, Billiard tournament and bowling. The membership report indicated a drop of five on the membership of a month ago but well ahead of last year with an increase of 33. The financial report showed an income of \$7,078 and an expenditure of \$9,386 compared with an income of \$7,078 and an expenditure of \$9,724. The physical report indicated great activity in all departments with the Employed Boys showing the greatest increase for the month and year. The general secretary's report showed great activity in social, religious and educational departments, especially emphasizing the activities of the Y's Men's and Hi-Y Clubs, and the Young Men and Employed Boys groups. On motion reports were adopted as read.

A discussion then took place on a matter raised in the minutes regarding the possibility of co-operation with the Y. W. in an effort to get an enriched programme for both Y. M. and Y. W. After considerable discussion pro and con the matter was tabled to next board meeting. The question of Father and Son banquet was then raised, the secretary pointing out that the speaker engaged for the Father and Son banquet, Dr. J. W. Ward, was one of the most dramatic preachers on the continent, and it was agreed that the members of the Board do their utmost to get a record crowd for this annual festival. Reference was also made to the financial campaign and it was agreed that a committee consisting of president, chairman and finance committee, and general secretary get together to consider methods of approach.

Joint Sleigh Drive.

Last night the members of the Young Men's and Young Women's Gym Classes joined in a very pleasant sleigh drive, when with two sleighs packed they proceeded along the Brompton Road to the McLeod School House, then back to Sherbrooke where a pleasant evening was spent in games after which refreshments were served and a very pleasant evening was brought to a close.

LENOXVILLE

W.I. HELD MONTHLY MEETING

The regular monthly meeting of the Women's Institute was held at the home of Mrs. Robert Lavalliere Friday, January 17th. Although weather conditions were most favorable, there was quite a large attendance of members and visitors. One new member was enrolled.

The afternoon was very pleasantly spent in sewing and routine business. Fruit was sent to sick members and others. Several bills were paid and \$5 was received towards the cemetery fund. The cards ordered some time ago in aid of this fund were distributed to those present.

Arrangements were made to hold a card party and social dance on February 14th. The next meeting will be held February 4th, at the home of Mrs. Geo. Cathcart. Dainty refreshments were served by the hostess, assisted by Miss Fisher and Mrs. H. Potter.

Sherbrooke W.C.T.U. Entertained by Local Union.

The invitation given by the Lennoxville W.C.T.U. to the Sherbrooke Union to attend the monthly meeting at the home of Mrs. E. L. Atto, resulted in a large meeting of the sister organizations yesterday afternoon. Mrs. A. F. Brown presided and conducted the devotional part of the meeting.

A resolution of sympathy was passed on the death of the late Mrs. G. W. Taylor, for many years a

faithful member of the society. A musical programme of solos and duets by Miss Laura Willard and Mrs. Frenholme, accompanied by Mrs. W. H. Abbott on the piano, added to the interest of the meeting.

The subject of study for the afternoon was "The Work of The League of Nations," with an address by Mrs. McCurdy. The organization of the League, its aims and achievements and the personal responsibility of Canadian subjects in the matter were outlined.

With its six committees the League was shown to cover legal questions, technical organizations, armaments, humanitarian work, the drug evil, obscene literature, economic troubles and political mandates, with all the sub-divisions implied. Dr. Maxwell Garnet, secretary of the League of Nations for Great Britain, was quoted as referring to the work for the prevention of war as accomplished by the League in the following terms: "We can now look at our children without the haunting dread that war is going to kill many of them as soon as they are twenty years of age."

The work of the League, while primarily the prevention of war, was defined as the assumption of the man's burden," and with the wholehearted support of the nations represented in the League, could not fail to lift the whole world nearer to the feet of God.

A hearty word of thanks was tendered to all who had contributed to the programme, Mrs. F. R. Matthews voicing the general gratitude. Mrs. Ernest Jones was unable to be present as expected owing to illness, and Mrs. S. A. Jones took her place on the programme, giving an account of local work in the city.

Tea was served by the hostesses in the afternoon, Mrs. Atto and Mrs. J. A. Seale.

Among those present from Sherbrooke were Mrs. Cross, Mrs. W. B. McCaw, Mrs. J. L. Reid, Mrs. R. J. Dean, Mrs. Dawson, Mrs. William Bailey, Mrs. Jones and others.

General Notes.

THE SHERBROOKE—ANGUS HIGHWAY

There is a legitimate desire on the part of all to see the Ascot link of the Sherbrooke-East Angus-Beauce highway completed.

In another column appears a letter from an authoritative Ascot Corner correspondent setting forth the position of that municipality in the matter.

The writer is quite correct when he says that Ascot Corner has been blamed for holding up the project. He proceeds to set forth the reasons for the attitude of his community.

This letter will be read with interest. It suggests that somewhat of an impasse has been reached so far as the Ascot route is concerned.

A conference between representatives of the Government, of Angus, Ascot and Sherbrooke in an effort to solve the difficulty might be productive of results. The bridge question, is admittedly a serious one, and it is doubtful if a small municipality should be saddled with even half the cost of a construction necessitated because of the passing of a trunk line highway. The people of Ascot Corner probably over estimate the value of the highway passing along their main street. Dust and noise go with motor traffic and there is something to be said in favor of being just along side instead of astride a through highway.

Our correspondent frankly places the cards on the table. The situation is one that ought to be met and a solution found.

THE CANADIAN VICTORY

The splendid performance of George Young, the young Toronto lad, in winning the swimming marathon, on the Pacific Coast, has been very pleasing to Canadians in general. After all it is not surprising, except for the youth of the victor, for there is no reason why Canadians, bred in an invigorating climate, should not excel in this sort of thing and carry off a full share of honors.

Many will echo the congratulatory message of Mr. E. W. Beatty, who wired, "We are proud of you and believe your fine effort will prove an inspiration to Canada's young people to continue to uphold the supremacy of the north in sports that call for hardihood and courage."

EVOLUTION NOW (By Dr. Frank Crane)

Dr. Chester Stock, a noted paleontologist of the California Institute of Technology, said the other day in a lecture:

"The history of the evolution of man to the present day is a very small chapter in the history of the earth's development as a whole. The entire evolutionary process is going on at the present time as in the past, and it is only logical to assume that it will continue and that modern man represents only one small stage in the great process through the past to the greater growth of the future."

A point that many people forget is that evolution is not a thing of the future and it is not exclusively of today, but it is going on now. Perhaps mankind of the year three thousand will differ as much from us as we do from the anthropoid apes.

Just what mankind will be in the remote future is an interesting subject of speculation. Mr. Wells has indulged his inventive faculty on this point.

It is rational to suppose that man may practically discard clothing, that almost all drudgery will be performed by machinery, that man's memory will be trained to a prodigious degree

and that there will be some sort of unified religious effort which will take the place of the present day sectarian endeavors.

About these and other subjects, however, any one is free to speculate. The main thing to remember is that we are now undergoing a stage in evolution and that the process has not ceased. It is simply so slow that it seems stationary.—Cpt. 1927.

PRESS COMMENT

THE RETIRED FARMER.

The Hon. W. A. Chretien, when he called upon us a week ago, told us of a town in Ontario where there were twenty-seven widows of retired farmers. When asked for the reason of this state of affairs he had been told that when the farmers retired they had nothing to do but loaf, and died, while the women, who had to go on doing the same housekeeping work that they had been doing before, lived. Moral: Keep busy. Work keeps you alive.

THE FUTURE OF FASCISM.

(Sisley Huddleston, in The London News Statesman) Fascism in Italy has reached a turning point at which it must either resolve itself into a normal system of government or proceed to extremes. Whatever Mussolini may personally hold, it would seem that the extremists, finding a pretext in the happenings of the past few weeks, have gained the upper hand. If this should prove to be true, Fascism is on a slippery slope, and it will not be easy to apply the brakes. The lessons are there for all men to read, but few there be who read them.

"DORA" RULE IN ENGLAND.

(Philadelphia Public Ledger) Merry England takes pride in having gone a long way toward the elimination of Mrs. Grundy from her daily life; but they have been some time getting around to "Dora" who, in some respects, has a reputation not unlike that of the older lady. "Dora"—sometimes known as the Defense of the Realm Act—gives to the Government rather drastic powers to regulate the habits of free Englishmen. Night clubs, for instance, find it difficult to function under her supervision. So do tobacco shops, pubs, drug stores and groceries. The main object of the law was to control the movement of aliens, enforce economy in food and fuel, suppress sedition and protect London against air raids. But it is on account of Dora's way of irritating people in minor matters that she is most hated. So, eight years after the end of the war, the English are about ready to get around to abolishing the girl. It took even longer with Mrs. Grundy.

Social and Personal

Mrs. Harry Moffat and her sister, Miss Ethel King, Fulton Avenue, are spending a few days in Montreal, the guests of Mrs. Ainsley.

Miss Dodd, matron of the "Memorial Sanatorium," left for Montreal yesterday and will return on January 31st.

Mr. and Mrs. Ronald Thomas have been called to Barre, Vt., on account of the serious illness of their daughter, Miss Dorothy Thomas.

The Ladies' Guild of Plymouth United Church met last evening with Mrs. Roy Kendall, Quebec Street. The president, Mrs. F. Sykes was in the chair and the usual business routine was carried out, after which a social hour was enjoyed by the members. Dainty refreshments were served by the hostess with members of the Guild assisting.

The W.A. of Trinity United Church met yesterday afternoon for the first time after the holidays, with Mrs. W. E. Hodge, London Street. The usual routine of business was carried out, during which the report of the Christmas supper was given. No business was taken up. A tea hour was held, the hostess was assisted by Mrs. Charles Drummond.

The tea at the Curling Club, yesterday, was specially well attended and proved a delightful social event in connection with the winter's programme. The hostess was Miss E. Hall, Miss F. Ingram, Mrs. Josselyn and Mrs. Bambridge, and Miss Ingram presided at the tea table, which was centered with mauve and yellow straw flowers in a silver basket, and had yellow candles in silver holders. A match was played from 4 to 6 by Miss Beerworth's and Miss E. Bradford's rinks.

A very pleasant social event took place last evening in the I.O.O.F. lodge rooms when a card party was given under the auspices of the Princess Rebekah Lodge. A number of tables were occupied by players and at the close of the games prizes were awarded to the following: Mr. Bridge, Mrs. J. Johnston, Mrs. H. O. Parker and Mrs. A. McCallum, first, second and third; Messrs. F. Pearson, Geo. Lothrop and M. M. Lothrop, first, second and third gentlemen's prizes. In "500" the prizes were won by Miss Gerda Sjodland, Miss Winnifred Reid and Mrs. J. Croft, first, second and third ladies; Messrs. W. J. Mead and Mr. W. Springreour, first and second gentlemen's prizes. A social hour was enjoyed during which refreshments were served. The committee in charge was composed of Mrs. B. Dean, Mrs. W. Brown and Mrs. W. Springreour, and the proceeds were for a most worthy object, that of purchasing a Saranac chair for the I.O.O.F. Memorial Hospital.

Ascot Corner as it is for certain more important neighbors, who are opposed to the north side in Ascot Corner, because the highway would not pass through the length of the city. What is profitable for the small one, why blame the village for liking what the city likes?

Because, again the south side would cost to the municipality twice as much as the north side would. The road on the south side will have to cross the municipal bridge of Ascot Corner, a wooden bridge three hundred and twenty-five feet long, taken care of entirely by the municipality and in perfect condition for the local traffic, but through which the traffic of the highway such as the Beauce Junction-Sherbrooke and, in particular, the traffic of cities like Sherbrooke and East Angus, would run in short order and the small municipality of Ascot Corner would have to go to work and build a three hundred and twenty-five foot steel bridge in which her fifty per cent. of the costs would be the paltry sum of just about \$50,000. The Ascot Corner bridge is condemned by the principal engineer of District No. 2 of the Department of Highways as a highway bridge and is not permitted to the minister under date of March 2nd, 1924. This is not all; the road at the south side exit of the bridge is frequently washed out by the overflow of the river, and the bridge is in danger of being carried away. The road has to be built up higher, which would throw back the water in the river and then the bridge would go. To prevent this the engineer mentioned above, at his last visit, thought it necessary to build another section of road for the exit of the bridge, high and dry, and leave it in an opening large enough to take care of the overflow of the river. Here we are with another bridge and who can estimate the cost of such an undertaking. And this, so that the highway may cross the neighboring town the whole of its length in a road to Ascot Corner. If ever the latter would consent, it would richly deserve to be the laughing stock of every one. The auto clubs' aim is to shorten the roads as much as possible, and the department is cutting off curves, and everywhere, whenever possible, dangerous bridges, but in the Ascot Corner case all that is forgotten because of its neighbor. The by-word is, give us the Sherbrooke-East Angus highway as long as it is somebody else who pays for it. Some are trying to save a few dollars by the highway and are considering Stoke Centre, which will necessitate the building of another twelve miles of new road. Why look so far The short cut is all there, cut and dried, through Ascot Corner on the north side and through the Big Hole which is not as bad as some of the hills that had to be leveled on the Sherbrooke-Stanstead highway.

Who can blame Ascot Corner now for taking care of its interests. No compensation was ever offered it for what was asked. If a quart of blood is needed from some one for the public good why pick on the small fellow. Times have not changed since Le Fontaine, and the lamb is always blamed for troubling the water of the wolf, even if he drinks below him.

During the tea hour the hostesses were assisted by Miss Doris Price. The attendance was very good, the hostesses being pleased in seeing so many friends from the other side of the river. Yesterday's tea was the first to be given since the holidays and the election of officers for the ensuing year, and was most gratifying in every detail.

The musical, tea and social evening held at the home of Mrs. A. H. Foss, Bellevue Avenue, last evening, under the auspices of the Ladies' Aid of Trinity United Church, was a delightful social event of the week. The musical programme was in charge of Mrs. F. H. Bradley and was greatly enjoyed by the large number present. Vocal solos were contributed by Mrs. J. K. Edwards, Mr. E. Armistead and Mr. Rhys Lloyd; violin solos, by Mr. Louis Steele, piano solos, by Mr. Ralph Gustafson, while string quartet trios by Messrs. Steele, Gustafson and "Bud" Cook (cornet) were also acceptable items on the programme. Refreshments were served from the dining-room by a number of the members of the Ladies' Aid who were assisted by young ladies of the church. The table was centered with a silver basket of pink carnations and baby's breath, and tea and coffee were served by Mrs. B. C. Howard and Mrs. A. G. Campbell.

Mrs. G. D. MacKinnon, Portland Avenue, was the hostess yesterday afternoon at a most enjoyable tea, given in aid of the building fund of the church. Mrs. MacKinnon was assisted in receiving by Mrs. Alfred Bright, Mrs. W. R. Price, who ushered the visitors into the dining-room, where presiding at the tea table were Mrs. C. A. Turner and Mrs. Robertson, pouring tea; Mrs. W. Springreour and Mrs. Ames cutting the loaves, and assisting in serving were young girls from the Sunday School the Misses Helen Turner, Ruby Mersereau, Grace Wilson, Elizabeth Watson, Jean Giff, Jean and Eleanor MacKinnon and Honor Bright. Miss Jo MacKinnon received the visitors at the door and Mrs. Wilson acted as cashier. The tea table was most attractive with silver vases of smilax, candles, and cluny lace centrepiece. There was an exceptionally large attendance and the social afternoon and kind hospitality was much enjoyed, while the proceeds were gratifying.

ber, was given away by her father. The groom was assisted by his father. The nuptial mass was sung by the pastor, Rev. Father Lespinnie. The music and singing were beautifully rendered by the Children of Mary. The sanctuary was prettily decorated for the occasion.

After the ceremony the young couple, accompanied by the immediate relatives drove to Delaire's Hotel, Leeds Station, where a sumptuous repast was served. The happy couple left on their honeymoon for New York and other points. On their return they will reside in Quebec City.

The young bride will be much missed, not only by her many friends, but also by the teaching staff, where she was very successful. The best wishes of all go with the young couple for a happy future.

McCUIN—BARTHOLOMEW SAWYERVILLE, Jan. 15.—A very pretty wedding took place in St. Matthew's Church, Randolph, on Monday, January 3, at 2.30 p.m., when Miss Cora Wilhelmina Bartholomew, only daughter of Mrs. B. M. Bartholomew, of Sawyerville, was united in marriage to Mr. Archie Herbert McCuin, son of Mr. W. H. McCuin, of Waterville, Vt. The ceremony was performed by the Rev. Mr. Lewis, of Bury, assisted by the Rev. A. J. Vibert, of Sawyerville.

The bride, who was unattended, was given away by her cousin, Mr. H. E. Hurley, and was gown in navy blue suit, with blouse of pinkish shade, with hat, stockings

and gloves to match, and grey squirrel fur, a gift of the groom. Mrs. L. Hurley played the wedding march and also played softly during the ceremony. The church was very prettily decorated for the occasion.

Following the ceremony, the immediate relatives repaired to the home of the bride's mother, where dinner was served, after which the bridal couple left on the 11 o'clock Halifax train amid showers of confetti and good wishes, for their future home in Fredericton, N.B.

The many beautiful and useful gifts received, which consisted of silver, linen and money, testified to the high esteem in which the young couple are held.

Studebaker supplies no-draft ventilation for winter driving

WINTER driving is the true test of scientific closed car ventilation. Raw, wintry winds with their accompanying snow and sleet—how many times have they forced you to forego necessary air changes and ride in an atmosphere stuffy or smoky and possibly dangerous to health?

How Studebaker Effects Air Change

In Studebaker Custom Cars alone will you find the patented no-draft ventilating windshield which, without draft, changes the air every five minutes.

How scientifically Studebaker has solved the problem of correct ventilation is attested by physicians, and by ventilating engineers.

Moisture-Proof Ventilation

Even when this patented Studebaker ventilating windshield is open, rain cannot enter the body of the car. A trough, skillfully hidden under the cowl, carries off the water. Adjustment can be made with one hand. The control is so accessible you need not take your eyes from the road. There are no side-screws to loosen or tighten.

Typical of Other Refinements

The patented Studebaker windshield is typical of the thought and effort expended to make Studebaker Custom Cars accepted leaders in the fine car field. You derive the benefits of this and other advanced features at no extra cost, due to Studebaker One-Price manufacture.

By all means see these custom creations of Studebaker. You will find such solid value, luxury and convenience that you will not be satisfied with less.

All Studebaker Custom Cars include the following advanced equipment—No-draft ventilating windshield, exclusively Studebaker; front and rear bumpers; engine thermometer and hydrostatic gasoline gauge on dash; coincidental lock oil filter; automatic windshield cleaner; rear-view mirror; traffic signal light; 4-wheel brakes; full-size balloon tires; streamer beam headlights, controlled from steering wheel.

MONTREAL, Jan. 19.—The leaders of the Canadian and United States divisions of the National Hockey League fared badly in last night's games. Three of the results produced high scores. In addition one of the matches provided a decided upset. In the four games played, twenty-eight goals were scored, an average of seven for each game.

Pittsburgh Pirates, holders of the cellar position in the United States division, provided the surprise of the evening by lowering the colors of the mighty Ottawa machine to the tune of a six to one score at Ottawa. This is the third time that the Senators have been beaten this season. Of the ten teams playing in the league, Boston, Detroit and the Pirates have been the only ones to accomplish the trick.

The Pirates tore into the Senators at the start of the match, and in less than six minutes had scored three goals. They added two more in the middle session and one in the third.

The league-leaders were helpless for two periods before the speed and superior combination play of the New York Maroons, led by the late Smokey City crew. In the last session they unleashed a terrific attack in an effort to get into the running, and while they drove a larger number of shots on Worsley than the Pirates directed at Connell, the best they could do was to save themselves from a shut-out by scoring a lone tally. Alex Smith turned the trick.

In recent matches at home the Ottawa Senators have been playing before small attendances, which has led to the circulation of rumors to the effect that the Ottawa team would withdraw from the N.H.L. Questioned in connection with these reports last night, President O'Hearn, owner of the club, stated that small crowds or not, Ottawa would remain in big-time hockey. Their game, he added, would finally overcome the apathy of the fans.

Boston Bruins Beat New York Rangers
A league record for goals scored in a single game was made at Boston. The Bruins trounced the New York Rangers, leaders of the United States section, by a score of seven to three. Fredericksen, centre, recently acquired by Boston from the Detroit Cougars, scored four of his team's tallies, equalling the record set by Oliver of Boston early in the year.

"Doc" Stewart was replaced in the Boston net by Winkler, formerly with the New York Rangers, and he played a big part in Boston's victory.

The Bruins, by their victory, are now in undisputed possession of second place in the United States section.

Montreal Maroons Beat New Yorkers
The Montreal Maroons partly avenged themselves for the two de-

feats sustained this season at the hands of the New York Americans by defeating the star-spangled crew two to one in a game that went to overtime. The loss was a costly affair to the New Yorkers as it sent them down into a tie with Canadiens for second place in the Canadian section.

Play was fast and clean, only ten minor penalties being imposed, each team drawing five. The New Yorkers took a one-goal lead in the initial period and managed to hold their slim margin until the last session. The Maroons tied it up in the third when Broadbent grabbed a loose puck in front of Forbes following an attack engineered by Oatman, who capped a good night's work by notching the winning goal in the overtime period.

Canadiens Defeat Detroit
Canadiens leaped back into a tie with the New York Americans for second place in the Canadian section of the National Hockey League when they triumphed over the Detroit Cougars in Montreal last night 5-3, stinging a two-goal rally in the final period to break a deadlock to take the honors.

The Canucks fully earned their victory and it was only some stellar rushing by Art Duncan, playing manager of the Cougars, which resulted in two goals for Detroit early in the second session and tied the count. But against the Canadiens' speed in the final period, the Cougars were lost. Aurel Joliat and Mantha counting the goals which put Canadiens ahead and clinched the game.

It was clean, fast hockey, but there was a tendency to milling in the final session. Duke Keats did not like Joliat's style and clipped the Canadian flash. Leduc, unnoticed by the crowd, slashed at Keats' shins. Keats and Leduc were benched and the crowd—not having seen Leduc's action—roared disapproval. Referee Smeaton became embroiled in a heated argument with Manager Hart of Canadiens. The referee penalized Mantha, whom he claimed, had been sent in as a relief during the progress of the game. Manager Hart claimed he had not and protested the penalty. The referee threatened to raise the award and out came Manager Hart to the ice to continue the argument. As in all such brushes, the referee won, his penalty to Mantha standing.

Carson Cooper made his bow in a Canadian uniform after being acquired by the club, from Boston, in a trade for Billy Boucher, and he made a favorable impression on the Montreal fans.

The standings:

Canadian Division				
P.	W.	L.	D.	P.
Ottawa	21	15	3	2
Canadiens	22	11	10	1
Americans	23	11	11	1
Montreal	21	8	11	2

United States Division				
P.	W.	L.	D.	P.
Rangers	21	12	7	2
Boston	22	10	11	1
Chicago	20	9	10	1
Detroit	21	8	12	1
Pittsburgh	20	7	12	1

Toronto St. Patricks and the Chicago Black Hawks will meet tonight at the Windy City in the only game scheduled. A victory would be a great advantage to both teams. Chicago can tie for second place in the United States section with a victory while St. Patricks, who hold the cellar position in the Canadian section, can come within one point of the Montreal Maroons by winning.

During the past week Burch added but one point to his total, which gives him twenty-one points, made up of fourteen goals and seven assists.

Dick Irvine, also of Chicago, comes third with ten goals and seven assists, for seventeen points. One point behind, comes Carson of St. Patricks, with thirteen goals and three assists.

ROYALS WIN CLOSE CONTEST FROM ST. PATS

Only Goal Made During Evening Was Result of Combination Play by Baillargeon and Begin in First Six Minutes of Game—Frenchmen Have Edge of Play.

Better combination and a stronger defense was responsible for the Royals' win of 1-0 over the St. Pats' team in a scheduled contest of the Eastern Townships Junior Hockey League played at the new Arena last evening.

The only count of the evening was made by Begin in the first frame who accepted a pass from Baillargeon and flipped the disc past Nicol after six minutes of play, for what proved to be the winning tally.

The game was a fast one, the Frenchmen having the edge of the play throughout practically the whole contest, and only the spectacular work of Nicol, the Irishmen's net guardian, saved them from a heavy defeat.

Goyette and Baillargeon were the fast men on the Royals' line-up, with King and Cann acting as the sharpshooters of the Irishmen.

The line-up was as follows:

Royals		St. Pats	
Ruel	goal	Nicol	
Gaudet	defense	Gordon	
Durocher	"	Cochrane	
Baillargeon	centre	Cann	
Goyette	L. wing	King

BASEBALL ROW IS DISCUSSED BY JOHNSON

Incompetence, Not Crookedness, Real Charges Against Cobb and Speaker.

CHICAGO, Ill., Jan. 19.—The principal charges against Ty Cobb and Tris Speaker, which caused President Ban Johnson of the American League to demand their resignations and not crookedness, Mr. Johnson said today. He called the "Dutch" Leonard charges against them of "throwing" a game "inconsequential."

This new and vital spotlight on the Cobb-Speaker case gave a rather wistful aspect to the possibility that any sensational disclosures would be made at the American League conference here Monday.

A real row, however, seems to be brewing in two quarters. One relates to what will come to pass when President Johnson and his American League men meet here preliminary to the conference with baseball Commissioner Landis, who as severely criticized by Mr. Johnson for making public the Leonard charges. The other is the question of what will come of the Johnson-Landis feud, when the two baseball leaders face each other. It is predicted in many quarters that one of the two will have to go, and as Landis is assured of the support of some of the American League club owners, Johnson's resignation is forecast.

In his explanation of the counts against Cobb and Speaker, Mr. Johnson said: "As leaders of men, they were failures and they were not giving their best to the public. The Leonard charges involving them were inconsequential, though Cobb's letter to Leonard was foolish and something that should never have been written."

As a manager, Cobb should have been training marines, Johnson said. His way of handling players will not be tolerated in the American League, he added. He charged that Cobb threatened his players that he would "railroad" them out of the game, and refused to stop signalling every pitch to the man in the box, which delayed games an hour or more. "He is still a great player, but he was a failure as a manager," he said.

Regarding Speaker, Johnson said he was not giving his entire attention to baseball, as the public had a right to expect, because he was betting heavily on horse races. "When the manager has a betting commissioner in the park every day, placing the bets of the players on horse races, it follows that the ball game is not receiving his entire attention," he said. A group of Cleveland players won \$1,200 in one pool, he said.
