Nazis Defeated In Showdown Battle

500 STRIKERS IN PHILADELPHIA MAY BE DRAFTED

Draft Boards to Re-classify Five Hundred Deferred Philadelphia Strikers as Move to Break Transportation Tie-up.

Philadelphia, Aug. 3.—(AP)—The country's second war production centre today looked to the White House for action to end a work stoppage that locked the city's transportation wheels a third day and gave rise to continued violence involving negroes and whites.

Upgrading of eight negro employees under a directive of President Roosevelt's fair employment practices committee precipitated the walk-out, which appeared almost certain to culminate in government seizure of the Philadelphia Transportation Company with possible use of troops.

Police reported a new wave of window smashings, which they attributed to negro youths, as a two-hour move by a small group of P.T.C. employees to restore service on Philadelphia's two subway lines ended in failure.

An official of the Transport Workers Union (C.I.O.), who declines to be quoted by name, said back-to-work appeals to the 6,000 employees had "only a ghost of a chance." Inter-racial clashes stemming from the work stoppage sent at least 13 persons to hospital before yesterday's steady rain drove wandering bands of rioters indoors. But the downpour also contributed to a

EXPROPRIATION MOVE ATTACKED BY DUPLESSIS

U.N. Leader Declares Any Benefits Deriving From Expropriation of Power Firm Belong to Montreal Instead of Quebec Government.

Montreal, Aug. 3.—(AP)—Maurice Duplessis, Union Nationale leader and former Premier of Quebec, today attacked a political move to call a provincial election in 1939 "because the Ottawa Government was starting to sabotage the Canadian structure, without regard to Quebec's rights."

"When his house is afire, a conscientious man sounds the alarm," Mr. Duplessis said. "That's just what we did. We called the election because we were not a bunch of dictators and because we were respectful of the people's rights."

The former Premier spoke in East-end St. James Market Hall, in St. James constituency, and much of his address was prompted by the crowd, which repeatedly suggested topics for the speaker.

Mr. Duplessis said that Sir Wilfrid Laurier, Canada's only French-Canadian Prime Minister, called a Dominion General Election in 1908 and again in 1911 because "new matters had arisen on which he believed the people should be consulted."

"In calling the 1939 election, we imitated Laurier," he said.

Mr. Duplessis said that under his regime, Quebec had been better treated than ever before in Quebec and that if his party assumes power in the general election, August 8, a separate department of his Government will look after youths' affairs.

Plans Worked Out In Great Detail For Follow-Up To German Surrender

By JOHN M. HIGHTOWER
Associated Press Staff Writer
Washington, Aug. 3.—(AP)—Plans for immediate follow-up of the surrender of Germany are reported here to have been worked out in great detail.

Officials familiar with their provisions said today that they call for full co-operation among Britain, the United States and Russia in the hour of victory.

For this reason, and because of the general pledges of co-operation made at the Moscow and Tehran conferences last year, American officials say they are convinced beyond any doubt that it makes no difference whether Russia or Anglo-American forces get to Berlin first, or which accepts a major German Army surrender.

Early victory forecasts by Prime Minister Churchill yesterday brought a renewed wave of speculation here over what will happen if the Germans surrender first to the Russians, or what difference it will make if they give up instead to British-American forces.

The answer given to both questions in official quarters here is: It will not make any difference. Either will accept Germany's unconditional surrender at the time or place in the name of all the Allied powers.

Britain and the United States pledged unconditional surrender at Casablanca conference 18 months ago. Russia formally subscribed to it at Moscow. A further commitment to joint action in peace and victory as well as in war was made at the Tehran Conference.

The European Advisory Commission on German Disarmament and the United States assigned the task of working out plans for military and political co-operation when Germany quits. The Commission has completed its work.

The plans cover two distinct periods:—1.—The end of organized resistance. This may cover several days or even weeks, or may come as a single orderly surrender. The enemy's Eastern front might collapse and the Russians march through to Berlin while British, American and Canadian troops were still fighting their way through France.

2.—Occupation. This provides for three-way occupation of Germany by British, Russian and American troops, joint occupation of Berlin, creation of a joint military commission to administer the country and means of getting civil authorities functioning again. Completion of the task of disarming Germany, in-

St. Malo, Highly Important Port Across Bay from Avranches, Apparently Being By-passed—Action Flares on Long-Stalled Caen Sector of Normandy Front.

Allied Supreme Headquarters, Aug. 3.—(AP)—The long-stalled Caen sector of the Normandy Front exploded into action today as Canadian troops burst forth in a new attack pointed in the direction of Paris, 115 miles to the East, while American armor opened a wedge 30 miles deep and 35 miles broad in the heart of Brittany.

Frontline reports said American armored columns had reached Rennes and the outskirts of Dinan in Brittany after drives of 45 and 35 miles respectively from Avranches. These distances had been covered in approximately two days since the American drive turned the corner of the Bay of St. Michel into Brittany.

St. Malo, a highly important port across the Bay from Avranches apparently was being by-passed.

Dinan is 13 miles South of St. Malo and 100 miles East of the great port of Brest at Brittany's tip.

Rennes, central communication point of Brittany, is 80 miles North of Brittany's second port, St. Nazaire, at the mouth of the Loire River, and near the centre of the Peninsula.

Dinan is 25 miles West of Pontorson, last officially reported position of the West-bound lancehead.

Fighter bombers smashed 32 more German tanks, and more than 800 other staff cars, half-trucks, trucks, motorcycles and busses.

In the Roncey-Gavray area, inside a 20 by 16-mile area between Avranches and Vire where at least two German armored divisions were faced with threat of entrapment, the roads were so cluttered with broken German transport that Allied bulldozers were put into action to clear the highways.

Another British spearhead was driven into the centre of the 60-mile pocket South of Caen, its tip reaching within 2,000 yards of Aunay, South of Villers-Bocage.

The British were at the edge of the Villers-Bocage itself, one of the chief German strongholds, and were believed to have turned it into a no-man's land. Attacking by moonlight, the British took five towns before dawn in the Villers-Bocage vicinity.

Vire itself fell under British control, front dispatches reported.

A BBC broadcast heard in New York said the town had been captured, although a dispatch from Associated Press War Correspondent Roger D. Greene said snipers still held on to its fringes.

An American column moving from the Southwest reached St. Poir, ten miles from Vire, one of Normandy's chief communications centres.

This tightened the drawstring on the German rear guard, including the Elite Second and 11th Panzer Divisions, withdrawing on the Vire-Tessey-Percy-Villedieu pocket although they may be able to squeeze out through the 10-mile gap.

Canadian Press War Correspondent Louis V. Hunter reported last night that Trenchons blasted Tilly in Campaigne—Canadian objective for the past several days—late yesterday, and that artillery joined thunderously in the barrage.

It was the first air support received in this section since Western Canadian troops struck at the town Tuesday morning. Western troops now are dug in along railway tracks West of Tilly. Ontario troops have gained a hill—Point 63—just North of the town, Hunter said.

The invasion of France now has rolled into its 59th day with at least 85,000 prisoners among the casualties inflicted on the Germans.

(A Nazi correspondent at the headquarters of Field Marshal Gerd Guenther von Kluge reported that "the situation in the Western sector of the invasion front still is critical," a Berlin broadcast said.)

JAPS FLEEING FROM ALLIES IN INDIAN HILLS

Kandy, Ceylon, Aug. 3.—(AP)—British forces pursuing Japanese troops fleeing Northeast India have lost major contact with an enemy force retreating from hill positions eight miles Northeast of Tannu, near the Burma border, it was announced today.

The Japanese left many dead and a large quantity of explosives.

Machine-guns were attempting to cover the withdrawal of main Japanese forces South of Churachanpur, on the Tiddim Road, 40 miles from Imphal.

An Allied force that struck far in the rear down this main avenue of escape for the Japanese menaced the withdrawal.

A communiqué from Admiral Lord Louis Mountbatten's Headquarters said American troops advanced in the North at the besieged Japanese base of Myitkyina and "minor gains were made in other sectors there."

Despite unfavorable weather, R.A.F. heavy bombers struck for the second time this week at the railway from Mandalay in India, main Japanese supply route to North Burma, and U. S. A.A.F. fighter-bombers started fires at Japanese-held Shwebo, West of Bhamo. In these and other missions, one Allied fighter was lost.

No Indication Of Early Solution Of Montreal Tramways Walk-Out

Montreal, Aug. 3.—(AP)—Complete paralysis of Montreal's public transportation system passed through its 12th hour today without any indication from either side in a company union dispute that an early resumption of negotiations was planned.

About 4,000 tram and bus operators of Montreal Tramways Company remained idle to back up their demands for a union shop clause in the contract between the company and the Canadian Brotherhood of Railway Employees, and several hundred ticket-sellers, repair men and clerks stayed home or returned home after reporting because all normal functions of the company were suspended.

Company and union spokesmen remained silent on what was likely to be the next step, looking toward breaking of the deadlock, and meanwhile thousands of Montrealers, calling on the experience gained in two previous tram strikes within the last 17 months—to go to work as best they could or stayed at home pending a settlement.

Labor Minister Mitchell told the House of Commons at Ottawa that he did not think the strike was "warranted." Last minute conferences between the Labor Minister and union and company officials yesterday broke down before any basis for agreement had been reached.

Provincial Government officials at Quebec refused comment except to say that the situation was under study. Recent provincial legislation bans strikes or lockouts in public services.

Huge fleets of trucks of all types and sizes, backed up by all available taxis and private automobiles, worked to take some of the edge off the tie-up of the city's 1,100 trams and busses which normally carry more than 1,000,000 passengers a day.

As employees of Montreal Tramways started their third walkout within seventeen months, strike-wire Montrealers put into operation plans that had been in the making for the last few days as hopes for settlement of the dispute faded and the conviction grew that another tie-up was inevitable.

GUENETTE CASE BEING USED AS "BATTLE HORSE"

St. Eugene de l'Islet, Que., Aug. 3.—(AP)—Premier Godbout told a political meeting in this Islet County village last night that "the Union Nationale Party and Joseph Bilodeau (this opponent in Islet riding for the forthcoming provincial general election) are using the death of Georges Guenette as 'battle horse' and that 'this is a real shame.'"

Reference was to 24-year-old Georges Guenette of St. Lambert, Lewis County, who was fatally shot a few months ago by R.C.M.P. constables while fleeing from his father's home.

Premier Godbout said that "Union Nationale speakers purposely forget to mention that Guenette had been sought for a long time for an attack on an R.C.M.P. constable and not for being an army deserter or recalcitrant conscript."

Premier said "R.C.M.P. constables assaulted by Guenette for the rest of his life in a lunatic asylum while his wife and seven children are in distress."

Mr. Godbout added that "Georges Guenette was not a farmer but a worker" and that "Union Nationale speakers in rural districts prefer to say that he was a farmer."

Battle For Warsaw Enters Fourth Day Of Slow, Bitter Slugging On 40-Mile Front

London, Aug. 3.—(AP)—The Evening News today said the German Radio had broadcast a report that Russian troops had crossed the pre-war East Prussian frontier. The Associated Press, BBC and other listening posts hear no such report. Moscow last reported the Russians three miles from the boundary.

London, Aug. 3.—(AP)—The German communiqué asserted today that the Russians had been thrown back or held along the entire Eastern front from the Carpathians to the Narva Isthmus.

By EDDY GILMORE,
Associated Press War Correspondent.

Moscow, Aug. 3.—(AP)—Fighting raged within three miles of the pre-war East Prussian border today as Gen. Ivan Cherniakhovsky's 3rd White Russian Army surged forward in a drive from captured Dydyvka.

Russian armor charged savagely upon German defences before the East Prussian border cities of Schirwindt, Eydtkuhnen and Wehrkirchen, while Russian cannon shelled German soil.

Cherniakhovsky's forces swirled to within 28 miles of Tilsit and 44 of Insterburg, important East Prussian rail cities. Königsberg, East Prussian capital and 18th largest German city of 368,433, was 93 miles away. Five railroads meet at Insterburg, site of iron, machine tool and tile factories.

Front dispatches declared fighting raged near Virbalis and Wilzainy, both three miles from the frontier.

While the campaign for East Prussia was intensified, the battle for Warsaw entered its fourth day of slow, bitter slugging on a 26-mile front involving the eastern suburbs of the Polish capital.

ROBOTS CAUSED BIG DAMAGES IN 12-HOUR ATTACK FIGHT TO END

London, Aug. 3.—(AP)—Flying bombs dropped over Southern England and London this afternoon in continuation of an unbroken 12-hour assault—the longest attack yet without a lull.

Anti-aircraft gunners in Southern England maintained almost continuous barrage. Some robots were reported destroyed over the English Channel.

Seven hospitals were hit, ten patients being killed at one, and explosions caused a wide area. One bomb wrecked a big house fifty yards from a shopping area crowded with women and it was feared—in the verminous phrase—that "there were a number of casualties."

One of the robots struck the wing of a hospital, killing two patients—one a soldier—and seriously injuring three nurses. The blast punctured a water tank on the roof and rescue workers were drenched as they dug among the debris in a search for victims.

Another bomb fell on a church which had been hit previously, and the explosion damaged a number of surrounding houses.

The assault continued on into the daylight hours and one area reported the heaviest attacks ever experienced in that sector.

Anti-aircraft guns along the South coast were in action most of the night. At one point gunners destroyed two flying bombs simultaneously, one exploding aloft and the other diving into the water.

A second hospital was damaged by an explosion nearby, and many of the patients were evacuated, though there were no casualties. Damage to the building was estimated at \$600,000.

SAYS GERMANS WILL EMPLOY NEW WEAPONS

Madrid, Aug. 3.—(AP)—Nazi propaganda has taken the line that retreating German armies will go over to the offensive by September with new secret weapons now being developed.

Seconding the promises of Propaganda Minister Paul Joseph Goebbels, the Nazi military critic, Lt. Col. Kurt Dittmar, was quoted today in Berlin dispatches as saying that "all we need is time to complete what is being created."

STABLE PRICES FOR FISH FIXED BY NEW MEASURE

Export Credits Insurance Bill Passed Through Third Reading and Fish Floor Prices Bill Received Second Reading in Commons.

By FRANK FLAHERTY,
Canadian Press Staff Writer

Ottawa, Aug. 3.—(AP)—With the blessing of members of parliament from both the East and West coasts the House of Commons last night placed its approval on a bill to assure stable prices for fish in the period of transition from war to peace.

In six hours of calm discussion which contrasted with the sharp exchanges that occurred early in the week on family allowances the House advanced two important pieces of post-war Legislation, dealing with fish prices and export trade.

The export credits insurance bill passed through third reading and the fish floor prices bill received second reading.

The export trade legislation is designed to set up a corporation to insure exporters against inability to collect the price of the products sold whether from the insolvency of the purchaser, currency fluctuations or inability of the purchaser to pay due to governmental restrictions.

It also authorizes the government to lend money to other governments or their agencies to enable them to purchase goods produced in Canada and guarantee the securities of other governments their agencies issued on account of the purchase of Canadian goods.

Trade Minister MacKinnon said the insurance feature of the bill was on the same lines as British legislation which had been in effect for 26 years. He regarded the insurance phase of the bill as the one which the government would prefer to see employed and the lending and guarantee provisions as designed for emergency conditions after the war.

When Howard Green (P.C.—Vancouver South) urged that provision be inserted to bar loans to the governments of enemy countries Finance Minister Fliley said that was not desirable. The scheme would last for only three years from the time of passage of the bill. It might be desirable to help the people of former enemy countries if they were under different governments.

Fisheries Minister Bertrand on his floor prices bill said it might never be necessary to use the \$25,000,000 fund provided for the purchase of fish should prices fall to unduly low levels.

The bill, however, would offer security to fishermen on the same basis as the bill already to provide a floor for farm prices.

While all members who spoke were in favor of the bill some criticism was expressed by A. W. Neil (Ind., St. John's), Kinz Hazen (C.C., St. John's) and Clarence Gillis (C.C.F., Cape Breton).

Mr. Neil thought the board of

Fresh Dents In Enemy's Defences About Florence Made By 8th Army

By NOLAND NORGARD,
Associated Press War Correspondent

Rome, Aug. 3.—(AP)—British 8th Army units made fresh dents in enemy defences about Florence today, while the Allied 5th Army broke German efforts to send counter-attacking troops across the Arno river on either side of besieged Pisa, Headquarters said today.

The enemy appeared attempting to take the initiative also near the inland wing of the American forces by sending 200 troops to the south bank of the Arno river northeast of Pontedera, but mortar fire dispersed this force.

Attacking north from San Michele and La Romola, 8th Army units captured the commanding heights of La Poggione, 5 1/2 miles southwest of the historic art city. New Zealand troops previously had been reported within five miles of the city's outskirts in that area.

West of Florence British and Indian troops crossed the Pesa river on a two-mile bridgehead and advanced one mile, capturing the village of Ginestra, three miles southeast of Montelupo, and threatening the entire west flank of the German line south of the Arno river in that area.

Headquarters received reports from Italian civilians that the Nazis were clearing civilians from stretches of the north bank of the Arno both east and west of Florence. This was viewed as possibly signifying an enemy plan to establish a strong defensive zone fringing Florence on the north side of the river to which a retreat could be made when the present line no longer is tenable.

The Germans meanwhile were naving their troubles with Italian Patriots.

A proclamation by the Nazi Command found posted in the San Ubaldo Monastery at Gubbio said that "in the past days criminal elements of the civil population have repeatedly ambushed and shot at German soldiers" and that "by way of punishment for such acts certain villages have been burned down and a number of male inhabitants summarily shot according to law."

In the course of the slow but steady hammering down of German strong points a British Guards brigade operating with South Africans drove the enemy from Strada, 7 1/2 miles south southeast of Florence. Still farther to the southeast the British punched two miles north from newly won Monte Maggio and Monte Scali.

TAR SANDS OF ALBERTA HOLD WEALTH IN OIL

Research Engineers Working on Extraction of Valuable Oil Supply Found in Sands of Western Province.

By JAMES MCCOOK, Canadian Press Staff Writer.

Edmonton, Aug. 3.—Research engineers in white coats bend over a witches' cauldron festooned with pipes. It fumes and bubbles and, with the technique of a dairymaid, they skim a tarry substance from the surface with a spoon.

In that rite, performed with the skill of long practice, the Research Council of Alberta believes it has the key to open the door to wealth in oil never seen before. By it, engineers demonstrate how oil-rich bitumen can be extracted from tar sands.

The tar sands are along the Athabasca River 250 miles northeast of here. Some say the sands contain seventy per cent of the world's known oil supplies. Their eyes shine when they say that for sure there are about 1,000 square miles where the tar sands lie in unknown depth. Perhaps there are 30,000 square miles. No one knows with certainty for no one has had time to examine all the area.

The tar sands were seen and marvelled at 150 years ago when the fur traders passed. For more than twenty years the province has been studying their development and the Dominion Government has been in-

JAPS BLASTED FROM ANOTHER GUAM AIRFIELD

Still No Confirmation of Tokyo Report Americans Have Invaded Rota Island Between Guam and Tinian.

Pearl Harbor, Aug. 3.—(AP)—American forces have blasted the Japanese from another airfield and three more villages on Guam, and have captured two-thirds of the former United States possession.

As soldiers and marines carved out gains of more than a mile all across the island, the doomed enemy force of perhaps 10,000 men today was falling into the jungle-covered plateaus of Guam's Northern third.

There was still no confirmation of Tokyo reports that Americans had invaded Rota Island between Guam and Tinian.

Rota is the last large island in the Southern Marianas not yet dominated by the Americans.

Americans captured Tiyan airfield, a fighter strip in the centre of Guam Tuesday. In the same sweep they took the towns of Saucio, Toto and Tinonong. They now have seven airfields in the Marianas, well within superfortress range of Japan.

It was disclosed that the invaders have killed about 33,000 Japanese in the Southern Marianas, at a cost of 5,129 American lives or missing. On the British New Guinea coast, 1,300 miles South of the Marianas, units of a Japanese force of perhaps 45,000, trapped in the Wewak-Altipa sector since April, made two new bandolier charges against American lines Tuesday. Both attacks were beaten back with heavy Japanese losses.

Expropriation

Continued from page 1.

"The Union Nationale provided work for the people when it was in office," he said. "We built amusement parks and many other things and all of them provided jobs. Furthermore, we provided work without taxing the people for it—like the Liberals do."

His Government, he said, also had "respected the autonomy of Montreal."

"But today, thanks to a law of Premier Godbout and Mr. Bouchard (Senator T. D. Bouchard, former Minister of Roads and Public Works in the Godbout Government) the second-largest French city in the world, hasn't the right to govern itself," he added.

Any benefits deriving from the Province's expropriation of the Consolidated, he said, rightfully belonged to the city of Montreal rather than the Quebec Government. He said Premier Godbout hoped to gain money from the expropriation for the Liberal Party.

Mr. Duplessis charged that in 1931, the Consolidated Power had given the Liberals "between \$600,000 and \$700,000" and that the intermediary in the deal had been the present Senator Donat Raymond, "brother of Maxime Raymond, Bloc Populaire leader." He said the Liberals hoped to "make money on the Montreal Power expropriation and that Senator Raymond again would be connected with the matter."

"Those who helped Godbout fool you in 1939 are just as guilty as Godbout himself," he said. "Some of them now are trying to appear before you as saviours."

Mr. Duplessis said the people had not voted "freely" in 1939 because they had been "intimidated."

He said that never in history had Quebec known a more important election than that of August 8.

"We haven't the right to overlook the terrible things which have been happening in the world," he said. "In France it was the multiplicity of parties which brought her to her knees and nearly to utter ruin."

"The only way that we can become masters at home is to look after our own affairs and to guarantee the independence of the Quebec Legislature. This can be achieved only through the Union Nationale."

The jaguar catches fish by perching on the river bank and scooping out its prey as they swim by.

But still the actual oil produced from the sands is minute in quantity compared with what it could be. Provincial authorities say. What they hope is that a modern plant, using methods developed in Alberta Research Council Laboratories, will be constructed soon on the Athabasca, to serve as a model for other rich sands over the long rich miles.

They think one efficient Provincial Government plant will be enough. If the efficiency of the extraction method is demonstrated, they expect private industry will build others. The Dominion Government is conducting tests with a plant at the tar sands area now, using methods not exactly the same as those proposed by Provincial research officials.

Dr. K. A. Clark, research engineer for the Alberta Council and Professor of Metallurgy at the University of Alberta, can look back over 20 years of experiments and studies for the development of the tar sands. He had a major part in devising the extraction machine which he demonstrated at the laboratories here and which he considers the most efficient method.

MRS. A. S. McCRAW PASSES AWAY IN 66TH YEAR

The death occurred last night at Montreal of Mrs. Andrew S. McCraw, long a resident of Bedford, in her sixty-sixth year.

Active in the Missisquoi branch of the I.O.E.E. in which the held office at various times, and also in St. James Anglican Church at Bedford, the deceased had lived in that community the greater part of her life.

She was the wife of the late Andrew S. McCraw, who predeceased her in 1931. Mr. McCraw had served as manager of the Bedford branch of the Canadian Bank of Commerce, having assumed that post some years ago, on being transferred from Sherbrooke.

Mrs. McCraw, nee Harriet Weagant, was born in 1878 at Williamsburg, Ont. In 1910 she married her late husband, Mr. McCraw, and moved to the Eastern Township some time later. The deceased also resided at the Sherbrooke Hospital for a period of time.

She is survived by four sons, Malcolm, of Bedford, Lieut. James William McCraw, Canadian Army, who was reported wounded in France; Sydney, stationed with the R.C.A.F. in Manitoba, and Cameron, R.C.A.F., who has been reported missing since June, 1942.

Also surviving her are two brothers, Dr. Charles H. Weagant, of Winnipeg, Man., and the Rev. George Weagant, of Berkeley, Calif., and three grandchildren, Richard, Judith and Heather.

Other relatives are Mr. and Mrs. J. P. McCraw, and Mrs. William McCraw, both of Sherbrooke, and their families.

The funeral service will be held tomorrow afternoon at two o'clock at St. James Church, Bedford.

three to administer the scheme was not large enough to give proper representation to producers on both coasts. As conditions were different on the Atlantic and Pacific he urged that two boards be created, one for each area.

Mr. Gillis thought the bill did not go far enough and that the Government would appoint board members who were in favor of private enterprise and would not look after the interests of the fishermen.

Mr. Hazen said he doubted if the bill would achieve its purpose and noted that it interfered with the law of supply and demand without actually fixing prices.

Mr. Bertrand said he was prepared to accept suggestions that the proposed board of three was not large enough to handle the legislation properly and when the bill was in committee he moved an amendment increasing the number to "not more than five."

Transport Minister Michaud, a former Fisheries Minister, said 70 per cent of Canadian fishery products had to be sold abroad. They were sold in markets where many factors over which Canada had no control interfered with the law of supply and demand. It was necessary to provide some artificial action to protect the fishermen against the depression of prices by these other interferences with the law of supply and demand.

Experience with the Salt Fish Board, established before the war, had been good. The new legislation simply extended the principle applied to salt fish marketing to all fish products.

transport snarl that kept 140,000 of the area's 800,000 war workers from their jobs.

Late appeals to the absentee workers were made by Mayor Raymond Samuel, who said the work stoppage was "sabotage of our country's war effort," and James W. Fitzsimons, T.W.U. International Vice-President, who asserted that "a small group of self-seeking, disgruntled employees were trying to regain power over the dead bodies of American soldiers."

Correspondent Doug How said in a dispatch last night, Canadian tanks of an Eastern regiment under Maj. Don Cameron, of Vernon, B.C., and Capt. Frank Simard, of Westmount, Que., made a new advance against slight opposition, shelling and mortaring as they progressed.

The tanks forded a shallow river and pushed more than a mile along roads under a moonlit sky before dawn today through a rustic countryside dotted with trees and hills.

The fords were reached the previous night by Capt. William Prince, of Sunnybrae, N.B., and Lieut. Eugene Homer Dixon, of Vernon, B.C. Little difficulty was experienced in the crossing.

While up to 50 American heavy bombers yesterday pounded Rhone Valley communications and an enemy torpedo factory in Southern France other Italian-based warplanes battered German supply lines in Italy's Po Valley. Nine Allied planes were lost and two enemy aircraft were destroyed.

cars were turned back to the barns at the end of the trips then in progress. However, comparatively little inconvenience was caused at that time as most of the routes usually close for the night at 2 a.m. Taxi-cab operators were swamped with calls to pick up stranded citizens who had no means to reach their homes.

Last night, Paul Emile Marquette, Regional Organizer for the Canadian Congress of Labor, spoke to Montreal citizens in a radio broadcast and outlined the union's stand in regard to the strike. He said the union shop was asked as that the company would control the hiring of men.

Under a union shop agreement, all employees are required to belong to the one union and new employees would be required to take out membership in the union within thirty days.

Mr. Marquette said the union did not ask for a closed shop which would require the company to hire workers who were members of the union or who had joined the union before being employed. He added that the C.B.R.E. regretted the inconvenience caused the Montreal public as a result of the strike.

Later he issued a statement saying the union was ready "at any moment" to discuss the possibility of a settlement in the best interests of the parties concerned.

In the first tramways strike, in March, 1943, the C.B.R.E. won union recognition and in the second strike, in February of this year, the union won all its demands except the union shop clause. A conciliation board twice rejected the union's request and a strike vote was called. Employees voted 3,520 to 78 for the strike.

Deadline for the strike was announced Tuesday night and yesterday company and union officials conferred with Labor Minister Mitchell at Ottawa but failed to reach a settlement.

The Tramways strike in Montreal brought to five the number of major labor disputes in Eastern Canada. At Halifax, 3,000 shipyard workers in Halifax shipyards are on strike protesting refusal of the company to institute a union check-off and maintenance of union membership clause. Almost 1,000 miners at Stellarton, N.S., are protesting the dismissal of two employees and taxi-cab operators at Quebec City are on strike in protest against the refusal of the Prices Board to approve an increase in the initial drop rate from 25 to 35 cents.

Yesterday about 500 workers at the Dominion Forge and Stamping Company struck when the Company appealed to the National War Labor Board a decision handed down by the Regional War Labor Board which appointed an arbitrator to hear the dispute.

Gunmen 'Rub Out' Chicago Gambler

Continued from page 1.

Chicago, Aug. 3.—(AP)—Lawrence (Dago) Mangano, once listed as a public enemy and long known to the police as a gambling chief, was shot to death today by a one-time gang chief, Al Capone, who was fatally shot today as he sat in an automobile on the West Side. Wounded with him was one Mike Pontelli.

Policeman Joseph Schinker said that when he arrived at the scene Pontelli was slumped in the car, Mangano and collapsed on the sidewalk and standing over him was a pretty brunette who identified herself as Mrs. Rita Reyes and said she had been sitting with the men in the car. Unhurt, she was held for questioning without charge.

Schinker said Mrs. Reyes related that an automobile containing three men whirled up and several shots were fired. Pontelli was wounded. The assailants' car went around the block, returned and blasted their quarry again, wounding Mangano.

Battle For

Continued from page 1.

Marshal Ivan Konev, the tall, broad-shouldered hero of Moscow and Kharkov, sent columns probing at five Carpathian passes leading into Czechoslovakia, last reported 13 miles away. His advance guards in the extreme South of the active front were 120 miles from German Silesia.

Moscow, Aug. 3.—(AP)—Gen. Ivan Cherniakhovsky's 3rd White Russian army lunched toward East Prussia to capture from captured Dyvitzhe, only eight miles away, and spread out over a broad front from which Soviet big guns dropped shells on German soil.

Outside of Warsaw, Marshal Konstantin Rokossovsky's forces hammered at slowly-crumbling Nazi defenses in a narrow strip on the East bank of the Vistula. He appeared to be waiting for other Russian forces to come, from positions 20 miles South of Siedlce to join him for the main push across the river.

In the Northern sector, where the Russians were pushing against Nazi troops isolated in Estonia and Latvia, major advances were scored between Lake Peipus and the lake country North of Daugavpils.

The Germans originally were estimated to have two armies totaling 200,000 to 300,000 men in this area, but the number actually trapped was uncertain.

In the South Marshal Ivan S. Konev's troops advanced West of Jaroslavl to positions only 75 miles from Karkov and 123 miles from German Silesia, front dispatches said, capturing 150 towns and villages.

The Germans admitted the Russians had thrown two strong bridgeheads across the Vistula 120 miles Southeast of Warsaw and had driven 17 miles West of the river at one place.

Cherniakhovsky's forces led the drive toward East Prussia by capturing Vilavskis, 11 miles from the border, taking Budyvskis, slightly to the South, then moving West and snaring Dyvitzhe. Resistance was savage in spots, but there seemed to be no large-scale massing of Nazi forces East of the border.

Northwest of Kaunas, Cherniakhovsky's troops appeared to be aiming still another blow at East Prussia, hitting North of the Niemen River toward Tilsit. More than 100 miles were reported taken in this area, and the Westward drive apparently was broad enough to threaten Memel as well as Tilsit, or perhaps plunge through the two cities directly to the Baltic sea.

Front dispatches said Germans were dying by the hundreds at the gates of Warsaw, while Red Army tanks edged closer to bridges over the Vistula. Stormoviks maintained low-level blasting of Nazi troops up and down the stream.

A Soviet pilot returning from the war-ravaged Polish capital reported the city in flames.

"In their innocent rage the Germans are destroying the Polish capital," he said. "Buildings in various parts of the city are burning."

Four bridges over the Vistula in the Warsaw sector were believed still intact. Thousands of Nazis were reported massed on the Eastern bank in an effort to hold off Rokossovsky's pushes.

Moscow reports contained nothing fresh from the area of the Latvian port of Riga, where Marshal

RETURNS SHOW
BIG RECESSION

A decrease of \$52,754.24 was listed in the Customs Office collections for July, according to the report released today by Major L. W. Greenland, Collector of National Revenue. The recession, which is much lower than the June decline, was held due to the drop in imports during the past month.

Figures for July, 1943, totalled \$200,185.37 in collections, compared to \$237,440.13 recorded for the same month this year. A breakdown of figures showed that collections from all sources with the exception of excise duty were lower than in July, 1943. Collections from this source amounted to \$1,212.76, as against \$1,883 for the same month last year.

Aggregate revenue for the last four fiscal months, April, May, June and July, also showed a decrease of \$121,728.92 compared with collections for the corresponding period in 1943. The total for last year was \$1,087,374.91 and that for this year amounted to \$965,645.99.

Comparative figures follow:

	1943	1944
Import Duties	\$67,193.51	\$37,602.70
Excise Taxes	222,896.83	198,600.27
Excise Duties	61.88	1212.76
Sundry Collections	33.15	24.40
	\$200,185.37	\$237,440.13

Decrease: \$52,754.24.
Total for 4 months ending July 31st, 1943: \$1,087,374.91.
Total for 4 months ending July 31st, 1944: \$965,645.99.
Decrease: \$121,728.92.

Pte. Patrick E. Lavoie, 23, who has been serving with the Maisonnette Regiment in France, has been listed among the casualties according to word received by his parents, Mr. and Mrs. Emile Lavoie, of Lennoxville.

LENNOXVILLE

Owing to rainy weather during the week-end the garden party planned by the members of the Women's Missionary Society to be held on the United Church lawn, was held instead in the Germaine Scott Hall with considerable success. The many guests were welcomed by the President, Mrs. W. J. Lane, and afternoon tea was served under the conversership of Mrs. A. Willard, who was assisted in serving by the Misses Barbara Stevenson, Margaret MacDougall and Audrey Stalker. The members assisting in the kitchen were Mrs. G. Sutherland, Mrs. Perre, Mrs. W. Hyndman, Mrs. R. W. S. Nutbrown, Mrs. J. S. Martin, Mrs. R. S. Lipsey, Mrs. W. A. Henderson, Mrs. F. Woodard and Mrs. P. Wall. The hall and tables were decorated with vases of summer flowers artistically arranged. A case of home-cooked foods was looked after by Mrs. M. E. McCurdy as was a table of vegetables by Mrs. C. Green. In all a very substantial sum was realized and a pleasant afternoon enjoyed in spite of the weather.

Supplies Convener of the local Red Cross Surgical Dressing Department wishes to announce that work on the surgical dressings will be suspended in August, as there will be no gauze shipped from headquarters during that month. Work will be resumed on September 1st. Workers are urged to take sewing or knitting for this period.

Rainfalls Have Improved All
Crop Conditions In This Area

Successive rainfalls for the past ten days have gradually improved all crop conditions in this district. The hay crop, because of the lack of labor, did not derive any good from this rain and it is estimated that 15 to 20 per cent still remains on the fields and thus will be a very mediocre produce when it is stored this month. The districts of Lake John, Abitibi and Charlevoix will yield the lowest average per acre as only 65 per cent of the normal crop is expected. The rain has been a great help to pastures and cereals which are turning good again, as are the potatoes and industrial plantations. As far as the truck crops are concerned, the results that the gardeners have been getting so far justifies their hope for a heavy fall crop.

In the Eastern Townships, it is considered that the yields will be above those normally obtained, with the exception of beans and carrots which necessitated a second seedling; and in the Quebec area a normal crop produce is expected. Harvesting: Having been held up since eight days by too frequent rains, Cereals are promising a high yield. Hood crops, potatoes, turnips and corn have fine appearance. Pastures are good and milk production better than last year.

Arthabaska, Megantic, Wolfe: Seventy per cent of haying done, but owing to excess of rain quality of hay is mediocre. Due to good pastures, milk flow is holding abundant. Weeds are plentiful in hood crops. Grain and corn have fine appearance.

Drummond and Nicolet: Inter-mittent rains since ten days delayed having operations. Harvesting of barley is underway. In general, oats and vegetable are quite promising. Pastures are holding up fairly well and milk flow is satisfactory.

Compton, Richmond, Sherbrooke and Stanstead: Haying has been delayed owing to rainy weather and yield is below that of 1943. Grain and root crops are doing well. Pastures have improved during past weeks.

Brome and Shefford: Haying is over in Rouville with a rather fair yield; works have been delayed in shefford due to rain and shortage of labor. Great improvement is more promising than at the beginning of the season. Berry crops 10 per cent below last year. Blight is prevailing in Rouville orchards and white worms in meadows and pastures.

Missisquoi: Haying is practically over; both yield and quality are satisfactory. Pastures are holding well. Harvesting of grain is underway and promise a good crop. Farmers have started pulling up flax. Fodder corn is making good growth. No epidemic reported.

Approximately \$4,000 Worth Of War
Savings Stamps Sold In Campaign

Approximately \$4,000 worth of War Savings Stamps were sold during the July campaign sponsored by the local variety stores. It was announced today by Joint Chairman Cliff Bryant and Armand Labore of the War Savings Division of the Sherbrooke County National War Finance Committee in the City Hall.

More than half of the aggregate total was raised by two employees of the F. W. Woolworth Company, Ltd., which firm finished first among the four variety stores participating in the drive. The Misses Florence Talbot and Jacqueline Beaulieu, who were Miss Canada uniforms while the drive was in progress, sold \$2,410 in War Savings Stamps.

Manager Alfred J. Hurd pointed out this morning that the majority of the sales made by the two young ladies were of the twenty-five cent variety, although one customer purchased \$480 in stamps which is the limit allowed an individual. Throughout last month, the Misses Talbot and Beaulieu worked zealously in the store and on the street selling stamps, and for their untiring efforts in making the Woolworth drive successful. Mr. Hurd stated that these clerks have been awarded money prizes.

Zeller's, Ltd., finished second with an amount of \$611.75, all of which was raised through a raffle plan. A booth was in front of the store during the campaign, with six clerks assisting in the Miss Canada uniform selling stamps alternately for the raffle scheme.

Manager S. A. Belmont said that those taking part in the stamps drive were the Misses Cecile Aubin, Jeanne Boisvert, Rita Aube, Eleanor MacIver, Rolande Brunet and Jacqueline Marcoux. Rainy weather curtailed sales to a certain extent.

The United 5c to \$1 Store reported sales amounting to \$450, and the Metropolitan Store also sold a substantial portion of stamps. The cumulative figures include the stamps purchased by patrons of the Granada and New Premier Theatres in July.

Officials of the N.W.F.C. stated it was apparent that with the elimination of compulsory savings, many purchasers of War Savings Stamps now feel that the Government does not require as much money to finance the war. In this connection, the

Committee pointed out that the Hon. J. L. Halsey, Minister of Finance, stressed that voluntary savings would have to be stepped up to meet the country's financial requirements. Mr. Halsey also stated that unnecessary spending at this time is a betrayal of "our obligation" to the men who are risking their lives and dying in the great battle for world freedom.

Employers have been asked by the N.W.F.C. to assist them in increasing the War Savings pledges of their employees. Retail stores are also operating in making direct sales to customers. The facilities offered by local and district post offices, postal sub-stations and banks in the sale of Stamps and Certificates is also very helpful, the Committee stated.

It has been repeatedly pointed out that the advantages of subscribing for War Savings Stamps are many-sided. They provide funds with which war materials are supplied the Canadian fighting forces, keep these dollars out of inflationary channels, thus helping preserve price ceilings, and provide a post-war fund with which to enjoy the many luxuries now unavailable.

War Savings Certificates mature seven and one-half years from date of issue in direct ratio of five for every four dollars invested and the increase is not taxable. It is estimated that in Sherbrooke County there are thousands of incomplete stamp books. The Committee urges that an effort be made to complete all partially filled books and turn the stamps in for interest-earning Certificates.

REPORTED MISSING

Word has been received by Mrs. Arthur Henderson, of Rock Island, that her husband, F. Sgt. Arthur James Henderson, reported missing over enemy territory since July 25. He is the nineteen-year-old son of Mr. and Mrs. Arthur Henderson, of Beebe, and was educated in Beebe High School. He enlisted in the R.C.A.F. on March 1, 1943, and went Overseas in November, 1943. He received his Air Gunner Wings at Mont Joli, Quebec.

TWO CHILDREN
INVOLVED IN
MINOR MISHAPS

Two minor accidents were reported from local Police Headquarters this morning, resulting in minor injuries to two local youngsters.

Robert Dutil, 4 son of Mr. and Mrs. R. Dutil, of 49 Belmont Street, and Laureat Leblanc, 11 son of Mr. and Mrs. Roland Leblanc, 92b St. Louis Street.

The Dutil child received minor injuries to the head, right hip, and left knee when he ran into the side of a passing automobile as he was crossing Murray Street. The car was driven by Alphonse Demers, of 25 St. Michael Street. The child's injuries are not considered of a serious nature and he was permitted to return to his home after receiving treatment from Dr. A. Bernabe.

Laureat Leblanc received a severe cut to the right foot when he struck a protruding rock in the Maxov river as he was swimming with his friends. He was about to dive into the water when another bather, Sylvio Quinlan, of 130 Galt Street, appeared in his way and in order to avoid landing on him he swerved sideways striking the rock.

Leblanc was taken to the St. Vincent de Paul Hospital by Police Radio Car No. 1 where he received treatment from Dr. J. A. Dion. Several stitches were required to close the incision in the young bather's foot.

K. W. FRITZSCHE
CLOSES MINING
CAREER AT 47

Kurt William Fritzschke, mining geologist at the Aldermac Copper Corporation and the St. Francis Mining Company at Moulton Hill for the past two years, died here last night in his 47th year.

Mr. Fritzschke was born in Germany in 1898, and came to Canada at an early age, spending the early years of his life around Atlin, B.C. In 1920, the deceased registered at Queen's University, Toronto, for a special course, registering the following year for his degree, and graduating in 1925 with a B.Sc. in mining and geology. He then followed a post-graduate course at the University of Wisconsin under Dr. Keith, and obtained his M.A. in Geology from that institution.

Mr. Fritzschke had been identified with Quebec mining since 1924 when he became associated with the firm of Aldermac and McKay, of Montreal. He was a pioneer in the Rouyn-Noranda area, and was a successful geologist with an excellent record as a mine finder. He made the first discoveries on the Aldermac property in Beauchastel Township, and guided the development of many other mines, including the Francoeur.

In June, 1942, he began work in the Sherbrooke district, and continued his work until the time of his death. His work here has resulted in the establishment of the Aldermac Mine at Moulton Hill, now in production.

Mr. Fritzschke was recognized as an authority on scientific prospecting. In 1925, he won the President's Gold Medal of the Canadian Institute of Mining and Metallurgy for a paper on prospecting. This paper is still quoted by many leading writers.

In 1944, he conducted a series of lectures at Queen's University on prospecting.

He leaves to mourn his loss, his wife, Margaret Luther, of Pointe, Que., whom he married in 1923, and also a great number of mining associates.

The deceased was a member of the Plymouth Church and also of the Doric Lodge, A. F. and A. M. The funeral service will be held at Blake's Funeral Home at two o'clock Friday afternoon, August 4th, the Rev. John Hodgson officiating. Interment will be made in Elmwood Cemetery.

Final Preparations Are Made For
Coming Of National Union Leader

Final preparations have been made for the reception tonight of Maurice Duplessis, provincial leader of the National Party, who will be the main speaker at a huge National Union rally to be held at 8:30 p. m. at Dufresne Park.

Preceding the meeting, a parade, in which National Union candidates will participate, will be held through the city streets. The parade will originate from the home of Lt. Col. J. S. Bourque, N. U. candidate for Sherbrooke in the August 8 elections, and will wind its way along Bowen Avenue South, King East and West, Alexander and Galt Streets to Dufresne Park, location of rally.

It is not yet known whether Mr. Duplessis will be able to stay in Sherbrooke for any length of time after the meeting. However, in the event that he is able to remain here for a few hours, National Union organizers plan to hold a reception at the Club Social for the Opposition leader.

Upon his arrival in Sherbrooke tonight, Mr. Duplessis will be met by a group of U.N. officials, and will later proceed to the home of Lt. Col. Bourque, whence the parade will be held.

Mr. Duplessis, main speaker at the rally, will be supported by the Hon. J. S. Bourque, candidate for Sherbrooke, Paul Bolduc, candidate for St. Johns, and Redmond Hayes, of Richmond.

In the event of rain, the meeting will be held in the Immaculate Conception Church hall on Larocque Street.

Mr. Duplessis, main speaker at the rally, will be supported by the Hon. J. S. Bourque, candidate for Sherbrooke, Paul Bolduc, candidate for St. Johns, and Redmond Hayes, of Richmond.

Committee meetings were the sole activities of the National Union party in Sherbrooke last night. The Hon. J. S. Bourque addressed the women supporters of the party at the opening of the women's committee rooms on Wellington Street South.

A meeting of the women supporters of the Bloc Populaire was held last night at the committee rooms on Drummond Street. Several speakers delivered addresses at this meeting. At St. John's, a Bloc Populaire meeting, in support of Aurelien Quintin, Bloc candidate in Compton County, was held.

O God, Who art the author of peace
and lover of concord, defend us Thy
humble servants in all assaults of our enemies.

CHURCHILL VIEWS THE PEACE

Those unthinking or evil-thinking persons who are ever ready to cast doubts upon the desire of the United Nations leaders to bring about a really effective peace might do well to read the following extract of a speech in British Hansard in which the British Prime Minister expresses his views on the post-war policies. He declares:

I have repeatedly said that unconditional surrender gives the enemy no rights but relieves us from no duties. Justice will have to be done and retribution will fall upon the wicked and the cruel. The miscreants who set out to subjugate first Europe, and then the world, must be punished, and so must their agents who, in so many countries, have perpetrated horrible crimes, and who must be brought back to face the judgment of the population, very likely in the very scenes of their atrocities. There is no question of Germany enjoying any guarantee that she will not undergo territorial changes if it should seem that the making of such changes renders more secure and more lasting the peace of Europe.

Scarred and armed with experience we intend to take better measures this time than could ever previously have been conceived in order to prevent a renewal in the lifetime of our children and grandchildren at least, of the horrible destruction of human values which has marked the last and present world wars. We intend to set up a world order and organization, equipped with all the necessary attributes of power, in order to prevent the breaking out of future wars, or the long planning of them in advance, by restless and ambitious nations.

THE BRITISH LEADERS OPTIMISTIC

Not since the outbreak of hostilities in Europe five years ago have the British people—and residents of the world generally—heard from their leaders remarks as optimistic as those made in the House of Commons yesterday by Prime Minister Churchill and Foreign Secretary Anthony Eden.

The Prime Minister, after reviewing the conditions and progress of the fighting in Normandy, indicated that events there are approaching a climax and that the campaign in Europe may be wound up within a short period. At the same time he told of mounting power in the Pacific which might materially shorten the time between the defeat of Germany and the destruction of the military might of Japan.

He also announced the virtual cessation of the submarine warfare which long had been one of the chief problems of the United Nations, the menace at one time being so great that it was interfering with preparations for the invasion.

While the Prime Minister was content with predicting a possible early termination of the struggle, the Foreign Secretary went a step further and indicated that within the next seven weeks, Germany might be brought to her knees. Of course, he did not make the outright assertion that the Reich would succumb to the blows of the United Nations before that time, but he told the House in answer to a question that while the peace treaty would not be signed by September 26, there was no assurance that the war would not be over by that date.

The Prime Minister advanced many reasons for his increasingly hopeful attitude. Naturally he listed the gains on the Eastern front and in Normandy at the head of the favorable statement, with the more belligerent attitude of Turkey as a close second. These were supplemented by references to the internal strife in Germany, the improvement of conditions in Yugoslavia, the resurgence of the Greek navy and army and the dissatisfaction among the satellite powers.

Admittedly nothing either of the British statesmen had to say held anything to cause complacency, but taken together they should serve as a refreshing tonic for the people of the United Nations and give them encouragement to speed up the tempo required for final victory.

HITLER'S DOOM APPROACHES

Two events which are highly significant of Hitler's approaching collapse have come out of the Eastern theatre of war — Turkey's severance of economic and diplomatic relations with the Reich, and the unexpected assumption of the Finnish Presidency by Field Marshal Baron Mannerheim, reportedly with an eye to making peace with Russia.

Turkey's move means that the Nazi dictator's grip on the Balkans is slipping fast. The Turkish Government says Germany's attitude will determine whether war follows between the two countries. Thus the Turks have declared themselves with blunt firmness. Irrespective of whether they enter the conflict actively, they may grant the Allies valuable air and naval bases.

Signs are that Bulgaria now may squirm out of Hitler's clutches. His once fearful legions no longer have the power to terrify the little fellows and the Bulgars are more afraid of the Turks today than of the Germans. Bulgaria's defection might easily cost Hitler the entire peninsula thereby depriving him of sorely needed war supplies and foodstuffs and uncovering the Danubian basin approach to Germany.

If Finland is indeed making an eleventh hour rush for peace, it is clear recognition of the fact that the Nazi ship is sinking under them. The Finns are on a tough spot and in this crisis Mannerheim may be the one man whose leadership the general public will follow.

Important events often find strange bed-fellows in war and so we see another development of far different sort crowding in. That is the great fire which is sweeping Nazi-held Warsaw. To many, the flames which are pouring out of the heart of the Polish capital tell a story of impending disaster for the Hitlerites.

A MARKED DIFFERENCE

It is doubtful if two neighboring countries could offer a sharper difference in their attitude towards the fight for the preservation of democracy than that provided by Argentina and Brazil. The former has done everything within its power to hamstring the war efforts of the United Nations. It has harbored Axis espionage leaders and placed every possible embarrassment in the way of Allied businessmen and diplomats seeking to carry on their normal functions in that country. In fact its sympathy for the Nazis has been so strong that both Great Britain and the United States have found it necessary to break off diplomatic relations.

Brazil, on the other hand, has made good its promise to oppose Nazi aggression by all-out cooperation, even going to the extent of despatching an expeditionary force overseas. The arrival of the Brazilian force in Italy is an event of great importance for it marks the first time a South American country has sent a military force across the Atlantic.

The Western Hemisphere—particularly Central and South American countries—has long been a field for the exploitation of its natural resources by Old World nations. In their efforts to avoid such exploitation, these nations are likely to come under the patronage and protection of the more powerful nations, particularly the United States. Those countries—Brazil being the best example—which have assumed obligations in the "Grand Alliance" of nations resisting world domination have attained dignity and prestige which should pay them rich rewards in the settlement of post-war problems. But those powers which have sought to evade their responsibilities can expect little sympathy when the day of reckoning comes around — perhaps earlier than they think.

At the same time the major Allies welcome Brazil's contribution of trained manpower in this critical phase of the Battle of Europe. Every division of soldiers thrown into the conflict now may well be worth much larger additions to the Allied striking power later on. If this be truly the hour of decision in Europe, the arrival of troops from Brazil is indeed timely.

EDITOR'S NOTE-BOOK

For weeks German armies in the East have been rapidly advancing backward. That's tiring. When they stop, the Russians pound them. That's wearying. And now when they are almost too tuckered out to raise a hand, the Fuehrer reinstitutes that stiff-armed Nazi salute. So we can believe the German radio when it says that pledges of loyalty to Hitler have been slow in coming through from the Eastern front because of "extreme fatigue."

It is during a political year that you find out that all of the bunkers are not on the golf course.

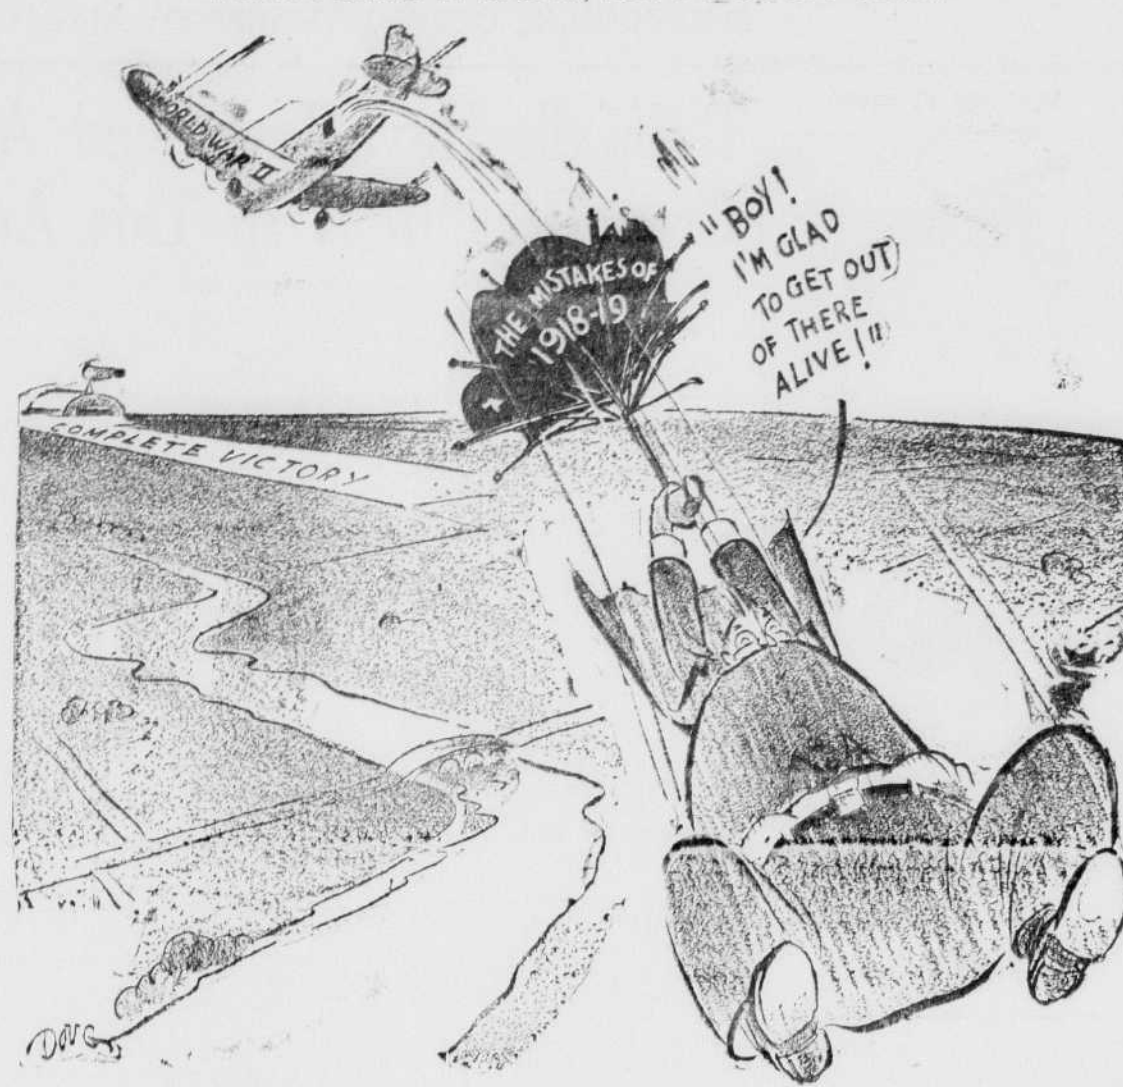

Some people never seem to realize that there is no reward for finding fault.

"COMMANDER IN CHIEF"

St. Thomas Times-Journal
A lot of printer's ink was used up in the United States last week over President Roosevelt's statement that if he was nominated again for the presidency he would deem it his duty to obey "as a good soldier." This was, in some quarters, taken as meaning that as Commander in Chief of all the United States forces he regarded himself as a soldier obeying orders. We do not think such an interpretation entered his mind concerning a political call.

It is true that under the second paragraph of the Constitution the President is designated Commander in Chief of the forces during wartime. That is a designation the wisdom of which was debated when the Constitution was drafted and has been questioned since. The King is also commander of British forces, but nobody ever dreams that either the President or the King would personally order the strategy of the army, navy and air forces. It is merely a symbolic title as the head of the State.

Many a man who has been asked to do a thing used the phrase: "Well, I'll be a good soldier and do it," although he had never worn a uniform or fired a rifle. It is simply a way of expressing one's readiness to obey a request which has nothing to do with soldiering. In the same manner a man may say: "Well, I'll do it like a good Scout."

That, we believe, was what the President had in mind when he received the request to stand again. If Americans are apprehensive about the meaning of the second paragraph of the Constitution they should eliminate it.

NO RIGHT TO STRIKE

Cleveland Plain Dealer
Twenty-three years ago Calvin Coolidge made the statement that "there is no right to strike against the public safety by anyone, anywhere, any time."

Acting on this principle, Coolidge broke the Boston police strike, thereby acquiring such fame that he was nominated for Vice-President later succeeding to the Presidency upon the death of Warren G. Harding.

Since then there has been developed a great body of law and court decisions bearing upon the rights of unions, including the right to strike, but so far as we know no legal distinction has been made between the rights of employees working for private employers and the rights of those employed by the public.

It is time that such distinction were drawn. Public employees have advantages not possessed by persons in private employment. Their jobs are protected by civil service and most of them are eligible to participate in pension and retirement systems which are regulated by law. Moreover, they are paid by the public to perform public services. If they go on strike, they are striking against the public, not against the particular administration which happens to be entrusted with the affairs of government at the time.

For these reasons, the Plain Dealer does not believe that public employees have any moral right to strike at any time. The Wagner Act should be amended to make strikes of public employees illegal.

LITTLE BUSINESS HOLDS ITS OWN

Vancouver Sun
Listening to the C.C.F. politicians and other reformers, the ordinary Canadian is likely to imagine that all Canadian business has come under the control of a few giant monopolies. The statistics of the Bank of Canada, as quoted in The Financial Post, show on the contrary that little business is holding its own in this country.

The bank's figures analyze the profits of 627 typical Canadian companies, selected so as to form a cross-section of all business, large and small. From them it is clear that during the war the small companies have made three times the progress of the large ones in profits earned and in reserves established.

As The Financial Post says: "This

HAVE A SMILE

The tall, long-haired youth entered the music publisher's office carrying under his arm a small roll of paper. "Good afternoon!" said the publisher. "What can I do for you?"

"Well—er—I have a song here," he began, "and I was wondering if you would publish it. Er—shall I sing it?"

"Oh, yes, let's hear it!" said the publisher; and the youth stood up and burst forth.

When the song was finished the publisher sat very still and said nothing.

"Well," said the young man, "what do I get for it?"

"Oh," replied the publisher, with an air of resignation, "I'm a publisher, not a magistrate."

Judge: "The sentence is twenty years' penal servitude."

Prisoner: "But, my lord, I won't live that long."

Judge: "Never mind, just do the best you can."

"Funny to think I used to find it hard to live within my income."

"And now?"

"Oh, I'm rubbing along without it."

An elderly bridegroom marrying his third wife, was called upon to sign the register. The pen was a bad one, as they usually are on such occasions, and after making several attempts to sign, he said: "This is the third time you've saved this trick on me. Next time I'll bring my fountain pen."

"I see you have been fishing. Catch anything?"

"Yes, two."

"Good, what were they?"

"The 7.30 there and the 8.15 back."

Two women neighbors were in a better while an enemy plane was dropping overhead. Said one of them: "Good gracious, my husband is still in bed. I forgot to wake him."

"Don't worry," said the other, "let him sleep, if he can."

"Sleep," said the first woman. "You don't know my husband. If a bomb drops on him he'll nap me about it for months."

The Provincial Government has named three special auditors to aid in the financial reorganization of municipalities and bring about uniformity in the accounting systems.

Sherbrooke and district motorists are loud in their complaints about the manner in which tarvin is being laid on the Lennoxville highway. They charge the authorities are not taking the proper precautions to prevent cars being damaged.

TEN YEARS AGO

European capitals generally are displaying great concern over the recent changes in the German political set-up. One of the chief worries is that the picked Nazi SS Guards are swearing allegiance to Hitler personally rather than to the Reich. Germany itself is reported to be startled at the rapid procession of events which have followed the death of Von Hindenburg.

An early signing of an agreement between the Dominion and the Western Provinces on the matter of relief works contributions is expected as a result of the conference between the Premiers which has just closed in Ottawa.

"SQUEEZE PLAY" IS USED BY CHAMPION

In the Great Lakes Tournament held recently at Erie, Pa., the mixed pair championship went to Miss Tekla Laffey and W. M. Beale, of Erie, with Mr. and Mrs. Hal Houtz right behind them. The open pair event was won by Mrs. R. W. Gordon and W. Howard Woolworth, of Buffalo, with two past presidents of the league, Henry P. Jaeger, of Cleveland, and Day Elencord, of Erie, in second place.

Jaeger has made a specialty of squeeze plays, and naturally, when this one came up at the tournament, "Hank" did not miss it. With six honors, West could hardly be blamed for doubling the seven no trump contract. It would seem difficult for the declarer to find 12 tricks with three of the four suits apparently stopped. But reckoned without the devastating effect of the squeeze, Jaeger (South) won the first trick with the jack of hearts and led the diamond nine, followed with the ace of hearts. Six spade tricks were played, and dropping the king, thus he made six spades, three hearts and three diamonds. Two were easy, a heart and diamond, and the ace of clubs.

Silver Wedding Anniversary Feted By Mr. and Mrs. Bernard, Waterville

Waterville, August 3. — A large number of relatives and friends assembled at the home of Mr. and Mrs. W. M. Bernard, to celebrate the occasion of the twenty-fifth anniversary of their marriage, on Tuesday evening, July 25.

Beautiful garden flowers were used in decorating the rooms and the three-tier wedding cake, which was made by Mrs. Bernard's sister, Mrs. Inez Gundesen, centred the lace-covered tea table attractively arranged with tall white tapers in silver holders.

After the guests had arrived, Miss Gladys Swanson led in a short singing of some of the old favorites, then Miss Swanson played the wedding march and the bride and groom of twenty-five years were asked to be seated.

D. W. Ayer, on behalf of all their friends, in a few timely remarks, stated that they had gathered together to express their good wishes and all hoped that they would live to enjoy at least another twenty-five years of happy married life.

Mr. Ayer then asked them to accept several packages which contained gifts of a lovely Kenwood blanket, a linen table cloth and a pair of sheets, as a token of their esteem.

Mr. Bernard, on behalf of Mrs. Bernard and himself, thanked their friends for the lovely and useful gifts and for making their anniversary such a happy occasion.

Felicitations were also offered by the Rev. W. A. Edwards, who expressed the wish that they be favored with many more years of health and happiness.

The lovely song entitled, "The Little Old Church in the Valley," was very delightfully rendered by Mrs. L. Corbett.

MIND YOUR MANNERS

The Situation: You are a woman traveling on a train on which there is a mother with a small baby. Wrong Way: Make no offer to help her, thinking she might not want a stranger handling her child. Right Way: Tell her that if she ever wants to leave the baby with you while she changes clothes or goes to the diner that you will be glad to keep him. (Without such friendly offers of help from their travelling companions, many young mothers could hardly travel with small babies.)

MARRIAGES

COTE-OLIVIER

The marriage of Jacqueline, youngest daughter of Dr. and Mrs. Valmore Olivier, of Sherbrooke, to Geoffrey Cote, of the Postal Corps, Ottawa, son of Mrs. Cote and the late Frank Cote, was solemnized Saturday morning, July 22, at St. Therese d'Avila Church, the Reverend Father Wilfred Chartier, of Manchester, N. H., cousin of the groom, officiating. Mr. Adrien Leblanc presided at the organ, playing selections throughout the ceremony.

The bride, given in marriage by her father, looked lovely in a pale cream-colored, colonial style, organically dress. Her hairdress was a small toque of the same material, and she carried a colonial nosegay of Sweetheart roses, variegated sweet peas, and baby's breath, with tiny rose-buds tied to the streamers.

Mr. Andre Genest and Mr. George Cote, of Sherbrooke, were the ushers.

Mrs. V. Olivier, mother of the bride, wore a grey crepe dress, black straw hat, with matching accessories and a corsage of mauve sweet peas.

Mrs. E. Cote, mother of the bridegroom, wore a dress of black tulle, a black straw hat, matching accessories, and a corsage of white roses.

Mrs. Louis Olivier, grandmother of the bride, wore an ensemble of black crepe, a black straw hat with touches of white, black accessories and a corsage of white roses.

A family reception was held at the Social Club.

Later Mr. and Mrs. G. Cote left for a trip to the Laurentians, the bride travelling in a rose wicker suit, with a toque of black gros-grain ribbon, black accessories, and a corsage of American Beauty roses. They will reside in Ottawa.

The out-of-town guests included Reverend Wilfred Chartier, of Manchester, N. H., Mr. and Mrs. Nelson Chartier and Mr. and Mrs. Burque, of Nashua, N. H., Mr. and Mrs. Paul Cote, the Misses Camille and Louise Cote and Mr. Jacques Vaillancourt, of Quebec City, Mrs. Stanislas Dupuis and Miss Martha Dupuis, of Castleton, Mr. James Pearson and Mrs. Harry Hunt, of Montreal.

COTE-MACE

Ulverson, Aug. 3.—The marriage of Fanny Mace, youngest daughter of Mr. and Mrs. Arthur Mace, of Ulverson, to Marcel Cote, youngest son of Mr. and Mrs. Alphonse Cote, also of Ulverson, was solemnized in Richmond, at the Sainte-Famille Church, on July 1st, at 8 a.m., Father Contoux officiating.

The bride, who was given in marriage by her father, wore a street-length dress of powder blue crepe with navy blue accessories and carried a shower bouquet of roses.

Mrs. Mace, the bride's mother, wore a rose colored dress with hat to match and corsage of roses.

Mrs. Cote, the groom's mother, wore a dress of navy blue crepe, with hat to match and a corsage of roses.

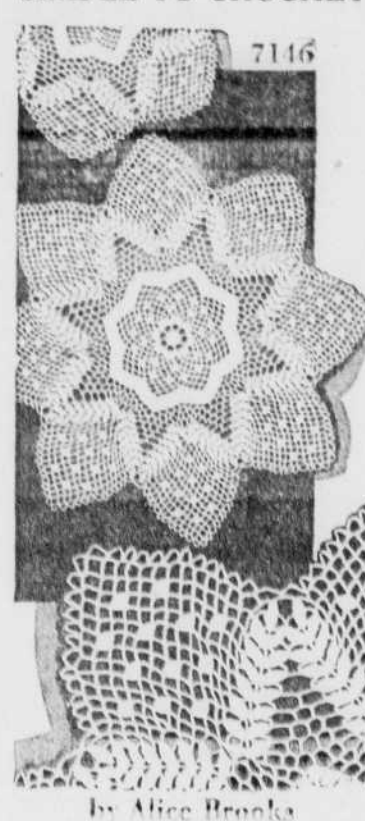

Following the ceremony a reception was held at the home of the bride's parents.

Later the bride and groom left for a motor trip in the Eastern Townships, the bride travelling in a two-piece old rose colored suit with navy accessories.

On their return they will reside in Ulverson.

Out-of-town guests were Mr. Stanley Mace, of Granby, LAC. Harrell and Mrs. Harrell, of St. John; Mr. George Mace and son, Donald; Mr. and Mrs. R. Blanchette and daughter, and Mrs. Lefebvre, all of

BEDFORD

The tea hostesses at the weekly meeting for war work of Missions Chapter, I.O.D.E., held in the Masonic Hall, were Mrs. C. DeLuzo and Mrs. John Brousseau. An excellent amount of work was turned in, including a number of articles for the layettes, which are being made under the direction of Mrs. Clarence Collins and which will be sent overseas for the use of mothers and infants in the bombed areas in the autumn. In addition to the above the members of the Chapter and their friends will again make and fill women's personal property bags for use of the armed services serving overseas and children's bags will be also made and filled by the Chapter. In a recent appeal received from Provincial Headquarters, I.O.D.E., Montreal, the need of these bags were urgently stressed, as the contents are either entirely lacking or almost impossible to obtain in England. The above is in addition to the usual war work done by the Chapter. At a recent executive meeting of the Provincial Chapters, of Quebec, I.O.D.E., held in Montreal, special mention was made of the outstanding work along the lines of service knitting done by the Chapter. Since the beginning of 1944, over 900 articles monthly have been sent from this Chapter to Provincial Headquarters, I.O.D.E., Montreal, with the exception of June, when 275 were sent, making over two thousand articles sent in this period, not included in the above figures are knitted articles given to local boys and articles made for the layettes. Among the articles sent in, were over hundred quilts made by one of the Chapter members, Mrs. William Reilly. Large shipments of books and magazines have also been made by the Chapter of Camp Libraries, Mrs. W. Bagelow. Contributions to this worthwhile cause are greatly desired, as there is a very urgent need at the present time for both reading matter and games for the armed services. At the annual meeting held at Hamilton, Ont., a by-law was passed providing for a Second War Memorial Fund. The first war memorial fund provided 120 scholarships for brilliant students, as well as 251 bursaries for those for whom advanced education would not otherwise have been possible owing to the death or disability of a father through war service. The winner this year of the I.O.D.E. scholarship at Macdonald College was J. P. Christel, of Valois, and at "Ecole Supérieure d'Agriculture" at Ste. Anne de la Pocatière, Germain Brissen, of St. Jacques de l'Achigan was the winner. Mrs. Martin Brown, Child and Family Welfare Convener, urged that all chapters contribute to the Labrador Cocoa and Biscuit Fund, which last year supplied 710 pounds of cocoa and 900 pounds of biscuits to many undernourished children on the Labrador coast.

A family reunion was held at the home of Mr. and Mrs. Ernest Moreau on the occasion of the consecration to the priesthood of their son, Bishop Bonhomme, who has recently returned to this country, after serving abroad as a missionary, officiated at the service of consecration, which took place in the Parish Church of St. Damien in the presence of many friends and relatives of the young priest, who attended college during the past years in New England. CLARENCEVILLE

A most enjoyable social event took place in Empire Hall, when a reception was held by the officers and members of Clarenceville Grange, No. 10, in honor of Mr. and Mrs. Gordon Mosher, of Noyan, who were married recently. About sixty members and guests were present. The guests-of-honor and near friends and relatives were seated at a long table at the head of the hall. The table was centered with a three-tiered fruit cake, beautifully decorated by Miss Edna Vauvarg, Mrs. Merion Derick and Mrs. Clement Derick. Mr. Lloyd H. Bullock welcomed Mr. Mosher, who is a member of the Grange, and Mrs. Mosher, and presented them with a gift from the friends present, with very best wishes for their happiness.

Mr. Mosher responded with a few well-chosen words, and Mrs. Mosher also added a few words of appreciation. Miss Deryl Monaghan presented the bride with a lovely arrangement. The worthy mistress, Mrs. A. Hauver, also greeted the guests-of-honor and welcomed them, on behalf of the members present. Following the serving of refreshments, the evening was spent in dancing and playing cards. Mrs. S. Blandford presided at the piano. Soldier's Aid Association Hold Garden Party At Lake Megantic

Lake Megantic, Aug. 3.—A very successful "Garden Party" for the benefit of the Soldiers' Aid Association of Lake Megantic was held at the home of Mrs. G. M. Stearns.

Refreshments were served from four until six o'clock. These included tea, lemonade, sandwiches, cookies and cakes, provided by the ladies of the Association and their friends. The party was held under the chairmanship of Mrs. Stearns, who also attended to the printing and sale of the tickets.

The committees were as follows: Hostesses: Mrs. P. Bailey and Mrs. P. Cliche; Solicitors: Mrs. J. S. Miller, Mrs. L. Crandall, Mrs. D. MacDonald and Mrs. G. M. Stearns. In charge of waitresses: Mrs. J. S. Miller; Waitresses: The Misses Mona Bigg, Yvonne Smallshaw, Elsie McLevy, Olga Kimery, Alina Fiset, Patricia Kavanagh, Mrs. J. McDermid and others. Miss Andree Vachon, assisted by David Stearns, ran the pony-cart rides for the children. Miss Hazel Mackenzie collected the tickets at the door. The Mystery Tree, which replaced the fish-pond for the children this year, was looked after by Miss K. Kelly, assisted by Muriel Mayhew and Evelyn and Marian Stearns. Miss K. Kelly and Miss H. MacKenzie made the most attractive posters which advertised the party.

The House Committee consisted of Mrs. E. Morrison, Mrs. D. MacDonald, Mrs. F. Greenway, Miss F. Bailey and Mrs. Stearns. Mr. J. Dion very kindly loaned the china and the glasses used, and the chairs were borrowed from the Masonic Hall. Tickets were sold by David and Evelyn Stearns, Mavis Wood, Muriel Mayhew and Elsie McLevy. The sum of \$95 was realized. This will be used to buy wool for socks and other knitted goods sent to the local boys and girls in active service, also to defray shipping expenses on the parcels.

The Soldiers' Aid Association has sent 65,000 cigarettes to the Overseas troops, 64 Christmas parcels each containing among other things a sweater, gloves and scarf, 98 parcels sent out as part of the regular work, three or four parcels being shipped each month. These contain twelve items each, one being a pair

of socks. Plans are being made now for the Christmas parcels to be shipped at the beginning of October. The Association wishes to extend their hearty thanks to all who assisted in any way with the garden party, also to those who attended.

A CHINA SHOWER

The United Church hall was the scene of a delightful china shower in honor of Miss Margaret McLeod, a popular Megantic girl, whose marriage to Rev. Dr. Millman took place August 1st.

After being escorted to her place of honor, the bride-to-be was given a paper with directions of how and where to hunt for the many gifts concealed in the room. As each article wrapped in white tissue and tied with white satin ribbon was found, the verse attached to each was read aloud, causing much amusement and laughter.

A delicious lunch was served by the Ladies' Association and other friends, under the convenship of Mrs. J. M. Matheson, Mrs. J. Wood, Miss K. Kelly and Miss F. Bailey.

The many tea tables were covered with embroidered tea cloths, centered with bowls of flowers. Mrs. J. McLeod, mother of the bride-to-be, and Mrs. G. Gonyer, President of the Association, poured at a table covered with an ecru lace cloth and centered with white and pink flowers. The hall was beautifully decorated with cut flowers, ferns and blue birds for happiness. There were thirty-six guests.

Miss McLeod graciously thanked her friends for the many beautiful cups and saucers and other gifts, and also for the delightful surprise.

The forming of a circle and singing of "Auld Lang Syne" brought a very pleasant evening to a close.

This community has suffered a
 number of war casualties during the
 past few days. Mr. and Mrs. Arthur
 Henderson received word that their
 eldest son, Sgt. Arthur Henderson,
 a gunner on a Lancaster Bomber,
 was missing following air operations;
 later that same day Mr. and
 Mrs. Joseph Collett received a wire
 that their youngest son, Pte. Nil Col-
 lett, had been killed in Normandy,
 on July 22nd. Mr. and Mrs. Ralph
 Sheldon were notified that their
 son, Hollis, had been killed in Nor-
 mandy, on July 24th, and Mrs. Dou-
 glass Parkhill also had word
 that her husband, Sgt. Douglas
 Parkhill, was reported missing in
 Normandy, on July 24. Much sym-
 pathy is extended to the families
 of these young men in their anxiety
 and bereavement.

BOYNTON

Word has been received by Mr. A.
 C. Parkhill, of Brown's Hill, that his
 only son, Douglas, is missing in
 France. Douglas Parkhill was born
 on the Parkhill farm between Boynton
 and Ayer's Cliff, on December
 18, 1916 and was educated at the
 Boynton District School and at the
 Ayer's Cliff High School. Prior to
 his enlistment in the 74th Battery,
 at Rock Island, in April 1942, he
 was employed at the Butterfield plant. He
 trained at different military camps
 in Canada and was transferred to the
 sixth Anti-Tank Regiment. He arrived
 overseas in September 1943 and
 proceeded to France on July 10th,
 1944. His wife is the former

Civilian Rehabilitation Committee Formed By Canadian Legion At Magog

Magog, Aug. 3.—A meeting was held in the City Hall to form a subject to Government inspection, Civilian Rehabilitation Committee, up to \$6,000 by paying ten per cent down and are given twenty-five Canadian Legion. His Worship J. D. Hamel was the chairman, and thanked A. Ruck, Secretary of the Legion, for calling the meeting, and introduced the speaker, Andre Michaud, who represents the Ministry of Veterans' Affairs.

He stated that the intention of the Government was to see that every man had a chance to make a decent living. If the men were good enough to fight for us, they are good enough to work for us. A soldier about to be discharged is worried about what is going to happen to him after he leaves the army. The Government is setting up a Ministry of Veterans' Affairs with offices in all large centres, where a soldier before being discharged is interviewed by an expert, who advises as to getting a position, taking a technical course, finishing their education, going on a farm, applying for medical treatment or for a pension.

Mr. Michaud then outlined the different things which the Govern- ment is doing for the veterans dis- charged. The speaker said, "A man upon being discharged receives one month's pay and his allowance, and \$65 grant for clothing. If a man is discharged and there is no work for him at his own trade, the Gov- ernment will pay him \$60 per month with allowances for the first month, to give him a chance to find work at his own trade. If a man was attending college when he joined the army, upon his discharge he may apply for a technical course, which will be paid for by the Gov- ernment. While taking the course, he will be paid \$40 a month. If married his wife will receive \$20 per month and \$12 for each child. If he is out-of-town he will receive \$5 per month for transportation or if he moves to a centre he will receive \$5 per week for room and board. Then when he finishes the course he may apply to the Veterans' Welfare Office, who find them peacetime jobs with a good firm. To obtain this a man must have served twelve months, and apply not later than twelve months after being discharged. This applies to both men and women.

"A discharged soldier who wishes to go into business for himself may apply for 'Waiting Returns Benefits.' When a man goes into a business there is a period before he will receive any returns. During that time the Government will pay him \$50 per month, and if married, \$20 for his wife and \$12 for each child until his business is on a pay- ing basis.

"A man or woman temporarily incapacitated, but not had enough to apply for a pension will receive his pay and allowance. They find them until the Medical Board either says they are fit for work or should apply for a pension.

"To a man who was going to a University, the Government will pay for his course and pay \$60 per month and allowances, while a man is in the army his unemployment insurance is paid by the Govern- ment.

"A man while in hospital re- ceives full pay and is also inter- viewed there to find out what type of work he wishes to do when dis- charged. There are some courses which can be taken while men are in hospital and upon discharge will receive one month's pay and al- lowances.

"There is also a legal advice com- mittee where a man can obtain legal advice free of charge.

"The Veterans' Land Act is for the sons of farmers who have served at least twelve months. They may

LES BESSANT HURLS NO-HIT, NO-RUN GAME

Canadian Silk Pitcher Racks Up 2-0 Triumph Over Newsmen

Les Bessant, Canadian Silk star pitcher, last night achieved every pitcher's ambition when he dished up a no-hit, no-run game against the Newsmen. Bessant, who has collected a 2-0 triumph in a regular game of the Sherbrooke Industrial Softball League played at Dufresne Park.

Bessant, apparently recovered from an ailing arm which had hampered his pitching performances during the last few weeks, displayed superb control last night as he hurled the "dream-game". The Canadian Silk twirler faced only twenty-three men last night, giving up only two bases on balls. The no-hit, no-run game gained by Bessant was the first to be pitched here this season.

The Silkmen's moundman received good support from his teammates in the field. Aury, shortfielder, especially turned in a good performance as he picked several sure hits out of the air to keep Bessant's perfect game going. Incidentally, Bessant picked up three strikeouts over the seven-inning route.

The two Canadian Silk runs were scored in the first inning, after which both sides were held scoreless for the remainder of the contest.

With two men out in the initial frame, O'Connor, Silkmen first-sacker, led off with a single and was advanced to third on Paul Lamontagne's long drive to left field. Guy Proteau, sixteen-year-old Canadian Silk batting star, then poked out a powerful single to centerfield, scoring both O'Connor and Lamontagne. Bernier went out on a fly to centerfield to retire the side.

The Canadian Silk picked up four more hits off the offerings of Lessard, Newsmen pitcher, in the remaining five innings, but were unable to concentrate their blows sufficiently to produce any further runs.

The winners left five men stranded on the bases while the Newsmen

left two of their teammates die on the racks.

Guy Proteau was the Silkmen's hitting powerhouse as he gained two hits, one of which brought in both the team's runs. Single hits were collected by Metivier, O'Connor, Paul Lamontagne, Boisse and Roland Lamontagne.

The Canadian Silk, through its victory over the Newsmen last night, took over second place in the league standings, vaulting the Sherbrooke Pneumatic Tool which was idle.

PITTSBURGH IN 8 TO 4 LOSS TO ST. LOUIS CARDS

By JACK HAND, Associated Press Staff Writer.

Max Lanier of the St. Louis Cardinals reigned as strike-out king of the majors today, with his total of 104 victims boosting past Bill Voiselle of the New York Giants and Tex Hughson of the Boston Red Sox.

The pudgy left-hander threw the third strike past seven Pittsburgh hitters last night as the Cards hammered out an 8-4 verdict to make their present road trip record 15-3 with three to go before reaching home.

Lanier's total of 104 strikeouts topped by three Voiselle's bag and five more than Hughson required to pace the American League, where Hal Newhouse of Detroit was his closest competitor.

The largest night crowd of the year at Pittsburgh, 27,481, packed the Cards take Rip Sewell for six runs and seven hits before the bloop-ball tosser yielded for a pinch hitter. It was Sewell's fourth straight beating by the Cards.

If the Cards can break even in their remaining 58 games, second-place Cincinnati could grab the flag only by winning 46 of 58, a feat some 200 points above their 1944 norm.

With Lanier, Mort Cooper, Harry Brecheen and Ted Wilks working smoothly as the big four, there was little doubt that the Red Birds would hit the 100-win mark with plenty to spare.

As St. Louis snuffed Pittsburgh's smouldering pennant hopes at the start of a long home stand, the American League race marked time.

Chicago split a double-header with Philadelphia in the only action scheduled in the junior loop.

The Mackmen pulled the opener out of the fire, 9-3, on a seven-run ninth inning in which a triple by Bobby Estalella and doubles by Joe Burns and Hal Eps were the big blows. Lum Harris popped up with his ninth win although nipped for 13 hits as his mates clubbed Ed Lopat for 12 blows and his seventh loss.

Gordy Maltzberger saved Johnny Humphries' fifth win in the finale by stopping a Philadelphia threat as Chicago took a 7-3 edge. Tony Cuccinello enjoyed a perfect game with four singles.

A Chicago-Philly game was postponed because of the Philadelphia transportation strike and all other clubs enjoyed an open date.

Canadian Sport Snapshots

By SYD THOMAS, Canadian Press Staff Writer.

Toronto, Aug. 3.—What may well be the world's oddest curling rink will be in operation this winter at far-Northern Norman Wells in the Northwest Territories.

There are numerous ardent curlers among the employees of the Canol project at Norman, so it was only a matter of time until they got together and drew up plans for what it is believed will be the Northernmost curling rink in the world.

Ambitious backers of the plan say they intend to build three or four igloos and to end and install a heating system so the roasters can curl to their hearts' content in comfort. As told there are about 150 prospective curlers just itching to get started, and most of them are having their own rocks shipped North.

No housewife flowers: Pampering racehorses isn't R. James Speers' idea of being kind to them. His Gower Mon, who scored a surprise victory over Acara in the Canadian Derby at Winnipeg, has been kept in shape filling in as a cow pony on his owner's ranch. But his holiday is over now, and Gower Mon is going back in training for the Ontario autumn meetings.

Personal appearance: Race track kibitzers at Hastings Park were flabbergasted the other day when Jockey Jack Bassett appeared for a ante on a husky-looking chestnut colt, Bassett, who pilots Teesworth and other top-notch steeds to frequent wins, never, never turns out as an exercise boy. His mount of the day provided the needed clue, when railbirds discovered it was the promising Ferry Pilot, who is expected to be a shoo-in for the forthcoming British Columbia Futurity.

Incidentally: Lieut. George McNamara, son of George McNamara, Sr., of hockey's Dynamite Twins early in the century, has been given command of an R.C.N. ship, George, Sr., and his brother Howard played with Halifax Crescents in the 1911 pro loop, and later went into the contracting business with Rolly McLenahan of the hockey's Fred Open Pit senior winter's, Fred Open Pit senior hockeyists, may show up with Detroit Red Wings next season. He has been dickered with Wings and his army rejection will look good to the Detroiters, who always can use husky defencemen.

Ayer's Cliff Agricultural Society Discusses Plans For Fall Exhibition

Ayer's Cliff, Aug. 3.—At a meeting of the Stanstead County Agricultural Society held in the County Building A. Blanchard, the President, presided over the meeting, when a considerable amount of business was disposed of in view of completing plans and making the arrangements for the Fall Fair, which promises to be "Bigger and Better" than previous years.

Others present were W. J. Whitcomb, Vice-President, and Directors J. A. Peaseley, Turner Hunter, George Dustin, W. L. Place, J. W. McNally, Carroll Smith, Russell, Call, Dr. C. S. Harris, George Harvey, Harold Cies, A. C. Parkhill, A. Batchelder, P. W. Baldwin, Carol Corey and George Curtis, and Agonomes W. G. MacDougall and D. J. MacMillan, of Lennoxville, Secretary of the Horticultural Society.

Alfred Keeler and W. O. Miller and A. E. Bowen, of Hatley, representing the Ayshire Breeders', and M. E. Leavitt, in charge of the County Fair.

It was decided by the meeting that the Ayshire Club should be granted the same privileges for a "Red and White Day" as the "Black and White Day" in 1943, and that amounted to the expenditure of two hundred dollars.

The minutes of the last meeting were read by the Secretary, M. B. Corey, and were accepted as read. It was decided to leave the matter of the loudspeaker to Mr. John Peters, with the suggested price of forty dollars for same.

Messrs. Henry Moulton and J. A. Peaseley moved that a vote of thanks be conveyed to Mr. R. Fregeau for the \$500 grant that he was instrumental in getting for the Society.

Mr. Corey reported that he and the President, Mr. Blanchard, and the Vice-President, W. J. Whitcomb, had attended the meeting in knowledge of the Affiliated Fairs, and a report of the highlights of that meeting were read by Mr. Corey and Mr. Peters.

The tickets again were under considerable discussion, which concluded by Mr. Baldwin and Mr. Harvey making the motion that two dollar tickets only be sold this year. This was carried, with an amendment being proposed by J. W. McNally and Dr. Harris, to the effect that exhibitors pay two dollars for their tickets and that tickets be sold in advance for one dollar. The said tickets would give four single entries and would be picked up when the fourth entry is made. This was also carried. It was also decided to abolish the custom of giving grandstand tickets to all those who lead in the cattle and horse parade, and it was decided instead to give each ten cents in place of the tickets. It was suggested that the Secretary use the same rules as the Sherbrooke Fair regarding the attendants' passes.

A grant of two hundred dollars is to be given to the Boys' and Girls' Club, and all members of the Club having two entries or less for the regular classes will be allowed to enter on their father's ticket, or will become a member themselves if their father is not a member. Those having three or more entries for regular classes will pay an entry fee of two dollars.

A. C. Parkhill and Harold Cass were appointed as chairmen of the Main and West gates. The choosing of the horse judge was left to Mr. MacDougall and Mr. Hugh McCarty.

The officers and directors again met to make this County Annual Exhibition up to the usual high class socially, and in all the various departments as well. The midway will again furnish clean, wholesome fun for the younger folks and the older ones, who enjoy the usual form.

It is the ideal place to meet all old friends and talk over the pre-war days and the days when peace will reign again.

General Notes: Mrs. Samuel J. Astbury entertained delightfully on Thursday afternoon in honor of Mrs. Jack Cross, of Newark, N.J., who is visiting her mother, Mrs. H. G. Buck. Cards were played and the prizes were won by Mrs. Sidney Baldwin and Mrs. J. M. Martin. Delicious refreshments were served.

PARISEAU TEAM TAKES 3-0 WIN OVER CAREYMEN

Pariseau gained a 3-0 win over the Carey team last night behind the five-hit pitching of Caunter.

The game was played as part of the Sherbrooke Industrial Softball League schedule and was run off at Dufresne Park.

The contest was unique in that the opposing team to Belvidere looked as if it might win, the first time this has happened in many a moon. The Carey team built up a 4-0 lead before the Belvidere men were able to score any runs in the third inning.

The game was featured by heavy hitting with six doubles, one triple and a home run being slammed out. In the third inning the Carey pounded in four runs on three doubles and a home run by Vallieres. The Belvidere men finally got going in their half of the third and scored one run on an error and a triple by Lefty Dube.

The Carey added another run in the fourth inning on a base on balls, a single and a fielder's choice to extend their lead to 5-1 over the Belvidere.

The fifth inning proved to be the Belvidere Service Station's big frame with six runs being scored to put the loop leaders ahead 7-5. An error three doubles and four singles brought home the six runs.

The Belvidere Service Station, however, was not satisfied with a 7-5 victory, so, in the sixth inning, they took advantage of an error and three safeties to knock in three more, boosting their total to ten runs.

The winners left ten men stranded on the bases while Carey left nine. Latulippe, Kayser moundman, gave up two free tickets to first, while Latulippe, Belvidere Service Station hurler, allowed four men to reach first on balls. Latulippe struck out three men and gave up fifteen hits, while Latulippe fanned two and was combed for ten safeties.

Hitting stars for the Carey were Vallieres, Philomen, Dion and Latulippe. Vallieres picked up a homer and a single in three at bats, while Dion smashed out two two-baggers, and Latulippe connected for a double and a single.

Other Carey hits were collected by Belvidere Latulippe, Houde and Castonguay.

Belvidere powerhouses were Coriveau, Gilles Dube and Lefty Dube. Nova Coriveau picked up three singles as did also Gilles Dube, while Lefty Dube connected for a double and a single. Pelletier slammed Latulippe's offerings for two singles. Lorenzo Dube, Alphonse Dube and Charpentier each slammed out a double. Latulippe and Gaston Bergeron each hit one single.

Score by innings: Carey 000 002 1-3 5 1
Pariseau 000 000 0-0 5 2
Batteries: Caunter and Hamel; Templeton and R. Maurice.

CHIEFS BATTER BUFFALO BISON TO GAIN 9-2 WIN

Syracuse, Aug. 3.—(AP)—Landing on Bob Gillespie and Bobby Fauth for eight runs in their last three turns at bat, Syracuse Chiefs took the odd game in their seven-game series with the Buffalo Bisons here last night by 9-2.

Bob Malloy held the Bisons to five hits, with their only scoring resulting from Ed Kobesky's two run homer in the sixth, the 20th round-tripper of the International League season for the Buffalo right-hander. Gillespie allowed only two hits in the first five innings, but wildness put him in the hole in the sixth, when the Chiefs picked up two runs on one hit. Gillespie was knocked out of the box in the seventh, when he walked in a run and was hit for two more.

Fauth was touched for four hits and three runs in the eighth.

Belvidere Tops Kayser 10-5 For Fifteenth Straight Win

The Belvidere Service Station team last night battered the Kayser for a 10-5 triumph to chalk up their fifteenth consecutive triumph.

The game was played as part of the Sherbrooke Industrial Softball League schedule and was run off at Dufresne Park.

The contest was unique in that the opposing team to Belvidere looked as if it might win, the first time this has happened in many a moon. The Kayser built up a 4-0 lead before the Belvidere men were able to score any runs in the third inning.
